ANNUAL REPORT

1940

Vice-Chancellor.

The Hon'ble Khan Bahadur M. Azizul Huque, C.I.E., B.L., M.L.A., was re-appointed Vice-Chancellor with effect from 8th August, 1940. This is the second term of his Vice-Chancellorship.

Ordinary Fellows elected by the Registered Graduates.

Sir Nilratan Sircar, Kt., M.A., M.D., LL.D., D.C.L., and Prof. Harendracoomar Mookerjee, M.A.. Ph.D., were re-elected Ordinary Fellows of the University by the Registered Graduates with effect from 31st March, 1940 and 25th January, 1940, respectively, on which dates their last terms of Fellowship expired.

Honorary D.Sc. Degree on Sir Nilratan Sircar.

Sir Nilratan Sircar is the seniormost Ordinary Fellow of the University, and the Senate in recognition of his services to his *alma mater* and to his country decided unanimously on the 21st September, 1940, to confer on him the Degree of Doctor of Science *Honoris Causa*.

Ordinary Fellows elected by Faculties.

The Faculty of Law elected Mr. S. N. Banerjee, Barrister-at-Law, a leader of the Calcutta Bar, to be an Ordinary Fellow of the University. Mr. Banerjee is connected with various educational institutions of the province.

The Faculty of Medicine re-elected Bt.-Col. R. N. Chopra, C.I.E., K.H.P., M.A., M.D. (Cantab.), M.R.C.P. (Lond.), Director of the School of Tropical Medicine, Calcutta, to be an Ordinary Fellow of the University with effect from the 31st March, 1940.

Nominated Fellows.

The term of Fellowship of Sir Z. R. Zahid Suhrawardy, Kt., M.A., B.L., Barrister-at-Law, having expired on the 13th January, 1940, Dr. Itrat Hossain Zuberi, M.A., Ph.D. (Edin.), was nominated an Ordinary Fellow in his place, but Sir Z. R. Zahid Suhrawardy was re-nominated an Ordinary Fellow in the vacancy caused by the resignation of Khan Bahadur Abdul Momin, C.I.E.

The undermentioned persons were nominated Ordinary Fellows in the vacancies created on the expiry of the terms of Fellowship of the persons noted against their names :—

Persons nominated	In place of
Mr. Hamidul Huq Chaudhury, B.L., M.L.C.	Dr. Dwarkanath Mitter, D.L.
Mrs. S. C. Mookerjee ...	Mrs. P. K. Ray, M.B.E.
Dr Jogischandra Sinha, M A., Ph.D. ..	Prof. Surendranath Sen, M.A., Ph.D., B.Litt. (Oxon.)
Rai Bahadur Bhadreswar Barua, B.L.	Rai Pramodchandra Dutta, Bahadur.

Mr. C. V. Miller, A.C.G.I., B.Sc., A.M.I.Struct.E., M.I.E. (Ind), of the Bengal Engineering College, having resigned his Fellowship, Dr. A. H. Pandya, Sc.D. (Eng), A.M.I.Struct.E., A.M.Am Soc.C.E., etc., Principal of the college, was nominated a Fellow of the University with effect from the 26th January, 1940.

The undermentioned Fellows whose terms of Fellowship expired during the year were re-nominated :—

Khan Bahadur Moulvi Maula Baksh, B.A.
Dr. T. Ahmed, M.B , D O.M S., F.R.C.S.
Prof. Sahid Suhrawardy, B.A. (Oxon).
Prof. Jitendraprasad Niyogi, M.A., Ph D. (Lond.).
Prof. Girindrasekhar Bose, D.Sc., M.B.
Mr. Nibaranchandra Ray, M.A.
Mr. Apurvakumar Chanda, M A. (Oxon.).
Rev. C. S. Milford, M.C., M.A.
Mr. Jitendramohan Sen, B.Sc , M Ed. (Leeds), T.D. (Lond.), Dip. Ed. (Oxford), F R.G.S , F N.I.
Mr. Ratanmohan Chatterjee, M.B.E., B.L.
Shams-ul Ulama Khan Bahadur Maulvi Muhammad Musa, M.A.

Rev. J. N. Rawson's term of Fellowship expired on the 14th December, 1939, and he was re-appointed a Fellow on the 23rd January, 1940. It is to be regretted that Mr. Rawson who had not been keeping good health for some time past died on the 19th April, 1940.

Mr. Jatindramohan Ray, B.A., C.E. (Roorkee), M.I.E. (Ind.), an Ordinary Fellow of the University, died on 18th July, 1940. Mr. Ray was a very useful member of the Faculty of Engineering and had been for some time the Dean of that Faculty and also President of the Board of Studies in Engineering.

ADMINISTRATION

Audit Officer.

Mr. Sailendranath Basu, B.A., Audit Officer of the University, retired from University service on 17th June, 1940, on the expiry of his leave which he had to take on account of ill health. Mr. Basu could not enjoy his well-earned pension for long, he having died on the 28th October, 1940 Mr. Basu started his career in the University as a junior Assistant in the office of the Registrar 31 years ago and it was only for his ability and devotion to duty that he was selected to fill up the post of the University Audit Officer created in 1927. Before his appointment as Audit Officer, Mr. Basu acted as Assistant Registrar and also as Assistant Controller of Examinations for some time. The Senate and the Syndicate recorded their deep sense of sorrow at his death. The Senate also sanctioned a monthly pension of Rs. 40 for the widow of the deceased.

On the retirement of Mr. Basu, Mr. Kalicharan Chatterjee, B.A., formerly Asst. Deputy Controller of Military Accounts, was appointed Audit Officer on a salary of Rs. 250 per month in the grade of Rs. 250-25-500.

Controller of Examinations

Dr. Benodebehari Dutt, M.A., B.L., Ph.D., Controller of Examinations, having taken leave for three months with effect from 23rd February, 1940, Dr. Amarprasad Dasgupta, M.A., Ph.D., Assistant Controller of Examinations, acted as Controller of Examinations during the period, and in place of Dr. Dasgupta, Mr. Debiprasad Dutt, M.A., Superintendent, Examination Section, acted as Assistant Controller of Examinations.

Assistant Registrar.

Mr. Sudhindrakrishna Dutt, M.A. (Oxon.), Barrister-at-Law, Assistant Registrar, was confirmed in his appointment on the expiry of his probationary period.

Secretary, University Students' Information Bureau.

Prof. Phanindranath Ghosh, M.A., Ph.D., Sc.D., F.Inst.P., who had been Secretary to the University Students' Information Bureau since 1932 resigned his office from 31st May, 1940, and Dr. Niharranjan Ray, M.A., D.Lit.Phil. (Leiden), Dip.Lib. (Lond.), F.L.S., University Librarian, was appointed Secretary to the Bureau for one year with effect from 1st June, 1940.

DELEGATES AND REPRESENTATIVES

The University did not receive any invitation this year to send delegates or representatives to any organisation or conference outside India ; this was evidently due to the present political situation in Europe.

In India the annual academic gatherings of experts in their respective subjects were held as usual and the University sent its representatives to the following conferences, on invitation :—

Agricultural Economics Conference
All-India Oriental Conference
All-India Library Conference
Twentieth Session of the Indian Historical Records Commission
Annual Conference of the Indian Economic Association
All-India Educational Conference
Indian History Congress
All-India Muslim Education Conference
Indian Philosophical Congress
Indian Science Congress

The names of the Delegates and Representatives on these Bodies are printed in the Appendix.

Mr. Pramathanath Banerjee, M.A., B.L., Barrister-at-Law (Principal, University Law College) and Mr. Jogeschandra Chakravorti, M.A. (Registrar), were appointed by the Senate of this University as its representatives on the Board of Intermediate and Secondary Education, Dacca, for the year 1940-41. Dr. Syamaprasad Mookerjee, M.A., B.L., D.Litt., Barrister-at-Law, M.L.A., has been re-appointed representative of the University on the Board of Anglo-Indian and European Education, Bengal, for a further period of three years. Dr. Mookerjee has also been re-elected a member of the Council of the Institute of Science at Bangalore from the North-Eastern Group of Universities. Dr. Bidhanchandra Roy who was the representative of the

University on the General Council and State Faculty of Ayurvedic Medicine in Bengal having been unable to act as a member of the Council, Mr. Ramaprasad Mookerjee, M.A., B.L. was appointed representative in his place. This year the Government of Bengal decided to establish a General Council and State Faculty of Unani Medicine on the lines of a similar organisation relating to Ayurvedic Medicine and the University nominated the Hon'ble Khan Bahadur M. Azizul Huque, C.I.E., B.L., M.L.A., as its representative on the Council. The Hon'ble Khan Bahadur M. Azizul Huque was also appointed a Trustee of the Indian Museum on behalf of this University. It may be remembered that the University of Oxford conferred the Honorary Degree of Doctor of Literature on Dr. Rabindranath Tagore. The investiture ceremony was held at Santiniketan and the undermentioned gentlemen were deputed to attend the ceremony on behalf of the University:—

Mr. J. M. Bottomley, C.I.E., M.A. (Oxon.).

Mr. Pramathanath Banerjee, M.A., B.L., Barrister-at-Law, M.L.A.

Dr. Syamaprasad Mookerjee, M.A., B.L., D.Litt., Barrister-at-Law, M.L.A.

The question of representation of the University on the Governing Body of the Indian Football Association, which was being mooted for the last few years, was settled this year, and the University Inspector of Colleges and Mr. Umaprasad Mookerjee, M.A., B.L., were appointed representatives of the University on the Governing Body.

UNIVERSITY PROFESSORS

University Professorship of Economics.

It will be remembered that the Government of India having resolved to discontinue its grant for the maintenance of the Minto Professorship of Economics of this University, inspite of several appeals from the University to revise that decision, and the Government of Bengal having also refused to sanction any grant for the Chair, the University, with the advice of its Finance Committee, decided to maintain the Chair from its own funds. The probability of incurring in the near future an expenditure of this nature was not, however, envisaged at the time when the last financial

settlement was arrived at between the University and the Government of Bengal. The term of appointment of Prof. Jitendraprasad Niyogi as Minto Professor of Economics expired on 7th March, 1940, and the Minto Professorship having ceased to exist, the University, according to its previous decision, established its own Chair of Economics and Professor Jitendraprasad Niyogi was appointed permanently as University Professor of Economics.

University Professorship of English.

The term of appointment of Prof. Harendracoomar Mookerjee as University Professor of English expired on 30th June, 1940, and necessary steps for the constitution of a Selection Committee in accordance with the provisions of the Regulations were in the mean time taken for filling up the vacancy. Advertisements inviting applications for the Professorship were issued and the Selection Committee met for the first time on 29th June, 1940. It was found, however, that the Selection Committee would take some time to select a proper candidate for the post. The Executive Committee of the Council of Post-Graduate Teaching in Arts thereupon recommended on the 12th July, 1940, that Dr. Harendracoomar Mookerjee be appointed a temporary Professor of English from 2nd July, 1940 to 30th September, 1940, or until further orders, on a monthly salary of Rs. 1,000. This recommendation was approved by the Selection Committee as also by the Syndicate. The recommendation was placed before the Senate on 21st September, 1940, when the appointment was made till 31st December, 1940.

The Selection Committee held several meetings and after mature consideration expressed its opinion that the University Professorship of English should be kept in abeyance till 31st May, 1944, and that during this period, *i e.*, from 1st January, 1941 to 31st May, 1944, a whole-time Reader and one whole-time Lecturer should be appointed for the Department. On the recommendation of the Selection Committee the Senate appointed Dr. Mohinimohan Bhattacharyya, M.A., B.L., Ph.D., as Reader and Head of the Department on a monthly salary of Rs. 700 with a personal allowance of Rs. 50 and Dr. Amiyachandra Chakrabarti, M.A. (Pat.), D.Phil. (Oxon.) as a whole-time Lecturer on a monthly salary of Rs. 500.

Asutosh Professor of Sanskrit.

The appointment of Mahamahopadhyay Vidhusekhara Bhattacharyya, Sastri, as Asutosh Professor of Sanskrit was extended for a further period of one year with effect from 1st June, 1940.

Guruprasad Singh Professor of Physics.

Professor Bidhubhushan Ray, D.Sc., was appointed Guruprasad Singh Professor of Physics for 5 years from 6th April, 1935, and on the expiry of the term, he was, on the recommendation of the Board of Management of the Khaira Fund and the Syndicate, appointed permanently to the post, *i.e.*, till he would complete his sixtieth year.

Tagore Law Professor.

This year also the Committee appointed by the Faculty of Law to consider the Introductory Lectures and Brief Synopses of lectures for the Tagore Law Professorship for 1941 could not recommend any of the candidates for appointment to the Professorship and on the suggestion of the Hon'ble the Dean the Faculty unanimously recommended to the Senate that, in accordance with rule 5-A of the rules governing the Tagore Law Professorship, Sir Nripendranath Sircar, K.C.S.I., K.C.I.E., M.A., B.L., Barrister-at-Law, formerly Advocate-General of Bengal and Law Member to the Government of India, be appointed to the Professorship. The Senate unanimously adopted the recommendation. The subject on which Sir Nripendranath Sircar will deliver his lectures is " Law of Arbitration with special reference to British India."

SPECIAL UNIVERSITY READERS, EXTENSION LECTURERS, ETC.

Stephanos Nirmalendu Ghosh Lecturer.

It may be remembered that Mr. Aldous Huxley, the celebrated author, was appointed by the Senate in 1938, Stephanos Nirmalendu Ghosh Lecturer in Comparative Religion for the year 1939. He was due to deliver his lectures during 1939-40, but a letter was received in April last from the Secretary to Mr. Huxley that in view of hostilities in

Europe, it would be quite impossible for him to fix any date for the delivery of his lectures. The letter was placed before the Committee which originally considered the question of appointment to the Lectureship. The Committee recommended that, in the circumstances, Dr. Surendranath Dasgupta, C.I.E., M.A., Ph.D. (Cal.), Ph.D. (Cantab.), D.Litt. (Rome), be invited to accept the Lectureship. The recommendation of the Committee was adopted by the Senate.

Kamala Lecturers.

Prof. S. Radhakrishnan, Kt., M.A., D.Litt., was appointed Kamala Lecturer for the year 1937, the subject of his lectures being "Religion and Society with special reference to India."

Mr. Hirendranath Dutt, M.A., B.L., was appointed Kamala Lecturer for the year 1939. He delivered his lectures in December, 1940, on 'Indian Culture: Its Traits and Strands (A Study in Contrasts).'

Special University Readers.

Mr. S. C. Majumdar, Chief Engineer to the Government of Bengal, Irrigation Department, was appointed a Special University Reader on a honorarium of Rs. 1,000 to deliver a course of Lectures on 'Rivers of Bengal Delta.' He delivered his lectures in September, 1940.

Dr. H. J. Bhaba, D.Sc., delivered a course of lectures to the students of the University College of Science on 'Cosmic Rays,' on a honorarium of Rs. 1,000 as a Special University Reader. Dr. Bhaba has been a Fellow of the Caius and Gonville College, Cambridge, and has made substantial contributions to the study of Cosmic Rays.

Prof. F. Vreede, formerly Director of the Netherlands College and the Netherlands Educational Centre of the University of Paris, who is now on tour in India, will deliver a course of lectures on "Comparative Symbology of Eastern and Western Civilisations," as a Special Honorary University Reader.

Basanta Lecturer.

Dr. John B. Grant, M.D., M.P.H., Director, All-India Institute of Hygiene and Public Health, was appointed "Basanta Lecturer" for the year 1940. He delivered his lectures on "Social Function of Medicine" in September last.

Extension Lecturers.

The undermentioned gentlemen were appointed University Extension Lecturers to deliver courses of lectures on the subjects stated against their names:—

Dr. G. P. Dube	...	Application of Quantum Mechanics to the Theory of Valency.
Dr. S. Deb	...	Ore Microscopy and the modern Physico-Chemical Methods for the Determination of Opaque Minerals.

DOCTORATE AND OTHER RESEARCH DEGREES

The number and quality of theses submitted by the candidates in Arts and Science this year, on which the Ph.D. and D.Sc. Degrees were awarded, were as high as in other years. This year one Graduate in Medicine was admitted to the Degree of Master of Obstetrics and three were admitted to the Degree of Doctor of Medicine. The following are the names of the scholars and of the theses on which they obtained their research Degrees:—

Ph.D.

Name		*Thesis*
Dr. Adharchandra Das	...	"Negative Fact, Negation and Truth."
Dr. Kamalkrishna Basu	...	"The Adil Peshwa of Bijapur (1489 and 1580 A.D)."
Dr. Nalinchandra Ganguli	...	"Indian Political Philosophy."

D.Sc.

Dr. Manohar Ray	...	"Studies in Fluid Motion."
Dr. Sudhirkumar Banerjee	...	"Synthesis of Higher Torpono Compounds."
Dr. Phanindranath Datta	...	Studies in the Sequiterpene Series and Studies in Cyclopentane Series.

M.D.

Dr. Phanindranath Brahmachari	...	Studies in some aspects of Leishmanoderwa or "Lesions due to Leishmania Donovain Infection of the Skin in man as a post-Kala-Azar condition.
Dr. Sunilkrishna Datta	...	The Study of Acidiosis and Suppression of Urine in Cholera.
Dr. Krishnadhan Chatterjee	...	Verruga Dropsii Epidemicus or Verruga Indiana.

M.O.

Mr. Chunilal Mukherjee	...	The Posterior Pituitary Factor in Toximia of Pregnancy.

RESEARCH FELLOWSHIPS, SCHOLARSHIPS, ETC.

Radhikamohan and Guruprasanna Ghosh Scholarships.

On account of the abnormal situation in Europe caused by the war, full use could not be made of the scholarships for study abroad. The Radhikamohan Educational Scholarship which is for industrial training was not awarded this year, and although there were several applications for the Guruprasanna Ghosh Scholorship, it could not be awarded to any one of the candidates as the University was informed by the High Commissioner for India that the firms and industrial centres where these candidates wanted to proceed could not give any assurance for the training wanted.

Ghose Travelling Fellowship.

A Ghose Travelling Fellowship of the value of Rs. 2,200 was, however, awarded to Mr. Ajitkumar Mukherjee, B.A., who had already been working in the University of London, on "Indian Art," in order to enable him to complete his study. Dr. Sudhirkumar Niyogi, D.Sc., who is attached to the University College of Science in the Department of Chemistry, was also awarded a Ghose Travelling Fellowship for advanced study and research in "Metallurgy of Aluminium" in Canada, but the scholar has not yet been able to proceed abroad on account of the war.

Mouat Medals.

Sreemati Bibha Majumdar who was granted the Premchand Roychand Studentship in Scientific subject in the year 1937 for carrying on researches on "Theory of Conduction and Absorption in Stellar Material," was granted the Mouat Medal on her having successfully completed the period of her studentship. Sreemati Bibha Majumdar is a Lecturer in the Victoria Institution, Calcutta. Mouat Medals were also awarded to Mr. Makhanlal Mukherjee, M.A., Mr. Makhanlal Raychaudhuri, M.A., and Mr. Sasibhushan Dasgupta, M.A.—all of them being Premchand Roychand Scholars in Literary Subjects. Mr. Sasibhushan Dasgupta has, it is to be noted, been recently admitted to the Degree of Doctor of Philosophy for his research work on "Some Obscure Religious Cults as background of Bengali Literature," which was very highly spoken of by the Examiners to whom it was referred.

Premchand Roychand Studentship.

The Premchand Roychand Studentship in Science for the year 1939 was awarded to Mr. Bimalchandra Mukherjee, M.A., for carrying on researches on the "Theory of Relativity and Cosmology," but no award of the Studentship in literary subjects was made this year, as none of the theses submitted by the candidates for the Studentship was considered to be of sufficient merit.

Griffith Memorial Prize.

The theses submitted by the undermentioned candidates for the Griffith Memorial Prize for the year 1939 having been adjudged to be of sufficient merit for the award of the Prize, the value of the Prize was equally divided between them. The subjects of their theses are stated against their names:—

Name	Thesis
Mr. Krishnapada Goswami, M.A.	... "A Study of Bengali Toponomy."
Mr. Binaygopal Ray, M.A.	... "Philosophy of Barnerd Bosanquet."

Jubilee Research Prize.

The Jubilee Research Prize for the year 1940 was also awarded to two candidates, on the recommendation of the Board of Examiners, and funds being available, full value of the Prize was awarded to each of them. The names of

the candidates and the theses on which the award was made are stated below :—

Name	Thesis
Mr. Sarojendranath Ray	... " Psychological Determination in the Choice of Vocation."
Mr. Chandrasekhar Ghosh	... " The Illumination value and ultra-violet intensity of sun-light in Calcutta."

Sir Asutosh Mookerjee Prize and Medal.

The Sir Asutosh Mookerjee Prize in Zoology and Botany for the year 1939 was awarded to Mr. Bhupendranath Ghosh, M.Sc., for his research work on " Studies in the Water Relations of Rice," and the Sir Asutosh Mookerjee Medal in Science for the same year was awarded to the following two candidates, the value of the Medal being equally divided between them :—

Dr. Bishnupada Mukherjee, M.B., M.D. (Michigan), D.Sc. (Michigan). " Search for some Ephedrine-like."

Dr. Dineschandra Sen, D.Sc. ... " Studies in Camphor Series."

Darbhanga Research Scholarship.

It should be noted here that Dr. Bishnupada Mukherjee had been a Darbhanga Research Scholar in Medicine for the year 1939-40 for carrying on researches under Br.-Col. R. N. Chopra, and the work carried on by him having been approved by the Faculty of Medicine, the Scholarship has been renewed for a further period of one year on the recommendation of that Faculty.

Sir P. C. Ray Research Fellowship.

Dr. Susilkumar Mitra, D.Sc., who had been working as Sir Praphullachandra Ray Research Fellow for the years 1938 and 1939, was granted the Fellowship for a further period of one year with effect from 1st April, 1940, but Dr. Mitra took leave without pay from 1st December, 1940, in order to enable him to join the post of Chemical Assistant under the Director of Industrial and Scientific Research, Alipore.

Sir J. C. Bose Research Fellowship.

Dr. Basukumar Bagchi, who was appointed Sir Jagadischandra Bose Research Fellow with effect from the 17th January, 1939, was confirmed in his appointment on the expiry of the probationary period of one year. Dr. Bagchi was appointed to the Fellowship for a period of three years.

Onauthnauth Deb Research Prize.

The Onauthnauth Deb Research Prize in Law for the year 1939 was awarded to Mr. Praphullachandra Ghosh, B.L., on his thesis entitled "The Relationship between Landlord and Tenant in a scheme of Tenancy Legislation in Bengal."

Mokshadasundari Medal and Nagendranandini Gold Medal.

The Mokshadasundari Medal for the year 1939, was awarded to Sm. Nihar Dasgupta, B.A. and Sm. Saradindu Devi, B.A., for their essays in Bengali on "Michael Madhusudan Dutt." The Nagendranandini Gold Medal for the year 1939 was awarded to Sreemati Usharani Datta, B.A., for her essay entitled "Grihini Grihamuchyate."

UNIVERSITY LAW COLLEGE

The college admitted 440 students in the First-year class during the session 1940-41 as compared to 401 students in the previous session 1939-40.

The maximum numerical strength of the college in the session 1940-41 was 1,072 as compared to 1,104 in the session 1939-40.

The college has now undertaken the duty of regular tuition for M. L. students. The number of students reading M.L. in the college is 14. M. L. Scholarships of the value of Rs. 30 per month each were awarded for one year to the

following students who stood first in the 1st class in their respective Final B.L. Examination :—

(1) Sudhansunath Ganguli, M.A., B.L.
(2) Amarnath Banerjee, M.A., B.L.
(3) Ajit Kumar Ray, M.A., B.L.

Three special M.L. Scholarships of the value of Rs. 10 per month each were continued to be enjoyed by

(1) Amarendranath Banerjee, B.L. (June, 1938).
(2) Sailajananda Bhattacharyya, M.A., B.L.
Saurindramohan Chatterjee, M.A., B.L. } December, 1938.

The staff consists of the Principal, the Vice-Principal and twenty-six Professors.

The number of students who sat for the College Scholarship Examination held on the 7th September, 1940, was 100 as against 84 in the previous year.

The library of the college has been expanded and the books in the library have been installed in one of the biggest halls in Calcutta colleges. The Reading Room remained open from 7-30 A.M. to 7 P.M. on all working days except on Saturdays when it closed at 5 P.M. The total number of books issued to the students in the Reference and Lending Sections was 15,410 and 3,954, respectively. The total number of students who borrowed books from the Reference and Lending Sections during the session was 15,012. The average daily attendance during the active months was 137.

During 1940, the college organised the All-India Debate Competition. *Bona-fide* students from the Universities throughout India took part in the Competition. The subject of the Debate was—"That, in the opinion of the House, the resignation on the part of the Ministers in the different Provinces was a move in the right direction." The Debate was held on two successive days in January, 1940. The Judges were very distinguished citizens of Calcutta. The Debate reached a very high standard and there was a record gathering of about ten thousand students and Professors. The Asutosh Trophy was carried off by the Post-graduate Teaching department in Arts of the Calcutta University.

Two of the college students, *viz.*, Mr. Purnendukumar Banerjee and Mr. Sadhanchandra Gupta competed at the Jagadish Memorial Debate Competition held at Lahore under the auspices of the Panjab University Union Society, and carried away the Trophy.

The College Union arranged a Debate Tour in December, 1940. Mr. Purnendukumar Banerjee and Mr. Sadhanchandra Gupta represented this college at the All-India Debate Competition organised by the Robertson College Union, Jubbalpur, on the 22nd December, 1940.

The Union for the first time arranged to send out a batch of fifteen students for social welfare work in three or four backward villages during the Christmas of 1940.

The College Athletic Club has ten different sections, *viz.*, Foot-ball, Hockey, Cricket, Tennis, Basket-ball, Volley-ball, Indoor-games, Rowing, Athletic-sports and a fully equipped Gymnasium. The College reached the final of Inter-Collegiate Knock-out Regatta, the Final of the Bengal Table-Tennis Team Championship, and also the Final of the Inter-Collegiate Tennis League, in 1940-41. It entered the Kalidas Manick Memorial Foot-ball Tournament at Benares and reached the semi-final. The college has a very strong Table-Tennis team including Nos. 3 and 4 of the Official Table Tennis Ranking List of Bengal for 1939-40. The Gymnasium is one of the best Collegiate Gymnasiums under the jurisdiction of this University. It attracts a good number of students.

Attached to the college is the Hardinge Hostel which has accommodation for 145 boarders.

TEACHERS' TRAINING DEPARTMENT

(A) B. T. Course

The Senate at its meeting of the 24th May, 1940, approved the schemefor opening the B.T. Classes in the Teachers' Training Department from July, 1940, and an announcement was made inviting applications for admission.

Out of 695 applications received for admission 100 candidates were finally admitted. Selection was made generally on the basis of academic qualifications except in the case of Head Masters and Assistant Head Masters. As there was no provision for teaching Geography and Science, graduates with science subjects were not admitted. The students may be grouped as follows according to the different categories they belong to:—

TEACHERS

Men	Selected
M.A., M.Sc., Hons.	35
Distinction	5
Pass Graduates (Head Masters)	5
Pass Graduates (Assistant Head Masters)	14
Assistant Teachers	1
Women	
M.A., Hons.	3
Pass	12

NON-TEACHERS

Men	
M.A., Hons.	20
Women	
M.A., M.Sc., Hons.	5
	100

Classes began on the 15th July with an opening address by Dr. Syamaprasad Mookerjee, M.A., B.L., D.Litt., Barrister-at-Law, M.L.A., President of the Council of Post-Graduate Teaching in Arts.

Consequent to the opening of the B.T. Classes the staff of the department was reorganised and further strengthened by the appointment of some Lecturers and Assistant Lecturers, one Research Fellow and an Instructor for handwork.

Besides lectures in the usual subjects, arrangements have been made for handwork, use of the blackboard, speech

training and also physical education for men. Attendance in these is compulsory.

Lectures are being delivered in all the six subjects in the additional paper. The number of students attending the different courses in this series is given below:—

Mental Testing	8
Education of the Visually Handicapped ...	40
Social and Abnormal Psychology ...	5
Mental Hygiene and Child Guidance	16
Comparative Education	17
Kindergarten and Nursery School Methods ...	8

Arrangements have been made for practice-teaching in two shifts. The first shift extended over a fortnight. It began on the 2nd September, 1940. The second shift begins on the 13th January, 1941. The following schools have been selected for this purpose:—

Mitra Institution (Main) South Suburban School Collins Institute Keshub Academy City College School	For men
Sir Ramesh Mitter Girls' School Victoria Institution	For Women.

A course of lectures has been specially organised on Bengali Composition and the use of Bengali as the medium of instruction.

Extension lectures have been delivered by Mr. A. K. Chanda, Mr. J. M. Sen and Mr. Gangacharan Dasgupta. Other such lectures will be delivered later.

Attempts are being made to organise some sort of social life among the students. Educational excursions have been planned. They include trips to Santiniketan, Behala Blind School, Bishnupur Siksha Sangha, Sarisha Ramkrishna

Mission School. A party of 60 students and several Lecturers paid a visit to Santiniketan on the 14th and 15th September, 1940, where they had the opportunity of studying the work of the different institutions under the Viswabharati at close quarters. They also met Dr. Rabindranath Tagore who gave them an illuminating and inspiring address for about forty minutes.

The Seminar has been properly organised ; educational journals are being kept there ; all the available seats in the Seminar are always full. The Department is already very much cramped for space. The need for accommodation will be more acutely felt in January next when the Short-Term students will be working side by side with the B.T. students.

Research

Systematic arrangements have been made for researches by the members of the staff. Researches are now being conducted in the following subjects :—

(*a*) The Influence of Language of Question Papers on Scores in Examinations.

(*b*) Diagnostic Tests in English Grammar.

(*c*) English Vocabulary in the Lower Classes.

(*d*) History of Education in Bengal—Its Different Phases.

(*e*) Problems of Discipline.

The first bulletin entitled " Secondary Education in Bengal: A Study " was published in December, 1940. It contained a study of some of the problems of secondary education in this province by Mr. A. N. Basu.

(B) Teachers' Training Certificate Course (General)

There was one term of this course in the year 1940, from January to April. 32 students were enrolled, of whom

20 were teachers of recognised high schools and others were graduate non-teachers. There were two women students among them. Six schools of the city were selected for practice-teaching and they co-operated with the department by providing every facility for this purpose. The final examination was held in April. 29 candidates sat for the examination, of whom 24 came out successful.

Tutorial and demonstration classes were regularly held during the term and the students took part in weekly debates where they discussed various educational topics. Excursions to different places of educational interest were also organised during the term.

(C) Vacation Course

The annual Vacation Course for teachers was organised during the summer of 1940. 152 teacher-students were enrolled, of whom nearly 15 were Head Masters and Assistant Head Masters of recognised high schools. There were 41 teachers who joined this course in order to complete the eight weeks' course in English for appearing at the English Teachership Certificate Examination.

Series of lectures were delivered on Modern Trends in Education, Psychology and Education, General Methods and Methods of Teaching School Subjects, *viz.*, English, Mathematics, History, Bengali and Geography.

Arrangements were also made for special afternoon lectures by prominent educationists who delivered lectures on various topics of educational and cultural interest. A series of lectures on Mental Testing and Mental Hygiene were also given in connection with this course.

(D) Teachers' Training Certificate Course (Geography) and B.A. and B.Sc. (Pass and Hons) Course in Geography.

The Department conducted B.A. and B.Sc. (Pass and Hons.) Classes in the evening and Teachers' Training Certificate Course in Geography during the day. There were in all 311 students in the Geography Department.

The staff consists of four whole-time Lecturers and several part-time Lecturers. The laboratory staff consists of one demonstrator, one laboratory Assistant, two draftsmen, one tracer and one compiler.

B.A. and B.Sc. (Pass and Hons.) Classes

These classes were started for the first time this year. 45 students joined the Third-year Class.

Teachers' Training Certificate Course (Geography)

Two terms were organised as in the previous year. In the January—April term about 184 candidates applied for admission, of whom 151 were selected, and 120 finally joined the course. 123 candidates including 3 failures of the previous term appeared in the final examination ; of these 104 passed, 13 obtaining Distinction. In the July—October term the number of applicants was 151, of whom 117 candidates were selected; 94 finally joined the course. The Director of Public Instruction, Assam, deputed 20 teachers of Government and Government-Aided High Schools to undergo training in Geography. The number of candidates who appeared in the final examination in the second term was 96. Of these 80 came out successful in the examination, 7 obtaining Distinction.

Preparation of Maps

A number of maps of Bengal were made by the draftsmen of the department, most noteworthy of which is the quarter inch map of Bengal in two sheets showing the details of the smallest rivers on this map. A number of other maps, *viz.*, war maps and historical geography maps were also made by the same staff of the department. A river map of the whole of India on ½ M. scale is another important work executed by the department.

A number of models showing different types of erosion was made by the modeller of the department. A relief model of the holy Kailash to scale has been the special achievement in this line.

Dark Room

A dark room was set up. Slides are being prepared in the dark room for the use of the department.

Soil Analytical Laboratory

A soil analytical laboratory has also been fitted up and it is proposed to analyse the soil of Bengal mechanically and then prepare a soil map of Bengal on the basis of the results obtained.

Meteorological Instruments:—On the roof of the Asutosh Building the following instruments have been fitted up for the use of the students:—

1. Stevenson's Screen
2. Rain Gauze
3. Wind-vane
4. Anemometer

Records are taken and compared with the weather charts of the Department of Meteorology, Alipore.

Commercial Museum

The Commercial Museum, formerly under the Department of Commerce and Economics, has been placed under the charge of this department. New specimens have been added and old ones have been replaced by new ones.

(E) Teachers' Training Certificate Course in Science

During the year there was a great rush of students seeking admission into the Teachers' Training Classes in Science and 309 students were actually admitted ; all of them are graduates in science. Of them 12 were M.Sc.'s and 28 were non-teachers. The rest were graduate science teachers of recognised institutions and they were deputed by school authorities to receive training.

The class was divided into six sections, the same course being taught in each section. This necessitated the appointment of a large number of Lecturers and demonstrators. Classes were held at the University College of Science.

The number of candidates registered for admission into the final examination was 322 (including 13 candidates who failed at the previous examination). Of them 279 came out successful, 109 candidates getting Distinction.

AGRICULTURAL INSTITUTE, BARRACKPORE

The course of training at the Institute covers two sessions and each session is divided into two terms, one from July to December, and the other from January to April. Altogether seven students joined the Institution in 1939.

The first year course consists of Agriculture, Soil-Chemistry, Animal Physiology, Genetics and Botany including laboratory and practical field work.

The students are given intensive training. There are now eleven students, five in the first-year and six in the second-year classes. The work of milking, tending of cows, rationing and making of cream, butter, ghee are done by the students.

The students are taught the science and practice of ploughing and management of the small plots allotted to them ; they are given necessary instructions in the different cropping schemes in order to acquaint them with details thereof and are allowed sufficient scope to work independently in the different units. In the second year, in order to make the students fit to manage their own firms and to impart a knowledge of the prevalent market conditions, each and every scheme is allowed to be drawn up by the students themselves which is afterwards discussed in Seminar classes under the guidance of the members of the teaching staff.

Primary importance is attached to the practical work in the dairy and in the field. The lecture commences after the practical work is finished in the morning. The afternoon is devoted to laboratory work and practical work in the workshop every alternate day. The students do their fieldwork again, specially transplanting, watering, weeding, mulching, etc.

The second-year students are entrusted with the field books to keep the records of their work in their own individual units, which are checked each day by the Fieldman-Overseer who in turn keeps a record for the whole farm.

For the proper management of the dairy, arrangements have been made with the Officer-in-charge of the local S. P. C. A. hospital, who, apart from giving two lectures a week visits the dairy whenever necessary. He also acquaints the students with cases of importance that come in for treatment at the S. P. C. A. hospital. The Officer also takes students to epidemic areas, whenever occasion arises.

A poultry section has been started by the students this year.

In the workshop, training is given to the students for making indigenous implements necessary for cultivation work. They are taught the mechanism of oil engine and of its different parts and also the making of household furniture.

Arrangements have been made with the Geography department of the University for Teaching Surveying to the students.

Students are also taken round to ordinary farmers and to other agricultural research stations in order to acquaint them with the methods that are adopted in different localities and under different conditions.

The fishery has been an addition this year.

In addition to general training, economic trials of 20 bigha units in a village and 8 bigha units near a small town have been taken up. The costings of these are taken separately.

AFFILIATED COLLEGES

There are at present 79 colleges affiliated to the University. Out of these, 11 are exclusively for women, 2 have women's sections completely separate from men's department and 16 admit both boys and girls. The total number of students reading in the different affiliated colleges as recorded in the college register in September, 1940, was 39,399 of whom 2,578 were girl students. In Calcutta the number of students was 20,437. In the mofussil colleges in Bengal the number of students was 15,756 and in Assam colleges the number was 3,206.

The number of students in the colleges under different denominations is shown in the following statement:—

Statement of Students in the Affiliated Colleges under Different Denominations 1940-41.

Males	CALCUTTA				MOFUSSIL (Bengal)				ASSAM

Six colleges—Madhab Choudhury College, Barpeta, Radhakanta Handique Girls' College, Gauhati, Women's College, Calcutta, Fazlul Huq College, Chakbar, Sirajganj College, and Madanmohan College, Sylhet—have been affiliated to the University from July, 1940. The affiliation of Dhanamanjuri College, Imphal, Manipur, is pending before Government.

The following colleges have been granted extension of affiliation in the subjects and to the standards noted against their names from July, 1940 :—

	College	*Standard of affiliation.*	*Subjects*
1.	J. B. College, Jorhat	I.A.	Commercial Arithmetic; and Book-keeping.
2.	Victoria College, Comilla	B.A. Hons.	Sanskrit.
3.	Gurucharan College, Silchar	B.A.	English (Pass & Honours), Bengali, Sanskrit, Persian, History (Pass & Honours), Mathematics, Economics, Philosophy.
4.	Vidyasagar College	B.A. Hons.	Bengali.
		I.A. & I.Sc.	Geography & Physiology.
5.	Midnapur College	B.A.	English, Bengali, Sanskrit, Philosophy, History, Economics, Mathematics.
6.	St. Anthony's College, Shillong	I.A.	Commercial Geography.
		B.A.	History (Hons.), Bengali as Second Language.
7.	B. E. College, Sibpur	B. Met.	
8.	P. K. College, Contai	B.A.	English, Bengali, Mathematics, Sanskrit, History, Economics, Philosophy.
9.	Feni College	I.A.	Commercial Geography, Commercial Arithmetic and Book-keeping.
		B. A. Hons.	Mathematics.
10.	Edward College, Pabna	B.A.	English, Bengali, Philosophy, History, Sanskrit, Persian, Arabic, Economics, Mathematics.
11.	Gokhale Memorial College	I.A.	Logic and Alternative English.
12.	Bangabasi College	B.A.	Bengali as Second Language, Hindi as Second Language.
		I.A.	Commercial subjects.
13.	St. Xavier's College	I.A. & I.Sc	Biology.

RECOGNISED SCHOOLS

The total number of schools recognised by this University during the year 1940, were 1,587, of which 621 were permanently recognised and 966 were provisionally recognised. 69 schools were recognised for the first time and 449 schools were granted extension of renewal of recognition.

21 schools were approved by the Syndicate for the purpose of sending up candidates for the B.T. examination as non-collegiate students.

A list of schools both permanently and provisionally recognised is printed in the Appendix.

EXAMINATIONS

Examinations were held during the year, as usual, in Arts, Science, Law, Medicine and Engineering. Tabular statements are given in the Appendix, showing the results at the different examinations held this year and providing a comparison with the results of previous years. The total number of candidates who appeared in this year's examinations (including the number at the Supplementary Matriculation Examination held in December, 1939) was 71,295 as against 67,177 in the last year.

The following is a statement showing the number of examinees, of both sexes and of different religions, at the Matriculation, I.A., I.Sc., B.A. and B.Sc. Examinations during the years 1932-1940 :—

CHANGES IN THE REGULATIONS

Besides revision of syllabuses of studies in different subjects for the different examinations of the University, the following changes have been made in the Regulations:—

Statistics

Statistics, which is now recognised as one of the most important branches of science, has been introduced as a subject of study for the B.A. and B.Sc. (Pass and Honours), and for the M.A. and M.Sc. Examinations.

Certificate in Tanning

A course of study and examination for the Certificate in Tanning has also been introduced in the University curriculum. The course is for three years and the minimum qualification for admission to the course is a pass at the Intermediate Examination in Science.

Changes in the M.B. Regulations.

Changes have also been made in the new M.B. Regulations. The Medical Council of India have laid down that no student should be allowed admission to a Medical College before he was 17, as the Council are of opinion that a boy should not be given charge of a patient until he attains the age of 22. The New M.B. Regulations of this University did not contain any such provision and the following condition was, therefore, laid down by the Senate on 21st September, 1940, for admission to the medical course :—

"That he (the student) has attained the age of 17 years or will attain that age on the 31st December of the year of his admission."

Another change proposed in the Medical Regulations is in respect of exemption of B.Sc.-passed students (with Chemistry as one of their subjects) from attendance at lectures and practical work in Organic and Physical Chemistry in the M.B. course as also examination in that subject. This privilege was enjoyed by the students under the Old Regulations and it is proposed to be extended to them under the New Regulations.

Changes in the Regulations sanctioned by Government as well as by the Syndicate, during the year 1940, are noted in the Appendix.

ORGANISATION OF ISLAMIC STUDIES

It was reported last year that the Hon'ble the Vice-Chancellor presented a note to the University on 10th February, 1939, regarding Organisation of Islamic Studies. As a result the Senate, on the recommendation of the Faculty of Arts, adopted on 24th February, 1940, a scheme for the study of Islamic History and Culture in the Post-Graduate (M.A.) Course.

The scheme had warm support from such eminent Professors on the subject as Prof. Margurie and Prof. Margoliouth and, as the Hon'ble the Vice-Chancellor remarked at the meeting of the Senate, by the introduction of the scheme a new vista of knowledge was opened up before the students. The scheme was forwarded to Government for necessary sanction and as soon as it was obtained the University proceeded to consider the steps to be taken to give effect to it from July, 1940, *i.e.*, from the commencement of the new academic year. On the 27th April, 1940, the Senate adopted the following resolutions :—

"(1) That the following posts be created :—

	Grade
(*i*) Professor of the Department of Islamic History and Culture.	Rs. 700-$\frac{50}{2}$-1,000 per month
(*ii*) 1 Lecturer in the Department of Islamic History and Culture.	,, 200-20-500 ,,
(*iii*) 1 Lecturer in the Department of Ancient Indian History and Culture.	,, 200-20-500 ,,
(*iv*) 2 Assistant Lecturers in the Department of Islamic History and Culture.	,, 150-15-300 each per month
(*v*) 3 Research Fellows in the Department of Islamic History and Culture.	,, 125 ,,
(*vi*) 2 Research Fellows in the Department of Ancient Indian History and Culture.	,, 125 ,,

(2) That Government be approached for financial assistance for the above purpose."

Government was accordingly forthwith addressed on the subject with the request that the decision of Government might be communicated to the University as early as possible. This was necessary as the University Budget for the year 1940-41 was then under preparation. But as the matter was still under consideration of Government at the time of final preparation of the Budget, Rs. 8,400+2,500 (for Library) were provided therein as token grant in order that the scheme might be started from the new session. "This has been put in here," said the Vice-President of the University Finance Committee in presenting the Budget before the Senate, on 29th June, 1940, "in anticipation of the subvention which we would be getting from Government to meet the entire cost of the scheme." No settlement

has, however, yet been arrived at between the University and Government on the subject.

The Department of Islamic History and Culture was started from July, 1940, with nine honorary Lecturers and one whole-time Lecturer. Of the honorary Lecturers the Hon'ble the Vice-Chancellor is himself one and he opened the Department with an illuminating address.

This was with regard to the Post-Graduate course. The Faculty of Arts also recommended certain changes in the syllabuses of studies in History for the I.A. and B.A. (Pass and Honours) Examinations. "A special period of the History of Hindu Colonial Expansion and a special period of the History of Islam outside India" was added as an alternative subject in the Second Paper in History for the I.A. Examination and the following new subjects were introduced, in addition to the subject of History, for the B.A. Examination :—

Indo-Islamic and World History.
Islamic History and Culture.
Ancient Indian and World History.

It has been provided in the Regulations that no student shall be allowed to take up more than one of these subjects.

The recommendations of the Faculty were adopted by the Senate on 29th June, 1940.

COMMITTEES

Several Committees were appointed during the year, of which mention need be made of the following :—

Teaching of Hygiene in the Medical Course.

The Medical Council of India asked for opinion of the University on the following subjects :—

(i) The desirability of improving Hygiene Museums in the curricula of studies for the Medical Course.

(ii) The feasibility of the proposal of carrying health surveys by the medical students.

The matter was referred by the Syndicate to the Faculty of Medicine which appointed a Committee for a report. The report of the Committee was approved by the Faculty and the Medical Colleges affiliated to this University were informed of the recommendations of the Committee.

Regarding health surveys the Committee was of opinion that the work should be done after a student has passed the Final Examination under the new Medical Regulations during the post graduate stage, *i.e.*, during the period of six months when a student is to undergo a course of practical clinical instruction in the wards of hospitals specially recognised for the purpose. The Committee arrived at this decision as it was found difficult to find sufficient time for the students to conduct rural sanitary survey during the five years of their professional college work.

Post-Graduate Medical Training.

The Faculty of Medicine also appointed a Committee to consider the following resolution of the Bengal Provincial Medical Conference, 1937:—

"That the Government and the Universities be requested to find out ways and means of providing Post-Graduate Training for general medical practitioners in order to keep them abreast of modern knowledge in diagnosis and treatment."

The report of the Committee was considered by the Faculty of Medicine on the 17th July, 1940, when the following resolutions were adopted by that Body:—

" (1) That the Faculty is of opinion that immediate steps should be taken by the University to equip and maintain post-graduate departments in medical subjects including training for higher degrees and that adequate staff, accommodation and funds should be provided for this purpose.

(2) That pending such provision of accommodation by the University, the authorities of the two medical colleges affiliated to the University and other medical institutions be approached to provide necessary facilities for post-graduate work including training for higher degrees.

(3) That the Faculty of Medicine will, from time to time, decide upon the subjects for post-graduate work to be undertaken by and on behalf of the University.

(4) That for the present, post-graduate teachers be appointed in Anatomy, Pharmacology, Pathology, Medicine (including Preventive Medicine), Surgery and Midwifery, for giving post-graduate instruction to medical graduates. So long as the University is unable to provide

necessary accommodation, etc., for the purpose, the instruction will be given under the aegis of the University in the affiliated colleges and hospitals attached thereto and other institutions recognised for the purpose. The teachers may be part-time workers for the present.

(5) That the University be requested to provide Rs. 10,000 during the year for the purpose."

The matter is still under consideration.

Bacteriology Syllabus Committee.

Lt.-Col. A. C. Chatterjee, Director of Public Health, Bengal, and Member of the Senate, addressed a letter to the University, pointing out the desirability of including Bacteriology as a subject of study for the B.Sc. Examination. The Syndicate requested Col. Chatterjee to draw up a definite scheme on the subject and the scheme drawn up by him has been referred to the following Committee:—

Sir Upendranath Brahmachari, Kt., Rai Bahadur, M.A., M.D., Ph.D., F.N.I., F.R.A.S.B., F.S.M.F. (Bengal).
Bidhanchandra Roy, Esq., B.A., M.D., M.R.C.P. (Lond.), F.R.C.S. (Eng.), F.S.M.F. (Bengal).
Lt.-Col. J. C. De, M.B., M.R.C.P. (Lond.), M.R.C.S. (Eng.), I.M.S.
Lt.-Col A. C. Chatterjee, M.B., D.P.H. (Camb.), I.M.S.
Charuchandra Bose, Esq., B.A., M.B.

The matter is still under the consideration of the Committee.

L.M.F Admission Rules.

The question of revision of the rules regarding admission of L.M.F. passed students to the M.B. course of this University was taken up for consideration in view of the new M.B. Regulations. A Committee was appointed for the purpose. The privileges which were enjoyed by the L.M.F. passed students under the old rules were extended to them under the new rules.

BENGAL SECONDARY EDUCATION BILL

The Secretary to the Government of Bengal, Education Department, forwarded in his letter, dated the 7th September, 1940, copy of the Bengal Secondary Education Bill, 1940, which had been introduced in the Bengal Legislative Assembly on the 21st August, 1940 and referred by the

Assembly to a Select Committee on the 28th August, 1940. It was requested in the letter that the views of the University on the provisions of the Bill might be communicated to Government before the commencement of the Puja vacation, as the Select Committee were required to submit their report by the 30th November, 1940.

The letter was placed before the Syndicate on the 17th September, 1940, when the Bill was referred to the following Committee for favour of consideration and report:—

The Hon'ble the Vice-Chancellor.
Dr. Bidhanchandra Roy.
The Hon'ble Mr Justice Charuchandra Biswas.
Prof. Harendracoomar Mookerjee.
Mr Pramathanath Banerjee.
Rai Bahadur Prof. Khagendranath Mitra.
Dr. Pramathanath Banerjea
Dr. Syamaprasad Mookerjee.
Khan Bahadur Tasadduq Ahmad.
Prof. Md. Zubair Siddiqi.

A letter was, in the meantime, under orders of the Syndicate, addressed to Government intimating that it would not be possible for the University to communicate its views to Government before the 15th December, 1940, in view of the fact that the Puja vacation of the University intervened from the beginning of October to the middle of November, and that, in order to have the opinion of the University, the Report which the Committee of the Syndicate might furnish should be considered by the Senate of the University, for which a certain procedure as laid down in the Regulations, had to be followed. Government in their letter, dated the 3rd October, 1940, granted the extension of time asked for by the University.

The Committee held its meetings in the meantime. A meeting of the Senate was held on the 14th December, 1940, which the Hon'ble the Vice-Chancellor could not attend on account of ill-health. The Hon'ble the Vice-Chancellor left a note for the meeting in which it was stated that the Hon'ble the Premier was anxious to discuss the provisions of the Secondary Education Bill with the Members of the Senate on a convenient date and that the

Hon'ble the Vice-Chancellor would fix a date for the purpose early in January* after consultation with the Hon'ble the Premier.

ENDOWMENTS AND GIFTS

'Cyclotron'

The most noteworthy donation which the University received this year was a sum of Rs. 60,000 from the Board of Trustees, Sir Dorabji Tata Trust, towards the purchase of a " Cyclotron." The donation was made on condition that the University would contribute a like amount for the apparatus and agree to maintain it. The University accepted the proposal with cordial thanks on the conditions stated. The possibilities of the apparatus are immense as will be evident from the following extract from the account given of it by Prof. Meghnad Saha, Palit Professor of Physics—"By means of this apparatus common elements can be endowed with the same properties as those possessed by radium and some of them say radio-sodium and radio-phosphorus can be used for purposes for which radium is now exclusively used. Secondly, some of the common elements which we take along with our food or medicine like carbon, sodium, nitrogen, phosphorus, etc., can be made radio-active by means of the cyclotron. When these are administered either in the form of medicine or food the radio-active atom (commonly known as *tagged atom*) is carried through the human system in the ordinary process of digestion and circulation and we take a sample from any part of the human body and find out in what proportion particular atoms have spread through the different parts of the human body." The aparatus has also great possibilities in finding out the origin of human diseases. When Prof. Meghnad Saha was on tour in America, he came in personal contact with Prof. Lawrence of the University of California, the original inventor of the " Cyclotron " and was satisfied with the working of the apparatus and its results. Prof. Saha put himself in correspondence with the Board of Trustees, Sir Dorabji

* The Report of the Committee was placed before the Senate on 25th January, 1941, when it was adopted.

The Report of the Committee is printed at the end.

Tata Trust, for a donation to the University for the purchase of a ' Cyclotron ' and drew up a detailed scheme for its installation in the University College of Science and for its maintenance. The scheme was carefully considered by the University Finance Committee and the Senate at its meeting held on the 14th December, 1940, accepted the donation of Rs. 60,000 and agreed to find out the remaining sum for its erection and maintenance. It is estimated that the total amount which the University will have to spend for the erection of the apparatus alone—which will take about two years to complete—will not be less than Rs. 66,000. Of this sum, Rs. 20,000 will have to be spent immediately, the cost of the apparatus being Rs. 80,000 ; and Rs. 16,300 will have to be spent in the year 1941-42 and Rs. 10,300 in the year 1942-43. The University will also have to spend Rs. 20,000 in constructing a building for housing the apparatus. The recurring cost for the maintenance of the apparatus will be about Rs. 4,400 yearly.

At the request of Prof. Saha Prof. Lawrence is giving one of the ex-Research students of the University College of Science, Dr. B. D. Nagchaudhuri, special training for the construction of the Cyclotron and for working the apparatus. The University has granted a suitable remuneration to the scholar and has sent $ 1.500 to Prof. Lawrence for this purpose and for other preliminary work in connection with the apparatus.

Bipradas Palchaudhury Fellowship.

Another endowment, unique in its character, offered to the University, was from Mr. Ranajit Palchaudhury of the Mahesganj Estate, Dist. Nadia, for the establishment of a Fellowship to be called 'Bipradas Palchaudhury Fellowship.' The value of the endowment is Rs. 50,000 and its object is to enable the University " to invite competent scholars from foreign countries to visit India and study under the auspices of the University ' aspects of Hindu Civilisation and Culture." One of the conditions of the endowment is that the Fellow so appointed is expected on his return to his native country, to continue " to maintain cultural relationship with India by means of lectures and publications on the subject in which he has specialised. " The offer was thankfully accepted by the University.

Sm. Promodasundari Dasi Prizes.

Mr. J. M. Chaudhuri, Solicitor, intimated to the University that his client, Sreemati Promodasundari Dasi, executed a will which had been registered, wherein there was a provision for payment of the income of 3½ per cent G.P. Notes of the face value of Rs. 4,000 to the University for being utilised for the award of two prizes of books worth Rs. 70 each to two best deserving Hindu students in the Post-Graduate classes in Science, provided that the prize-holders were treated as free students. The offer was accepted with thanks by the Syndicate on 24th August, 1940.

Standard Pharmaceutical Works Ltd.

The Standard Pharmaceutical Works, Ltd., proposed to make over to the University a grant of Rs. 2,100 by monthly instalments of Rs. 175 towards the expenses for working out some Chemical and Biological problems, under the supervision of Dr. Sushilkumar Mitra, D.Sc., Sir Praphullachandra Ray Research Fellow and Honorary Lecturer in the Department of Chemistry, by two research assistants. The research assistants were to be appointed by the University on the recommendation of Dr. Mitra and would work in the laboratories of the University College of Science. The offer was accepted by the University with thanks.

Other Endowments

There were other endowments created mainly for the award of medals and prizes on the results of University examinations. The names of these Donors and the amount of their endowments are stated below:—

Donor		Value of Endowments
		Rs.
Babu Krishnakumar Dutt	...	500
Mr. Nabakumar Dutt	. .	500
Pandit Abhaycharan Jyotirbinode	...	1,400 (G. P. Notes)
Sreemati Soroshibala Mitra	.	1,300 ,,

PARIBHASHA

Paribhasha Books on Bangla Bananer Niyam (3rd Edition), Physics, Chemistry, Geography, Hygiene, Physiology, Botany and Economics have been completed.

Paribhasha works on Zoology and Psychology have been finished by the Central Paribhasha Committee subject to final approval by the General Paribhasha Committee.

Paribhasha works on Geology and Fine Arts are still under preparation.

FINANCIAL POSITION

The Budget Estimates for the year 1940-41, were passed by the Senate on the 29th June, 1940. The combined fee and Post-Graduate Teaching Funds opened with an actual balance of Rs. 5,66,151 in place of Rs. 4,36,000 as anticipated in the Budget Estimates for 1939-40. This was due chiefly to improvement in fee income and economy in expenditure.

It was not possible however to transfer any portion of this large closing balance to the Reserve Fund. On the contrary it was found necessary to draw upon a portion of the already depleted Reserve Fund for some items which during the year 1939-40, were shown as payable from the Fee Fund. The estimated income and expenditure have been Rs. 34,70,355 and Rs. 39,15,909 respectively, with a closing balance of Rs. 1,20,597 only. This means that the University would be spending during the year 1940-41 about Rs. 4,50,000 in excess of the revenue income. One half of this would no doubt be absorbed by items of a non-recurring nature. Even excluding these non-recurring items the total expenditure will exceed the total income by about two and a quarter lakhs, in spite of the various cuts which the University Finance Committee in framing the Budget Estimates was led to propose in some of the more important departments. The position, therefore, is that, as against a sum of over Rs. 5,00,000 in the Reserve Fund in 1938, there will be left an approximate balance of Rupees One and a half lakhs which, it is considered, should be the irreducible minimum that should be always held in the Reserve Fund.

CALCUTTA UNIVERSITY LIBRARIES

The work of stock-taking of the Central Library was undertaken on the 4th October last and continued till the 4th

November last, both days inclusive. The stack room and part of the Library Office was kept open every day, for this work, from 11 A.M. to 5-30 P.M., including Sundays, but excluding one day during the Pujas. The report on the stock-taking was submitted to the Library Executive Committee which asked the Librarian to put up a note thereon by the 28th February, 1941.

The Central Library remained entirely closed to readers during the period of stock-taking and also for 4 days during Christmas week besides during the usual University holidays. There were altogether 257 working days during the year as against 272 in the previous year and the reading room remained open daily as usual from 7 A.M. to 7 P.M.

Publications.—There were altogether 10 issues of the Library Bulletin during the year showing the additions to University Libraries in classified sequence based on Dewey's Decimal scheme. The Index volume to the Catalogue of books and periodicals on Economics and Political Science has been published. Classified catalogue of books in English belonging to lending and reference sections has been sent to the University Press. Classified catalogue of Sanskrit books is awaiting publication.

Visitors.—A number of distinguished visitors including the President and delegates to the All-India Medical Conference visited the Central Library during the year.

Binding.—Altogether 2,456 volumes of books and periodicals were bound in 1939-40 costing Rs. 2,925-1-6 as against Rs. 2,962 in 1938-39.

Accession—Altogether 4,833 volumes were added during the year to the Central and Departmental Libraries, including 728 volumes in the University Law College Library as against 7,042 and 4,558 volumes in 1938 and 1939. Of the 4,105 volumes in the Central and Science College Departmental libraries 3,041 volumes were acquired by purchase, 1,064 volumes on presentation and exchange as against 4,075, and 1,794 in 1939. The total accession number of volumes (including periodicals) on December 31st, 1940 in

the Central and the Science College departmental libraries came up to 1,81,360 (printed books) including the Law College Library (43,129) and 12,275 (Mss. etc.) and 2,070 Chinese, Japanese and Spanish printed books as against 1,76,527 volumes in 1939.

Shelf accommodation—As the Annual rate of growth of the Central Library is about 5,000 volumes, it is expected that the stack will be full by the end of the next year. The pressure for space was partly relieved during this year by the transfer of the Physiology Library (1,600 volumes) to the Science College at 92, Upper Circular Road and the opening up of Seminar Libraries of the Teachers' Training Department and the Geography department (about 150 volumes) and also due to considerable fall in the number of books received on exchange and as presentation from Foreign Universities and other institutions.

Loan and References.—A total of 1,45,976 were issued to students, casual readers, teachers and other members of the University for reference purposes in the Central Library as against 1,49,709 and 1,48,988 in 1939 and 1938, respectively. The slight decline in the total figure is due to the closing of the Library for stock-taking during the Puja Holidays.

However, the *daily average* issues for *reference purposes* was about 568 volumes as against 550 and 538 in 1939 and 1938 respectively.

A total number of 16,138 volumes were issued for home reading purposes to students, teachers, registered graduates, fellows and other members of the University during the year as against 15,562 and 15,087 in 1939 and 1938 respectively.

The daily average of issues for home reading purposes was 63 as against 57 in 1939.

Analysis of the issue statistics indicate the order of popularity of subjects as follows:—Social Sciences 35.1 (Economics 13.3%. Politics 6.9%. Education 3.1%, other Social Sciences 11.8%), Literature 31.9%, History 14.2%, Philosophy 7.6%, Philology 1.8%, Religion, 6% followed by Useful Arts, Fine Arts and other subjects 8.8%.

Library cards—1,017 Lending and 2,852 Reference cards were issued during the year to students and casual readers and borrowers in the Central and Departmental libraries as against 972 and 2127 in 1939. Of these 600 were casual students, 202 lady students, 62 Law College students and 12 Registered Graduates. Cards are not issued to Professors, Lecturers and Fellows.

Library co-operation—The University Library borrowed a total of 86 volumes of printed books and 3 Mss. during the year from the following institutions:—

Royal Asiatic Society of Bengal, All-India Institute of Hygiene, Bombay University Library, Benares Government Sanskrit College, Calcutta Madrassa, Imperial Library, Panjab University Library, Presidency College Library, Calcutta St. Xavier's College, Zoological Survey of India. To all these institutions grateful thanks of the University are due.

The University Library extended the courtesy of loan of 40 volumes of books and Mss. to the following institutions:—

Indian Museum; Bengal Legislative Council; Finance Dept., Government of Bengal; Government Test House, Alipore; Lucknow University; Secretary, Public Service Commission; Munshigunj College, Dacca; Rajendra College, Faridpur; Serampore College; Visva-Bharati and Ravenshaw College, Cuttack.

Science College Departmental Libraries—Total book stock in the Science College Libraries excluding periodicals stands at about 11,000 volumes on the 31st December, 1940, distributed as follows:—Zoology 2,280, Anthropology 2,314, Applied Mathematics 1,031, Physics 1,584, Applied Physics 496, Botany 1,717, Physiology 1,600 and Chemistry 996.

Over 350 students used the libraries to whom 2,640 volumes were issued for home reading purposes and 14,653 volumes including periodicals for reference purposes.

During the year 7 volumes are reported to be missing from the Departmental libraries. One volume reported lost last year has been recovered.

Gift—Books and periodicals have been received on presentation and exchange from the following amongst others :—

Government of Assam ; Government of Bengal ; Government of India ; Reserve Bank of India ; London Imperial Economic Committee; D. A. V. College; Bengal Chamber of Commerce ; Institute of Chemistry of Great Britain and Ireland ; U. S. Dept. of Labour, Washington ; Imperial Council of Agricultural Research, India; U.S A. Government Publications ; U S.A. Department of Education ; various Indian and Foreign Universities ; Royal Asiatic Society of Bengal ; Carnegie Institution of Washington ; Chicago Field Museum of Natural History ; Philadelphia Academy of Natural Science ; Kannada Research Office, Dharwar ; Prof. H. C. Mookerjee; Messrs. Jyotishchandra Ghosh, S. N. Sen gupta, A. C. Gupta and K. C. Chatterjee; E. B. Ry., Publicity Department and the Japanese Consul in Calcutta.

Cataloguing and Classification—Generally all new accessions to the University Library were classified according to D. C. scheme, the only exception being books in oriental languages which continue to be classified under the old scheme.

Besides the normal work of classification and cataloguing of new books the following new items of work were taken in hand :—

(1) Cataloguing of Sanskrit books belonging to Reference as well as Lending sections [5,390 volumes] on cards and the preparation of the manuscript copy arranged in classified order for the press.

(2) Cataloguing for English section [17,700 volumes] on cards and the preparation of a classified list for the press.

(3) The work of cataloguing of books in Urdu, Arabic, and Persian has been taken up. It is expected that the catalogue for Urdu books will be ready very soon.

(4) Catalogues of books in French and Hindi have been recently revised.

Other items—Issue system for the Professors, Lecturers and Fellows has been recently reorganised by the introduction of loose leaf register and dispensing with day slips.

The Stack Room has been recently rearranged and about 110 books have been discarded on account of their bad physical condition.

ASUTOSH MUSEUM OF INDIAN ART

The main problem before the Museum now is that of space. There is absolutely no room for expansion. Of the 6,000 exhibits barely half could be crowded for public display, the rest are somehow piled up in improvised godowns. Collection work has virtually come to a stop. What is most regrettable is that offers of several valuable private collections of outstanding merit as gifts, could not be availed of for want of accommodation. Nothing but a separate and suitable Museum Building can solve this problem.

Visitors—That the Museum is steadily growing in popularity is shown by an appreciable average increase in the number of daily visitors The total number of visitors to the Musuem during the year under review was 2,829 which included 2,164 students, 116 teachers. 31 lecturers, 27 artists, etc. Of the distinguished visitors mention may be made of Miss Alice Boner, Dr. Vreede, Hon. Director of Netherlands Institute, University of Paris, Prof. Harold Hotelling of the Columbia University, New York, Prof. W. Y. Evans-Watts of the Jesus College, Oxford, Dr. Horace I. Poleman, Librarian, Congress Library, Washington, Mr Ju-Peon of the National University, Chungking, members of the Ceylon Government Goodwill Mission to India, Mr. Nandalal Bose of Visvabharati, Prof. Haridas Bhattacharyya of the Dacca University and Mr. Nalinikanta Bhattashali, Curator, Dacca Museum.

Exhibits—As stated above, want of space precluded any scheme of expansion. The exhibits, either by collection or purchase, have barely increased by 100 during the year under review. The Painting Gallery was shifted to the first floor and properly arranged.

Gifts—Dr. B. C. Sen has presented a set of old gold ornaments which belonged to the collection of the late Prof. Dineschandra Sen. The Coin Collection of the Museum has been further enriched by the gift of several gold coins of Vijaynagar and Haidar Ali by the Madras Museum.

Collection and Purchase—Of the articles purchased the most interesting are a set of gilt Nepalese bronze images, a carved Murshidabad ivory box, a copper image of Bodhisattva, Tibetan bone-carvings, Kangra Paintings, Bengal " Pats " from Manbhum, Birbhum, Bankura, Midnapur and Kalighat, and " Kantha " from Jessore.

Collection work was mainly confined to two districts only, *viz.*, Rajshahi and Barisal. A complete facade of a decorated brick temple of the 17th century A.D , rare images of Jina, Vamana and Vishnu are noteworthy objects. During his tour in Midnapur and Vishnupur areas the Curator secured for the Museum unique specimens of old painting, terracotta and clay-modelling.

Excavation—As usual archaeological excavation at Bangarh, in the district of Dinajpur, was continued towards the beginning of the year under the direction of Mr. K. G. Goswami, M.A., and a party of four students. The labour of the party has been immensely successful because, in addition to discovering what is technically known as " the fourth strata " of existing underground structure, the party has secured from the area a number of remarkable antiquities including terra-cotta plaques bearing running figures of bull and elephant as also male and female figurines of the 1st to 2nd century A.D. Besides decorated pottery, the most important finds are seals inscribed with Brahmi characters containing the popular ancient Indian Symbol " the tree and railing."

Cataloguing—Mr. S. K. Saraswati, M.A., was entrusted in January with the preparatoin of a full and exhaustive catalogue of the different collections. The work is nearing completion.

Laboratory—A small research laboratory for the cleaning and preservation of Museum objects was started in June under the charge of Mr. Minendranath Bose, M.Sc., of the Anthropology Department. Satisfactory results have

already been obtained specially on wood, stone, copper, bronze, iron and paper goods.

Museum Training—Steps are being taken for starting a Degree Course in Museology in co-operation with the Archaeological Survey of India.

Lectures—The following series of popular illustrated lectures were organised in March, April and May under the auspices of the Museum :—

1. " Textile Symbols of Rural Bengal " by Dr. Stella Kramrisch.
2. " Ivories " by Prof. Shahid Suhrawardy.
3. " Some Aspects of Mughal Painting " by Mr. M. Mahfuz-ul Haq.
4. " Art Education Through National Museum " by Dr. Kalidas Nag.

All the lectures were well-attended.

RESIDENCE OF STUDENTS

During the year 1940, about 3,200 out of about 21,000 students belonging to different Calcutta Colleges were accommodated in the attached Messes and in Collegiate and Non-Collegiate Hostels in Calcutta, licensed by the University. Of these, 1,465 resided in attached Messes and 354 in Non-Collegiate Hostels. The six Under-Graduate Hostels, which under Deeds of Trust, have been vested in, and are supervised by the University, accommodated about 917 students.

The attached Messes under the University (excluding the 8 Messes, attached to the two Medical Colleges and the six Under-Graduate Hostels) were formerly managed with the grant-in-aid received from Government for the Calcutta Mess Scheme from year to year. Under that scheme, a Non-Collegiate Hostel known as the " Buddhist Hostel " (chiefly meant for students of the Buddhist community) was also maintained. But the Government of Bengal having sanctioned a block grant to the University for five years from 1937-38, the attached Messes and the Buddhist Hostel are being maintained from the Students' Mess Fund which has been included in the ' Amalgamated Fee and Post-Graduate Teaching Funds.'

The new Scheme for the residence of students of affiliated colleges belonging to the Scheduled castes, which was introduced in 1938, was continued during the year under report. One hundred and eleven students took advantage of this scheme, of whom 58 belonged to the Colleges in Calcutta and 53 to those in Mofussil. It may be mentioned in this connection that under previous arrangements 55 seats were available in the two special Hostels for Scheduled caste students now abolished (Banibhaban—31, Binapani—24) and of these only 43 seats were occupied during 1937-38 (Banibhaban—19, Binapani—24).

Special attention was paid to the organisation of residence for girl students during the year under review. In view of the enormous increase in the number of girl students in Calcutta, the Syndicate thought it advisable to appoint an Inspectress of Hostels and Messes, and Mrs. Labanyalekha Banerjee, B.A. (Offg. Asstt. Inspectress of Schools, Nadia—Mursidabad) was appointed to the post.

In general, the health of the Boarders in the different recognised Hostels and Messes was reported to be good.

STUDENTS' WELFARE DEPARTMENT

During the year 1940 the health of the students in the following institutions was examined by the Medical Board attached to the Committee:—

1. South Suburban School (Main).
2. Seals' Free School
3. Mitra Institution, Bhowanipur Branch.
4. Narasing Dutt College, Howrah.
5. Entally Academy.
6. Presidency College.
7. Serampore College.
8. St. Xavier's College.
9. Vidyasagar College (Women's Section).
10. Lady Jane Dundas Hostel.
11. Victoria Institution for Girls.
12. Lady Brabourne College.

The total number of students examined during the year by the department was 2,869 (up to 18th December, 1940)—

number of school students 2,106, number of college students 525 and girl students 238, the total number of students examined so far by the Committee being 45,039.

Each student examined was supplied with a report on the state of his health. A copy of the report was forwarded to the institution concerned for information and a third copy was preserved in the department for reference and investigation.

470 students were re-examined, and of these 185 were kept under observation. Arrangements were also made for X'ray examination in 7 cases, urine examination in one case, sputum in one case and special dental treatment in 3 cases. The cost was borne by the department.

Arrangements for treatment of dental defects and diseases at concession rates for students recommended by the department were continued with Mr. Bipinbehari Roy, M.B., F R.E.S., M.R.A.S. (London) and 22 students availed themselves of these arrangements during the year.

65 students were admitted into the Students' Infirmary attached to the Carmichael Medical College Hospitals, Belgachia. 23 students were also referred to the visiting officers of the different out-door dispensaries attached to the Carmichael Medical College Hospitals, Belgachia. Arrangements were continued during the year for Dark-room examination of vision of the students suffering from defective eye-sight at the Students' Welfare Office by Ophthalmic Surgeons, one of whom remained in attendance at this clinic on all working days between 1 p.m. and 4 p.m. The total number of students who attended this clinic during the year was 572 and the total number of examinations made in this connection was 1031. 125 pairs of glasses were supplied to indigent students by the Department free of cost, and 180 students were granted glasses at a concession rate during the year.

The Honorary Secretary visited the Bankura Christian College in March, 1940, to report on the arrangements made there by the college authorities for the health education of the students attending the College. He reported that the necessary requirements for recognition of a local

Students' Welfare Committee at Bankura had been satisfied. The Students' Welfare Committee made a token grant of Rs. 300 to the Principal of the College for furtherance of health education at Bankura.

The use of the epidiascope and the cinema projector as also the services of the operators of the department were frequently requisitioned by and lent to other departments of the University and other public institutions.

The scheme for determining the nutritive food values of Bengali cooked dishes to help the Committee in devising suitable dietaries for the Bengalee students was carried on during the year, the work being conducted under the direct supervision of Prof. Bireshchandra Guha, *Sir Rashbehary Ghose Professor* of Applied Chemistry. A special stipend was awarded to Mr. S. Banerjee, M.Sc., M.B. to investigate the problems of specific nutritional deficiencies with particular reference to vitamin requirements.

Three University Athletic Proficiency Tests, organised by the Department, were held during the period from November, 1939 to January, 1940. 30 students from different colleges entered for these tests, of whom only 5 qualified for the Bronze Badge and one for the Silver Badge standard.

It was also decided to introduce a similar series of tests called the Gymnastic Proficiency Tests for students who are not athletically minded.

The sixth Inter-Collegiate Swimming Competition, organised by the Committee, was held on the 27th September, 1940, at the Cornwallis Square tank. 21 candidates from 6 different colleges entered for the Competition, and 3 college teams entered for the event Medley Relay. Rev. Allan Cameron, M.A., B.D., Principal, Scottish Church College, Calcutta, presided on the occasion and Mrs. Cameron gave away the prizes. The " Vice-Chancellor's Cup " presented by Mr. N. N. Bhose, B.A. (Cantab.), Barrister-at-Law, for College Championship, was awarded to the Vidyasagar College as the winner for the year 1940. 22 silver and bronze badges were also awarded to students for meritorious performances under different events.

The Committee have also made all arrangements for the award of the Debendranath-Hemlata Gold Medal for the year 1940.

For affording facilities to students for participation in major games and athletics for proper training and guidance the Committee opened training centres in Cricket, Tennis, and Athletics at the Calcutta University Playground on the Maidan. A Grounds-Committee was formed and different Committees of Management were appointed by the Students' Welfare Committee for making necessary arrangements for training. Admission to the training centres was limited to students recommended by the affiliated colleges for training and additional nutrition was supplied to every member attending the training centre.

The University ground was utilised to its fullest capacity. During the period, from November, 1939, to February, 1940, the Grounds-Committee had not only to arrange for the simultaneous running of training centres for Cricket, Tennis and Athletics of the Students' Welfare Committee, but had also to provide for the holding of Cricket and Athletic fixtures of the Calcutta University Cricket Club, the Post-Graduate Departments and the University Law College.

During the period, from March, 1940, to May, 1940, arrangements were made for the simultaneous running of Cricket and Tennis training centres and for the holding of hockey fixtures of (1) the Calcutta University Hockey Club, (2) the Post-Graduate Departments, (3) the Calcutta University Law College, (4) the Indian School Sports Association, Calcutta, and (5) the Indian School Sports Association, Bengal.

In addition to these regular activities, the Grounds-Committee was also called upon to lend the use of the ground to (1) Ripon College, (2) Asutosh College, (3) Calcutta Medical College and (4) Indian School Sports Association, 24-Parganas, for holding their sports and to St. Xavier's College, St. Paul's College, Carmichael Medical College, Indian Hockey Association and the Calcutta University Professors' Club for holding Hockey and Cricket matches. It may be mentioned that the Inter-University Cricket Match against the Aligarh Muslim University was played on this ground on the 2nd and the 3rd January, 1940, the first occasion when the Calcutta University held an Inter-varsity Cricket fixture on its own ground.

The Calcutta University Tennis training classes were started on the University Playground on the Maidan from 2nd February, 1940, and continued till April, 1940, under the direct and personal supervision of Mr. S. J. Matthews, the official coach to the Bengal Lawn Tennis Association, who was appointed to train the students. The number of classes held during the year was 25 with a total attendance of 300, giving an average of 12 per day.

In Cricket, arrangements were made to put up practice-nets on the regular pitch prepared for the purpose, for three days a week from November, 1939, to February, 1940, and from February, 1940, to April, 1940, arrangements were made to continue practice on a matting wicket outside the Hockey field for five days in the week.

In Athletics, arrangements were made to provide facilities for training in all track and field events. Separate classes were held for Javelin and Discus throws in the morning.

The Committee also arranged for the medical examination of 51 candidates for Indian Air Force, selected by the Secretary, University Appointments and Information Board.

CALCUTTA UNIVERSITY ATHLETIC CLUB

The year 1940 will be remembered as a good year for the Calcutta University Athletic Club because of the great triumph their Cricket team achieved in defeating the Aligarh University team by an innings and 49 runs in a two-day Inter-University friendly Cricket Match held in Calcutta. Aligarh as a side were equal in strength to most provincial Cricket teams and the Calcutta University team proved their all-round superiority.

In the Inter-University friendly Basket-ball and Volley-ball played at Allahabad, Calcutta University beat Allahabad University in Basket-ball by 47 points to 7, but lost to the latter in Volley-ball, the score being 15-11, 7-15, 11-15.

In the All-India Inter-University Football Tournament the Calcutta University team reached the final stage by defeating all the other Universities in the East zone and was awaiting the other finalist but to the great disappointment of the Calcutta University team the final game was not played.

The Final of the Inter-Collegiate Cricket Tournament between the Presidency College and the Scottish Church College resulted in a win for the former College by 13 runs. In the Inter-Collegiate Tennis Final the Presidency College beat Post-graduates by two matches to one. Inter-Collegiate League and Knock-out in Football and Hockey were also run very efficiently.

CALCUTTA UNIVERSITY ROWING CLUB

The City College having joined the club this year the number of colleges affiliated to the club is now ten. It is expected that St. Paul's, Ripon and Bangabasi Colleges will now join the club and maintain a rowing section in their athletic departments. About 150 members obtained training in the club, of whom 28 came from the Presidency College alone.

Regattas: The University sent a crew to the All-India Regatta held in March in Madras under the auspices of the Amateur Rowing Association of the East. Our pair with an average weight of 9½ st. beat the Madras and Poona pair with 13 st. average weight and were runners-up.

The Varsity crew did well indeed considering the light weight of our young boys and lack of experience in the rough choppy water of the Adyar River against strong head winds and heavy weights of our opponents, most of whom had the experience of rowing in English Waters.

The Club organised a race in fours and sculls in May last to encourage the junior members.

The real activities of the Club began after the summer vacation when preparation commenced for the Inter-Collegiate League and Knock-out regattas which were

organised before the Pujas. Ten Colleges participated in the competition and Asutosh College and Presidency College won the League and Knock-out trophies respectively.

In the Head of the Lake Regatta held in December our Junior Fours defeated the Calcutta Rowing Club and the Lake Club in a triangular race and won prizes.

UNIVERSITY TRAINING CORPS

During the year under review the Calcutta University Training Corps had practically no activity because the permanent instructional staff had been placed at the disposal of the newly formed Bengali Battalion and the parades had to be suspended from the beginning of August to October inclusive. Since the re-opening of Colleges after the Pujas the parades have been started though the staff given on loan have not yet returned. This was made possible because the Area Commander was pleased to sanction the appointment of one Staff Sergeant Instructor for the Unit. The attendance since the recommencement of the parades was on the whole satisfactory and the unit moved to Ranchi to hold its Annual camp of Exercise on the 17th December, 1940. The camp was for the duration of a fortnight and the Battalion came back to Calcutta on the 1st January, 1941.

The former Adjutant, Major F. H. Willasey-Wilsey, M. C. has gone back to his old Regiment and he has been succeeded by Major A. E. Watchorn.

Two members of the Staff were granted Commissions during the year, namely, 2-Lieut. A. M. Banerjea of Narasinha Dutt College, Howrah and 2-Lieut. P. C. Purkayastha of St. Xavier's College, Calcutta.

In November 1940, Brigadier E. B. Costin, Commanding Calcutta Area, inspected the unit at work and he was pleased with the progress that had been made within such a short time.

On the 1st December, 1940, the Unit invited all the guardians of the cadets, the Principals and Professors of different Colleges and also the University Authorities to witness the cadets at work. Many guardians and some

Principals and Professors responded to the invitation and were pleased to see their wards actually at work.

The University moved for the expansion of the Unit to provide facilities to the students of Muffassil Colleges to join the Corps and the Military Authorities acceded to their request on condition that the present authorised strength of the Unit was reached.

Three of our Cadets, *viz.*, V. S. C. Bonarjee, H. Chatterji and T. Ahmed were taken in the Indian Air Force as Commissioned Officers and one Under-Officer Mr. S. R. Sengupta of Vidyasagar College has recently been granted an Emergency Commission in His Majesty's Indian Land Forces.

UNIVERSITY STUDENTS' INFORMATION BUREAU

During the period under review 35 applications were received from students and offers of admission were obtained on behalf of 9 students. Practical training facilities were not available for 3 students and 9 students did not send any reply to letters sent to them. Almost all the students abandoned the idea of proceeding to foreign countries owing to the outbreak of war. In view of the present political situation in Europe a number of students desired to proceed to Japan and America for further studies but in the case of 10 students who applied for admission to Universities in Japan not a single reply had been received from the authorities concerned. 5 students applied for admission to American Universities of whom two were successful and the remaining cases were pending.

The number of applications received may be classified under the following heads:—

United Kingdom

Education	...	..	...	1
Degree course	...	...	...	9
Law	...	...	...	2
Engineering and Technology		...	....	4

America

P. G. Course	...	..	1

Japan

Textiles	..	...	10
			35
Number of letters received	...	...	318
Number letters issued	...	..	365
Interviews granted	...	...	400

APPOINTMENTS AND INFORMATION BOARD

The Appointments and Information Board was reconstituted by the Syndicate on the 4th June, 1940, for a period of two years with effect from 1st June, 1940. During the year under review the activities of the Board, so far as the placing of graduates and under-graduates in trade, industry and commerce was concerned, were considerably hampered owing to the outbreak of war. Since then the international situation has become more and more complex. with the result that the condition of trade and industry of the country in general is far from satisfactory. It is true that those industries which supply materials for war purposes have received a great impetus but as they require mainly trained men, the Board did not derive much benefit on account of the expansion of those industries. It may not be out of place to mention that the Oxford University Appointments Board, the oldest of its kind in the world, having been established in 1899, could not also escape from the adverse effects of the war conditions. In 1939 the Oxford University Appointments Board could secure only 77 appointments in business and industry and it is recorded in the report of the Board that " the decrease from the last year naturally reflects the conditions of the year, recruitment of men of University leaving age having practically ceased from September onwards."

At the end of the period under review the number of business houses co-operating with the Board rose to 184 as compared to 170 in 1939, 99 in 1938 and 10 in 1937. The reason why the Board has been able to earn the confidence of employers within a very short period of its existence were stated by the Bengal Chamber of Commerce in a communication to the Government of Bengal. The Chamber observed that " the Calcutta University system has commended itself and has achieved support because the procedure of registration, scrutiny, grading and selection has been openly laid down to meet the requirements of commercial, industrial and trading concerns and because the high standard demanded by the latter has been conscientiously maintained." Apart from the assistance given by business houses whose co-operation is mainly responsible for the expansion of the activities of the Board in various directions, some of the departments of the Government of India have also for the first time agreed to consult the Board in the matter of their recruitment.

In respect of registering under-graduates it has been decided by the Board to consult different affiliated colleges whenever there would be any occasion for the University to recommend names of suitable candidates. The number of applications received for registration and the number registered are given in the following table :—

	Arts	Science	Commerce	Engineering	Medical	Under-Graduate	Total
Applications received ..	306	147	50	11	2	78	594
Candidates interviewed .	314	140	53	6	2	50	565
Candidates registered ...	277	119	47	6	2	32	483

Of the number of candidates registered, the number entered in different sectional registers are given below:—

Company Secretarial Work	...	196
Insurance	...	3
Banking	...	63
Salesmanship	...	64
Chemist	...	28
Accountancy	...	20
Mechanical line	..	71
Textile Mills	...	24
Engineering	...	6
Miscellaneous Register	...	...
Special Register		6
Medical	...	2
Total	...	483

The number of University graduates and under-graduates already placed in different branches of trade, industry and commerce is noted below:—

	1937	1938	1939	1940
Banking ...	5	2	9	17
Accounts ...	3	1	...	9
Health Officer ...	...	1	...	...

Total	27	62	92	105

In the month of March, 1940, the Board came in touch with the Air Headquarters, Government of India. As a result, the Headquarters decided to consult the Board in the matter of recruitment of Commissioned Officers both for General Duties (Pilot and Observer) and for Adminstrative and Special Duties Branch of the Indian Air Force, which is now being expanded. Elaborate steps were taken by the Board for the selection of candidates and arrangements were made so that this opportunity might be taken advantage of by mufassil students.

The Federal Public Service Commission regularly sent copies of notices regarding vacancies to be filled up and the various competitive examinations conducted by them. As in the previous years the Board issued circulars containing detailed information regarding different competitive examinations conducted by the Commission for recruitment to Civil as well as Military services, to all the affiliated Colleges in the provinces of Bengal and Assam. The object of issu

ing such circulars was to draw the attention of eligible candidates who might wish to appear at the aforesaid examinations.

In the latter part of February, 1940, the Employment Adviser to the Government of Bengal approached different Chambers of Commerce and Trades Associations in Calcutta enquiring whether the member firms belonging to those Associations would agree to consult the Government agency whenever they would have opportunities of offering employment or training. It was further stated that Government proposed to open a Register which would include all who were Matriculates and above and also such non-Matriculates as possessed special technical qualifications. Government expressed the hope that the Chambers of Commerce and Trades Asso iations would not refuse co-operation merely on the ground that they had already an arrangement with the Calcutta University Appointments Board.

In reply, the Bengal Chamber of Commerce stated that the system of recruitment through the Calcutta University Appointments Board " has justified itself solely on the grounds of its ease and efficiency from the point of view of employer. Its continuance depends entirely on the maintenance of the high standard which has been set and which has so far been upheld in the vast majority of cases. Those who have made use of the University Appointments Board and whose experience of the system has been favourable will doubtless wish to continue doing so, and the Chamber Committee see no reason to recommend any interference with an arrangement which has worked so satisfactorily. The medium of the University Appointments Board extends only to the recruitment of certain classes of employees. The system is recognised throughout the world and there is no apparent reason why, as in other countries, the Government of Bengal's scheme and the University's already established Appointments Board should not operate concurrently. It would be to the advantage of employers and to the advantage of the province as a whole that a working arrangement should be entered into The Chamber's view is that, as there is ample scope for both schemes, the Universities should restrict their activities to the placing in employment of graduates and

under-graduates and that the Government scheme, in so far as it applies to the educated classes, should confine itself to Matriculates and non-Matriculates." The Chamber recommended that an arrangement on these lines should form the subject of a conference between Government and the University. Such an arrangement, it was stressed, would be welcomed by the trade and industrial interests which the Chamber represented. It was pointed out further that "from the point of view of the commercial and industrial interests connected with the Chamber the first essential is that there should be a clear-cut working arrangement between Government and the University." The Bengal Chamber of Commerce also informed Government that the opinion expressed by it in the matter of demarcation of activities between the Government Agency and the University Appointments Board was also the opinion of the Indian Jute Mills Association, Indian Tea Association, Indian Engineering Association, and the Indian Paper Makers' Association, to whom Government wrote separately on the subject.

The Bengal National Chamber of Commerce, the Indian Chamber of Commerce, the Indian Mining Federation and the Bengal Mill-Owners' Association also suggested demarcation of activities of the Employment Adviser and the University Appointments Board. At the request of different Chambers and Associations, the Government proposal was carefully considered by the Board. It was decided that in view of the suggestion made by the different Chambers and Associations, the Board, while retaining its freedom to pursue its policy and activities, would be prepared to agree to the proposal that the Government of Bengal should deal with cases of Matriculates and non-Matriculates. The cases of those who have passed the Intermediate or higher examinations must, however, be left entirely in charge of the University Appointments Board. The Board also signified its willingness to have a discussion with the Government of Bengal on the subject with a view to arriving at a working agreement on the lines already indicated.

UNIVERSITY PRESS

The University Press and the Book Depot were removed to the new premises during the year under review.

A sum of Rs. 61,735 was sanctioned in July, 1939, for purchasing new machineries. These machineries were due early in 1940, but excepting the Monotype machine which arrived in time, no other machine could be procured due to the outbreak of war. The Monotype machine has been working satisfactorily since its installation.

The number of pages printed in Text-Books and Original works was 10,696 and the number of pages in Calendars, Minutes, Proceedings, etc., was 7,104—as against pages 13,733 and 11,706 respectively of the previous year. This appreciable decrease in outturn was due mainly to the fact that fresh composition was stopped for a period of two months or so and all productive hands were engaged in making preliminary arrangements which were considered necessary for the removal of the Press. A list of works printed in the University Press as also of the works which were printed in outside presses is given in the Appendix.

APPENDIX

A

The Syndicate

The Syndicate for the year 1940-41 was constituted as follows:—

CHAIRMAN

The Hon'ble Khan Bahadur M. Azizul Huque, C.I.E , B.L., M.L.A., *Vice-Chancellor—Ex-officio.*

MEMBERS

1. The Director of Public Instruction, Bengal—*Ex-officio.*

Representatives of the Senate

2. Bhupatimohan Sen, Esq., M.A. (Cantab.), M.Sc.
3. The Hon'ble Mr. Justice Charuchandra Biswas, C.I.E., M.A., B.L.
4. Khan Bahadur Tasadduq Ahmad, B.A., B.T., M.Ed.
5. Susilkumar Mukherjee, Esq., L.M S. (Cal.), D.O. (Oxon.), D.O.M.S. (Lond.), F.R.C.S. (Edin.), F.S.M.F. (Bengal).

Representatives of the Faculty of Arts

6. Rai Bahadur Professor Khagendranath Mitra, M A.
7. Pramathanath Banerjea, Esq., M.A., D.Sc., Barrister-at-Law, M.L.A.
8. Rev. Allan Cameron, M.A , B.D.
9. Professor Muhammad Zubair Siddiqi, M.A., B.L., Ph.D. (Cantab.).

Representatives of the Faculty of Science

10. Sir Upendranath Brahmachari, Kt., Rai Bahadur, M.A., M.D., Ph.D., F.R.A.S.B., F.N.I., F S.M.F. (Bengal).
11. Nibaranchandra Ray, Esq., M.A.

Representatives of the Faculty of Law

12. Pramathanath Banerjee, Esq., M.A., B.L., Barrister-at-Law, M.L A.
13. Syamaprasad Mookerjee, Esq., M.A., B.L., D.Litt., Barrister-at-Law, M.L A.

Representatives of the Faculty of Medicine

14. Bidhanchandra Roy, Esq., B.A., M.D., M.R.C.P. (Lond.), F.R.C.S. (Eng.), F.S.M.F. (Bengal).
15. Lt.-Col. J. C. De, M.B., M.R.C.P. (Lond.), M.R.C.S. (Eng.), I.M.S.

Representative of the Faculty of Engineering

16. { C. V. Miller, Esq., A.C.G.I., B.Sc., A.M.I Struct.E., M.I.E. (Ind.)—(*Resigned his Fellowship in January, 1940*).
Ananta Hiralal Pandya, Esq., Sc.D. (Eng.), A.M.I. Struct.E., A.M.Am.Soc.C.E., A.M.I.E. (Ind.), A.M.Inst.W., M.A.R.P.I. (*from 16th February, 1940*).

The undermentioned gentlemen acted as members of the Syndicate during the temporary absence of some of its members :—

Manmathanath Ray, Esq., M.A., B.L., M.L.A.
Apurvakumar Chanda, Esq., M.A. (Oxon.).
Prof. Hemchandra Raychaudhuri, M.A., Ph.D.
Sailendranath Mitra, Esq., M.A.

Committee re : *Post-Graduate Teaching for General Medical Practitioners*

The following Committee was appointed by the Faculty of Medicine (20th January, 1939) to draw up a scheme regarding resolution No. 18 of the Bengal Provincial Medical Conference, 1937, with powers to co-opt experts whenever necessary :—

Sir Upendranath Brahmachari, Kt., Rai Bahadur, M.A. M.D., Ph.D., F.N.I., F.R.A S.B., F.S.M.F. (Bengal).
Bidhanchandra Roy, Esq., B A., M.D , M.R.C.P. (Lond.), F.R.C.S. (Eng.), F.S.M.F. (Bengal)
Principal, Carmichael Medical College.
Principal, Calcutta Medical College.

Resolution No. 18 of the Conference is as follows :—

" 18. Resolved—That the Government and the Universities be requested to find out ways and means of providing Post-Graduate training for general medical practitioners in order to keep them abreast of modern knowledge in diagnosis and treatment."

The Proceedings of the Committee were considered by the Faculty on the 17th July, 1940, and by the Syndicate on the 3rd August, 1940.

———

Committee re : *Costs of Chemicals, etc., for Intermediate Laboratory Work*

The following Committee was appointed by the Syndicate to consider the amount of recurring and non-recurring expenses in the laboratory work and practical Examination on account of introduction of practical tests in Science subjects at the Intermediate Examinations and favour the Syndicate with a report :—

Prof. Prafullachandra Mitter, M.A., Ph.D.
Nibaranchandra Ray, Esq., M.A.
Muhammad Qudrat-i-Khuda, Esq., D.Sc. (Lond.), D.I.C.
Charuchandra Bhattacharyya, Esq., M.A.

The Proceedings of the Committee were confirmed by the Syndicate on the 19th January, 1940.

———

Committee re : *Teaching of Hygiene and Public Health as a part of curricula for Medical Qualifications and Registration*

The following Committee was appointed, with power to co-opt, to consider the question of the teaching of Hygiene and Public Health as a part of curricula for medical qualifications and registration and favour the Faculty with a report on the following points :—

(*a*) The Medical Council of India's Recommendations II (3) on Professional Education ;
(*b*) The desirability of improving Hygiene Museums ; and
(*c*) Proposal of carrying out Health Surveys by the students.

The Dean of the Faculty of Medicine.
Bidhanchandra Roy, Esq., B.A., M.D., F.R.C.S. (Eng.), M.R.C.P. (Lond.), F.S.M.F. (Bengal).
Susilkumar Mukherjee, Esq., L.M.S. (Cal.), D.O. (Oxon.), D.O.M.S. (Lond.), F.R.C.S. (Edin.), F.S.M.F (Bengal), *Convener*.
R. B. Lal, Esq., M.B.B.S., D.P.H., D.T.M. & H., D.B.
Principal, Medical College, Calcutta.
Principal, Carmichael Medical College, Belgachia.

The Proceedings of the Committee were considered by the Faculty on the 17th July, 1940, and confirmed by the Syndicate on the 3rd August, 1940.

———

School Final (Science) Examination Equivalence Committee

A Committee, consisting of the following gentlemen for consideration of the matter regarding the exemption of the School Final Examination (Science Side) passed candidates from passing the Matriculation Examination in a Classical Language before proceeding to the Intermediate Examinations, was appointed by the Syndicate on the 6th August, 1938 :—

Rai Bahadur Prof. Khagendranath Mitra, M.A.
Satischandra Ghosh, Esq., M.A.
Prof Phanindranath Ghosh, M.A., Ph.D., Sc.D., F.Inst.P.

The report of the Committee was adopted by the Syndicate on the 12th July, 1940.

———

Kamala Lectureship Committee

The Special Committee for the appointment of the Kamala Lecturers for 1937 and 1939 was constituted by the Syndicate on 19th January, 1940, as follows :—

Syamaprasad Mookerjee, Esq., M.A., B.L., D.Litt., Barrister-at-Law, M.L.A.—Nominated by the Faculty of Arts.

Professor Subodhchandra Mahalanobis, B.Sc., F.R.S.E —Nominated by the Faculty of Science.

Baini Prasad, Esq., D.Sc., F.Z.S., F.R.S.E., F.R.A.S.B —Nominated by the Royal Asiatic Society of Bengal.

Manmathamohan Bose, Esq., M.A.—Nominated by the Bangiya Sahitya Parisad.

Bidhanchandra Roy, Esq., B.A., M.D., M.R.C.P. (Lond.), F.R.C.S (Eng.), F.S.M.F. (Bengal)—Nominated by the Founder's Representative.

Recommendations of the Committee were considered by the Syndicate on the 19th April, 1940.

———

Committee re : *Organisation of Islamic Studies*

The following Committee was appointed by the Faculty of Arts, dated the 31st January, 1940, to examine the recommendations of different Boards and Higher Boards of Studies on the Organisation of Islamic Studies and Culture and favour the Faculty with a report :—

Anathnath Chatterji, Esq., M.B., B.S.	General Committee and Executive Committee, Indian School Sports Association.	...
Pramathanath Banerjee, Esq., M.A., B.L., Barrister-at-Law, M.L.A. Jogeschandra Chakravorti, Esq., M.A.	Board of Intermediate and Secondary Education, Dacca.	For 1940-41.
The Hon'ble the Vice-Chancellor	Board of Anglo-Indian and European Education, Bengal.	For the next term from 8th June, 1940.
University Inspector of Colleges Umaprasad Mookerjee, Esq., M.A., B.L.	Governing Body of the Indian Football Association.	...
Ramaprasad Mookerjee, Esq., M.A., B.L.	General Council and State Faculty of Ayurvedic Medicine.	...
The Hon'ble Khan Bahadur M. Azizul Huque, C.I.E., B.L., M.L.A	Trustee of the Indian Museum.	...
Bidhanchandra Roy, Esq., B.A., M.D., M.R.C.P. (Lond.), F.R.C.S. (Eng.), F.S.M.F. (Bengal).	Governing Body of the Bose Institute.	For 1940-41.
The Hon'ble Khan Bahadur M. Azizul Huque, C.I.E., B.L., M.L.A.	General Council and State Faculty of Unani Medicine in Bengal.	...

II

The undermentioned persons were on invitation appointed Delegates of the University on the various Conferences in India and abroad :—

Name of the Delegate	Name of the Conference
Pramathanath Banerjea, Esq., M.A., D.Sc., Barrister-at-Law, M.L.A.	1st session of the Indian Society of Agricultural Economics at Delhi.
Dr. Maryla Falk ...	All-India Oriental Conference at Tirupati.
Niharranjan Ray, Esq., M.A., D.Litt., Phil. (Leiden), Dip. Lib. (Lond.), F.L.S.	4th All-India Library Conference at Patna.
Prof. Hemchandra Raychaudhuri, M.A., Ph.D.	17th Session of Indian Historical Records Commission at Baroda.
J M. Bottomley, Esq., C.I.E., M.A. (Oxon.). Pramathanath Banerjea, Esq., M.A., D.Sc., Barrister-at-Law, M.L.A. Syamaprasad Mookerjee, Esq., M.A., B L., D.Litt., Barrister-at-Law, M.L.A.	Ceremony of investiture of the D.Litt. Degree of the Oxford University on Dr. Rabindranath Tagore, at Santiniketan.
Pramathanath Banerjea, Esq., M.A., D.Sc., Barrister-at-Law, M.L.A. Prof. Jitendraprasad Niyogi, M.A., Ph.D. (Lond.).	24th Annual Conference of the Indian Economic Association at Mysore.
Anathnath Bose, Esq., M.A. (Lond.), T.D. (Lond.).	16th All-India Educational Conference at Udaipur.
Prof. Hemchandra Raychaudhuri, M.A., Ph.D.	4th Indian History Congress at Lahore.
Prof. Muhammad Zubair Siddiqi, M.A., B.L., Ph.D. (Cantab.).	51st All-India Muslim Educational Conference at Poona.
Sir S. Radhakrishnan, Kt., M.A., D.Litt.	Indian Philosophical Congress at Madras.
Prof. Nikhilranjan Sen, M.A., Ph.D., D.Sc.	Indian Statistical Conference at Benares.

D

University Professors

Name of the Professor	Designation of the appointment.	Remarks
Prof. Bidhubhushan Ray, D.Sc.	Khaira Prof. of Physics.	Made permanent.
MM. Prof. Vidhusekhara Bhattacharyya, Sastri.	Asutosh Prof. of Sanskrit.	Term extended for 1 year from 1st June, 1940.
Prof. Harendracoomar Mookerjee, M.A., Ph.D., M.L.A.	University Prof. of English.	Retired from 1st July, 1940. Appointed temporarily from 2nd July, 1940, to 31st December, 1940.

E

Statement of Research Work in the Post-Graduate Department in Arts, 1940

I. ARTS

During the year 1940, the Department of Post-Graduate Teaching in Arts continued its research activities in various branches of knowledge. A succinct account of the original investigations in which teachers and research students of the Department were engaged is given below :—

English

Dr M. M. Bhattacharyya and Mr. J. N. Sen carried on investigations in Shakespearean Studies. Mr. P. R. Sen devoted himself to Oriya Literature. Thomas Hardy and the novels of Bankimchandra formed the themes of Mr. A. K. Sen and Cynewulf that of Dr. S K. Das. Mr. N. M. Chatterjee published "Letters from Earth." Mr. K. C. Mukherjee wrote a disquisition on "Aristotle's Theory of Poetry." Dr. I. H. Zuberi dealt with the metaphysical poetry of the 17th century and the influence of Donne on post-War poetry. Mr. S. C Sen wrote on "Aspects of Recent English Ficton." Calcutta and English Literature, Cowper and Bacon attracted the attention of Mr. R. K. Dasgupta.

Sanskrit

Pandit Vidhusekhara Bhattacharyya is editing Asanga's *Yogacarabhumi* and the *Agama Sastra*. The Asutosh Sanskrit Series is making headway and progress is also being maintained in *Tibetan* lore through the zeal of Messrs. Anukulchandra Banerji, Durgadas Mukherji and Lama Lobzang Mingyur Dorji. MM. Sitaram Sastri devoted himself to *Vedic* studies, MM. Ananta Krishna Sastri and Pandit Asoknath Sastri to the *Vedanta*, MM. Phanibhushan Tarkabagish and Pandit Panchanan Tarkabagish to *Nyaya* and Pandit Srijib Nyayatirtha to the *Sakta* Doctrine. Philology, Grammar and Buddhistic Studies claimed the attention of Dr. Manomohan Ghosh and Dr. Batakrishna Ghosh, Social literary history that of Dr. J. B. Chaudhury, and Legal Literature that of Dr. Amareswar Thakur and Pandit Krishnagopal Goswami. Iconography, History and Archaeology found assiduous workers in Mr. J. Banerjee, Dr. H. C. Ray and Mr. K. G. Goswami.

Pali

Dr. Barua is specialising in *Vairayana* Literature and Asokan Epigraphy and edited an important Inscription of Eastern Bengal. Dr. N. Dutt is dealing with Buddhist Schools and Sanskrit Buddhist Texts, while Mr. D. L. Barua is compiling a Dictionary of Prakrit Inscriptions. Mr. N. N. Dasgupta is exploring political and literary history and throwing light on some of the outstanding figures of Kanauj and Bengal.

Arabic and Persian

Professor M. Z. Siddiqi is dealing with *Hadith* Literature and editing a History of Herat.

Modern Indian Languages

Professor K. N. Mitter is editing the *Sree Krishna Vijay* and the poems of Vidyapati. Progress is also being made in the preparation of an Anthology of Vaishnava Poetry. Pandit S. N. Sharma elucidated Hindi Literature, while the Religion and Language of Orissa claimed the attention of Messrs. Maheswar Das and Binayak Misra. Dr. T. Dasgupta devoted himself to Narayan Dev's *Padma Puran* and Manik Datta's *Chandi Mangal*, Mr. Visvapati Chaudhuri to the Novels of Rabindranath and Mr. Mrinala Sarbadhikari to Madhusudan. The History of Bengali Literature engaged the attention of Mr. M. N. Basu and Buddhist influence on Early Bengali

Literature was dealt with by Dr. Sasibhushan Dasgupta. Mr. J. M. Bhattacharyya is editing Ketakadas—Kshemananda's *Manasa Mangal*. Short story writers formed the theme of Mr. N. Chakravarti and the Language of Vidyapati that of Mr J. N. Ghosh.

Comparative Philology

Professor S. K. Chatterji edited the *Varnaratnakara* in collaboration with Pandit Babua Misra and carried on researches in Indian Linguistics and Etymology, the results of which are embodied in a Presidential Address and various publications. Dr. Sukumar Sen elucidated Middle Indo-Aryan Grammar, Bengali Literature and Old Persian Inscriptions, while Mr. K. C. Chatterji devoted his attention to Sanskrit Grammar and the romance of Subandhu. Mr. B. P. Raychaudhuri dealt with the Eastern *Apabhramsa* and the language of certain *Dohas*.

History and Ancient Indian History and Culture

The year under review saw the publication of the Proceedings of the Third Session of the Indian History Congress which include a large number of articles from the pen of teachers and students of the Department of History and Ancient Indian History and Culture.

Professor Raychaudhuri contributed several papers embodying the results of his investigations in political, religious and institutional history and ancient geography. Administration claimed the attention of Dr N. C. Banerjee and the History of the Supreme Court that of Dr. I. Banerji. Mr. T. Chakravarti incorporated the results of his investigations in recent history in "India's Demand for a Constituent Assembly," Dr. N. K. Sinha dealt with Hyder Ali and Dr. Habibullah with the rulers of Delhi in the Pre-Mughal Period. The Administrative Papers of Elphinstone and Records regarding Bau Rao II claimed the attention of Dr. P. C. Gupta. Dr. N. C. Roy elucidated the "Federal System of the United States" and contributed shorter treatises on several subjects of interest at the present moment. Mr. N. C. Sinha investigated the History of Education.

Art claimed the attention of Professor Suhrawardy, Dr. Kramrisch, Dr. Nag, Dr N. Ray, Mr. D. P Ghosh and Mr. S. Saraswati Dr Bagchi dealt with the Tantras, Dr. H. C. Ray's contributions covered a wide field including letters of Tipu Sultan, the Baghaura Inscription, the Line of Krishna Gupta, *Bhoja Saccaritanataka*, *Surjjanacarita Mahakavya*, and Five India Office Letters. Studies relating to Malaysia, Siam, Indo-China, Java and Burma claimed the attention of Dr. Nag and Dr. N. Ray. The latter explored also the Social, Administrative and Cultural History of Bengal. The History of this province is also being dealt with by Dr B. C. Sen. Mr. J. N Banerji contributed papers on Indian Numismatics and is bringing out a volume of Hindu Iconography. Dr. D. C Sircar is specialising in Epigraphic studies, besides contributing papers on diverse subjects of historical and cultural interest. Mr S. Chatterjee is utilising epigraphic data for the elucidation of Hindu Geography.

Philosophy

The sphere of this Department expanded during the year under review and its activities embraced critical reviews and dissertation on a variety of subjects. Jaina epistemology and "Value consciousness" formed the themes of Mr. H. M. Bhattacharyya and "Truth in its moral Aspect" that of Mr. A. M. Ray. "Poetry, Monads and Society" received treatment at the hands of Mr. H. Kabir. Dr. S. C. Chatterji wrote on the "Relation of the Knower and the Known," "Alexander's Conception of God" and of Space Time, and "Freud on the Future of Religion." Dr. S. K. Maitra contributed critical reviews of Dr. Bhagavandas's "Essential Unity of Religions" and "*Sanatan Dharma*."

Economics and Commerce

A number of problems connected with taxation, banking, business statistics and cottage industries engaged the attention of the Departments of Economics

and Commerce. Professor J. P. Niyogi dealt with *Financial Planning and Business Enterprise in India.* Dr. J. C. Sinha contributed papers on *Indian Cottage Industries* and *Economic Condition of the Ceded Districts of Madras.* Dr. S. K Basu published articles on *Recent Developments in Central Banking.* Dr. H. C. Sinha dealt with statistics and the results of his study are embodied in the "*Role of Mathematics in Economics Statistics*" and "*Economics and Business Statistics*" Principles of Taxation (*Kara Niti*) formed the theme of Mr. A. Sen

Pure Mathematics

The research activities of this Department concerned mainly Algebra and Geometry, but the Theory of Complex Functions, Philosophy of Mathematics and Theory of Numbers also received attention Professor F. W. Levi delivered six public lectures on Finite Geometries and their application to statistics. The Professor and Mr Bose collaborated in Geometrical investigations in Ghoom. An important development of the year is the formation of a group of research workers including Messrs. S. N. Roy, A. C. Choudhury, M. A Jabbar, B. C. Chatterjee, G. B Das, M. N. Ghosh, Sh. Hossein and Miss Abha Mitra.

II. SCIENCE

Applied Mathematics

The research work in this Department has been carried on by the staff as well as by the research students. Prof. N. R. Sen in collaboration with his research scholars is working on problems of Theoretical Astro-Physics. They have undertaken a systematic study of the stellar structure in the light of Bethe's new theory of Energy generation.

Messrs. H. K. Ganguli and B. C. Mookerjee, research scholars are working on Cosmology and on general theory of Relativity.

Mr. S. K. Chakrabarty, part-time Lecturer of this Department, has been working on Nuclear Theory and has completed his work on the problem of the Deutron.

Drs. K. N. Bose and S. Ghosh have been working on Atomic Physics and on problems on the Theory of Elasticity respectively and have published several papers in these lines.

Physics

Prof. M. N. Saha in collaboration with his research students was organising the work of Nuclear Physics and Cosmic rays in the Palit Laboratory and published their results in *Proc. Nat. Inst. Sc.*, Vol. 6. Dr. Dasgupta and Mr. Bhattacharyya determined the life of the Mesotron by four different methods and published their results in the above Journal. Dr. S. C. Sircar, another research assistant to Prof. Saha, published his criticism on the "Raman-Nilkanthan Effect" which not only received good attention from the press but his views were independently endorsed by Sir William Bragg, President of the Royal Society. Dr. Sircar also have studied the light scattering by optical glasses of special quality and the results have some bearing on the so-called "Krishnan Effect."

In "Nuclear Physics" some apparatus for detection of feeble β-activity and for separation of Isotopes by the method of thermal diffusion have been designed and completed.

An interesting article on "Physics in Aid of Medicine" was published by Prof. Saha and Mr. P. K. Senchaudhuri in *Science and Cultnre,* Vol. 6.

Messrs. Ray and Kundu were appointed scholars for researches on the manufacture of Vacuum and Compression pumps.

Mr. K. N. Ghosh is working under the supervision of Prof. Saha and is carrying out researches in Air Conditioning in the Palit Laboratory.

Prof. S. K. Mitra and his collaborators are engaged in the experimental investigations on the Ionosphere but their work has to be stopped by the cancella-

tion of the transmitting license by the Government of India. Theoretical investigations on the absorption of radio waves in the F-region of the Ionosphere has been concluded. The results generally confirm the view that the atmosphere at the height of F-region is at a high temperature (1200-2000° K). Different experiment in the difierent directions in connection with Ionosphere have been carried out with success.

Investigations on the design and construction of the Loud Speaker are being continued.

Large number of papers on topics like Wireles broad, casting, penetration of thin layers, early morning variation of Ionisation and the true height of the F-region of the Ionosphere, etc., have been published from this laboratory by Drs. H. Rakshit and J. N. Bhar and Mr. S. P. Ghosh and other research scholars working under Prof. Mitra.

Prof. B. B. Ray, Khaira Professor of Physics, with his collaborators engaged himself in the study of the properties of Selenium both in crystalline and amorphous form by X-ray diffraction method and the dependence of band spacing on particle size was experimentally demonstrated. Properties of liquid selenium at different temperatures were studied by them. Similarly super-cooled liquid sulphur was prepared in the laboratory and its nature studied by the X ray method. Similar nature of element Tellurium in the solid, liquid and colloidal state was also investigated. Amongst other things, K-spectra of the elements ranging from 11Na to 15P have been investigated and it has been definitely found that the present theories are inadequate for the explanations of the shape of the band and Prof. Ray attempted to explain the thing from a new standpoint of view.

Applied Physics

During the year under review, the different sections of the Department, besides conducting a number of useful researches in various branches of Applied Physics and Electrical Engineering and publishing several papers, have carried out successfully many development and manufacturing works.

In the Measurement Section, investigations have been conducted on the suitability of Indian vegetable oils as lubricants and insulants for electric purposes and also their di-electric constants have been successfully studied by Mr. C. S. Ghosh and Dr. Mahanti of the Department.

In the Instrument Engineering Section, researches have been conducted on the design of vibration tachometers and a semi-automatic machine for engraving meter scales. Dr. Mahanti was also successful in designing a new moving-iron type switch-board ammeters and voltmeters. It is interesting to note that Prof. P. N. Ghosh has designed a special apparatus for the teaching of the Blind.

Mr. S P. Chakrabarti and his co-workers have tackled with success many important investigations on loud-speakers and also on the "Wide band-pass effect" in crystal resonators, and developed high-frequency crystal filters for television. From the funds available from the Bengal Industrial Board, the Department has designed on a semi-commercial scale, fixed and variable condensers, etc. The spectra of a few diatomic oxide and halide molecules have also been investigated by Messrs. Sen and Mahanti. In the Applied X-ray Section, a special X-ray equipment has been designed and constructed under the supervision of Prof. P. N. Ghosh.

Chemistry

In the Palit Laboratory, Prof. P. C. Mitter and Mr. S. Mukherjee continued their work on Alauric acid. Prof. Mitter and his research scholars published several papers on (1) Cyclopentane acids, (2) Selenic acid and also on (3) Cyclopentane di-carbon acids. They are also successful in the synthesis of some degradation products of the resin olivil. A considerable progress has been made also in the synthetic investigations on the degradation products of Bile acids and Sex Hormones, etc., Part I or Part II.

Prof J. N. Mookerjee, Ghose Professor of Chemistry, with his co-workers engaged himself in the following lines of researches :—

(a) Adsorption—

(1) with activated charcoal and
(2) silk Fibroin.

(b) Investigations on soils and soil colloids carried out with the financial help of the Imperial Council of Agriculture.

(c) Investigations on Viscous and Electro-chemical properties of oil-well drilling muds

(d) Researches on Problems connected with sericulture.

Prof. Mookerjee with his research scholar, Mr. B B. Majumdar is investigating the properties of some mineral oils obtained from different places, under the scheme of Research financed by the Napier Paint Works.

Dr. R. P. Mitra, Messrs A. K. Mitra, H K Acharyya, B. C. Chatterjee, K. C. Ghosh, S N. Bagchi and other research scholars, either jointly with Prof. Mookerjee or independently under the guidance of the Professor, published as many as 10 papers during the period under review.

Mr. S. N Mookerjee, Assistant Lecturer in Chemistry, with Messrs N. K. Sirkar and K. B. Ghosh, engaged himself in the study of the variations in the properties of nucleic and arabic acid solutions with concentrations and had published 3 papers which were read before the Indian Science Congress Association, Session 1940

Prof. P. Ray, Khaira Professor of Chemistry, investigated amongst others the following special topics in the year under review, namely,

1. Copper Biguanidine
2. Nickel Phenyl biguanidines and their cistrans Isomers
3. Complex compounds of Biguanide with Tervalent metals
4. Micro-determination of zinc in snake venoms.

He also sent a note in the *Journal of Indian Chemical Society* on the Reactions and Exchange of Active Iodine in Inorganic system

Dr. S. G Chaudhuri has made some theoretical investigations on the conductivity of strong electrolytes, on the theory of indicators and on the derivation of Ostwald's dilution law and on similar other problems in this year.

Dr. P. K. Bose, made, as in previous year, a systematic investigation of medicinal and other economical Indian Plants and published six interesting papers dealing with their special properties.

Under the auspices of the Board of Scientific and Industrial Research, he carried out special investigations on synthetic drugs, etc., and in this connection his note on the synthetic method for the manufacture of "Albucid," which is a specific against acute gonorrhoea, deserves a special mention.

Applied Chemistry

In Applied Chemistry, Prof. B. C. Guha and his co-workers were engaged in the problems of Industrial fermentation of molasses for the production of citric, oxalic, gluconic and acetic acids, and acetone and butyl alcohol. They also devoted themselves to the study of food technology, such as nutrition and vitamin problems and also to several other important industrial problems and have published more than 10 papers in this direction.

Dr. Goswami and his co-workers published also some ten papers on problems like Plastics, industrial carbon, synthetic perfume, sweating of soaps, etc.

Mr. B. C. Ray and his co-workers worked on the preparation of phenolphthalein, several dye-stuffs from coal, etc.

Dr. Dasgupta studied the manufacture of hydrogen peroxide, ammoniom sulphate, recovery of coal-gas sulphur from coal and also investigated with success the preparation of Hyhto salts from rejected plaster of paris moulds.

Dr. Ghosh continued his studies on Haemolysin of cobra venom and also Enzmeo in snake venoms and found some very interesting results.

Psychology

The significant part played by *interest* in the results of Intelligence tests has been discussed by Prof. G. Bose. Under his direction the workers of the Applied Section has made considerable progress in the standardisation of various tests for vocational guidance. The work of standardisation of group Intelligence tests in Bengali has been continued by Mr. S. Sinha.

For Word Association Test Mr M. N. Banerjee has prepared a list of words that he has found helpful in the detection of accident proneness and of temperamental qualities, such as also entroversion and extroversion, as well as stability and unstability of character. The phenomenon of mental conflict in early childhood has been studied by Mr. H. P. Maiti. With the co-operation of some Post-Graduate students, Dr. S. C. Mitra has been investigating the causes of aesthetic appreciation of form, colour, etc., and Dr. G. Pal has been analysing the factors operating in the comparison of stimuli of varying intensity. Mr. M. Ganguly has introduced improvements in the Campimeter devised by him. The ways of sublimation of instincts and certain aspects of criminals' mind have been discussed by Mr. M Samanta and Mr. A. Datta, respectively. Dr R. Ghosh has considered the problems of 'interviewing' and 'career choosing.' The question of *specificity* of personality traits has been the subject of study by Mr. S K Bose.

The Jubilee Research Prize has been awarded to Mr. S. Ray of the Applied Section for his researches in vocational psychology. The comparative merit of several Vocabulary tests has been discussed by Mr. D. Ganguli in the light of observational data. Mr. K C. Mookerjee has suggested a technique of treating qualitative data in quantitative terms.

Geology

Mr. N. N. Chatterjee published several papers and also communicated his investigations on topics like Domestic coke, Methods of coal analysis, Sulphur in coal, Chemical contribution of coal, etc., to Indian Science Congress and National Institute of Science.

Mr. Chatterjee in collaboration with Mr. B. C. Chakravarty read a paper on "Blending and Swelling of some Indian Coals" at the Science Congress session at Madras.

Mr S. K. Ray investigated on the Kalimpong genesis and associated rocks, while Mr. H. Nandi, a research scholar, carried on investigation on 'Metamorphic rocks of Patkum.'

Physiology

As various instruments of precision have been acquired slowly, the department could not properly undertake any important research work during the period. Inspite of this disadvantage, Mr. Anilbhusan Sengupta continued the Histological portion of his investigation under the guidance of Dr B. B. Sarker. Mr. P B. Sen was engaged in the investigation of haemostatic properties of some indigenous drugs. The work of Mr. Sen on vitamin C has been communicated to Nature, this year.

Botany

Prof. S. P. Agharkar as Hony. Secretary prepared a report of the Soil Conservation and Afforestation Sub-Committee under the auspices of the National Planning Committee. Mr. S. K. Mookerjee under the guidance of Prof. Agharkar was engaged on a monographic study of the genus Mangifera (mango), and analysed samples received from Java, Singapore, Manilla, Calcutta and Dehra Dun and from other herbaria.

Mr. T. C. Roy has published a note on "A preliminary study on orange rot."

Mr. I. Baneriee, in collaboration with his students, published several papers on the morphology and cytology of Carthanus tinctorious and also studied the life history of Tridan procumbens.

Dr. S. M. Sircar and students working under him made further progress in the Physiological studies of rice and mangoes. He also worked on problems of mango storages in India and obtained some interesting results.

Mr. S. N. Banerji completed several papers during the year under review, amongst which his paper on Heigher Fungi of Bengal and Assam seems to be very interesting.

Mr. A. K. Ghosh was entrusted with a work by the Director of Geological Survey of India and has made a special study on the dicotyledonous leaf impressions from the Amherst District, Burma.

Mr. P. K. Bose, Assistant of the Department, published a paper on Axial floral prolification and metamorphosis of stamens in a flower of *Nymphoea Lotus* Lerin.

Zoology

Prof. H. K. Mookerjee is continuing the work of the fishery scheme under the Imperial Council of Agricultural Research and published several papers during the period, *viz.*, (1) Method of Oxygenation in fish culture, (2) Sex dimorphism in food of carp, (3) Culture of natural food of carp, (4) Identification of fry of carp.

Besides this Applied side he is also continuing his researches in Vertebrate Embryology as before. Messrs. D. D Mookerjee and G. K. Chakravarty are continuing their researches on the morphology and life-history of White Ants and also on the systematic studies of Round worms respectively.

Drs. D P. Raychaudhuri and S P. Raychaudhuri are engaged themselves in their special studies on the genitalia of some insects and also on the cytology and genetics of Indian Drosophilia respectively.

Mr. Bhaduri also published several papers about his investigation of Amphibia, etc. in this period.

Anthropology

Mr. K. P. Chattopadhyay carried out investigation on Satakarmi Succession and Marriage rules and on the Santal Tree press. He also sent notes on Korku marriage rules, Santal bird traps and a Ground raft.

Mr. M. Bose and Captain R Bose published papers on the preservation of wooden objects, of kokon fabrics, etc., and also on anthropometry and blood types among the Bangaja Kayasthas of Bengal and also among the Bhuiyas of Mayurbhanj State.

Mr. T. C. Das continued his work on the Purum Kukis of Manipur and prepared a paper on " Disposal by exposure among the Bathuris of Mayurbhanj State " and he conducted field-work among Hinduised Bhuiyas of Mayurbhanj State. Mr. Das acted as President in the Anthropological section of the Science Congress this year.

Mr. J. K. Bose engaged in studying Garo Culture and collected materials *in situ* amongst the Garos of Mymensingh.

Dr. Chatterjee has continued his researches on Nutritional problem while Mr. N. K. Bose has been conducting excavation work at the palaeolithic site at Kuliana in Mayurbhanj State. Besides this he published a large number of papers in the various Bengali journals.

F

Special Readers, Extension and other Lecturers

The following is the list of persons who were appointed as Special Readers, Extension and other Lecturers during the year :—

Name	Designation of appointment	Subject of the lecture.
Dr. G. P. Dube	Extension Lecturer.	Application of Quantum Mechanics to the Theory of Valency.
Dr. S. Deb	Ditto	Ore-microscopy and the Modern Physico-Chemical methods for the determination of Opaque Minerals.
Prof. F. Vreede	Ditto	Comparative Symbology of Eastern and Western Civilizations.
Mr. S. C. Majumdar	Special Reader	Rivers of Bengal Delta.
Sir S. Radhakrishnan, Kt., M.A., D.Litt.	Kamala Lecturer for 1937.	Religion and Society with special reference to India.
Mr. Hirendranath Datta, M.A., B.L.	Kamala Lecturer for 1939.	Indian Culture—Its Traits and Trends (a study in contrasts).
Dr. John B. Grant, M.D., M.P.H.	Basanta Lecturer for 1939.	Social Function of Medicine.
Dr. Surendranath Dasgupta, M.A., Ph.D. (Cal.), Ph.D. (Cantab.).	Stephanos Nirmalendu Ghosh Lecturer for 1939.	...
Dr. H. J. Bhaba, D.Sc.	Special Reader	Cosmic Rays.

G

Honorary Degree of D.Sc.

The Honorary Degree of Doctor of Science was conferred upon Sir Nilratan Sircar, Kt., M.A , M.D., LL.D., D.C.L., F.S M.F (Bengal), who, by reason of eminent position and attainments, was deemed to be a fit and proper person to receive such Degree.

Doctorates and other Research Degrees conferred

The undermentioned candidates were admitted to the Degrees under which their names appear, for their original research work in the subjects stated against their names :—

Name		Subject
		Ph.D.
Adharchandra Das, M.A.	...	Negative Fact, Negation and Truth.
Kamalkrishna Basu, M.A.	...	The Adil Peshwa of Bijapur.
Nalinchandra Ganguli, M.A.	.	Indian Political Philosophy.
		D.Sc.
Manohar Ray, M.Sc.	...	Studies in Fluid Motion
Sudhirkumar Banerjee, M.Sc.	...	Synthesis of Higher Torpono Compounds
Phanindrachandra Datta	..	Studies in the Sequiterpene Series and Studies in the Cyclopentane Series.
		M.D.
Phanindranath Brahmachari, M.B.	M.Sc.,	Studies in certain aspects of Leishmanoderma or Lesions due to Leishmania Donovani Infection of the Skin in man as a post-Kala-Azar condition.
Sunilkrishna Datta, M.B.	...	Study of Acidiosis and Suppression of Urine in Cholera.
Krishnadhan Chatterjee, M.B.	...	Verruga Dropsi Epidemicus or Verruga Indiana.
		M.O
Chunilal Mukherjee, M.B.	...	The Posterior Pituitary Factor in Toxaemia of Pregnancy.

,, Bhabaniprasad Ray-chaudhuri.	Indian Linguistics and Phonetics.	One year from 1st August, 1940.
,, Jitendrakumar Guha	Fine Arts	For one year.

SIR JAGADISCHANDRA BOSE FELLOW

Dr. Basukumar Bagchi, M.A., Ph.D. ... Confirmed with effect from 16th January, 1940.

GHOSH TRAVELLING FELLOWS, 1940

Dr. Sudhirkumar Niyogi, D.Sc. ... Metallurgy of Aluminium (Canada).
Mr. Ajitcoomar Mookerjee, B.A. ... Indian Influence on Chinese Arts (University of London).

SIR PRAPHULLACHANDRA RAY FELLOW

Dr. Susilkumar Mitra, D.Sc. ... Term extended for one year from 1st April, 1940.

KALYANKUMAR MUKHERJEE RESEARCH SCHOLAR

Mr. Hemendranath Chatterjee, M.B. ... Term extended for six months from 1st April, 1940.

VEHARILAL MITRA FELLOW

Miss Jyotiprabha Dasgupta, M.A., B.T., Dip. in Ed. (Lond.) Term extended for one year from 1st July, 1940.

DARBHANGA RESEARCH SCHOLARSHIP

Dr. Bishnupada Mukherjee, M.B., M.D. (Michigan), D.Sc. (Michigan). Term extended for one year from 1st June, 1940.

KANODIA RESEARCH SCHOLARSHIP

Mr. Netailal Datta ... Term extended for one year from 15th December, 1940.

PREMCHAND ROYCHAND STUDENT

(Scientific subject)

1939 Mr. Bimalchandra Mookerjee ... Theory of Relativity and Cosmology.

Endowments and Gifts

(1)

BIPRADAS PALCHAUDHURI FELLOWSHIP

The following letter was addressed to the University in January, 1940, by Mr. Ranajit Palchaudhuri (Mahesgunj Estate, Mahesgunj, Nadia) for the purpose of establishing a Fellowship to be called "Bipradas Palchaudhuri Fellowship" :—

"DEAR SIR,

I desire to place at the disposal of the University Government Securities of the face value of Rs. 50,000 (Rupees Fifty Thousand only) for the purpose of establishing a Fellowship to be called the Bipradas Palchaudhuri Fellowship. The Endowment is intended for enabling the University to invite competent scholars from foreign countries to visit India and study, under the auspices of the University, 'Aspects of Hindu Civilisation and Culture.'

The endowment will be subject to the following conditions :—

(1) The sum made over to the University shall be invested in approved securities and corpus shall always remain untouched.

(2) The management of the fund and its application shall remain vested in a Board, subject to the general control of the Senate, to be constituted as follows :—

The Board

(*i*) The Vice-Chancellor.

(*ii*) The President, Post-Graduate Council in Arts.

(*iii*) Two scholars to be annually nominated by the Syndicate representing such subjects as Indian Philosophy and Religion, Sanskrit, Indian History, Culture and Literature.

(*iv*) One nominee of the Post-Graduate Council in Arts.

(*v*) Two representatives nominated by the founder or his heirs.

In the eventuality of such nomination (s) not being forthcoming within threee months of a vacancy, the University of Calcutta shall co-opt such repree ntativs from amongst his heirs.

The Board shall frame rules for the selection of the Fellows, who must be graduates from accredited Universities recognised by the respective State.

The nomination made by the Board shall be subject to the approval of the Senate.

The Board shall lay down the conditions which will be fulfilled by the Fellow.

The Fellow shall be paid such remuneration as the interest of the Endowment will allow supplemented by an adequate additional grant to be made by the Senate. It may, if convenient, also provide quarters at any of the University Buildings or any Hostels under its control.

The Fellow shall ordinarily be appointed every two years and the Fellowship shall remain in force for a period of two years, out of which at least half the period should be spent at the University of Calcutta.

At the completion of his studies, he must submit a full report of his investigations in the form of a thesis to the University, which will be forwarded for publication after approval by the Board.

The Board will expect that the Fellow on his return to his native country, will continue to maintain cultural relationship with India by means of lectures and publications on the subject on which he has specialised.

After receiving intimation of the University's acceptance of the proposal I shall send you the endowment.

Yours faithfully,

RANAJIT PALCHAUDHURI,

8th January, 1940."

The letter was placed before the Senate on the 27th April, 1940, when the offer was accepted with thanks.

(2)

SIR NRIPENDRANATH SIRCAR ENDOWMENT

In February last Mr. Ratanmohan Chatterjee, Solicitor and member of the Senate, addressed a letter to the University on the subject of starting a fund for the purpose of creating an endowment to be named after Sir Nripendranath Sircar, whose permission in the matter had been obtained, requesting that the terms of the endowment may be settled by the University in consultation with him, (Mr. Chatterjee) the fundamental condition of the endowment being that it should be entirely free from any communal bias.

The proposal for starting the fund originated from the endowment of Rs. 500 made by one of the clients of Mr. Ratanmohan Chatterjee, who desired to remain anonymous.

The proposal was accepted with thanks by the Syndicate on the 2nd February, 1940.

Rs. 1,900 has accumulated in the fund up to 31st December, 1940.

(3)

GRANT FROM STANDARD PHARMACEUTICAL WORKS, LTD.

Dr. Susilkumar Mitra, Sir Praphullachandra Ray Research Fellow, forwarded a letter in original from the Managing Director, the Standard Pharmaceutical Works, Ltd., stating that they are agreeable to make over to the University a grant of Rs 2,100 by monthly instalments of Rs. 175, towards the expenses in the first year for working out some chemical and biological problems, by two research assistants, under the supervision of Dr. Susilkumar Mitra in the laboratories of the University College of Science. The scholars are to be appointed by the University on Dr. Mitra's recommendation.

The offer was accepted with thanks by the Syndicate on the 24th February, 1940.

(4)

KRISHNO KUMAR DUTT MEDAL

Mr. Nabakumar Dutt, Muktear, Jalpaiguri, forwarded Rs. 500 for creating an endowment in memory of his father, the late Babu Krishnakumar Dutt, for the annual award of a silver medal (from 1941), on the following terms and conditions :—

(1) That out of the interests of the said amount a silver medal be awarded every year at the Annual Convocation of the University to the successful male student who will secure the highest number of marks in Bengali in the B.A. Examination.

(2) That the medal shall bear the words "Krishno Kumar Dutt Medal awarded to .... for efficiency in Bengali" on one side and the University arms on the other.

(3) That the name of the medallist be printed in the University Calendar and published in the Calcutta Gazette.

The offer was accepted with thanks by the Syndicate on 1st March, 1940.

[The amount has been invested in 3½% G. P. Notes.]

(5)

SARADASUNDARI GUPTA MEDAL

Mr. Nabakumar Dutt, Muktear, Jalpaiguri, forwarded Rs. 500 for creating an endowment for the annual award of a silver medal in memory of his mother, the late Sreejukta Saradasundari Gupta, on the following terms and conditions :—

(1) That out of the interests of the said amount a silver medal be awarded from 1941 every year at the Annual Convocation of the University to the successful female student who will secure the highest number of marks in Bengali in the B.A. Examination.

(2) That the medal shall bear the words "Saradasundari Gupta Medal awarded to... .... for efficiency in Bengali" on one side and the University arms on the other.

(3) That the name of the medallist be printed in the University Calendar and published in the Calcutta Gazette.

The offer was accepted with thanks by the Syndicate on 2nd April, 1940.

[The amount has been invested in 3½% G. P. Notes.]

(6)

KALIDAS MEMORIAL MEDAL

Pandit Abhaycharan Jyotirbinode of No. P.17, Durgacharan Mitter Street, Calcutta, placed at the disposal of the University through his solicitor, Mr. Ratanmohan Chatterjee, M.B.E., B.L., a sum of Rs. 1,350 for the creation of an endowment for the annual award of a gold medal to be called the "Kalidas Memorial Medal" on the following terms and conditions :—

(i) That the University should purchase 3½% G. P. Notes of the face value of Rs 1,400 for the purpose of annually awarding out of the interest thereof a gold medal named after his deceased son Kalidas Bhattacharjee.

(*ii*) That the medal be called "Kalidas Memorial Medal" in memory of the Donor's beloved son the said Kalidas Bhattacharjee, who lost his life on the 17th April, 1939, in a railway train collision at Majdia in the district of Nadia, and who was a student of the 3rd Class of the Calcutta Training Academy.

(*iii*) That the medal be awarded to the best student who passes the Matriculation Examination from the said Calcutta Training Academy in the First Division and continues his studies in any recognised institution under the University of Calcutta.

(*iv*) That in case no student fulfilling the above conditions is found or in case the said school does not exist or is disaffiliated then the said medal be awarded to the best student who passes the Matriculation Examination in the First Division from any of the recognised schools in Calcutta and continues his studies in any recognised institution under the University.

(*v*) That the medal be awarded by the University for the first time on the result of the Matriculation Examination of 1940, for which purpose a sum of Rs. 50 has been sent The names of the winners be published in the University Calendar and the Calcutta Gazette.

(*vi*) That the medal is to bear the following inscriptions :—

"Kalidas Memorial Medal awarded to .... year ....." on one side and the University arms on the other.

[The offer was accepted with thanks by the Syndicate on 10th May, 1940.]

(7)

SARATCHANDRA MITRA MEDAL

Sm. Saroshibala Mitra placed at the disposal of the University 3½% G. P. Notes of the face value of Rs. 1,300 for the purpose of creating an endowment in memory of her husband the late Mr. Saratchandra Mitra, sometime a Lecturer of the University of Calcutta (Anthropology Department) for the annual award of a gold medal on the following terms and conditions :—

(1) That the medal shall be called Saratchandra Mitra Medal and shall be awarded to the candidate who stands first in the first class at the M.A. and M.Sc. Examinations of this University in Anthropology.

(2) That the recipient of the medal must be a Hindu and must have passed the M A. and M.Sc. Examinations as a regular student of the University Post-Graduate classes.

(3) That the medal shall bear the words "Saratchandra Mitra Medal awarded to ...." on one side and the University arms on the other.

(4) That the medal shall be awarded at the University Convocation and that the names of the recipients shall be published in the University Calendar.

If in any year there is no candidate fulfilling the above conditions, the interest for the year will be added to the corpus of the fund.

[The offer was accepted with thanks by the Syndicate on 27th July, 1940.]

8

PROMODASUNDARI ENDOWMENT

Mr. J. M. Chaudhuri, Solicitor, addressed the following letter, on the subject of an endowment under the proposed will of Sm. Promoda Sundari Dassi of No. 8-2, Gopi Sen Lane, Calcutta :—

"To

THE HON'BLE KHAN BAHADUR M. AZIZUL HUQUE, C.I.E.,
Vice-Chancellor, University of Calcutta.

DEAR SIR,

Re Trust under the proposed Will of Sm. Promoda Sundari Dassi.

My client Sm. Promoda Sundari Dassi of No. 8-2. Gopi Sen Lane, Calcutta, is desirous to bequeath all her personal properties unto the Official Trustee of Bengal *inter alia* upon trust to pay the income of 3½ % G. P. Notes of the face value of about Rs. 4,000 to the Registrar of the University of Calcutta yearly and every year for the purpose of providing tuition fees (to be named as Sm. Promoda Sundari Stipend) to Bengali Hindu students studying in the Science College of the University of Calcutta for M.Sc. Degree in any branches of Science. The candidates to whom such tuition fees will be paid in full or in part will be selected by the committee of the University of Calcutta for selection and distribution of stipends and concessions yearly and every year, and the tuition fee to any approved student will be tenable for one year only, unless he is selected as a deserving student for the succeeding year also by the said committee.

I shall be obliged if you be good enough to inform me whether the income of 3½ % G. P. Notes of the face value of about Rs. 4,000 will be sufficient for the purpose mentioned above, if not, what is the minimum amount that may be required yearly, so that on hearing from you I will advise my client to modify the terms of her Will.

Thanking you.

Yours faithfully,

J. M. CHAUDHURI."

On a suggestion from the University regarding the award from the income of the endowment the Solicitor in a subsequent letter stated that his client has executed her last Will, which has also been registered, containing in conformity with the University's proposal among others, a provision for payment of the income of 3½ per cent. G. P. Notes of the face value of Rs. 4,000 to the University for being utilised for two prizes of books worth Rs. 70 each to two best deserving Hindu students in the Post-Graduate Classes in Science as the Syndicate of the University shall by any rule or bye-law determine, provided the prize-holders may be treated as free students in M.Sc. Classes as assured by the University.

The offer was accepted with thanks by the Syndicate on the 24th August, 1940.

II

The following changes were made in the conditions for Endowment and Gifts :—

(1)

JYOTSNA PATHAK MEMORIAL PRIZE

On a suggestion from Mr. Harendranath Pathak, B.L , *Donor*, the Jyotsna Pathak Memorial Prize for the Matriculation candidates was decided to be awarded ' *irrespective of sex.*'

(2)

NARASINGHA DATTA SCHOLARSHIP

The 4 per cent. C. P. T. Debentures belonging to Rai Narasingha Datta Bahadur Memorial Fund having been redeemed on the 1st September, 1940, the proceeds were invested under orders of the Syndicate in 3½ per cent. G P. Notes resulting in diminution of the income from the endowed amount and the monthly value of the Scholarship was reduced to Rs. 7.

(3)

SIR ASUTOSH MOOKERJEE PRIZES IN INDIAN VERNACULARS

The following rules were adopted for the award of the Sir Asutosh Mookerjee Birthday Prize:—

1. Two prizes of books worth Rs. 60 and Rs. 40 respectively shall be annually awarded, on the results of the B A. Examination, to

(*i*) the graduate who obtains the highest honour in Bengali, and

(*ii*) the Pass graduate who obtains the highest marks in Bengali Vernacular (excluding the paper under Rule 5 Alternative Bengali).

Provided always that they continue their studies in the Post-Graduate Classes of the University with a view to appearing at the M.A. Examination in Modern Indian Languages with Bengali as their Principal subject.

2. A prize of books worth Rs. 50 shall be awarded annually on the results of the B.A. Examination, in the following subjects, *viz* , Hindi, Urdu, Assamese and Oriya, by rotation and in the order of the subjects stated

The prize shall be awarded to the graduate who obtains the highest honour in the subject in which the award is to be made in any particular year, and if no such graduate be available, then to the Pass graduate who obtains the highest marks in the Vernacular paper in that subject, *i.e.*, Vernacular (excluding papers under Rule 5 Alternative papers).

Provided always that the graduate to whom the award is to be made, continues his or her studies in the Post-Graduate Classes of the University with a view to appearing at the M.A. Examination in Modern Indian Languages with the said subject as his or her Principal subject.

M

Changes in the Regulations

I

(Pages marked with asterisks are as in the Regulations of 1938 Edition)

(Sanctioned by Government)

CHAPTER XI (UNIVERSITY TEACHERS)

*Page 64**—

Section 7—In Section 7, " (*xii*) Islamic History and Culture " was inserted after " (*xi*) Ancient Indian History and Culture " and the enumeration of the subjects that come next was changed accordingly.

Section 8—The following was inserted at the end of Paragraph (*c*) in Section 8—

" Provided that in the case of the Board of Higher Studies in Islamic History and Culture, for the first three years after the institution of the course of studies in Islamic History and Culture in the University, five experts are to be appointed by the Senate on the recommendation of the Executive Committee of the Council of Post-Graduate Teaching in Arts. The temporary vacancies in the places of the experts shall be filled up by the Executive Committee."

Section 16 (p. 68).*—The following new line was added—

" (*x*) *Statistics.*"

CHAPTER XXI (RECOGNITION OF SCHOOLS, ETC.)

In Section 9 (B), Chapter XXI of the Regulations (p. 105* of the Edition of 1938), after the words ' Chapter XL-B of the Regulations ' the words ' or the Teachers' Training Certificate with English as a Special Method subject' were added.

CHAPTER XXV (EXAMINATIONS)

The following paragraphs were inserted at the end of Chapter XXV of the Regulations :—

Certificate in Tanning

1. The Registrar shall at such times as may be determined by the Syndicate, send to the members of the Board of Higher Studies in Applied Chemistry and to all Heads of Institutions affiliated in Tanning a circular, requesting them to forward within one month the names of persons whom they consider suitable for appointment as Examiners for the Examination for Certificate in Tanning.

Every such recommendation shall be accompanied by a brief statement of the special qualifications of their nominees.

2. Such recommendations and any applications received by the Registrar shall in the first instance be referred to the Board of H gher Studies in Applied Chemistry who shall be asked to nominate a number of persons not less than that required for each examination as indicated by the Syndicate, and not more than half in excess of that number.

In appointing Examiners, the Syndicate shall consider the recommendations and applications together with the reports of the Board thereon, but their selection shall not be limited by them. The Syndicate shall also appoint a President of the Examiners so appointed.

3. A Board of Examiners consisting of two or more persons shall be appointed by the Syndicate, whenever practicable, to set papers in each subject in each examination. The Syndicate shall also appoint a President for each Board. Each paper shall, whenever practicable, be set by two members of the Board in consultation. In the case of a difference of opinion arising between the two Examiners, the point shall be referred to the President. The papers set shall be moderated by him in consultation with the other members of the Board.

4. As far as practicable, the members of the Board who set the papers shall be among those who look over the answer-papers.

5. Of the persons appointed to set papers in any subject for any examination one at least must be a Lecturer on that subject, and one at least shall be a person not teaching that subject for that examination.

CHAPTER XXVII (COLLEGES AFFILIATED IN SCIENCE)

*Page 141**—

The following was added at the end of the Chapter—

" (X) *Statistics* "

(*a*) *B.A. or B.Sc. Standard.*—There shall be one teacher to every 12 students in the Practical class. The laboratory should be provided with necessary Mathematical and Statistical tables and charts and calculating machines.

(*b*) *M.A or M.Sc. Standard.*—There shall be one teacher to every 8 students in the Practical class.

CHAPTER XXX (MATRICULATION EXAMINATION)

The following paragraph was inserted at the end of the Syllabus under head "XIII. Additional Mathematics" in Chapter XXX of the Regulations (pp. 213-14 of Edn. 1938) :—

" The distribution of marks shall be as follows :—

(A) Arithmetic	...	...	...	...	30 *marks*
(B) Algebra	...	...	...	...	25 ,,
(C) Geometry	...	...	...	...	80 ,,
(D) Trigonometry	..	...	...	...	15 ,,

CHAPTER XXXII (B.A. EXAMINATION)

Section 6 (p. 251)*.—(*i*) The following new line was added under Group B—

"*(IX) Statistics.*"

The following further proviso was added to the sentence in page 251* (Ed 1938), under Group B of Sub-Sections (3) and (4), Section 6 of Chapter XXXII (B.A.) of the Regulations, beginning with the words "No candidate shall be allowed to take up any subject in Group B," etc :—

"provided further that no student shall be permitted to take up Botany if he has not taken up Botany or Biology for the Intermediate Examination."

The following was added at the end of the further proviso of the Section—

"provided also that no candidate shall be allowed to take up Statistics for the B.A. Examination if he has not taken up Mathematics for the Intermediate Examination."

CHAPTER XXXIII (M.A. EXAMINATION)

*Page 280**—

In Section 5, "XIII-B—Islamic History and Culture" was inserted after "XIII A—Ancient Indian History and Culture."

Section 5 (p. 280)*—The following new line was added—

"*(XXIV) Statistics*"

Section 6 (p. 281).*—"XXIII" in the second paragraph was replaced by "XXIV."

Section 7 (p. 281).*—"XV-XXI and XXIII" were replaced by "XV-XXI, XXIII and XXIV."

*Page 309**—

The following was inserted below the syllabus in "Ancient Indian History and Culture" :—

Islamic History and Culture

(Compulsory Papers)

Paper I—Rise of Islam and the Caliphate (Early Caliphate, Ommyyads or Abbasides – a Special Period to be selected).

Paper II—History of Islam in India (the subject is to be studied with reference to original sources including Coins).

Paper III—History of Islamic States (Modern).

Paper IV—Geography (in relation to the history of Islam).

Any *one* of the following Groups :—

A. Religious History

Paper V—Islam—its principles and practices.

Paper VI—History of Theological Development.

Paper VII—Quran and Hadis—their history and interpretation.

Paper VIII—Islamic Philosophy and its Development.

B. Islamic Culture and Civilisation

Paper V—Social Institutions.
Paper VI—Political Institutions.
Paper VII—Fine Arts and Architecture.
Paper VIII—Science and Literature.

C. History of Islam outside India

Paper V—Spain and Northern Africa (including Egypt).
Paper VI—Iran and Central Asia.
Paper VII—Turkey.
Paper VIII—Arabia, Syria, Iraq, China and the East Indies.

D. History of Islam in India

Paper V—Bengal (the subject is to be studied with special reference to epigraphic and numismatic sources).
Paper VI—A Province in India other than Bengal.
Paper VII—Special Period of the history of Pre-Mughal India.
Paper VIII—Special Period of the history of Mughal India.

E. Cultural History of Islam in India

Paper V—Public Administration.
Paper VI—Influence on Indian Languages.
Paper VII—Influence on Fine Arts and Architecture.
Paper VIII—Economic and Social History.

F. Law

Paper V—History of Islamic Law in India.
Paper VI—History of Islamic Law outside India.
Paper VII—Comparative Study of Different Schools of Islamic Law.
Paper VIII—Muslim Law as administered in British India.

G. Epigraphy and Numismatics

Paper V—Select Inscriptions of India during Muslim Rule.
Paper VI—Coins of India during the Muslim Period.
Paper VII—(*a*) Select Inscriptions of Islamic Countries outside India.
(*b*) Development of Arabic and Persian Scripts.
Paper VIII—Coins of Muslim Countries outside India

In each Group a subject for an Essay shall be set in one of the papers which will carry half the value assigned to that paper.

The Board of Higher Studies may, with the approval of the Executive Committee, from time to time, vary the alternative groups or the subjects comprised therein.

CHAPTER XXXV (I.Sc. EXAMINATION)

The following paragraph was inserted at the end of Section 9 of Chapter XXXV of the Regulations (p. 339* of the Ed. 1938) :—

"No student shall be permitted to take up Botany for the B.Sc. Examination unless he has taken up Botany or Biology for the Intermediate Examination."

The Syllabus in Geology for the I.A. and I.Sc. Examinations was revised as follows :—

Candidates are required to possess an elementary knowledge of the following :—

The object of Geology and also of its various branches.

The earth as a planet; its origin; the nature of its atmosphere, crust and interior.

Physical characters of the continental plateaux and oceanic depressions.

Effects of temperature changes on rocks. The geological work of air, water, ice and life. Crustal movements and deformations; common structural features. Types of mountains. Nature and origin of earthquakes and volcanoes; their distribution and effects. Volcanic products Hot springs and geysers.

Elements of crystallography The principal physical characters and chemical composition of the minerals in the following list :—

Diamond, graphite, sulphur, gold, galena, sphalerite, cinnabar chalcopyrite, pyrite, halite, fluorite, quartz, opal, corundum, hematite, spinel, magnetite, pyrolusite, psilomelane, braunite, bauxite, calcite, dolomite, the feldspar, augite, hornblende, garnet, olivine, tourmaline, muscovite, biotite, talc, kaolinite apatite, barite gypsum.

Distinction between igneous, sedimentary and metamorphic rocks. Modes of occurrences of igneous rocks. A simple classification of igneous rocks.

Formation and consolidation of different types of sediments. False bedding, overlap and unconformity.

The factors and kinds of metamorphism.

Description of rocks in the following list :—Granite, syenite, diorite, gabbro, peridotite, rhyolite, trachyte, andesite, dolerite, basalt, pegmatite, tuffs and ashes, shale, sandstone, conglomerate, limestone, peat, lignite, coal, tufa, sinter, gneiss, schist, slate, marble, quartzite and laterite.

The more common uses, if any, of the minerals and rocks in the above lists.

Preservation of plant and animal remains as fossils and their value in historical geology. Sub-divisions of geological time. Standard stratigraphical scale. Leading palaeontological features of Palaeozoic, Mesozoic and Cainozoic eras.

Physical features of India. Elementary knowledge of the chief stratigraphical units of India such as Archaean, Purana, Dravidian and Aryan eras.

Practical

Determination of hardness and specific gravity of mineral specimens. Recognition in hand specimens of minerals and rocks mentioned in the above lists. Observation of general geological features in the field. Determination of dip and strike. Interpretation of simple geological maps and drawing of sections.

Recognition of the following rock-forming minerals in thin sections under the microscope—Quartz orthoclase, plagioclase, muscovite, biotite, augite, hornblende, garnet, olivine and tourmaline. Determination of symmetry in models of simple crystals.

Recognition of the following genera of fossils :—Gangamopteris, Glossopteris, Nummulites, Zaphrentis, Calceola, Monograptus, Cidaris, Micraster, Productus, Spirifer, Arca, Cardita, Hippurites, Ostrea, Bellerophon, Turritella, Physa, Orthoceras, Nautilus, Ceratites, Belemnites, Paradoxides, Calymene, Agnostus.

Laboratory and field note-books shall be inspected and marked by the examiners and if they are found to be unsatisfactory the candidate will be disqualified. Note-books which have not been signed at frequent intervals by the Professor under whom the candidate worked, will not be accepted.

The list of minerals, rocks and fossils in this syllabus may be modified by the Syndicate on the recommendation of the Board of Studies in Geology and Mineralogy.

CHAPTER XXXVI—(BACHELOR OF SCIENCE)

Section 6 (p. 361)*—The following new line was added—

"*(XI) Statistics*"

The following paragraph was inserted at the end of Section 7 of Chapter XXXVI of the Regulations (p. 361* of the Edn. 1938) :—

"No student shall be permitted to take up Botany for the B.Sc. Examination unless he has taken up Botany or Biology for the Intermediate Examination."

Section 7 (p. 361)*—The following new paragraph was inserted at the end of the Section—

"No student shall be permitted to take up Statistics for the B.Sc. Examination if he has not taken up Mathematics for the Intermediate Examination."

The Syllabus in Geology for the B.A. and B.Sc. Examinations was revised as follows :—

PASS COURSE

Besides a fuller treatment of the subjects prescribed for the Intermediate Examination in Science a knowledge of the following subjects shall be required :—

Theoretical

Origin of land forms. Origin of mountains.

General mathematical relations of crystals. The relation of physical properties to geometrical forms of crystals. General principles of optical crystallography.

Nicol prism. Essential parts of a polarising microscope and their uses. Methods of studying minerals in thin sections under the microscope.

Method of calculating the formula of a mineral from its analysis. Isomorphism. Classification of minerals. Description of the following minerals :—

Silver, copper, arsenic, antimony, bismuth, mercury, platinum, realgar, orpiment, stibnite, bismuthinite, molybdenite, argentite, chalcocite, millerite, niccolite, pyrrhotite, bornite cobaltite, mercasite, arsenopyrite, bournonite, pyrargyrite, proustite, tetrahedrite, sylvite, cryolite, carnallite, tridymite, opal, cuprite, periclase, zincite, ilmenite, spinel group, chrysoberyl, cassiterite, rutile, octahedrite, brookite, diaspore, limonite, brucite, gothite, calcite group, aragoneit group, malachite, azurite, leucite, the pyroxenes, the amphiboles, beryl, cordierite, nepheline, cancrinite, sodalite group, garnet group, olivine group, topaz, scapolite group, vesuvianite, zircon, andalusite, sillimanite, staurolite, cyanite, epidote group, axinite, prehnite, zeolite group, mica group, chloritoids, chlorites, serpentine, chrysocolla, sphene, columbite, trantalite, samarskite, monazite, apatite group, turquoise, soda nitre, borax, pitchblende, barite group, crocoite, epsomite, the alums, wolframite, scheelite and wulfenite.

Optical characters of the more important rock-forming minerals. Macroscopic and microscopic description of the leading varieties of rocks and their modes of occurrence. A general knowledge of the mode of consolidation of magama, petrographic province and magamatic differentiation.

A general knowledge of metamorphism of rocks of different kinds.

Definition of an ore. Distribution in India and mode of occurrence of the following :—Gold, manganese, copper, and iron ores; mica, coal and mineral oil. A general knowledge of the uses, if any, of the minerals and rocks prescribed in the syllabus.

Morphological characters of the following classes of fossils including their classification and distribution in geological time :—Protozoa, corals, echinoids, crinoids, brachiopoda, lamellibranchiata, gastropoda, cephalopoda, trilobites and graptolites.

A general idea of the organic evolution as indicated by fossils.

Measurement of geological time. The principles of correlation. Description of the leading lithological characters and distinctive fossils of the stratigraphical units of India.

Practical

Recognition of the specimens of minerals mentioned in the syllabus by their physical and chemical tests Drawing and description of crystals. Use of contact goniometer. Recognition of the leading varieties of rocks and important rock-forming minerals by their macroscopic and microscopic characters.

Recognition of the following genera of fossils:—

Lepidodendron, Sigillaria, Sphenophyllum, Schizoneura, Calamites, Psygmophyllum, Pecopteris, Nœggerathiopsis, cycadites, Nilssonia, Otozamites, Pterophyllum, Brachyphyllum.

Orbitolites, Alveolina, Nodosaria, Textularia, Globigerina, Orbitoides, Fusulina, Schwagerina.

Omphyma, Cyathophyllum, Montlivaltia, Isastrea, Cyclolites, Thamnastrea Trochosmilia, Favosites, Syringopora, Halysites.

Stoliczkaria, Didymograptus, Monograptus.

Cupressocrinus, Cyathocrinus, Marsupites, Encrinus, Pentacrinus.

Echinosphærites.

Pentremites.

Clypeaster, Echinolampas, Hemiaster, Schizaster.

Fenestella, Protoretepora.

Lingulella, Neobolus, Lingula, Crania, Enteletes, Rafinesquina, Leptaena, Strophomena, Streptorhynchus, Chonetes, Lyttonia, Camarophoria, Rhynchonella, Atrypa, Syringothyris, Spiriferina, Spirigerella, Spirigera.

Stringocephalus, Dielasma, Terebratulla.

Palæoneilo, Nucula, Leda, Unio, Myophoria, Trigonia, Astarte, Crassatella, Lucina, Cardium, Protocardium, Cyrena, Venus, Cytherea, Tellina, Pholadomya, Corbulla, Avicula, Pseudomonotis, Monotis, Halobia, Aviculopecten, Pinna, Gervillia, Perna, Inoceramus, Lima, Pecten, Plicatula, Spondylus, Gryphaea, Exogyra, Mytilus, Modiola.

Dentalium, Pleurotomaria, Euomphalus, Turbo, Trochus, Nerita, Natica, Scalaria, Melania, Cerithium, Rostellaria, Cypræa, Ovula, Murex, Fusus, Voluta, Pleurotoma, Conus Avellana, Limnaea, Bullinus, Planorbis.

Hyolithes, Tentaculites, Conularia, Clymenia, Goniatites, Hedenstrœmia, Ophiceras, Meekoceras, Aspidites, Xenodiscus, Flemingites, Octoceras, Ptychites, Proptychites, Tropites, Halorites, Arcestes, Phylloceras, Lytoceras, Hamites, Turrilites, Baculites, Harpoceras, Stephanoceras, Macrocephalites, Perisphinctes, Hoplites, Acanthoceras, Scaphites, Indoceras.

Olenellus, Olenus, Ptychoparia, Illænus, Phacops.
Estheria, Cypris.

Description from personal observation of the geological features of an area. Solution of simpler problems on dip, strike and outcrop.

The laboratory and field note-books of candidates shall be inspected and marked by examiners, and if they are found to be unsatisfactory the candidates will be disqualified. Note-books which have not been signed at frequent intervals by the Professor under whom the candidate worked will not be accepted.

HONOURS COURSE

In addition to a more complete and detailed knowledge of the subjects prescribed for the Pass course candidates will be expected to show an acquaintance with :—

Theoretical

1. The genesis of rocks and of the structures found in them. Diagrammatic representation of igneous rock series.
2. The economic aspects of rock and mineral deposits with special reference to India; the modes of occurrence, origin and distribution in space and time of such deposits. General principles of prospecting.
3. A general knowledge of the more important vertebrate fossils. The leading Indian fossil species which may be regarded as Index species.
4. The leading concepts regarding the age of the earth, isostasy and the origin of continents and seas.

Practical

1. Stereographic projection of simple crystals and calculation of their axial ratio.
2. The use of quartz wedge.
3. Geological mapping of a small area. General knowledge of prospecting and development of economic mineral deposits. Personal observation of deposits of at least three of the following :—Coal, Mica, Manganese, Iron and Copper ores.
4. Examination of polished sections of some of the common ore minerals:—Galena, chalcopyrite, chalcocite, bornite, sphalerite, pyrite, pyrrhotite, magnetite, hematite, ilmenite, rutile, psilomelane, pyrolusite, hollandite, braunite, sitaparite.
5. Separation of mineral grains; panning, heavy liquids, electromagnets.
6. Use of refractive index liquids for mineral determination.

The laboratory and field note-books of the candidates shall be inspected and marked by the examiners, and if they are found to be unsatisfactory the candidates will be disqualified. Note-books, which have not been signed at frequent intervals by the Professor under whom the candidate worked, will not be accepted

The lists of minerals and fossils in the Pass and Honours syllabus may be modified by the Syndicate on the recommendation of the Board of Studies in Geology and Mineralogy.

Section 10 (p. 397*).—The following was inserted after the syllabus in Geography :—

" STATISTICS

PASS COURSE

The subject will be treated mathematically as far as the Mathematics of the Intermediate course are applicable.

Theoretical

Compilation and classification of data. Graphical representation and interpretation of charts and diagrams. Smoothing of data. Trends and fluctuations. Method of moving averages. Method of least squares Line of best fit. Graduation by a second degree parabola. Interpolation. Elements of the theory of probability. Addition and multiplication theorems.

Concepts of statistical populations and random samples Histograms and frequency charts. Method of Moments Mean, Median, Mode. Quartile, decile, percentile, range, quartile difference, mean difference, standard deviation. Normal, Poisson and Binomial distributions, Non-normal distributions.

General ideas of association, contingency and correlation Contingency tables. Tests of independence. Chi-square test. Co-efficient of correlation and its significance. Regression equations. Partial and multiple correlation for three variates. The use of the probability integral. Standard and probable errors. Goodness of fit. Tests of significance. Analysis of variance.

Contents of important India statistical publications. Interpretation of economic and business statistics. Construction and use of Index Numbers. Trade statistics. Trends, seasonal and cyclic variations. Census. Distribution of population by sex, age, occupation, etc. Intelligence and achievement tests. Application of statistics in agriculture and industry. Design of experiments. Replication. Randomization. Sampling surveys. Preparation of schedules and forms for enquiries.

Practical

Scrutiny of data and reconciliation of discrepancies. Tabulation and classification of statistical data. Graphical representation and interpretation of bar and circular diagrams, time records, histograms, frequency curves and correlation charts. Simple interpolation. Calculation of arithmetic, geometric and weighted averages. Construction of simple Index Numbers. Simple Nomograms. Preparation of grouped frequency and correlation tables. Calculation of moments up to the Fourth Order with adjustments for grouping. Calculation of mean, standard deviation, co-efficient of variation and co-efficient of correlation with standard errors. Fitting of normal curve. Use of the probability integral for the normal curve. Tests of significance. Chi-square test. Simple cases of analysis of variance.

Candidates will be expected to be familiar with the use of standard mathematical and statistical tables, slide rules and simple types of calculating machines. The Laboratory note-books of candidates shall be inspected and marked by examiners, and if they are found unsatisfactory the candidates will be disqualified. Note-books which have not been signed at frequent intervals by the Professor under whom the candidates worked will not be accepted.

HONOURS COURSE

Theoretical

The subject for the Pass Course will be treated in greater detail with the addition of the following :—

Finite differences and interpolation. Graduation by empirical formulae. Use of polynomial functions. Harmonic and periodogram analysis. Elements of mathematical theory of probability. Inverse probability. Frequency distributions. Principle of maximum likelihood in estimation. Bi-variate normal correlation surface. Partial and multiple correlation for four variates. Special methods for finding correlation. Non-linear regression. Contingency tables. Tests of independence and association. Elements of the theory of sampling distributions. The exact distribution of mean, standard deviation, statistic, ratio

of variances, co-efficient of correlation when the population value is zero, and Chi-square statistics. Goodness of fit. Analysis of variance for factorial experiments. Applications of the statistical method in economics, commerce and industry, agriculture, psychology and education, medicine and public health, biology and other experimental sciences. Design of experiments. Representative samples. Technique of sample surveys.

Practical

In addition to the Pass Course :—

Measurement of areas by planimeter and by graphical methods. Inverse and bi-variate interpolation. Fitting of curves by least square methods. Calculation of secular trend and seasonal and cyclic fluctuations. Harmonic analysis with 12-ordinates. Fitting of Pearson curves—Types I and III. Use of the Chi-square test. Contingency tables. Multiple regression for three variates. Significance of co-efficients of correlations. Correlation Ratio. Non-linear regression. Analysis of variance and co-variance. Use of tables of test criteria. Statistical analysis of actual data.

The Laboratory note-books of candidates shall be inspected and marked by examiners, and if they are found to be unsatisfactory the candidates will be disqualified. Note-books which have not been signed at frequent intervals by the Professor under whom the candidate worked will not be accepted."

CHAPTER XXXVII—(Master of Science)

Section 5 (p. 404).*—The following new line was added—

" (X) *Statistics* "

Section 6 (p. 404).*—The second sentence of the second paragraph was re-written as follows :—

" In Applied Mathematics and Statistics there shall be 8 full papers carrying total marks of 800 distributed as shown in the syllabus."

Section 8 (p 429).*—(*i*) The words " and Geology " in Clause (*c*) was replaced by " Geology, and Statistics."

(*ii*) The following new Clause (*f*) was added :—

" (*f*) In oder to pass in Statistics a candidate must obtain 165 marks in the aggregate of the five theoretical papers and 40 marks in the compulsory practical examination in compulsory subjects (Paper IV) and 80 marks in the practical examination in the optional subjects of 66 marks in the two papers in Mathematics If in any theoretical paper a candidate obtains less than 25 marks, these marks shall not be included in his aggregate. Candidates obtaining 360 marks shall be placed in the Second Class and those obtaining 480 marks in the First Class."

In the Syllabus under ' Applied Chemistry ' for the M.Sc. Examination, the head ' Therapeutical Chemistry ' (p. 417* of the Regulations, Edition of 1938) was replaced by ' Pharmaceutics ' and the following was added to the list of subjects enumerated thereunder :—

" (7) Analysis of Foods and Drugs.
(8) Principles of Pharmacy."

The Syllabus in Physics for the M.A. and M.Sc. Examinations was revised as follows :—

PURE PHYSICS

Candidates in Physics will be expected to possess a sound knowledge of the general principles of the subject including the more fundamental advances made

of recent years and a detailed knowledge of a special selected topic as indicated bellow :—

Five Theoretical papers shall be set, of which the first three shall cover a general course of Mathematical and Experimental Physics distributed as follows :—

Paper I	...	Heat and General Physics
Paper II	..	Light and Acoustics.
Paper III	...	Electricity and Magnetism, Electron Theory of Matter.
Paper IV	...	Modern Physics (Principle of Relativity), Wave Mechanics and Elements of Nuclear Physics.

The detailed Syllabus of the subjects mentioned in the first four papers stated above will be framed by the Board of Higher Studies in Physics, which may be modified by the same Board when occasion will arise.

PAPER V

The fifth paper shall be set on a special topic of which the candidate is expected to possess a detailed knowledge.

Appended is a list of such topics which may be added to or modified from time to time by the Board of Higher Studies in Physics—

(*a*) Electrical Communication and Radio.
(*b*) X-Rays and Structure of Matter.
(*c*) Advanced Optics (including Spectroscopy).
(*d*) Advanced Acoustics.
(*e*) Astrophysics and Generalized Relativity.
(*f*) Nuclear Physics.
(*g*) Geophysics.

The Practical examination shall consist of three parts. The first part shall be so conducted as to test the candidate's general proficiency in Physical Experiments and Measurement. The second and third parts shall test his proficiency in Advanced Physical Experiments and his Practical knowledge of the special subjects offered by him for the fifth Theoretical paper.

The Laboratory note-books of the candidates shall carry 20 per cent. of the full marks in Practical papers. They shall be inspected at frequent intervals and marked periodically by the teachers under whom the candidates worked at the different Laboratories. These marks will be considered by Examiners at the time of finally adjusting the marks in each Practical test. If the Laboratory note-books are found to be unsatisfactory, the candidates will be disqualified for the examination. In connection with the Practical examination there shall be also a special *viva voce* examination of the candidate on the subject of the experiment, which will carry 20 per cent of the full marks allotted to that question.

Candidates who have taken their B.Sc. Degree with Honours in Physics or Mathematics may be permitted to offer a piece of Research work in lieu of the fifth Theoretical paper Before such permission is granted the candidate will be required to produce a duly certified laboratory record and satisfy the Board of Higher Studies in Physics, by appearing at a Practical test or otherwise, that he has during the first year's course of study diligently carried out a course of practical work. The production of thesis will then exempt him from any further Practical examination. The maximum marks allotted to the Research work shall be 300, and 100 marks shall be allotted to the special *viva voce* examination of the candidate on the subject of his thesis.

Section 7 (p. 428).*—The following was inserted after the syllabus in Anthropology :—

"STATISTICS

1. The course in Statistics shall be divided into a number of groups. The first four papers of each group shall be identical and shall consist of three written papers each of four hours and each carrying 100 marks and a Practical examination (extending over at least one day) carrying 100 marks.

Papers I & II —General Methods of Statistics.
Paper III.—Applied Statistics.
Paper IV.—Practical Examination.

2. The remaining four papers shall be taken from any one of the following groups :—

Group A.—Mathematical Statistics.
,, B.—Economic and Business Statistics.
,, C.—Applied Statistics.

In each group there shall be two written papers of four hours each, each carrying 100 marks and a Practical examination carrying 200 marks, but in the case of Group A—Mathematical Statistics—the candidates shall have the option of taking two papers in Mathematics approved by the Board of Higher Studies in Statistics in lieu of the Practical examination.

3. Candidates must produce note-books of their Laboratory work which must be duly certified by the Professor and shall be taken into account in estimating their qualifications.

4. The list of groups may be added to or modified from time to time by the Board of Higher Studies in Statistics The detailed distribution of papers in each group shall be settled from time to time by the Board of Higher Studies in Statistics.

5. The Syllabus for each paper shall be defined and books shall be recommended from time to time by the Board of Higher Studies in Statistics to indicate generally the extent and standard of knowledge required.

6. Candidates who have taken their B.A. or B Sc. Degree with Honours in Statistics or Mathematics or Economics or in such Science subjects as may be approved by the Board of Higher Studies in Statistics from time to time, may be permitted to offer a piece of research work in lieu of two papers in the optional subjects and the maximum marks allotted to the thesis shall be two hundred."

CHAPTER XXXVIII-A (TANNING EXAMINATION)
The following new Chapter was inserted after Chapter XXXVIII :—

CHAPTER XXXVIII-A

CERTIFICATE IN TANNING

1. An examination for the Certificate in Tanning shall be held annually in Calcutta and such other places as shall, from time to time, be appointed by the Syndicate, the approximate date to be notified in the Calendar.

2. Any undergraduate of the University may be admitted to this examination provided he has fulfilled the following conditions :—

(*a*) That he has passed the Intermediate Examination with Physics, Chemistry and Mathematics and preferably with Botany or Zoology or Biology as an additional subject.

(*b*) That he has completed, since passing the Intermediate Examination in Science, a regular course of study, both Theoretical and Practical, in the subject for the examination for three academical years in any institution affiliated to, or recognised by, the University for this purpose.

Provided that candidates who have passed the B.Sc. Examination with Chemistry may be exempted from attending lectures and practical work in Elementary Chemistry but they shall attend lectures on Tannins, their qualitative tests, classification and elementary notions of the constitution of Gallotannic acid.

3. Every candidate sent up for the examination, shall produce a certificate (*a*) of good conduct, (*b*) of diligent study, (*c*) of having satisfactorily passed the periodical examinations of the Institution and other tests and (*d*) of probability of passing the examination. Every candidate shall send in his application with a certificate in the form prescribed by the Syndicate to the Registrar at least six weeks before the date fixed for the commencement of the examination.

4. A fee of Rs. 25 shall be forwarded by each candidate with his application. A candidate who fails to pass or to present himself for the examination shall not be entitled to claim a refund of the fee A candidate who fails to pass or appear at the examination may be admitted to one or more subsequent examinations for the Certificate in Tanning on payment of a like fee of rupees twenty-five on each occasion provided he produces a certificate from the head of the Institution concerned, showing that he has prosecuted a regular course of study for one academical year in each of the subjects in which he is to be examined during the year immediately preceding the examination at which he presents himself.

5. The examination shall be conducted by means of printed papers, the same papers being used at every place at which the examination is held.

6. The subjects of the examination for Certificate in Tanning shall be :—

(*i*) Principles and Methods of Leather Manufacture.
(*ii*) Analytical Chemistry of Leather Manufacture.
(*iii*) Elementary Chemistry.
(*iv*) Elementary Microscopy and Bacteriology of Leather Manufacture
(*v*) Leather Trades Engineering.
(*vi*) Elementary Book-Keeping.

7. The examination shall be written and practical.

There shall be three theoretical and four practical papers in Principles and Methods of Leather Manufacture, two theoretical and two practical papers each in Analytical Chemistry of Leather Manufacture, Elementary Chemistry, Elementary Microscopy and Bacteriology of Leather Manufacture, and Leather Trades Engineering, and one theoretical paper in Elementary Book-Keeping.

8 Each theoretical paper shall be of three hours and shall carry 50 marks. Each practical paper shall carry 50 marks Ten per cent. of the marks in the practical paper shall be set apart for laboratory and tannery note-books.

9. The examination shall be conducted on the lines of the syllabus to be drawn up from time to time by the Syndicate on the recommendation of the Board of Higher Studies in Applied Chemistry. The Paper-Setters and Examiners shall also be appointed on the recommendation of the Board. The Board of Higher Studies in Applied Chemistry shall consult the heads of affiliated Institutions before submitting its recommendations regarding syllabus of studies and appointments of Paper-Setters and Examiners. The Syndicate shall also appoint one Examination Board to consider the result and report the same to the Syndicate for confirmation.

10. Candidates will be required to pass in the practical as well as in the theoretical portions of the subjects as defined in the syllabus.

11. As soon as possible after the examination the Syndicate shall publish a list of the candidates who have passed arranged in three classes each in order of merit. Each successful candidate shall be given a Certificate in the form prescribed in Appendix A.

12. In order to pass the examination, a candidate must obtain 33 per cent. of the marks in each subject. Candidates obtaining 45 per cent. of the aggregate marks shall be placed in the Second Class and those obtaining 60 per cent. in the First Class.

13. Any candidate who has failed in one subject only and by not more than 5 per cent of the full marks in that subject and has shown merit by gaining 50 per cent. or more in the aggregate of the marks of the examination, shall be allowed to pass.

14. If the Examination Board is of opinion that in the case of any candidate not covered by the preceding regulations, consideration ought to be allowed by reason of his high proficiency in a particular subject, or in the aggregate, it shall forward the case to the Syndicate with a definite recommendation and the reason for such recommendation. The Syndicate may accept the recommendation or may refer the matter back to the Board for reconsideration.

15. The limits of the different subjects for both theoretical and practical are given below. Books shall be prescribed or recommended when necessary by the Board of Higher Studies in Applied Chemistry.

1. Principles and Methods of Leather Manufacture

Theoretical

Course :—History of tanning industry. Histology and structure of hides and skins. Chemical constituents of hides and skins, hide proteins and their chemical behaviours to acids, alkalis, enzymes and to tanning materials. Different kinds of hides and skins. Different breeds of cattle, sheep and goats in India and the characteristic differences of hides and skins obtained from them. Cure and preservation of hides and skins. Tannery waters, their chemical and bacteriological properties. Methods of softening water and water-softening plants.

Soaking :—Soaking of green, wet-salted, dry-salted and dry hides. Putrid soaks. Soaking agents.

Depilation :—Depilation by sweating and by liming. Use of sodium and arsenic sulphides in depilation. Objects of liming.

Methods of unhairing, fleshing by hand and machine. Different types of unhairing and fleshing knives and beams and of unhairing and fleshing machines. Splitting of hides and skins and different types of splitting machines. Rounding of hides.

Deliming :— Objects of deliming. Chemical and fermentative methods of deliming. Characteristics of natural bates. Manufacture of artificial bates. Different commercial bates and their uses. Processes of bating, pueing and drenching and the objects of each. Scudding after deliming.

Pickling :—Objects of pickling. Chemicals used and their effects on the pelt Process of pickling for exporting pickled hides and skins and pickling before chrome tanning.

Tanning :—Object of tanning and principles underlying the conversion of raw hides and skins into leather. Different processes of tanning.

Alum tanning or tawing :—Its principles and methods of manufacturing various kinds of commercial leather by the process, *e.g.*, calf kid, glove kid, white leather and alum dressing of fur skins.

Formaldehyde tanning :—Its principles and methods of manufacturing leather by the process.

Oil tanning :—Its principles and methods of making oil tanned chamois leather. Method of making chamois leather by a combined formaldehyde and oil tannage.

Chrome tanning :—Principles underlying chrome tannage. Two-bath and one-bath chrome tannages, their chemistry and practical methods of carrying out. Methods of manufacturing different varieties of commercial chrome leather, *e.g.*, (1) Box and Willow sides, Box and Willow calf, (2) Glace kid (3) Chrome sole, (4) Chrome picking band and lace leather, (5) Chrome belting leather.

Vegetable tanning :—Vegetable tanning materials, their sources, tannin contents, tanning properties and principal characteristics. Grinding and extraction (*i.e.*, leaching) of tanstuffs for use in vegetable tanning. Manufacture of tanning extracts. Manufacture and use of synthetic tannin. Manufacture of various kinds of Heavy Dressing and Light leathers by vegetable tanning process, *e.g.*, sole, belting, harness, saddlery, ammunition boot upper, suit cases and upholstery leather, morocco, book binding, shoe lining leather, etc. Bag tanning process and methods of manufacturing half-tanned leather for export.

Dyeing of leather :—Vegetable and coal-tar dyes, their properties and uses in leather dyeing. Mordants and strikers. Methods of dyeing leather.

Stuffing and fat-liquoring of leather :—Processes of currying and fat-liquoring. Fats, waxes and oils used in currying and stuffing. Hand and drum stuffing. Dubbings and stuffing mixtures. Fat liquors for chrome leather, different methods of making them. Principles of making commercial fat-liquors.

Drying of leather :—Humidity of air and method of its determination and control. Different systems of leather drying.

Finishing of leather:—Various finishing materials, their properties and uses, *e.g.*, egg albumin, blood albumin, mucilages, gums, resins, pigment finishes, seasons and nitrocellulose lacquers.

Manufacture of Enamelled leather for motor car and furniture upholstering.

Manufacture of Patent leather.

Manufacture of gelatine and glue.

Practical

Course :—The course will teach the students practical manufacture on a semi commercial scale of a few typical varieties of leather from Indian hides and skins which are of commercial importance in India. The students will have to manufacture the following varieties of leather : (1) Box and willow sides, (2) glace kid, (3) chrome sheep, (4) vegetable and chrome sole leather, (5) harness leather, (6) suit case leather, (7) chrome picking band and lace leather, (8) vegetable-tanned light leathers such as morocco, book binding and lining leather, (9) chamois leather of combined formaldehyde and oil tannage, (10) white leather by alum tannage, (11) half-tanned E. I. kips and (12) half-tanned goat and sheep skins.

2. Analytical Chemistry of Leather Manufacture

Theoretical

Course :—This course will explain by lectures the analytical methods in use in modern leather industry for analysing different materials used in tanning and controlling the processes involved in leather manufacture. The lectures will be on the analysis of water, lime, sulphides, lime liquors, chrome salts, chrome liquors, vegetable tanstuffs, tanning extracts, vegetable tan liquors, soap, oils,

ats, waxes and leather. pH, its application in tanning and methods of its letermination will be explained.

Practical

Course :—Analysis of water, lime, lime liquors, sodium sulphide, red arsenic, hrome liquors oils, fats and waxes, soap, leather, solid tanning materials, solid ınd liquid tanning extracts.

pH value determination of lime, bate, vegetable and chrome tan liquors.

3. Elementary Chemistry

Theoretical

Course :—Introductory, chemical change, chemical nomenclature and ymbols, atom c theory, valency, general properties of gases, electrolysis, lissociation General properties of liquids, solutions and colloids.

Typical non-metallic elements :—Hydrogen, Oxygen, Nitrogen, Carbon, Sulphur and Boron with their chief compounds.

Metals and such of their oxides and salts as are used in the tanning ndustry.

Potassium, Sodium, Calcium, Magnesium, Aluminium, Chromium, Iron, Copper, Zinc, Lead and Titanium.

The growth o Organic Chemistry, empirical and molecular formulæ, analysis of organic compounds.

Aliphatic compounds :—(*a*) Paraffins, (*b*) Halogen derivatives, (*c*) Alcohols, (*d*) Ethers, (*e*) Aldehydes and Ketones, (*f*) Esters, (*g*) Amines, (*h*) Fatty acids, (*i*) Polyhydric alcohols, (*j*) Simple carbohydrates, and (*k*) Elements of the Chemistry of Proteins.

Aromatic compounds :—(*a*) Hydrocarbons, (*b*) Halogen compounds, (*c*) Nitro compounds, (*d*) Amines, (*e*) Phenols, (*f*) Acids, (*g*) Diazotisation, (*h*) Elementary knowledge of the nature and preparation of synthetic dyes, (*i*) Tannins, their qualitative tests, classification and elementary notions of the constitution of Gallo-tannic acid.

Practical

Course :—Qualitative analysis of Inorganic mixtures containing two radicals from the five groups, and their oxides, hydroxides, chlorides, sulphides, sulphates and carbonates.

Gravimetric estimation of Calcium, Magnesium, Zinc, Iron, Aluminium and Chromium.

Acidimetry, alkalimetry and iodometry.

4 Elementary Microscopy and Bacteriology of Leather Manufacture

Theoretical

Course :—A. Microscopy—The Microscope—Description of the optical and mechanical parts.

The technique of microscopy and care of the instrument.

Technique of section cutting :—Preparation and embedding of material. Cutting, staining and mounting of sections.

Examination of—

(*a*) Hair, wool, collagen fibres, principal barks, leaves, powdered myrobalans and extracts used in tanning in India.

(*b*) Identification of different kinds of hides and skins from the examination of their grain surface.

(*c*) Comparative study of the structure of different kinds of hides and skins.

(*d*) Finished leather, its relation between quality and structure.

(*e*) Defective leathers. Investigation of defects due to insect, mould and bacterial damage. Exudations on leather.

Microscopy of manufacturing processes :—Soaking, liming, bating, pickling, tanning and finishing.

Microphotography.

B. Bacteriology—Micro-organisms—their classification, structure, growth and reproduction. Effect of food, moisture, temperature and light.

Bacterial metabolism :—Chemical changes produced by them during parasitic phase, production of acids, ferments, gas, colour, etc. Putrefaction and decay. Bacterial associations.

Bacteria and disease :—Parasites and saprophytes, mode of entry, infection and resistance of the animal body.

Cultivation and isolation of micro-organisms.

Method of examination and study of micro-organisms, *e.g.*, Staphylococci, Streptococci, Micrococci, Bacillus Coli, Bacillus Erodiens, B. Furfuris, B. Proteus, B. Liquefaciens, Clostridium Putrifiens, B. Anthracis, B. Subtilis, B. Mycodes, Acetic, Butyric and Latic bacteria, Mycoderma tannica, Yeasts and moulds, Protozoa.

Effects of Micro-Organisms in the processes of curing, soaking, depilation, bating, drenching and tanning. Damages due to micro-organisms.

Anthrax in animals and man. Anthrax in the leather trade. Sources of infection. Methods of sterilisation and treatment. Home Office Regulations.

Practical

Course :—A. Microscopy—Use of Microscope, section cutting, staining and mounting: Microscopical studies of hair, wool, collagen fibres, principal Indian vegetable tanning materials, process hides and skins, leather, defects of leather due to insects, moulds and bacteria.

B. Bacteriology—Morphology of bacteria—Preparation of culture media, cultivation and isolation of bacteria.

5. Leather Trades Engineering

Theoretical

Course :—The object of the course is to acquaint the students by general descriptive lectures with various kinds of machinery and power plants they may be brought in contact with in a modern tannery and to make them familiar with the way to construct the usual types of tannery sheds, buildings, pits, etc., as are found in India.

Construction of sheds and buildings of small and medium-sized tanneries. Lay out and construction of pits. Costs of sheds and pits. Rational laying out of machinery.

Steam boilers :—Different types of boilers, their various sizes, capacity and suitability for a specific purpose. Their installation and maintenance. Different classes of coal used in Bengal. Burning spent tan in boilers. Boiler compositions. Boiler feed pumps and feed water heaters.

Steam Engines :—Principal types and sizes of steam engines. General idea of their construction, component parts and working. Their efficiency and steam consumption. Their Horse Power.

Electric power and lighting :—Elementary knowledge of the generation and distribution of electrical energy. Electric wiring and different types of wires used. Direct and alternating currents. Transformers. Direct current and alternating current motors. Commercial instruments and methods of measuring current, resistance, pressure, power and energy.

Practical

Course :—Drawing, dismantlg of different machines, Study of different component parts and their assemblage.

6. Elementary Book-Keeping

Theoretical

Course :—Principles of book-keeping—Single entry and Double entry systems and their comparison.

Theoretical Journal and different practical subsidiary books—Cash book, purchase book, sales book, returns book and journal proper.

Petty cash book, bank transactions, bill transactions and consignment. Postings into ledger, trial balance profit and loss account and balance sheet. Elementary knowledge of Partnership and Joint Stock Co.'s accounts.

Costing :—Different principles—special subjects.

Process cost :—Raw hide purchase and stock book. Process stock and output book. Allocation of expenses and its principles. Final cost book. Stores and tanning materials—Purchase, issue and ledger. Finished leather stock book, leather sales book.

CHAPTER XL-A (DIPLOMA IN SPOKEN ENGLISH)

The words ' Bachelor of Commerce ' were added in the list of examinations enumerated under Section 2 of Chapter XL-A of the Regulations (p. 442* of Edition of 1938.).

———

The following new Chapter was inserted after Chapter XLVI :—

CHAPTER XLVI-A

TRANSITORY REGULATIONS

(M.B. Examinations)

1. In this Chapter, the phrase " new Regulations " shall be taken to mean the present body of Regulations.

The phrases " old Regulations " and " old Rules " shall be taken to refer respectively to the Regulations and Rules in operation on the date previous to that on which the new Regulations come into force.

2. Candidates, who pass the Preliminary Scientific, First, Second and Third M.B. Examinations under the old Regulations, may prosecute further studies under the new Regulations in accordance with the following scheme :—

(a) Preliminary Scientific M.B. Examination

Any candidate who will come out successful at this examination, may appear at the First M.B. Examination under the new Regulations, provided he attends in an affiliated college a regular course of lectures for two academical years in the prescribed subjects.

Such candidates will be exempted from appearing in Organic and Physical Chemistry at the First M.B. Examination.

(b) First M.B. Examination

Any candidate who will come out successful at the First M.B. Examination under the old Regulations, may appear at the Final M.B. Examination under the new Regulations provided he attends in an affiliated college a regular course of studies for three academical years in the prescribed subjects and provided further he passes in Pharmacology at the First M.B. Examination under the new Regulations before he appears for the Final M.B. Examination.

(c) Second M.B. Examination

Any candidate who will come out successful at the Second M.B. Examination under the old Regulations, may appear at the Final M.B. Examination under the new Regulations provided he attends in an affiliated college a regular course of studies for two academical years in the prescribed subjects.

Such candidates will be exempted from appearing in (1) Pharmacology and Therapeutics and (2) Pathology, Bacteriology and Parasitology at the Final M.B. Examination in Part I, under the new Regulations.

(d) Third M.B. Examination

Any candidate, who will come out successful at the Third M.B. Examination under the old Regulations, may appear at the Final M.B. Examination under the new Regulations provided he attends in an affiliated college a regular course of studies for one academical year in the prescribed subjects.

Such candidates will be exempted from appearing in—

(*i*) Pathology, Bacteriology and Parasitology;
(*ii*) Pharmacology and Therapeutics;
(*iii*) Public Health and Hygiene; and
(*iv*) Forensic and State Medicine

at the Final M.B. Examination in Part I, under the new Regulations.

3. Candidates, who are unsuccessful at the Preliminary Scientific, First, Second and Third M.B. Examinations under the old Regulations may prosecute further studies under the new Regulations on fulfilling the conditions as noted below :—

(*a*) Any candidate, who fails at the Preliminary Scientific M.B. Examination under the old Regulations, may appear at the First M.B. Examination under the new Regulations, provided he attends in an affiliated college a regular course of lectures for two academical years in the prescribed subjects: provided further that he passes before appearing at the First M.B. Examination the practical test of the I.Sc. Examination of this University in those scientific subjects (excluding Mathematics) in which he had passed at the I Sc. Examination before admission to a Medical College : provided also that he similarly passes in a biological subject, both theoretical and practical, as required under section 1 (a) of Chapter XLIV unless he had previously passed in the theoretical portion of such biological subject at the I.Sc. Examination.

(*b*) Any candidate, who fails in the First M.B. Examination under the old Regulations, may appear at the First M.B. Examination under the new Regulations, provided he attends in an affiliated college a regular course of studies for one academical year in the prescribed subjects.

Such a candidate will be exempted from appearing in Organic and Physical Chemistry at the First M.B. Examination.

(*c*) Any candidate, who fails in the Second M B. Examination under the old Regulations, may appear at the Final M.B. Examination under the new Regulations, provided he attends in an affiliated college a regular course of studies for three academical years in the prescribed subjects and provided further he passes in Pharmacology at the First M.B. Examination under the new Regulations before appearing at the Final M.B. Examination under the new Regulations.

(*d*) Any candidate, who fails in the Third M B. Examination under the old Regulations, may appear at the Final M.B Examination under the new Regulations, provided he attends in an affiliated college a similar course of studies for two academical years in the prescribed subjects.

Such a candidate will be exempted from appearing in Pathology, Bacteriology and Parasitology at the Final M.B. Examination, Part I, under the new Regulations.

4. Candidates prosecuting studies under the old Regulations in 1939-40, may continue further studies under the old Regulations, and appear at the examinations under the old Regulations, to be held in the years noted below :—

(*a*) The Preliminary Scientific M B Examination, in accordance with the old Regulations and Rules, shall be held for the last time in November, 1941, and for this purpose these Regulations and Rules shall be deemed to be in force.

(*b*) The First M.B. Examination shall be held for the last time in April, 1945, in accordance with the old Regulations and Rules, which, for this purpose, shall be deemed to be in force.

(*c*) The Second M B. Examination shall be held for the last time in November, 1947, in accordance with the old Regulations and Rules, which, for this purpose, shall be deemed to be in force.

(*d*) The Third M.B. Examination shall be held for the last time in April, 1950, in accordance with the old Regulations and Rules, which, for this purpose, shall be deemed to be in force.

(*e*) The Final M.B. Examination shall be held for the last time in November, 1952, in accordance with the old Regulations and Rules, which, for this purpose, shall be deemed to be in force.

5. Candidates, who will appear at the various M.B. Examinations under the old Regulations during the transitory period will be required, to attend lectures, theoretical and practical, the number of which will not exceed that prescribed under the new Regulations.

6 The Syndicate may pass orders for meeting special cases during the transitory period which may not be directly covered under the above Regulations.

7. The Rules and Regulations relating to the M B. Examinations now in force shall remain operative subject to such modifications contained in this chapter

---

Rules adopted by the Senate in connection with the Transitory M.B. Regulations

I. The New Regulations will come into force with effect from June, 1940, subject to the provisions of the Transitory Regulations, as outlined below, to be embodied in the Regulations as Chapter XLVI-A.

II. Chapter XLVI will come into force with effect from 1945 and will be applicable for the first time for those students who take their admission from June, 1940.

III. No student under the old M.B. Regulations once choosing to come under the New Regulations shall be allowed to revert to the Old Regulations again

IV. The Transitory Regulations will be applicable to the following classes of candidates :—

A. Those who will appear at the Preliminary Scientific, First, Second and Third M B Examinations in 1940 and are successful at such examinations.

Such candidates will be given the option of continuing their studies (*i*) under the New Regulations or (*ii*) under the Old Regulations.

B. Those who appear at the Preliminary, First, Second, Third and Final M.B. Examinations in 1940, but are unsuccessful.

Such candidates will also be given the option of proceeding (*i*) under the New Regulations or (*ii*) under the Old Regulations.

The Preliminary Scientific M.B , First M B , Second M.B , Third M.B. and Final M.B. Examinations, under the Old Regulations, will be held for the last time, respectively, in November, 1941, April, 1945, November, 1947, April, 1950, and November, 1952.

V. In order to facilitate holding of classes, theoretical and practical, at the Medical Colleges candidates who will appear under the Old Regulations during the transitory period will attend the same number of lectures theoretical and practical, as is prescribed under the New Regulations.

Chapter L (D.P H. Examination)

*Page 495**—

Sub-Section (*i*) *of Section 2* was replaced by the following :—

(*i*) attended, during a period of not less than three and a half months approved courses of instruction in (*a*) Bacteriology including Immunology

Serology, Filterable Viruses and the Rickettsias, Medical Entomology, ›zoology and Helminthology especially in their relati›n to diseases of and to those diseases of the lower animals transmissible to man—course to last at least 200 hours. (*b*) Public Health Chemistry and iology (Bio-Chemistry and Bio-Physics) applied to Public Health—this ie to last at least 160 hours

: *496**—

In Section 5, paragraphs (*a*) and (*b*) under the head ' Part I ' were replaced ie following :—

) Microbiology including Bacteriology, Immunology and Serology, Filter-Viruses and the Rickettsias, Medical Entomology, Protozoology and ›inthology—(one paper).

›) Public Health Chemistry and Physiology (Bio-Chemistry and Bio-ics) applied to Public Health—(one paper)

s *497-500**—

Section 6, the heads (*a*) Chemistry and Physics, (*b*) Geology, limatology and Meteorology, (*d*) Bacteriology, Parasitology, Protozoology, mology, Helminthology and Immunology and the Syllabuses thereunder replaced by the following :—

(*a*) MICROBIOLOGY

acteriology :

he classification of bacteria, their morphology and physiology including cultivation, fermentation, reaction and pathogenicity.

he Pathogenic Cocci and Bacteria—Streptococcus, Meningococcus, Gono-s, Typhoid, Salmonella, Dysentery, Diphtheria, Mallei, Tubercle, Leprosy, ie, Melitensis, Abortus, Anthrax, Tetanus, Botulinus and the Cholera ›, including the mode of transmission and method of isolation.

he preparation, standardisation, storage and uses of prophylactic vaccines.

he destruction of bacteria and disinfection.

he bacteriology of water, milk and milk products and other foodstuffs ling the methods of collection and examination of samples and inter-tion of the results obtained.

he bacteriology of air, dust, soil and sewage.

nmunology and Serology :

ifferent forms of immunity in the individual. Mechanism of immunity in ent infections. Immunity in the herd.

he serological tests in common use in diagnosis. Agglutination Precipita-Flocculation, Jellification, Complement fixation and Allergic Tests.

mmunisation, including the preparation, standardisation, storage and use of ›era used in prophylaxis and treatment.

Filterable Viruses and the Rickettsias :

he general characteristics of viruses and the methods of studying them—›ion, tissue culture, cell inclusions.

The pathogenic viruses—variola, vaccinia, measles, chickenpox, poliomyelitis, influenza, encephalitis lethargica, yellow-fever, dengue, papataci fever, rabies, trachoma, including the mode of transmission of diseases caused by them.

Methods of preparation, storage and uses of prophylactic vaccines against smallpox, rabies, yellow-fever.

The bacteriophage and its uses in public health.

The Rickettsias and their mode of transmission.

(*iv*) Medical Entomology :

The classification of the Animal Kingdom and the general characters of insects, including their collection, identification and preservation.

Insects concerned in the transmission of disease—mosquito, sandfly, housefly, flea, louse, tick, mite Their life-cycle and habits, the way in which they act as carriers and the methods of control.

(*v*) Protozoology :

The classification of protozoa, their morphology and methods used in studying them.

The pathogenic protozoa—E.histolytica, G.lamblia, B.coli, L.donovani, L.tropica, P.vivax, P.malariæ, P.falciparum, Trypanosomes, Coccidia and Sarcosporidiæ, including the mode of transmission and methods for collecting and examining infective material.

The pathogenic spirochaetes—T.pallidum, T.pertenue, Sp recurrentis, Leptospira icterohæmorrhagiæ, and the spirochaetes of Vincent's angina and Naga sore. Their mode of transmission and methods for collecting and examining infective material.

(*vi*) Helminthology:

The classification of the helminth parasites, their morphology and methods used in studying them.

Helminths of public health importance. Nematodes—Hookworms, Wuchereria bancrofti, Filaria malayi and Dracunculus medinensis. Cestodes—Tænia solium and saginata, Echinococcus; and Trematodes. Their morphology, biology, recognition and life-history. Mode of transmission and methods of destruction of helminths in various materials.

(*b*) PUBLIC HEALTH, CHEMISTRY AND PHYSIOLOGY (BIO-CHEMISTRY AND BIO-PHYSICS) APPLIED TO PUBLIC HEALTH

(*i*) Public Health Chemistry :

General principles and methods of quantitative analysis, volumetric, gravimetric and gasometric. The theory and determination of Hydrogen-ion concentration. Methods of collection of water, sewage, sewage effluents and other effluents, milk, common articles of foods and disinfectants, such as cyano gas, pyrethrum, retinone, paris green, mineral oils, etc., for chemical analysis. Principles of qualitative and quantitative analysis of the above substances. Interpretation of reports of analysis.

(*ii*) Physiology (Bio-Chemistry and Bio-Physics) applied to Public Health:

General: Adjustment of individuals and communities to environment—internal and external—influencing the state of health. The span of life, its

prolongation and rejuvinescene. Influence of geographical position and altitude on health including climatological considerations. Physiological effects of radiations, *e.g* , infra-red, ultra-violet, X-ray, etc. Illumination and hygiene of the eyes. Physiology of ventilation, air cooling and air conditioning. Clothing in the tropics Urban and rural environments. Socio-economic factors. Occupational environment, agricultural, industry, smoke, dust and gas pollution of air. Effects of noise and vibration. Assessment of physical fitness.

Practical work : Methods of determining temperature, humidity and atmospheric pressure. Methods of measuring comfort conditions. Detection and estimation of atmospheric pollution due to smoke, dust and poisonous gases. Photometric measurement of natural and artificial light in schools and factories. Determining efficiency of clothing Estimation of work and total metabolism : determination of onset of fatigue and inefficiency. Treatment of asphyxia, electric shock and gas poisoning.

(*m*) Nutrition :

The place of nutrition in public health, its special significance under Indian conditions Basal and total metabolism. Energy requirements and caloric values of foods Carbohydrates and fats and their rôle in nutrition. Protein requirement of man and its determination. Inorganic elements calcium, phosphorous, iodine, iron, copper and other trace elements and their importance in nutrition. Vitamins, their nature, function, optimum requirements, clinical and pathological results of vitamin deficiencies. Balanced diets in relation to age, sex, occupation and physiological states. Methods of cooking and their effect on the nutritive values of foods. Assessment of state of nutrition of individuals and of communities. Methods of conducting dietary surveys and making suggestions for improvement. Methods of conducting field experiments in nutrition. Socio-economic factors in nutrition. Relation of agriculture, animal husbandry and food industries to nutrition. Nutrition propaganda.

Practical work : The use of food ; analytical tables in planning of balanced diets, for various groups Detection of vitamin and other deficiencies by anthropometric, clinical and physiological methods Nutrition and dietary surveys and constructive criticism of food habits and food production.

*Page 501**—

In Section 7 the words " Chemistry and Physics, etc. " under Part I in the table were replaced by the words " Public Health Chemistry and Bio-Physics and Bio-Chemistry."

Chapter LI (I.E. Examination)

The words " Candidates to take one section only " in the Note appearing under the Syllabus in Drawing and Estimating ' were *deleted* (*vide* p. 104 of *Amendments to Regulations*).

Chapter LII (B E Examination)

(*a*) The subjects and distribution of marks in Group I and Group II of Part I of the B E Examination in Civil Engineering *(to be taken at the end of the first year)* were revised as follows (*vide* p. 124 of *Amendments to Regulations*) :—

GROUP I

Theories	...	...	...	... 200
Application	...	...	...	... 200
Geology and Mineralogy	...	...	...	... 200
				600

GROUP II

Technical Chemistry (Theoretical)	...	...		... 100
Technical Chemistry (Practical)	...	...	...	... 100
Applied Mechanics and Graphics	...	...	...	... 200
Estimating	...	...	...	... 150
				550

(b) The subject and distribution of marks in Group III of Part II of the B. E. Examination in Civil Engineering (*vide* p. 125 of *Amendments to Regulations*) were revised as follows :—

GROUP III

Attested Designs for Engineering works and Buildings		...		... 500
Practical Drawing	..	...	...	... 300
The Principles of Architectural Design		...	...	... 200
				1,000

(c) The following was added to the Syllabus under " Applied Mechanics (*for candidates in Civil Engineering only*) " below the sub-head " (*a*) Buildings " —in Chapter LII (B.E. Examination) of the Regulations :—

(*b*) *Earthquake-Proof Structures*—

Values of seismic force for different localities.

Frame-work of the structure; Reinforced concrete, brick or steel with their merits and demerits.

Different types of panel fittings, their heat, insulation properties and relative costs. Nature of suitable roofs.

Articulation joints for massive buildings.

Small isolated buildings requiring no frame-work.

Stresses in members of a four-sided closed frame with single, double and multiple bays and estimation of their cross sections. Design of panel fittings for the above."

(*d*) The subsequent Sub heads in the Syllabus were renumbered as (*c*) Bridges ', ' (*d*) Reinforced Concrete' and ' (*e*) General. '

CHAPTER LII-B

(INTERMEDIATE EXAMINATION IN ARCHITECTURE)

The following was added to the Syllabus under "Architectural Design" in Chapter LII-B (Intermediate Examination in Architecture) of the Regulations:—

3. *Earthquake-Proof Structure*

Values of Seismic force for different localities.

Different types of monolithic construction to suit climatic and local conditions.

Effect on the structure due to nature of soil, depth of foundations and to the height and weight of the structure.

Frame-work of the structure, reinforced concrete, brick or steel with their merits and demerits. Different types of panel fittings, their heat, insulation properties and relative costs

Nature of suitable roofs.

Articulation joints for massive buildings.

Small isolated buildings requiring no frame work.

II

(Sanctioned by Syndicate)

CHAPTER XXX (MATRICULATION EXAMINATION)

'Sinhalese' was included in the list of Indian Vernaculars for the Matriculation Examination.

'Sinhalese' was included in the list of Vernaculars prescribed for translation into English for the Matriculation Examination in the Second Paper in English as provided for in Sec I (*iii*) under head 'English' in Chapter XXX of the Regulations (p. 189,* Edn. 1938).

CHAPTER XXXVII (MASTER OF SCIENCE)

'Statistical Physics' was included as a special topic in the 5th Paper after Relativity (*vide* Regulations Chapter XXXVII, page 419,*—1938).

CHAPTER XL (B.T. EXAMINATION)

In Section 7, Sub-Section 6 of the Regulations (Bachelor of Teaching) the following were *added* after (*v*) :—

"(*vi*) Education of handicapped children with reference to some selected types ;" and

In the list of Additional Paper (Optional) the following was *added* after 'E. Comparative Education.'

"F. Education of handicapped children with reference to *any one* of the following types :—

(*i*) Deaf and mute,
(*ii*) Visually handicapped,
(*iii*) Otherwise physically handicapped, and
(*iv*) Mentally retarded."

APPENDIX A

The following forms of certificate and diploma for Section B of the B. Met. Examination and the Degree of Bachelor of Metallurgy respectively were prescribed.

UNIVERSITY OF CALCUTTA

Bachelor of Metallurgy Examination, Section B.

I certify that... ..... duly passed the Section B of the Bachelor of Metallurgy Examination held in the month of August, 194

SENATE HOUSE :
The....., 194 .

Controller of Examinations.

UNIVERSITY OF CALCUTTA

This is to certify that... ..... obtained the Degree of Bachelor of Metallurgy in this University at the Annual Examination in the year 194 , and that he was placed in the.....Class.

SENATE HOUSE :
The....., 194 .

Vice-Chancellor.

N

Affiliated Colleges

I

The undermentioned new colleges were affiliated to this University from the commencement of the session 1940-41 :—

Name of College	Standard of affiliation.	Subjects in which affiliation was granted.
Women's College, Calcutta ...	I.A.	English, Bengali (Vernacular), Bengali (2nd Language), Sanskrit, History, Logic, Mathematics, Civics.
	B.A.	English Bengali (Vernacular), Bengali (2nd Language), Sanskrit, History, Economics, Philosophy, Mathematics.
Fazlul Huq College, Chakhar, Barisal. ...	I.A.	English, Bengali (Vernacular), History, Civics, Logic, Mathematics, Arabic, Persian, Sanskrit, Commercial Arithmetic and Elements of Book-keeping.
Madanmohan College, Sylhet ...	I.A.	English, Bengali (Vernacular), Sanskrit, Persian, History, Logic, Civics, Mathematics, Commercial Geography, Commercial Arithmetic and Elements of Book-keeping.
Serajganj College ...	I.A.	English, Bengali (Vernacular), Mathematics, History, Civics, Logic, Sanskrit, Arabic, Persian, Commercial Arithmetic and Elements of Book-keeping.
Madhabchaudhury College, Barpeta.	I.A.	English, Vernacular (Bengali, Assamese), Logic, History, Sanskrit, Persian, Mathematics, Civics.
Radhakanta Handique Girls' College, Panbazar.	I.A.	English, Assamese (Vernacular), Bengali (Vernacular), Sanskrit, History, Logic, Civics, Mathematics.

II

The undermentioned colleges were granted extension of affiliation in subjects and up to the standard noted against them from the commencement of the session 1940-41 :—

Name of College	Standard of affiliation.	Subjects in which affiliation was granted.
Loreto House, Calcutta ...	Intermediate and B.A.	Bengali (Vernacular), Bengali (2nd Language).

Ripon College	...	I.A.	Commercial Geography, Commercial Arithmetic and Elements of Book-keeping.
Bangabasi College	.	I.A.	Ditto.
		B.A.	Bengali (2nd Language—Pass), Hindi (2nd Language—Pass).
Vidyasagar College	...	I.A. and I.Sc.	Geography, Physiology.
		B.A.	Bengali (Hons.).
Krishnachandra College, Hetampur.	...	I.A.	Civics.
Victoria College, Comilla	...	B.A.	Sanskrit (Hons.).
Gokhale Memorial Girls' College, Calcutta.		I.A.	Logic, Alternative English.
Midnapore College	...	B.A.	English (Pass), Bengali (Vernacular), Sanskrit (Pass) History (Pass), Philosophy (Pass), Economics (Pass), Mathematics (Pass & Hons.)
Prabhatkumar College, Contai, Midnapur.		B.A.	English (Pass), Bengali (Vernacular), Mathematics (Pass) Sanskrit (Pass), History (Pass) Economics (Pass), Philosophy (Pass).
Jagannath Barooah College, Jorhat.		I.A.	Commercial Arithmetic and Elements of Book-keeping.
Gurucharan College, Silchar	...	B.A.	English (Pass and Hons), History (Pass and Hons), Bengali (Vernacular), Mathematics (Pass), Economics (Pass), Philosophy (Pass), Sanskrit (Pass), Persian (Pass).
St. Anthony's College, Shillong		B.A.	Bengali (2nd Language—Pass), History (Hons.).
		I.A.	Commercial Geography.
Bengal Engineering College	...	B.Met.	...
St. Xavier's College	...	I.A. & I.Sc.	Biology.
Edward College, Pabna	...	B.A.	English (Pass), Bengali (Vernacular), Philosophy (Pass), History (Pass), Sanskrit (Pass), Arabic (Pass), Persian (Pass), Economics (Pass), Mathematics (Pass), Physics (Pass), Chemistry (Pass).
Feni College	...	I.A.	Commercial Arithmetic and Elements of Book-keeping, Commercial Geography.

III

The undermentioned persons were appointed Joint Inspectors for the annual inspection of affiltated colleges for 1940-41 :—

	College	Name
1.	A. M. College, Mymensingh	Prof P. N. Ghosh
2.	Asutosh College, Calcutta	Mr Benoykumar Sarkar Mrs A. N. Chaudhuri Prof. B. C. Guha
3.	Bagerhat College	Mr Jogeschandra Mukherjee
4.	Hindu Academy, Daulatpur	
5.	Bangabasi College	Prof S. K Mitra ,, H. K. Mukherjee ,, J. N. Mukherjee
6.	Bengal Engineering College	Prof. P. N. Ghosh Mr. Abhayacharan Banerjea
7.	Bethune College	Lady Bose
8.	B. M College, Barisal	Prof. M. N. Saha.
9.	Burdwan Raj College	Mr. Humayun Z. A. Kabir
10.	Carmichael College, Rangpur	Prof. S K Mitra
11.	Carmichael Medical College	Bt.-Col. Sir R N. Chopra Lt -Col J. C. De
12.	City College	Dr P. Niyogi Prof. M. Z Siddiqi Dr. Parimal Roy
13.	Chittagong College	Sir S Radhakrishnan Mr. N. C. Ray
14.	Sir Asutosh College, Kanungopara	Mr N. C Ray
15.	Feni College	Prof. B. C Guha
16.	Victoria College, Comilla	
17.	Cotton College, Gauhati	Mr. P N. Banerjee
18.	Earle Law College, Gauhati	Dr. B. N. Chuckerbutty
19.	St. Anthony's College, Shillong	Prof. K N. Mitra, Rai Bahadur
20.	Lady Keane Girls' College, Shillong	
21	St. Mary's College, Shillong	Mr. A. N. Basu
22.	St. Edmund's College, Shillong	
23.	David Hare Training College	Dr. H. C Mookerjee
24.	Dupleix College, Chandernagore	Mr. Chandicharan Mitra
25.	Edward College, Pabna	Dr. M. N. Goswami
26.	Hughli Mohsin College	Mr. D. N. Mukherjee Rev. Father A. Verstraeten
27.	Islamia College	Rev. Allan Cameron Mr. Humayun Z. A. Kabir
28.	Krishnagar College	Mr. Sailendra nath Mitra
29.	K. C. College, Hetampur	Prof. S. K. Chatterji
30.	K. N. College, Berhampur	Dr. S. P. Chatterjee
31.	Union Christian Training College, Berhampur	
32.	Loreto House, Calcutta	Mrs. Tatini Das Dr. Sahayram Bose
33.	La Martiniere College	Prof. F. Levi
34.	Medical College	Dr. B. C. Roy Mr. Bamandas Mukherjee
35.	Midnapur College	Dr. S. M. Ganguli
36.	P. K. College, Contai	
37.	M. C. College, Sylhet	Prof. N. R. Sen
38.	Gurucharan College, Silchar	

39.	Narasinha Dutt College, Howrah...	Dr. Md. Q. Khuda
40.	Presidency College	Prof. S. K. Mitra ,, J. P. Niyogi ,, S. P. Agharkar
41.	Rajendra College, Faridpur ...	Prof. J. P. Niyogi
42.	Rajshahi College ...	Prof. P. C. Mitter
43.	Ripon College ...	Prof. [illegible] N. Ghosh ,, Priyadaranjan Ray Rev. Father J. N. Weaver
44.	Ripon Law College ...	Mr. S. N. Banerjee
45.	Saadat College, Karatiya ...	Khan Bahadur T. Ahmed
46.	Sanskrit College ...	Dr. Asutosh Sastri
47.	Scottish Church College ...	Prof. M. N. Saha Mr. Sailendranath Mitra.
48.	Serampur College ...	Sir U. N. Brahmachari Mr. Humayun Z. A. Kabir
49.	All-India Institute of Hygiene and Public Health	Mr. M. N. Basu ,, S. N. Roy
50.	St. Paul's College, Calcutta ...	Rev. Allan Cameron Mr. Haridas Mukherjee (since deceased)
51.	St. Joseph's College, Calcutta ...	Prof. F. Levi
52.	St. Xavier's College, Calcutta ...	Mr. Rabindranarayan Ghosh ,, P. C. Mahalanobis
53.	University Law College ...	Mr. H. D. Basu
54.	Uttarpara College ...	Mr. S. K. Acharyya
55.	Victoria College, Cooch-Behar ...	Prof. H. C. Raychaudhuri
56.	Victoria College, Narail ...	Dr. S. N Dasgupta
57.	Brindaban College, Habiganj ...	Dr. P. N. Banerjea
58.	Vidyasagar College ...	Mr. Charuchandra Bhattacharyya Prof. J. N. Mukherjee ,, B. M. Barua
59.	Bankura College ...	Prof. J. N. Mukherjee
60.	Victoria Institution, Kurseong ...	Dr. H. C. Mookerjee ,, S. P. Mookerjee
61.	St. Helen's School, Kurseong ...	
62.	Salesian College, Sonada ...	
63.	St Joseph's College, Darjeeling ...	
64.	St. Paul's College, Darjeeling ...	
65.	S. U. M. Institution, Kalimpong...	The Hon'ble Mr. Justice C. C. Biswas
66.	Victoria Institution, Calcutta ...	Dr. S. R. Bose
67.	J. B. College, Jorhat ...	Mr. S. C. Roy
68.	Gokhale Memorial Girls' College...	Miss S. B. Gupta
69.	Lady Brabourne College ...	Mrs. A. N. Chaudhuri
70.	South Calcutta Girls' College ...	Mrs. H. C. Mookerjee
71.	Haraganga College, Munshiganj...	Mr B. C. Roy
72.	Azizul Huque College, Bogra ...	Prof. M. Z. Siddiqi
73.	Viswabharati, Santiniketan ...	Prof. H. K. Mookerjee

O

Recognised Schools

The names of 1,587 Schools were borne on the list of recognised schools during the year 1940; of these 621 enjoyed permanent recognition and 964 provisional recognition.

I. The following Schools were recognised for the first time during the year :—

1. Haripur Durgadas Institution, Pabna.
2. Ushagram Girls' H E School, Burdwan.
3. Dhakuria Binodini Girls' H. E School, 24-Parganas.
4. Surah Kanya Vidyalaya, Beliaghata.
5. Kalatiya H. E. School, Dacca.
6. Burdwan Municipal Girls' H. E. School.
7. Sekandardi Guzania M. P. H. E. School, Dacca.
8. Jangalpara H E School, Hughly.
9. Husaindi H. E. School Mymensingh.
10. Bhringaraj Talepabad H. E. School, Dacca.
11. Parjoar Brahmangaon H. E. School, Dacca.
12. Chalakchar H. E School, Dacca.
13. Tujalpur G C. H E School, Khulna.
14. Kachua H. E. School, Tipperah.
15. Khowai Branch H. E School, Tipperah
16. Shikarpore Gangagobinda Institution, Barisal.
17. Loreto Day School for Girls, Sealdah, Calcutta.
18. Shoalghar Sir C M H E. School, Dacca.
19. Jalirpar Kaligram M. B. Mallick H E. School, Faridpur.
20. Bhaberchar H. E. School, Dacca.
21. Bengali High School, Dibrugarh, Assam
22. Garbalia R. C. Manna Institution, Howrah.
23. Bally Rivers Thomson Girls' High School Howrah.
24. Sipajhar H E. School, Mangaldai, Assam.
25. Patharkandi Hazi Md. Fazil H. E. School, Sylbet.
26. Gangapukhari H. E. School, Kamrup, Assam
27. Sree Jain Swetambar Terapanthi Vidyalaya, Calcutta.
28. Saptagram H E. School, Assam.
29 Tinsukia Hindi High School, Assam

Q

Important Rulings and Orders

The following marks were decided to be taken as the minimum for 1st, 2nd ıd 3rd Divisions at the Matriculation Examination under the New Regulations ll 1942 :—

First Division	...	480 marks
Second Division	...	400 ,,
Third Division	...	288 ,,

The candidates for the Intermediate, B.A. and B.Sc. Examinations in 1940 ıd 1941 had been permitted to use Books and Note-books during the Practical xaminations in Scientific subjects.

[The above concession was to be discontinued with effect from the examinaons (Intermediate, B.A. and B.Sc.) in 1942.]

The following rules for the Calcutta University Rowing Club were adopted :—

RULES FOR THE CALCUTTA UNIVERSITY ROWING CLUB

[The Club is affiliated to the Amateur Rowing Association of the East.]

Rules for Membership

1. The Club shall be open to—

(*i*) Students reading in the University classes and in colleges affiliated to the Calcutta University.

Students include casual students as are recognised by colleges or the University.

(*ii*) Members of the teaching staff of the Post-Graduate Department and of the affiliated colleges.

All colleges willing to join the University Rowing Club shall pay an annual subscription of Rs. 150 for the maintenance of the club.

(*iii*) Past members who are no longer students and whose applications for continuance of membership may be granted by the Managing Committee.

(*iv*) Members of the Senate and Officers of the University.

(*v*) Registered Graduates and such other persons as the Committee may approve from time to time.

Rate of Subscription	Admission Fee
Students ... Rs. 12 per annum	... Rs. 2
Others ... Rs. 24 per annum	... Rs. 5

The subscription may be paid in two instalments—half at the time of admiıion and the other half by the first week of January.

2. Those who will join the club after December may be admitted on paying ıubscription for the second term, *viz* , January to June and the usual admission ee.

3. Members failing to pay their subscription within the due date shall have o pay a fine of Re. 1 for the first month and their names will be removed from the list of members from the second month.

4. Vacation members may be admitted for half the annual subscription who can row during the Puja and Summer Vacations only. These members will be taken from colleges outside Calcutta.

5. Students willing to join the club may get admission forms from the college. They may deposit their fees in the college or in the University and produce the form and the receipt to the Secretary for membership card which must be produced whenever the Secretary or the person authorised by him demands it.

6. Cases other than those governed by the rules will be subject to the approval of the Committee.

7. All members must know swimming and appear at the swimming test when called upon to do so.

Management

The club shall be magaged by a Committee which will consist of—

(1) The Vice-Chancellor of the Calcutta University, *President.*
(2) Dr. Syamaprasad Mookerjee, *Vice-President.*
(3) Registrar, Calcutta University, *Treasurer.*
(4) University Inspector of Colleges.
(5) Secretary of the Rowing Club appointed by the Syndicate.
(6) The representative from each college affiliated to the University Rowing Club.
(7) University Organiser, Physical Education.
(8) Secretary, Students' Welfare Committee.
(9) Secretary, University Athletic Club.
(10) Three members to be nominated by the Syndicate.

Such Committee will function for two years only.

A Working Committee will be formed soon after the Summer vacation to organise rowing and other activities in the Club.

It will consist of—

(1) Secretary.
(2) Club Captain and Vice-Captain elected by the College Captains who in their turn will be elected by the rowing members of the respective colleges or nominated by the Principal of the college concerned.
(3) Trainer of the Club.
(4) University Organiser, Physical Education.

Regatta

The Working Committee shall—

(1) announce the time and date for each race;
(2) appoint coaches to train up crews for the Inter-Collegiate and Club races;
(3) appoint the regatta officials consisting of one or more judges, umpires, time-keepers and a starter;
(4) investigate any questionable entry irrespective of protest.

Rules for Regatta

The Club shall be guided by rules for regattas and laws of Boat Racing adopted by A.R.A.E.

No member shall be allowed to row in a race unless all his dues are cleared.

All disputes arising out of races must be referred to the Working Committee on the day of the race with a protest fee of Rs. 10 who will decide the point after consulting the regatta officials and their decision in the matter will be final.

The Inter-Collegiate boat race will be held in fours before the Puja vacation and is limited to students who are members of the Club and will form crews on college basis.

In the Inter-Collegiate boat race a student is eligible to row (*a*) who is not of more than 4 years' standing from first entrance into an affiliated college if reading in I.A. or I.Sc. classes, (*b*) who is of not more than 6 years' standing from first entrance into an affiliated college if in a Medical, Engineering or Law College or one of the Post-Graduate Departments.

A college joining an Inter-Collegiate Boat race shall pay an entry fee of Rs. 15 on each occasion.

No college shall be allowed to send more than one crew consisting of four oarsmen and one cox and the latter must be certified by the Working Committee.

When the Working Committee considers that a college cox is not experienced enough, it may, for the safety of the boat only lend the service of a Club member. But in no case shall a *majhi* be permitted to steer a boat in any regatta

Names of the crews are not to be disclosed until three days before the regatta.

Entries shall close at least three days before the commencement of the race.

Club races among the members of the club will be held in fours, pairs and sculling boats after the Puja vacation.

Selection of Crews

The selectors of a college crew are advised to consult the Club Captain and the trainer of the crew.

The Varsity crew shall be selected by the Working Committee.

Discipline

No student of the University shall be permitted to row against it.

A member of the Club shall have to row for his college or the University when called upon to do so.

Members must obey their college or Club captains who are mainly responsible for internal discipline and good name of the Club.

All members on boat must obey the cox or the trainer on the bank.

No crew is to go out more than once without coming to the pontoon. It can only do so for the second time if there be no other crew waiting for the boat. The Captain of the Club will decide the order of going.

All boats must return to the pontoon before dusk.

The Captains should insist on a week's practice on the punt for each novice before taking him out in tubs. Not more than two members should be present on the punt at the same time.

The Captain or the Vice-Captain should select the crew for each trip. Only the selected crew should be allowed to go on to the pontoon.

In no case should the cox allow the boat to follow a wrong course or loiter about.

The cox will report to the Secretary any negligence or impertinence on the part of a member of a crew. If any damage is done to a boat by a member, the fact shall be noted in the register by the cox and reported to the Secretary. The member responsible for the damage shall have to compensate for it.

Every member must know the traffic rules of the Lake and follow them strictly.

It is strictly prohibited to touch the bank and land on it, or on the islands.

The members on a boat must not talk on the boat or speak to the public on the bank.

Smoking is not allowed on the boat or inside the boat house.

Club premises are open to members for certain hours to be specified and notified from time to time.

The Secretary may take disciplinary action against any member and suspend him for not more than seven days and report such cases to the committee.

Anybody refusing to be in the training or pacing crew without sufficient grounds shall be liable to be expelled from the Club.

Dress

Members must use the Club jerseys with blue and golden-yellow bands except when rowing for their own college when they should wear college colours.

Members representing the University in the Inter-University or the All-India Regatta only are entitled to use the special jerseys with club coloured boarders on the sleeves and the neck.

Decision of the Managing Committee shall be final in all cases of dispute.

The S.L.C. Examination of Nepal was recognised as equivalent to the Matriculation Examination of this University.

The training suggested by the Director, All-India Institute of Hygiene and Public Health, was accepted as equivalant to that required under Sec. 2 (*ii*), Chapter L of the Regulations.

The holders of Diplomas of the Indian Art School, Calcutta were permitted to teach Drawing and Painting (including Fine Arts) as a vocational subject in recognised High Schools.

The following syllabus for practical work in Statistical Physics for M.A. and M.Sc. Examinations was approved :—

(1) Determination of Avogadro's Numbers from Brownian Movement by Mallecan's oil-drop apparatus using Einstein's Equation.

(2) Verification of the Maxwellian distribution of Electron Velocities in a discharge tube by the probe method.

(3) Determination of Statistical Fluctuations in Radio-Active Disintegration.

(4) & (5) Variation of Electric and Magnetic Susceptibility with temperature.

(6) Fitting of curves of graduating results of Physical Experiments by least square and Moment Methods.

(7) Experimental Studies in the Theory of Errors including the use of the normal (clause-Laplacian) Law and other distribution.

(8) Analysis of errors of observations and calculations relating to probable errors and fiducial limits.

(9) Use of tests of significance to gauge (*a*) the agreement between results of Physical experiments and between Theoretical expectations and observed experimental results.

(10) Elements of correlational analysis with applications in Meteorology, Hydrology and Physical Problems.

———

In modification of the previous decision on the subject the following orders were passed—

(1) That the Principals of the Medical College, Calcutta and Carmichael Medical College, Belgachia, be informed that students who have passed the B Sc. Examination with Physics, Chemistry and Mathematics or the I.Sc. Examination with Practical test may be admitted into the Medical College. Exception may be made with regard to the I.Sc.'s of the Dacca Board provided they pass a Practical test in the subjects concerned as required under Section 3 (*a*) of Chapter XLVI-A of the Regulations.

(2) That the authorities of the Dacca Board be informed accordingly, it being pointed out that this facility will be of a transitory nature and will remain in force for two years and will be withdrawn from 1942.

(3) That the Principals of the Medical Colleges be also informed that students who have passed the B.Sc. Examination without Physics and Chemistry may be admitted into the college with the permission of the University previously obtained.

———

The diploma-holders of the Indian Society of Oriental Art, Calcutta, were recognised as eligible for teaching Drawing and Painting including Fine Arts) in recognised High Schools under this University.

———

The candidates who migrate to other Universities after passing the Intermediate Examination of this University were declared ineligible for being recipient of the Duff Scholarships and that this rule was enforced from the award for the year 1939 (which has been kept in abeyance).

SUPPLEMENTARY MATRICULATION EXAMINATION, 1939

The number of candidates registered for the Supplementary Matriculation Examination held in December, 1939, was 21,541, of whom 23 were disallowed, 10,940 passed, 10,241 failed, 159 were expelled and 178 were absent. Of the successful candidates, 1,075 were placed in the First Division, 6,191 in the Second Division, 3,525 in the Third Division and 149 passed in special subjects. Of the total number registered 1,790 were female candidates, of whom 175 passed in the First Division, 508 in the Second Division, 204 in the Third Division and 2 passed in special subjects. Of the 10,241 unsuccessful candidates 8,517 failed in English, 6,309 failed in Compulsory Mathematics, 3,297 in Compulsory Second Languages, 2,789 in Vernacular Languages, 846 in Additional Mathematics, 1,924 in Additional Second Languages, 2,504 in History, 199 in Geography, 36 in Mechanics, 470 in Hygiene, 4 in Business Method and Correspondence, 3 in Commercial Geography and 433 did not obtain the minimum aggregate marks.

SUPPLEMENTARY MATRICULATION EXAMINATION, 1939

Provinces	Number of candidates	Number passed	Percentage of successful candidates.*
Bengal ...	20,212 †	10,091	51·1
Assam ...	1,329 ‡	700	53·6
Total ...	21,541	10,791	51·2

* Shows the percentage of passes on the actual number of candidates sitting for the examination, excluding those who offered special subjects (Bengal 282 and Assam 9) and those who were absent (Bengal 166 and Assam 12 and whose admission was cancelled (Bengal 20 and Assam 3).

† Of these, 282 candidates offered special subjects as follows :—

268 candidates	offered	English only, of whom 124 passed.
1 candidate	,,	Mathematics only and passed.
5 candidates	,,	Sanskrit only of whom 4 passed.
4 ,,	,,	Pali only of whom 3 passed.
4 ,,	,,	Vernacular Hindi only of whom 3 passed.
3 ,,	,,	Vernacular Bengali only, and all passed
1 candidate	,,	Geography only.
1 ,,	,,	English and Mathematics only and passed in both subjects.
5 candidates	,,	English and Vernacular Bengali only, of whom 2 passed in both subjects, 1 paseed in English only and 1 passed in Vernacular Bengali only.

‡ Of these, 9 candidates offered English only of whom 6 passed.

The following table shows (1) the number of candidates from each Province and the Classical Languages taken up, and (2) the Divisions in which the successful candidates were placed :—

Provinces	Number of candidates	CLASSICAL LANGUAGES																										Number passed			
		Compulsory																		Additional											
		Sanskrit	Pali	Arabic	Persian	Latin	French	Burmese	Classical Tibetan	Bengali	Urdu	Hindi	Assamese	Bengali (for females)	Assamese (for females)	Hindi (for females)	Urdu (for females)	Uriya (for females)	Khasi (for females)	Tamil (for females)	Telugu (for females)	Malayalam (for females)	Sanskrit	Pali	Arabic	Persian	Bengali	Urdu	Hindi	Classical Tibetan	Latin	French	Hindi (for females)	Urdu (for females)	First Division	Second Division	Third Division	Total

* Of these, 273 candidates offered special subjects other than a Classical Language; and 1 candidate offered a third additional subject in lieu of a Classical Language and 20 candidates were disallowed.

† Of these 9 candidates offered special subjects other than a Classical Language, and 40 candidates offered a third additional subject in lieu of a Classical Language and 3 candidates were disallowed.

The following table classifies the candidates according to their Vernacular Languages :—

Provinces	Number of candidates	Bengali	Assamese	Uriya	Hindi	Urdu	Marathi	Modern Armenian	Modern Tibetan	Khasi	Maithili	Nepali	Guzrathi	Tamil	Telugu	Kanarese	Malayalam	Garo	Lushai	Manipuri	Santali	Portuguese	Burmese	Sinhalese	Alternative Paper in English.	German Alternative Paper.
Bengal ...	*20,212	18,886	4	11	229	506	1	...	7	.	132	61	8	9	12	2	..	.	...		1	2	4	67	...
Assam ...	†1,329	745	459	.	8	21	.	..	...	35	..	1	...	...	.	..		1	1	41	...	...	...	...	8	...
Total ...	21,541	19,631	463	11	237	527	1	...	7	35	132	62	8	9	12	2	...	1	1	41	...	1	2	4	75	...

* Of these, 270 candidates offered special subjects other than a Vernacular Language and 20 candidates were disallowed.

† Of these, 9 candidates offered special subjects other than a Vernacular Language and 3 candidates were disallowed.

A statement of the number of candidates who failed in one subject only is given below :—

English	...	981
Mathematics	...	611
Classical Languages	..	158
Vernacular Languages	...	167

The following is a classification of the candidates according to the stations where they were examined and the Classical Languages (Compulsory and Additional) they took up :—

TOTAL ...	21,262	18,129	86·02

* Shows the percentage of passes on the actual number of candidates, sitting for the Examination, excluding those who were absent or disallowed.

279 candidates offered special subjects other than a Vernacular Language.

The Divisions in which the successful candidates from each Province were placed and the religion professed are shown in the following tables :—

Provinces	Number of candidates.	Number Passed			
		First Division.	Second Division.	Third Division.	Total
Bengal	20,212	1,012	5,765	3,314	10,091
Assam	1,329	63	426	211	700
Total ..	21,541	1,075	6,191	3,525	10,791

RELIGION

BENGAL

Religions	Number of candidates.	Number Passed			
		First Division.	Second Division.	Third Division.	Total
Hindus . .	13,847 (*a*)	812	4,351	2,258	7,421
Mahomedans . .	6,110 (*b*)	170	1,324	1,020	2,514
Christians .	143 (*c*)	18	57	19	94
Others ...	112 (*d*)	12	33	17	62
Total ...	20,212	1,012	5,765	3,314	10,091

(*a*) Of these, 1,530 were female candidates, of whom 139 were placed in the 1st Division, 434 in the 2nd Division, 184 in the 3rd Division.

(*b*) ,, 70 ,, ,, ,, of whom 11 were placed in the First Division, 22 in the 2nd Division, 7 in the 3rd Division.

(*c*) ,, 55 ,, ,, ,, of whom 14 were placed in the First Division, 18 in the 2nd Division, 3 in the 3rd Division.

(*d*) ,, 6 ,, ,, ,, of whom 3 were placed in the First Division, 3 in the Second Division.

ASSAM

Religions	Number of candidates.	Number Passed			
		First Division.	Second Division.	Third Division.	Total.
Hindus ...	976 (*a*)	42	324	162	528
Mahomedans ...	300 (*b*)	19	81	46	146
Christians ...	38 (*c*)	1	17	1	19
Others ...	15 (*d*)	1	4	2	7
Total ...	1,329	63	426	211	700

(*a*) Of these, 114 were female candidates, of whom 7 were placed in the First Division, 27 in the Second Division and 10 in the Third Division.

(*b*) „ 3 „ „ „ of whom 1 was placed in the Second Division.

(*c*) „ 8 „ „ „ and all passed in the Second Division.

(*d*) „ 4 „ „ „ of whom 1 was placed in the First Division.

The following table shows the number of successful candidates of previous years that came up from the different Provinces, the number passed and the percentage of successful candidates :—

Provinces	Number of candidates.	Number passed				Percentage of successful candidates.*
		First Division	Second Division.	Third Division.	Total	
Bengal ...	14,362	926	5,211	3,182	9,319	65·4
Assam ...	858	47	385	176	608	72·1
Total ..	15,220	973	5,596	3,358	9,927	65·8

* Shows the percentage of passes on the actual number of candidates, sitting for the Examination, excluding those who were absent or disallowed.

SUPPLEMENTARY MATRICULATION EXAMINATION, 1939

Comparative Table showing the number of candidates sent up from each school, the number passed, the number failed to obtain the minimum marks allotted to each separate subject or the passing marks in the aggregate and the percentage of successful candidates :—

(c) Of these, 263 candidates offered English only, of whom 128 passed.
" 1 candidate " Mathematics only, and passed.
" 1 " " Vernacular Hindi only, and passed.
" 3 candidates " Vernacular Bengali only, and all passed.
" 5 " " English and Vernacular Bengali only, of whom 2 passed in both the subjects, 1 passed in English only, and 1 passed in Vernacular Bengali only.

MATRICULATION EXAMINATION, 1940

The number of candidates registered for the Matriculation Examination held in March, 1940, was 25,026 of whom 2 were disallowed, 14,077 passed 10,789 failed, 47 were expelled and 121 were absent. Of the successful candidates 2,073 were placed in the First Division, 3,855 in the Second Division, 8,124 in the Third Division and 25 passed in special subjects. Of the total number registered 1,761 were female candidates, of whom 186 passed in the First Division, 381 in the Second Division and 487 in the Third Division Of the 10,789 unsuccesful candidates 9,603 failed in English, 3,395 in Major Vernacular Languages, 4,217 in Mathematics, 39 in Arithmetic and Domestic Science including Domestic Hygiene, 4,987 in History, 1,327 in Geography, 1,819 in Classical Languages or Modern European Languages, 43 in Indian Vernacular Languages 221 in Elementary Scientific knowledge, 2 in Second Indian Vernacular Languages, 3 in Mensuration and Surveying, 29 in Elementary Mechanics, 179 in Elementary Hygiene, 369 in Additional Mathematics, 18 in Business method and correspondence, 11 in Commercial Geography. 1,486 in Elements of Public Administration, 25 in Additional English, 13 in Sewing and Needlework, and 36 did not obtain the minimum of aggregate marks.

MATRICULATION EXAMINATION, 1939

PROVINCES	Number of candidates	Number passed	Percentage of successful candidates*
Bengal ...	40,764 †	24,183	60·1
Assam ...	3,823 ‡	2,187	57·9
TOTAL ...	44,587	26,370	59·9

* Shows the percentage of passes on the actual number of candidates sitting for the examination, excluding those who offered special subjects (Bengal 200 and Assam 14) and those who were absent (Bengal 279 and Assam 27) and whose admission was cancelled (Bengal 83 and Assam 5).

† Of these, 200 candidates offered special subjects as follows :—

157 candidates offered English only, of whom 57 passed.
12 candidates ,, Sanskrit only, of whom 7 passed.
22 ,, ,, Pali ,, of whom 19 ,,
1 candidate offered Classical Hindi only and passed.
1 ,, ,, Classical Urdu only and passed.
2 candidates ,, Vernacular Bengali only and passed.
1 candidate ,, Vernacular Urdu only and passed.
1 ,, ,, Hygiene only and passed.
1 ,, ,, English and Vernacular Nepali only.
2 candidates ,, English and Vernacular Bengali only.

‡ Of these 14 candidates offered special subjects as follows :—

13 ,, ,, English only of whom 7 passed.
1 candidate ,, Geography only and passed.

MATRICULATION EXAMINATION, 1940

Provinces	Number of candidates	Number passed	Percentage of successful candidates*
Bengal ...	22,476 †	12,499	55·9
Assam ...	2,560 ‡	1,553	60·9
Total ...	25,036	14,052	56·4

* Shows the percentage of passes on the actual number of candidates sitting for the examination, excluding those who offered special subjects (Bengal 40 and Assam 2) and those who were absent (Bengal 111 and Assam 10) and whose admission was cancelled (Bengal 1 and Assam 1).

† Of these 40 candidates offered special subjects as follows :—

17 candidates offered English only, of whom 4 passed.

1 candidate offered English and Indian Vernacular Nepali only and passed in Nepali only.

1 „ „ Mathematics only and passed.

2 candidates „ Major Vernacular Bengali only of whom 1 passed.

6 „ „ Sanskrit only and all passed.

11 „ „ Pali only, of whom 10 passed.

1 candidate „ Persian only and passed.

1 „ „ Indian Vernacular Urdu only, and passed.

‡ 2 candidates offered English only, but were unsuccessful.

The following table shows (1) the number of candidates from each Province and the Major Vernacular Languages taken up, and (2) the Divisions in which the successful candidates were placed :—

Provinces	Number of Candidates	Major Vernacular Languages				Number passed			
		Bengali	Hindi	Urdu	Assamese	First Division	Second Division	Third Division	Total
Bengal ...	22,476*	21,456	418	282	...	1,761	3,367	7,371	12,499
Assam ...	2,560†	1,347	2	2	1,046	312	488	753	1,553
Total ...	25,036	22,803	420	284	1,046	2,073	3,885	8,124	14,052

* Of these, 38 candidates offered special subjects other than Major Vernacular Languages; and 282 candidates offered special optional subjects in lieu of a Major Vernacular Language; and 1 candidate was disallowed.

† Of these, 2 candidates offered special subjects other than Major Vernacular Language; and 161 candidates offered special optional subjects in lieu of a Major Vernacular Languages; and 1 candidate was disallowed.

The following table classifies the candidates according to their Classical Languages or Modern European Languages and Indian Vernacular Languages :—

Provinces	Number of candidates	Classical Languages or Modern European Languages								First Indian Vernacular Languages															Second Indian Vernacular Languages											
		Sanskrit	Pali	Arabic	Persian	Latin	French	Classical Tibetan	Italian	Bengali	Hindi	Urdu	Uriya	Assamese	Khasi	Nepali	Telugu	Marathi	Gurrathi	Maithili	Tamil	Kanarese	Malayalam	Garo	Manipuri	Lushai	Santali	Hindi	Nepali	Gujrathi	Telugu	Kanarese	Marathi	Modern Tibetan	Maithili	Lushai	Uriya	Manipuri

INTERMEDIATE EXAMINATION IN SCIENCE, 1940

The number of candidates registered for the Intermediate Examination in Science, held in February, 1940, was 4,198, of whom 2,607 passed, 1,508 failed, 79 candidates offered special subjects, of whom 58 passed, 43 were absent and 40 were expelled. Of the successful candidates, 1,063 were placed in the First Division, 1,261 in the Second Division and 225 in the Third Division. Of the total number registered, 92 were female candidates, of whom 30 were placed in the First Division, 23 in the Second Division and 1 in the Third Division. Of the 1,508 unsuccessful candidates, 1,105 failed in English, 394 in Vernacular Languages, 822 in Chemistry, 910 in Mathematics, 552 in Physics, 98 in Botany, 18 in Biology, 5 in Zoology, and 3 in Physiology.

The following tables show the number of students that came up from each Province, the number passed, and the percentage of pass for the years 1939 and 1940 :—

INTERMEDIATE EXAMINATION IN SCIENCE, 1939

Province	Number of candidates	Number passed	Percentage of pass*
Bengal	3,520†	2,244	65·3
Assam	149	129	87·1
TOTAL ...	3,669	2,373	66·2

* Shows the percentage of pass on the actual number of candidates sitting for the examination, excluding those who offered special subjects (Bengal 45 and Assam *Nil*) and who were absent (Bengal 39 and Assam 1).

† Of these, 31 candidates offered Mathematics only, of whom 24 passed.
,, 10 ,, ,, Physics only and passed.
,, 2 ,, ,, Chemistry and Physics only and passed in both the subjects.
,, 1 candidate ,, Mathematics and Botany only and passed in both the subjects.
,, 1 ,, ,, Mathematics, Physics and Biology and passed in Physics and Biology.

INTERMEDIATE EXAMINATION IN SCIENCE, 1940

Province	Number of candidates	Number passed	Percentage of pass*
Bengal	4,016 †	2,401	63·1
Assam	182	148	81·7
TOTAL ...	4,198	2,549	63·9

* Shows the percentage of pass on the actual number of candidates, sitting for the examination, excluding those who offered special subjects (Bengal 79 and Assam *Nil*) and who were absent (Bengal 42 and Assam 1).

† Of these, 67 candidates offered Mathematics only, of whom 46 passed.

,, 6 ,, ,, Physics only and passed.

,, 4 ,, ,, Biology only and passed

,, 1 candidate ,, Mathematics and Biology only and passed in both the subjects.

,, 1 ,, ,, Physics and Biology only and passed in both the subjects.

The following table shows the number of candidates taking up different subjects at the I.Sc. Examination, the number passed, and the percentage of pass :—

Subject.	Number of candidates.	Number passed.	Percentage of pass.*
English	4,119	2,971	72·8
Vernacular Languages	4,119	3,682	90·3
Mathematics	3,995	3,044	76·9
Chemistry	4,119	3,254	79·8
Physics	4,045	3,454	86·2
Botany	913	805	89·1
Physiology	58	54	94·7
Geography	23	22	100
Biology	299	280	93·9
Anthropology	37	36	100
Zoology	76	68	93·1
Military Science	4	3	100

* Shows the percentage of pass on the actual number of candidates, sitting for the examination, excluding those who were absent.

Of the total number of candidates (4,198) registered for the I.Sc. Examination, 79 candidates offered special subjects other than English, and Vernacular Languages and Chemistry.

The following is a statement of the number of candidates who failed in one subject only :—

English	115
Vernacular Languages ...	23
Chemistry	41
Mathematics	47
Physics	7

The following table shows (1) the number of candidates from each Province and the Vernacular Languages taken up, and (2) the Division in which the successful candidates were placed :—

Province.	Number of candidates.	Bengali.	Assamese.	Hindi.	Uriya.	Urdu.	Manipuri	Khasi.	Nepali.	Maithili.	Gujrathi.	Telugu.	Tamil.	Kanarese.	Malayalam.	Persian.	Burmese.	Alternative Paper in English.	Number passed. First Division.	Second Division.	Third Division.	Total.
Bengal	4,016*	3,652	16	94	8	51	...	...	9	3	4	3	3	5	6	1	1	81	984	1,200	217	2,401
Assam	182	95	63	1	...	2	2	7	2	...	...	...	1	...	...	...	...	9	79	61	8	148
Total	4,198	3,747	79	95	8	53	2	7	11	3	4	3	4	5	6	1	1	90	1,063	1,261	225	2,549

* 79 candidates offered special subjects other than Vernacular Languages.

The following table shows the percentage of pass in the Vernacular Languages and the Alternative Paper in English taken up by candidates at the Intermediate Examination in Science, 1940 :—

Vernacular Languages	Number of candidates	Number passed	Percentage of pass*
Bengali	3,747	3,343	90·2
Assamese	79	79	100
Hindi	95	90	95·7
Uriya	8	7	87·5
Urdu	53	52	98·1
Manipuri	2	2	100
Khasi	7	7	100
Nepali	11	10	90·9
Maithili	3	3	100
Gujrathi	4	4	100
Telugu	3	3	100
Tamil	4	3	75
Kanarese	5	5	100
Malayalam	6	6	100
Persian	1	1	100
Burmese	1	1	100
Alternative Paper in English	90	66	74·1
Total	4,119	3,682	90·3

*Shows the percentage of passes on the actual number of candidates sitting for the examination, excluding those who were absent.

The following table shows the number of candidates sat for the I.Sc. Examination in special subjects : -

Subjects.	Number of candidates.	Number passed.
Mathematics	67	46
Physics	6	6
Biology	4	4
Mathematics and Biology	1	1
Physics and Biology	1	1
Total	79	58

The following tables show the Divisions in which the successful candidates from each Province were placed and the religions professed :—

Province.	Number of candidates.	Number passed.			
		First Division.	Second Division.	Third Division.	Total.
Bengal .	4,016	984	1,200	217	2,401
Assam .	182	79	61	8	148
Total .	4,198	1,063	1,261	225	2,549

RELIGION

BENGAL

Religion.	Number of candidates.	Number passed.

B.A. EXAMINATION, 1940

The number of candidates registered for the B.A. Examination, held in March, 1940, was 4,509 of whom 2,751 passed, 1,659 failed, 18 candidates offered special subjects and 16 passed, 77 were absent, and 22 were expelled. Of the successful candidates, 2,161 were placed in the Pass list, 199 passed with Distinction and 375 passed with Honours; 32 were placed in the First Class and 343 in the Second Class. Of the total number registered, 412 were female candidates, of whom 2 were placed in the First Class, 53 were placed in the Second class, 18 passed with Distinction and 176 in the Pass list and 1 offered special subject and passed. Of the unsuccessful candidates, 1404 failed in English, 156 in Vernacular Languages, 334 in Second Languages, 104 in History, 503 in Economics, 173 in Philosophy, 74 in Mathematics, 5 in Science (Botany) and 110 in the aggregate.

The following Tables show the number of candidates that came up from each Province, the number passed, and the percentage of passes for the years 1939 and 1940 :—

B.A. EXAMINATION, 1939

Province	Number of candidates.	Number passed	Percentage of passes.*
Bengal ...	4,155 †	2,689	67·4
Assam ...	381	313	83·6
TOTAL ...	4,536	3,002	68·8

* Shows the percentage of passes on the actual number of candidates sitting for the examination, excluding those who offered special subjects (Bengal 14) and those who were absent (Bengal 157 and Assam 7).

† Of these, 1 candidate appeared in English Honours only.

,, 8 candidates ,, English and Vernacular only of whom 7 passed in both the subjects and 1 in Vernacular only.

,, 2 ,, ,, English, Vernacular and Economics only and passed in all subjects.

,, 1 candidate ,, English, Vernacular and History only and passed in Vernacular and History only.

,, 1 ,, ,, Physics only and passed.

,, 1 ,, ,, Botany only and passed.

B.A. EXAMINATION, 1940

Province	Number of candidates.	Number passed	Percentage of passes.*
Bengal ...	4,130 †	2,451	60·6
Assam ...	379	284	75·5
TOTAL ...	4,509	2,735	61·9

* Shows the percentage of passes on the actual number of candidates sitting for the examination, excluding those who offered special subjects (Bengal 18) and those who were absent (Bengal 74 and Assam 3).

† Of these 1 candidate appeared in Hons. English only.

" 1 " appeared in Zoology and passed.

" 10 candidates " English and Bengali 9 passed in English and Bengali and 1 passed in Bengali only.

" 1 candidate " English Hons. and Bengali and passed in Bengali only.

" 1 " " English, Bengali and Economics and passed.

" 1 " " English, Bengali and History and passed.

" 1 " " English, Bengali and Sanskrit and passed in Bengali and Sanskrit only.

" 1 " " English III Paper and passed.

The following table shows the number of candidates from each Province, the number taking up Optional subjects in Groups A and B and the classes in which the successful candidates were placed :—

Province.	Number of candidates.	GROUP A.																														GROUP B.												PASSED.			TOTALS.

B.Sc. EXAMINATION, 1940

The number of candidates registered for the B.Sc. Examination held in March, 1940, was 1,049, of whom 727 passed, 294 failed, 10 candidates offered special subjects of whom 9 passed, 22 were absent and 6 were expelled. Of the successful canidates, 463 were placed in the Pass list, 151 passed with Distinction, 104 passed with Honours. 13 were placed in the First Class and 91 in the Second Class, of the total number of candidates registered, 17 were female candidates, of whom 1 was placed in the Second Class 1, passed with Distinction and 7 passed in the Pass list 1 passed in special subject. Of the unsuccessful candidates, 108 failed in Mathematics, 183 in Physics, 170 in Chemistry, 2 in Botany, 1 in Geology, 7 in the aggregate.

The following tables show the number of candidates that came up from each province, the number passed, and the percentage of successful candidates in the years 1939 and 1940 :—

B.Sc. EXAMINATION, 1939

Province	Number of candidates.	Number passed.	Percentage of Passes.*
Bengal	868†	634	75·5
Assam	33	26	78·7
TOTAL	901	660	75·6

* Shows the percentage of passes on the actual number of candidates, sitting for the examination, excluding those who offered Special subjects (Bengal 8 and Assam *nil*) and who were absent (Bengal 21).

† Of these, 2 candidates appeared in Chemistry only of whom 1 passed.
" 2 " " in Botany only and passed.
" 4 " " in Physiology only and passed.

B.Sc. EXAMINATION, 1940

Province	Number of candidates.	Number passed.	Percentage of Passes.*
Bengal	1002 †	676	69·6
Assam	47	42	89·3
TOTAL	1049	718	70·5

* Shows the percentage of passes on the actual number of candidates sitting for the examination, excluding those who offered Special subjects (Bengal 10) and who were absent (Bengal 22).

1 appeared in Physiology only and passed.
4 " in Botany only and passed
3 " in Zoology only and passed.
1 " in Experimental Psychology only and passed.
1 " in Chemistry Honours.

The following table shows the number of candidates taking up different subjects at the B.Sc. Examination (Honours and Pass), the number passed and the percentage of Pass :—

Subject	Honours			Pass		
	Number of candidates.	Number passed.	Percentage of Passes *	Number of candidates.	Number passed.	Percentage of pass*
Mathematics	42	18	43·9	928	796	88·05
Physics	77	26	34·6	888	686	78·9
Chemistry	97	37	38 9	908	718	80·8
Physiology	6	3	50	30	29	100
Botany	6	5	83 3	63	61	96 8
Zoology	12	9	75·	20	20	100
Geology	22	4	19·04	8	6	85 7
Exp. Psychology	3	3	100	5	5	100
Anthropology	3	3	100	14	14	100

* Shows the percentage of passes on the actual number of candidates sitting for the examination, excluding those who were absent.

The following is a statement of the number of candidates who failed in one subject only :—

Mathematics	...	12
Physics	...	39
Chemistry	.	87
Botany	...	1

The Classes in which the candidates from each Province passed and the religions which they professed, are shown in the following table :—

Province	Number of candidates	Number Passed				
		With Honours		Distinction.	Pass	Total
		First Class.	Second Class.			
Bengal ..	1002	13	85	140	438	676

L. T. EXAMINATION, 1940

The Examination for the Licentiate in Teaching was held in April, 1940. There were 16 candidates, of whom 15 passed and 1 failed. Of the successful candidates 4 were placed in the First Class and 11 in the Second Class. Of the total number registered 15 were female candidates, of whom 4 were placed in the First Class, and 10 in the Second Class.

B. T. EXAMINATION, 1940

The Examination for the Degree of Bachelor of Teaching was held in April, 1940. There were 384 candidates, of whom 276 passed, 97 failed and 10 were absent and 1 was expelled. Of the successful candidates, 18 were placed in the First Class and 238 in the Second Class and 20 in the Pass list. Of the total number registered, 75 were female candidates, of whom 6 were placed in the First Class, 51 in the Second Class, and 2 in the Pass list.

T. T. EXAMINATION, 1940

There were 29 candidates registered for the Short Term Teachers' Training Examination, held in April, 1940, of whom 4 passed with Distinction, 20 passed in the Pass list and 5 failed. Of the total number registered 2 were female candidates, of whom 1 passed in the Pass list.

There were 5 candidates registered for the Short Term Teachers' Training Examination, held in September, 1940, of whom 2 passed in the Pass list, 2 were absent and 1 failed.

There were 15 candidates registered for the Short Course of English Teachership Examination, held in April, 1940, of whom 9 passed in the Pass list, 1 was absent and 5 failed.

There were 9 candidates registered for the Short Course of English Teachership Examination, held in September, 1940, of whom 6 passed in the Pass list, and 3 failed.

There were 123 candidates registered for the Short Course of Geography Teachership Examination, held in April, 1940, of whom 13 passed with Distinction, 91 passed in the Pass list 1 was absent and 18 failed. Of the total number registered 2 were female candidates, of whom 1 passed with Distinction and 1 passed in the Pass list.

There were 96 candidates registered for the Short Course of Geography Teachership Examination, held in September, 1940, of whom 7 passed with Distinction, 73 passed in the Pass list, 1 was absent and 15 failed. Of the total number registered 5 were female candidates of whom 3 passed with Distinction and 2 passed in the Pass list

There were 298 candidates registered for the Examination for Teachers' Training Classes in Science, held in July, 1940, of whom 109 passed with Distinction, 170 passed in the Pass list, 7 were absent and 12 failed.

PRELIMINARY EXAMINATION IN LAW, DECEMBER, 1939

At the Preliminary Examination in Law, held in December, 1939, there were 383 candidates, of whom 235 were successful, 121 failed, and 26 were absent, and 1 was disallowed. Of the successful candidates 13 were placed in the First Division, 221 in the Second Division and 1 passed in other three subjects than Hindu Law, as specially permitted by the Syndicate.

The following table shows the names of the colleges from which the candidates appeared and the number passed : —

There were 4 candidates registered for the M.L Examination, held in December, 1939, of whom 1 passed and 3 failed.

There were 6 candidates registered for the M L Examination, held in December, 1940.

There were 17 candidates registered for the Diploma in Spoken English, held in December, 1940 of whom 13 passed, and 4 failed. Of the successful candidates all were placed and in the Second Class. Of the total number registered 1 was female candidate and passed.

There were 574 candidates registered for the B.Com. Examination, held in May, 1940, of whom 300 passed, 265 failed, and 9 were absent. Of the successful candidates 3 were placed in the First Division, 296 in the Second Division, and 1 passed in Advanced Accountancy only.

There were 58 candidates registered for the I. E. Examination (Sec. A), held in August, 1940, of whom 50 qualified in three subjects, and 8 failed.

There were 77 candidates registered for the I. E. Examination (Sec. B), held in August, 1940, of whom 69 passed and 8 failed.

There were 6 candidates, registered for the Bachelor of Metallurgy Examination, Section A, August, 1940 and all passed.

There were 2 candidates registered for the Bachelor of Metallurgy Examination, Section B, August, 1940, and all passed.

There were 82 candidates registered for the Non-Professional Section of the B. E. Examination (Civil 56, Mechanical 10 and Electrical 16), held in August, 1940, of whom 56 qualified in two subjects (Civil 41, Mechanical 6 and Electrical 9), 24 failed (Civil 14, Mechanical 3 and Electrical 7), 1 was expelled (Civil), and 1 was absent (Mechanical).

There were 47 candidates registered for the Professional Section for the B. E. Examination (Civil 34, Mechanical 6 and Electrical 7), held in August, 1940, of whom 42 passed (Civil 31, Mechanical 5, and Electrical 6). 4 failed (Civil 3, Mechanical Nil, and Electrical 1), and 1 was absent (Mechanical 1). Of the successful candidates 7 were placed in the First Class, (Civil 6, Mechanical 1, and Electrical Nil), and 35 in the Second Class (Civil 25, Mechanical 4, and Electrical 6).

At the Preliminary Scientific M.B. Examination, held in April, 1940, there were 219 (*a*) candidates, of whom 140 passed, 71 failed, 6 were absent and 2 were expelled.

At the First M.B Examination, held in April, 1940, there were 170 (*b*) candidates, of whom 138 passed, and 32 failed. Of the successful candidates, 1 obtained Honours in Anatomy and 2 in Physiology.

At the Second M B Examination, held in April, 1940, there were 187 (*c*) candidates, of whom 131 passed, 55 failed and 1 was absent. Of the successful candidates, 6 obtained Honours in Pathology.

At the Third M.B. Examination, held in April, 1940, there were 118 (*d*) candidates, of whom 91 passed 26 failed, and 1 was absent. Of the successful candidates, 1 obtained Honours in Forensic Medicine, and 5 in Hygiene.

At the Final M.B Examination, held in April, 1940, there were 250(*e*) candidates, of whom 110 passed, 136 failed and 4 were absent. Of the successful candidates 2 obtained Honours in Medicine, and 1 in Midwifery.

At the Preliminary Scientific M.B Examination, held in November, 1940, there were 32 candidates, of whom 22 passed and 10 failed.

At the First M.B Examination, held in November, 1940, there were 65 candidates, of whom 38 passed, 25 failed and 2 were absent.

At the Second M.B. Examination, held in November, 1940, there were 143(*f*) candidates, of whom 101 passed, and 42 failed.

At the Third M.B. Examination, held in November, 1940, there were 121(*g*) candidates, of whom 88 passed, 32 failed and 1 was absent. Of the successful candidates, 2 obtained Honours in Hygiene.

At the Final M. B. Examination, held in November, 1940, there were 204(*h*) candidates, of whom 92 passed, 108 failed and 4 wers absent.

There were 31 candidates registered for the D. P. H. Examination, Part I, held in February, 1940, of whom 27 passed, and 4 failed. Of the total number registered, 1 was female candidate and passed

---

(*a*) Of these 6 were female candidates and all passed.

(*b*) ,, 5 were female candidates and all passed.

(*c*) ,, 2 were female candidates and all passed.

(*d*) ,, 6 were female candidates and all passed (1 obtained Honours in Forensic Medicine and Hygiene),

(*e*) ,, 2 ,, ,, ,, of whom 1 passed.

(*f*) Of these 1 was a female candidate and passed.

(*g*) ,, 1 ,, ,, and passed.

(*h*) ,, 2 were female candidates of whom 1 passed.

There were 11 candidates registered for the D. P. H. Examination, Part II. held in April, 1940, of whom 6 passed, 4 failed and 1 was absent.

There were 3 candidates registered for the D. P. H. Examination, Part I, held in July, 1940, and all passed.

There were 32 candidates registered for the D. P. H. Examination, Part II, held in July, 1940, of whom 26 passed and 6 failed.

There were 30 candidates registered for the D.P.H. Examination, Part I, held in November, 1940, of whom 28 passed, and 2 failed.

There were 190 candidates registered for the Special Intermediate Examination in Biology. November, 1940 of whom 181 passed, 8 failed and 1 was absent. Of the total number registered 3 were female candsdates and all passed.

There were 24 candidates registered for the Junior Military Certificate Examination, 1940, of whom 5 passed with Distinction, 16 in the Pass list, 2 failed, and 1 was absent.

3 Candidates were admitted to the Degree of Doctor of Philosophy, 3 candidates to the Degree of Doctor of Science, 3 candidates to the Degree of Doctor of Medicine and 1 candidate to the Degree of Master of obstratics.

REPORT OF THE SECONDARY EDUCATION BILL COMMITTEE

We, the members of the Committee appointed by the Syndicate to consider and report on the Bengal Secondary Education Bill, 1940, have the honour to submit the following report :—

The University has been asked from time to time to express its opinion on the question of a Secondary Education Board. While it has in the past criticised the proposals made by Government, it has also offered constructive suggestions for the solution of the problem of educational reform. But no reform is possible in the sphere of education unless education is divorced from the influence of party politics and other extra-academic considerations. The present Bill is even more unsatisfactory and retrograde than the proposals of 1937 which the Senate rejected without any dissent. We endorse the views of the Senate then expressed and are unable to regard this Bill as a measure calculated to advance the cause of Secondary Education in Bengal.

We are of opinion that the establishment of a Board will not by itself help to solve the complicated problems of Secondary Education in this

province unless it is created in accordance with the following fundamental principles :—

(*i*) The Board must be given adequate statutory grants from the State to enable it to effect necessary reforms and to launch new schemes of expansion.

(*ii*) The Board must be autonomous and free to discharge its duties without any interference from Government.

(*iii*) The Board must be constituted on academic lines and must not be based on communal principles. The different educational interests of the province should be duly represented on the Board and with it should be associated experts in the different branches of learning, trade and industry.

(*iv*) The Board should work in close co-operation with the University.

(*v*) The Board must have behind it the strong support of public opinion.

We find that the present Bill does not fulfil any of these requirements.

Financial

In the first place, there is no provision in the Bill for adequate funds to be placed at the disposal of the proposed Board for the improvement of schools in general and of the salaries and prospects of teachers in particular. The Sadler Commission, much stress on whose recommendations has been laid in the 'Statement of Objects

and Reasons' of the Bill, was of opinion that 'a far-reaching re-organisation or reform in education must be accompanied by greatly increased assistance from public funds.' The Commission laid down that the 'improvement of salaries and prospects of teachers in secondary schools is an indispensable condition of reform.' It also said that 'the authority should have power to organise a superannuation system (for teachers) and to contribute to its cost.' But no provision has been made for any of these purposes in the present Bill. The Bill makes a statutory provision of only Rs. 25 lakhs as Government grant for Secondary Education, though at present Government spends actually Rs. 29·59 lakhs (23·39 lakhs on boys' secondary schools including Government schools, and 6·20 lakhs on girls' secondary schools including Government schools).

The amount of Rs. 29·59 lakhs is now spent by Government for the Government schools and for giving aid to other secondary schools including about seven hundred non-Government high schools. Therefore, if the Government schools are continued as at present, we fail to see how it will be possible for the Board to give any relief to about eight hundred unaided high schools which are being compelled to come under the Board even if the Board, does not at present inaugurate any scheme of expansion.

We may point out in this connection that for Secondary Education alone the Commission estimated that an extra expenditure of 1 crore and

50 lakhs of rupees per annum would be necessary to make the schools 'thoroughly efficient.' It is interesting to note that only two years ago, a special officer of the present Government submitted a report showing the amount of financial assistance required for the reform of Secondary Education. It was suggested in his report that an additional amount of Rs. 43½ lakhs at least would be necessary for this purpose, which might be spread over a period of 8 years. This included a sum of Rs. 22 lakhs required for the improvement of *madrassahs* and middle schools, excluding *tols*, for the re-organisation of which a large amount would be necessary. But we do not find any provision whatsoever in the Bill for these purposes, nor is there any provision in it for the development of Industrial, Vocational and Agricultural Education in the secondary stage.

It will thus appear that with the limited resources proposed to be placed at its disposal the function of the Board would be merely to 'regulate' and 'control' education as laid down in the 'Statement of Objects and Reasons' and not to undertake 'educational reform on bold and generous lines' as contemplated in the report of the Sadler Commission.

Board Not Autonomous

We shall now refer to another fundamental defect of the Bill. The proposed Board will not be an autonomous body. In a Board of 50

members, including nominated members and Government officials, there will be a permanent official majority and the Board will have no independence. The composition of the Executive Council and other Sub-Committees also ensures similar official majority. The Executive Council, which, by the way, was not contemplated by the Sadler Commission and which will exercise the power and do the real work of the Board, will consist of 14 members, six of whom will be directly under Government control. Of the remaining eight, six are to be nominated by the Board of 50, which in itself will be subservient to Government. Moreover, the Inspecting staff will have a predominant voice in the administration of Secondary Education, though the Sadler Commission recommended that the Board must not include any inspecting officer other than the Director of Public Instruction.

The Sadler Commission made it abundantly clear that 'the Board must be autonomous in so far as its administration was concerned,' and that 'it must be free from official influence and interference.' The general relationship between the Board and Government was clearly indicated in the following sentence: "The Board should be in such a relation to the Government and the Legislative Council as will secure to it the necessary grants from public funds and will lay open its work to general review along with that of other parts of the educational administration of the State."

There were two directions only, in which Government influence was contemplated to be exercised. First, the Board was to submit its estimates to Government, so that the latter would have the opportunity of withholding its assent from any proposals which did not meet with the approval of Government. Secondly, Government should have the power, after due enquiry, to require as an extreme measure the resignation of the Board. But the Board as contemplated in the present Bill will be entirely under the control of Government, as will appear from the points noted below (*vide* Sections 18, 32, 35, 45, 46, 47 and 51 of the Bill):

1. With regard to the question of finance the Bill provides that not only the Budget is to be passed by Government but that the Board will not have the power of incurring any expenditure without the previous sanction of Government, even though it may have funds of its own.

2. The Commission suggested that the regulations of the Board, which were to be determined by the Board itself, would be published and would thus be known to Government and the Legislature, and open to criticism from either body. The Bill on the other hand provides that the Regulations will require the previous sanction of Government, while Section 51(*i*) empowers Government to make rules to carry out the purposes of the Act without any reference to the Board.

3. The powers conferred upon Government in cases of disagreement with the Board are even more drastic. The safeguard suggested by the

Commission has been omitted and Government has been given the power to suspend the execution of any resolution or order of the Board, the Executive Council or any Committee under certain circumstances, and to reconstitute the Board without consulting the Legislature or without giving the public an opportunity to express their opinion.

4. Section 47 of the Bill empowers the Provincial Government to exempt any Secondary School, or any student, from the operation of the provisions of the Act. This clause stultifies the authority of the Board and places a large amount of power in the hands of Government—a power which may seriously affect the cause of education in the province.

Constitution of the Board

The Board, it is thus evident, will be official-ridden. Apart from this serious defect, the Bill excludes the representation of teachers on the Executive Council and gives them inadequate representation on the Board and its committees. It does not provide for any representation of the Managing Committees of Schools or of guardians or of the public interested in education. Nor has any representation been given to Agriculture, Commerce, Science or Industry.

The representation given to the Calcutta University is extremely inadequate. The Sadler Commission recommended for the University five representatives out of eighteen, while the Bill provides only eight out of fifty.

The Bill gives large representation to the Europeans, although there exists a separate Statutory Board for European and Anglo-Indian Education. The Bill provides seats for a Provost of the Muslim Hall and the Heads of Arabic and Persian and Sanskrit Departments, persons who are not directly concerned with Secondary Education, ignoring the claims of training colleges which are vitally interested in it.

The Bill provides for communal representation on the Board, the Executive Council and the various Sub-Committees. The communal principle has been introduced even in the constitution of bodies concerned with the selection and preparation of publications and text-books and with the framing of the syllabus and the curriculum. We adhere to the view expressed by the Senate in 1937 that as a University we are opposed to communal representation and we look upon this part of the Bill with disfavour.

The Board and the University

The Bill takes away the basic and inherent right of the University to determine who should be admitted to its courses of study and under what conditions. It deprives the University of its right to prepare the syllabus and curriculum and to select and publish text-books for the Matriculation Examination while leaving the conduct of the Examination in the hands of the University. The Board as proposed is not a body to which the University is prepared

to entrust either of these important functions vitally affecting the University's own sphere of work.

The relation of the Universities to the secondary schools in England has been briefly noted by Professor Ernest Barker of Cambridge in his book 'Universities in Great Britain.' He says: "The Universities in various ways affect to a great degree the character and curriculum of all secondary education. They furnish the teachers; and both by their Matriculation Examination and by the examinations they conduct for the scholarships which they award, they influence the courses. Nor is this all. The Universities are examining bodies for all these schools. They conduct the examinations for certificates; they prescribe the curriculum on which these certificates are awarded. These certificates are in the nature of passports into a career for those—and they are the great majority—who do not proceed to the University. In controlling this system of 'passports,' the University plays a considerable part in the general scheme of national education." We maintain that Secondary Education must be closely linked with the University stage, and if educational interests are not to suffer, there must be a recognition of the responsibility of the University to shape and guide the course of Secondary Education.

A question has been raised in this connection as to whether the experiment conducted during

by transferring power from Universities to Boards in relation to the control of Secondary Education has been a successful one. There is no gainsaying the fact that the Boards have not justified the high expectations with which they were brought into existence.

We may refer here to the remarks made in the 'Tenth Quinquennial Review of the Progress of Education in India' by Sir George Anderson, ex-Secretary of the Sadler Commission and the then Educational Commissioner to the Government of India. He says that 'these Boards have not achieved the success which is essential to a properly regulated system of secondary education, except possibly in the United Provinces.' As to the Board in U. P., Sir Ziauddin Ahmed, formerly Vice-Chancellor of the Aligarh University, points out in his 'Systems of Education' that 'the general standard of teaching and examination has gone down by the transfer of Intermediate Examination from the Universities to the Board. The Matriculation or High School Examination has definitely suffered.' The 'Eleventh Quinquennial Review' also furnishes ample materials in support of the contention that mere transference of control of Secondary Education from a University to a Board will not by itself advance the cause of education. In Bombay the problem of control over Secondary Education was solved by effecting a closer co-operation between the University and the Education Department and not by the establishment of a Board.

Effect on University Finance

Another serious defect of the Bill is that the finances of the University will be gravely affected by it. Contrary to the definite recommendation of the Sadler Commission, the Bill makes no provision for compensating the University for its loss of revenue. Thus not only will the financial position of the University be placed in a parlous state but the progress of higher education in the Province will be largely hampered.

Public Opinion

One of the fundamental principles laid down by the Sadler Commission was that the proposed re-organisation of Secondary Education must have behind it a strong movement of public opinion. It was of opinion that ' a re-organisation of Secondary Education will be successful in proportion to the goodwill with which it is viewed by the public at large.' But the present Bill has evoked a storm of opposition and is so intensely disliked by a large section of the public as to lead them to demand a separate Board to safeguard their educational interests. The Bill has also been strongly condemned by the general body of teachers in Bengal.

Public opinion in this matter cannot be flouted, as non-official effort has been largely responsible for the progress hitherto achieved in the domain of Secondary Education. The contribution of Government, which is only about 15% of the total

expenditure on Secondary Education, has been niggardly in comparison with the vast sums raised through the generosity of the rich and the sacrifice of the poor. The insignificant contribution of the custodians of public funds does not confer on them any right to enforce this reactionary measure in the face of determined opposition from large sections of the people who have done so much for the progress of Secondary Education in this province.

The Bill will inevitably bring about a serious curtailment of the existing facilities for Secondary Education in Bengal, and the provision of the Bill regarding the automatic withdrawal of recognition from all existing Schools after two years is calculated to cripple the educational progress of the province. The absence of even a general outline of the conditions to be fulfilled by Institutions in order to obtain recognition and approval by the Board has raised doubts in the minds of the public as to the real intentions of the framers of the Bill.

From what has been stated above it will be manifest that the Board as envisaged in the Bill will fail to command the confidence of large classes and sections of the people and will neither be representative in character nor independent in the discharge of its duties. The Board will fail to effect necessary reform and expansion of the system of Secondary Education in Bengal. It is, therefore, our considered opinion that the present Bill should be immediately withdrawn and a favourable atmosphere created for a calm

and dispassionate consideration of the problems of educational advancement in Bengal.

SENATE HOUSE:
The 15th January, 1941.

B. C. ROY.
C. C. BISWAS.
H. C. MOOKERJEE.
P. N. BANERJEE.
K. N. MITRA.
PRAMATHANATH BANERJEA.
S. P. MOOKERJEE.
TASADDUQ AHMAD.
M. Z. SIDDIQI.

The Hon'ble the Vice-Chancellor was unable to attend the meeting of the Committee held on the 15th January, 1941, as he was out of town owing to ill-health.
