With exceptions where specially recommended, candidates must hold a first-class honours degree of a Univ. within the British Commonwealth. Candidates must normally have firm prospects of academic employment after their training period. Awards will not ordinarily be made to candidates under 21 or over 27 yrs. of age. The period of the studentships is from 3 to 6 yrs , of which at least a third should be spent in the country to which the studies relate. There is normally a probationary period of about a yr. in which the student receives maintenance allowance. The maximum annual rate of this allowance for unmarried students is £300 for Oxford, Cambridge, and London Univs. and £260 elsewhere. The rates are increased for married students. On the successful completion of the probationary period the student is granted senior studentship allowance at annual rates varying from £440 to £500. Allowances are also given to meet the additional cost of residence in foreign countries, and free passages are provided. Necessary Univ. and College fees are met throughout the period of the studentship.

[277] ROYAL COMMISSION FOR THE EXHIBITION OF 1851 offers: * † (1) *Science Research Scholarships for Overseas Universities* (10), to enable selected students who have already completed a full Univ. course and given sufficient evidence of capacity for scientific investigation to devote themselves for 2 yrs. to research work under conditions most likely to equip them for practical service in the scientific life of the Commonwealth. Value £450 p.a., with supplements in certain cases. Tenable ordinarily for 2 yrs., and in exceptional cases for 3 yrs., at any institution approved by the Commrs., but not, except in very special circumstances, in the country in which the scholar has received his scientific education; open to British subjects aged (except in very special circumstances) under 26 yrs. At present 10 (Canada 3, Australia 2, S. Africa, N.Z., Republic of Ireland, India and Pakistan, 1 each) are offered annually; recommendations for Scholarships offered for 1955 are receivable by March 21, 1955, from the following Univs.: Alta., Br. Col., Dal., Laval, McG., McM., Manit., Mt. All., Queen's (Ont.), Sask., Tor., W. Ont. and any of the Univs. of Australia, N.Z., S. Africa, Republic of Ireland, India and Pakistan possessing postgraduate departments of science. A scholar is not permitted to hold any position of emolument likely to conflict with the devotion of his whole time to the objects of the scholarship, nor to accept any additional emoluments without the previous consent of the Commrs. Women are eligible on equal terms.

* † (ii) *Senior Studentships* (4), each of £600 p.a., with supplements in certain cases, for 2 yrs. or, in special cases, for 3 yrs.; open to British

subjects not (except in very special circumstances) more than 30 yrs. of age, on recommendation, receivable up to May 1, by Profs. and Heads of Depts. through the executive authorities of such Univ. and other institutions in the United Kingdom as may be invited by the Commrs. to nominate; tenable at any institn. at home or abroad approved by the Commrs. The student is not permitted to undertake any work likely to conflict with the devotion of his whole time to the objects of the studentship, but a limited amount of time may, with the approval of the Commrs., be spent in delivering an advanced course of lectures. He is not debarred from holding another position of emolument, but in such cases the Commrs. may modify the value of the studentship. Women are eligible on equal terms.

Address of the Sec. to the Commrs., 1 Lowther Gardens, Exhibition Rd., London, S.W.7.

[278] ROYAL SOCIETY, Burlington House, Piccadilly, London, W.1.

* † ‡ (i) *Mackinnon Research Studentship* for "furthering Natural and Physical Science, including Geology and Astronomy, and . . . original research and investigation in Pathology," £500 p.a., tenable at any place approved by the Council of the R.S., in the first instance for 2 yrs., but renewable in exceptional cases from year to year. Open to graduates of any Univ.

* † (ii) *Smithson Research Fellowship* in Natural Science. The Royal Society hold the capital of the Fund in trust. The income is administered by a Joint Committee of the Society and the Univ. of Cambridge. The Fellowship, £900 p.a. with superannuation provision, is open normally to British subjects of either sex, including subjects of the Dominions and Colonies; but the Committee may, in special circumstances, invite a foreigner of scientific distinction to apply. Preference to candidates not over 35 yrs. of age. The holder will work in the Univ. of Camb. if appropriate laboratory accommodation is available. Appointment for 4 yrs. in first instance, may be renewed annually up to maximum period of 8 yrs.

* † ‡ (iii) *Sorby Research Fellowship* for original scientific research, £1100 p.a., tenable ordinarily in the Univ. of Sheffield for 5 yrs., renewable for further periods. No permanent duties outside the research work may be undertaken. Appointments are made by a Committee composed of 4 persons appointed by the Council of the R.S. and 3 appointed by the authorities of the Univ. of Sheffield.

* † ‡ (iv) *Locke Research Fellowship* for research in the general field of experimental physiology and pharmacology; £1250 p.a., tenable at any place approved by the Council of the Royal Society, in the first instance for 2 yrs., but may be renewed annually for such periods as Council may determine. Open to graduates of any Univ.

For all the above appointments applications are invited by public advertisement.

* † ‡ (v) *Warren Fellowships* in Metallurgy, Engineering, Chemistry and Physics, value not less than £500 p.a., tenable at any place approved by the Council of the R.S. Open to British subjects.

The foregoing awards, unless otherwise stated, are open to qualified

persons, irrespective of nationality, but in practice are generally awarded to British nationals.

* † ‡ (vi) *Scientific Relief Fund* (income about £1600 p.a.) to aid scientific men or their families requiring assistance.

* † ‡ (vii) *Other Funds*: Browne, for assisting marine expeditions and marine biological research; Forsyth for medical research; Medical Research, with particular reference to tropical diseases in British possessions; Messel, for scientific research; Dewrance, for experimental research; General Research and Gunning, both for research in physical science and biology; Pedler, chemistry; Tyndall Mining Research, mining, ventilation, temperature and disease incidental to miners.

* (viii) *Government Grant for Scientific Investigations*, advertised thrice annually in time for applications to be received by March 31, July 31 and Nov. 20. Only British subjects are eligible.

* † (ix) *Rutherford Scholarship*. Open to graduates, under 26, of a Univ. in the British Commonwealth. For research in any branch of the Natural Sciences, but some preference for work in Experimental Physics. Tenable for 3 yrs. in some part of the British Commonwealth other than that in which the applicant graduated. Value varies according to circumstances of appointment but, if held in the U.K., will be not less than £450 p.a. Additional allowances may be granted for travel, Univ. fees, etc. Applications from Univ. graduates outside the U.K. should be made *through their Univs.* to the Royal Commission for the Exhibition of 1851. Applications from Univ. graduates in the U.K. should be made to the Asst. Secretary, Royal Society, Burlington House, London, W.1.

* † ‡ (x) *Mr. and Mrs. John Jaffe Donation Studentship* for original scientific research. Value: £500 p.a.; preference given to applicants under 27 yrs. of age.

[279] * † ‡ ROYAL SOCIETY AND NUFFIELD FOUNDATION. *Commonwealth Bursaries.* "For encouraging the efficiency of scientists of proven worth from Commonwealth countries overseas by enabling them to pursue research, learn techniques or follow other forms of study where the environment in the United Kingdom is peculiarly favourable." Travel and maintenance at the rate of about £600 p.a. are provided for periods of 2 to 12 mos. Applications by March 15 and Sept. 15 each yr. to the Asst. Secretary, Royal Society, from whom forms of application and further particulars may be obtained.

[280] SHEFFIELD UNIV. * † ‡ (i) *Sorby Research Fellowship*, £1100 p.a., tenable at the Univ. of Sheffield for 5 yrs., renewable. Open to graduates of any recognized Univ. Appointment is made by a Committee consisting of representatives of the Royal Society and of the Univ., with the object of obtaining advances in natural knowledge by enabling men of proved ability to devote themselves to research. Last award 1951.

* † (ii) *Ellison Fellowships* (4), £260 upwards p.a., with remission of fees, to provide training in research methods for promising students in Chemistry and Physics with a view to stimulating fundamental research in these subjects; tenable at the Univ. for 3 yrs. Open to graduates of

Univs in Gt. Britain and Ireland and of British Univs. overseas. In default of suitable candidates in Chemistry and Physics awards may also be made in Engineering.

Further particulars in each case from the Registrar.

[281] * † ‡ SOCIETY OF CHEMICAL INDUSTRY, 56 Victoria Street, London, S.W.1. *John Gray Jubilee Scholarship*, £150 for 1 yr., tenable at an approved Univ. or Technical Coll. May be held in addition to any other scholp. or bursary. Open to graduates in Science of any Univ. who intend to enter industry. Those awaiting the result of final examinations may also apply. Preference will be given, other qualifications being equal, to the son of a member of the Society. Further particulars from the General Secretary.

* † ‡ TEXTILE MACHINERY MAKERS, LTD. *Sir Walter Preston Postgraduate Scholarships* and *Research Fellowships*. *See under* Applied Science and Technology [84].

[281A] * † ‡ TURNER AND NEWALL, LTD. *Fellowships* for research in Engineering, Inorganic Chemistry, or Physics, or in an allied science. Usual value £800 p.a. Usually tenable for 3 yrs.; may be renewed for further period. Tenable at the Univs. of Durham, Leeds, London, and Manchester. Open to men and women graduates of any Univ. who are qualified to undertake research. Further particulars from, and applications to, the Registrar of the Univ. at which it is desired to hold the Fellowship (London: Academic Registrar.)

16. SCIENCE (Special Subjects)

Astronomy

[282] * † OXFORD UNIV.: BALLIOL COLL. *Henry Skynner Senior Studentship* for the study of Astronomy and branches of Mathematics and Natural Science connected therewith, £200 p.a. for 1 yr., renewable. Open to graduates of Univs. within the British Commonwealth.

Further particulars from the Senior Tutor.

* † ‡ ROYAL SOCIETY. *Mackinnon Research Studentship, see under* Science (General) [278].

Biochemistry

* † ABERDEEN UNIV. *Georgina McRobert Research Fellowship, see under* Medicine and Surgery (Special Subjects)—Cancer [215].

* † ‡ IMPERIAL CHEMICAL INDUSTRIES LTD. *Fellowships, see under* Science (General) [268A).

[283] † LIVERPOOL UNIV. *Johnston Colonial Fellowship* in Biochemistry, about £400 for 1 yr. but may be renewed for a 2nd yr. Failing a candidate in Biochem., the Profs. of Pathol. and Physiol. shall be invited to nominate a candidate. Open in the first place to members of Colonial Univs. and Med. Schools (without, however, excluding Colonials who may possess British qualifications). Except with the

permission of the Senate, research must be carried out in the Univ. or in hospitals or other institutions approved by the Faculty of Med. Applications to be sent to the Dean of the Fac. of Med. not later than June 27.

[284] * † LONDON UNIV.: IMPERIAL COLL. OF SCIENCE AND TECHNOLOGY. *Henry George Plimmer Fellowship* for research in morbid anatomy, histological anatomy, chemical pathology, protozoology, bacteriology, and allied subjects in either zoology, medicine or botany, value about £200 p.a., tenable at a recognized instn. at home or abroad under the general supervision of the Biological Departments of the Coll. Award ordinarily for 1 or 2 yrs., but may be indefinitely prolonged. Candidates must be of British nationality.

Further particulars from the Registrar, Imperial Coll., London, S.W.7.

[285] * † ‡ LONDON UNIV.: KING'S COLL. HOSPITAL MEDICAL SCHOOL. *Miles-Ames Research Fellowship.* For full-time research in the field of Endocrinology. The holder will be appointed annually for a period of up to 3 yrs.; in exceptional circumstances appointment may be extended. Commencing salary ordinarily not less than £750 p.a. The post is superannuable. Further particulars from the Secretary.

[286] LONDON UNIV.: LISTER INSTITUTE OF PREVENTIVE MEDICINE, Chelsea Bridge Road, S.W.1. * † (i) *Grocers' Company Research Studentship* in Biochemistry, £350 p.a., tenable at the above Institute for 1 yr., with possible extension for 2nd yr. at £400. Open to British subjects. Vacancies advertised in appropriate journals.

* † (ii) *Morna Macleod Scholarship* in Biochemistry, £300 p a., tenable at the above Institute for 1 yr., with possible extension for 2nd and 3rd yrs. Candidates must be of Scottish descent. Vacancies advertised in appropriate journals.

* † ‡ ROYAL SOCIETY. *Other Funds, see under* Science (General) [278].

Botany

[290] * † ‡ CAMBRIDGE UNIV.: GIRTON COLL. *Ethel Sargant Studentship* for research in Natural Sciences, preferably in Botany, value £15-£60, tenable for 1 yr. at Girton. Usually open to women graduates of any Univ. Offered annually. Closing date usually May 20. Further particulars from College Secretary.

* † ‡ DURHAM UNIV.: THE DURHAM COLLS. *Research Fellowship* in Pure Science, *see under* Science (General) [264].

[291] * † ‡ MANCHESTER UNIV. *Grisedale Scholarship* for biological research, £300. Awarded at such times as funds permit. In either Botany or Zoology, for 1 yr., renewable for a 2nd yr., normally tenable at the above. Open to persons who have studied Bot. or Zool. in Manchester Univ. or in some other approved instn. Next offer 1955. (Preference to Zoology). Last date for applns., June 1. Further particulars from the Registrar.

* † NOTTINGHAM UNIV. *Carr Scholarship, see under* Science (General) [275].

Chemical Engineering

[292] BIRMINGHAM UNIV. * † ‡ (i) *Research Scholarships* in Chemical Engineering and Petroleum Production, 2 or more each yr., commencing value £245-£285 p.a., with remission of tuition and examination fees; may be renewed for 2 further yrs. Candidates must possess a Univ. degree or equivalent in Science; preference to those with industrial experience.

* † ‡ (ii) *Anglo-American Studentship*, £350 p.a., with remission of tuition fees, normally for 1 yr., renewable for a further yr. at £400,

tenable at the Univ. of Birmingham. Candidates must have a Univ. degree with Chem. or Engin. as principal subject together with industrial experience in the Chemical Engin. field. Further particulars from the Registrar.

[293] CAMBRIDGE UNIV. * † ‡ (i) *Shell Chemical Engineering Studies Fund.* Grants or Research Studentships may be awarded.

* † ‡ (ii) *Esso Studentship.* For study and training for research. Open to candidates domiciled in Gt. Britain or N. Ireland at time of application.

Further particulars from Professor of Chemical Engineering.

* † CAMBRIDGE UNIV.: ST. CATHARINE'S COLL. *Permutit Senior Studentship, see under* Science (Special Subjects)—Chemistry [299].

[294] * GAS COUNCIL. *Scholarships* (5 each yr.) tenable for 3 yrs. at the Univs. of Oxford (Depts. of Chemistry), Cambridge (Dept. of Chemical Engineering), London (Dept. of Chemical Engineering, Imperial College of Science and Technology or University College), Birmingham (Dept. of Chemical Engineering), Glasgow (Dept. of Chemistry). Open to students who are British subjects and have recently graduated in a British Univ. with Hons. in Physics, Chemistry or Engineering and who possess a capacity for original work. Value, £350 p.a. plus certain fees. Subject proposed for research must afford scope for original work and be approved by Research Cttee. of the Gas Council which is interested in problems related to the manufacture, distribution or use of gas. Further information from the Secretary, Gas Council, 1 Grosvenor Place, London, S.W.1.

[295] LONDON UNIV.: IMPERIAL COLL. OF SCIENCE AND TECHNOLOGY, London, S.W.7. * † ‡ (i) *Leverhulme Studentship* in Chemical Engineering, £400 p.a., tenable at Imperial College for 1 yr., renewable for 2nd yr. Open to candidates possessing a degree or diploma in Chemistry, Engineering, Chemical Engineering or other cognate subject.

* † ‡ (ii) *Postgraduate Bursaries* in Engineering, *see under* Engineering (General) [164].

* † ‡ (iii) *Royal Dutch Shell Postgraduate Scholarships.* £300 p.a. plus College fees. For postgraduate advanced study or research in Chemical Engineering. Candidates must have obtained a good Honours degree in Chemistry, Physics, Chemical or other branch of Engineering. Applications before June 1.

* † ‡ (iv) *Esso Studentship.* £350 p.a. plus College fees. For Postgraduate work in Chemical Engineering. Candidates must have an Honours degree in Chemistry or Engineering. Election is advertised. Further particulars from the Registrar.

[296] LONDON UNIV.: KING'S COLL., Strand, London, W.C.2. * † ‡ (i) *Leverhulme Studentship* in Chemical Engineering, value £400 for 1 yr., renewable for a 2nd yr. Candidates must be graduates of any Univ. with (*a*) a Science degree with Chemistry as principal subject, *or* (*b*) an Engineering degree or diploma and with Chemistry to London Intermediate standard, *or* (*c*) equivalent qualifications, and must have already received a general training in the principles of Chemical Engin-

eering. The holder will be required to pursue a prescribed course of study or research, or to conduct original research in Chemical Engineering.

* † ‡ (ii) *Shell Studentships* in Chemical Engineering. Normal value, £350 p.a. plus fees. Qualifications as for the Leverhulme Studentship (*see above*) except that no previous training in Chemical Engineering is necessary. Holders may take course for College Diploma in Chemical Engineering, or may work in that Dept. for a higher degree. Applications to the Registrar by May 15.

[297] LONDON UNIV.: UNIV. COLL., Gower St., London, W.C.1. * (i) *Leverhulme Studentships* in Chemical Engineering (2), value £400 each for 1 yr., renewable for 2nd yr. Candidates must be holders of a good Univ. degree with Chem. or Engin. as principal subject and must either be engaged in or be definitely preparing to enter the chem. industry, and have adequate knowledge, practical or otherwise, of factory or business conditions. The holders may take the ordinary course of study for the Coll. Dipl. in Chem. Engin. or a special course in the subject or carry out orig. research at Univ. Coll. Applications not later than May 15 to the Registrar.

* (ii) *Esso Postgraduate Studentship*. Value, £350 for 1 yr. with remission of certain fees, renewable for 2nd yr. To enable graduates in Chemistry or Engineering to obtain advanced training in the principles and practice of Chemical Engineering in the Ramsay Memorial Lab. of Chem. Engin. at University Coll. Candidates must either be engaged in, or be definitely preparing to enter, the petroleum or chemical industry.

* (iii) *Shell Postgraduate Studentships*. Value, £350 for 1 yr., renewable for 2nd yr. To enable graduates in Chemistry or Engineering to obtain advanced training in the principles and practice of Chemical Engineering in the Ramsay Memorial Lab. of Chem. Engin. at University Coll. Candidates must either be engaged in, or be definitely preparing to enter, the chemical industry.

[404] * † ‡ NATIONAL ACADEMY OF SCIENCES—THE ROYAL SOCIETY. *United States (F.O.A.) Research Fellowships.* In response to a request from the Organization for European Economic Co-operation, the United States Govt. has provided funds of over a million dollars to enable 150 outstanding young scientists from Europe to travel to and live in the U.S.A. for up to 2 yrs. in order to study and gain experience in American research institutions. By this means it is hoped to advance scientific research and to facilitate the adoption of the results of scientific research in production techniques. The funds are available in the first instance until the end of 1955. The National Academy of Sciences, Washington, is administering the scheme and the Royal Society has accepted the invitation of the Academy to advise on the selection of candidates from the U.K. Successful candidates, who will be required to undertake to return to resume scientific work in their own countries on completion of tenure of fellowships, will be placed in American Univs. to participate with American colleagues in current fundamental scientific research as closely as possible related to their own fields of interest. Most of their time will be spent working in this way, but opportunities may also be provided towards the end of the

tenure of the fellowship for work on problems in industrial or other labs. in applied research related to the fundamental research they have previously carried out.

About 25 fellowships will be open for award to candidates from the U.K. No age limits are specified, but it is expected that most of the successful candidates will be between 26 and 32 yrs. of age. Applications will be considered from candidates who propose to do research in the natural sciences and in the engineering, agricultural and medical sciences, but excluding clinical medicine. They must be in possession of a doctoral degree in science recognized in institutions of higher education or have equivalent experience.

Applications, which may be made at any time, will be considered at regular intervals. Further particulars from the Asst. Secretary, The Royal Society, Burlington House, London, W.1.

[405] * † NEW ZEALAND DEPT. OF SCIENTIFIC AND INDUSTRIAL RESEARCH. *National Research Scholarships.* Six awarded annually to enable selected science graduates to continue their studies in New Zealand and abroad. One awarded annually to applicants from the British Commonwealth for study in New Zealand. Tenure is for 2 yrs. with possibility of extension for 1 addl. yr. Value: for N.Z. students studying in the U.K. and for U.K. students studying in N.Z., £350 p.a. plus £100 towards travelling expenses between U.K. and N.Z.; for N.Z. students studying in N.Z. or Australia, £250 p.a. In addition, all scholarship holders may be paid up to £100 towards the costs of books, apparatus and college fees. U.K. students may obtain further particulars from the N.Z. Scientific Liaison Officer, B.C.S.O., Africa House, Kingsway, London, W.C.2. [*Discontinued in* 1955.]

[411] MCGILL UNIV. * † ‡ (i) *American Viscose Corporation Fellowship* in Cellulose Chemistry. Value $1500 p.a. May be granted to a graduate of any recognized Univ. who is a British or American subject and is to carry out research on esters or ethers of cellulose in the Division of Cellulose and Industrial Chemistry, located in the Pulp and Paper Research Institute. Applications to Prof. C. B. Purves not later than May 1.

* † ‡ (ii) *Gottesman Fellowship* in Wood Chemistry. For research in Pulp and Paper Research Institute under supervision of Dept. of Chemistry. Value, $800; offered annually. Candidate must be an American or British subject and a graduate of a recognized Univ.; he

will normally be expected to register at McGill as a candidate for a higher degree. Applications to Prof. C. B. Purves not later than May 1.

* † ‡ (iii) *Harold Hibbert Memorial Fellowship*. Value, approx. $3000; open to candidates who hold a Ph.D. in Chemistry from an approved Univ. or have equivalent qualifications; tenable for one calendar yr. in Dept. of Chemistry at McGill, where holder is expected to devote full time to research. Not renewable. Letters of application to Dean of Graduate Fac. by May 1.

* † ‡ (iv) *Inco Fellowships* (3). Tenable by students working for master's degree in Inorganic or Physical Chemistry, Chemical Engineering, Mining, Metallurgy, or Geology. Value, $500 each. One of three awards tenable at McGill. Letters of application to Dean of Graduate Fac. by May 1.

* † ‡ (v) *Alexander McFee Fellowship*. Open to graduates of any approved Univ. who are resident full-time candidates for higher degrees or diplomas at McGill. Value, $1000. Award for 1955 in Medical Sciences (with preference for Cancer research), for 1956 in Physics, for 1957 in Chemistry and so on in rotation. Applications to Dean of Graduate Fac. before May 1.

* † ‡ (vi) *C.I.L. Fellowships* (2) in Chemistry, each of value of $1200, each with additional grant of $300 for research expenses; tenable in Dept. of Chemistry (one in Division of Industrial and Cellulose Chemistry). Open to any British subject who is a graduate of a recognized University. Normally tenable for 1 yr. only, but in special cases may be renewed for 2nd yr. Applications to Chairman of Dept. of Chemistry not later than May 1.

[412] * † ‡ MANITOBA UNIV. *Canadian Industries Ltd. Research Fellowship*. Value, $1200 per yr. For postgraduate work in subjects related to the agricultural chemicals industry. Open to any British subject who is a graduate of a recognized Univ. Tenable for 1 yr. with possibility of renewal for a second yr. Further particulars from the Registrar.

[413] * † ‡ NATIONAL RESEARCH COUNCIL OF CANADA. *Postdoctorate Fellowships*. Mainly for research in Pure Chemistry and Physics. Tenable at N.R.C. Laboratories in Canada; also a limited number tenable in Canadian Univs. Applicants should possess a Ph.D. or equivalent from a recognized Univ. or should expect to obtain such a degree before taking up this award. Tenable for 1 yr., with possibility of renewal for a 2nd yr. Details normally advertised in Commonwealth Univs. towards the end of each calendar yr. Further information from the Secretary, Laboratories Awards Committee, National Research Council, Ottawa, Canada, or from the Chief Scientific Liaison Officer, National Research Council of Canada, Africa House, Kingsway, London, W.C.2.

[414] * † ‡ SASKATCHEWAN UNIV. *Canadian Industries Ltd. Fellowship*. Annual value $1200 plus grant to Univ. of $300 for maintenance. Intended to encourage postgraduate study in Dept. of Chemistry leading to a doctorate degree. Open to any British subject who is a graduate of a recognized Univ. May be renewed, under certain conditions, for

further term of one yr. Full information and application forms from Chemistry Dept. Application must be made before Feb. 1.

[415] * † ‡ WESTERN ONTARIO UNIV. *Canadian Industries Ltd. Fellowship.* Graduate Fellowship in Chemistry, value $1200 a yr.; open to any British subject who is a graduate of a recognised Univ.; for research in Chem. at the Univ. of Western Ontario. Applications to the Dean of Graduate Studies not later than May 1.

Metallurgy

[415A] * INSTITUTION OF MINING AND METALLURGY, Salisbury House, Finsbury Circus, London, E C.2. A limited number of *Travelling Fellowships* will be offered by the Institution to members of the teaching staff of Univs. and approved schools of mines and metallurgy in the United Kingdom, to enable them to visit important mining and metallurgical centres and research establishments in other countries during the 1955 long vacation. The award is intended to meet the travelling expenses of the Fellow. Applicants should be 30 yrs. of age or over, and should be engaged in the teaching of mining engineering, extraction metallurgy, or economic geology. Tenure and value, according to individual requirements; in general, tenure will not exceed 3 mos. and value will not be greater than £500. Further particulars from the Secretary.

[416] IRON AND STEEL INSTITUTE, 4 Grosvenor Gardens, London, S.W.1. * † ‡ (i) *Andrew Carnegie Travelling Scholarships.* One or two awarded annually. Value according to circumstances of each case but normally of order of £500, though smaller or substantially greater sums may be given. Usually tenable for 1 yr.; to assist recipients to conduct research outside their own countries.

* † ‡ (ii) *Carnegie Research Grants.* Tenable in the recipient's own country. No one grant will normally exceed £350 in a year.

Candidates for both categories of award must be under 35; no restriction on sex or nationality. To enable investigators to conduct researches into the metallurgy of iron and steel, the results of the research to be communicated to the Institute in the form of a report for publication. An Andrew Carnegie Gold or Silver Medal may be awarded to the author of the report which in the opinion of the Council is the most meritorious of the year. Further particulars from the Secretary.

[417] * † MOND NICKEL FELLOWSHIPS COMMITTEE, 4 Grosvenor Gardens, London, S.W.1. A number of *Travelling Fellowships* are awarded annually in July to allow selected persons to undertake such training as will make them better capable of applying the results of research to the problems and processes of the British metallurgical and metal-using industries. Fellows are usually required to undergo a

programme of training in industrial establishments, but in exceptional cases the Committee may grant awards for training at a Univ. or Coll. Open to graduates, who should be under 35 yrs., of British nationality, and normally resident in the United Kingdom; the Committee has discretion to make awards to persons resident in other parts of the British Commonwealth. Average value £1000, tenable for 1 yr., renewable in exceptional cases.

APPENDIX V

COMMONWEALTH STUDIES IN UNITED KINGDOM UNIVERSITIES

A summary of the regulations governing the admission of students from the Commonwealth overseas to the United Kingdom Universities will be found in Appendix I above.

Appendix II lists many Fellowships and Scholarships which are tenable at United Kingdom Universities and University Colleges and for which graduates from the Commonwealth overseas are eligible to compete. University teachers on study leave, and postgraduate research workers, wishing to travel to the United Kingdom from another part of the Commonwealth, should note especially the Commonwealth University Interchange arrangements summarized on p. 1653. The awards listed in Appendix II are " open," *i.e.* not restricted to graduates of any one University. There are also other, restricted, awards, *e.g.* the Beaverbrook Scholarships tenable only at London University by graduates from the University of New Brunswick, Mount Allison University and University of Bishop's College, Lennoxville; the " Toronto " Fund, administered by Manchester University, from which grants are made to Canadian students, with a preference for those from the University of Toronto, who wish to conduct postgraduate study or research at Manchester; and the " 1940 Toronto Fund " (set up in 1947 with funds derived from contributions from Oxford parents of children who received hospitality in Canada during the war), from which grants are made to undergraduates or graduates of the University of Toronto who wish to attend a United Kingdom University. Exchange Scholarships arranged between St. Andrews University and Queen's University, Ontario, enable selected graduates or undergraduates of one University to spend a session of study at the other; Glasgow University and M'Gill University also have one Exchange Scholarship of this kind.

British Commonwealth Fellowships are sponsored by the Carnegie Corporation of New York in collaboration with the Institute of Commonwealth Studies (University of London), the Royal Institute of International Affairs, London, and St. Antony's College, Oxford. A limited number of fellowships is offered from time to time to scholars in Commonwealth Universities to enable them to spend a period of approximately 1 yr. at one of the collaborating institutions. The fellowships are *by invitation only* and individual applications are not entertained.

There are ample facilities at United Kingdom Universities and Colleges for the study of the Commonwealth and Colonial aspects of a great many subjects, including Agriculture, Anthropology, Archæology,

Botany, Economics, Geography, History, Law, Medicine (especially Tropical Medicine), Politics and Zoology. For details, *see* individual University entries above and the official publications of the various Universities. Attention is drawn to the following appointments and institutes:

BRISTOL. Professor of Imperial History; Lecturer in Colonial History and Administration; Research Fellow in Colonial Education.

CAMBRIDGE. A Smuts Memorial Fund, raised by public subscription to commemorate General Smuts's part in the development of the conception of the Commonwealth, has been presented to the University for the endowment of Commonwealth Studies at Cambridge. The establishment of a Smuts Professorship of the History of the British Commonwealth was a first charge on the fund, and P. N. S. Mansergh, O.B.E., B.Litt., M.A., D.Phil. Oxon., has been elected the first Professor. A Board of Managers will make recommendations from time to time for the advancement of Commonwealth Studies, in the widest sense of the term, by the use of the remainder of the income of the fund.

Other appointments include the Vere Harmsworth Professorship of Imperial and Naval History and a Lectureship in Colonial Studies.

LONDON. The University of London established in 1949 an Institute of Commonwealth Studies, with the object of promoting the study of Commonwealth problems (*see* p. 231); further information from the Secretary/Librarian, 27 Russell Square, London, W.C.1. The University maintains the following Chairs and Readerships in Commonwealth subjects: *Chairs*—Commonwealth Affairs; Imperial History; Education, with special reference to Education in Colonial Areas. *Readerships*—Colonial Administration; Imperial History; Law, with special reference to administration of Law in Colonial Territories.

OXFORD. An Institute for Colonial Studies was established in 1945; further information from the Director, 10 Keble Road, Oxford. University appointments include the following: Beit Professor of the History of the British Empire; Professor of Colonial Economic Affairs; Reader in Colonial Government; Reader in Indian History; Reader in Islamic Studies; Beit Lecturer in the History of the British Empire; University Lecturers in Social Anthropology, Colonial Government, Colonial Economics, Economics of Colonial Agriculture, Colonial History, Colonial Agriculture, Colonial Geography.

WALES. University College of Wales, Aberystwyth. Lecturer in Colonial History in Dept. of International Politics.

ABERDEEN. Lecturer in British Colonial and Dominion History.

GENERAL INFORMATION

Trinity College was founded and incorporated by Royal Charter in 1592 as " Mater Universitatis," but no other College has been founded, so that " Dublin Univ." and " Trinity College " are practically interchangeable terms. The Corporation of the College was put on its present basis by Letters Patent in 1637. Letters Patent of 1911 transferred the powers of making statutes from the Crown to the Corporation, subject to the consent of a majority of the Fellows and the approval of the Visitors. The general government of the College is in the hands of the Board of Trinity College, which consists of the Provost, Senior Fellows, 2 representatives of Junior Fellows and 2 representatives of the non-Fellow Profs. The Univ. Council, formed by representatives from the Board and various Faculties and Schools, has the right of nomination to most Professorships, and in conjunction with the Board can make changes in the curriculum, but otherwise has only advisory functions.

The College occupies a large site in the middle of the city, with ample grounds for recreation and athletics.

INCOME (1953–54). Total income, £246,000 (Govt. grant, 35·5 per cent.; endowments, 29·5 per cent.; fees, 35 per cent.).

The LIBRARY of Trinity College has enjoyed since 1801 the privilege of receiving a copy of every book published in the United Kingdom. It contains about 800,000 printed books, amongst which there is, in the Fagel Library, a group of early pamphlets relating to the Dutch and English East and West India Companies. The MSS. are over 2000 in number, and include an important collection in Irish. A General Catalogue of the MSS. was published in 1900, and a Revised Catalogue of the Irish MSS. in 1921. A Catalogue of Printed Books in the library in 1872 was published in 1887. The Lecky Library, based on the library of the historian W. E. H. Lecky, caters for the schools of Hist., Econ. and Legal Sci. There are smaller libraries in the Schools of Mod. Langs., Med., Maths., Nat. Scis., Geog., Philol. and Educn.

MUSEUMS. The scientific museums include Zool. and Comp. Anat., Geol. and Mineral., Anat., Pathol. The Zoological collection is one of the best in the country. The series of vertebrate osteology is extensive. Attached Laboratories offer all facilities for research work. The collection of Geological and Mineralogical specimens is also extensive.

LABORATORIES. Anat., Bacteriol., Biochem., Bot., Chem., Engin., Exp. Biol., Geol., Geog., Histol., Pathol., Physical (Iveagh), Physiol., Social Med. (Moyne), Zool.

HERBARIUM (rich in plants of N. America, India, S. Africa and Australia). BOTANIC GARDENS, 8 acres.

Ample facilities for clinical studies and many appointments for graduates are available in numerous HOSPITALS, including the well-known Rotunda. The Irish High Court is situated within a short distance of the College.

PROFESSIONAL SCHOOLS. Divinity, Law, Physics, Engin., Social Sci., Agric., Forestry, Music, Educn., Comm., Vet. Registrars: *Law*—F. E. Dowrick, M.A.; *Engin.*—J. Purser, M.Sc., M.A., M.A.I.; *Music*—G. H. P. Hewson, M.A, Mus.D.; *Educn.*—Rev. E. A. Crawford, B.D., Ph.D.; *Agric.*—J. Purser, M.Sc., M.A., M.A.I.; *Comm.*—J. J. Byrne, M.A., LL.B., M.Sc.; *Social Sci.*—Eileen Duncan, M.Sc.

ADMISSION. All applications must be made to the Sr. Tutor. The Matric. Examn., held 3 times a yr., comprises (1) Maths., (2) English Composition and Lit., (3) two of Latin, Greek, Irish, French, German, Italian, Spanish, (4) one of Phys., Chem., Hist., Geog., Biol. Candidates for admission to the honor schools of classics, mental and moral sci., mod. lit., ancient and mod. lit., Celtic langs., Oriental langs., mod. hist., pol. sci. and legal sci., and to the professional schools of divinity and law, are required to qualify in Latin.

Examns. exempting from matric. include : Leaving Cert. of Dept. of Educn., Ireland ; Sr. Cert. of Ministry of Educn., N. Ireland ; General Cert. of Educn. in England and Wales ; matric. examn. of any Irish or British Univ. and of any other Univs. recognized by the Board of Trinity College. If such a cert. does not cover all the prescribed subjects of matric., the candidate must pass the Dublin matric. examn. in the subject or subjects in which he is deficient. Only one cert. is accepted for partial exemption, and not more than two for complete exemption. Exemption is granted to overseas students (*i.e.* students from outside Ireland and Great Britain) only if their certs. include a high qualification in English and one other subject and a qualification in a second European lang. Overseas students may obtain exemption from one European lang. other than English on presenting evidence of having passed a recognized examn. in their own lang. Having qualified for matric., candidates must obtain admission from the Sr. Tutor, for which purpose they must produce evidence of character. Financial guarantees are required from overseas students. All candidates for admission to the Schools of Phys., Natural Sci. and Agric. must, in addition to complying with the foregoing general requirements, be approved by the admission committee of the School concerned. Overseas candidates for admission to the Honour school of Legal Sci. and to the professional School of Law must be approved by the Legal Studies Admission Cttee. All candidates who have been admitted by the Sr. Tutor enter the College by paying the first College fee. The collegiate interests of all students on the College books are under the guardianship of the Tutor-Fellows (*see* list above). Students are normally assigned to Tutors by the Sr. Tutor at entrance.

ADMISSION TO ADVANCED STANDING. Special Regns. provide for the grant of credit for previous academic attainments at the Univs. of Oxford and Cambridge, while students or graduates of other recognized Univs. may be allowed credit *pro tanto* for one or two yrs. of the Dublin Arts course.

DEGREES. Every student must take the B.A. before proceeding to any other degree, except in music. The Regns. concerning higher degrees are set out below. The course lasts 4 yrs., but it is possible to complete the course within 3 yrs. from entrance by taking the final examn. of the 1st yr. at the time of entering. All students not in a professional school are required to attend Arts lectures in every term, unless specially exempted (*e.g.* those earning their living by teaching). If exempted they are required to pass extra examns. Exemption from attendance is never granted to students taking scientific subjects for the B.A.(Sc.).

Engl. Composition is a compulsory subj. throughout the Pass B.A. course ; otherwise a wide freedom in choice of subjects is allowed. Candidates must present themselves in Engl. Composition and 4 subjs. at the Pass B.A. examn. Exemptions are granted to Law, Engin., Comm. and Div. students. For Med. students there is a specially reduced Arts course throughout.

The *Honours* B.A.—known as *Moderatorship*—can be taken in 13 different groups : viz. 1. Maths. ; 2. Classics ; 3. Mental and Moral Sci. ; 4. Exper. Sci. ; 5. Nat. Sci. ; 6. Mod. Lit. ; 7. Anc. and Mod. Lit. ; 8. Celtic Langs. ; 9.

Oriental Langs.; 10. Anc. Hist. and Pol. Sci.; 11. Mod. Hist. and Pol. Sci.; 12. Econ. and Pol. Sci.; 13. Legal Sci. The course for each lasts 4 yrs.

A B.A. of 3 yrs.' standing may be admitted M.A. There is no examn. for this, nor is a thesis required.

The B.Litt. is obtained by a thesis, and candidates must have at least 1 yr.'s standing as B.A. They must also, except by special permission of the Board, be graduates with 1st or 2nd Class Honours of Dublin or of an approved University.

The Pass B.A.(Sc.) is obtained by a 4-yr. course covering approx. the same ground as the first three yrs. of the honour course in Natural Science. In the last two years the student studies 3 subjects chosen from Physics, Chem., Bot., Zool., Geol., Geog.

The B.D. is obtained by an examn. open to all grads. in Arts; the D.D. is open to any B.D., 8 yrs. after taking B.A., and is awarded on a thesis or published Theol. work.

The LL.B. course covers 2 yrs.; the M.B., B.Ch. and B.A.O., 6 yrs.; B.Dent.Sc., 6 yrs.; B.A.I., 3 yrs. (optional 4th yr. in Elec. and Mech. Engin.); Agr.B. or Agr. (Forestry) B., 4 yrs., of which 3rd and 4th are taken in Univ. Coll. (N.U.I.); B.Comm., 3 yrs. These courses are taken concurrently with the Arts course. A course lasting less than 4 yrs. is taken concurrently with the last 3 or 2 yrs. of the Arts course. The M.Sc. and Ph.D. involve postgraduate study and research for 1 yr. and 2 yrs. respectively. Candidates for M.Sc. must be science graduates with 1st or 2nd class honours. Candidates for Ph.D. must, except by special permission of the Board, be graduates with 1st class honours.

A candidate for the Sc.D. or Litt.D. must have at least 3 yrs.' standing as B.A., or have obtained M.Sc., B.Litt. or Ph.D., and submit important original work; for LL.D. must be of M.A. standing—a thesis or a published work is required; for M.D. must have taken the M.B. degree, be of M.A. standing; for M.Ch. must be a B.Ch. of 3 yrs.' standing; for M.A.O., a B.A.O. of 2 yrs.' standing; a thesis or examn. is required for M.D., an examn. for the M.Ch. or M.A.O. A candidate for M.Dent.Sc. must be a B.Dent.Sc. of 3 yrs.' standing, and pass an examn.; for M.A.I. must have practised his profession for 3 yrs. after graduating as B.A.I.

The Mus.B. is granted after an exercise or practical test and 2 examns., the Mus.D. after an exercise and examn.

DIPLOMAS in Agric., 4 yrs.; Soc. Studies, Public Admin., 2 yrs.; Biblical Studies, 1 or 2 yrs.; Educn., Mech. Engin., 1 yr.; Gynæc. and Obst., 6 mos.; Geog., Religious Knowledge (women), Hist. of European Painting, examn. only.

Licence in Engineering (first 2 yrs. of Arts course and complete course in Engineering). Licence in Med., Surg. and Obst. Science.

Testimonium in Divinity (3 yrs.' course).

FEES. Matric., £5; College Fee, covering all Arts and Science Lectures, £50 p.a., with addnl. laboratory fees in Science. Med. course total (including College, Hospitals and Degree fees), about £440; Dental Sci. total (including College, Hospital and Degree fees), about £520; Engin. GENERAL INFORMATION

Queen's University in Ireland, founded in 1850, was replaced in 1880 by the Royal University of Ireland, which, with Queen's College, Belfast, was dissolved on Oct. 31, 1909. On this date the National University of Ireland, University College, Dublin, and the Queen's University of Belfast, came into being, and the Colleges previously known as Queen's at Cork and Galway became, with the new College at Dublin, constituent Colleges of the National Univ. of Ireland.

UNIVERSITY FACULTIES AND DEANS (Oct. 1, 1954–Sept. 30, 1957). *Arts*, Rev. Prof. A. O. Gwynn; *Celtic Studies*, Prof. J. Lloyd-Jones; *Commerce*, Prof. G. O'Brien; *Dairy Science* (U.C., Cork, only), Prof. C. Boyle; *Engin. and Archit.*, Prof. M. A. Hogan; *General Agriculture* (U.C., Dublin only), Prof. J. P. Drew; *Law*, Prof. P. McGilligan; *Medicine (including Dentistry)*, Prof. J. M. O'Connor; *Philosophy*, Rt. Rev. Msgr. J. D. Horgan; *Science*, Prof. T. S. Wheeler; *Veterinary Medicine* (U.C., Dublin, only), Prof. J. A. Nicholson.

Classes are held in all Facs. (with the 3 exceptions indicated above), at each of the constituent Colls., and in Arts, Philos. and Sociol., Celtic Studies and Sci. at Maynooth.

ADMISSION. The normal method of entry is by the Matricn. Examn. of the Univ. Students must pass in 5 subjects grouped as follows: (1) Irish (for students born in Ireland, unless exempted on grounds of home residence), (2) English, (3) Maths., (4) Latin, Greek, or a modern Continental lang., (5) a fifth subject of the Matriculation Programme. Latin or Greek is necessary for the Facs. of Arts, Med., Law, Vet. Med.; a mod. Continental lang. will suffice for the remaining Facs. Clear Passes in subjects in the Leaving Certificate Examn. of the Irish Dept. of Education *or* in the Sr. Grammar Certif. of the N. Ireland Dept. of Education are accepted as equivalent to passes in corresponding subjects at Matriculation Examn. Other outside Examns. are accepted only on special application to the President of a Constituent Coll.

for admission, provided the candidate has passed in the requisite 5 subjects at equivalent standard.

GENERAL INFORMATION

The College had its origin in the Catholic University of Ireland, founded in 1851. From 1851 to 1859 its Rector was Dr. John Henry Newman. In 1854 its Facs. of Theology, Philosophy, Letters, and Science began their work and in 1855 the Fac. of Medicine was formally opened in Cecilia St., where it continued to operate until 1932. The foundation of the Royal University in 1879 led to a change of title, by which what had originally been St. Patrick's House in the Catholic University became the seat of University College, Dublin. From 1883 until the passing of the Universities Act, 1908, the College was administered by the Jesuit Fathers. Under that Act and by Royal Charter of 2nd Dec. 1908, it was re-established as a Constituent College of the National University of Ireland.

By the University Education (Agriculture and Dairy Science) Act, 1926, the Royal College of Science and the Albert Agricultural College were transferred to Univ. Coll., Dublin, which was empowered to continue the functions formerly fulfilled by these institutions.

APPENDIX VII

ANGLO-AMERICAN ACADEMIC RELATIONS

A summary of the regulations governing the admission of American students to United Kingdom Universities will be found in Appendix I above.

Appendix II lists many fellowships and scholarships which are tenable at United Kingdom Universities and University Colleges and for which American graduates are eligible to compete. Appendix III, although it does not claim to be exhaustive, contains information about some of the more important postgraduate awards, *e.g.* the Commonwealth Fund, English-Speaking Union, Henry, King George VI Memorial, Procter and Smith-Mundt awards, tenable in the United States of America by British graduates. For Fulbright and Marshall awards, *see below*. The awards noted in Appendices II and III are "open," *i.e.* not restricted to graduates of any one University. Some United Kingdom Universities have also arranged direct exchanges of their staff, graduates or senior students with American institutions, *e.g.* St. Mary's Hospital Medical School (University of London) has a regular exchange scheme at graduate level with the Peter Brent Brigham Hospital, Boston (associated with Harvard University) ; and the University of Glasgow exchanges a scholar annually with Cornell University. The Exchange Scholarships between St. Andrews University and Union College, Schenectady, enable graduates or undergraduates of one institution to spend a session of study at the other.

At the University of Cambridge certain Colleges have arrangements with American Universities under which places at these Colleges, tenable for one or two years, are offered annually to students from the United States. *Clare* : Yale-Clare Fellowship to a graduate of Yale Univ. ; Kellett Fellowship to a graduate of Columbia Univ. *Emmanuel*: Lionel de Jersey Scholarship to a student from Harvard ; place to a student nominated by the Master of Saybrooke College, Yale. *King's* : Ehrman Studentship alternately to a graduate of California Univ. and a graduate of Yale Univ. *Trinity*: Charles Henry Fiske III Scholarship to a student nominated by the President and Fellows of Harvard College. At *Girton* an Overseas Scholarship, carrying the privileges but not the emoluments of a Scholar of the College, is offered to a candidate recommended for a Fulbright Scholarship ; the award is made after consideration of names forwarded by the United States Educational Commission in the United Kingdom.

There are facilities at many United Kingdom Universities and Colleges for the study of American aspects of such subjects as History, Literature and Economics. For details, *see* individual University entries above, and the official publications of the various Universities. Attention is drawn to the following :

CAMBRIDGE. *Pitt Professorship of American History and Institutions.* The Professor is elected annually, with tenure for one year. Salary, £1950 p.a. 1954–55 : J. H. Brebner, Professor of History at Columbia Univ. ; 1955–56 ; W. T. Easterbrook, Associate Professor of Political Economy, Univ. of Toronto.

LONDON. *Commonwealth Fund Professorship of American History,* tenable at University College. The Commonwealth Fund of New York appropriated $214,500 in 1929 to endow a Department of American History at University College, University of London, including a professorship and assistants. Present holder : Professor H. Hale Bellot, M.A. Oxon. A sum of £4991 was raised in London and New York, the income of which is available for the library of American History at the College and the library on the same subject at the Institute of Historical Research, University of London, Senate House, London, W.C.1.

MANCHESTER. *Department of American Studies.* The Dept. was instituted in 1948, when Prof. I. L. Kandel, formerly Professor of Education at Columbia Univ., was appointed Professor of American Studies ; he retired in 1950. The Dept. gives courses which may form part of the Ordinary degrees of B.A., B.A.(Mus.), B.A.(Com.) and B.A. (Admin.), or of the degree of B.A. with Honours in Politics and Modern History ; research students are also accepted. The staff of the Dept. consists of 2 full-time and 1 pt.-time Lectrs. *See also* p. 394.

OXFORD. *George Eastman Visiting Professorship.* At the time of his election, the Professor must be an American citizen " eminent in teaching or research in any branch of University study." Period of appointment is normally from 1 to 5 years. Appointments are made to the Professorship with a view to the representation of different subjects of study by successive appointees. 1954–55 : J. H. Finley, M.A. Ball., Professor of Greek and Latin and Master of Eliot House (Harvard).

Harold Vyvyan Harmsworth Professorship of American History. At the time of his election the Professor, whose term of office is 1 to 5 years, must be an American citizen. 1954–55 : C. Vann Woodward, Professor of American History (Johns Hopkins).

WALES. University College of Wales, Aberystwyth. Lectures are given in the Dept. of History on the History of the United States of America 1783–1941. The lecturer appointed is normally a specialist in American History (at present A. A. Conway, M.A. Lond.).

SIR GEORGE WATSON CHAIR OF AMERICAN HISTORY, LITERATURE AND INSTITUTIONS, founded 1920. The holder, in alternate years a British and American authority on one of the subjects, delivers a course of lectures at a British University or other institution. Lecturer, 1953 : R. F. Harrod. Subject : " The Dollar." Lecturer, 1954 : Dr. Robert Hutchins. Subject : " The Idea of an American University." The Foundation is administered by the Sulgrave Manor Board and all communications should be addressed to the Secretary (G. M. Veit,

M.A.), 37 Charles St., Berkeley Sq., London, W.1. *Telephone*: Mayfair 7400.

UNITED STATES EDUCATIONAL COMMISSION IN THE UNITED KINGDOM. Under the provisions of the Fulbright Act of the United States Congress, part of the currencies and credits of other countries (including several in the Commonwealth) acquired by the United States through the sale of surplus property abroad can be used for educational exchanges. Scholarships for research and study in Britain or the Colonies are available to American graduate students, and awards are also made to visiting American professors and lecturers and advanced research students, while sterling grants covering transatlantic fares and United States rail costs are made to British professors, lecturers, research workers and graduate students going to American Universities, the funds available to the Commission allowing for an expenditure up to £357,000 p.a. The Fulbright programme in the United Kingdom is administered by the United States Educational Commission in the United Kingdom, which was established by an agreement between the United Kingdom and the United States Governments in Sept. 1948 as a joint Commission of seven British and seven American members.

Executive Secretary, United States Educational Commission in the United Kingdom—Richard P. Taylor, M.A. *Postal Address*: 55 Upper Brook St., London, W.1. *Cables*: Usedcom. *Telephone*: Mayfair 2191-3.

MARSHALL SCHOLARSHIPS. To express the United Kingdom's gratitude to the United States Government and people for the European Recovery Programme, H.M. Government, under the Marshall Aid Commemoration Act, 1953, established a scheme of scholarships tenable at Universities and University Colleges in the United Kingdom by citizens of the United States. The scheme is administered by a Commission of nine persons under the chairmanship of Sir Oliver Franks, G.C.M.G., K.C.B., C.B.E., the Executive Secretary being Dr. J. F. Foster, of 36 Gordon Square, London, W.C.1. Twelve scholarships, tenable for two years with a possibility of extension to a third and of a normal value of £550 per year, with transatlantic fares, are offered each year to United States graduates of both sexes under 28 years of age. High academic ability and wide interests are demanded of the candidates. The primary selection of scholars is made in the U.S.A. by regional committees whose secretariats are at H.M. Consulates-General in New York, New Orleans, Chicago and San Francisco, where full particulars and application forms may be obtained. The first Marshall Scholars entered British Universities in 1954. The closing date for applications is usually October 15 of the year previous to the one in which tenure of a scholarship will commence.

BRITISH INFORMATION SERVICES, 30 Rockefeller Plaza, New York 20, N.Y. (*Cables*: Digestion, New York; *Telephone*: Circle 6-5100) (Reference Division, Press and Radio Division, Films and Publications Division). B.I.S. is a part of the Foreign Office Information Services and its services are confined to the United States and its possessions. It has a library of official documents, British newspapers and periodicals, and books dealing with every aspect of British affairs; these are avail-

able for inter-library loan as well as for study in the B.I.S. reading-room. B.I.S. has a collection of the calendars of United Kingdom Universities of which all but the most recent issues are available for loan ; calendars can be borrowed only through a local library, as B.I.S. does not lend books direct to individuals. B.I.S. answers enquiries on British affairs, and publishes information papers, pamphlets and periodicals. The Reference Section answers enquiries on British and Commonwealth affairs. A special section deals with Economic affairs. British Government Films are available for hire or sale. Speakers are provided for clubs, schools, Universities and other organizations. B.I.S. is the agency in the United States for Her Majesty's Stationery Office. It has branch offices in Washington (3100 Massachusetts Avenue), Chicago (720 N. Michigan Ave.), San Francisco (310 Sansome Street), and Los Angeles (448 South Hill Street). Director-General—John W. Russell.

PUBLICATIONS. Students in the United Kingdom who contemplate a period of study in the United States, and who wish to consult the calendars of the various Universities, are advised to apply to the Cultural Affairs Office of the American Embassy, 41 Grosvenor Square, London, W.1, where they may also obtain general information and advice about the facilities for higher education which are available in the U.S.A. A useful publication is the *Complete Guide to American Colleges and Universities* by Clarence E. Lovejoy (Simon and Schuster, New York). Another helpful reference book is *American Universities and Colleges*, published by the American Council on Education, 1785 Massachusetts Avenue, N.W., Washington 6, D.C. Pt. I is devoted to a general explanation of the organization and operation of higher education, and includes a special chapter on the foreign student in the United States ; Pt. II gives separate statements of the individual Colleges and Universities, arranged alphabetically. *See also* Appendix IX.

Students in the United States who wish to refer to the calendars of Commonwealth Universities should apply, as regards United Kingdom Universities, to the British Information Services (*see above*) and, as regards Universities in other parts of the Commonwealth, to the Institute of International Education, 1 East 67th St., New York 21, N.Y.

APPENDIX VIII

INTERNATIONAL UNIVERSITY ORGANIZATIONS

THE INTERNATIONAL ASSOCIATION OF UNIVERSITIES (I.A.U.) was formed, and its constitution adopted, by the delegates of 167 Universities and institutions of higher learning from 52 different countries, at the International Conference of Universities held at Nice in Dec. 1950. The first steps towards its formation had been taken by the Preparatory Conference of Universities organized at Utrecht in Aug. 1948 by UNESCO, in collaboration with the Netherlands Government. Its membership, as was hoped at the founding Conference, now consists of some 200 selected Universities and institutions of University rank all over the world.

The purpose of the Association, as defined in its constitution, is " to provide a centre of co-operation at the international level among the Universities and similar institutions of higher education of all countries, as well as among organizations in the field of higher education generally." The organs of the Association are: the General Conference of Universities, meeting at least once every five years; the President of the Association, elected by the General Conference and holding office until the next meeting of the General Conference; the Administrative Board of the Association, of which the President of the Association is chairman; the International Universities Bureau, (I.U.B.), which is the Association's secretariat and maintains documentation, information and research services at the disposal of all institutions of higher education. It also publishes quarterly the *Bulletin of the International Association of Universities*, together with a series of special *Papers*: No. I—*Three Aspects of University Development To-day* (1953); No. II—*Health at the University* (1954). Other publications include: *Report of the International Conference of Universities, Nice, December 1950* (1951); *University Degree Systems* (1952); *The Rôle of the Universities* (1952); *International List of Universities* (1952 and 1955); *World Directory of Medical Schools* (prepared for and published by the World Health Organization, 1953); *Contribution à l'étude des équivalences* (four studies published in *Avenirs*, 1952–1954); *Conventions and Agreements relating to the Equivalence of University Degrees and Entrance Conditions* (1954); [*A Guide to*] *Inter-University Organisations* (1954).

The following are at present in office: *President of Association and Chairman of Administrative Bd.*, Dr. Jean Sarrailh, Rector, Univ. of Paris; *Vice-President of Association and Vice-Chairman of Administrative Bd.*, Dr. S. C. Roberts, Univ. of Cambridge; *Members of Administrative Bd.*, Vice-Chancellor E. Ashby, The Queen's Univ., Belfast; Vice-Recteur J. Baugniet, Univ. Libre de Bruxelles; Rettore C. Cereti, Univ. di Genova; Prof. M. C. Chagas, Univ. Nacional de

Brasil ; S. R. Dongerkery, Registrar, Univ. of Bombay ; Prof. W. Erbe, Univ. of Tübingen ; Prof. M. H. Fisch, Univ. of Illinois ; Recteur L. Garrido, Univ. Autónoma Nacional de México ; President M. V. De Los Santos, Univ. of Manila ; Prof. J. Nielsen, Univ. of Copenhagen ; Dean F. Rogers, Harvard Graduate School of Arts and Sciences ; Prof. T. Saglam, Univ. of Istanbul ; Rector A. Siassi, Univ. of Teheran. *Secretary-General of Association and Director of International Universities Bureau*, H. M. Keyes. *Postal Address* : 19 Avenue Kléber, Paris 16. *Telephone* : Kléber 52-00, Balzac 24-08.

INTERNATIONAL ASSOCIATION OF UNIVERSITY PROFESSORS AND LECTURERS. I.A.U.P.L. took shape from the amalgamation of two sources: the movement towards co-operation among University personnel, under the name of the International University Conference, which was inaugurated by the United Kingdom Association of University Teachers in 1934 ; and the activities and discussions of University teachers and research workers who were temporary inhabitants of Great Britain during the recent world war and who, with some British colleagues, formed themselves into the Association of Professors and Lecturers of the Allied Countries in Great Britain. Provisional statutes of I.A.U.P.L. were adopted at the Oxford Conference in 1944, and definitive statutes (which are now being revised) at the Brussels Conference in 1947.

I.A.U.P.L. is a democratically constituted, federal organization of separate national associations of University teachers. Since its formation I.A.U.P.L. has grown considerably in membership of national sections and groups, and in 1954 comprised 28 such affiliated associations, representing a total membership of some 59,000 University teachers. Each of the affiliated national associations retains its identity and autonomy. There are some individual members of I.A.U.P.L. where such national, University or College staff associations do not exist.

The broad aims of I.A.U.P.L. are the development of academic fraternity among University teachers of the various countries across national and faculty boundaries ; the protection of the independence and freedom of teaching and research ; the furtherance of the interests of University teachers ; and the consideration of any academic problems, whether initiated by the Association itself or referred to it by Governments, or Universities, or by UNESCO.

I.A.U.P.L. is a non-governmental, non-political, non-sectarian body. It is recognized as holding consultative status by UNESCO and by other United Nations organizations. It works in friendly co-operation with similar organizations in other fields of University work and life.

Its academic programme has comprised : the scheme for the establishment of an International Universities Bureau (1948) (*see* p. 1803), and of an International Institute of Social Sciences (1949) (this project is in abeyance pending developments planned by a UNESCO committee) ; the report on Student Health Services (1950) ; on Recurrent Long Leave (1950) ; a continuing report on the Equivalences of University Degree Systems (1948, 1950, 1953–1954) ; a study on the Exchange of University Personnel (1953) ; a continuing report on Academic Freedom ; a comprehensive study of the conditions of Salary, Super-

annuation and Status of University Teachers in various countries; and a current enquiry, undertaken in different countries, into the relations between Scientific Research in Universities and in industry. In its coming programme I.A.U.P.L. intends to study the following questions: the place of the Universities in training for management and executive posts in industry, visiting professorships, the contractual obligations and conditions of employment of University teachers who go abroad, and the selection of students for entrance to Universities (in particular the systems and extent of their assistance from public funds, bursaries, scholarships, etc.).

These and other topics of interest to all University teachers are discussed at annual international conferences which, since the war, have been held at Oxford, Brussels, Paris, Basle, Florence, Nice, Amsterdam, and Vienna.

Journal—*Communication*, normally published 3 times a year. *Hon. General Secretary*—Professor F. T. H. Fletcher. *Organizing Secretary*—Dr. Livesey Haworth, 19 Dunraven Street, London, W.1. *Telephone*: Mayfair 5934.

THE INTERNATIONAL FEDERATION OF UNIVERSITY WOMEN, founded in 1919, is a world-wide organization of women who have had a University training. Membership is open to all qualified University women without distinction of race, religion or political opinion, through National Associations which are affiliated in over 30 countries, with a total membership of over 153,000.

The aim of the Federation is to promote understanding and friendship among University women of different nationalities, and so to further their common interests and to develop sympathy and co-operation between their countries. The Federation offers members research fellowships, travel facilities, opportunity for exchange of posts and an organization for combined action to improve their professional status. Since 1936 it has built up special funds to assist University women in distress as a result of war or political upheaval.

The work of the Federation is planned by a Conference of delegates of the National Associations, of which there can be only one affiliated from each country. The Conference meets every three years to receive reports, to elect officers, to define policy, to consider new developments and to discuss questions of general interest. Between Conferences there are meetings of the Council, on which each National Association has one representative, and of Standing International Committees responsible for the direction of special activities. The International Headquarters Office in London acts as a co-ordinating centre.

The publications of the Federation include the *International Glossary of Academic Terms* (1939), *Human Rights: the Task before Us* (1950), an annual *Report* and a periodical *News-Letter*.

Executive Secretary—May C. Hermes, M.B.E., B.A. *Postal Address*: 1 Sedding St., London, S.W.1. *Cables*: Ifederuw, London. *Telegrams*: Ifederuw, Knights, London. *Telephone*: Sloane 8281.

WORLD UNIVERSITY SERVICE (formerly International Student Service) has developed from the feeling for mutual assistance between

members of the world University community which led to the formation of the University Committee of the Imperial War Relief Fund in 1920.

W.U.S. to-day is a fellowship of over thirty national committees co-ordinated by an International Secretariat in Geneva. It seeks to promote the free flow of information and to create a spirit of understanding between members of Universities and Colleges throughout the world. In war-devastated and undeveloped countries W.U.S. helps to establish new student hostels, clinics, sanatoria, rest centres, and refugee camps; as far as its funds permit, it provides drugs, supplementary food and clothing for individual students and lecturers in need, and books, stationery, laboratory equipment and periodicals are sent to Universities where they are lacking. In Britain, students are recruited by W.U.S. for overseas conferences, study tours, seminars and vacation courses, travel bursaries often being made available. Hospitality is sought for colonial and foreign students in Britain, and W.U.S. seeks to develop the interest of British students in University life abroad.

The International Headquarters of W.U.S. is at 13 rue Calvin, Geneva, Switzerland.

President, British Committee—Sir Walter Moberly, G.B.E., K.C.B., D.S.O., M.A., D.Litt. *General Secretary*, British Committee—Douglas Mayer, B.Sc. *Postal Address*: 59 Gloucester Place, London, W.1. *Telegrams*: Interstud, London. *Telephone*: Welbeck 3921.

UNESCO AND UNIVERSITIES. UNESCO, the United Nations Educational, Scientific and Cultural Organization, directly and indirectly fosters international contacts among Universities all over the world and encourages them to give mutual assistance in various fields of their activities. The annual UNESCO publication, *Study Abroad*, lists more than 43,000 fellowships offered by Governments and other bodies to students of various nations to enable them to study abroad.

UNESCO gave impulse and assistance to the representatives of various national Universities in the organization of two University Conferences: at Utrecht in 1948 and at Nice in 1950. (*See* I.A.U. above.)

UNESCO maintains close working relations with the international University bodies listed above and with the international student organizations. All these organizations benefit from a special consultative arrangement with UNESCO.

The working programme of UNESCO includes several activities of importance to the Universities, such as, upon their request, assisting them to obtain books and other equipment; helping certain countries to find University teachers abroad; publishing quarterly lists of University staff wishing to consider a teaching assignment abroad; organizing assistance to refugee students; maintaining special regional offices throughout the world to promote co-operation among scientists in the area; offering assistance to international organizations in all fields of education, science, and culture, and promoting the creation and development of such organizations; promoting the creation of

research centres on an international basis (*e.g.* a computation centre); working for an improvement in scientific abstracting. The Universities of different countries often provide UNESCO with experts to carry out these projects.

The programme of UNESCO is carried out by the 72 Member States, assisted by a secretariat, headed by the Director-General. *Postal Address*: 19 Avenue Kléber, Paris 16. *Telegrams*: Unesco Paris. *Telephone*: Kléber 52-00, Balzac 24-02.
