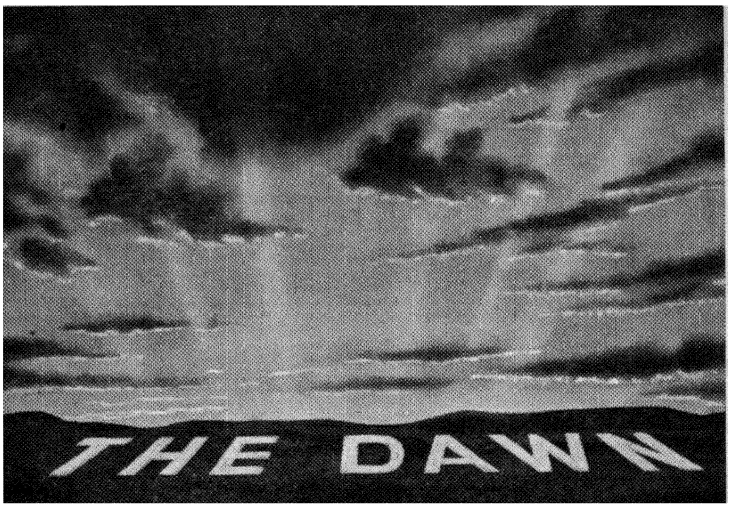
14 NEW BRIDGE STREET, LONDON, E.C.4



OF all war wounds that are the inevitable legacies of air, sea and land fighting perhaps the most numerous and distressing cases are those helped by the Ex-Services Welfare Society, which is the only specialist organisation concerned exclusively with mentally and nerve shattered ex-Service men and women of all three Services and the Merchant Navy There are today 27,000 ex-Service men and women in mental hospitals and a further 74,000 scattered over the country who draw neurosis pensions Thousands of other sufferers are carrying on as best they can in varying circumstances Very many of these need the care, assistance and sympathetic understanding which only a free and independent voluntary Society, equipped with specialist staff and possessing its own Curative Home and sheltered Industry can provide To all those who turn to the Society for help it offers THE DAWN OF A NEW LIFE

WE NEED YOUR SUPPORT URGENTLY Our work (which supplements that of the State) needs £60,000 annually to meet minimum calls, and there is no Government Grant

PREFACE

Some occurrences notified at a date later than the end of October 1954, when the early pages of this edition had to go to press, could not be recorded in the body of the book, a number of these, of the most general interest, are listed in a supplement preceding the first page of the biographies This includes also a list of those who, having no entry as yet in the body of the book, received titles gazetted on 1 January 1955 The obituary on pages *34-47* includes deaths reported up to the middle of December 1954

A proof of each entry is posted to its subject every year for personal revision, but this cannot be sent unless an address is given It should be pointed out that the numbers given of the children of a marriage are, unless otherwise indicated, those of the sons and daughters now living, also, that it is the practice to print the names of London clubs unaccompanied by the word London

It cannot be stated too emphatically that inclusion in *Who's Who* has never at any time been a matter for payment or of obligation to purchase the volume

THE TRUTH ABOUT VIVISECTION

The following facts about painful scientific experiments on animals ("vivisection") as conducted in this country are disputed by none but the ignorant and those who deliberately seek to mislead the public

1 Well over **two million experiments** are performed in Britain each year—the vast majority **without anæsthetics**

2 The Home Office regulations which govern the practice explicitly sanction the infliction of **"severe pain"** and **"considerable pain"**

3 From time to time the medical and other scientific periodicals publish accounts of experiments which can fairly be described as **revoltingly cruel**

4 A number of fully qualified doctors who (unlike the majority of their profession) have closely studied the subject declare that experiments on animals, when their results are applied to human beings, are often **misleading** and therefore **dangerous** and that, on balance, they **retard the progress of medical science**

Ample documentary evidence is available for all the above statements Write for free literature and give your practical support to the

Please HELP *these children!*

Since its foundation in 1827, several thousand orphans of Merchant Seamen have been cared for, educated, and set up in life, and there are now over 300 boys and girls at the school, more than half of whom lost their fathers during the late war The assured income does not meet the expenditure New subscribers are urgently needed to bridge the gap Please show your appreciation of our Merchant Seamen by sending donations or subscriptions to the SECRETARY, THE ROYAL MERCHANT NAVY SCHOOL, 28 St Mary Axe, London, E C 3

Hands to dinner

The ways of the sailor's world are strange to the landsman—so he likes to think that Jack ashore is equally at sea It isn't true, of course And, when problems and anxieties do arise, he knows he can turn to one of the numerous societies that exist to help him

King George's Fund for Sailors—the central fund for all sea services—makes grants to more than 120 welfare and benevolent societies Your gift to K G F S * will help *all* seamen—serving or retired—and their families everywhere

* *Send it today to Captain Stuart Paton, C B E , R N (General Secretary)*

The Welfare of the Deaf

THE N I D is the only national body in the British Isles dealing with every aspect of deafness—there are Welfare Societies or Missions concerned with the deaf and dumb, and Lip-reading Classes and Social Clubs for the hard of hearing

Certain homes for deaf and deaf-blind people, and a hostel for deaf working lads and young men, are administered by the N I D Extensions to them and the provision of further homes are an urgent need and are under constant consideration

The work of the National Benevolent Society and Deafened Ex-Servicemen's Fund has now been taken over and assistance is given in every problem concerning the welfare of the deafened ex-serviceman and woman

Voluntary Gifts and Legacies are earnestly sought.

Service... with no strings

When every door seems closed — The Salvation Army is always open No distinction is made in class, creed or colour and the welcome is always the same — "How can we help?"

This selfless service is given in the name of Christ It is free and carries no obligation The Army still depends on voluntary generosity Please send whatever you can afford to General Wilfred Kitching, 113 Queen Victoria Street, E C 4

SERVING ALL FORCES

The constant task of the British Legion is the care of all those who served and now suffer All the year round throughout the land, the Legion carries on indispensable benevolent work among men and women of all ranks and services and their dependants

The Legion runs Country and Convalescent Homes that it has established in the last 30 years, and maintains Factories and Industries to employ the otherwise unemployable It gives advice and legal aid in disputed pension cases, and conducts vital "on the spot" work through its 5000 local Service Committees

And once every year, on Poppy Day, the Nation shares in the Legion's task with unreserved generosity But, despite the utmost efficiency and economy in administration, the Funds derived from this annual appeal cannot alone meet costs To maintain British Legion benevolent activities at the necessary level, individual generosity in the form of donations and legacies is at all times urgently needed

For Sale by Order of the Executors

A stamp collector or trustee may often read these words and may wonder which is the best method to adopt when making provision for the satisfactory disposal of their own **stamp collection** or one which may be entrusted to them for sale

A method has been proved by thirty years' experience which will ensure that the **maximum benefit** from the sale of stamp collections will accrue **to the estate,** especially when the heirs to a deceased estate have no knowledge of philately or postal history

Any philatelist or trustee who needs to make such provision for the disposal of stamps may consult us in confidence, both as to the nature of his enquiry and the advice which we can give

The major proportion of the outstanding philatelic properties offered in the London market are entrusted to us for sale by order of stamp collectors, executors and trustees of deceased estates, and by present owners of old family and business letters and archives

Our name and address is **ROBSON LOWE Limited, 50 Pall Mall, London, S.W.1** — the telephone number Trafalgar 4034
