GENERAL INFORMATION

McMaster University, named after Senator William McMaster (1811–87), whose will provided its original endowment, operates under the terms of an Act of Incorporation granted by the Legislative Assembly of Ontario in 1887 and revised in 1949. The University corporation consists of the Board of Governors, sixteen of its eighteen members being elected by the Baptist Convention of Ontario and Quebec. Academic work is directed by a Senate composed of the members of the Board of Governors and representatives of the faculty and the graduates. There are no religious tests for students, but persons holding regular teaching appointments under the Board of Governors must be members of an evangelical church. This does not apply to members appointed to the Hamilton College staff.

Historically, the University is the outgrowth of educational work begun in Canada Baptist College, Montreal (1838–49). But the educational programme, of which the Univ. is the continuing result, dates from 1857, when the Canadian Literary Institute was founded in Woodstock. The theological part of the work of this co-educational school was transferred in 1881 to Toronto, where a building had been erected for it by Senator McMaster. It took the name Toronto Baptist College. The Institute then became Woodstock College, which continued as a preparatory school for boys until it closed in 1926. The two colleges formed the nucleus of McMaster Univ. when it was incorporated in 1887.

Changed educational conditions led in 1927 to the decision of the board of Governors to move the Univ. to Hamilton, which decision was approved by the Convention, the removal being completed in 1930, the forty-first academic session opening on the new site.

In Jan. 1948, an important reorganization of the Univ. for purposes of administration and finance was carried through. Students and academic depts. were divided into three colleges: The Divinity School, a College of Theology operated mainly on a postgraduate basis; University College, the Arts College of the Univ., in which all Junior Division students are registered; and Hamilton College, which maintains under its own Board of Governors the depts. of Physics, Chem., Mathematics, Geog., Geol., Bot., Zool. and Nursing Education. Hamilton College is an affiliated college of the Univ., legally and financially independent, but under the academic control of the Univ.'s Senate.

INCOME (July 1952–June 1953). Total income, $1,295,164. (Endowment, $99,652; Grants—Govt., $531,405; Other, $59,689; Fees, $288,757; Sundries, $35,116; Ancillary enterprises, $280,545.

FACULTIES AND DEANS, *see* p. 798.

LIBRARY, 83,800 vols. The Mills Memorial Library, occupied in 1951, is the gift of the Mills Foundation of Montclair, New Jersey. Four floors provide for a capacity of over 120,000 vols., as well as the Reference Reading Room, Bibliography Room, and the Fine Arts collection of books, slides, prints, etc. Two important special collections are maintained by the Library: the Music Collection, established through the generosity of the Carnegie Corporation, contains over 2000 recordings, and a small library of music scores and books on music and musicians; the Baptist Historical Collection of books, documents and Association Minutes, forms a valuable record of Canadian Baptist history, past and present. Library also maintains a Science Library in Phys. Sci. Bldg.

UNIVERSITY ENTRANCE REQUIREMENTS. *To Preliminary Year*: Ontario Secondary Sch. Dipl. in the general 4-yr. course, with 3 options including a

foreign lang. Jr. Matriculation or equivalent standing from other provinces or countries accepted (60 per cent. average required). *To Year I of Arts and Science*: Ontario Secondary Sch. Honour Graduation Dipl. (Grade XIII) in 5 subjects, with at least 8 papers for Arts or Nursing, and 9 papers for Sci., including subjects proper for the desired course. A foreign lang. required for all courses.

G.C.E. (Oxon. and Camb.): Admission to Year I upon presentation of G.C.E. in 5 or 6 subjects, 2 of which must be at Advanced level, and conforming to subjects pre-requisite for course chosen. Admission to Preliminary Year on satisfactory completion of G.C.E. at lower levels or the equivalent to Ontario Grade XII or Junior Matriculation.

Certif. of High Sch. Graduation recognized by Coll. Entrance Bd. of U.S.A. accepted for admission to Preliminary Year.

Special Admission Regulations: Students whose matriculation credits do not fit exactly into the above requirements may communicate with the Registrar for a special ruling on their qualifications. *See also* Appendix I.

GENERAL INFORMATION

The Univ. was established by Act of the Provincial Legislature in 1877 on the model of the Univ. of London, as an examining and degree-conferring body, the instruction to be given in the affiliated colls. which were already in existence, viz. : St. Boniface Coll., St. John's Coll., and Manitoba Coll. This list was subsequently extended to include Manitoba Medical Coll. (1882), Wesley Coll. (1888), Manitoba Coll. of Pharmacy (1902), Manitoba Agricultural Coll. (1907), Manitoba Law Sch. (1914), St. Paul's Coll. (1931), and Brandon Coll. (1938). In 1900 the Univ. was, by legislative enactment, given power to offer instruction. In 1929, having outgrown its city buildings, the Univ. was removed to a permanent rural site with ample space for expansion. In 1940 a systematic programme of work in rural adult education was begun.

The Univ. has the sole power of conferring degrees in Arts, Science, Law, Med., Engin., Pharmacy, Commerce, Agric., Home Economics, Education, Pedagogy, Archit., Interior Design, Fine Arts and Social Work, in the province. It received in 1898 from the Dominion Govt. a land grant of 150,000 acres.

LOCATION. The buildings occupied by the Facs. of Medicine and Law are in the city of Winnipeg, which, with adjacent municipalities, has a population of over 355,000. The site of the Faculties of Arts and Sci., Agric. and Home Economics, Engin. and Archit., Education, the Graduate School of Social Work, and the Graduate School of Nursing, is in the municipality of Fort Garry, 7 miles from the centre of Winnipeg. The Univ. has 48 buildings on this site, including a University residence, the Manitoba Union, which has accommodation for 600 students. There are also on this site the Dominion Rust Research Laboratory, the Dominion Laboratory of Plant

Pathology, the Dominion Laboratory of Entomology and the Provincial Experimental Fur Farm.

CONSTITUTION. General management of the Univ. is vested in a bd. of fourteen governors, nine of whom are apptd. by the Lt.-Governor in Council, three elected by graduates from among their own number, the remaining two being the Chancellor and the President *ex officio*. The Board has corporate powers and in all matters relating to the management of the Univ., including academic affairs, it enjoys plenary powers. The prime academic body is the Senate, whose membership consists of the President as Chairman, Chancellor, Dep. Minister of Educ., Chairman of the Advisory Board of the Dept. of Educ., Deans of Facs., representatives of professors in each Fac. or Sch., Dirs. of Schools, and representatives of Affiliated Colls., the Coll. of Physicians and Surgeons of Manit., and the Alumni Association. Under its control are entrance requirements, courses of study, methods of instruction, appt. of examiners, approval of degrees, and related matters.

UNIV. LIBRARY, 170,000 vols.; 1343 periodicals received. There are also 30,410 mounted plates and photographs and 9410 slides in the School of Architecture. The Med. College has a library of 18,000 vols, and receives 371 periodicals. LABORATORIES: Anat., Bact., Bot., Chem., Engin. (Material testing—200,000 lb., Cement, Elect.), Geol. and Mineral., Pathol., Phys., Physiol., Zool. MUSEUMS: Anat., Embryol., Bot., Geol., Pathol. HOSPITALS available for clinics: 6 general (2500 beds), and several special, including tuberculosis, infectious diseases and psychopathic hospitals. FARM (1000 acres).

FACULTIES (for Deans, *see* p. 806). (1) An Arts and Science Faculty providing instruction in all subjects of undergraduate courses in Arts (except 6 options and the Latin Philosophy course for French-speaking students of St. Boniface College), Science, Pharmacy and Commerce. (2) Medicine. (3) Engineering, Archit. and Interior Design. (4) Agriculture and Home Economics. (5) Education. Other subjects of Arts course are taught in the affiliated Colls. Law is taught in the Manitoba Law School, which is under the direction of trustees jointly appointed by the Univ. and the Law Society of Manitoba. Public Health Nursing and Teaching and Supervision in Schools of Nursing are taught to graduate nurses in the Graduate School of Nursing, directed by the Univ. and financed by the Provincial Department of Health and Public Welfare. Academic and clinical training of social workers is carried on in the Graduate School of Social Work. A course leading to the degree of Bachelor of Fine Arts is taught co-operatively by the Faculty of Arts and Science, the School of Art, the School of Architecture and the School of Home Economics.

MATRICULATION examn. is conducted in June by the Examn. Board of Manitoba, also a limited Matricn., in Sept. Satisfactory completion of Levels I, II and III of the Matricn. course of the Dept. of Educn. is required. Matricn. subjects for Arts or Sci. courses: English, Maths., Social Studies, 3 units of Science (Gen. Sci. and two of Biol., Physics, Chem.), and at least one elective from the following: a second foreign lang., a fourth Science, Music, Home Econ., Industrial Arts, Comml. work. With a second foreign lang. or music—when carried for at least 2 yrs. of High Sch.—only 2 units of Science are required (Genl. Sci. and either Physics or Chem.). Matricn. may also be obtained with a third foreign lang., the only Science requirement being Genl. Sci. Exemption from examination is allowed in the subjects of Grades IX and X Matricn. to pupils of the Collegiate Institutes of the province, or of the Preparatory Schools in connexion with the affiliated Colleges, who are recommended for such exemption by their school principals, and also exemption from

examn. in the subjects of Grade XI Matricn. (Arts and Sci.) to recommended pupils of approved schools under certain conditions. Entrance requirements for Medicine are clear standing of 3 pre-medical years in Arts and Science; for Law, of 2 yrs. in Arts; for Engineering and Architecture, standing of one year in Arts and Science. Members of any British or approved Univ. may be admitted *ad eundem statum* or *gradum* without Entrance examn. *See also* Appendix I.

DEGREE COURSES. 4 yrs.—B.A., B.Sc., B.Sc. (C.E., M.E., E.E. or G.E.), LL.B., B.Sc. (H. Ec.), B.Com., B.I.D., B.Ped.; 5 yrs. following 3 pre-medical yrs.—M.D.; 5 yrs.—B.A. (Hons.), B.Sc. (Hons.), B.Com. (Hons.), B.Arch., B.S.A., B.Ped. (Hons.); 3 yrs. following 1 yr. in Arts and Science, and 2 yrs.' apprenticeship—B.Sc. (Pharm.). Research Courses governed by specl. regns. lead to the degree of B.Sc. (Med.), to M.Sc. (Med.), and to Ph.D. M.A., M.Sc., M.Arch., M.Arch. (C.P.), LL.M., B.Soc.W., 1 or 2 yrs.' postgraduate course. B.Ed., 2 yrs.' postgraduate course; M.Ed., 1 yr. after B.Ed.

GENERAL INFORMATION

Originally established in Montreal in 1876 as a branch of Laval Univ., the University of Montreal became autonomous in 1920, under a special Act of the Legislature of the Province of Quebec subsequently revised in 1950 (*see also Yearbook* for 1929). It also enjoys certain privileges under a papal charter dating from 1919, is Roman Catholic in outlook and four out of the twelve Members of its Bd. of Governors are appointed by the Roman Catholic Hierarchy. The remaining eight Governors are French-Canadian business personalities. The Bd. is self-perpetuating. Financial affairs are under the direct supervision of an Executive Committee composed of five Governors, and pedagogical matters are determined by a Commission on Studies composed mainly of the Deans of the different Faculties.

Through affiliated Institutions, *see above*, as well as by itself, the Univ. caters for the educational needs of over 12,000 students, over 3000 of whom attend courses and lectures in the bldgs. of the Univ. proper.

The Univ. is owner in freehold of several acres on the western slope of Mont-Royal. The present bldgs. were erected between 1937 and 1941, at a cost of over $12,000,000. In 1947–48, an additional $12,000,000 was raised through public subscriptions for the purpose of completing and extending the present facilities, including the completion of the Hospl. (originally planned for 500 beds), a Union bldg., dormitories and a Sport Centre for the students, plus a pension fund for the professors and personnel.

LIBRARY, 275,000 vols. Each Faculty and School has the necessary teaching collections and laboratories.

GENERAL INFORMATION

The Mount Allison Wesleyan Academy was founded in 1840. Charles F. Allison, Esq., of Sackville, New Brunswick, contributed the site and buildings as well as annual support for ten years. A similar Academy for young women, also a gift from Mr. Allison, began its work in 1854. The charter of 1858 conferred on Mount Allison Wesleyan College full Univ. powers in regard to courses of study and degrees in the various Arts and Faculties, and these powers are expressly continued to the institution under its present designation of Mount Allison University. The ultimate ownership of the Univ. is in the General Conference of the Methodist Church of Canada. By the basis of union this ownership is now vested in the General Council of the United Church. The direct govt. is, however, vested in a Board of Regents and a Senate, and the aforesaid General Council exercises a controlling influence on the affairs of the Univ. through the power of appointing a majority of the Regents. The general management of affairs is entrusted to the Board of Regents. The Board consists of 44 members: 24 appointed by the General Council of the United Church of Canada and 20 representatives of the Federated Alumni. The Senate is a composite body consisting of members of the Faculty of the Univ., and 12 Regents appointed by the Board. It is charged with the duty of regulating the strictly educational concerns of the Univ. In its internal administration, the Univ. has always been conducted on strictly non-sectarian principles.

GENERAL INFORMATION

Mount Saint Vincent College is the only independent Women's College (*i.e.* empowered to confer degrees) in Canada.

On Jan. 31, 1951, the entire College building was burnt down. No lives were lost, but all College records, art treasures and the library of almost 60,000 volumes were destroyed together with the remainder of the contents of the building. The work of restoration and reorganization is proceeding, and more than 40,000 volumes have been donated to the library by Universities, private libraries and individuals. A completely new bldg. now houses residence accommodations, admin. offices, lecture rooms and labs., as well as separate wings for Chapel, Library, Home Econ. dept., Gymnasium-auditorium and Music dept. An exceptionally fine collection of Mineral. specimens, the gift of Harvard Univ., is exhibited in permanent display cases.

CONSTITUTION. The Board of Governors, the governing body of the Coll., is composed of the Mother General of the Community of the Sisters of Charity and her Assts., plus the President of the Coll. The chief executive officer is the Coll. President, who is assisted in her administrative duties by the Dean and the Registrar.

LIBRARY, 40,000 vols. Students have access to books in Provincial Library as well as to those regulated by inter-college and Universities loan system. Reading Room. Rare Books Room houses the MacDonald Collection (first edns., original MSS., rare bindings).

CONTROL AND SUPPORT. The College is fully supported financially by the Province of Nova Scotia. The majority of the teaching staff are also Members of the staff of the Dept. of Agriculture and Marketing, in which the control of the College is vested.

DEGREE COURSE. Students who enrol for the degree course complete the first 2 yrs. of the four-yr. course at the Coll. Their third and fourth yr. studies are completed at the institution of their choice, *e.g.* Macdonald College or the Ontario Agricultural College. Graduates from Macdonald Coll. receive the degree of Bachelor of Science in Agriculture from McGill Univ. and those of Ontario Agric. Coll. a similar degree from the Univ. of Toronto.

Candidates for admission to the degree course must, *inter alia*, have had one season's farm experience and must satisfy educnl. requirements by presenting one of the following: (i) Province of Nova Scotia: Grade XI Certif. with Maths.; (ii) Prov. of N. Brunswick: Jr. Matric. Certif.; (iii) Prov. of P.E.I.: 2nd-yr. Certif. of Prince of Wales Coll.; (iv) Nfld.: Jr. Matric. with Maths.; (v) other certifs. in so far as they meet College entrance requirements. Candidates who intend to complete their course at the Ont. Agric. Coll. should possess a Grade XII Certif. as the Ont. Agric. Coll. now requires Sr. Matric. for admission to its courses. All applicants must possess a pass in Maths.

DIPLOMA COURSES. 2-yr. Farm Course and 2-yr. General Agriculture Course. The Farm Course is chiefly vocational and the General Agriculture Course is of a more practical nature than, but on approx. the same academic level as, the Degree Course.

FEES. Tuition—Canadians free, Non-Canadians $50 per yr. Fees $22 to $26 per yr.

FACILITIES. Main bldg., Science bldg., Horticulture bldg. (with greenhouses), Dairy bldg., Agricultural Engin. bldg., and 300-acre farm.

GENERAL INFORMATION

The Nova Scotia Technical College was authorized by an Act of the Provincial Legislature in April 1907 (N.S. Laws, 1907, Chapter 1, Act relating to Technical Education). The Act provided that: "There shall be established at Halifax an institution for the purpose of affording facilities for scientific research and instruction and professional training in civil, mining, mechanical, chemical, metallurgical and electrical engineering, or any other departments which may from time to time be added. The annual expenditure incurred in connection with the institution shall be defrayed out of the Provincial Treasury."

A site was provided by the Dominion Department of Militia and Defence on the condition that the Coll. would include military trg. as a required subject in all depts. of Engin. The erection of the main bldg. proceeded during 1908 and the Coll. was opened under the direction of Frederic H. Sexton, B.Sc. M.I.T., as Principal, with courses in Civ., Electr., Mech. and Mining Engin., in the autumn of 1909. The 1907 Act relating to Technical Educn. was repealed in 1947 and 2 new Acts, one relating to Engin. educn., the other to Secondary Technical educn., were passed by the Provincial Legislature. By these Acts the 2 branches of educn. mentioned above were placed under separate heads. Thus the Coll. will confine its activities to work of Univ. level only. Under the new Nova Scotia Technical College Act authority was given for the establishment of graduate studies and res., and provision was made for close co-operation between the Coll. and the Nova Scotia Research Foundation. A further expansion in 1947 was the addition of the Dept. of Chem. and Metallurgical Engin. Courses of instruction in this dept. were made available to students at beginning of 1947–48 term. In 1953 the Dept. of Metallurgical Engin. was transferred to the jurisdiction of the Dept. of Mining Engin., thus becoming the Dept. of Mining and Metallurgical Engin.

CONSTITUTION. The Coll. is governed by a Bd. of Governors under the chairmanship of the Minister of Educn. of N.S., a Senate under the chairmanship of the Pres. of the coll., and the Fac. under the chairmanship of the Pres. In general the Fac. reports to the Senate, and the Senate reports to the Bd. of Governors on all matters pertaining to the operation of the Coll., and the Bd. reports annually to the Lt.-Governor in Council. The Associated Univs. are represented on the Bd. by their presidents and on the Senate by the heads of their respective Depts. of Engin.

LIBRARY. 9000 vols.

LABORATORIES. Civ., Electr., Mech., Mining, Chem. and Metallurgical Engin.

ENTRANCE REQUIREMENTS. Applicants must have attained the age of 19 yrs. A student who has been granted a dipl. or certif. by one of the Associated Univs. (*see above*) testifying that he has completed the uniform Engineering Course will be admitted to the Technical Coll. without examn. upon the presentation of this certif. Applicants from other institutions of higher educn. for engineers will be admitted to the jr. yr. upon the presentation of credentials showing that the equivalent of the engin. courses given at the Associated Univs. has been completed. Any person may be admitted to advanced standing in the Technical Coll. by passing such examns. as are deemed necessary by the Coll. Faculty, or by presenting such certifs. of previous records of study or experience as shall satisfy the Faculty.

GENERAL FEES. Tuition, $260 p.a.; Graduate Studies, $125; Spring Courses, $25; Mining and Survey Camp, $100; Students' Soc., $19.50 p.a.; Caution Fee, $5 p.a.

DEGREE COURSES. B.E. Hons. (Civ., Electr., Mech., Mining, Chem., Metallurgical), B.E. (Civ., Electr., Mech., Mining, Chemical, Metallurgical), M.E.

HONORARY DEGREE. D.Eng.

SCHOLARSHIPS, ETC. Nova Scotia Govt. Scholps., 10 annually, $260 each; Prince Edward Island Scholp., 1 annually, $260; also various other scholps., bursaries and prizes.

PHYSICAL TRAINING. Gymnasium.

MILITARY TRAINING. The *Joint Services Trg. Scheme* was introduced in 1946. The programme extends over 3 yrs. and consists of a series of lectures during the Coll. yr. followed by from 12 to 22 weeks posting at a trg. sch. during summer vac. The summer trg. is taken in the sp. branch of the service selected by the trainee, who is recruited at an associated Univ. and completes trg. at N.S.T.C. Under the *Regular Officer Trg. Plan* students may apply for enrolment in the Regular forces of any Service. The Dept. of Nat. Defence pays candidates' fees and candidates are also paid while at the Coll.; they agree to serve for min. of 3 yrs.

STUDENTS' SOCIETY. The recognized means of communication between the Fac. and the student body. It is designed to co-ordinate and control all extra-curricular student activities. Every student is a member.

PUBLICATIONS. *Calendar* (Spring); *Tech. Flash* (Yearbook); *Alumni Bulletin* (4 editions per yr.).

GENERAL INFORMATION

The "College of Bytown," incorporated in 1849, changed its name in 1861 to "College of Ottawa," and became in 1866 the Univ. of Ottawa with power to grant degrees. By a papal brief dated Feb. 5, 1889, it was accorded the status of a Catholic University. The Univ. is conducted by the Oblate Fathers of Mary Immaculate. Special aim: to provide students of English or French descent with a thorough bilingual education based on Catholic principles.

The Fac. of Arts of St. Patrick's Coll., established in 1932, is an integral part of the Fac. of Arts of the Univ. of Ottawa. The Sch. of Social Work of the Univ. of Ottawa is located at St. Patrick's Coll.

CONSTITUTION. In all matters academic, supreme power and authority rests with the Senate, which is composed of the Great Chancellor, the Rector, the Deans and Dirs. of Facs. and Schools, and the members of the Council of Admin. The admin. powers are vested in the Council of Administration composed of the Rector, Vice-rectors, Sec., Treasurer and 2 councillors, all of them belonging to the Oblates of Mary Immaculate. This body is advised by Senate on academic matters and by the Bd. of Regents (7 members chosen among prominent laymen) on financial matters.

GENERAL INFORMATION

Queen's University was founded by Royal Charter in 1841 on the model of the Univ. of Edinburgh, and Scottish academic influences have helped to mould its character. The Univ. owes its origin to the desire of the Synod of the Presbyterian Church in Canada for a ministry trained within the country, but as its constituency expanded, the constitution was broadened until in 1912, as a result of an arrangement between the Presbyterian Church and the Trustees of the University, an Act was passed by the Dominion Parliament removing all vestiges of denominational control. An independent Theological College continued; it entered the United Church of Canada at the time of Church union, 1925.

The Univ. opened in 1842. In 1854 the Medical Faculty was established. It was reorganized in 1866 as the Royal Coll. of Physicians and Surgeons in affiliation with the Univ., but in 1891 the original status was resumed. The

School of Mining was founded in 1893 under an Ontario charter; the School was amalgamated with the Univ. in 1916 and now constitutes the Fac. of Appl. Sci. The School of Commerce and Admin. was establd. in 1919, the School of Nursing and the School of Physical and Health Educn. in 1947.

The administration is vested in a Bd. of Trustees, composed of Chancellor, Principal and Rector, representatives of the Council, Theological College, the Graduates and Benefactors, and 12 members selected by the Bd.

LIBRARY (The Douglas Library). 278,000 catalogued vols., including many scarce books and early edns., especially of Canadian historical interest. The Reading Room has over 4000 vols. on open shelves and 700 periodicals. The Union has the usual club facilities—a dining-hall, lounge and billiard rooms, reading rooms, committee rooms, and guest rooms for alumni and visitors to the Univ. The Union provided meals at from $9 to $11 a week during session 1952–54 for about 1000 students daily. Berry House and Collins House, operated by the Science Co-operative Inc., are open to men students of all facs. Room and board per week for session 1953–54 was $11.50. Berry House and Collins House accommodate 34 men students. Boucher House, a co-operative house for women students, accommodates 21.

MILITARY SERVICE. The University Naval Training Division, the Canadian Officers' Training Corps and the R.C.A.F. Reserve University Flight offer courses of training which extend over the greater part of a student's University Course, and provide up to 20 weeks' summer employment at $162 per month with food, clothing and accommodation. The object of the training policy is to qualify selected students for commissions on graduation.

STUDENT HEALTH SERVICE. Queen's Univ. administers a Health Insurance Fund by arrangement with the London Life Insurance Co. The service covers medical and hospital care, including surgery. All first and final yr. students are required to have X-ray examinations of the chest each yr.

EMPLOYMENT SERVICE. The Employment Bureau assists graduates and undergraduates in all facs. to secure suitable positions, and helps students to obtain work during vacation periods.

ATHLETIC FACILITIES. The Univ. has a gymnasium with a swimming pool of full Olympic size, a large covered skating rink with artificial ice and a football field. There is room and equipment for all students who wish to take part in football, hockey, badminton, basket-ball, field hockey, tennis, track athletics, archery, swimming, diving, boxing and wrestling. Good skiing is available about 5 miles from the Univ. proper.

ALUMNI ORGANIZATION. General Alumni Association: graduates, 15,000.

UNIVERSITY EXTENSION. Correspondence courses for teachers and others unable to pursue full degree courses in Arts. Candidates for degrees must be in attendance at the Univ. for five Summer Schools (six weeks in July and Aug.), or two winter sessions, or one winter session and three Summer Schools. The final written examns. are the regular Univ. examns. Extension tutorial classes supplementing the work by correspondence are conducted by members of the Univ. staff and others in various centres. Other activities organized or assisted by the Dept. are: a series of public lectures at the Univ.;

a concert series; film service in co-operation with the National Film Board of Canada; short courses and conferences which vary in nature from vocational to cultural; individual lectures by members of staff; material provided for study groups and drama groups; an annual series of vocational and special interest talks given to inmates of Collins Bay and Kingston Penitentiaries; evening non-credit courses in Art, Conversational French and Photography.

Institut d'Études Anglaises is held each summer for a period of six weeks and is intended particularly for French-speaking Canadians who wish to learn English.

The School of the Fine Arts, including instruction in art, ballet, drama, speech arts and music, is held each summer for a six weeks' period.

Banking Courses leading to diplomas of Associate or Fellow of the Canadian Banking Association. Tuition by correspondence to members of Canadian Banks.

By agreement with the Ontario Institute of Chartered Accountants, Toronto, the tuition for their course, leading to the Chartered Accountant's certificate, is given by the University.

GENERAL INFORMATION

The Royal Military College of Canada originated in 1875 when the Dominion Government decreed that there be established " an institution for the purpose of imparting a complete education in all branches of military tactics, fortification, engineering, and a general scientific knowledge in subjects connected with and necessary to a thorough knowledge of the military profession, and for qualifying officers for command and for staff appointments ". The site selected was the old Naval Dockyard on Point Frederick. The R.M.C. was opened in 1876. The title " Royal " was conferred in 1878. The College was closed from 1942 to 1948 when it was reopened as a tri-service college.

The purpose of the College, as well as of Royal Roads and Le Collège Militaire Royal de Saint-Jean, is to train cadets in the moral, mental and physical requirements for entry into the commissioned ranks of the Active and Reserve sea, land and air forces. The moral training includes the development of the essential characteristics of discipline and leadership. Mental training includes the fundamental military and scientific knowledge required in all branches of the Service and in particular of the Technical Corps, and provides a balanced and liberal educn. in Arts and Sciences.

CONSTITUTION. The Royal Military College, Royal Roads and Le Collège Militaire Royal de Saint-Jean are administered by the Dept. of Nat. Defence, and the Minister of National Defence is, *ex officio*, Pres. of the Coll. The Arts and Sci. and the Engin. Facs. operate as a joint fac. under a Dir. of Studies.

Royal Roads was established in 1942 at Esquimalt, B.C., as a naval coll. and in 1947 was reorganized as a combined R.C.N.-R.C.A.F. coll. In 1948 it became a tri-service coll. Le Collège Militaire Royal de Saint-Jean was opened in 1952 at Saint-Jean, P.Q., to meet the needs primarily of French-speaking cadets. It also is a tri-service coll.

COURSES. For cadets entering Royal Military Coll. and Royal Roads, the course is of 4 yrs.' duration, of which the first 2 yrs. may be taken at either coll. The 3rd and 4th yrs. are taken at Royal Military Coll. only. Cadets who take first 2 yrs. at Royal Roads proceed for last yrs. of the General Arts or Engin. Courses to Royal Military Coll. For cadets entering Le Collège Militaire Royal de Saint-Jean, the course is of 5 yrs.' duration, the last 2 yrs. of which are taken at Royal Military Coll. However, Navy cadets who choose the Executive branch and Army cadets of the non-technical corps may elect to enter the Permanent Force on successful completion of 1st 2 yrs. of course. Navy cadets enter as Midshipmen and Army cadets enter as 2nd Lts.

Courses offered are of two types, (*a*) general, (*b*) engineering; in latter a cadet may specialize in his last 2 yrs. in one of Civil, Chem., Mech., or Electr. Engin.; specialization in General Course in 3rd and 4th yrs. is offered in Engl., Fr., Hist., Econs., Comm., Phys., and Chem.

ADMISSION REQUIREMENTS. An applicant must be a Candian citizen or other British subject normally resident in Canada; must have reached his 16th but not his 21st birthday on the 1st day of Jan. preceding entrance, with exception of candidate for Le Collège Militaire Royal de Saint-Jean who must have reached his 16th but not his 20th birthday on the 1st day of Jan. preceding entrance, and must be physically fit for the service of his choice. For admission to Royal Military Coll. and to Royal Roads, an applicant must have obtained Sr. Matric. or equivalent standing in following subjects: Engl., Maths. (Algebra, Geom. and Trig.), Phys., Chem. and either Hist. or a lang. GENERAL INFORMATION

St. Dunstan's College, opened in 1855, was by Act of the Prince Edward Island Legislature granted a charter in 1917 as a University "with all and every the usual rights, powers, and privileges of such an institution." From 1892 to 1940, by virtue of affiliation with Laval University, the degrees of that institution were conferred on all those who completed the St. Dunstan's courses and successfully passed the examinations given by Laval Univ., but since 1940 the powers of its charter have been exercised in full and independent action. By virtue of its former privilege with Laval Univ., however, students from classical colleges in Quebec may attend St. Dunstan's for the last year of their baccalaureate course, write the Laval examn., and, if successful, obtain the Laval degree. English is the official language used in the lectures at St. Dunstan's. The college is the Diocesan College of the Roman Catholic Diocese of Charlottetown and is co-educational.

CONSTITUTION. The Rector has charge of the general admin. of the Coll. In the discharge of his duties he is subject to the Board of Governors under the chairmanship of the Bishop of the Diocese of Charlottetown, and is assisted by the different officers of the staff in matters pertaining to studies, discipline and finances.

RESIDENCES. There are three residences for the male students (Main Building, Dalton Hall and Memorial Hall), each accommodating about eighty students. Fees per room—$35.

MILITARY FORMATIONS. The Canadian Officers' Training Corps has a contingent on the campus and offers to selected students an opportunity to qualify for commissions in the Canadian Army. The University Naval Training Division also has a branch of its programme on the campus through which eligible college students may qualify for commissions in the Royal Canadian Navy (Reserve).

ATHLETICS. The principal athletic activities on the campus are football, hockey and basket-ball, and ample facilities are provided for these in football fields, an indoor skating rink and a large gymnasium.

STUDENTS' UNION. The students' union co-ordinates all organized student activities on the campus, such as athletics, dramatics, debating, the publishing of the students' magazine, etc.

FACULTY AND DEAN. *Arts, Sciences and Commerce*, Rev. J. A. Sullivan, M.A. C.U.A.

DEGREES. The courses given are B.A., 4 yrs.; B.Sc., 4 yrs., B.Com., 4 yrs.

ADMISSION REQUIREMENTS. Applicants must present certificates showing the successful completion of the High School course in Prince Edward Island, or the equivalent (Junior Matriculation) from outside the Province. *See also* Appendix I.

GENERAL INFORMATION

Founded in 1864, the institution was incorporated under the name of "The College of Saint Joseph," with the power to confer degrees, by an Act of the New Brunswick Legislature in 1868. In 1898, the original charter was amended, the name being changed to "The University of Saint Joseph's College." In 1906, Oxford Univ. admitted St. Joseph's Coll. to the privileges of the Statute of Colonial Universities. In 1928 the legal title was changed to "Saint Joseph's University." The University is conducted by the Fathers of Holy Cross. It is a bilingual institution (French and English-speaking).

CONSTITUTION. Since the opening of the new building in Moncton in September 1953 for Sciences, Commerce and Education, St. Joseph's University is governed by a single corporation with its main centre of administration at St. Joseph. There is a general cttee. on studies, comprising the Pres. and the Dean of Studies of each Institution as members *ex officio*. These officers outline the general curriculum of studies for the University. For the rest, each Institution has its own budget and is administered as if it were a separate college; each has a Board of Governors, comprising the Pres., the Vice-Pres., the Dean of Studies, the Sec., and two local Councillors. The powers of members of the Council are limited to consultation, excepting problems of finance. The local Cttee. on Studies is composed of the Pres. of the Institution, the Dean of Studies, and the Deans of the depts. The Deans of the depts. are responsible to the Dean of Studies, who is responsible to the Pres. of the Institution.

GENERAL INFORMATION

In 1841 the Rt. Rev. Bishop Fraser founded Saint Mary's College. An Act of the Legislature of Nova Scotia passed in the same yr. and confirmed on several occasions conferred full Univ. powers. All through its history, Saint Mary's has been under the direction of groups of Roman Catholic clergy. The secular clergy, the Brothers of the Christian Schools, and the Christian Brothers of Ireland have all had charge of the administration. In June 1940, on the invitation of Most Rev. J. T. McNally, Archbishop of Halifax, the Jesuit Fathers of Upper Canada assumed direction of the Coll. A new property was purchased in 1943, and on it was raised the new structure which was opened in Sept. 1951. In 1952 the name was officially changed to Saint Mary's University.

JUNIOR COLLEGES—Campion Coll., Regina; St. Peter's Coll., Muenster; Luther Coll., Regina.

GENERAL INFORMATION

The Act establishing the Univ. was passed by the Legislative Assembly of the Province in 1907. The first classes began in September 1909. The first bldg. on the campus was opened for the admission of students in October 1912. St. Thomas More College, established by the Fathers of St. Basil in 1936, gives classes in most Arts subjects on the same footing as the Coll. of Arts and Science. In 1934 Regina Coll. was taken over by the Univ. and continued as a Junior Coll. with a Conservatory of Music. Other Junior Colls. were authorized in 1924 to give work for Univ. credit to the end of the first year in Arts. Those continuing to function are: Campion and Luther Colls. in Regina, and St. Peter's Coll., Muenster.

The site of the University includes 1340 acres devoted to Agric. Education and Research, and a campus of 300 acres with a half-mile river frontage. The land, buildings and equipment cost about $9,700,000. The maintenance of the Univ. is partly provided for by assignments of revenue and legislative grants. The annual budget is about $2,700,000.

CONSTITUTION. Convocation has power to consider all matters affecting the interests and well-being of the Univ. and to make representations thereon to the Senate. The Senate grants degrees, authorizes establishment of scholarships, etc., colleges, depts., chairs of courses of instruction within the Univ., and considers and determines all courses of study. The Board of Governors administers the property and revenues of the Univ., establishes and maintains facs., depts., chairs, etc. determined by the Senate, and appts Univ. staff. The Univ. Council conducts examns., and considers for report to Senate courses of studies and other educational matters. The Facs of the Colls. have charge of all matters of scholarship within each Coll. Advisory Councils for the Colls. of Agric., Educn. and Med. consider and report to the Senate and Bd. of Governors on general regulations and courses of study.

The University conducts the LICENCE EXAMINATIONS for the following professions:—Medicine and Surgery, Law, Dentistry, Accounting, Archit., Nursing, Vet. Sci., Optometry, Pharmacy, Land Surveying, Chiropody, Chiropractors, Embalming, Music, Naturopathy.

LIBRARY, 130,000 vols. LABORATORIES: Chem., Phys., Biol., Bact., Anat., Physiol., Engin., Geol., Field Husbandry, Agric. Engin., Animal Diseases, Dairy, Soils, Horticulture. Farm (830 acres). Agric. Experimental Fields (450 acres). Special provision for research in the various branches of Agriculture. OBSERVATORY.

GENERAL INFORMATION

Sir George Williams College has developed from the formal educational work of the Montreal Young Men's Christian Association inaugurated in 1873. First classes at the University level were offered in 1929 in the evening division, and day courses in Arts, Science and Commerce were inaugurated in 1932. The members of the first class graduated in 1936 and by 1954 some 2183 degrees had been presented. Throughout this period the College had been conducted under the terms of the charter of the Montreal Young Men's Christian Association (consolidation June 1888). In March 1948, however, the College was granted a specific charter by the Provincial Legislature, establishing it a body corporate and politic, for the purpose of conducting a College or University in the Province of Quebec. Its historic connexion with the Y.M.C.A. is preserved by by-law.

Similar courses are offered and the same standards are maintained in both day and evening divisions, although evening students are required to attend for a longer period to complete degree requirements.

FACULTIES. The facs. of Arts, Science and Commerce are closely integrated under the general supervision of the Dean of the Coll. To ensure a broad general basis to the educational programme of each faculty, the work of the College as a whole is further organized in four divisions, each supervised by a Sr. Prof. : Natural Science Division—Sr. Professor S. Madras ; Social Science Division—Sr. Professor J. W. Bridges ; Humanities Division—Sr. Professor C. W. Thompson ; Commerce Division—Supervisor, Assoc. Prof. P. T. R. Pugsley.

ENTRANCE REQUIREMENTS. Satisfactory completion of a recognized secondary school programme ; all students must have completed secondary school English, and prospective science students must have completed elementary algebra and plane geometry. Standing must be sufficiently better than mere " pass " to indicate ability for college work. Occasionally, mature students who have not completed secondary school are admitted conditionally, provided that various tests administered by the Coll. indicate that there is likelihood of their being able to follow college studies satisfactorily. *See also* Appendix I.

DEGREES AND DEGREE COURSES. 4 yrs., B.A., B.Sc., B.Com. (longer in the evening courses). No higher degrees are awarded. Attendance at lectures is required for all programmes.

DIPLOMAS. 2 yrs., Assoc. Arts, Assoc. Sc., Assoc. Com. (longer in the evening division). 4-yr. course for Dip. in Association Sc. for professional Y.M.C.A. Secretaryship.

FEES. Annually for tuition—Day Division : $225 ; plus $15 lab. fee for each course involving lab. work, $15 student society fee. Evening Division : $40 for each 8-month subject, $20 for each 4-month subject, plus $15 lab. fee for each course involving lab. work, and $5 student society fee.

USUAL LANGUAGE OF INSTRUCTION. All courses, except language courses, are offered in the English language.

PARTIAL STUDENTS. Non-matriculated students are admitted to evening courses for partial programmes, provided that their background is such that they may follow the courses desired.

VACATION COURSE. A summer session is offered each year in the evening division only, from June 1 to the middle of Sept.

PLACEMENT SERVICE. Placement service for students and graduates offered by the Student Guidance Office in conjunction with National Employment Service.

LIBRARY. 26,597 vols. Open shelf system.

LABORATORIES. Biol., Chem., Electricity and Physics.

RESIDENCE. Men students may reside in the Y.M.C.A. dormitories which occupy space in one of the buildings used by the Coll.

MILITARY TRAINING. College Contingents prepare students for commissions in Canadian Army (Reserve), Canadian Navy (Reserve) and R.C.A.F. Radar and Communications (Reserve).

STUDENT ATHLETIC FACILITIES. Gymnasium and swimming pool.

GENERAL INFORMATION

The University of Toronto was founded by Royal Charter under the name of King's College, at York, in 1827, as the State University of the Province of

* Part-time.

Upper Canada, in close connexion with the Church of England. As the majority of the inhabitants of the Province were not Anglicans, this peculiarity of the Charter aroused strenuous opposition, and for twenty years attempts were made to obtain a modification of it, but with slight success. As a result, in 1841 the Methodists established a University at Cobourg under the name of Victoria College, and the Church of Scotland section of the Presbyterians a University at Kingston under the name of Queen's College. In 1828 King's College was endowed with 225,000 acres of Crown lands. In 1843 the erection of a building and the work of instruction began. In 1849 an Act was passed by which King's College was secularized and removed entirely from its connexion with the Church of England, its name being changed to the University of Toronto. In 1853 University College was created, which undertook the work of instruction, the University itself becoming merely a legislative and examining body. As a result of the secularization of King's College, the University of Trinity College was founded at Toronto in 1851, under the control of the Church of England. Proposals for the federation of the Universities were first considered in 1843, but it was not until 1890 and 1904 respectively that the Victoria University and the University of Trinity College were federated with the University. The transfer of the former to Toronto was completed in 1892, and of the latter in 1925. St. Michael's College was established at Toronto in 1852 by the Basilian Order. Although it had never been granted University powers, it was accorded the status of a federated College in 1890, declared a College in the Faculty of Arts in 1910 and ranks equally with the other three colleges. Knox College, established at Toronto in 1844 as a theological seminary in connexion with the Synod of the Presbyterian Church of Canada, was incorporated in 1858 by Act of Parliament, and federated with the University in 1890. Wycliffe College, founded in 1877 and incorporated in 1879, was federated with the University in 1890; its object is the theological training of candidates for the ministry of the Church of England in Canada. Emmanuel College came into being as a result of the union in 1925 of the Methodist, Presbyterian and Congregational Churches. It is a College of Victoria University and is also separately federated to the University of Toronto.

The Univ. is administered by two senior bodies: the Bd. of Governors (25 members) apptd. by the Legislature of the Province of Ontario and primarily concerned with finance, and the Senate (169 members) which is the official authority on all academic matters. Senate includes 32 *ex officio* Coll. heads, deans, directors, etc., 16 representatives of professional licensing bodies, 60 representatives of the teaching fac. and 59 elected members of the grad. body.

The Fac. of Arts is composed of four Colls.: University Coll., Victoria Coll., Trinity Coll. and St. Michael's Coll., all of whose students meet the same admission and curricula requirements authorized by the Senate. The financial affairs of Univ. Coll. are administered by the Bd. of Governors of the Univ. but the other three Arts Colls. are autonomous instns. with degree-granting powers. They administer their own financial affairs and exercise the degree-granting powers only with respect to degrees in Divinity.

In addition, Knox Coll. and Wycliffe Coll. are theol. instns. affiliated with the Univ., but the Senate exercises no control over their curricula. The situation is parallel with respect to Emmanuel Coll., the theol. coll. of Victoria Univ., and with respect to degrees in Divinity offered by the Univ. of Trinity Coll.

Situated in Guelph, 65 miles from Toronto, are the Ont. Agric. Coll. and Ont. Vet. Coll., whose students proceed to degrees authorized by the Senate

of the Univ. of Tor. These two affiliated Colls. work in close co-operation with the Provincial Dept. of Agric. which is ultimately responsible for their financial operations.

The Chancellor, Chairman of the Bd. of Governors and President are *ex officio* members of both Senate and Bd. of Governors. The President is the chief executive officer of the Univ. in both academic and financial areas; the Chancellor, apptd. by the Bd. of Governors and the Senate for a 3-yr. term, is not expected to carry executive and admin. responsibility but does preside at Convocations and certain other formal occasions.

LIBRARY. 587,000 bound volumes and 162,000 pamphlets. The Library has acquired the library of the Royal Canadian Inst., and is consequently especially strong on the scientific side. It has also special collections of French-Canadian lit., of Italian and Spanish *belles-lettres*, and of 18th-century English lit.

MUSEUMS. *Archæology*: including extensive collections illustrating the arts and skills of the peoples of the Old World from the Old Stone Age onwards; civilizations of Egypt, Greece, Rome and Mediæv. and Mod. Europe; ceramics, furniture, arms, armour, etc., a large Ethnol. collection with stress on the American Indian. The Chinese collection covers the entire range of art and archæol., and is outstanding. The large Chinese Library provides access to the literature of China for study of these subjects. *Geology and Mineralogy*: including extensive systematic research and display collections of minerals, fine display of Canadian minerals, many special exhibits, reference library; (in course of arrangement) exhibits of local geol., geol. processes and suites of ores illustrating mineral deposits. *Zoology and Palæontology*: including extensive gallery displays of Canadian and foreign animals, extinct invertebrate animals, and a gallery of extinct reptiles and mammals, outstanding research collections numbering several thousands of specimens are considered among the finest in the world; the research collections are available only to research workers and Univ. students.

The PONTIFICAL INSTITUTE OF MEDIÆVAL STUDIES of St. Michael's College is part of the Grad. Dept. of the Coll., and all staff members are also on the staff of the Grad. Sch. of the Univ. Students are registered in the Univ. as working for the M.A. or Ph.D.

LABORATORIES, in all the Science depts. BANTING INSTITUTE with depts. of Pathol., Bact., Neuro-pathol., Med., Surg., Pathol. Chem. and the Banting and Best Dept. of Med. Research, for teaching, clinical investigation and research work. CONNAUGHT MEDICAL RESEARCH LABORATORIES provide facilities for research in preventive med. and in related fields and for production of and supply of sera, vaccines, hormones, antibiotics and other biological preparations that are difficult or costly to produce. Farm of over 145 acres. DAVID DUNLAP OBSERVATORY, Richmond Hill, contains a 74-in. reflecting telescope which may be used either as a Cassegrain or a Newtonian, the largest in the Commonwealth and one of the largest in the world. HOSPITALS available for Clinics: Toronto (General), 1416 beds; Children's, 632; St. Michael's (General), 722; Western (General), 535; Psychiatric, 76; Isolation, 150; Sunnybrook (Veterans), 1200.

UNIVERSITY MATRICULATION BOARD. A Board created by the Univs. of Toronto, Queen's, McMaster, W. Ont. and Ottawa conducts and controls their annual Matricn. examns. The Dept. of Educn. of Ontario provides the machinery for holding these examns., and the Registrar of the Dept. is Sec. of the Board. A report signed by all members of the staff of the school concerned as to the standing of their candidates is considered in determining the results of the examn.

For admission to the University the requirements are: the Ontario Grade XIII cert. covering English and four optional subjects. The Grade XIII examination is usually taken at the end of the fifth year of the Secondary Sch. course. The optional subjects of Grade XIII vary according to the course or Faculty which the student desires to enter. In certain cases foreign students may substitute their native language for a language other than English.

Students from the British Isles may apply for admission on submitting the General Certificate of Education with standing in subjects equivalent to the Grade XIII requirements with passes at Advanced level in at least two of these subjects. (*Note*: The specific subjects in which standing at Advanced level is required will vary with the course desired and may be ascertained from the Registrar.)

Minimum age for admission to the Faculty of Arts, 16; Med., 17; Appl. Sci., 17; House. Sci., 16; Educn., 19; Forestry, 17; Architecture, 17; Dentistry, 17.

See also Appendix I.

DEGREE COURSES. 1 yr. after B.A.—B.L.S., B.S.W.; 2 yrs.—Phm.B.; 3 yrs.—Pass B.A., Pass B.H.Sc., Mus.Bac., LL.B., B.P.H.E.; 4 yrs.—Honour B.A., B.Com., B.A.Sc., B.Sc. (Med.), B.Sc. (Dent.), Honour B.H.Sc., B.Sc.F., B Sc.Phm., B.S.A.; 5 yrs.—B.Arch., D.D.S., B.Sc.N. and D.V.M.; 6 yrs.—M.D.

The B.Sc. (Med.) may be conferred for special work or investigation as a

graduate degree and in certain circumstances for an extra yr.'s work as an undergraduate. Similar regulations govern the B.Sc. (Dent.).

A student who has already graduated in the Faculty of Arts, Med. or Sci. of a Canadian or other recognized Univ. may complete the course in Dentistry in 4 yrs. instead of 5, provided he has covered certain prescribed subjects during his undergrad. course; and persons holding qualifications obtained in Great Britain or Ireland registrable by the Dental Board of the United Kingdom or the B.D.S. of approved Australian Univs. may be admitted to the Fac. of Dentistry without further examn., and to the final D.D.S. examns. on completing one full session in the Fac. of Dentistry.

Higher Degrees. M.A., obtainable by approved course of graduate study extending over 2 yrs. or in the case of a B.A. in an Honours course, 1 yr.; Ph.D., open to a graduate in Arts or Science of this or another recognized Univ. by pursuing in the Univ. of Toronto an advanced course of study for 3 yrs., exemption from 1 of which may be given in consideration of the candidate having already pursued such a course for 1 yr. A thesis embodying the result of an original investigation is required.

M.Com., obtainable by approved course of graduate study extending over 1 to 2 years.

M.S. obtainable after 3-yr. course open only to graduates in Med. of a recognized Univ. The D.P.H. course (for Med. graduates) covers 11 mos. —1 winter and 1 summer session; the Diploma courses in Radiology and in Psychiatry (for Med. graduates) each cover 12 mos.

M.A.Sc. may be obtained by a B.A.Sc. graduate of this Univ. or one who holds an equivalent degree from some other Univ. who pursues a course of advanced study in the Faculty for 1 yr., presents a satisfactory thesis and passes such examns. as may be prescribed.

M.Arch. may be obtained by one who holds the degree of B.Arch. or B.A.Sc., or an equivalent degree, under the same conditions as the M.A.Sc. degree.

Professional degrees, C.E., M.E., Mech.E., E.E., Chem.E., Met.E., are open to candidates who, after obtaining the B.A.Sc. or diploma of the Faculty, spend 3 yrs. in the actual practice of one of these branches of engineering, present a satisfactory thesis and pass examns.

M.Sc.F. is open to candidates who have obtained the B.Sc.F. or equivalent degree. The course normally requires 2 yrs. if by examn. and 1 yr. if by thesis.

B.Ed. is open to candidates holding an approved degree in Arts, Sci., Agric., Engin. or Comm., and a certif. as teacher valid in one of the Provinces of Canada and issued after a regular course in an approved training school or the equivalent of such certif. and course of training. They must attend the Ontario Coll. of Education during two regular Coll. sessions or three summer sessions, with certain exceptions.

M.Ed. is open to graduates in Arts, Science, Agric., Engin. or Comm. of any British Univ. who hold the B.Ed. degree and a teacher's certif. valid in one of the Provinces of Canada and pass prescribed examns. A thesis is also required, and the candidate must have attended one regular session and a summer course or three summer sessions. The Ed.D. is open to holders of the M.Ed.; one regular session or two summer sessions of course work and a thesis are required.

M.L.S., 1-yr. course open to holders of B.L.S.

M.S.W. (Master of Social Work) is open to grads. who have obtained the B.S.W. degree or its equivalent. The D.S.W. is open to holders of the M.S.W.

M.S.A. is open to grads. who have obtained the B.S.A. degree or its equivalent.

M.Sc. (Dent.) is open to grads. of the Fac. of Dentistry of Univ. of Toronto or those with equivalent standing. It involves at least 2 yrs.' work.

M.Sc.Phm. (Master of Science in Pharmacy), open to holders of B.Sc.Phm., or equivalent degree, who pursue advanced course of study and submit satisfactory thesis. (Normally two academic sessions.)

M.V.Sc. or the D.V.Sc. is open to grads. who have obtained the B.V.Sc. or the D.V.M. degree or its equivalent.

Mus.Doc. is open to a Mus.Bac. of this or another Univ. of 1 yr.'s standing.

Mus.M. (Master of Music) may be obtained by those holding the degree of Mus.Bac. or its equivalent after two academic sessions of advanced work.

LL.M. may be obtained by an LL.B. graduate of the Univ. or an approved Univ., of at least 1 yr.'s standing, who passes the prescribed examns. and presents a satisfactory thesis. GENERAL INFORMATION

Incorporated by an Act of the Provincial Legislature in 1878 as the "Western University of London, Ontario," in connexion with the Church of England, the Univ. has become, under the provisions of amending Acts of 1908 and 1923, absolutely undenominational in its government, which is under provincial and municipal control. It consists of 4 divisions of the Univ. proper, the Coll. of Arts and Science (University College), the Medical School, the School of Nursing and the School of Business Administration, as well as the Affiliated Instns. listed above.

CONSTITUTION. The Univ. Senate is responsible for academic affairs, while the Bd. of Governors controls financial affairs. The President and Vice-Chancellor is Chairman of the Senate and a member of the Bd. of Governors.

INCOME (1952–53). Total income, $1,801,543 (Student Fees, 38·73 per cent.; Investment Income, 1·07 per cent.; Govt. Grants, 49·81 per cent.; Other Grants and Gifts, 1·94 per cent.; Other Revenue (Sundries), 3·46 per cent.; Auxiliary Enterprises (net) and Athletics, 4·99 per cent.).

FACULTIES AND SCHOOLS. Arts and Science, *Dean*—Prof. F. Stiling; Medicine, *Dean*—J. B. Collip; Nursing, *Dean*—Prof. Edith M. McDowell; Business Administration, *Actg. Dean*—F. W. P. Jones.

ADMISSION. *See* Appendix I.

DEGREE COURSES. 4 or 5 yrs. (from Jr. Matricn.), B.A. or B.Sc.; 5 yrs., B.Sc. (in Nursing); 1 or 2 yrs. of graduate work, LL.M., M.A., M.B.A., M.Sc.; 3 yrs. of graduate work, Ph.D.; 6 yrs., M.D.; 5 yrs. of clin. and grad. study, M.Cl.Sc. Attendance on part of the classes (other than Med. and Sci.) may be dispensed with by permission of the Senate, but all students must have attended lectures in the Univ. for at least 2 yrs. before they graduate.

HONORARY DEGREES. D.C.L., LL.D., D.Sc., D.Litt., Mus.D., D.D.

DIPLOMAS. Business Administration; Journalism; Music (Pedagogy), 2-yr. course in Music Teachers' Coll.; Home Economics, 2-yr. course; Public Health Nursing (D.P.H.N.); Nursing Education (D.N.E.); each course 1 yr., for graduates in respective fields.

FEES. Annual: Arts, $310-$350; Medicine, $550; Nursing, $350; Business Admin., $380.

The LIBRARIES contain about 200,000 vols. and several thousand pamphlets. The Barnett collection contains many rarities dealing *inter alia* with Canadian and American history. The Shakespeariana number about 1500 vols. and several thousand pamphlets.

CORRESPONDENCE AND EXTENSION WORK in winter sessions in some General Course subjects, offered mainly for teachers and other adult students, either as credit courses towards degrees or as non-credit cultural courses. No degree is earned entirely in the Extension and Correspondence Division, without attendance at winter or summer sessions.

The SUMMER SCHOOL has approx. 600 students taking courses for degrees, some in London on the main campus and some at the English-French Summer School at Trois-Pistoles, Quebec.

LABORATORY. The J. B. Collip Res. Lab. 8 TEACHING HOSPITALS in London (Victoria, St. Joseph's, St. Mary's, War Memorial Children's, Bethesda, Ontario, Beck Memorial San., Westminster (Veterans)).

STUDENT RESIDENCES. Spencer Hall, London Township (for women), Brescia Hall (Ursuline Coll. women), Huron Coll. (Huron Coll. and Univ. Coll. men), fraternity houses and sorority houses for men and women above the freshman level.

The ALUMNI ASSOCIATION assumes some responsibility for the placement of graduates. The Dean of Men, however, supervises a placement service for summer and for permanent employment, and the School of Business Admin. has its own Placement Bureau.

THE DEPT. OF MILITARY STUDIES offers training in the University Naval Training Division, or the R.C.A.F. University Squadron or the Canadian Officers' Training Corps.

PUBLICATIONS. *Arts and Science Announcement* (May); *Medical School Announcement* (Aug.); *The Business Quarterly*; *Medical Journal*; *Univ. Gazette*, once a week during term; *Occidentalia* (May); *Admissions Handbook* (April); *School of Business Admin. Announcement* (May); *Fac. of Graduate Studies Announcement* (May); *Directory and Student Handbook* (Nov.); *Folio* (student literary publicn., Dec. and April).

THE YEAR 1952–53 (75TH ANNIVERSARY YEAR)

THE UNIVERSITIES OF AUSTRALIA

[Contributed in September 1953 and revised in 1954 by A. J. T. Ford, M.C., B.Ec., Secretary of the Australian Vice-Chancellors' Committee.]

GENERAL DESCRIPTION

UNIVERSITY education in Australia had its origins a little over a hundred years ago when Universities were founded in New South Wales, the University of Sydney (1850), and in Victoria, the University of Melbourne (1853). In the other states Universities were founded as follows: in South Australia, the University of Adelaide (1874); in Tasmania, the University of Tasmania (1890); in Queensland, the University of Queensland (1909); and in Western Australia, the University of Western Australia (1911).

These Universities, though geographically widely distributed, nevertheless form a relatively homogeneous group owing to their general similarity of origin and constitution and to their relationship to the communities which they serve. All of them were established by Acts of the respective State Legislatures carried through in response to popular demands, in some cases with considerable financial assistance from private benefactors. They all receive substantial grants from the Commonwealth and State Governments, which have played an important part in their development. Like the British Universities generally, they are, by statute or Royal Charter, self-governing academic corporations.

The next in order of foundation was the Canberra University College, established at Canberra in 1930 by an enactment of the Commonwealth Government to provide educational facilities at University standard in the newly developing Commonwealth capital. The Canberra University College is associated with the University of Melbourne, which is the examining and degree-conferring body. This was followed in 1938 by the establishment, at Armidale on the Northern Tablelands of New South Wales, of the New England University College as a college of the University of Sydney. In 1954 independence was granted to the New England University College under an enactment of the New South Wales State Government so that it then became the autonomous, degree-granting University of New England. Both the Canberra University College and the University of New England conform to the general pattern of the other Universities, though the scale of facilities and the range of studies available are smaller.

In recent years two new Universities, both of which constitute departures from the traditional University pattern, have been established. The first of these, the Australian National University, was established at Canberra by an Act passed in 1946 by the Federal Parliament. The other, the New South Wales University of Technology, was incorporated by an Act of the New South Wales Parliament in 1949.

The Australian National University is a University of a special type as its activities are directed primarily to research work at the postgraduate level. The Australian National University Act provides

specifically for the establishment within the University of the John Curtin School of Medical Research, a Research School of Physical Sciences, a Research School of Social Sciences, and a Research School of Pacific Studies. Considerable progress has now been made in the development of the University, though some delay has been occasioned by present building difficulties. With the exception of the Department of Medical Chemistry, which is located in London, all the departments of the University are functioning in Canberra, and postgraduate students are being accepted to study for higher degrees.

The New South Wales University of Technology is also an institution of a special nature. The objects of the University are to provide facilities for higher specialized training in the various branches of technology and science in their application to industry and commerce, and to aid through research the development and application of science to industry. With these objects in view, courses provide for extensive practical experience in industry under the supervision of the University. However, to provide a wider experience in undergraduate courses all first degree students are required to take courses in language, literature, philosophy and the social sciences. Power to decentralize the University's activities, both in its co-operation with industry and in its teaching services, is given to the University Council, and it was under this authority that a College of the University was established at Newcastle in 1951. By arrangement with the University of New England instruction in Arts subjects is given at Newcastle University College by staff of the School of Humanities and Social Sciences. Students taking these subjects may proceed to the degree of Bachelor of Arts of the University of New England.

CONSTITUTION OF UNIVERSITIES. A. *Governing Bodies.* The governing bodies in the Australian Universities are designated either the " Senate " (Sydney, Queensland, Western Australia) or " Council " (Melbourne, Adelaide, Tasmania, New South Wales University of Technology, Australian National University, New England and Canberra University College). In their statutory constitution they present (except for the Council of the New South Wales University of Technology, *see below*) a generally similar composite character, while differing in the proportions of the component elements. Their membership varies in number from 18 to 32.

In every case there is a substantial proportion of representatives elected by the general body of graduates, varying from one-third to more than one-half of the total membership, but only in Adelaide does it form the preponderant element. In every University there is a more or less direct representation of the State on the governing body, either by nomination by the Governor-in-Council or by election by the Houses of Parliament, and in three cases by *ex-officio* representation of the State Departments of Education. The Melbourne University Act of 1923 introduced a novel provision in that the Government nominees now include representatives not only of Parliament but of manufacturing, commercial, agricultural and industrial interests, and a representative of the technical schools. The governing bodies invariably

include representatives of the teaching staff, in some cases by independent statutory right and elsewhere as part of the general representation of the academic body elected by the graduates. Usually provision is also made for the election of representatives of the undergraduate body.

The Council of the New South Wales University of Technology differs from the governing bodies of the other Universities in that there is only one representative elected by graduates of the University. The Council comprises representatives of Parliament, industry and commerce, trade unions, technical education, professional bodies, the University of Sydney, and of the University's teaching staff, graduates and undergraduates.

B. *Graduate Academic Bodies.* As in the British Universities generally, there is in each of the Australian Universities, with the exception of the New South Wales University of Technology, another statutory academic body, consisting in the main, though not in all cases exclusively, of the general body of graduates. In those Universities in which the governing body is entitled Senate, the graduate body is called either Convocation or Council. When the governing body is styled Council, the graduate body is usually called the Senate, but at Melbourne, the Australian National University, and New England it is known as Convocation.

Whilst the main effective function of this body is its electoral choice of its own representatives on the governing body, it has also, in several Universities, powers (often exercised through a Standing Committee) of deliberation, approval and confirmation in respect of matters submitted to it and in some instances of suggestion, but in no case of initiation, of University legislation.

C. *Other Administrative Bodies.* The general routine of studies and discipline is usually controlled by a " Professorial Board," whilst the special curricula of studies are the immediate concern of the Faculties and special Boards of Studies. Matters of discipline are in one or two instances dealt with by a special Proctorial Board or Board of Discipline.

FINANCES. The usual sources of revenue for the Universities established under State Acts have comprised, in addition to the grants from the respective State Governments referred to previously, income from students' fees and by way of donations or from endowments. However, in recent years the Commonwealth Government has also provided financial assistance to the Universities. This assistance took the form initially of grants to stimulate research in the Universities, and later the Universities were substantially subsidized to assist them to provide the facilities and staff necessary for the training of ex-Servicemen and women under the Commonwealth Reconstruction Training Scheme.

When the number of students attending the Universities under the Commonwealth Reconstruction Training Scheme began to decline in 1950, it became apparent that the consequent reduction in subsidies to the Universities would cause them serious financial difficulties.

The Commonwealth Government accordingly appointed a Committee to enquire into the needs of the Universities both immediate and for long-term development. As a result of the interim report submitted by this Committee the Commonwealth Government enacted legislation which provided for grants to the States for University purposes commencing in July 1950. Under the States Grants (Universities) Act, 1953, provision was made for payment of grants to the States for University purposes in 1953 and 1954 of from £A868,512 to £A1,517,684 p.a.

Grants to the Australian National University and the Canberra University College are made by the Commonwealth Government.

RESIDENTIAL COLLEGES. The founders of the first Australian Universities appear to have been influenced by the conception of a University which is embodied in the ancient residential foundations of Oxford and Cambridge. No doubt this could be attributed in part to the fact that they were contemplating Universities which were to serve the large, and comparatively thinly populated areas of the several Australian Colonies (long before their federation as States of a Commonwealth). Provision was therefore made at the outset for the establishment of residential Colleges which were conceived as religious foundations. These were entrusted to the Churches of the leading Christian denominations, namely, Church of England, Presbyterian, Methodist and Roman Catholic. The first Colleges provided for men, but not long after the founding of Colleges for women at Oxford and Cambridge, provision for residence of women students was made at Sydney and Melbourne. The Colleges in all the Universities are open to all students of good standing, without distinction of religious belief.

In order to understand the place which the College system occupies in the Australian Universities, it should be remembered that, while membership of a College implies membership of the University to which the College belongs, membership of the University does not necessarily imply membership of any of its Colleges. College tutorials are, therefore, supplementary to the teaching which the University provides for all its students (whether members of a College or not) and in consequence vary considerably from University to University. There is also considerable variation in the scale of College fees.

For a list of the Colleges and College fees payable *see under* the several Universities below.

The University of New England is different from the other institutions in that it provides accommodation for most of its students, who are drawn chiefly from the northern part of N.S.W. Unless their homes are in Armidale, students attending the University must take up residence.

University House at the Australian National University, opened early in 1954, provides accommodation for single students and for some staff members. In addition, it provides up-to-date club facilities for members of the University.

The New South Wales University of Technology established a Student Hostel at Kensington, Sydney, in 1953. The Hostel provides accommodation for approximately 200 students.

FEES AND COST OF LIVING. The cost of living varies a good deal in different parts of Australia, but a student should be able to manage on £A450-£A500 a year. Board and lodging should not cost more than £A5 a week, and meals can generally be obtained at the Universities by members of " Unions " and others at a cost of from 3s. to 5s. Sydney University Union has a refectory seating 450, and one-half of it is open to all members of the University and their guests. Adelaide University has a refectory seating 400, Melbourne has a Union building containing dining-rooms seating 700, and Western Australia has at present accommodation in its dining-rooms for about 200. A fully developed Union at an Australian University also provides all the comforts of a non-residential club for a membership fee ranging from £A1 to £A3 : 13s. 6d. a year. In Adelaide there is a compulsory fee of £A6 : 10s. a year which covers membership of the Union, Sports Association and the Health Service. Facilities for rowing, football, cricket, field hockey and other games are provided by the Sports Clubs for correspondingly moderate fees, and numerous inter-varsity contests are held in vacations under the auspices of the Australian Universities' Sports Union.

Residence at a College is optional, except at New England and at the Australian National University, where unmarried students are required to reside in University House. College fees, which are entirely separate from University fees, are on an inclusive basis for residence and tutorial assistance, and range from £A100 to £A208 per annum. Special arrangements can usually be made for residence during vacations, an additional charge then being made. Many students live in College on a total income of something less than £A450 a year. Several of the Colleges have liberal endowments for Scholarships and Bursaries.

For University fees *see under* the several Universities *below*.

ADMISSION. *See* Appendix I.

THE ACADEMIC YEAR. Undergraduate status is ordinarily defined in terms of academic years of study, *e.g.* " first year," " fifth year," etc.

The academic year begins in March and ends in November or December. It is subdivided into Terms, usually three, which may, or may not, include special examination periods. The Universities of Melbourne and Tasmania and the Canberra University College have each four Terms, but the fourth Term in these cases is devoted to examinations.

The New South Wales University of Technology provides a number of courses which operate for two terms only each year—March to September. During the remaining five months of the year, students gain practical experience in industry under the supervision of the University.

Although the inclusive dates of the terminal periods show some discrepancy in the different Universities, arrangements have been made to secure the coincidence of a substantial part of the inter-term vacations.

PERIODS OF STUDY. The Universities require not less than 3 yrs.' study for a B.A. or B.Sc.—in most cases, 4 yrs. if taken with Honours. The curriculum for the first degree in Medicine covers 6 yrs. The time

needed to graduate in Law is usually 4 yrs., but some Universities allow graduates in Arts to shorten the prescribed period. Since regulations do not always require each successive " year " to be taken as a whole, but allow credit to be given for subjects taken separately, many students, especially those able to give only part-time to their studies, spread their courses over periods longer than the normal. For information regarding other degrees and periods of study therefore, *see under* the several Universities.

CURRICULA AND COURSES. In general, it may be said that the character and range of studies in the Australian Universities correspond fairly well with those of British Universities of comparable size and organization. The subdivision of University studies into groups, under Faculties and Boards of Studies has, however, been carried further than is usual in British Universities. There has thus been a considerable accession of new Faculties beyond those traditionally recognized. The general principle has been largely, though not consistently, adopted that any definite and distinct curriculum, leading up to the award of a distinctive degree or degrees, warrants the creation of a separate and distinct Faculty as a Board for the regulation of the studies and examinations in such a curriculum. Concurrently with this development there has been a marked tendency to the specialization and multiplication of distinctive degrees, so that in some cases, even within the one Faculty, several distinctive degrees are obtainable along more or less differentiated lines of study.

A conspicuous instance of this is seen in the Faculty of Engineering in Melbourne, in which no fewer than fourteen different degrees may be awarded as Bachelors and Masters of different branches of engineering —Civil, Mechanical, Electrical, Mining, Metallurgical, and Chemical, Bachelor of Surveying and Master of Engineering Science—besides a Doctorate of Engineering.

For detailed information about the courses at any individual University, *see under* the several Universities *below* or refer to the Calendar or Handbook published by that University.

The following provides in the first place an outline of the nature of the courses available at the Universities of the six states. Later a separate reference is made to the courses at Canberra University College, the University of New England, the Australian National University, and the New South Wales University of Technology.

Each of the Universities of the six states possesses Faculties of Arts, Science, Law and Engineering. All except Tasmania have Schools or Faculties of Agriculture.

Sydney and Queensland have Schools of Veterinary Science organized as separate Faculties. Melbourne, Western Australia, Adelaide and Tasmania provide only the first year of a Veterinary Science course in the Faculty of Science.

Sydney and Adelaide each have a separate Faculty of Economics, but as neither University has a Faculty of Commerce, all the various branches of both Economic and Commercial Studies are included in the Faculty of Economics. In Tasmania the position is reversed, as there

is a Faculty of Commerce in which both Economic and Commercial Studies are included. In Melbourne there is a Faculty of Economics and Commerce, and in Queensland there is a Faculty of Commerce. In each of the Universities (including Western Australia), the subject of Economics is represented by a separate Professorship, and Economics is ordinarily included as a subject which may be taken for an Arts degree.

In Sydney, Melbourne and Queensland there are Faculties of Architecture. At Adelaide there is a special course in Architecture within the Faculty of Engineering. In Melbourne and Queensland, courses within the Faculty of Engineering lead to degrees in Surveying.

Melbourne and Adelaide have each a Faculty of Music with a full Professorship and a Conservatorium. In Adelaide, apart from the course for the degree of Mus.Bac., a candidate may take Music as one of his two three-year subjects for the degree of B.A. In Sydney there is a Conservatorium entirely independent of the University, which has, however, a Chair of Music in the Faculty of Arts. In Western Australia there is a readership in Music in the Faculty of Education. In Tasmania, Music is not taught, but a student who passes prescribed grades of the Examinations conducted by the Australian Music Examinations Board may be given credit for Music as a first-year Arts subject. In Queensland, Music may be taken as a subject of the first year of the B.A. course.

Melbourne and Queensland have Faculties of Education granting University degrees of Bachelor and Master of Education, previous qualification for another degree being a condition of entrance to the Education course. In each case, the Faculty contains several representatives of the State Department of Education. Tasmania has a Faculty of Education, having taken over the training of teachers from the State Education Department in 1948. A diploma of Education (available to graduates only) and a certificate for non-graduates are offered. Western Australia grants a first degree in Education, and recently established a postgraduate teachers' certificate course open to graduates of Western Australia or other approved Universities. Bachelors of Education may also proceed to the degree of Master of Education. In the other Universities, the subject of Education comes under the Faculty of Arts and enters into the composition of such alternative curricula for the Arts degrees as are specially adapted to the requirements of the professional training of teachers. Sydney now grants a degree of Master of Education, which may be awarded to graduates in other Faculties of not less than three years' standing who present a satisfactory thesis and pass an examination dealing with advanced work in education. The Professors of Education are usually, but not always, associated with the State Training Colleges. Special diplomas in Education are obtainable in the Universities of Sydney, Melbourne, Adelaide and Queensland by University graduates.

Courses in Physical Education controlled by a Board of Studies and leading to a diploma are now available in each of the larger Universities except Sydney. A course in Physical Education is now given in Western Australia as an optional part of the Bachelor of Education degree course.

The University of Sydney made provision for the study of Theology in 1937 and Sydney now has courses leading to the degree of Bachelor of Divinity and may confer the degree of Doctor of Divinity. In 1953 the University of Queensland established courses in Divinity: a degree course of three years' duration and a diploma course requiring a minimum of two years' study.

The University of Sydney established a Chair of Oriental Studies in 1918, which has been vacant since 1949 but is shortly to be filled.

Canberra University College conducts courses in Arts, Law and Commerce. Students comply with entrance conditions of the University of Melbourne, take the examinations and obtain the degrees of that University. The College has a School of Oriental Languages in which three-year courses in both Chinese and Japanese are available as part of an Arts degree. Russian, which is also a language of the Arts course, is taught within this School. The College provides a one-year's course in Australian Literature as a subject of the Arts course.

The University of New England has Faculties of Arts and Science granting degrees of Bachelor and Master. Graduate students may take the course for the diploma in Education.

Students of the Australian National University may normally proceed (after three years' work) to the Ph.D. in any of the schools of Medical Research, Physical Sciences, Social Sciences and Pacific Studies, or, alternatively, to an M.A. or M.Sc. in the appropriate field (usually after two years' work).

The New South Wales University of Technology at present has Faculties of Applied Science, Architecture and Engineering and provides undergraduate courses leading to degrees in Science (Applied Physics, Applied Chemistry, Chemical Engineering, Industrial Chemistry, Food Technology, Applied Biology, Leather Chemistry, General Science, Metallurgy, Wool Technology and Optometrical Science), Engineering (Civil, Electrical, Mechanical, Mining and Geology) and Architecture. A number of these courses may be taken on a part-time basis. Postgraduate courses are also provided, leading to the degrees of Master of Science or of Engineering, or Doctor of Philosophy.

The Universities of Melbourne, Sydney, Western Australia, Adelaide, and Queensland have established the degree of Doctor of Philosophy, for which graduates of certain standing are eligible upon the successful completion of a full-time course, generally of at least two years' advanced study and research in the University. The University of Tasmania and the New South Wales University of Technology provide courses for the degree of Doctor of Philosophy for graduates in Science and Engineering only, and some other Universities have similar Faculty limitations.

PROFESSIONAL SCHOOLS AND RESEARCH INSTITUTES. The Universities of Sydney, Melbourne, Adelaide and Queensland each possess well organized and equipped professional Schools under their Faculties of Medicine and Dentistry. These Schools have long been, and are now, mainly responsible for the training of the medical and dental professions in Australia. In Western Australia a Faculty of Dental

Science was established in 1946 and the establishment of a medical school is under consideration.

The Universities of Sydney and Melbourne appoint Clinical Supervisors to each of the Teaching Hospitals to co-ordinate the clinical training of students. Thus an extensive and varied clinical field is secured, not only for undergraduate training, but in increasing measure for more advanced and specialized postgraduate study and research in conjunction with the scientific laboratories of the Universities and other research institutions. Many postgraduate diploma courses are offered, including diplomas in Psychological Medicine, Dermatological Medicine and Clinical Pathology at Sydney, and Australian diplomas in Public Health and Tropical Medicine and Hygiene from the School of Public Health in the University of Sydney Both Sydney and Melbourne Universities grant diplomas in Ophthalmology, Laryngology and Otology, in Gynæcology and Obstetrics, in Therapeutic and Diagnostic Radiology and in Anæsthesia.

A Biophysics Section was established in Queensland in 1937 to manufacture radon and to carry out other work in connexion with the treatment of cancer. In Adelaide, the Anti-Cancer Campaign Committee maintains a radium and deep X-ray clinic at the Royal Adelaide Hospital, and a plant at the University for the production and manipulation of radon. Under an arrangement with the University of Melbourne the Commonwealth Government maintains there an X-ray and Radium Research Laboratory. At the University of Sydney a group of young members of the staffs of the medical and allied departments are continuing fundamental work on cancer and medical research problems which is financed by the Medical Research and Cancer Research funds. A small cyclotron is now under construction in the Physics Department of the University of Melbourne which will be valuable in producing isotopes for medical treatment as well as for work connected with research and teaching in Physics.

In 1925 the University of Adelaide established the Waite Agricultural Research Institute, an important centre for research in agricultural and allied subjects at Glen Osmond, four miles from the city. The University of Western Australia also has an Institute of Agriculture (established in 1938) which serves as a centre for research in Agriculture and is located in the University grounds.

There are various University and associated Research Institutes in Adelaide, Melbourne and Sydney, where investigation is carried on into problems of Pathology, Bacteriology, Pharmacology, Radiotherapy, Cancer Research, Animal Nutrition, Animal Health, Entomology, etc.

DIPLOMAS. Numerous University diplomas are now obtainable in various branches of study in the Universities of Australia. They may be classed under three categories : (*a*) those obtainable by graduates as supplementary qualifications in particular subjects after special courses of study. To this group belong the postgraduate Medical diplomas already mentioned and also certain diplomas in Education ; (*b*) diplomas obtainable by non-graduates after shorter or less comprehensive courses of study than those required for a University degree

covering the same subject. This group includes certain diplomas in Commerce, Public Administration, Agriculture, Engineering, Music and Dramatic Art; (*c*) diplomas in subjects, usually of limited range, for which no special University degree is available, *e.g.* Journalism, Pharmacy, Anthropology, Town and Regional Planning and Social Studies. The present tendency is to reduce the number of sub-graduate diploma courses while extending the range of postgraduate diplomas.

From 1951 the New South Wales University of Technology assumed responsibility for the provision of twenty diploma courses in Engineering, Applied Science and Architecture, which were previously provided by the New South Wales Department of Technical Education. Students attending these courses have matriculated in the University and the courses require five or six years' part-time attendance concurrently with employment in industry. Having qualified for the diploma, the student may be admitted to the appropriate degree course with advanced standing and so proceed to the degree of Bachelor by further part-time attendance over at least two years.

EVENING LECTURES. Full University courses of evening lectures in Arts, and in some cases in Science, Commerce and Law subjects, are provided by the Universities of Adelaide, Melbourne, Sydney, Queensland, and Western Australia and by Canberra University College to enable a degree in those Faculties to be obtained by persons whose occupations preclude their attendance at the University during the day. At the University of Tasmania all lectures in the Faculty of Commerce and some lectures in Arts and Education subjects are given in the evening, while at the University of New England the time-table between 4 P.M. and 6 P.M. is so arranged that teachers and others employed in Armidale or district may undertake courses leading to the B.A. degree. At the New South Wales University of Technology evening lectures are given in each Faculty (viz., Applied Science, Architecture, Engineering). A number of courses, leading to the degree of Bachelor of Science or Bachelor of Engineering, may be taken in full by evening students.

EXTERNAL STUDENTS. Only in special circumstances is external tuition permitted outside a State. Under the Regulations of the Universities of Melbourne and Queensland, attendance at lectures is not compulsory except in specified subjects. (These include most scientific subjects which require laboratory facilities.) It is therefore possible to obtain an Arts degree as an external student. In Western Australia correspondence classes for external students are carried on in most Arts subjects, and in most subjects for the B.Ed. degree, under the guidance of tutors and with the help of a circulating reference library. Melbourne also provides correspondence tuition in certain subjects, but only for students resident in the country districts of Victoria. As from 1955 the University of New England offers external students correspondence courses leading to the B.A. degree. Canberra University College does not accept external students.

The Universities which permit the enrolment of external students, or provide for correspondence tuition, in general limit such facilities to resi-

dents within the State in which the University is situated. Queensland University does provide some external tuition for students in Australian territories outside the Australian continent, and external correspondence tuition has been provided by different Universities to members of the British Commonwealth Occupation Forces in Japan.

In the Universities of Adelaide and Tasmania exemption from some of the lectures of a course may be granted in special cases in which reasonable cause is shown.

In all the Universities there is provision for the recognition, for degree purposes, of various courses of instruction in institutions such as Technical Schools and Colleges.

UNIVERSITY EXTENSION LECTURES. University Extension Lectures were instituted at Sydney University in 1886 and at Melbourne in 1891. In 1913 Workers' Educational Associations were formed in all the States, except in Western Australia, to give effect to a movement for bringing the Universities into closer relationship with the masses of the people. The movement was fostered by State grants and grew rapidly. Apart from Melbourne, where the W.E.A. has been merged in the new Council of Adult Education separately financed by the State Government, and Tasmania, where Tutorial Classes were discontinued some years ago, each University co-operates with the W E.A. in the formation of a joint committee, which appoints tutors and supervises the work with the help of a University officer—the Director of Tutorial Classes. The total number of extension students throughout Australia is over 6000 In addition to these courses, a great many preparatory classes, study circles and summer schools are organized by the Association, numerous courses of public lectures are delivered, educational conferences promoted and an extensive book service is provided. In Victoria, adult education is the responsibility of a statutory Council of Adult Education working in liaison with an Extension Committee in the University. A correspondence study department has been inaugurated in connexion with the Board of Adult Education activities in Queensland. Western Australia has no W.E.A. organization, and the work is under the control of an Adult Education Board representative of University and other interests acting under the University Senate. The Adult Education Board conducts lectures in the city and suburbs and books from the Adult Education Library are available to metropolitan and country subscribers. In addition, the Board organizes Discussion Groups, Music Recitals, Film Shows and performances of Drama and Ballet in town and country areas and conducts an annual Summer School at the University. In Tasmania, adult education is conducted by a statutory Board of Adult Education which is headed by a Director. The University is represented on this Board. At the University of New England the Senior Lecturer in Adult Education organizes education classes and activities in centres widely scattered over the New England region. The extension work of Canberra University College takes the form of a scheme where any person, whether matriculated or not, may attend lectures in most of the subjects taught for degrees for a fee of £3 : 3s. per annum, which does not entitle such students to present

themselves for examinations. In addition, special language courses are provided in German and Italian.

FREE PASSAGES TO EUROPE. Under a generous scheme the member lines of the Australian and New Zealand Passenger Conference provide annually 25 free first-class return passages to graduates of Australian Universities. The participating lines are P. & O., Orient, Shaw Savill & Albion, Aberdeen & Commonwealth, and Blue Funnel. Information about the conditions governing the award of passages may be obtained from Australian University Registrars or from the Secretary of the Australian Vice-Chancellors' Committee, c/o Australian National University, Box 4, G.P.O., Canberra, A.C.T.

OVERSEAS SCHOLARSHIPS. Scholarships or grants-in-aid for study overseas are awarded by individual Universities and by such bodies as the British Council, Carnegie Corporation of New York, Nuffield Foundation, Gowrie Trust and the United States Educational Foundation in Australia (Fulbright Scheme). These scholarships enable selected students to extend their studies in the postgraduate field and are a valuable link between the Universities of Australia and those of England and the U.S.A.

COMMONWEALTH SCHOLARSHIP SCHEME. The Commonwealth Scholarship Scheme, which was established by the Commonwealth Government, came into operation in 1951. Under the Scheme, 3000 scholarships are provided each year for open competition to students who wish to undertake courses at Universities and other approved institutions of higher education. Scholarships are awarded entirely on merit and no regard is paid to the means of the student's parents. Scholars who undertake approved full-time courses on a full-time basis may apply for a living allowance which is payable subject to a means test. Applicants and their parents must be resident in Australia at the time of the award of the Scholarship and must intend to remain permanently in Australia.

INTER-UNIVERSITY ORGANIZATIONS. After a conference held at Sydney in 1920 the Australian Universities established a Standing Advisory Committee to deal with matters of common interest. The office of the Committee, now known as the Australian Vice-Chancellors' Committee, is located at the Australian National University in Canberra. The Committee meets twice a year, usually in March and October, or more frequently should occasion demand. In addition, an annual conference of the Registrars of the Australian Universities is held, usually in August, under the auspices of the Committee. Mr. A. P. Rowe, Vice-Chancellor of the University of Adelaide, is the present Chairman of the Committee, and the Secretary is A. J. T. Ford. Enquiries should be directed to the Secretary, Australian Vice-Chancellors' Committee, c/o Australian National University, Box 4, G.P.O., Canberra, A.C.T.

In order to ensure that a flow of trained personnel from Universities would be sufficient to meet the needs of the country during the war

and post-war periods the Commonwealth Government in 1942 set up the Universities Commission.

Under the Education Act of 1945, which established the Commonwealth Office of Education, the Universities Commission was made a permanent body functioning within the framework of the Commonwealth Office of Education, which provides a Secretariat for the Universities Commission. The Director of the Office of Education, W. J. Weeden, is Chairman of the Universities Commission, which confers from time to time with the Vice-Chancellors' Committee. The Commission has its central office at Grace Building, York Street, Sydney (*postal address*: Box 3879, G.P.O., Sydney), and branch offices in each State (except Tasmania).

The Universities Commission administers the Commonwealth Reconstruction Scheme under which ex-Servicemen are trained at University level, and is responsible for the co-ordination of policy in respect of the Commonwealth Scholarship Scheme. In addition, the Commission advises the Commonwealth Government on such other matters relating to University training as are referred to it for advice.

The Commonwealth Office of Education is, *inter alia*, responsible for the administration of schemes sponsored by the Commonwealth Government for the training at University level of students nominated by participating South-East Asian countries.

In addition, it is responsible for administering the State Grants (Universities) Act under which the Commonwealth makes grants to the States for University purposes.

STATISTICS of University staff, students and finance are published annually in the official Year-Book by the Commonwealth Bureau of Census and Statistics, from which a more detailed bulletin in typescript form may be obtained (*see* p. 1809).

GENERAL INFORMATION

The University was established by Act of the provincial legislature in 1874. It began with endowments of £A20,000 each from Sir W. W. Hughes and Sir Thomas Elder, a land grant of 50,000 acres (subsequently repurchased by the govt. for £A40,000), a site of 5 acres in the city and an annual govt. subsidy of 5 per cent. on endowments. The original site was increased to 8 acres in 1920, to 14 acres in 1927 and in 1929 to 27 acres. The govt. subsidy on endowments is limited to £A40,000. The Council consists of the Chancellor, the Vice-Chancellor, 20 members elected by the Senate and (since 1911) 5 elected by Parliament. State grants (including the subsidy on endowments) for annual running costs amounted in 1954 to £A600,000, including about £A80,000 for the Waite Agric. Res. Inst. The total value of the endowments is over £A1¼ million, and the income in 1953 was £A716,000.

LIBRARY. Approx. 171,000 vols.

LABORATORIES. At the Univ.—Anat., Bacteriol., Biochem., Bot., Chem., Engin. (Civil, Elect., Mech., Mining, Metall. and Chem. Engin.), Geol., Histol., Pathol., Phys., Physiol., Pharmacol. and Zool. At the Waite Inst. (*see below*).

The ELDER CONSERVATORIUM OF MUSIC (for staff *see* pp. 985-986 *above*), established in 1898, is part of the Univ., and provides tuition in a wide range of studies in the performance of music. Its students include not only those proceeding to the Univ. diploma but also many others who wish to study a principal subject (*e.g.* singing or pianoforte) or to undergo training in group work such as orchestral and operatic performances and who satisfy the Dir. of their fitness to be admitted.

The WAITE AGRICULTURAL RESEARCH INSTITUTE (for staff *see* pp. 986-987 *above*) was established in 1924 as a result of a gift by the late Mr. Peter Waite of an estate of 299 acres, a mansion-house and a trust fund of £A58,450. Subsequent endowments and govt. grants have expanded the work of the Inst., the annual expenditure of which in 1953 was £A130,000. The purpose of the Inst. is "to further the cause of research and education in agriculture and allied subjects"; its depts. comprise Agricultural Chem., Agronomy, Entomol., Genetics, Plant Pathol. and Plant Physiol.

OTHER SPECIAL RESEARCH DEPARTMENTS. (1) Field Lab. at Koonamore for investigation of plant regeneration in arid areas. (2) Sheridan Medical Research Foundation for the support of medical res. (3) Animal Products Research Foundation, which conducts investigations into problems of animal nutrition (*see* Staff List, *above*). (4) Board for Anthropological Res. on the aboriginals of S. Australia. (5) The Anti-Cancer Cttee. directs res. into the cause, treatment and cure of cancer. (6) John Mortlock Research Station at Yudnapinna.

COLLECTIONS OF INTEREST TO SPECIALIST SCHOLARS. Collection of Australian endoparasites. Prof. J. B. Cleland's collection of the higher Australian fungi (Basidiomycetes), by far the largest of its kind, is available for study by mycologists and forest pathologists. GENERAL INFORMATION

The Australian National University was founded by an Act of the Parliament of the Commonwealth of Australia in 1946. The Act provided for the establishment at Canberra of a Univ. consisting of a Council and Convocation, and graduate and undergraduate members. The Council is the governing body of the Univ., but in the Univ.'s early years, until July 1951, its affairs were in the hands of an Interim Council. The permanent Council, which was constituted in 1951, consists of not more than thirty members, including the Vice-Chancellor, four members elected by Parliament, up to eight appointed by the Governor-General, up to nine elected by Convocation, three elected by the academic staff and two by students. The sr. academic body of the Univ. is the Board of Graduate Studies, which consists of the Dirs. and Profs. The Board assists the Council by tendering advice on all questions affecting education, learning and research in the Univ. There is also a Faculty (in the English sense) within each of the Res. Schools. Convocation will eventually consist mainly of the Council and graduates of the Univ., but at the outset the opportunity was taken to add to it the Chancellor and Vice-Chancellor and five other representatives of each other Australian Univ. institution. Under the founding Act, the primary function of the Univ. is to encourage and provide facilities for postgraduate research, both generally and in relation to subjects of national importance to Australia.

Research Schools. As was contemplated by the Act, the Univ.'s activities are in the first instance concentrated on the establishment of four Research Schools—the John Curtin School of Medical Research (named after Australia's war-time Prime Minister), and Research Schools of Physical Sciences, Social Sciences and Pacific Studies. The development of other Schls. has been indefinitely deferred, and the incorporation of Canberra University College, which is provided for in the Act, is at present being considered.

It is intended that each School should be led by a Director, but the responsibility for the organization of the work of particular Depts. within the Schools will rest with their professorial heads. A Director has been appointed in the Research School of Physical Sciences, but in the other three Schools Deans have been appointed as a temporary measure. In addition to the Directors and Professors, the staff comprises permanent Readers, Senior Fellows and Fellows, and short-term Sr. Research Fellows and Research Fellows. The Univ. is seeking to provide members of staff with the most favourable conditions for research. They will have their whole time available for research, their teaching and administrative duties being of a quite minor kind. They will have opportunity to move about among their colleagues in Australia. Professors will be at liberty to take a yr.'s study leave with full salary after each 3 yrs. of service, Readers after each 5 yrs. of service, and Senior Fellows and Fellows after each 6 yrs. of service.

All Depts. of Res. Schools, except that of Med. Chem., are now located in Canberra. The permanent bldgs. for the Res. Sch. of Phys. Scis. have now been completed, and the remaining Schls. are housed in temp. bldgs. pending the construction of permanent bldgs.

Each Dept. of the Res. Schools accepts a small number of graduate res. students of first-class calibre, the general minimum entrance qualification being a Master's degree or its equivalent in a University of sr. standing. Each student is assigned to a supervisor, and pursues a course of res. under

supervision. Subject to certain conditions, the student may proceed to the Ph.D. degree (normally after three yrs.' work) or an M.A. or M.Sc. (usually after two yrs.' work). The Univ. will also confer the degrees of D.Litt., D.Sc. and LL.D. for distinguished work in appropriate fields published by persons with a real connexion with the Univ.

INCOME (1953). £A646,909. Running Exp.: Commonwealth grants, 96·6 per cent.; rentals, 2·8 per cent.; fees, 0·1 per cent.; grants and donations, 0·5 per cent. Commonwealth grants for capital works, £A1,002,000.

ANNUAL FEE: £A52 : 10s. (covers all charges except board and residence).

RESIDENCE. Single students are normally required to live in University House (*see below*), and married students within easy access of the Univ. precincts. Master of University House: Prof. A. D. Trendall.

SCHOLARSHIPS. From 1948 to 1951 the Univ. awarded some 75 res. scholps. to relatively recent graduates of high promise, for study abroad. At present the Univ. offers 15 scholps. annually, but they are now intended mainly to support some specially able students working in the Univ. itself. The emoluments of the scholps. tenable in the Univ. vary according to the scholar's circumstances, but are of the order of £A615-£A750 p.a.

The Univ. from time to time issues invitations to distinguished sr. scholars to visit Australia, conducting discussions with interested people not only in Canberra but in the other Australian Univs.

LIBRARY. The Library, which was assembled in Melbourne and brought to Canberra late in 1950, now comprises some 70,000 bound vols. and about 20,000 vols. in the Oriental collection.

BUILDINGS. The Univ. site consists of 204 acres of well-situated land in the Canberra suburb of Acton. The first permanent bldg. erected was the lab. of the Res. Sch. of Physical Sciences. University House, which provides collegiate accomm. for about 130 single staff members and graduate students, and forms a social centre and fac. club for the Univ., was opened in 1954. The labs. for the John Curtin School of Medical Res. are under construcn. and bldgs. for the other two schools, the Library and ancillary services are being planned. Housing is a major problem in Canberra and in the present difficult situation the Univ. has undertaken some responsibility for finding living accomm. for the members of its staff.

PUBLICATIONS. *Calendar*, 7s. 6d. A news bulletin describing the Univ.'s development is issued gratis every few weeks, and will be supplied on request.

GENERAL INFORMATION

The Univ. was founded in 1853 by an Act of the Victorian Legislature and declared open in 1855. In 1854 a site of about 100 acres was reserved for Univ. purposes. Schools of Law and Med. were established in 1857 and 1862 respectively. The ceremonial Wilson Hall (destroyed by fire in 1952) was opened in 1882, a year after women students were first admitted. Residential colleges were established as follows: Trinity, 1872; Ormond, 1881; Queen's, 1888; Newman, 1919. The Conservatorium of Music was opened in 1895 and the College of Dentistry affiliated with the Univ. in 1904. A year later schools of Dent. and Agric. were established. By 1909 more than 1000 students were attending the Univ.; this had risen to 2000 by 1920, and during the ensuing 10 yrs. schools of Arts, Anat., Bot. and Geol. were built and the Univ. Press established. In 1935 the Univ.'s first salaried Vice-Chancellor was apptd., previous holders of that office having acted in an honorary capacity. 1937 saw the establishment of Union House, a recreation centre for students, now 4000 strong, and the opening of Univ. Women's College, to which major extensions were made in 1952. Chem. and Comm. buildings were opened in 1939. The student body increased from 4400 in 1939 to 9100 in 1947; this influx necessitated the opening, in 1947, of a branch of the Univ. at Mildura, where, for 3 yrs., first-year students in several Facs. were trained. Numbers have since fallen to 7028 in 1953.

CONSTITUTION. The Council is composed of 32 members—elected by graduates (10); representatives of the teaching staff (5); of affiliated colls. (2), undergrads. (2); apptd. by the Govt. (8) (3 being Members of Parliament, the others representing business interests and technical schools); *ex officio* (3); and co-opted members (2). Convocation (the body of grads.) elects a Standing

Cttee. with certain legislative and advisory functions. There is a Professorial Board, and individual courses are controlled by Facs. and Bds. of Studies.

INCOME (all figures in Australian currency). In 1953, total expenditure for all funds amounted to £1,601,725 (including £78,297 for land and bldgs.) as against total income of £1,678,475 which included £71,928 donations and bequests for capital purposes and £46,700 Govt. grants for salary improvements in 1954. The accumulated deficit in the Univ. General Fund at 31st Dec. 1953 was £123,164. The State Govt. has fixed an amount of £604,000 as its contribution to the Univ. during the financial year 1953–54.

GENERAL INFORMATION

The New England University College was established as a branch of the Univ. of Sydney on January 1, 1938, by the Senate of the Univ. of Sydney. It was establd. in accordance with the expressed wish of the people of Northern New South Wales and for the purpose of providing educn. at Univ. level for country students particularly. New England thus became the first experiment in Univ. decentralisation in Australia. The N.S.W. Government bore the cost of converting the property to its present use and of providing additional bldgs., and has more recently provided funds for the building of temp. hostel accomm. to house 78 students. The Commonwealth Government made funds available under the Commonwealth Reconstruction Training Scheme for the erection of another large bldg. to provide addnl. lecture-rooms, labs. and staff studies.

By the University of New England Act, 1953, the New England Univ. Coll. was incorporated as the University of New England. It came into legal existence as an independent Univ. on February 1, 1954, and, in addition to fulfilling its previous functions, is now entitled to examine its own students and grant degrees and diplomas. The Univ. is authorised by the Act to co-operate with the New South Wales Univ. of Technology in the provision of degree courses at the Newcastle Univ. Coll.

CONSTITUTION. The Univ. consists of the Chancellor, Deputy Chancellor, Vice-Chancellor, Council, Convocation and students. The governing authority of the Univ. is the Council. The Chancellor, elected by the Council, is head of the Univ., and as such is empowered, in the name of the Univ., to confer all degrees. The chief academic and admin. officer is the Vice-Chancellor, who is *ex officio* a member of the Council.

INCOME (1953). £A178,196 (grants from Commonwealth and State Govts., 78 per cent.; residential fees and sale of farm produce, 14 per cent.; tuition fees, etc., 7 per cent.; misc., 1 per cent.).

FACULTIES AND DEANS. *Arts*, Dr. K. A. McKenzie; *Science*, Dr. A. Stock.

LIBRARY. Dixson Library, approx. 25,000 vols., together with a large number of periodicals.

LABORATORIES, ETC. A FIELD STATION for research into properties of the ionosphere has been established. In the Univ. grounds are the labs. connected with a large C.S.I.R.O. Field Res. Station of 4500 acres situated about 10 miles from Armidale. The UNIVERSITY FARM of 500 acres will provide facilities for field studies connected with the proposed Facs. of Agriculture and Agricultural Economics.

ADMISSION. *See* Appendix I.

NON-MEMBERS OF THE UNIVERSITY. Any person wishing to attend Univ. lectures may do so without matriculation upon payment of such fees as the Council may from time to time direct, provided that any such person must obtain the approval of the Fac. concerned before attending lectures.

DEGREE COURSES. B.A., B.Sc., 3 yrs.; B.A. (Hons.), B.Sc. (Hons.), 4 yrs.

HIGHER DEGREES. M.A., M.Sc.

EXTERNAL STUDENTS. Correspondence courses leading to B.A. degree are offered to external students from the beginning of 1955.

DIPLOMA. Dip.Ed.

POSTGRADUATE STUDY AND RESEARCH. Facilities available, esp. in Hist. and Econ., Chem., Phys., Bot., Zool., Geol. and Geog.

FEES. Matricn., £3; degree courses in Arts (Pass, 3 yrs.), £260; (Hons., 4 yrs.), £270; degree courses in Sci. (Pass, 3 yrs.), £330; (Hons., 4 yrs.), £390.

ACADEMIC YEAR. March to Dec. (3 terms of 10 wks. each).

ADULT EDUCATION. A Dept. of Adult Educn. under a Sr. Lectr. organizes adult educational activities in the New England region. Classes cover a wide variety of subjects ranging from Spoken and Written English and Current Affairs to Landscape Painting and Weaving.

The ARMIDALE TEACHERS' COLLEGE provides facilities for teacher trainees who are undertaking Univ. courses and for graduates who are pursuing the Dipl. in Educn. course.

STUDENT RESIDENCES. Accomm. at the Univ. itself for 78 students; 8 hostels in Armidale can accommodate a further 120 students. The weekly charge to students for full board and lodging is £A3: 10s. Except for those whose homes are in Armidale or who are married, all students are required to come into residence.

UNIVERSITY MILITARY FORMATION. "D" Co. of the Sydney Univ. Regiment is recruited at the Univ.

STUDENT HEALTH SERVICE. Each student is required to contribute £A1: 10s. yearly to a medical fund which entitles him, under certain conditions, to free medical treatment while in residence.

SPORT. An active Sports Union provides for all major sporting activities. The Consett Davis Memorial Playing Fields provide for football, hockey, baseball and basket-ball. A cricket oval and six new tennis courts are expected to be ready shortly.

STUDENTS' UNION. At present the Students' Union has quarters in "Booloominbah" itself. Plans and specifications of "Forster House," the proposed Students' Union, have been completed.

PUBLICATIONS. *The University of New England Calendar, Neucleus* (student newspaper, fortnightly, during term). *Magazines of the Arts and Science Socs.* (annually). *Monographs on New England Regional Research* (from time to time).

THE YEAR 1953

ADULT EDUCATION WORK. 22 classes on widely varied subjects (enrolment 298 in 8 centres up to 150 miles from Armidale).

VISITS BY MEMBERS OF STAFF FROM OTHER UNIVERSITIES. Prof. F. J. Schonell, Q'ld. (Educn.); Dr. J. Huxley; Prof. R. B. Farrell, Syd. (German); Prof. D. P. Craig, Syd. (Chem.); Prof. S. J. Butlin, Syd. (Econ.).

RESIGNATIONS. Dr. O. Spindler (German), apptd. Sr. Lectr. Newcastle Univ. Coll.; F. M. Cox (Psychol.).

GENERAL INFORMATION

Incorporated by Act of N.S.W. Parliament in April 1949, The New South Wales University of Technology was established to meet the urgent demand in Australia for increasing numbers of technologists and applied scientists, and to provide them with means of advanced training and res. Government of the Univ. is vested in a Council representative of Parlt., industry and commerce, the trade unions, technical educn., professional bodies, the Univ. of Sydney, and of the Univ.'s own teaching staff and its undergraduates and graduates. The Council may provide courses in Applied Sci., Engin., Technol., Commerce, Industrial Organization and such other related courses as it deems fit, and may, after examn., confer the several degrees of Bachelor, Master and Doctor, and such other degrees and such certificates in the nature of degrees or otherwise as it thinks fit. Power to decentralize the University's activities, both in its co-operation with industry and in its teaching services, is given to the Council, which is authorized to establish and maintain branches, depts. or colls. at Newcastle, Wollongong, Broken Hill or such other places in the State of New South Wales as it may approve. The first coll. of the Univ. was established at Newcastle in Dec. 1951, and is controlled by the Council. An Advisory Committee with experience of educational and industrial requirements at Newcastle advises the Council on the development and management of the Coll. Pending completion of development of its own site at Kensington, the Univ. has at its disposal the facilities of the N.S.W. Dept. of Technical Education.

INCOME (1952–53). £A894,460 (Running Exp.): 67 per cent. from State Parliament grants, 19 per cent. from Commonwealth Parliament grants, remainder from fees, contributions from industry and other sources. Also in 1952–53 the State Parliament provided funds from General Loan Account amounting to £A469,484, expended on Univ. purposes as follows: Buildings, £A346,328; Plant, £A108,402; Furniture, £A14,754.

FACULTIES AND DEANS. *Applied Sci.*: Prof. A. E. Alexander (Appl. Chem.); *Archit.*: Prof. F. E. Towndrow; *Engin.*: Prof. D. W. Phillips (Min. Engin.).

LIBRARY. The main Univ. library is a separate collection within the Sydney Technical Coll. library. The figures shown include the collection at and accessions to the Univ. library at Kensington and all joint libraries of the Univ. and the Dept. of Technical Educn. Vols. 45,488; accessions, 1953, 2162.

ADMISSION. *See* Appendix I.

PUBLIC EXAMINATIONS. *See* Appendix I.

DEGREES. 3 yrs.: B.Sc. Pass (Gen. Sci., Newcastle Univ. Coll.); 4 yrs.: B.Sc. Pass, Hons. (Appl. Chem., Appl. Phys., Metall., Wool Technol.), B.Sc. Pass (Chem. Engin.), B.E. Pass, Hons. (Civil, Electr., Mech., Mining, Appl. Geol.); 5 yrs.: B.Sc. Hons. (Chem. Engin.); 6 yrs.: B.Arch. Pass, Hons. A number of courses, leading to the degrees of B.Sc. and B.E., may be taken by part-time attendance. In general, these courses extend over 6 yrs. (Pass) and 7 yrs. (Hons.).

HIGHER DEGREES. M.Sc., M.E., at least 2 yrs.; Ph.D., at least 3 yrs.

COURSES. First degree courses instituted in Civil, Elect., Mech. and Min. Engin. in March 1948, this initial step being made possible by the work of the Developmental Council, apptd. in Aug. 1947. Degree courses in Appl. Chem. and Chem. Engin. began in March 1949, Archit. in 1950, Appl. Phys. and Wool Technol. in 1951, Metall., Food Technol., Indust. Chem., Leather Chem., Appl. Biol., Gen. Sci., and Appl. Geol. in 1954.

Two features are emphasized in undergrad. courses. The first is incorporation in the syllabus of industrial experience to supplement lab. and lecture-room work at the Univ. (in the Fac. of Engin., 5 months p.a., supervised and organized to suit the stage and syllabus of each course). The second is the compulsory study of general subjects, such as English, Hist., Econ. and Psychol. These courses are designed to broaden the experience and interests of the student.

From beginning of 1951 the Univ. assumed responsibility for provision of 20 dipl. courses in Engin., Appl. Sci. and Archit., previously provided by the N.S.W. Dept. of Technical Educn. Dipl. courses require attendance for 5 or 6 yrs. pt.-time concurrently with employment in related occupation. Students attending have matriculated and are registered students of the Univ. On the certif. of the Univ. that the course has been completed the Dept. of Technical Educn. issues the dipl. of the A.S.T.C.; the student may then be admitted to degree course with advanced standing, proceeding to Bachelor's degree by 1 or 2 yrs.' further pt.-time attendance in a Conversion Course.

Facilities are available to students already in employment and enrolled in appropriate dipl. courses to transfer at certain stages to degree courses at the Univ. Conversion Courses, which began in 1950, permit those who hold such qualifcns. from Technical Colls. and from other Univs. to resume their studies and proceed to a degree or higher degree of the Univ.

FEES (all figures are in Australian currency). Undergrad.: Matricn., nil; Graduation, nil; B.Sc. courses, £60–£150; B.E. courses, £60–£120; B.Arch. course, £120. Masters' Degrees (M.Sc., M.E.): Registration, £2 : 2s.; Graduation, £15; Internal students, full-time, £30, pt.-time, £15 p.a.; External students, £10 p.a. Ph.D. Degree: Registration, £2 : 2s.; Graduation, £21; Internal students, £30.

ACADEMIC YEAR. Feb. to Dec. Three terms of 12 weeks each. In certain courses, *e.g.* in Fac. of Engin., students attend Univ. for two terms and for remainder of year gain practical experience in industry.

RESIDENCE. A hostel at Kensington provides accomm. for 200 students. (*Telephone*: FX 6749.) *Fees*: £A3 : 10s. per week.

UNIVERSITY REGIMENT. Established in 1951.

POSTGRADUATE FELLOWSHIPS, ETC. I.C.I.A.N.Z. Res. Fellowship for British Commonwealth graduates, £A600 p.a. for 2 yrs., for study in fields related to interests of I.C.I.A.N.Z.; Monsanto Res. Scholp. for graduates of Australian Univs., £A600 p.a. for 1 yr. for res. in chem. engin.

PUBLICATIONS. *Calendar* with *Annual Report* (5s.); *Orientation Handbook*; *Report* on research activities of Univ.

THE YEAR 1953

PRINCIPAL BENEFACTIONS. C.S.I.R.O., £A2669 for res.; Cwth. Bank of Aust., grant from Rural Credits Developt. Fund, £A2500; Nuffield Foundation grant for maintenance of Nuffield Res. Chair of Mech. Engin., £A3125.

NEW BUILDINGS. First major bldg. on 85-acre site at Kensington nearing completion. It comprises 3 floors and basement and will provide floor space of 136,745 sq. ft. Part of bldg. occupied since beginning of 1954 by Sch. of Archit. and Bldg. Sch. of Metall. transferred from Broadway to Kensington and occupies 4 light frame bldgs. on new site. Sch. of Chem. Engin. also located at Kensington.

NEW DEPARTMENTS AND POSTS. Sr. Lectrs. apptd. in Chem. Engin., Mech. Engin., Metall. Lectrs. apptd. in Appl. Chem., Appl. Physics, Civil Engin., Maths., Mech. Engin., Mining Engin.

SPECIAL COURSES. 15 series of postgrad. (extension) courses given conjointly by reprvs. from industry and members of Univ. staff in following Schs. —Appl. Chem., Appl. Phys., Chem. Engin., Civil Engin., Maths., Mech. Engin.

RESIGNATIONS. A. S. Danchev (Mining Engin.), I. M. Fraser (Appl. Chem.) D. W. George (Elect. Engin.), T. T. Hague (Hum. and Soc. Scs.), H. Hodson (Civil Engin.), K. E. Johnson (Civil Engin.), A. V. Jopling (Appl. Geol.), E. E. Peacock (Civil Engin.), A. F. T. Tillott (Maths.), R. K. Warner (Chem. Engin.), J. C. Webb (Mining Engin.), M. W. White (Civil Engin.).

GRADUATION CEREMONY. First graduation ceremony of Newcastle Univ. Coll. held on 16th May 1953.

STUDENT HOSTEL. The hostel was opened at the beginning of the year. On completion of additions now being made, accomm. will be available for about 300 students.

GENERAL INFORMATION

The Univ. was established by an Act of the local legislature in 1909, and the entire management and control are in the hands of a Senate. The Senate consists of 25 members—15 appointed by the State Govt. and 10 elected by the Univ. Council (consisting of all members and past members of the Senate; all graduates of the Univ. of 3 yrs. standing; persons appointed by the Govt. as representative of commerce, industry and scientific assocns.; benefactors, etc.). Under the University of Queensland Act Amendment Act of 1941, which came into operation on Nov. 8, 1943, the number of Govt. representatives on the Senate was increased to 15, making the total number of members 25 instead of 20. The Univ. is subsidized by the State and Federal Govts.

INCOME (1953). £A788,012 (State Govt., £A405,360; Federal Govt., £A163,006; Fees, £A121,319).

LOCATION. The present site belongs to the Central Technical Coll. and is used only temporarily for Univ. purposes. The permanent site of the Univ., consisting of 223 acres, is situated on the Brisbane River in the suburb of St. Lucia. It has a river frontage on three sides, and was the gift of Dr. and Miss Mayne, Brisbane. At present, bldgs. at St. Lucia are occupied by the Facs. of Arts, Commerce, Law and Educn., the Depts. of Chem., Ext. Studies, Geol., Phys. Educn. and Surveying, the Main Library and Administration. It is planned to continue with the construction of further bldgs. to house other Facs. and Depts. not accommodated at other sites.

GENERAL INFORMATION

Founded in 1850, the University of Sydney is the oldest Univ. in Australasia. Its development has been largely due to private benefactions. The Act of Incorporation provided for the appt. of a Senate of 16 Fellows (later increased to 26) and a statutory grant of £A5000. The first Provost and Vice-Provost (later entitled Chancellor and Vice-Chancellor) were elected the following yr., and the first 3 Profs. arrived in Sydney from the U.K. in 1852, the yr. of the Univ.'s inauguration in the Sydney Coll. bldgs. (now occupied by Sydney Grammar Sch.) in College Street. The first matriculation examn. was held in Oct. The Sydney Coll. bldgs. proved to be inadequate, and the State Govt. made a grant of 128 acres of land (later increased to 141½ acres) at Grose Farm on the w. boundaries of the city, with provision for sub-grants by the Senate for 4 Colls. and for subsidies towards the Coll. bldgs. and the salaries of their hds. The Univ. was transferred to this, its present site, in 1857. St. Paul's College (C. of E.) was estd. in 1854, St. John's (R.C.) in 1857, St. Andrew's (Presb.) in 1867, The Women's College (undenominational) in 1889, Wesley College (Methodist) in 1910 and Sancta Sophia College (R.C. Women) in 1929. All were built on Univ. land and subsidized on equal terms.

Most of the Univ. buildings have been provided from public funds. The Great Hall, a replica of Westminster Hall, London, was opened in 1859 and the main bldg. completed the following yr.

The Univ. was granted a Royal Charter in 1858. Women were not admitted to membership of the Univ. until 1881; they were given the same rights as

men 3 yrs. later. Up to 1890 all students except graduates in Arts were required to attend one year in Arts before entering upon special studies.

CONSTITUTION. The body politic and corporate of the Univ. of Sydney consists of a Senate constituted of 4 fellows apptd. by the Governor, 1 elected by the Leg. Council, 1 by the Leg. Assembly, 10 by the grads., 3 by the fellows, 1 the Vice-Chancellor of the time, 5 rep. of the teaching staff, 1 (a grad.) rep. of the undergrads. The Chancellor and Deputy-Chancellor are elected by the Senate from its own members. The Chancellor or, in his absence, the Deputy-Chancellor, presides at all meetings of the Senate ; if both are absent, a chairman is elected by the fellows. The entire management of the affairs, concerns and property of the Univ. is controlled by the Senate, which makes the by-laws and regulns. subject to approval of the Governor, who is the Visitor to the Univ. No religious test is administered to any person.

There is a Professorial Board to further and co-ordinate the work of the Facs. and Depts. and encourage scholarship and res. The Faculties are responsible for supervision of teaching and conduct of examns. The Prætorial Board may, on reference by the Vice-Chancellor, impose penalties for breach discipline or misconduct by students.

INCOME (1953), £A1,490,150 : State Govt. grants, 36 per cent. ; Commonwealth Govt. grants, 23 per cent. ; fees, 34 per cent. ; endowments, 2 per cent. ; other, 5 per cent.

The grounds, which include the sites of the Colleges grouped round an oval, cover about 140 acres.

The LAW SCHOOL (Univ. dept.) is located at 167 Phillip St., Sydney (*Telephone* : BW5944), and the DENTAL HOSPITAL OF SYDNEY (Univ. dept. of Dent.) at 2 Chalmers St., Sydney (*Telephone* : MA6964).

In the Univ. grounds is the TEACHERS' COLLEGE, a branch of the State Dept. of Educn. The courses leading to the Univ. postgrad. Dipl. in Educn. (Dip.Ed.) are arranged through co-operation between the staffs of the Univ. and the Coll. THE COUNCIL FOR SCIENTIFIC AND INDUSTRIAL RESEARCH ORGANIZATION: The National Standards Lab., situated in the Univ. grounds, was completed in 1940. Close collaboration in res. activities exists between many Univ. depts. and relevant divisions of the C.S.I.R.O. This applies particularly in Agric., Biochem., Bot., Zool., Vet. Physiol., Electr. Engin. and Chem. Engin. The McMaster Animal Health Lab., Div. of Animal Health and Production, C.S.I.R.O., which adjoins the Vet. Sch., was opened in 1931. Facilities are available for res. in Parasitol., Bacteriol. and Biochem. The McMaster Field Station attached to the same div. was opened in 1938. The station (800 acres) adjoins the Univ. McGarvie Smith Animal Husbandry Farm (*see above*). It is equipped primarily for investigations in Genetics and reproductive Physiol. in sheep and cattle under field conditions.

ADMISSION. *See* Appendix I. It should be noted that admission to the Fac. of Medicine at the present time is restricted to residents of N.S.W. because of shortages in staff and accomm., but the situation is reviewed at the end of each yr.

NON-MEMBERS OF THE UNIVERSITY. Any person may attend lectures without matricn. upon payment of such fees as the Senate may from time to time direct, provided that he has the approval of the Fac. concerned before commencing attendance at lectures.

PUBLIC EXAMINATIONS. *See* Appendix I.

SCHOOL OF PUBLIC HEALTH AND TROPICAL MEDICINE. The School acts as the teaching and examn. centre for the Univ.'s Dipls. of Public Health and of Trop. Med. and Hyg. In addition, a course in Preventive and Social Med. is given for undergrad. students. Courses are also given in Architectural Hyg., Soc. Hyg., Trop. Hyg. and Industrial Nursing. The School is financed by the Commonwealth Health Dept., but all teaching is directly controlled by the Univ. and the Fac. of Med., together with all matters concerning diplomas, syllabuses, fees, examns., etc. An Advisory Council, of representatives of the Univ. of Sydney and the Commonwealth Dept. of Health, deals with all matters of policy. The staff consists of a Director (also Prof. of Preventive Med.), a Professor of Tropical Medicine, 11 Med. Officers, and a number of visiting Lectrs.; 4 Entomologists, 4 Parasitologists and 11 technical officers. The D.P.H. entry requirements are those of the General Medical Council of Gt. Britain, the D.T.M. & H. courses correspond to similar courses at the London School of Hygiene and the Liverpool School of Trop. Medicine. The main divisions of the School are those of Pub. Health and Preventive Med., Tropical Med. and Hygiene, Indust. Hygiene, Bacteriol. and Pathol., Parasitol. and Protozool., Med. Entomol., Vital Statistics and Child Welfare. Library of about 15,000 vols., dealing espec. in Trop. Med. and Hyg., is available. Facilities are provided for research students.

DEGREE COURSES. 1 yr. (after completing 3 yrs. in Med.)—B.Sc. (Med.) Pass, Hons.; 3 yrs.—B.A. Pass (4th yr. for Hons.), B.Sc. Pass (4th yr. for Hons.); 4 yrs.—B.Sc.For. Pass (no Hons.), B.Sc.Agr. (5th yr. for Hons.), B.Ec. Pass, Hons.; LL.B. Pass, Hons., B.D.S. Pass, Hons., B.E. Pass, Hons. (Civil Engin., Mining Engin., Electr. Engin., Chem. Engin. or Aeronaut. Engin.), B.E. Pass (5th yr. for Hons.) (Mech. Engin.); 5 yrs.—B.V.Sc. Pass, Hons., B.Arch. Pass, Hons.; 6 yrs.—M.B., B.S. Pass, Hons.; 2 yrs.' advanced study or research (for persons aged 21 yrs. or upwards whose general educn

and sp. qualifn. for advanced study and res. have been approved by Fac. concerned)—B.A. or B.Sc. The LL.B. qualifies conditionally for admission to the Bar. Law students may take the B.A. first, selecting Law subjects in 3rd yr., and complete combined course in 6 yrs., thereby gaining concessions in regard to periods of studentship and service as articled clerk. B.D. Pass, Hons. degree is obtainable in 2 yrs. after graduation in another Fac.

In general, candidates for Hons. are required to do extra work except in the Facs. of Law, Medicine, Dent., Vet. Sci. and Archit., in which Hons. are awarded on the Pass work of the whole course.

There are Honours Schools in the following subjects: *B.A.*—(a) [ordinary Hons. degree] Gk., Lat., Classics, Engl., Fr., German, Ital., Hist., Philos., Govt., Psychol., Educn., Econ., Anthropol., Maths., Geog., Music, and Archaeol.; (b) [in Sch. of Social Sciences] Hist., Philos., Moral and Polit. GENERAL INFORMATION

Founded in 1890 under an Act of the Tasmanian Legislature, the Univ. was granted a Royal Charter in 1915. To the original Facs.—Arts, Science and Law—Commerce was added in 1919, Engineering in 1922 and Education in 1951. Music (included under the Faculty of Arts) was taught from 1935 to 1938 but the Lectureship has lapsed.

CONSTITUTION. The University consists of a Council and Senate. The Council, which has the management and control of the affairs and property of the Univ., consists of 21 to 23 members, 6 of whom are elected by the Senate, 2 by the teaching staff, 8 by members of Parliament, and 2 by the Governor on the recommendation of the Council; the Minister and Dir. of Education and the Chairman of the Professorial Bd. are *ex officio* members. The offices of Chancellor and Vice-Chancellor may be filled by election by and from the members of Council or by the appointment of persons not members of the

Council. The Governor is *ex officio* visitor of the Univ. The Chancellor is elected every 4 yrs. and is a member *ex officio* of every Fac. and of every Bd. or Cttee. within the Univ. The Vice-Chancellor is the chief executive officer of the Univ. The Senate consists of all graduates of the Univ., its chief officers being the Warden and Vice-Warden, who are elected every fourth yr. Its main functions are to elect members of Council and to consider proposed new Statutes or amendments to existing Statutes. The Professorial Bd. is the main academic body and exercises a general supervision over all matters concerning the studies and examns. of the Univ. The Facs. exercise similar functions but are subordinate to the Bd.

INCOME. The State Govt. Grant for 1953–54 was £A111,400 and the Commonwealth Grant £A47,851. Chem. and some Engineering subjects are taught under a joint agreement between the Univ. and the Hobart Technical Coll.; the Jt. Bd. of Management received a separate grant of £A37,175 from the State Govt. and £A9403 from the Commonwealth Grant for those depts. in 1953–54.

GENERAL INFORMATION

Established by Act of the State Legislature in 1911, the University opened its first session in 1913. Its present site of 165 acres is at Crawley-Nedlands on a bay of the Swan estuary about 4 miles from Perth. On the site are extensive playing fields and two open-air theatres. The main University buildings, including Winthrop Hall, the student block, the Arts lecture-rooms and the Library, were made possible by a bequest of £A425,000 of Sir J. Winthrop Hackett, the first Chancellor of the Univ., and to-day are known as the Hackett Memorial Buildings. A further amount of £A140,000 bequeathed for the purpose to the Church of England, led to the establishment of St. George's Coll.

The University at present receives a statutory annual grant from the State Government and additional annual appropriations for current revenue from the same source. The total State grant in 1953 was approx. £A293,000 and a grant of approx. £A101,000 was received from the Commonwealth Govt. Total expenditure on all activities, including Public Examns. and Adult Educn., was £A522,000, including £A59,000 from various sources which was devoted to research.

The administration is vested in a Senate of 21 members, of whom six are nominated by the Government and seven are *ex-officio* or co-opted members. A second body with mainly elective and revisionary functions is known as Convocation. Convocation elects 6 members of the Senate. The teaching staff elects 2 members.

LABORATORIES. Agric., Anat., Bot., Chem., Dent., Geol., Engin., Phys., Physiol., Psychol., Zool. MUSEUMS. Agric., Bot., Geol., Zool. FIELD STATIONS. Bot., Zool.

LIBRARY. 115,150 vols. Accessions during 1953, 5487.

FACULTIES AND DEANS. *Agric.*, Prof. E. J. Underwood, *Arts*, Prof. M. N. Austin; *Dent. Sci.*, Prof. K. J. G. Sutherland; *Educn.*, Prof. C. Sanders; *Engin.*, Prof. K. L. Cooper; *Law*, Prof. F. R. Beasley; *Sci.*, Dr. B. J. Grieve.

DEGREE COURSES. 3 yrs.—B.A., B.Sc.; 4 yrs.—B.A. (Hons.), LL.B., B.Ed., B.Sc. (Hons.), B.Sc. (Agric.); 5 yrs.—B.D.Sc., B.Sc. (Agric.) (Hons.) and B.E. First-year Medicine is given as a course of Fac. of Sci. The years of study mentioned are the minimum for full-time students. In Arts and Educn. there are pt.-time students who take at least two yrs. longer.

HIGHER DEGREES. M.A., M.Ed., D.Litt., M.Sc., D.Sc., M.D.Sc., D.D.Sc., M.E., D.Eng., LL.M., LL.D. and Ph.D. In Arts and Sci. a Master's degree cannot be obtained in less than 5 yrs. from matricn. All higher degrees involve research. To proceed to a Master's degree a student must graduate with Hons. or pass an Hons. examn. Doctorates usually require not less than 7 yrs. from matricn. and are awarded only when the work represents a definite contribution to knowledge. In general, the work should have been published.

A one yr. Teachers' Cert. course is available to graduates of this or other recognized Univs. Part of course is taken at Univ. and remainder at Teachers' Coll.

EVENING OR LATE AFTERNOON CLASSES are held in the Facs. of Arts and of Educn. only, but certain Science and Engin. classes may be taken in the evenings at affiliated Colls.

FEES. Matricn., no fee. *Ad eundem statum*, £1 : 1s. Admission to Degrees : Bachelors, £3 ; Masters, £5 ; Doctors, £10. No lecture fees are charged, but there is a fac. service charge varying in amount up to £27 p.a. approx., covering examn. fees, use of lab. equipment, hire of microscopes, loan of books from library, etc. Library deposit of £2 also charged.

Students coming from overseas and neither normally nor likely to become permanently resident in Australia are charged an annual fee of £A50, in addition to all charges normally payable by Western Australians except in 2nd and higher yrs. of Fac. of Dent. Sci., when the fee is £A25 p.a. Approx. fees for local Dent. students are : 1st yr., £A65 ; 2nd, 3rd and 4th yrs., £A95 p.a. ; 5th yr., £A70.

RESIDENCE. University Hostel (accomm. for 120 men). A separate portion of the Hostel has been set aside for women and is now temporarily conducted as a Women's Coll. Accomm. for 60 women. (*See under* "Residential Colleges," *above.*) Fee : about £A4 : 4s. per week. Enquiries regarding the Men's Hostel should be addressed to the Manager. St. George's Coll. (*see above*) provides accomm. for 90 men students at a cost of approx. £A165 p.a.

EXTERNAL TUITION. Exemption from attendance at classes is allowed to students who are resident in Western Australia but live outside the metropolitan area of Perth. Correspondence tuition is provided for such students and there is a circulating library of essential text and reference books. In a few special cases, students who have been enrolled in the Univ. and have transferred to other States, are permitted to remain enrolled under the external tuition scheme. External enrolment is not permitted outside Australia and is allowed only in non-laboratory subjects, except that students taking lab. subjects may be permitted to enrol at affiliated instns. such as the School of Mines, Kalgoorlie.

ADMISSION. *See* Appendix I.

PUBLIC EXAMINATIONS. School Certifs. (Jr. and Leaving), Music and Art of Speech. School Certif. Examns. held annually in Nov. ; practical examns. in Music and Art of Speech in May and between Aug. and Dec. *See also* Appendix I.

ADULT EDUCATION. Adult Educn. work is controlled by the Univ. Adult Educn. Bd., which has its headquarters and library in Chancery House, Howard St., Perth. Its activities, which are State-wide and include extension lectures, orchestral concerts, drama, opera and ballet, are carried on in the metropolitan area of Perth as well as in country districts. Annual Summer School held in Jan. at the Univ. Annual expenditure £A31,000 approx.

STUDENT ORGANIZATION. The student organization is known as the Guild of Undergraduates and the student bldg. which forms part of the Hackett Memorial bldgs. is known as Hackett Hall. Annual subscription to the Guild is £A7 : 5s., but in first yr. students pay an extra £A1 : 1s. registration fee. Pt.-time students pay a proportionate fee.

ATHLETIC ACTIVITIES, ETC. The Univ. grounds contain 3 main sporting ovals as well as grass tennis courts, hockey and basket-ball grounds. There are 2 open-air theatres—the Somerville Auditorium seating 2000 and the Sunken Garden seating 400—for concerts and drama. The lawns are also used, during the annual Summer School, for folk-dancing. The Univ. is situated beside the Swan river and aquatic sports, including rowing, are popular.

ARMY AND AIR FORCE UNITS. There is a Univ. regiment and an Air Force unit.

GENERAL INFORMATION

The Canberra University College was created in 1929 by an Ordinance of the Australian Capital Territory. It is assocd. with the Univ. of Melbourne by a temp. reguln. of that Univ. whereby the Univ. recognizes the instruct. given at the Coll., examines the students for the Univ.'s own degrees, and approves appointments to the academic staff. The academic staff of the Coll. shares in the work of examn. The Coll. has a School of Oriental Langs. which provides courses in Chinese and Japanese and these are recognized as degree subjects by the Univ. of Melbourne although the Univ. itself has no equivalent depts. The same situation applies in respect of Austr. Lit. which is taught as a separate subject at the Coll. only. The temp. reguln. associating the Coll. with the Univ. of Melbourne has been successively renewed for two or three yr. periods since 1930 and is at present framed to expire at the end of 1956. The Australian National University Act, 1946, empowers the Australian National Univ. to incorporate the Coll. and discussions are at present proceeding which may result in such incorporation.

CONSTITUTION. The Council of the College consists of 17 members, 8 appointed by the Governor-General on the advice of the Minister for the Interior (of whom 2 are nominated by the Australian Capital Territory Advisory Council); 3 elected by grads. of any Univ. who are resident or employed in the A.C.T.; 2 elected by the teaching staff; 1 apptd. by the Australian National Univ.; the Principal; and 2 apptd. by the Council itself. The Council elects its own Chairman.

The Council is the governing body. Under it the principal academic body is the Bd. of Studies consisting of the Profs. and other heads of depts. The Coll. is not divided into Facs.

INCOME (1953–4), £84,362 (Govt. grants, 92 per cent.; Fees, 7 per cent.; Other, 1 per cent.

LIBRARY. 18,000 vols.

ADMISSION. *See* Appendix I.

NON-MEMBERS OF THE UNIVERSITY may, at the discretion of the hd. of the dept. concerned, be admitted to ordinary lectures at a fee of £3 : 3s. p.a. which does not admit to examn.

UNIVERSITY INSTITUTIONS IN NEW ZEALAND

[Specially contributed for this edition in June 1954 by I. F. McKenzie, M.A., B.Com., Registrar of the University of New Zealand.]

THE University of New Zealand, as it stands at present, differs greatly from the University which was first established by Act of Parliament in 1870. The University has evolved to meet the needs of a rapidly developing young country, and while it partakes of some of the characteristics of Universities in the Old World, many of its features today are developed to meet the needs of New Zealand.

Observers have from time to time compared it with the Universities of Oxford, London and Wales. Those who think of Oxford are perhaps too kind, for save that the University of New Zealand is a community of Colleges it has much more of red brick than of ancient stone in its construction. The parallel with London is somewhat more close in that, for many years, the principal duty of the University under the Act of 1908 was to conduct examinations for the students in the Colleges. For over half a century the scripts were sent to Great Britain for examination, but a high proportion of the examining is today entrusted to the individual Colleges, although for the higher stages and final professionals the Senate requires the employment in the examining team in each subject of external examiners or assessors who are frequently members of staff from other Colleges. The parallel with Wales becomes closer with the Act of 1926, which laid less stress on the function of the University as an examining body and developed the University as a federation of Colleges to teach towards common degrees, for the structure of which the University took the major responsibility. Originally the University even directed the detailed prescriptions, including set books and periods for special study. The charge of those matters has in the past decade been increasingly delegated to the Colleges. New Zealand, like Wales, has one University and one governing body or Senate ; there is a parallel in the geographical distribution of Colleges, though New Zealand suffers from the fact that her Colleges are spread over one thousand miles of latitude, while their closest neighbours, instead of being readily accessible by road or rail, are separated by twelve hundred miles of the turbulent Tasman Sea.

The federal University comprises six Colleges in all. The first of these was established by the Scottish pioneers in the year 1869, through an Ordinance of the Provincial Council of Otago. When the concept of one University for New Zealand almost immediately developed, the Scottish settlers did not yield readily their right to their own independent University, and the archives of the federal office still include the original statement of conditions upon which Otago agreed to join the federation. Not least among these conditions was the demand that the young institution in Dunedin should retain the full title of a

University, though under the new enactment it was to function as a constituent college and was destined not to receive a charter of its own. In 1873, the Queen granted a charter to the University of New Zealand, and that year also saw the establishment of Canterbury University College, largely sponsored by the English settlers of Christchurch. Auckland, the original capital of the Colony, established its University College in 1882, and Wellington set up Victoria University College in 1897. Of the two Agricultural Colleges, Canterbury Agricultural College, Lincoln, was established as early as 1873, though its government until the year 1896 remained largely with the Council of Canterbury University College. Massey College, established in 1926, fused the agricultural interests which had previously rested with Auckland and Victoria and thus provided a healthy centre of agricultural education and research in the North Island.

The governing body of the University of New Zealand is the Senate, which includes representatives of each of the Colleges, of the Government and of the graduate body. The Senate exercises authority in general academic and administrative matters, while on the financial side it has set up a Grants Committee, which is charged with the duty of advising the Government on the financial needs of University education, and on the application of such grants as may be made by Parliament to meet those needs. On the academic side, the Senate relies upon the advice of the Academic Board, which is composed of representatives appointed by the College Professorial Boards, together with representatives elected by the Professors and Lecturers. In matters pertaining to the University entrance qualification and entrance scholarships, the Senate is advised by the Entrance Board, which includes representatives of the Academic Board, the Post-Primary Schools' Association and the Department of Education. The senior body in the University, in terms of the Act, is the Court of Convocation, but the members of the federal Court are scattered over such wide distances that worth-while meetings have become impracticable, and the Court of Convocation retains principally the duty of electing five graduate representatives to the Senate.

The University of New Zealand takes the responsibility for the entrance qualification in all of its Colleges. The scope and content of the examination has been changed from time to time, and at present the entrance examination requires a standard of work representing four to five years of post-primary education in English and in three other subjects selected from a fairly wide list. Adequate provision is made for the recognition of the entrance examinations of other Universities.

The federal University has built up through the years a substantial scholarship fund, now augmented by grants from general income and by Government aid, and the University provides a considerable number of entrance scholarships, senior scholarships, research awards and travelling scholarships. These are all administered on a competitive basis, and are available to New Zealand undergraduates and graduates at appropriate stages in their courses.

Each of the four Constituent Colleges provides University courses

in Arts, Science, Law, Commerce and Music, but the training for various other professions is provided by Special Schools, which are recognized by the University but are located in various of the Colleges. Thus Auckland provides special courses in Engineering, Architecture and Fine Arts; Victoria in Political Science, Public Administration and Social Work; Canterbury in Engineering and Fine Arts, Otago in Medicine, Dentistry, Home Science, Mining and Physical Education. Each of the two Agricultural Colleges has developed characteristics suitable to the Island in which it is placed, and provides a centre of teaching and research which is highly valued in a country dependent as New Zealand is upon its primary products.

While the University authorities fully realize the importance of concentrated and full-time academic study, that ideal has not proved practicable for many young New Zealanders: of the eleven thousand matriculated students of 1953, almost five thousand were part-time students, and almost one thousand were external students registered with the University but authorized to pursue their courses through private study, provided that they were able to pass the examinations conducted each year by the University. The Senate is at the present time seriously discussing the arrangements for extra-mural students, and is considering whether wise educational policy would withdraw the right of extra-university study, or would endeavour to provide some form of educational assistance for the extra-mural student

The University of New Zealand is still in a state of evolution. Some authorities maintain that the Constituent Colleges are now equal in size and structure to Universities of the Old World, and should thus become completely autonomous. Others maintain that the federal structure is peculiarly suited to the needs and the administration of New Zealand, and that the changes should be made in the local and administrative conditions which govern the organization. Meantime, the University prides itself on the fact that it has consistently endeavoured to provide an education similar in scope and standard to that offered by the Universities of the United Kingdom. The scheme of travelling scholarships which produced Mellor and Rutherford has been continued and extended, administrative contacts have been fostered through the Association of Universities of the British Commonwealth, and the University takes pride in its place as one of the Commonwealth Universities.

GENERAL INFORMATION (*see also* pp. 1083-1085)

The University was founded, as a purely examining University, by an Act of the Colonial Govt. in 1870. It received its Royal Charter in 1876. Its constitution is defined in the N.Z. University Act, 1908, and subsequent amendments. The most important of these later amendments was that of 1926 by which the Univ. was re-established as a federal Univ. consisting of the four Constituent University Colleges together with the two Agricultural Colleges.

The government of the Univ. is vested in the Senate, advised on academic

matters by the Academic Board, and on entrance matters by the Entrance Board. The Senate consists of a Chancellor, Pro-Chancellor and Vice-Chancellor, 4 members nominated by the Governor-General, 8 appointed by the governing bodies of the University Colleges, 1 by the School of Agriculture, 1 by the Senate, 5 by Convocation, 3 by the Academic Board, the Academic Heads of the constituent Colleges and the Director of Education.

The federal University is now largely concerned with wider problems of the promotion and co-ordination of University education and research and, within recent years, has established a University Press, a Research Fund (at present £15,000 p.a.) and a University Grants Committee. It supervises higher teaching appointments in the Colleges, and the governing bodies of the Colleges cannot make any appointment to a Chair without the prior approval of the Senate. A Professor so appointed becomes a " Professor of the University." *See also* p. 1084.

The University owns, in Wellington, University House, which contains its administrative offices and the Senate Room.

ADMISSION. The principal examn. qualifying for matricn. is the Entrance Examn. held in Dec., when the candidate is required to pass in English and in 3 other subjects selected from appropriate groups of subjects. For certain of the professional courses, candidates are recommended to include certain suitable subjects in their Entrance qualifcn.

Special provision is made for the admission to certain courses of students who have reached the age of 21 yrs. and who give evidence of some reasonable educational background though they have not passed the Entrance Examn. This admission is later confirmed on results gained.

Students from overseas are admitted at the discretion of a Cttee. of the Senate if they have passed an approved Entrance Examn. in a Univ. overseas, or if they have passed such an examn. at a standard which appears to the Cttee. to be the standard of Univ. Entrance in New Zealand.

Under present regulns. the Entrance Examn. is no longer in any way related to the School Certif. Examn. in New Zealand, that examn. normally being taken at least a yr. before the candidate takes the Entrance Examn.

" AD EUNDEM " RECOGNITION. Courses completed, or partly completed, at any British or other approved Univ. may be accepted *ad eundem statum*.

EXTERNAL STUDENTS. Provision is made in certain faculties (notably Arts, Comm. and Law) for the admission to degree examns. of students exempted from attendance at a College. Exemption is available only to students domiciled in N.Z. and in N.Z. Island Territories.

ACADEMIC YEAR. Teaching extends from March to Oct. or Nov., in three terms, Autumn (March–May), Winter (June–Aug.) and Spring (Sept.–Oct. or Nov.).

GENERAL INFORMATION

Founded by Ordinance of the Otago Provincial Council in 1869, with power to grant degrees in Arts, Medicine and Law, the Univ. was opened in 1871. By an agreement effected in 1874 the Univ. agreed to hold in abeyance its power of granting degrees, and to become affiliated to the Univ. of New Zealand (*q.v.*), in which it ranks as one of the four Constituent Colls. The Law Fac. originated in 1873, the Medical Sch. in 1874, the Sch. of Mines in 1878, the Dental Sch. in 1907, Accountancy Lectures and the Sch. of Home Science in 1911, the Theology Fac. in 1945 and the Sch. of Physical Education in 1948.

The govt. of the Univ. is vested in the Council, on which are represented the Professorial Bd., teaching staff, Students' Assoc., graduates (Convocation) and a number of educational and other bodies; the Governor-General-in-Council nominates two members. The Council is advised on academic matters by the Professorial Bd.

GENERAL INFORMATION

Created by Provincial Ordinance, 1873, and affiliated to the Univ. of N.Z., 1874. The first Prof. was apptd. in 1873 to fill the Chair of Chem. Value of lands, bldgs., equipment, etc., 1953: £857,600; annual Govt. subsidies and grants, 1953: £208,300.

Originally vested in a Bd. of Governors consisting of 23 members who were named and apptd. for life, the govt. of the Coll. is now in the control of the College Council, which consists of the Rector (*ex officio*), 18 members apptd. or elected, by the Governor-General (3), by Canterbury members of the 2 Houses of Parlt. (3), by Graduates of the Coll. (6), by Canterbury Sch. Teachers (3) and by members of the Canterbury Sch. Cttees. (3). In addition, there are two Council members apptd. by the Professorial Board, a member representing Lectrs. and a member representing the Students' Assocn. The term of each member is 3 yrs., with one-third of each group retiring in rotation each yr. A Professorial Council, set up in 1877 and reconstituted as the Professorial Bd. in 1896, originally included all full Lectrs. In 1925 membership was limited to Profs. and such Lectrs. as were apptd. by the Council. In 1948 the 1st appt. was made of a full-time Rector, who is the academic head of the Coll. and the permanent Chairman of the Professorial Bd.

There have been several special schools connected with the Coll. The Sch. of Art, opened in 1882, in 1950 became a Fac. of Coll. The chief special sch., that of Engin., has developed greatly since its establishment in 1890. A Sch. of Agric. was opened at Lincoln in 1880, administered by the Coll. until 1897 when it became sep. instn. as Canterbury Agric. Coll.

First permanent bldg. opened in June 1877, and erection of bldgs. continued till 1923. In 1949 the Council decided to proceed with the transfer of the Coll. to a larger site, and plans have been approved for the use of an area of about 130 acres for this purpose.

GENERAL INFORMATION

Established by Act of the N.Z. Legislature in 1882, the College was affiliated to the Univ. of N.Z. in 1883. It received in 1885 an endowment of 30,000 acres of land, of which one-third was sold in 1915 for £10,246. During 1938 it received grants from the Govt. totalling £25,200.

Of the 17 members of the College Council 3 are appointed by the Governor, 2 by the Prof. Board, 1 by local bodies, 4 are elected by the graduates, 3 by the Auckland members of the General Assembly, 1 by the Education Bd., 1 by

Lecturers of the Coll. and 1 by Students. The Principal is also a member of Council.

Three of the special schools are at a distance from the main bldgs.—Sch. of Engin. at Ardmore, 20 miles south of Auckland (*Telephone*: 340 Papakura), Sch. of Archit. in Symonds St., Auckland (*Telephone*: 42-746), and Sch. of Fine Arts also in Symonds St. (*Telephone*: 41-271).

The College Hostel, "O'Rorke Hall," at 43 Symonds Street, Auckland, can accommodate approx. 124 students (49 women and 75 men in 1954). Resident Warden: L. W. A. Crawley (*Telephone*: 45-562).

ADMISSION. *See* p. 1087.

COURSES are provided for the degrees of the Univ. in Arts, Science, Archit., Law, Music, Commerce and Engin., and for the Diplomas of Journalism, Fine Arts, Educn., Music, Archit. and Urban Valuation.

FEES. The approx. inclusive fees are as follows: Arts, £50; Science, £68; Law, £80; Commerce, £50; Architecture, £112; Music, £32; Engineering, £123; Fine Arts, £80.

GENERAL INFORMATION

In 1872 the Provincial Council of Canterbury set aside certain lands for the endowment of higher education, including provision for a school of agriculture. Land suitable for the activities of such a school was bought at Lincoln in 1877 by the Canterbury College Board, which was administering the endowments, and Lincoln Agricultural College was opened in 1880. By the Canterbury Agricultural College Act, 1896, control of Lincoln Agricultural College was removed from the Canterbury College Board and vested in a separate Board of Governors, the College thenceforth being known as Canterbury Agricultural College. In 1913 a University Degree in Agriculture was instituted and the College was recognized as a School of Agriculture by the University of New Zealand. A series of amending Acts were passed between 1922 and 1927, and by legislation passed in the latter year the College became a College of the University.

CONSTITUTION. The Canterbury Agricultural College Act, 1930, with subsequent amendments, constitutes the present authority of the College. It is governed by a Board of Governors, whose members are elected as follows: 1 by Governor-General of N.Z., 3 by Canterbury Members of the House of Representatives, 2 by Council of Canterbury University College, 1 by Council of University of Otago, 1 by South Island Agricultural and Pastoral Assocns.,

3 by South Island Federated Farmers of N.Z., 3 by grads., 1 by staff, and the Principal.

INCOME. 1953—total £166,150 (Grant, 48 per cent.; Fees and donations, 3 per cent.; Endowments, 2 per cent.; Trading, 47 per cent.).

GEOGRAPHICAL LOCATION. The College is situated near township of Lincoln and about 13 miles south-west of Christchurch, South Island.

FARMS. College Farm of 1260 acres, Ashley Dene Farm of 880 acres, situated approx. 8 miles away from Coll. farm.

LIBRARY. 4000 volumes.

LABORATORIES. Biology, Chemistry, Engineering, Soils, etc.

CROP RESEARCH DIVISION of Department of Scientific and Industrial Research is located on the College farm.

RESEARCH. Investigations are proceeding on wheat and other cereal crops, grasses and pasture plants, soils and manures, animal nutrition and disease, farm economics, wool production, agricultural engineering and plant diseases.

ADMISSION. *See* p. 1087. Non-members of the University may be admitted to the Diploma Courses.

COURSES AND FEES. Degree Course (B.Agr.Sc.), 4 yrs.—lectures £22 : 10s. p.a. Board, £4 : 2s. 6d. per week for academic year of approx. 30 weeks. Diploma of Agriculture Course (Dip.C.A.C.), 2 yrs., £164 p.a. including board and tuition. Diploma of Valuation and Farm Management Course (Dip. V.F.M.), 1-yr. postgraduate course, £22 : 10s. tuition. Eight Months' Intensive Course, £22 : 10s. tuition. Horticultural Course, 2 yrs., £164 p.a. including board and tuition. Woolclassing Course, 12 weeks, £12 tuition. Special Courses for Third-year Training College Students in Agriculture, and for Soil Conservators. Various Short Courses in agricultural and horticultural subjects; tuition, £1 per week.

PUBLICATIONS. Monthly Rural Education *Bulletin*; *Annual Review*; Chamber of Commerce *Bulletin*.

THE YEAR 1953

NEW BUILDINGS. Memorial Hall erected as National Memorial to members of N.Z. Young Farmers' Clubs who died in second World War; Hudson Hall residential block, Implement Instruction room and Engin. Lab. and Implement Shed, Maintenance Workshops. Refectory, Boiler House and Laundry under construction.

EXTRA-MURAL WORK. 115 lectures given by staff members at other Colls. and to outside organizations; Farm Schools conducted by Dept. of Agric. and Farmers' Field Days. General Field Days attended by 1970. In addition, special Field Days carried out for 49 organized groups totalling 2271 persons. Conferences held at Coll.: Lincoln Coll. Farmers' Conference 1953; Conference of South Island Wool Brokers.

GENERAL INFORMATION

The College was estabId. under the New Zealand Agricultural College Act in Sept. 1926 as the result of an agreement between Victoria Univ. Coll., Wellington, and Auckland Univ. Coll. to amalgamate their respective Schools of Agric. and to establish the new Coll. in the Palmerston North-Marton area. On July 29, 1927, an amending statute, the Massey Agricultural College Act, was passed, and the Coll. estabId. under its present title. A further amending and consolidating Act, the Massey Agricultural College Act, 1952, was subsequently passed.

The College is financed mainly by Govt. grant. It is governed by a Council of 13, whose members are elected as follows: 4 by Governor-General, 2 by Council of Auckland Univ. Coll., 2 by Council of Victoria Univ. Coll., 1 by Palmerston North City Council, 1 by grads., 1 by holders of dipls., 1 by profs. and lectrs., and the Principal.

* Joint member of the staffs of the College and Dairy Research Institute.

UNIVERSITIES OF THE UNION OF SOUTH AFRICA

HISTORICAL SUMMARY (originally contributed by Professor Ritchie of Cape Town, revised by Sir Carruthers Beattie, formerly Vice-Chancellor of the University of Cape Town, and subsequently revised annually by the Vice-Chancellors' Committee). The history of higher education in S. Africa covers but a comparatively short period of time. It may be said to have had its beginnings when, in 1829, the S. African College (now incorporated in the Univ. of Cape Town) was founded, as a proprietary institution, by a number of progressive citizens of Cape Town, assisted by subscribers from various parts of the country. This institution was, at its inception and for a long time afterwards, not much more than a higher-class school, but it had within it the possibilities of growth and started with very high aims. It had a very chequered history for some time, and was on more than one occasion in danger of extinction, but it gradually acquired a stronger position on ceasing to be a proprietary institution and receiving support from the public funds. For 20 years it remained the only educational establishment in S. Africa which aspired to anything beyond the range of elementary education, but in 1849 a rival College (the Diocesan) was started under the ægis of the Episcopalian Church at Rondebosch, a suburb of Cape Town. A few years later, in 1855, a somewhat similar College, St. Andrew's, was founded in Grahamstown, in the eastern part of the Cape Colony. Under the Governorship of Sir George Grey there was founded, in 1855, the Grey College at Bloemfontein in the Orange Free State, the first attempt at higher education beyond the borders of the then Cape Colony. None of these Colleges was well equipped, and most of the work done by them was school work rather than Univ. work, but they gradually acquired a growing influence and formed centres at which development was only a question of time. A very strong impetus in the direction of higher education was given in 1858 by the establishment of a Board of Examiners in Literature and Science. This Board had in view in the first instance the testing by means of examination of the competency of candidates for the Civil Service and public offices, but it soon extended its scope and started examinations on more distinctively Univ. lines, corresponding roughly to Matricn., B.A. and M.A. The competition between the existing Colleges caused by these examns. had undoubtedly a strong influence on the growth of these Colleges and the greater attention paid to subjects beyond the mere school range. This Board continued to exist until 1873, when a successful attempt was made to institute a Univ. for S. Africa. The Univ. of the Cape of Good Hope, which was then founded, continued to exist until the beginning of 1918, when it was transformed into the Univ. of S. Africa, with its administrative seat at Pretoria. This Univ. was modelled

on the lines of London Univ., as then existing, as a purely examining body. It was governed by a Council, half of whose members were nominated by the Government, half elected by the members of Convocation. It had no constitutional connexion with the Colleges which prepared students for its examns., but the members of the Council who were elected by Convocation tended gradually to be almost entirely members of the teaching staffs of the various Colleges. In this indirect fashion the Colleges had a considerable influence on the development of the Univ. and the extension of the range and scope of its examns. Almost at the same time as the founding of the Univ. of the Cape of Good Hope there was passed by the Cape Parliament a Higher Education Act, which gave definite salary grants to the professors at recognized Colleges. This Act, together with the new impulse given to higher education by the new Univ., had a very marked influence on the development of the Colleges, which now began to increase in staff and numbers of students. The new College of Stellenbosch (afterwards the Victoria College and now the Univ. of Stellenbosch) was founded in 1874, and grew very rapidly, until it was a formidable rival of the older College at Cape Town. Other Colleges were founded also at Somerset East (Gill College) and Port Elizabeth (Grey Institute), but these had only a very short term of life. At a considerably later period, as S. Africa grew in population and wealth, other Colleges sprang into existence. A College for women (the Huguenot College) was founded at Wellington in 1898 and continued until the end of 1950, when it ceased to exist. In 1904 St. Andrew's College at Grahamstown separated its College department from its school, and the former became incorporated as the Rhodes College. In the same year a School of Mines which had been founded in 1896 at Kimberley was transferred to Johannesburg, and afterwards developed into a College for higher education generally, which is now the University of the Witwatersrand. In 1908 a Univ. College was founded at Pretoria (now the University of Pretoria), and in 1909 a similar College was instituted at Pietermaritzburg, Natal (now the University of Natal).

In 1904 there began a movement for the institution of a teaching, in place of the examining, Univ., and the controversy regarding the rival claims of a federal and a single-college Univ. continued for a number of years. An Inter-Colonial Conference on Univ. Education in 1908 reported in favour of a federal scheme, but nothing came of its decision. A new factor in favour of a teaching Univ. was introduced by the munificent gifts for this purpose of Mr. Alfred Beit, his brother, Mr. (later Sir) Otto Beit, and Sir Julius Wernher. In consequence of these gifts, various attempts were made by the Government to solve the knotty question of reconciling claims of the existing Colleges with the institution of one or more teaching Univs. A parliamentary committee deliberated on the subject in 1913, and a Commission was appointed in the same year and, after taking evidence, issued its report in 1914. This Commission proposed two Univs., one consisting of a federation of the S. African College and the Victoria College, the other of a federation of the remaining Colleges (Rhodes College being allowed the choice of joining whichever federation it pleased), but the proposal

led to no practical result, chiefly owing to the objection on the part of the two oldest and strongest Colleges, at Cape Town and Stellenbosch, to the loss of their independence. The problem was at length solved in 1916 by giving charters to both the S. African College and the Victoria College, and by the reincorporation of the old Univ. of the Cape of Good Hope as a federal Univ. embracing all the other Colleges under the name of the Univ. of S. Africa.

The three Acts passed by the Union of S. Africa in 1916 were to the following effect :

I. The Univ. of the Cape of Good Hope became the Univ. of South Africa, with its administrative seat at Pretoria.

II. The South African College became the Univ. of Cape Town, with which is incorporated the S. African College. Its seat is upon the Groote Schuur estate on the eastern slopes of Table Mountain.

III. The Victoria College, Stellenbosch, became the Univ. of Stellenbosch, with its seat in the division of Stellenbosch in the Province of the Cape of Good Hope.

These Acts also made provision for the establishment of a Joint Matriculation Board (*see* Appendix I) and a Joint Committee for Professional Examinations (*see* p. 1129).

The three new Universities of Cape Town, South Africa and Stellenbosch came into being in 1918. The University of South Africa began with six constituent colleges, viz. : Huguenot (Wellington) ; Johannesburg ; Natal (Pietermaritzburg) ; Orange Free State (Bloemfontein) ; Rhodes (Grahamstown) ; and Transvaal (Pretoria).

In 1921 the teaching institution at Potchefstroom was admitted as a constituent college. It was not long, however, before a movement began for the incorporation of the constituent colleges as independent teaching Universities, except Huguenot which ended its career in 1950. The first constituent college to come into being as a University was that of Johannesburg (University of the Witwatersrand, Johannesburg, 1922) ; followed by Pretoria (University of Pretoria, 1930), Natal (University of Natal, 1949), Orange Free State (University of the Orange Free State, 1950), Rhodes (Rhodes University, 1951) and Potchefstroom (Potchefstroom University for Christian Higher Education, 1951).

With the disappearance of all its constituent colleges the University of South Africa was re-incorporated under the same name in 1951 as an examining body for external students. It has a Division of External Studies.

In 1923 the South African Native College (now University College of Fort Hare) was established primarily for the benefit of the native races in South Africa. It was incorporated under the Higher Education Act of that year and, until its affiliation with Rhodes University in 1951, prepared students as external candidates for examinations conducted by the University of South Africa.

Each of the nine Univs. is governed by Council and Senate.

The Senate of the Univ. of South Africa as reconstituted in 1951 consists of two members appointed by the Council, Director and Professor of the Division of External Studies and lectrs. of the Division

who are heads of depts. recognized by the Council for representation on the Senate, two representatives of the Senate of each of the other Univs. in South Africa, and not fewer than eight other persons who are Professors or lectrs. at the other Univs. in South Africa. The Senates of the other Univs. consist in each case of the Principal or Rector, the Vice-Chancellor, two additional members of the Council appointed for a prescribed period, and the Professors and, in addition, at Pretoria and the Orange Free State, Heads of Depts., and at Natal, Directors or Heads of such research institutes as fall under the control of the Council, and the Librarian of the University. At the Univs. of Cape Town and the Witwatersrand two Assessor members are elected annually by the Lecturers.

All the Universities offer degrees in the ordinary Arts and Sciences and one or more of them provide training for the following professions, *e.g. Agriculture*: Natal, Pretoria, Stellenbosch; *Architecture*: Cape Town, Natal, Pretoria, Witwatersrand; *Dentistry*: Pretoria, Witwatersrand; *Engineering*: Cape Town, Natal, Stellenbosch, Witwatersrand; *Fine Art*: Cape Town, Natal, Witwatersrand; *Forestry*: Stellenbosch; *Medicine*: Cape Town, Natal, Pretoria, Witwatersrand; *Music*: Cape Town, Orange Free State, Rhodes, Stellenbosch, Witwatersrand; *Theology*: Potchefstroom, Pretoria, Rhodes, Stellenbosch; *Veterinary Science*: Pretoria; *Commercial and Legal Training*: all the teaching Universities. Schools of African Life and Languages have been established at four of the Universities

The training of secondary teachers has been left to the Universities, and all the institutions endeavour to carry out this training. The training of primary teachers is, to a much smaller extent, provided for in the Universities, the main work in this instance being carried on in training colleges under the provincial Departments of Education.

SCHOLARSHIPS. Open to graduates of all South African Universities: 1851 Exhibition Scholarships, £450 p.a. for 2 yrs. (in exceptional cases, 3 yrs.), tenable at any institution approved by the Commissioners; Beit Fellowships, £240 p.a. for 2 yrs., tenable at Imperial College, London; H. B. Webb, maximum £300 p.a. for 2 yrs.; Union, £300 for 2 yrs. Open to graduates of the Universities of Cape Town and Stellenbosch: Croll Memorial, Porter, George Grey, Queen Victoria, Donald Currie, Ebden, all £300 for 2 yrs.; W. Hiddingh, £266 p.a. for 3 yrs.; Maynard, £90 p.a. for 2 yrs. The Ebden scholarship is tenable only at Cambridge.

Elsie Ballot Scholarships, £400 p.a. for 2-3 yrs., tenable at Cambridge; basis of selection as for Rhodes Scholarships. Further information from the Joint Trustees (The Secretary, Ballot Scholarships, University Registry, Cambridge, and Barclay's Bank, D.C.O. (Trustee Department), Box 434, Pretoria).

For Rhodes Scholarships, *see* p. 482

See also under the separate Universities.

TERMS. The academic year is usually divided into 2 semesters or terms, beginning in Feb. or March and ending Nov. or Dec. At Cape Town, Stellenbosch, Pretoria and the Witwatersrand there are two semesters or terms, beginning end of Feb. and end of July.

VICE-CHANCELLORS' COMMITTEE. The Vice-Chancellors of the Univs. acting as a Joint Committee (known as The Vice-Chancellors' Committee) have, in the exercise of powers conferred by the above-mentioned Acts, made joint statutes and regulations relating to the Joint Matricn. Board, the Joint Committee for Professional Examns., the administration of the Joint Scholarship Funds of the Univs., the admission of registered students of any one of the Univs. to any of the others, and a minimum period of attendance and minimum fees for the degree of Bachelor. They have power to formulate regulations dealing with any matters of common interest, such as the rotation between the Univs. of postgraduate scholarships administered by the Committee and the conditions of award, etc.; the conditions and award of essay prizes, etc. The Committee has also acted as the selecting body for Commonwealth and British Council Scholarships and Imperial Relations Trust Fellowships. The address of the Secretary (who is also Registrar, Univ. of Cape Town) is P.O. Box 594, Cape Town.

COMMITTEE OF PRINCIPALS. A Committee of Principals was constituted and accorded recognition by the Minister of Education and the Councils of University institutions. The Committee consists of the Principals of the Universities and the Director of External Studies of the University of South Africa. The Committee was established for the purpose of considering matters of common interest and acting on behalf of the institutions on matters not specifically assigned to the Vice-Chancellors' Committee

S.A UNIVERSITIES' BUREAU. A central bureau, called the South African Universities' Bureau, was established in 1950. The primary functions of the Bureau are to undertake the secretarial duties of the Committee of Principals and to act as liaison office of the Committee of Principals with the Association of Universities of the British Commonwealth. The address of the Secretary of the Bureau (who is also Registrar of the University of Cape Town) is P.O. Box 594, Cape Town.

ADMISSION. *See* Appendix I.

The JOINT COMMITTEE FOR PROFESSIONAL EXAMNS. (address—P.O. Box 392, Pretoria), consisting of 2 representatives of each of the Univs. (one for Law and one for Survey) and 5 persons appointed by the Govr.-General (of whom at least 2 must be for Law and 2 for Survey), controls and conducts: (1) Attorneys' Admission Examn., (2) Civil Service (Lower and Higher) Law Examns., (3) Examns. in Theory of Land Surveying and (4) Examn. for Patent Agents. It also conducts, in certain cases, on behalf of the Supreme Court, the Advocates' Admission Examn. in Roman-Dutch Law and the Statute Law of the Union, and the Supplementary Attorneys' Admission Examination.

GENERAL INFORMATION

The University of Cape Town, with which is incorporated the South African College, created by Act 14 of 1916, came into legal existence on April 2, 1918, when the Council took over a bequest by Sir Julius Wernher of £250,000 and a donation of equal amount from Sir Otto Beit, who added £50,000 to a lapsed bequest by Mr. Alfred Beit. For early history, *see Yearbook* for 1930 and Introductory Chapter, above.

A site for the Univ. was provided by Govt. at Groote Schuur, Rondebosch. An appeal for funds in commemoration of the centenary of the S.A. College in 1929 realized over £70,000.

The usual language of instruction is English but certain first-yr. courses in Sci. subjects are duplicated in Afrikaans.

CONSTITUTION. The head of the University is the Chancellor; chief academic officer is the Principal, who is *ex officio* Vice-Chancellor; governing body is the Council, which consists of the Principal (*ex officio*), 5 members nominated by the Govt., 6 members elected by Convocation, 3 members elected by the old students' constituency, 1 member elected by the Diocesan College constituency, 3 professors elected by the Senate, and 2 members elected by Cape Town Corporation. The control and management of discipline and instrucn. within the Univ. is in the hands of the Senate, which consists of the Principal, the profs., 2 members elected by the Council. 2 assessor members of the Senate are elected by the Lecturers' Assocn. of the Univ.

Convocation, which consists of the profs. and lectrs. of the Univ. and its graduates, elects the Chancellor, 6 members of the Council, and a President of Convocation; it may discuss any matter relating to the Univ., and may communicate directly with the Council or the Senate.

LIBRARY. 275,000 vols., 30,000 pamphlets. Includes, *inter alia*, Medical Library—30,000 vols.; Music Library—books (3000), scores (10,000) and records (3500); Van Zyl Law Library (early Roman-Dutch Law) and Bolus Botanical Library. The Bolus Herbarium includes the Guthrie Collection of Cape flora.

FACULTIES. Arts, Commerce, Education, Engineering, Fine Art, Law, Medicine, Music, Science and Social Science. Deans, except of Fac. of Medicine, are apptd. annually.

TEACHING HOSPITALS. Groote Schuur Hospl., Cape Peninsula Maternity Hospl., Mowbray Maternity Hospl. and certain wards in Somerset Hospl. The Red Cross War Memorial Children's Hospl. will also be available upon its completion.

GENERAL INFORMATION

Established by an Act of 1909, Natal University College was opened in 1910 in the Town Hall and moved in 1912 to its own buildings (which, with equipment, cost £60,000) in the suburb of Scottsville, Pietermaritzburg. A new Science block and a women's hall of residence were added in 1921 and a residence for men in 1928. A new wing was added in 1934 and a Library and Fine Arts School in 1936. In 1926, a site of 50 acres at Stellawood, Durban, was presented by the Corporation of the City of Durban, for the erection of an Engineering College. An amount of £50,000 was donated by Mr. T. B. Davis in 1924 for this purpose. Howard College, as it is called to-day, was opened in Durban in 1931. A new Commerce Building, situated on a central site in the city of Durban, was added in 1936. By virtue of Act No. 4 of 1948, the Natal University College was incorporated as the University of Natal. It came into legal existence as an independent University on March 15, 1949, and, in addition to fulfilling its previous functions, is now entitled to examine its own students and grant degrees and diplomas.

CONSTITUTION. The University consists of the Chancellor, Vice-Chancellor, Principal, Council, Senate and Convocation; the professors, lecturers and other teachers; the directors or heads of research institutes controlled by the Council; and the students of the University. The Chancellor, elected by the Council, is the head of the University, and as such is empowered, in the name of the University, to confer all degrees. The chief academic and administrative

officer of the University is the Principal, who is *ex officio* a member of the Council and the chairman of the Senate. The Council, which elects its own chairman, is the governing body of the University and administers its affairs and property.

FACULTIES AND DEANS. *Agriculture*, Prof. C. W. Abbott; *Arts*, Prof. J. McKinnell; *Commerce and Public Admin.*, Prof. T. H. Kelly; *Education*, Prof. A. Lloyd; *Engineering*, Prof. H. Biesheuvel; *Law*, Prof. E. M. Burchell; *Medicine*, Dr. G. W. Gale; *Science*, Prof. A. W. Bayer; *Social Science*, Prof. L. Kuper.

The Facs. of Arts (and Dept. of Fine Arts), Sci., Law, Educn. and Agric. function in Pietermaritzburg. In Durban, the Facs. of Arts, Med., and Sci. (with limited choice of subjects), Law, Engin., Commerce and Public Admin., Social Sci. and Dept. of Archit. function.

LOCATION. The Univ. is the only Univ. inst. in S. Africa which functions in two large cities, viz. Pietermaritzburg and Durban. These cities are 56 miles apart. One Council and one Senate control the Univ. as a whole, and meetings are held in alternate centres. A certain amount of duplication of work in both centres is inevitable.

LIBRARIES, ETC. Pietermaritzburg: approx. 25,000 vols. Durban, at Howard College and at City Bldg.: approx. 14,000 vols.; Non-European section (Sastri College grounds): approx. 3000 vols. TEACHING HOSPITAL (non-European medical students): King Edward VIII Hosp. MEYRICK BENNETT CHILDREN'S CENTRE. NATAL AGRICULTURAL RESEARCH INSTITUTE (of which the Fac. of Agric. is a part).

DIPLOMAS. Univ. Education Dipl. (General, Special or Technical)—1 yr. postgraduate. Univ. Education Dipl. (non-graduate)—1 yr. Dipl. in Archit.—5 yrs.

TERMS. The academic yr. is divided into 2 terms, the first of which begins towards the end of Feb.

ADMISSION. *See* Appendix I. Students who are not qualified, or who do not desire, to take a regular course may be admitted to individual classes, provided the prof. or lectr. concerned is satisfied that they are competent to profit by the instruction given. Students who have S.A. Jt. Matricn. Bd. School Leaving Certifs. may, in certain cases, obtain conditional exemption from the Matricn. Examn. which would entitle them to enrol for degree courses.

LANGUAGE OF INSTRUCTION. English.

NON-EUROPEAN SECTION. This is a separate section (temporarily housed in Sastri College belonging to the Natal Provincial Admin.) of the Univ. which has been established in Durban. The students, who are drawn mostly from the teaching profession, are pt.-time and take degrees in Arts, Commerce and Admin., and Social Science. Most of the classes are held at week-ends. The full-time staff of the Univ. organize and conduct the work. For some subjects pt.-time staff are engaged annually. The newly established Fac. of Medicine for Non-European students has commenced its activities at Wentworth College, where medical students will receive their period of pre-medical training extending over 2 yrs.

GRADUATES' ASSOCIATION. Prior to 1949 the chief assocn. of graduates was known as the Natal University College Union, founded in 1922. With the attainment by the College of Univ. status, the functions of the Union have devolved upon Convocation.

FEES (inclusive). *Tuition* (for first-yr. courses): Arts, Fine Arts, Commerce, Social Science, £58 p.a. Agric. Science, £68 p.a. Law, Engin., Surveying, Quantity Surveying and Archit., £78 p.a. In subsequent yrs. of study other than the first yr. for all facs. except med., a reduction of from £2 : 10s. to £10 p.a. is granted. *Residence Fees*, £100 p.a.

STUDENT ORGANIZATIONS. The Athletic Union, which functions in both seats of the Univ., is the chief student organization, whose function it is to exercise control over the activities and finances of the various sporting clubs in each centre. There is also a Jt. Athletic Union organization which concerns itself mainly with sporting tours undertaken by Univ. clubs. Information concerning the various Student Socs., Clubs and Cttees. is issued by the Students' Representative Council in each centre. The S.R.C. is the body elected to deal with all student affairs and is the students' official avenue of approach to the authorities of the Univ.

RESIDENCE. (For Wardens *see* "Administrative and other Staff," p. 1147.) Students are normally expected to reside at one of the residences unless living with their parents. *European*: Men's Residence, P.O. Oribi, Pietermaritzburg (*Telephone*: 2-6778), accomm. for 350. GENERAL INFORMATION

HISTORY. Founded in 1869, the present Univ. was incorporated in 1921 as a constituent Coll. of the Univ. of South Africa under the name of "The Potchefstroom University College." An amendment to the Potchefstroom Univ. Coll. Private Act was passed by Parliament in 1933, reinstating the original name Potchefstroom University College for Christian Higher Education. In 1950 Parliament passed a Private Act whereby the Coll. became an independent Univ. as from March 17, 1951.

CONSTITUTION. The Univ. consists of the Chancellor, Vice-Chancellor, Principal, Council, Senate and Convocation; the Professors, Lecturers and other teachers; and the students. The Chancellor, elected by the Council, is the head of the Univ., and as such is empowered to confer all degrees. The chief academic and administrative officer is the Principal, who is *ex officio* a member of the Council, and Chairman of the Senate. The hds. of academic depts. and heads of res. insts. are members of the Senate. The Council, which elects its own chairman, is the governing body of the Univ. and administers its affairs and property.

GENERAL INFORMATION

Founded 1908, when Univ. classes in Arts, Sci. and Law were established at Pretoria by the Transvaal Govt. and placed under the control of the Council of the Transvaal Univ. Coll., Johannesburg, the constitution of that body being altered so as to give Pretoria equal representation. A separation took place in 1910, the Johannesburg section being re-incorporated as the S.A. Sch. of Mines and Technol., whilst the Pretoria section retained the name of the Transvaal Univ. Coll. By Act No. 13 of 1930 the Coll. was incorporated as the Univ. of Pretoria, the higher status being assumed on Oct. 10, 1930. In 1917 a Fac. of Agric. was instituted, financial provision for which (an endowment of £100,000) had been made by the last Parliament of the Transvaal in 1910. The following Facs. have since been established: 1918, Theol.; 1919, Comm. and Pub. Admin.; 1920, Vet. Sci.; 1923, Music; 1937, Educn.; 1943, Med.; 1950, Dent.

The Univ. consists of the Chancellor, the Vice-Chancellor, the Rector, the Council, the Senate and Convocation, together with the Profs., other teachers and students of the Univ. The Rector is *ex officio* Chairman of the Senate.

INCOME. £538,525 (Govt. grants, 68·18 per cent.; Annual grants from public bodies, 1·07 per cent.; Interest on investments, 0·22 per cent.; Students' fees, 30·48 per cent.; Other, 0·05 per cent.)

FACULTIES AND DEANS (1954). *Agriculture*, Prof. J. J. Theron; *Arts*, Prof. G. Cronjé; *Commerce and Public Administration*, Prof. E. M. Hamman; *Dentistry*, Prof. P. B. M. Groenewald; *Veterinary Science*, Prof. P. J. J. Fourie.

The Fac. of Agric. is one of 3 in S.A. It specializes along different lines from that at Stellenbosch, particular attention being paid to study of farming in summer rainfall area of S.A. There is an Experimental Farm (*Telephone*: 4-4517) one mile east of main Univ. site. The Fac. has two functions: (*a*) *Educational*: serving as teaching instn. for training of agriculturists and agric. engineers. Courses for Bachelors' degrees cover 4 yrs. and candidates may specialize in any branch of agric. Postgrad. work may be taken, and about 20 per cent. of students enrolled follow postgrad. courses. (*b*) *Research*: The Fac. is also a res. inst. whose work falls under direct control of Dept. of Agric. of the Union Govt. In this respect it functions as a division of the Dept.

The Fac. of Vet. Sci. (*Telephone*: 5-2411) was grafted on to the Vet. Res. Lab. at Onderstepoort, one of the largest vet. res. insts. in the Commonwealth. The most important subjects of res. comprise protozool., virus and bacterial diseases, helminthol., entomol., poisonous plants, mineral metabolism and other nutritional problems, sterility in cattle and sheep and other obstet. and physiol. problems.

The Clin. Bldgs. of the Fac. of Med. are in the grounds of Pretoria General Hospl. (*Telephone*: 2-9741). The Inst. of Pathol. is in Beatrix St., Pretoria (*Telephone*: 3-0811). The Dental and Oral Hospital is in Beatrix Street. (*Telephone*: Pretoria 2-6404.)

GENERAL INFORMATION

The beginnings of Rhodes University date from 1855, when St. Andrew's College was founded at Grahamstown. For many years, this School prepared students for degree examns., as well as for the usual school examns. In 1878 the School established a separate College dept. for the purpose of preparing students for the examns. of the Univ. of the Cape of Good Hope. In 1904, generous financial support from the Rhodes Trustees, the citizens of Grahamstown and the public bodies of the Eastern Cape, made it possible to separate this Coll. dept. from the Sch. and it was incorporated by Act of Parliament as Rhodes University College. The Coll. continued to prepare students for the degrees of the Univ. of the Cape of Good Hope until 1916, when it became a Constituent Coll. of the Univ. of S. Africa. In 1949, Parliament passed an Act incorporating the Coll. as Rhodes University, which came into being on March 10, 1951. From the same date, the S. African Native Coll. (now the University College of Fort Hare) was affiliated to the new Univ.

The Univ. now owns an impressive array of buildings erected progressively since 1914 on an excellent site, the nucleus of which was donated to the Coll. by the Govt. All the bldgs., which comprise administrative, academic and residential blocks, are situated within easy reach of one another, and of the Univ. sports fields.

The Leather Industries Research Inst. originated as a Tanning Res. section of the Chem. Dept. and gradually developed, until in 1942 it was able to move into a separate bldg. and became an independent Dept. In 1946, it was formally constituted as a Research Inst. under the control of the C.S.I.R., but it still remained closely associated with the Coll.

The S.A. Wool Textile Research Inst., incorporated in 1953, is also under the control of the C.S.I.R. and closely associated with the Univ.

CONSTITUTION. The Univ. consists of the Chancellor, the Principal, who is *ex officio* the Vice-Chancellor, the Vice-Principal, who is *ex officio* the Pro-Vice-Chancellor, the Council, the Senate and the Convocation, together with the profs., lectrs., other teachers and the students.

GENERAL INFORMATION

The Victoria College developed from the Stellenbosch Gymnasium, founded in 1866, in connexion with which the Facs. of Lit. and Philos., Maths., and Phys.—the so-called "Arts Dept."—were established in 1874. In 1881 the Arts Dept. was granted a charter and accorded its status and constitution as the "Stellenbosch College" by private Act of Parlt. In 1887 (the year of the Golden Jubilee) Her Majesty consented to the College's being named "The Victoria College of Stellenbosch." By the Univ. of Stellenbosch Act, No. 13 of 1916, the Coll. on April 2, 1918, was incorporated as the University of Stellenbosch, and in addition to fulfilling its previous functions is entitled to examine its own students and grant degrees.

The Fac. of Agric. aims at the promotion of agric. sci. and development of agric. in the Union. Particular attention is given to the training of future farmers. By Act No. 45 of 1926, the Elsenburg Sch. of Agric. and the Fac.

of Agric. of the Univ. were amalgamated to constitute "The Stellenbosch-Elsenburg College of Agriculture of the University of Stellenbosch." In accordance with this Act, the Fac. of Agric. and For. "shall be for all purposes the Fac. of Agric. of the Univ. and shall have all such rights and privileges and be subject to all such duties as are laid down by the Univ. of Stellenbosch Act, No. 13 of 1916." By this amalgamation the Fac. of Agric. and For. is brought into more intimate touch with practical farming and matters relating thereto, so that its activities are more extensive than those of the original Fac. In close connexion with the Univ. is the Western Province Fruit Res. Stn. of the Union Dept. of Agric., where there are facilities for postgrad. res. in all branches of fruit production and fruit and vegetable processing. Several of staff members of the Res. Stn. are members of teaching staff of the Univ. The Dept. of For. is attached to the Fac. of Agric.

Res. work forms an important part of the activities of this Univ. In Depts. of Educational Psychol., Psychol., Sociol., Geog., Hist., Agric., Bantu Langs., Ethnog., Afrikaans-Nederlands, Geol., Biol., Law and Econ., special attention is devoted to South African problems. GENERAL INFORMATION

The University of the Witwatersrand, Johannesburg, has developed out of the South African School of Mines, which was established at Kimberley in 1896 and was transferred to Johannesburg in 1904, taking then the name of Transvaal Technical Institute and becoming later the Transvaal University College (1906), the South African School of Mines and Technology (1910), and the University College, Johannesburg (1920). In 1921 University College, Johannesburg, was reincorporated as the University of the Witwatersrand, Johannesburg, with effect from March 1, 1922. This development was made possible partly by support from the public, including contributions by the Chamber of Mines (£50,000), Standard Bank of S.A., Nat. Bank of S.A., Central Mining and Investment Corporation, and De Beers Consolidated Mines, Ltd. (£10,000 each), Sir Otto Beit (£8000), and many others, amounting in all, up to the end of 1922, to over £220,000. The Municipality provided a fine site (100 acres) at Milner Park, a mile from the centre of the town. Expenditure on buildings totals £1,694,750. LIBRARIES: Central (nearly 250,000 vols.; receives 3000 current periodicals) and several departmental. MUSEUMS: several departmental. MEDICAL SCHOOL: Hospital Street, Hillbrow. (*Telephone*: 44-1492.)

THE UNIVERSITIES OF INDIA

[Originally contributed in 1952 by Samuel Mathai, M.A. Oxon., then Secretary of the Inter-University Board of India; revised in 1954 by Professor V. K. Ayappan Pillai, M.A. Madr., B.A. Oxon., the present Secretary of the Board.]

THE Universities of India are not descended from ancient seats of learning like Nalanda and Taxila, but are a result of the "British connexion." The unsettled conditions of the country in the 18th century had brought education to a low ebb; and when the East India Company became rulers of the country they were confronted with the task not only of restoring political order but also of setting up an educational system suited to the needs of the day. When the problem of education was taken up by the Company there were two schools of thought: one held that the education of India must consist in the main of Oriental classics and Eastern learning; the other argued that the best thing for Indians was to learn the English language and acquire a knowledge of Western literature and science. The "Anglicists" triumphed over the "Orientalists": the Company decided to set apart money for "English" education in India. Meanwhile English schools and colleges had already been established in the "Presidency towns" of Calcutta, Bombay and Madras at the beginning of the 19th century by British missionaries and others, and leading Indians had expressed themselves in favour of English education.

The first proposal for founding a University in India was made by the Council of Education in Bengal in 1845, but was not accepted by the Board of Directors of the East India Company, who thought it somewhat premature. But during the parliamentary enquiry into the condition of India which preceded the renewal of the Company's charter in 1853 the need to create a properly articulated system of education from the Primary School to the University stage was recognized. As a result of this, and in pursuance of the recommendation of Sir Charles Wood in his famous dispatch of 1854 to the Court of Directors, the foundations of University education were laid in the country by the establishment of the Universities of Calcutta, Bombay and Madras in 1857. The model for these Universities was London University, which was then a new institution. London at that time was a purely examining body, admitting to its tests only students trained in affiliated institutions. As the Calcutta University Commission of 1917–19 pointed out, this system of affiliation of collegiate institutions by a University which confined itself to examining the candidates sent up by these institutions "had the advantage of costing very little. It enabled all the existing collegiate institutions, whether Government or missionary, to be worked into the same scheme, and promised to provide a quite impartial mode of testing the qualifications of

students for Government service. Above all, it gave freedom to the non-Government Colleges—all, at that date, mission colleges—to carry on their work in their own way, and offered them help from public funds for the secular side of their work."

For twenty-five years the three Universities of Calcutta, Bombay and Madras were found adequate to the tasks entrusted to them. But during this time, with the establishment of new colleges in various towns, the territorial jurisdiction of these Universities increased greatly. The jurisdiction of the University of Calcutta extended at one stage from the Panjab to Burma, covering the whole of North India. The creation of the Universities of the Panjab (now in Pakistan) and of Allahabad in 1882 and 1887 relieved Calcutta University of some of its responsibilities.

For nearly thirty years more no addition was made to the number of Universities in India. But important reforms in the constitution and functions of the existing Universities were recommended by the Act of 1904, which was based on the report of a Universities Commission appointed by Lord Curzon, then Governor-General of India. This Act empowered the Universities to appoint professors and lecturers of their own, to set up museums, libraries, and laboratories, and to undertake teaching. As a result of this Act some of the Universities set up University colleges and made arrangements for postgraduate teaching at the University—although by far the greater part of the teaching continued to be done by the affiliated colleges.

In 1913 the Government of India issued a Resolution drawing attention both to the need for more Universities and for a better type of University education. " At present," the Resolution observed, " there are only five Indian Universities for 185 arts and professional colleges in British India besides several institutions in Native States. The day is probably far distant when India will be able to dispense altogether with the affiliating Universities. But it is necessary to restrict the area over which affiliating Universities have control, by securing, in the first instance, a separate University for each of the leading provinces in India, and, secondly, to create new local teaching and residential Universities within each of the provinces in harmony with the best modern opinion as to the right road to educational efficiency."

This Resolution led to the birth of a number of new Universities in the first quarter of the 20th century. Yet another influence on University educational policy in India was the Report of the Calcutta University Commission under the chairmanship of Sir Michael Sadler, which deliberated from 1917 to 1919. In addition to supporting the move towards unitary, residential, teaching Universities, the Commission recommended that Universities should be relieved of their Intermediate work * so that they might concentrate on real undergraduate and postgraduate work. Although Calcutta University itself did not put into effect most of the recommendations of the Sadler Commission, those recommendations greatly influenced the growth of University education in other parts of India. Not only have a number of unitary Universities been established, but new affiliating Universities

* *See* COURSES, p. 1216.

have been created to relieve older Universities of part of their territorial jurisdiction or to enable them to become unitary Universities.

In 1948, the Government of India appointed a University Education Commission, with Sir S. Radhakrishnan as Chairman, " to report on Indian University Education and suggest improvements and extensions that may be desirable to suit present and future requirements of the country." The Commission's report was published in 1949.

There are to-day 32 Universities in India. They are, in the order of their foundation: Calcutta, 1857; Bombay, 1857; Madras, 1857; Allahabad, 1887; Banaras, 1916; Mysore, 1916; Patna, 1917; Osmania, 1919; Aligarh, 1920; Lucknow, 1921; Delhi, 1922; Nagpur, 1923; Andhra, 1926; Agra, 1927; Annamalai, 1929; Tranvancore, 1937; Utkal, 1943; Saugar, 1946; Rajputana, 1947; Panjab, 1947; Gauhati, 1948; Poona, 1948; Jammu and Kashmir, 1948; Madhya-bharat, Indore, 1948; Maharaja Sayajirao University of Baroda, 1949; Roorkee, 1949; Shrimati Nathibai Damodar Thackersey Women's University, 1949; Karnatak, 1950; Gujarat, 1950; Visva-Bharati, 1951; Bihar, 1952; Sri Venkateswara University, Thirupathi (Andhra State), 1954.

Of these, Allahabad, Banaras, Aligarh, Lucknow, Annamalai, Roorkee, and Visva-Bharati are unitary Universities. The creation of Bihar University with its headquarters at Patna has relieved Patna University of its affiliating functions; Patna University is now confined to the city of Patna, but it is not strictly a unitary University as the teaching is carried on in a number of autonomous colleges in the city. Similarly, the University of Delhi was until recently a semi-unitary University, made up of constituent colleges, but the latest amendments of the Delhi University Act have given it certain affiliating functions. Both Patna and Delhi are, however, in the technical sense, " teaching Universities."

Of the others, all except Agra University have important teaching functions, although they are in the main affiliating Universities. Agra has some fifty colleges scattered over the States of Uttar Pradesh and Madhya Bharat under its jurisdiction. It was created to enable Allahabad to become a unitary University. The Universities of Jammu and Kashmir and Panjab (India) are the result of the partition of the Indian sub-continent into India and Pakistan. The colleges in these two territories were formerly affiliated to the University of the Panjab (Lahore), and it became necessary after the partition to create new Universities to which they could be attached.

Roorkee and Visva-Bharati are unique institutions in India. Roorkee is an Engineering University. It grew out of the Thomason Engineering College and at present has only a Faculty of Engineering. Visva-Bharati, which was given a charter by the Government of India in 1951, was founded as an international cultural centre by the poet Rabindranath Tagore in 1921. It has certain distinctive characteristics of its own and is an attempt " to develop a basis on which the cultures of the East and West may meet in common fellowship."

In addition to the Universities mentioned above, mention must also be made of another institution which has University standing.

Serampore College (near Calcutta), founded in 1818 by European missionaries, received in 1827 a Royal Charter from King Frederick VI of Denmark (to which Serampore then belonged) and this was confirmed by the British Government in 1845. But this Charter was not utilized till 1915 when degrees in Divinity were granted by the University for the first time. The position now is that in the Faculties of Arts and Science Serampore College is affiliated to Calcutta University, but in the Faculty of Theology the College functions as an independent University.

Although the growth in the number of Universities is, to a very great extent, the result of splitting up the older Universities, it does imply an increase in the number of persons receiving a University education. The growth of the University population in India has raised several problems. While on the one hand this growth is an expression of a commendable desire to participate in higher learning, it is also, to some extent, the result of the absence of adequate opportunities of employment in industry and business for boys and girls leaving school. The presence in the Universities of a number of students who cannot benefit by a University education tends to affect academic standards. Also the somewhat rapid spread of University education raises problems of staff, library and laboratory equipment, suitable buildings for teaching and for residence. The problem of the medium of instruction is an added difficulty to the situation. Experiments in using an Indian language as the medium of instruction at the University stage are being tried by two or three Universities. Elsewhere English is still the medium. But the standard of English has been affected adversely in recent years by several factors, not the least of which is a psychological one.

University authorities are, of course, conscious of these problems and difficulties, and efforts are being made to deal with them. A great step forward was taken in 1953 when the Government of India, on the recommendation of the Inter-University Board of India, set up the University Grants Commission on the model of the University Grants Committee in Britain. The Chairman of the Commission is Dr. S. S. Bhatnagar and its Secretary is Mr. S. Mathai.

Constitution. There are variations in the constitutional framework of the different Universities, the functions of the various " authorities " being somewhat different in each case. But the general pattern is the same. The authorities of Universities are the Executive Council (called the Syndicate in some Universities), the Court or Senate, the Academic Council and the Faculties. The Executive Council (or Syndicate) and the Court (or Senate) have the responsibility of framing Statutes and Regulations and dealing with all matters connected with the organization and administration of the affairs of the University. They are composed of persons representing various interests in the life of the University and the community in which the University exists. Most of the members of these bodies are elected by different constituencies, but a few are nominated by the Chancellor.

The Academic Council deals with academic questions generally, and

is chiefly concerned with courses of study and the organization of teaching and examinations. It co-ordinates the work of the various Faculties of the University. The usual Faculties are those of Arts, Science, Medicine, Law, etc. The head of a Faculty is called the Dean (in some Universities the President) and is usually a Professor of the University. It is the Dean's business to attend to the framing and working of the various courses of study in his Faculty. A Faculty usually has several Boards of Study to help it to frame syllabuses in different subjects, to appoint examiners, etc. Faculties which are concerned exclusively with subjects of postgraduate study, such as education and law, tend to become somewhat like autonomous colleges; but Faculties of Arts, Science, etc., have to co-ordinate the work of undergraduate and postgraduate classes, and, in the affiliating Universities, have to deal with a large number of institutions. These Faculties consist of a number of Departments (*e.g.* English, Sanskrit, History, etc.) and each Department has its own Head or Chairman or Director, who is responsible to the Dean.

AFFILIATION OF COLLEGES. Applications for affiliation are generally submitted to the Syndicate, which must be satisfied as to the managing agency, teaching staff, provision for residence of students, equipment, financial resources, suitability of fees, etc. If granted, the course or courses in respect of which the College is affiliated are specified. Affiliated Colleges must comply with requests by the Syndicate for information, submit themselves to inspection under the Syndicate's orders, and take such action as may be ordered consequent upon such inspections. In Calcutta University affiliation questions are dealt with by the Senate. The powers of affiliation by the University can, in some Universities, only be exercised subject to the approval of Government.

TERMS. University examinations are, with few exceptions, held between March and June. Admissions are made as a rule in June or July, though in some cases regular work does not commence till Sept. or Oct. Some Universities have two terms in the year and the others have three.

ADMISSION TO THE UNIVERSITIES. The examination qualifying for admission to a University in India is the School Leaving or Matriculation Examination taken at the end of the high school course. In some parts of the country the Matriculation Examination is conducted by the University. Elsewhere it is conducted by the Government or by a High School Board. Overseas certificates like the University of Cambridge Local Examinations Syndicate's Higher School Certificate and the General Certificates of Education awarded by United Kingdom examining bodies, are also accepted as entrance qualifications. In Uttar Pradesh, there is a Board of Intermediate Studies which provides a 2-year course after the School Leaving Examination and holds the Intermediate Examination which is the entrance qualification to the Universities of Allahabad, Lucknow and Agra. In Delhi there is a Higher Secondary course which is a year longer in duration than the typical High School course in the rest of India, and the passing of the Higher Secondary Examination (conducted by a Board of Higher

Secondary Education) entitles a student to admission to the 3-year course of the Delhi University. Students who have passed the Matriculation or School Leaving Examination have to put in a year's Preparatory work at the University and to pass a Qualifying Examination which is equivalent to the Higher Secondary Examination.

COURSES. The ordinary University course (other than certain professional courses) is of 4 years' duration after Matriculation. At the end of the first 2 years there is the Intermediate Examination.* Students may choose one of a number of groups of subjects and the Intermediate Examination may be one in, for example, Arts or Science or Agriculture or Commerce. The successful candidate then commences the B.A., B.Com., B.Sc. or other Bachelor degree course. The degree course is usually of 2 years' duration. At the end of the 2 years a student appears for the degree examination (B.A., B.Com., B.Sc., etc.). The successful candidate obtains a Pass or Honours degree according to courses taken or marks obtained. In some Universities, however, there are, in addition to the 2-year Pass courses, separate Honours courses which are of 3 years' duration after the Intermediate.

After the Bachelor's degree, there is the Master's degree, which is awarded after a further period of 1 or 2 years of study and a further examination. In the Universities of Annamalai, Andhra, Madras and Travancore, however, Honours graduates in Arts and Science, who obtain their Honours degree after 3 years' study subsequent to the Intermediate examination, are awarded the Master's degree without further examination after the lapse of a certain period of time Therefore, in these Universities the M.A. or M Sc. degree examination is identical with the B.A. or B.Sc. Honours examination.

Most of the Universities have, in addition to courses in Arts and Science, also professional and technical courses in Agriculture, Commerce, Education, Engineering and Technology, Law, Medicine (including Nursing, Pharmacy, Veterinary Science, etc.), Indian Music, Oriental Languages, etc. The usual degrees are Bachelor of Science in Agriculture (B.Sc.Ag. or B.Ag.), Bachelor of Commerce, Master of Commerce (B.Com. and M.Com.), Bachelor of Teaching (B.T.) and Master of Education (M.Ed.), Bachelor of Engineering or Bachelor of Science in Engineering (B.E. or B.Sc.Engg.), Bachelor of Science in Technology (B.Sc.Tech.), Master of Science in Technology (M.Sc.Tech.), Bachelor of Laws and Master of Laws (B.L. or LL.B. and M.L. or LL.M.), Bachelor of Medicine and Surgery (M.B., B.S.), Master of Surgery (M.S.), Doctor of Medicine (M.D.), Bachelor of Science in Nursing (B.Sc. Nursing), Bachelor of Pharmacy (B.Pharm.), Bachelor of Veterinary Science (B.V.Sc.), Bachelor of Oriental Languages, Master

* As a result of a recommendation of the Secondary Education Commission, appointed in 1952 by the Government of India, with Sir A. L. Mudaliar as Chairman, the Intermediate examination is to be abolished and the course of studies leading to an Ordinary degree is to be of 3 years' duration. On passing the Secondary School Leaving Certificate examination students will have to spend 1 year in a pre-University course of study and thus qualify themselves for entrance to the University.

of Oriental Languages (B.O.L., M.O.L.). There are, in addition, several " Titles " in Oriental Languages given by different Universities. These titles, which are usually Sanskrit or Arabic or Persian, signify various degrees of achievement in the Oriental Language studied. The literal meaning of some of the titles would be " the proficient one," " the learned one," " the skilled one," " the expert," " the great teacher," etc. The standard of scholarship required for the titles is usually quite high, but nomenclatures are used in different Universities with different significance. The names of degrees at Visva-Bharati are different from those at the other Universities.

Agriculture. B.Sc.(Ag.) is a 2-year course after the Intermediate at Agra, Allahabad, Baroda, Calcutta, Gauhati, Gujarat, Karnatak, Nagpur, Osmania, Patna, Poona ; and the Universities of Andhra, Banaras, Bombay, Delhi, Madras and Mysore have a 3-year course after the Intermediate. At the Panjab and Rajputana Universities the degree is called B.Ag. and is of 2 years' duration after the Intermediate.

Commerce. With the exception of Annamalai, Jammu and Kashmir, Roorkee, Travancore and Visva-Bharati, all the Universities have a Commerce degree course which is usually of 2 years' duration after the Intermediate. At Agra, Delhi and Panjab Universities it is a 3-year course. At Rajputana it is a 2-year course for those who pass the Intermediate Commerce Examination and 3-year course for others. Madras has a B.Com. Honours course which is of 3 years' duration. The M.Com. course is of 2 years' duration after the B.Com.

Education. Except Andhra, Roorkee and Utkal, all the Universities have courses in Education. The B.T. or B.Ed. is a postgraduate course of 1 year's duration. There are also in several Universities diploma courses in Education which are of 1 year's duration.

Engineering. The B.Sc.Engg. or B.E. course is a post-Intermediate course. At the Universities of Aligarh, Andhra, Annamalai, Calcutta, Madras, Osmania, Panjab, Rajputana, Saugar and Travancore, it is a 4-year course. At Agra, Banaras, Mysore, Patna, it is a 5-year course. At Roorkee it is a 3-year course and at Baroda, Bombay, Gujarat and Poona it is a $3\frac{1}{2}$-year course.

Law. With the exception of Andhra, Jammu and Kashmir, Roorkee and Visva-Bharati, all the Universities have courses in Law. The B.L. or LL.B. is a postgraduate course of 2 years' duration at all the Universities except at Bombay, where it is a 2-year course after the Intermediate. At Andhra a post-Intermediate course of 3 years is available in addition to a postgraduate course of 2 years. The LL.M. or M.L. degree can be taken 2 years after the B.L. or LL.B. degree.

Medicine. The M.B., B.S. course is of 5 years' duration after the Intermediate at the Universities of Agra, Bombay, Delhi, Gujarat, Lucknow, Madras, Nagpur, Osmania, Panjab, Rajputana, Travancore and Utkal. At Andhra, Calcutta, Gauhati and Mysore, it is of $5\frac{1}{2}$ or 6 years' duration. Aligarh has a course in Unani Tib * (B.U.T.) which is of 5 years' duration. Banaras has a course in the Ayurvedic system of

* Traditional system of Medicine usually practised by Muslim physicians ; distinct from *Ayurveda*, the traditional Hindu system of Medicine.

Medicine, which is of 6 years' duration. The degree given is *Ayurveda-charya.*

Degrees in Veterinary Science, which are usually of 4 years' duration after the Intermediate, are given by the Universities of Agra, Bihar, Bombay, Madras and Saugar. Degrees in Nursing are given by the Universities of Calcutta, Delhi and Madras. It is a 2-year course after the Intermediate at Calcutta, a 4-year course after the Qualifying Examination at Delhi and a 3-year course at Madras. Degrees in Pharmacy are given after a 3-year course after the Intermediate by the Universities of Agra, Banaras, Bombay, Madras and Rajputana.

Oriental Languages. Titles and degrees in Oriental Languages are given by the Universities of Allahabad, Andhra, Annamalai, Banaras, Jammu and Kashmir, Lucknow, Madras, Nagpur, Osmania, Patna, Rajputana, Travancore, Utkal and Visva-Bharati. The duration of the course varies greatly. Some are post-school, and some postgraduate. The " titles " correspond to degrees and diplomas.

Theology. Degrees in (Hindu) Theology are awarded by the University of Banaras after various courses. Aligarh awards degrees of Bachelor, Master and Doctor in (Islamic) Theology. Osmania also has Bachelor's, Master's and Doctor's degrees in (Islamic) Theology. Serampore College awards the B.D. and M.Th. degrees and L.Th. diploma in (Christian) Theology.

The Master's degree course requires specialization in one subject. The Master's degree course is not usually a research course, but in some Universities there is provision for a dissertation to be presented by a candidate in lieu of a part or the whole of the M.A. or M.Sc. examination. There is also provision in some Universities for part of the course to be completed in the first year (called M.A. or M.Sc. Previous examination), so that for the final examination candidates have to prepare only the rest of the course.

Research degrees are usually of the same pattern as in British or American Universities. Students select a field of research and under the guidance of a teacher appointed for the purpose work for at least 2 years after a postgraduate degree and present a thesis. Except where M.A. or M.Sc. is a research degree, the first research degree is Doctor of Philosophy (Ph.D. or D.Phil.). There are higher degrees like D.Litt. and D.Sc. In the Faculty of Law there is the degree of Doctor of Laws (LL.D.) for which one may supplicate with a thesis. The higher doctorates may also be conferred on distinguished persons *honoris causa.* Some Universities have a junior research degree called Master of Letters (M.Litt.).

Cost of Living. The cost of living varies in different Universities. In colleges in the smaller towns it may be about Rs.70 p.m.* inclusive of tuition fees, and in the larger cities it may be twice as much or more. Conditions of life vary greatly from place to place and hostel to hostel, and no simplified general statement of the cost of living can be given which would be of much practical value. A large number of Indian University students are, however, " day scholars " who have

* 1 Rupee = 1s. 6d. approximately.

only to pay tuition fees to their College or University and whose cost of living depends on the standard of living in their homes.

INTER-UNIVERSITY BOARD. In 1920 a Committee was formed for drafting an outline of the functions and constitution of an Association of Indian Universities. The project was further advanced at the Congress of Universities of the British Empire at Oxford in 1921 and at a Conference of Indian Universities held at Simla in 1924.

In accordance with a resolution passed by the Simla Conference, the Inter-University Board was established to co-ordinate the work of the Universities and to provide a forum for the exchange of information and opinion among the Universities. The Universities of Ceylon and Rangoon (Burma) are members of the Inter-University Board of India.

President, 1954–55, Dr. Zakir Husain, M.A., Ph.D. Alig., Vice-Chancellor, Aligarh Muslim University; Chairman of Standing Committee, Sir A. L. Mudaliar, M.D., LL.D, D.C.L., D.Sc., F.R.C.O.G., F.A.C.S., Vice-Chancellor of Madras University; Secretary, Professor V. K. Ayappan Pillai, M.A. Madr., B.A. Oxon. *Postal Address*: Senate House, University Buildings, Chepauk, Triplicane P.O, Madras 5, India.

PUBLICATIONS. The Inter-University Board publishes a *Handbook of Indian Universities* annually, and in alternate years *Lists* of subjects on which research is being done and a *Bibliography of Doctorate Theses*. It also publishes the *Reports of Proceedings* of the meetings of the Board and of conferences of Univs. held under its auspices, a *Bulletin*, and an *Annual Report*.

The Ministry of Education of the Government of India also publishes statistical information concerning various aspects of education in India.

INDIAN STUDENTS AT UNIVERSITIES IN GREAT BRITAIN AND IRELAND.* The Education Department of the High Commission of India, India House, Aldwych, London, W.C.2 (*Cables*: Hicomind, London; *Telephone*: Temple Bar 8484), gives advice and help on educational and all other matters relating to Indian students who come to Great Britain to complete or supplement their education. in London : Part I of the 9th Edition was published in 1953, price 3s. 6d., and Part II is being prepared for publication. Copies may be obtained from the High Commission of India in London ; or in India, through the agents for the sale of Government publications.

The number of Indian students at present pursuing courses in the U.K. at Universities and other institutions, or engaged in practical training, is approx. 3000. The officers of the Education Department make every effort to keep in personal touch with them, and give them advice and help in regard to their admission, accommodation and welfare.

GENERAL INFORMATION

Act VIII of 1926 of the United Provinces Legislature, which received the assent of the Governor-General on Oct. 20, 1926, provided for the establishment of a University "for the purpose of affiliating the colleges associated with the University of Allahabad..." so as to set the latter free to function as a unitary, teaching and residential institution. It empowered the Agra University to affiliate colleges in the Uttar Pradesh, Madhya Bharat, Vindhya Pradesh, Ajmer and Bhopal, except within the limits of the Universities of Allahabad

and Lucknow. To supplement the work in affiliated colleges the University may institute teaching posts at selected centres.

Five categories of persons are eligible, subject to prescribed conditions, for degrees and other academic distinctions : (*a*) candidates who pass the University's examinations after pursuing an approved course at an affiliated college ; (*b*) teachers who pass the University's examinations ; (*c*) inspecting officers in the Department of Education who pass the University's examinations ; (*d*) research workers ; (*e*) women who have carried on private study. Lectures and instruction may be provided by the University for, and diplomas may be granted to, persons other than students of an affiliated college.

The University has decided to start an Institute of Hindi Studies but so far the necessary ordinances have not been passed.

The supreme governing body of the University is the Senate, the other principal authorities being the Executive Council, Academic Council, and Faculties of Arts, Science, Law, Commerce, Agriculture, Engineering, Medicine and Veterinary Science. By the Amendment Act of 1953, the Vice-Chancellor is a whole-time salaried officer appointed by the Chancellor from amongst persons recommended by the Executive Council. He is the principal executive and academic officer.

Students are not eligible for admission to a degree course unless they have passed the Intermediate Examination of the Board of High School and Intermediate Education of the Uttar Pradesh, or of an Indian University incorporated by law, or an equivalent examination.

The Act came into force on July 1, 1927, and all the constituent bodies of the Univ. have been formed. The Univ. held its first examns. in 1928.

The usual languages of instruction are English and Hindi.

INCOME (1952–53). Total income, Rs. 18,52,358 (including Rs. 11,85,403 from examn. fees ; Rs. 76,475 as contributions from State Colleges ; Rs. 76,475 Govt. grant).

GENERAL INFORMATION

Founded in 1875 by the late Sir Syed Ahmad Khan as the Mohammedan Anglo-Oriental College, the University received its first Charter in 1920. By the Act of 1951 the constitution of the University was amended to bring it into conformity with recommendations of the University Commission and the constitution of the Indian Republic. The M.A.O. College was founded with the object of imparting to the Muslim youth a modern scientific education. The University brings together students and scholars from different parts of the country with different religious, linguistic and cultural backgrounds.

The medium of instruction is English.

CONSTITUTION. The main authorities of the Univ. are the Court, the Executive Council, the Academic Council, the Facs. and the Depts. of Studies. All teaching staff in the Depts. are members of the respective Depts. of Studies. On the Fac. are represented all Profs. in the Fac. and one Reader and one Lectr. from each Dept. of Studies assigned to it ; there are also senior teachers and learned men from outside the Univ. The Academic Council consists of all Hds. of Depts. of Studies and a few other members. These bodies deal with the academic side of the Univ. The Executive Council, on which senior members of the teaching staff are represented, deals with the executive side. The Court is a larger body containing representatives of interests outside the

Univ. It meets once or twice a year and is the supreme governing body of the Univ.

GENERAL INFORMATION

Founded in 1887, the Univ. concerned itself mainly with examinations, having no teaching staff (except that of its School of Law) until 1914. Thereafter it established Chairs and Readerships, etc., for research work in Economics and Modern History for graduate students. In Jan. 1922 was passed an Act (which came into operation in July 1922) for the reorganization of the Univ. as a unitary, teaching and residential institution, with control, however, over the quality and character of the teaching in "Associated" colleges. The Muir Central College became the nucleus of a teaching University, the jurisdiction of which was limited to a territorial area of ten miles' radius from the Convocation Hall of the Univ. Within this area there are six institutions which supplement instruction given in the Univ. The Women's Dept., which undertakes full instruction for the degree course, has now been transferred from the Crosthwaite Girls' College to the Univ. area. From 1922, the Agricultural Institute, Naini, was recognized as a Coll. for the B.Sc. degree in Agriculture. From 1950, the C.M.P. Degree Coll. and the Ewing Christian Coll. were recognized as colls. for B.Sc. classes.

LIBRARY, 157,625 vols. Darbhanga Reading Hall. There are also departmental libraries for the use of teachers. A LABORATORY is attached to each of the Depts. of Physics, Chem., Bot., Zool. MUSEUMS in connexion with Econ. and Com. Depts. ART COLLECTION: A beginning has been made with a project for an Art Gallery. D. N. Bonarjee of Gola Gokarnnath and others have presented valuable paintings.

English is the usual language of instruction. From July 1951, however, as an optional and experimental measure, Hindi has been introduced in some of the undergrad. classes.

GENERAL INFORMATION

The Act of the Madras Legislative Council constituting the Andhra Univ. " in and for the Telugu districts of the Presidency of Madras " came into force in 1926. By a later Act, the area has been narrowed down by the exclusion of certain districts, leaving the following within the affiliating jurisdiction of the Univ.: Srikakulam, Visaktapatnam, East Godavari, West Godavari, Kistna, Guntur and Nellore. The Act establishes five categories of colleges: " University Colleges," providing for pass and hons. or postgraduate courses for higher degrees; " First Grade Colleges," providing courses for the ordinary degrees in Arts or Science; " Second Grade Colleges," preparing for the Inter. Examn.; " Professional Colleges," providing courses in Agric., Engin. and for medical degrees, and " Oriental Colleges (Recognized)," providing courses for Oriental titles.

Among the powers of the University specified in the Act are: to promote the development of the study of Telugu, Kanarese, Urdu and Oriya, and their use as media of instruction and examination; to institute professorships and other teaching posts; to maintain colleges and hostels; to erect, equip, and maintain laboratories and libraries; to institute and provide funds for the maintenance of a publication bureau, an employment bureau, students' unions and University Extension boards. Every student of the University must reside in a hostel or under prescribed conditions.

The supreme governing body is the Senate, by which the Vice-Chancellor, a whole-time salaried officer and principal executive, is elected (for 3 years). The other principal authorities of the University are: an executive body called the Syndicate (comprising 16 members, including the Vice-Chancellor, Financial Secretary to the Local Government, and Director of Public Instruction, Madras); the Academic Council; the Faculties and the Boards of Studies.

GENERAL INFORMATION

As the result of an offer by Rajah Sir S. R. M. Annamalai Chettiar of Chettinad to transfer to a residential teaching University, if one were founded, the Sri Minakshi College for higher instruction in English, the Sri Minakshi Tamil College and the Sri Minakshi Sanskrit College which he had established and maintained, together with an endowment of 20 lakhs of rupees, the Government of Madras passed an Act in 1928 accepting the offer and providing for the establishment of the Annamalai University. Government also provided 27 lakhs of rupees towards the endowment fund, a recurring grant of one and a half lakhs a year, and, subject to conditions agreed between Government and the University, a sum of seven and a half lakhs for building and equipment.

The authorities of the University under the Act are : (1) the Senate, (2) the Academic Council, (3) the Faculties, (4) the Boards of Studies, (5) the Syndicate, (6) the Finance Committee and (7) the Board of Selection. The Chan-

cellor, the Pro-Chancellor, the Vice-Chancellor, the Senate, the Academic Council and the Syndicate constitute the body corporate of the University. The Vice-Chancellor is the principal executive officer, who holds office for 3 yrs., and is appointed by the Chancellor on the nomination of the Founder.

Under the Act, residence in a hostel or lodgings maintained by the Univ. is compulsory for all students. The warden of the hostel regulates attendance and exercises disciplinary control and supervision over the students. An important feature of the working of the hostel is the close association of students in the management of the affairs of each section.

English is the usual language of instruction.

Physical Training is compulsory for all students, and weekly lectures on Physiology, Health and Hygiene are delivered for their benefit.

GENERAL INFORMATION

The University is open to persons of either sex and of whatever race, creed, caste or class. It was incorporated in 1915 ; the Central Hindu College, fully equipped, already existed, and the work of the University began in 1916. The University has since been removed to a magnificent site of 1300 acres.

The objects of the Banaras Hindu University, which is a teaching and residential University, are : (i) to promote the study of the Hindu Shastras and of Sanskrit lit. generally as a means of preserving and popularizing the best thought and culture of the Hindus ; (ii) to promote learning and res. generally in arts and science in all branches ; (iii) to advance and diffuse such scientific, technical and professional knowledge, combined with the necessary practical training, as is best calculated to help in promoting indigenous industries and in developing the material resources of the country ; (iv) to promote the building up of character in youth by making religion and ethics an integral part of education.

GENERAL INFORMATION

The idea of establishing a Univ. at Baroda had engaged the attention of the Govt. of the former State of Baroda as far back as 1908, and the idea was

brought to the forefront by many experts in subsequent years. In 1927 the Baroda Univ. Commission apptd. by the Govt. of Baroda submitted a report making out a strong case for immediate establ. of a Univ. Circumstances, however, did not permit this. In 1949 another Cttee., consisting of eminent educationists apptd. by the Govt. of Baroda, recommended the establ. of a residential Univ. The Univ. was establd. in April 1949 under the Maharaja Sayajirao University of Baroda Act.

CONSTITUTION. His Highness the Maharaja of Baroda is Chancellor of the Univ. The Vice-Chancellor is the principal executive and academic officer and is to be asstd. by a Pro-Vice-Chancellor or Rector. The Vice-Chancellor and Pro-Vice-Chancellor or Rector are elected by the Senate from amongst the names of panels submitted by the Syndicate. The Senate is the supreme governing body and authority of the Univ. and the Syndicate its executive authority. Among the other authorities are the Council of Postgraduate Studies and Research which deals with all postgrad. matters, and the Facs. and Bds. of Studies which are principally responsible for all other academic matters. Provision has also been made in the Act for the establ. of a Bd. of Extra Mural Studies, Bd. of Sports, Students' Welfare Bd. and Publications Bd.

GENERAL INFORMATION

Bombay University was established in 1857, but until the passing of the Indian Universities Act of 1904, the function of this University, in common with the others, was limited to examining candidates and arranging for the courses of study which led up to its degrees. Under the Act of 1904, it acquired the right of organizing teaching, arranging for Univ. extension lectures, and of publishing such works as were necessary for the direct educational work it was to carry on.

The Univ. Act of 1928 made the Univ. a more popular and representative institution than it had been. One of the main ideas underlying the Act was that the Univ. should directly conduct postgraduate teaching and res. in all branches of learning. The Univ. accordingly arranged for postgraduate instruction and research through its own depts. as well as through the teachers in affiliated colls. and recognized postgraduate institutions, recognized as Postgraduate Teachers of the Univ. As far as undergraduate education was concerned, the Univ. was an affiliating Univ. Before the establishment of the Univ. of Sind and of regional Univs. in Bombay State, the jurisdiction of Bombay Univ. extended over the whole of the former Province of Bombay and Sind. The Univ.'s jurisdiction is now confined to the limits of Greater Bombay.

With the establishment of other Univs. as a measure in the decentralization and reorganization of Univ. educn. in Bombay State, the Univ. was reconstituted by the Bombay University Act, 1953. Its special features were (1) reconstitution of the Univ. as a teaching and federal Univ. All affiliated colls. became constituent colls.; (2) reduction in number of elections; (3) strengthening of academic element in Senate, Academic Council and Bds. of Studies; (4) creation of Bds. of Univ. Teaching, predominantly academic, empowered to control post-Inter. and postgrad. instruction in affiliated colls. and recognized instns. and to make recommendations to Syndicate for con-

GENERAL INFORMATION

In July 1854 the Court of Directors of the East India Company sent a despatch to the Governor-General of India in Council directing the organization of the Universities of Calcutta, Madras and Bombay. In pursuance of that despatch the University of Calcutta was incorporated on Jan. 24, 1857. The jurisdiction of the Univ. extended at first throughout practically the whole of northern India, but the territorial jurisdiction has now been limited to the State of West Bengal. The Indian Universities Act of 1904 empowered the Univ. to make necessary arrangements for the instruction of students, and though most of the teaching continued to be imparted in the affiliated colls., teaching in some of the higher branches began to be organized under Univ. management. In 1917 a new scheme for Postgrad. teaching and research centralized postgrad. teaching in Calcutta within, and under the control of, the Univ. The Act of 1951 provides for higher postgrad. teaching in affiliated colls. along with the Univ. Colls.

Postgrad. Teaching in Arts, Comm., Law, Sci. and Technol. is conducted

by the relevant Univ. Coll. Councils. The Univ. provides for Postgrad. teaching in: (1) Engl.; (2) Sansk.; (3) Pali; (4) Arabic; (5) Persian; (6) Hebrew; (7) Syriac; (8) Greek; (9) Lat.; (10) French; (11) German; (12) (*a*) Bengali (*b*) Modern Indian Lang., other than Bengali; (13) Comparative Philol.; (14) Mental and Moral Philos.; (15) History (including Ancient Indian Hist. and Culture and Islamic Hist. and Culture); (16) Econs.; (17) Pol. Sci.; (18) Comm.; (19) Maths. (Pure and Appl.); (20) Phys. (Pure and Appl.); (21) Chem. (Pure and Appl.); (22) Physiol.; (23) Bot.; (24) Geol.; (25) Zool. and Comparative Anat.; (26) Psychol. and Appl. Psychol.; (27) Anthropol.; (28) Stats.; (29) Geog.; (30) Radio-Phys. and Electronics; (31) Educn.; (32) Law.

The Department of Postgrad. Teaching and Research in Arts is located in the Asutosh Building. Postgrad. Teaching and Research in the different branches of Scientific and Technol. studies are carried on in the University College of Science at 92 Upper Circular Road and 35 Ballygunge Circular Road, where opportunities for research have been provided by the establishment of extensive Labs. and up-to-date Workshops. The Institute of Nuclear Physics and the Institute of Radio-Physics and Electronics have been estabd. at 92 Upper Circular Road.

The Univ. buildings include a Senate House, the Darbhanga Building, with Law College, Hostel and Univ. offices, the Univ. Press, the Asutosh Building for postgrad. classes in Arts, postgrad. offices and the Univ library, three buildings for the teaching of Postgrad. Science courses at 92 Upper Circular Road and 35 Ballygunge Circular Road. LABORATORIES (in Univ. Coll. of Science): Phys. and Chem. (Pure and Appl.), Appl. Maths., Psych., Biol., etc. Inst. of Nuclear Physics. MUSEUMS: Asutosh Museum of Indian Art (including Art collections of the late Puranchand Nahar) and Museums attached to the Anthropol. and Comm. sections of the Univ. The University Press is accommodated in a separate building at 48 Hazra Road, Calcutta.

The usual Language of Instruction is English.

CONSTITUTION. The Senate of 151 members (elected 89, nominated 15, *ex officio* 47) is the supreme governing body. The Syndicate of 23 members (elected 14, *ex officio* 9) is the administrative body. The Academic Council of 72 members (elected 21, *ex officio* 51) is mainly concerned with making regulations for different courses. There are 11 Faculties and several Bds. of Studies. The normal work of the Univ. is carried on under the direction of the Vice-Chancellor and Syndicate. Control of financial affairs is in the hands of the Finance Committee.

LIBRARIES. The University Library contains over 222,750 vols., excluding pamphlets and periodicals, and a fairly large collection of Bengali and Tibetan MSS. and Rotograph copies of Persian and Arabic MSS.; 593 books of the Sung Dynasty Tripitaka were presented by the Consul-General for China. Reading Hall.

Besides this central library, there are other libraries attached to the Univ., viz. Law College Library and Libraries of the Depts. of Science.

GENERAL INFORMATION

The University was established by the Delhi University Act (Act VIII of 1922). The three existing men's Colleges in Delhi—St. Stephen's Coll., Hindu Coll., and Ramjas Coll.—were recognized as Colls. of the Univ. and their teachers as Univ. teachers. The Univ. began to function with the Facs. of Arts and Science; the Fac. of Law was instituted in 1924.

The original idea of the Govt. and Legislature was the establishment and incorporation of a unitary teaching and residential Univ. on the model recommended by the Calcutta Univ. Commission. However, this could not be achieved at once, and the Univ. continued to recognize several colls. in which instruction was provided under prescribed conditions and provision was made for residence of students.

From 1933, when the Univ. was given a permanent home in the Old Viceregal Lodge, the idea of a federal Univ. gradually took shape. The last decade has witnessed rapid growth and development. When the late Sir Maurice Gwyer became Vice-Chancellor, he submitted a five-yr. programme of development to the Govt. of India, which they accepted. The Govt. promised a grant of Rs. 37½ lakhs during 1943–48. With the aid of these grants, the Univ. instituted Professorships in Econs., Hist., Maths., Phys., Chem. and Bot., and the number of Readers and Lectrs. was increased. The Univ. was also able to construct a number of new bldgs. Postgraduate courses, limited to M.A. in the earlier years, were extended to other subjects.

Owing to the large influx of population after 1947, the number of students has increased considerably and new Colls. have been started. The Delhi Sch. of Econ. and the Sch. of Social Work have become recognized institutions preparing students for the M.A. Degrees in Econ. and Social Work respectively.

The Univ. also accepted the extension of the degree course from 2 yrs. to 3 yrs. as part of the reconstruction scheme for Higher Sec. educn. in Delhi.

The scheme includes the abolition of the Inter. Examn., the extension of the High School Course by one yr. (*i.e.* extension from 10 to 11 yrs.), and the institution of a 3-yr. degree Course in the Univ.

To implement this idea an Act (Act No. XXIV of 1943) to amend Act VIII of 1922 was passed by the Central Legislature. The amending Act *inter alia* provides for the appointment of a whole-time paid Vice-Chancellor and has revised the Constitution of the Cttee. of Selection concerned with appt. and recognition of teachers. All recognized teaching in connexion with courses of study is under Univ. control.

The Delhi University Amendment Act, 1952, has made important changes, based on recommendations of Univ. Educn. Commission, 1950. Apptmt. to membership of authorities will be by rotation by seniority instead of by election. The Univ. now becomes a teaching and affiliating Univ. The affiliated Colls., however, are permitted to impart instruction only up to Bachelor's degree. The jurisdiction of the Univ. has been extended over the whole of Delhi State, instead of being limited to a radius of 10 miles from Convocation Hall. The President of India, who was the Chancellor, has now become the Visitor of the Univ., and the Chancellor will be an officer elected by the Court. Provision has also been made for the apptmt. of a Pro-Chancellor, if need be, to assist the Vice-Chancellor.

CONSTITUTION. The Chancellor is the head, the Vice-Chancellor the principal executive and academic officer, of the Univ. The following are the principal Univ. authorities: the COURT, consisting of about 100 members; the EXECUTIVE COUNCIL, which consists of about 17 members and controls and administers Univ. property and funds; the ACADEMIC COUNCIL, which is responsible for the maintenance of standards of instruction, education and examn. within the Univ. Each FACULTY, subject to the control of the Academic Council, has charge of the teaching, courses of study and research work in such subjects as may be assigned to it by the Ordinances.

FACULTIES AND DEANS. *Agriculture and Forestry*—Dr. T. J. Mirchandani; *Arts*—Prof. B. Prasad; *Education*—A. N. Basu; *Law*—Prof. L. R. Sivasubramanian; *Medical Sciences*—Dr. R. Viswanathan; *Science*—P. Maheshwari; *Social Sciences*—Prof. V. K. R. V. Rao; *Technology*—S. C. Sen.

ADMISSION. Students are not eligible for admission to a degree course unless they have passed the Inter. Examn. of an Indian Univ. incorporated by any law for the time being in force, or the Higher Sec. Examn. of the Bd. of Higher Sec. Educn. for Delhi Province, or an examn. recognized as equivalent, and also possess any further qualifn. required. Candidates for admission must be 16 or, if admitted to the 2nd yr. of a degree course, 17 yrs. of age.

NON-MEMBERS OF THE UNIV. The Dean of a Fac. may permit a non-member of the Univ. to attend one or more courses of Univ. lectures or practicals on payment of the prescribed fees.

GENERAL INFORMATION

Karnatak University is one of the regional Universities in Bombay State which came into existence with the splitting up of Bombay University. In response to an insistent demand from the Kannadigas for a separate University for Karnatak, the Govt. of Bombay appointed the Karnatak University Committee in April 1947, under the chairmanship of Mr. Justice N. S. Lokur. The Karnatak University Bill, based on this Committee's Report, was passed by the Bombay Legislature in April 1949. In June 1949, Shri R. A. Jahagirdar, M.A., LL.B., was appointed by the Govt. of Bombay as first Vice-Chancellor of the University, and on March 1, 1950, Karnatak University was brought into existence as a corporate body. At present, its jurisdiction extends over the Districts of Dharwar, Belgaum, Bijapur and North Kanara which covers a total area of 21,401 sq. miles; the total population of these Districts is 5,216,259. The Univ. is situated on a 283-acre site, given by the Govt. of Bombay.

The Univ. is both an affiliating and teaching Univ. It aims to develop into a residential Univ. with emphasis on postgrad. instruction, affiliation being one of its subsidiary functions. The Univ. started two postgrad. depts.: the dept. of Kannada Lang. and Lit. and the dept. of Maths. and Statistics, in June 1952. Extension lectures were also begun in 1952.

CONSTITUTION. The Senate is the supreme governing body of the Univ. The executive powers are vested in the Syndicate. The other authorities of the Univ. are the Academic Council, the Facs., the Bds. of Univ. Teaching and the Bds. of Studies in the various Facs.

GENERAL INFORMATION

The University of Mysore was the first University to be founded in the Indian States. The two State Colleges which had long been affiliated to Madras Univ. formed the nucleus of the new University of Mysore. The establishment of the Univ. received the sanction of His Highness the Maharaja of Mysore in 1916. A regulation amending and consolidating the provisions of the Mysore University Regulation V of 1916, as amended from time to time, received the assent of His Highness the Maharaja in 1933, and came into force on July 1, 1933.

The University aims at the unitary type, but there are two Univ. centres, Mysore and Bangalore, one with two and the other with three constituent Colleges, including a Medical College and an Engineering College.

The University is empowered to affiliate Colleges under conditions prescribed in the Statutes and Ordinances.

The principal Univ. authorities are the Senate, the Council, the Academic Council and the Faculties.

The usual LANGUAGE OF INSTRUCTION is English

GENERAL INFORMATION

Following the partition of the Panjab, the University was established in Oct. 1947, under Ordinance No. VII, promulgated by H.E. the Governor of the Panjab. This Ordinance was subsequently replaced by the Panjab University Act No. VII of 1947, with effect from Dec. 1, 1947. At present its jurisdiction extends over the Panjab, Patiala and East Panjab States Union and Himachal Pradesh.

The Univ. is a teaching, affiliating and examining body and is open to all irrespective of colour, creed, class or sex.

CONSTITUTION. The Univ. consists of the Chancellor, the Vice-Chancellor, the Senate, the Syndicate. The Governor of the Panjab is the *ex-officio* Chancellor of the Univ. The Vice-Chancellor is one of the Fellows of the University, nominated by the Chancellor. The Vice-Chancellor holds his office for a period of two yrs. but is eligible for reappointment. The Senate have the entire management of, and superintendence over, the affairs and property of the Univ. in accordance with the Statutes, Rules and Regulations. The Executive Government of the Univ. is vested in the Syndicate, which consists of: (*a*) the Vice-Chancellor as Chairman; (*b*) the Director of Public Instruction, Panjab; (*c*) fifteen *ex-officio* or ordinary Fellows elected by the Facs. The Registrar is the Chief Executive Officer of the Senate and the Syndicate.

The LANGUAGE OF INSTRUCTION is English, except in Classical and Modern Indian Language classes, where the medium of instruction is the lang. concerned, or an allied lang. As part of the policy of replacing English by Hindi and Panjabi, M.A. examns. in Hindi and Panjabi are conducted in the lang. concerned. The M.A. examn. in Sanskrit is also conducted in Sanskrit, Hindi and Panjabi. A candidate for the Matric. examn. can choose English and any one of the Indian Langs. GENERAL INFORMATION

More than thirty years ago the idea of having a University in Maharashtra was conceived. It was felt that it would be difficult for the Univ. of Bombay, whose jurisdiction extended over four distinct linguistic regions, to provide adequate facilities to meet the demand for higher education throughout the entire province. In 1924, the Setalvad Committee on University Reforms, which recommended the establishment of regional Univs. in the Province of Bombay, pointed out the suitability of Poona as such a University centre. This project was taken up by leading educationists, literary associations and cultural organizations in Maharashtra, but it was not until 1942 that the Provincial Government appointed a committee to report on the form, constitution, jurisdiction and financial implications of a Univ. for Maharashtra. Although the committee, presided over by the Rt. Hon. Dr. M. R. Jayakar, submitted its report in the following year, difficulties created by the second World War prevented its implementation. It was not until 1948 that the Univ. of Poona was established; it occupied the old Government House, at Kirkee, which was provided by the Bombay Govt. The new Univ. is closely associated with the life and thought of the people of the region, which has a long and distinguished intellectual tradition. Though situated in Poona, the Univ.'s activities are spread over the whole area inhabited by the Marathi-speaking people. It is intended, as the Report of the Committee which framed its scheme observed, that the " Univ. will keep in view the special needs, interests

and traditions of Maharashtra and its people without losing sight of its essential character as a University, *i.e.* a seat of universal learning which recognizes no frontiers except those of the human mind itself."

The Univ. of Poona, as envisaged by the Jayakar Committee and constituted by the Legislature, is neither a purely affiliating nor a purely unitary and teaching Univ. It combines the features of both these types. It aims at creating for the Poona area a central teaching organization beyond the intermediate stage of instruction, and the whole of the postgraduate teaching and research work in the entire Univ. area will be conducted under its direct control. But up to the intermediate stage in the Poona area and the graduate stage in outside places, instruction will continue to be given by the Constituent and Affiliated Colleges subject only to the general supervision of the Univ. It is not contemplated that all the staff, equipment and bldgs. of such post-intermediate Colleges in Poona will belong to the Univ. which will, however, be able to draw freely on these resources. The Univ.'s library, laboratories and full-time teaching staff will be mainly used for postgraduate teaching and research in selected subjects. For the present, the Univ. has decided to appoint seven Profs. and four Readers as its own teachers in the different subjects.

No discrimination is made toward students on the ground of sex, race, creed, class or religious or political belief.

CONSTITUTION. Among the distinctive features of the constitution of the Univ. is its provision for the widest representation of the various elements in the life of the region in the composition of the Court, the general legislative and deliberative University body. Linking academic and non-academic sides is the Executive Council, which possesses complete control over the finances and routine working of the Univ. Apart from its general direction of policy, the Court has no control over the day-to-day business of the Univ.

The usual LANGUAGE OF INSTRUCTION is English, except in Mod. Indian Lang. classes, where the lang. concerned is used. Steps are being taken to replace English by Marathi.

FACULTIES AND DEANS. *See* p. 1405.

LIBRARIES, ETC. Univ. library: approx. 18,091 vols. Libraries of Affiliated Colls. and institutions: total of approx. 500,000 vols.

DEGREES, ETC. B.A. (General), B.A. (Special); M.A.; B.Sc. (General), B.Sc. (Hons.); M.Sc.; B.Com.; M.Com.; M.Ed.; B.E.; B.T.; T.D.; LL.B.; LL.M.; B.Sc. (Agr.); M.B., B.S.; M.D.; M.S.; Ph.D.; B.Sc.; D.Litt.

COURSES. *B.A.* course consists of two types: (1) Special; (2) General. Former consists of 6 Papers on one subj. and 2 Papers on an allied subj., while latter consists of 2 Papers each on 4 diff. subjs. Students of both Special and General Courses have also to take 2 Papers in Compulsory Engl., total no. of Papers in each case thus being 10, carrying 1000 marks. Univ. provides Special teaching in the following:—Langs., Philos., Hist., Econ., Maths. General Course comprises 12 Langs. and 12 other subjs. under headings: Philos., Hist., Soc. Scis., Maths., Geog. and Stats. *M.A.* course consists of 4 diff. branches: (1) Langs.; (2) Soc. Scis.; (3) Maths.; (4) Anc. Indian Culture. In the branch "Langs." provision made for 4 Classical and Prakrit Langs. and 7 Mod. Langs. The branch "Soc. Scis." consists of Philos., Hist., Econ., Pol., Sociol. and Psychol. In each subj., students can offer a special 8-Paper course, or any 2 of the subjs., offering 4 Compulsory Papers in each. In all branches of M.A. Examn., students have to appear for 8 Papers, carrying

800 marks in all. The course for the *B.Sc.Agri.* admits students immediately after Matricn. for study of 4 yrs. in Coll. of Agric.

EXTERNAL DEGREES. B.A. (External), M.A. (External), M.Sc. (External—Maths. only.) Gainfully employed persons, and married women, residing within the Univ. area, are eligible to appear for these examns. externally, *i.e.* without keeping terms at any of the Affiliated Colls. The duration of the Degree Course is 6 yrs. from the Entrance Examn. as compared with the normal duration of 4 yrs. for regular internal students. A candidate must appear for and pass the Inter. Arts Examn. after 3 yrs. and is then due to appear for the B.A. (External) Examn. at the end of another 3 yrs. He qualifies for the Master's Degree after a further period of 3 yrs. For any of these 3 examns., students have to register by paying Rs. 10 as the Registration Fee in the yr. previous to yr. of examn.

RESIDENCE. The Univ. maintains a hostel which has accomm. for 30 postgrad. students. A new hostel for about 46 more students is under construction. The Affiliated Colls. have their own hostels, accommodating a total of 3700 men and women students.

ADMISSION. The Univ. admits students who have passed the Matricn. or Entrance Examn. of any other statutory Univ. in the State of Bombay. The Univ. does not hold an Entrance Examn. of its own.

POSTGRADUATE RESEARCH. While the Univ. Depts. (see above) are mainly meant for postgrad. study and res., the four Constituent Recognized Institutions (see above) also do postgrad. res. through their staff as well as through postgrad. students registered with the Univ. and working in those institutions. The subjects of res. at the institutions are as follows: Bhandarkar Oriental Res. Inst.—Anc. Sanskrit and Prakrit Lit., Mahabharat Epic, and Anc. Indian Culture. Deccan Coll. Post-graduate and Res. Inst.—Sansk., Compilation of Sansk. Dictionary, Sociol., Anthropol., Arabic, Maratha Hist., Anc. Indian Hist. and Culture. Gokhale Inst. of Politics and Economics—Econ., Pol. and Stat. Maharashtra Assocn. for Cultivation of Sci.—Bot., Zool., Microbiol. and Biochem.

FEES. Fees charged up to first graduation are about Rs. 100 per term per student (extra lab. fees for Sci. students). Postgraduate students: Rs. 125 per term for Arts students and Rs. 150 per term for Sci. students. Besides these tuition fees, students have to pay about Rs. 25 to Rs. 30 per yr. to the coll. authorities for gymkhana, library and other facilities.

EXTRA-MURAL WORK. The Bd. of Extra-Mural Studies was set up in 1950. Lectures on topics of general interest are frequently arranged under the Bd.'s auspices, and Profs. of the Constituent and Affiliated Colls. and other experts are invited to deliver lectures which are open to the general public.

SUMMER SCHOOL. Summer Schools are organized in the Univ. Chem. Dept.; teachers in the Constituent and Affiliated Colls. and postgraduate students participate.

UNIVERSITY PRESS. The Univ. maintains a small Press.

GENERAL INFORMATION

The idea of a University at Jaipur—whether only for Jaipur State, or for the whole of Rajputana and Central India—can be traced to the twenties of this century. It was, however, on Jan. 8, 1947, that the Act for a federal University for Rajputana was promulgated by the States that had decided upon this joint action. In July following the Univ. began to function.

The jurisdiction of the Univ. extends over the ring-shaped region comprising the whole of Rajputana minus the centrally administered "island" of Ajmer-Merwara at the centre. The area consists of the former seven political units: (1) Bikaner, (2) Jaipur, (3) Jaisalmer, (4) Jodhpur, (5) Matsya Union (consisting of the former 4 states of Alwar, Bharatpur, Dholpur and Karauli), (6) Rajasthan Union (consisting of the former ten states of Banswara, Bundi, Dungarpur, Jhalawar, Kishangarh, Kotah, Pratapgarh, Shahpura, Tonk and Udaipur) and (7) Sirohi. The seven units were later integrated into a single political unit of Rajasthan (March 30, 1949) and the University Act was, in consequence, amended.

The Univ. controls the High School Examn. as well as Univ. education, and the Bd. of High School Education is one of the "Authorities" of the Univ. With the Senate at the base and the Syndicate as the apex, there are two bodies between them—the Academic Council to deal with collegiate questions and the Bd. of High School Educn. to look after the schools. This system of four "Authorities" forms a strong, stable structure for the Univ. The usual languages of instruction are English and Hindi.

INCOME (Jan. to Dec. 1952). Rs. 9,75,171, of which Rs. 6,52,389 were received from examn. fees. Expenditure during the yr. was Rs. 10,19,637.

FACULTIES AND DEANS. *Arts*, K. L. Varma ; *Commerce*, M. V. Mathur ; *Education*, K. N. Srivastava ; *Engineering*, V. G. Garde ; *Law*, M. L. Sauney ; *Medicine*, Dr. R. M. Kasliwal ; *Science*, Dr. K. P. Rode.

TEACHING AND RESEARCH. There are now 5 teaching Depts. in the Univ.—Economics, Geology, Philosophy, History and Law. The Depts. of Econ., Hist. and Law are located at Jaipur and the Depts. of Philos. and Geol. are located at Jodhpur and Udaipur respectively. Both res. work and postgraduate teaching (M.A., M.S., LL.M. or LL.B.) are carried on in these depts.

LIBRARY. 13,000 vols.

I and Pt. II. *M.Ed.*: 1 yr.'s course after Bachelor's degree in Education. *Ph.D.*: Open to Masters in Arts, Sci. or Comm. after res. work of at least 2 yrs. and on submission of a thesis.

CERTIFICATES. High School, Inter. (Arts, Science, Commerce and Agriculture), Teachers' Training Certificate and I.Pharm.

EXTERNAL STUDENTS. Provision has been made by the Univ. to enable candidates "in service" to undertake higher educn. Such candidates are enrolled to attend evening classes, which certain degree colls. are authorized to run. They are thus intermediate in status between "private" candidates on the one hand and full-time scholars on the other. This facility has enabled those who are gainfully employed and cannot for valid reasons join a coll. as regular students to appear at the Univ. examns.

EXTRA-MURAL WORK AND DELEGATIONS. Extension lectures by members of the Univ. are delivered at various centres, and are published both in English and Hindi.

NATIONAL CADET CORPS TRAINING. Three Battalions—one at Jaipur, another at Udaipur, and the third at Jodhpur, each under a separate Commandant. The Univ. contributes Rs. 5000 annually for the amenities of N.C.C. cadets.

PUBLICATIONS. Text-books on Hindi, English, Gen. Sci. and Soc. Studies for the High Sch. classes, *Handbook* (Pt. I, Univ. Authorities, Rs. -/4/6; Pt. II, Statutes and Ordinances, Rs. 3), *University Studies* and *Extension Lectures*, Text-books and Syllabuses, Ordinances and Regulations; *List* of institutions.

THE YEAR 1952–53

BUILDINGS. Detailed plans and designs for Univ. bldg. are ready, and construcn. is expected to start soon.

STUDENT NUMBERS. Number enrolled as members of Univ., 5494. Number of students (by faculty) in the Affiliated Colls., 3841 in Arts, 891 in Sci., 882 in Law, 1228 in Comm., 453 in Engin., 440 in Med., 130 in Educn. Of these, 1374 (1147 in Arts and 227 in Commerce) were external students. The total number of students increased from 10,866 (in 1952) to 12,904 (in 1953), including 6413 candidates in the Inter. classes.

GENERAL INFORMATION

Established in 1847, the Thomason College of Engineering became the University of Roorkee by the University Act of 1948 (U.P. Act No. IX of 1948) as amended by Act No. XII of 1949. The Univ. was constituted to provide for the teaching of all branches of Engineering at Roorkee in a unitary, teaching and residential University.

CONSTITUTION. The authorities of the Univ. are the Senate and the Syndicate.

INCOME. Total income for financial year 1953–54: Rs. 17,50,461 (Grant-in-Aid, 78 per cent.; other sources, 22 per cent.).

LIBRARY. Fully equipped central library of 35,000 books and periodicals on Engin. and scientific subjects; rare books of bibliographical value. Reading and reference rooms remain open on all days, including Sundays and holidays, till 9.30 P.M.

OBSERVATORY. There is a second-class meteorol. observatory under the charge of the Univ.

MUSEUM of Geol., Concrete Technol., Civil Engin.

LABORATORIES. Phys., Chem., Soil Mechanics, Concrete Technol., Mechanics, Hydraulics, Photogrammetry, Heat Engines, Refrigeration, Structural Engin., Survey, Internal Combustion Engines, Testing of Materials, Hydraulic Machines, Advanced Electr. Machines, Electr. Communication and Electr. High Voltage.

WORKSHOPS. Fully equipped workshops for instruction.

ADMISSION. (1) To one yr. Postgraduate Diploma course in (i) Dam Design, Irrigation Engin. and Hydraulics; (ii) Structural Engin. including Concrete Technol.; (iii) Municipal Engin.; (iv) Soil Mechanics and Foundation Engin.; (v) Servo-Mechanisms; (vi) Refrigeration and Air Conditioning. Qualifns. for admission: First-class graduates in Engin. of Roorkee and other approved Univs., or dipl. holders of the former Thomason Coll. of Civil Engin., Roorkee. Total no. of admissions for each course will be 10 only.

(2) To three yrs.' B.E. Degree course in Civil, Electr. or Mech. Engin.: Admission to first yr. of Engin. course may be obtained only through annual

competitive examn. (May/June). Age limits, 17 to 21 yrs. Admission fee, Rs. 20. Total no. of admissions, 80. Students cannot be admitted direct to second or third yr. classes. Qualifns. for admission : Pass in Inter. Examn. (with Phys., Chem. and Maths.) of the U.P. Bd. of High Sch. and Inter. Educn. or of any other Bd. or Univ. in the Indian Union recognized by the Govt.; Camb. Higher Sch. Certif. with Phys., Chem. and Maths. ; Pre-Engin. Examn. of Delhi Polytechnic ; B.Sc. Examn. of Delhi Univ. with English, Maths. and Phys. or Chem., provided that Chem. or Phys. were taken in the Higher Sec. Examn. of the Delhi Bd. ; B.A. (Hons.) Maths. of Delhi Univ., provided Sci. subjects were taken in the Higher Sec. Examn. ; Inter. Sci. Certif. (with Phys., Chem. and Maths.) of the East Punjab Univ. in lieu of Soc. Service ; Overseer certif. examn. of Thomason Coll. or of the Univ. of Roorkee ; High Sch. Examn. of the U.P. Bd. of Educn. plus 2 yrs.' engin. trg. in an approved engin. inst. or 2 yrs.' approved practical engin. experience.

(3) To two yrs.' Overseer's and Draughtsman Certif. course. Admissions to first yr. of Overseer and Draughtsman classes are made only through a competitive Entrance Examn. (May/June). Age limits, 16 to 21 yrs. Admission fee, Rs. 10. Total no. of admissions, 80 and 20 respectively. Students cannot be admitted direct to second yr. classes. Candidates must be permanent residents of the Uttar Pradesh. Qualifns. for admission : High Sch. Examn. of U.P. Bd. of Educn. or an equivalent recognized examn.

SPECIAL AND SHORT COURSES. In (*a*) Concrete Technol. and Structures (8 weeks) ; (*b*) Hydraulics and Irrigation (6 weeks) ; (*c*) Appl. Geol. and Soil Mechanics (5 weeks) ; (*d*) Advanced Surveying and Photogrammetry (4 weeks) ; (*e*) Photo-elasticity (Elementary) and Stress Analysis (4 weeks) ; (*f*) Engin. Materials and Industrial X-ray Techniques (3 weeks) ; (*g*) Refrigeration and Air Conditioning (6 weeks) ; (*h*) Electr. Line Communication and Electr. Radio-communication (8 weeks) ; (*i*) Electr. Technol. and Electr. Power Transmission (8 weeks).

TUITION FEE for Postgraduate Dipl. course, Rs. 240 per session ; for Engin. Degree course, Rs. 24 p.m. ; for Certif. courses, Rs. 6 p.m.

SCHOLARSHIPS. 33 scholps. of Rs. 50 each (15 for Civil, 9 for Electr. and 9 for Mech. Engin. students) awarded by Univ. In addition, 3 scholps. of Rs. 50 each are awarded to scheduled caste students who qualify in the entrance examn. 28 scholps. of Rs. 25 each are granted to Overseer class students. 4 additional scholps. of Rs. 25 each are awarded to scheduled caste students.

POSTGRADUATE AWARDS. 12 stipends, each of Rs. 100 per month.

ACADEMIC YEAR. October 1 to June 30.

The MEDIUM OF INSTRUCTION is English.

PRACTICAL TRAINING. Engineering students are provided with facilities to undergo 6 weeks' practical training during the long vacation, in govt. depts. and industrial enterprises. They are also given facilities and encouragement to do manual work by joining the community projects of the Univ.

RESIDENCE, ETC. Residence in the Univ. hostels is compulsory. Engineering students run a common mess. Membership is compulsory. A number of messes are also run by Overseer and Draughtsman students. Social functions are arranged in the clubs to foster informal contacts between staff, guests and students.

CLUBS. Separate clubs for the Engineering and Overseer class students exist. Membership is compulsory. Social functions are arranged in the clubs to establish informal contacts between the staff, guests and students.

THOMASONIAN SOCIETY. Organized by students under guidance of a senior member of staff. Membership is compulsory.

OLD THOMASONIANS' ASSOCIATION. Annual meeting held at time of Convocation, which provides an opportunity for the old students to establish contacts with the present staff and students. Lectures are given and papers on academic subjects read at the meeting.

NATIONAL CADET CORPS. Consists of two engineering platoons. Training is compulsory for 1st- and 2nd-yr. Engin. students Overseer and Draughtsman classes have to do physical trg. under a military instr.

PUBLICATIONS. *Calendar* (Rs. 6); *Annual Report*; *Syllabus* (6 as.); *Prospectus* (6 as.); *Lion*, run by students with editorial bd. under guidance of a member of staff.

THE YEAR 1952–53

NEW BUILDINGS. Work begun on construcn. of new Electr. Engin. Lab. block, and on expansion of Engineer Class Students Club. The students themselves are providing labour required for work on the Club.

NEW COURSES. Postgraduate Dipl. courses started in (i) Advanced Hydraulics and Irrigation, (ii) Advanced Structures and Reinforced Cement Concrete. Six special advanced and short specialized courses were also run and attracted a large number of students from various parts of India.

NEW POSTS. Extra posts of 1 Teacher and 1 Lectr. for postgraduate dipl. courses have been created.

GENERAL INFORMATION

The University was founded by Sir Hari Singh Gour, who gave Rs. 20 lacs and appealed to both Central and Provincial Govts. to make suitable donations. The Govt. of Madhya Pradesh donated Rs 10 lacs towards the Univ. Endowment Fund and made a further grant of Rs. 15 lacs towards bldgs. and equipment. They are also making a grant of Rs. 6 lacs a yr. towards the maintenance of the Univ. The Govt. of Madhya Pradesh have transferred to the Univ. 2050 acres of land, free of cost, at a site selected by the Univ. for the founding of the Univ. town. The permanent bldgs. of the Univ. are being constructed on the new site, which is on a plateau commanding extensive and beautiful views and more than 2000 ft. above sea level. At least Rs. 1 crore will be necessary for the completion of the bldg. programme.

The founder of the Univ. intended that it should be particularly concerned with Polytechnics. Accordingly, a scientific and technological faculty has grown up requiring expensive equipment and labs. and laying special emphasis on Sci., Phys., Technol., Engin. and Agric., along with a study of Arts and Social Sciences.

The Univ. is a teaching and residential as well as an affiliating Univ. and has on its register about 7000 students, of whom over 1000 are in residence in the Teaching Depts. at Sagar. Most of the members of the Teaching Staff live in the Univ. bldgs., and thus participate in the wider life of the Univ. A Course in General Knowledge is compulsory for all undergraduate students.

CONSTITUTION. The Univ. authorities are: the Court, Executive Council, Academic Council, Cttee. of Reference and the Faculties.

INCOME (1952–53). Total: Rs. 23,69,890. (State Govt. grant, Rs. 6,20,000; Central Govt. grant, Rs. 60,000; Grant from scholps., Rs. 11,683; Endowments, Rs. 1,78,149; Fees, Rs. 4,28,113; Misc., Rs. 10,71,945.)

LIBRARY. 23,606 vols.; 1463 bound periodicals, 330 pamphlets.

LABORATORIES. Phys., Chem., Bot., Zool., Geol., Industr. and Pharmaceutical Chem.

MUSEUMS. Zool., Bot., Geol., Archæol. BOTANICAL GARDENS.

OBSERVATORY. Meteorological Observatory controlled by Physics Dept.

POSTGRADUATE RESEARCH is carried out in all Depts. in Facs. of Sci., Arts and Educn.

UNIVERSITY ENTRANCE REQUIREMENTS. Students who have passed the High Sch. Certif. Examn. of Madhya Pradesh or any other equivalent examn. are eligible for admission to 1st-Year Course (Inter. 1st Yr.). Those who have passed the Univ. Inter. Certif. Examn. or any other examn. recognized by the Univ. as equivalent are eligible for admission to the third-yr. class, *i.e.* first yr. of Bachelor degree course. Grads. of this Univ. as well as of other recognized Univs. are eligible for admission to the postgraduate degree course.

NON-MEMBERS OF THE UNIV. are not admitted to classes.

DEGREES. B.A., B.Sc., B.Com., LL.B., M.A., M.Sc., M.Com., B.T., M.A. in Applied Psychol., M.Ed., B.E., B.E. (Hons.), M.E., B.V.Sc., Ph.D.

EXTERNAL DEGREES. Teachers in recognized schools and colls. within the territorial jurisdiction of the Univ., and women candidates, are admitted to all examns. for External Degrees.

FEES per session. I.A., Rs. 117; I.Sc., B.A., B.Sc., Rs. 135; M.A., M.Sc., Rs. 162; I.Com., Rs. 126; B.Com., Rs. 144; M.Com., Rs. 171; LL.B. Previous, Rs. 108; LL.B. Final, Rs. 126; Soaps and Cosmetics Dipl. Course, Rs. 72.

LANGUAGE OF INSTRUCTION. Hindi and English in Inter. classes. English in undergrad. and postgrad. classes.

STUDENTS' RESIDENCES. 5 halls of residence (4 for men and 1 for women). Total number of students in residence at the Univ. is 550 (500 men and 50 women). *Hostel Fees*: for single room, Rs. 5 p.m.; for double room, Rs. 4 p.m.

STAFF RESIDENCES. About 40 staff members live in the residences on the Univ. campus.

UNIVERSITY MILITARY FORMATION. Regular National Cadet Corps Independent Coy. maintained, through the State Govt., by Ministry of Defence of Govt. of India.

STUDENT HEALTH SERVICE. The Bd. of Physical Welfare supervises the arrangements connected with physical welfare of students. There is a resident Medical Officer and a small Hospital Unit is attached to the Univ.

STUDENTS' UNIONS. Univ. of Saugar Union, Delegacy Students' Union and Hostel Students' Union.

PUBLICATIONS. Univ. *Calendar* (published every 3rd yr.); *Prospectuses* and *Syllabuses* (annual; various prices); *Annual Report*; *University Journal* (twice a yr.); magazines of Students' Unions (twice a yr.).

UNIVERSITY PRESS. The Univ. maintains a small Univ. Press.

GENERAL INFORMATION

After the separation of Orissa from Bihar and the creation of a new Province of Orissa in April 1936, a strong desire was expressed among the leaders of the Province to establish a separate University in Orissa. In 1942 a Committee was formed under the presidentship of Pandit Godavarish Misra, M.A., B.T., then Minister of Education, Orissa, to frame and draft the University Bill, which, after being passed in the Orissa Legislative Assembly, received the assent of the Governor of Orissa on Nov. 23, 1943, and from that date Utkal University came into being under the Utkal University Act, 1943 (Orissa Act XIII of 1943).

Utkal University is at present a Univ. with which there are affiliated 16 colls., of which 11 are First Grade Colleges, 3 Second Grade Colleges, 1 Medical College and 1 Training College. The one Law College, which prepares for the LL.B., is a University College. The Univ. has also a Teaching Dept. of Mod. European Langs. (French and German) which prepares students for a Dipl. course in French and German (Lectr.-in-charge: P. Sinha Ray, M.A.), and a Teaching Dept. of Geology at Revenshaw College (Reader: N. GENERAL INFORMATION

Visva-Bharati was founded by Rabindranath Tagore. The aims of the Univ. are to study the mind of Man in its realization of different aspects of truth from diverse points of view ; to bring into closer relationship with one another, through study and research, the different cultures of the East on the basis of their underlying unity ; to approach the West from the standpoint of such a unity of the life and thought of Asia ; to seek to realize in a common fellowship of study the meeting of the East and the West, and thus ultimately to strengthen the fundamental conditions of world peace through the establishment of free communication of ideas between the two hemispheres ; and with such ideals in view, to provide at Santiniketan a cultural centre where research into and study of the religion, lit., hist., sci. and art of Hindu, Buddhist, Jain, Islamic, Sikh, Christian and other civilizations may be pursued along with the culture of the West, with that simplicity in externals which is necessary for true spiritual realization, in amity, good fellowship and co-operation between the thinkers and scholars of both Eastern

and Western countries, free from all antagonisms of race, nationality, creed or caste.

Visva-Bharati grew out of Santiniketan Asrama founded in 1863 by Maharshi Devendranath Tagore. The Asrama was meant to be a retreat where seekers after truth might come and meditate in peace and seclusion. In 1901 an experimental school was started at Santiniketan by Rabindranath Tagore with the object of providing for a limited number of children an education which would not be divorced from Nature, where the pupils could feel themselves to be members of a large community. Since 1921 Santiniketan has been the seat of Visva-Bharati, which was incorporated as a Univ. by Act XXIX (1951) of the Indian Parliament. Visva-Bharati is an all-India institution with students and teachers drawn from all over India, with a proportion of teachers, students and visitors from abroad. Students live a communal life, all Colls. and Insts. being co-educational and residential.

Besides the academic institutions mentioned above, the Univ. conducts 2 Depts. : one for Rural Reconstruction and the other for publication of books of educational and cultural interest. The Palli-Samgathana Vibhaga (Rural Reconstruction Institute) at Sriniketan is concerned mainly with a comprehensive study of the problems of rural life in its social, cultural, economic and other aspects and extension work in the villages on the basis of such a study. The Institute maintains a model primary school for rural children, a teachers' training school for serving primary education in rural areas, as well as an agency for propagation of folk education and social education. There is a section for rural industries where training is provided to apprentices in a variety of crafts.

GENERAL INFORMATION

The University was founded in 1942 by the incorporation of the Ceylon University College, established in 1921, and the Ceylon Medical College, estab-

lished in 1870. It occupies temporarily the premises of the two Colleges in Colombo, but new buildings are being erected in Peradeniya, four miles from Kandy, on the banks of the Mahaweli-ganga below the Royal Botanic Gardens. The Facs. of Arts and of Oriental Studies moved to Peradeniya in Oct. 1952 and the General Administration in June 1953. When the whole University is moved there it will become entirely residential. The site covers 2200 acres; much of it is too steep for buildings and has been acquired for protective purposes. More land will be required for the Faculty of Medicine and new Faculties. The main buildings are being erected to a plan formulated by Sir Patrick Abercrombie and Mr. Clifford Holliday.

The LANGUAGE OF INSTRUCTION in all Facs. is English, but courses in Sinhalese and in Tamil are given in those languages.

LIBRARIES. The main Library (which has now moved to Peradeniya) contains 80,000 vols., but there are sectional libraries attached to the laboratories. The Univ. makes a grant to the Ceylon Medical Library, which is used as the Library of the Fac. of Medicine. LABORATORIES. Science Labs. in Thurstan Rd. (moving to Peradeniya in 1956); Medical Labs. in Kynsey Rd.; Dental Labs. in Ward Place. HOSPITALS. The Colombo General Hospital, the De Soysa Maternity Hospital and the Dental Institute are teaching hospitals. Medical students also use the Medical Research Institute and the Kalutara Public Health Centre.

UNIVERSITIES OF PAKISTAN

[Originally contributed in 1952 by Professor M. Timur, then Vice-Chancellor of the University of Peshawar; revised in 1954 by Mr. M. Bashir, Secretary of the Inter-University Board of Pakistan.]

PAKISTAN came into existence on August 15, 1947. It contains five provinces: East Bengal, Panjab, Sind, North-West Frontier Province and Baluchistan.

At the time of the partition there were three Universities in this territory. The University of the Panjab, the oldest among these, was established in 1882 with powers to hold examinations and grant degrees to students of affiliated colleges. It then provided instruction only in Law and Oriental Languages. Since 1919 it has also organized teaching departments for postgraduate instruction in Physical and Social Sciences, Commerce, Foreign Languages, Islamic Studies, etc. The Medical, Engineering, Animal Husbandry, Agricultural, Dentistry and Teachers Training Colleges are administered by different departments of the Provincial Government, but are under the control of the University in academic matters.

The University of Dacca was established in 1921 as a teaching and residential University. After the formation of the State of Pakistan in 1947, it was empowered to affiliate all educational institutions in East Bengal which prepare students for examinations higher than the Matriculation and High Madrassa standard. It has teaching departments in Physical and Social Sciences, Medicine, Engineering, Agriculture, Law, Education, Oriental Languages and Islamic Culture.

The University of Sind was established in 1947 as a teaching, affiliating and examining University. Postgraduate teaching for Masters' as well as Doctorate Degrees is conducted directly by the University in the departments of Education, Religion, Islamic Culture, Muslim History, Philosophy, Psychology, Economics, General History, Political Science, Arabic, Sindhi, Urdu, English, Persian, Mathematics and Botany. Fifteen colleges are affiliated to the University.

The University of Karachi was founded in 1950, and the existing colleges in the Karachi Federal area which were formerly affiliated to the University of Sind are now affiliated to the University of Karachi. The University has decided to take over from the Colleges all teaching for Honours and for M.A. and M.Sc. degrees, together with all research work. Considerable progress has now been made in implementing this policy.

The University of Peshawar was also founded in 1950, and the colleges in the North-West Frontier Province are affiliated to it. Islamia College, the oldest and largest educational institution in the Province, has become a constituent college of the University. Instruction up to B.A. and B.Sc. Degree standard is given by the Colleges, and the Engineering department of the University prepares students for the B.Sc. degree. The University has teaching departments for postgraduate study in English, Economics, Mathematics, Arabic, Education and Law, and plans to open departments also in Physical and Social Sciences, European Languages and Islamic Theology.

Rajshahi University was founded in 1953 to co-ordinate education in the Northern part of East Pakistan. It has twenty colleges under its jurisdiction, of which twelve are degree colleges. There is a Commerce College and a College for Women The degree colleges provide courses up to B.A. and B.Sc. Honours standard in Arts, Science and Commerce subjects. The nucleus of the University is the seventy-year-old Rajshahi Government College, which offers teaching up to B.A. and B.Sc. Honours standard.

The University itself has started postgraduate teaching in English, Economics and Political Science, History and Islamic History, Philosophy including Psychology, Geography, Mathematics, Law and Education.

MEDIUM OF INSTRUCTION. The Pakistani Universities conduct their teaching and examinations on the same lines as British Universities. The medium of instruction at the degree stage is English except in the Urdu College at Karachi. The courses of study are similar to those in British Universities Since 1947 there has been a movement to attach increasing importance to the study of the Urdu language and Islamic Theology. Departments for the study of these subjects have been established in almost all Universities. Urdu has been introduced in the Intermediate Colleges as an alternative medium of instruction to English.

ADMINISTRATION AND CONTROL. The Universities of Pakistan are statutory bodies based on the acts of Provincial and Central legislatures, in the case of Karachi on the act of the Central legislature. The legislative authority is vested in the Senate and the executive authority in the Syndicate or the Executive Council. Academic matters are under the control of the Boards of Studies, the Faculties and the Academic Council which co-ordinates the work of the Boards and Faculties. The income of the Universities is derived from the fees of students and from grants from the Provincial and the Central Governments.

ADMISSION AND DEGREE COURSES. The minimum requirement for entering a University is the Matriculation examination of a Pakistani University, which is generally taken at the age of 16, or an examination which is recognized as its equivalent by the various Universities. Two more years are required for taking the Intermediate examinations. The B.A. or B.Sc. (Ordinary) degree is granted after a further study of two years and the B.A. or B.Sc. (Honours) degree after three years. The Master's degree is granted after one or two years' study after the B.A. or B.Sc. degree. In the ordinary course a student may take his M.A. or M.Sc. degree at the end of the sixth year after passing the Matriculation examination.

The first medical degree (M.B., B.S.) is taken after a study of 5 years after passing the pre-medical Intermediate examination in Physics, Chemistry, Botany and Zoology (as well as English). The B.Sc. degree in Engineering is taken after a study of three years after passing the Intermediate examination in Physics, Chemistry and Mathematics. The LL.B. degree is taken after a study of two years after the B.A. degree. The Ph.D., D.Phil. and M.D. degrees are conferred after a course

of advanced study and research extending over two or three years. Candidates entering upon a course of study for the Ph.D. or D.Phil. must have taken the Master's degree of a Pakistani University or of some other approved University. Candidates for the M.D. degree must have taken the M.B., B.S. degree or a degree which is recognized as equivalent to it. Candidates on completion of research must present a thesis and submit to oral examination on that thesis.

In addition to these degree courses, diploma courses in various subjects are offered by the Universities of Dacca, the Panjab and Rajshahi. The University of the Panjab confers the oriental titles, Maulvi Fazil (Honours in Arabic), Munshi Fazil (Honours in Persian), Adib Fazil (Honours in Urdu), on those who pass the Honours examinations in these languages. The University of Peshawar gives the diploma of Honours in Pashto only.

TERMS. In the Universities of the Panjab and Peshawar the academic year is divided into three terms, which run from about Oct. 1 to the third week of Dec.; first week of Jan. to end of March; middle of April to end of June. At the Universities of Dacca, Karachi and Rajshahi, the three terms run from about July 1 to Sept. 20; Oct. 20 to Dec. 20; Jan. 2 to April 20. In the University of Sind the academic year is divided into two terms, which run approximately from the beginning of July to the end of Oct.; middle of Nov. to the middle of March.

RESIDENCE. Residence is provided for a large number of students in the hostels maintained by the Universities or affiliated Colleges.

EXPENSES. It is not possible to make any general estimate of the cost of a University course, which varies with the Universities and the type of study. The cost of living is higher in the big cities like Lahore and Karachi than in Dacca and Peshawar. The Engineering and Medical courses cost more than the ordinary Arts and Science courses. The monthly expense of a student may therefore vary from Rs. 80 in Dacca and Peshawar to Rs. 150 in Lahore and Karachi.

(*Note.* Rupee = 2s. 2d. approximately.)

THE INTER-UNIVERSITY BOARD. For the purpose of discussing problems which affect the Universities in general and also for exchange of views on Inter-University relations, a body representing the six Universities of Pakistan and the Central Government has been established, which meets once a year. The Standing Committee of Vice-Chancellors acts as the executive body and meets twice a year. The Chairman and Secretary of the Board for the calendar year 1955 are W. A. Jenkins, C.I.E., D.Sc. Sheff., Vice-Chancellor of the University of Dacca, and M. Bashir, B.Sc. Edin., Registrar of the University of the Panjab, respectively.

The EDUCATION DIVISION OF THE OFFICE OF THE HIGH COMMISSIONER FOR PAKISTAN, 39 Lowndes Square, London, S.W.1 (*Telegrams*: Pahic, London; *Telephone*: Sloane 3402), obtains admission to educational institutions in the United Kingdom for Pakistani students and gives advice and help on all educational and welfare matters. Students

in Pakistan intending to proceed abroad for further studies should consult the Information Bureau of the University in their area in the first instance. Parents or guardians who wish to send minors for schooling may arrange with the Education Division for the children to be placed under guardianship of the Educational Attaché, who will make provision for their welfare and the administering of their funds.

Educational Attaché : A. M. Chowdhury, M.A. Dacca ; Assistant Educational Attaché ; A. G. Butt, M.A. Panj. ; Sr. Education Officer : S. B. Zaman, B.A. Madr. ; Education Officers : L. Aird, B.A. Durh. ; Maj. D. P. D'Vaz ; P. Rieger, B.Sc. (Econ.) Lond. (Registrar) ; Z. Hossain (Welfare Officer).

Note

The arrangement of Oriental names in the directory sections has been adopted for convenience of reference and for indexing purposes.

GENERAL INFORMATION

The University was established in 1921 under the Govt. of India Act XVIII of 1920, which was based on the recommendations of the Calcutta Univ. Commission presided over by Sir Michael Sadler, and provides for the constitution of Facs. of Arts, Sci., Law, Agric., Med. and Engin. It was established as a unitary, teaching and residential Univ. with a constitution similar in many

respects to those of modern English Univs. Following the creation in 1947 of the province of East Bengal as part of Pakistan, the East Bengal Educational Ordinance, 1947, was promulgated, by which the Univ., without prejudice to its original character as a teaching and residential Univ., was entrusted with sole authority to recognize and affiliate all educnl. institutions in E. Bengal above Matricn. and High Madrassa standard. Accordingly, in 1947, the Univ. affiliated 55 first and second grade Colls. spread over the whole of E. Bengal, as well as several other institutions.

The Univ. area covers about a square mile of fine parkland, including over 100 acres of playing fields, and lies about 1 mile N.W. of the centre of Dacca City.

CONSTITUTION. The authorities of the Univ. include the Court, the Executive Council, the Academic Council and the Faculties.

RESIDENCE. Students reading in the Univ. itself must live either in one of the Halls of Residence or under specially approved conditions. Halls for Muslims: Salimullah Hall (accomm. for 400 students), Fazlul Huq Hall (370), Iqbal Hall (316); for non-Muslims: Dacca Hall (160), Jagannath Hall (partly in use by Govt.; students transferred to Dacca Hall). Women Students' Residence (25).

Some Univ. teachers live in houses within the Univ. area.

The usual LANGUAGE OF INSTRUCTION is English.

GENERAL INFORMATION

Before the partition of Bengal in 1947 the Univ. of Dacca was purely residential and the jurisdiction of the Univ. of Calcutta extended throughout Bengal. In August 1947 the Univ. of Dacca assumed the responsibility of affiliating all those Colls. in East Bengal which had formerly been under the

* Member of the Association of Universities of the British Commonwealth.

jurisdiction of the Univ. of Calcutta ; this resulted in the centralization of all higher educn. at Dacca, an immediate effect being overcrowding in degree and postgraduate classes. The need for another Univ. was realized and the Govt. chose as its location Rajshahi where the Government Coll., founded in 1828, had a high reputation. As long ago as 1917 the Sadler Commission had indicated the suitability of Rajshahi as the site for a Univ. in North Bengal.

The Univ. was founded on July 1, 1953 ; the first Vice-Chancellor is Dr. I. H. Zuberi, who formulated the scheme for the establishment of the Univ. and drafted the Bill which was passed by the Provincial Legislature.

The Univ. has academic control over 20 Colls. of which 12 are degree Colls. There is a Coll. of Commerce and a Women's Coll.

Rajshahi Univ. will confine its activities to postgrad. teaching and res., Pass and Honours courses in the Facs. of Arts and Science being available in the affiliated colls. Postgrad. teaching has been organized in Law, Engl., Econ., Pol. Sci., Philos., Psychol., Hist., Islamic Hist., Maths., and Geog. ; also for M.Ed. and Dipl. in Educn.

CONSTITUTION. On the Senate are represented Deans of Facs., Heads of Dept., Principals and governing bodies of all affiliated colls., and representatives of the Provincial Legislature and all registered graduates ; the Government nominates 20 members. The Syndicate, a smaller body responsible for day-to-day admin., is composed of the Deans, two representatives of the Principals of affiliated colls., and representatives of Senate incl. those of registered graduates ; members of the Syndicate *ex officio* are the Dir. of Public Instrucn., East Bengal, the Pres. of East Bengal Secondary Educn. Bd. and the Inspectress of Schools ; the Chancellor nominates 3 members. The Academic Bd. is responsible for organizing courses of studies, prescribing syllabuses and conducting examns. The Vice-Chancellor is Chairman of all these bodies.

FACULTIES. Arts, Education, Law, Science.

TERMS. July-Sept. ; Oct.-Dec. ; Jan.-May.

BUILDINGS. It is intended to establish a small Univ. town on land acquired 6 miles from Rajshahi. Plans for the Univ. bldgs. have been prepared by Lt.-Col. G. Swayne Thomas, whose services are being made available by the Australian Govt. under the Colombo Plan.

LIBRARY. A library intended primarily for postgrad. and res. work is being established.

RECREATION. All Degree Colls. have facilities for organized games.

GENERAL INFORMATION

The idea of a separate University for Sind was first broached in 1886, when the then Principal of the D. J. Sind College, Karachi, predicted that the province would need a separate University to serve its distinctive cultural needs. In 1940 the autonomous Govt. of Sind appointed the Sind University Committee to go into the entire problem of a separate Univ. The Report of the Cttee., issued in 1941, covered the entire field of organizational and academic issues involved. But action on the Report was delayed till a regular Bill for the creation of a separate Univ. for Sind was introduced in the local legislature in 1945, and became an Act in 1947.

Since a separate Karachi University for the Karachi Federal Area was established as from session 1951–52, the headquarters of the University of Sind were moved from Karachi to Hyderabad in May 1951.

The University is now an affiliating, examining and teaching Univ. Most of the teaching work is carried on by the affiliated colls., but postgraduate teaching under the direct control of the Univ. has been started and there are schemes for the taking over by the Univ. of all postgrad. teaching and research. The dept. of Sindhology is designed to organize extensive res. work in the hist., lit., lang., folk-lore, economic conditions and material resources of the Province of Sind.

A Univ. township scheme has been prepared and has been approved in principle by the Provincial and Central Govts. The scheme envisages the establishment of the following institutions under direct Univ. control: Educn. Dept. with Model Primary Sch. and Model Collegiate Sec. Sch.; Arts Colls.; Commerce Colls.; Law Coll.; Sci. Coll.; Engin. Coll.; Technical Inst.

A Foreign Universities' Bureau of Information has been set up to guide all students in West Pakistan who desire to study in the Universities of U.K. and U.S.A.

UNIVERSITY INSTITUTIONS IN OTHER PARTS OF THE COMMONWEALTH

THE provision of facilities for higher education within the Colonies has a long history; Codrington College, Barbados, founded in 1710, and Fourah Bay College, Sierra Leone, founded in 1827, have since 1875 been affiliated with the University of Durham (*see* p. 122). The present phase of exceptionally rapid development, however, dates from the end of the 1939–45 war. In June 1945 reports were published of the Commission on Higher Education in the Colonies under the chairmanship of Mr. Justice Asquith, of its West Indies Committee under the chairmanship of Sir James Irvine, and of the Commission on Higher Education in West Africa under the chairmanship of Colonel Walter Elliot (Cmd. 6647, Cmd. 6654, Cmd. 6655, H.M. Stationery Office). These reports recommended that additional university institutions should be created within the Colonies, formulated the principles on which they should be developed, proposed the establishment of an Inter-University Council through which the Universities of the United Kingdom could assist, and provided detailed plans for new University colleges in the West Indies and West Africa. After the liberation of Malaya, a commission under the chairmanship of Sir Alexander Carr-Saunders (Report, Col. 229, H.M. Stationery Office) visited the area and recommended that a University of Malaya should be established by the amalgamation of the King Edward VII College of Medicine (founded 1904) and Raffles College (founded 1928). In 1952 a commission, also under the chairmanship of Sir Alexander Carr-Saunders, visited Central Africa (Report, Central African Council, March 1953); its recommendations, combined with the plans already in being for a college in Salisbury, S. Rhodesia, provide the basis for the proposed Rhodesia University College.

In this post-war development, the two existing Universities of Malta (founded 1592) and Hong Kong (founded 1911) have been strengthened, a new University of Malaya founded, three new University Colleges created, the University College of the West Indies, the University College of the Gold Coast, and University College, Ibadan, Nigeria, and Makerere College (founded 1922) raised to the status of the University College of East Africa. A fifth, Rhodesia University College, is in process of being established.

All the Colonial Universities and University Colleges are autonomous corporations, established by local ordinances or, for the University College of the West Indies, by Royal Charter. With minor variations, their constitutions provide for a *Council*, with a majority of lay members and some academic representatives, and a *Senate* or *Academic Board*, wholly academic in membership.

The institutions have relatively small endowments, among the largest being £1 million for the University of Hong Kong in 1951 from Japanese assets available under the peace treaty, nearly £1 million for the Faculty

of Agriculture at University College, Ibadan, from the Nigerian Cocoa Marketing Board, and £2 million for the University College of the Gold Coast from the Gold Coast Government They receive most of their recurrent income from the local governments in the form of block grants, not internally earmarked Local governments have given generous sites for the new Colleges, for instance areas of five square miles each for the University College of the Gold Coast and University College, Ibadan, and over one square mile in Jamaica for the University College of the West Indies. In addition to substantial capital gifts for buildings and equipment from local governments and private sources, Her Majesty's Government in the United Kingdom has contributed £7 million for capital purposes from funds available under the Colonial Development and Welfare Acts of 1945 and 1950.

The three Universities award their own degrees. The four University Colleges provide courses leading to the degree examinations of the University of London, with which they are in special relationship; by this arrangement the academic boards of the Colleges work out with the University special syllabuses adapted to local conditions, and members of the College staffs assist in the examining of their own students. In addition to courses leading to University of London degree examinations, the University Colleges provide, in some subjects, courses leading to their own diplomas and certificates.

The academic year is from Oct. to June, except at Makerere, where it is from March to Dec. The institutions, except Malta, are either wholly, or for the majority of students, residential. The language of instruction is English.

All have Faculties of Arts and Natural Science; all, except the Gold Coast, Medicine. Social Sciences are taught at Hong Kong, Malaya, Gold Coast and Makerere; Veterinary Science at Makerere; Engineering and Architecture at Malta and Hong Kong; Dentistry at Malaya; Theology at Malta and Gold Coast; Law at Malta; Education at Hong Kong, Malaya, West Indies, Gold Coast and Makerere. West Indies, Gold Coast, Ibadan and Makerere have departments of Extra-Mural Studies.

All are active centres of research as well as of teaching. At three of the colleges, West Indies, Ibadan and Makerere, regional Institutes of Social and Economic Research have been established with grants under the Colonial Development and Welfare Acts.

In addition to the three Universities and four University Colleges, there are in the Colonies several other institutions of research and higher education, including two specialized agricultural colleges, the Imperial College of Tropical Agriculture, Trinidad, and the College of Agriculture, Mauritius.

THE INTER-UNIVERSITY COUNCIL FOR HIGHER EDUCATION OVERSEAS (formerly the Inter-University Council for Higher Education in the Colonies), 1 Gordon Square, London, W.C.1. (*Telegrams*: Interuniv London; *Telephone*: Museum 8916.) The Inter-University Council was created in March 1946 by the Universities in Great Britain and Northern Ireland and the existing Universities in Colonial territories,

at the invitation of the Secretary of State for the Colonies, for the purposes of—

"strengthening co-operation between the Universities of Great Britain and Northern Ireland and the Universities in territories in respect of which the Secretary of State for the Colonies has responsibility;

fostering the development of higher colleges in the British Colonies and their advance to University status;

giving effect to the principles recommended by the Asquith Commission on Higher Education in the Colonies for the promotion of higher education, learning and research in the British Colonies;

discharging the tasks which the Secretary of State for the Colonies has invited them to undertake;

taking other appropriate action for the development of higher and particularly University education for the peoples of the British Colonies, Protectorates, Mandated Territories and the High Commission Territories in South Africa;

and, at the invitation of the Governor-General of the Sudan, performing, in relation to the development of higher education in the Sudan, functions analogous to those which they undertake in relation to the Colonial territories."

The Council's composition is: Chairman: Sir Alexander Carr-Saunders, M.A., LL D, D.Litt., Litt.D., D. en Droit, F.B.A. Vice-Chairman: Sir Raymond Priestley, M.C., M A., D.Sc, LL.D., D.Litt.

Library Adviser: R. Offor, B.A., Ph.D.

Among the duties of the Council is the organization of periodical visits by its members or other academic specialists to the Colonial institutions of higher education. The Council has undertaken recruitment of staff for the Universities and Colleges in the Colonies and advised the Colleges on such questions as constitutions, conditions of service for staff, building programmes, academic development, recognition of diplomas, scholarship policy and library services. The Council reviews the academic aspects of applications submitted to the Colonial University Grants Advisory Committee, on which it is represented by two of its members.

THE COLONIAL UNIVERSITY GRANTS ADVISORY COMMITTEE. The Committee was appointed in 1946 by the Secretary of State for the Colonies with the following terms of reference:

" The function of the Committee will be to advise the Secretary of State for the Colonies on all matters which he may refer to it, relating to the expenditure of United Kingdom funds for the development of higher education in the Colonies. It is expected that in advising on these matters, the Committee will take into account the funds available for Colonial higher education from sources other than the United Kingdom Government. On the academic aspects of the proposals which are referred to it, the Committee will be guided by the opinion of the Inter-University Council for Higher Education in the Colonies."

The members are: Sir Hector Hetherington, K.B.E., D.L., M.A., LL.D., D.Litt. (Chairman); H. T. GENERAL INFORMATION

The University was founded on Oct. 8, 1949, by Ordinances of the Governments of the Federation of Malaya and of the Colony of Singapore. It was formed by the fusion of two Colleges of Higher Education then existing in Singapore, The King Edward VII College of Medicine and Raffles College. Full University teaching began in Session 1949–50.

The bldgs. of the two former Colls. are still being used, but there has been considerable development on these sites. Discussions have been going on for some time on the future development of the Univ., both physical and academic, and there is no doubt that more accomm. will be provided soon. In view particularly of the heavy capital costs involved, the original scheme to erect completely new Univ. bldgs. on a site in Johore Bahru will almost certainly be abandoned in favour of dual development on the present sites in Singapore and on a new site in Kuala Lumpur, the capital of the Federation of Malaya. Discussions on this new proposal are still proceeding, but plans are already being considered for new bldgs. on the present sites in Singapore.

The Univ. is thus physically separated into two parts, the former Raffles Coll. site of about 80 acres containing the Admin. Offices and the Facs. of Arts and Sc., including a new Library Bldg. completed in July 1953, and the former Coll. of Medicine site containing the Fac. of Medicine.

INCOME. Total income for the year ending Dec. 31, 1953, £683,839 : Govt. grants, 82 per cent. ; Endowments, 5·1 per cent. ; tuition and examn. fees, 8·6 per cent. ; misc., 4·3 per cent.

FACULTIES AND DEANS. *Arts*, Prof. A. Oppenheim (Maths.); *Sci.*, Prof. J. C. Cooke (Appl. Maths.); *Med.*, Dr. D. W. G. Faris (whole-time Dean).

LIBRARY. The Library is in two parts—the main Libr. to cater for the Facs. of Arts and Sci., and the Med. Libr. situated on the Fac. of Med. site. The main Libr. contains some 40,000 books, apart from the Chinese collection of 80,000, and the Med. Libr. contains approx. 25,000.

LABORATORIES, MUSEUMS. There are departmental labs., a Public Health Museum and the Keith (Pathol.) Museum.

TEACHING HOSPITAL. The main Univ. teaching hosp. providing facilities for undergrad. or postgrad. teaching is the Govt. General Hosp. in Singapore; other hosps. used for teaching purposes are: Kandang Kerbau Hosp. (Mid. & Gyn.), Woodbridge Hosp. (Mental diseases), Middle Road Hosp. (V.D.), and Tan Tock Seng Hosp. (Infectious diseases). Certain Govt. hosps. in the Federation of Malaya are recognized as providing facilities for training prior to registration.

ENTRANCE REQUIREMENTS. The Univ. conducts its Entrance Examn. in March each yr. Applicants must ordinarily possess the Cambridge Sch. Cert. (in specified subjects), or the London Matriculation, or equivalent qualifications, and, in addition, have attended 4 terms of post-school cert. work in sch. Passes in appropriate subjects taken at Principal Level in the Higher Sch. Cert. may grant exemption from the Univ. Entrance and first yr. examns.

Non-graduating courses are provided in the Facs. of Arts and Sci. and admission to these is subject to approval of Senate.

DEGREE COURSES. 3 yrs.: B.A. Pass (4th yr. for Hons.), B.Sc. Pass (4th yr. for Hons.). 6 yrs.: M.B., B.S. 5 yrs.: B.D.S. Honours students must first take a Pass Degree.

HIGHER DEGREES. Open to grads., M.A., M.Sc. (1 yr.'s residence); Ph.D. (2 yrs.' residence); open to grads. of 3 yrs.' standing—M.D., M.S., M.D.S.; open to Masters or Doctors of Philos. of 5 yrs.' standing—D.Sc., D.Litt. Dipl. holders of the Coll. of Med. (L.M.S.) and of Raffles Coll. (Dip.Arts and Dip.Sc.) and grads. of other Univs. may also be admitted to higher degrees of the Univ.

DIPLOMAS. Pharm. (2 yrs.), followed by 2 yrs.' practical work. Educn. (1 yr.), open to grads. Pub. Health (1 yr.), open to med. grads. Soc. Studies (2 yrs.), open to grads. and suitable non-grads.

RESEARCH FACILITIES. There are ample facilities for res. in most depts.

FEES. Tuition, including Students' Union: for B.A. and B.Sc. courses, also Dipl. courses in Educn. and Soc. Studies, approx. £56 : 5s. p.a.; M.B., B.S. and B.D.S., also Dipl. courses in Pharm. and Pub. Health, £66 : 15s. p.a. Higher degrees, res. fees, between £17 : 10s. and £35 p.a. depending on the degree; examn. fees, M.A., M.Sc., M.Ed., £17 : 10s.; Ph.D., £23 : 5s.; D.Litt., D.Sc., M.D., M.S., M.D.S., £35.

ACADEMIC YEAR. The teaching session runs from first wk. in Oct. to first wk. in June, and includes 3 terms of 10 wks. Clinical students have vacation work in addition.

ADULT EDUCATION. An active interest is taken in the Adult Educn. movement in Singapore, members of the Univ. staff assisting in the teaching work.

SCHOLARSHIPS, BURSARIES, ETC. The Univ. offers annually 9 entrance scholps. on the results of the Univ. Entrance Examination. The Govts. of

Singapore and the Federation of Malaya offer bursaries to suitable candidates requiring financial aid. A Shell and a Lee bursary are available for the Social Studies course.

POSTGRADUATE AWARDS. The Govts. of Singapore and the Federation of Malaya offer the Queen's Scholps. and Fellowships (tenable for 2 to 3 yrs.). The Univ. awards the Liew Weng Chee Scholp. for 1 yr. for medical studies and a Shell Fellowship for res. in Fac. of Arts or Sci.

APPOINTMENTS BOARD. Chairman, Prof. E. H. G. Dobby (Geog.). A register of prospective candidates is kept and vacancies are normally communicated by circular.

GRADUATES' ASSOCIATIONS. The Stamford Club (for grads. of the former Raffles Coll. and Arts and Sci. grads. of the Univ.), and the King Edward VII Alumni Association (for grads. of the former Coll. of Med. and Med. grads. of the Univ.).

STUDENT RESIDENCES. For men: Dunearn Road, F.M.S., Orange Grove Road and Tan Tock Seng. For women: Dunearn Road, Mount Rosie and Holme Chase. (For Wardens *see* p. 1515.)

STUDENT HEALTH SERVICE. The Univ. operates a student health service under a full-time medical officer. Med. examn. is compulsory for 1st-yr. students and optional for others. Two dispensaries are available for routine treatment.

STAFF RESIDENCES. There are at present approx. 120 units of housing for academic staff. A block of 18 flats adjacent to the Raffles Coll. site and a block of 12 flats at the Med. Fac. are now being erected.

STUDENTS' UNION. The Students' Union came into existence on Foundation Day in Oct. 1949, with the fusion of the former Student Unions of the Raffles and Medical Colls. The admin. of the Union is vested in the Students' Council consisting of 25 to 30 students elected annually on a constituency basis. The annual elections take place in Nov. The Students' Council appts. an Executive Cttee. and such other standing and special cttees. as are provided for in its constitution.

There are societies to cater for the social, athletic and other activities of students, and these are well supported.

PUBLICATIONS. *Calendar* (Sept.), 7s.; *Annual Report* (Nov.), 2s. 4d.; *Gazette* (one for each of the 3 terms), 7d. (all compiled by the Registrar). The *Report* of the Cttee. of Enquiry on Medical Educn. in Malaya (Dec. 1953), 4s.

UNIVERSITY PRESS. The establishment of a Univ. Press is under consideration.

THE YEAR 1952–53

GENERAL INFORMATION

The University began as a Jesuit College instituted in 1592 by Pope Clement VIII, who gave it the power of conferring degrees in Philosophy and in Theology. It is still housed in a building erected by the Jesuit Fathers. Its Medical Faculty originated in a School of Anatomy founded in 1674 by Grandmaster Nicolas Cottoner in the Great Hospital of the Order, which accommodated 745 patients. Fra Emmanuel Pinto de Fonçeca, Grandmaster of the Order of St. John of Jerusalem, with authority from Pope Clement XIV, raised the College to University status in 1769.

By an Ordinance promulgated in 1947, the Univ. is governed by a Council consisting of the Chancellor as President, the Vice-Chancellor and Rector Magnificus as Vice-President, a representative of the Inter-University Council for Higher Education Overseas, six members from the Legislature of Malta, six members elected by the Senate of the Univ., one member from the Guild of Graduates and three members appointed by the Chancellor in consultation with the Vice-Chancellor. A Senate consisting of fourteen members, twelve elected by the Faculties and two appointed by the Chancellor, to deal with questions regarding teaching and discipline, was also instituted by this Ordinance.

The Council is the supreme authority of the University.

LIBRARY. 16,000 vols. A public library close by the Univ. contains over 100,000 vols. and is rich in MSS. and rare editions of great historical interest. MUSEUM: Archæol. OBSERVATORY, full meteorol. equipment and seismograph. BOTANICAL GARDENS. HOSPITALS, available for Clinics: general (650 beds) and several special—Leprosy Hospital (80); Mental Diseases (800); Invalid and Old Age (1000); Pulmonary Tuberculosis (200).

FACULTIES AND DEANS. *Theol.*, Prof. S. M. Zarb; *Laws*, Prof. V. Caruana; *Med. and Surg.*, Prof. J. E. Debono; *Engin. and Archit.*, Prof. J. Terreni; *Arts*, Prof. J. Aquilina; *Sci.*, Prof. Ph. Farrugia.

MATRICULATION examn. requires pass in six subjects, including English (Language and Literature), Maltese, Mathematics and three other subjects which must include a lang., a Sci. subject and another subject at the choice of the candidates. Latin is obligatory for the Faculties of Arts, Laws, and Theology and, for the latter, also Greek, as from 1954. Courses start every three years. The next Inter. Course commences in October 1957.

GENERAL INFORMATION

The College is an independent institution, governed by a Council which was incorporated by the University College of the Gold Coast Ordinance (Gold Coast No. 6 of 1948). The Senate consists of all full-time teaching, research and admin. officers above a certain seniority. The Facs. and Fac. Bds., the Financial Bd., and other bodies, all consist of members of the Senate. The duty of submitting resolutions to the Senate is entrusted to a Council elected by the Senate and advised by a General Bd. of the Facs., the Financial Bd., and a Bd. of Delegates (representing the Halls of Residence).

A site of five sq. miles, near Accra, presented by the Govt., is being developed for the permanent bldgs. of the Coll. The first phase of development provides for a fully residential Coll. of 1000 students. The ultimate development is planned for 5000 students. Meanwhile the Coll. has been housed in bldgs. of the Achimota School and in temporary bldgs. in the same area. Grants totalling £1,897,000 have been made by the Gold Coast Cocoa Marketing Board for the development of Agric. and for general purposes. In addition, the Govt. has made grants for bldg. and equipment totalling £4 million. A grant of £400,000 has been made from Colonial Development and Welfare funds towards a Hall of Residence.

The Coll. was admitted in 1948 to special relationship with the Univ. of London as envisaged in the Asquith Commission's Report on Higher Education in the Colonies, 1945.

INCOME. The College's annually recurrent expenditure is met largely from Govt. grants determined quinquennially. The total recurrent grant for the quinquennium 1953–58 is £3,049,000.

DEGREE COURSES are provided for Honours, Special and General London Degrees in Arts, Sci., Divinity, Econ. and Agric. Graduate students and full-time teaching or research officers of the Coll. may register for the Ph.D. degree of London under the internal regulations.

FACULTIES. Agric. Arts, Biol. Scis., Phys. Scis., Soc. Studies.

The Institute of Education gives courses for the London Postgrad. Cert. in Educn. and for a College Associate Cert. (for experienced non-graduate teachers only).

LIBRARY. Building-up grant of £100,000 has been made for books and periodicals, in addition to grants for equipment and annually recurrent ex-

penses. 70,000 books have been acquired up to date, and 1500 periodicals are taken. Special West Africa collection.

A NATIONAL MUSEUM is being developed in assocn. with the Dept. of Archæol.

ADMISSION. Entry through annual competitive examns. to Inter. or Post-Inter. courses. Candidates must have satisfied the entry requirements of the Univ. of London. Admission is open to men and women of all nationalities and races.

RESIDENCE. All students are required to reside full-time in Coll., undergraduates for at least 3 yrs.

GENERAL INFORMATION

University College, Ibadan, is an autonomous institution. The financial management is in the hands of a Council, representative of both Nigeria and the United Kingdom. Teaching and Research is the charge of an Academic Board of which the heads of all departments are members. The Board is represented on the Council. The College was opened in Jan. 1948, and in Sept. 1948 the Provisional Council was incorporated by Government Ordinance. A grant has been made under the Colonial Development and Welfare Act towards the cost of the permanent buildings. The Nigerian Government has endowed the College and makes an annual grant. In addition, endowments amounting to £1,175,000 have been received from the Nigerian Cocoa Marketing Board. An Endowment Fund Appeal has been launched.

FACULTIES AND DEANS. *Agric.*, Dr. D. H. Hill; *Arts*, Prof. B. J. Garnier; *Medicine*, Prof. A. Brown; *Sc.*, Prof. C. W. L. Bevan.

LIBRARY. Over 75,000 vols. in Arts, Sciences, Med. and Agric.; subscribes to 1200 current journals. Special collections include W. African Hist. and Ethnol., Trop. Agric. and Trop. Med. The Library is legal depository for all Nigerian publications.

LABORATORIES, FIELD STATIONS, ETC. The Fac. of Agric. has its teaching, research and admin. bldgs. and its own farm on the permanent site of the Coll. On the farm, soil survey, crop and animal production are actively proceeding and a small dairy herd of Zebu stock, as well as poultry, swine, sheep and goats, is maintained. A considerable area is under mechanized cultivation. As part of research into moisture conditions in Nigeria, measurements of evapo-transpiration at ten installations, covering the Niger Delta to the northern frontier, are being made.

A BOTANICAL GARDEN of 80 acres is being developed. Mainly West African plants are being grown, but there is an arrangement of exchange and testing of economic plants with the U.S.D.A., and an index seminum is published annually.

TEACHING HOSPITAL. The construction of a teaching hospl. has commenced. Until it is operating clin. students proceed overseas. In the meantime, clin. routines and res. are carried out in one Govt. and one Native Authority hospl.

The WEST AFRICAN INSTITUTE OF SOCIAL AND ECONOMIC RESEARCH is located in the Coll. The Institute is affiliated to the Univ. Colls. of Ibadan, Nigeria, and the Gold Coast. Negotiations for a wider affiliation are in progress. The staff at present consists of four economists, one historian and four anthropologists.

LANGUAGE OF INSTRUCTION. English.

ADMISSION. Students are required to pass the College Entrance Examn., for which they are ordinarily eligible only if they have passed the Cambridge School Certif. with passes at credit standard, or a G.C.E. with passes at ordinary level in Engl., Elem. Maths. and 3 other subjects.

TERMS. There are three terms in the academic year, which lasts from Oct. until June.

FEES. £95–£130 p.a. These fees cover board and tuition. All students are resident.

GENERAL INFORMATION

Makerere College was founded in 1922 as a Technical Sch. under the Educn. Dept. of Uganda Admin. It rapidly broadened its educational aims and raised its standard of work, for even in quite early yrs. its potentialities as a centre for advanced educn. were not ignored. Following the De la Warr Report in 1937, which pointed to the future of the Coll. as a centre of higher studies in E. Africa, under the inspiration of Sir Philip Mitchell the Coll. was presented with land and an endowment and a nucleus of its bldgs. Work on the present admin. block was inaugurated by H.R.H. the Duke of Gloucester, and the block with its twin chapels was completed in 1941. Support and benefactions from African and European sources have consolidated the inter-territorial status of Makerere. On the recommendation of the Asquith Commission in 1945 it was definitely decided that the Coll. should become the centre of Univ. studies in E. Africa. A Scheme of Special Relationship with the Univ. of London was entered into at the end of 1949, whereupon the Coll. assumed its present title. Courses leading to the General Degrees of the Univ. of London in Arts and Sci. started at the beginning of 1950.

The govt. and admin. of the Coll. follow the provisions of the Makerere College Act, 1949, and so far as these are applicable, the established practices and conventions of English Civic Univs.

The policy of the Coll. is that it shall be open to all students, regardless of race, colour and religion, who have the academic qualificns. nec. for admission. Entries are accepted from any of the E. African Territories, *i.e.* Kenya, Uganda, Tanganyika and Zanzibar. Entries from N. Rhodesia and Nyasaland, as well as from the southern part of the Anglo-Egyptian Sudan, are also considered.

The Coll. is situated on the outskirts of Kampala. The clin. section of the Vet. Sch. is at Kabete, near Nairobi (postal address: P.O., Kabete). A Coll. farm for the Fac. of Agric. is being developed at Kabanyolo, 13 miles from Kampala.

A large building programme, financed mainly by a grant of £1,100,000 under the Colonial Development and Welfare Act and £150,000 from the East Africa Govts., is at present under way, consisting of a new Arts Block, Phys. Lab., Chem. Lab., Med. Sch., Staff Houses and the Halls of Residence men-

tioned below. When completed (it is hoped by 1956) there will be accomm. for 630 students, including 50 women.

INCOME (1953). Total income: £270,995. (Govt. grants, 87·5 per cent.; Endowments and investments, 7 per cent.; Fees, 4 per cent.; Misc., 1·5 per cent.)

FACULTIES AND DEANS. *Agriculture*, Prof. F. B. Wilson; *Arts*, Prof. A. J. Warner; *Education*, Prof. E. A. Lucas; *Medicine*, Prof. A. Galloway; *Science*, Dr. Edna M. Lind; *Veterinary Science*, Prof. J. B. Polding.

LIBRARIES. Main library, approx. 38,000 vols.; sub-library at Med. Sch., approx. 9000 vols.

CHAPELS AND MOSQUE. There are 2 chapels (the Chapel of St. Augustine for Catholics, and the Chapel of St. Francis for members of other branches of the Church) and a mosque.

TEACHING HOSPITAL. The Govt. African Hosp. at Mulago, Kampala, is the teaching hosp. for Med. Students, on the same site as the Med. Sch.

FACILITIES OF SPECIAL INSTITUTIONS. The East African Inst. of Soc. Res. is administered by the Coll.; Dir., Dr. A. I. Richards. Its main function is field res. in Uganda, Kenya, Tanganyika and Zanzibar, covering anthropol. studies in particular tribes, or urban surveys and comparative studies of particular aspects of problems of interest to all E. African Territories in the field of sociol., econ., psychol., public admin. and law, and linguistic res.

The Physiol. and Biochem. Res. Scheme (Dir., Prof. E. G. Holmes) was establd. in 1947 under the auspices of the Colonial Med. Res. Cttee. It gives res. facilities to staff of dept. of Physiol., and to certain visiting res. workers. The res. undertaken deals chiefly with nutrition and kindred subjects.

LANGUAGE OF INSTRUCTION. English.

ENTRANCE REQUIREMENTS. Minimum requirements are a Camb. Overseas or equivalent Sch. Cert. with three credits, one of which must be in English Lang., and for the Fac. of Sci., in Elem. Maths.

For direct admission to the Facs. of Agric. Educn., Med. and Vet. Sci., candidates must have passed the Inter. Examn. of the Univ. of London or an equivalent Higher Sch. Cert. with passes in appropriate subjects.

FIRST DEGREE COURSES. The B.A. (Gen.) and B.Sc. (Gen.) degrees of the Univ. of London may be taken under the scheme of Special Relationship.

DIPLOMAS, CERTIFICATES, ETC. The Coll. awards Dipls. in Agric., Vet. Sci., Educn. and Fine Art, the Art Cert., the General Course Cert. in Arts, and the Licentiateship in Med. and Surg.

LEAVE in the U.K. for members of staff recruited from overseas: 3 months every 2 yrs.

GENERAL INFORMATION

The College is incorporated under the Southern Rhodesia " University Charter and Inaugural Board (Private) Act, 1952." The Inaugural Board is the governing body in the initial period pending the establishment of the full constitution of the College, which is being provided under a Royal Charter. The Charter establishes a Council and an Academic Board which will be in control of academic policy.

* Associate Member of the Association of Universities of the British Commonwealth.

The main site of 474 acres at Mount Pleasant in Salisbury has been presented by the City authorities. Additional sites in or near Salisbury are reserved for a Medical School and a teaching and experimental farm. Towards the capital costs of building and equipment Her Majesty's Government has promised a grant of £1¼ million. Among the private benefactions received by the College is a gift from the British South Africa Company, Rhodesian Anglo-American, Ltd., and Rhodesian Selection Trust, Ltd., of £150,000 for the building of the Library.

The College will first establish Faculties of Arts, Science and Agriculture. It has applied for admission to special relationship with the University of London. It is hoped to begin teaching in March 1956.

The academic year will be from March to December. The College is a multi-racial institution, open to all students without distinction on racial grounds. It will be mainly residential. The College is intended primarily to serve the higher education needs of the Federation of Rhodesia and Nyasaland but will admit students from other territories.

GENERAL INFORMATION

The Univ. Coll. was incorporated by Royal Charter granted on Jan. 5, 1949. Its establishment was recommended and planned by a Cttee. of the

Commission on Higher Education in the Colonies under the chairmanship of Sir James Irvine,* then Principal and Vice-Chancellor of the Univ. of St. Andrews. Undergraduates were first admitted in Oct. 1948. The Govt. of Jamaica has given on lease for 999 yrs. a site of over 1 sq. ml. about 7 mls. from Kingston. H.M. Queen Elizabeth II is the Visitor of the College and on Nov. 27, 1953, was graciously pleased to open the Senate House and to make a speech in reply to a loyal address read by the Principal.

CONSTITUTION. The Univ. Coll. is an autonomous institution, governed by a Council to which each of the British Caribbean colonies nominates a member and on which the Senate, the Guild of Graduates and the Inter-Univ. Council are represented. The Senate consists of members of the teaching staff with the Principal as chairman.

INCOME. A grant has been made from C.D. & W. funds towards the capital costs, but recurrent expenditure is met from the revenues of the Caribbean Colonies. Income for year 1953–54 : £373,890. (Grants from the West Indian Govts., 97 per cent. ; Fees, 3 per cent.)

LIBRARY. 29,411 books, 4293 pamphlets, 229 maps, 237 microfilms and film strips, 15,180 periodicals, 24,617 govt. publications and 864 calendars. In Jan. 1954 Mr. Ansell Hart donated his valuable collection of West Indiana, comprising some 480 items.

TEACHING HOSPITAL. In 1952 the University College Hospital opened for the admission of patients with 215 general Med. and Surg. beds and in 1953 the Obstet. Block was opened. 49 students are now receiving their clin. trg.

FACULTIES AND DEANS. *Arts*, Prof. A. K. Croston ; *Med.*, Prof. G. H. C. Ovens ; *Nat. Scis.*, Prof. N. Millott.

An INSTITUTE OF SOCIAL AND ECONOMIC RESEARCH is associated with the Univ. Coll. The capital cost and recurrent expenditure for 5 yrs. is covered by a grant from the Colonial Social Science Research Council.

ENTRANCE REQUIREMENTS. Men and women are eligible for admission if they are qualified to satisfy the entrance requirements of the Univ. of London. Candidates for admission are examined by papers set by the Coll. and are interviewed.

TERMS. The academic year is from Oct. to the end of June, with three terms, each of eleven weeks.

CURRICULA. The Univ. College is in a special relationship with the Univ. of London, the degrees awarded being those of London, the schemes of examn. being devised jointly by the Coll. and the Univ. and the examn. conducted by examiners from both bodies. Teaching in the Fac. of Medicine began in Oct. 1948 and in the Fac. of Natural Sciences in Oct. 1949. Teaching in the Fac. of Arts began in Oct. 1950.

FIRST DEGREES AND DEGREE COURSES. 3 yrs. : B.A. Gen. (4th yr. for Hons., in Engl., Hist., Lat., Span., French) ; B.Sc. Gen. (4th yr. for Special). 6 yrs. : M.B., B.S. No degree can be obtained without attendance upon the prescribed courses in the Univ. Coll. extending over at least 3 academic yrs. after matricn. except in approved cases.

HIGHER DEGREES. Graduate students and full-time teaching and res. staff of the Univ. Coll. may register for the Ph.D. degree of the Univ. of Lond.

* *Report of the West Indies Committee of the Commission on Higher Education in the Colonies* (H.M.S.O. 1945, Cmd. 6654).

under the internal regulns. The M.Sc. Degree under Special Relationship may be taken 2 yrs. after graduation.

DIPLOMAS. Educn. (1 yr.), Chem. Technol. (1 yr.), Advanced Study (1 yr.).

STUDY LEAVE. Study leave with passages provided for the appointee, his wife and children up to a max. of not more than 5 persons in all, to the U.K., Western Europe or N. America, is granted in respect of every 3 yrs.' service. Provision of passages to places other than those mentioned is at the discretion of the Council.

FEES. A charge of £135 covers residence, sports subscription and simple medical attention for 33 weeks' residence. Tuition fees are £50 p.a. in medicine, £25 p.a. in science and £20 p.a. in arts.

SCHOLARSHIPS. The Univ. Coll. awards open scholps. by examns. held in the Caribbean Colonies each yr. In addition, several of the Colonies award exhibitions to those educated or born in the Colony. Private benefactions have established the following awards: Cadbury Exhibition, Farquharson Memorial Exhibition, Gilchrist Scholp.; St. Madeleine, St. Kitts, Antigua Exhibition; Princess Alice Scholp.; Shell Scholp.

PRINCIPAL "OPEN" POSTGRADUATE AWARD. T. Geddes Grant Res. Fellowship, awarded for postgrad. work in subjects of Caribbean interest.

GRADUATES' ASSOCIATIONS. Guild of Graduates including not only graduates of the Univ. Coll. of the West Indies but graduates of other univ. institutions, recognized for the purpose by the Coll. Council, who have lived in the West Indies for 3 yrs. or more.

RESIDENCE. The Univ. Coll. is entirely residential. Men: Chancellor Hall, Taylor Hall. Women: Irvine Hall. Address of all three: University College of the West Indies, Mona, St. Andrew, Jamaica, B.W.I.

STUDENTS' UNION. There is a Guild of Undergraduates which among other activities manages a Students' Union.

PUBLICATIONS. *Year Book*; *Caribbean Quarterly*; *Caribbean Affairs* (series of pamphlets); *Social and Economic Studies*; *West Indian Medical Journal.*

THE YEAR 1952–53

BENEFACTIONS. Sugar Manufacturers' Assocn. of Jamaica Ltd., funds to provide 50 per cent. of recurrent annual cost of postgrad. course in Chem. Technol. up to a max. of £2000 p.a. and to provide 50 per cent. of salary of Lectr. in Bot. up to a max. of £500 p.a.; Rockefeller Foundation; $10,000 for training techns. for Medical Sch., $6000 for res. in Chem.; Lederle Lab., $4500 for res. on Yaws; Univ. of Penn., $3650.

NEW BUILDINGS. Students' Union; Registry and Senate House.

NEW DEPARTMENT. Dept. of Chem. Technol. (teaching to begin, Oct. 1954).

EXTRA-MURAL DEPARTMENT. Programme has included class programme covering a wide range of subjects; extension lectures by Univ. Coll. Lectrs. and others, special courses and summer schools for Agric. officers, Civil Servants, Co-operative officers, teachers, nurses, Trade Union officers, political leaders and other workers in Soc. Welfare Organizations. The dept. has been experimenting since 1953 with radio educn. Series of broadcasts varied

from Econ. to Psychol. The dept. has undertaken res. in local soc. studies and industr. relations, and is engaged in publishing Caribbean Plays. Publications include: *Caribbean Quarterly*, *Caribbean Affairs*, *Crisis in the West Indian Family*, and magazines published by Resident Tutors.

VISITS BY MEMBERS OF STAFF FROM OTHER UNIVERSITIES. Dr. T. C. Hunt (Med.), Lond.; Prof. C. T. Ingold (Bot.), Lond.; Dr. E. J. Irons (Phys.), Lond.

VISIT OF MEMBER OF STAFF TO OTHER UNIVERSITY. Prof. A. K. Croston (Engl.) represented the Univ. Coll. at the Inauguration of the Chancellor of the Univ. of Southampton.

DEATH. Sir Thomas Taylor (Principal of the Univ. Coll., 1946–52).

GENERAL INFORMATION

The Imperial College of Tropical Agriculture was founded as the West Indian Agricultural College, on the recommendation of a Committee appointed by Viscount Milner, Secretary of State for the Colonies, and was formally opened in Oct. 1922. In 1924 its name was changed to "The Imperial College of Tropical Agriculture." Two years later the College was incorporated by Royal Charter.

The Coll. is situated at St. Augustine, eight miles to the east of Port-of-Spain, the capital of Trinidad, and can easily be reached by road or rail. It stands amid pleasant surroundings on a savanna at the foot of the Northern Range. It possesses well-equipped laboratories, lecture rooms and offices and an experimental sugar factory. Three miles to the west, a new farm of more than 300 acres has been developed as a general mixed farm with the emphasis on those crops best suited to local conditions. All classes of tropical livestock are maintained. Good facilities are provided for teaching and demonstration and for students' research and investigation projects. River Estate, the Coll.'s experiment station of 425 acres, of which nearly one-third is under cacao, is 17 miles away to the north-west of Port-of-Spain. This Estate was acquired through the generosity of Cadbury Bros., Ltd.

Instruction is provided at both undergrad. and postgrad. levels in tropical agric. and in the relevant basic sciences. Research is conducted on several of the major crops of the wet tropics, on soils and on many branches of the sciences relating to tropical agric., *e.g.* entomology, mycology and plant physiology. The Coll. is the recognized British centre for postgrad. training in tropical agric. and the agric. sciences for officers destined to serve in the Colonial Agric. Service. The conception of such a centre is primarily due to Viscount Milner and its development has followed the lines recommended in 1927 by the Cttee. of Agric. Research in non-self-governing dependencies, of which he was Chairman. As a result, most of the senior staff of Colonial Depts. of Agric. have received postgrad. training at the Coll.

In 1946–47 the research potential of the Coll. was greatly extended by the establ. of res. schemes for cacao, bananas, soils and sugar chemistry. The soils res. scheme, which is entirely financed from Colonial Development and Welfare (Research) funds, is concerned both with a survey of the soils of the British Caribbean region and with investigations into their properties. The other three schemes are financed in part by industry and in part from C.D. & W. funds. The sugar res. scheme is concerned mainly with studies of the by-products of the sugar industry. Plans are under consideration for combining the first three of these schemes to form the nucleus of a Regional Research Centre to be established at the Coll.

The foundation-stone of the central bldg. which houses the admin. offices and library was laid by Sir Samuel Wilson, Governor of Trinidad and Tobago, in 1924. An Experimental Sugar Factory, towards which British sugar machinery manufacturers contributed plant worth £20,000, was opened in 1925 and has recently been modernized. It is attached to the Dept. of Sugar Chem. and Technol. and is used both for the instruction of students and for technol. investigations. The Milner Hostel and College Dining-Hall were completed in 1927. A Plant Quarantine Station to serve the British West Indies, British Guiana and British Honduras was completed in 1933. In recent years, to meet the expanding needs of the Coll., additional staff and student quarters have been built. A new Biol. bldg. and new Sugar Technol. labs. were completed in 1950–51.

INCOME. The income of the College is derived from contributions by the principal British and West Indian Colonies, the Imperial Government, and various Associations, Companies and individuals.

LIBRARY. 21,000 vols., 78,000 pamphlets and periodicals, on tropical agric. and related sciences.

RESIDENCE. Accomm. is provided for 66 students (Milner Hall) and for staff.

COURSES OF STUDY. (1) A 3-yr. course leading to a *Diploma* of the College (D.I.C.T.A.) either (*a*) in *Agriculture* or (*b*) in *Sugar Technology*. Although these courses are primarily intended for students from the British Caribbean area, others, if suitably qualified, are accepted for admission provided there are vacancies.

(2) A 2-yr. course leading to an *Associateship* of the College (A.I.C.T.A.) in Agriculture, open to students who obtain the Diploma with credit and to postgraduate students. The period of study to cover all requirements is 2 sessions of 3 terms each.

(3) A 1-yr. course leading to an *Associateship* of the College (A.I.C.T.A.) in *Sugar Technology*, open to students possessing the Diploma in Sugar Technology of the College or acceptable graduate qualificns. in Science.

(4) A 1-yr. postgraduate course, leading to a *Diploma* in Tropical Agriculture (D.T.A. Trin.), necessitating not less than 1 yr.'s postgraduate training or experience before entry. This course is open to Colonial Office probationers who have already had a one-year postgraduate course at Cambridge and to students possessing a degree in Agriculture or Natural Science or a Diploma of an approved Agricultural College involving at least a 3-yr. course of study in Agriculture or Horticulture together with at least 1 yr.'s approved postgraduate training, either at Cambridge or elsewhere, or who possess approved equivalent postgraduate experience.

(5) Special courses, particulars of which may be obtained on application to the Registrar.

ACADEMIC YEAR. Oct. 1 to June 30, three terms.

TUITION FEES. *Diploma Courses*: British subjects from contributing colonies, £25 p.a.; other British subjects, £50 p.a.; Foreign subjects, £100 p.a. A limited number of students from contributing colonies on the nomination of the respective Governments are admitted without payment of tuition fees. *Associateship and Postgraduate D.T.A. Courses*: British subjects, £75 p.a.; Foreign subjects, £125 p.a. *Special Courses*: British subjects nominated by Govts. of contributing colonies, £15; other British subjects, £75; foreign subjects, £125.

EXPENSES. The following figures are given as an approximate estimate for students coming from a country to which they cannot return for the Long Vacation: Living, £22: 10s. per mo.; 1st and 2nd yrs. 12 mos. (each £285); 3rd yr. 9 mos. (£217: 10s.). Subscriptions, say, £5 p.a. Books, tours, pocket-money, etc., a minimum of £150 p.a. (1st and 2nd yrs.); £112 p.a. (3rd yr.). To these must be added the fees set out above, and also cost of passage to Trinidad in the first, and from it in the third, year. West Indian students who can return home for the Long Vacation and who are reasonably careful find it possible to cover all essential expenses, exclusive of the cost of passages and tuition fees, for about £350. Postgrad. students require a min. of £40 p.m. to cover board and lodging, pocket-money, laundry, books and subscriptions. In addn. to cost of fees and passages, provision must be made for local travel which costs from £30 to £65 per session; the latter sum is the allowance made to Colonial Office probationers.

STUDENTS FROM FOREIGN AND OTHER COUNTRIES. Applications from foreign subjects will be considered on the production of evidence of having attained a standard equivalent to that prescribed by the regulations and of possessing a good working knowledge of English. Such applications should be made through a British Consul, who should attach his recommendation.

Applications by students from India and Pakistan should be submitted through their High Commissioner in London. Indian students may also

apply through the Commissioner for the Govt. of India, Port of Spain, Trinidad. Prospective students from the British Dominions and Burma should so far as is possible, submit their applications through some similar official organization.

PUBLICATIONS. *Prospectus*; *Principal's Report*; *Tropical Agriculture* (from 1954, published in London); *Memoirs and Reports*.

THE YEAR 1952–53

STUDENTS. Full-time, 80; graduates and special course students, 46; preparing for diploma, 34. Included in the above total were 51 first-year admissions.

DIPLOMAS. D.I.C.T.A., 5; D.T.A. Trin., 35.

GENERAL INFORMATION

The College is administered as an integral part of the Department of Agriculture of the Colony. The cost of the building (opened Jan. 1925) and equipment was £14,000. Experimental fields and farms cover 60 acres. Laboratories provide accommodation for research in Chemistry, Entomology, Botany, Mycology, Physics and Sugar Technology. Athletic grounds are attached to the College.

A 3-yrs.' course leads to the Diploma of the College. Short courses in the inter-crop period are provided for estate employees and special courses for agricultural and sugar-house chemists. The examns. of the City and Guilds of London Institute in sugar technology are held at the College.

The College year begins in May.

Minimum age for admission, 18. Entrance examn. in English, French,

Chemistry and Maths. Holders of Matric. certificate of any British University are excused those subjects which appear on their matric. certificate.

Tuition fee, £22 p.a.

GENERAL INFORMATION

This is a non-Govt. institution incorporating the Gordon Memorial College and the Kitchener School of Medicine, endowed partly by Sudan Govt. and partly by public subscription, with the balance of its expenditure supplied by an annual grant-in-aid from the Sudan Govt. It is managed by Executive Cttees. (one for each of the two units comprising the Univ. Coll.) in London and by a Council in the Sudan, and advised by an Academic Bd. composed of hds. of Depts. and other members of Academic Staff with the Principal as Chairman. Gordon Memorial College was opened by Lord Kitchener as a primary school in 1902, became a secondary school in 1909, and in 1945 a number of Higher Schools in Admin., Agric., Arts, Engin., Sci. and Vet. Sci., which had been formed independently of each other during the years 1938–45, were consolidated into the Coll. In 1947 a School of Design was added, but in 1950 this was transferred to the Khartoum Technical Inst. The Kitchener School of Medicine was opened in 1924 as a memorial to Lord Kitchener. In 1951 the two institutions were brought together under the title of University College of Khartoum.

ADMISSION. The qualificn. for admission is the Cambridge Overseas Sch. Certif. or equivalent. The minimum requirement is a Sch. Certif., with 4 or 5 credits, one of them being in English or Arabic. There are, in addition, certain minimum Fac. requirements.

COURSES. The Coll. has been admitted to a special relationship with the Univ. of London. Students who are matriculated proceed first to the inter. and then to the final examn., for an external B.A., B.Sc., B.Sc.(Agric.), LL.B. or B.Sc.(Eng.) degree of the Univ. Those who do not qualify for the degree courses may take a course leading to a Coll. dipl. The Med. and Vet. Schools have not yet instituted degree courses. Courses are: *Arts*—4 yrs. leading to London ext. Gen. B.A. or to Coll. Dipl. *Sci.*—4 yrs. leading to London ext. Gen. B.Sc. or to Coll. Dipl. *Agric.*—3 yrs. after Sci. inter. (5 yrs. in all) leading to London ext. B.Sc. (Agric.) or to Coll. Dipl. *Engin.*—4 yrs. after Sci. inter. (6 yrs. in all) leading to Coll. Dipl. or London ext. B.Sc. (Eng.). *Vet. Sci.*—4 yrs. after prelim. Sci. yr. (5 yrs. in all) leading to Coll. Dipl. *Admin. and Law*—(*a*) 1-yr. postgraduate course for students taking admin.; (*b*) 4 yrs. for students taking law leading to London ext. LL.B. or to Coll. Dipl. *Med.*—

5 yrs. after prelim. sci. yr. (6 yrs. in all) leading to Dipl. of Kitchener Sch. of Med.

TERMS. 3 terms of 9 weeks each: July 24–Sept. 30; Oct. 9–Dec. 9; Jan. 8–March 10.

INCOME (1954–55). Govt. Grant-in-Aid, £314,000; Govt. Bursaries, £52,000; Income from Endowments, £36,000; Fees, House rents and miscellaneous, £13,000; Total, £415,000.

LIBRARY. Newbold Library: at present 36,000 vols. including important Sudan Collection.

FEES. Full fees are £75 p.a. for residents in the Sudan; £125 p.a. for those coming from elsewhere. There are many bursaries for Sudanese students.

RESIDENCE. There is hostel accomm. for all students and residence is normally obligatory.

The LANGUAGE OF INSTRUCTION is English, although the official lang. of the Students' Union is Arabic.

VACATION COURSES. Annual study camp at Erkowit (Red Sea Hills), in April; Annual Winter School at Coll. in Dec.

PUBLICATION. *Calendar* (March, biennial).

[This statement relates only to the admission of students proposing to take full courses for a first degree. For conditions relating to recognition of study at other Universities and admission for higher degrees, v. pp. 13-25 and under the several Universities. Students desiring to study in a University without intending to graduate are generally admitted if they satisfy the Univ. authorities that they are qualified to profit by the course of study they propose to take, and if accommodation is available for them.]

GENERAL OUTLINE

A comparison of the University regulations regarding admission discloses a general agreement in principle, with certain divergences in application. Before inserting a student's name *in matricula*, all the Univs. require evidence that the applicant's intellectual equipment fits him to undertake a course of study for a degree. This is tested either by an entrance examn. held by the Univ. concerned, or by the candidate's performance in an alternative exempting examn. In many cases there are additional Faculty or Departmental requirements to be satisfied before a matriculated student may pursue a specific degree course. Most of the Oxford and Cambridge Colleges require candidates to pass a College entrance examn. in addition to satisfying the Univ. entrance requirements.

Early application is advisable for admission to a University, and frequently there are last dates for receipt of applications for entrance to the different Faculties of a University.

The introduction in England and Wales of the General Certificate of Education and the consequent cessation of the School and Higher School Certificate examns. (except for the Univ. of Cambridge Local Examns. Syndicate's Oversea Certificates) have affected not only the list of equivalent examns. accepted by Univs., but, in some cases, the holding of special entrance examns. by individual Univs. London no longer

holds a Matricn. Examn. or a special Univ. entrance examn. (private candidates are, however, accepted for the General Certificate examns. held by the Univ.). The Univ. of Wales has also ceased to hold its Matricn. Examn. On the other hand, the Univ. of Durham retains an entrance examn., and the Univ. of Nottingham a special entrance examn., to which in each case certain classes of candidates may enter by permission. At Oxford, regulations for Responsions (and exemption therefrom), and at Cambridge regulations for the Previous Examn. (and exemption therefrom), have been revised.

SCHOOL EXAMINATIONS—ENGLAND AND WALES. The Ministry of Education in Circular 168 (April 1948) announced the acceptance of the main recommendations of the 1947 Report of the Secondary School Examinations Council. In principle the course of action which the Council unanimously recommended in their Report can be simply expressed. It recognized that the schools alone were in a position to decide what courses were best for their pupils, and that they needed the utmost freedom and flexibility to give effect to their judgements. At the same time it recognized the practical necessity of a system of external examns. to provide selective tests for those who wished to compete for scholarships at Univs. or other institutions, and a test of a qualifying nature for those who, having followed courses substantially beyond the statutory minimum leaving age, wished to establish competence in certain subjects, *e.g.* for entrance to a Univ. or profession. Apart from such necessary external tests, the testing of achievements in the schools would become a matter for the schools themselves.

Accordingly, in 1951 the examn. for the General Certificate of Education superseded the School and Higher School Certificate examns. Papers are provided at two levels: Ordinary and Advanced, with Scholarship papers available to serve a selective purpose. The standard of pass at the Ordinary level is approximately that of Credit in the School Certificate: a pass at the Advanced level approximates to a Higher School Certificate Principal pass. All subjects are optional and there are no minimum or group requirements. The examn. is open to all candidates, whether attending school or not, who are 16 by Sept. 1 in the year of examn., and a General Certificate of Education is issued to every candidate who reaches the pass standard in any subject at the Ordinary or Advanced level.

In April 1952, the Secondary School Examns. Council presented their second and unanimous Report to the Minister at the conclusion of a review of the new examn. in the light of the principles underlying their 1947 Report, and of experience of the examns. held in 1951. In this Report the Council reaffirmed the view that the standard of the Ordinary level pass should represent approximately that of the School Certificate Credit, and other views expressed in their 1947 Report. But, while they saw no reason to change the main structure of the examn., they were impressed by certain difficulties associated with the age limit. They were also aware of a demand for some mark of grading on the certificates, which they believed to be both possible and desirable at the Advanced level. In Circular 251 (April 1952) the

Minister gave effect to both of the Council's recommendations. As a result, from 1953 onwards:

(i) the age limit will be retained, but the head of a school will have full discretion to enter pupils who are not 16 by Sept. 1, if he certifies that it is educationally desirable for them to take the examn. in the particular subjects offered at the time proposed, and that they have pursued a course of study with such a degree of competence as to make it very probable that they will pass in those subjects;

(ii) a Distinction endorsement to a pass at Advanced level can be awarded to candidates whose performance merits it.

The examns. are conducted by the approved Examining Bodies,* over whom the Minister of Education exercises a co-ordinating authority with the help of the Secondary School Examns. Council, composed of representatives of Univs., local education authorities and teachers' associations, and members nominated by the Minister of Education, with a Chairman appointed by the Minister.

The new examn. for the General Certificate of Education has been accepted, subject to various qualifications, by all United Kingdom Univs. and a number of professional bodies for the purpose of exempting candidates from entrance and other examns., in the same way as were the School Certificate and Higher School Certificate examns. Transitional provision is generally made for the acceptance of a School Certificate Credit or Higher School Certificate pass in a subsidiary subject as equivalent to a pass at the Ordinary level in the General Certificate of Education, and of a Higher School Certificate pass at Principal level as equivalent to a pass at the Advanced level in the new examn.

A substantial degree of inter-availability of minimum entrance requirements to Univs. has been achieved consequent upon the individual Univs. deciding to frame their requirements in the light of the following resolution passed at a meeting of Univ. representatives convened in Nov. 1948 by the Committee of Vice-Chancellors and Principals:

> "That in order to secure the maximum inter-availability in entrance requirements and in order to meet as far as possible the wishes of the schools, this meeting of representatives of Universities strongly recommends for the serious consideration of all Universities the adoption, for a period of five years, of the following scheme: (i) in order to satisfy minimum University entrance requirements, a candidate must pass in English Language and in either *four* or *five*

* *I.e.* Oxford and Cambridge Schools Examn. Board, Oxford Local Examns. Delegacy, Univ. of Cambridge Local Examns. Syndicate, Univ. of Bristol, Univ. of Durham, Univ. of London, Northern Univs. Joint Matriculation Board, Welsh Joint Education Committee (formerly Central Welsh Board). An additional examining body, the Associated Examining Board for the General Certificate of Education, has been provisionally approved and will conduct its first examination in 1955.

other subjects; (ii) the subjects must include (*a*) a language other than English and (*b*) either mathematics or an approved science; (iii) at least *two* of the subjects must be passed at the advanced level; (iv) candidates who offer only *four* subjects in addition to English Language must pass at one and the same sitting in two subjects at the advanced level and in one other subject not related to the subjects offered at the advanced level."

Oxford and Cambridge have decided not to require the passing of two subjects at Advanced level from candidates who seek exemption from Responsions and the Previous Examn. respectively by way of the General Certificate of Education. Oxford has retained the requirement of a pass in two languages other than English, one of which must be either Latin or Greek, but at Cambridge, while Latin or Greek is still required, two other approved subjects may be offered in place of the second language other than English. Hull, which has attained University status since the arrangement referred to above, does not prescribe the subjects, other than English Language, in which the necessary number of passes at the Ordinary and Advanced levels must be obtained in the General Certificate of Education.

There are also certain other minor differences of interpretation, according to local circumstances, concerning the subjects which the several Univs. recognize as approved subjects for the purpose of matriculation, approved science subjects and subjects related or unrelated to other subjects. Some Univs., however, have decided to regard as eligible for matriculation candidates who possess a General Certificate of Education which is certified by the appropriate official as satisfying the matriculation requirements of another Univ. in Great Britain or Northern Ireland under that Univ.'s conditions for recognizing the General Certificate of Education.

In order to give more time for a general review of entrance requirements in the light of the experience gained since the introduction of the General Certificate of Education in 1951, the existing arrangements regarding matriculation requirements and their interavailability have been extended, by agreement of the various matriculating bodies, for a further year, *i.e.* to cover the entry of students into Universities for the session 1956–57.

SCOTLAND. Under Ordinance No. LXX of the Courts of St. Andrews, Glasgow, Aberdeen and Edinburgh Univs., the Scottish Univs. Entrance Board was constituted to determine the requirements qualifying applicants to enter upon a course of study leading to a degree of a Scottish Univ. and to issue certificates attesting the educational fitness of applicants who have fulfilled these requirements.

Applicants should note, however, that the Board's certificate may not qualify them to study for a particular degree if they have not a sufficient knowledge of a subject or subjects required in one or other of the prescribed curricula for that degree. They are therefore advised to ascertain from the Univ. which they propose to enter whether they need to obtain passes in additional subjects or at higher standards. *See also* pp. 1618-1620.

The Board's Regulations are contained in a leaflet published in Feb. every year. These prescribe for the recognition, on certain conditions, of Certificates awarded by the Scottish Education Department, English School and Higher School Certificates, the English General Certificate of Education, certain certificates awarded by overseas Univs. and State Education Departments and, for those who do not qualify completely, or at all, by these certificates, provide a Preliminary Examn. twice annually, in March and Aug.

NORTHERN IRELAND. The Senior Certificate of the Ministry of Education of Northern Ireland is accepted, subject for subject, by the Queen's Univ. of Belfast in lieu of its Matriculation examn. subject to the following provisos: (*a*) that the whole examn. has been passed, and (*b*) that a minimum of three *Credits* has been obtained. For applicants from other parts of the United Kingdom and overseas countries Belfast accepts, subject for subject, certain other certificates. In all cases subjects are accepted only if recognized for the particular Faculty to which admission is desired. *See also* pp. 1626-1628.

ADMISSION OF OVERSEAS STUDENTS. As regards a student educated in another country the regulations are drafted on the understanding that the application of the ordinary entrance tests might be inappropriate owing to these tests having been framed with reference to secondary education curricula different from those which obtain in his own country, or to the student having reached a stage in his education at which the passing of ordinary entrance tests would involve a wasteful repetition of preparatory studies. They accordingly provide for the submission by such a student of other evidence of academic qualificns.: ordinarily, certifs. (relating to, for example, Dominion Matricn., or Baccalauréat, examns.), which would entitle to admission to an approved Univ. in the student's own country, together with such further evidence as may be necessary to ensure that no student shall be admitted to a course of study for a degree without a reasonable prospect of his being able to pursue it to graduation (in particular, if the student be one whose mother tongue is not English, evidence that he has a sufficient mastery of this language to enable him to follow courses of instruction conducted in English). When certificates are in a foreign language they should ordinarily be accompanied by a certified English translation. Unless the certificate shows on its face that it would admit the holder to a Univ. in his own country it should be accompanied by a letter to this effect from the Registrar of such a Univ. or by an authenticated declaration by a Government official or the local British Council Representative or by an official of an Embassy, Legation or Consulate of the country to which the applicant belongs, testifying that the certificate would entitle the holder to enter on a regular course of study in a Univ. in that country. Intending students should apply for information to the Registrar of the Univ. in which they desire to be matriculated. The regulations are summarized below under each Univ. or group of Univs. *See* index on p. 1569.

It does not follow that any student, although having the minimum educational qualifications for admission in accordance with the pre-

ceding paragraphs, will in fact be admitted to a Univ. in a particular year. Most Univs. have, under present conditions, long waiting-lists from which selections are made for the offer of actual places as new students. It is therefore desirable that any prospective entrant from overseas should make application as early as possible and should submit particulars of any further educational distinctions which he may possess. In general, in the absence of exceptional circumstances (such as the lack of appropriate facilities for study in the applicant's own country *) the United Kingdom Univs. are at present unable to offer places for undergraduate study to students from overseas in preference to those from this country, but this does not apply to the same extent to applications at the postgraduate level.

* Students from Colonial territories for whom on this ground a special quota of places is often set aside should apply through their local education service.

14. Belfast Matriculation Examn.
15. Univ. of Cambridge Local Examns. Syndicate's Oversea Certificate Examns. : (*a*) School, (*b*) Higher School.
16. Army Special Certificate of Education Examn.

The Univs. also include certain examns. other than those enumerated above as qualifying for admission. These examns. and the conditions affecting them are referred to in the text below under each Univ. or group of Univs.

JOINT MATRICULATION BOARD OF THE UNIVERSITIES OF MANCHESTER, LIVERPOOL, LEEDS, SHEFFIELD AND BIRMINGHAM

1. Before admission to a degree course in one of the five Univs. which constitute the Joint Matriculation Board a student must satisfy (*a*) the requirements of the Board which are concerned with general education and (*b*) any special Faculty or Departmental requirements of the individual Univ. concerned (v. *infra*, pp. 1574-1583). Completion of the requirements under (*a*) and (*b*) does not automatically give right of entry to a Univ. To be accepted by a Univ. a student must apply direct to the Registrar of that Univ. Full information regarding admission to the constituent Univs. may be obtained from the Secretary, 315 Oxford Rd., Manchester, 13.

2. As from May 1, 1951, up to and including Oct. 31, 1956, the Univ. entrance requirements of the Joint Matriculation Board will be satisfied by any one of the following qualifications: I. A General Certificate of Education which fulfils the prescribed conditions (v. pp. 1570-1572). II. A pass in the Board's examn. for candidates of mature years (p. 1572). III. A pass in the Board's examn. for candidates who have been engaged in industry or commerce (v. p. 1573). IV. One of the qualifications listed under section IV (v. pp. 1573-1574). V. Any qualification which satisfied the Board's requirements in force at the date the qualification was obtained.

I. *General Certificate of Education*

3. The Board's Univ. entrance requirements will be satisfied by a G.C.E. issued by the Board (or by one of the examining bodies referred to in para. 4) which shows: **Either** (*a*) A pass in six subjects which include (i) English Lang., (ii) a language other than English, (iii) *either* Maths. (para. 6) *or* an approved Science (para. 7), (iv) at least two subjects at the Advanced level; *Provided that* (1) The requirements under (*a*) may be fulfilled at more than one sitting. (2) The required subjects must be selected from the list given in para. 5, except that one, but only one, of certain " technical " subjects may be included as a subject at Ordinary level, whether passed at Ordinary or Advanced level. Details from the Secretary. (3) No subject may be counted both at the Ordinary and at the Advanced level. **Or** (*b*) A pass in five subjects which include (i) English Lang., (ii) a language other than English, (iii) *either* Maths. (para. 6) *or* an approved Science (para. 7), (iv) at least two subjects at the Advanced level passed at one and the same sitting together with at least one other of the five required subjects; *Provided that* (1) The required subjects must be selected from the list given in para. 5. (2) Of the minimum of three subjects required under (iv) to be passed at one and the same sitting one subject must not be " related to " the other two (para. 8). (3) No subject may be counted both at the Ordinary and at the Advanced level.

4. The General Certificate of Education of the following examining bodies will be accepted under the same conditions as the Board's General Certificate: Nos. 3-8, and 10 (v. *supra*, p. 1569). The require-

ments under para. 3 (*a*) and para. 3 (*b*) above may be fulfilled by a combination of certificates issued by more than one examining body.

5. The following subjects of the Board's General Certificate Examn. and the corresponding subjects in the examns. of any of the bodies referred to in para. 4, will be accepted for the purposes of para. 3 : 1. General Paper ; 2. English Lang. ; 3. English Lit. ; 4. History ; 5. Ancient History and Lit. (may not be counted with History) ; 6. Geog. ; 7. Economics ; 8. Scripture Knowledge ; 9. Art ; 10. History and Appreciation of Art (may not be counted with Art) ; 11. Music ; 12. Greek and Roman Lit. in Translation (may not be counted with Greek and/or Latin) ; 13. Greek ; 14. Latin ; 15. French ; 16. German ; 17. Spanish ; 18. Italian ; 19. Russian ; 20. Welsh ; 21. Specially approved langs. ; 22. Maths. ; 23. Maths. and Theoretical Mechanics (counts as two Advanced subjects but may not be counted with Maths.) ; 24. Physics ; 25. Chem. ; 26. Physics-with-Chem. (may not be counted with any of the following : Physics, Chem., General Science) ; 27. Bot. ; 28. Zool. ; 29. Biol. (may not be counted with Bot. and/or Zool.) ; 30. Geol. ; 31. General Science I ; 32. General Science II (General Science I and/or II may not be counted with any of the following : Physics, Chem., Physics-with-Chem., Bot., Zool., Biol.) ; 33. Elementary Physiol. (may not be counted with Zool. or Biol.).

6. Either 22. Maths. or 23. Maths. and Theoretical Mechanics will satisfy the requirement of Maths. under para. 3 (*a*) (iii) and para. 3 (*b*) (iii).

7. Of the subjects listed in para. 5, Nos. 24 to 33 (both inclusive) are " approved Sciences " for the purposes of para. 3 (*a*) (iii) and para. 3 (*b*) (iii).

8. The condition that of the minimum of three subjects required under para. 3 (*b*) (iv) one must not be " related to " the other two subjects will be interpreted as follows, provided that certain combinations as indicated in para. 5 will not be counted : (*a*) the General Paper will not be regarded as related to any other subject in the list under para. 5 ; (*b*) subjects 2 to 12 will not be regarded as related to subjects 13 to 33 ; (*c*) subjects 13 to 21 will not be regarded as related to subjects 2 to 12 and 22 to 33 ; (*d*) subjects 22 to 33 will not be regarded as related to subjects 2 to 21.

9. The Board's Univ. entrance requirements will also be satisfied by a General Certificate of Education which satisfies the three following conditions : (*a*) it is awarded by one (or more) of the bodies referred to in para. 4 ; (*b*) it satisfies the general conditions of para. 3 ; (*c*) it is certified by the appropriate official as satisfying the Matriculation requirements of a Univ. in Gt. Britain or N. Ireland under that Univ.'s conditions for recognizing the General Certificate of Education.

10. The Board is prepared to consider the exercise of its discretionary powers as regards the acceptability or otherwise of any of its own General Certificates of Education which may not satisfy paras. 5, 6, 7 and 8 but may satisfy para. 9 (*b*) and (*c*).

11. Transitional Provisions. The institution in 1951 of the examn. for the General Certificate of Education and the consequent withdrawal of the School Certificate and Higher School Certificate Examns. will prevent some candidates who hold School Certificates

and/or Higher School Certificates (or Letters of Success) from completing the Board's requirements as set out in the 1949–50 *Yearbook*, pp. 1192-1193. The following provisions are therefore made: (*a*) A *pass with Credit* in a subject of an approved School Certificate examn. or a *pass* in a Subsidiary subject (including " Subsidiary Standard ") of an approved Higher School Certificate examn. will be accepted in lieu of a *pass* in the corresponding subject at the Ordinary level in the General Certificate Examn. (*b*) A *pass* in a Principal subject of an approved Higher School Certificate examn. (or a *pass* in a subject of a London Univ. External Intermediate Examn.) will be accepted in lieu of a *pass* in the corresponding subject at the Advanced level in the General Certificate Examn. (*c*) A *pass* in a subject of any of the following examns. before May 1, 1951 (but *see* (x) and (xi) *below*), will be accepted in lieu of a *pass* in the corresponding subject at the Ordinary level in the General Certificate Examn.: (i) Nos. 1, 2 and 14.* (ii) The Matriculation Examn. of the Univ. of London (a pass at a Lower Alternative standard is not acceptable). (iii) The Entrance Examn. of the Univ. of Durham. (iv) The Matriculation Examn. of the Univ. of Wales. (v) No. 11* (a pass at the Lower standard is not acceptable). (vi) The Matriculation Examn. of the Univ. of Dublin, Trinity College. (vii) The Matriculation Examn. of the National Univ. of Ireland. (viii) No. 13* (a pass in a subject at the Subsidiary standard is not acceptable). (ix) The Intermediate Certificate Examn., Department of Education, Republic of Ireland (only subjects passed at the Honours standard are acceptable). (x) The Forces Preliminary Examn. up to Nov. 1953 inclusive. (xi) The Passing-out Examn. of the Royal Naval College, Dartmouth, up to Oct. 31, 1955. (*d*) The Board's requirements will be satisfied in full if a candidate (1) holds a School Certificate showing (i) passes in each of Groups I, II, III as defined in *Regulations for the Award of School Certificates*, (ii) the *Credit* standard in at least one subject from those named in para. 5 and subsequently (2) passes in three Advanced subjects at one and the same sitting of the Examn. for the General Certificate of Education. If one of the Groups I, II or III is not represented on the School Certificate, a subject of the missing group must be passed at the *Credit* standard in the School Certificate Examn., or at the Subsidiary standard in the Higher School Certificate Examn., or at the Ordinary or at the Advanced standard in the Examn. for the G.C.E.

II. *Examination for Candidates of Mature Years*

12. This examn. is for exceptional candidates who have been unable to qualify at the normal time but show promise of obtaining more than ordinary success in a Univ. course. The examn. may be taken only by candidates who desire to proceed to an approved course in one of the constituent Univs. Candidates must be not less than 23 years of age on May 1 of the year of examn. Only in exceptional circumstances will a candidate who fails in this examn. be permitted to make a second attempt. Details from the Secretary.

* V. *supra*, p. 1569.

III. *Examination for Candidates who have been engaged in Industry or Commerce*

13. Permission to enter for this examination is granted only to candidates who are not less than 19 years of age on March 31 of the year of examn. and desire to proceed to a degree course in one of the constituent Univs., having been engaged in full-time industrial, technical or commercial employment for a period of at least three years; candidates must also have attended systematic courses of instruction satisfactory to the Board for a period of at least three years and have gained at the end of the course a certif. or diploma deemed satisfactory by the Board. Details from the Secretary.

IV. *Other Qualifications accepted by the Board*

14. A candidate will be regarded as satisfying the Board's requirements if he holds any one of the following: (*a*) A degree conferred by an approved Univ. after examn. (*b*) A certif. showing that the holder has attended for at least two years full-time courses approved by the Board and has passed the final examn. of a training college accepted by the Board for this purpose. (*c*) A certif. showing that the holder is a Barrister called to the English Bar or a Solicitor admitted on the Rolls after passing the Final Examn. of the Law Society (*Fac. of Law only*). (*d*) **Either** (i) No. 11,*† or No. 12,*† provided that the candidate passed at one sitting of one of these examns. in five subjects at the Higher Grade (a pass in either Physical Science or Natural Science will be regarded as equivalent to a pass in two sci. subjects), **or** (ii) by a pass at not more than two sittings of No. 11† or No. 12† (or a pass at one sitting of No. 11† together with a pass at one sitting of No. 12†) in four approved Higher Grade subjects and two approved Lower Grade subjects, and provided that the six subjects include passes in English Language, in a language other than English, and in Maths. (or an approved Science). (*e*) *Either* (i) No. 13,† provided that at one sitting before 1952 the candidate reached the *Credit* standard in English and in four other subjects, including at least one subject of each of Groups I, II and III of the Board's School Certificate Examn., *or* (ii) No. 13,† provided that at one sitting after 1951 the candidate passes in English Lang., English Lit., an approved lang. other than English, Maths. (or an approved Sci.) and two other approved subjects, at least two of the six required subjects being passed at the Advanced level. (Passes *with Credit* in subjects offered at the Subsidiary standard are not acceptable.) (*f*) The Leaving Certificate of the Department of Education, Republic of Ireland,‡ provided that the candidate passed with Hons. at one and the same examn. in five subjects approved by the Board. Alternatively:

* Certificates gained after Dec. 1, 1947, must show a pass at one and the same examn. in five subjects at the Higher standard including at least one subject of each of Groups I, II and III of the Board's School Certificate Examination.

† V. *supra*, p. 1569.

‡ Certificates gained after Dec. 1, 1947, must show a pass with Honours at one and the same examn. in five subjects approved by the Board. These must include at least one subject of each of Groups I, II and III of the Board's School Certificate Examn.

by a pass at one and the same sitting of one of the General Certificate Examns. Nos. 3-10 * in four approved subjects at the Ordinary level, together with a pass at Honours standard in two approved subjects at one and the same sitting of the Leaving Certificate Examn. of the Dept. of Education, Republic of Ireland, provided that the six required subjects show passes in English lang., an approved lang. other than English, and Maths. (or an approved Sci.). (*g*) No. 16.* (*h*) The Matriculation Certificate of an approved British Univ. overseas (under certain conditions). (*j*) A certificate of having passed at one and the same examn. the Intermediate Examn. in Arts, Science or Medicine of an approved Univ. in India or Pakistan. (Candidates from Pakistan are required to apply to the Board through the High Commissioner for Pakistan, 35 Lowndes Square, London, S.W.1.) (*k*) *Either* the Matriculation Certificate of the Palestine Board of Higher Studies † *or*, under certain conditions, the Israeli Secondary School Leaving Certificate. (*l*) The Secondary Education Certificate, Part II, of the Egyptian Ministry of Education. On Certificates issued in and after June 1938 a pass in the Special Part must be shown. (*m*) The Baccalaureate Certificate of Iraq,‡ provided that the candidate is recommended by the Iraqi Ministry of Education. (*n*) A foreign examn. certificate which entitles the candidate to enter upon a degree course in all Faculties of a recognized Univ. of the country in which the certificate was issued if that country is not specified above.

15. The Board will exercise its discretionary power of accepting certificates of having passed other examns. of a standard at least equal to those mentioned above.

BIRMINGHAM

Before admission to a degree course in the Univ. a student must satisfy (*a*) the requirements of the Northern Universities Joint Matriculation Board (v. *supra*, p. 1570) and (*b*) any relevant Faculty and Departmental requirements (v. *infra*).

Minimum age for entrance to all Facs. of the Univ. is 17 yrs.

Faculty and Departmental Requirements

SCIENCE. *Pure Science.* Candidates for direct admission to an Hons. course in any of the following subjects of Pure Science must have passed at Advanced level, at one and the same G.C.E. examn., in the subjects indicated :

Mathematics. 3 subjects, 2 of which must be Maths. and Phys. Alternative to Phys. may be considered, but early application essential with full account of circumstances.

Physics. 3 subjects, 2 of which must be Phys. and Maths.

* V. *supra*, p. 1569.

† Certificates gained after Dec. 1, 1947, must show that at one sitting the candidate reached the *credit* standard in English, Syllabus A, and in four other subjects, including at least one subject of each of Groups I, II and III of the Board's School Certificate Examn.

‡ A certificate showing the passing of the Commerce section is not acceptable if gained after Dec. 1, 1947.

Chemistry. Chem. and 2 other subjects, normally Phys. and Maths. Applicants with biological qualifications will, however, be considered.

Zoology. 3 subjects, 1 of which must be either Biol. or Zool. If Chem. not passed at Advanced level, alternative evidence of adequate knowledge of this subject will be required.

Botany. 3 subjects, 2 of which must be (*a*) Bot. or Biol. and (*b*) Chem.

Genetics. Normally students are admitted to Hons. School of Genetics at commencement of final yr. only, transfer being possible from Hon. Schools of Zool. and Bot. and such other Schools as Prof. of Genetics may determine in consultation with Prof. of the other Hons. School concerned. In exceptional cases admittance may be obtained prior to final yr., in which case 3 subjects, 1 of which must be Zool., Bot. or Biol., must have been passed at Advanced level at one and same G.C.E. examn.

Bacteriology. Chem., Phys. and Biol. (or Bot. and Zool. in lieu of Biol.).

Geology 3 Science subjects, which may include Geog.

Geography. Geog. and 2 other Science subjects.

Anatomical Studies, Medical Biochemical Studies, Physiological Studies. Chem., Phys. and Biol. at Advanced level in the G.C.E. examn. or the Univ. 1st yr. Examn. in those subjects.

Applied Science. Students who have fulfilled the requirements of the Fac of Science by passing at the G.C.E. examn., at the necessary level, certain Science subjects as outlined in the syllabus of the Fac., are exempted from such subjects in the 1st Examns in Applied Science (Engin , Mining and Metall.) and are admitted to the 2nd yr. of the course, subject to their compliance with additional conditions laid down by the Fac. All such students are, however, required to complete at least 3 yrs of approved study before they are admitted to the Bachelor's degree. Further details of these exemptions should be obtained from the Registrar of the Univ.

School of Applied Biochemistry. Students who have passed in 3 Science subjects, normally Chem., Phys. and Biol. (or Bot.) at Advanced level, at one and same G.C.E. examn., are exempted from the 1st yr. of the course and may be admitted to the 2nd yr.

ARTS. Candidates for direct admission to a degree course, who wish to qualify by means of the General Certificate of Education, must have passed in at least 3 subjects at Advanced level at one and the same examn., in compliance with the following Departmental requirements:

(1) General Degree : at least 2 of the 3 subjects must be Arts subjects. If Latin, French or German is to be offered in degree course the lang. concerned must have been passed at Advanced level. Latin qualification not required unless the subject is to be offered for the degree.

(2) Special Schools : (*a*) *Mental and Moral Philosophy, Social and Political Philosophy, Theology and Archæology* : any 3 subjects.

(*b*) *Italian* : 3 Arts* subjects. Latin must have been passed at Ordinary level at least.

* For the purpose of these regns. the following will be considered as Arts subjects: all classical and mod. foreign langs.; English Lang., English Lit.; Anc., Med. and Mod. Hist.; Maths., Art, Music, Geog., Scripture Knowledge and Econ

(*c*) *Russian* : 3 Arts* subjects.

(*d*) *History, French and Spanish* : 3 Arts* subjects, one of which should be the subject to be studied for degree course. Latin must have been passed at Ordinary level at least.

(*e*) *English* : 2 of the 3 subjects must be Arts* subjects, one preferably a lang. other than English. Latin or Greek must have been passed at Ordinary level at least. In and after 1957 all candidates will be required to have passed in a lang. other than English at Advanced level.

(*f*) *German* : 2 of the 3 subjects must be Arts* subjects, one of which must be German. No Latin requirements for admission.

(*g*) *Classics* : 2 of the 3 subjects should be Latin and Greek.

(*h*) *Geography* : any 3 subjects. No Latin requirements for admission.

(*i*) *Music* : any 3 subjects, of which Music should normally be one. No Latin requirements for admission. Certain conditions have to be fulfilled to the satisfaction of the Prof. of Music as to adequate power of performance on some musical instrument, etc.

(*j*) *Mathematics* : one of the 3 subjects must be Maths. Some knowledge of Phys. very desirable.

MEDICINE. Candidates for admission to the 2nd yr. of Med. or Dent. must have passed in Phys., Chem. and Biol. (or Bot. and Zool.) at Advanced level at the same examn.

COMMERCE. Candidates must normally have passed in 3 subjects at Advanced level. Maths. must have been passed at least at Ordinary level.

LAW. Candidates should normally have passed in 3 subjects at Advanced level.

Note : Higher and School Certificate qualifications equivalent to the qualifications based on the General Certificate of Education will still be accepted by all Facs.

Overseas Students

Applications from overseas students to enter the Univ. must be received by the Registrar before April 1, and must be accompanied by testimonials regarding character, educational qualifications and financial standing. Overseas students are required to submit their applications through the appropriate Government authority (*e.g.* the High Commissioner for India or Pakistan, Egyptian Education Office) or through the British Council or the Colonial Office.

LEEDS

Before admission to a degree course in the Univ. a student must satisfy (*a*) the requirements of the Northern Universities Joint Matriculation Board (v. *supra*, p. 1570) and (*b*) any relevant Faculty and Departmental requirements (v. *infra*).

Minimum age for admission is 17 yrs.

* For the purpose of these regns. the following will be considered as Arts subjects: all classical and mod. foreign langs.; English Lang., English Lit.; Anc., Med. and Mod. Hist.; Maths., Art, Music, Geog., Scripture Knowledge and Econ.

Faculty and Departmental Requirements

ARTS. B.A. in Special Studies in French, Spanish or Italian or in the Modern Langs. combination when one or more of these subjects form part of the combination—a qualificn. in Latin equivalent to the Credit standard in the School Certif. Examn. of the Jt. Matricn. Bd. (This will usually be a pass at the Ordinary level in the G.C.E. examn.)

SCIENCE AND TECHNOLOGY. Information concerning specified subjects in which qualificns. are required for entry to particular courses is obtainable from the Registrar of the Univ.

MEDICINE. M.B., Ch.B.—Chem. at the Ordinary level in the G.C.E. examn., or at the subsidiary standard in the Higher School Certif. examn., and Maths. at the Ordinary level (alternative or ordinary syllabus) in the G.C.E. examn., or at the Pass standard in the School Certif. examn.

DENTISTRY. B.Ch.D.—Maths., Chem. and Phys. at least at Ordinary level in the G.C.E. examn.

Exemptions

In certain circumstances, applicants for admission to courses leading to the degrees of B.A. and B.Sc. in Special or General Studies may be exempted by the Boards of the Faculties concerned from one-year courses and corresponding examns. if they possess qualifications obtained in the G.C.E. examn. or other equivalent examn. of a sufficiently high standard. Exemptions will not be automatic and, in the case of B.A. applicants, will be granted only in exceptional cases. Subject to a minimum attendance in this Univ. of two years and to the approval of the Senate, members of other Univs. which require residence as a condition of graduation may be permitted to count their studies and examns. (other than the Final Examn.) therein towards graduation in Leeds.

Last Date for Receipt of Applications

Applications from persons whose home is in the British Isles may be received on the appropriate forms up to June 30. Applications from persons resident outside the British Isles must be received before May 31.

Overseas Students

Applicants of foreign nationality, whether resident overseas or in the British Isles, should make application through the Embassy or Education Bureau of their Government or through the British Council. Applicants from British Colonial territories must apply through the Education Department of the Colonial Office.

Applicants whose native lang. is not English must, if they wish to read for a first degree, have obtained at least the pass mark in each of the following parts of the Examn. for the Certif. of Proficiency in English of the Univ. of Cambridge: *Oral*—Dictation, Reading and Conversation; *Written*—(i) Use of English, (ii) English Lang. (Composition and a passage of English with lang. questions). Applications will, however, be considered from overseas students with equivalent qualifcns. in English, *e.g.* a pass in English in the Overseas School Certif. of the Univ. of Cambridge or a pass at the Ordinary level in English in the G.C.E. examn. of the Univ. of London.

LIVERPOOL

Before admission to a degree course in the Univ. a student must satisfy (*a*) the requirements of the Northern Universities Joint Matriculation Board (v. *supra*, p. 1570) and (*b*) any relevant Faculty and Departmental requirements (v. *infra*).

No person may register as a student who will not have attained the age of 17 yrs. on or before Dec. 31 in the yr. for which entry is sought

Faculty and Departmental Requirements

ARTS. Applicants for admission to the Fac. of Arts must have passed in Greek or Latin or Maths at the Ordinary or Advanced level in the G.C.E. examn. (for Architecture and Commerce, however, v. *infra*).

Candidates who have qualified in Maths. but not in Greek or Latin, will be required: (*a*) For the degree of B.A. in General Studies, to take not less than 5 courses of the 9 required from the following subjects: Geog., Econ., Economic Hist., Sociol., Political Sci. and Psychol. (*b*) For the degree of B.A. in Special Studies, to present themselves in any one of the following four schools: Geog., Econ , Social Sci., Psychol.

ARCHITECTURE AND COMMERCE. For admission to courses leading to B.Arch. and B.Com. there are no requirements additional to those of the Jt. Matriculation Board (v. *supra*, p. 1570).

SCIENCE. Particulars of the amount of knowledge (in terms of the syllabuses given in the Joint Matriculation Board publication: *Examination for the General Certificate of Education*, 1951) assumed as a basis for introductory courses, may be had on application to the Registrar of the Univ.

Exemption. Exemption from the first session of a course of study in subjects which are to be presented at the Subsidiary, Normal or Higher Standards, may be granted by the Fac. to candidates who have passed in the G.C.E. examn. in 3 subjects at the Advanced level and have attained a standard deemed to be satisfactory in the subjects concerned. These 3 Advanced level subjects need not necessarily be all scientific subjects. A standard higher than pass will be demanded in the 2 subjects for which exemption is claimed. The syllabuses in terms of Advanced level subjects which are desired for entry into the 2nd yr. of study are as follows:

Pure Mathematics. Maths., or Maths. and Theoretical Mechanics.

Mathematics (*Pure and Applied*). Maths. plus Phys., or Maths. and Theoretical Mechanics.

Physics. Maths. plus Phys., or Maths. and Theoretical Mechanics plus Phys.

Chemistry. For students taking Higher Chem.—Chem. plus Phys.; also Maths., or Maths. and Theoretical Mechanics, or Bot. or Zool., or Biol. or Geol. Chem. for students taking Normal or Subsidiary Chem.

Botany. Bot.

Zoology. Zool. (Biol. may be considered).

Geology. 2 of Maths., Phys., Chem. (other combinations may be considered).

Oceanography. Maths. plus Phys.; or Maths. and Theoretical Mechanics.

MEDICINE. There are no special additional requirements for entry to the Fac. of Med. It is not necessary for candidates to have taken Science subjects at Advanced level in the G.C.E. examn., but it is advisable that Phys. and Chem. should have been studied up to Ordinary level, since the 1st M.B. courses are designed on the assumption that students have an elementary knowledge of these subjects. Passes at Advanced level in Phys., Chem. and/or Biol. (or Bot. and Zool.) may entitle a candidate to exemption from the corresponding courses and examn. of the 1st M.B. Every endeavour is made to admit all eligible candidates direct to the 2nd yr. of studies, but sometimes the number of eligible candidates exceeds the number of vacancies. Those who cannot secure admission to the 2nd yr., even though they are eligible for complete exemption from the 1st M.B, and those with partial exemption, are offered opportunities of attending courses of instruction in other Facs. in order to broaden their general educn. Students with exemption in Phys. and Chem. who complete 1st M.B. Biol. by March are admitted to Anat. classes during the Summer Term.

Dental Surgery. The entrance requirements for the B.D.S. and for the L.D.S. are the same. Although there are no special additional requirements for entry to the Sch. of Dent. Surg., it is desirable that Phys. and Chem. should have been studied up to Ordinary level in the G.C.E. examn., as the 1st yr. courses for the B.D.S. and L.D.S. are designed on the assumption that students have an elementary knowledge of these subjects. Candidates who have passed at Advanced level in Phys., Chem. or Biol. (or Bot. and Zool.) are eligible for exemption from the corresponding courses and examns. for the 1st B.D.S. or L.D.S. If a candidate has passed in all these subjects at Advanced level, he is eligible to commence 2nd yr. studies.

LAW. The Fac. will not regard with favour any applicant who intends to become a Solicitor or a Barrister and who, at the date of entry into the Fac., does not possess the qualificn. for exemption from the Preliminary Examn. of the Law Society or for admission as a student into one of the Inns of Court, as the case may be.

ENGINEERING. Courses in the Fac. of Engineering are designed on the assumption that students have some previous knowledge of Maths., Phys. and Chem. Candidates are recommended to present in the G.C.E. examn. (*a*) Maths. at the Ordinary level (Syllabus II); and (*b*) either Phys. or Chem. (or, preferably, Phys. and Chem.) at the Ordinary level. In view of the small number of places in the 1st yr. of study, candidates are recommended to obtain qualificns. which will exempt them from 1st yr. courses and from the Inter. B.Eng. Examn.

Exemption. Exemption from the 1st yr. of study and Inter B.Eng. Examn. may be granted, under certain circumstances, to candidates

who have passed the G.C.E. Examn. of the Joint Matriculation Bd.* and whose performance in one of the following combination of subjects is satisfactory : (*a*) Maths. and Theoretical Mechanics (A)†, Phys. (A), Chem. (A) ; (*b*) Maths. and Theoretical Mechanics (A), Phys. (A), Chem. (O)† ; (*c*) Maths. and Theoretical Mechanics (A), Phys. (O), Chem. (A) ; (*d*) Maths. and Theoretical Mechanics (A), Phys. (A), one other subject (A or O) ; (*e*) Maths. (A), Phys. (A), Chem. (A), (*f*) Maths. (A), Phys. (A), one other subject (A).

For entrance to courses in all Depts. of Engineering except Metallurgy, the list above gives the descending order of preference. For entrance to courses in the Dept. of Metallurgy, alternative (*a*) or (*e*) is strongly recommended. In any case, candidates proposing to enter the Dept. of Metallurgy must present Chem. at the Advanced level.

The Fac. will be prepared to consider for exemption from the 1st yr. of study and the Inter. examn. other combination of subjects, provided that Maths. and Phys. have been passed at the Advanced level.

Candidates who have passed the G.C.E. examn. but have not reached a sufficiently high standard for exemption from the 1st yr. of study and Inter. B.Eng. Examn. may be considered for such exemption, provided that they satisfy the examiners in Pure Maths. and Applied Maths. separately in the Inter. Examn. before entering the Univ.

VETERINARY SCIENCE. The Fac. does not insist on any particular additional qualification. It recommends, however, that the subjects of Phys. and Chem. should have been studied up to the Ordinary level of the General Certificate of Education.

Exemptions are not granted in 1st-yr. subjects passed at Principal standard by holders of a Higher School Certificate or at the Advanced level in the G.C.E. examn.

Overseas Students

The Senate, after report from the Fac. concerned, determines before registration whether the applications of foreign, Indian and Pakistan students shall be accepted. Students from Pakistan are required to apply for admission through the High Commissioner for Pakistan and are not admitted without his recommendation. Applications for registration from overseas students must be received before Jan. 1 in each year, and must be accompanied by detailed references certifying as to character and educational qualifications. All such students before admission to courses of study in the Univ. shall satisfy the Fac. concerned that they have a knowledge of English sufficient for the purpose of their work. Except by special permission of the Senate, no student who is not normally resident in Gt. Britain will be admitted to classes or courses of study in the Univ. unless he is assured of adequate financial support.

* Or who hold a Cert. of the appropriate standard of any of the following bodies : (1) Oxford Local Examns. Delegacy. (2) Univ. of Cambridge Local Examns. Syndicate. (3) Oxford and Cambridge Schools Examn. Board. (4) Welsh Joint Educn. Cttee. (5) Univ. of Durham. (6) Univ. of London.

† A = Advanced level, O = Ordinary level.

MANCHESTER

Before admission to a degree course in the Univ. a student must satisfy (*a*) the requirements of the Northern Universities Joint Matriculation Board (v. *supra*, p. 1570) and (*b*) any relevant Faculty and Departmental requirements (v. *infra*).

Minimum age for admission to the Univ. is 16 yrs. for men, 17 yrs. for women.

Faculty and Departmental Requirements

Students entering for the following degree courses must have reached the Ordinary or a higher level in a G.C.E. examn. in the subjects named or give evidence of having attained an equivalent standard :

1. Hons. Schools in *Arts* (except Archit., Town and Country Planning, Pol. and Mod. Hist., Mod. Hist. with Econ. and Pol., Philos., Psychology, Geog. and Oriental Studies)—Latin (*or* Greek in case of Hons. Schools of English or German, *or* Maths. in case of Hons. School of Maths.), unless prepared to devote 4 yrs. to the course. Students entering Hons. course in Combined Subjects must satisfy this regln. if it applies to the Hons. course in either of the two subjects combined. The requirement of Latin may be waived for students entering by means of Mature Matriculation.

2. *Law*—Latin.

3. *Technology*—Maths. (*Note* : Where Maths. is specified as a Faculty requirement a pass at the Advanced level in " Maths. and Theoretical Mechanics " will be accepted.) The attainment of at least School Certificate Credit standard in the relevant subject will continue to be accepted until further notice.

Exemption

The 1st yr. of a degree course is an integral part of the course ; in special cases, however, students may be admitted to the 2nd or subsequent yr. if they have satisfactorily attended relevant courses at another approved Univ.

ARTS. Students entering a degree course may be exempted from attendance and examn. in one course of Inter. grade, if they have passed sufficiently well in the relevant subject at the Advanced level in the G.C.E. examn. A standard considerably above the pass mark is required.

MEDICINE AND DENTISTRY. Candidates may be exempted from attendance and examn. in Chem. and/or Phys. of the 1st M.B., Ch.B. or 1st B.D.S. examn., if they have passed sufficiently well in the relevant subject at the Advanced level in the G.C.E. examn. ; a standard considerably above the pass mark is required. The exemption is only operative under certain conditions, particulars of which may be obtained from the Registrar of the Univ.

Subject to certain conditions, a candidate may *sit* the whole or any part of the 1st M.B., Ch.B. or 1st B.D.S. examn. without having attended courses in the Univ.

Candidates entering the course for the L.D.S. who have passed in both Chem. and Phys., or in Zool., or in Bot., or in Biol., at the Advanced level in the G.C.E. examn. may be exempted from attendance and examn. in such subjects of the 1st L.D.S. examn.

OVERSEAS STUDENTS. There are no special regulns. for applicns. from overseas candidates.

SHEFFIELD

Before admission to a degree course in the Univ. a student must satisfy (*a*) the requirements of the Northern Universities Joint Matriculation Board (v. *supra*, p. 1570) and (*b*) any relevant Faculty and Departmental requirements (v. *infra*).

No student under the age of 17 may be admitted to a degree or diploma course except with the special permission of the Senate.

Faculty and Departmental Requirements

ARTS. Students must have passed in at least 2 subjects at Advanced level in the G.C.E. examn. With the exception of foreign students, who may be allowed to substitute a course in English, every candidate for the degree of B.A. must include a lang. other than English in the 1st yr. of the course. Candidates who have passed in either Latin or French at the Ordinary level in the G.C.E. examn. may be admitted to the Inter. course in Spanish without any previous knowledge of that lang. A course for beginners in Greek is also recognized as a full Inter. course under certain conditions A knowledge of Latin is not compulsory for students who wish to read for a General degree, but a qualifcn. in Latin is required for entry to Hons. Schools of Greek, English, French, Spanish, Hist. A candidate who wishes to include Music in his degree course must satisfy the Head of that Dept. as to his proficiency in the subject.

LAW. Students who intend to read for the degree of LL.B. must have passed in Latin at the Ordinary level in the G.C E. examn. or in some examn. of equal or higher standard.

PURE SCIENCE. Intending students should have passed in at least 2 science subjects at the Advanced level of the General Certificate of Education. For the General degree of B.Sc., exemption from the Inter. examn. is not granted in respect of passes in a G.C.E. A student desiring to enter a Special Hons. school may be admitted to the first (post-Inter.) yr. of the Hons. course if he has passed at an approved standard in the Advanced papers of the G.C.E. in 2 or 3 science subjects according to the requirements of the Special Hons. School concerned.

ENGINEERING. For admission to the 3-yr. degree courses in Civil, Mechanical, Electrical Engineering, Mining, and Fuel Technology, applicants should have passed at a satisfactory standard the Advanced papers of the G.C.E. in Maths., Phys. and Chem. Candidates who have complied with the requirements of the Jt. Matriculation Bd. (v. *supra*, p. 1570), but who have not attained a standard in these subjects high enough to satisfy the special requirements of the Fac., may be allowed to take an entrance examn. in the Univ. or they may be admitted to a preliminary course of one session's duration. Applicants for admission to a degree course in Glass Technology who have reached a standard satisfactory to the Fac. in Maths., Phys. and Chem., all at the Advanced level, may be exempted from the Inter. courses and examns. in those subjects.

METALLURGY. Applicants for admission to degree course should have passed in Maths., Phys. and Chem. in the G.C.E. examn. It is desirable, but not essential, that all these subjects should have been passed at Advanced level. A candidate who has passed the Advanced level papers in these 3 subjects at a standard approved by the Fac. may be deemed to have passed the Inter. examn. and be admitted to the 1st yr. of the course for the degree with Hons.

MEDICINE. Applicants should normally have reached at least the Ordinary level in the G.C.E. examn. in the subjects of Chem. and Phys., and preferably also Biol. Provided that a sufficient number of places is available, exemption from the 1st M.B., Ch.B., or 1st B.D.S. may be gained if an applicant has reached a standard accepted by the Fac. at Advanced level in the G.C.E. papers, or passed the Inter. B.Sc. examn. of an approved Univ. in Chem., Phys., Zool., and Bot. (or Chem., Phys. and Biol.), or has passed the 1st M.B. or B.D.S. examn. of an approved Univ.

Note : Higher and School Certif. qualifcns. equivalent to the qualfcns. based on the G.C.E. will still be accepted by all Facs.

Last Date for Receipt of Applications

Applications should be made on the prescribed form preferably before 1st January for entry the following October.

Overseas Students

Students from India or Pakistan are required to apply through the High Commissioner for India or Pakistan, and are not admitted without his recommendation. Egyptian students must apply through the Egyptian Minister of Education and are not admitted without his recommendation. Students whose mother-tongue is not English may be required to pass a test in English before admission, and a student whose knowledge of English proves inadequate at any stage in his course may be asked to withdraw.

BRISTOL

Minimum age for admission to the Univ. is 17 yrs.

Matriculation

The Univ. holds no Matriculation or Entrance Examn., but recognizes the examns. set forth below as qualifying for matriculation.

QUALIFYING EXAMINATIONS. (*a*) General Certificate of Education examinations held by Nos. 3, 4, 5, 6, 7, 8, 9 and 10* provided (v. *supra*, p. 1565, final para.) that the Certificate shows *either* Scheme A (Six subjects)—A pass in (*a*) English Lang., (*b*) a language other than English, (*c*) either Maths. or an approved Science subject, and three other subjects chosen from the approved list of subjects ; and provided two of the six subjects are passed at the Advanced level ; *or* Scheme B (Five subjects)—A pass in (*a*) English Lang., (*b*) a language other than English, (*c*) either Maths. or an approved Science subject and two other subjects chosen from the approved list of subjects, provided that three of these subjects, including two at the Advanced level, are passed at

* V. *supra*, p. 1569.

one and the same sitting. These three subjects must not all be taken from the same group.

Subjects approved for Matriculation. Group I: 1. English Lang. 2. English Lit. 3. Ancient History or Ancient Civilization or Greek Civilization. 4. Mediæval and Modern History. 5. Geog. 6. Economics. 7. Music. 8. Art. 9. Religious Knowledge. 10. Greek. 11. Latin. 12. French. 13. German. 14. Any other approved language. Group II: 15. Maths. or Pure Maths. or Pure and Applied Maths. 16. CAMBRIDGE

To become an undergraduate member of the University a person must first be admitted as a member either of a College or of Fitzwilliam House (Non-Collegiate). No person, except Research Students (*see* p. 114) and certain others, may be matriculated who has not passed or been exempted from the Previous Examn. There is no minimum age limit for admission to the University.

For admission, application should be made on prescribed forms, to be obtained from the Tutor of the Coll., except at Clare and Selwyn Colls. at which they should be obtained from the Master, and at Girton and Newnham Colls., at which they should be obtained from the Secretary. It is advisable to apply more than one year beforehand. Candidates from overseas may be assisted by the Adviser to Overseas Candidates for Admission, 1A Rose Crescent, Cambridge.

The Previous Examn. comprises : I (*a*) Latin, (*b*) Greek, (*c*) French, (*d*) German, (*e*) Italian, (*f*) Spanish, (*g*) Russian ; II (*a*) General Science, (*b*) Maths., (*c*) Biol., (*d*) Physics and Chem. ; III (*a*) English Lang., (*b*) History, (*c*) Geog., (*d*) a combined paper on Religious Knowledge, English Lit. and Art and Music.

Candidates must pass in I (*a*) or (*b*) and a second language (or a combination of papers from two other languages) ; one subject of II ;

III (*a*) and either (*b*) or (*c*) or (*d*). The three parts may be taken separately.

Natives of Asia or Africa, not being of European descent, may offer English Literature in lieu of one of the languages other than (*a*) or (*b*) in Part I, and Arabic, Chinese, Sanskrit, Persian or Pali, in lieu of I (*a*) or (*b*).

Examns. exempting from the Previous Examn.

Approved Certificates. Exemption is given for passes at the prescribed standard in examns. for approved certificates as follows: complete exemption for passes in Latin or Greek, an approved scientific or mathematical subject, English Lang., and *either* a second language other than English and one other approved subject *or* three other approved subjects; exemption from all but Latin or Greek for passes as above but without Latin or Greek; from Part I for passes in Latin or Greek and a second language other than English; from Part II for a pass in an approved mathematical or scientific subject; from Part III for passes in English Language and one other approved subject.

Prescribed standards and approved certificates are: pass in Nos. 1, 14*; pass at Ordinary or Advanced level in 1951–56 in G.C.E. examns. held by Nos. 3-10*; pass at lower standard in Nos. 11, 12*; pass at Ordinary level, provided that two approved subjects passed with credit at Ordinary level or passed at Advanced level in No. 13*; pass with Credit or "Very Good" in No. 15 (*a*)*; pass as subsid. or principal subject in No. 15 (*b*).* Also pass in Matric. examns. of Trinity Coll., Dublin, and National Univ. of Ireland, pass with honours in Leaving Certificate of Dept. of Education, Dublin, pass with Credit in Ceylon Senior School Certificate or Ceylon General Certificate of Education (English medium).

Other Exemption. Exemption is also given to Commissioned Officers of H.M. Forces who are resident in Cambridge under the orders of the Naval, Military or Air Force Authorities; and may be given to foreign officers under similar conditions. For the purpose of this regulation a Midshipman in the Royal Navy is treated as a Commissioned Officer.

The Navy, Army and Air Force Entrance Examn. and the Dartmouth Passing-out Examn. are also accepted, under certain conditions, for complete or partial exemption.

Exemption is granted to adult students who are recommended by the Board of Extra-Mural Studies as fit to undertake a course leading to an Hons. degree.

Exemption is granted to a graduate of any Univ. approved for the purpose by the Council of the Senate.

Dominions (except India and Pakistan) and Europe. A certificate qualifying for admission to an approved Univ. in a British Dominion (except India or Pakistan) or a European country may be accepted for complete or partial exemption.

India and Pakistan. A candidate who has attained the 1st class in the Inter. Examn. in Arts or Science, or the 1st or 2nd class in the examn. for the B.A. or B.Sc. in an approved Univ. of India or Pakistan is exempted from the Previous Examn., provided that in some examn.

* V. *supra*, p. 1569.

leading up to the B.A. or B.Sc. in that Univ. he has passed in an Oriental lang.

A candidate who has attained the 1st Class in the Inter. Examn. held by the Board of High School and Inter. Education of the State of Uttar Pradesh, or by the Central Board of Secondary Education, Ajmer, or in the Inter. Examn. of the Board of Inter. or Secondary Education, Dacca, is exempted if either in this examn. or the High School Examn. which leads up to it he has passed in a classical or an Oriental lang., Maths., English, and Hist. or Geog.

U.S.A. A candidate educated in the U.S.A. will be exempt if he has taken the following tests of the Coll. Entrance Examn. Board and has attained therein at one sitting a standard approved by the Council of the Senate: the Scholastic Aptitude Test (Verbal and Mathematical Sections); Achievement Tests in English Composition, in Latin Reading or Greek Reading, and in one of—Latin Reading or Greek Reading (if not already offered), French Reading, German Reading, Italian Reading, Spanish Reading, Biol., Chem., Physics, Intermediate Maths., Advanced Maths.

Egypt. Holders of the Egyptian Government Secondary Education Certif. who are not of European descent are exempt from the whole Previous Examn.

General. The Council of the Senate have discretionary power to grant exemption on other qualifications.

Admission to Advanced Standing

Any person who before matric. in the Univ. of Cambridge has received or become qualified to receive a degree from another institution for the education of adult students is entitled, on or after matric., to be approved as an Affiliated Student provided that (*a*) when he became qualified for the degree he had been a member of one or more such institutions for not less than 3 academic yrs.; (*b*) the degree has been approved for the purpose by the Council of the Senate. In particular cases the Council of the Senate may approve as an Affiliated Student a member or former member of an institution for the education of adult students who does not fulfil these requirements. Certain adult students recommended by the Bd. of Extra-mural Studies may also be approved as Affiliated Students.

An Affiliated Student is entitled to (1) be exempt from the Previous Examn.; (2) reckon the first term kept by residence as the 2nd, 3rd or 4th term for the purposes of certain provisions respecting the standing of candidates for (*a*) Tripos examns., and (*b*) degrees other than the Ordinary B.A. degree or degrees of M.Sc., M.Litt. and Ph.D.; (3) proceed to the B.A. degree, in certain circumstances, on obtaining Hons. in one part or section of a divided Tripos.

The status of Master of Arts may be granted to a member of the Univ. over 27 yrs. of age who is engaged in teaching or research, and carries M.A. privileges with regard to the Univ. Library, etc., academical dress and lodgings.

Incorporation. Admission by incorporation of graduates of Oxford and Dublin. *See* p. 111.

DURHAM

There is no minimum age for admission prescribed by Univ. regn., but in neither Division of the Univ. are degree students normally admitted under the age of 18 yrs. Students admitted to a coll. or recognized society in the Durham Division or to the Newcastle Division, or to an affiliated coll., may matriculate if they (*a*) possess a general qualification for matriculation and (*b*) comply with any special requirements for the course they propose to follow.

General Qualification for Matriculation

GENERAL CERTIFICATE OF EDUCATION. The General Certificate of Education awarded by Nos. 3, 4, 5, 6, 7, 8, 9 and 10* will constitute a general qualification provided that: (*a*) The student passed in English Lang. and *either* four *or* five other subjects. (*b*) The subjects include: (i) a language other than English; (ii) *either* Maths. *or* one of the following —Chem., Phys., Chem -with-Phys, Bot., Zool., Biol., Geol., General Science; (iii) at least two subjects at Advanced level.

If the candidate passed in English Lang. and *four* other subjects, he must have passed at one and the same sitting in three subjects other than English Lang., drawn from at least two of the following groups, two of these three subjects being at Advanced level. Group A: Arts subjects excluding languages. Group B: Languages other than English. Group C: Maths. and Sciences. Details should be checked from the regulations or with the Registrar.

Note: Credits in a School Certificate obtained before 1951 may be counted as Ordinary level passes. Higher School Certificate passes, Principal or Subsidiary, obtained before 1951 may be counted as Advanced level passes. Credits in the Cambridge Oversea School Certificate or Subsidiary passes in the Cambridge Oversea Higher School Certificate will be accepted as Ordinary level passes. Principal passes in the Cambridge Oversea Higher School Certificate will be accepted as Advanced level passes. The University will accept as a general qualification to matriculate a General Certificate of Education which does not comply with certain rules on the selection of subjects, provided that the Certificates would qualify to matriculate in a Univ. in England.

QUALIFICATIONS OTHER THAN GENERAL CERTIFICATE OF EDUCATION. (1) A candidate may be permitted by the Matriculation Board to matriculate by satisfying special tests or by recognition of certain examns. Such permission may be granted if the candidate satisfies the Matriculation Board that he has been at work for not less than two years after leaving school or that the circumstances of his education have not afforded a proper opportunity of taking the G.C.E. The Matriculation Board may require such a candidate to attain a required standard in the Entrance Examn. conducted by the Univ. in any subjects which the Matriculation Board may direct.

(2) The Attestation of Fitness of the Scottish Universities Entrance Board, granted on passes in No. 11 * or No. 12,* will qualify to

* V. *supra*, p. 1569.

matriculate if it includes any special qualification required for particular courses.

(3) No. 13 * will qualify under the same condition.

(4) The Honours Leaving Certificate of the Dept. of Education of the Republic of Ireland will qualify to matriculate provided that it includes (*a*) English, (*b*) a language other than English, (*c*) either Maths. or an approved Science subject; and provided that it includes at Hons. standard any subjects required for entry to a particular course.

(5) The following will qualify to matriculate, if they include any subjects required for entry on a particular course and if the candidate presents sufficient evidence of proficiency in English: a degree of any Univ. in the British Isles or of any other approved Univ.; a certificate awarded by any public examining body in Canada, Australia, S. Africa, New Zealand, the U.S.A., or any country in the Council of Europe, provided that the certificate qualifies for admission to an approved Univ. in the country in which it was awarded; the certificate of the Jr. Associated grade of the Council of Higher Education in Newfoundland; the Intermediate Examn. of an approved Univ. in India or Pakistan.

(6) The following certificates will qualify to matriculate if the candidate submits sufficient evidence of proficiency in English, and any subjects required for entry on a particular course are included, except that Arabic (including Classical Arabic) and Hebrew (including Classical Hebrew) may be substituted for Latin or Classical Greek for the B.A. in General Studies or (by permission) for the B.A. with Hons.: Palestine Matriculation Certificate; Egyptian Secondary School Certificate, Part II; Iraqi Baccalaureate; Israel Secondary School Leaving Certificate.

Special Qualifications for Particular Courses

(1) Students entering upon courses for degrees named below and submitting a G.C.E. must not only satisfy the general requirements for matriculation but must also satisfy the following special requirements:

ARTS. B.A. in General Studies, B.A. with Honours (except B.A. with Hons. in Town and Country Planning): Latin or Classical Greek at Advanced or Ordinary level. B.A. with Hons. in Town and Country Planning: Maths. at Advanced or Ordinary level. (Candidates entering certain Hons. Schools or offering certain langs. must comply with further requirements in regard to langs.).

APPLIED SCIENCE. B.Sc. in Applied Science (excluding Metallurgy): either Additional Maths. at Ordinary level, or Pure and Applied Maths. at Advanced level, either as a joint or as two separate subjects, and Phys. and Chem. at either Advanced or Ordinary level. (Elementary Maths. at Ordinary level in the G.C.E. may be supplemented by Additional Maths. in the Entrance Examn.).

B.Sc. in Metallurgy: Maths., Phys. and Chem., of which one shall be at Advanced level.

* V. *supra*, p. 1569.

LAW. LL.B. : Latin at either Advanced or Ordinary level.

(2) Candidates for the B.A. in Fine Art may matriculate *either* (*a*) if they hold a general qualification to matriculate, and pass the Entrance Examn. of the Dept. of Fine Art or otherwise satisfy the Hd. of the Dept. that they are qualified to take the course ; *or* (*b*) if they hold a G.C.E. with English and two subjects other than Fine Art passed at one and the same occasion, and pass the Entrance Examn. of the Dept. of Fine Art.

(3) Candidates for the L.D.S. may matriculate on a general qualification to matriculate or by passing an approved examn. in the subjects required for a general qualification to matriculate.

(4) Candidates for the (external) degree of B.Mus. do not matriculate, but must pass or be exempt from an Entrance Examn. conducted by the Univ.

If a candidate holds a G.C.E. or a certificate referred to in paras. (2)-(6) above (pp. 1589-1590), and that certificate constitutes a general qualification to matriculate but does not satisfy the special requirements for a particular course, the candidate may be permitted by the Matriculation Board to complete his qualification by attaining the required standard in specified subjects in the Entrance Examn.

HULL

Matriculation (minimum age 17) is open to the following, provided they satisfy the appropriate entry requirements for the course they propose to take :

(i) Graduates of Univs. of the United Kingdom or of such other Univs. as may from time to time be recognized by the Senate for this purpose.

(ii) Holders of a General Certificate of Education, approved as such by the Ministry of Education (v. p. 1569), which shows *either* (*a*) passes in *six* subjects (not necessarily on the same occasion) of which English Lang. is one, and of which at least *two* are at Advanced level, *or* (*b*) passes in *five* subjects of which English Lang. is one, provided that at least *three* have been taken on one and the same occasion and that at least *two* of these three are at Advanced level.

(iii) Holders of a School Certificate in which Credit standard was reached at one and the same sitting in *five* subjects including (*a*) English or English Lang. (*b*) Elem. Maths., (*c*) a foreign lang.

(iv) Holders of a School Certificate with a Credit in at least one subject and a Pass in each of the following groups: (*a*) English Lang. ; (*b*) English Lit., Hist., Geog., Scripture ; (*c*) Languages other than English ; (*d*) Maths. and Science subjects, provided that such Certificate is combined with either a full Higher School Certificate or a Certificate showing passes in four subsidiary subjects in a Higher School Certificate Examn.

(v) Qualified teachers provided that they have passed with distinction in at least one of the general subjects prescribed in a recognized Certificate Examn.

(vi) Holders of a Certificate of Attestation of Fitness issued by the Scottish Universities Entrance Board.
(vii) Persons matriculated in any other Univ. of the United Kingdom.

The Senate may also declare eligible for matriculation :

(i) A candidate who holds a full practising professional qualification obtained by examn.
(ii) In special cases, candidates over the age of 23 yrs. on their submitting to the Senate such evidence as it may deem sufficient of previous study and of the capacity and attainments requisite to enable them to pursue the course proposed.

Candidates for matriculation who are over the age of 23 yrs. and who do not hold any of the qualifications required by Regns. (i) and (ii) above may at the discretion of the Senate take an Entrance Examn. conducted by the Univ.

Requirements for Entry to Particular Courses

The following requirements are set out in terms of passes at Advanced or Ordinary level of the General Certificate of Education examn.

B.A. Special Degree

Classics. Latin (A)* and Greek (O)*. Some previous study of Anc. Hist. desirable but not essential.

English Language and Literature. Normally English (A) plus either French (O) or Latin (O) ; Latin (A) desirable. Equivalent of these in some cognate subjects may be accepted in certain cases. In special circumstances qualificns. less than these may be accepted.

French Language and Literature. French (A) and Latin (O).

Geography. Normally Geog. (A), although consideration of applicants who have not obtained this qualificn. is not precluded.

German. Normally German (A) although consideration will be given to those who have passed only at (O) level.

History. Normally Hist. (A) plus either French (A) or German (A). Latin (A) highly desirable. Equivalent of these in cognate subjects will be considered.

Latin. Latin (A). Some previous study of Anc. Hist. desirable but not essential. Some knowledge of Greek, if only to an elementary stage, desirable ; but in approved cases provision will be made for the teaching of Greek to beginners.

* A = Advanced level; O = Ordinary level.

not necessary ; course in elementary Hebrew for beginners forms part of syllabus. Previous knowledge of Greek, though desirable, not essential.

B.A. Joint Degree

English. Normally English (A) plus either French (O) or Latin (O). Equivalent of these in some cognate subjects may be accepted in certain cases. In special circumstances, qualificns. less than these may be accepted.

Finnish. No special requirements.

French. French (A) and Latin (O).

Geography. Normally Geog. (A), although consideration of applicants who have not obtained this qualificn. is not precluded.

German. Normally German, preferably at (A) level, although full consideration will also be given to those who have passed only at (O) level.

Government. No special requirements

Greek. Greek (A).

History. Normally Hist. (A) plus either French (A) or German (A). Latin (A) highly desirable. Equivalent of these in cognate subjects considered.

Latin. Latin (A).

Law. No special requirements. Hist. (O) and Latin (O) desirable.

Mathematics, Applied. Appl. Maths. (A) or similar qualificn.

Mathematics, Pure. Pure Maths. (A) or similar qualificn.

Music. Normally Music (A) or some equivalent qualificn.

Philosophy. No special requirements. Good standard in Latin or Maths. an advantage.

Psychology, Social Studies, Sociology and Swedish. No special requirements.

Theology. No special requirements, but an anc. or mod. foreign lang. (A), or at least Latin (O) desirable. Previous knowledge of Greek, though desirable, not essential.

B.Sc. Special Degree

Botany. No special requirements but applicants who have not passed in Bot. (A) will normally be required to spend 4 yrs. on their course, taking Pt. I of final examn. at end of their 3rd yr.

Chemistry. Normally Chem. (A) plus 2 other subjects at (A) level. 1 of which will preferably be Maths.

Geography. Normally Geog. (A), although consideration of applicants who have not obtained this qualificn. is not precluded.

Geology. No special requirements.

Mathematics. Pure Maths. (A) and Appl. Maths. (A) or similar qualificn.

Philosophy. No special requirements. Good standard in Greek or Latin, or in French or German, or in Maths. or a Natural Science an advantage.

Physics. Phys. (A) plus either Pure and Appl. Maths. (A) or Pure Maths. (A) or Appl. Maths. (A) ; and normally either French (O) or German (O).

Psychology. No special requirements.

Zoology. Zool. (A), Chem. (A) and Bot. (A). In exceptional cases some variation of these requirements might be accepted.

B.Sc. Joint Degree

Botany. Normally Bot. (A) or Biol. (A).

Chemistry. Chem. (A).

Geography. Normally Geog. (A), although consideration of applicants who have not obtained this qualificn. is not precluded.

Geology. No special requirements.

Mathematics, Pure. Pure Maths. (A) or similar qualificn.

Mathematics, Applied. Appl. Maths (A) or similar qualificn.

Philosophy. No special requirements. Good standard in Latin or Maths. an advantage.

Physics. Phys. (A) and either Pure and Appl Maths. (A) or Pure Maths. (A) or Appl Maths. (A). In special circumstances, Maths. (O) may be accepted.

Psychology. No special requirements.

Zoology. Biol. (A) or Zool. (A).

Bachelor of Laws

No requirements additional to those for matric. but desirable that applicants have Hist. (O) and Latin (O).

Bachelor of Economic Science

Normally one of subjects at (A) level should be: Econ., English, Geog., Hist., a mod. foreign lang. or Pure Maths. (or equivalent qualificn. in Maths.). Candidates taking Geog. as Special Subject will normally be required to have this subject at (A) level. In exceptional circumstances, candidates with lower qualificns. may be admitted but they would normally be required to take 4 yrs. for their degree, including a yr. studying for a prelim. examn. Mature students or students with degrees of other Univs. may be admitted directly to the 3 yr. Hons. course provided they satisfy the Hd. of the Dept. that they have qualificns. equivalent to normal requirements for entry.

LONDON

Until further notice, the normal method of satisfying minimum entrance requirements will be through the General Certificate of Education awarded by one or more of the approved Examining Bodies.* The Certificate must comply with one or other of the two Schemes A and B.

Scheme A. The candidate must have obtained passes (not necessarily on the same occasion) in (*a*) English Lang., (*b*) a lang. other than English, (*c*) either Maths. or an approved science subject, and three other subjects, provided that: (i) at least two of the subjects are passed at the Advanced level; (ii) the subjects are chosen from the approved list.

Scheme B. The candidate must have obtained passes in (*a*) English Lang., (*b*) a lang. other than English, (*c*) either Maths. or an approved science subject, and two other subjects, provided that: (i) at least

* V. *supra*, p. 1569.

three subjects are passed on the same occasion, of which at least two must be at the Advanced level; (ii) the subjects are chosen from the approved list.

The approved list of subjects is as follows: 1. English Lang. (O) *; 2. English Lit. (O, A); 3. Geog. (O, A); 4. History (O, A); 5. Ancient History (O, A); 6. English Economic History (O, A); 7. British Constitution (O, A); 8. Economics (O, A); 9. Logic (O); 10. Religious Knowledge (O, A); 11. Greek Lit. in Translation (O); 12. Latin (O, A); 13. Greek (O, A); 14. Classical Hebrew (O, A); 15. Modern Hebrew (O); 16. French (O, A); 17. German (O, A); 18. Spanish (O, A); 19. Italian (O, A); 20. Russian (O, A); 21. Any other approved language (O, A); 22. Pure Maths. (O, A); 23. Applied Maths. (O, A); 24. Maths. (Pure & Applied) (A); 25. Physics (O, A); 26. Chem. (O, A); 27. Physics-with-Chem. (O); 28. Geol. (O, A); 29. Geometrical & Mechanical Drawing (O); 30. Engineering Drawing (A); 31. Elementary Surveying (O); 32. General Science (O); 33. Additional General Science (O); 34. Bot. (O, A); 35. Zool. (A); 36. Biol. (O, A); 37. Rural Biol. (O); 38. Music (O, A); 39 Art (O, A); 40. Handicraft (O, A); 41. Domestic Subjects (O, A); 42. Human Anat., Hygiene and Physiol. (O).

The approved science subjects for Scheme A and Scheme B will be as follows: Physics, Chem., Physics-with-Chem., Geol., General Science, Additional General Science, Bot., Zool., Biol., Rural Biol.

The selection of subjects under Scheme A or Scheme B will be subject to certain limitations.

No subject shall be counted at both Ordinary and Advanced levels. Not more than one of the subjects 39, 40 and 41 shall be counted at Advanced level.

Under Section (i) of Scheme B the three subjects passed at one and the same examn. must not all be chosen from any one of the following groups: subjects 4-7, subjects 11-21, subjects 22-32, subjects 35-38, subjects 39-41.

A General Certificate (or Certificates) of Education will be accepted for the purpose of satisfying min. entrance requirements if it fulfils the above conditions and provided that the Univ. is satisfied that there is a subject for subject equivalence with the subjects listed above.

The General Certificates of Education awarded by Durham, Joint Matriculation Board, Welsh Joint Education Committee, and Bristol, and accepted by the corresponding Univ. authorities as satisfying their minimum entrance requirements, will also be accepted by London.

In addition, certain Faculty requirements may have to be satisfied before registration as an Internal or an External Student can be effected. At present these are as follows:

Arts. Applicants for admission must have passed in two langs. other than English at Ordinary or Advanced level; one, at least, of the two langs. must be a Classical lang.

Laws. No specific Faculty requirements are laid down, but candidates for the LL.B. degree are advised to offer English History as one of their subjects.

* O = Ordinary level; A = Advanced level.

Music. Applicants for admission must have passed at Ordinary or Advanced level in a modern foreign lang.

Medicine. Candidates proceeding to degree of M.B., B.S., B.D.S., B.Pharm. or B.Vet.Med. must have passed in Chemistry and Physics at Ordinary or Advanced level.

Science and Engineering. Applicants for admission must have passed in Maths. at Ordinary or Advanced level.

Theology and Economics. No additional Faculty requirements are laid down.

It should be noted that it is not possible for a student to matriculate unless, and until, he registers as an Internal Student or as an External Student. A matriculant must be over 17 yrs. of age. The procedure is that the holder of a General Certificate of Education submits it to the Univ. for decision as to whether or not it satisfies minimum entrance requirements. If it does, he is so informed and at the same time is told that he may apply for registration as an Internal or an External Student. It is only on the completion of such registration that he will be matriculated. The registration fee of three guineas (Internal) and five guineas (External) will be exacted at the time of registration as an Internal or External Student.

Special Provisions

(1) Credits obtained in 1949 or 1950 at a School Certificate examn., or Main Subject passes at a Higher School Certificate examn., will be accepted as passes at Ordinary level and Advanced level, respectively; Higher School Certificate Subsidiary subject passes will count as Ordinary level passes, even if the candidate did not qualify for the award of a School or Higher School Certificate.

(2) Candidates who gained a School Certificate issued by one of the approved examining bodies, in or before 1950, and pass in three Advanced level subjects at one and the same examn. not later than 1954, will be deemed to have satisfied minimum entrance requirements.

(3) Candidates who hold a School Certificate and a Higher School Certificate awarded by an approved examining body, gained before April 30, 1951, will be deemed to have satisfied minimum entrance requirements.

(4) A candidate who was awarded a School Certificate or Higher School Certificate by one of the approved examining bodies may count Credits as Ordinary level passes, Subsidiary passes as Ordinary level passes, and Principal passes as Advanced level passes.

(5) A pass in a subject entered on a Certificate gained in one of the following examns. will be regarded as equivalent to a pass at Ordinary level in the corresponding subject at the General Certificate of Education Examn.:

Nos. 1, 2, 11, 12, 13* and 14 (v. *supra*, p. 1569); *Passing-out Examn. of the Royal Naval College, Dartmouth; Matric. Examn. of the Univ. of Wales; Matric. Examn. of the National Univ. of Ireland;

* In examinations marked with an asterisk the standard acceptable for matriculation is subject to special conditions.

*Leaving Cert. of the Dept. of Education, Republic of Ireland ; Adelaide Leaving Cert. ; Melbourne School Leaving Cert. ; Melbourne Univ. Matric. Examn. ; New South Wales Leaving Cert. ; Queensland Sr. Public Examn. ; Matric. Examn. of the Univ. of Sydney ; Tasmania Public Leaving Cert. ; Western Australia School Leaving Cert. ; Univ. of New Zealand Entrance Examn. ; New Zealand Dept. of Education School Cert. ; *Matric. Examn. of the South African Joint Matric. Board ; National Sr. Cert. (Matric. Equivalent) of the Union of South Africa ; *Secondary School Sr. Cert. of the Dept. of Public Education, Cape of Good Hope ; *Transvaal Secondary School Cert. ; *Orange Free State School Leaving Cert. ; Natal Sr. Certificate ; Ontario Upper School Cert. ; British Columbia Sr. Matric. Examn. ; Sr. Matric. Examn. of other Canadian Univs. and Depts. of Education ; *Ceylon Government Senior School Cert. (English) and General Cert. of Education (English medium) ; Matric. Examn. of the Univ. of Hong Kong ; *Cyprus Cert. Examn.

Candidates holding any of the above certificates may satisfy minimum entrance requirements by passing at the G.C.E. examn. in additional subjects at Advanced level, together with such Ordinary level subjects as may be required to satisfy the conditions of the various Schemes.

(6) A candidate may satisfy minimum entrance requirements if he has attained the age of 20 and has passed in 5 subjects at the G.C.E. examn., of which at least 3 must be at the Advanced level and must be passed on the same occasion, and one of the 5 subjects must be English Lang. The 3 subjects at Advanced level must be passed simultaneously after attaining the age of 20.

(7) A candidate who has attained the age of 25 and thereafter passes in 3 subjects at Advanced level at the G.C.E. examn. may be interviewed by a Board for the purpose of assessing his qualifications in general education and in regard to the degree or diploma for which he proposes to study. The Board may recommend that the candidate be considered to have satisfied minimum entrance requirements or may require him to present himself for examn. in additional subjects if thought desirable.

(8) A candidate whose native language is not English, and who is not a native of Great Britain, N. Ireland or the Republic of Ireland, may satisfy minimum entrance requirements (i) by presenting an acceptable Matriculation Certificate of a Commonwealth, or Foreign, Univ., and (ii) by passing in English at the Univ. Entrance Examn. and two subjects at Advanced level at the General Certificate of Education Examn.

Particulars of the Univ. Entrance Examn. in English and a copy of the syllabus may be obtained from the Secretary to the University Entrance and School Examinations Council, University of London, Senate House, London, W.C.1.

(9) A person who holds a full practising professional qualification obtained by examn. may apply to the Secretary to the University Entrance and School Examinations Council (address as above) for his

qualification to be considered as satisfying minimum entrance requirements.

(10) Students who have passed all the examns. for a degree of Univs. approved by the Senate will be considered to have satisfied minimum entrance requirements. The following overseas Univs.* have been approved for this purpose: In Canada—Acad., Alta., Bishop's Coll, Br. Col., Car., Dal., King's, Laval, McG., McM., Manit., Montr., Mt. All., New Br., N.S.T.C., Nfld., Ott., Qu., St. F.X., Sask., Sir G. Wms., Tor, Vic. (Tor.), W. Ont.; Australasia—Adel, Melb, N.S.W.U.T., Q'ld., Syd., Tas., W.Aust., N.Z.; S Africa—Cape T., Natal, O.F.S., Potchef., Pret., Rhodes, S.A., Stell, Rand.; India—Agra, Alig., Alld., And, Annam., Ban., Bda., Bom., Calc, Delhi, Gauh., Gujar., J. & K., Karn., Luck., Madr., Mys., Nag., Osm., Panj (I.), Patna, Poona, Raj., Saug., Trav., Utkal, VB.; Pakistan—Dacca, Panj., Karachi, Pesh., Sind; Ceylon; Hong Kong; Malaya; Malta; certain Univs. in countries outside the British Commonwealth.

Intermediate Exemption

It should be noted that in the Facs. of Arts, Medicine, Science and Engineering, complete or partial exemption from the Inter. or equivalent course and examn. can be gained by passing in appropriate subjects at the G.C.E. Examn., Advanced level. For complete exemption three, or sometimes four, passes are needed. In Arts, Sci. and Engin. there are at present very few vacancies for students who have not gained complete exemption; so that it is important that intending students should choose their Advanced level subjects in accordance with the requirements of their proposed course. Full information may be obtained from the Academic Registrar. For entry to the Internal B.Sc. (Econ.) degree course, students must have passed in three Advanced level subjects; for entry to the external course they must have passed the Prel. Examn. in Econ

NOTTINGHAM

A candidate shall be eligible to matriculate if he is at least 17 yrs. of age on Oct. 1 in yr. of candidature, and possesses one of the following: (*a*) a General Certificate of Education † awarded by Nos. 3-10 ‡ satisfying the requirements set out in final para. of p. 1565 above.

* For expansion of abbreviations v. pp. xxxvi-xxxix.

† Candidates will continue to be eligible to matriculate in the Univ. if, before March 1, 1951, they have satisfied the Univ.'s entrance requirements based on School Leaving Certificate and Higher Certificate Examns. in force up to that date. For candidates who wish to claim partial exemption from the new matriculation requirements: 1. A pass with Credit in a subject of an approved School Certificate Examn. or a pass at Subsidiary standard or in a Subsidiary subject of an approved Higher School Certificate Examn. will be accepted in lieu of a pass in the corresponding subject at the Ordinary level in the General Certificate of Education. 2. A pass in a Principal subject of an approved Higher School Certificate Examn. will be accepted in lieu of a pass in a corresponding subject at Advanced level in the General Certificate of Education.

‡ V. *supra*, p. 1569.

(*b*) A degree conferred by an approved Univ. after examn. (*c*) A certificate showing that the holder has attended a two-year full-time Teachers' Training Course and has passed a final examn. of an Area Training Organization approved by Senate for this purpose. (*d*) A Certificate showing that the holder is a Barrister called to the English Bar, or a Solicitor admitted to the Roll after passing the final examn. of the Law Society. (Dept. of Law only.) (*e*) No. 12,* provided that the holder passed at one and the same examn. in five subjects at the Higher Standard and provided that Certificates gained after Dec. 1, 1947, show a pass in English Lang. together with a pass in at least one subject from each of Sections II, III and IV of Appendix A, *infra*. (A pass in either Physical Science or Natural Science will be regarded as equivalent to a pass in two sci. subjects.) (*f*) No. 13,* provided that it entitles the holder to enter upon a degree course in a Faculty of the Queen's Univ. of Belfast. (*g*) The Leaving Certificate of the Dept. of Education, Republic of Ireland, provided that the holder passed with Hons. at one and the same examn. five subjects approved by the Univ., and that certificates gained after Dec. 1, 1947, include passes in at least one subject from each of Sections II, III and IV of Appendix A. (*h*) No. 16.* (*i*) The Matriculation Certif. of an approved British overseas Univ. (*j*) A Certificate of having passed at one and the same examn. the Intermediate Examn. in Arts, Science or Medicine of an approved Univ. in India or Pakistan. (*k*) The Matriculation Examn. of the Palestine Board of Higher Studies, provided that Certificates gained after Dec. 1, 1947, show that at one and the same examn. the holder reached credit standard in English Syllabus A, and in four other subjects, including at least one subject from each of Sections II, III and IV of Appendix A. (*l*) The Secondary Education Certificate, Part II, of the Egyptian Ministry of Education. On Certificates issued on and after June 1938, a pass in Special Part must be shown. (*m*) The Baccalaureate Certificate of Iraq provided that the holder is recommended by the Iraqi Ministry of Education. A Certificate showing the passing of the Commerce Section is not acceptable if gained after Dec. 1, 1947. (*n*) An examn. certificate awarded in countries not mentioned in the above provisions, which entitles the holder to enter upon a degree course in a Faculty of a recognized Univ. of the country in which the certificate was issued.

The Senate will consider individually, for the purposes of matriculation, certificates obtained in other examns. of a standard at least equal to those mentioned above.

The Univ. requires from applicants whose native lang. is not English a properly attested certif. of proficiency in spoken English, and may require the applicant to pass an examn. held by the Univ. before admission.

Special Entrance Examn. for Mature Candidates

Candidates unable to qualify for matriculation in the normal way but showing promise of being able to profit from a Univ. course may at the discretion of the Hd. of the Dept. concerned be admitted to a special examn. held at the Univ. in March or Sept. The examn. is open to candidates who are over 21 yrs. of age and consists of papers in (i) English, (ii) Maths., Logic, or an approved Science subject, (iii) 2 subjects chosen according to the proposed degree course.

* O = Ordinary standard.

Faculty Admission Requirements

Candidates must not only satisfy the general requirements of matriculation set out above, but for admission to certain courses must satisfy also the following special requirements. These are set out in terms of the General Certificate of Education but the Univ. will recognize qualifications of equivalent standard obtained as a result of passing other recognized examns.

Candidates for admission to courses for which no specific requirements are laid down will normally be expected to have a preliminary knowledge (to Ordinary standard in the General Certificate of Education or its equivalent) of the subject or subjects of the degree course they propose to follow, except for such subjects as Theol., Law, Economics, Philosophy, Psychol. or Sociol. which are not usually taught in schools.

Faculty of Arts

Degree of B.A. Candidates (other than those for entry to the School of Maths. and the School of Philosophy, Economics and Social Science) will be required to have passed at Advanced standard in two subjects within the purview of the Faculty. In addition, candidates for Honours in Classics, English, French, German and Spanish Studies will be required to have passed in Latin at least at Ordinary standard, and candidates for Honours in Mediæval and Modern History will be required to have passed in Latin or French or German at least at Ordinary standard. Candidates for admission to the School of Maths. will be required to have passed at Advanced standard in Maths. counting as two subjects. Candidates for the School of Philosophy, Economics and Social Science will be required to have passed at Advanced standard in any two subjects, except that these two subjects must include Maths. if the degree course includes Maths.

Degree of LL.B. Exemption from the qualifying Examn. may be granted to students who have passed a comparable examn. approved by Senate in subjects relevant to the degree of LL.B., but the degree will not normally be awarded until the student has completed three years of study in the Univ.

Degree of B.Mus. Candidates for admission will be required to have a reasonable knowledge of the theory of music, and proficiency in performance of an instrument approved by the Hd. of the Dept. of Music.

Direct admission to the Final Course may be permitted for those students who have passed the London Univ. Intermediate Examn. in subjects relevant to the degree of B.Mus., but the degree will not normally be awarded until the student has completed three years of study in the Univ.

Faculty of Pure Science

Degree of B.Sc. Candidates may be exempted from the Intermediate Course and Examn. if they furnish evidence of having passed at Advanced standard in certain specified subjects in the General Certificate of Education (normally the subjects of the first-year final course). Further details from the Registrar.

Degree of B.Pharm. Candidates may be exempted from the Intermediate Course and Examn. and accepted for direct entry to the Final B.Pharm. Course if they have passed at Advanced standard in Chem., Physics, and *either* Botany *or* Zoology *or* Biology.

Faculty of Agriculture and Horticulture

Degree of B.Sc. Candidates may be exempted from the Intermediate Course and Examn. if they furnish evidence of having passed at Advanced standard *either* (i) in Chem., Bot., and *either* Zoology *or* Phys. *or* an approved Science subject, *or* (ii) in Chem., Biol. and one other approved Science subject, which shall not be Bot. or Zool., *or* (iii) with the approval of the Bd. of the Faculty, in *two* of the subjects named in (i) above.

Faculty of Applied Science

Degree of B.Sc. Candidates (except for Metallurgy) may be exempted from the Intermediate Course and Examn. and accepted for direct entry into the Final Degree Courses if they have passed at Advanced standard in Pure Maths., Applied Maths. (or Pure-and-Applied Maths.) and Physics, except that candidates for Civil or Mechanical Engineering or Mining will be required to take a special course and examn. in Chem. at the end of their first yr , unless they have passed in Chem. also at Advanced standard.

Candidates for Metallurgy may be exempted if they have passed at Advanced standard in Maths., Physics and Chem. ; candidates who have passed only in Physics and Chem. at Advanced standard may be exempted from the Intermediate Examn. in those subjects and from attendance for the Intermediate yr., but they will be required to take the course and examn. in Intermediate Pure Maths. during their first yr.

OXFORD

Admission to the Univ. (" Matriculation ") is without respect of sex, age, nationality or creed, and follows upon admission to a Society, *i.e.* a College or Hall or Society. No one can become a member of the Univ. unless he first becomes a member of one of these Societies. An application for admission must therefore be addressed, not to any officer of the Univ., but to the proper officer of the Society to which admission is desired, *i.e.* Balliol, Queen's and Magdalen—The Senior Tutor ; Brasenose, New College, Jesus and University—The Tutor for Admissions ; St. Catherine's Society—The Censor ; in other cases —The Hd. of the Society. (*See* Colleges, etc., under Oxford Univ., pp. 457-475.) It should be made, if possible, more than one year before residence is contemplated.

Applicants for admission normally have to pass or be qualified for exemption from (*a*) Univ. entrance examn., (*b*) College entrance examn. The Univ. entrance examn. is *Responsions.* The Colleges and Halls and Societies require certain qualifications of character and intellectual attainment in which the passing of Responsions or some equivalent examn. is necessarily included.

Responsions comprises : I English Lang. ; II (*a*) Latin, (*b*) Greek ;

III (*a*) Holy Scripture, (*b*) English Lit., (*c*) English History, (*d*) French, (*e*) German, (*f*) Italian, (*g*) Spanish ; IV (*a*) Maths., (*b*) Natural Science. In order to pass Responsions, candidates are required to satisfy the Masters of the Schools in Group I, English Lang., and *either* in at least one subject from each of the Groups II, III and IV and in five subjects in all (including English Lang.), *or* in both subjects from Group II and in both subjects from Group IV. All candidates must satisfy the Masters of the Schools in two langs. other than English (of which Latin or Greek must be one), and must satisfy them *either* in all five subjects at one examn., *or* in four subjects at one examn. and in the fifth subject at a subsequent examn., *or* in three subjects at one examn. and in two subjects offered together at a subsequent examn.

Candidates must offer four or five subjects, or, if they have previously satisfied the Masters of the Schools in three or four subjects, they must offer the two subjects or single subject required to complete the examn.

Examinations Exempting from Responsions

Great Britain and Ireland, etc. A. Exemption from Responsions may be obtained by holders of the status of Bachelor of Arts or by persons accepted for admission as Service Students or Senior Students, or as candidates for the degree of B.C.L. under certain conditions, or as Advanced Students, or as candidates for the Degree of B.Litt. or of B.Phil. or of B.Sc., or who hold a degree at another Univ., such degree and such Univ. having been approved by the Hebdomadal Council, or as Students of Mature Years recommended by the Delegates for Extra-Mural Studies under certain conditions. Exemption may also be claimed by anyone who has pursued a course of study extending over 2 yrs. at a Univ. approved for Senior Status, provided that the applicant has passed all examns. incidental to his course at that Univ. and has submitted a certif. of satisfactory progress signed by a competent authority of that Univ. ; and provided further that the required course of study at an Asiatic Univ. has included the study of English and has been pursued subsequently to the Intermed. Examn. or to the corresponding stage at a Univ. which does not hold an Intermed. Examn.

B. Exemption may be granted to any person who has *either* : (i) obtained a General Certificate of Education awarded by Nos. 3, 4, 5, 6, 7, 8, 9 and 10 (v. *supra*, p. 1569) subject to passing at the Ordinary or Advanced level in English Lang., two of the langs., Latin, Greek, French, German, Italian, Spanish, Russian, Welsh, Afrikaans, of which Latin or Greek must be one, and two other approved subjects, one of which must be a mathematical or a scientific subject. Three subjects, other than English Lang., must be passed at one and the same examn. ; *or* (ii) gained a class in the Senior Freshman Examn. of Dublin or a Certificate of Fitness granted by the Scottish Universities Entrance Board, or passed in the Intermediate Arts or higher examn. of Birmingham, Bristol, Durham, Leeds, Liverpool, London, Manchester, Sheffield or one of the examns. numbered 2, 12, 13, 14, 15 (*a* & *b*), 16 * (v. *supra*, p. 1569), provided that he has passed *inter alia* in two of

* Latin or Greek must be added to this certificate at Responsions.

the above-mentioned languages, of which Latin or Greek must be one.

Dominions and Colonies. Exemption may be granted to any person who has obtained (1) a certificate of having passed *either* (*a*) the Matriculation Examn. of the Joint Board of the South African Univs., or (*b*) the Secondary School Certificate Examn. of the Education Dept. of the Transvaal or Secondary School Senior Certif. Examn. of the Dept. of Education of the Cape Province, or (*c*) the School Leaving Certif. Examn. of the Orange Free State if the holder is thereby qualified for exemption from the Matricn. Examn. of the Joint Matricn. Board of the South African Univs.; provided that it shows that he has passed in two languages, other than English, of which Latin or Greek must be one; *or*

(2) A certificate or certificates of having passed one of the following, provided he has satisfied the examiners in two of the said languages, of which Latin or Greek must be one: An examn. or examns. conducted by a Univ. or other public Educational Authority in Canada or New Zealand or Australia which satisfy the requirements for entrance to a Univ. in that country, such Univ. having been approved by the Hebdomadal Council for the purposes of Senior Status; Leaving Examn. of the Public Examns. Natives of Asia and Africa, not being of European or American parentage, can apply for permission to offer a substitute for Latin or Greek in Responsions or in certain certificates exempting from Responsions.

Admission to Privileged Standing: "Senior Status"

The following may be admitted to the status and privileges of a Senior Student:

(1) Any person who has obtained a degree at another Univ., such degree and such Univ. having been approved by the Hebdomadal

Council,* provided that he shall have pursued a course of study extending over 3 yrs. at the least at a Univ. or Univs. so approved, or, should the Hebdomadal Council in his case approve, partly at a Univ. so approved and partly at another or other Univs.

(2) Any person who, having been a student at a Univ. in a European country, where there is no degree in any way equivalent to that of Bachelor of Arts but where there are State or Univ. examns. at approximately the same stage as the examns. for the degree of Bachelor of Arts, has passed such State or Univ. examn., such examn. and such Univ. having been approved by the Hebdomadal Council, provided that he shall have pursued a course of study extending over 3 yrs. at the least at a Univ. or Univs. so approved.

(3) Any person who has obtained a degree at another Univ. and has also been selected to come to Oxford by some Body approved, for the purposes of this section, by the Hebdomadal Council.

(4) Any person who, though not eligible under sub-clause (1) or (2) or (3), has satisfied the Hebdomadal Council that he is particularly well qualified to be admitted as a Senior Student.

(5) Any medical student of a Univ. in the British Dominions, except India, Pakistan and Ceylon, or Colonies or in Gt. Britain and Northern Ireland may be admitted to the status and privileges of a Senior Student; provided that the Univ. shall have been approved by the Hebdomadal Council and that he shall have pursued at that Univ., or, should the Hebdomadal Council in his case so approve, at more than one Univ., for at least 3 yrs., a course of study leading to a degree in Medicine and shall have passed all examns. incidental to that portion of the course.

A Senior Student: (*a*) may reckon his 1st term as his 4th; (*b*) is not required to pass Responsions or any part of the 1st Public Examn.; (*c*) is entitled to supplicate for the degree of B.A. after having kept statutable residence for 6 terms, and having (i) obtained a place in the Class List of an Honour School of the 2nd Public Examn., or been allowed "aegrotat," or, if disqualified by standing from obtaining Honours, shown such merit as would otherwise have entitled him to a place in the Class List; or (ii) satisfied the Examiners in the 2nd Public Examn. in the Final Honour School of Nat. Sci. in Chem., Pt. I.

No Senior Student will be entitled to supplicate for the degree of B.A. except as above.

Incorporation. Admission of members of the Univs. of Cambridge and Dublin to incorporation. *See* p. 478.

READING

The University holds no Matriculation Examination.

Matriculation, minimum age 17, is open to:

1. Graduates of Univs. in the United Kingdom or other approved Univs.

* The Hebdomadal Council will not approve any degree of an Indian Univ. under this clause unless the course of study leading to it has extended to 3 yrs. subsequently to the Intermed. Examn. In most cases a First Class is required either in B.A. Honours or B.Sc. Honours or M.A. or M.Sc.

2. Until further notice —

(*a*) Persons who have passed or are exempt from the Matriculation Examination of the Univ. of London.

(*b*) Persons who have qualified for the Certificate issued on the result of an approved First Examn. for Secondary Schools and who at one and the same Examn.* have obtained passes with credit in five subjects as follows: (i) English. (ii) Maths. *or* Latin *or* Greek. (iii) Three subjects not already offered under (i) and (ii) above, chosen from the following: (1) History, (2) Geog., (3) Art or Music, (4) Greek, (5) Latin, (6) French, (7) German, (8) one other modern foreign lang. approved by the Univ., (9) Maths., (10) Mechanics, (11) Physics, (12) Chem., (13) Physics-with-Chem., (14) Bot., (15) Zool., (16) Biol., (17) General Science, (18) Religious Knowledge, provided that (*a*) persons offering Maths. under (ii) include one of the subjects (4) to (8); (*b*) persons offering (13) may not offer (11) or (12); (*c*) persons offering (16) may not offer (14) or (15); (*d*) persons offering (17) may not offer (11), (12), (13), (14), (15) or (16).

Persons desiring to qualify for matriculation in virtue of subjects not included under (iii) should apply to the Registrar.

(*c*) Persons who have qualified for the two Certificates issued on the results of approved First and Second Examns. for Secondary Schools.

(*d*) Persons who have qualified for the Certificate issued on the result of an approved First Examn. for Secondary Schools and whose attainments as shown by the result of an approved Second Examn. for Secondary Schools satisfy the Senate.

(*e*) Persons whose attainments as shown by the results of other approved examns. satisfy the Senate.

(*f*) Persons who, being at least 23 years of age, have passed a special examn. for matriculation held by the Univ. for approved candidates of mature years. (Details from the Registrar.)

In exceptional circumstances, the Senate may exempt from examn., as a condition of matriculation, persons who are able to produce such evidence of previous education and attainments as the Senate shall deem sufficient.

Requirements for Particular Courses. A candidate qualified for matriculation on the basis of results obtained in a School Leaving Certificate or Higher School Certificate Examn. will not be admitted to the course of study for the degree of B.A. unless he has passed in Latin or Greek in a First Examn. approved for Secondary Schools by the Ministry of Education or in some other examn. approved for the purpose of this Regulation by the Senate. But this requirement shall not apply in the case of candidates for the degree of B.A. with Honours in Philosophy, Psychol., Political Economy, Geog., Maths., Fine Art, Economics and Social Psychol., Economics and Social Philosophy, Philosophy and German, or Music, provided that, except with the express permission

* Until further notice, four passes with credit at one examn. and one pass with credit obtained at another examn. may be accepted.

of the Board of the Faculty, a modern foreign lang. is included in the First Univ. Examn.

A candidate who proposes to offer Latin as a subject in the First Univ. Examn. must, before entry upon the course of study for the First Univ. Examn., have passed in Latin in the Matriculation Examn. of the Univ. of London or have passed with credit in Latin in a First Examn. approved for Secondary Schools by the Ministry of Education or have passed in Latin as a Principal or Subsidiary Subject in a Second Examn. approved for Secondary Schools by the Ministry of Education or have passed in Latin in some other examn. approved for the purpose of this Regulation by the Senate.

3. *In 1951 and for six years thereafter,* persons who have obtained passes in the General Certificate of Education (v. *supra,* p. 1569) in English Lang. and in either four or five other approved subjects provided that (*a*) the subjects include a lang. other than English and either Maths. or an approved Sci. subject; (*b*) at least two of the subjects have been passed at Advanced standard; (*c*) candidates offering four subjects only in addition to English Lang. have passed at one and the same sitting in two subjects at the Advanced standard and in one other subject not related to the subjects offered at the Advanced standard.

The following subjects have been approved for the purpose of this Regulation by the Senate:

1. English Lang. (O *); 2. English Lit. (O, A); 3. History (O, A); 4. Ancient History (O, A); 5. Geog. (O, A); 6. Economics (O, A); 7. Logic (O); 8. Scripture Knowledge (O); 9. Art (O, A); 10. (O, A) (may not be counted at Advanced standard unless Maths. has been taken at Ordinary or Advanced standard); 23. Physics (O, A); 24. Chem. (O, A); 25. Physics-with-Chem. (O, A) (may not be counted with Physics, Chem., or General Science); 26. Bot. (O, A); 27. Zool. (O, A); 28. Biol. (O, A) (may not be counted with Bot. or Zool.); 29. Geol. (O, A); 30. General Science (O) (may not be counted with Physics, Chem., Bot., Zool., Geol. or Biol.); 31. Physiol. (O) (may not be counted with Zool. or Biol.); 32. History of Science (O).

The following subjects have been approved by the Senate as alternative options to Maths. (*see* Clause (*a*) above): Physics, Chem., Physics-with-Chem., Bot., Zool., Biol., Geol., General Science, History of Science.

No subject may be counted at both the Ordinary and the Advanced standard.

For the purpose of Clause (*c*) above candidates who offer two subjects at Advanced standard chosen from subjects Nos. 2-20 must offer one

* O = Ordinary standard; A = Advanced standard.

subject chosen from Nos. 21-32 ; candidates who offer two subjects at Advanced standard chosen from Nos. 21-32 must offer one subject chosen from Nos. 2-20.

REQUIREMENTS FOR PARTICULAR COURSES. *Letters* : A candidate qualified for Matriculation on the General Certificate of Education will not ordinarily be admitted to the course of study for the degree of B.A. with Honours in Classics, Latin, Greek, English, French, Modern History, Latin and English Lit., Greek and English Lit., unless he has passed in Latin at Advanced standard in the General Certificate of Education (or in an examn. of equivalent standard approved for the purpose of this Regulation by the Senate), save that candidates who have passed in History with Foreign Texts at Advanced standard may be admitted to the course of study for the degree of B.A. with Honours in Modern History. Candidates who are required to offer Latin in the First Univ. Examn. in Arts must have reached Advanced level in a G.C.E. examn. in that subject before entry.

Science. No special requirements.

Agriculture and Horticulture. A candidate intending to follow either the Pass or Hons. course in Agriculture or Dairying or Horticulture is normally required to have gained, before entering the Univ., one yr.'s practical experience of a type suitable to the particular course he proposes to follow. In the case of Dairying, it is preferable that 6 mos. of the period should be spent on a dairy farm and 6 mos. in a dairy factory.

4. (*a*) A candidate who has obtained either three or four credits in a School Certificate examn. shall be deemed to be qualified by examn. for Matriculation, provided that he obtains in the General Certificate of Education *either* passes at Advanced standard in two subjects *or* a pass at Advanced standard in one subject together with passes at Ordinary standard in two subjects, if the range of subjects in the two examns. conforms with the range of subjects in paragraph 2 (*b*) above.

(*b*) A candidate who has obtained five or more credits in a School Certificate examn. but whose range of subjects does not conform with the requirements in paragraph 2 (*b*) above, shall be deemed to be qualified by examn. for Matriculation, provided that in the General Certificate of Education he obtains passes at Ordinary or Advanced standard in the subject or subjects necessary to complete the required range of subjects.

5. Persons who hold a General Certificate of Education (v. *supra*, p. 1569) which is acceptable to any Matriculating Body in England or Wales.

Exemption from First-Year Courses and Examinations

Letters. No exemption from the First Univ. Examn. in Arts is permissible, except for graduates of approved Univs.

Science. A student may be totally exempted from the Inter. Examn. if he has obtained passes at Advanced level in a G.C.E. examn. or Examns. (or the equivalent in a London Inter. or a Higher School Certificate Examn.) in the 3 subjects which he proposes to offer in the General Course and Final Examn. A student wishing to offer Microbiol. in the General Course must have obtained Advanced level passes in

Chem. and in 2 of the subjects, Phys., Bot., Zool. ; if he wishes to offer Psychol. in the General Course he must have obtained Advanced level passes in 3 of the subjects, including Phys. or Zool., that may be offered in the course Exemptions from one subject of the Inter. Examn. may be given if a student has obtained a pass at Advanced level in a G.C.E. examn. in that subject. If given such exemption in a subject which he proposes to offer in the General Course, he may nevertheless be required to attend a course in that subject.

Agriculture and Horticulture. First Univ. Examn. in Agriculture : The Course and Examn. are in two sections ; Section A consists of Phys., Chem., Bot., Zool. and Geol. (the syllabuses for which are the same as those for the Inter. Examn. in the Fac. of Science), and Section B of Econ. and the Hist. of Agric. A student may be exempted from any subject or subjects of Section A in which he has passed at Advanced level in a G.C.E. examn. (or the equivalent in the London Inter. or a Higher School Certificate examn. or other approved examn.) on the following conditions :—

(*a*) In the Examn. he must offer at least one and not more than three of the subjects of Section A. A student who would need to offer more than three of those subjects would be required to spend two yrs. on the course.

(*b*) A student intending to follow the Hons. course in Agric. Bot. or Hortic. Bot. must normally offer Bot. in the Examn. whether or not he is eligible for exemption in that subject. Similarly, a student intending to follow the Hons. course in Agric. Chem. or Hortic. Chem. or Dairy Sci. must normally offer Chem.

(*c*) A student intending to follow the Pass or Hons. course in Dairying must normally offer Phys. whether or not he is eligible for exemption in that subject ; he is not, however, required to offer Geol.

(*d*) A student who has obtained a pass in Biol. at Advanced level in a G.C.E. examn. (or its equivalent) will normally be exempted from Zool. in the Examn.

SOUTHAMPTON

Matriculation (minimum age 17) is open to persons having one of the following qualifications :

1. A degree of a United Kingdom University or other approved University.
2. A certificate qualifying for matriculation in any other Univ. of the United Kingdom.
3. The General Certificate of Education of an approved examining body (v. *supra*, p. 1569) showing passes in English Language and either four or five approved subjects, provided that the subjects include—
   (i) A lang. other than English.
   (ii) Maths. or one of the following subjects—Phys., Chem., Phys.-with-Chem., Bot., Zool., Biol., Geol., General Science.
   (iii) At least two subjects at Advanced level.

(iv) Candidates offering *four* subjects only in addition to English Lang. must have passed at one and the same sitting in three subjects drawn from at least two of the following groups, two of the three being at Advanced level: Group I—Humanistic subjects; Group II—Sciences.

4. In exceptional circumstances only, Senate may declare eligible for matriculation candidates who do not satisfy the above requirements but who can produce evidence of qualificn. in (i) English Lang., (ii) a humanistic subject and (iii) Maths. or an approved sci. subject.

Note: The Ordinary National Certificate and Joint Section A examn. of Institutions of Civil, Mechanical and Electrical Engineers, and the 4th-yr. Upper Sch. examns. of the Royal Dockyard Schools, carry exemption from certain requirements of matriculation. (Details from the Academic Registrar.)

5. A Trained Teacher's Certificate showing distinction in at least one of the subjects prescribed in a recognized Certificate examn.
6. An attestation of fitness of the Scottish Universities Entrance Board.
7. Barristers-at-Law and Solicitors of the Supreme Court.
8. Students in the Univ. who have obtained the Cert. in Social Studies after not less than 2 yrs.' residence in the Univ. may, by special permission of the Senate, be considered to have matriculated in the Univ. at the beginning of their final yr. of study for the Cert.
9. In special cases evidence of sufficient education, capacity and attainments where the candidate is over 23 years of age.
10. OVERSEAS STUDENTS. Candidates educated outside the United Kingdom who can produce such evidence as Senate may consider sufficient of examns. passed equal to any of the above-named and of ability to follow instruction in English.

Entrance Examination

Candidates for Matriculation who do not come under the foregoing categories may, at the discretion of the Heads of Depts. concerned, take an Entrance Examn. conducted by the Univ. consisting of five subjects including English, a foreign lang., Maths. or an approved Science. All subjects must be passed at one and the same examn., special proficiency in at least two of the subjects being required.

Faculty and Departmental Entrance Requirements

In addition to matric. requirements, candidates for degrees must satisfy the following special requirements of both the particular Fac. and Dept. to which entry is sought.

ARTS. Candidates for admission to any course leading to the B.A. must have 2 langs. other than English at Ordinary or Advanced level in the G.C.E. or equivalent examn.; one at least must be Latin or

Greek * except in the case of the following B.A. General courses, when neither of the 2 langs. need be classical: † Econ.; Geog.; German; Hist.; Maths.; Music; Philos.; Theological Studies. French or Spanish with (*a*) Econ. and/or Geog. as 3-yr. subjects or (*b*) as a one-yr. course. French or Spanish otherwise requires an Ordinary level pass in a classical language.

Candidates for *B.A. Honours* must normally satisfy the Fac. lang. requirement and also the following Departmental requirements of G.C.E. Advanced level passes or equivalent examn. in the subjects shown:

Hons. in English. English, a classical lang. and one other subject. In exceptional circumstances applicants who have obtained passes in Engl. and two other Advanced level subjects, but who have not taken Latin or Greek at Advanced level, may be admitted to the course on condition that they take Latin or Greek as an ancillary subject in the 1st yr. and pass the examn. in this subject.

Combined Hons. in Classics and English. English, Latin (or Greek) and one other subject.

Hons. in French. French, a classical lang. and one other subject. Applicants who have passed in Latin at Ordinary level only may be admitted to the Hons. course but they will normally be required to take Latin as a 1st-yr. course.

Hons. in Geography.‡ Geog. and 2 other subjects and an Ordinary level pass in French.

Hons. in German. Ordinary level pass in Latin or Greek. In exceptional circumstances, exemption will be granted from this requirement on condition that a course in Greek (or Latin, if available) is taken during the 1st yr.

Hons. in History. Ordinary level pass in Latin. In special cases exemption will be granted from this requirement on condition that an appropriate qualificn. in Latin is obtained before graduation.

Hons. in Maths.‡ Pure Maths.; Appl. Maths.

Hons. in Philosophy.‡

Combined Hons. in Philosophy and Pure Maths.‡ Pure Maths.

SCIENCE. Candidates for admission to any course leading to the B.Sc. must have passed the G.C.E. examn. or equivalent examn. in Maths. and in 2 science subjects. A pass at Advanced level is required in either the 2 science subjects or in Maths. and 1 science subject. Candidates for admission to a course leading to the B.Sc. Special Honours must also

* (i) In the case of non-European candidates other langs., such as Classical Arabic, would be considered on special application.

(ii) In exceptional circumstances candidates qualified in only one lang., other than English may be considered for admission to the Fac.

† Candidates who are granted Matric. under the Mature Age Regulns. and who do not fulfil these requirements must apply to the Fac. Bd. stating their qualificns. for the course that they wish to pursue. Their admission to such course is subject to the permission of the Bd.

‡ In these Hons. Schools neither of the two langs. other than English, normally required by Fac. regns., need be classical.

comply with the Departmental entrance requirements of *three* G.C.E. Advanced level passes, or equivalent qualifcn. including the Special subject (and 2 others) as follows :

Botany. Bot. (or Biol.), Chem. and 1 other science subject.

Chemistry. Chem., Phys., 1 other science subject. In special circumstances Appl. Maths. or other science subject may be accepted in place of Phys.

Geography. Geog. and any 2 science subjects, with normally a pass at Ordinary level in French.

Geology. Any 3 science subjects. No previous knowledge of Geol. is required.

Mathematics. Pure Maths. ; Appl. Maths.

Physics. Phys., Maths. and 1 other science subject.

Zoology. Zoology (or Biol.), Chem. and 1 other science subject.

In special circumstances, with the approval of the Dean and the Hd. of the relevant Dept., candidates who have passed at Advanced level in only 2 science subjects, or in 2 science subjects and 1 Arts subject, may be admitted to a course for which the regns. require 3 passes in science subjects at Advanced level.

ENGINEERING. Advanced level Phys., Pure and Applied Maths. (or Pure Maths. and Applied Maths.), Ordinary level Chem. in the G.C.E. or equivalent examn.

The Ordinary National Certificate and a pass in the Upper School Examn. of any of the Royal Dockyard Schools are accepted on the same terms as for Matric., but a candidate seeking to qualify in Maths. by virtue of the Ordinary National Certificate must have passed in that subject with distinction or have satisfied the examiners in the Maths. papers of the Industrial Scholps. Examn. of the Univ.

ECONOMICS. There are no Fac. requirements, other than Matric., for entry to the first yr. of a degree course, at the end of which there is a qualifying examn. Exemption from the qualifying examn. and direct entry to the three-yr. final course may be obtained by a candidate in any subject in which he has passed the G.C.E. Advanced level, the Higher School Certificate Main standard, the Preliminary Economics Examn., or the Intermediate Examn. in Economics, Commerce, Arts or Science, of the Univ. of London.

LAW. No special requirements other than Matric.

Transitional Provisions

Candidates may claim partial exemption from the matric. requirements for the G.C.E. by virtue of performance in the School Cert. or Higher School Cert. Examn. as follows :

(*a*) A pass with Credit in a School Cert. Examn., or a pass at Subsidiary standard in a Higher School Cert. Examn., taken before March 1, 1951, will be accepted in lieu of a pass in the corresponding subject at the Ordinary level in the G.C.E.

(*b*) A pass at Principal standard in a Higher School Cert. Examn. taken before March 1, 1951, or a pass in a London Univ. Inter. Examn.,

will be accepted in lieu of a pass in the corresponding subject at Advanced level in the G.C.E.

Candidates will continue to be regarded as eligible to matriculate in the Univ. if they hold *either* :

(i) A School Cert. in which Credit standard was reached at one and the same sitting in five subjects including (*a*) English Lang., (*b*) Elementary Maths., (*c*) a foreign lang. ; *or*

(ii) A School Cert. with a Credit in at least one subject and a pass in each of the following groups : (*a*) English Lang., (*b*) English Lit., Hist., Geog., Scripture, (*c*) Langs. other than English, (*d*) Maths. and Science Subjects ; provided that such Cert. is combined with either a full Higher School Cert. or a Cert. showing passes in four Subsidiary subjects in a Higher School Cert. Examn.

WALES

The Univ. of Wales no longer holds a Matriculation Examn. and admission is now mainly determined on candidates' performance at the examns. of the Welsh Joint Education Committee for the General Certificate of Education.

For candidates seeking exemption through the examns. of the Welsh Joint Education Committee for the General Certificate of Education, the approved subjects * are : 1. English Lang. (O †) ; 2. English (O, A) ; 3. Welsh Lang. (O) ; 4. Welsh (O, A) ; 5. Scripture (O, A) ; 6. History (O, A) ; 7. Greek and Roman History (O, A) ; 8. Greek (O, A) ; 9. Latin (O, A) ; 10. French (O, A) ; 11. German (O, A) ; 12. Any other lang. approved by the Univ. (O, A) ; 13. Economics (O, A) ; 14. Maths. (O) ; 15. Pure Maths. (A) ; 16. Applied Maths. (A) ; 17. Pure and Applied Maths. (A) ; 18. Mechanics (O) ; 19. Physics (O, A) ; 20. Chem. (O, A) ; 21. Bot. (O, A) ; 22. Zool. (A) ; 23. Biol. (O, A) ; 24. Geol. (O, A) ; 25. Practical Plane and Solid Geom. (O) ; 26. level in that subject at the General Certificate of Education examns., provided that the passes at the Ordinary level comply with the grouping requirements and are supplemented by two passes at the Advanced level in an examn. conducted by the Univ. of London (or any other approved examining body).

Special Exemptions

Candidates of 23 or more years of age, if specially recommended by one of the constituent Colls. as having reached a satisfactory standard of educn.

Candidates of 20 or more years of age, who have been either full-time pupils for at least two years at an approved Adult School or have been candidates for a Univ. diploma and for at least one year full-time students at a constituent Coll. or an Associated Theological Coll., are not required to satisfy the condition of passing in two subjects at the Advanced level, and may have passed in only four subjects in addition to English Lang. or Welsh Lang., of which one must be a lang. and one Maths. or an approved science subject, provided in each case that they are specially recommended by a constituent Coll. for admission.

Candidates who have passed the appropriate Ordinary National Certificate at a recognized teaching centre, after three years at least in industry, have passed in English Lang. at the General Certificate of Education examn., and are recommended for an approved degree course by a constituent Coll., and such recommendation has been approved by the Academic Board, may qualify for Matriculation.

Faculty and Departmental Requirements

Aberystwyth U.C. For Hons. in Hist. candidates must have at least a translation knowledge of Latin and French. For schemes of study containing Chem. a sufficient knowledge of Phys. is required, and for Admission to Final courses in Zool. an adequate knowledge of Chem. is required. For certain courses in Rural Science it is advisable to have a period of practical farm experience.

Bangor U.C. For Hons. in Greek, Latin, English, French, Hebrew or Hist. a pass at Ordinary level at least is required in Greek or Latin. For Hons. in Hist. a reading knowledge of Latin is required. Hons. in For. is restricted to those who have Maths., Chem., Phys., at Ordinary level, and passes at Advanced level in 2 or more of the following: Chem., Phys., Bot., Zool.

Cardiff U.C. For Latin, French or Maths. a pass at Advanced level or equivalent is required. For Hons. in Welsh a knowledge of Latin is required. For Hons. in Hist. usually a translation knowledge of Latin and French is required.

Swansea U.C. For Hons. in Hist. candidates must have an adequate reading knowledge of Latin, or French, or German, or Welsh. For Hons. in Phys. candidates should have Advanced level passes in Phys. and Maths. For Hons. in Chem. candidates should have Advanced level passes in Phys. and Chem. For degree courses in Engin. candidates should have advanced level passes in Maths. and Phys., and preferably

also in Chem. For degree courses in Metallurgy candidates should preferably have Advanced level passes in Maths., Phys. and Chem.

Welsh National Sch. of Med. It is not a condition of entry that a student should pass in any particular subject.

Exemptions from Intermediate Courses, etc.

The B.A. Hons. course is one of 3 yrs., but students may be required to spend 2 yrs. instead of 1 yr. over the 1st part of the course, especially if the subjects passed at Advanced level make pursuance of the course in 1 yr. inadvisable. Normally 3 passes at Advanced level, and sometimes 2, ensure entry to a course requiring only 1 yr.'s pursuance. For entry to depts the subjects of which are not normally taught in schools, recognition is sometimes given to passes at Advanced level in subjects which are allied or considered to be suitable equivalents.

The B.Sc. Hons course is one of 4 yrs., but students may be exempted from the Inter. course in subjects passed at Advanced level ; this makes possible the completion of an Hons. course in 3 yrs. Admission to the 2nd-yr. course of subjects, which cannot usually be taken at school, may be granted by virtue of Advanced level passes in subjects regarded as allied or ancillary, *e g.* admission is possible to 2nd-yr courses in Metallurgy and in Engin. for those with Advanced level passes in Maths., Phys. and/or Chem.

UNIVERSITY COLLEGE OF NORTH STAFFORDSHIRE

Candidates for admission must normally be not less than 17 yrs. of age on Oct. 1 of the yr. in which they desire to be admitted.

The following are eligible for admission : 1. Graduates of Univs. of the United Kingdom, or of such other Univs. as may be approved by the Senate.

2. Holders of approved Higher School Certifs., provided they also hold approved First School Certifs. under the arrangements which maintained until the introduction of the General Certificate of Education.

3. In exceptional cases, holders of approved School Certifs., provided that the certif. shows a pass with credits in five subjects taken at one and the same examn. Of these five, one must be English Lang., and the other four must be separate subjects. The meaning of " separate subject " is that the subject must not either wholly or in part be included in any other subject, *e.g.* General Science will not be allowed with Physics or Chem. In such cases, sp. importance will be attached to the interview and an addtnl. examn. may be required.

4. Students who satisfy the transitional requirements for 1951–55 as set out by Univ. Examining Bds., such as the Northern Universities Jt. Matriculation Bd.

5. Holders of academic certificates, or such other proof of academic attainment as may be accepted by the Senate as equivalent to 3 and 4.

6. Candidates who have been engaged in some Trade or Profession, provided that they (*a*) have been so engaged for a period of not less than 3 yrs. and during that time have attended systematic courses of study, *e.g.* Univ. tutorial classes. Sp. importance will be attached to

the interview. Approved candidates will be allowed to take a sp. entrance examn. designed to test their capacity to benefit by the courses of study in the Coll.; (*b*) submit an applicn. to the Registrar not later than March 31 of the yr. in which they desire to be admitted; (*c*) have attained the age of 19 on Oct. 1 of the yr. in which they desire to be admitted, and if required, pay an examn. fee of £2.

7. Holders of a General Certificate of Education (v. *supra*, p. 1569) approved as such by the Ministry of Education, according to the scheme approved by other Univs. and Univ. Colls., namely, the certif. must show EITHER:

Scheme A. (Six subjects.) A pass in (*a*) English Lang., (*b*) a lang. other than English, (*c*) *either* Maths. *or* an approved Science subject and three other subjects chosen from the approved list of subjects; and provided two of the six subjects are passed at the Advanced level; OR

Scheme B. (Five subjects.) A pass in (*a*) English Lang., (*b*) a lang. other than English, (*c*) *either* Maths. *or* an approved Science subject and two other subjects chosen from the approved list of subjects; provided that three of these subjects, including two at the Advanced level, are passed at one and the same sitting. These three subjects must *not* all be taken from the same group.

Subjects Approved for Matriculation

Group I. 1. English Lang. 2. English Lit. 3. Anc. Hist. *or* Anc. Civilization *or* Greek Civilization *or* Mediæval and Mod Hist. *or* Biblical Hist. and Lit. 4. Geog. 5. Econ. 6. Music *or* Art *or* Religious Knowledge *or* Domestic Science. 7. Greek. 8. Latin. 9. French. 10. German. 11. Any other approved Lang. 12. General paper.

Group II. *13. Maths. *or* Pure Maths. *or* Pure and Applied Maths. *14. Applied Maths. (May not be taken with Pure and Applied Maths.) 15. Physics. 16. Chemistry. 17. Physics-with-Chem. 18 (*a*), General Science I, and 18 (*b*), General Science II. General Science I *and/or* II may *not* be counted with any of the following: Physics, Chem., Physics-with-Chem., Bot., Zool., Biol. 19. Bot. 20. Zool. 21. Biol. (May *not* be taken with either Bot. or Zool.) 22. Geol.

8. Candidates who have passed No 16 †

9. Trained Certificated Teachers, provided they have passed with distinction in at least one of the general subjects prescribed in a recognized Certif. Examn.

10. In exceptional cases, holders of such qualificns. as shall satisfy

* Candidates submitting Northern Universities Jt. Matriculation Bd. certifs. in which maths. subjects are designated as follows: "Maths." and "Maths. and Theoretical Mechanics," may offer 13. Maths., 14. Maths. and Theoretical Mechanics (counts as two Advanced subjects but may not be counted with Maths.).

No subject may count at both Ordinary and Advanced levels. *Either* Maths. *or* Pure Maths. *or* Applied Maths. *or* Pure and Applied Maths. will satisfy the requirements of Maths. under regulations for Schemes A and B. Subjects 15 to 22 inclusive are approved Science subjects for the purposes of Matricn. under Schemes A and B.

the Senate of the high quality of the candidate, provided that these qualificns. show him to be acceptable for the courses offered at the Coll.

11. Candidates who have satisfied the examiners in the Passing-out Examn. of the Royal Naval Coll., Dartmouth.

12. Candidates who have passed the Forces Prelim. Examn.

SCOTTISH UNIVERSITIES

Summary of Qualifications for Admission to Degree Courses in Scottish Universities

No applicant for admission to a degree course in any Scottish Univ. may be accepted unless he holds the Certificate of Attestation, which is issued by the Scottish Univs. Entrance Board to those who have proved their educational fitness in one or other of the following ways :

(1) Applicants who have been admitted to an approved Degree (other than Honorary) of a British or recognized overseas Univ.

(2) Applicants who have obtained passes in the Scottish Leaving Certif. and/or in the Entrance Board's Prelim. Examn. in not more than two sessions of examn. in subjects taken from the following groups : I. English, Hist. and Geog. ; II. Maths., Addnl. Maths. (*i e.* any two of Dynamics, Geom., Elem. Analysis), Sci. (*i.e.* any two of the following branches of Sci., viz. : Physics, Chem., Bot., Zool., Geol.) ; III. Latin, Greek, French, German, Italian, Spanish, Gaelic, Hebrew, Russian, Arabic, Hindustani (Urdu or Hindi), Irish, Norwegian, Persian, Sanskrit, Swedish, Turkish, Welsh ; IV. Music and (Scottish Leaving Certif. only) Applied Sci., Afrikaans, Amharic, Armenian, Bengali, Burmese, Chinese, Czech, Danish, Dutch, Efik, Ewe, Fanti, Ga, Ganda (or Luganda), Modern Greek, Gujarati, Hausa, Hungarian, Ibo (or Igbo), Icelandic, Japanese, Kanarese, Malay, Malayalam, Marathi, Oriya, Pali, Polish, Portuguese, Punjabi, Roumanian, Serbian, Siamese, Sindhi, Sinhalese, Southern Sotho, Swahili, Tamil, Telugu, Twi, Yoruba. The Board requires four passes to be obtained on the Higher standard, or three on the Higher and two on the Lower standard. There must always be a pass on the Higher standard in English and in two subjects selected from Group II and Group III ; and there must be passes in at least one subject from Group II and one from Group III.

(3) Applicants who present General Certificates of Education issued by any of the Examining Bodies, 3-10,* showing that passes have been obtained in subjects recognized by the Board that must include the following : (i) English Lang. ; (ii) either Maths. or a recognized Science ; and (iii) a language other than English. The subjects are : Group I, English Lang., English Lit. ; Geog. ; Ancient Hist., Modern Hist. Group II, Maths. (Pure) ; Applied Maths. ; Physics ; Chem. ; Bot. ; Zool. ; Geol. Group III, Latin ; Greek ; French ; German ; Spanish ; Italian ; Gaelic ; Welsh ; Irish, etc. Group IV, Art and Music.

There must be passes *either* in six such subjects, at least two of them having been awarded at Advanced level, of which one must be a Group II or Group III subject ; *or*, if there are passes in only five such subjects,

* V. *supra*, p. 1569.

there must be three passes at Advanced level, one at least from Group II or Group III and the three from not fewer than two of the Groups. (Three passes, including at least two at Advanced level, must have been gained at one sitting.)

Note 1. Passes at Ordinary standard in the London Matricn. Examn., credits in English School Certificates taken at home or overseas centres, or passes on the Subsidiary standard in Higher School Certificates, will be treated as if they were passes at the Ordinary level, and passes at Main or Principal standard in such certificates and passes in the Inter. Arts or Inter. Science Examns. of the Univ. of London, as if they were passes at the Advanced level in the General Certificate of Education, if collectively they satisfy this rule.

Note 2. A Sr. Cert. of the Ministry of Education, N. Ireland—(*a*) issued in 1951 or earlier—will be accepted up to Jan. 31, 1956, if it contains five subjects recognized by the Board, including the three compulsory subjects of the above rule; and, if all the subjects have been taken at Main standard, if there are credits in three of them, including English and at least one from Group II or Group III; or, if the foreign lang. has been taken on the subsidiary standard, if there are credits in four subjects including a Group II subject and English. (*b*) Issued in 1952 or later—will be accepted if it contains passes in at least six subjects recognized by the Board, including English Lang.; English Lit.; a language other than English and a Mathematical or Scientific subject, on condition that three of the passes are at the Advanced level, one of them being either in a lang. other than English or in a Mathematical or Scientific subject, and that all six passes have been gained at not more than two separate sessions of examn.

(4) Passes at 50 per cent., or better, shown in a Certif. qualifying the applicant for entry on a degree course in Arts, Pure Sci. or Med. at a recognized Univ. of the Republic of Ireland, Canada, Australasia or of the Union of South Africa, if they are in subjects recognized by the Board, will count (1) as passes at Ordinary level if the holder completes his qualifications by means of the General Certif. of Educn. examn. (Clause 3 above), or (2) as passes on the Lower standard if he completes by the Entrance Board's Prelim. Examn. (Clause 2 above). Alternatively a certif. signed by the Registrar of a recognized Univ. in these countries stating that the applicant has completed satisfactorily the first two yrs. of a course leading to a Degree in Arts, Pure Sci. or Med., and has duly passed in all the subjects of his course up to that point, will qualify for the Certificate of Attestation.

(5) Evidence of the satisfactory completion of the second yr. of a course leading to a degree in Arts or Pure Sci. or of the pre-medical course, of a Univ. or Coll. in the U.S.A. (other than a Jr. Coll.) appearing in the current list published by the American National Cttee. of Regional Accrediting Agencies, will qualify for the Board's Certificate of Attestation if the applicant's academic record shows Grades averaging not below B. in such of the following subjects as have been included in the first two yrs. of his academic course: English, Foreign Langs., Maths. (Pure and Applied), Sci., Hist., Geog., Art and Music.

(6) A School Leaving, Matricn. or Univ. Entrance Certif. awarded in any one of the following countries and qualifying unconditionally for entrance on a course leading to a Degree in Arts, Pure Science or Med. in a recognized Univ. of that country, is acceptable : (*a*) if it contains passes of " Satisfactory " (or higher) grade in six of the subjects detailed in para. 3 above, and these include (1) the language of the country issuing the Certificate ; (2) a second recognized language ; and (3) either Maths. or a recognized Science ; and (*b*) if at least two of these passes (which must include English or a subject of Group II or Group III [taken in the written examn.]) are graded as " Very Satisfactory " ; *and* (*c*) on condition that it is supplemented by (1) a London Univ., or Cambridge Senior, Certificate of Proficiency in English ; or (2) a pass in Special English in the Entrance Board's Preliminary Examination ; provided that exemption from this condition will be granted if the Grade " Very Satisfactory " has been awarded in English (written and oral). A Certif. that fails to satisfy clauses (*a*) and (*b*) of this Rule for want of a sixth subject, or in respect of the grade of pass required in one subject only, may be made good by a pass of the requisite standard in an appropriate subject obtained either (1) in a subsequent session of the original examn., or (2) in the Entrance Board's Preliminary Examn., in which the pass must be on the Higher standard ; or (3) in the English General Certif. of Educn. Examn., in which the pass must be on the Advanced level.

The countries are : Norway, Sweden, Denmark, Iceland, Holland, Belgium, France, Luxembourg, Switzerland, Western Germany and Italy, and probably Spain, Portugal and Finland.

Full information as to the regulations for examns. and for exemptions can be obtained from the Secretary, Scottish Univs. Entrance Board, Westerlea, Kennedy Gardens, St. Andrews, Scotland.

ABERDEEN

Before admission to a degree course in the Univ. a student must satisfy (*a*) the requirements of the Scottish Universities Entrance Board (v. *supra* p. 1618) and (*b*) any relevant regulations for entrance to particular classes (v. *infra*).

There is no minimum age limit for admission to the Univ.

Regulations for Entrance to Particular Classes

It is desirable that students intending to read for the Ordinary M.A. should possess some knowledge of Latin before entering the Univ. In the case of Greek, Hebrew, Arabic, Syriac, Mathematics and Music, a student will be admitted to attendance on the classes qualifying for graduation if he has the subject of the class as one of the subjects either of his Group Leaving Certificate or of the Univ. Prelim. Examn. Where a student desires to attend a course qualifying for graduation and does not satisfy the above condition, he must inform the Secretary to the University of Aberdeen not later than one week before the commencement of the class, and a written examination or other test will be provided to determine his fitness to attend the class. In the case of Roman Law (for the degrees of M.A., LL.B., or

B.L.) a student must have passed in Latin in his Group Leaving Certificate or in the Univ. Prelim. Examn., or satisfied the Prof. of Jurisprudence that he has an adequate knowledge of the subject.

EDINBURGH

Before admission to a degree course in the Univ. a student must satisfy (*a*) the requirements of the Scottish Universities Entrance Board (v. *supra*, p. 1618) and (*b*) any relevant regulations for entrance to particular classes (v. *infra*).

There is no minimum age limit for admission to the Univ.

Regulations for Entrance to Particular Classes

The following preliminary passes are required for entrance to certain classes and for entering or following the curricula for certain Honours groups. If a student intends to take a curriculum containing a class which requires a special qualification, it is desirable that he should have included this qualification in his Leaving Certif. (or its equivalent), but failing this he may take the subject in the Univ. Preliminary Examn.

ARTS AND COMMERCE. *Ordinary Classes in Latin, Greek, French, German, Italian, Spanish, Celtic, Russian.* A pass in the lang. on the Higher standard in the Leaving Certif., or some equivalent evidence of proficiency.

Recognition of Institutions Outside the United Kingdom

ARTS. Undergraduates who have attended courses in another Univ. may apply for exemption from one (not the Final) yr. of the course for

* Any student holding a certif. admitting him to an English, Irish or Welsh Univ. will be exempted by the Entrance Bd. from Examn.

† Applications for exemption should be addressed to the Dean of the Faculty of Medicine.

M.A. or for B.Com., and from attendance on classes in two subjects. Graduates of another Univ. may apply for exemption from examination as well as attendance. Each application will be considered on its merits.

SCIENCE. Certain courses (first year only) may be taken in other Univs. or institutions approved by the University Court. The Higher School Certif. is not regarded as qualifying for exemption.

LAW. The Arts degree of certain approved Colonial, Indian and American Univs. is recognized for admission to the LL.B. course. Two of the three yrs.' study for LL.B. may be taken at one of the following recognized institutions: the Univs. of Oxford, Cambridge and Dublin; the Inns of Court; the Madras Law School; the Maharaja's Law Coll., Trivandrum; Ripon Coll, Calcutta; Univ. of Rangoon; McGill Univ.; King's Coll, London School of Economics, and University Coll (Univ. of London); the Colls. and Univs. approved by the Association of American Universities. The exemption granted is only in respect of attendances at classes, not of examination.

MEDICINE AND DENTAL SURGERY. Recognition may be given to courses taken in the first two yrs. of the curriculum at any Univ. of the United Kingdom or at such Indian, Colonial or foreign Univ. or Coll., or under such teachers as may be recognized by the University Court.

Exemption from First-Year Classes

If the applicant is a graduate in the equivalent Fac. of another recognized Univ. he may be exempted from 1st-yr. classes.

GLASGOW

Before admission to a degree course in the Univ. a student must satisfy (*a*) the requirements of the Scottish Universities Entrance Board (v. *supra*, p. 1618) and (*b*) any relevant regulations for entrance to particular classes (v. *infra*).

There is no minimum age limit for admission to the Univ.

Regulations for Entrance to Particular Classes

ARTS.

(*a*) Ordinary Classes of Humanity, Greek, French, German, Italian, Spanish, Russian, Gaelic, Welsh, Arabic, Norwegian; Senior Class of Hebrew.

(*b*) Ordinary Classes of Maths., Natural Philos. and Astron.

Attendance on any of these classes shall not, except as hereinafter provided, qualify for graduation unless before admission to the class the student has produced evidence that he has passed in the subject of the class (for (*b*) in Maths.) on the Higher standard (where different grades exist) in the Leaving Certificate or the Prelim. Examn. or on the corresponding standard in another examn. recognized as equivalent: but a student not so qualified, if for special reasons he has been admitted to any of these classes by the Hd. of the Dept. concerned and has passed in the subject of the class (for (*b*) in Maths.) on the Higher standard in the Spring Prelim. Examn. of the same academic yr., may make applica-

tion to the Senatus for the recognition of such pass, and, if such recognition is granted, his attendance and class record will be allowed to qualify for graduation.

(*c*) Intermediate Classes of Humanity, Greek; Higher Classes of English, French, German, Italian, Spanish, Arabic, Russian, Gaelic, Hebrew, Logic, Moral Philos., Political Econ., Hist., Scottish Hist., Constitutional Hist., Maths., Natural Philos., Astron., Geog., Music; Classes of Greek Hist, English Lang., Social Econ. and Statistics.

Attendance on any of these classes shall not qualify for graduation on the Higher standard unless, before admission to the class, the student has obtained a pass on the Ordinary standard in the subject in which he is taking a Double Course.

(*d*) Higher Classes of English, French, German, Italian, Spanish, Hebrew, Hist., Constitutional Hist.; Hons. Classes of English, French, German, Italian, Spanish, Hist., Scottish Hist. and Lit.

Attendance on any of these classes shall not normally qualify for graduation unless, before admission to the class, the student has produced evidence that he has passed in Latin or Greek on the Higher or the Lower standard in the Leaving Certificate or the Prelim. Examn. or in another examn. recognized as equivalent: but the Fac. of Arts shall have the power to accept in lieu of such a pass such other evidence of proficiency in the subject concerned as it may deem equivalent.

(*e*) Hons. Class of Hebrew.

Attendance on this class shall not normally qualify for graduation in Arts unless, before admission to the class, the student has produced evidence that he has passed in Greek on the Higher or on the Lower standard in the Leaving Certificate or the Prelim. Examn. or in another examn. recognized as equivalent, or that he has diligently attended a non-qualifying class in Greek; but the Hd. of the Dept. shall have power to accept such other evidence of proficiency in Greek as he may deem equivalent. Each case in which this power has been exercised shall be reported to the Fac. of Arts, and the admission of a student under this provision shall be subject to confirmation by that Fac.

(*f*) Ordinary Class of Music.

Attendance on this class shall not normally qualify for graduation unless, before admission to the class, the student has either (*a*) produced evidence that he has passed in Music on the Higher standard in the Leaving Certificate Examn., or (*b*) attended the Elem. Class and satisfactorily performed the class work; but the Hd. of the Dept. shall have power to accept such other evidence of proficiency in Music as he may deem equivalent. Each case in which this power has been exercised shall be reported to the Fac. of Arts, and the admission of a student under this provision shall be subject to confirmation by that Fac.

(*g*) Honours Classes of Humanity and Greek.

Attendance on either of these classes will not qualify for graduation unless, before admission to the class, the student has passed the degree examn. in the other of the two langs. on at least the Ordinary standard.

(*h*) Hons. Class of Gaelic.

Attendance on this class will not qualify for graduation unless,

before admission to the class, the student has passed in the degree examn. in Latin on at least the Ordinary standard.

(*i*) Degree of Ed.B.

Except by special permission of the Senatus, a candidate who holds his previous degree from a Univ. outside the British Isles may not complete the work of the diploma stage of the degree in less than two yrs.

(*j*) Bachelor of Music.

Attendance on a course in Music will not qualify for the degree of B.Mus. unless, before admission, the student has satisfied the Prof. of Music that he is able profitably to pursue the work of the qualifying course and has passed a special examination in specified subjects.

SCIENCE.

(1) Ordinary Classes of Maths., Natural Philos. and Astron.

Attendance on any of these classes shall not, except as hereinafter provided, qualify for graduation unless, before admission to the class, the student has produced evidence that he has passed in Maths. on the Higher standard in the Leaving Certificate or the Prelim. Examn. or on the corresponding standard in another examn. recognized as equivalent: but a student not so qualified, if for special reasons he has been admitted to any of these classes by the Hd. of the Dept. concerned and has passed in Maths. on the Higher standard in the Spring Prelim. Examn. of the same academic year, may make application to the Senatus for the recognition of such pass, and, if such recognition is granted, his attendance and class record will be allowed to qualify for graduation.

(2) Classes in Double-course subjects.

Attendance on any of these classes shall not qualify for graduation on the Higher (Double-course) standard unless, before admission to the class, the student has passed on the Ordinary (Single-course) standard in the same subject.

(3) Before presenting themselves for examination in a Double-course subject candidates must have attended at least two qualifying courses in that subject. One of these courses must be a higher course, and all courses in any subject except Maths. must include practical or laboratory work.

(4) A qualifying course in any subject shall normally extend over three terms, but the Senatus, with the approval of the Univ. Court, may sanction partial courses of not less than one term's duration, and two or three such partial courses shall be held to be equivalent to a full normal course in such cases as the Senatus, with the approval of the Univ. Court, may determine and under such rules as may from time to time be made for that purpose.

ENGINEERING.

(1) Maths. (1st Course) and Maths. (2nd Course).

These classes may not be taken in the same academic yr. except by express permission of the Fac. of Engin.

(2) Maths. (1st Course) and Natural Philos. (Ordinary).

Attendance on these classes shall not normally qualify for graduation

in Engin. unless, before admission to the class, the student has produced evidence that in the Leaving Certificate or the Prelim. Examn., or in another examn. recognized as equivalent, he has passed in Maths. on the Higher standard, or that he has diligently attended a non-qualifying course in Maths. : but the Hd. of each of the Depts. concerned shall have power to accept such other evidence of proficiency in Maths. as he may deem equivalent.

Exemption from Courses

Most Ordinances for degrees provide for the recognition of attendance at other Univs. Each case is considered on its merits.

ST. ANDREWS

Before admission to a degree course in the Univ. a student must satisfy (*a*) the requirements of the Scottish Universities Entrance Board (v. *supra*, p. 1618) and (*b*) any relevant regulations for entrance to particular classes (v. *infra*).

For Arts or Medicine or Economics one language other than English must be taken; for Science and Agriculture—French or German; for Applied Science and Technology—one of the languages (*a*)-(*f*). Candidates for Faculty of Arts may, under certain conditions, take Latin or Greek instead of Maths. For the Faculty of Law, English, Latin and History are compulsory. For the Faculty of Applied Science, Physics is compulsory; for students of Chemical Technology and of Pharmaceutics, Chemistry is compulsory; for the Faculties of Science and of Agriculture, both Physics and Chem. are compulsory.

A candidate who has passed in at least three subjects, but failed to pass the examn. as a whole, is allowed to complete his matricn. at the next subsequent examn.

Exempting Examinations

Candidates who have passed any of the following examns. are admitted as matriculated students, provided that if they have not passed in all the subjects required by the Univ. for matriculation in the respective Faculties they shall be required to pass in the additional subjects at one and the same Matricn. Examn.

Great Britain and Ireland—A. Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14 (v. *supra*, p. 1569), provided that in the cases of Nos. 3 to 10 inclusive passes have been obtained in (i) English Lang., (ii) a lang. other than English, (iii) Maths. or an approved science and (iv) *three* other subjects, two of the six to be passed at Advanced level *or* (v) *two* other subjects, three of the five being passed on the same occasion and *two* of these three at Advanced level *or* the certificate has been certified by an appropriate officer of a Univ. of England or Wales as satisfying its requirements for matriculation. No. 12 is subject to certain conditions.

B. Graduation examn of an Irish, English, Welsh, or Scottish Univ.

C. Commonwealth and foreign students receive special consideration, provided full details of education and relative certificates are submitted.

Transitional Provisions

Transitional provisions, relating to School and Higher School Certificates, are under consideration.

Special Exemptions

Students of mature age (not less than 23) may be admitted without passing the ordinary Matricn. Examn. Applications are dealt with by a special committee of the Academic Council, who may submit candidates to such tests of their fitness to profit by the courses of the Univ. as they may consider necessary in each case. Applications must be submitted on or before June 1 in each year.

Special Regulations for Entrance to Faculties and Courses

ARTS. Candidates for the Faculty of Arts who intend to enter an Honours School must pass in Greek or Latin at Matricn. Before entering a graduating course in a lang., in Maths., and in Music, a candidate must have passed in the subject at a recognized examn. Special introductory courses are available in Spanish and Greek preliminary to the graduating course.

MEDICINE. Candidates must have passed an examn. in Latin of at least Junior Certificate (Northern Ireland) standard, and a pre-entry examination in Physics and in Chem.

SCIENCE AND AGRICULTURE. Candidates must have passed an examn. in French or German, and a pre-entry examn. in Physics and in Chem.

In addition, candidates for entry into the Faculty of Agriculture must satisfy the Faculty that they possess a sound knowledge of the practice ot Agriculture, and have been engaged for at least one year in farm practice.

CIVIL ENGINEERING. Candidates may qualify *either* according to the regulations for the Faculty of Science *or* for the Faculty of Applied Science.

LAW. English, Latin and History passed at Ordinary or Advanced level at a recognized examn. are compulsory.

Exemption from First-Year Courses

In general, exemption from 1st-yr. courses is not granted except in the Fac. of Science and in the School of Engineering, where passes at Advanced level in Maths., Appl. Maths., Phys., and Chem. may be accepted as exempting from the appropriate first-yr. course.

(B) CANADA *

[Contributed by Professor Léon Lortie, University of Montreal.]

The educational qualifications for admission to a first degree course in Canadian Univs. vary from one province to another and, in certain cases, from one Univ. to another within the same province. There are also differences in the subjects required for different courses in the same Univ. But if allowance is made for individual variations owing to differences in local conditions, language or orientation, there is a general pattern that applies to regulations governing the admission of students to a first degree course across Canada. Except in a very few cases, there is actually little difference in the amount of knowledge that is required for that purpose even if, at first sight, there should be some question as to how much can be learned in three or four years of secondary school. It may also appear that French-speaking institutions, mainly in the Province of Quebec but also in the Maritime Provinces and in Ontario, deviate widely from the general pattern but, so far as qualifications for a first degree are concerned, the present practice in the *collèges classiques* of Quebec makes it easier to bring them into line with other Canadian institutions. There is practically no difference when Science courses, both Pure and Applied, are considered, between Laval and Montreal Univs. on the one hand and any other Univ. in Canada.

In most Canadian Univs. a candidate for admission to the first yr. of a course leading to a first degree is required to have completed, usually at a High School, a course of secondary education and obtained a diploma or certificate, issued by the Dept. of Education of the province in which the Univ. is located. Since the Univs. in many provinces are state-controlled or state-supported, there is a normal articulation between the secondary school leaving examn. and the admission requirements of the Univs. Otherwise the candidate is required to write the Matriculation or Entrance examn. conducted by the Univ.; this is a standard practice of the French-speaking institutions, where the *immatriculation classique* is required for admission to the Arts course. From one province to another certificates of High School leaving examns. may be accepted in so far as they meet the admission requirements of each individual University.

The problem of admitting students from foreign countries, more especially the United States, is not an easy one. McGill Univ., which receives numerous applications of that kind, has recently joined the College Entrance Examinations Board, a U.S. organization set up to facilitate the work of evaluating the academic knowledge and aptitude of candidates. As a rule, Canadian Univs. accept no secondary school certificate from any province or country at its face value, because they know that such certificates may vary widely from one to another both in the nature and in the breadth of the subjects covered and also because

* *See also* the Admissions paragraphs in the entries for the Canadian Universities above, *e.g.* for Acadia, *see* p. 685.

their own Faculties have different requirements. In dealing with such certificates, there is a standard practice among Canadian Univs. which is well set out in the following extract from the 1952–53 Calendar of the University of British Columbia :

"A candidate who wishes to enter by certificate other than a Matriculation or University Entrance certificate issued in British Columbia should submit the original certificates to the Registrar. He should in no circumstances come to the University without having first obtained from the Registrar a statement of the value of the certificates he holds, as these may lack one or more essential subjects, or the work done in a subject may not be adequate, or, again, the percentage gained may not be sufficiently high. Moreover, it must be remembered that a certificate may admit to one Faculty and not to another. When an applicant's diploma or certificate does not show the marks obtained in the several subjects of the examination, he must arrange to have a statement of his marks sent to the Registrar by the Education department or University issuing such diploma or certificate."

This statement applies, *mutatis mutandis*, to all Canadian Univs. even if, like the following, they accept *pro tanto* certain certificates issued in Great Britain. McGill states that the General Certificate of Education, with passes at the Ordinary level in five subjects, will be the normal minimum standard of admission for candidates from England and Wales. At Queen's, a G C.E. with passes in at least five subjects, of which two must be at the Advanced level, is recognized as equivalent to the Ontario Grade XIII certificate in the subjects in which at least 50 per cent has been attained in each paper. At Western Ontario, a G.C.E. is accepted in lieu of Grade XIII work provided it shows standing in either five or six subjects, with at least two of these subjects at the Advanced level (English Lit., a lang. other than Engl., and either Maths. or an approved Sci. subject must be included).

Secondary education is not completed in the same number of yrs. in each Canadian province but, with a few exceptions, the contents of the secondary courses do not differ widely from one province to another. The main exceptions are the *colléges classiques* where the courses of the first four years prepare only for the *immatriculation classique* requiring Latin. One must also note that graduation from a High School does not necessarily entitle a candidate to be admitted to a first degree course, unless a definite number of prescribed subjects have been taken by him in the secondary school examns. The number of such subjects is usually from five to seven (many including two papers) and the nature of these subjects varies from one course to another. English is always required (or French, in those institutions where that language is the medium of instruction), with usually another language (ancient or modern), History, Latin or Maths., a Science and one or more options from a rather generous list in most Univs.

It would be quite impossible to list all the various qualifications required for admission by each Canadian Univ. and it would surely be misleading to summarize them. As an example, it may be noted that the M.D. is a first degree at some Univs. while at others a B.A. or B.Sc. is required before an applicant can be admitted to the medical course.

The following table (v. pp. 1632-1634) attempts to present the general pattern that exists in each province, but it should only be considered as a bird's-eye view of the present situation

Such variations as may be apparent in this list may give the idea that there is a degree of confusion, but Canada is well known for her effort to achieve unity in diversity, and the apparent lack of uniformity in entrance requirements does not hinder the quality of the academic work of Canadian Univs. Each of them is adapted to the needs of the local population from which it draws the great majority of its students, and manages to bring the latter from apparently different levels of previous schooling to a degree of higher learning that is practically comparable across the country.

Notes on Terms used in the Table

Grade XI. Canadian children are usually about 6 yrs. old when they first go to school. The term " Grade XI " in the table indicates that the student has been attending school for eleven yrs. Similarly " Grade XII " indicates twelve yrs.' school attendance. The average age of students entering University is 17 or 18 yrs. but exceptional students and a few of those who have attended special preparatory schools may be a yr. younger.

Junior Matriculation. The educational minimum acceptable for admission to most Canadian Universities is Junior Matriculation, which is also called Pass Matriculation, Middle School or Secondary School Graduation, and usually corresponds to the termination of Grade XI (except in Ontario and British Columbia where Grade XII is required for a similar certificate). Saskatchewan and Alberta have no Junior Matriculation.

Senior Matriculation. In each province, a twelfth (or thirteenth in Ontario and British Columbia) yr. is available which leads to the level of Senior Matriculation. Except in Ontario, where Toronto, Queen's and Western Ontario demand this higher certificate for entrance to all or to certain Faculties, this extra yr. practically corresponds to the first yr. of a Canadian Univ. course and, wherever accepted, reduces by one yr. the duration of the University course, save in British Columbia where partial credit only is granted.

(C) AUSTRALIA

[The statement which follows relates only to the admission of students proposing to take full courses leading to a first degree. For information regarding admission to courses leading to higher degrees, *see* the entries for the several Universities.]

GENERAL NOTE

The primary and secondary educational systems of the Australian States are the responsibility of the various state govts. Consequently they differ in many respects. However, they are all alike in that they prepare students to the standard necessary for matric. at the Univ. or Univs. established in their home state. In all cases there is some liaison between the state educational system and the Univs. in that state to ensure that candidates coming forward to the Univs. will be able to comply with the matric. requirements.

There is no provision for jt. matric. in Australia, each Univ. controlling its own admission requirements. Thus the Univs. of Adelaide, Melbourne, Queensland, Sydney, Tasmania and Western Australia and the New South Wales University of Technology have individual matric. requirements which are specified below.

The University of New England has, for the time being, adopted the matric. requirements of the Univ. of Sydney.

The Canberra Univ. Coll. by arrangement with the Univ. of Melbourne conducts courses leading to degrees in that Univ. and consequently its admission requirements are those of the Univ. of Melbourne.

The Australian National Univ. was established primarily for post-grad. research and study and does not conduct courses leading to a first degree. The minimum academic requirement for admission to the Univ. is a Master's Degree (or its equivalent) from an Australian or other recognized Univ.

The admission requirements of the Australian Univs. have the same purpose, being designed to ascertain whether candidates are educationally fitted to undertake courses leading to a first degree. This may be done either at an examn. conducted by the Univ. or alternatively at an examn. conducted by the State Educn. Dept. In some cases passes are required in special subjects for entrance to the different Facs., in addition to the requirements for matric.

Although the requirements for entrance to the various Univs. are not uniform, all possible reciprocity is exercised in the interchange of students, whether from Australian or British Univs. In general the Univs. will admit to matric. *ad eundem statum* a student who has matriculated or qualified to matriculate at another Univ. of recognized standing, but in some cases passes in particular subjects at matric. standard, or in compulsory " prerequisite " subjects for particular courses, may be required.

Special facilities are offered for matric. in some Univs. to persons

of mature age who have not had the opportunity of qualifying in the ordinary way and who pass certain special entrance tests.

Public Examinations in Australia

The following is a list of the public examns. in each state recognized by the Univs. for matric. purposes, except as indicated by an asterisk. The examns. are fully recognized only by the Univ. conducting them, though, as mentioned above, qualification by a student for matric. at the Univ. of his home state is generally recognized, in so far as standard is concerned, by the other Australian Univs.

State	*Examination*	*Secondary School Year in which Examination normally taken*	*Conducting Body*
New South Wales and Australian Capital Territory	*Inter. Certif. E.	3rd yr.	N.S.W. Dept of Ed.
	Leaving Certif. E.	5th yr.	N.S.W. Dept of Ed.
	Matric. E.	5th yr.	Univ. of Syd.
	Qualifying E.		N.S.W. Dept. of Tech. Ed.
	Qualifying (Deferred) E.		N.S.W. Dept. of Tech. Ed.
Queensland	*Jr. Public E.	2nd yr.	Univ. of Q'ld.
	Sr. Public E.	4th yr.	Univ. of Q'ld.
	Matric. E.		Univ. of Q'ld.
South Australia	*Inter. E.	3rd yr.	Univ. of Adel.
	Leaving E.	4th yr.	Univ. of Adel.
	*Leaving Hons. E.	5th yr.	Univ. of Adel.
Tasmania	Schools Bd. Certif. E.	4th yr.	Schools Bd. of Tas.
	Matric. E.	5th yr.	Univ. of Tas.
Victoria	*Inter. E.	4th yr.	Univ. of Melb.
	School Leaving E.	5th yr.	Univ. of Melb.
	Matric. E.	6th yr.	Univ. of Melb.
Western Australia	Jr. E.	3rd yr.	Univ. of W. Aust.
	Leaving Certif. E.	5th yr.	Univ. of W. Aust.
	Matric. Certif. E.	5th yr.	Univ. of W. Aust.

In each state the average age of entrance upon Univ. study is 17 plus.

Examns. are also conducted in Music in each state under the general auspices of the Australian Music Examns. Bd. Passes in appropriate grades at these examns. are accepted as passes at Leaving Certif. standard and, consequently, for matric. purposes, in most states. In Victoria, however, the examns. are recognized for purposes of Inter. and Leaving Certif. examns. but the Univ. of Melbourne conducts its own examns. in matric. Music.

SPECIFIC CONDITIONS

ADELAIDE

The minimum age for matric. is 16 yrs.

South Australian Candidates

In general the requirements for matric. in the Univ. of Adelaide are 5 subjects at the Leaving Examn. held annually in Nov.-Dec. with certain subjects specified for the various Facs. as follows:

Arts. 5 subjects, including Engl. and either Latin or Greek, at the Leaving Examn.; and if Maths. I is not also included, Maths. (2 subjects) must have been passed at the Inter. Examn.

Economics. 5 subjects, including Engl. and either a lang. other than English or Maths. I or Maths. II, at the Leaving Examn.; provided that (*a*) if a lang. other than Engl. be not included in the Leaving subjects such a lang. must have been passed at the Inter. Examn.; and (*b*) if Maths. I or Maths. II be not included in the Leaving subjects, Maths. (2 subjects) must have been passed at the Inter. Examn.

Science and Agricultural Science. 5 subjects, including Maths. I at the Leaving Examn.; and if Engl. and 1 other lang. are not also included, these subjects must have been passed at the Inter. Examn. Further, a candidate who intends to include Pure Maths. I in his course for the degree of B.Sc. must pass in Maths. II and in a special examn. in Maths.

Engineering. 5 subjects, including Engl. and Maths. Parts I and II, at the Leaving Examn.; and if a lang. other than Engl. be not included in the Leaving subjects, such a lang. must have been passed at the Inter. Examn. Further, every candidate must pass in a special examn. in Maths.

Law. 5 subjects, including Engl. and Latin, at the Leaving Examn.

Medicine. 5 subjects, including Engl. and a lang. other than Engl., at the Leaving Examn.; if Maths. I be not passed at the Leaving Examn., Maths. (2 subjects) must have been passed at the Inter. Examn.; and if Phys. be not passed at the Leaving Examn. it must have been passed at the Inter. Examn.

Dentistry. 5 subjects at the Leaving Examn., including Phys. and a lang. other than Engl.; if Engl. be not included in the Leaving subjects it must have been passed at the Inter. Examn.; and if Maths. I be not included in the Leaving subjects, Maths. (2 subjects) must have been passed at the Inter. Examn.

Music. A candidate is required (*a*) to hold the Leaving Certif., or to have passed in 4 subjects at the Leaving Examn., including Engl., a lang. other than Engl., and either Ancient Hist. or Mod. Hist.; and (*b*) either to have passed in the Theory of Music at the 7th Grade of the Public Examns. in Music, or to satisfy the Dean of the Fac. of Music in a special Entrance Examn. in the Theory of Music of equivalent standard.

Candidates from Other Australian States

Matric. in any other Australian Univ. is accepted provided that the subjects prescribed for S. Australian students are included. A candidate

whose qualifications for matric. in the Univ. of his own state do not include one or more of the subjects specified by Adel. is required to pass in only the outstanding subject or subjects.

Overseas Candidates

(*a*) *United Kingdom, Canada, Ceylon, New Zealand and South Africa.* Qualifications which entitle the holder to matric. in the corresponding Fac. in any recognized Univ. of any of the Commonwealth countries listed above are accepted, provided that the subjects prescribed for S. Australian candidates are included. The English G.C.E. is accepted on a basis similar to that required by English Univs., provided that certain subjects (other than English) specified at Leaving standard by Adel. have been passed at the Advanced level.

(*b*) *Other Parts of the British Commonwealth.* The requirements for candidates from other parts of the British Commonwealth, especially from Southern and Eastern Asian countries, in general conform to those of U.K. Univs., so far as standard is concerned, and include the specially prescribed subjects required by Adel. of its local candidates.

Candidates from India and Pakistan are required to have passed at a good standard in their own Univ.'s Inter. Examn. in Arts or Sci. and to have included in that examn. Engl. and such other prerequisite subject or subjects as may be specified in the Adel. requirements.

(*c*) *Other Overseas Students.* A candidate may be admitted to matric. who (i) holds a certif. which qualifies him for matric. in a recognized European or American Univ., provided that the subjects specified in the Adel. requirements are included and provided also that the certif. contains at least one modern lang. and lit.; (ii) in the case of a candidate whose native lang. is not English, has passed in a Standard English test; and (iii) has passed in the prescribed Fac. prerequisites as follows:

Science and Engineering (and for admission to the class in Pure Maths. I). Either Maths. I and II and Sp. Maths. at the S. Australian Leaving Examn. or (in approved cases only) a special examn. in Maths. of equivalent standard.

Law. Latin at the S. Australian Leaving Examn.

Arts. Either Latin or Greek at the S. Australian Leaving Examn.

A candidate who is unable to present acceptable evidence of matric. work done elsewhere must pass in appropriate subjects at the S. Australian Leaving Examn.

Mature Age

No provision on account of age is made for modification of the normal requirements for matric.

Special Cases

The Matric. Bd. may consider applications from candidates who have qualifications in secondary educn. but have not satisfied the normal requirements for matric. The Bd. usually does not exempt such a candidate from the specified entrance requirements, but it may admit him for 1 yr. under conditions which it specifies and which must be fulfilled within 1 yr.

CANBERRA UNIVERSITY COLLEGE

Admission requirements are those of the Univ. of Melb. (*See* Melb. Univ. (*below*) and General Note, p. 1635.)

MELBOURNE

General Requirements

In order to become qualified to matriculate, candidates must (*a*) obtain the Melbourne Sch. Leaving Certif. and be credited therein with 5 subjects including: (i) Engl.; (ii) a branch of Maths. or Sci.; (iii) 1 other subject chosen from the langs. other than Engl., Greek and Roman Hist., Mod. Hist., British Hist., Econ., Soc. Studies; (*b*) pass the Matric. Examn. by passing or obtaining hons. in 4 subjects, including Engl. Expression; (*c*) attain the age of 17 yrs. by March 31 in the yr. concerned.

Special Faculty Requirements

In addition to qualifying to matriculate, for the following Facs. the prerequisites set out below must have been passed at a standard equivalent to that of the Melb. Matric. Examn.:

Arts. A lang. other than Engl.

Engineering. Either Chem. or Phys. and either Calculus and Appl. Maths. or Pure Maths.

Science. No prerequisites.

Medicine. For admission to the Med. Course, it is necessary to have qualified to matric. in a recognized Univ., to have completed a preliminary course conducted by or approved by the Univ. of Melb. in Chem., Phys. and Biol., to have passed the Preliminary Examn. in these subjects and, on the basis of this examn., to be selected in the quota fixed for the 1st yr. of the Degree Course in Med. Only a limited number of overseas students, selected on the basis of academic merit, will be admitted to the preliminary course.

Agricultural Science. Either Phys. or Chem.

Dental Science. Chem. and either Phys. or a branch of Maths.

Music. Music (Theoretical) and Music (Practical).

Overseas Students

The matric. qualifications of the following insts. are accepted as grounds for admitting overseas students to matric. status without further requirements (although they may have to make up the Fac. prerequisites at the Melb. Matric. Examn.):

Canada. Senior Matric.

Ceylon. Matric. of the Univ. of Ceylon.

Egypt. Secondary Educ. Certif. Part II (Sp. Course) of the Egyptian Ministry of Educ.

Continent of Europe. Certif. of Maturity or equivalent certif. qualifying student to enter a continental Univ.

Republic of Ireland. Matric. of Trinity Coll., Dub., or N.U.I.

United Kingdom. Matric. of any English or Scottish Univ., or Univ. of Wales, or Queen's Univ., Belf.

Greece. Matric. of Univ. of Athens.

Holland. (i) Leaving Certif. from " Gymnasium " after 6-yr. course. (ii) Dipl. of H.B.S. " B " (except for Law). (iii) Certif. of completion of 6-yr. course at " Lyceum " (except for Law).

Hong Kong. Matric. of Univ. of Hong Kong.

India. Passing in the 1st Division of Inter. Sci. or Arts Examn.—prerequisites, if involved, to be at Inter. standard.

Israel. Qualification to enter either Hebrew Univ., Jerusalem or Hebrew Tech. Inst., Haifa.

Malaya. Univ. of Malaya Matric.

Pakistan. Passing in the 1st Division of Inter. Examn. in Sci. or Arts—prerequisites, if involved, to be at Inter. standard.

South Africa. Matric. of Jt. Matric. Bd. of Univs. of S.A.

Syria. Matric. of American Univ. of Beirut.

Thailand. Matric. of Univ. of Chulalongkorn.

U.S.A. Qualification to enter a Univ. accredited with the Assoc. of American Univs.

Other Australian Institutions

Persons qualified to matriculate in another Australian Univ. will be admitted to matric. status, but will be required to satisfy special Fac. requirements either at the Melb. Matric. Examn. or at an equivalent standard.

Provision is made for the recognition of qualifications gained at certain Australian Service establishments, and at certain Victorian Tech. Colls.

Adult Matriculation

Special provision is made for persons who are at least 20 yrs. of age and have left school 4 full yrs. These provisions apply to local students only.

UNIVERSITY OF NEW ENGLAND

The Univ. has for the time being adopted the admission requirements of the Univ. of Sydney (*see below*).

THE NEW SOUTH WALES UNIVERSITY OF TECHNOLOGY

General

(*a*) No minimum age limit for admission to the Univ. Applicants for entry to undergrad. courses leading to a degree may satisfy entrance requirements by passing the N.S.W. Leaving Certif., or the Qualifying or Qualifying (Deferred) examns. of the N.S.W. Dept. of Technical Education, or equivalent, examn. in at least 5 subjects, of which one must be Engl. and one other must be Maths. I, or Maths. II, or General Maths , 3 other subjects being chosen from the following groups, at least 1 of the 3 being from Group A.

Group A. Latin, French, Greek, German, Italian, Hebrew, Chinese, Japanese, Russian, Dutch, Geol., Geog., Agric., Econ., Mod. Hist., Anc. Hist., Combined Phys. and Chem., Phys., Chem., Physiol., Biol., Bot. or Zool.

Group B. Appl. Maths., Theory and Practice of Music, General Maths., Maths. I or Maths. II.

(*b*) General Requirements. The following general provisions apply : candidates must meet the requirements set out in section (*a*) above at one examn., provided that

(i) neither Phys. nor Chem. be taken along with the combined subject Phys. and Chem. ;

(ii) neither Bot. nor Zool. be taken with Biol. ;

(iii) neither Bot. nor Zool. nor Biol. be taken with Physiol. ;

(iv) neither Maths. I nor Maths. II be taken with General Maths. ;

(v) a candidate who offers Maths. and elects to take General Maths. may not sit for Maths. I or Maths. II ; a candidate who offers Maths. and does not elect to take General Maths. must take both Maths. I and Maths. II ; a pass in either Maths. I or Maths. II will count as a pass in 1 subject ; a pass in both papers will count as passes in 2 subjects ;

(vi) Theory and Practice of Music is accepted only from March 1946 ;

(vii) Anc. Hist. and Agric. are accepted only where the pass was obtained at an examn. held in 1945 or in a subsequent yr. ;

(viii) Econ. is accepted only in cases where the pass was obtained at an examn. held in 1947 or in a subsequent yr.

(*c*) Notwithstanding the foregoing, candidates may be accepted under the following conditions :

(i) Any person who has satisfied the examn. requirements for entrance to the dipl. courses of the Dept. of Tech. Educn., N.S.W., since and including the qualifying examns. of the Dept. of Tech. Educn. held at the end of 1940, may be admitted as a " registered student " of the Univ. of Technol., but this provision shall not apply to examns. held later than March 1957.

(ii) (*a*) A grad. of any approved Univ.

(*b*) An applicant who presents a certif. from any Univ. showing that he is qualified for entrance to that Univ., provided that, in the opinion of the Professorial Bd., there is an acceptable correspondence between the qualifying conditions relied upon by the applicant and the conditions laid down for ordinary entrance to the nominated Fac. of the N.S.W.U.T.

Adult Matriculation

Special provision is made for persons who are at least 25 yrs. of age and who have satisfactorily completed a systematic course of study extending over at least 3 yrs. from the Inter. Certif. level.

QUEENSLAND

General Requirements

The minimum age for admission of matriculated or non-matriculated students is 16 yrs. In the Fac. of Medicine a candidate may not pursue the 2nd yr. of study in any subject unless he attains the age of 18 yrs. on or before Jan. 1 of that yr. For the Dipl. in Physiotherapy course, a candidate must have attained the age of 17 yrs. on or before June 30 of the year in which he enters the course.

A candidate for matric. in any Fac. must pass examns. in the subjects

specified for that Fac., at the Jr. Public Examn. or the Sr. Public Examn., as prescribed. The subjects may be passed at the Sr. or Jr. Public Examns. held annually in Nov.-Dec. or at the Matric. Examn. held annually in Feb. At the Matric. Examn., subjects may be taken at Sr. or at Jr. standard. Passes in required subjects obtained at other examns., held within or outside Queensland, will be accepted if, in the opinion of the Dean of the Fac. concerned, they are equivalent to passes at the required standard.

The subjects prescribed for any Fac. may be passed at more than one sitting, provided that at least 4 subjects listed hereunder, whether or not prescribed for that Fac., are passed at one sitting. A sitting in Nov. and a sitting in the following Feb. will be classed as 2 sittings.

A person who has matriculated in a Fac. at a United Kingdom Univ. and has completed 1 yr. of a degree course in that Fac. is not required to pass any further examns. for a corresponding matric. in this Univ. In any other case where a candidate for matric. has pursued a course at this or any other Univ., the Fac. concerned may exempt him from such of the examn. requirements for matric. in that Fac. as it thinks fit.

The following subjects are available for matric. purposes: Latin, Greek, Engl., French, German, Music or Art, Maths. I, Maths. II, Inter. Maths., Chem., Phys., Bot., Zool., Italian, Mod. Hist., Anc. Hist., Logic, Econ., Geol., Physiol., Geog., Home Sci. A, Book-keeping and Accounts, Geometrical Drawing and Perspective.

Special Faculty Requirements

Arts. A candidate is required to pass at Sr. standard in at least 4 subjects covering 4 of the following groups of subjects: (*a*) Engl.; (*b*) French, German, Greek, Latin; (*c*) Maths. I, Maths. II; (*d*) Bot., Chem., Geol., Phys., Physiol., Zool.; (*e*) Mod. Hist., Ancient Hist., Geog. The 4 subjects must include Engl. and a subject from Group (*b*), the other 2 subjects being selected from any 2 of Groups (*c*), (*d*) and (*e*). If Latin is not one of the 4 subjects, a pass in Latin at Jr. or higher standard is also required.

Note: The above requirements are minimum requirements, and a student intending to pursue an Arts course would benefit by taking more than 4 subjects, either to lead up to subjects he intends to take at the Univ., or to give him the advantage of a wider background of general knowledge.

Science. A candidate is required to pass at Sr. standard in 4 subjects including Engl., Maths. I and a Sci. subject, and in so far as Chem., Phys. and a lang. other than Engl. are not included in the 4 subjects, must pass or have passed them at not less than Jr. standard.

A person desiring to pursue the course in Indus. Chem. must pass at Sr. standard in both Chem. and Phys. and otherwise fulfil the requirements set out above.

Engineering. A candidate must pass at Sr. standard in Engl., Maths. I, Maths. II, Phys. and Chem.

A lang. other than Engl. must be passed at not less than Jr. standard.

Note: The matric. examn. for the Fac. of Engin. is recognized by the Engin. Jt. Examn. Bd., Lond., as qualifying in lieu of their Prelim. Examn.

Surveying. A candidate must pass at Sr. standard in Engl., Maths. I, Phys. and 2 other subjects.

Commerce and Economics. A candidate is required to pass at Sr. standard in 4 subjects, including Engl. and either Maths. I or a lang. other than Engl.: provided that if a lang. other than Engl. is not passed at Sr. standard it must be passed as a 5th subject at Jr. standard, and if Maths. I is not passed at Sr. standard, a pass must be obtained in Inter. Maths. as a 5th subject.

A person may not enrol as a candidate for the Degree of Bachelor of Economics unless he has passed in Maths. I at Sr. standard.

A person who has qualified for the Dipl. in Comm. and who has passed in Maths. I at Sr. standard, or in Inter. Maths., or in Stats., may matriculate in the Fac. of Comm.

Agriculture. A candidate is required to pass in 4 Sr. subjects, including Engl., Maths. I and a Sci. subject.

If Chem., Phys. and a lang. other than Engl. be not passed at Sr. standard, these subjects must be passed or have been passed at Jr. standard in addition to 4 Sr. subjects.

A student of the Queensland Agriculture High Sch. and Coll., Lawes, may matriculate if he has (1) been awarded the Pass Dipl. of the Coll.; and (2) passed in Phys. and Chem. in the Jr. Public Examn.; and (3) attained at least 2nd class hons. standard at the Coll. in (*a*) Engl., (*b*) Chem. and (*c*) Agric. Bot. or Microbiol.; and (4) passed in Special Maths. for Coll. students or the special course in Maths. up to Inter. standard.

Students who have matriculated in the Fac. of Agric. are regarded as having also satisfied the requirements for matric. in Forestry.

Law. Matric. in the Fac. of Arts will also give matric. in the Fac. of Law.

Dentistry. The matric. requirements are the same as for Pure Sci. in the Fac. of Sci.

Veterinary Science. The matric. requirements are the same as those for the Fac. of Agric.

For students of the Queensland Agriculture High Sch. and Coll., Lawes, conditions for enrolment in the Fac. of Vet. Sci. are the same as those for the Fac. of Agric.

Medicine. A candidate is required to pass in 5 Sr. subjects including Engl., Maths. I, Chem. and Phys.

German, French or Latin must be passed or have been passed at not less than Jr. standard.

Architecture. A candidate is required to pass in 5 subjects at Sr. standard including Engl., Maths. I, Phys. and one of the following:

(i) Art (both papers);

(ii) Chemistry.

Should Chem. not be taken to Sr. standard a pass in this subject must have been obtained at Jr. standard. Should the full subject Art not be taken, a pass in the 2nd paper of the subject must be obtained.

Adult Matriculation

A candidate who has attained the age of 23 yrs. may be admitted to matric. in the several Facs. on passing a special examn. The candidate may, if he so chooses, matriculate under the ordinary regulations. There is no provision for adult matric. in the Fac. of Med.

SYDNEY

There is no minimum age limit for admission to the Univ., except that candidates for admission to the Fac. of Law must be 17 yrs. of age.

Matriculation

Candidates for any of the degrees granted by the Univ. of Sydney shall be required to matriculate before entering upon the prescribed course for the degree. Before being admitted to matric., candidates shall have passed one of the examns. required by the by-laws for admission to the prescribed courses in the different Facs., or shall have been admitted *ad eundem statum*.

Matriculation Examination

The examn. shall be in the following subjects

Group A. Engl.
Group B. Mod. Hist., Ancient Hist., Econ.
Group C. Latin, Greek, French, German, Italian, Hebrew, Chinese, Japanese, Russian, Dutch.
Group D. Maths. I., Maths. II, General Maths., Appl. Maths., Theory and Practice of Music.
Group E. Phys., Chem., Geol., Geog., Phys.-and-Chem., Bot., Zool., Biol., Physiol., Agric.

In order to qualify for matric., candidates must pass at one examn. in at least 5 subjects, of which one must be English, and the other 4 subjects must be chosen from at least 2 of Groups B. C. D. and E., provided that :

(*a*) neither Phys. nor Chem. may be taken along with the combined subject Phys.-and-Chem. ;
(*b*) neither Bot. nor Zool. may be taken with Biol. ;
(*c*) neither Zool. nor Biol. may be taken with Physiol. ;
(*d*) neither Maths. I nor Maths. II may be taken with General Maths. ;
(*e*) a candidate who offers Maths. and elects to take General Maths. may not sit for Maths. I or Maths. II ; a candidate who offers Maths. and does not elect to take General Maths. must take both Maths. I and Maths. II ; a pass in either Maths. I or Maths. II will count as a pass in one subject ; passes in both papers will count as passes in 2 subjects ;
(*f*) Theory and Practice of Music is accepted for matric. only in cases where the pass was obtained at an examn. held in 1943 or subsequent yrs., provided further that a pass in the subject of Music II at the Leaving Certif. Examns. held in 1943 and 1944 is accepted as equivalent to a pass in the subject of Theory and Practice of Music.
(*g*) Anc. Hist. is accepted for matric. only in cases where the pass

was obtained at an examn. held in 1945 or in a subsequent yr. ; further, Anc. Hist. may be taken with Mod. Hist. passed at the Leaving Certif. Examn. in and after 1951 ;

(*h*) Agric. is accepted for matric. only in cases where the pass was obtained at an examn. held in 1945 or in a subsequent yr. ;

(*i*) Econ. is accepted for matric. only in cases where the pass was obtained at an examn. held in 1947 or in a subsequent yr.

There are no special requirements for matric. in any Fac.

These requirements shall not affect the right which any person would have had, because of a qualification obtained before March 1, 1945, to matriculate or to matriculate into any particular Fac.

Leaving Certificate Examination

A candidate who has passed at the Leaving Certif. Examn. of the Dept. of Educn., N.S.W., in the subjects and at the standards (an Hons., an " A " or a " B " pass) required for matric., may be admitted to matric. without further examn.

A candidate for matric. who has presented himself for the Leaving Certif. Examn. held in 1947 and subsequent yrs. in 5 or 6 subjects selected in accordance with the above requirements, and who has passed in Engl. and 3 other of these subjects, shall be granted matric. status provided that he has been awarded " A " passes or passes with Hons. in at least 3 of these 4 subjects.

General

Any person who produces evidence that he has completed (*a*) the 1st yr. of the course at the Royal Military Coll. of Australia, or (*b*) the full 4-yr. course at the Royal Australian Naval Coll., or (*c*) the 1st yr. of the course at the Royal Australian Air Force Coll. may be admitted to matric. without further examn.

Holders of the Dipl. with Hons. of an approved Agric. Coll. in Australia or holders of a Dipl. with Hons. or Credit of an approved Technical Coll. in Australia may be admitted to matric.

Persons of foreign nationality and educn. may be admitted to matric. by a special examn. if they give evidence that satisfies a three-fourths majority of the Fac. of Arts and of the Professorial Bd. that they are of good fame and character, and personally and educationally qualified for entrance to the Univ.

Provisional Matriculation

Provisional matric. may be granted to any person of not less than 25 yrs. of age who produces satisfactory evidence that he is of distinct educational merit and who passes such examns. as may be prescribed. Provisional matric. granted to a person under these conditions shall be confirmed when he has fulfilled such requirements as the Senate shall determine.

Admission ad eundem statum

The Professorial Bd. may admit as a matriculated student in any Fac., with such status as the Bd. thinks proper in the circumstances, a person :

(*a*) who is a grad. of any other Univ., or

(*b*) who presents a certif. from an approved Univ. showing that he is qualified for matric. and entrance to that Univ. and setting out the grounds of that qualification, provided that, in the opinion of the Bd., there is a reasonable correspondence between the qualifying conditions relied on by the applicant and the conditions laid down for ordinary entrance to the Univ. of Syd.

An applicant shall not be admitted unless he gives evidence of his degree or status and of good conduct.

Before being admitted to matric., foreign students are required to show that they have an adequate knowledge of the Engl. lang.

TASMANIA

General Requirements

Examns. at which qualifications for matric. are obtained are (*a*) the Matric. Examn. conducted by the Univ.; (*b*) the Schools Bd. Certif. Examn. conducted by the Schools Bd. of Tasmania. The latter is the sch. leaving examn. and is normally taken 1 yr. before matric., *i.e.* at the age of 15 or 16 yrs.

Students are required to pass 6 subjects, including (*a*) Engl. Expression; (*b*) one of Engl. Lit., Mod. Hist., Ancient Hist. and Soc. Studies; (*c*) one of French, German, Latin and Greek; (*d*) Maths. The remaining subjects may be chosen from the above groups and from Appl. Maths., Phys., Chem., Biol., Geol., Geog., Econ., Music and Art.

Engl. Expression and 2 other subjects may be passed at the Schools Bd. Examn. or at the lower pass standard of the Matric. Examn. The remaining 3 subjects must be passed at the higher pass standard of the Matric. Examn. Students may be exempted from the requirement of having to pass in subjects of both groups (*c*) and (*d*), provided that a subject of one of the groups is passed and that a certain subsidiary standard is reached in a subject of the other group. Engl. Expression, one lower pass and the 3 higher passes must be gained in 2 sittings, examns. held in Dec. and the following Feb. counting as one sitting for this purpose. The remaining lower pass may be gained at any sitting. Schools Bd. subjects and corresponding Matric. subjects may not both be counted, *e.g.* Schools Bd. Maths. II may not be counted if Matric. Maths. A has been passed.

The normal minimum age for admission to Matric. is 17 yrs. but students under this age may be admitted if considered by the Professorial Bd. to be of exceptional ability. Persons over the age of 23 yrs. may be admitted to Matric. without having complied in full with the ordinary requirements.

Prerequisites

There are no Fac. prerequisites as such, but the following prerequisites for specific subjects are required:

Foreign Languages. A higher pass in the corresponding Matric. subject.

Mathematics. A higher pass in Matric. Maths. A.
Physics. A pass in Schools Bd. Maths. II.

Exempting Examinations

The Univ. will admit to Matric. students who are qualified for admission to other Australian Univs., to Univs. in the United Kingdom or New Zealand, and (subject to proficiency in Engl.) to other Univs. of standing throughout the world. Students who gain partial qualifications elsewhere may be awarded Matric. on passing such subjects of the Matric. Examn. as may be prescribed by the Professorial Bd.

WESTERN AUSTRALIA

General Qualifications for Matriculation

The minimum age for matric. is 17 yrs. The normal method of satisfying minimum entrance requirements is by means of a qualifying examn. in which candidates must pass in Engl. and any 4 of the following subjects: Latin, Greek, French, German, Italian, Spanish, Hebrew, Russian, Hist., Indust. Hist. and Econ., Geog., Maths. A, Maths. B, Appl. Maths., Phys., Chem., Biol., Geol., Agric. Sci., Physiol. and Hyg., Music, Drawing.

The qualifying examns. include the W. Aust. Leaving Certif. Examn. held annually in Nov. and the Matric. Examn. conducted by the Univ. of W. Aust. in Feb. each yr. The prescribed subjects must be passed at not more than 2 examns., the Leaving Certif. Examn. and the Matric. Examn. being regarded as separate examns. Admission to the Matric. Examn. is restricted to persons who seek to complete matric. requirements and to be admitted to the Univ. in the same yr. There are no special requirements for entrance to any Fac.

Special Exemptions

Students of mature age may be admitted without passing the normal matric. examn. The age varies according to the Fac. concerned and in some cases a special mature age examn. is held, while in others students are required to provide satisfactory evidence that they possess educational qualifications sufficient to enable them to take the proposed course.

Exempting Qualifications

(i) Matric. in the corresponding Fac. in any other Univ. in Australia, N.Z., the U.K. or other approved Univ., Coll. or Inst.

(ii) Graduation in a Univ. in Australia, N.Z., the U.K. or other approved Univ.

(iii) Certifs. from other countries will receive separate consideration. Candidates from overseas must submit satisfactory evidence that they are qualified for the courses they propose to enter, including evidence of sufficient knowledge of the Engl. lang.

(D) SOUTH AFRICA

GENERAL. The qualificn. for entrance to a course of study for a first degree of any Univ. in South Africa is the Matric. Certif. of the Joint Matriculation Board for the nine Univs. in South Africa, or a Certif. of Exemption issued by that Bd. The Bd. was established by Act of Parliament passed in 1916 and has conducted the Matric. Examn. since 1918. Before that the Matric. Examn. was conducted by the now defunct Univ. of the Cape of Good Hope. For all practical purposes, therefore, the only recognized qualificn. for admission to a course of study for a first degree is the Matric. Certif., or the Exemption Certif. of the Bd. A successful candidate at the Matric. Examn. may be awarded *either* a School Leaving Certif. *or* a Matric. Certif., depending upon the subjects passed and the standards attained in specific subjects. The School Leaving Certif. is not an entrance qualificn. for a course leading to a degree, although it may be accepted by the Univs. for admission to courses of study leading to certain dipls. and certifs.

APPROVED SUBJECTS FOR THE MATRICULATION EXAMINATION. The list of approved subjects is as follows :

Section A. 1. Afrikaans (H. or L.)* ; 2. English (H. or L) ; 3. Nederlands (H. or L.) ; 4. German (H. or L.) ; 5. Bantu Languages (H.) ; 6. Latin ; 7. Greek ; 8. French ; 9. Hebrew ; 10. Portuguese ; 11. Maths. ; 12. Physical Sci. (not to be taken with 13 or 14) ; 13. Phys. ; 14. Chem. ; 15. Biol. (not to be taken with 16 or 17) ; 16. Bot. ; 17. Zool. ; 18. Geol. ; 19. Geog. ; 20. Hist.

Section B. 21. Bantu Langs. (L.) ; 22. Agric. ; 23. Housecraft and Hygiene ; 24. Book-keeping and Commercial Arithmetic ; 25. Geometrical Drawing ; 26. Comm. ; 27. Shorthand and Typewriting ; 28. Additional Maths. (may not be taken without Maths.) ; 29. Mechanics (may not be taken with Phys. or without Maths.) ; 30. Art ; 31. Music.

No lang. may be taken on both the Higher and the Lower Grade.

Candidates are required to take, at one and the same examn., not fewer than six or more than seven subjects, and to pass in not fewer than five subjects with not less than 33⅓ per cent. in each of the five, and obtain a fixed minimum aggregate. Candidates so passing obtain EITHER *School Leaving Certificates*, if the subjects passed include (i) an official lang. (*i.e.* English or Afrikaans)† on the Higher Grade and (ii) another lang. ; OR *Matriculation Certificates*, if the subjects passed include four subjects in each of which the candidate has obtained the Matric. standard of 40 per cent., viz. (I) an official lang. (*i.e.* English or Afrikaans) on the Higher Grade ; (II) the other official lang., on the Higher or Lower Grade, or an approved Bantu lang. or Latin or Greek or French

* H. = Higher Grade ; L. = Lower Grade.

† The medium of instruction in the teaching Universities is predominantly either English or Afrikaans, viz. English at the Universities of Cape Town, Natal, Rhodes and the Witwatersrand, Johannesburg, and Afrikaans at the Universities of the Orange Free State, Potchefstroom, Pretoria and Stellenbosch. The University of South Africa conducts examinations in both media for external students and it has a division of External Studies.

or German ; (III) Maths. or a Sci. ; (IV) Maths. if not taken under (III) or another lang. from (II) or Hist. or Geog. or Portuguese or Hebrew or other lang. in which the Bd. decides to conduct an examn. Candidates who are awarded a Matric. Certif. must have *either* (i) included in their four subjects Maths. or an approved lang. other than English or Afrikaans or Nederlands, *or* (ii) taken Maths. or an approved lang. other than English or Afrikaans or Nederlands, as a fifth subject, and obtained not less than 33⅓ per cent. of the total marks.

The four Provincial Depts. of Education in the Union (Cape, Natal, Orange Free State and the Transvaal), and the Union Dept. of Education, Arts and Science, conduct examns. for a sr. certif. on syllabuses approved by the Bd. These examns. are recognized by the Bd. for exemption from its own Matric. Examn. subject to conditions prescribed by the Bd.

FACULTY AND DEPARTMENTAL REQUIREMENTS. Although the Bd.'s Matric. Certif. or Certif. of Exemption is the normal requirement for admission to a Univ., certain subjects are prescribed by the Univs. as prerequisites for enrolment in some Depts. or Facs. A student is advised to have a broad general educn. and to take for the Matric. Certif. at least two of the subjects, Maths., Latin, Greek, French, German, in addition to both official langs., *i.e.* Afrikaans and English. Maths. is essential for Agric., Archit., Forestry, Med. and Quantity Surveying, and highly desirable for courses in Accountancy, Engin., Land Surveying and Sci. A knowledge of Latin of matric. standard is necessary for Law. Further particulars of Fac. and Departmental requirements should be obtained direct from the Registrars of the individual Univs., *not* from the Joint Matriculation Board.

OVERSEAS EXAMINATIONS. The Bd. recognizes for purposes of exemption School Certifs. issued by a number of overseas bodies if the Certifs. entitle the holder to unconditional admission to an approved Univ. in the country of origin and the subjects passed and the standard attained are in accordance with the Bd.'s regulns. for its own Matric. Certif. As examples, a Credit in a subject for the Cambridge Oversea School Certif. is accepted as equivalent to a " 40% pass," and a pass in a subject for the Higher Certif. of the Oxford and Cambridge Schools Examn. Board and a pass at Ordinary level for the General Certificate of Education are similarly accepted. Exemption is given subject for subject (English Lang. is recognized as fulfilling the requirement for exemption from English, but not English Lit.). The Board may issue either a Certif. of full exemption or a Certif. of conditional exemption which may be converted into a Certif. of full exemption if the holder fulfils specified conditions within a prescribed time.

Overseas qualificns. recognized by the Bd. include : the School Certifs. awarded by each of the eight Examining Bodies in England and Wales recognized by the Ministry of Education for England and Wales (v. *supra*, p. 1569) ; the General Certifs. of Educn. awarded, in and after 1951, by the same eight Examining Bodies ; the Higher School Certifs. of five of these Examining Bodies (*i.e.* Oxford and Cambridge Schools Examn. Bd. ; Northern Jt. Matric. Bd. ; London Univ. ; Oxford Local

Examns. Delegacy ; Univ. of Cambridge Local Examns. Syndicate ; Central Welsh Bd.) ; Inter. Examn., First Class, of Indian Univs. ; Matric. or other entrance certif. of other approved Univs. ; Leaving Certif. of Education Depts. or Secondary Schools entitling holder to admission to an approved Univ. ; Leaving Certifs. of Education Depts. of Scotland and Eire ; Sr. Certif. of Education Dept., N. Ireland ; Hoofdakte (Holland).

SPECIAL EXEMPTION. Non-matriculated candidates over the age of 25 who desire to proceed to a degree and are not eligible for exemption under the ordinary regulns. may, under certain conditions, be specially exempted from Matric. on the recommendation of a Univ. Such candidates cannot be admitted to a degree unless they have not only completed the curriculum for the degree but have also fulfilled any other conditions for exemption from the Matric. Examn.

A full and official statement of the Matriculation requirements of the South African Universities is contained in the annual Matriculation Examination Handbook *published by the Joint Matriculation Board, P.O. Box 392, Pretoria, South Africa. Full details of each University's Faculty and Departmental prerequisites, which are additional to the Joint Matriculation Board's requirements, should be obtained direct from the Registrar of the University,* not *from the Joint Matriculation Board.*

APPENDIX II

POSTGRADUATE AWARDS (FELLOWSHIPS, SCHOLARSHIPS, GRANTS, ETC.) FOR ADVANCED STUDY AND RESEARCH TENABLE IN THE UNITED KINGDOM

The scope of this Appendix is limited to awards tenable at Universities or institutions of equivalent status in the United Kingdom.

To facilitate prompt reference by prospective applicants, the principal classification on the score of eligibility into which each award falls has been indicated as follows:

* open to graduates of United Kingdom Univs.;
† open to graduates of British Univs. overseas;
‡ open to graduates of Univs. outside the British Commonwealth.

These symbols are not intended to indicate that in all cases the award is limited to *graduates*. The field of eligibility is more precisely defined in the paragraph of information following each title. An award which is only open to the graduates of the Univ. announcing it, is not included in this Appendix.

Cross-references throughout the text relate to the bracketed numbers opposite each award or group of awards and not to page numerals.

Reference may also be made to the following publications: *Study Abroad*, an annual international Handbook of Fellowships, Scholarships, and Educational Exchange (UNESCO); *Inter-Commonwealth Postgraduate Scholarships in Science* (H.M.S.O. for British Commonwealth of Nations Scientific Liaison Offices, London, 1951); and *The B.M.A. Book of Medical Scholarships* (British Medical Association, London, 1951). Canadian graduates should consult *D.B.S. Reference Paper No. 21* (Dominion Bureau of Statistics, Ottawa, 1954), which lists postgraduate scholarships and fellowships open to Canadian students.

Prospective applicants should note that Ministry of Education State Scholarships (*see* [40]) are available in respect of *certain* postgraduate awards at Universities and University Colleges in England and Wales. Candidates must have begun a degree course not before Oct. 1946 and must normally be resident in England or Wales.

The list of awards in this Appendix is arranged in order of subject as follows:

1. General (the subject being optional or there being a large field of choice) [1]-[57].
2. Agriculture, Veterinary Science, etc. [58]-[69].
3. Applied Science and Technology [70]-[85].
