Nation-wide Readership...

"The Times of India" has a readership so vast that the coverage extends over the whole subcontinent. Its independent non-partisan policy, its unbiassed presentation of news, its News Services and other unique features make it India's leading daily. "The Illustrated Weekly of India," with its interesting articles, its illustrations — in full colour and monochrome — and its other attractive features, is the foremost pictorial weekly in the East. The Hindi sister publications, "The Navbharat Times," a Hindi daily with a phenomenal circulation and "Dharmayug" a Hindi weekly patterned on the lines of its English counterpart, are, together, the most widely read Hindi papers in the Union. For Advertisers these four great publications offer an unlimited scope for expansion of business.

AHMEDABAD DISTRICT

Headquarters Ahmedabad

Talukas or Mahals Daskroi Dhandhuka Ranpur, Dholka Dehgam, Viramgam, City Taluka, Sanand

A District in Gujarat belonging to the Gujarat Division of Bombay State it lies between North Latitude 28° 23 and 23° 37 and East Longitude 71° 21 and 70° 28 It is bounded on the north by Mehsana and Sabarkantha Districts on the west by Saurashtra and the Rann of Kutch, on the south by Saurashtra and Kaira Districts and on the east by Kaira The total area of the District is 3 >29 sq miles The population is 1,08> 630 The language spoken is mainly Gujarati

In the extreme south of the District and also just beyond the northern boundary are a few rocky hills But between these two points the whole District forms a level plain gradually rising towards the north and east The chief physical feature is the river Sabarmati which rises in the north east, near the extremity of the Aravalli Range and flows towards the south west falling finally into the Gulf of Cambay

The District as a whole is open and poorly wooded The chief trees are mango, rayan mahuri and nim Many of the trees and shrubs supply food medicines and material for dyeing and tanning

The rainfall varies but slightly between the central portions of the District and the outlying tracts The annual rainfall averages about 30 inches

The principal towns in the District are besides Ahmedabad Viramgam Dholka Daskroi Dhandhuka Dholera Dehgam and Sanand Dehgam taluka has been selected for development under the village extension services scheme recently

The chief food crops are wheat jowar and bajra and the chief money crop cotton The best rice is grown in Daskroi and the next best in Sanand and Dholka The cotton which has a good staple is mainly grown in the Dhandhuka and Dholka Talukas In Daskroi and Dholka many garden crops are also grown

Ahmedabad city which is the second biggest textile centre in India is the only large industrial area in the District The number of textile mills and factories is about 150 including 64 textile mills Ahmedabad is also a centre of railway communications One line from Ahmedabad goes south east to Baroda and Bombay another goes south to Dholka a third goes west to Viramgam where it joins the Saurashtra railway system a fourth goes north east through Parantij and a fifth north through Palanpur and Ajmer

With the establishment of the Gujarat University Ahmedabad has become an important educational centre It has over 10 000 alumni in Gujarat Saurashtra and Kutch The Ahmedabad Textile Industry's Research Association is the first institute of its kind in the whole of India Ahmedabad is linked by air with Bombay Jaipur Delhi and Karachi

The population of Ahmedabad City according to the 1951 census is 788 333

AHMEDNAGAR DISTRICT

Headquarters Ahmednagar

Talukas Nagar, Rahuri, Newasa, Shrirampur, Sangamner, Akola, Kopergaon, Sheogaon, Pathardi, Jamkhed, Shrigonda, Parner, Karjat

Ahmednagar, a border District in the Marathi speaking area of the Deccan, lies between North Lat 18°20 and 20° and East Long 73°43' and 75°41 It is bounded on the north and north west by Nasik District, on the north east by the river Godavari, on the south east and south west by Hyderabad State and Sholapur and Poona Districts The principal geographical feature is the chain of Sahiyadri Hills and the river Godavari Despite the fertility of its soil the District is liable to famine owing to uncertain and scanty rainfall A large part of the District is irrigated by the confluence of the rivers Godavari and Pravara which has encouraged sugar cane plantation on a wide scale The total area irrigated is 92,559 acres, yielding a revenue of Rs 31,80,081

The area of the District is 6,602 sq miles and the population according to the 1951 census is 1,410,873 registering a rise of 23 5 per cent over the 1941 census figure The language spoken is Marathi

Industrially the northern part of the District is fairly well developed There are seven large scale sugar factories and two first class and up to date tanneries Leather from these tanneries is exported mainly to Pakistan The hand power woollen carpet factory at Kendal in Rahuri Taluka exports carpets to foreign countries Ahmednagar Bhingar, Pathardi and Sangamner are the four main centres of handloom weaving industry, the total number of handlooms being 4,500 There are three power loom factories at Ahmednagar

Ahmednagar city, the headquarters, has a population of 80,873, and the population of the cantonment including the suburb of Bhingar is 24,124 A full army brigade is permanently stationed in Ahmednagar The Armoured Corps Centre and School formerly known as the All India Armoured Corps Training Centre and Fighting Vehicle School, is also located here Ahmednagar is a big military training centre for young officers passing out of the Academy for Armoured Corps The town is on the Dhond Manmad railway line The other towns having Municipalities are Kopargaon, Sangamner and Shrirampur

The staple food grains are jawar and bajra Wheat and gram are grown in the vicinity of the rivers Vari and ragi are cultivated in soils which are suited to coarser grain The pulses are tur, mug, math and kulith Among the cash crops may be mentioned cotton, hemp, safflower sesamum, linseed, sugarcane tobacco kardi pan, groundnut and potatoes Sweet lime orchards are also grown

There are 739 Co operative Societies engaged in credit, trade, farming, irrigation, housing and industrial activities

Part of the forests possesses teak of excellent quality The characteristic trees of the Western forests are however, anjan, jambul, behela, ain and karvand

The Dhond Manmad railway line runs through the length of the District from north to south and is the chief means of communication The District is well supplied with roads, the chief ones leading from Ahmednagar to Poona, Dhond, Malegaon, Paithan and Nasik while good roads also run to Akola, Jamkhed and Sheogaon

The chief historical places of interest to visitors are the Ahmednagar Fort and the residential palaces of the Shindyas and the Peshawas at Jamgaon and Kopergaon respectively

A dam is situated at Bhandardara across the Pravara river the maximum height of the dam being 270 feet from the river bed and width at the base is 300 feet There is also a water fall on the Pravara river at Randha village, the height of the fall being 200 feet

INDUSTRIES

The imports consist chiefly of piecegoods, tin sheets, metals groceries, salt, yarn and silk

The exports consist chiefly of sugar, gur, cotton, leather, pulses, oilseeds and fruits

Limestone is fairly abundant in the District and also trap suitable for building purposes Other minerals are basalt, quartz, chalcedony, agate, crystals

Among industries sugar is now one of the most important There are 7 factories in the District Gur making, hand loom weaving and bidi making are the other important industries

TANKS AND IRRIGATION

There are four irrigation tanks in the District namely Bhandardara (irrigating 69,834 acres), Visapur (irrigating 6 129 acres), Mandavgan (irrigating 534 acres), Bhatodi (irrigating 701 acres) The Gunewadi Tank is under construction and would irrigate 7,000 acres The Pimpalgaon and Kapurwadi tanks supply water to Ahmednagar City and Cantonment respectively One percolation tank and five minor irrigation tanks constructed for famine relief works will together irrigate about 6,000 acres

There are 1,720 wells in the District irrigating 10),108 acres

HILL STATIONS

Kalsubai, the highest peak of the Sahyadri hills is situated in this District, the height of the peak being 5 430 feet above sea level Bhandardara dam is situated at the base of the Kalsubai hills

Harishandragad and Patta Killa are the two hill stations situated at a height of 4,691 and 4,587 feet respectively

AMRELI DISTRICT

Headquarters Amreli

Talukas or Mahals Amreli, Kodinar, Dhari, Okhamandal, Damnagar, Khambha, Ghogho

Amreli, formerly part of Baroda State, now part of Bombay State, lies inside the geographical limits of the Union of Saurashtra It is not one block of territory but is composed of a number of separate parts intersected by territory belonging to the Saurashtra Union

The area of Amreli District is 1 634 square miles, population 317,203 and the total yearly revenue about Rs 10,6),000

The District is level country broken only by Gir Hills in the Dhari Taluka The average yearly rainfall is between 24 to 25 inches About 90 per cent of the land is dependent wholly on rain water while only 10 per cent is irrigated by water from wells and streams

The principal crops are bajri, jawar, groundnuts, cotton, wheat, gram, sugarcane, rice sesamum, maize, mug udad and kalthi About 25 per cent of the land is under bajri cultivation and about 50 per cent under groundnut cultivation As groundnut fetches a high price and the soil is suitable, it is extensively cultivated Production of oil from groundnut and sesamum is one of the chief industries of the place, which has as many as 25 oil mills Other industries include cotton ginning and the production of khadi

The principal means of communication are the railways which run through almost all the chief places in the District To supplement the railways there are bus services from Taluka headquarters to outlying areas

There are four High Schools, eight Middle Schools and 217 Primary Schools, in the District, besides twelve Boarding Houses for students of different communities, and one technical institute (formerly orphanage)

The District has eight well equipped libraries for men, one for women and one for children, 132 village libraries and a number of reading rooms for the public

For purposes of medical relief there are three civil hospitals three maternity homes and 21 dispensaries scattered all over the District, besides many private dispensaries free and otherwise and five well equipped veterinary dispensaries

The Okha Port in Amreli District, which was greatly developed during the time of the two last Gaekwars of Baroda, is one of the best deep sea ports in India In Okhamandal Taluka, Port Okha, Mithapur and Dwarka have become industrial centres There are three big industries at these places namely Dwarka Cement Works, the Tata Chemicals Ltd and the Burmah Shell Oil Storage and Distributing Co Dwarka is famous for Ranchhodrai temples In Kodinar Taluka, there are a number of ports, which are chiefly used by the fishing industry and country craft

The ' Sarvodaya Centre of this District is situated in Babapur Village, ten miles off Amreli The centre conducts a residential village school and also a boarding house The village of Chalala, 16 miles away from Amreli, is one of the best spinning and weaving centres in Saurashtra

BARODA DISTRICT

Headquarters Baroda

Talukas or Mahals —Baroda, Savli, Vaghodia, Padra, Karjan, Sinor, Dabhoi, Sankheda, Naswadi, Chhota Udepur, Jabugam, Baroda City

Following the integration of the State of Baroda with Bombay, the State as such ceased to exist with effect from May 1949 Baroda was one of the biggest States in India comprising five separate territorial blocks in the northern part of Bombay State and Saurashtra having an area of 8,236 sq miles The State has now been reconstituted into three distinct Districts, Baroda Mehsana and Amreli with the necessary territorial readjustments with the neighbouring Districts of Bombay in Gujarat and the merged areas For instance, the entire District of Navsari in the south has been merged with Surat District Population is 1 194 746

The process of reconstitution is now complete and the city of Baroda the erstwhile capital of the State, has regained some of its old importance as a centre of administration, higher education and culture, by the establishment of the new University and by the location of several Regional offices both of the Central and State Governments in the city The District is placed in the Gujarat Division

As far as the Central Administration is concerned, the Regional Office of the Income Tax Department established under the Commissioner of Income Tax exercises all the administrative, supervisory assessing and appellate jurisdiction over the entire area north of Bombay as provided under the Indian Income Tax Act Similarly Baroda has been selected as the regional headquarters for Central Excise, Tobacco and Customs administration for the Gujarat Range

The Baroda Railway was taken over by the Centre on integration The system which consisted of 795 miles and included 21 miles of broad gauge, 308 miles of metre gauge and 428 miles of narrow gauge now forms a part of the Western Railway which formed the link between the State s three Districts of Navsari, Baroda and Mehsana

For the purpose of administrative convenience, the Bombay Government decided to maintain the State territories as a unit of administration in respect of several departments till the beginning of 1950 Now the process of integration has been completed The picture is as follows the Departments of Revenue, Judicial, Civil Supplies Industries Commerce, Agriculture, Medical, Backward Classes Labour, besides several minor Departments are administered centrally With regard to others such as Co operation, Public Works, Irrigation, Education etc , Gujarat has been divided into two divisions, (1) the North consisting of the Districts of Ahmedabad, Sabarkantha, Mehsana, Banaskantha and Amreli and (2) the South comprising the Districts of Surat (including Navsari), Broach, Baroda, Kaira and Panch Mahals and regional offices of these departments have been established with their headquarters at Ahmedabad for the North and Baroda for the South In regard to sales tax the two Khandesh Districts come under the Baroda jurisdiction

In the regrouping that followed the integration of the Baroda State with Bombay the smaller States including Chhota Udepur and Bhadarwa, and others lying in the tracts known as the Pandu Mewas and Sankheda Mewas were included in the newly formed Baroda District Also the two talukas Bhadran and Petlad which formed part of the former Baroda State were taken away and included in the Kaira District

Geographically, Baroda District (which is one of the five blocks into which the Baroda State was divided) forms a central compact block in the heart of Gujarat It lies between North Latitude 21° 41 and 22 32′ and East Longitude 73° and 74°10 It is bounded on the north by the Kaira District beyond the river Mahi, and Panch Mahals on the north east It stretches roughly from south to north from the banks of the river Narmada to the river Mahi except for a small tract on the west and south west boundary constituting the talukas of Amod, Vagra and Jambusar The District is about 40 miles long and 35 miles broad In the east it now stretches right upto the eastern boundaries of Gujarat The eastern portion of the District is of a variegated nature, entirely undeveloped, largely because till the date of integration it was governed by petty Thakors and Taluqdars

The most important portions of the District are Kanum which produces some of the finest cotton in India and Chorasi and Vakal in Sankheda and Vaghodia Talukas The picturesque bank of the river Narmada stretching over 100 miles in length abound in archæological remains, temples, shrines Besides Narmada and Mahi other rivers flowing through the District are Jambua, Surya, Vishwamitri and Dhadhar draining into the Gulf of Cambay while the rivers Or, Heran, Utchha are tributaries of the larger rivers

Villages in Baroda provide amenities which do not generally exist elsewhere Most villages have well conducted panchayats and possess institutions like schools, libraries, co operative societies conducted on sound lines The District as a whole has over 700 primary schools, 500 libraries, 300 gymnasiums and welfare associations

The District is poorly wooded except in the east The annual rainfall averages about 30 inches and varies only slightly from one place to another The chief food crops are wheat, jowar, bajra, pulses, kodra, kodri, bawta, maize Rice is now grown extensively interspaced with cotton This latter together with tobacco, castor, and other oilseeds form the principal money crop Baroda is a deficit District for food In Padra, Karjan and Baroda Talukas many garden crops including vegetables and fruit are grown Baroda does not possess adequate irrigation facilities like large reservoirs or hydro electric works except wells Considerable attention was given to the construction of wells in recent years There are in all about 7,500 wells used for irrigation purposes of which some 700 are worked by power pumps An ambitious programme of tapping the resources of the rivers Mahi and Narmada for canal irrigation is being undertaken by the Bombay Government

The District is served by the Grand Trunk Road connecting Bombay Ahmedabad, Baroda, Godhra, Indore and Delhi There are extensive Pucca district roads connecting Baroda city with outlying talukas while village roads are all fair weather roads covered with Kanker, gravel or sand wherever available and serve as feeder roads linking villages with the nearest main road or railway station There are about 250 miles of narrow gauge railway

Baroda, the headquarters of the District is a historic and ancient city, and was the capital of the State till the State ceased to exist It is fully modernised and is famous for its beautiful buildings, palaces, parks, avenues, recreation grounds, schools, colleges, hospitals, public libraries and broad well laid out roads and can stand comparison with any of the cities of the same size in India The State is also well advanced in industry In recent years a number of factories, big and small have sprung up The more important lines of development are textiles, chemicals, oil and soaps, engineering, metal works and foundries, rolling mills, and manufacture of glassware, etc , providing employment to about 30,000 workmen Side by side with the development of major industries, considerable progress has also been made in the revival and extension of small cottage industries Among the latter are spinning and weaving, calico printing, lacquer work, textile auxiliaries etc

MEDICAL RELIEF

Medical relief is so well organised that it is worth a special note Among the larger medical institutions the most important is the Shri Sayajirao State General Hospital in Baroda city, which contains all special departments like pathology, surgery, radiology, dentistry ophthalmology, midwifery, gynæcology and children s diseases There is one more hospital in Baroda city run by the Government, viz Shri Jamnabai Hospital In addition there are district hospitals and taluka dispensaries

Separate institutions also exist for medical relief to women and children Besides the maternity wards attached to the Baroda city hospitals, there are 12 small maternity homes in the District Maternity and child welfare work is also done by Shri Maharani Chimanabai Maternity and Child Welfare League in Baroda city and by a number of trained midwives and dais attached to the various maternity homes Other important institutions in the city are the Mental Home, the Leper Asylum and a branch of the Indian Red Cross Society Anti Rabic treatment is also provided free of cost

The Shri Padmavatibai Tuberculosis Hospital and Sanatorium located some 8 miles from Baroda city is well equipped with scientific appliances and a clinic provides treatment for people suffering from tuberculosis

There are Public Health Laboratories in the city for the administration of Food and Drugs Act

MAHARAJA SAYAJIRAO UNIVERSITY OF BARODA

The Maharaja Sayajirao University is a teaching and residential University established in 1949 under an Act of the State and incorporated in the Statute by the Bombay Government following the merger of the State with Bombay All the colleges and recognised institutions situated within the University area specified in the Act, became the constituent parts of the University and were with the exception of the Medical College, Technological Institute, Museum and Baroda Sanskrit Mahavidyalaya, conducted by the University These constituents include —The Faculties of Arts, Science, Education and Psychology, Commerce, Medicine, Technology (including Engineering), Fine Arts, Home Science and Social Work There is also an Oriental Institute and Kalabhavan for Diploma and Certificate courses in Technology

The University started functioning from the academic year 1950 51 by adopting its first Statutes and Ordinances and constituting nine Faculties, *viz*, Arts, Science, Education and Psychology, Commerce, Medicine, Technology (including Engineering), Fine Arts, Home Science and Social Work The first examination in the first six Faculties was held in March April 1951

Under the Faculty of fine arts, a separate institution called the College of Indian Music, Dance and Dramatics is run for teaching courses in music, dance and dramatics leading to a diploma and a degree in the subjects of study

In June 1951, the University took over the management of the Baroda Sanskrit Mahavidyalaya, an institution of Oriental learning from the Government of Bombay

The University conducts an experimental high school as an integral part of the Faculty of education and psychology and also the Chetan Balwadi, a nursery school for children which is attached to the Faculty of home science and is an important adjunct to the Faculty for purposes of observation and experiment

The Faculty of home science which started working from June 1950 imparts training, among other subjects in child development, foods and nutrition, home management and home science education

The University has instituted a post graduate ayurvedic research section in the medical college, Baroda, called Sheth Ujamshi Pitambardas Ayurvedic Research Unit named after the donor who had created a trust and started an ayurvedic college at Patan The balance of the trust and the library of the institution has been handed over to the University The Government of Bombay gives an annual recurring grant of Rs 36,000 for the maintenance of the Unit

The University instituted in 1952, a post graduate diploma in Museology too, and the department is located in the museum and picture gallery Museology is also included as one of the compulsory subjects for students of the Faculty of fine arts offering applied arts

The scheme regarding the establishment of a banking department in the Faculty of commerce is under consideration of the University authorities

From June 1953, the Faculty of technology (including engineering) has introduced the courses in textile engineering, the first of its kind in India

The Ramayana Department, started in Oriental Institute, to publish an illustrated critical edition of Valmiki Ramayan, is progressing well

BELGAUM DISTRICT

***Headquarters*. Belgaum**

Talukas and Mahals **Belgaum, Khanapur, Gokak, Athni, Parasgad, Sampgaon, Chikodi, Hukkeri, Chandgad and Ramdurg talukas and Raibag Mahal**

Belgaum District with Belgaum as its capital, is bounded on the north by Kolhapur and Satara South Districts, on the east by Bijapur, on the south by the Districts of Dharwar and North Kanara, on the west by the territory of Goa and Kolhapur District

The area of the District is 5,524 square miles and the population according to 1951 census is 17,26,908 The languages spoken are Kannada and Marathi

The country is a large plain studded with solitary peaks and broken here and there by low ranges of hills In the north and east the land is level and well-cultivated, but in the west it is intersected by spurs of the Sahyadri Range thickly covered in some places with forest The District contains both black and red soils and produces mostly grains, pulses, oil-seeds, fibres and cotton The average rainfall in Belgaum is 41 5 inches

Belgaum, the District headquarters, has a very pleasant climate especially in the hot season and it is described as the 'Mahableshwar of the poor' It has retained its historic importance in the form of an imposing fortress built in the Mogul period It is a cantonment and a station on the Southern Railway It is a busy centre throwing on all its sides well maintained roads connecting all the districts in Karnatak, southern Maharashtra and the Goa territory It is an important centre of the State Transport Bus Service

There are a big travellers bungalow, and a well furnished private hotel, Hotel Green There are also a Civil Hospital, a Military Hospital, two well-equipped private hospitals and half a dozen maternity hospitals in the city For the training of military cadets there is a residential institution called King George Public School in the Camp and the well known Mahratta Light Infantry Regimental Centre In the city and the Camp area there are four Colleges, two Arts Colleges, one Law College, one College for the training of Secondary School Teachers, all affiliated to the Karnatak University There are 15 High Schools of which five are exclusive for girls, which send up students for the S S C Examination There are also three Primary Teachers' Training Colleges, one Marathi and the other two Kannada Other institutions worth mentioning are the Remand Home, the Rotary Club, a Masonic Lodge and a number of recreation clubs like Belgaum Club, Union Gymkhana, Social Club, Kreeda Bhuvan and the Ladies' Club

It has Literary Associations managed by the lovers of Marathi and Kannada literature, and can be proud of a Free General Library of a hundred years standing with an imposing building of its own having a clock tower

With more than a dozen banks it is growing in importance as a business and commercial centre

BIJAPUR DISTRICT

Headquarters Bijapur

Talukas Indi, Sindgi, Bijapur, Bagewadi, Muddebihal, Bagalkot, Hungund, Badami, Mudhol, Jamkhandi

Pethas Bilgi

Bijapur District lies roughly between 15°49' and 17°29' North Latitude and 75°19' and 76°32' East Longitude On the north it is separated by the river Bhima from Sholapur Dist Including the Akalkot Taluka, formerly a State , on the east and south-east it is bounded by Hyderabad on the south by the Districts of Dharwar and Belgaum, and on the west by the Districts of Satara South (also called Sangli) and Belgaum

In the final adjustment of the areas of the merged Deccan States in August 1950, Ramdurg Taluka was detached from Bijapur, while the State areas of Mudhol and Jamkhandi, the Gunadal Taluka of Aundh State, the Tikota Taluka of Kurundwad Senior and a few villages of Ramdurg State were kept Since the allotment of a Community Project Block to Bijapur district under the Five Year Plan , Bijapur has been divided into four sub divisions instead of three with their headquarters at Bijapur, Indi, Bagalkot and Jamkhandi

The area of the District since the exclusion of Ramdurg Taluka is reduced to about 6 601 sq miles and the population according to 1951 census is 1,396,185 The majority of the people are Lingayats Both Kannada and Marathi are spoken The court language is Kannada

The District has a rich soil but rains are uncertain, the average rainfall varying between 18 and 22 inches It is one of the famine districts of the State The staple crops are jowar and wheat but cotton, groundnut, bajri, pulses, linseed, sesamum and safflower are also largely grown Bijapur and Bagalkot are the two important market centres, the former exporting cotton, jowar, wheat, groundnut linseed, sesamum and bajri on an extensive scale Ilkal in Hungund Taluka and Guledgud in Badami are two other commercial centres Ilkal is known for 'Ilkal saris' the export of which exceeded 3 lakhs of rupees a year at one time Rabkavi, Mahalingpur and Terdal in Jamkhandi Taluka are three power loom centres, exporting fashionable sarees and petals on a large scale Handloom Industry is the main industry of the District with about 30,000 handlooms, employing nearly 150,000 weavers The work of the proposed cement factory at Bagalkot called the Bagalkot Cement Co Ltd with its managing agents Tendulkar Industries Ltd has now begun in right earnest and it is hoped that the factory will commence cement production within a period of two years from now The chief exports of Guledgud are Cholkhans

Bijapur is an ancient and historical town containing many monuments and relics of the past Badami is another historical place with tanks and temples coming down from ancient times Important Hindu pilgrimage centres are 'Rukmini Pandhi Samadhi' about three miles to the west of Bijapur town and the "Inchgeri Swami Math at Inchgeri in Indi Taluka

Towns with electric fittings are Bijapur, Bagalkot and Jamkhandi

The District is well supplied with rivers and water courses, like the Bhima, Dhon Krishna, Ghatprabha and Malprabha There are also many small streams

AGRICULTURE

Bijapur is mainly an agricultural district growing as stated above jowar, bajri, wheat, cotton, groundnut pulses, linseed, sesamum, and safflower There are two Agricultural Produce Market Committees one at Bijapur and the other at Bagalkot for the regulation of trade Jowar, bajri and wheat are exported on a large scale to deficit areas, while the money crops of cotton and groundnut are exported to Sholapur and Gokak Mills, and to Bombay and Marmugao respectively Linseed goes to Bombay and sesamum to Madras State while safflower is consumed by local Ghanis Grape is now widely cultivated by Bijapur gardeners, Babanagar on Bijapur Jath road about 12 miles from Bijapur being the chief grape producing centre Pomegranates are largely grown in Kolhar in Bagewadi Taluka and Kalatgi in Bagalkot Taluka

During the last ten years Bijapur has made remarkable progress in the cultivation of vegetables which are now abundantly grown spinach, cabbage, knolkohl, cauliflower tomatoes and beet-root Onions and betel leaves are also abundantly grown in Bagewadi taluka and are exported on a large scale each worth about Rs 1,00,000 annually

The importance of minor irrigation schemes was felt very acutely in Bijapur after the famine of 1946 Since then, seven lift irrigation schemes have been operating, irrigating about 15,000 acres of land in the Talukas of Bagewadi and Bagalkot on the river Krishna and Malaprabha Makanapur tank and Nandargi Talav in Bijapur Taluka were recently thrown open to agriculturists to irrigate about 2,000 acres During 1952 53 famine year five new Bandharas at Kudgi and Kulal in Indi taluka, at Gaddalmeri and Muntoji in Muddebihal and at Hiresingutti in Hungund were built as a scarcity relief measure which can irrigate about fifteen hundred acres of land During the same period 665 new irrigation wells—75 in Bijapur, 54 in Sindgi, 102 in Indi, 20 in Bagewadi, 183 in Mudhol and 231 in Jamkhandi at a cost of Rs 10,00,000 were sunk under the Planning Commission scheme Besides 1,576 new irrigation wells were sunk and 2,123 old wells repaired under the "Subsidy Scheme from 1945 to 1951'

COMMUNICATIONS

The Southern Railway runs right through the District from north to south connecting the District with Bombay in the north *via* Hotgi and Poona and in the south with Belgaum, Goa and Guntakal *via* Gadag and Hubli Bijapur District has nine Railway Stations, namely Jumnal, Mulwad, Telgi, Almatti, Sitimani, Karlimatti, Bagalkot, Katgeri and Badami in the south and eight railway stations in the north including Bijapur, Minchnal and Indi

The District s passenger bus services were nationalised with effect from March 25, 1949 The State buses are now operating throughout the District

The Bijapur Division of the Bombay State Transport Corporation has its headquarters at Bijapur, offices being located in the old forest bungalow and the passenger stand and the traffic department office at the Tasbavdi Arches It has recently shifted its workshop from the Sister Ghumbaz compound to the newly built one just outside the town on Bijapur Shedbal road It has opened seven big depots as operating units at Bijapur, Bagalkot Jamkhandi, and garages at Jath, Muddebihal, Athani and Guledgudd

A new high level bridge across the river, Krishna near Jamkhandi to facilitate commercial and other traffic throughout the year is now being completed Another bridge across a dangerous stream near Atharga on Bijapur Indi road has been completed Another big bridge on the river Bhima near Dhulkhed is under construction and will open the way for a through traffic from Bijapur to Sholapur, Poona and Bombay

HOSPITALS

There is a Government Civil Hospital with a maternity ward and an eye hospital with accommodation for indoor patients run partly by the Blind Relief Association and partly by Government at Bijapur, and two free dispensaries, one ayurvedic and the other allopathic conducted by the Bijapur Municipal Borough There are also maternity and child welfare homes, a leper asylum a remand home and an orphanage run on money from public charity

Bijapur District has more than 16 Government subsidised Dispensaries both ayurvedic and allopathic in taluka towns and important village centres conducted by the District Local Board The Board has also opened nine veterinary dispensaries at taluka towns Sixteen vaccinators, thirteen anti epidemic workers and a Touring Medical Officer are looking after the sanitation of the District under the District Health Officer, appointed by Government

EDUCATION

There is a first grade Arts College at Bijapur with F Y and Inter Science classes Another Arts College is located at Bagalkot with F Y , Inter Arts and Inter Science classes There are six Boys High Schools and one A K Girls High School at Bijapur and two at Bagalkot There is a Kindergarten School recently opened under the auspices of the ' Tilak Kanya Shala ' and conducted exclusively by the Bijapur " Mahila Mandal

There is a Government industrial school in addition to a leather tanning factory and a leather work school Government have opened an Agricultural School at Bagalkot

The Vijaya College was started in 1945 at Bijapur by the Bijapur Lingayat District Educational Association, Bijapur The college is affiliated to the Karnatak University, Dharwar

A new Wachanalaya called " Jay Hind for catering for the needs of Bijapur Marathi reading public was opened here recently

COMMERCE AND INDUSTRY

There is an oil mill at Bijapur providing labour to about 200 workers Bijapur has also two biscuit factories and two soap factories, five handloom centres at Dargah (a suburb of Bijapur), Terdal, Rabkavi and Bannatti (where several hundred handlooms, and about 60 power looms are operating to turn out a large variety of saris), 60 ginning factories working during cotton season only, slate and tile factories, glass bangles and copper and brass industries Country carpets and blankets are made in several villages in Bagalkot, Hungund, and Badami Talukas and Bilgi Petha There is a wool-weaving demonstration centre at Kundargi where weavers are trained in improved methods in wool-weaving A Government sheep breeding farm is situated at Anagwadi where improved types of wool are produced Fine white building stones are exported from Badami and grinding stones from Muddebihal Shahabadi type slatestones of various dimensions are quarried and exported in abundant quantities from Talikot, Kaladgi and Minajgi The Karnatak Glass and Mining Co , Ltd , has started a public company at Bagalkot for manufacturing glassware of all kinds Oil crushing is done by country ghanis throughout the District and soon oil expellers will be set up at Bagalkot

Since Dinajpur, the jute producing and exporting centre in Bengal, was included in East Bengal after partition, Bijapur s cotton business came practically to a standstill for want of jute bhatars, a covering for packing cotton, etc., Bijapur being a big cotton producing centre In 1949 an experiment on Ghayapati a wild plant was successfully made to use it as a suitable substitute for jute A special type of handloom to weave bhatars was prepared and this experiment too produced satisfactory results Since then, the industry made rapid progre s at Bijapur where there are at present more than a hundred looms working day and night producing hundreds of bhatars every day The new industry has been giving employment to about two thousand workers Bijapur has thus assumed the role of Dinajpur as a jute producing and exporting centre The plant is grown in abundance

Sarvodaya centre has been recently opened at Kaladgi in Bagalkot Taluka, Bijapur District, has been catering for the needs of cottage industries, weavers and others and besides helping the kisans for improving their agriculture with a view to implementing Government s Grow More Food Drive It is also extending its help to the poor in distress

MUNICIPAL BOROUGH

Bijapur Municipal Borough has recently chalked out a Master plan which has been approved by Government and its sanction for implementation is now awaited The town is being beautified by additions of new parks, one in each ward Accordingly two new parks one near the Anand Mahal called Gaganmahal Park and the other in the new Bazar are now fully developed

BROACH DISTRICT

Headquarters Broach

Sub-Division Rajpipla

Talukas or Mahals Broach, Vagra, Amod, Jambusar, Ankleshwar, Hansot, Nandod, Jhaghadia, Valia, Dediapada, Segbara

Broach District is bounded on the north by the river Mahi, on the east and south east by Baroda District, on the south by the river Kim and on the west by the Gulf of Cambay

The area of the District is 2,911 sq miles and the population according to 1951 census 706,035 The language spoken is Gujarati

The soil is of the black cotton variety and is highly fertile, producing the famous Broach cotton, one of the best in India Other agricultural produce includes wheat and lang Timber, charcoal and some kinds of forest produce are available owing to the merger of the State of Rajpipla with the District

There are two textile mills in the District (both in Broach City) and 39 ginning and pressing factories out of which three are in Broach, one in Derol, Broach town and the rest in other towns like Palej, Jambusar, Rajpipla, Jhaghadia and Amod The factory at Derol is run by the Broach District Ginning and Pressing Society formed by the agriculturists of the District

The main line of communication is the Western Railway which runs through the District from south to north

Broach, the headquarters which stands on the river Narbada and the Western Railway main line was in former days the seat of a great and flourishing trade With the growth of Bombay, however, it suffered eclipse and the weaving industry has also declined Broach is one of the oldest seaports in Western India and is still a prominent port for country craft The city has a fair, a dharmasala and a P W D inspection bungalow

EAST KHANDESH DISTRICT

Headquarters Jalgaon

Talukas Chalisgaon, Amalner, Parola, Chopda, Erandol, Pachora, Jamner, Jalgaon, Yaval, Raver, Bhusawal

Mahals Edlabad, Bhadgaon

East Khandesh, with Jalgaon as capital, is the eastern most District in Bombay State It is bounded on the north by the Satpura Mountains and Madhya Bharat State, on the east by Nimar and Berar, on the south by Hyderabad State, and on the west by Nasik and West Khandesh Districts

The area of the District is 4,535 sq miles and the population according to 1951 census 1,471,351 The main population of the District is composed of Levas and Marathas, with a good percentage of Bhils, Vanjaris and other hill tribes Levas, who are supposed to be the descendants of Lahu, the son of Rama, are said to have migrated to the District in the 11th century Their language is a peculiar mixture of Gujarati, Marathi and Hindi and is called Ahirani The District has very rich black soil, specially in the trans Tapti Talukas, and is among the Districts which yield the highest revenue

AGRICULTURE

The most important crops are cotton, groundnuts, jawar, bajri, gram, millet, linseed and sesamum The most important garden crops are chillis, corriander, melons, watermelons, betel leaf, bananas, mosambis and santra North India is a lucrative export market for bananas for the sale of which co-operative limited companies have been established at Jalgaon and Jamner The bananas are now marketed by the State Co operative Marketing Board in Delhi

Cotton and groundnut are even more important 20 per cent of all the cotton produced in Bombay State comes from this District The cotton is classed as Jarila which new variety wholly replaced the old variety called Oomra in 1944 Jarila cotton is finer than Broach and fetches a higher price Government have a special agricultural farm at Jalgaon for improving Jarila still further specially in regard to ginning percentage A new variety of Jarila known as 197 3, gives 4 per cent more ginning This is now widely sown in East Khandesh, West Khandesh and Nasik districts Bombay Government have this year introduced C O 4 (Cambodia), by importing seed from Madras This is a long staple cotton and the yield per acre is much higher and can only be put under cultivation, if there are irrigation facilities 3,000 acres of land are under cultivation of this variety during the current year Bombay Government have, however this year, relaxed restrictions on the compulsory cultivation of Jarila cotton, so as to increase cotton production in general This has led to an increase in acreage under cotton, the current year s acreage being three lakhs

About 25 per cent of the groundnut produced in the State comes from East Khandesh There has been a sharp fall in acreage under groundnut owing to unfavourable weather conditions during successive years There is a large export trade in groundnut oil and hydrogenated oil or vanaspati

COMMUNICATIONS

The Central Railway is the main line of communication and between its various lines traverse the whole length and most of the breadth of the District

The Imperial Bank has a branch at Jalgaon and there are nine other banks in the town

Jalgaon is the biggest town and District headquarters, a great trade centre, and also an educational centre The M I Arts & Science College teaches upto B A and B Sc degrees There is also a Government Agriculture School, besides a number of private high schools There is a travellers bungalow about two furlongs from the station The town is an important junction on the Central Railway The town is 37 miles from Ajanta Caves and a regular State Transport buses traffic exists from Jalgaon to Ajanta Bhusawal is the biggest railway junction after Bombay on the Central Railway Amalner is the biggest cotton centre in the District Other towns in the District with a population of over 30,000 are Chopda and Chalisgaon

The geography of the District is worth a note The District of Khandesh is not part of the Deccan, but is the lower part of the basin of the Tapti, and the whole of the basins of the Girna and its affluents East Khandesh comprises the eastern portion of these basins and is entirely watered by these two rivers and their affluents There are a number of small irregular hill ranges in the District In the valley between these, and more especially in the valley of the Tapti proper, the District presents an extraordinarily fertile appearance In this respect it differs widely from the Deccan The roads are bordered with fine trees and there are several mango groves around most villages

The Satpura mountains in the north consist of difficult uninhabited country which, however, produces excellent bamboos and grass, and timber suitable to the needs of the local population

The river Tapti in this District is used neither for watering fields nor for boat traffic The height of the banks has hitherto prevented successful irrigation The rainfall (mean annual is 28 27 inches) is usually both general and regular, which fact in itself discourages irrigation The trade follows the different railway lines serving the District Khandesh rivers and streams abound in fish There are no fishing rights nor any Government control Good shikar is available in the forest area round Ghodasgaon and Pal in Edlabad Peta

PRATAP COLLEGE OF SCIENCE AND ARTS, Amalner

This College, now affiliated to the University of Poona, is conducted by the Khandesh Education Society, Amalner Shrimant Pratap Shet, a leading industrialist of Khandesh has been the elected president of the society continuously for over 30 years

The Pratap College started in June 1945, became a degree college in June 1946 Since 1948 M A Classes were allowed to be opened Two spacious buildings of hostels have been erected on the premises of the college one of which is named as Shri Sou Bhagirathibai Pratap Shet hostel. These two buildings provide accommodation for about 160 students A separate arrangement for lady students is also made

Khandesh being a comparatively backward area, students are given intense coaching and instruction Best English pictures are shown to the students with the help of a 16 mm projector machine Debating unions, sports like foot-ball, hockey, volley ball and hu-tu-tu are being played by a large number of students every day

KHANDESH COLLEGE EDUCATION SOCIETY'S MOOLJEE JAITHA ARTS & SCIENCE COLLEGE, Jalgaon

The College was started in June 1945 by the Khandesh College Education Society, Jalgaon It is serving the long felt need of higher education of the District of East Khandesh wherein the number of high schools is fast increasing The institution has been singularly lucky in securing the patronage of Shreeman Sheth Chatrabhuj Govardhandas, the present heir of the family Mooljee Jaithas of Bombay The college has a site of thirty acres situated outside the town in the vicinity of the revenue buildings In June 1947 the college was raised to a full grade institution both on the Arts and Science sides

VALLABHDAS VALJI GENERAL LIBRARY Jalgaon

The library was established in July 1877 Mr Polon donated Rs 500 and persuaded the firm of Mooljl Jetha and Co , to donate a sum of Rs 4,000, in memory of Vallabhdas Valji Shet, after whom the institution is named It is the oldest library in the District and was registered in 1912 In 1947, the library was recognised as a District library under the new scheme of the Bombay Government, and admission is free to the public It is managed by a committee of nine elected members and one nominated by the Government

The library conducts an annual lecture series, a study circle, and a magazine section It took the initiative in forming the East Khandesh Library Association, Jalgaon, E Khandesh

President —Dr D L Athawale, D O , *Secretary* —D V Kulkarni, M A , B T

INDUSTRIES

The main industry is based on agriculture There are 37 oil mills in the District, besides several bullock driven presses Two vegetable factories one at Pachora and another at Amalner employ 750 and 250 workers respectively There is a silk mill at Pimprale, with 30 looms, employing 110 workers

There are in the whole District five spinning and weaving factories, 97 cotton ginning and pressing mills, ten dyeing factories, three big railway workshops (at Bhusawal) all employing more than 28,000 people

Important weaving centres in the District include Nasirabad, Erandol, Dharangaon and Parola Paper is manufactured on a small scale by hand-made process at Erandol and Government are encouraging the industry

KOLABA DISTRICT

Headquarters **Alibag**

Talukas and Mahals **Alibag, Pen, Panvel, Karjat, Roha, Mangaon, Mahad, Khalapur, Uran, Poladpur, Murud, Shrivardhan, Mhasla and Sudhagad**

Kolaba District in the Konkan area of Bombay State lies between North Latitude 17°52″ and 19°3″ and East Longitude 73°7″ and 73°42″ On the north it is bounded by Thana District, on the east by the Sahyadri Hills and Poona and Satara North Districts, on the south by Ratnagiri, and on the west by the Arabian Sea

The total area of the District is 2 715 sq miles, the population (based on 1951 census) 909,083

The Talukas which were incorporated into the Kolaba District after the merger were Murud, Shrivardhan and Mhasala from Janjira, and Sudhagad from Bhor

Kolaba is a rugged belt of country cut across by numerous creeks from 15 to 30 miles broad stretching from the south of Thana and Bombay Harbour to the foot of the Mahableshwar hills, 75 miles south east

Notable places in the District are Raigarh near Mahad, once the capital of the great Shivaji and Kanakeshwara near Alibag, which is fast growing into a holiday resort as it is a hill 1,100 feet above sea level and gives a complete view of Bombay Matheran is another well known hill station Elephanta near Bombay is also in this District Alibag, the District headquarters is 24 miles south of Bombay, communication being by steam ferry service *via* Revas Alibag has a magnetic observatory which is devoted to research in magnetic and electric currents which circulate in the interior of the earth

The historical sea fort Kolaba, at Alibag, which was the naval capital of Shivaji, has recently been taken over by the Archeological Department of the Government of India The Hingulja hill near Revedenda, about nine miles from Alibag, is growing into a holiday resort

The Kolaba District has now its own District and Sessions Court

There is a Training College for men at Panvel and another for women at Sasawane in Alibag Taluka The Sarvodaya Centre is situated at Sudkoli in Alibag Taluka

AGRICULTURE, POWER

On the flat lands of the District rice is grown, and the sea front is fringed by a belt of coconut and arecanut palms There is large scale plantation of mango grafts and the produce is exported to Bombay Lorry loads of melons from Panvel are also sent to Bombay The teak forests are very valuable and there is a considerable fishing industry

The District has three Power Houses The Tata Power Co s Power House at Bhira (Patuns), the Tata Hydro Electric Power Supply Co s at Khopoli and the Andhra Valley Power Supply Co s at Bhivpuri

The District is served by the Central Railway which passes through the Karjat Taluka In addition to steamer ferry there is direct steamer communication between Bombay and the coastal ports during the fair season There are roads over the ghats which connect the District with the interior and are available for traffic all the year round

TRADE, INDUSTRY

The chief articles of export are rice, salt, fire wood grass timber, vegetables, fruit and dried fish The imports consist of teak, grain piecegoods, oil, potatoes and sugar At Khopoli a fish centre has been instituted where various kinds of fish are grown A card board paper mill has started functioning

The principal trade centres of the District are Pen, Panvel, Karjat, Nagothana Revadanda, Roha, Goregaon and Mahad Uran and Pen are big salt producing centres Panvel contains a large ayurvedic pharmacy, the Shri Dhootapapeshwar Panvel Ltd, Mora in Uran Mahal has a big tile factory which manufactures tiles worth two lakhs a year

MATHERAN (HILL STATION)

Matheran is a hill station and sanitarium, about three hours journey from Bombay and Poona Visitors are conveyed up the hill from Neral (Central Rly) by the Matheran Steam Tramway and Rail Motors The town is about 2 500 feet above sea level, and is a favourite hot weather resort The maximum and minimum temperatures range between 65 and 80 ordinarily and the average rainfall is 200 inches The place has an agreeable climate

There are some 31 points round the hill commanding gorgeous views and 35 miles of roads and paths on the hill There are lovely walks and rides throughout the hill Its spring water is reputably good Pure filtered and chlorinated water is supplied to all bungalows on the hill by pipes

Among the amenities of Matheran are several good hotels a well laid out public park and garden, bandstand two children s playgrounds, electric and telephone services and several cool and shady picnic places During the season the band plays almost daily The hill is a favourite place for honeymoons There is the cosmopolitan Matheran Club and the Parsi Gymkhana in Matheran, with tennis courts two sanitaria for Parsis three for Hindus and one for Ismaili Khojas available for convalescents

The hill offers excellent opportunities for shikar and a good shot is certain to carry his trophy of spotted skin, even within a short stay

The Municipality maintains an up to date hospital for both in and out patients There is a Post and Telegraphs Office a Revenue office and a Stipendiary Magistrate s court police station and a forest depot

*

KOLHAPUR DISTRICT

Headquarters Kolhapur

Talukas and Mahals Karwir, Panhala, Shahuwadi, Radhanagari, Bhudargad, Hatkanangle, Gadhinglaj, Kagal, Shirol, Bavada, Ajara

The old Kolhapur State in the Deccan was integrated completely with Bombay State on August 1, 1949, and was transformed into a District as in the case of some of the other States merged into Bombay Kolhapur District as it is now called lies between 17° 10′ 45″ and 15° 50′ 20″ North Latitude, and 74° 44′ 11″ and 73° 43 16″ East Longitude The District is bounded on the north by the river Warana, on the north east by the river Krishna, on the east and south by the District of Belgaum, and on the west by the Sahyadri Mountains, which divide it from the Ratnagiri District on the south west and the west The undulating country, in which the District is situated, is about 2,000 feet above sea level in proximity to the eastern slope of the Sahyadris which renders the greater part of the District free from famine The six large rivers of the District, namely, the Krishna, the Panchaganga, the Warnal, the Dudhaganga the Vedganga and Hiranyakeshi, with their several tributaries flow through and drain the District, facilitating extensive irrigation of lands in several parts of the District The hills are the main feature of the District They include the main range of the Sahyadris running north to south for about 100 miles and form the western boundary of the District They contain some of the finest and most abundant supplies of bauxite in the world situated at places, where an unlimited and very profitable exploitation with the aid of cheap hydro electric power is a practical proposition

The total area of the District is 2,756 square miles and the population according to 1951 census is 1 227,547 The language spoken is mostly Marathi, though Kannada is also spoken in a few parts Kolhapur city, the headquarters, is a great trading centre for jaggery

COMMUNICATIONS

The Kolhapur Miraj railway line runs from Kolhapur to Miraj and is connected with the Southern Railway line running between Poona and Bangalore The District is well served by roads and the Poona Bangalore the Kolhapur Ratnagiri, the Kolhapur Miraj roads in the District are all used for passenger traffic as well as for transport of goods

AGRICULTURE AND INDUSTRY

The chief agricultural products are jowar, rice, cotton, nagli, bajra, wheat, tobacco, sugarcane and ground nut

Besides one cotton mill, there are 12 ginning factories, two ginning and pressing mills, one ice factory, one sugar mill, 100 ginning and powdering mills 19 ground nut crushing mills, nine ground nut oil mills three cinema film producing companies, three workshops for constructing ferry boats, two soap factories and eight workshops for repairing motor engines and constructing motor car bodies In one of these workshops, motor gas plants are manufactured

NORTH KANARA DISTRICT

Headquarters Karwar

Talukas and Mahals Haliyal, Sirsi, Kumta, Ankola, Karwar, Siddapur, Yellapur, Honavar, Mundgod Supa, Bhatkal

North Kanara is a District on the Konkan Coast between 15°55′ and 15°31′ N and 74°9 and 75°10 E It is bounded on the north by Goa and the Belgaum District, on the east by the Dharwar District and Mysore State on the south by South Kanara and on the west by the Arabian Sea The Sahyadri range of the Western Ghats varying in height from 2,500 to 3 000 feet runs through the District from the south to the north, dividing it into two tracts the uplands or Balaghat and the lowlands or Payan Ghat Area 3,971 sq miles

The climate varies from place to place the western portion though moist is healthy But the forest tracts especially the uplands are always malarial The continual use of D D T has latterly retarded the fever to some extent On the coastal strip the temperature falls to 69 in January and rises to 91 in May while the uplands are comparatively cool throughout the year Yellapur now wild completely of its malaria should quickly develop into a health resort

The total population according to 1951 census is 517 780 showing an increase of 17 3 per cent over the 1941 census The increase is ascribed to increase in birth rate and increase of immigrants from Madras State Goa and other neighbouring districts Of the total *population* 394 220 are rural and 123,960 are urban 203 039 are rural males and 60 167 are urban males, 191 181 are rural females and 63 393 are urban females There are 91 689 houses in the district and of them 70 154 are rural and 21 535 are urban Of the 1 415 villages in the district 107 are deserted 159 villages have a population below 25 persons each In all 1 235 towns and villages are inhabited 1 025 villages have a population less than 500 each There are four towns with a population between 10 000 and 20 000 81,990 persons are cultivators of land wholly or mainly owned by them and their dependents 181 239 persons are cultivators of land wholly or mainly unowned by them and their dependents 45 831 persons are cultivating labourers and their dependents 31 716 persons depend for their livelihood on commerce 124 561 people are literate of which 89 327 are males and 35 234 are females

Karwar, the headquarters of the District, possesses a fine natural harbour with great potentialities The natural attractions of the country around with its forests, beaches hills, the variety of wild game, fishing attractions and the salubrious climate make Karwar a good health resort and a centre for tourists

AGRICULTURE

Agriculture is the mainstay of the people It supports 68 per cent of the population Of the total area of 2 526 787 acres 43 813 acres are fallow These fallows can be divided under the following heads, *viz* poverty 5 912 acres Inadequate supply of water 5 451 acres, malarious climate 791 acres silting of canals and rivers 298 acres unremunerative nature of farming 11 242 acres and others 20 119 acres Cultivable waste is 66 024 acres Food crops are grown in 231 086 acres and non food crops on 52 431 acres

Paddy occupies 187,222 acres ragi occupies 2 028 acres black gram 441 acres and horse gram 68 acres

Of the cash crops — Sugarcane occupies 3 388 acres coconuts 1 513 acres Of the fruits mangoes are grown on 1 622 acres banana on 3 63 acres pine apple on 1,121 acres sweet potatoes 951 acres onions 367 acres Of the non food crops betel nuts cover an area of 3 087 acres pepper 1 101 acres and betel leaves 365 acres

Rice which is most widely grown is responsible roughly for 75 per cent of the net cropped area The average yield ranges from 5 to 40 maunds per maund of seed The introduction of the Japanese method of cultivation has improved matters in many tracts and is responsible for larger yields Another agricultural product the cultivation of which is fast developing in the loose sandy soil of Kanara is groundnut An experiment made by the authorities of the training school at Karwar resulted in an yield of 600 lb of dried groundnut costing Rs 200 for half an acre This compares very favourably to the Dharwar yield which on an average is 800 to 1,000 lb per acre

There were 16 colonisation schemes launched by Government some years ago Out of these only 3 are working at present Two are in Mundgod taluka *viz* Indoor and Ramapur and one in Ankola taluka *viz* Hillur In Indoor, 1,462 out of the ear marked 1 500 acres are brought under cultivation Similarly out of a target of 314 and 284 acres of Ramapur and Hillur schemes respectively 285 and 215 acres are brought under cultivation There is one Sarvodaya Scheme working in the village of Hichkad in Ankola taluka

IRRIGATION

Latterly the Government commenced to irrigate certain tracts, and plans were put up in this connection In 1951 52, 87 of such works were in progress of which 24 were completed The total mileage of Government canals is 71 and of canals of private owner ship is 176 miles The total number of wells used for irrigation are 16,872, and for domestic use 300,092

FORESTS

Roughly 80 per cent of the area of the district is forest It approximates to 3 005 square miles Out of this in 1950 51 2,417 square miles are forest proper and the rest are pasture reserves 215 square miles of forests are in charge of the Revenue Department 1 220 square miles are under working plans In 1950 51 696 858 cft of teak 38 929 cft of blackwood and 716 038 cft of jungle wood was brought to the various depots by Government and private agency The growing of hill paddy in the plantations was a great success in Kanara

FISHERIES

The total population of fishermen is about 26 000 The average annual yield is about 20 000 tons There are about 70 ramants operating throughout the coast Fresh fish and salted dry fish are exported to Bombay Belgaum Hubli, Mangalore Bankapur and various other places There are 15 curing yards in the district, and the total quantity of fish brought to be cured in 1950 51 was 227,566 maunds

COMMUNICATIONS

There are proposals to connect Karwar with Hubli or Alnavar But the schemes are only in the exploratory stage The W I P R passes through Supa and the distance covered by it is about 32 miles

Karwar Bhatkal road is the national highway and is the Kanara portion of the Bombay Trivandrum national highway Of the State Roads, the P W D maintains 592 miles and the District Local Board 700 miles Each Municipality maintains some roads within its own sphere The average mileage per village is 9 5 and per thousand of population the average is 4 miles The mileage per square mile for the whole area is 3 4 Latterly the Government has been constructing a cement road on the highway Kanara Hubli Karwar—a distance of 102 miles

The Bombay State Road Transport Corporation plies practically throughout the district with the monopoly of passenger traffic Of the 3 main passes, Arbail, and Devimane are open throughout the year Only Anshi Ghat is closed in the monsoon

River navigation played a prominent part in the history of Kanara At present vessels up to 10 tons can go up to a distance of 20 miles in Kali River

The steamers of the Scindia Steam Navigation Company touch Karwar, Tadri, Kumta and Bhatkal during the fair season There is no all weather port

PORTS

The chief ports from north to south are Sadashivgad, Karwar, Ankola, Gangavli Tadri, Kumta Honnavar Monky and Bhatkal Sailing craft touch all these ports The most important commodities of export are timber, fuel charcoal bamboos manganese and sweet potatoes and onions Fresh fish is transported from almost all of the ports by motor launches to Bombay The principal imports are grains sugar pulses kerosine oil coconut oil Mangalore tiles, etc The value of imports at Karwar is about Rs 5 lakhs a year and of exports about 2 lakhs

MINERALS

The only mineral that is successfully tackled at present is manganese ore About 20,000 tons are exported every year to dollar areas

INDUSTRIES

Among the important industries are the Government saw mills and a plywood factory at Dandeli a few rice and saw mills have sprung up throughout the district but this is due to the policy of the rationing department of the Government substituting the mill for the pounding woman These mills only mill government paddy

FUTURE DEVELOPMENTS

On account of the vast forest wealth Kanara has a bright future for the development of cottage industries Co operative department is just now concentrating its attention on its development Coir works horn works sandalmaking, tanning etc, have been taken up by the department Bee keeping is a favourite industry initiated by Government and in a forest tract like Kanara it has a bright future Already there are 4,500 colonies in the district and the honey yield is about 30 to 35 thousand lb a year

Garden industries of cashew mango coconut pine apple etc, could successfully be established on a wide scale If the vast *gazni* lands are utilised for coconut cultivation as is done in Kerala back waters not only the deficit of coconuts could be made up but surplus could be made available for export Cashew is a wild plant in Kanara It requires neither watering nor manuring The vast area that is occupied by minor hills and forests if utilised for cashew cultivation would add considerably to the wealth of the district

The total area covered with bamboos is 89,000 acres and lies mainly on the slopes of the Gangavli and Kali rivers A paper pulp factory is quite a feasibility with this initial acreage

An area of about 25,570 acres of forest is covered with very useful species of palm known as the tali palm This provides annually about 1,500 mature palms yielding about 300 tons of edible sago flour giving means of subsistence to about 6,000 people The chief produce is tali-chakki or pitch from which edible flour is prepared

Baswarajadurga an island off Honnawar produces the best quality of *Cavi* or reddle which is used for painting the houses The elephant grass that is found round about Kadra is capable of producing artificial silk

PANCH MAHALS DISTRICT

Headquarters **Godhra**

Talukas and Mahals **Godhra, Dohad, Kalol, Halol, Jhalod, Deogadh-Baria, Limkheda, Santrampur, Lunawada, Shehera, Jambughoda**

The Panch Mahals District lies between 22°15′ and 23°11′ North Latitude and 73°22 and 74°29 East Longitude It is divided into three sub-divisions The Godhra sub-division includes Godhra City and Godhra Taluka, with the headquarters of Prant Officer (Dist Dy Collector) at Godhra Personal Assistant to the Collector is Ex Officio Prant Officer of Godhra Sub division Eastern Sub-division includes Dohad, Jhalod Deogadh Baria and Limkheda talukas with the headquarters of the Prant Officer at Dohad (provisionally kept at Deogadh Baria) The Western Sub division includes Lunawada, Santrampur, Kalol and Halol Talukas, and Jambughoda Mahal with headquarters of the Prant Officer at Godhra

The District expanded on June 10, 1948 with the merger into it of the former States of Deogadh Baria, Lunawada, Santrampur, Jambughoda and Sanjeli The area of the District after the merger is 3,500 sq miles and the population according to 1951 census is 1,148 432 The total number of displaced persons from Pakistan enumerated in total population of Panch Mahals is 4 186 inclusive of 2,310 males and 1,876 females The language spoken is Gujarati

Agricultural produce includes cereals of all sorts, pulses, oil seeds including ground nuts, Til and Mahuwa seeds and to a small extent cotton and tobacco Acreage under different crops is as follows Maize 24,817 acres, paddy 281,427 bajri 57 593, banti 17,259, kodra 42 985, ground-nuts 147 254 tobacco and cotton 23,000, vegetation 1,400 The total arable land in the District is 1 286 000 The average yield of cereals and ground nuts per acre is 1,200 lb

The District has a forest area (inclusive of that of the merged States) of 1,099 85 sq miles which produces timber such as country teak wood, Mahuwa and Sadad Mhowra flowers and timru leaves for bidi manufacture and hay fodder are a principal produce of the forests Other minor produce are bamboos gum lac, asotri leaves, Khakhra leaves Rocha grass used for extracting scents, ghat bor Kananj seed, Amla, honey and wax Worked on proper lines the forest areas are an asset to Bombay State as the forests are situated in the vicinity of railway stations The Panch Mahals District exports large quantities of timber bamboos, firewood scantlings charcoal and hay to various Districts in Bombay State and Saurashtra

Two forest divisions were formed, one called Panch Mahals Division with an area of 315 33 sq miles including Godhra, Dohad, Jhalod, Kalol, Halol and Shehera Talukas with the headquarters of the Divisional Forest Officer at Godhra and the other being the Gujarat States Division with an area of about 784 32 sq miles comprising the rest of the talukas and all the merged States of South Gujarat with the exception of Banaskantha and Sabarkantha Districts of North Gujarat—the headquarters of the Divisional Forest Officer being at Deogadh Baria Both these forest divisions are within the jurisdiction of the Conservator of Forests, North West Circle, Baroda

The south west portion of the District is a level tract of rich soil (except for the Pavagadh Hill) while the northern portion though it contains some fertile valleys is generally rugged, undulating and barren with but little cultivation Large tracts are however being reclaimed through soil conservation schemes and bunding process The current year s average rainfall in the district is 30 inches The maximum temperature in 1953 was 114° and minimum around 60°

The District contains the famous ruins of Champaner which was a stronghold of Rajput kings belonging to Raol and the Taru dynasty The hill of Pavagadh is about 2,500 feet in height and can be developed into a hill station or cheap summer resort through provision of power rope ways Pavagadh is considered by Hindus to be a place of special interest and holiness The hill itself contains the famous ruins of the ancient possessions of the Rajput king Patai Raol The Archaeological Department of the Government of India has preserved various ancient monuments on the hill itself and those at the foot of the hill The plateau of Ratanmal in Deogadh Baria Taluka is several square miles in area and is an ideal place as an emergency landing ground for light aircrafts It also possesses rich herbs of medicinal value in the slopes of the plateau Then there are the hot springs believed to have sulphur deposits, the medical properties of which are not yet fully explored, situated at Tuwa, a station about 7 miles from Godhra on the Godhra Anand (broad-gauge) branch line of the Western Railway

COMMUNICATIONS

The railways and buses are the main means of communication There is the Western Rly main line from Bombay to Meerut which runs through the Panch Mahals *via* Godhra Then there is the Anand-Godhra Branch line (broad gauge) and the Godhra Lunawada section of the Western Railway (narrow gauge), the narrow gauge section of Champaner Road-Pani Mines running from Champaner Road Station of the broad-gauge main line terminating at Pani Mines *via* Halol and Shivrajpur, and Piplod Deogadh-Baria section of Western Railway The last three are narrow gauge sections worked by the Western Rly administration Passenger bus services of the Bombay State Road Transport Corporation Bombay, are operating between Godhra Dohad, Godhra Shivrajpur Bodeli, Dohad Jhalod, Dohad-Alirajpur (Madhya Bharat), Godhra Shehera Lunawada, Godhra-Pandu *via* Kalol and Sant Road Santrampur An out agency for goods traffic by the Western Rly is operated between Dohad Jhalod on contract system After the expansion of the District a very wide area without any means of communication has been added This includes large rural tracts of Deogadh Baria, Lunawada, Sant, Santrampur, Sanjeli, Kadana, and Jambughoda where primitive means of communication, such as bullock carts, camels, horses, donkeys and country ferries are still in use, in the absence of modern roads

Godhra City, Lunawada, Deogadh Baria, Dohad and Santrampur have municipalities Godhra being a borough and the others town municipalities All other talukas have village panchayats numbering about 38 Godhra, Dohad, Deogadh Baria Lunawada and Santrampur have electric facilities Godhra, Dohad, Lunawada and Vejalpur are on the trunk telephone exchange from where one can make trunk calls Lunawada Vejalpur and Derol have only public trunk call offices at the Post Office while Godhra and Dohad have Government telephone exchanges open to public subscribers Deogadh Baria will shortly have a trunk Call Office Freelandgunj in the Dohad Taluka is the headquarters of the Works Superintendent, Divisional Electrical Engineer District Medical Officer and other officials of the Western Railway It contains the Locomotive Shops of the Western Rly and has extensive quarters for railway employees with library, reading room sports clubs and Maternity and Child Welfare Centres

The District contains rich mineral deposits, such as manganese ore and galena ore Big mines of manganese ore are worked at Shivrajpur, Daman Kuwa and Pani Mines A number of other spots in the District are also supposed to contain manganese and other ores, while galena is found in Khamaria Talukdari Estate in Halol Taluka

The dry bed of the Panam River near Sant Road Station on the Godhra Ratlam line and that of the Meshri River at Godhra contain quality sand used for preparing glassware and generally for building construction A stone quarry exists at Timba a village in Godhra Taluka Gravel used for reinforced concrete works comes from the quarry which is worked at Timba Road Station on the Godhra Anand Rly line

There is a glass factory at Sant Road Station, about 12 miles from Godhra

POONA DISTRICT

Headquarters Poona

Talukas or Mahals Ambegaon, Baramati (Bhimtadi) Dhond, Haveli, Indapur, Junnar Khed, Mawal, Mulshi, Poona City, Purandhar, Sirur, Bhor, Velhe

Poona District lies between North Latitude 17° 54′ and 19° 23′ and East Longitude 73° 24 and 75°13′ It is bounded on the north by the Districts of Thana and Ahmednagar, on the South by Satara North, Sholapur and the former Phaltan State on the east by the Districts of Ahmednagar and Sholapur and on the west by the Sahyadri Hills In March 1948 a large part of the Bhor State with a population of about 120,000 was added to the Poona District consequent upon the merger of that State with Bombay State The premerger area of the District was 5,969 sq miles and the population 1,359 408 The population according to 1951 census is 1 950 976, and the area 6,028 sq miles The language spoken is *Marathi*

The city proper extends along the Mutha river for about 1¼ miles inland its length is about 2 miles from east to west and its breadth about 1¼ miles the total area being about 2¼ square miles

Towards the west the country is undulating and intersected by numerous spurs of the Western Ghats which break off in a south easterly direction, becoming lower as they pass eastwards, and in the end sinking to the general level of the plain Many streams rise in the Western Ghats and flow eastwards until they join the Bhima river, which passes through the District from north west to south east The main tributaries are Vel, Ghod Bhama, Indrayani Mula and Nira The rainfall varies considerably in different parts of the District In the western parts it is heavy and regular in the central belt moderate, and in the east very irregular The main crops are paddy and jawar But the District is a deficit area in the matter of food grain One of the products of which the District has an exportable surplus is jaggery produced from sugarcane

The District is well served by road and railway The Central Railway traverses the District from west to east and this section is joined at Dhond by the north to south cross connection from Manmad The Southern Railway runs from Poona southwards for a distance of about 50 miles in the District The District has also communication with Nasik, Ahmednagar, Sholapur Belgaum, Satara and Kolaba Districts by road The Poona Agra Road is also one of the arterial roads of the country as a whole

Until a few years ago the headquarters of the Bombay Government during the monsoon the city of Poona lies at the confluence of two small rivers the Mutha and the Mula on the Western margin of the Deccan plateau at a height of about 1,800 ft above sea level Only 30 miles separate the city from the main range of the Western Ghats and 119 miles from the State capital Bombay The annual exodus of Government to Poona, however, has now been stopped, but the monsoon meetings of the Houses of Legislature continue to be held there

The city is surrounded by uplands and hills The climate of Poona is dry during most of the year and very different from that obtaining in the coastal towns of Bombay State On account of its elevation and dryness, Poona is cool during nights even in summer The city is at its best during the monsoon—June to September Apart from the monsoon sessions of the legislature the city is the venue of horse racing organised by the Royal Western India Turf Club

The importance of Poona from the military point of view is growing It is the headquarters of the Southern Command and also of the Poona Sub Area The Poona and Kirkee Cantonments have many military establishments, some of in all India character including the Bombay Engineering Centre at Kirkee A wing of the Indian Air Force is also posted to Poona Some of the other military establishments around Poona are the Ordnance Depot and the Arsenal at Kirkee and the Vehicles Depot at Dehu Road The Indian Navy Mechanical Training establishment, I N S Shivaji , is located at Lonavla, 40 miles from Poona

Poona Municipal Corporation A Corporation for the city of Poona was created on February 15, 1950 The Bombay Government appointed in July 1947 a committee since known as the Bhat Committee to examine and report on measures required to ensure the efficient municipal government of the Greater Poona region The Bhat Committee which reported in November 1947 strongly recommended the amalgamation of the areas included in the limits of Poona city and the suburban municipalities, the two Cantonment Boards and certain other adjoining areas for purposes of municipal government The Committee also recommended that the municipal government of this area should be entrusted to an autonomous Municipal Corporation on the lines of the Bombay Municipal Corporation ' The Corporation was inaugurated under the Bombay Provincial Municipal Corporation Act, 1949

The municipal budget proposals for 1954 55 show an estimated income of Rs 1,11,72 000, including additional revenue from new or enhanced taxation, and expenditure of Rs 1,18,57,000, leaving a deficit of Rs 6 85,000 The Municipal Commissioner has therefore proposed the levy of a profession tax and enhancement of the rates of general tax water tax and conservancy tax

The Municipal Commissioner has approached the Central Government, through the Bombay Government, for an allotment of Rs one crore out of the bulk allotment of Rs 10 crores set aside by the Planning Commission for municipal water supply schemes The project proposed to be financed from this amount consists of tapping the below sill water from Khadakvasla bringing it by underground pipes to Parvati Hill filtering it and supplying it to the citizens

A draft outline of a five year development programme for the Poona Corporation area has been prepared by the Municipal Commissioner This is expected to cost Rs 1,17,6 000

The more important of the institutions of All India character located in Poona are given below

Meteorological Office The technical headquarters of the India Meteorological Department the Meteorological Office in Poona is located on the Ganeshkhind Road at Shivajinagar, in a magnificent building with a conspicuous clock tower

The Poona Weather Office is equipped with a workshop and laboratory and a training school for the initial training of entrants into service in all grades from observers to forecasting officers

National Defence Academy, Khadakvasla Poona has been chosen as the venue of the National Defence Academy the foundation stone of which was laid by the Prime Minister Mr Jawaharlal Nehru on October 6, 1949 The Academy stands on a site of unrivalled scenic beauty in the lovely Mutha valley at Khadakvasla, 11 miles from Poona The Academy estate which has been gifted by the Bombay Government comprises an area approximately 6 200 acres on the left bank of the Mutha river the 200 year old administrative seat of Peshwa rule The Academy will be the only one of its kind anywhere in which cadets will be educated and trained together for the Army, Navy and Air Force Education will be spread over three years and will cover a comprehensive course in history modern languages engineering and various scientific subjects as well as purely military subjects Provision is being made for the admission of 500 cadets every year When the Academy is in full swing it will have a maximum of 1 500 cadets The first batch of cadets will commence their training at the Academy from 1955

School of Military Engineering, Kirkee Intended to meet the training requirements of the Indian Engineers, the School of Military Engineering at Kirkee, near Poona, is the only institution of its kind in the country It imparts basic and advanced technical training to engineer officers of the Indian Army The cost of the building project and lands for the school is Rs 3 crores The first two phases of the project namely the construction of Field Engineering and the Electrical and Mechanical Engineering Wings are now complete and the third stage which includes construction of the wing for Civil Engineering and residential accommodation is expected to be completed in 1956

Armed Forces Medical College Established in 1948 the Armed Forces Medical College in Poona provides courses for officers and other ranks of the Medical Services of the Army Navy and Air Force The courses for officers are designed to keep army doctors and surgeons abreast of current advances in medicine to teach them organisation and administration, to fit them eventually for command of hospitals and field medical units and equivalent appointments in the Navy and Air Force and to help in selection of officers for specialisation in professional subjects

Central Water and Power Research Station The oldest irrigation research institution in India the Central Water and Power Research Station was established in 1920 and is located at Khadakvasla where facilities exist for hydraulic research The station is well equipped to undertake model studies of rivers canals and canal works and gives expert technical advice to the Central and State Governments as well as ports and railways The station is noted chiefly for its large scale model experiments Consequent on Government s policy of launching upon large multi purpose river valley projects the Poona station has lately been enlarged

National Chemical Laboratory The first of a chain of eleven laboratories to be sponsored by the Council of Scientific and Industrial Research in the country, the National Chemical Laboratory at Pashan, six miles from Poona, is intended to be a link between universities, scientific bodies and industrial associations in India It was declared open by the Prime Minister, Mr Jawaharlal Nehru on January 3, 1950 One of its main functions is to serve the scientific and industrial development of the country and to discover ways and means for the application of scientific knowledge to practical problems of human welfare Another object is to undertake fundamental research Prof G I Finch, F R S , an eminent scientist, is the Director of the Laboratory

LONAVLA

This hill station is situated at the top of the Bhore Ghat incline about 2 027 feet above sea level It has extensive Railway quarters for employees, a Railway Dispensary exclusively for Railway employees a Railway Co operative Store and two Railway Institutes with Reading Rooms and Library, and Tennis Courts for Railway employees

Lonavla, Bhaugarwadi, Bhushi Nagargaon, Valvan, Tungarli and Khandala are all in the charge of the Lonavla City Municipality established in 1877 The Railway has a Municipality of its own The Post and Telegraph offices in Lonavla belong to class 2 Church of England, Methodist and Roman Catholic churches, two Masonic lodges—Lodge Dawn of Peace and Lodge Barton'—are other important features of the town

Among the Lakes may be mentioned the Tata Sons Hydro Electric Works Lake at Valvan (walking distance and drive over a built road) their smaller Lake near the Railwoods, and the Lonavla Municipality's Water Works on the top of the Tungarli Hill about 2½ miles north of the Railway Station Fishing is allowed both at the Bhushi and the Valvan lakes the latter being the more suited for the purpose A permit can be obtained locally from the Water Engineer's office at Lonavla on payment of a fee which includes the use of the Company's boat

The Railway houses are supplied with water from the Railway Bhushi Tank about three miles from the Railway Station The town of Lonavla and its adjacent villages and suburbs are supplied with water from the Municipal Water Works at Tungarli

Lonavla has a High School conducted by the Vidya Prasarini Sabha of Poona a Municipal Dispensary with a Maternity Ward The Municipality has constructed new vegetable mutton beef and fish markets and mutton and beef slaughter houses on modern sanitary principles There is a Municipal rest house and Dharmashalla on the Lonavla Bhaugarwadi Road The Railwoods are suitable for picnics and are also a camping ground for Government Officers during the hot season

About 3½ miles from the Railway is situated the 'Tiger's Leap," a promontory which commands a picturesque view of the valley below The famous Karla Caves are situated on a hill about five miles from Lonavla and are reached by a built road up to the foot of the hill, and visitors either walk up or are carried up by means of chairs There is a man in charge of the Caves at the top for assisting visitors Tongas and victorias can be hired throughout the year From the Railway Station of Malawali nearly three miles from Lonavla visitors can proceed to view the Lohgadh Fort (now partially demolished) on the top of a hill The approach to it is by no means easy and visitors must arrange beforehand for chairs slung on poles to be sent to the Railway station from the Karla Caves hill or Karla village This Fort was formerly used as a State prison by the Peshwas About five miles by road from Lonavla is the Sahar Pathar Hill a well known shooting ground where big game may be found

The terrace garden overlooking Tata's Valvan Lake, and situated at the top of a hill commanding an extensive view all round is another attraction for visitors to Lonavla The garden is mainly financed by the Kaivalyadham Ashram of Lonavla, the Municipality also contributing to its upkeep

The following are some of the Forts and places of interest —

Fort of Lohgadh	3 412 feet above sea level	
Fort of Visapur	3,542	do
Fort of Rajmachi which stands on the top of the Sihadri Range and commands a grand view of Matheran, Konkan and even part of Bombay	2 710	do
Duke's Nose	2,720	do
Tungarli Municipal Lake	2,276	do Top of Dam

There are two good hotels at Lonavla, *viz*, the Lake View and the Hotel Central The Hotel Central and the Lake View remain open throughout the year Mention may also be made of the Khandala hotel at Khandala, which is only 2 miles from Lonavla

The temperature varies from 65 in the cold weather to 85 in the hottest month

The rainfall varies from 160 to 250

The Municipality maintains electric street lights within the Municipal limits

KHANDALA

Khandala, a health resort, 78 miles from Bombay by rail and 71 by road lies in Mawal Taluka It is situated at the top of the Bhor Ghat at an elevation of about 2,000 feet above sea level, and has an agreeable and bracing climate all through the year The town is electrically lit and possesses adequate water supply brought from the municipal dam in Tungarli hills It has also the usual postal telephone and telegraph facilities Bungalows are available for seasonal lease, and bungalows, sanitaria hotels are all easily accessible from the railway station The local population is about 1,500

Rice is cultivated on a small scale and there is very little commerce or industry The town is primarily a health resort, and tourist centre Among places worth a visit in and around the town are Tata Electric Supply Company's reservoir called Forbay Dam Byramjee's Point, the Duke's Nose, Tiger's Leap, all of which provide magnificent views of the surrounding country About nine miles from Khandala are the Kaila caves considered to be the oldest specimen of Buddhist caves in India In Walwan lake which is about four miles from Khandala good mahashir fishing is available

The Servants of India Society, founded by the late G K Gokhale in 1905, is a body of men who are pledged to devote their life to the service of the country on such allowances as the Society may be able to give Its objects are to train national missionaries for the service of India and to promote by all constitutional means, the interests of the Indian people Its present strength is 23 members The Society has its headquarters in Poona with branches at Madras Bombay Allahabad and Nagpur, and other centres of work at Mangalore and Calicut in the Madras State Shendurjana in Madhya Pradesh Lucknow and Kotdwara in U P, Ambala in the Punjab (India), Cuttack and Raigada in Orissa

The Society's work is primarily political but as it believes in allround progress of the Indian people it has always laid equal emphasis on social, economic, educational, labour and depressed class activities and has worked in these fields The political work is done through the legislatures, the non official political organizations, deputations to foreign countries and propaganda

In the field of social, economic and educational work, the Society's activities are equally varied Some of its members are practically the founders of such institutions as the Poona Seva Sadan, Bombay and Madras Social Service Leagues the U P Seva Samiti, and the Bhil Seva Mandal catering for the needs and uplift of the aboriginal tribes in Gujarat The Society is also doing tribal welfare work in the Mirzapur Dist (U P), Orissa and in Malabar on a considerable scale During natural calamities such as floods famine and epidemics the Society has done relief work in every part of India During recent years several members of the Society have paid special attention to rural reconstruction including rural education

The Society is a non-communal, non sectarian body which does not recognise any caste distinctions

The Society conducts the *Hitawad*, an English daily issued from Nagpur It has also published several pamphlets on public questions

Dr H N Kunzru is the President, and D V Ambekar the Secretary

Ratnagiri District is bounded on the north by the Kolaba District, on the east by Satara North and Kolhapur Districts, on the south by the Portuguese possessions of Goa, and on the west by the Arabian Sea By the merger of the Sawantwadi State the area and population of the District have greatly increased The length of the District is about 280 miles, and the breadth between 30 and 40 The District may be described generally as rocky and rugged Near the coast the land consists of a bare elevated plateau, intersected by numerous creeks and navigable rivers flowing between steep hills These rivers have along their banks the chief sea ports and almost all the fertile land of the District Ten miles or so inland, the country becomes more open, but going in still farther, it is occupied by spurs of the Sahyadri hills This range itself forms a continuous eastern boundary, running parallel to the coast, at distances varying from 30 to 45 miles It varies in height from 2 000 to 3 000 feet, though some of the peaks attain an altitude of 4,000 feet The banks of the rivers produce fine crops of rice in the rains, and of pulse in the cold weather and some of the inland valleys exhibit the utmost fertility even though the soil is, as a rule, poor and barren The District is densely populated and a large proportion migrate to Bombay in the fair season The hill slopes are flooded with plantation of Alphonso and other mango grafts Alphonso mango, the king of fruits, is exported on a very large scale to Bombay and other markets and forms the main money crop of the District Ratnagiri, the headquarters town, is open and faces the sea There is no railway connection and communication is by steamer with Bombay and by motor with Kolhapur 82 miles away With the construction of the Bombay Konkan Goa road by bridging all the rivers and creeks on the way, Ratnagiri is connected with Bombay by direct bus service *via* Chiplun Mahad, Dharamtar, etc This transport service is now taken over by the State The area of the District is 5020 9 sq miles The population of the District (according to the 1951 census) is 1,711,964

The long coastline of the District has some excellent well-protected ports, which may form important naval centres in the future Schemes for establishing a naval school and an aerodrome at Ratnagiri are already under consideration

Ratnagiri, Vengurla, Malwan, Sawantwadi and Chiplun have now all electrical fittings

SABARKANTHA DISTRICT

Headquarters Himatnagar

Talukas or Mahals Himatnagar, Prantij, Modasa, Bayad, Idar, Khedbrahma, Bhiloda, Meghraj, Vijaynagar, Malpur

The Sabarkantha District is comprised of the former Idar State and 26 other smaller States, together with Prantij Taluka and Modasa Mahal, formerly in Ahmedabad District It is bounded on the north by Sirohi and Mewar States (both in Rajasthan), on the south by Ahmedabad and Kaira Districts, on the east by Dungarpur, Banswara and Mewar States of Rajasthan and Junawada and Balasinor States, now merged with the Panch Mahals and Kaira Districts, and on the west by the new Mehsana District of the former Baroda and Danta States

The Aravalli Hills border on the north and east The chief rivers in the District are Sabarmati, Hathmati, Meshwa, Vartak, Mazum and Khari

The area of Sabarkantha is about 2,845 sq miles and the population 684 017 according to the 1951 census Himatnagar, the headquarters of the District, was the capital of the former State of Idar and is situated at a distance of 55 miles from Ahmedabad on the Ahmedabad Prantij section, a metre gauge line, on the Western Rly , which leads upto Khedbrahma, a place of pilgrimage 90 miles from Ahmedabad Idar, Khedbrahma, Shamlaji, Bhavnath, etc are places of pilgrimage and historical importance

The average yearly rainfall is between 25 to 30 inches About 95 per cent of the land is dependent wholly on rain water, while only about five per cent is irrigated by water from wells, streams and canals

The principal crops are bajri, maize, paddy, jawar, cotton, wheat, sesamum and groundnut of which maize, bajri, groundnut and cotton cover the larger area under cultivation About 30 per cent of the people consist of Bhils and other backward classes The main occupation of the people is agriculture The north and north eastern parts of the District are hilly tracts and abound in jungle Except for a few ginning factories and oil mills, the District is very backward in industry

On the Ahmedabad Prantij section of the Western Railway, are situated the following District and Taluka headquarter towns, *viz* Prantij, Himatnagar, Idar and Khedbrahma The rest of the taluka headquarters are connected by buses which ply only during the fair season and most of the roads are katcha and sandy

There are five high schools in the District, 11 middle schools, 350 Government primary schools and 195 Grant-in aid primary schools For purposes of medical relief, there is a civil hospital in Himatnagar and 26 dispensaries in the District besides many private dispensaries

Hon Secretary A G Parikh

SATARA NORTH DISTRICT

Headquarters Satara
Talukas and Mahals Wai, Satara, Koregaon, Khatau, Karad, Patan, Jaoli, Man, Phaltan, Khandala, Mahableshwar

Satara North District belongs to the Deccan Division of Bombay State On the north it is bounded by the former State of Bhor and Poona District, on the south by Walva Taluka and Shirala Mahal, on the east by the Sholapur District, and on the west by the Sahyadri Hills The former States of Phaltan and Aundh are now merged into the Satara Collectorate

The population of the District according to 1951 census is 1,175,309 and its area 4,034 sq miles The language spoken is Marathi

From Mahableshwar in the north west corner of the District 4,717 feet above the sea, start two hill ranges of equal height and nearly at right angles to each other—one the main range of the Sahyadri running towards the south and forming the western boundaries of the District and the other, the Mahadeo range of hills, which, going first in an easterly and then a south-easterly direction, extends towards the eastern boundary, where it sinks gradually into the plain These hills throw out numerous spurs over the District, forming the valleys of the several streams which make up the head waters of the Krishna one of the largest rivers in South India Near Mahableshwar and in the Koyna valley the hills are the highest in the District and are mostly very well wooded

The soils of the District belong to the three main classes—red in the hills and black and light coloured in the plains The black soil, especially along the valley of the Krishna, is fertile but scanty rainfall makes part of Khandala tract in Wai Taluka and that part of the District east of the railway most likely to suffer from failure of crops

AGRICULTURE

The chief agricultural produce are jawar and bajri Others include ragi, wari, wheat, rice and pulses. Cash crops which are a minor item include tobacco, groundnut and sugar cane Some market gardening is done at Mahableshwar and Panchgani for Poona and Bombay markets Mango, jack and guava are grown for their fruit

Forests in the Sahyadri range have considerable store of timber and fire-wood Sandalwood and bamboo are occasionally found

Government have undertaken the Koyana river project envisaging the construction of a gigantic Dam close to Helwak village (Patan Taluka) water from which can be used for agricultural purposes by people from Satara, Sholapur and Bijapur Districts and for generating electricity for industrial purposes It is estimated that the dam will take about ten years to complete

Satara and Karad Municipalities have sanctioned the raising of large loans for their water schemes Government has advanced loans for sinking wells for agricultural and drinking purposes The Satara District Local Board was the first in the State to increase local fund cess from two to three annas to meet growing expenditure on education, sanitation, etc

Satara North being chiefly agricultural the Government High School at Satara has been converted into an Agricultural High School Industrial and Agricultural Model Schools have also been started at Satara and Borgaon respectively, under State management Most Taluka towns have High Schools and practically every village has a Free Primary School run with Grant-in aid The 'Rayat Shikshana Sanstha', Satara, is doing useful work in this sphere with its Free Cosmopolitan Boarding at Satara, accommodating about four hundred students mostly from rural areas

Satara 'Nagar Vachnalaya' (Library) is open to the public free of charge under the new State Scheme on an experimental basis on certain terms and conditions Physical education receives due consideration both from public and Government and the Home Guards organisation is taking firm root in the District This being a martial District, Free Boardings are run by Government at Satara and Karad for the sons and dependents of the Defence Forces in the Army, Navy and Air Forces The After Care Association ' and ' The Soldiers Board are doing useful work under the supervision of the Collector

COMMUNICATIONS

The main line of communications is the Southern Railway which traverses the centre of the District for about 90 miles from north to south Satara, the headquarters, is about 10 miles from Satara Road Station Then there is the Poona-Bangalore Road, crossing the District from north to south Other important roads include the Wathar-Mahableshwar Road *via* Wai and Panchgani Also east to west are the Satara-Pandharpur and the Karad-Chiplun Roads There are numerous feeder roads for the railway The Willingdon Bridge at Mahuli near Satara has greatly facilitated traffic to Pandharpur and the new bridge over the Krishna at Karad has promoted trade between Chiplun in Ratnagiri District and trade centres on the Southern Railway

INDUSTRIES

There is a large engineering concern manufacturing farm implements, machine tools, and textile machinery at Satara Road Station An engineering concern has recently been established at Udyamnagar near Karad while the one at Karad proper has been expanded with State aid At Ogalewadi near Karad are the well-known glass works The Sugar Works at Phaltan also deserve special mention The Plastic Products of India, Ltd , Satara, a new industry, in the Deccan, has secured State aid

The District is trying to maintain the lead it has once achieved in Co operative Movement The total number of societies (including 219 borrowing) was 612 on the 30th of June 1950 The amount of loans to agriculturist exceeded seven lakhs of Rupees and the membership stood at 2,809 A District Central Co operative Bank was recently opened at Satara

The Grow More Food Campaign is making headway Over 150 oil engines are working in the District More than 30 Forest Nurseries are functioning in the District and they have recently supplied thousands of useful saplings to villages Gun clubs have been founded in a large number of villages to protect crops from wild beasts

Supply of good seed and modern manure, digging of compost manure pits, and Agriculture exhibitions deserve special mention The Village Development Board with even distribution of officials and non officials is working with zeal in this behalf

The District has taken a lead in starting Gram Sevak Dal', i e Village Service Corps to further the cause of the Development Association and a score of villages have been selected for intense work

Besides the Training Cadet Corps, the scout movement has been revived under the name Bharat Scout and Guide Association under non-official guidance

The State Transport Bus Corporation has erected a new bus station at Hajeri Mal at the east end of Satara City, on the Poona Bangalore road with a spacious waiting room, a refreshment hall and other amenities for the travelling public It was inaugurated on the 15th of December 1950 The State Transport buses are now plying on all important roads in the District

EDUCATIONAL INSTITUTIONS

DECCAN EDUCATION SOCIETY'S NEW ENGLISH SCHOOL SATARA

Founded in the year 1899, this institution was the first to be started by the D E Society outside Poona For the first two decades the management had to encounter great difficulties in respect of housing, Government grant restriction put by Government on the maximum number of pupils, etc But the devotion efforts and tact of the late S G Deodhar, B A —the founder and first Superintendent (till 1919) enabled the management to tide over all the difficulties and give the school a footing at once sound and prosperous

The school provides facilities to pupils in the intellectual, cultural and social spheres In the field of physical education and in matters of athletics and gymnastics it has acquired a place of its own as the pioneer institution in the Deccan

The total expenditure over buildings, furniture, equipment and playgrounds exceeds two and a half lakhs of rupees The school celebrated its *Golden Jubilee* on December 6, 1949 Donations to the tune of Rs 33,000 were collected from well wishers of the school

The strength of the school is about 13,000 , a set of public audience apparatus has been fitted , A 16 mm Projector is owned for the pupils literary circles (English & Marathi) are being run , daily prayers , occasional trips and excursions , scouting and students' *Parliament* of 30 cadets is under training

Under a proposal from the Director of Technical Education, Bombay State, the School has undertaken since 1950, to send pupils from one division of each standard from Standard VIII onwards to receive instruction in technical subjects in the Government School of Industry, Satara, thus giving the much needed bias to an all-exclusive study of cultural subjects done so far

Officer bearers —J K Ranade, M A , B T (*Superintendent*) *Asstt Supdts* —S G Devare, B A , B T M R Walambe, B A , B T , *Members, Local Advisory Board* —Dr M N Agashe , S. H. Sathe, B A , LL B , N G Joshi, B A , LL B

GOVERNMENT AGRICULTURAL HIGH SCHOOL, SATARA

Started as English Teaching School in 1851 by Government The first batch was sent for Matriculation Examination in 1872 Converted into Agricultural School in 1939 The number on rolls is over 400

Situated in the heart of the city, in the Old Palace, the School imparts instruction mainly in Agriculture along with other subjects from Std VIII to XI, the principal aim being that of creating pupils who would take up Agriculture as future career Also sends up pupils for the S S C Examination

Possesses a Farm of 22 acres in area only four furlongs from the School with ample irrigation facilities, pupils are trained in the practical side of the profession including Dairy and Poultry as subsidiary industries

Special features include an Agricultural Museum, an Agricultural Library and a Co operative Society

A sub-unit of 30 cadets has been allotted to this High School under the scheme of the Junior Division of the National Cadet Corps

A Hostel attached to the School since 1913 accommodates about 60 pupils and is fully occupied

MAHARASHTRA HIGH SCHOOL KARAD

The Maharashtra High School, Karad, is run by the Maharashtra Education Society, Karad—founded in 1938 by a number of prominent merchants of the town G P Deo, the founder of the school, handed it over to the newly formed Society with all its property and equipment The A V School grew in popularity and was soon developed into a High School and the 1st batch of students was sent up for the Matriculation in 1942 There are at present 250 boys and girls on the rolls

RAYAT SHIKSHAN SANSTHA, SATARA

(Educational Society for Masses)

This Society was founded by Karmaveer Bhaurao P Patil of Aitwade, Dist Satara (South), in 1919 and registered in 1935

Objects & Scope —To spread education, primary, secondary and higher, among rural masses and particularly poverty stricken backward and Scheduled Class communities, on the basis of self help and as far as possible free of charge The centre of its activities is Maharashtra in general and Satara (South and North) and Kolhapur Districts in particular

SHET CHANDANMAL MUTHA ARYANGLA VAIDYAK MAHAVIDYALAYA, SATARA

A band of Ayurvedic minded public men of Satara founded "AYURVED PRASARAK MANDALI' in 1913 with the object of bringing about a revival and uplift of AYURVED They sought to achieve it by —

(i) encouraging a comparative study of AYURVED' and modern medicine,

(ii) presenting, wherever scientifically feasible AYURVEDIC principles in terms of modern sciences,

(iii) introducing interpretation, research and reorientation, and finally,

(iv) popularising and propagating Ayurvedic therapeutic methods by getting them adopted in hospitals and disseminating scientifically prepared Ayurvedic remedies

To accomplish its object the 'MANDALI conducts the 'ARYANGLA VAIDYAK MAHAVIDYALAYA a general charitable hospital and maternity home and a monthly magazine THE AYURMEMANSA and it is actively associated with the Dr Bhadkamkar Ayurvedic Research Institute (housed in the College premises) and the AYURVEDEEYA ARKASHALA Ltd Satara

SHRI GURU SANGIT VIDYALAYA, SATARA

The Institution was started in 1928 by Shrijut Keshavbuva Matange, the hereditary singer and musician of Satara, with the object of teaching boys and girls music on scientific lines

The Late Shrijut Dadasaheb Karandikar, Member, Council of State and a Patron of the Institution sought recognition from the Educational Department

Regular classes have been held every day and annual examinations every year Concerts by well known musicians are also arranged periodically Since 1943 the Institution has been affiliated to the Gandharv Maha Vidyalaya Mandal, Bombay

The Vidyalaya has already been recognised by Government and the Education Department has recommended it for Grant in Aid Donation from the guardians of pupils and well to do sympathisers are solicited

SHRI MADADYA SHANKARACHARYA MANDIR AND BHARATI BHAVAN MATH, SATARA

This 'SANSTHA' (Society) was started by certain 'Sanatani residents of Satara led by Shri S V Joshi, first Non official President, Satara Dist Local Board, Shri R V Mahableshwarkar and others in 1940 under the Presidency of Shri Vidyashankar Bharati, the Shankaracharya designate of Sankeshwar Karveer Peeth The objects of the Society are —(1) To promote Vedic literature and the study of oriental sciences (2) To impart knowledge of Philosophy and Research, (3) To maintain libraries for the society members (4) To impart education to Scholars in ADVAIT vedant Philosophy Nyaya Vyakatran and Mimansa, etc, (5) to maintain The Adyashankaracharya Mandir and the society's property

MODERN EDUCATION SOCIETY'S NEW SARASWATI ENGLISH SCHOOL

The above named School is being conducted since 2 6 1941 by the Modern Education Society The present strength in two forms is over 120 Bombay Government was pleased to make a free grant of an open site admeasuring 8 acres 26 gunthas and odd The society holds building material worth about Rs 10 000 (Rupees ten thousand) It is donated to the tune of 8 to 9 thousand rupees The Society hopes to satisfy the educational needs of the public around Koregaon as it promises to be a flourishing centre, being a Railway Station midway between Miraj and Poona

NAGAR VACHANALAYA, SATARA

The Library was registered in 1904 under the name City General Library and was soon named as Victoria Library in memory of the Queen Later in 1938 it was named as NAGAR VACHANALAYA at the express desire of Members There are at present 4,000 English and 4,000 Marathi books The Library subscribes to a large number of periodicals including dailies and weeklies from various States

Since October 1947, it has been recognised as District Library' by the Government of Bombay allotting an annual grant of Rs 4,000 and it has been thrown open to the public under certain terms and conditions The institution has its own building with a public hall worth about Rs 30,000

SHRI SHIVAJI VIDYALAYA, KARAD

Srijs Y B Chavan P P Gokhale and G B Sinhasane and Shet Rambilasji Lahoti and B Mohire, two prominent merchants founded the 'SHRI SHIVAJI SOCILTY , Karad and started "Shri Shivaji Vidyalaya ', Karad, in 1945 to meet the growing needs of Secondary Education in the Karad area

Experienced and qualified teachers were forthwith secured The Education Department granted recognition and also permission to open the Matriculation class in June 1946 On 31st January 1947 Mr B G Kher, the then Chief Minister and Education Minister of Bombay, laid the foundation tablet of the proposed building on the site the Society had purchased

THE SATARA EDUCATION SOCIETY, SATARA

The Society was founded in 1935 by five enthusiasts to cheapen and facilitate Education in the Satara District From humble beginnings the Society has steadily developed and is now running two full fledged High Schools, the Popular English School, Satara, and Shri Laxmi Narayan English School, Khatav and a Model Primary School at Satara

Academically and professionally qualified staff, good equipment, progressive results and extra curricular activities like scouting, printed magazine and co operative show are some of the features of the Society's Schools

The Society has purchased a spacious site worth Rs 10,000 to construct a building thereon worth Rs 2,00,000, for the Popular English School, Satara

THE SHIKSHAN MANDAL, KARAD

The Shikshan Mandal, Karad was founded in 1920 and registered in 1921 for spreading and facilitating useful and progressive education and inculcating a national spirit in the Indian youth The Mandal's constitution is on democratic lines entrusting day-to day management to life members and at present to all permanent teachers It maintains (1) The Tilak High School, Karad (2) Kanya Shala, Karad (3) The Nutan Marathi Shala

SATYABHAMABAI KALE STREE SHIKSHANA MANDIR, SATARA

(Kanyashala and Mahilasadan)

The Kanyashala (a high school for girls) was founded in Satara by Dr Mrs Kamalabai Deshpande, G A , Ph D , in 1922 In 1935 the late Rao Bahadur R R Kale gave away his house as a gift to the Hindu Widows' Home Association, Hingne (Poona) now known as Hingne Stree Shikshana Sanstha, and requested the Association to run the school as well as the adult classes named Mahilasadan, founded by his late wife Both these are now flourishing under the management of the Association and there are about 500 girls in the High School studying for the S S C New buildings to meet the growing need for accommodation in the School and Mahilasadan have recently been added at a cost of Rs 1,50,000

Bal Manohar Mandir a pre primary School, has been attached to this School since June last The Mandir is showing good progress in its work "Mahila Mandal" is a ladies' club, a part of Mahila Sadan mentioned above and is receiving good response from the ladies in the town

Superintendent —P V Gole, B Sc , B T

MAHABLESHWAR

Mahableshwar in the Satara North District is called the queen of the hill stations in Bombay State It is situated on one of the great slopes of the Sahyadri range at an elevation of 4,700 feet above sea-level During the 8 months from October to May the climate is most agreeable By day the temperature varies between 80 and 86, while the nights are cool and pleasant But during the monsoon the rainfall is so heavy, the average being about 250 inches a year, that the place is almost uninhabitable The whole place is picturesque in the extreme and there are a number of excellent walks and drives which give access to beauty spots, some of which contain interesting monuments One of the things for which the place is famous is fruit especially raspberries and strawberries

It is possible to have separate furnished rooms, cottages, and bungalows at a cheap rent in the town There is an up-to date post-office, post delivery being twice a day during the hot weather when the station is crowded The town has also facilities for trunk telephone calls to all places Other amenities of the town include two libraries, several open spaces and play grounds, a garden and European, Parsi and Hindu gymkhanas with tennis courts etc There are Protestant and Roman Catholic churches, a number of Hindu temples and two mosques

The Government House is well laid out on an extensive ground The town contains many bungalows but as the official visit of the Governor has been in suspension for the last few years, Government House and other quarters remain vacant The Governor generally occupies the Guest House on casual private visits

It is now possible for people of moderate means to go to the hill station for a comparatively inexpensive holiday and change in the newly opened Holiday Camp set up by the Bombay Government The Camp is located in the Government House property on the way to the Bombay Point and one room two room and three room accommodation is available to the public at purely nominal rent The stay of visitors at the Camp is limited to one week so that the facilities offered are taken advantage of by as many people in need of a change as possible

The Camp is served by a vegetarian canteen, tap water and electric lighting It is normally thrown open during the months October to May, and applications for accommodation have to be addressed to the Executive Engineer, Poona Division Poona

There are several routes to Mahableshwar but the most popular is the one starting from Poona, from where it is only 75 miles The journey which is both convenient and cheap takes only 4 hours One can also go by road from Bombay *via* Panvel, Dharamtar and Mahad In the old days people used to make the journey by palanquin or phaeton from Wathar Station on the Southern Railway, 68 miles from Poona

The Deputy Collector who is Prant Officer is the acting Superintendent of the station at present For the management of the town there is a Municipality which consists of an elected Board of 10 members and 2 ex officio members, *viz*, the Superintendent who is the President of the Board, and the Mahalkari who is in charge of the Revenue Department

HOTELS

Hotels are open only eight months in the year and are closed during the monsoon

PANCHGANI

Panchgani is a well known hill station in Satara North District, 63 miles from Poona It is 4,300 feet above sea level and has a cool, salubrious and comparatively dry climate The average rainfall is about 80 inches a year Panchgani is thus a well known sanatorium

The town abounds in beauty spots It is, however, best known for its table-land, which is a very extensive plateau 4 550 feet above sea level The table land covers 99 acres of ground with a small lake in which people can have a swim

At the foot of the table land there is a municipal public garden

Panchgani is habitable throughout the year, and there are excellent shops for provisions and oilman stores Poultry, fowl and eggs are all very cheap The town is electrified and the roads are well lighted When the water supply and drainage schemes materialize they will greatly add to the amenities of the town There are Protestant and Catholic churches as well as Hindu temples, a mosque and a small fire temple The town has also post and telegraph offices with facilities for trunk calls

Panchgani can be reached from Poona from where there is regular bus service

The town boasts of one of the largest and the most up-to-date tuberculosis sanatoriums in Bombay State—Bel Air Sanatorium conducted by Dr R B Billimoria The sanatorium is equipped with a solarium laboratory, an operation theatre and X-ray apparatus It stands on its own spacious grounds well away from the town There are several sanatorium blocks which can be cheaply rented by people belonging to all communities

Panchgani is administered by an elected Municipal Board The income of the Municipality is derived from taxes on property, vehicles, conservancy tax, etc There is an Executive Officer, and also a Health Officer, who looks after the sanitation of the place

HOTELS

The hotels are open all the year and cater for all communities

SPIRITUAL ASSEMBLY OF THE BAHA'IS OF PANCHGANI

Rockside, Panchgani, Dist Satara

Administering the religious affairs of the Baha'is Community of Panchgani

Objects —To establish universal peace and the oneness of mankind, in co operation with fellow Bahais in 100 other countries through the spiritual principles of the world religion proclaimed by Bahaullah in 1863

SCHOOLS

Panchgani is famous for its schools There are seven high schools in all They all have their own buildings with laboratories, dormitories, and hospitals The schools admit day scholars as well as boarders

St Joseph's Convent High School for Girls
Kimmins High School for Girls
Sanjivan Vidyalaya
Parsi High School
Muslim High School
Young Zoroastrian School for Girls

ST PETER'S BOYS' HIGH SCHOOL

Panchgani

The School was founded in 1902 by the Colonial and Continental Church Society, partly through the munificence of Miss Ashlin of Poona It is situated in its own delightful grounds of over 22 acres overlooking the Kurali Valley There is accommodation for about 150 boarders as well as the Principal, staff and matrons The buildings include Assembly and Dining Halls Library, Laboratory, spacious class and reading rooms Both school house and residence have lofty and spacious rooms, while special efforts have been made to secure bright and airy dormitories There is a large School Gymnasium adjoining the main building and a swimming bath supplied with pure well water

The aim of the school is to provide a sound education on modern lines for the sons of Europeans and Indians As far as conditions will allow the education is the same as that of the English Secondary School The religious teaching is supervised by the Church of England and arrangements are made for pupils of other religions to receive instruction in their faiths

All boys are expected to take part in games and also to attend the physical instruction classes There is a trained physical instructor on the staff, and classes are taken by him during school hours Hockey, Association Football and Cricket are played daily by senior boys on the extensive level ground known as Tableland (a short distance from the school) and by junior boys on the school grounds Instruction is also given in swimming The school is divided into four houses for games, and inter-house competitions are held in all sports The annual Athletic Sports are held in November Tennis is also available on the school grounds, and educational equipment includes a talkie film projector

Principal —O D Bason, M A.

SATARA SOUTH DISTRICT (SANGLI)

Headquarters —Sangli

Sub-Divisions —Miraj, Khanapur

Talukas and Mahals —Miraj, Tasgaon, Walva, Khanapur, Jath, Shirala (Mahal)

With the merger of sixteen Deccan States in Bombay State on March 8, 1948, arose the necessity of re-constituting some of the already existing Districts and creating new Districts in the State

The new District of Sangli later designated Satara South came into existence on August 1, 1949 The District is comprised of some portions of Sangli, Miraj Sr Miraj Jr , Aundh, and Jath States of the Sangli Group and the three southern Talukas and one Mahal of the former Satara District It is included in the Deccan Division of Bombay State

The District is bounded by Bijapur District on the east, Kolhapur and Ratnagiri Districts on the west, Kolhapur and Belgaum Districts on the south, and Sholapur and Satara North Districts on the north

The area and the land revenue of the District are 3,434 square miles and Rs 20,21,075 respectively The population of the District according to the census of 1951 is 1,000 141

The climate of the District is generally dry, and healthy, with an average rainfall ranging from 15 to 25 inches except for parts in the Shirala Mahal, which being on the borders of Konkan has a comparatively damp climate and a heavy rainfall The Mahal includes a hilly tract

The Krishna, the Verala, the Warana, and the Agarani are the four important rivers flowing through the District The soil on the banks of these rivers is very fertile, yielding rich sugarcane crops Starting from the river Nandhi in the Khanapur Taluka is a canal called Chickli

The principal crops grown in the District are jowar, millets, pulses, wheat, ground nut, turmeric, tobacco, sugarcane and a little cotton and rice and some oil-seeds

THE MIRAJ SUB DIVISION consists of Miraj and Jath Talukas

THE KHANAPUR SUB DIVISION consists of Khanapur, Tasgaon and Walva Talukas and Shirala Mahal

MIRAJ TALUKA

The Taluka contains 92 villages and has a population of 285 616, a land revenue of Rs 4,71,683 and an area of 600 square miles

The Taluka with its headquarters at Miraj contains such important towns as Sangli, Miraj, Budhgaon, all of which were former State capitals

TASGAON TALUKA

The Taluka contains 74 villages and has a population of 169,325, a land revenue of Rs 3,53,324 and an area of 441 square miles

The Taluka with its headquarters at Tasgaon, a place known for its Ganapati Temple and ' Gopur , contains Kirloskarwadi, the iron and steel industry centre, noted all over India Brahmanal and Audumbar on the banks of the Verala and the Krishna rivers are well known holy places

WALVA TALUKA

Walva Taluka with its headquarters at Islampur contains 56 villages, has a population of 174,073 a land revenue of Rs 5 29 982 and an area of 304 square miles The land in this taluka is very fertile

KHANAPUR TALUKA

The Taluka has its headquarters at Vita It contains 131 villages and has a population of 183,441, a land revenue of Rs 3,08,977 and an area of 778 square miles

JATH TALUKA

The Taluka with its headquarters at Jath contains 97 villages and has a population of 180,270, a land revenue of Rs 1,99,236 and an area of 867 square miles

SHIRALA MAHAL

The Mahal with its headquarters at Shirala contains 80 villages, has a population of 79,416, a land revenue of Rs 1,57,873 and an area of 245 square miles

COMMUNICATIONS

The Southern Railway s Poona-Bangalore line runs through the District from Takari right upto Miraj, touching on the way Kirloskarwadi, Bhilavadi, Nandre and Madhavnagar A branch of the Southern Railway running from Barsi to Miraj touches at a number of places in the Jath Taluka Miraj is an important railway junction in the District where lines from Poona, Bangalore, Sangli, Kolhapur and Pandharpur converge From Miraj to Sangli there is a branch of the Southern Railway covering a distance of 6 miles From Miraj to Kolhapur there is another branch line covering a distance of 30 miles Two important trunk metalled roads called Karad Bijapur Road and Tasgaon-Gotur Road run through the District The State Transport buses regularly ply between Sangli on the one hand and Bijapur, Poona, Kolhapur and Jath on the other There are also many other bus-services functioning throughout the District

TRADE, INDUSTRY

Sangli, which is the headquarters of the District is an important centre of trade and commerce specially for tobacco, groundnuts, turmeric, jaggery, chillies, ghee, and cotton trade It has ginning, weaving and spinning mills, groundnut, turmeric, iron and steel factories represented chiefly by firms like Deccan Engineering Works at Madhavnagar, Kirloskar Bros at Kirloskarwadi, Dandekar Bros and Bhide & Sons at Sangli The town has also oil mills and ice factory It is also known for its silver, copper and brassware and gold ornaments There are two famous cloth mills known as Gajanan Mills (reputed for its sarees) and the Balaji Spinning & Weaving Mills There is also a metal mill named Maharashtra Metal and General Mill Bidi making is another big Industry

Besides, Sangli is a big centre of forward delivery transactions It has a Chamber of Commerce and a number of trade Associations such as (1) The Mahajan Association, (2) The Forward Delivery Association, (3) The Cloth Merchants Association, (4) The Saraf Association, (5) The Grocer-traders Association, (6) Hotel Keepers Association, (7) Iron & Hardware Merchants Association

The Ganapathi-sansthan which works under the direct patronage of the Raja of Sangli must be mentioned

Being a railway junction, Miraj is now commercially developing It has a weaving mill, an oil mill, an ice factory and industrial works called The Yeshvant Industrial Works Another town Malgaon is famous for its beetle leaves, which are exported throughout the year to all parts of India

EDUCATION

The District is sufficiently advanced in point of education—primary, secondary and higher Compulsory Primary Education has been introduced in Tasgaon, Khanapur and Walwa Talukas and Shirala Mahal It may be shortly extended to the merged areas of the former States There are 832 primary schools with 2,664 teachers in the District and 22 High Schools, two Sanskrit Pathashalas, four Montessori Schools and two Mahila classes The number of pupils under compulsory education is 45,905 There are 182 adult education classes and 182 village libraries in the District In the matter of higher education the District has one Arts & Science College, one Engineering College, four Primary Teachers Training Colleges, one Medical School, one Nursing School

Sangli, Madhavnagar and Miraj especially which are in close proximity to one another are now rapidly developing into an important educational and industrial centre in Southern Maharashtra The Raja of Sangli has established at Sangli the " Adhytma Vidya Mandir" under the supervision of Prof R D Ranade, an institution solely devoted to the study of Philosophy Religion and allied pursuits There are two Primary Teachers Training Colleges, one for men and the other for women at Sangli There are also five High Schools in the city There is a school for the study of ancient learning and another for the study of domestic science There are also four Montessori schools Miraj has four High Schools The Deccan Education Society started about 30 years ago the Willingdon College at Sangli which provides instruction in Arts and Science and prepares students for degree courses In 1947 the Maharashtra Technical Education Society, Poona, started at Sangli the New Engineering College

Because of the Mission Hospital, run by the American Presbyterian Mission and founded by the late Sir William Wanless, Miraj has become one of the most up-to-date and efficient medical centres in India The Sir William Wanless Tuberculosis Sanatorium, at Wanlesswadi, is now the largest among first grade sanatoria in India Besides the T B Sanatorium there is a Leprosarium at Miraj The Miraj Medical Centre also runs a Medical School, a Nursing School and a Compounding School

Besides the A P Mission Medical Centre, Miraj has (1) Dr D P Gorde s Clinic for eye, ear, nose and throat operations, (2) Dr W O Airan s X Ray Clinic and (3) Dr S D Arawattigi s Vail Memorial Hospital for general operations

Sangli has ample water and electric supply Sangli has also Trunk Telephone Exchange facilities and a Selection Post Office Miraj too has a Selection Post Office and two Sub post offices and is an R M S headquarters Miraj is now well supplied with electricity and water

The Sangli State Central Co operative Bank now known as th Satara South District Central Co-operative Bank Ltd , Sangli, has opened branches at three Talukas namely Miraj, Jath and Tasgaon It may soon start branches at other Taluka centres This has very much helped the development of Co operative movement in the District The Satara South District Industrial Co operative Association Ltd has been recently started at Sangli with a view to developing and encouraging small scale and cottage industries in the District

RAYAT SHIKSHAN SANSTHA, SATARA.

(Educational Society for Masses.)

This Society founded by Karmveer Bhaurao P Patil of Aitawade, Dist Satara (South), in 1919 and registered in 1935

Object and Scope—To spread education Primary, Secondary and Higher among rural masses and particularly poverty stricken Backward and Scheduled Class communities on the basis of self-help and as far as possible free of charge The centre of its activities is Maharashtra in general and Satara South and North and Kolhapur districts in particular

Boarding Houses for Boys and Girls.—Karmveer Patil did much spadework in the educational field in Walwa and Karad Talukas from 1909 to 1923 and made Satara town and centre of his activities in 1924, where he opened a Boarding House with one Harijan student This was formally styled "**Shree Chhatrapati Shahu Boarding House**' after the late Shahu Maharaj of Kolhapur and inaugurated by Mahatma Gandhi in 1927 The Boarding House has been run from the beginning on non-sectarian lines and has a common mess, the first of its kind in India The Boarding House has so far turned out 400 Matriculates of whom 50 are studying in different Colleges Of the 100 Matriculates produced by the Society 20 have been enrolled as Life Members and have been working in the Society's institutions At present the Sanstha is conducting 11 Boarding Houses, 10 for boys and one for girls attached to Secondary Schools under the control of the Sanstha All the hostels are recognised as the B C Hostels by the Government and three hostels are recognised as certified Schools The number of the inmates of the hostels, *t e*, 600 and their annual budget for the year 1953-54 is Rs 1,35,250

Primary Education—The Sanstha has been conducting voluntary Primary Schools in all over the most mountainous inaccessible and educationally Backward villages of the Sanstha North and South Districts since 1938 The present number of voluntary schools is 441 with 777 teachers Nearly 22,000 pupils are taking Primary education in these schools Their budget for 1953 54 is Rs 4,27,000

Training Education.—The Sanstha started one Primary Training College in 1935 at Satara with a definite view to train and send out properly qualified teachers and workers in rural areas At present the Sanstha is conducting 3 Basic Training Colleges for men at Satara, Ashta and Rukadi and one for women at Satara 550 teachers are under training and 2,000 teachers are trained upto this day The budget for 1953-54 is Rs 1,44,000

One Basic Practising School is attached to Mahatma Fule Adhyapak Vidyalaya, Satara is conducted in the memory of the late Rao Bahadur R R Kale

Secondary Education.—The Sanstha started one Secondary School at Satara in 1940 with a view to impart free education to those willing to do manual work for 3 hours a day The Sanstha has built up an integrated system of rural education and has begun to start Secondary Schools in different districts of Maharashtra. The number of pupils in Secondary Schools is 4,000 with 200 teachers The annual budget for 1953-54 is Rs 4,59,050

Higher Education.—Chhatrapati Shivaji College, Satara was started in 1947 It was free from tuition fees and completely residential for 4 years At present the college is giving instruction upto B A classes The T D Section is attached to this college The number of pupils is 200 Its annual budget for 1953-54 is Rs 52,800 Special concessions are given to those who live in the college hostel and do some manual work daily

Other Activities.—i) The Sanstha has been conducting one Store House and one Credit Society on Co-operative basis for the use of the pupils and the employees in the Sanstha The number of share holders is 959 and the share capital is of Rs 22,269 The Reserve Fund of the Society is Rs 8,909 4-9

ii) The Sanstha is conducting 70 social education classes and 25 village libraries in different villages

iii) The Late Laxmibai Patil Memorial Education Fund is run in the memory of the wife of Karmveer Bhaurao Patil The annual contributions are offered to the Fund by the past students of the Sanstha Loan scholarships to the extent of Rs. 10,000 are annually rewarded to the poor and deserving pupils taking Higher and Secondary education.

Budget.—The Sanstha started its educational work with one Harijan boy with annual budget of Rs 30 only At present 30,000 pupils are taking education in Primary, Higher and Training branches of the Sanstha and 1,000 teachers are giving instructions The villagers have given the land of 296 acres worth Rs 1,16,523 in donation of the Sanstha The land is cultivated by the pupils and thus problem of self-sufficiency is solved to some extent The Sanstha has built 18 buildings at different centres worth Rs 4 lakhs The Sanstha's annual budget for the year 1953 54 is 15 lakhs of rupees This stupendous expansion of educational work of the Sanstha is the result of the unceasing and selfless work of Karmveer Bhaurao Patil, the inspiring and organising spirit of the Society, the untiring efforts of the selfless Life Members and workers, generous public patronage and the help given by the Government The Society's immediate needs are the buildings of its own for its different institutions

THE DECCAN MANUFACTURERS' ASSOCIATION, MADHAVNAGAR (S M C)

The Deccan Manufacturers' Association came into being in the year 1946 It is a body of the Manufacturers in the tract covered formerly by the Deccan States Now with the merger of these States, the manufacturers in the adjoining area have also joined the Association entitling it to speak on behalf of the Industries in the Deccan The total capital invested in these industries can be roughly estimated at four crores of rupees and the line of articles produced by them range all the way from Textiles, Yarn, Sugar, Gur, Agricultural Implements and Machinery, Glass, Enamelware, Hurricane Lanterns, Soap, Oil, Cement-articles, and Cinemafilms Nearly 30,000 labour is employed in the above industries This Association has been duly recognised by the State and Central Governments

MIRAJ MEDICAL CENTRE, MIRAJ

The Mission Hospital was founded by Dr Wanless in 1894 with accommodation for fifty in-patients. There are specialised departments of General Surgery, Orthopædic surgery, chest-surgery, medicine, infectious diseases, cancer and eye-ear-nose and throat All the money received in India and from abroad is spent entirely for maintenance of the work, *i.e.*, repairs and upkeep, for the medical care of the sick and for the training of Indian Doctors and Nurses

Miraj Medical School.—The Miraj Medical School was started in 1897 with 4 medical apprentices who were given practical teaching in the wards

Nearly a thousand beds and a wealth of clinical material are available for teaching purposes in the Miraj Medical Centre, including the Wanless Tuberculosis Sanatorium

The Nursing School —This was started in 1897 also, with two pupil-nurses, who had only the most meagre educational background In 1930, the School was affiliated with the Bombay Presidency Nursing Association and gives regular training now in all branches of nursing to both men and women.

EDUCATIONAL INSTITUTIONS

GIRLS' HIGH SCHOOL, SANGLI

The Girls' High School is conducted by The Women's Education Society, Sangli. The School was inaugurated on the 28th of Sept. 1935. It provides for the instruction of the courses of the S S C Examination of the Bombay Government and the Entrance Examination of The S N D T Indian Women's University, Bombay Special arrangements are made for the teaching of Drawing and Music The strength of the school is over 450

NEW ENGINEERING COLLEGE, SANGLI

The New Engineering College is situated at a distance of about 2 miles from Sangli, on an extensive area of about 60 acres with a bracing climate It was started in the year 1947, by the Maharashtra Technical Education Society, Poona, to foster technical education in the Southern Maratha Country At present, it is conducting classes for Civil Engineering up to B E Degree (Civil)

The College is fully equipped and has all the required laboratories and workshops to carry out instruction satisfactorily Provision exists to accommodate about 250 students on the College premises Adequate water supply and electricity are available

The College is headed by Principal G R Vartak and is assisted by experienced and competent staff

SANGLI EDUCATION SOCIETY, SANGLI

The Sangli Education Society was established in 1919, after the pattern of the Deccan Education Society with a desire to impart liberal education to the children in the mofussil areas to whom such education was not then available It has now expanded into one of the most prominent educational institutions and has been running six full-fledged High Schools each at Sangli, Tasgaon, Vita, Kirloskarwadi, Miraj and Budhgaon That is to say, it has spread its net-work in most of the towns in the South-Satara (Sangli) District. The last two High Schools (formerly managed by the States) have been entrusted to the care of the Society by the Bombay Government after the full merger of the Deccan States

The Society also runs three model Primary Schools at Sangli, Tasgaon and Kirloskarwadi

The total annual expenditure on all these ventures approximately amounts to Rs 2,55,000 which is being somehow met by fees, grants and munificent contribution of the Kirloskar Iron Works

The Society has two big School buildings at Sangli and property worth over 500,000 rupees

About 4,000 students have been receiving education in all the schools of the Society, which maintains a staff consisting of 175 members

WILLINGDON COLLEGE, SANGLI (S M C)

The Deccan Education Society, Poona, with its aim and object of facilitating and cheapening education, started the Willingdon College in 1919 with a view to serving the needs of higher education in the Southern Maratha Country

The situation of the College is ideal It is a fine rising plot of ground measuring 125 acres lying between Sangli and Miraj, standing on the border-land of Maharashtra and Karnatak An imposing building and extensive playground with open air and bracing climate "far from the madding crowd" make the College an ideal place for higher education for plain living and high thinking It reminds one of the University atmosphere of Oxford and Cambridge

The College is a first-grade and full fledged College affiliated to the newly started Poona University and provides instruction in all major subjects for under-graduate, graduate and post-graduate classes and courses on the arts as well as the science side It has more than 800 students (650 boys and 150 girls) on the roll There is hostel-accommodation on the College premises for about 125 boys and 40 girls The College has a big Library Hall and Reading room and a set of well-built and well equipped laboratories The staff consists of highly qualified and experienced Professors and Lecturers, many of whom have valuable literary or research work to their credit With an eventful history of endeavours and achievements extending over more than 25 years, the College has succeeded in setting up very high standards in studies as well as sports—not a few students every year bagging University prizes and scholarships as well as sports-trophies Among the extra-curricular activities of the College, have to be mentioned the College Parliament, the Debating Union, the Arts Society and the Volunteer Corps

Principal K G Pandit, M A, M L C, during whose regime, the College has been making remarkable progress, has been an experienced and seasoned educationist and administrator—is a Fellow of the University of Bombay and a member of the Court, the Academic Council and the Executive Council of the Poona University

Dr T G Mainkar, M A, Ph D, is the Vice-Principal

Y M M E SOCIETY, SANGLI

The Young Men's Model Education Society, Sangli, was founded in 1939. The Society is conducting a full grade High School

The Society is governed by a constitution under which a Council and a Board of Life-Members look to the working of the Schools of the Society at Sangli.

WANLESS TUBERCULOSIS SANATORIUM, WANLESSWADI

(Between Sangli-Miraj)

The Sir William Wanless Tuberculosis Sanatorium was founded in 1929 by the late Sir William Wanless, and the first patient was admitted under the care of Dr G Samuel, the present Medical Superintendent of the Sanatorium In 1931, the Sanatorium was officially opened with the bed strength of 50, and Dr W M G Jones as the Medical Superintendent When Dr Jones left for U S A in 1939, Dr G Samuel took over the charge of the Sanatorium

The Sanatorium is situated in the western Deccan two miles from Miraj, and 160 miles south of Poona on the metre gauge section of the Southern Railway It has its own railway station WANLESS WADI, at the main gate, where also is a post office with telegraph and trunk telephone facilities

The climate is pleasant all the year round, the summer temperature not exceeding 104° with cool evening breezes and the rainfall averages only 18" The various cottages and general wards surrounded by hundreds of shady trees provide accommodation for 372 patients Up to sixty extra beds can be arranged when required

A full line of treatment from A P to thoracoplasty and pneumonectomy, and facilities for latest surgical operations are available for patients of all castes and creeds and poor patients can be admitted free or on concession rates on production of a poverty certificate, as beds are available There are two operation theatres, a surgical block six X ray units including planography, and an up to date laboratory provide for all types of diagnostic and therapeutic service Due to the excellent results obtained many government and private concerns have contracts with this sanatorium for treatment of their workers

THE MIRAJ LEPROSY HOSPITAL

Opened in 1901 by Dr Wanless for 36 patients, the hospital now accommodates 150 Treatment is carried out under direct supervision of the Miraj Medical Centre A pastor living on the premises looks after the general management and welfare of the patients Use of the new drug, D D S, is bringing fresh hope to these unfortunate people A Home started in 1919 provides care for 14 healthy children of leprous parents Dr A G Fletcher is the honorary superintendent

SHOLAPUR DISTRICT

Headquarters Sholapur

Talukas Sholapur South, Sholapur North, Barsi, Pandharpur, Sangola, Malshiras, Karmala, Akalkot, Mangalwedha, Mohol

Sholapur District is bounded on the north by Ahmednagar District, on the east by Hyderabad State, on the south by Bijapur District and on the west by Satara North and Poona Districts Sholapur is generally flat and undulating Most of the surface rolls in long low uplands separated by hollows, with an occasional level The shallow soiled uplands are suitable for pasture and the deep soiled lowlands, under careful tillage, yield rich crops From time to time the District suffers severely from drought, to which its situation and the treeless surface of the country expose it The Indian Council of Agricultural Research, therefore, opened at Mulegaon, a village about 4 miles to the east of Sholapur, a Dry Farming Research Station and after about 10 years research and experiments on jowar, which is the staple food of this District, recommended what is known as the Bombay Dry Farming Method Subsequently the Government of Bombay took over the research work in the year 1943, and since then it has been busy tackling the problems of soil and moisture conservation and the reclamation of other intractable soils not amenable to ordinary known practices Bunding, strip-cropping and other methods of soil preservation and moisture conservation recommended by the Station authorities have been found beneficial

Sholapur town, the headquarters of the District, is a station on the Central Railway It has a fine old fort and a travellers' bungalow The languages spoken are mainly Marathi and also Telugu and Kannada

The population of the District according to 1951 census is 1,505,316 Its agricultural revenue is Rs 25,03,855 and non-agricultural revenue Rs 58,757 Area 5,682 sq miles

SURAT DISTRICT

Headquarters Surat

Sub Divisions Surat, Navsari, Bulsar, Vyara

Talukas and Mahals Chorasi, Olpad, Bardoli, Mandvi, Bulsar, Chikhli Pardi, Dharampur, Bansda, Navsari, Palsana, Kamrej, Mangrol, Mahuva, Vyara, Songadh, Valod and Gandevi

Surat District lies between North Latitude 20°15 and 21°28' and East Longitude 72°38 and 73°31 Following the merger of Baroda State into Bombay State the whole district of Navsari, formerly part of Baroda, was incorporated into the Surat District The former States of Dharampur, Bansda and Sachin were also added to the District with the result that the area and population of the District were more than doubled Surat District is bounded on the north by Broach District, on the east by West Khandesh, Dangs and Nasik Districts on the south by Thana District and the Portuguese territory of Daman, and on the west by the Arabian Sea The present area of the District is 4 499 square miles and the population according to 1951 census 1,827,842 The majority of the population in Bansda and Dharampur and several Talukas, particularly those having jungle areas of the former Navsari District belongs to backward classes called Raniparaj, Chodhra, Dhodia and Dubla The language spoken is Gujarati

Surat District consists of a wide alluvial plain, stretching between the Lang Hills and the coast, from the Kim river on the north to Damanganga on the south—a distance of about 80 miles Much of the soil is rich, but the western border of the District consists of less fertile lands With the inclusion of the former Navsari District and the States of Bansda, Sachin and Dharampur into the District, it has acquired a very valuable and wide forest area

Surat, the chief city and administrative headquarters, is situated on the south bank of the river Tapti 10 miles from the sea Its population according to 1951 census is 223,182 During the 17th and 18th centuries Surat ranked as the chief export and import centre of India After the assumption of the entire government by the British in 1800, prosperity which had deserted the town towards the end of the previous century reappeared, but the steady transfer of trade to Bombay combined with the famine in 1813 in northern Gujarat continued to undermine its commercial importance Though overshadowed by Bombay, it is once again the centre of brisk trade

Besides being noteworthy historically, Surat is one of the principal centres for handicrafts in the State Nearly half the population of the city depends on handicrafts Jari work, laces, silk and jari brocades, embroidery, ivory and sandalwood, inlay work of *varakh nakashi* and ivory bangles are the major handicrafts for which Surat is still famous not only throughout India but even outside India Hitherto France was the main competitor of the Surat jari work and laces but the Second World War has put an end to French competition and the town has now a monopoly of the trade Gold thread produced here is exported to many countries Cotton and art silk weaving is another major industry which received an impetus during the War The taluka of Olpad is famous for its knives and nutcrackers, while Bulsar is well known for its silver engraving work

THANA DISTRICT

Headquarters Thana.

Talukas and Mahals Thana, Kalyan, Bhiwandi, Shahapur, Murbad, Wada, Jawhar, Borivli, Bassein, Palghar, Dahanu, Umbergaon, Mokhada

Thana District lies between North Latitude 18°53′ and 20°22′, and East Longitude 72°39′ and 73°48′. It is bounded on the north by the Portuguese territory of Daman and Surat District, on the east by the Districts of Nasik, Ahmednagar and Poona, on the south by Greater Bombay, and on the west by the Arabian Sea Forty-seven villages from the former Bombay Suburban District were originally merged with the Thana District Later, the area from Sion to Bhandup on the Central Railway and the area from Bandra to Jogeshwari on the Western Railway were merged with Greater Bombay The population according to 1951 census is 1,518,050 The languages spoken are Marathi, Gujarati and Urdu The Christians of Salsette and Bassein, a very numerous community, are the descendants of the converts of St Francis Xavier

Area 3,895 sq miles

Thana consists of a distinct strip of low land, intersected by hilly tracts rising to an elevation of from 100 to 2,500 feet Along the whole line of the coast the soil is fertile, and the villages are exceedingly populous In the north east the hills are covered with wood, and the valleys are but partially cultivated The villages are seldom more than scattered groups of huts, and the population consists mainly of uncivilised aboriginal tribes, many of whom still wander from place to place as they find water or to suit their fancy Inland the District is well watered and well wooded Elsewhere than in the north east, the country consists of a series of flat low lying rice tracts, broken by well marked ranges of hills

Thana District is fast developing into a prominent industrial area Hundreds of acres of land are being converted into sites for factories Scores of factories have already been set up particularly along the railway track and the Bombay-Agra and Bombay Poona Roads In Thana Taluka Mulund village on the Thana Bombay section of the Central Railway has been developed into a modern suburb with all the usual amenities

Bhiwandi, a Taluka town nine miles from Thana situated on the Bombay Agra Road is noted for handloom fabrics and the 'Bhiwandi' variety of Indian saris is very popular among Deccani women The town is mostly inhabited by Momins and in some parts of the town every house has a spinning wheel Bhiwandi Taluka is also famous for its timber and charcoal trade, the latter having its centre in Shahapur a small town in the Taluka

Kalyan the biggest and the most thickly populated town in the District, is 34 miles from Bombay and is a junction on the Central Railway's north east and south-east sections Ulhasnagar' the largest refugee township in Bombay State is situated in Thana District two miles from Kalyan near the Ulhas River The township is designed to accommodate 90,000 people There are four other refugee camps in Thana District—at Powai, Virar, Mulund, and Kolshet respectively

The main produce of the District is rice which is of superior Kolamb variety

Dahanu, Bassein and Umbergaon, the three Talukas are specially famous for fruit gardens and the bulk of Bombay's fruit supply comes from these areas Bassein plantains and betel leaves are very much in demand

At Thana, Bhyandar and Belapur there are extensive salt works

The chief articles of export from Thana District are paddy, rice, vegetables, salt, betel leaves, plantains, bricks, grass, firewood, charcoal, lime, fish fresh or dried, timber, coconuts, mangoes, flowers, saris, handloom fabrics, woollen cloth and milk

Tansa and Vihar lakes and the Vaitarna river which are the main sources of Bombay's water supply are situated in Thana District and are connected with Bombay by a special trolly line

The Thana District Prison is one of the major prisons in the State and there is also a mental hospital on the outskirts of Thana town

There are travellers' bungalows in every town in the District

Thana, the chief town, 21 miles north of Bombay, is as already mentioned a station on the Central Railway The fort, the Portuguese Cathedral, a few carved and inscribed stones, and several reservoirs are now the only signs that Thana was once an important city There is a good travellers bungalow in the town Bassein, on the Western Railway, contains the famous ruins of the ancient Portuguese dominion in Salsette

WEST KHANDESH DISTRICT

Headquarters .—Dhulia

Talukas and Mahals —Shirpur, Shahada, Taloda, Sindkheda, Nandurbar, Nawapur, Dhulia, Sakri, Akrani, Akal-kuva.

West Khandesh District lies roughly between 20° 38′ and 22° North Latitude and 73° 35′ and 75° 17′ East Longitude. It is bounded on the north by the Madhya Bharat Union, on the east by East Khandesh District, on the south by Nasik District and on the west by Baroda District

The area of West Khandesh is 5,391 sq miles and the population 1,146,024 (1951 census) In the western parts Bhils who number 400,000 predominate The languages spoken are Marathi, Gujarati and Bhili

West Khandesh along with East Khandesh forms the most northerly section of the Deccan table-land The river Tapti flowing from east to west divides it into two unequal parts Of these the bigger lies in the south and is drained by the rivers Bural, Panjara, Bori and Girna This is a long central plain comprising an extensive area of rich alluvial soil Northwards beyond the plains the land rises towards the Satpura Hills The country is rugged and thickly wooded and is mainly inhabited by Bhils On the whole the District is well supplied with surface water

AGRICULTURE

The main crops of this District are cotton, wheat, bajri, jawar and groundnut Sugar cane and chillies form the main irrigated crops Lately many more sugar-cane crushing factories and gur manufacturing factories have been started in the District There are two agricultural research stations—one for Cereal research and another for cotton research at Shahada and Dhulia respectively A special staff of agricultural officers has lately been engaged by the Government in Bhil backward areas, and a model agricultural project has been started where Bhil cultivators are taught improved methods of cultivation

There are two types of irrigation in this District (1) Well irrigation and (2) Bandhara irrigation The rivers used for irrigation are chiefly the Panjara, Kan, Gurai and Gomi, which are bounded at a number of places Each bund irrigates about 100 to 200 acres The total area under Bandhara is about 4,000 acres The main crops grown on these Bandharas are sugar cane, wheat and paddy, in this rotation This system is known as Fad System

There are two educational institutions in the Bhil area—Bhil Sudharna Committee and Bhil Seva Mandal The Government has also recently opened a Sarvodaya centre at Khandbara for the uplift of the Bhil community

COMMUNICATIONS

The headquarters of the District Dhulia, was also the old capital of the united district of Khandesh It is situated on the branch of the Central Railway which joins the main line at Chalisgaon There is a project for a new railway line, Manmad—Malegaon—Dhulia—Nardhana on the Tapti Railway line, which serves the Shindkheda, Nandurbar and Nawapur talukas and runs in the direction of Surat

HOSPITALS

There are two civil hospitals at Dhulia *viz*, Dhulia Civil Hospital, a Government institution and the Suwarta Memorial Hospital, run by the Presbyterian Mission The Dhulia Civil Hospital also trains nurses and *Dais* The Local Red Cross Society is conducting a Child Welfare Centre at Dhulia where milk and free treatment in ultra violet rays is given to women and children The society is also conducting ante natal clinic where medical advice is given to expectant mothers There are 4 Municipal dispensaries—one ayurvedic, one unani and two allopathic. There is also a free dispensary conducted by the Prani Rakshak Sanstha Doctors have a West Khandesh Medical Union located in Dhulia

OFFICIALS

Collector and District Magistrate, L S Lulla, I A S
District Agricultural Officer, S T Purandare
District Engineer, V W Gothoskar
District Forest Officer, M K Chitre
District Health Officer, M L Gulati
Civil Surgeon, R A Dandekar
District Sales-tax Officer, G R Prabhavalkar
District and Sessions Judge, B D Nadkarni
District Superintendent of Police, B K Lokhande
Income tax Officer, S S Junnarkar
Educational Inspector, U R Seolekar

EDUCATIONAL INSTITUTIONS

There are four High Schools in Dhulia, including one for girls. There are about 30 primary schools, where free and compulsory primary education is given to both boys and girls and 2 primary teachers' training colleges including one conducted by Government. There is one Agricultural School called the Dhulia Agricultural School, where practical training in agriculture, poultry, dairy and other cottage industries is given in a two-year course The Government has lately further developed this school There is also a model Government poultry farm at Dhulia At the cattle farm started under the Wardha Cattle Scheme the best kind of cattle are bred. The King Edward VII Technical School at Dhulia gives technical education to ex service men and students Government has started a graduates Basic Education College, in the premises of Grand High School A Remand home is also lately started for the care of delinquent children

The Bhil Seva Mandal and the Bhil Sudhar Samittee, which are working for the social and educational uplift of the Bhil community in the Bhil area of the District are two more institutions of a cultural and educational nature

Two more institutions are the Gandhi Tatwadnyan Mandir, teaching Gandhian philosophy, and the Sanskrit Patashala teaching Sanskrit

Dhulia is the Divisional Headquarters of the Bombay State Transport Corporation, of the Khandesh Division A direct bus service to Indore, in Madhya Bharat is operating There is also a *big repair workshop*

DHULIA EDUCATION SOCIETY —The Society owns two high schools (1) The J R City High School and (2) the New City School, the total number of boys being 1,700 The first was started in 1916 in response to a growing demand for secondary education, which the Government High Schools could not satisfy It began with the first three standards and only 100 boys The late Rao Bahadur K N Bhangaonkar was its first president The second was started in 1937 in the heart of the town to accommodate the ever-increasing rush of boys The Society was first started in 1920 with the late Mr V N. Paranjape as President Internal management is in the hands of a council on which the staff is fully represented

THE MARATHA VIDYA PRASARAK SANSTHA, DHULIA —This is the pioneer Educational Institution started in the year 1908 With its aim to spread education by giving help to deserving students of the agriculturists, intermediates, and backward communities irrespective of caste and creed

In 1934 the Institution purchased a bungalow which is known as J J Agarwal Maratha Boarding named after the philanthropic donor, Sjt Jivanram Seth of the city Later in the year 1935, the institution erected another big magnificent building where there are at present nearly 200 students of all castes from different and distant parts of the district For management and educational purpose, the Institution spends nearly Rs 8,000 per year In 1939 the Institution started a Boarding house for girls In 1946, the Institution started a High School

WOMEN'S EDUCATION SOCIETY, DHULIA —This Society was founded by the late Mr Sakharampant Johare of Dhulia and the late Mr M K Apte, B A , LL.B, pleader of Dhulia, who was its first President The aim of the society, is principally to impart instruction to girls in Secondary education It conducts a High School for girls and is the only institution catering for such education in West Khandesh It has constructed three spacious buildings of its own for the location of the High School. The High School is recognised by Government and is affiliated to the University of Bombay.

THE DHONDO SHAMRAO GARUD LIBRARY, DHULIA — The library was established at Dhulia in 1854 by Mr D J. Richardson, District Judge and President of the English School Committee, as an aid to the students of the English School at Dhulia Afterwards the library was opened to the public and was known as " The Native General Library ", Dhulia, till the year 1907, when the present building was built by donation of Rs 1,500 given by Rao Bahadur S D. Garud, and is now known as " The S. D Garud Library ". It is the oldest institution catering for the reading public. In 1947 the library became a free district library under the new scheme of Bombay Government and is open to the public It is managed by a Managing Committee of eighteen members.

ASSOCIATIONS

HARIJAN SEVAK SANGH (Maharashtra Provincial Board).— This Board as a Branch of the All India Harijan Sevak Sangh has been in existence since 1932. The first President was late G. K. Deodhar, President of the Servants of India Society. The second President was Shri B G. Kher.

The Provincial Board with the help of its District and Taluka committees is carrying on, besides welfare work in the form of hostels for boys and girls and scholarships for Harijan students, educative propaganda in the 10 Marathi speaking districts of the present sub-province, with a view to giving the fullest possible benefit of the recent Acts passed by the Congress Government, in order to remove the social disabilities of Harijans and to secure temple entry on terms of absolute equality with other Hindus The Board also endeavours to remove the grievances of Harijans The condition of Harijans is fast improving in all directions

THE INDIAN RED CROSS SOCIETY, West Khandesh Branch, Dhulia —The District Branch of the Bombay State Branch of the Indian Red Cross Society has been doing social work and health activities in Dhulia and West Khandesh District for nearly twenty years

The Society has been for the last five years conducting a Child Welfare Centre, the first of its kind in the District, at Dhulia where children are given free milk and ultra violet light medical treatment Ultra violet light is also given to children and women under medical advice Last year the society also opened an ante natal clinic Lady Colville visited the centre and appreciated the work and through her efforts, Rs 35,000 as grant was given for a permanent building for the Red Cross Society

DHULIA NAGARIK SANGH —This institution was established at Dhulia twelve years ago with the object of educating Dhulia public to civic sense by propaganda and by ventilating grievances to proper authorities and educating public in local municipal elections The society has tackled problems of town planning, health activities, railway grievances, food question and regulating motor and other traffic in Dhulia City *President* Dr B B Kirtane, *Secretary* Oka

MAHATMA GANDHI TATWADNYAN MANDIR, DHULIA — *Aims* Founded at Dhulia in 1946 to perpetuate the memory of the late Mahadeobhai Desai, who devoted his whole life to the service of Mahatma Gandhi It is designed to preserve all Gandhian literature and spread Gandhian philosophy by encouraging students to stay and lodge to study, by publishing suitable books and magazines and by organising a batch of workers who would lead and teach the people by their own example by leading a life based on Gandhian principles This institution had been blessed by Mahatma Gandhi The site was given free by Shet Shaligram Ramchandra Bhartia and Shet Rameshwar Joharmal Poddar *Principal* Balubhai Mehta *Trustees* V L Mehta, Appasaheb Patwardhan

THE WEST KHANDESH MARATHI JOURNALIST ASSOCIATION, DHULIA —This association was established in 1943 as a District Branch of the Marathi Patrakar Parishad, objects of which are to guard the interest of Marathi Press in the Marathi speaking area in India and improve the status of Marathi journalists The branch which is an active association successfully held the seventh Patrakar Parishad in 1947, presided over by Mr Deogirikar, Editor of "Chitramaya Jagat" (Poona)

DHULIA URBAN CO OPERATIVE BANK, LTD — This Institution known as Dhulia Taluka Urban Co-operative Society was established in 1908, the first co-operative society in West Khandesh District, in 1923 it was converted into Dhulia Urban Co-operative Bank The Bank serves the needs of the local merchants, petty traders and agriculturists of Dhulia City and is the oldest bank in the city

RAJWADE MANDAL PEOPLE S CO OPERATIVE BANK LTD, DHULIA —This bank, one of the very few of its kind in the State, was established in February 1933 The shareholders of the bank have agreed to pay one fourth from their share of dividend due from the bank each year, to a research institution—Rajwade Sanshodhan Mandal—established in the memory of the late Mr Vishwanath Kashinath Rajwade, an eminent research worker

INDUSTRIES

Dhulia is the biggest cotton centre in the Khandesh Districts and has a well regulated Cotton Market There is also another regulated Cotton Market at Dondaicha in the Sindkheda Taluka on the Tapti Valley Section of the Central Railway

There is a Spinning and Weaving Mill at Dhulia, called the New Pratap Spinning and Weaving Mill, which operates 1,058 looms and 46,136 ring spindles.

There are many Weaving Factories, driven by steam and electric power, operating a total number of 1,000 looms.

The number of cotton ginning and cotton pressing factories is 47

Dhulia has also been lately developing into a groundnut oil industry centre There are 40 oil mills, including 12 at Dhulia, which together produce about 2,000 tons of groundnut cake One of these mills uses the latest type of oil expeller machinery There are two saw mills but on the whole, West Khandesh is less developed than East Khandesh

Number of Municipal Committees 113 Corporations 2, Notified Area Committees 2

The State has a unicameral Legislature

Strength of the Legislative Assembly 233 including one member nominated under Article 333 of the Constitution

Number of members returned from the State to the House of the People, 29 and to the Council of States, 12

Estimated revenue for 1953 54 Rs 25,06,22,000

Total expenditure on Revenue Account for 1953 54 Rs 24,52 51,000

Estimated Surplus for 1953 54 Rs 53,71,000

AGRICULTURE

Main food crops of the State and their production during 1950 51

Cereals Rice (13,94,890 tons) wheat (5 86,230 tons), Juar (8,72,480 tons), Kodon Kutki Ragi Madua (1 03,953 tons), Maize (60,033 tons), Bajra (16,183 tons)

Pulses Gram (2,53,640 tons), Tur (90,910 tons), Urid, Mung, Moth (96,500 tons), Lakh (1,33,250 tons), Masur (44,220 tons)

Main cash crops of the State and their production during 1950-51

Cotton (Lint) (89,298 tons), Sann hemp (fibre) (7,789 tons)

Area of the State in acres (1950 51) as per agricultural statistics 83,111,606 acres

Area cultivated Grass cropped 31,171,975 acres Net cropped 28,669,151 acres

Area of uncultivable land 20 254,513 acres *a*) Area other than uncultivated land excluding barren, fallow and cultivable area 14,276,542 acres, *b*) Area not available for cultivation 5,977,971 acres

Area cultivated twice 2,502,824 acres

Area under dry cultivation Grass cropped 20,102,078, net cropped 26,621,606 acres

Area under wet cultivation Grass cropped 2,069,897, Net cropped 2 047,545 acres

Area under Food crops 23,948,526 acres

Area under Cash crops 2,839,780 acres

Area in acres under individual food crops

Cereals Rice (89,47,365), Wheat (26,22,748), Juar (49 98,919), Kodon-Kutki Ragi madua (19,82 579) Maize (2,90,180), Bajra (97,254)

Pulses Gram (13 91,292), Tur (7,57,052), Urid Mung Moth (14,05,295), Lakh (11,03,924), Masur (2,91,978)

Area under individual cash crops in acres Cotton (27,76,071), Sann hemp (63,709)

Area possibly available for futher cultivation through reclamation measures Current fallow 4,685,450 acres, Cultivable area 5 861,926 ,,

Projects planned but not executed Gondha Feeder Project at Durg, Dudhwa Feeder Project at Raipur, Sampna Tank Project at Betul

No land has been reclaimed by the State Tractors

Area ploughed by the State Tractor (Machine Tractor Stations Scheme) from 1947 to 1952 85,863 acres, the area ploughed during 1951-52 alone being 36,506 acres

Area reclaimed by the Central Tractor Organisation in Sagar and Hoshangabad from 1947 to 1952 240 702 acres, the area reclaimed in 1951 52 alone being 71,747 acres

Budget allotment under the scheme for the reclamation of cultivable land from weeds by mechanical cultivation for 1953 54 Rs 33,55,500

Plantations	Area in acres	Production in tons (1950-51)	Value (Rs in thousands)
Sugarcane	45,347	56,660	317 3
Bananas	3,524	43,660	218 0

Total area under all fruit crops for 1950 51 1,04 639 acres

Kinds of fruits Oranges, Lemons Mosambis, Custard apple, Guavas, Mangoes Ber, Bananas, Papayas, Jack fruit, Pomegranates, Chikoo, Water melons, Musk melons and other fruits

Estimated production of the main fruits in 1950 51 and their value 3,74,570 tons valued at Rs 1,024 6 lakhs

Total area under vegetable in 1950 51 1,08 540 acres

Kinds of vegetables Cauliflower, Cabbage, Knolkol Turnip, Carrots Radish, Tomatoes, Beem, Palak, Beet Potatoes, Onions, Sweet-potatoes Arum, Leafy Vegetable Brinjal, Bottle gourds, Bhindi, Pumpkins, Garlic, Ginger, Gawar

Total production of vegetables and their value 2,63,824 tons valued at Rs 390 7 lakhs

Kinds of fish produced Katla, Mrigal and Rohu

Estimated production of all kinds of fish 5,700 tons

Number of cattle according to 1951 census Cows (including calves) 7,245,916, She buffaloes (including calves) 1,339,896, Bullocks (over three years) 5,289 911 Sheep 330,367, Goats 2 300 360, Pigs 265,924, Fowls 4,379,145

Chief breeds of cattle

Cows Gaolao, Khamgaon, Umerdha, Lakha bhonda, Nimar and Malvi

Buffaloes Sagar, Nagpur and Berar

Sheep Berari, Chanda, Chattisgarh and Sagar

IRRIGATION

Total area irrigated during 1952 1,907,067 acres

Area irrigated by Government Irrigation Works 8,34,444 acres

Larger Irrigation Works and area irrigated in 1952 53 Mahanadi Canal cum Marasmilli Reservoir in Raipur District 2,12,184 acres

Wainganga Canal and Sarathi Reservoir in Balaghat District 63,770 acres,

Kharing tank in Bilaspur District 92,075 acres

Maniary tank in Bilaspur District 77,578 acres

Tandula Reservoir in Durg District 164,063 acres

Projects in execution

LAND TENURE

After the abolition of the proprietary rights of the intermediaries (malguzars, zamindars jagirdars, izardars, etc) with effect from March 1951, the land tenure system in the various parts of the State is as follows

Central Provinces The ex proprietors retain the home farm land Land cultivated after 1948 49 has been settled with them in the rights of an occupancy tenant The existing rights of the tenants continue and they have been given the privilege of securing malik makbuza rights in their tenancy land on payment of a premium at concessional rate equal to three times and four times of the annual rent for absolute occupancy tenants and occupancy tenants respectively The village administration is on the raiyatwari system

Merged Territories Here the ex proprietors have also been allowed to retain other land in their personal cultivation in raiyatwari rights The tenants and raiyats have been given the concession of having their raiyati or tenancy land converted into malik makbuza on payment of a premium equal to twice the amount of annual rent The village administration is on raiyatwari lines

Berar The raiyatwari system is prevalent in almost the whole of the Berar districts In a small number of villages in the districts which have vested in the State Government, superior holders have been allowed to retain the home farm land in the right of an occupant These tenants have been regarded as lessees of Government and have been allowed the privilege of securing occupancy rights on payment on the sliding scale as laid down in Section 69 of the M P Abolition of Proprietary Rights Act, 1950 (I of 1951)

Acts Governing the Land Tenure The C P Tenancy Act, 1920 (I of 1920) The Act recognises three types of tenants namely Absolute occupancy tenants, Occupancy tenants and Sub tenants

The C P States Land Tenure Order, 1949 and the Makrai State Land Tenure Order, 1949 As a result of the integration of 15 feudatory States with Madhya Pradesh, the raiyats and tenants were greatly handicapped on account of the prevailing restrictions on inheritance and transfer of land Under the above orders, heritable and transferable rights were conferred on raiyats and tenants in their holdings They are also entitled to make improvements in their land and to enjoy the usufructuary rights of the trees standing on their holding

Name of Project	Location District	When started	When to be completed	Capacity M cft	Area proposed for irrigation	Total cost Lakhs of Rs	Financing Bodies	Estimated rise in output after completion
Gangulpara tank project	Balaghat	May 1953	March 1956	Gross 402 48 Nett 387 47	8,525	27 18	State and Central Govts	(Food grains) in Tons 1,705
Durkrikheda tank project	Hoshangabad	,,	,,	Gross 433 005 Nett 406 998	6,600	24 83	,,	1,320

The Madhya Pradesh Abolition of Proprietary Rights (Estates, Mahals, Alienated Lands) Act, 1950 (I of 1951)

Under the above Act, compensation is payable to proprietors on the basis of net income in accordance with the rules in Schedules I and II of the Act Petty proprietors are to be paid rehabilitation grant also according to the scale prescribed in Schedule III of the Act

Any mortgage or charge on any proprietary right was a charge on the compensation money payable to the outgoing proprietor The Claims Officer has been empowered to determine these debts The rate of interest allowed on these debts will not be more than 6 per cent per annum The amount of principal and interest found due can further be scaled down as prescribed in sub sections 2 and 3 of section 24 of the Act The amount determined as due shall not carry any interest after the date of determination The amount of debt will be paid to the creditors out of the compensation money before the balance if any is paid to the outgoing proprietor

Number of persons expropriated under the law 150 000

The Act has been fully implemented and the State has taken possession of all the villages vested in the State under the above law

The compensation money will be paid from the State Revenues and will not be acquired

The question as to whom and how this land is to be allotted is under the consideration of the State Government

LIVE-STOCK

Variety of fish produced Murrels, Catfishes and Minnows Mrigal and Kalbasu

Quantity and value of each variety About 10 000 maunds of Bengal carps valued at Rs 40,000 annually

Total fish produced in the State 156 000 maunds valued at Rs 81 20 000

Fishing population About 50 000

Livestock Bovines (17 458,166) Cows (4,620,862) Buffaloes (mostly Nagpuri and the graded) (831,542) Sheep (local) (313 874) Goats (local) (2 429 603) Fowls (4 321 391) Ducks (mostly Indian Runner) (39 445) Horses and Ponies (115 756) Mules (360) Donkeys (20,783), Camels (48) Pigs (201,482)

Total forest area at the end of 1951 52 inclusive of 7 659 sq miles of ex private forests 44 046 sq miles As a result of the abolition of proprietary rights an area of 7 659 sq miles of private forests was taken for management by the Forest Department

Number of forest divisions in the State 32

Main types of forests Teak Sal and the mixed forests

Sub types of forests Palas Khair Bhurra, Salai Ghont, Anjan and Garari

Revenue from forests for 1951 52 Rs 4 37 18 756

Expenditure for 1951 52 Rs 1 17 69 869

Revenue by classification of produce in 1951 52 Timber (Rs 2 39 06 300) Fuel (Rs 73 05 230) Bamboos (Rs 20 05 397) Grazing and Fodder grass (Rs 23 91 445), other produce (Rs 72,37 998), Miscellaneous (Rs 8 41,911) Leased forests (Rs 30 475)

Area of forests afforested in 1951 52 298 acres

CIVIL SUPPLIES

There is no rationing in Madhya Pradesh

Controlled articles Cloth yarn, cotton iron and steel cement drugs and vegetable oil products

The prices of each of these articles fixed by the Government of India are adopted by the State

States requirements of cloth at the rate of 15 yards *per capita per annum* 17 780 bales per month

The State is not surplus in any of the above articles

Total supplies of cloth per month from sources within the State 9 900 bales constituted by 5 500 bales of cloth from textile mills in the State and 4 400 bales of handloom cloth

Deficit of cloth 7 880 bales each month

At present the cloth control has been considerably relaxed with the result that as much as 95 per cent of the total cloth production of India is now available under free sale concessions The deficit is made good from imports of this free sale cloth and not much difficulty is being experienced by the consumers

Quota of cloth fixed by the Textile Commissioner Bombay 1 100 bales per month

States requirements of yarn per month 17 257 bales

Total supplies of yarn per month from sources within the State namely textile mills 4 000 bales

Deficit of yarn 13 257 bales per month

At present the shortage of yarn is not being felt so much due to slump and shortage of finance with the handloom weavers including the difficulties experienced by them in marketing the handloom products

Quota of yarn fixed by the Textile Commissioner, Bombay 4,790 bales per month

COTTAGE INDUSTRIES

Cottage Industries with their location

Handloom weaving (Nagpur, Kamptee Burhanpur Jabalpur Chanda Bhandara Bilaspur (Champa) Umrer)

Wool spinning and blanket weaving (Umrer Tahsil and Chhindwara District)

Textile accessories bobbing etc (Nagpur)

Bidi making (Nagpur Kamptee, Bhandara, Umsar Gondia Jabalpur)

Brass metal work (Bhandara Balaghat, Chhindwara)

Lac (Gondia Seoni Raipur Bilaspur)

Umbrella fitting (Nagpur Jabalpur Raipur)

Saw milling (Betul District Bhandara District Balaghat District Bilaspur Chanda, Chhindwara Jabalpur Mandla Nagpur)

Budget grant for 1953 54 for execution of the Cottage Industries schemes Rs 3,14,180

Additional grant for 1953 54 for the development of handloom weaving Rs 69 800 and for development of cottage and small scale woollen industry Rs 11 600

Chief minerals Manganese ore (Nagpur, Balaghat Bhandara Chhindwara and Jabalpur) Coal (Chhindwara Chanda Surguja Yeotmal, Raigarh and Bilaspur)

Quantity produced in 1951 and value Manganese ore 7 07 403 tons (Rs 6 42 09 116 0 2), Coal 3 208 988 tons (Rs 4 57 97 750 15 8)

Average daily labour engaged during 1951 62 993 (29 812 In collieries 26 982 in manganese ore mines and 6 199 in other mines)

TRANSPORT

Total mileage of roads 9 791 miles

Mileage of metalled roads 6 111 miles Unmetalled roads 3 680 miles

Roads maintained by P W D Metalled (5 555 miles) Unmetalled (3 398 miles)

Roads maintained by District Councils (now Janapada Sabhas) P W D Transferred Roads Metalled (556 miles) Unmetalled (282 miles)

Total mileage of railways 2 596 miles

Number of passenger buses 1 715, Goods Vehicles 4 888, Taxi Cabs 396 Private cars 6 968

Transport has not been nationalised The State and Central Government together hold *majority of shares* in two tripartite companies with a Government Official as Managing Director

The Companies operate only passenger services

The Provincial Transport Co operates town bus service in Nagpur City and C P Transport Services Ltd in Jabalpur City

Number of passengers carried in 1951 52 Provincial Transport Co Ltd 26 74 112, C P Transport Services 35 29 438

Total expenses P T Co Rs 24 65 820 5 7, C P T S Rs 30 32 498 13 6

Total revenue P T Co Rs 28 96 077 14 5, C P T S Rs 35 92 701 9 3

Profit P T Co Rs 4 30 257 8 0 C P T S Rs 5,60 202 11 9

After taking over management of the Companies by the Government it has been possible to give the workers bonus ranging from one to one and a half month's salary

Extra amenities for passengers A bus station and depot at Jabalpur costing Rs 1 6 lakhs

LARGE-SCALE INDUSTRIES

Industry and its location	Year	Production	Value of total turnover in Rs
Cotton Textile Mills (Nagpur Akola, Badnera, Hinganghat, Rajnandgaon Pulgaon Achalpur, Burhanpur)	1951 52	115 226,000 yds	Not available
Cement (Kymore)	1951 52	360 229 tons	"
Asbestos Cement (Kymore)	1952 53	31 317 tons	"
Hydrogenated vegetable oils (Akola and Shegaon)	1952	10 756 tons	
Canned fruits and vegetables, bottled juices etc (Nagpur)	1952	Not available	Rs 16 08 000
Jute (Raigarh)	1949	3,778 tons	Not available

Name of the Transport Authority	Number of Vehicles	Capital	Investment by State	Investment by Centre
The C P Transport Services Ltd	121	Rs 23 52 900	Rs 9 98,000	Rs 9,96 000
The Provincial Transport Co Ltd	113	" 29,99,945	" 16,72,275	" 8 46 800

A programme of construction of public shelters, waiting rooms etc in other centres like Sagar, Seonie, Yeotmal, Gondia, Bhandara etc has been drawn up for execution

It is proposed to extend the services to more parts of the State 25 per cent of the fleet is renewed every year

Modern buses with rubber foam cushioning throughout, are put on the line

There are sub workshops at every depot of the company to carry out minor repairs Major repairs are done in the main workshops at the Head Offices of the companies

All vehicles and engines are fully reconditioned at the workshops which also make certain spare parts

Consolidation of the two undertakings with expansion necessary to make these economic units are contemplated

POWER PROJECTS

Total capacity of power plant installed in State (public sector) 68,000 k W Total effective capacity 43,600 k W

Total production in 1952 129 48 million units

Number of units supplied to industry 77 14 millions

Number of units supplied to irrigation 0 11 millions

Number of units supplied by licensees and sanction holders for domestic purposes during 1952 12 62 millions

Number of units supplied by the Jabalpur and Katni Power Houses respectively for military purposes 10 33 millions and 4 57 millions

Details regarding major power stations in operation and those under execution are given in the tables below

Estimated rise in output after completion of projects in execution 128 8 million units

Power Projects planned but not executed Extension to Raipur Pilot Power Station, Raipur, Extension to Licensees Power House at Jabalpur, Extension to Licensees Power House at Sagar

Estimated rise in output when completed 46 0 million units

Name of the Station with location	Installed capacity in k W	Production in 1952 (in million units)
Central Thermal Station Khaperkheda	30,000	73 81
Pilot Power Station Raipur	4 000	3 80
Chandni Power House, Chandni	17 000	ready
Power House at Jabalpur (Licensees)	9,250	Not available
Power House at Katni (Licensees)	9,300	,,

POWER PROJECTS UNDER EXECUTION

Name of Power Project and location	Installed capacity in k W	When started	When to be completed	Cost in lakhs of rupees	Financing Body
Ballarsha Power Station Ballarsha	23,250	Oct 1952	End of 1955	200 00	M P I B
Itarsi Power Station Itarsi	3,000	1953	End of 1955	16 03	M P I B

CO-OPERATION

Number of Co operative Societies during the year ending 30th June 1952 10,970

Membership of Co operative Societies 5 25 lakhs

Total working capital Rs 1,030 40 lakhs

Types of Co operative Societies and number of each type Provincial Co operative Bank (1) Central Banks (41), Land Mortgage Banks (12), Co operative Institutes (5) Provincial Weavers Society (1), Provincial Marketing Society (1), State Co operative Federation (1), Urban Bank (1), Grain Banks (2), Multi purpose Societies (899), Co operative Farming Societies (7), Milk Societies (9), Ghee Societies (9) Agricultural Credit Societies (8,083) Non agricultural Credit Societies (239), Consumers Societies (449) Agricultural and Growers Associations (96), Housing Societies (15), Primary Weavers Societies (273), Seed Unions (14) Industrial Societies (74) Fishermens Societies (12) Hospital and School Stores 14) Ex servicemen and Refugee Societies 11), Cattle Breeding and Pashu Sudhar Societies (53), Motor Transport Societies (8) Better Living and Thrift Societies (36), Other societies (25)

Number of Central and District Co operative Banks 41

Provincial Co operative Bank —One

Working Capital Rs 2 48 85 180, Deposits Rs 2 16 69 062 Paid up Share Capital Rs 10 95 710 Reserve and other funds Rs 13,65,931, Dividend for the year 5 per cent

Budget allotment for the Co operative Department for the year 1953 54 Rs 12,28,000

EDUCATION

Total Government expenditure on the following items Nursery Schools Rs 24 570, Primary Schools Rs 1,48,13 499, Secondary Schools Rs 1 28 95,088, Arts and Science Colleges Rs 20 95,705, Professional Colleges Rs 32 85,004, Teachers Training Institutes Rs 6 56,469, Commercial and Technical Institutions Rs 69 007 Universities Rs 18 70 460 Schools for Defectives Rs 29,118, Social Education Rs 26 02 838

Details regarding Schools for Defectives — Number of institutions 3, number of boys 101, Teachers 10, Government expenditure Rs 29,118

Social Education —Number of institutions 21 380 Number of boys 3,82,962 Girls 1,30 034 Government expenditure Rs 26,02 838

For other statistics see general section on Education

LABOUR

Total number of registered factories in the State 1 930

Average daily number of workers in registered factories 1,15,787, number of women 5,750, children 202

Industries in which a minimum wage is fixed Oil mills Glass Cement, Potteries, Public Motor Transport Rice, Flour or Dal mills, Local Authorities Road Construction or Building, Operations Stone breaking or Stone crushing, Tobacco (including Bidi making) manufactory, Tar Manufactory, Tanneries and Leather Goods Manufactory

Cost of living index number for the industrial workers at Nagpur for the year 1952 with August 1939 as a base October 381, November 380, December 378 Annual average for 1952 379 83

Present average monthly earnings of a factory worker Rs 58 per month

Average monthly earnings of a worker in the more important industries Textiles Rs 72, Glass Rs 54, Cement and Potteries Rs 52, Electric and Power Rs 75, Bidi Rs 33, Ordnance factories Rs 83

Number of trade disputes in 1952 59, number of workers affected 75,027

Number of strikes 42, workers affected 49,787, Man days lost 1,18,804

State laws affecting trade disputes The C P and Berar Industrial Disputes Settlement Act 1947

Number of Trade Unions in the State as on 31st March 1952 117, total membership of trade unions 44 000 on the basis of annual returns from 70 unions

Labour Welfare Centres in the State 7 of which one is run by the Government and the rest by industrialists

Number of houses built through Industrial Housing Scheme 60 quarters

Number of families in registered factories provided with houses 12 000 families out of 100 000 families

HOUSING AUTHORITY

Name of the Housing Authority The Madhya Pradesh Housing Board constituted by the State Government under Section 3 of the M P Housing Board Act 1950

Finance available for housing Rs 18 65,250 Sources of finance and how much from each

Government of India to the extent of 50 per cent loan and 50 per cent subsidy

Types of houses built One room single storeyed tenements only The Board is constructing 750 quarters for urban areas only

Cost of each tenement Rs 2,527 Rent charged for each tenement Rs 10 per month

Private enterprises and local authorities can get loan and subsidy from the Government of India direct on the terms and conditions laid down under the Subsidised Housing Scheme

Total number of houses that may be required 50 000

Housing plans for the future The M P Housing Board is proposing to construct quarters at other places in addition to 750 quarters, construction depending upon the financial help from the Centre

POPULATIONS OF DISTRICTS

MADRAS*

Area 60 362 square miles Pop 35,736 480†

Capital Madras

Names of the Districts Madras Chingleput, North Arcot Salem Coimbatore, South Arcot, Tanjore Tiruchirapoly, Madura Ramnad, Tinnevelly, Nilgiris Malabar, South Kanara

Languages spoken Tamil Telugu Malayalam, Kannada, Hindusthani and Tulu

The vast majority of the people is of the Dravidian race

INDUSTRIES

Chief Industries Textiles, engineering, sugar, tobacco matches, oil making bricks and tile manufacture

Production of yarn 470 007 bales In the matter of cloth, the State's precedence is in the *field of quality*

Sugar The rated capacity of existing factories 88,000 tons Additional quantity sanctioned 60 000 tons

Automobile Has two of the five manufacturing plants in the country Is a pioneer in the production of component parts like pistons, wheels and rims diesel engines, etc

Cement The capacity of the State is a little less than a third of the total capacity of the country

Number of Cement factories and their output per year 5 factories producing 7,00,000 tons per year

Metals The establishment of an electro metallurgical plant has been made a condition for the lease of manganese at Sandur Magnesite is produced at Salem The production of aluminium in Salem is awaiting supply of cheap *electricity*

The State possesses the best steel ore in the world at Sandur †† Plans for its exploitation await the availability of lignite

Lignite The pilot project for exploiting the lignite deposit in South Arcot District at an estimated cost of Rs 70 lakhs, was inaugurated on March 5 1953 Investigation revealed the existence of about 2,000 million tons of lignite (brown coal) in an area of about 100 square miles in South Arcot District at a depth of about 175 feet below ground level The sample of lignite taken when processed compared favourably with grade I coal received from Bengal Machinery worth Rs 15 lakhs, has been lent by the Government for the pilot project If the cost of extraction is less than about Rs 30 per ton which is the price now paid for rail borne coal, an abundant supply of motive power of industrial development at cheap rates is assured for the State

Spinning mills 85 mills working at the end of 1952 (38 in Coimbatore District 8 in Madurai 7 in Tirunelveli and 6 in Tiruchirapalli Districts) One mill in Madras City is one of the biggest in the country employing nearly 16,000 workers The largest employer of labour in the State is the textile industry

The State has a leading position in the production of films as also in the manufacture of fountain pens

The State is distinguishing itself in the production of textile machinery

Cycle industry Produces about 3 000 cycles out of a total production of 13,153 in the country

Match factories Madras together with the districts of Ramanathapuram and Tirunelveli employ about 7,088 workers

Number of match boxes produced in the State 8 million match boxes out of a total of 26 million match boxes in the country

Number of tanneries 267 employing 9 417 workers

Value of exports of tanned hides and skins to overseas market About Rs 11 crores

Important minerals with their output during 1951, within brackets Mica (1 20 6 5 tons) Limestone (4 12 403 tons), Barytes (7 826 tons) China Clay (6 565 tons) Gypsum (24 699 tons) Magnesite (1,13 256 tons), Bauxite (1,111 tons)

TRANSPORT

Total mileage of roads 43 498 miles

Different classes of roads and the mileage of each class National highways (1 978 miles) Provincial highways (3 134 miles) Major District roads (15 903 miles) Other District roads (7 654 miles) Village roads (10 302 miles) P W D roads (711 miles) Municipal roads (3 816 miles)

Links of national highways within towns having a population of over 20 000 are at present being maintained entirely from State funds

Total expenditure incurred on post war road development works on Government roads up to end of 1952 53 Rs 5 4 crores

The Bus Transport in Madras City is Government owned The transfer to public ownership was carried out in stages starting in October 1947 and ending in June 1948

Number of routes on which Government are running buses 45

Total daily mileage 36 000

Number of surburban services owned and operated by Government 8

Number of mofussil services 4

The suburban and mofussil services operate from Madras to Nellore and Tirupathi

Total number of buses operated by the Government 338

ELECTRIC POWER

The aggregate power demand in the State during 1951 52 160 275 kW Generation 806 15 million units

Government-owned power stations The three hydro electric power stations at Pykara Mettur and Papanasam Two steam stations at Madurai, Madras

Demand and generation in the Government owned power stations 99 per cent and 97 56 per cent respectively of the total for the State The balance is made up by power purchased from other sources and generated by the licensee s stations

Total installed generating capacity of the Government owned stations 1 96 079 kW

Total route mileage of Government transmissions and distribution lines at the end of 1951 52 11 268 miles (5 983 miles of H T and 5 285 miles of L T lines) which form 72 per cent of the total for the State the rest belonging to private licensees and local authorities

Total number of consumers served in the State in 1951 52 339 605

Consumers served Directly by the Government 169 820 By the licensees distributing power purchased in bulk by the Government 162 848, By the generating licensees 6,937

Total number of licensee undertakings which have vested in the Government by the end of 1951 52 34

Net revenue to the Government from the electricity systems in 1951 52 Rs 167 28 lakhs yielding a net return of 7 07 per cent on the capital outlay

Budget estimate for gross revenue for 1952 53 Rs 319 71 lakhs

Budget estimate for capital outlay for 1952 53 Rs 710 Lakhs

Major new projects which have made considerable progress Madras and Madurai Thermal Schemes

An additional generating plant of 7 000 kW was commissioned at the Papanasam Power House in July 1951, under the Papanasam II stage extension

LAND

Net area sown and its percentage to the total area 31 822,544 acres and 39 1 per cent

	Fallow	Other uncultivated lands	Lands not available for cultivation being roads rivers, etc
Area in acres	6,173 719	8 605 057	14,778,716
Percentage to total area	7 6	10 7	41 1

Area of the forests and percentage to the total area of the land during 1950 51 14,211,377 acres and 17 4 per cent

Livestock census of 1951 Cattle 19 416 675 Buffaloes 7 866,352 Sheep 1 161 169 Goats 7,424 842 Horses and ponies 66 890, Mules 689

Statement showing the area under important food crops and the yield in 1951 52

	Area in acres	Yield in tons
Paddy	10,160,219	6,230 160
Millets	12,830 204	2,755 300
Pulses	2,920 018	247 460
Sugarcane	282 281	756 240**

IRRIGATION

Number of major projects under the irrigation programme of the State 13

All the major projects are under execution

Estimated cost of these projects Rs 45 65 crores

Total area expected to be benefited on completion of these projects 7 lakh acres

Number of schemes sanctioned as a short term measure and their cost 330 schemes costing about Rs 4 crores Most of them have been completed

Total area which will be irrigated by these schemes 300 000 acres

Old tanks kasams and other irrigation sources neglected for a long time in the areas taken over from the Zamindaris are also brought to standard under the scheme known as Tank Improvement Scheme

Area of total cultivated lands 82 264 million acres of which 10 144 million acres were under irrigation under the main sources Government canals, tanks, etc

FOOD POSITION

With the launching of the new food policy of decontrol and derationing by the Government in June 1952 procurement and statutory rationing were completely abolished The movement of rice and paddy within the State was restricted by formation of zones

Informal rationing was however introduced in the highly deficit districts of Malabar and the Nilgiris and Hosdrug sub taluk of South Kanara District Fair Price Shops were also opened

As a further step towards relaxation of control the supply of rice through fair price shops has been restricted to ex statutorily rationed urban areas The classification of cardholders as rice eaters mixed diet eaters and millet eaters has been abolished The cardholders in the ex statutorily rationed urban areas are permitted to draw wheat and or millets within the overall ration of 10 ounces per adult per day if they are willing to forego rice to the extent to which they wish to have the other grains in exchange

The Fair Price Shops in rural areas other than the informally rationed areas issue only millets and/or wheat upto 10 ounces per adult per day

With a view to meeting any possible emergencies, the Government promulgated a levy procurement Order to procure about 24 lakhs tons of rice from certain surplus districts

A total quantity of 1 78,088 tons of rice, 80,572 tons of wheat and wheat products and 1 80,173 tons of other grains which included a quantity of 7 027 tons of Madhya Pradesh jowar, were imported into this State during 1952

CO-OPERATION

Number of co operative societies in June 1952 25,241 Members 37 25 lakhs

Share capital Rs 1217 65 lakhs

Working capital Rs 94 53 crores

Total deposits held by the State Co operative Bank on 30th June 1952 Rs 402 38 lakhs

The State Co operative Bank has continued to guide, supervise and control the financial policy of the Central Banks

Total loans issued to Central Banks in 1952 Rs 975 62 lakhs

Working capital of the co operative central banks Rs 2185 85 lakhs

Their net profits Rs 20 66 lakhs

Co operation played an increasingly useful role in the distribution of controlled commodities, in raising food production and the manufacture of handloom goods and cottage industrial products

Number of milk supply unions on 30th June 1952 41

Number of members on their rolls 4 515 including 441 affiliated societies with a paid up share capital of Rs 3 59 lakhs

Number of milk supply societies on 30th June 1952 722 Of these 281 functioned independently and the rest served as feeder societies to the unions

Number of members on their rolls 69,203

Paid up share capital Rs 9 95 lakhs

Value of milk and milk products sold by these institutions during 1951 52 Rs 141 43 lakhs

Number of co operative primary stores on 30th June 1952 1 591 with 1 787 branches and sales depots and 24 wholesale stores

The sales turnover of both primary and wholesale stores Rs 43 12 crores

Purchases and sales of primary stores Rs 2 189 57 lakhs and Rs 2 188 56 lakhs respectively

Purchases and sales of wholesale stores Rs 1 836 34 lakhs and Rs 1 924 09 lakhs respectively

Important features of the working of the stores Procurement and sale of foodgrains distribution of mill cloth chemical fertilisers and iron and steel supplying articles to the Juvenile Borstal schools and certified schools

Central Land Mortgage Bank Ltd Amount of loans issued by the Bank in 1951 52 Rs 82 84 lakhs

The Bank has floated its 48th series of debentures to the value of Rs 72 lakhs bearing interest at 4½ per cent per annum and redeemable in 20 years the issue price being Rs 99 8 per cent

Government's guarantee for these debentures Rs 7 crores

Value of debentures in circulation on 31st January 1953 Rs 555 67 lakhs

Total amount of loans outstanding at the end of 1951 52 Rs 484 97 lakhs

LAW AND ORDER

Purely judicial work is discharged by magistrates who are under the administrative control of the High Court The Collector of the District and his executive subordinates still have magisterial functions to the limited extent of the preservation of public order and prevention of crime

The highest court for civil and criminal justice in the State is the High Court at Madras, consisting of a Chief Justice and 15 Puisne Judges

For the administration of criminal justice there are 35 Sessions Judges in the mofussil (including six for Agency tracts), Additional and Assistant Sessions Judges being provided to assist courts in which there is heavy work

The administration of civil justice is carried on by 27 District Judges 60 Subordinate Judges and 162 District Munsiffs

In Madras City there is a City Civil Court consisting of a Principal Judge of the rank of District Judge and three Additional Judges of the rank of subordinate judges There is a Small Causes Court consisting of a Chief Judge of the rank of a District Judge and three Puisne Judges of the rank of subordinate judges

Record of suits in Madras in 1951 One suit for every 198 persons

The Police Department is under an Inspector General of Police who has six deputies four in charge of ranges of the State, one in charge of the Railway Police and C I D and the sixth in charge of the Madras City Police as Commissioner of Police

A Superintendent of Police is stationed at each District

Sanctioned strength of the permanent police force 38,622 excluding the Malabar Special Police and the Special Armed Police Units

HOUSING SCHEMES

An urban housing scheme was introduced in the middle of 1947 Accordingly housing committees were formed in about 200 urban and rural centres By the end of March 1952, as many as 165 new urban housing societies were registered Further 20 housing societies which were functioning in the centres selected by housing committees, have been entrusted with the implementation of the urban housing schemes in their respective areas

Co operative House Building Society acquires sites for the establishment of a co operative housing colony and undertakes the construction of houses as the agent of its members according to type designs on an approved lay out plan

The houses are built by the society and their cost is debited as loan against the member concerned

2 Co operative House Construction Society based on the co partnership tenancy system It acquires sites prepares a lay-out plan constructs houses according to type designs and rents them out to its members on the hire purchase system Under the hire purchase system the tenant-member becomes the ultimate owner of the house if he makes an initial deposit equal to one fifth the cost of the house before occupation and pays off the balance with interest in a period of 20 years

The Society continues to be the owner of the house for a period of 10 years or till the cost of the house has been paid off, whichever is later

3 Co operative Township This acquires extensive lands and lays them out into house sites for the establishment of a new colony and advances loans to members for the construction of houses It also provides and maintains civic amenities for the colony such as roads parks, playgrounds water supply drainage and sewerage street lighting schools hospitals etc, thereby also functioning more or less like a Municipality

Number of the various housing societies as on 31st March 1952 Co operative housing societies 29 House building societies 73 House construction societies 13 Co operative townships 2

Total number of members on their rolls with the paid up share capital within brackets 24 800 (Rs 141 lakhs)

These societies are financed by the Government

Loans disbursed by the Government to the societies from 1st April 1947 to 31st March 1952 Rs 282 25 lakhs

Budget allotment for 1952 53 Rs 80 lakhs

Government loans outstanding against co operative housing societies at the end of March 1952 Rs 292 lakhs

Loans outstanding against individual members in ordinary building societies, house building societies and co operative townships at the end of March 1952 Rs 229 69 lakhs

Lands acquired and handed over to co operative housing societies by the staff for the acquisition of lands till the end of March 1952 2,120 acres

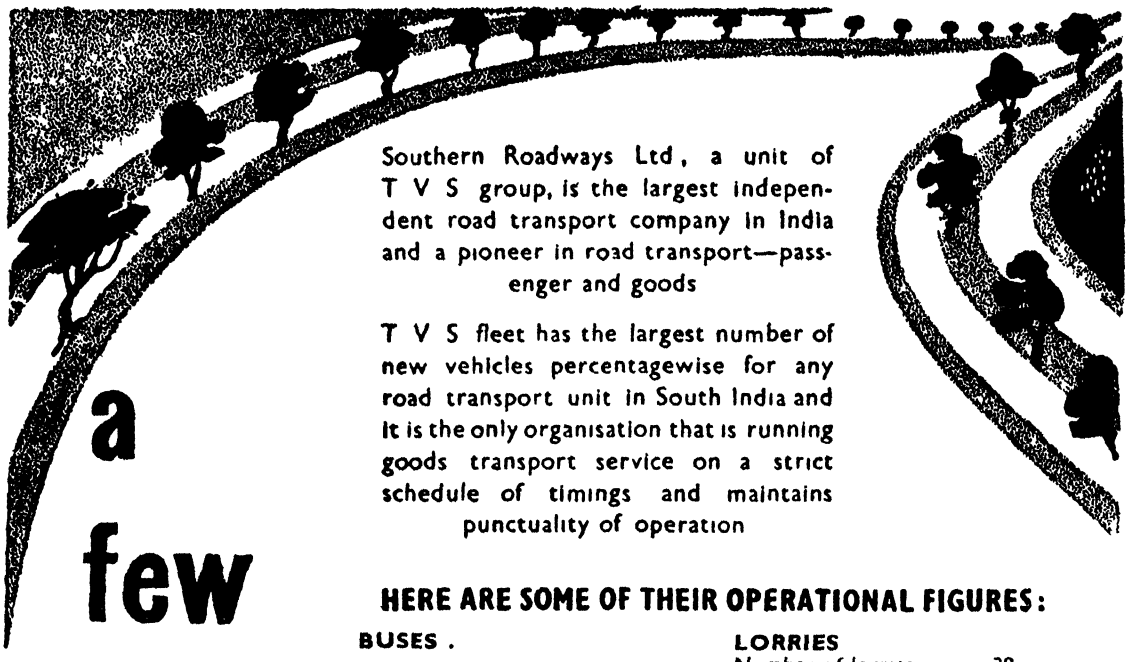
Total number of houses constructed by all types of housing societies with the aid of State loans till the end of 1952 5,825

Number of houses under different stages of construction at the end of March 1952 1,940

Co operative housing colonies in existence under the urban housing scheme Adyar Ayyanavaram in Madras City Perumalpuram in Palamcottah, Tanjore and Coimbatore

Colonies nearing completion Attur, Kovvur Palani, Salem

Colonies under construction In 17 other centres in the State Major portion expected to be completed during 1953 54



Southern Roadways Ltd, a unit of T V S group, is the largest independent road transport company in India and a pioneer in road transport—passenger and goods

T V S fleet has the largest number of new vehicles percentagewise for any road transport unit in South India and it is the only organisation that is running goods transport service on a strict schedule of timings and maintains punctuality of operation

a few facts about Southern Roadways LTD. MADURAI

HERE ARE SOME OF THEIR OPERATIONAL FIGURES:

BUSES .

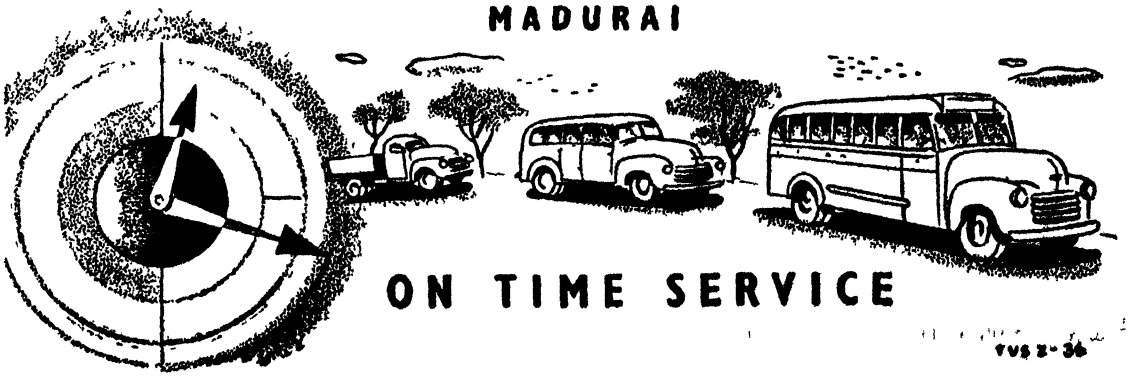
Number of buses	305
Number of bus routes	100
Total route mileage	2,725
Bus miles per year	13 millions
Number of persons carried every year	35 millions
Area of operation	15,146 square miles
Population served	7 1 millions
Average seating capacity	35

LORRIES

Number of lorries	38
Routes operated	21
Area served	All districts South of Madras, United State of Travancore-Cochin and Mysore
Route mileage	3,500
Lorry miles operated in a year	22 lakhs
Tonnage of goods transported in a year	48,000

GENERAL

Total number of employees	2,150
Salaries & Wages paid in a year	Rs 24 lakhs



ON TIME SERVICE

TVS 2-36

Government help to Co operative housing societies Provides long-term loans repayable in 20 years at comparatively cheap rates of interest Introduced a rural housing scheme to enable solvent villagers to construct houses with the aid of the long term Government loans

Number of rural housing societies registered 40

Number of members at the end of March 1952 775 Paid-up share capital Rs 1 13 lakhs

Number of loans sanctioned upto end of March 1952 42 loans amounting to Rs 1 66 lakhs

Number of houses constructed 32 in four housing societies

Budget allotment as loans to rural housing societies for 1952 53 Rs 10 lakhs

Help by the Madras Corporation Has constructed so far nearly 2 000 tenements costing about Rs 30 lakhs in different parts of the City, for housing its own employees Has provided plots in well laid out colonies with all amenities for about 2 000 families

Took up the Shenoy Nagar Housing Scheme in 1946 47 126 houses already completed out of the 1,000 houses provided for in the scheme Plinth area of these ranges from 638 square feet having a rent of Rs 28 per mensem, to 2,381 sq ft having a rent of Rs 160 per mensem

62 houses of independent detatched type for middle class group are nearing completion Has constructed 40 small houses in Tondiarpet and Royapuram for the lower income group

The Corporation raised loans from the Government for executing all these schemes

Slums : There are 241 slums in the City It was decided to raise a loan of Rs 30 lakhs from the open market to improve the slums Raised Rs 15 lakhs as the first instalment of loan Improvements effected in 52 slums, slums provided with dustless roads, drainage, lighting and water supply

125 tenements are under construction for providing alternative accommodation for families shifted as a result of improving the slums Besides, 25 acres of land is under aquisition The land is to be divided into convenient plots and allotted to the families in slums

The Corporation has launched upon a programme for constructing plinth and allotting them to tenants Plinths are provided with water supply, F O L s for each plinth and gully connections to the sewer Roads are laid and lighted The tenants put up superstructures according to an approved design Here the worker becomes the owner of the plot

The establishment of a Housing Board for Madras City for undertaking housing schemes for the lower income groups, is under the consideration of the Corporation

Coxcheri General Improvement Schemes Taken up in 1948 Two blocks providing accommodation for 48 families completed Other schemes, some of which have been approved by the Government and are in the initial stages of execution, are for clearing slums and for providing house plots to the poor and middle classes Financed partly by Government and partly from the trust funds

Housing of Harijans Government have undertaken to provide every family of Harijans or convert from Harijans with houses-sites if they do not own one Upto 1949 the Government bore the entire cost of lands acquired for communal and common purposes and half the cost of house-sites subject to the limits of Rs 150, Rs 250 and Rs 350 per acre of dry, garden and wet lands respectively, the remaining cost being recovered from the Harijans in easy annual instalments Assignments ordered to be free of cost from 1949 if Harijans are unable to pay.

Number of house-sites assigned upto 1949 50 from lands at the disposal of Government 29,208

House sites assigned by acquiring private lands at a cost of Rs 24,23,746 46,001

Industrial Housing : A sum of Rs 9 lakhs has been allotted to Madras by the Government of India as interest free loans for encouraging industrial concerns to build good houses for their workers The loan will cover two thirds of the cost, the remaining one third to be advanced by the employers The amount has been allotted to four applicants

Under the Subsidised Industrial Housing Scheme the Government of India propose to give to the companies 25 per cent of the total estimated cost of construction of houses including the cost of land as subsidy and 37½ per cent as loan at 4½ per cent per annum repayable in 15 years

The companies have expressed their desire to take advantage of the subsidised housing schemes abandoning the old scheme The question is under the consideration of the Central and State Governments in the light of the new development

EDUCATION

The State wide adoption of basic education *i e* craft centred education at the primary stage has been accepted as the aim of the Government Accordingly, the existing elementary schools and ordinary training schools are being converted into the basic type Year after year, new basic schools and basic training schools are also being opened

Expenditure on education in the State in 1952 53 Rs 1,200 lakhs

Amount set apart for the first half of the year 1953 54 Rs 650 lakhs

Types of institutions with the total number of institutions and scholars respectively within brackets Universities (3 2,967), Colleges for General Education (66 43,065), Colleges for Professional Education (31 8 298) Colleges for Special Education (32 1,515), High Schools (1,117 , 602,635), Middle Schools (682 , 55,014) Primary Schools (38,443 , 4,070 079), Nursery Schools (26 1,249), Schools for Professional Education (576 46 206) Schools for Special Education (1,279 , 40,525)

Total expenditure incurred on institutions in the State giving the different sources of money and actual amount drawn from the respective sources and spent on the institutions within brackets Rs 21,91,78 465 (Government Funds Rs 12,13,89,831), (District Board funds Rs 2,53,34,800), (Municipal Board funds Rs 83,12,199), (Fees Rs 3,59 83,604) (Endowments, etc Rs 27,22,377), (Other sources Rs 2,54,35,654)

BUDGET 1953-54

Budget estimate for 1953 54 Revenue (Rs 65,74,71,000), Expenditure (Rs 65,74,51,000), Surplus (Rs 20,000)

Total prohibition has been in force in the State since October 2, 1948 involving a loss of excise revenue of Rs 16 5 crores A sum of Rs 11 lakhs in 1952 53 were set apart towards the payment of the balance of compensation to zamindars whose estates were taken over under the Zamindari Abolition Act 1948 A provision of Rs 25 lakhs has also been made for this purpose in the budget for 1953 54 The estates are being taken over in batches

It will cost You *LESS* to retread Your TYRES

Ten years ago, Sundaram Industries was established when tyre rationing was introduced to conserve tyres, as a measure of war economy. T V S., pioneers in Road Transport and Automobile Engineering, sponsored this new venture . . another step in the service of the nation

Sundaram Industries reclaim old tyres, repairing them where necessary In their well-equipped plant, tyres are retreaded using a simple, long-wearing tread design

FMG

Spectacle Frames

are

First Class

quality products

FMG Spectacles give perfect vision and add distinction to the wearer.

Manufactured by MESSRS FERDINAND MENRAD, Germany, on the basis of an experience of over half a century and this is of inestimable benefit to all spectacle-wearers During this long period of time the Manufacturers have always acted on the principle of aiding those whose vision is impaired by designing only high class spectacle frames Good lenses indeed, deserve such excellent frames !

Variety of fish produced Bhekti Kakla Hilsa Borang, Sahal, Khuranti Kantia Ghungari Surga, Patua Singoh Misc

Quantity of each variety produced in 1952 Bhekti 4 527 mds Kakla 9 978 mds Hilsa 1 839 mds Borang 4 802 mds Sahal 1 954 mds Khuranti 3,477 mds Kantia 3 238 mds Ghungari 14 137 mds Surga 604 mds Patua 4 290 mds Misc 2 151 mds (1951)

FORESTS

Total forest area of the State About 24 000 square miles (This includes the Zamindari and private forests not under the management of the Department)

The forests occur in all the thirteen districts of the State but their distribution is rather poor in the coastal districts *e g* Puri Cuttack and Balasore

Total area of Private and Zamindari forest About 7,000 square miles

Main types of forests Tropical semi evergreen forest Tropical moist deciduous forests (Sal Forest and mixed forest) Tropical dry deciduous forest (Sal forest and mixed forest) Tidal forest (in the coastal area of Cuttack District)

Sal is the most important species of the State

Total revenue from the forest for the year 1952 53 Rs 88,77 870

Total expenditure for 1952 53 Rs 37,97,610

Main forest produce quantity of each variety and value of each variety in 1951 52 Timber (9 843,000 cft, Rs 34 92,300), Firewood (6 912 000 cft, Rs 11,31,791), Bamboos (45,478,577 nos, Rs 8 09 092), Kendu leaves (469,204 mds Rs 16,81 610), Silk Cocoons (1,301,742 nds Rs 3 471) Myra bolans (5,911 mds, Rs 10,997) Mahua flowers (6,026 mds, Rs 6 074) Khair (3,245 mds Rs 94,200), Lac (4 450 mds, Rs 44 009) Grazing and fodder grass (Rs 87,545), Sabai Grass (139,715 mds, Rs 1,24,902)

Afforestation During 1952 53, 110 acres were planted with Casuarina in Balukhand and Konark in Puri District at a cost of Rs 15,500

Besides a sum of Rs 2 41 203 was spent in afforestation in the different parts of the State

LAND RECLAMATION

Reclaimed land 233 610 acres

Area developed 3 406 acres

Number of tractors available 35

Number of refugee families resettled 2 300 (upto July 1952)

Basis of settlement Individual (Family)

Financial and other help given to colonizers The State Government spent a sum of Rs 1 2 5 119 for the resettlement of refugee families

Number of houses constructed 679

Number of masonry (tube wells) for irrigation and drinking water

Tube wells were sunk during the years 1952 53 These tube wells serve both irrigation and drinking purposes

Budget allotment for land reclamation for the year Rs 1 39 388 for the Land Reclamation Scheme through Government Agency

TRANSPORT

Total mileage of roads 12 742

Mileage of metalled roads 2 003

Mileage of unmetalled roads 4 293

Total mileage of railways in the State 873

Total mileage of water ways All the canals and some of the rivers are also navigable

Number of aerodromes 2 (Bhubaneswar and Jharsuguda)

Number of passenger service buses 802

Number of goods carrying trucks lorries 2,398

Number of taxis 16

Number of private cars 2 314

Number of post offices 1 219

Number of telegraph offices 918

Number of telephone exchanges 7

Number of Broadcasting Stations 1

Number of receiving licenses 5 972

Transport has been nationalised in the State

Name of Transport Authority The Regional Transport Authority, Orissa

State Transport

Operates passenger transport service only in the districts of Sambalpur Sundargarh Bolangir, Kalahandi Keonjhar and a part of Dhenkanal and Cuttack Districts

Capital invested Rs 19 92 400 (1952 53) Progressive (subject to audit)

Number of routes covered 34

Number of passenger vehicles owned 91

Number of goods vehicles 2 (used as petrol carrier)

Total number of passengers carried 1,680,874

Total amount of goods carried 17 800 mds (personal effects of passengers)

Total expenses of authority	Rs 23 20 000	Subject to audit
Total revenue	,, 26 60,000	
Profit	,, 3,40,000	

Rise in number of men employed after nationalisation From 473 in 1951 to 478 in 1952 53

Extra amenities provided for passengers Comfortable seats in buses and light water and rest houses at some important halting stations

The pre nationalisation fare was 1 anna per mile

Rate after nationalisation

Sambalpur zone 11 pies for upper class and 8 pies for lower class per mile

Sundergarh Zone 1 anna for upper class and 9 pies for lower class per mile

Keonjhar Zone 1 anna for upper class and 8 pies for lower class per mile

Orissa Road Trasport Company Ltd.

Operates passenger transport service only in the Districts of Ganjam Phulbani and in parts of Puri and Cuttack Districts

Capital invested Rs 21,16 375 (1952 53)

Total mileage covered 1 617 561 miles (1952 53)

Number of routes covered 37

Number of passenger vehicles 71

Number of suburban bus service 2 (Cuttack Bhubaneswar)

Total number of passengers carried 1 555 565

Total expenses of authority Rs 15,78,659

Total revenue Rs 15 82 171

Profit Rs 3 512

Extra amenities provided for passengers Comfortable seats in buses and light water and rest houses at some important halting stations

CO OPERATION

Total number of Co operative Societies (Registered) 5 892 including Banks

Total membership of Co operative Societies 319 765

Total working capital Rs 466 16 lakhs

Types of Co operative Societies and number of each type Orissa Provincial Co operative Marketing Society 1 Orissa State Co operative Union 1 Agricultural Credit Co operative Societies 4 425 Agriculture Non-Credit Co operative Societies 80, Non Agricultural Credit Co operative Societies 204 Non Agricultural Non Credit Co operative Societies 807 (including all Orissa Distributors Co operative Union and the Ganjam District Fishery Co operative Union) Provincial Co operative Land Mortgage Bank 1

Number of Central and District Co operative Banks 23

The Orissa State Co operative Bank 1

Working Capital Rs 55 83,066

DEPOSITS

Paid up Share Capital Rs 4,99 720

Reserve and other funds Rs 1 66 669

Dividend for the year Rs 1 02 808 (Net Profit)

Budget allotment for the Department for the year 1953 54 Rs 9,70 596

Revised Budget (1952 53) Rs 9 44 566

Actuals for the year (1952 53) Rs 7,96 386

STATE HELP FOR AGRICULTURE

Manures distributed under State auspices and their quantity Compost 11,01 584 tons, Oil cakes 295 tons, Fertilizers 435 tons

Quantity of improved seeds distributed Paddy 1 340 tons Wheat 9 tons Maize 1 ton, Groundnut 7 tons Gram 20 tons Pulses 192 tons Potato 15 tons

Agricultural Implements distributed or loaned 32 tractors and 53 pumps were loaned to cultivators during 1952 53

Number of agricultural experiment farms 46

Monetary help given by Government to cultivators Rs 1,25 149

Under G M F programme no cash loan was issued Seeds worth Rs 75,289 were loaned out, Rs 1,15,470 were spent in making pay

ment of premium, meeting the transit charges, etc, in distributing different kinds of seeds fertilizers and green manuring seeds and were ultimately treated as subsidy

Plant protection organisation and its operation 10 farms 50,379 acres

Rise in production of different crops owing to Grow More Food 16 676 tons

Highest yield per acre of different crops for which prizes were offered in competitions Paddy (133 mds 30 srs), Mung (26 mds), Potato (330 mds 18 srs), Mustard (6 mds), Wheat (29 mds 7½ srs)

Number of Cows 32,628, Buffaloes 406,384

Number of Veterinary Experimental Stations One

Number of Veterinary Hospitals 79

Number of Veterinary Staff 440

PUBLIC HEALTH

Commonest diseases in State and mortality from each of these in 1951 Cholera (4,192), Small pox (6,527), Fevers (including Malaria) (80,644)

Number of allopathic hospitals 147

Number of allopathic dispensaries 230

Total number of beds in allopathic hospitals 3,228

Number of Ayurvedic and Unani Hospitals and dispensaries Ayurvedic Hospitals 2, Ayurvedic Dispensaries 84, Unani dispensary 1

Number and type of special hospitals (T B, Cancer etc) 1 (T B Hospital at Uditanarayanpur, Bhawanipatna)

Total number of allopathic doctors (*a*) 442 (Government employees including staff attached to S C B Medical College, Cuttack), (*b*) 1,132 (allopathic doctors so far registered in the State)

Number of Ayurvedic practitioners 59 (Government)

Number of out door patients (allopathic) 43,45,221 (for 1951)

Number of in door patients treated in Hospitals (allopathic) 87,748 (for 1951)

Number of Government Hospitals Allopathic 117, Ayurvedic 2

Number of Medical Colleges Allopathic 1 (S C B M College, Cuttack), Ayurvedic 1 (Gopabandhu Ayurveda Vidyapitha, Puri)

Total number of students Allopathic 242, Ayurvedic 120

Strength of staff (*e g*, Health Officers and Health Inspectors, etc) on the preventive side of the Department 990

Budget allotment for 1953 54 Medical Department Rs 60 97,588, Public Health Department Rs 29,79 075

EDUCATION

Types of Schools	Primary Schools	Middle Schools	High Schools
Number of Schools	10,444	559	200
Total enrolment	4,90,035	49,274	56,108
Number of teachers	17,260	2,788	2,561
Total expenditure	65,02,733	25,37,252	38,56,620
Contribution by State Govt	53,52 017	12,20,706	15,51,429
By local authority	3,56,986	44,028	2,09,161
By private agencies	7,59,663	5,28,065	4,79,021

Contribution by Centre	27,444	41,146	

Number of Arts and Science Colleges 14

Arts, Science and Commerce (combined) 9, Arts 4, Science 1

Total number of women's colleges 1

Total enrolment 5,349 (Boys 4,986, Girls 363)

Total number of professors, lecturers, etc 298

Total expenditure for the year on higher education Rs 20,98,102

Contribution by State Government Rs 15,15,450

By private agencies Rs 25,673

Fees Rs 5,56,979

Total number of professional colleges (veterinary, agricultural, etc), 3 (Law 1, Medical 1, Training College 1)

Total enrolment 826

Total number of professors, lecturers, etc 75

Total expenditure on professional education Rs 5,55,370

Contribution by State Government Rs 5,03,760

Total number of teachers' training institutions 28

Number of training institutions which confer degree 1

Total number of teachers' or staff of training institutions 9

Total number of students at degree institutions 95

Total expenditure on teachers training Rs 5 86,749

Contribution by State Government Rs 5,79,030

By private agencies Rs 7,635

Fees Rs 84

Note —Besides the above, there are three colleges for special education, out of which, two are managed by Government and one is aided

Total number of students 238

Contribution by State Government Rs 73,044

Number of teachers 29

Number of commercial, technical institutes 29

Government managed 23

Aided 6

Total enrolment 1,116 (Industry 410, Commerce 37, Arts and Crafts 669)

Total number of instructors 127

Total expenditure Rs 7,36,481

Contribution by State Rs 6,59,785

By local authority Rs 12,801

Fees Rs 63,895

Research institutes and other notable institutions Research facilities have been provided under the Utkal University in Literature, History, Economics and Science Besides, there is a Research Department in S C B Medical College for Filaria In 1950-51 the State Government incurred an expenditure of Rs 48,847

Research and Museum section, Bhubaneswar

Number of schools for deaf and dumb 1

Enrolment 12

Number of teachers 1

Establishment institutions devoted to social education 501

Number of teachers available 204

Number of adults socially educated in a year 16,754

Total number of adults educated since movement was started 60 000

Total expenditure Rs 6,29,000

Contribution from private charity. Rs 6,29,000

Literacy in State 15·7 per cent.

An estimate of total number of adults in the age group 14-15 to be socially educated 72,00,000

Number of colleges owned by State Government 9

Aided Colleges 5

Number of teacher training institutions owned by State Government 28

By Local authority 24

By private agencies 4

Number of technical institutes owned by State Government 23

By private agencies 5

Number of Sanskrit Pathashalas 30

Number of European and Anglo Indian schools 3

Number of nursery schools (Balasramas) 4

Names of educational or research institutions in State to which the Central Government makes a grant and the amount of grant given in brackets Ravenshaw College (3 Junior Research Scholarships in Chemistry at Rs 100)

The grant given by the Central Government in 1952 for education of backward classes Rs 30,00 000

Grant given by the Central Government for expansion of education schemes Rs 78,300 ('52 '53) (For the purpose of constructing a building for Post graduate Department in Geology and purchase of apparatus in Ravenshaw College, Cuttack)

Elementary education is not compulsory throughout the State

Areas where education is free and compulsory Banki and Parlakimedi

Names of the places where compulsion is enforced Banki Union Board (24 villages) and Parlakimedi Municipality areas

Age of compulsion 5 to 11

Total number of children of the age group 6–14 in the State 28, 26, 667

Number of years required for making primary education free and compulsory for all students of the age group 6–14 40 years

Social Education

Social education is imparted through audio visual aids and literature Adult education is imparted through charts and primers

Curriculum of social education Health and Hygiene, Family and social life, Vocation, Literacy and Cultural activities, and Recreational activities

Duration of course 3 months (Literacy), 3 months (Post literacy)

The adults are educated in daily night classes. Certificates are awarded at the end of the course This education is imparted mainly through primary school teachers In order to retain literacy among adults library service is taken recourse to

The scheme began in 1949 and so far only about 60 thousand illiterate adults have been made literate but the total number of adult illiterates within the age group 14–45 is 72 lakhs If 3 lakhs are made literate every year it will take at least 24 years to reach the target but as it appears from the trend of increase of population, the target may go up as well

Wardha Basic Education scheme is making steady progress in Orissa

Number of Basic schools both Junior and Senior in the year 1952 53 227

Number of students. 14,146.

Number of teachers. 560

Number of Basic training schools 6

Teaching of regional language is compulsory till degree stage excepting for students in classes for degrees in Science and Commerce At degree stage students for B Sc and B Com degrees do not take any language Teaching of Hindi is compulsory from class VI to class IX Teaching of English is compulsory from class VI to intermediate classes At the degree stage only students for degree in Arts subject learn English on a compulsory basis English is the medium of instruction at College stage and there is no scheme at present to replace English as medium of instructions by Hindi or regional language

Public examinations which a student has to take during his school career Matriculation Examination

Name of body controlling such examinations Utkal University

Number of students who appeared 8,482

Number of students who passed 3,558

Percentage of failure 58

Plans for educational reconstruction or expansion (Primary and Secondary Education)

A bill for the formation of a Board of Secondary Education has been enacted A Planning Committee for the reorganisation of secondary education in the State has been set up For introduction of free and compulsory primary education—five places Baripada Sundergarh, Angul Athgarh and the Police Station of Athmallik have been selected on an experimental basis The operation of the scheme commenced from 1st December 1953 Full attention is being given for implementation of individual schemes under the Five Year Plan in respect of the State of Orissa

UTKAL UNIVERSITY

Cuttack 3

Vice Chancellor, Lt Col Dr P Misra, M Sc, Ph D (Leeds)

Registrar, G C Rath, M A, Dip in L Sc

Affiliating cum-Teaching University

Subjects for Post-graduate teaching and Research Oriya, English Economics, History, Mathematics, Physics, Chemistry and Botany

Number of colleges affiliated to the University 16

Number of teaching departments under its control 2

Annual income Rs 7,30,505 7 5

Annual expenditure Rs 7,14,564 15 0

Grant from State Government Rs 21 974, besides a block grant of Rs 1,20,574

LIST OF COLLEGES

Bhadrak College, Bhadrak (Balasore)

Christ College, Cuttack

Fakir Mohan College, Balasore

Gangadhar Mehar College, Sambalpur

Khallikote College, Berhampur (Ganjam)

Maharaja Purna Chandra College, Baripada (Mayurbhanj)

Narsing Chaudhury College, Jajpur (Cuttack)

Radhanath Training College, Cuttack

Rajendra College, Bolangir

Ravenshaw College, Cuttack

Sailabala Women's College, Cuttack

Samanta Chandra Sekhar College, Puri

Sri K C D. College, Parlakimedi (Ganjam)

Sri S C B Medical College, Cuttack

Stewart Science College, Cuttack

Vikram Dev College, Jeypore (Koraput)

Plans for educational reconstruction or expansion of university education At the instance of the Government of India, Ministry of Education, the Utkal University has submitted plans and estimates for the development of Post-graduate teaching and for research in a number of subjects and the requirements including cost of buildings are estimated at about Rs 48 00,000

The following projects are under consideration of the Government of India University building University library, up grading in the departments of Geology, Chemistry, Physics, Botany, Zoology, Anthropology, Mathematics, Medicine, English, Oriya, Economics, History, Orissan Art and Sculpture, Compilation of the History of Orissa and Psychology

During the year 1953 the following grants have been received from the Government of India for research training facilities in the departments of Chemistry, Botany Mathematics and Zoology, Ravenshaw College, Cuttack Chemistry (Rs 30,000) Botany (Rs 20,000), Zoology (Rs 20,000), Mathematics (Rs 5,000)

LABOUR

Average daily number of workers in registered factories 18 088

Names of industries in which minimum wage is fixed Rice Mill, Flour Mill and Dal Mill, Tobacco industry, Road construction building operations and stone breaking or stone crushing, Public Transport

Average monthly earnings of industrial workers in 1953 Rs 51 12 0

Average monthly earnings of workers in each of the more important industries Paper Rs 102 5 0, Glass Rs 49 5 0, Cement Rs 47 2 0, Textiles Rs 75 4 0, Vegetable Oil Rs 33 14 0, Hydrogenerated Rice Rs 27 11 0, Bidi Rs 23 11-0, Motor Transport Rs 64 13 0, Metal Products Rs 73-9 0

Total number of Trade disputes 16

Total number of strikes 5

Total number of workers affected 671

Names of important State laws affecting trade disputes Industrial Disputes Act, 1947, Industrial employment of (Standing orders) Act, 1946

Number of Trade Unions in the State 70

Total membership of trade unions 31,929 (figures relate to 48 unions The rest have not furnished their annual returns) The approximate number for the 70 unions may be taken as 45,000

Number of Labour Welfare Centres 4

Strength of Labour Welfare staff 7

Number of houses built through Industrial Housing Scheme 196

Units of single living room quarters were constructed during the year 1952 53

Under the Industrial Housing Scheme houses worth Rs 8,70,000 were constructed in 1951

HOUSING AUTHORITY

Housing authority - Housing Board

During the year 1952 53 a sum of Rs 5 lakhs was loaned out to Orissa Textile Mills Ltd, Choudwar for construction of houses for labourers employed by the concern

Source from which finance is drawn - Government of India through the State Government

Different classes of houses built and number of each class in urban area and rural area 196 units of single living room quarters were built by Messrs Orissa Textile Mills Ltd. at Choudwar

Cost of building house of each class Total cost Rs 7,54,051 (per unit Rs 3,847 8 0)

Rent charged for each of the classes Rent is chargeable at 2 per cent of the capital cost, subject to the limit of 10 per cent of the wages.

Housing plans for the future A sum of Rs 75 lakhs will be required for construction of houses at various centres in the State to be organised under the direct control of the State in industrial areas where a number of small industries exist and where individual industrialists cannot afford to provide houses for their labour

There are no local authorities in the State as the District Boards and Municipalities have been taken over by the State Government

POWER PROJECTS

Total capacity of Power Stations installed in the State 8,227 K w

Total Effective Capacity 8,127 K w

Total Production during the year 1952 53 in K W H R S (Units) 8 552 millions (approximately from C W P C accounts)

Number of units supplied to Industry 1 47 millions

Number of units supplied for domestic purposes 2 505 millions

Number of units supplied for Miscellaneous 2 103 millions

Total Units sold 6 078 millions (from C W P C accounts)

Names of Power Stations now in operation and their installed capacity

(A) *Diesel Stations* Balangir 214 K w, Balasore (Licensee) 370 K w, Baripada 345 K w, Berhampur (Licensee) 961 K w, Bhawanipatna 165 K w, Bhubaneswar 350 K w, Cuttack (Licensee) 877 K w, Deogarh 75 K w, Dhenkanal 34 K W., Jeypore 95 K w, Jharsuguda (Licensee) 226 K w, Keonjhar 88 K w, Nayagarh 46 K w, Puri (Licensee) 427 K w, Sonepur 17 K w, Sundergarh 142 K w, Talcher 50 K w

(B) *Steam Stations*

Cuttack Thermal Scheme (Not available), Choudwar Thermal Station, Choudwar, 3,000 K w, Jobra Thermal Station, Cuttack, 750K w

Total installed capacity 8,227

In addition to the 17 towns above, the following towns are served with electric supply Chatrapur, Gopalpur, Bhubaneswar (Old Town) and Sambalpur

Chief Hydro Electric Schemes under execution in the State

Machkund Hydro Electric Scheme (Koraput) and Hirakud Hydro Electric Scheme (Sambalpur)

Machkund Scheme

This is a joint scheme for Orissa and Andhra Governments and is located in Koraput District for harnessing Hydro-Electric Power from the Machkund river Work on this scheme was started in 1946 and power with the first stage of execution of the scheme was expected to be available by about the middle of 1955 when one set of 17,250 K w was expected to come into operation and shortly afterwards two further sets of 17,250 K w each The ultimate capacity of Machkund Power House will be 103,500 K W

The cost of the scheme (for Dam and Power Station but excluding Transmission line costs) is Rs 813 56 lakhs initially, rising to 987 lakhs in ten years, the costs and power generated by

the scheme to be shared initially by Andhra and Orissa Governments in the ratio of 70 30 Orissa having the option to have its full share of 50 per cent power output at the end of 99 years

This scheme will serve Koraput and Ganjam districts

The following towns will be served from this Jeypore, Koraput Nowrangpur, Borigumma, Kotpad Ravagada Gunupur, Parlakimedi Berhampur, Chatrapur, Rambha, Aska and Gopalpur

In addition to the various medium size industries now existing like the Sugar Factory at Rayagada Bharat Vegetable Products at Chatrapur etc , it is expected to serve a fairly large ferro manganese plant at Rayagada and also certain chemical industries in Ganjam district in the near future

Hirakud Scheme

This project was started in 1946 and is located at Hirakud near Sambalpur and a dam will be constructed here to utilise the waters of the Mahanadi River for irrigation, production of power and also to control the floods in the river

It is the first of three dams proposed to control and harness the mighty river Mahanadi for the development of the entire region

The first stage of execution of the project is expected to be completed by 1956 when 2 sets of 24 000 k w each and 2 sets of 37 500 k w each are expected to come into operation with an installed capacity of 123 M W and 89 3 M W of Firm Power

The Power House at the dam when completed could generate about 73 M W of power at 100 per cent load factor even in a bad year

In addition, the water passing through the turbines in the power house at the dam will be used in a power house lower down where an additional 50 000 k w of power is expected to be generated The water will then be discharged into the river and will be picked up by a weir at Naraj to be utilised for irrigation in the Delta

The power from the Hirakud Scheme will be utilised in the following districts northern portion of the State namely Sambalpur Sundargarh, Keonjhar Mayurbhanj Dhenkanal, Cuttack Puri, Bolangir and Kalahandi

In addition to a large number of medium sized industries like textile mills collieries paper mills, rolling mills etc the scheme is expected to serve 3 major industries, *viz* aluminium ferro manganese and steel

It will also be utilised for giving power not only to the various towns but also to rural areas for which purpose a large system of 33 and 11 K V lines are being constructed, and power will be utilised not only for domestic lighting but for small industries and for pumping of water for irrigation

Choudwar Thermal Station

The installed capacity in the Steam Station at Choudwar is being increased to 5 000 by installing one 2,000 Kw set For utilising the power from this station lines are being constructed to Puri Dhenkanal, Kendrapara and Jagatsingpur and it is expected that a large number of villages as well as small towns will be supplied from this station The present capacity of this Station at present including the 2 000 Kw set now under erection is 5 000 Kw and it is possible that a further set of 2 000 k w capacity will be installed here

Power projects planned but not executed A further 2 000 K w set at Choudwar The Lower Power House at Hirakud with an installed capacity of approximately 50 000 K w

IRRIGATION

Total area irrigated 1,925,780 acres

Area irrigated by Government irrigation works 17,000 acres by Canal System

The main irrigation works of the State are the Canal systems as below —(1) The Mahanadi River System (North Orissa Canals) (2) The Baitarani River System (North Orissa Canals) (3) The Rusikulya River System augmented by Rusulkunda and Suruda reservoirs (Ganjam Canal System)

Irrigation projects in execution 951 irrigation projects under execution, undertaken by Government

CIVIL SUPPLIES

Names of rationed articles quantum of each per adult per week in ounces

There is no statutory rationing in Orissa so far as rice is concerned Rice from Government procured stock is supplied in urban deficit and distressed rural areas to needy consumers As per Government of India's Instruction the quantum per adult per week is 84 oz and for heavy manual workers 112 oz

Cloth 10 yd per adult per year

Yarn Equitable distribution according to availability

Monthly requirement of State according to quota Rice, 2 500 tons (average) Wheat According to the deficit declared for 1952 1953 the average monthly quota comes to 833 tons Cloth 5 000 bales Yarn 8,760 bales Coal 6 480 tons Salt 2 20 000 mds Kerosene 7 ,000 tons Sugar 1,300 tons

Degree of control in the State

Rice & Paddy —Movement of foodgrains (Rice & Paddy) to places outside the State has been restricted Producers prices of rice/paddy have also been statutorily fixed Besides procurement of rice/paddy in Orissa is a State monopoly

Wheat is imported on Government account and released to the consumers through approved wholesalers and retailers Degree of control is as indicated in the Orissa Foodgrains Control Order 1951

Cloth —Full control over certain varieties and partial control over certain other varieties

Yarn —Full control over price and distribution

Coal —Control over distribution and price only

Controlled articles Rice paddy sugar wheat cloth yarn and coal The Government have fixed the prices of these articles

Articles in which the State is surplus and the actual surplus

Rice —1 67 000 tons declared surplus for 1952 1953 Kharif year

Articles in which State is deficit and the actual deficit

Sugar 1,300 tons, Wheat 10 000 tons during 1952 53 Cloth 48 000 bales Yarn 36 000 bales Kerosene 900 000 tons, Coal 77,760 tons, Salt 10 00 000 md

Import quotas of these articles

Wheat During the year 1952 1953 7,700 tons of wheat and flour were allotted by Government of India

Cloth 7 200 bales exclusive of free sale cloth

Yarn 23 000 bales, price varying from Rs 10 1 0 to Rs 24 10 0 per bundle of 10 lb according to counts

Amount of rice procured during the year

Rice —310,200 tons procured in 1952 1953 Kharif year

Procurement of millets not undertaken

System of procurement

The State Government have been following a system of monopoly procurement in regard to rice and paddy According to this system Purchasing Agents have been appointed in each of the districts in the State to procure rice/paddy for export and to feed deficit and distressed areas The system adopted was purely a voluntary one

Towns in which there is rationing and their population Cuttack (102,505), Kendrapara, (1 787) Baripada (20 711), Puri (49 057), Khurda, (8 500) Jatni (14 949) Bhubaneswar (17 000) Phulbani Boudh Udayagiri and Balliguda, (50 000), Berhampur (62 343), Balangir, (990) Jeypur (20,352) Gunupur (9 492) Rayagada (8 136) Sambalpur (23 525) Bharuguda (13 825) Bargarh (8,991), Dhenkanal (23 750) Balasore (22 851)

Total rationed population about 500 000

TRADE

Articles exported 2 62 300 tons of rice in 1952 1953 Kharif year

Articles imported and quantity of each Wheat 6 740 tons flour 960 tons Cloth 7 200 bales, Yarn 2 300 bales Coal 21 674 tons Kerosene 7 94 504 tins, Salt & Drugs and Yarn Rs 1 52 98 50

PUNJAB

Area 37,378 square miles

Population (1951 census) 12,641 205 (males 6,786,934, females 5 854,271)

Population by religion* Hindus 8 176,430, Sikhs 3,831,983 Jains 37,518 Buddhists 1,441, Zoroastrians 77, Muslims 229,080, Christians 95,293, Jews 170 other non tribals 631

Capital Chandigarh

Districts Ambala Amritsar Ferozepore, Gurgaon, Gurdaspur, Hissar, Hoshiarpur Jullundur, Kangra, Karnal, Ludhiana, Rohtak and Simla

The population District wise is as follows – Hissar 1,045,645, Rohtak 1 122,046, Gurgaon 967,664, Karnal 1 079,379 Ambala 943,734 Simla 46,150, Kangra 936,042, Hoshiarpur 1,091,986, Jullundar 1 055,600, Ludhiana 808,105, Ferozepur 1,326,520, Amritsar 1 367,040, Gurdaspur 851,294 The highest number of displaced persons is in Ferozepore (370,934) and the lowest in Kangra (19,770)

Languages spoken Punjabi and Western Hindi

AGRICULTURE

Area and Productions of Principal Crops of the Punjab, 1951 52

Food crops Wheat (3 207,000 acres 1,175,000 tons) Gram (1 861,000 acres, 449 000 tons), Barley (546,000 acres, 135,000 tons), Rice (unhusked) (526,000 acres 171 000 tons), Maize (727,000 acres 267,000 tons), Bajra (1,826,000 acres, 77,000 tons), Jowar (588,000 acres, 49,000 tons)

Total 9,281,000 acres, 2,323,000 tons

Cash Crops Sesamum (Til) (64 000 acres 6,000 tons), Groundnut (99,000 acres, 26,000 tons), Toria (85,000 acres, 21,000 tons), Rape and Mustard (589,000 acres, 64,000 tons), Linseed (4,000 acres, 27,000 tons), Cotton (518,000 acres, 130,000 tons), Sugarcane (Gur) (388,000 acres, 454,000 tons), Tobacco (6,000 acres, 2,000 tons)

Classification of land in the Punjab, 1951 52

Total area of the State 23,179,000 acres

Total area of crops sown 13,706,000 acres (Dry 8,086,000 acres, Wet 5,620 000 acres)

Area under food Crops 9,901,000 acres, area under cash Crops, 1,897,000 acres, area under fodder Crops, 1,908,000 acres, Area cultivated twice 2,023,000 acres, area possibly available for further cultivation through reclamation measures 2,201,000 acres

FRUITS AND VEGETABLES

The total area under potatoes is about 11,300 acres, and under other vegetables about 75,000 acres

The production of potatoes is about 36,000 tons

The total area under fruit is about 43 500 acres

The plains produce fruit like mango, litchi, malta, orange, sangtara, kaghzi lime, sweet lime, guava, peach, plum, pear In the hilly tracts are produced apple, pear, persimmon, cherry, walnut

The total quantity of fruit produced is about 75,000 tons, the value of which would be about Rs 3,05,23,680

LAND TENURE

Land Tenure System in the State

With the passing of the Punjab Occupancy Tenants (Vesting of Proprietary Rights) Act, 1952, there are now no occupancy tenants except on evacuee lands They have become proprietors from 15th June, 1952 on payment of compensation to landlords

Consequent upon the enforcement of the Punjab Security of Land Tenures Act, 1953, which came into force on the 15th April, 1953, tenants have been divided into the following two classes Tenants of landowners owning land above the permissible area, and tenants of landowners owning land below the permissible area

The permissible area has been fixed at 30 standard acres or 60 ordinary acres in case of locals, and in case of displaced persons 50 standard acres or 100 ordinary acres for those who have been allotted 50 standard acres or more in lieu of land left in West Punjab, but to the extent of land allotted in case it is less than 50 standard acres and more than 30 standard acres, but if allotted less than 30 standard acres then up to 30 standard acres including any land which such displaced person has in East Punjab

The tenants of the former category have security of tenure for a period of 10 years from the date of the commencement of the tenancy or the date of the enforcement of the aforesaid Act whichever is later The tenants of latter category are liable to ejectment after the 30th April, 1954 up to which date no tenant is liable to ejectment

Names of laws governing each of these Land Tenure Systems The Punjab Occupancy Tenants (Vesting of Proprietary Rights) Act, 1952, The Punjab Security of Land Tenures Act, 1953

Names of Tenancy Acts in force at present The Punjab Occupancy Tenants (Vesting of Proprietary Rights) Act, 1952, The Punjab Abolition of Ala Malikiyat and Talukdari Rights Act, 1952 The Punjab Security of Land Tenures Act, 1953, The Punjab Tenancy Act, 1887

Names of laws passed for expropriating non proprietary rentier class (Zamindari, Jagirdari Abolition) Jagirdari or Zamindari in the Punjab existed in the form of Ala Maliks and landlords of occupancy tenants which have since been extinguished by the Punjab Occupancy Tenants (Vesting of Proprietary Acts) Act 1952 and the Punjab Abolition of Ala Malikiyat and Talukdari Rights Act 1952

Area of land which will be released in consequence No area will be released as the Adna Maliks and occupancy tenants instead have been given proprietary rights of such lands

CIVIL SUPPLIES

Names of rationed articles, quantum of each per adult per week in ounces

The only commodity statutorily rationed is Rice It is issued at the rate of 42/7 ounces per adult per week to rice eaters/others (Wheat/atta ceased to be rationed article with effect from the 27th April 1953)

Monthly requirement of State according to the quota

2,000 tons of rice a month or 28,000 tons per annum (including a carry over of 4,000 tons for two months)

Degree of control in the State

Procurement of rice is done under the Monopoly Procurement Scheme by which all arrivals of paddy markets are taken over by Government or their authorised agents After dehusking, these stocks are delivered to Government for distribution through controlled channels and for exports to other States

In urban areas, it is a statutorily rationed commodity and is distributed at the usual scales

In rural areas, its distribution is regulated under the East Punjab Distribution of Rice Order, 1948

There is complete control over the price and movement of rice within the State Its export outside the State is regulated through permits, which are issued against quotas fixed under the Basic Plan by the Government of India

Quantity of wheat, rice and millets procured during the year

Wheat (1953 54 rabi crop year) upto 26th September 1953 23,716 tons (out of this, 3,918 tons were purchased under Monopoly Procurement Scheme and the balance quantity procured under Share System) plus 5,669 tons seeds

Rice (1952 53 Kharif crop year) 90,473

Millets were not purchased during 1952 53

System of Procurement At present rice is procured under Rice Monopoly Procurement Scheme Wheat is purchased under the East Punjab Foodgrains Procurement (Share System) Order 1948, under which a certain percentage of daily arrivals at selected mandis is taken over by the Government at Market rates All Foodgrains (except rice which is under monopoly) can be purchased by Government under this system but at present the purchases are confined to wheat only

Population of rationed towns 1,273,880

Name of rationed towns Simla, Ambala, Jagadhari Karnal Panipat, Ludhiana, Jullundur, Ferozepur, Amritsar, Batala, Gurdaspur and Pathankot

Food subsidy Foodgrains are not supplied at subsidized rates The issue rates however, are worked out on no profit no loss basis

Controlled articles Rice Salt where the District Magistrate exercises control over its price, Sugar where releases from factories are controlled by the Government of India so as to ensure regularity of supplies to the market and prevent shortages 25 per cent of the production of sugar factories is treated as a reserve stock from which the Government of India has the right to release sugar at the controlled price of Rs 27 per maund

Annual requirement of salt 24 lakh maunds

Import quotas for 1953 1,860,000 maunds for human and cattle consumption and 300,000 maunds for industries

Monthly requirements of cotton yarn as assessed during March 1951 6,500 bales

Quota of sugar In the pre control period, the State used to be allotted a quota of 6,000 tons per month which was subsequently increased to 6,250 tons per month

Self sufficiency regarding the following articles

Wheat During 1953 54 the State expected to be just self sufficient

Millets The internal production is normally sufficient to meet the needs of the State and therefore these are not imported from outside, except for seed purposes in years of lean internal productions

Kerosene. As there is no internal production in the State, it is imported entirely from outside

Salt has to be imported from outside besides the production in the plains stations

Cotton Cloth As production within the State is very small, most of the cotton cloth required is imported from outside

* Persons whose enumeration records were destroyed by fire—268,602

PLANTATIONS

Plantations are scattered over Ludhiana, Amritsar, Ambala and Karnal Districts

Area of Plantations on 31st March 1953 16,410 acres

The plantations are yet in formation stage

FORESTS

Total forest area as on 31st March 1953 3,265,110 acres

The forests are located in Kangra, Hoshiarpur, Amritsar, Gurdaspur, Ambala, Gurgaon, Hissar, Rohtak, Karnal, Ludhiana, Jullundur and Ferozepore Districts

Main types of forests

(*a*) Conifers —(*i*) Merchantable, (*ii*) unprofitable or inaccessible

(*b*) Broad leaved —(*i*) Merchantable, (*ii*) unprofitable or inaccessible

(*c*) Scrub

(*d*) Irrigated plantations

(*e*) Waste

Total revenue during 1952 53 Rs 49 18 lakhs

Total expenditure during 1952 53 Rs 47 11 lakhs

Main forest products and their value

Timber Cu ft solid in thousands	Value Rs in lakhs	Firewood Cu ft solid in thousands	Value Rs in lakhs	Other minor produce, *viz* resin, grass, etc Value in lakhs of rupees
3,758	21 43 (*a*)	12 165	10 06 (*b*)	33 59 (*c*)

(*a*) Includes Rs 3 07 lakhs
(*b*) ,, ,, 7 66 ,,
(*c*) ,, ,, 10 54 ,,
} On account of produce removed by right holders and free grantees

Area afforested during the year 10,714 50 acres

COTTAGE INDUSTRIES

Main cottage and small scale industries in the State showing the number of workers engaged and the value of annual production within brackets Handloom weaving (71,815, Rs 17,88,44,800), Hosiery (21,931, Rs 2 07,32 635), Niwar and Rohtak Tape making (80 Rs 95,000), Ban and Rope making (2,834 Rs 7,18,000) Duree weaving (2,341, Rs 23,00,000), General Engineering (12,128 Rs 2,20,72,450), Surgical instruments (401 Rs 4,62,500), Cycle parts (6,158, Rs 16 04,239), Hand sieves (45, Rs 2,68,012), Conduit pipes (68, Rs 1,60,000), Utensil making (4,555 Rs 1,28,50 000), Non ferrous metals (225 Rs 26,40 000), Rubber goods (60, Rs 131,000), Rubber insulated cable wires (13, Rs 78,000), Resin (510, Rs 56,50,000), Oil crushing (2,066 Rs 91,35,000), Soap making (3,262, Rs 43,88,000), Toilet Soap making (9, Rs 98,000) Ice making (19, Rs 54 000), Plastics (534, Rs 3,36,000), Brush ware (17, Rs 63,000), Saltpetre refining (2,534, Rs 29,02 483), Black salt manufacturing (100, Rs 2,00,000), Sports goods (1,970 Rs 16,00,000), Shoes and leather goods (7,570, Rs 57,40,000), Leather tanning (10,042, Rs 52,92,500), Glue (32, Rs 1,26,000), Gut making (12, Rs 1 00,000), Wood working (3,687, Rs 37,50,000), Ivory goods (150, Rs 1,00,000), Ivory inlaid goods (118, Rs 40,000), Basket making (1,944, Rs 3,75,500), Sirki and Moorah making (290, Rs 1,59,500), Bamboo chick making (82, Rs 40,000), Kikar bark grinding (214, Rs 4,80,000), Chemicals (574, Rs 1,02,00,000), Snuff (55, Rs 12,25,000), Scientific instruments (1,398, Rs 25,00,000), Glass and Dom nut buttons (85, Rs 4,00,000), Glass beed (40, Rs. 3,50,000), Optical goods (16, Rs 72,000), Slate (90, Rs 1,50,000), Cement (200, Rs 50,000), Store dressing (300, Rs 1,00,000), Breakfast and food (218 Rs 1,61,621), Fruit preservation (3, Rs 6,000) Sericulture (200, Rs 1,28,000)

MINERALS

Chief Minerals produced in the State There are no regular mines in this State except slate and stone quarries

Location. The quarries are located at Khuna yars, Bhagsunath, Narwana, Yol in the Kangra District and Kund in the Gurgaon District

Quantity and value (1952) 10,659 tons, Rs 4,76,659

50 workers are working in each quarry at Bhagsunath and Narwana About 100 labourers on an average are employed at Yol quarry by Messrs Narwana Slate Mines On an average 120 persons are employed by Kangra Valley Slate Co, Kund in the Gurgaon District

LABOUR

Average daily number of workers in registered factories 52 822

Names of industries in which a minimum wage is fixed

Woollen Carpet making or Shawl weaving Establishments, Rice mill, flour mill or dal mill, Tea plantations, Oil Mills, Inferior employees under local authorities, Road construction or building operations, Stone breaking or stone crushing, Public Motor Transport, Tanneries and leather manufactory, Agriculture

Working class cost of Living Index for December 1952 with 1931 35 as base

December 1952, Food articles 520, Fuel and lighting 408, Clothing 480, House rent 400, Miscellaneous 682, General index 513

The items of expenditure included in the statement have been given relative weightage proportionate to total expenditure These items account for 75 per cent of the total expenditure of working class The remaining 25 per cent represents expenditure on education, interest, debt, marriage, travelling, religious ceremonies, etc

Average monthly earnings at present Rs 65 8 0

Total number of trade disputes for the year 1952 57

Number of workers affected 5,782

Number of strikes 57

Number of workers affected 5,782

Number of man days lost 95,842

Number of trade unions in the State 142

Total membership of trade unions 12,250 (for 70 Unions only)

Number of Labour Welfare centres in the State 7

Strength of Labour Welfare staff 22

PUBLIC TRANSPORT

The total number of routes operated at present is 12 in Jullundur Omnibus Service, 25 in Amritsar Omnibus Service, and 26 in Ambala Roadways The total mileage covered by these nationalized services upto the end of October, 1953 from the time of their commencement was 2,86,12,220 and the passengers carried number 7,79,09,223

On a capital investment of about Rs 60 lakhs, the net profits aggregate over Rs 24 lakhs, after meeting the working expenses, interest on capital, leave and pension contribution, audit fee etc and after providing for Depreciation and Motor Transport (Insurance) Reserve Funds

The total amount to the credit of the Government Transport Services in the Reserve Fund at the end of the financial year 1952 53 was Rs 17,73,379

CO-OPERATION

As on 30th June 1952

Total number of Co-operative Societies 14,820

Total membership of Co operative Societies 7,98,978

Total working capital Rs 12,99,41,866

Types of Societies and their number Multi purpose Co operative Societies 369, Co operative Farming Societies 227, Co operative Farming 40, Better Farming 187, Milk Dairy Societies 7, Consumers' Co operative Societies (Store and Supply Societies) 108, Agricultural Credit Societies 7,706, Non Agricultural Credit Societies 557, Consolidation of Holdings Societies 1,336, Housing Societies 17

Co-operative Banks

Number of Central and District Co operative Banks 23

Number of Provincial Co-operative Banks 1

Working Capital Rs 61,31,932, Deposits Rs 39,91,030 Paid up share capital Rs 1,78,400, Reserve and other Funds Rs 2,025

PUBLIC HEALTH

Names of Diseases with mortality during 1952 within brackets Pneumonia (12,876), Phthisis (2,983) Malaria (2,580), Enteric Fever (2,380), Diarrhoea (2,087), Dysentery (2,048)

Number of allopathic Hospitals and Dispensaries Urban Hospitals 108, Rural Hospitals 10 Urban Dispensaries 115, Rural Dispensaries 358

Total number of beds in allopathic Hospitals and Dispensaries 6,448

Number of Ayurvedic and Unani rural Dispensaries 20

Number of Special Hospitals with the number of beds in each within brackets Tuberculosis 2 (188), Dental Diseases 1, Eye Diseases 2 (470), Leprosy 3 (442), Mental Diseases 1 (500)

Total number of Ayurvedic and Unani Doctors 17,872, Nurses 1,186, Dais 2,730, Compounders 2,491

Number of in patients treated in the Hospitals and Dispensaries of the Punjab during the year 1952 1 81,431

Number of out patients treated in the Hospitals and Dispensaries of the Punjab during the year 1952 57 27 617

Number of Government Hospitals and Dispensaries Hospitals 63 Dispensaries 145

Total number of doctors (allopaths) in Government service 566

Total number of doctors (Ayurvedic and Unani) in Government service 20 Nurses 117 Compounders 316 (excluding 20 in Ayurvedic and Unani Dispensaries)

Total number of Medical colleges (allopathic) 2

Number of students in Medical colleges (allopathic) 1 30

Total number of medical officers on the preventive side of the department 20

Budget allotment to the Public Health Department for the year 1952 53 Rs 21 21 340

EDUCATION

Information given below is for 1951 52

Pre primary Education Number of separate nursery schools 1, total enrolment 30, total number of teachers 2

Number of nursery schools and nursery classes in Urban areas 1

Total expenditure on nursery schools and nursery classes Rs 4 599 Contribution by State Government Rs 4,599

Number of nursery schools owned by State Government 1

Elementary Education Total number of elementary schools 4 591 Total enrolment 231,792, Total number of teachers 10 509

Total expenditure (Direct) for the year on elementary education Rs 10 668 896

Contribution by —

State Government	Rs	59,36,109
Local Authorities		38,98 423
Private Agencies etc	,	6 87 078
Fees		1 47,286

Number of Elementary Schools owned by —

State Government	22
Local Authorities	4 216
Private Agencies	352

Secondary Education Total number of secondary schools 1 360 (owned by State Government 78 by local authorities 910, by private agencies 372)

Total enrolment 4 40 305, Total number of teachers 13 046

Total expenditure (Direct) for the year on secondary education Rs 2,14,59 128

Contribution by —

State Government	Rs	71,55 874
Local Authorities	,,	27,28 936
Private Agencies etc	,,	19,37 840
Fees	,	96 36 478

Anglo Indian Education etc Number of European and Anglo Indian Schools 7, Total enrolment 1,100, Government grant Rs 91 510

Arts and Science Colleges Total number of Arts and Science Colleges 45 Total number of Women's Arts Colleges 5 Total enrolment 22 292 Total number of Professors and Lecturers 1 100

Total expenditure (Direct) for the year on arts and science colleges Rs 53 40,691

Contribution by —

State Govt	Rs	11,13 801
Local Authority	,	22 320
Private Agencies, etc	,	10 75,516
Fees	,,	31,29,054

Professional Colleges Total number of Professional Colleges 9, Engineering 1 Veterinary 1, Education 3 Commerce 1, Medicine 1, Agriculture 1, Law 1

Total enrolment 1,866 (Engineering 165 Veterinary 93 Education 328 Medicine 602 Commerce 91, Agriculture 203 Law 384)

Total number of Professors and Lecturers 155

Total expenditure (Direct) on Professional Education (Colleges) Rs 1 55 077

Contribution by

State Government	Rs	11 28 008
Private Agencies		94 349
Fees		3 32,720

Number of Colleges owned by State Government 16 by local authorities 1 by private agencies 39

Teachers Training

Total number of Teachers Training Institutions 9 (owned by State Government 6 by private agencies 3)

Number of training institutions which confer degree 2

Number of teachers on staff of training schools 7,

Number of students at Degree institutions 318

Number of students at Diploma institutions 1 412

Total expenditure on teachers training institutions (Direct) Rs 393 640

Contribution by —

State Govt	Rs	3 01 815
Private Agencies, etc		7 487
Fees		84 338

Commercial and Technical Education (Schools)

Number of technical institutions 3 (owned by State Government 26 by private agencies 9)

Total enrolment 2 521
Number of Instructors 258
Total expenditure (Direct) Rs 11,20,888

Contribution by —

State Govt	Rs	10 11 612
Local authority	,	1 700
Private Agencies, etc		65,030
Fees		42 546

Education of the Handicapped

Total number of schools for defectives 1
Total enrolment 55
Number of teachers 12
Number of schools for blind 1
Enrolment 55
Number of teachers 12

SOCIAL EDUCATION

Established institutions, devoted to Social (Adult) Education 132

Number of teachers 133

Total number of adults educated during 1951 52 3,657

Total expenditure Rs 1,82,731

Contribution from —

State Govt	Rs	1,55,062
Local authorities	,	3,343
Private charity	,,	4,326

Compulsory Education

Elementary Education is compulsory in certain areas of the State

Areas in State and age groups for which elementary education is free and compulsory Age group 6 11, 37 Urban Areas and 1,298 Rural Areas

Place of Language in the education system The question of allowing examinees in the Matriculation examination to answer papers in Hindi, Urdu and Punjabi is receiving attention

Wardha Basic Education Scheme

When started 1950 51
Number of schools 41
Number of students 3,912

Training centres for Basic teachers Three training schools

Name of the public examination at end of school career Matriculation

Name of the University conducting it Punjab University Solan

Social Education was adopted in this State under a directive of the Government of India in 1949 A Social Education Officer was appointed in 1949 and an assistant in 1950 to run the scheme Four Social Education Training Camps for teachers and volunteers were organised and 134 social centres including 28 for women were started under the Education Department A Social Education Sub Committee of the Provincial Advisory Board of Education drew up a detailed programme for pamphlets literature charts and films required for the purpose The scheme comprised besides the 3 Rs Health and Hygiene Geography Agriculture Everyday science and Civics and for women, needle work laundry cooking and handwork

The total number of centres at the end of 1950 was 163 (141 for men and 22 for women) This number is very inadequate The target is 500 centres for the whole State (250 for men and 250 for women) A large number of teachers in secondary schools the authorities of the Jails and the East Punjab Railway voluntarily carried on Social Education work in their areas

A Social Education Officer assisted by Social Education Supervisors one for each division has been in charge of the Social Education work

Social education centres have been provided with radio sets petromax lamps durries black board chowkis reading and writing material and library books

Centres for women are being developed into work centres Handicrafts like making of Azarbands and Newar weaving Phulkari and needle work and spinning are taught in these centres In centres for men crafts like mat making, bamboo craft rope making and bee keeping are being taught according to local traditions and the material available

Literacy tests given at varying intervals of 3 to 6 months according as the centres have pupils ready for the test are as follows Vidya Mandal (Literacy and library activity) Charcha Mandal (for discussion of news and views) Sankirtan Mandal (Kathas recreational activities with the help of Radios), Sewa Mandal (for training people in medical relief and first aid) Khel Mandal (for sports and games)

Budget for 1950 51 for Social Education Rs 1 75 000 Voluntary organisations engaged in Social Education work are also subsidized by the State Government under this scheme

Per capita income for State (1950 51) Rs 255 7, per capita urban income (1950-51) Rs. 541 9, per capita rural income (1950-51) Rs 210 6

AGRICULTURE

Main food crops Wheat, barley, gram, rice, jowar, bajra and maize

Main cash crops Sugarcane, linseed, rape seed, mustard, groundnut, til and cotton

Total food production: 11,295,753 tons

Production of individual food crops in tons for 1951 52 Rice 1,525,092, Barley 1,484,928, Bajra 778,019, Kodon 240,369, Maize 682,020, Peas 584,129, Potatoes 565,761, Wheat 2,533,069, Jowar 669,198, Mandua 89,156, Sawan 65,482, Gram 1,273,520, Arhar 705,015

Production of individual cash crops in tons for 1951-52 Linseed 17,394, Rapeseed and Mustard 117,350, Groundnut 115,088, Til 21,939, Sugarcane 3,169,211 (in terms of cane), Cotton 10,901, Jute 29,388; Indigo 10, Tobacco 18,205

Area of State in acres 72,278,813

Area cultivated 40,280,120 acres Area of uncultivable land 11,556,599 acres. Area cultivated twice 8,620,566 acres.

Area under dry cultivation 33,622,560 acres (plain portion only) Area under wet cultivation 13,875,108 acres (plain portion only)

Area under food crops 42,532,280 acres Area under cash crops 4,668,132 acres

Area under individual food crops (in acres) Rice 8,627,287, Wheat 8,301,566, Barley 4,661,369, Jowar 2,387,597, Bajra 2,764,033, Mandua 463,246, Kodon 1,094,335, Sawan 481,428, Maize 2,036,153 Gram 5,735,901, Peas 2,096,899, Arhar 1,711,401, Potatoes 223,574, Other fruits and vegetables 397,942 (includes the area of garden and orchards in the hill portion), Other food crops 1,549,549

Area under individual cash crops (in acres) Linseed 112,645 Rapeseed and Mustard 401,957, Groundnut 280,689, Til 252,674, Other oilseeds 52,966 Sugarcane 2,065,042, Cotton 193,328 Hemp 238,459, Jute 80,000, Indigo 1,568, Tobacco 56,412, Opium 32,392

Area possibly available for further cultivation through reclamation measures 82,34,649 acres (plain portion only)

Plantations and their number Fruit trees 948,242, Other trees 371,205

Area of plantations 12 040 acres

Number of stud bulls 4,573

Number of Buffalo bulls 1,047

Number of Rams 292

Number of Horse Stallions 44, Donkey Stallions 4

Number of veterinary experimental stations 4 Laboratories, one in each circle

Number of veterinary hospitals 231

Number of animals that can be accommodated in the hospitals Varies from 1 to 4

Number of surgeons and stockmen 268 and 742

Budget allotment for the Veterinary Department for the year 1953 54 Rs 1,26,14,700

STATE HELP FOR AGRICULTURE

Manures distributed in 1951 52 and their quantities Compost (293,480 tons), Oil cakes (43,654 maunds), Fertilizers Bonemeal (213 62 tons), Superphosphate (285 97 tons), Sulphate of Ammonia (37,347 tons), Chilean Nitrate (20 tons), Potassium Sulphate (1 2 tons), Gypsum (28 tons), D C M Fertilizer Mixture (1,048 8 tons)

Quantity of improved seeds distributed in 1952-53 Kharif (135,563 maunds), Rabi (468,421 maunds)

Number of agricultural implements distributed or loaned in 1951-52 13,309

Number of seed farms during 1952 53 26.

Plant Protection Organisation The staff consists chiefly of the Entomologist to the Government of U P, who is the technical and administrative head and Plant Pathologists in higher ranks

Total expenditure on the Service Varied from Rs 66,000 in the first year to Rs 4,00,000 during 1952 53

Highest revenue on account of the costs of the control measures recovered from the cultivators during 1952-53 Rs 46,335–10–6

Targets set for food crops For 1953-54 Kharif 200,000 maunds, Rabi 810,000 maunds

For 1954 55 Kharif 380,000 maunds, Rabi 972,000 maunds

Rise in production of different crops owing to Grow More Food Campaign 10 to 15 per cent on the average yield due to the use of improved seeds, i.e 468,421 maunds in Rabi and 135,563 maunds in Kharif

Highest yield per acre of different crops for which prizes were offered in competitions —

Name of crop	Highest yield per acre in		
	Mds	Srs	Chs
Wheat	54	0	5½
Paddy	82	15	12
Jowar	28	30	
Bajra	49	10	
Maize	60	20	

Budget grant for the Grow More Food for 1953 54

Reclamation of Usar and eroded land Rs 7,18,500

Bureau of Information and Publicity Rs 47,200

Crop Competition Scheme Rs 1,50,000

Potato Competition Scheme Rs 18,000

Multiplication and distribution of improved seeds Rs 16,77,200

Town Compost Scheme Rs 1,23,000

Plant Protection Scheme Rs 3,38,800

Demonstration on cultivators fields Rs 4,04,600

Seeds and District Farms Rs 5 64 300

CIVIL SUPPLIES

Rationed articles Wheat including pure wheat atta and salt Supplementary quota of imported wheat and Rabi coarse grains at economic cost is also issued in addition to the basic quota of wheat

Number of rationed towns after de rationing in 26 towns 36

Monthly requirement of State according to the quota of foodgrains excluding the quota issued at economic cost 32,630 tons Salt 2 773 M G wagons

Control No statutory control over prices of foodgrains Movement within the State is free State permission is required for movement of foodgrain outside U P

There is no procurement of wheat Procurement of rice only when required by Government of India for other States

No control over sugar except that ex factory price has been fixed for crystal sugar of 1951 52 by the Government of India

Salt Price, distribution and movement control

Articles in which the State is in surplus and the actual surplus Gur and sugar which share over 50 per cent of the export trade of the country Pulses particularly arhar and peas One to two tons are sent out to deficit States

Deficit article and the actual deficit Wheat Varies between 1 5 and 3 lakh tons

Import Quota Wheat 300,000 tons for 1953

Import price Wheat Rs 18 8 0 per maund from January 1 to February 28, 1953 Rs 17 8 0 per maund from March 1, 1953 Salt Different rates for different sources

Procurement of foodgrains during the year 1952 53 Wheat 231,250 tons, Gram 77,678 tons, Barley 42,154 tons, Mixtures 15,592 tons, Rice 37,177 tons, Jowar 8,564 tons Bajra 5,454 tons, Maize 1 ton

Salt is imported through licensed District nominees appointed by the District Magistrates

System of procurement of foodgrains Monopoly system

Food subsidy The Government do not give any food subsidy to maintain the system The loss incurred in running the scheme is met from the State revenues

LAND TENURE

With the vesting of zamindaris, following new legislation, on July 1, 1952 in 47 out of the States 51 districts, estates of nearly 20 lakh zamindars were taken over resulting in direct contact with 12,800,000 Kisans The area of land released is about 6 crore acres

Liquidated zamindars retain such of Sir, Khudkast and groves of which they have become Bhumidhars

The new land tenures under the U P Zamindari Abolition and Land Reforms Act are Bhumidhar, Sirdar, Adhivasi, Asami

The following laws govern the different tenures extant in the State

1 The U P Zamindari Abolition and Land Reforms Act governs the new tenures, 2 The U P Tenancy Act, 1939 governs small pockets where the U P Zamindari Abolition and Land Reforms Act, 1950 does not yet apply such as the urban areas, 3 The U P Land Revenue Act of 1901 as amended from time to time, 4 The U P Bhoodan Yagna Act, 1952, 5 The U P Land Reforms (Supplementary) Act 1952, 6 The U P Commutation of Rent (Regulation of Proceedings) Act, 1952 7 The U P Land Tenures (Regulation of Transfer) Act, 1952, 8 The Jaunsar Bawar Security of Tenure and Land Records Act, 1952, 9 The U P Zamindars Debt Reduction Act, 10 The U P Agricultural Tenants (Acquisition of Privileges) Act, 1949

The main features of the Zamindari Abolition etc Act are Extinction of ex intermediaries rights, Payment of equitable compensation, Payment of rehabilitation grant to ex intermediaries who paid land revenue upto Rs 10,000 per annum, Undisturbed possession of land by actual tillers of soil and conferment of greater rights upon them, Undisturbed possession by every person of his house well or grove, No landlord tenant system to be in force in future i e prohibition of sub letting except in restricted cases, Prevention of uneconomic holdings, Village community to own all common lands and to have powers of land management, The entire body of tenure holders to be jointly and severally responsible for the payment of land revenue, and Facilities for co operative farming

Every ex intermediary (ex zamindar) is entitled to compensation at the rate of eight times his net assets In addition, every ex intermediary, whose land revenue did not exceed Rs 10,000 would be given rehabilitation grant at the specified scale

IRRIGATION

Area irrigated by State Irrigation works (1951 52) 7,195,682 acres

Number of tube wells 2,393 Area irrigated in 1951 52 983,181 acres

Area irrigated by wells other than tube wells in 1951 52 5,062,140 acres

Names of larger irrigation works with capacity and area irrigated during 1951 52 within brackets

Upper Ganga Canal (9,063 cusecs, 1,683,437 acres) Lower Ganga Canal (5,170 cusecs, 1,273,321 acres), Eastern Yamuna Canal (2,262 cusecs, 502,929 acres), Agra Canal (1,800 cusecs, 380,486 acres), Sarda Canal (9,500 cusecs, 1,432,006 acres), Betwa Canal (1,307 cusecs, 190,314 acres), Dhasan Canal (740 cusecs, 65,596 acres) Ken Canal (1,067 cusecs, 1,70 030 acres), Ghagra Pumped Canal (771 cusecs, 1,02,130 acres) Ghagar Canal (5,892 m cft, 34,508 acres), Ramganga Canal (200 cusecs, 29 384 acres), Bijnor Canal (180 cusecs, 22,514 acres)

Names of irrigation projects in execution with the expected date of completion, area which will be irrigated and total cost within brackets

Sarda Canal (1954 1,76,000 acres, Rs 49 lakhs), Sarda Canal Extension (1953 54, 1 76,000 acres Rs 95 lakhs), Pratapgarh Branch (Extension of Sarda Canal) (1953 54 50,000 acres, Rs 53 5 lakhs), Daryabad Branch (Extension of Sarda Canal) (1954 55, 60,000 acres, Rs 60 lakhs) Sarda Reservoir in Tarai Forest Stage I, including Jaunpur Branch (1955 56, 200,000 acres, Rs 336 21 lakhs) Increasing capacity of Sarda Canal (1955 56, 40,000 acres, Rs 36 lakhs), Increasing capacity of Ganga Canal (1955 56 100,000 acres Rs 16 lakhs) Irrigation Schemes in Kumaun (1955 56 25 000 acres Rs 43 5 lakhs) Banganga Canal (1955 56, 22,000 acres, Rs 34 lakhs) Lalitpur Dam* (60,000 acres Rs 35 lakhs) Saprar Dam* (40 000 acres, Rs 60 lakhs) Matatila Dam (1956 57, 3,60 000 acres Rs 400 lakhs) Nagwa Dam* (70 000 acres Rs 80 lakhs), Kabrai Lake Project* (5 000 acres Rs 19 lakhs), Arjun Dam (1955 56 27 000 acres Rs 53 lakhs) Rangawan Dam (1954 90,000 acres Rs 103 lakhs), Belan Canal Project (1955 56 38,000 acres Rs 193 46 lakhs) Ahraura Dam (1956 57 22,000 acres, Rs 40 lakhs), Chandraprabha Dam (1956 57 40 000 acres Rs 78 42 lakhs) Shahganj Distv and Extension of Ghagra and Garai Canal Systems (1954 55, 20,000 acres Rs 18 7 lakhs), 964 State tubewells (1953 54 411 700 acres, Rs 426 29 lakhs) 995 State tubewells under Technical Co operation Administration (1955 56, 3,89,000 acres, Rs 380 63 lakhs)

Minor Irrigation Schemes with expected date of completion, area which will be irrigated and cost within brackets

Majhgawan Bund (1954 55 2,000 acres, Rs 6 lakhs), Baghelkhand Bund (1954 55 1,380 acres, Rs 5 66 lakhs), Barwa Tola Bund (1954 55 2,000 acres Rs 5 lakhs), Narhat Tank (1954 55, 497 acres Rs 1 62 lakhs) Pali Tank (1954 55, 1,023 acres Rs 2 19 lakhs) Mejia Reservoir and Canals (1955 56 75,000 acres Rs 104 lakhs) Naugarh Dam and Chandauli Canals (1955 56 80 000 acres, Rs 150 lakhs)

Total estimated rise in output after completion of the irrigation projects now in execution 501,073 tons

Irrigation projects planned but not executed Gandak Canal, Extension of Ghagra Canal, Sarju Canal, Salona Pumped Canal and other minor irrigation schemes

The following schemes are under investigation Bhara and other bunds (Agra District), Besu Gangi Irrigation Schemes (Azamgarh District), Kharari and other nala irrigation schemes (Azamgarh District), Pumping schemes from Tals (Azamgarh District), Pokhra Tal (Gorakhpur District) Ghugi Nadi Irrigation Scheme (Gorakhpur District) Bund and inlet scheme in Ballia Revalganj, Dohrigat Pumped Canal scheme

Forest Total area 13,000 sq miles, Private forests 3,800 sq miles, Revenue (1952 53) Rs 3,34,16,139, Expenditure Rs 1,24,92,493

MANUFACTURES

The State is not rich in minerals Iron and copper ore are found in the Himalayan districts

Coalfields exist in the district of Mirzapur in Tehsil Sanghrauli Gold is found in minute quantities by washing the sands in some of the rivers in the hills Limestone is found in the Himalayas and in the districts of Etawah and Banda, and stone is largely quarried in the Mirzapur district Other kinds of stone quarried, though in small quantities, are kankar and slates

Kanpur is the chief centre for cotton spinning and weaving mills According to the latest figures available about 8,000 persons are employed in cotton ginning, cleaning and pressing factories and 72,000 in spinning and weaving mills

Agra, the principal centre of shoemaking, is rightly called the Northampton of India and produces shoes worth over a crore of rupees a year Kanpur is next to it in importance

The glass industry is important at Bahjoi Balawali, Sasni, Harangau Shikohabad, Naini (Allahabad), Ghaziabad and Banaras Firozabad is the chief centre for manufacturing glass bangles in India

There are over forty hollow ware factories, and eighty glass bangle factories in the State Out of the forty one hollow-ware factories ten are large scale factories and the others are comparatively small The total amount of the goods produced in these hollow-ware factories is estimated at 25,000 tons per year valued at 4 5 crores of Rupees per year The bangle factories at Firozabad produce about 10,000 tons of bangles per year, valued at Rs 6 crores per year

There are four factories manufacturing vegetable ghee with a capacity of about 150 tons per day The oil crushing industry is well developed in the State since U P produces about 2¼ crore maunds of oil seeds There are over 150 big oil mills registered under Factories Acts and over 250 small oil mills working with power About half a dozen oil mills are equipped with refining plant

There are about 25 big soap factories besides a large number of small manufacturers producing in all about 3 lakh maunds of toilet and washing soap annually

Paints and varnishes industry is being developed with the coming into existence of 6 paints and varnishes factories producing 3 500 tons of paints and 150,000 gallons of enamel and varnish annually

Boiled oil is already being manufactured by some firms producing about 450,000 gallons annually

Allied industries like textile auxiliaries and toilets are being manufactured at some places

Tin canisters are made at Agra, Hathras, Etawah, Mainpuri and Ghaziabad

(For sugar industry see article Sugar Industry)

COTTAGE INDUSTRIES

Main Cottage industries	Number of workers	Value of production (in rupees)
Textile	1 238,000	41,84,00,000
Leather	180 000	20,40,00,000
Brass and copper (Utensils)	205,000	6,30 00,000
Locks Cutlery and building fittings	22 790	2 38,90,000
Iron and Steel	36,200	4 07,00,000
Glass	51,800	3,82,00,000
Ceramics and Pottery	250,550	7,53,85,000
Ghee, Oil, Soap and Gur	1,701,500	65,98,80,000
Wood Working	12,225	2,16,95,000
Cane and Reed Furniture and Basketry	64,800	3,08,50,000
Fibre	83,000	4,75,00,000
Essential Oils and Perfumery	3,000	25,94,000
Miscellaneous	30,265	4,61,45,000
Total	3,879,130	2,07,22,39,000

Total budget grant for 1953 54 Rs 93,75,400

TRANSPORT

Total mileage of roads 50,448 miles

Mileage of metalled roads 18,782 miles, unmetalled roads 31,666 miles

* In operation

Mileage of roads maintained by
P W D Metalled roads 8,491 miles, unmetalled roads 7,333 miles
District Boards Metalled roads 1,800 miles unmetalled roads, 17,000 miles
Municipalities 1005 miles

Number of passenger service buses 2,702 (excluding roadways vehicles) Number of goods carrying lorries, trucks 6,583 Number of taxis 452

Number of combined Posts and Telegraphs offices 3,178 (permanent), 2,175 (temporary) Number of telegraph offices 10

Number of telephone exchanges 67 Number of subscribers 12,297

Number of broadcasting stations 2 (Lucknow and Allahabad) Number of receiving licenses in 1950 53,624

The State owns a transport service under the name of U P Government Roadways managed as a Government Department with the Transport Commissioner as the head

The State is divided into seven regions namely Agra Allahabad, Bareilly (with which has been amalgamated the Kumaon region) Gorakhpur, Kanpur Lucknow and Meerut (with which has been amalgamated the Garhwal region) Each region is in the charge of a General Manager

The headquarters of the Transport Commissioner is Lucknow

Each region has a regional workshop and a number of depots for repairs and maintenance of vehicles at suitable places The Roadways Central Workshop the pivot of Roadways Workshop Organisation, is located in Kanpur

Capital invested Rs 3,47,97 053 (31st March 1952)

Total mileage covered in 1951 52 28,166 418 miles

Number of routes covered by nationalised passenger service Agra Region 44, Allahabad Region 24 besides 6 city services Bareilly Region 26, Garhwal Region 3 Gorakhpur Region 58, Kanpur Region 39 Kumaon Region 7, Lucknow Region 32 besides 8 city services, Meerut Region 23

Goods service has not been nationalised

Number of vehicles owned by authority in January 1953 Passenger 1,192 Goods 326

Number of nationalised city bus services 15 (January 1953)

Cities where transport is publicly owned Allahabad, Benaras, Bareilly and Lucknow

Number of suburban bus services 3
Number of city bus service vehicles 70
Number of passengers carried by Authority in 1951 52 42,53,107

Total expenses of Authority in 1951 52 Rs 3,02,54,798 9 10

Total revenue for 1951 52 Rs 3,15,12,816 5-0

Profit for 1951 52 Rs 12,58,019 11 2

Rise in number of men employed after nationalisation 7,290 (1950 51), 7,331 (1951 52)

Rise in per capita earnings of staff Rs 4,130 3 2 (1950 51), Rs 4,208 9 0 (1951 52)

Extra amenities provided for passengers Printed time tables are made available to the public Fare tables and time schedules are displayed at all stations

Tickets are issued at bus stations according to the principle of first come first served

Separate booking windows, waiting rooms and urinals for ladies are provided at important stations

Seats can be reserved in advance

Waiting room sheds and drinking water facilities have been provided at all the stations Refreshment stalls and book stalls are also provided at stations

Arrangements for loading and unloading of passengers' luggage are made through conductors and porters

Special services are run on occasions of fairs, etc

A high percentage of punctuality is maintained in running the buses

Bus fare for lower class was raised to 7½ pies per mile two years after nationalisation

The freight rate has been decreased after nationalisation

Ratio of total wage bill to total working expenses 3 13

Number of main workshops for repair and overhaul One Central Workshop at Kanpur

Number of regional workshops and maintenance depots 39 altogether

Some spare parts are manufactured at Roadways Central Workshop Kanpur

Expansion of U P Government Roadways is envisaged in the Five-Year Plan Several routes are proposed to be taken over for operation of Passenger Transport Services in 1953 54, 1954 55 and 1955 56

CO-OPERATION

Total number of co operative societies 36,523

Membership of co operative societies Individuals 3 037 285 Societies 49,007

Total working capital Rs 2,657 95 lakhs

Types of co operative societies and their number Provincial Co operative Bank 1 Central and District Co operative Banks 62, Central Urban Banks 3 Seed Stores 9, Consumers Stores 8 Cattle Breeding Societies 1 Better Farming Societies 2 Provincial Federation 1 Federations (District and Central) 53 Development and Marketing Unions 1,666, Ghee Unions 11, Milk Unions 6 Poultry Unions 2 Fruit and Vegetable Unions 2 Other Sale Societies 3 Better Living Unions 7, Educational Institutions 14 Others 2, Industrial Societies (Under Industries Department) 43

Number of Agricultural Primary Societies 32 245

Number of Non Agricultural Primary Societies 2,269

Provincial Co operative Bank Working Capital Rs 346 06 lakhs, Deposits Rs 274 18 lakhs, Paid up share capital Rs 40 54 lakhs, Reserve and other funds Rs 10 80 lakhs, Dividend for the year 1952 53 4½ per cent

Budget allotment for the Co operative Department for 1951 52 Rs 65 20 (ending March 31, 1952)

HOUSING

Information from the Chief Engineer, P W D, Buildings and Roads Branch —

Housing Authority Relief and Rehabilitation Department, U P, Lucknow

Source from which finance is drawn Ministry of Relief and Rehabilitation, Government of India

All quarters have been constructed in urban areas The following table gives details about the houses built upto March 1953

Class of houses	Number of each class	Cost of building each house	Rent per month for each house
		Rs	Rs
Shop cum residence	3,847	2,200	8 to 16
Improved type rest dence	140		
Stalls	1,798		
Single room quarters	3,764	1,836	10
Double room quarters	256	4,104	25 to 28
Shops	60	1,450	

Number of Labour quarters tenements constructed in the urban area By P W D at Kanpur 1,473, By Development Board Kanpur 744, By Municipal Board, Lucknow 560

1,500 tenements are being constructed by P W D at Kanpur at Rs 2,700 per tenement

Information from the Town and Village Planner to Government, U P

Housing authority and how constituted Kanpur Development Board under Kanpur Urban Area Development Act, 1945

Improvement Trusts under Town Improvement Act, 1919

Municipal Boards under U P Municipalities Act, 1916

Housing Board constituted by the Labour Department for workers' housing in sugar factories

Co operative Societies under Registration of Co operative Societies Act

Housing by private individuals

Different classes of houses built and cost of building a house of each class Five main room houses (Rs 25,000), Four main room houses (Rs 18,000), Three main room houses (Rs 12 000), Various types of refugee quarters constructed by State Government (Rs 4,500 to Rs 12,000), Houses constructed by Co operative Societies at varying costs, Two-room houses for sugar factories (Rs 3,500), Single room house for sugar factories (Rs 2,000), Industrial workers quarters (Rs 2,700)

How rent is fixed Economic rent is first calculated and then rent remission if necessary is made

The types of houses built by Co operative Housing Societies vary from five main rooms to three main rooms

The rents of houses built by housing authorities are lower than those built by private enterprises

Financial help No financial help for private enterprises Loans are granted by the State Government to local authorities and co operative housing societies, repayable in instalments at a nominal rate of interest

Housing for sugar factory workers is financed out of U P Sugar and Power Alcohol Workers Welfare Fund

Housing for industrial workers is financed by the Government of India on half subsidy and half loan basis

Number of families which need proper houses 464,936 This figure also gives the number of houses that are needed Number of houses at present 929,881

Sources of finance available for housing Government of India on half subsidy and half loan basis, State Government either in the form of grants or in the form of loans, Local Bodies taxes

Subsidised Scheme

Housing authority Housing Commission

Source of finance Subsidy and loan sanctioned by the Government of India

Number of houses built in Kanpur and Lucknow and the type 2,777 one room quarters

Cost of each tenement including land Rs 2,700

Rent per month, proposed to be fixed by the Government of India Rs 10

The rent is considerably lower than the rent of a similar house of the same standard built by private enterprise This rent will be a subsidised rent

Budget allotment by the State Government for construction of houses Rs 75 lakhs

The Government of India sanctioned Rs 95 lakhs for constructing 3,750 houses at Kanpur by 31st July 1953 The Government of India have also been moved to allot a sum of Rs 2 crores for 1953 54 for construction of workers' houses at Kanpur, Agra, Firozabad and Hathras

In Sugar Factories

Housing Authority U P Sugar and Power Alcohol Board

The Board consists of 9 members, 3 from Government 3 from employers and 3 from workers

Source of Finance U P Sugar and Power Alcohol Industries Labour Welfare and Development Fund created under the U P Sugar and Power Alcohol Industries Labour Welfare and Development Fund Act, 1951

How the finance is drawn By levying cess on the sale proceeds of molasses

Class of house	Number of houses under construction: Rural area	Number of houses under construction: Urban area	Cost of each house	Rent
Single room	271	47	Rs 2 040	Free
Two room	243	58	3,80 >	,,

Number of houses constructed so far by various sugar mills 216

Amount paid so far to the various sugar mills as part payment towards the above scheme Rs 7,26,357

Total number of houses required 1,500

Public Health Death per thousand Cholera (0 09), smallpox (0 77) plague (0 20), malaria (3 07) The number of officials in the health services is 181, and in the subordinate services 101 The budget allotment for 1953 54 Rs 1 41 76,000

ADMINISTRATION

Governor Kanialal Maneklal Munshi

PERSONAL STAFF

Secretary to the Governor – Lt Col C S Bhatnagar

Hon Aides de Camp –Lt B S Thapa, Sardar Bahadur, Rls Major and Hon Capt Manindra Nath Sardar Bahadur, Captain Bhagwan Din

Superintendent, Office of the Secretary to the Governor —Govind Ballabh Pant

WEST BENGAL

Area 30 775 sq miles, Population 24,810,308, Males 13,345 441, Females 11,464 867, Hindus 19,510,660, Muslims 4,927,163, Scheduled Castes 4,696,205, Urban 6,153,263, Rural 18,657,045

Capital Calcutta

There are two Divisions in the State, the Burdwan Division and the Presidency Division

The Districts in the Burdwan Division with their headquarters in brackets are as follows

Bankura (Bankura), Birbhum (Suri), Burdwan (Burdwan), Hooghly (Chinsura), Howrah (Howrah) Midnapur (Midnapur)

The Districts in the Presidency Division with their headquarters in brackets are as follows

Calcutta Cooch Behar (Cooch Behar), Darjeeling (Darjeeling), Dinajpur† (Balurghat), Jalpaiguri (Jalpaiguri), Malda (English Bazar), Murshidabad (Berhampur), Nadia (Krishnanagar) 24-Parganas (Alipur)

The boundaries of the present State as between East and West were fixed by the Radcliffe award

District wise, the whole of Burdwan, Birbhum, Bankura, Hooghly, Howrah Midnapur, Calcutta, 24 Parganas, Murshidabad and Darjeeling Districts and parts of Nadia, Malda, Jalpaiguri and Dinajpur Districts are in West Bengal

The 24 Parganas District includes the two P S of Jessore, Bongaon and Gaighata, that is 10 94 per cent of the area and 7 28 per cent of the population of Jessore

Of Nadia District 47 75 per cent of the population and 52 34 per cent of the area, of Malda 68 50 per cent of the population and 69 41 per cent of the area, of Jalpaiguri 77 62 per cent of the population and 81 57 per cent of the area and of Dinajpur 30 28 per cent of the population and 35 14 per cent of the area are in West Bengal (percentage based on 1941 census)

Cooch Behar was merged with West Bengal in January 1950

POPULATIONS OF DISTRICTS

Burdwan 2,191,667, Birbhum 1,066,889 Bankura 1,319,259, Midnapur 3,359 022 Howrah 1,611,373, Hooghly 1,554,320, 24 Parganas 4,609,809, Calcutta 2 548,677, Nadia 1,144,924, Murshidabad 1,715,759, West Dinajpur 720,573 Malda 937,580, Jalpaiguri 914 538 Darjeeling 445 260, Cooch Behar 671 158

AGRICULTURE

The figures are for 1952 53

Area in acres 19 641,100, area under forest 1 711,700, not available for cultivation 3 213, 700, uncultivated besides current fallows 1,839 000, current fallows 1,132,800, net area sown 11,730,000, area sown more than once 1,504,200 total cropped area 13,234,200

Area and production of principal crops are as follows

	Area (000 acres)	Production (000 tons)
Winter rice	8 801 6	3,484 7
Autumn rice	1,356 8	447 1
Summer rice	48 5	18 3
Total rice	10,206 9	3,950 1
Wheat	106 4	35 3
Pulses (including gram)	1,548 4	390 7
Oilseeds (including til)	323 8	59 3
Potato	100 4	421 1
Sugarcane	52 3	1,038 3
Jute	836 3	2,412 6
Tobacco	40 2	12 8

The figures for jute are in bales

The amount of sugarcane in maunds was 217,014 75 and of molasses 97,955 65

Under the Grow-More Food campaign the number of small irrigation schemes rose to 920 benefiting an area of 272 770 acres and the additional quantity of foodgrains produced was 27,641 tons The area of wasteland reclaimed was 6,404, and the additional foodgrains 4,482 tons

The quantity of ammonium sulphate distributed was 8,168, and extra production 35,376 tons, of super-phosphates 741 tons, extra production, 1,786 tons, of bone meal 3,045 tons, extra production 3,591 tons, of green manure 52 tons, extra production, 277 tons, of town compost 19,155 tons, extra production 1,419 tons of village compost 102,827 tons, extra production 3 808 of improved paddy seeds 1,134 tons, extra production 6,048 tons

There are 524 demonstration centres for the Japanese method It is estimated that the adoption of this method has given an extra production of 100 per cent over the State average of 16 1 maunds to the acre On this basis there will be an extra one million tons of paddy through this process

The total acreage under the Japanese method is 61,839

Total bovine live stock 11,024,304 of this male cattle 5,354,599, female cattle 5,050 544, male buffaloes 429,039, female buffaloes 190 122

A zamindari abolition bill has been passed into law

Four fundamental principles of the Bill are All land shall belong to Government, there will be no intervening rent-receiving interests, and lands will be held by the tillers of the soil the State will eliminate and acquire all zamindari and intermediate rent receiving interests in lands and similar interest in mines, certain types and quantities of land will be allowed to be retained under tenancy directly under Government on payment of rent Homesteads will be allowed to be retained free of rent

An intermediary will be allowed to retain among other things agricultural land in khas possession upto 25 acres, non agricultural land in khas possession upto a limit of 15 acres but not exceeding 20 acres including homestead land

Payment of compensation will be made as follows

For the first Rs 500 or less 20 times of such net income, for the next 500 or less 18 times for the next 1 000 or less 17 times for the next 2,000 or less 12 times for the next 1 000 or less, 10 times, for the next 15,000 or less, 6 times for the next 80 000 or less, 3 times, for the balance, 2 times

Payment will be made partly in cash and partly in non-negotiable annuity bonds at 3 per cent per annum and payable in 20 equal annual instalments

FOOD

The net availability of cereals in West Bengal is 3,402,000 tons, the requirement is 3,965,000 tons The annual deficit is about 563,000 tons

The State plans to get an extra 545,000 tons of rice by 1955-56 If the people agree to take 300,000 tons of wheat the food deficit may be wiped out by the end of the Five Year Plan As long as rationing continues in Calcutta, the State will get 360,000 tons of rice from the Centre

Statutory food rationing was first introduced in West Bengal on Jan 31, 1944 with a basic scale of 4 srs per adult per week The total cereal scale in 1954 was 2 srs 10 chs, the rice ration was 1 sr 5 chs

The rate for all qualities of rice was about Rs 21 4 0 from January to November 1953

From Jan 1, 1953 all intra-district and inter district cordons were abolished Rice mills were allowed to sell only one third of their produce to Government instead of the whole, and only farmers owning 10 acres or more were brought under a levy system requiring them to surrender their surplus to Government

Flour was decontrolled in Oct 1952 The Asansol and Kharagpur areas were deratioined in Dec 1952

Quantitative restrictions on the sale of wheat was withdrawn from Oct 5, and wheat was completely decontrolled from Jan 18, 1954

The levy stem was abolished on Oct 14, 1953

To give the people of the Calcutta industrial area additional benefit in the shape of supply of good rice free market shops were introduced in 1953 through which different varieties of rice within the quota were sold

IRRIGATION

Out of the 59 projects provided in the Five Year Plan 55 have been completed

The total cost of the schemes completed was over Rs 7 crores and the area benefited over 473,000 acres

The biggest of the schemes is the Mayurakshi It will irrigate 600,000 acres in the kharif season and 120,000 acres during the rabi season in the Districts of Birbhum, Murshidabad and Burdwan, and 30,000 acres in the kharif season and 2,500 acres in the rabi season in the District of Santhal Parganas in Bihar At the beginning of 1954 it irrigated 100,000 acres

About 2,000 kW of firm electric power will be generated and an additional 2,000 kW during the irrigation period

The canal system will have 847 31 miles of canals of various sizes

The Tilpara Barrage was started in 1948 and completed in June 1951 The cost of the barrage was Rs 1 11 crores Other barrages completed are over the rivers Bakreswar, Kopai, Dwarka Upto Aug 1953, 440 miles of canals had been excavated The Chandrabhaga Aqueduct, the biggest and most difficult crops drainage structure in the Mayurakshi project was completed during the monsoon of 1953

	When completed or to be completed	Total cost (Rs lakhs)	Area in acres benefited
Mayurakshi Reservoir	1954 55	15,50 00	600,000
Harahatuganj Drainage	1952 53	10 73	16,000
Berai Canal	1952-53	18 32	5,000
Jibanti Banki	1951 52	3 11	6,400
Jampoi	1951-52	0 51	800
Soadighi Gangakhali	1952 53	24 84	29,400
Jhargram	1952 53	9 39	5,000
Suvankar Daura	1952 53	13 20	6,000
Trans Damodar	1952 53	4 15	32,900
Saraswati	1952-53	4 34	7,100
20 Minor Schemes	1952-53	5 34	59,700
Procurement Bonus	1952 53	21 17	84,900
23 Emergency Schemes	1952-53	13 84	57,900
New Minor Schemes	1952 53	1 69	13,700
Excavation of Nonaganj river	1952-53	4 25	4,900
Sonarpur Arapanch Matla	1955-56	105 00	46,400
Bagjola-Ghuni Jatragachi	1955-56	99 00	25,600
Total*		19,41 20	1,005,500

* Includes items not listed above † Also called West Dinajpur.

DAMODAR VALLEY CORPORATION

The Damodar Valley Corporation Act was passed in March 1948, and the Corporation itself came into existence on July 7

The whole project is divided into two phases The first phase comprises four dams, Tilaiya, Konar, Maithon and Panchet Hill with hydro electric stations attached to each, a thermal power station at Bokaro with an ultimate capacity of 200,000 kW, a transmission and distribution system which includes 510 route miles of transmission, an irrigation barrage at Durgapur with a net work of canals totalling 1,552 miles and provision of navigation facilities

The rest of the four dams Balpahari, Bokaro, Aiyar and Bermo with hydro electric stations form the second phase

The total cost of the first phase would be around Rs 88 crores The share of the three participating Governments is as follows Govt of India Rs 22 crores, Government of Bihar Rs 15 crores, Government of West Bengal Rs 51 crores

The total capital expenditure incurred upto the end of 1951 52 was Rs 28 07 crores the revised estimated expenditure for 1952 53 was Rs 17 63 crores, the D V C s budget estimates for 1953 54 was Rs 16 84

Of the projects in the first phase the Tilaiya Dam and the Bokaro Thermal Station were opened on Feb 21, 1953 Konar and Maithon and the Durgapur Barrage are expected to be finished in 1954 and Panchet Hill in 1955

The benefits from the first phase are estimated to be of this nature extra food worth Rs 30 48 crores, extra jute Rs 3 60 crores, sale of power Rs 4 18 crores

Tilaiya Dam was begun in January 1950 and completed in Sept 1952 Of the two 2 000 kW generators the first was opened on Feb 21, 1953 The total area irrigated will be 99,000 acres a year The hydro-electric output 22,770,000 kW hours per annum

The Bokaro thermal station is the biggest electrical plant in India It is designed with an ultimate installed capacity of 200,000 kW

Konar Dam will provide rabi irrigation for 68,000 acres and kharif for 36,000 acres The hydro electric plant has 40 000 kW capacity The dam was started in the middle of 1952 and will be completed in 1954

The Maithon Dam is designed primarily for flood control The attached generating station has an installed capacity of 60,000 kW The area irrigated will be 270,000 acres

Panchet Hill the fourth of the dams is also designed primarily for flood control The attached electric plant has a 40,000 kW capacity The area irrigated will be 683,850 acres

FORESTS

The forests with a total area of 2,680 sq miles lie chiefly in the Districts of Darjeeling, Jalpaiguri, Cooch-Behar, and in the Sundarbans The forests in the north represent about 90 per cent of the income from forests Transport is the chief problem as the consuming areas are in the south west there is no direct link between Siliguri and Calcutta The Sundarbans forest produce chiefly fire wood

The principal products are timber, fire wood and charcoal

The average annual production is about 26 13 lakh cubic feet of round timber, 24 14 lakh cubic feet of poles, 0 79 lakh cubic feet of sawn timber and 226 77 lakh cubic feet of fuel

Other forest produce are about 8 5 lakh bamboos, 22,300 loads of cane, 13 lakh cubic feet of stones, 5,820 maunds of honey, 1,307 maunds of wax and 2 lakh bales of thatching grass

* Of proper mill-size 36

INDUSTRY

Agriculture is the principal industry of West Bengal Industry proper is comprised largely of jute tea (confined to Jalpaiguri Dooars, Darjeeling), coal mining and sugar

There are about 200 textile mills* with about 350,000 workers, about 100 jute mills with over 300,000 workers about 600 engineering works with 95,000 workers, about 1 400 other factories with 235,000 workers

Then there are the cottage industries

Government help takes the form of assistance to private industries, training and research and the creation of wider market for finished goods

In the matter of assistance to private industries, Government acquires land, obtains controlled material aids export and import and grants long term industrial loans

Vocation training is given in Government and aided institutions Of the latter there are 75 Under the Government of India's scheme for training civilian adults 2,380 boys are trained every year

The Industries Directorate has taken up four schemes for developing cottage industries They include utilization of coir products, development of pottery bee keeping and match industry

At Jalpaiguri there is demonstration in sericulture In Calcutta there is a silk conditioning house Training in sericulture is given at the Government Institute at Berhampur, where upto March 1953, 12,000 persons have received training in various trades and professions

The number of industrial co-operatives is over 900 with a membership of 67,975 upto *June 1952* Their total working capital was Rs 13 32 lakhs, and the proceeds from the sale of goods amounted to Rs 70 lakhs

There are 8 sericulture nurseries and 23 silk artisans societies where about 806 artisans work They produced 70 000 sq yd of silk fabric in 1952 53

There were 4 industrial centres in 1952-53, in which 210 workers produced 66 000 yards of cloth, khadi amounted to 78 616 sq yd

Palm gur produced by the Directorate amounted to 987 maunds Hand made paper totalled 263 reams

CO-OPERATION

Total no of societies at end of 1953 16,825 total membership 1,000,576, total working capital Rs 19 50 crores

There is one Apex Bank, 40 Central Banks, one Banking Union, 8 Land Mortgage Banks on the District level, and 10,465 primary credit societies on village level The total membership of primary agricultural credit societies is 240,000

Crop loans for agricultural operations Rs 81 lakhs, Long term loans by Land Mortgage banks Rs 2,50 lakhs from June 30, 1952 to June 30, 1953

Total working capital of Provincial and Central Banks and of agricultural credit societies *Rs* 7 52 crores

Of the non-agricultural credit societies there were on June 30, 1953, 415 urban credit societies with a total membership of 290,000 and a total working capital of Rs 8 78 crores The loans issued in 1951 52 amounted to Rs 7 36 crores

Among agricultural non credit societies there were 822 irrigation societies, 44 agricultural associations and farming societies 17 marketing societies, 8 vegetable growers' societies, one ganja farming society, 158 milk societies, 2 cardamom growers' societies and 1,693 multi-purpose societies

The irrigation societies irrigate 45,000 acres of land, the farming societies jointly cultivate 4,000 acres, the production of the ganja society amounted to Rs 2 98 lakhs in 1951 52 The out-turn of the milk societies was Rs 4 89 lakhs

The multi-purpose societies excavate lands and canals, supply seeds and manures, issue crop loans, farm, colonize, buy and sell The total out-turn in 1951-52 was Rs 223 96 lakhs

In the handloom industry there were 19 industrial unions on the district level, 921 weavers' societies on the village level and two provincial societies for marketing handloom products The working capital of the unions was Rs 12 83 lakhs

There were 921 weavers' societies with a membership of 67,975 The total sale by the Weavers Societies in 1952 was Rs 69 50 lakhs The working capital of the weavers' societies amounted to Rs 13 32 lakhs

Other societies are Conchmakers' societies 5, Cocoon Rearers' and Reelers societies 23, Bell metal workers' societies 23, silk societies 2, brazier societies 4 bidi production societies 4, fishermen's societies 275 (membership 16,825, working capital Rs 3 39 lakhs, sale Rs 6 32 lakhs)

Transport societies 12 medical and health societies 3, rural reconstruction and better living societies 688

Colony societies 126 (working capital Rs 35 09 lakhs)

Co operative insurance societies 9 (sum assured Rs 484 16 lakhs)

The Co operative Milk Societies Union Ltd Calcutta supplies about 2,000 maunds of milk monthly in the city The working capital is Rs 6 73 lakhs

All the sections of the Haringhata Live stock Improvement Station are now in operation The cattle section has 1,620 head of cattle which yield about 40 maunds of milk a day In 1953 54 about 200 breeding bulls were expected to be supplied for breeding purposes The poultry section has a strength of 1 000 layers About one lakh eggs and 7,000 breeding stock were expected to be supplied In the goat section the work of selective breeding is in progress

The dairy which has an up to-date plant handles 250 maunds of milk a day It also produces butter and ghee There is also research work on the breeding and improvement of fodder crops

The whole station runs at a profit

The latest year for which fuller particulars than those given above are available is 1950 51

No of agricultural credit societies 9 523 no of members 226 000, share capital Rs 16,39 000, funds Rs 41,30 000 working capital Rs 1,14,00,000, loans made Rs 33,26,000 value of goods marketed Rs 31,000, rate of interest on borrowings 9¾ on lendings 12¼

No of purchase and sale societies 384 of production and sale societies 1 457 of social services societies 45 of housing societies 111, of insurance societies 8 total no 2 000 no of members 199 000 share capital Rs 20,00 000, funds Rs 75,00,000 working capital Rs 1 33 00 000 value of goods sold Rs 1,45 00 000

ROADS

There are six national highways in West Bengal Calcutta Delhi (152 miles), Calcutta Bombay (90 miles) Bihar Assam (181 miles), Siliguri Gangtok (35 miles) Calcutta Siliguri (203 5 miles) Calcutta Bongaon

The state highways cover a total route length of 746 miles

The roads under the District Boards are as follows 1,500 miles metalled, 15 000 unmetalled

Then there are earth roads under union boards

Mileage per thousand of population 0 57

The roads share in the Five Year Plan is Rs 13 80 crores The plan includes the construction and improvement of 296 miles of national highways, 518 miles of state highways, 1 282 miles of major District roads 196 miles of village roads The State highways will claim 30 per cent of the funds major District roads 64 per cent village roads 6 per cent

The programme of works also includes the construction of 50 major bridges besides a large number of minor bridges and culverts

COMMUNITY DEVELOPMENT PROJECTS

There are eight blocks They are Baruipur in 24 Parganas Saktigar in Burdwan Ahmadpur in Birbhum Muhammad Bazar in Birbhum, Nalhati in Birbhum, Jhargram in Midnapur, Tulia in Nadia Habra in 24 Parganas, Sonamukhi in Bankura, Dinhata in Cooch Behar

The area covered by the eight blocks is 697 8 sq miles The total number of families covered is 100 036 and the total population about 450 077

The contribution from the local people is measured in terms of labour, cash or materials The voluntary labour is estimated to be worth Rs 1 90 lakhs, the cash contribution Rs 99,000 and the value of the material donated Rs 1 lakh It is estimated that upto Nov 30, 1953 the contribution of the local people was worth Rs 4 06 000

EDUCATION 1953-54.

Budget for 1953 54 Rs 4,52,09,000

No of primary schools, 14,903, no of pupils, 1 477 814, no of teachers, 45 000

No of secondary schools (middle), 1,299, no of pupils, 147,520

No of high schools, 1,168, no of students, 434,312

No of colleges, 88, no of students, 51,821

No of technical schools including weaving schools, 116, no of students, 7,195

No of agricultural schools, 1, no of students, 41

No of veterinary schools, 1, no of students, 103

No of social education centres, 1,152 no of persons attending them, 62,681

No of basic education centres, 113, no of students attending them, 12,499

Money spent on primary education, Rs 1,31,00,000 (1952 53) on Basic Schools and Basic Training Schools, Rs 18,75 000 (1952 53), on college education Rs 33 00 000 on research schemes, Rs 1 01 000 (1952 53) on pre Matric technical institutes Rs 1,75 000 (1952 53), on polytechnics and technical training centres Rs 6,79 000 (1952 53), on Sanskrit education Rs 1,38,000 (1952 53), on special stipends from primary to university Rs 11,72 000 (1952 53) on National Cadet Corps, Rs 10 14 000 (1952 53), on physical education, Rs 77,400

A ten year plan of free and compulsory primary education for the rural areas initiated in 1951 52 covered an area of 3,834 85 sq miles catering for about 4 lakh children at a total additional cost of Rs 11,17,300

This scheme is going according to plan and one fifth of the area of the State was covered in the first two years There is now a scheme for opening 2 500 primary schools and the appointment of 10 000 primary school teachers The Central Government will share 75 per cent of the expenditure

There were in 1953 54 148 Junior Basic Schools The establishment of 77 new Basic Schools was sanctioned The capital cost of each school is about Rs 24 000 Upto 1953 54 about 1 400 Basic teachers were trained The number of Basic Training Schools was 11

About Social Education, there were 450 literacy centres and 300 complete centres maintained by Government besides 200 other centres run by aided voluntary organizations and 125 library centres for follow on education The total number of adults who attended these Government centres was 60,000

Rs 1 48 lakhs were spent on library centres public libraries folk recreational institutions

About 600 all wave radio sets were installed in adult education centres, public libraries, schools and colleges

There were 37 pre Matric industrial institutions

There were also four polytechnics and three technical training centres They provided one year training course for about 1,500 trainees

The polytechnics are Asansol Polytechnic Dhadka, Asansol Sispore Polytechnic, Howrah, Jalpaiguri Polytechnic Institute, Jalpaiguri, Hooghly Institute of Technology, Hooghly

The technical training centres are Ramkrishna Mission Shilpa Mandir, Belur, Howrah, Jadavpur Polytechnic, Jadavpur, Dum Dum Polytechnic, Dum Dum

Three other institutes which provide diploma courses are located in Burdwan, Bankura and South Calcutta

Sanskrit education is provided in three Government and 261 aided tols

There are 15 Senior Division Units of the National Cadet Corps and 165 Junior Division N C C

HEALTH

Birth rate 23 2, Death rate 12 1 Infant mortality 98 1, Maternal mortality 5 7

No of hospitals 457 no of dispensaries 740, no of beds 18,579, no of T B hospitals 10, no of T B beds 2,084 Rural health centres 154, Rural health centre beds 2,030, Maternity and child welfare centres 39, Maternity homes 4, Medical colleges 4, no of students in colleges 3,640, Nursing training centres 19, no of students 869, Pharmacy training centre 1, no of students at the centre 60, Mobile medical units 206, no of beds for treatment of leprosy 933, for venereal diseases 110

No of people tested in the B C G campaign 422,398 no vaccinated 132,401

Drinking water is supplied in rural areas by sinking tube wells which now number 4 769

The total expenditure on health services (1953 54) Rs 4,69,15,000, per capita Rs 1 14 3

REFUGEES AND REHABILITATION

Total no upto Oct 1953 2,585,974

No resettled 1,462,175

Total expenditure upto Sept 1953 Relief grants, Rs 15 32,84 286, Rehabilitation grants, Rs 4,44,87 633, Expenditure on loan schemes and advance loans, Rs 17,31,31,575

Expenditure in 1953 up to Sep Relief grants, Rs 1,00,80 073 Rehabilitation grants Rs 42 73 144, Expenditure on loan schemes and advance loans, Rs 83 16 675

Total no of refugees accommodated in camps and homes upto Oct 1953 about 65,000

Total no of unattached women together with old and disabled men and children sent to Permanent Liability Camps about 35,000

No of families settled on khas mahal lands (upto Oct 1953) 9,005 (on 10,284 acres, each agr family got 3½ acres, each non agr family got ½ acre)

No of families settled on fallow or unused land 13,035 agr and 36,110 non agr

No of families absorbed through villages or houses under a Union Board 11 899 no absorbed through arrangement with landowner 4,080

Amount of land acquired through private negotiations by refugees 59,261 plots (5 bighas per family) and 87 090 non agricultural plots (6 cottahs per family)

Schemes for loans in rural areas include loans for land purchase, house building business or small trade, purchase of cattle seed, manure weavers, paddy husking, horticulture

Upto Oct 1953, 5,252 houses were constructed

Facilities for education, vocational and technical training include Rs 7,30,606 to colleges for expansion of building, Rs 33,38,713 to secondary schools for expansion, Rs 4 72,411 for establishing 9 Government sponsored secondary schools, Rs 98,88,713 to 1,019 free primary schools, also aid in the form of tuition fees and books

The Directorate of Resettlement and Employment found employment for 47,547 upto Oct 1953

There are arrangements for training women refugees in arts and crafts, the number receiving such training in Oct 1953 was 1,300

CRIME AND CORRUPTION

The number of dacoities declined from 1,428 in 1951 and 1,087 in 1952 to 750 in 1953

The position about anti corruption was as follows (from Jan to Sept 1953)

No of complaints handled 832, no of persons involved 832, no convicted by court 8, no punished by Departments 122, no acquitted after trial 25, no exonerated after departmental enquiry 47, no dropped for want of evidence 316, no against whom investigations were pending 314

The position about enforcement was as follows

No of cases instituted for profiteering, hoarding, etc, 11,481, no convicted 7,850, fines realized Rs 1,82,097; value of commodities confiscated Rs 1,45,529, no detained under the Preventive Detention Act 2, no of licences cancelled for dishonest dealings 11.

WORKERS' WELFARE

No of disputes, Jan-July 1953 2,521, no involving strikes and lock outs, 195, no disposed of, 1,929, no of workmen involved, 145,448, no of man days lost, 685,337

No of disputes referred to adjudication upto Oct 31, 1953 261, no of awards made 176

In the jute industry the minimum wage paid to an unskilled worker is Rs 63 6 in the cotton textile industry it is Rs 50 2 5, in the engineering industry it is Rs 61 in the printing presses it is Rs 47 of a clerk in the mercantile firms under the Bengal Chamber of Commerce the basic pay is Rs 70 with a D A of Rs 5 per 10 points over 180

The Government has set up 25 labour welfare centres at different places to supplement the efforts of the employers Small dispensaries are attached to 11 of these

At the end of 1951 the total number of persons employed in registered factories was 654,047 In 1952, 15,762 persons were retrenched because of trade depression Indian tea gardens too had to run at a loss and 15 gardens and one tea factory closed down throwing 6 089 workers out of employment

Minimum wages are fixed in tobacco manufactories (bidi making cigarette making) road construction and building, public motor transport local authorities (municipalities and district boards) cinchona plantations tea plantations of the Darjeeling Hill area and of the Terai Dooars Cooch Behar area

Two schemes of industrial housing have been sanctioned, and one is awaiting sanction

One scheme contemplates the construction of 128 single room tenements at an estimated cost of Rs 5 76 000 The entire expenditure will be met from a subsidy and loan from the Centre

A second scheme which has been approved is a Calcutta Improvement Trust scheme It contemplates the construction of 104 single room tenements at a cost of Rs 6 00,136 in Christopher Road, Entally, Calcutta The Government of India subsidy will be on a basis of Rs 4,500 per tenement

The scheme that is awaiting sanction provides for the construction of 300 tenements at a cost of Rs 8,32,000

The State Government gave one firm a subsidy of Rs 1,25,000 and a loan of Rs 1,87,500, and another a subsidy of Rs 27,000

FIVE-YEAR PLAN

The following are the various development schemes covered by the Five Year Plan of West Bengal —

Agriculture

Establishment of an Agricultural College Rs 15 lakh, Agricultural Research Rs 20 9 lakh, Soil conservation and utilisation Rs 10 1 lakh, Reclamation of waste lands Rs 41 1 lakh, Minor irrigation including drainage and bunding projects Rs 154 lakh Re excavation of derelict irrigation tanks Rs 185 lakh Supply of power pumping plants Rs 27 5 lakh Sinking of tube wells Rs 14 lakh Distribution of bonemeal Rs 12 4 lakh, Seed multiplication farms at Burdwan and Malda Rs 24 8 lakh, Five additional seed multiplication farms Rs 32 2 lakh, Brooklyn cold storage plant Rs 36 5 lakh Demonstration centres Rs 31 lakh, Plant protection scheme Rs 46 1 lakh Crop competition Rs 10 6 lakh, Loan to big growers Rs 10 9 lakh, Crop survey Rs 74 5 lakh

VISVA-BHARATI UNIVERSITY

Santiniketan, West Bangal

AIMS AND OBJECTS To study the mind of Man in its realization of different aspects of truth from diverse points of view

And with such ideals in view to provide at Santiniketan a centre of culture where research into and study of the religion, literature, history, science and art of Hindu, Buddhist Jain, Islamic, Sikh, Christian and other civilizations may be pursued along with the culture of the West, with that simplicity in externals which is necessary for true spiritual realization, in amity good fellowship and co operation between the thinkers and scholars of both Eastern and Western countries, free from all antagonisms of race, nationality, creed or caste

Visva Bharati is an all India institution with students and teachers drawn from all over India and there is always a fair mingling of teachers, students and visitors from abroad Students live a community life, dining in the same halls (with separate arrangements for vegetarians and non vegetarians) playing in the same spacious play grounds close to the hostels organizing common socials picnics excursions, literary and musical entertainments

Besides a central general library (containing about 100 000 volumes), there are sectional libraries attached to various departments The University has its own hospital with a medical officer and his assistants The Guest House, which makes catering arrangements of its own, is open to visitors and guardians

Besides the academic institutions the University conducts two Departments one for Rural Reconstruction and the other for Publication of Books The Palli Samgathana Vibhaga (Rural Reconstruction Institute) at Sriniketan is concerned mainly with a comprehensive study of the problems of rural life in its social cultural, economic and other aspects and extension work in the villages The Institute maintains a model primary school for rural children a teachers training school for serving primary education in rural areas as well as an agency for propagation of folk education and social education There is a section for rural industries where training is provided to apprentices in a variety of crafts

BENGAL CHAMBER OF COMMERCE AND INDUSTRY

Royal Exchange, P Box No 280 Calcutta 1

The Bengal Chamber is registered with a declaration of membership of 400 Its objects are briefly to promote and protect the trade commerce and manufactures of India particularly in Calcutta There are three classes of members Chamber Associate and Honorary

There are 27 commercial and industrial associations and organisations connected with the Chamber whose business is transacted by the secretarial staff of the Chamber, subject to the direction of their own committees and sub committees A new department has recently been organised for specialisation and consultation in all matters concerned with industrial labour

An important branch of the work of the Chamber is the measurement and weighment of most of the principal commodities exported from Calcutta For this work the Chamber has a special department—the Licensed Measurers Department—which has been in existence for nearly 70 years and maintains a staff of some 130 measuring officers who measure and weigh goods chiefly in course of shipment The measurements so recorded are used by the Steamship Companies as a basis upon which to calculate freights charged to exporters and the weights are required chiefly by exporters for contract purpose

There is also within the Chamber an old established Tribunal of Arbitration for the settlement and adjustment of disputes and differences relating to trade, business, manufactures, etc Arbitrators are drawn from among the members of the Chamber and the arbitrations are conducted in accordance with the provisions of the Indian Arbitration Act Awards may be filed by either party in any particular dispute in the Calcutta High Court and be made a Decree in conjunction with like Arbitration bodies overseas

To this work there has been added in more recent years the distribution of foodstuffs to employers of labour in the Calcutta industrial area The Chamber's Foodstuffs Scheme was started in August 1942 with a central organisation in Calcutta and a chain of Distribution Depots scattered all over the Calcutta Industrial area At present it caters for the essential food supplies of nearly 700 000 industrial workers and their dependents

Since 1946 the Chamber has run Language training courses for foreigners taking up appointments in India Classes in Lower and Higher standard Hindi and Bengali in the Nagari script are organised twice in each year Examinations of Chamber students and others wishing to sit for them, as also for students studying colloquial Hindustani are held under the Chamber's auspices at the end of each six monthly course

Chamber Committee —*President* E J Pakes, *Vice President*, G M Mackinlay, *Committee Members*, R H D Campbell, Sir Anthony J Elkins, C B E, N D Harris, O T Jenkins, D D MacGregor A S Officer, G A S Sim *Secretary*, D C Fairbairn, C I E, *Deputy Secretary*, W D Bryden, *Assistant Secretaries*, T R Crook, J J Rattray, H A Long
