PREFACE

THIS is the thirty-second edition of a work which first appeared in 1914 as the *Yearbook of the Universities of the Empire* and was known for many years as the *Universities Yearbook*, the present short title of *Commonwealth Universities Yearbook* having first appeared on the spine of the 1951 edition. Throughout this period of publication—which has been continuous except for a break during the Second World War —the *Yearbook* has been sponsored by the organization set up and maintained by the Universities themselves, viz. the Association of Universities of the British Commonwealth (formerly the Universities Bureau of the British Empire), in whose office the contents have been edited each year. The Association recognizes the value of the numerous international handbooks on Universities that are now issued by various public and proprietary bodies but feels that it can refer with some pride to the long-standing record and to the comprehensiveness of its own publication, covering as it does several countries of the world with substantial achievements in University development. There are to-day in the Commonwealth 111 University institutions which have been granted degree-giving rights in their respective countries; of these, 22 are in the United Kingdom.

The main objective of the original volume of the series was to provide information about the activities and facilities in each University for the benefit of its sister institutions in the Empire, but this purpose has been greatly extended as the need for a comprehensive work of reference on Universities in the United Kingdom and in other parts of the Commonwealth has been felt not only in government and business offices and schools in the various Commonwealth countries but also in other universities and educational institutions throughout the world.

The present edition contains a number of features which have not appeared in previous editions, some of them being necessitated by academic developments which have occurred since the last edition appeared. There are included for the first time entries for two important new University institutions—the University College of Rhodesia and Nyasaland at Salisbury in Southern Rhodesia, and the University of Rajshahi in East Pakistan. Entries also make their appearance in this edition for two Canadian institutions which have recently been admitted to the National Conference of Canadian Universities—Saint Mary's University at Halifax, Nova Scotia, and Assumption College at Windsor, Ontario. For the first time an introduction has been added to the New Zealand section, a general account of the University institutions in that country having been written for the *Yearbook* by the Registrar of the University of New Zealand. The scope of Appendix I on qualifications for admission to a first degree course in United Kingdom Universities has been widened to include, wherever available, a statement on the practice of the different Universities about granting exemption

from first year courses, and about departmental as well as faculty requirements for admission. Appendix III on postgraduate awards tenable outside the United Kingdom has been rearranged under subject headings to help speedy reference.

The *Yearbook* grows larger each year, not only because of new developments in the different countries and of the demand for information on fresh topics, but also because nearly all the institutions listed in the following pages are undergoing expansion—rapid in some cases, steady in others. The space devoted to the staff directory under each University and to the comprehensive index of names at the end of the book grows larger with each edition, these lists being under constant revision; the numerous changes in this respect from one edition to another are evidence of growth and development within the various institutions as well as of the movement of teachers from one University appointment to another within the Commonwealth. As new Universities come into existence or attain the appropriate standing, whether or not they are members of the Association, the necessary particulars are sought for publication in the *Yearbook*, but for the more remote countries this process takes a little time and sometimes has to await a subsequent edition—it is hoped, for example, that the next *Yearbook* will include information about Nanyang University, recently announced as having been founded in Singapore.

The editor wishes to thank especially the Secretaries of the Inter-University bodies in the various Commonwealth countries for their assistance in compiling and revising introductory sections and for valuable advice on many points of difficulty. The individual University entries are based on information supplied for this edition by the respective Registrars and Secretaries, whose willing help in submitting this material is also gratefully acknowledged. The *Yearbook* purports to give under one cover only an epitome of the information set out in the various University Calendars, Reports and Handbooks and cannot take the place of these as official and authentic statements of events, regulations and practice. Although every care has been taken to ensure that the *Yearbook* is correct in detail, the Association does not accept responsibility for any inaccuracies or omissions which it may be found to contain.

A NOTE ON THE FUNCTIONS OF

THE ASSOCIATION OF UNIVERSITIES OF THE BRITISH COMMONWEALTH

as submitted to the Commonwealth Universities Congress, July 1953

THE Association was founded in 1912 as the Universities Bureau of the British Empire. On the initiative of the University of London, plans had been considered since 1909 for the summoning of a Congress of Universities of the Empire, which was eventually held in London in 1912. One of the decisions of the delegates was that steps should be taken to form, in London, a Bureau of Information for the Universities of the Empire, and that its affairs should be managed by a Committee representing both home and overseas Universities.

In 1919 the Bureau was incorporated under licence of the Board of Trade and a grant of £5000 was made by H.M. Government for central offices on condition that the Universities of the Empire undertook to provide adequate funds for maintenance. The building specially constructed for this purpose in 1930 at 88A Gower Street, Bloomsbury, was utterly destroyed by enemy action in 1940, after which the Bureau was housed in various temporary premises, until in 1949 a tenancy was obtained from the University of London of the present premises at 5 and 6 Gordon Square, close to the bombed site of the former office. The Articles of Association in their present form date from 1932.

It was planned at the 1912 Congress to hold further meetings of the Universities of the Empire at quinquennial intervals, and such Congresses were in fact organized in 1912, 1921, 1926, 1931, 1936, and 1948, the Proceedings of which have been published in separate volumes. The sixth Congress, at Oxford in July 1948, was responsible for the change of name to " The Association of Universities of the British Commonwealth " and for certain alterations to the Articles of Association giving the overseas countries more effective part in the control of the organization. It is now managed by an Executive Council of 16 members appointed each year by the representatives of member Universities, in general meeting, on the nomination of the respective inter-university organizations in the several countries of the Commonwealth. Since 1948 a small conference of representative University heads (usually comprising these members of the Executive Council or their deputies) has been held yearly in a different part of the Commonwealth, to discuss matters of common interest arising between Congresses. The income of the Association is almost wholly derived from the subscriptions, at rates fixed according to their size, of Ordinary Members (Universities), Associate Members (University Colleges) and Additional Members (other institutions of recognized academic status).

From the beginning it was emphasized that the institution of a central bureau must not involve any attempt to standardize academic practices, procedures and methods of Universities. This attitude was confirmed at the Congress of 1931, when it was resolved that: " The powers of the Association shall not be exercised in any such way as to

purport to restrict the powers and duties exercised by the constituent Members under the several charters, statutes, regulations and other instruments of their self-government."

At the 1912 Congress it was laid down that one of the Bureau's chief functions should be to collect University information from every part of the Empire and to put it in a suitable form for easy distribution. It was hoped that by the publication of a Yearbook, or by other means, the experience and experiments in educational organization made in different parts of the Empire would be rendered available to all Universities. The *Commonwealth Universities Yearbook*, now in its thirtieth edition and ordinarily appearing in the early part of each year, is the outcome of this aspiration. This publication contains classified information about all Universities and University Colleges established within the Commonwealth, including complete staff directories, and supplies in its appendices a comprehensive survey of the conditions of admission, of postgraduate scholarships, etc., and of other data useful not only to the Universities but also to all interested in higher education. It has now a reputation as the best single volume reference work about these institutions.

The Association also publishes, in conjunction with the British Council, a Handbook for students from overseas, entitled *Higher Education in the United Kingdom*, which provides in a summary form information about specialized courses of study, admission, cost of living, fees and other charges, scholarships and hostel accommodation at Universities and other institutions of higher learning in Great Britain and Northern Ireland.

An important part of the work of the office lies in the field of helping Universities to fill staff appointments. It acts as the agent in London of overseas member institutions wishing to announce vacancies in and to invite applications from the United Kingdom, and if requested it will arrange for the applicants to be interviewed and reported upon by independent and competent committees. But it does not act as an Appointments Board seeking to place in academic or other posts graduates who register with it, though it keeps in touch in the various Universities with the Appointments organizations which do so. In accordance with its policy of facilitating the movement of University teachers, the Association has instituted machinery for the speedy circulation to Universities throughout the Commonwealth of particulars of academic vacancies in any part of it.

Information which the Association has collected on any questions of academic policy or administration is available to any University or member institution. It makes recommendations for various scholarships and arranges the Cecil Peace Prize Essay competition. A grant from the Imperial Relations Trust has enabled the Association to finance and arrange for visits by selected University administrators from other Commonwealth countries to the United Kingdom, and vice versa. The Association, the Committee of Vice-Chancellors and the British Council jointly administer the Commonwealth Interchange Scheme under which grants may be made to pay the fares of University workers making overseas visits within the Commonwealth.

A considerable part of the activity of the Association's office is centred in the work of the Committee of Vice-Chancellors and Principals of the Universities of the United Kingdom, for which it provides the secretariat under an arrangement whereby these Universities subsidize the Association as a base for certain common academic activities in Great Britain. Many general enquiries about University education in Great Britain are handled by the office, and a conference of the Home Universities is held in London each year, the Proceedings of which are published for the Committee.

The Association acts as a link between the local inter-university organizations that have been set up in various parts of the Commonwealth, including, as well as the United Kingdom Committee of Vice-Chancellors, the National Conference of Canadian Universities, the South African Committee of Principals, the Australian Vice-Chancellors' Committee, the Inter-University Boards of India and of Pakistan, and the Inter-University Council for Higher Education in the Colonies. It is in touch with similar organizations in Europe and the United States, as well as with their representatives in this country, and with UNESCO and the recently formed International Universities Bureau.

Apart from these activities, the Association is the manifest sign of a desire on the part of the Universities of the Commonwealth for co-operation. It seeks the promotion of University interests, of interchange of University teachers and research workers, and of the maintenance of close liaison between the administrations of all University institutions in the Commonwealth. Proposals have been made for establishing in London, at the headquarters of the Association, a University House which will provide amenities for members of the staffs of University institutions visiting the metropolis, but the modest resources of the organization keep these plans in abeyance for the time being. At present it is able to offer such visitors the use of a committee room for interviews, etc., and it will on request receive and readdress mail for them while they are travelling.

The Association's offices are open to all reasonable enquiries and the services of its information department are freely available. It is in a position to procure information on many University problems and to obtain the services of acknowledged experts for advisory committees on selection and other problems. Its objective is to act always in the interests of its member institutions, either collectively or according to their individual instructions, and to adapt its practice to their requirements as may be considered useful and desirable.

For the Executive Council,
J. F. FOSTER, *Secretary*
June 1953

NOTE ON MEMORANDUM AND ARTICLES OF ASSOCIATION

At the final meeting of the first Universities Congress of 1912 the delegates resolved that steps be taken for the formation in London of a Bureau of Information for the Universities of the Empire. At the Fourth Quinquennial Congress of Universities of the Empire, held in Edinburgh in July 1931—the Second having been held at Oxford in 1921 and the Third at Cambridge in 1926—new Articles of Association for the reorganization of the Bureau were considered by the delegates of the 69 Universities represented, and, subject to certain amendments, approved. The Articles were submitted in Sept. 1931 to the Board of Trade, which accorded its approval, subject to the deletion from Article 3 of the following proviso: "Provided that the powers of the Association shall not be exercised in any such way as to purport to restrict the powers and duties exercised by the constituent members under the several charters, statutes, regulations and other instruments of their self-government."

The Articles were approved at an Extraordinary General Meeting of the Association, held on Sept. 24, 1932. At the same Meeting, the Association expressed its adherence to the principles of policy stated in this proviso.

At Extraordinary Meetings of the Association, held in Cambridge on July 14, 1936 (during the Fifth Congress), and in London on Jan. 12, 1940, minor amendments of Schedule A were approved. Further minor alterations in Schedule A, as well as certain changes in the Articles of Association, were made at Extraordinary General Meetings held during the Sixth Congress at Oxford in July 1948 and in London in Jan. 1949. As a result of a Special Resolution at the meeting at Oxford the name of the Association was changed from "The Universities Bureau of the British Empire" to "The Association of Universities of the British Commonwealth."

In 1952 the Executive Council appointed a committee to consider the revision of the Memorandum and Articles which, besides containing a number of verbal anomalies and inconsistencies such as those arising from changes in the political nomenclature of the Commonwealth and from the enactment of the Companies Act, 1948, were found to make inadequate provision for the offices of Chairman, Vice-Chairman and Honorary Treasurer of the Association and for these officers' membership of the Executive Council. The recommendations of this committee were submitted by the Executive Council to an Extraordinary General Meeting held during the Seventh Congress at Cambridge in July 1953 and were approved in principle. Special Resolutions giving effect to the proposed amendments were passed at a further Extraordinary General Meeting held in London on Nov. 26, 1953, Schedule A being revised to include the names of all member institutions as at that date.

The Memorandum and Articles of Association as now in force immediately follow.

THE ASSOCIATION OF UNIVERSITIES OF THE BRITISH COMMONWEALTH

(The word "Limited" being omitted by Licence of the Board of Trade)

MEMORANDUM OF ASSOCIATION

1. The name of the Association is "THE ASSOCIATION OF UNIVERSITIES OF THE BRITISH COMMONWEALTH."

2. The registered office of the Association will be situate in England.

3. The objects for which the Association is established are:

(1) To take over and accept by way of gift or otherwise such of the assets and property of the unincorporated Universities Bureau of the British Empire, established in 1912, as the Association may lawfully acquire and to carry on and continue the undertaking and activities of the said Bureau.

(2) To collect and distribute information from time to time on matters of interest to the Universities of the British Commonwealth.

(3) To arrange conferences and congresses and otherwise to facilitate communication and the interchange of information between the said Universities and between them and the Governments and other public bodies and learned institutions and societies of the British Commonwealth and the Governments, Universities and other bodies of foreign countries.

(4) To facilitate the interchange of students and teachers between the said Universities and between them and the Universities of foreign countries.

(5) To establish and maintain a central office in London which shall serve, amongst other things, as a secretariat for the Committee of Vice-Chancellors and Principals of the Universities of the United Kingdom and for any other Committees which the Universities may from time to time appoint

(6) To establish and maintain offices in any other parts of the United Kingdom or in any state, colony, or dependency of the British Commonwealth or in any foreign country or state, to form centres and secretariats for the work and activities of the Association.

(7) To print, publish and circulate handbooks, periodicals, circulars, leaflets and other publications with a view to making known and to furnishing and disseminating information about and encouraging interest in the objects, work and activities of the Association in any part of the world, and generally in connection with the carrying out of its objects.

(8) To invite and collect subscriptions and donations to the funds of the Association by any lawful means.

(9) To co-operate with other associations having similar objects with a view to the promotion of the objects of this Association.

(10) To make, accept, endorse, discount and execute promissory notes, bills of exchange and other negotiable instruments.

(11) To invest the moneys of the Association not immediately required for the purposes of the Association in or upon such securities and in such manner as may from time to time be deemed expedient, provided that moneys subject or representing property subject to the jurisdiction of the Charity Commissioners or Ministry of Education shall not be invested except in such securities and with such sanction (if any) as may for the time being be required by law.

(12) To borrow or raise money for the purposes of or in connection with the Association's objects and to secure the same by mortgage or charge of any property of the Association or by the issue of debentures or debenture stock, charged on its undertaking or otherwise, or in any other manner as may be deemed expedient.

(13) To do all such other things as may be thought calculated to promote the interests and well-being of the Universities of the British Commonwealth or any of them.

(14) To do all such other things as may be incidental or conducive to the attainment of the above objects or any of them.

Provided that the Association shall not support with its funds any object or endeavour to impose on or procure to be observed by its Members or others any regulation, restriction or condition which if an object of the Association would make it a Trade Union.

Provided also that in case the Association shall take or hold any property subject to the jurisdiction of the Charity Commissioners or Ministry of Education for England and Wales, the Association shall not sell, mortgage, charge or lease the same without such authority, approval or consent as may be required by law, and as regards any such property the Managers or Trustees of the Association shall be chargeable for such property as may come into their hands, and shall be answerable and accountable for their own acts, receipts, neglects and defaults, and for the due administration of such property in the same manner and to the same extent as they would as such Managers or Trustees have been if no incorporation had been effected, and the incorporation of the Association shall not diminish or impair any control or authority exercisable by the Chancery Division, the Charity Commissioners or the Ministry of Education over such Managers or Trustees, but they shall, as regards any such property, be subject jointly and separately to such control or authority as if the Association were not incorporated. In case the Association shall take or hold any property which may be subject to any trusts, the Association shall only deal with the same in such manner as allowed by law having regard to such trusts.

4. The income and property of the Association, whencesoever derived, shall be applied solely towards the promotion of the objects of the Association as set forth in this Memorandum of Association; and no portion thereof shall be paid or transferred directly or indirectly by way of dividend, bonus, or otherwise howsoever by way of profit, to the Members of the Association.

Provided that nothing herein shall prevent the payment, in good faith, of reasonable and proper remuneration to any officer or servant of the Association, or to any Member of the Association, in return for any services actually rendered to the Association, nor prevent the payment of interest at a rate not exceeding 5 per cent per annum on money lent or reasonable and proper rent for premises demised or let by any Member to the Association; but so that no member of the Executive Council or Governing Body of the Association shall be appointed to any salaried office of the Association, or any office of the Association paid by fees, and that no remuneration or other benefit in money or money's worth shall be given by the Association to any member of such Council or Governing Body except repayment of out-of-pocket expenses and interest at the rate aforesaid on money lent or reasonable and proper rent for premises demised or let to the Association; Provided that the provision last aforesaid shall not apply to any payment to any railway, gas, electric lighting, water, cable or telephone company of which a member of the Executive Council or Governing Body may be a member or any other company in which such member shall not hold more than one-hundredth part of the capital, and such member shall not be bound to account for any share of profits he may receive in respect of any such payment.

5. No addition, alteration or amendment shall be made to or in the regulations contained in the Articles of Association for the time being in force, unless the same shall have been previously submitted to and approved by the Board of Trade.

6. The 3rd and 4th Paragraphs of this Memorandum contain conditions on which a licence is granted by the Board of Trade to the Association in pursuance of Section 20 of the Companies (Consolidation) Act, 1908.

7. The liability of the Members is limited.

8. Every Member of the Association undertakes to contribute to the assets of the Association, in the event of the same being wound up during the time that he is a Member, or within one year afterwards, for payment of the debts and liabilities of the Association contracted before the time at which he ceases to be a Member, and of the costs, charges and expenses of winding up the same, and for the adjustment of the rights of the contributories amongst themselves, such amount as may be required not exceeding One Pound.

9. If upon the winding up or dissolution of the Association there remains, after the satisfaction of all its debts and liabilities, any property whatsoever, the same shall not be paid to or distributed among the Members of the Association, but shall be given or transferred to some other institution or institutions having objects similar to the objects of the Association, and which shall prohibit the distribution of

its or their income and property amongst its or their Members to an extent at least as great as is imposed on the Association under or by virtue of Clause 4 hereof, such institution or institutions to be determined by the Members of the Association at or before the time of dissolution, or in default thereof by such Judge of the High Court of Justice as may have or acquire jurisdiction in the matter, and if and so far as effect cannot be given to the aforesaid provision then to some charitable object.

10. True accounts shall be kept of the sums of money received and expended by the Association, and the matter in respect of which such receipts and expenditure take place, and of the property, credits, and liabilities of the Association; and, subject to any reasonable restrictions as to the time and manner of inspecting the same that may be imposed in accordance with the regulations of the Association for the time being, shall be open to the inspection of the Members. Once at least in every year the accounts of the Association shall be examined and the correctness of the balance-sheet ascertained by one or more properly qualified Auditor or Auditors.

ARTICLES OF ASSOCIATION

Preliminary

1. The number of the Members of the Association is declared not to exceed 150, but the Council may at any time register an increase in the number of the Members.

2. These Articles shall be construed with reference to the provisions of the Companies Act, 1948, and terms used in these Articles shall be taken as having the same respective meanings as they have when used in that Act.

3. The Association is established for the purposes expressed in the Memorandum of Association.

Membership

4. The Members of the Association shall consist of corporate bodies with the following status:

(*a*) *Ordinary Members* who shall be (i) the Universities specified in Schedule A attached to these Articles, and (ii) such Universities situate within the Commonwealth as are admitted Members by the Council in accordance with such regulations as may be framed by the Council in this behalf.

(*b*) *Associate Members* who shall be such Universities in Mandated or Trust Territories of the United Kingdom or of any other Commonwealth country and such other institutions being University Colleges or Colleges of Universities within the Commonwealth (being corporate bodies), as may hereafter be admitted Members by the Council under such conditions of membership as may be prescribed by the Council in this behalf.

(*c*) *Such other classes of Members* (consisting of corporate bodies) as may from time to time be admitted by the Council under such conditions of membership as may be prescribed by the Council in this behalf.

5. Every Member shall sign an undertaking in such form as the Council may require to observe and perform all the conditions and pro-

visions of the regulations of the Association for the time being in force, and thereupon the name of such Member shall be entered in the register of Members of the Association.

6. Ordinary Members shall have full rights of membership. Other Members shall be entitled to such of the privileges and benefits of the Association as may be assigned to them from time to time by the Council.

7. Every Member shall nominate a person to act as its representative provided that if it has an officer such as Principal President or Vice-Chancellor whom it recognizes as its executive head it shall nominate him. Such nomination shall be in writing and shall be deposited at the registered office of the Association. Such representative shall have the right on behalf of the Member to exercise all such rights of membership as may have been assigned to such Member by these Articles or by Regulations framed by the Council. A Member may from time to time in writing revoke the nomination of such representative, and nominate another representative in his place. If a representative being the executive head of a Member ceases to hold the office by virtue of which he was nominated he shall cease to be the representative and the Member shall nominate his successor in such office as its representative.

7A. The representative of any Member may nominate in writing deposited with the Secretary a deputy to act for him during any period for which he gives notice in such writing; during such period for the purposes of these Articles any deputy so nominated shall be entitled to act as if he were the representative, and the Association shall be entitled to treat him as the representative, and anything done or suffered by him shall be deemed to have been done or suffered by the representative, whether (should the representative be at the time one of the persons appointed to the Executive Council) in relation to the business of the Executive Council or otherwise.

8. Any Member may withdraw from the Association by giving notice in writing to the Secretary before the expiration of any financial year, and on paying with such notice any unpaid subscription for the current year. Thereupon such Member shall be deemed to have ceased to be a Member from the date of the expiration of such financial year.

9. Upon the retirement of any Member by notice as stated in Article 8 the Member shall not be entitled to any repayment of any subscription or any part thereof paid for the current year.

10. The rights of any Member shall not be transferable and shall cease upon the Member failing to pay the annual subscription within twelve months of its becoming due. Any such Member may be re-admitted to membership upon payment of the subscription for the year during which its membership lapsed.

Duties of Members

11. Every Member of the Association shall be bound:

(*a*) To pay to the Association such minimum annual subscriptions for the various classes of Members as may be fixed by the Association at its first General Meeting after the adoption of these Articles, and as may subsequently be fixed from time to time at

Extraordinary Meetings held during the progress of Quinquennial Congresses, under the provisions of Article 35.

(*b*) To observe the provisions of these presents and of the Memorandum of Association and all the bye-laws, rules and regulations of the Association for the time being in force.

COUNCIL OF THE ASSOCIATION

12. The Executive of the Association shall be a Council consisting of 16 persons chosen from among the representatives of Members so that Members of the classes specified in the second column of the following table and situate in each of the countries or groups of countries mentioned in the first column shall together be entitled to nominate the number of representatives respectively shown in the third column.

Members within—	*Class of Member*	*No. of Representatives*
The United Kingdom	Ordinary	4
Canada	Ordinary	2
Australia	Ordinary	2
New Zealand	Ordinary	1
South Africa	Ordinary	2
India and Ceylon	Ordinary	2
Pakistan	Ordinary	1
Other Parts of the Commonwealth	Ordinary and Associate	2

13. (*a*) The nominations required by Article 12 shall be made by such inter-University organizations as the Council shall by regulation declare to be appropriate to the said countries or groups of countries.

(*b*) The Association in General Meeting shall appoint the representatives so nominated to be members of the Council until the next General Meeting, when they shall be eligible for renomination and reappointment. If there shall be less than 16 nominations then the General Meeting shall appoint sufficient representatives to be members of the Council to complete that number having regard to the proportions set out in Article 12.

14. The office of a member of the Council shall *ipso facto* be vacated if his appointment as a representative of a Member is withdrawn by the Member appointing him, or if the Corporation appointing him ceases to be a Member of the Association.

15. Casual vacancies shall be filled by the Council from amongst the representatives nominated by Ordinary Members under the provisions of Article 7. The person so appointed shall hold office until the Annual Meeting next after his appointment, but he shall then be eligible for re-election if nominated in accordance with the terms of Article 13.

16. No act or resolution of the Council shall be invalidated by reason of the existence of any vacancy or vacancies among members of the Council, but if the number of members of the Council shall be reduced

below 13 the continuing members may act for the purpose only of filling vacancies or summoning a General Meeting of the Association.

17. The Council shall manage and control all matters relating to the management and organization of the Association and may exercise all such powers of the Association as are not by the Companies Act, 1948, or by these Articles required to be exercised by the Association in General Meeting subject nevertheless to any regulation of these Articles, to the provisions of the said Act, and to such regulations being not inconsistent with the aforesaid regulations or provisions, as may be prescribed by the Association in General Meeting; but no regulation made by the Association in General Meeting shall invalidate any prior act of the Council, which would have been valid if that regulation had not been made.

18. The Council may appoint, in consultation with the appropriate groups of Universities, special Committees to study and report on questions of interest to the Universities in more than one region of the Commonwealth and shall provide the necessary secretarial assistance for such Committees, but if such assistance involves exceptional expenditure, they may make it a condition of providing such assistance that a special subvention be made by the Universities concerned.

19. The Council shall study and report on, either by means of special Committees or otherwise as may be appropriate in each case, any questions referred to them by any Conference or Congress of Universities, but if exceptional expenditure is involved they may make it a condition of undertaking the inquiry that a special subvention be made by the Universities concerned.

20. The Council shall elect annually a Chairman of the Association and an Honorary Treasurer of the Association; and if the person appointed to be Chairman of the Association for any year represents a country other than the United Kingdom the Council shall for each such year appoint a Vice-Chairman of the Association who shall be a person resident in the United Kingdom. If the persons elected as Chairman, Vice-Chairman and Treasurer are not already members of the Executive Council they shall become members for the period during which they hold office.

20A. At every meeting of the Council the Chairman of the Association, if present, shall preside. If the Chairman of the Association is absent, then the Vice-Chairman of the Association shall preside. In the absence of the Chairman and Vice-Chairman, the members of the Council shall choose one of the members of the Council then present to preside at that meeting.

21. The Chairman of the Association and the Vice-Chairman of the Association may at any time, and the Secretary upon the request of six members of the Council shall, convene a meeting of the Council. In the case of a meeting convened at the request of six members the notice of meeting shall state the character of the business to be discussed, and only business of which notice shall have been so given shall be discussed at that meeting. Each member of the Council shall name an address at which all notices shall be served upon him, and all notices served at such address shall be deemed to be well served. Questions

arising at any meeting of the Council shall be decided by a majority of members present and voting at such meeting. In the event of the votes being equally divided the Chairman shall have a second or casting vote.

22. The quorum for a meeting of the Council shall be five.

23. A meeting of the Council for the time being at which a quorum is present shall be competent to exercise all or any of the authorities, powers and discretions by or under the Articles of Association for the time being vested in or exercisable by the Council generally.

24. The Council may delegate such of its powers as it considers desirable to any Committee consisting of members of the Council.

25. The meetings and proceedings of any such Committee shall be governed by the provisions herein contained for regulating the meetings and proceedings of the Council, so far as the same are applicable thereto.

26. The Council may from time to time appoint a Secretary of the Association and any other officers or servants who may be required for the performance of the business of the Association or of the Council and may from time to time appoint a temporary substitute for the Secretary who, in the absence of the Secretary, shall be deemed to be the Secretary.

27. All acts done by any meeting of the Council or by any person acting as a member of the Council shall notwithstanding that it shall be afterwards discovered that there was some defect in the appointment of the Council, or persons acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such person had been duly appointed and was qualified to be a member of the Council.

28. Without prejudice to the generality of the powers conferred upon the Council by Article 17 the Council may from time to time frame regulations (*a*) generally to give effect to the provisions of the Memorandum of Association and of these Articles and (*b*) particularly for the following purposes :

(1) for admitting Universities which may hereafter become corporations ;

(2) for admitting as Associate Members Corporations which are Universities in Mandated or Trust Territories of the United Kingdom or of any other Commonwealth country and other institutions, being University Colleges or Colleges of Universities within the Commonwealth ;

(3) for assigning privileges of membership to (*a*) Associate Members and (*b*) other classes of Members ;

(4) for prescribing a form to be signed by Members prior to admission as Members ;

(5) for prescribing the manner in which the groups of Universities referred to in Article 12 shall appoint representatives ;

(6) for managing the business and defining the duties of the Association ;

(7) for delegating to Committees of the Council such of its powers as are not inconsistent with the provisions of these Articles ;

(8) for fixing the manner of the appointment of the special Committees referred to in Articles 18 and 19 ;

(9) for arranging for the provision of secretarial assistance to such

Committees ; and for assessing any exceptional expenditure involved and distributing it amongst Universities concerned ;

(10) for determining the period for which the Chairman Vice-Chairman and Honorary Treasurer of the Association are to hold office ;

(11) for defining the manner in which the Minutes of business transacted at meetings of the Association are to be recorded ;

(12) for providing for the custody of the seal and for determining the officer of the Association other than the Secretary who may countersign instruments to which the seal is attached ;

(13) for prescribing the form in which instruments appointing proxies shall be framed ;

(14) for prescribing the books of account which have to be maintained in accordance with the provisions of Article 60 ;

(15) for prescribing the place at which such books of account shall be kept.

Provided always that no regulation made by the Council shall have any validity or effect if it amounts to or involves such an alteration of or addition to these Articles as could only lawfully be made by Special Resolution.

MINUTES

29. The Council shall cause minutes to be duly entered in books provided for the purpose of all business transacted at General and Extraordinary Meetings and at meetings of the Council and Committees thereof.

30. Any such minutes of any meeting of the Council or of Committees thereof, or of the Association, if purporting to be signed by the Chairman of such meeting, or by the Chairman of the next succeeding meeting, shall be conclusive evidence of the matters stated in such minutes.

31. The Council shall submit to the Annual General Meeting of the Association a report of its work and activities during the preceding year.

SEAL

32. The Council shall provide for the safe custody of the seal, and the seal shall never be used except by the authority of the Council previously given, and in the presence of a member of the Council, who shall sign every instrument to which the seal is affixed, and every such instrument shall be countersigned by the Secretary or some other person appointed by the Council.

GENERAL MEETINGS

33. A General Meeting of the Association shall be held once at least in every calendar year in London or such other University town and at such time as may be determined by the Council provided that a General Meeting shall be held within not more than fifteen months after the holding of the last General Meeting.

34. The above-mentioned General Meetings shall be called Ordinary Meetings, all other General Meetings shall be called Extraordinary Meetings.

35. An Extraordinary Meeting of the Association shall be held during the progress of each Quinquennial Congress of Universities of the Empire or within three days of the commencement or termination of that Congress.

36. Notwithstanding any provisions to the contrary in these Articles the Chairman of the Association or in his absence the Vice-Chairman of the Association shall have power at any Extraordinary Meeting summoned under the provisions of Article 35 to place on the agenda matters which have been the subject of a resolution passed by the delegates at the Quinquennial Congress during which the Extraordinary Meeting is being held.

37. The Council may whenever it thinks fit and it shall upon a requisition made in writing and signed by Members entitled to vote representing not less than one-tenth of the total voting rights of all the Members having at the date of the requisition a right to vote at General Meetings of the Association convene an Extraordinary Meeting. The Secretary shall at any time when required by the Chairman of the Association or in his absence abroad by the Vice-Chairman of the Association summon an Extraordinary Meeting

38. Any requisition made by the Members of the Association entitled to vote as aforesaid shall express the object of the meeting proposed to be called and shall be left at the registered office of the Association.

39. Upon the receipt of such requisition the Council shall forthwith proceed to convene an Extraordinary Meeting and if they neglect to do so for twenty-one days from the time of the requisition being so left the requisitionists or any of them representing more than one-half of the total voting rights of all of them may themselves convene the meeting in the same manner as nearly as possible as that in which meetings are to be convened by the Council.

40. The business of an Ordinary Meeting shall be—

(*a*) To receive and consider the accounts, the balance sheet and the reports of the Council and the Auditors.

(*b*) To appoint an Auditor or Auditors and fix his or their remuneration.

(*c*) To appoint the members of Council in accordance with the provisions of Article 13.

All other business transacted at an Ordinary Meeting and all business transacted at an Extraordinary Meeting shall be deemed special. If any Member has any proposal or any matter which he wishes to make or bring before an Ordinary Meeting he shall give fourteen days' written notice thereof to the Secretary.

41. Subject to the provisions of Section 141 (2) of the Companies Act, 1948, relating to Special Resolutions, twenty-eight days' notice at the least (or in the case of a meeting convened pursuant to a requisition of Members fourteen days' notice at the least) exclusive of the day of giving the notice but inclusive of the day of the meeting, specifying the place, the day and hour of meeting and (in case of special business) the general nature of such business, shall be given by notice to the Members in manner hereinafter stated with reference to the giving of notices, but the accidental omission to give such notice to or the non-receipt of such

notice by any Member shall not invalidate the proceedings of any meeting.

42. Except as otherwise provided by these presents no business shall be transacted at any General Meeting unless a quorum of representatives of Members entitled to vote is present at the time when the meeting proceeds to business.

43. A quorum shall consist of ten representatives of Ordinary Members.

44. If within half-an-hour from the time appointed for a meeting ten representatives of Ordinary Members entitled to vote are not present the meeting if convened upon a requisition of Members shall be dissolved but in any other case it shall stand adjourned to a place to be fixed by the Chairman of the Association or in his absence abroad by the Vice-Chairman of the Association and to a date to be fixed by the Chairman or Vice-Chairman (as the case may be) not earlier than two weeks and not later than one month after the date of the original meeting, and if at such adjourned meeting a quorum is not present but two or more representatives of Ordinary Members entitled to vote are present the representatives of Members present entitled to vote shall be a quorum and may transact the business for which the original meeting was called.

45. At any adjourned General Meeting the representatives of Ordinary Members present entitled to vote being two or more in number shall have the power to decide upon all matters which could properly have been disposed of at the meeting from which the adjournment took place had a sufficient number of representatives of Members entitled to vote been present at such meeting. Notice of the time and place fixed by the Chairman of the Association or the Vice-Chairman of the Association (as the case may be) for an adjourned meeting shall be given to all Members entitled to receive notices of meetings.

46. The Chairman of the Association if present shall be the Chairman of every General Meeting, but if the Chairman of the Association is absent then the Vice-Chairman shall preside and if neither the Chairman nor the Vice-Chairman is present the representatives of Members present at the meeting and entitled to vote shall choose a representative entitled to vote to act as Chairman in his place.

47. The Chairman may upon the resolution of the meeting adjourn any meeting from time to time and from place to place but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

48. No poll shall be demanded on the appointment of a Chairman or on a question of adjournment.

49. At any General Meeting unless a poll is demanded by at least two representatives of Members entitled to vote a declaration by the Chairman that a resolution has been carried or has been carried unanimously or by a particular majority or lost or not carried by a particular majority and an entry to that effect in the book of proceedings of the Association shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.

50. If a poll is demanded by two or more representatives of Members entitled to vote it shall be taken in such manner as the Chairman directs and he shall have power to take the poll at once at the meeting or to adjourn the meeting for a reasonable time not exceeding fourteen days for the purpose of taking such poll, and the result of such poll shall be deemed to be the resolution of the Association in General Meeting. In case of an equality of votes at any General Meeting the Chairman shall be entitled to a second vote or casting vote.

51. Minutes of all resolutions and proceedings at General Meetings signed by any person purporting to be the Chairman of the Meeting at which such Minutes were signed as correctly recorded, shall be conclusive evidence of the facts therein stated.

52. Nothing in these Articles shall preclude the Council from inviting any member of the teaching or administrative staff of a corporation or institution, which is an Ordinary Member or an Associate Member, to attend a General or Extraordinary Meeting of the Association, or any meeting of the Council or Committees thereof, provided that any person so attending any meeting shall not be entitled to vote at such meeting or to participate in any discussion on any subject other than that for the discussion of which he has been invited to attend.

Votes at General Meetings

53. Every Member entitled to vote represented directly or by proxy shall have one vote and no more at a General Meeting except the Chairman, who shall, in case of an equality of votes, have a second or casting vote

54. Votes may be given either personally by the representative of a Member or by proxy given by such representative.

55. The instrument appointing a proxy shall be in writing under the hand of the appointer and may be in the following form :

I of in the County of being the duly authorized representative of a Member of the Association of Universities of the British Commonwealth hereby appoint as my proxy to vote for me and on my behalf at the (Ordinary or Extraordinary or adjourned as the case may be) General Meeting of the Association to be held on the day of and at any adjournment thereof.

SIGNED this day of .

Or in such other form as the Council shall approve.

56. Only representatives of Members entitled to vote shall be appointed proxies.

57. The instrument appointing a proxy shall be deposited at the registered office of the Association or delivered to the Secretary not less than forty-eight hours before the time appointed for holding the meeting at which the person named in such instrument proposes to vote.

58. No objection shall be made to the validity of any vote except at the meeting or poll at which such vote shall be tendered, and every vote whether given personally or by proxy not disallowed at such

meeting or poll shall be deemed valid for all purposes of such meeting or poll whatsoever.

59. The Chairman of any meeting shall be the sole and absolute judge of the validity of every vote tendered at such meeting or poll and may allow or disallow the votes tendered according as he shall be of opinion that they are or are not valid.

ACCOUNTS

60. The Council shall cause proper books of account to be kept with respect to:

(*a*) all sums of money received and expended by the Association and the matters in respect of which the receipts and expenditure take place, provided that receipts and expenditure in connection with the Committee of Vice-Chancellors and Principals of the Universities of the United Kingdom and with any other Committees or activities of these Universities shall be shown separately;

(*b*) all sales and purchases of goods by the Association;

(*c*) the assets and liabilities of the Association.

61. The books of account shall be kept at such place as the Council may from time to time appoint, and subject to any reasonable restrictions as to the time and manner of inspecting them that may be imposed by the Association in General Meeting, the books of account shall be open to the inspection of the Members at all times during the usual business hours.

62. The Council shall from time to time, in accordance with Section 148 of the Act 1948, cause to be prepared and to be laid before the Association in General Meeting such income and expenditure accounts balance sheets and reports as are referred to in that section.

63. A copy of every balance sheet (including every document required by law to be annexed thereto) which is to be laid before the Association in General Meeting together with a copy of the auditor's report shall not less than seven days before the date of the meeting be sent to all persons entitled to receive notices of General Meetings of the Association.

AUDIT

64. Auditors shall be appointed and their duties regulated in accordance with Sections 159, 160, 161 and 162 of the Companies Act, 1948.

NOTICES

65. A notice may be given by the Association to any Member either personally to the representative of such Member or by sending it by post to such representative to his address. Every representative of a Member shall furnish to the Association an address at which notices may be served.

66. (*a*) Where a notice is sent by post to an address in the United Kingdom or the Republic of Ireland, service of the notice shall be deemed to be effected by properly addressing,

prepaying and posting a letter containing the notice, and, unless the contrary is proved, to have been effected by the second day after that on which it was posted.

(*b*) Where a notice is sent by post to an address outside the United Kingdom or the Republic of Ireland, service of the notice shall be deemed to be effected by properly addressing, prepaying and posting by airmail a letter containing the notice, and, unless the contrary is proved, to have been effected by the eighth day after that on which it was posted.

NOTES ON THE UNIVERSITY ENTRIES

THE principal divisions of each *Yearbook* University entry are: I. Principal Officers; II. Teaching Staff; III. Administrative and other Staff; IV. Constituent, Affiliated or Associated Institutions; V. General Information; VI. The Year.

The Teaching Staff directory is sub-divided into departments (indicated by italicized headings) normally arranged in alphabetical order for ease of reference. Owing to the divergent practices of different Universities about the organization of subjects, it has not been considered advantageous to group these departments under their separate Faculties, but in special cases where, for example, there is a group of departments constituting a more or less distinct entity to which it is obviously helpful to be able to refer in a consecutive and separate entry (*e.g.* a multi-departmental School of Engineering, of Medicine, or of Dentistry), they are set out together at the end of the main list, each group under a separate bold type heading, cross-references to the subject headings in this grouping being inserted at appropriate places in the main list.

Men's first names are designated only by initials (*e.g.* Smith, J. D.) except where it is necessary to distinguish between two men with the same initials and surname, at the same University or College. Women's names are usually indicated by the writing in full of one first name, any other first names being represented by initials only (*e.g.* Smith, Mary J.). The word "Mrs." is inserted before the names of married women, but the word "Miss" is usually omitted, except where the woman's first name is likely to be unfamiliar as such to English-speaking readers (as in the case of certain Eastern and African names).

Because of the increasing size of the *Yearbook* it has been considered necessary to keep to a minimum the titles and qualifications not of University origin placed after names. The criterion followed in previous issues is retained, namely, that apart from honours conferred by the Crown, or by the heads of foreign governments, only *fellowships* of learned bodies of high standing are noted. A list of such honours and qualifications appears on pp. lv-lviii.

Each individual's University degrees, diplomas or certificates, and any other of his qualifications or honours included in the list on pp. lv-lviii are noted in abbreviated form after his name. The University of origin of degrees, diplomas and certificates is also given. *Degrees* awarded by the University in whose entry the name of the staff member appears are indicated by being placed after any other *degrees* (*not* after any other diplomas or certificates or non-University qualifications) and *without* the name of the University. In the case of persons possessing only one degree, which is not followed by the name of a University, *e.g.* Jones, J., B.Sc., it can be assumed that the degree was awarded

by the University in whose entry the name of the staff member appears. Similarly, *diplomas* and *certificates* awarded by the University in whose entry the name of the staff member appears are placed after any other *diplomas* or *certificates* (*not* after any non-University qualifications) and *without* the name of the University. The following order is observed: (i) Honours conferred by the Crown; (ii) Honours conferred by the head of a foreign government; (iii) University degrees; (iv) University diplomas and certificates; (v) fellowships of certain institutions (*see* pp. lv-lviii).

" The Year " section lists information about events of outstanding interest which have occurred in the academic year previous to the compilation of material. North of the equator the session reviewed in this edition is 1952–53; south of the equator the period is the 1953 session. In both cases the period of the long vacation following has been treated as included in the previous academic session.

In the " Student Numbers " paragraph in each University entry students are classified as *Part-Time* if they are engaged in regular employment during the academic year and therefore cannot devote their full time to their studies. If a University has indicated that it has used a different definition a note has been added to the text. By *New Admissions* is meant the number of students entering the University or University College for the first time. For *Yearbook* purposes a student " from another country " is one whose permanent home residence is in that other country, *i.e.* one whose parents are only temporarily resident or employed abroad is not included, nor is one who was born in another country and may therefore have a foreign nationality but who is now living permanently in the country in which the University or University College is situated.

The lists of Degrees, Diplomas and Certificates Awarded give the numbers of students who have the right, under the regulations of the University, to use the title of the degree, diploma or certificate regardless of whether or not it has been ceremonially conferred.

B. COMMONWEALTH DEGREE ABBREVIATIONS

In the following list the degree title opposite each abbreviation is the expanded form normally used by the University, or Universities, in the Commonwealth which currently award that degree. Many of these degrees are awarded with Honours, but, for reasons of space, the Honours form of the abbreviation and title is not given below (*e.g.* B.A. Hons. is excluded). For the purposes of this list, a " conjoint " degree, such as M.B., Ch.B., is listed as two separate degrees.

C. ABBREVIATIONS FOR ORDERS, DECORATIONS AND QUALIFICATIONS OTHER THAN UNIVERSITY DEGREES

For reasons of space, non-University distinctions are omitted from the staff lists, with the exception of honours conferred by the Crown or by the head of a foreign government, and of certain Fellowships of learned bodies as set out in this list. No disparagement is, of course, intended of professional or other non-academic qualifications which cannot be included in this work.

The abbreviations used are not in all cases those adopted by the body concerned, *e.g.* F.I.P. is used instead of F.Inst.P.

UNIVERSITIES OF THE UNITED KINGDOM

Historical and General Summary

Universities were an outcome of the intellectual revival in Europe during the 12th and 13th centuries. A *universitas* was a guild, or corporation. On the Continent the most famous centres of learning were Paris (a *universitas magistrorum*) and Bologna (a *universitas scholarium*). The two earliest British Universities, Oxford and Cambridge, were developed on the model of Paris, but their distinctive contribution was the establishment of the college system, dating from the founding of Merton College, Oxford, in 1264. Instruction was in the form of lectures by licensed teachers. To the seven liberal arts of the mediæval schools (the *trivium*—grammar, logic and rhetoric, and the *quadrivium* —arithmetic, geometry, music and astronomy) were added the three higher " Faculties " of theology, law and medicine to provide preparation for the learned professions. The Scottish Universities, except Edinburgh, were founded in the 15th century. The mediæval scholastic tradition persisted in St. Andrews and Glasgow until the 17th century, but Aberdeen was more receptive of Renaissance influences. The University of Edinburgh originated in a College established by the Town Council in 1583.

After the Reformation a demand arose in England for education of a more secular type, but the Acts of Uniformity (1559 and 1662) and similar measures stereotyped the schools and Universities as Anglican institutions ; by the latter half of the 18th century teaching had become mainly traditional and formal, and life in the Colleges of Oxford and Cambridge was more social than academic. The Scottish Universities, served by better schools, took life more seriously, though standards were low.

Readjustment to modern conditions took place in the course of the 19th century. Already in 1779 Protestant Dissenters, and in 1791 Roman Catholics, had been admitted to the teaching profession. The few denominational tests retained by the older Universities were abolished in 1871. At Cambridge the first mathematical Tripos list was issued in 1747–48 and written examinations were introduced about 1772 ; at Oxford a new examination statute was passed in 1800 and the amount of written work gradually increased. The University Commissioners of 1850 and 1877 made provision at Oxford and Cambridge for the endowment of teaching and scholarships in modern subjects. This did much to

make the Universities accessible to all classes. Further important constitutional and other changes were made at Oxford and Cambridge by the Statutory Commission appointed in 1923.

In 1836 a charter was granted to the University of London empowering it to confer degrees on students of University College (founded on an undenominational basis as the " University of London " in 1826) and of King's College (founded on an Anglican basis in 1829) and of such other institutions as might become affiliated for purposes of examination. The University was reconstituted in 1900. The University of Durham was founded on the model of Oxford in 1832 and partly endowed out of the funds of the See and Chapter of Durham. It was later incorporated with the College of Medicine and Armstrong College, both in Newcastle. The modern civic Universities in England are a product of the second half of the 19th century, the Colleges in which the various present-day Universities originated having been founded as follows : Owens College, Manchester, 1851 ; Yorkshire College, Leeds, 1874 ; University College, Bristol, 1876 ; Firth College, Sheffield, 1879 ; Mason College, Birmingham, 1880 ; University College, Liverpool, 1881 ; University College, Nottingham, 1881 ; University Extension College, Reading, 1892 ; Hartley University College, Southampton, 1902 ; University College, Hull, 1927. (Three of these, namely University College, Nottingham ; Hartley University College, Southampton ; and University College, Hull, have reached University status only in the years following the second World War.) Created to minister to local needs and supported largely by local benefactions, they all tended to be interested in local industries, and from the first laid stress upon the study of mathematical, scientific and " modern " subjects. Reading, situated in a smaller town, laid emphasis on agricultural subjects and made more provision for resident students. In London, the Royal College of Science, the Royal School of Mines, and the City and Guilds (Engineering) College, founded in 1881, became integral parts of the Imperial College of Science and Technology (now a school of the University of London) established in 1907 to provide for instruction and research in the various branches of science, especially in its application to industry.

A University of Wales was projected early in the 15th century, and the project was revived in Cromwell's time, but it was not founded until 1893. The constituent colleges at Aberystwyth, Cardiff, Bangor and Swansea were founded in 1872, 1883, 1884 and 1920, largely out of funds collected in very small sums at the doors of churches and chapels. The Welsh National School of Medicine at Cardiff was incorporated in the University in 1931.

Queen's College, Belfast, founded in 1845, became in 1850 one of the three Colleges of the " Queen's University in Ireland," which was replaced in 1879 by a purely examining body called the Royal University of Ireland. This was dissolved in 1908 when the Queen's University of Belfast (in effect, Queen's College raised to University rank) was established.

There are still two University Colleges, namely the University College of the South West of England, Exeter, and the University

College of Leicester, without the right of awarding their own degrees; their students are prepared for the external degrees of the University of London. In 1949 the University College of North Staffordshire was established with power to give a B.A. degree. The only other degree-giving institution in the country is St. David's College, Lampeter, which was empowered by Royal Charter in the 19th century to give Bachelor's degrees in Theology and in Arts.

The Universities of the United Kingdom are self-governing institutions. At Oxford the chief legislative body is the Congregation of the teaching and administrative staffs of the University and Colleges. Statutes are proposed to it by a small elected body, the Hebdomadal Council, and these, if adopted, may be postponed but not rejected or amended by the Convocation of all graduates who have kept their names on the books of a College. At Cambridge the corresponding bodies are respectively the Regent House, the Council of the Senate and the Senate. The chief academic officer at each University is the Vice-Chancellor, chosen from the Heads of Colleges to hold office for two or three years, the Chancellor usually being a graduate of great public distinction, elected by the graduates of the University. His office is mainly one of honour. The Colleges of Oxford and Cambridge are also self-governing and self-perpetuating bodies.

The general pattern in the other Universities in England and Wales is that there is usually a large Court as the official governing body, the executive functions of which are entrusted to a smaller Council which includes both lay and academic members and meets regularly for the transaction of official (including financial) business. The nominal head of the University is the Chancellor, but the principal executive and academic head is a permanent full-time Vice-Chancellor. The chief academic body is the Senate, consisting of the Professors and usually some representatives of the non-professorial teaching staff, while each of the major divisions of the University usually has a Faculty or Board of Faculty for consideration of its own particular academic problems. In most of these Universities there is also an official assembly of graduates (Convocation) with limited rights of expressing views on matters of University policy. In London this constitutional pattern is modified to suit the requirements of a great federal University. There the Court, a relatively small body, is supreme in questions of finance while control of academic matters is vested in the Senate; the Vice-Chancellorship is an elective office held for two, or sometimes three, years, but the University has an additional executive officer with permanent tenure, with the title of Principal.

The Scottish Universities have a similarly elected Chancellor as their nominal head. The chief executive officer is the Principal, who is, except at Edinburgh, appointed by the Crown, and usually also nominated by the Chancellor to act as Vice-Chancellor in his absence, *e.g.* at the conferment of degrees. The Senatus, consisting of all the Professors and some Readers and Lecturers, deals with all strictly academic business. The chief body of government is the University Court, a small body of certain lay members and of Professors elected for a period of years by the Senatus. The Court deals with all financial business and

appointments, other than those to "Crown Chairs." The General Council of all the graduates has the right of expressing opinions on certain proposed changes.

As has been already noted, a characteristic of British Universities, as compared with those of the continent of Europe, has from the earliest days been the provision of Colleges or Halls of Residence, in which students live as members of a social community subject to the influence of corporate life. The extent of this provision varies considerably, however, from place to place, and in all the Universities a substantial proportion of the students live in their own homes or in lodgings (which are usually subject to some form of licensing or supervision by the University authorities). Of the full-time students at Universities and University Colleges in Gt. Britain in 1952–53, 27·3 per cent. resided in Colleges and Halls of Residence, 40 per cent. in lodgings, and 32·7 per cent. at home.*

Women were first admitted to degrees by the University of London in 1878. Bedford College had already been founded in 1849; the three other women's Colleges in the University of London were founded, Westfield in 1882, Holloway in 1886 and King's in 1892. The last was merged in King's College, London, in 1915. King's College of Household and Social Science (now Queen Elizabeth College) was founded in 1908 as a department of King's College for Women, and became a separate "School" of London University in 1928. At Oxford, Lady Margaret Hall was founded in 1878, Somerville in 1879, St. Hugh's in 1886, St. Hilda's in 1893 and St. Anne's (formerly the Society of Oxford Home-Students, established in 1879) in 1952. Of the Cambridge Colleges, Girton originated at Hitchin in 1869 and was removed to the near neighbourhood of Cambridge in 1873. Newnham was founded in 1880. Oxford admitted women to examinations in 1884, to degrees and full membership in 1920 and to University teaching posts in 1927. Cambridge admitted women informally to Tripos examinations in 1872 and to "titles of degrees" in 1923; in 1926 women were declared eligible for University teaching posts and therefore for membership of Boards of Faculties, but not until 1948 were they admitted to actual degrees and full membership of the University. Women have been admitted to the Universities of Scotland since 1892, to Durham since 1896 and to all the modern civic Universities from their foundation.

The academic year is divided into three terms, which run usually from about the beginning of October to the middle of December; middle of January to end of March; middle of April to end of June or beginning of July. The principal degree examinations are usually held before the end of the third term.

University Grants Committee

Unlike those of some other countries, the Universities of the United Kingdom have been, since their origin, independent of State control, although for many years they have been in receipt of State aid.

* *University Grants Committee: Returns from Universities and University Colleges in receipt of Treasury Grant, Academic Year 1952–53* (H.M.S.O., 1954). Cmd. 9130.

In July 1919 a Standing Committee of the Treasury was established under the title of the University Grants Committee with the following terms of reference : " To enquire into the financial needs of university education in the United Kingdom and to advise the Government as to the application of any grants that may be made by Parliament towards meeting them."

The total of the grants made available for distribution to Universities and the independent University Colleges was £916,000 in 1919–20, £1,800,000 in 1929–30 and £2,224,000 in 1939–40, by which time it was rather over a third of the entire income of the Universities. The annual grants were maintained unchanged at this level during the second World War. Before the end of that war much consideration was given to the post-war problems which were likely to beset the Universities and Colleges and it became clear that there would be a greater demand than there had ever been for the expansion and improvement of facilities for University education. In 1943 the University Grants Committee was reconstituted and additional members were appointed. In 1946 the Committee's terms of reference were revised, and they were further amended in June 1952 to read as follows :

" To enquire into the financial needs of university education in Great Britain ; to advise the Government as to the application of any grants made by Parliament towards meeting them ; to collect, examine and make available information relating to University education throughout the United Kingdom ; and to assist, in consultation with the Universities and other bodies concerned, the preparation and execution of such plans for the development of the Universities as may from time to time be required in order to ensure that they are fully adequate to national needs."

The members of the Committee are appointed by the Chancellor of the Exchequer after consultation with the Minister of Education and the Secretary of State for Scotland. While they cover between them the main fields of University study, as well as certain interests outside the Universities, they are selected for their personal qualifications and serve in a personal capacity, not as representatives. The Committee has appointed a number of specialist Sub-Committees to assist it in considering particular spheres of academic activity. The Committee has its office at 38 Belgrave Square, London, S.W.1 (*Telephone* : Sloane 9912), the present Chairman being K. A. H. Murray, B.Sc., Ph.D., M.A., B.Litt., and the Secretary, Sir Edward Hale, K.B.E., C.B.

The annual Treasury payments to the Universities, made on the recommendation of the Committee, take the form of recurrent grants and non-recurrent grants. Recurrent grants are intended to supplement the general income of the Universities with a view to meeting their normal annual expenses. Non-recurrent grants are contributions towards the cost of capital investment in accordance with a programme arranged by the Committee in consultation with each University. These grants help to meet capital expenditure on the acquisition of sites, the construction or adaptation of buildings for academic purposes including Halls of Residence, and the initial purchase of furniture and equipment for new buildings.

The system of Treasury grants in aid of University expenditure is established on a quinquennial basis. Every five years the Government announce the total amount of money they intend to ask Parliament to provide during the ensuing quinquennium. The programme announced by the Chancellor of the Exchequer in February 1952, for the present quinquennium 1952–57, amounts to £111,750,000 in recurrent grant alone. It includes no figures for non-recurrent grant, for which the Chancellor stated that provision will be made annually in accordance with general investment policy.

The University Grants Committee publishes annually a statistical abstract * of student and financial figures relating to Universities and University Colleges in receipt of Treasury grant, and reports quinquennially on their progress and financial needs. The most recent of these reports are : *University Development from 1935 to 1947* (H.M.S.O., 1948) and *University Development : Report on the Years 1947 to 1952* (H.M.S.O., 1953), Cmd. 8875.

In 1952–53 (the latest period for which complete returns of University income are available), recurrent Treasury grants had risen to 67·2 per cent. (£19,970,000) of University income. The remainder was derived from fees of various kinds (including Ministry of Education Tuition Grants for Teachers in Training) : 12·7 per cent. (£3,764,749) ; grants made by Government Departments other than the Treasury : 2·4 per cent. (£712,415) ; endowments for general and particular purposes : 4·4 per cent. (£1,311,884) ; local authority grants : 3·6 per cent. (£1,065,913) ; donations and subscriptions : 1·6 per cent. (£483,416) ; other income : 8·1 per cent. (£2,389,706). In addition, non-recurrent Treasury grants amounting to £5,746,470 were made.

Students

The number of full-time students in 1952–53 at Universities and University Colleges which were in receipt of Treasury grant is given by the University Grants Committee * as 81,474, including 19,688 women. This compares with 83,458 in the immediately preceding year (1951–52) and with 50,002 in the last year before the war (1938–39). Of the full-time students in 1952–53, 64,753 were reading for a first degree, 5064 were reading for a first diploma and 11,657 were engaged in research or other advanced work. There were also 15,855 part-time students (compared with 17,058 in 1951–52), of whom 1732 were reading for a first degree, 1710 were reading for a first diploma, 4833 were engaged in research or other advanced work and 7580 were " occasional students " (*i.e.* persons taking intra-mural courses which, though of University standard, did not lead to a degree or diploma). The number of students admitted for the first time in 1952–53 was 21,355, of whom 19,683 were reading for a first degree and 1672 for a first diploma.

The totals given above do not take account of the students of the Queen's University of Belfast or of certain schools of the University of London which are not included in the Returns of the University Grants Committee because they were not in receipt of Treasury grant. There

* *See* footnote to p. 6.

are also many students reading for external degrees of the University of London (*see* p. 223) who are in full-time attendance at institutions which prepare students for the external examinations of the University of London but are not part of the University. These students are not included in the totals given above, nor are the students of institutions other than Universities and University Colleges in which professional education of University level is given in Theology, Teaching, Agriculture, etc.; nor students reading for the Bar. This makes comparison with statistics of foreign countries difficult, as does also the fact that the work of the higher forms of many of the schools in Britain corresponds to the earlier stages of the work done in Colleges and collegiate departments of Universities in some other countries.

Scholarships

Few countries offer a richer variety than the United Kingdom of facilities for access to the highest forms of education. The annual Returns of the University Grants Committee * state that 70·4 per cent. of the full-time students at Universities and University Colleges in 1952–53 received some kind of financial assistance from scholarships, exhibitions or other awards, whether from public or private funds, which provided wholly or in part for the payment of their fees and other expenses. The main sources are as follows:

(i) *Universities, Colleges of Universities and University Colleges.* Details of "open" scholarships and exhibitions awarded from these sources may be obtained from the official Calendars or Handbooks of the individual institutions, but no particulars are readily available to show the total number or value in a given year.

(ii) *Local Education Authorities.* In England and Wales, the awards made by local education authorities are based on performance in the examination for the General Certificate of Education or in examinations of comparable standard and are intended generally to meet the needs of able students who have not succeeded in winning a State Scholarship (*see* below). The awards are of two main types: *major* awards, assessed to cover the cost of fees and of maintenance during the academic year and usually during vacations also, less a contribution from the student or his parents on a graduated income scale; and *minor* awards offering assistance on a smaller scale to able students. In 1953–54, 30,630 students were being assisted in this way, of whom 26,361 held major and 4269 minor awards, 9000 major and 928 minor awards being taken up for the first time. The expenditure of local education authorities in 1952–53 on major awards was £5,115,803 and on minor awards £690,094. In Scotland, during 1952–53, education authorities awarded bursaries totalling about £452,173 to 4844 students to enable them to attend Universities in the United Kingdom. The amount of each bursary is determined by deducting the contribution of the student or his parents (calculated on a fixed scale) from the cost of the course including fees and other necessary expenditure and of an allowance for maintenance during term-time and in vacations.

* *See* footnote to p. 6.

(iii) (*a*) *Ministry of Education.* The Ministry offers assistance to University students mainly in the form of State Scholarships awarded annually to students who are ordinarily resident in England or Wales. There are four types of State Scholarship : the *first* type is awarded on the recommendation of the bodies which conduct the examinations for the General Certificate of Education. 2700 new awards were offered in 1953 and, in all, 5622 were held in 1953–54. The *second* type is awarded, as an additional source of aid, to students who have already won an " open " scholarship or exhibition (*i.e.* an award the entry for which is unrestricted) at a University, College of a University or University College (*see* p. 9). In 1953, 1444 new State Scholarships were offered to holders of University awards and, in all, 3825 were held in 1953–54. The *third* and *fourth* types of State Scholarship are termed respectively Technical State Scholarships and Mature State Scholarships (intended for students of mature age). They assist students who have taken full-time or part-time courses in establishments of further education to follow a degree course. 120 new Technical and 30 new Mature State Scholarships were offered in 1953 and, in all, 357 and 87 respectively were held in 1953–54. The value of all types of State Scholarship is assessed at a level sufficient (with a contribution from the student or his parents, if required) to cover the full cost of the course including tuition fees and maintenance during the normal academic year. The mature awards are, however, assessed on rather more generous lines. The Ministry's estimates for the financial year 1954–55 include over £2,000,000 for State Scholarships of all types.

(iii) (*b*) *Scottish Education Department.* The Department awards bursaries to Scottish students who have insufficient residential connexions to qualify for awards from Scottish education authorities to enable them to attend Scottish Universities or other educational establishments. In 1952–53, 5 University bursaries totalling £577 were awarded. In addition, the Department awards Supplemental Allowances, which are analogous to the second type of State Scholarships awarded by the Ministry of Education, to Scottish students who have won approved open scholarships tenable at English Universities. In 1952–53, 59 such allowances totalling £10,234 were awarded.

(iv) *Charities and Trusts.* Many schools, often of ancient foundation, have endowments which are used to assist their pupils to proceed to a University. There are, in addition, a large number of educational charities and trusts, unattached to schools, with power to offer exhibitions or scholarships. Information about the awards available in any particular area can usually be obtained on application to the local education authority. The scholarships and exhibitions offered from these sources very often supplement other awards.

Of particular importance in Scotland is the CARNEGIE TRUST FOR THE UNIVERSITIES OF SCOTLAND, 22 Hanover Street, Edinburgh. Secretary and Treasurer : John R. Peddie, C.B.E., D.Litt. The annual income of the Trust is about £133,000, devoted to (A) the improvement and expansion of the Universities of Scotland in Science, Medicine, History, Economics and Mod. Langs.; (B) extending opportunities for post-graduate study and research; and (C) assisting Scottish students in

the payment of Univ. class fees. Assistance in the payment of class fees is confined to persons who do not hold bursaries awarded by local Education Authorities or to those holders of Education Authority bursaries the amount of which would seem to warrant additional aid from this Trust. Class fees paid for 1952–53 amounted, in all, to £20,003 and Research Fellowships, Scholarships and Grants to £32,646. Under the Quinquennial Scheme of Distribution for the period from Oct. 1, 1952, to Sept. 30, 1957, there has been allocated a sum of £284,000, distributed annually thus: St. Andrews—£10,000; Glasgow—£16,000; Aberdeen —£10,000; Edinburgh—£16,000. These "centres" include certain extra-mural Colleges to which, in all, grants of £4800 were made.

DEGREES CONFERRED BY THE UNIVERSITIES OF THE UNITED KINGDOM

The older Universities have developed out of the Universities of the Middle Ages under the compulsion of internal forces, with very little influence from outside. The historical continuity of their evolution and their individual independence account for certain customs and usages in which they differ one from another and from Universities in other countries. Their titles of degrees afford an illustration of this. A University of the Middle Ages was a Guild of learned men. Teaching was the craft of the Guild, whose fellowship carried with it the right to teach. An admitted aspirant for fellowship was termed a bachelor. The members of the Guild recognized his apprenticeship after submitting him to certain tests or, as we should term them, examinations. After gaining some experience in teaching, and successfully maintaining a thesis in public disputation, the bachelor attained to his degree. Admitted into the Guild, with its *jus ubique docendi*, he was known indifferently as doctor, master or professor. Still following this ancient usage, the first Arts degree in Scotland is the mastership, M.A. In Oxford and Cambridge, where the examination for the bachelorship grew to be the determining test, the mastership, which carries with it all the privileges of membership of the Guild or Senate, follows without further examination after an interval of two or three years, but in no case less than six years from matriculation. For convenience in standardizing the attainments of their alumni, modern Universities have divided the degree into stages—usually described as the "first" and the "higher" degrees—Bachelorship, Mastership and Doctorate. Notes on the regulations relating to these degrees are given below and a list of abbreviations for the various titles of degrees awarded by Universities appears in the preliminary pages.

First Degrees in Arts and Science

The conferment of a first degree marks the satisfactory completion of a three or four years' University course. At Oxford and Cambridge, where the Faculty of Arts is not sub-divided, B.A. is the first degree

whether the course leading to it be literary or scientific, but at all other Universities a course in Arts leads to the B.A. (in Scotland, M.A.), in Science to the B.Sc., and similarly to other titles in other departments of knowledge (*see* below). At St. Andrews the B.Litt. may be taken either conjointly with, or after, the M.A., whereas the B.Phil. of St. Andrews and the B.Litt. of Glasgow are higher degrees awarded only after advanced study. At Oxford the B.Litt. and the B.Sc. are higher degrees which are awarded only for special study and research, like the M.Litt. and the M.Sc. of Cambridge; there is no B.Sc. or B.Litt. at Cambridge.

First degree courses are of two main kinds, those in which the student specializes with some intensity, and those which enable him to spread his studies over a wider field but less intensively. Even in the latter there is always some correlation of subjects so that collectively they constitute a unified discipline. Universities describe these two types by different names; formerly the intensive kind was usually called an *Honours* degree and the other kind a *Pass* or *Ordinary* degree. These terms are still used but alternatively in some Universities they are called *Special* and *General* degrees. Special degrees are usually awarded with Honours, and General degrees may be awarded with Honours at some Universities.*

* General Honours Degrees in Arts. *Birmingham*—Hons. awarded in Gen. B.A. Examn. where sufficient merit shown. Gen. degree course given similar standing to course in a Spec. School; no course arranged for an Ord. degree. *Bristol*—Distinction between Ord. degree and degree with Hons. abolished. B.A. now conferred as Gen. degree or as Spec. degree; Hons. may be awarded in either. *Hull*—B.A. conferred either as Spec. degree in one main subj. or as Joint degree in 2 main subjs.; Hons. may be awarded in either. *Leeds*—B.A. conferred either in Gen. Studies or in Spec. Studies; Hons. may be awarded in either. For Gen. Studies degree candidates required to pursue courses in 3 approved subjs. for 3 yrs. and in approved subj. for 1 yr. *Liverpool*—B.A. conferred either as degree in Gen. Studies or as degree in Spec. Studies in 1 of Schools of Fac. Hons. may be awarded in both Gen. and Spec. Studies. *London*—Hons. not awarded at Examn. for B.A. (General) degree, at which 3 subjs. are taken. *Nottingham*—Hon. School of Gen. Studies in Arts established with standing similar to single subj. Hon. Schools. At present only Hons. combinations which may be offered in this Sch. are: Engl. and Philos.; Engl. and Econ. Hist.; German and Philos. For first 2 yrs. of course students read a 3rd subj. in addition to 2 selected for Hons. *Reading*—Composite Hons. Schools in Philos. and Engl. Lit., Philos. and German, Gk. and Engl. Lit., Lat. and Engl. Lit., Econ. and Soc. Psychol., Econ. and Soc. Philos. From 1955, Hons. may also be awarded in B.A. (Gen.) Examn. *Sheffield*—Hons. awarded in Gen. B.A. Examn. *Southampton*—Combined Hons. Schools in Classics, a Classical Lang. and Engl., and Philos. and Pure Maths. (Hons. not awarded for Gen. degree, although successful candidates classified as 1st, upper or lower 2nd class, or pass, with distinctions for named subjs. in which 1st class standard is reached.) *North Staffordshire*—B.A. awarded, after 4 yrs.' study, either as Ord. degree or with Hons. according to standard reached. This degree covers lit., social and scientific studies.

General Honours Degrees in Science. *Bristol*—Hons. degree in Gen. Sci. 3 subjs., together with course on Developt. of Sci. *Durham*—Gen. Hons. degree in Sci. instituted, courses available at King's Coll., Newcastle upon Tyne. *Hull*—B.Sc. conferred either as Spec. degree in one main subj., or as

A convenient guide indicating the single subjects or combinations of two or three subjects in respect of which Universities offer Honours or Special degrees is contained in the directory section of *Higher Education in the United Kingdom: A Handbook for Students from Overseas* (Longmans, Green, 1954). The regulations governing the award of such degrees are too complex to be conveniently summarized here, but full details are given in the University Calendars and Faculty Handbooks.

Higher Degrees in the Faculties of Arts, Science and Cognate Fields

Bachelorships

B.Litt., B.Sc. Awarded at Oxford for special study and research. The B.Litt. is awarded by Glasgow for advanced study for 2 yrs. At St. Andrews, the B.Litt. may be taken conjointly with, or after, the M.A. degree.

Joint degree in 2 main subjs. (Hons. may be awarded in either) or as Pass degree. *Leeds*—B.Sc. conferred either in Gen. Studies or in Spec. Studies; Hons. may be awarded in either. For degree in Gen. Studies candidates normally required to attend at least 9 Introd. and Gen. courses, of which 5 shall be Gen. courses and must include (*a*) courses in not less than 3 subjs. and (*b*) not less than 2 Gen. courses in each of 2 of these subjs. *Liverpool*—Gen. Sci. included among the Hons. Schools of the Fac. *London*—Hons. awarded in B.Sc. Gen. Examn.; 3 subjs. for 1 yr., 2 subjs. for 2 further yrs. *Manchester*—Hons. degree in Gen. Sci. conferred in any 1 of following sections: (*a*) Chem., Phys. and Maths.; (*b*) Bot., Zool. and Chem.; (*c*) Zool., Bot. and Geol.; (*d*) Geog. and Geol. or Bot. or Zool.; (*e*) Chem. and Physiol. with Elem. Phys. and Zool.; (*f*) Anat. and Physiol. *Nottingham*—In Hons. School of Combined Studies, students in 1st yr. read 3 subjs., 2 of which are carried on into the 2nd and 3rd yrs. *Reading*—Successful candidates in Final Examn. for B.Sc. (Gen.) (ordinarily in 3 Sci. subjs.) may qualify for a degree with Hons. (Gen.) in the 1st, 2nd or 3rd class. Normally, students in Fac. of Sci. follow course for B.Sc. (Gen.) before entering on course for B.Sc. (Spec.). *Sheffield*—Hons. may be awarded in Gen. B.Sc. Examn. under certain conditions. *Southampton*—1st and 2nd class Hons. awarded in Gen. B.Sc. Examn.

B.Phil. Awarded at Oxford to persons who have kept six terms statutory residence and have satisfied the examiners in an examn. in Philosophy or in Politics or in Economics (which may include a thesis on an approved subject) or in Greek and Latin Languages and Literature. The B.Phil. is awarded by St. Andrews for advanced study for one yr.

B.Ed., Edinburgh and Belfast; **Ed.B.**, Aberdeen, Glasgow, St. Andrews. Two yrs. after a first degree.

Masterships

M.A. At Cambridge a B.A. may, without further examination, proceed to the M.A. at the close of the 6th yr. after the end of his first term; at Oxford in the 21st term after matric. At Durham any Bachelor of the Univ. (except in Music) may submit a thesis or be examined on an approved subject. At Hull the degree is conferred on graduates who have pursued a course of supervised study for not less than 2 yrs.; the examination is by thesis and perhaps a written and oral examination as well, except in Mathematics where there is a choice between thesis and examination. At Nottingham the degree is conferred on graduates of the Univ. after advanced work extending over at least one session, and on graduates of other approved Universities after at least two sessions; a thesis and a *viva voce* examination are required, and candidates may also be requested to pass a written examination in matters relevant to the subject of their thesis. At Leeds and Sheffield the M.A. may be conferred on a B.A. with Honours or a B.Mus. of the University of not less than 1 yr.'s standing who has presented a thesis approved by the Faculty concerned, passed an oral examination and, if required by the Faculty, a written examination in matters relevant to the subject of the thesis (alternatively, at Sheffield, who has satisfied conditions laid down by regulation, and passed written and oral examinations after approved courses of study); and on other B.A.s of the University and on graduates of other Universities subject to specified conditions. At Manchester the M.A. may be conferred on Honours graduates of Manchester of 1 yr.'s standing, without further attendance, on successful presentation of a thesis on a subject approved by the Faculty concerned; the Faculty may require attendance. Other Manchester graduates are required to attend 1 or 2 yrs. according to first degree obtained. Other Universities exact a further period of study from their own graduates, followed by the presentation of a thesis, or an examination, or both, of 1 yr. at Birmingham (in certain schools at Birmingham 2 yrs. are required from overseas students) and Belfast; of 1 yr. from graduates with Honours, and 2 yrs. from others, at Wales; of 1 to 2 yrs. from all graduates at Southampton; of 2 yrs. from all graduates at Bristol, Liverpool, London (normally) and Reading. Graduates of approved Universities can, under certain conditions, obtain the Mastership after 2 yrs. of advanced study at Bristol, Leeds, Liverpool, London, Manchester, Nottingham, Reading, Southampton and Wales (thesis required) and after 1 to 3 yrs. at Sheffield. At London a thesis is required from Internal students in all branches, except Oriental Languages and Mathematics, in which it is optional, and an

examination. At Bristol, Leeds, Liverpool, Manchester and Nottingham, persons who have not graduated can obtain the M.A. degree after a course of advanced study and research extending, usually, over 3 yrs. At Leeds such candidates will be required to pass a preliminary test before being accepted for study. In Scotland the M.A. denotes the first degree in Arts and corresponds to the B.A. of an English University.

M.Sc. This degree is not conferred by Oxford or any of the Scottish Universities (except Edinburgh, where the M.Sc. is conferred on B.Sc. graduates on submission of a thesis not less than two years after graduation as B.Sc.). At Cambridge the degree is conferred upon students admitted to a course of research extending over not less than 2 yrs. and after submission of a dissertation. At Durham it can be obtained by graduates, B.Sc., of 2 yrs.' standing, after examination or thesis. At Birmingham, Bristol and Leeds, by graduates, B.Sc. with Honours (at Leeds only by own graduates, B.Sc. with 1st or 2nd Class Honours), of 1 yr.'s standing (other Bachelors of any Faculty of 2 yrs.' standing), after research (thesis required). At Birmingham there are special regulations which must be satisfied by candidates for the degree of M.Sc. in Chemical Engineering. At Hull by graduates of at least 1 yr.'s standing, thesis or examination, or both. At Liverpool, by graduates, B.Sc. with Honours, after 1 yr.'s higher study. Other graduates, or graduates of an approved University, may be admitted to a prescribed preparatory course with examination at the end. Subsequently 1 yr.'s higher study. Other persons admitted in special circumstances. Theses required in all cases. At London, by Internal students of 1 yr.'s or 2 yrs.', by External students of 2 yrs.' standing from B.Sc., by thesis or written examination; methods of examination vary in different subjects. At Manchester, by graduates, B.Sc. of 1 yr.'s standing, after thesis and examination (at the discretion of the Faculty). At Sheffield, by B.Sc. graduates who have either (i) attended the University for from 1 to 2 (pt.-time research in Education, 3) further yrs., presented a thesis approved by the Faculty concerned, passed an oral examination and, if required by Faculty, a written examination in matters relevant to the subject of the thesis or (ii) presented a short dissertation and passed written and oral and, if required, practical examinations after a full-time course of study of not less than 1 yr. in an approved subject; it may also be obtained without further residence by graduates, B.Sc. of the University, of not less than 2 yrs.' standing, who have presented a thesis approved by the Faculty and passed an oral examination. At Reading, by graduates of the University or of other approved Universities after 2 yrs.' research or advanced study and submission of thesis. At Nottingham the degree may be conferred upon graduates of the University after at least 1 yr. of further study, or upon graduates of other approved Universities after at least 2 yrs.' study. In Mycology, the degree is awarded after an examination, but in other subjects candidates are required to submit a thesis, present themselves for a *viva voce* examination and, if required, a written examination. The course for an M.Sc. degree in Mycology is of 1 year's duration. At Southampton, in the Faculty of Science, by thesis after

at least 1 calendar yr. and normally 2 academic yrs.' advanced study and research (i) upon graduates in Science of the University and of other approved Universities; (ii) upon non-graduates under certain conditions. The M.Sc. Wales may be conferred on a graduate of the University of Wales or of another approved University, 2 yrs. required from a Pass graduate, 1 from an Honours graduate. Graduates of other Universities must pursue a scheme of research in a constituent College of the University for not less than 2 yrs. A thesis is required from all candidates. At all Universities awarding the degree, graduates of approved Universities are accepted as candidates. The period of study prescribed is 2 yrs., Belfast, 1-2 yrs.

M.Eng., M.Met., M.Sc. (Eng.), M.Sc. (Min.), M.Sc.Tech., M.Tech., Master's degrees in Engineering, Metallurgy, Mining, and Technology are conferred as follows: Liverpool, in Faculty of Engineering, M.Eng. upon (i) Honours graduates B.Eng. of the University after 2 yrs.' postgraduate practice and 3 terms' course in the University, thesis necessary, examination may be required; upon (ii) other graduates B.Eng. after 3 yrs.' postgraduate practice and 6 terms' course in the University, thesis necessary, examination may be required; upon (iii) graduates, over 21 yrs. of age, in a Faculty other than Engineering or graduates of an approved University, after thesis, examination, and 2 yrs.' course in the University; also upon (iv) non-graduates, under certain conditions. London, in Faculty of Engineering, M.Sc. (Eng.) as an internal degree upon graduates of the University or another approved University after 1 yr.'s course (graduates of other Universities are debarred from proceeding direct to higher degrees as *external* students), thesis or dissertation and oral examination required, written examination may be required. Manchester, in the Faculty of Technology, M.Sc. Tech. by thesis and examination upon graduates of the University of 1 yr.'s standing and upon graduates of other approved Universities through research at Manchester during 2 (non-graduates, 3) yrs. Sheffield, in the Faculty of Engineering, M.Eng. and M.Sc. Tech. by thesis, upon (i) graduates B.Eng. or B.Sc. Tech. of 2 yrs.' standing and (ii) after 1 to 2 yrs.' advanced study and research by appropriately qualified graduates, B.Eng. or B.Sc. of any approved University; in the Faculty of Metallurgy, M.Met., upon appropriately qualified graduates in Metallurgy, Pure Science or Engineering of any approved University, either by thesis after research for an approved period of 1 to 2 yrs. or by examination and presentation of a dissertation after an approved period of advanced study; M.Sc. Tech., upon appropriately qualified graduates in Metallurgy, Pure Science, Fuel or Glass Technology of any approved University, either by thesis after research for a period of 1 to 2 yrs. on a subject related to refractory materials or by examination and presentation of a dissertation after an approved period of advanced study in refractory materials. Southampton, in Faculty of Engineering, M.Sc. (Eng.), by thesis after at least 1 calendar yr. and normally 2 academic yrs.' advanced study and research, upon (i) graduates B.Sc. (Eng.) or B.Sc. of the University and of other approved Universities; (ii) upon non-graduates under certain conditions. Wales, in Faculty of Technology, upon graduates of the University after 1 yr.'s advanced work.

Other Titles of Mastership conferred by various Universities

M.A. in Arch., London; M.A. (Econ.), Manchester; M.A. (Ed.), Southampton; M.Agr., Belfast; M.Arch., Liverpool; M.C.D., Liverpool; M.Com., Birmingham, Durham, Leeds, Liverpool, London; M.Ed., Durham, Hull, Leeds, Manchester, Nottingham; M.Litt., Cambridge, Durham; M.Met., Sheffield; M.Sc. Doctorates

The Doctorate in Letters or in Science or in related fields **(Litt.D., D.Lit., D.Litt., D.Sc. (Econ.), Sc.D., D.Sc., D.Sc. (Eng.), D.Eng., D.Met., D.Sc. Tech., D.Tech.)** is conferred upon Masters of Arts or Science (in certain cases Bachelors) or Doctors of Philosophy of the University awarding the degree, distinguished by their contributions to the advancement of knowledge. The claim to the degree must be based either upon a special thesis or upon published works. In certain Universities the Faculty may require the applicant to appear for examination. An applicant for the Doctorate must be of the following standing: Birmingham, 7 yrs. from B.A., or 5 yrs. from B.Sc., 5 from M.A., or 4 from M.Sc., or 3 from Ph.D.; Bristol, 6 yrs. from B.Sc., 4 from M.A. or M.Sc., 3 from Ph.D.; Cambridge, 8 yrs. from first degree; Durham, 10 yrs. from B.A. (D.Litt.), 6 yrs. from B.Sc. or 4 from M.Sc. or Ph.D. (D.Sc.); Hull, 10 yrs. from Bachelor's or Master's degree, 5 yrs. from Ph.D.; Leeds, 6 yrs. from B.A. or B.Sc.; Liverpool, on M.A.s 7 yrs. from B.A. (Litt.D.), on graduates of 6 yrs.' standing (D.Sc.), 5 yrs. from M.Eng. or Ph.D.Eng. (D.Eng.); London, at any time after obtaining M.A., M.Sc. or Ph.D.; Manchester, at any time after M.A. or Ph.D. (Litt.D.), 4 yrs. from M.Sc., M.Sc.Tech. or Ph.D. (D.Sc.); Nottingham, 7 yrs. from first degree; Oxford, 30 terms from matriculation for M.A.s, names on books of a Society for 20 terms for holders of B.Litt., B.Sc. or Ph.D.; Reading, 6 yrs. from B.A. or B.Sc., 4 from M.A. or M.Sc., 3 from Ph.D.; Sheffield, 5 yrs. from B.A. or B.Sc.; Southampton, 6 yrs. from first degree; Wales, 10 yrs. from B.A. or B.Sc., 3 from M.A. or M.Sc., 2 from Ph.D.; Scottish Univs., 5 yrs. from M.A. or B.Sc.; Belfast, 6 yrs. from B.A. (D.Lit.), 5 yrs. from Bachelor's degree in any Faculty (D.Sc.).

Certain Universities permit graduates of approved Universities with degrees substantially equivalent to those required from their own graduates to become candidates for doctorates in Letters and Science after a period of research at the University awarding the degree, under the following conditions: Bristol (D.Sc. only), 3 yrs.' research; Manchester (D.Sc. only), 2 yrs.' research, 4 yrs.' standing from first degree; Reading, 4 yrs.' research, 7 yrs.' standing from first degree; Scottish Univs., research during 2 winter sessions (St. Andrews—4 terms for D.Litt., 6 terms for D.Sc.), 5 yrs.' standing from first degree.

Degrees in the Faculty of Divinity

B.D. Awarded by all Universities except Bristol, Liverpool, Reading, Sheffield and Southampton. This degree is conferred by Birmingham upon its own graduates and those of approved Universities after 2 yrs.' further study, the passing of an examination and the presentation of a thesis; by Cambridge upon its own graduates only of not less than 5 yrs.' standing from admission to a first degree, after submission of a dissertation or published works; by Durham, after examination and submission of a thesis, upon its own graduates of 3 yrs.' standing, and upon graduates of approved Universities who hold the Durham diploma in Theology; by Leeds upon its own graduates and those of approved Universities after 2 yrs.' further study, examination (waived in case of B.A.s in Spec. Studies in Theol.) and submission of a thesis; by London, following a 3-yr. course from matriculation, after examination; by Manchester, by examination, upon its own graduates and those of approved Universities following 2 yrs.' further study or, in the case of non-graduates, 3 yrs. after completing the intermediate courses for an Ordinary degree in the Faculty of Arts; by Nottingham, after submission of a thesis, a *viva voce* examination and, if required, a written examination, upon its own graduates in Theology after at least 1 yr.'s further study, upon other graduates after 2 yrs.', and non-graduates after 4 yrs.'; by Oxford, after examination and submission of a dissertation or published works, upon Oxford M.A.s and graduates of approved Universities following 6 terms' study and residence at Oxford Univ.; by Wales, and each of the Scottish Universities, upon their own graduates and those of approved Universities, after 3 yrs.' further study and examination; by Belfast, upon graduates of approved Universities, after 2 yrs.' further study and examination. The B.D. may be taken with Honours at some Universities.

M.Th. London confers this degree, by examination, after a course of not less than 2 yrs., on holders of its B.D. at Honours standard.

D.D. This degree is conferred by all Universities granting a first degree in Divinity, but only the University of Manchester permits graduates of other approved Universities to become candidates for the degree. At the Scottish Universities the D.D. is conferred only as an Honorary Degree. At London it is conferred upon Bachelors of Divinity who took Honours in at least one subject, on presentation of published work, or of a thesis, followed by an examination if the examiners so desire. At other Universities it is conferred in consideration of published works or a dissertation (and, at Oxford, a *viva voce* examination if the judges so desire). The requisite standing is, at Birmingham, 5 yrs. from B.D. of Birmingham or other approved University (or from second degree in which Theology has been a main part of second degree course), at Cambridge, 3 yrs. from B.D.; Durham, 10 yrs. from B.A., 5 yrs. from B.D.; Manchester, 4 yrs. from B.D. (or 6 yrs. for Bachelors of Divinity of other Universities who have studied for 2 yrs. at Manchester); Nottingham, graduates of University of 7 yrs.' standing from first degree; Oxford, 14 yrs. from matriculation, or, if he was admitted to the degree of B.D. as a graduate of another Univ., the candidate must

have attained the age of 33 ; Wales, 6 yrs. from B.D. ; Belfast, 6 yrs. from B.D. ; on submission of thesis or published work.

Degrees in the Faculty of Law

LL.B. At the Universities of Birmingham, Bristol, Durham, Hull, Leeds, Liverpool, London, Manchester, Nottingham, Sheffield, Wales and Belfast the course for the LL.B. extends over 3 yrs. from matriculation (with honours, 4 yrs. in some cases). At Cambridge students who have obtained Honours in Part I or II of the Law Tripos are admitted to the LL.B. examination not earlier than the tenth term after their first, and other approved students are also admitted subject to regulations regarding residence and study. At Southampton the LL.B. can only be taken after completion of the course for the first degree in law, B.A. (Law), which extends over 3 yrs. from matriculation and is awarded with Honours. At the Scottish Universities candidates must be graduates in Arts of approved Universities and pursue a course of study for 3 yrs.

The University of Oxford does not confer the degree of LL.B. and the University of Reading confers no degrees in Law.

B.C.L. (Durham and Oxford). At Durham candidates must be Bachelors of Arts of the University of 2 yrs.' standing. At Oxford they must be graduates and keep residence for 6 terms (Bachelors of Arts of the University, 12 terms from matriculation).

B.L. (Aberdeen, Edinburgh, Glasgow and St. Andrews). Candidates must pass the Preliminary or an equivalent examination and pursue an approved course of study for 3 yrs.

LL.M. Conferred by Birmingham, Bristol, Durham, Hull, Leeds, Liverpool, London, Manchester, Nottingham, Sheffield, Southampton and Wales on graduates of the University and of approved Universities ; by Cambridge on LL.B.s of the University of 2 yrs.' standing, by thesis. *Graduates of the University* : At Leeds, Nottingham and Sheffield, on LL.B.s of 1 yr.'s standing, at Bristol, Durham and Manchester, of 2 yrs.' standing (at Manchester 1 yr. for persons who have graduated LL.B. with Hons. in the Univ.), on presentation of thesis. By examination at Birmingham after 1 yr.'s study, at London after 2 yrs.' study. At Hull by thesis and examination after 2 yrs.' study. At Liverpool, on graduates LL.B. with Honours, after 2 yrs.' study ; on graduates Ordinary LL.B., and graduates of other Univs., subject to passing a prescribed examn. or by presenting an approved dissertation, after 2 yrs.' study (non-graduates, approved dissertation, after 3 yrs.' study). At Southampton, on graduates after at least 1, and normally 2, yrs.' study. At Wales, on LL.B.s 1 yr. after passing Honours examination or preliminary examination and not less than 5 yrs. after beginning scheme for LL.B., on presentation of a thesis. *Graduates of approved Universities* : Birmingham, after 1 yr.'s study, by examination ; Southampton, after at least 1, and normally 2, yrs.' study. Bristol, Durham, Leeds, Manchester, Nottingham and Wales, after 2 yrs.' study, by thesis ; Liverpool, 2 yrs.' study, by examination or thesis ; Hull

and Sheffield, 2 yrs.' study, by examination and thesis ; London, 2 yrs.' study, by examination.

LL.D. or **D.C.L.** (Durham, Oxford). By the Scottish Universities the Doctorate is awarded only as an Honorary degree. Other Universities, unless the degree be awarded as an Honorary degree, require the submission of a thesis, dissertation or published works, and may require attendance at an examination. The requisite standing for the Doctorate is, at London, any time after the LL.M. or Ph.D. ; Manchester, 2 yrs. from LL.M. or 4 yrs. from LL.B. ; Belfast, 5 yrs. from LL.B. if thesis ; Sheffield, 4 yrs. from LL.B. or Ph.D. in Faculty of Law ; Birmingham, 5 yrs. from LL.B. or 3 yrs. from LL.M. ; Oxford (D.C.L.), 5 yrs. from B.C.L. ; Cambridge, 8 yrs. from first Cambridge degree ; Bristol, 4 yrs. from LL.M. ; Liverpool, 5 yrs. from LL.M. ; Leeds, 5 yrs. from LL.B. ; Durh. (D.C.L.), 10 yrs. from B.A. or B.C.L. ; Wales, 10 yrs. from graduation or 3 yrs. from LL.M. or 2 yrs. from Ph.D.; Southampton, 6 yrs. from first degree. At Nottingham the degree is awarded to graduates of the University of 7 yrs.' standing after report on published contributions to learning.

Degrees in the Faculties of Medicine and Surgery and Cognate Fields

M.B., Ch.B. (**M.B., B.Chir.**, Cambridge ; **M.B., B.S.**, Durham and London ; **B.M., B.Ch.**, Oxford ; **M.B., B.Ch.**, Wales ; **M.B., B.Ch., B.A.O.**, Belfast). First degrees in Medicine and Surgery are awarded by all Universities except Hull, Nottingham, Reading and Southampton and are obtainable as ordinary degrees or with honours (Hons. not awarded at Oxford, Cambridge or St. Andrews). Cambridge provides pre-clinical but not clinical instruction. The regulations for these degrees are practically uniform. Satisfactory attendance is required during at least five years (generally six) at recognized courses of study and hospital practice. 4 examinations (in some Universities grouped as 2 or 3) must be passed. At Leeds and Belfast, all examinations must be passed at the University granting the degree, but at Birmingham, Bristol, Cambridge, Durham, Liverpool, London, Oxford (Senior Students), Sheffield, Wales and the Scottish Universities a candidate may be exempted from the first examination in Chemistry, Physics and Biology if he has passed an equivalent examination elsewhere ; at Manchester exemption may be granted in Physics and/or Chemistry of the first M.B., Ch.B. examination only. Aberdeen, Edinburgh and St. Andrews extend this concession to courses and examinations in Anatomy and Physiology qualifying for a degree in Science (Edinburgh, in Science or Medicine ; St. Andrews, in Science, Arts or Medicine). Study in the University for at least 3 yrs. is required (2 yrs., Leeds, Manchester and St. Andrews), except for external degrees of the University of London, where candidates study for 4½ yrs. (after the First Examination) at any recognized Medical School, 1 yr. of which must be spent in the United Kingdom. The Universities of Oxford and Cambridge require 3 yrs.' residence, but allow students to do any or all of their clinical work at other recognized

Medical Schools. At Oxford candidates must graduate B.A. before admission to a medical degree.

M.A.O. Master's degrees in Obstetrics are conferred by Belfast.

M.D. (**D.M.,** Oxford). This degree is awarded by all Universities except Hull, Nottingham, Reading and Southampton. At each University which awards it (except Birmingham and Bristol) the degree is open (by examination and/or thesis) only to the University's own Bachelors of Medicine and Surgery of, ordinarily, at least 2 yrs.' standing (Cambridge, 8 yrs. from admission to first Cambridge degree; Leeds, graduates M.B., Ch.B. of 3 yrs.' standing; Liverpool, graduates M.B., Ch.B. of 2 yrs.' standing may take M.D. by thesis: 5 yrs.' standing is required for M.D. by examination; London (Pt. II of M.D. examination), graduates M.B., B.S. of 5 yrs.' standing (Pt. I, 2 yrs.'); Aberdeen, Glasgow and St. Andrews, graduates M.B., Ch.B. of 1 yr.'s standing, under certain conditions, otherwise 2 yrs.'; Oxford, 10 yrs. from matriculation; Belfast, graduates M.B., B.Ch. of 3 yrs.' standing (2 yrs. if Belfast B.A. or B.Sc. also held)). At Birmingham the M.D. is open to Birmingham graduates M.B., Ch.B. of 5 yrs.' standing and to graduates in medicine of approved Universities who have been in possession for 5 yrs. of a degree recognized by the General Medical Council for the U.K. and have been engaged in approved postgraduate study in the University for not less than 2 yrs. At Bristol the M.D. is open to Bristol graduates M.B., Ch.B. of 2 yrs.' standing and to graduates in medicine of approved Universities who have pursued original research in the University for 2 yrs.

Ch.M. (**M.Chir.,** Cambridge; **M.S.,** London; **M.Ch.,** Oxford, Wales and Belfast). This degree is awarded by all Universities except Hull, Durham, Nottingham, Reading and Southampton. At each University which awards it (except Birmingham, Bristol and Liverpool) the degree is open (by examination and/or thesis) only to the University's own Bachelors of Medicine and Surgery of, ordinarily, at least 2 yrs.' standing (Leeds and Manchester, graduates M.B., Ch.B. of 5 yrs.' standing; London (Pt. II of M.S. examination), graduates M.B., B.S. of 5 yrs.' standing (Pt. I, 2 yrs.'); Oxford, graduates B.M., B.Ch. in or after the 30th term from matriculation; Sheffield, graduates M.B., Ch.B. of 3 yrs.' standing; Wales, graduates M.B., B.Ch. of 3 yrs.' standing; Aberdeen, Glasgow and St. Andrews, graduates M.B., Ch.B. of 1 yr.'s standing, under certain conditions, otherwise 2 yrs.'; Belfast, graduates M.B., B.Ch. of 3 yrs.' standing (2 yrs.' if Belfast B.A. or B.Sc. also held). At Birmingham the Ch.M. is open to Birmingham graduates M.B., Ch.B. of 5 yrs.' standing; graduates in Medicine of recognized Universities, who are not past students of the Birmingham Medical School, must have been in possession for 5 yrs. of a degree recognized by the General Medical Council for the U.K. and must have been engaged in approved postgraduate study in the University for not less than 2 yrs. At Bristol the Ch.M. is open to Bristol graduates M.B., Ch.B. of 2 yrs.' standing, and to graduates of approved Universities who have pursued original research at Bristol for 2 yrs. At Liverpool, open after 1 yr.'s study to (*a*) graduates in Medicine of Liverpool or an

approved University, (*b*) graduates, in a Faculty other than Medicine, of Liverpool or an approved University who hold a medical qualification registrable in Great Britain of 5 yrs.' standing ; thesis required.

The **M.Ch. Orth.** is granted by Liverpool ; open to (*a*) graduates in Medicine of Liverpool or an approved Univ., (*b*) graduates in a Faculty other than Medicine of Liverpool or an approved Univ., who are Fellows of the R.C.S. of England, Edinburgh, Ireland, Canada or Australasia or of the American College of Surgeons, or hold the Fellowship *qua* surgeon of the R. Fac. of Physicians and Surgeons, Glasgow. Attendance at Liverpool of 12 or 15 months before examination is required. Durham grants a **D.Ch.**, open only to the University's own Bachelors of Medicine and Surgery of 6 yrs.' standing.

Degree of **M.Rad.** (in either Radio-diagnosis or in Radiotherapy), Liverpool. Open to holders of Diploma in Radiology, who have not failed more than once in either part of Diploma examn., upon presentation of thesis at least two yrs. after Diploma.

Degrees in Dentistry—**B.D.S.** (**B.Ch.D.**, Leeds)—are granted by all Universities except Cambridge, Hull, Nottingham, Oxford, Reading, Southampton, Wales, Aberdeen (period of study generally about 5 yrs.). Diplomas in Dental Surgery—**L.D.S.**—are awarded by the Universities of Bristol, Durham, Leeds, Liverpool, Manchester and Sheffield (period of study generally 4 yrs. ; Liverpool and Sheffield, 5 yrs.). At Belfast the L.D.S. may be granted after the same period of study as for the B.D.S. but is awarded to those candidates who have reached a suitable standard for the licence but not reached the higher standard required for the degree. The degree of Master of Dental Surgery—**M.D.S.** (**M.Ch.D.**, Leeds)—is awarded by all Universities granting a first degree. Candidates must generally be Bachelors of Dental Surgery of 1 to 3 yrs.' (Birmingham, 5 yrs.') standing and must present a thesis and/or undergo an examination. At Leeds, in addition to having been admitted to the degree of Bachelor of Dental Surgery at least 1 yr. previously, candidates must also provide evidence of having spent at least 1 yr. in approved Dental Hospital practice or 2 yrs. as a Dental Surgeon. The Universities of Manchester and St. Andrews confer the degree of **D.D.S.** (**D.D.Sc.**, St. Andrews) on graduates in Dental Surgery (or graduates in Medicine and Surgery or in Science, who hold an approved dental qualification) of the University (in the case of Manchester) of 2 yrs.' standing, after 2 yrs.' approved study and research and submission of thesis (in the case of St. Andrews) of 5 yrs.' standing on submission of thesis.

Degrees in Pharmacy are conferred by London, Nottingham and Wales (**B.Pharm.**), by Manchester and Glasgow (**B.Sc.** in Pharmacy), by Leeds (**B.Sc.** in Spec. Studies in Pharmacy and Pharmacol.) and by Belfast (**B.Sc.** in Pharmaceutics). The course extends over 3 yrs. except at Nottingham and Glasgow, where it extends over 4 yrs. and leads to an Honours degree ; at Manchester the Honours course extends over 4 yrs., the Ordinary degree course over 3 yrs. Honours are also awarded by London.

The degree of Master of Pharmacy (**M.Pharm.**) is awarded by

Nottingham after a course of not less than 1 yr. for graduates in Pharmacy of the University, 2 yrs. for other graduates and 4 yrs. for suitably qualified non-graduates. A thesis and *viva voce* examn. are required and there may also be a written examn. At Wales, 2 yrs. for candidates holding the degree of B.Pharm. or for graduates of other Universities.

Degrees in Public Health are conferred by Durham (**D.Hy.**) and by Glasgow (**B.Sc.** and **D.Sc.** in Public Health). Candidates for the Bachelor's degree must be graduates in medicine of 2 yrs.' standing; the D.Sc. (Glasgow) is conferred 5 yrs. after the Bachelor's degree. The **D.Hy.** (Durham) is open only to the University's own Bachelors of Medicine and Surgery of 6 yrs.' standing.

Degrees in Veterinary Science are awarded by Bristol (**B.V.Sc.**), Liverpool (**B.V.Sc.**; **M.V.Sc.** on B.V.Sc. or equivalent after 2 yrs.' further study and thesis; and **D.V.Sc.** 3 yrs. after M.V.Sc. for published contributions to science), London (**B.Sc.** in Veterinary Science, **M.Sc.** 1 or 2 yrs. later by examination and **D.Sc.** open to Masters for original contributions to advancement of science) and Edinburgh (**B.V.M.S.**, and **D.V.M.S.** 3 yrs. later by thesis). The degree of Bachelor of Veterinary Medicine (**Vet.M.B.**) has been introduced at Cambridge and is a registrable qualification. A degree in Veterinary Medicine (**B.Vet.Med.**) has been introduced at London. It conforms in structure to M.B., B.S., and is a registrable qualification. Glasgow awards the **B.V.M.S.** and has established the **M.V.S.**

Degrees in the Faculty of Music

B.Mus. (**Mus.B.**, Cambridge and Manchester; **Mus.Bac.**, Edinburgh). Awarded by all Universities except Liverpool, Reading, Southampton, Aberdeen and St. Andrews. At Birmingham, Cambridge, Leeds, London, Manchester, Nottingham, Sheffield, Wales, Edinburgh, Glasgow and Belfast students must pass the same Entrance Examination (Matriculation, Previous or Preliminary) as students in Arts. At Birmingham, where the degree is an Honours Degree, they must also have passed the Intermediate Arts Examination with Music as a subject, or be exempted therefrom. They must also pass an examination in execution. At Bristol they must have studied Music as a subject in both parts of the curriculum of the general degree of B.A. At Cambridge the degree is obtainable after honours in the Music Tripos by passing the Mus.B. examn. At Durham students are admitted on passing the Entrance Examination in Music or on exemption therefrom. At Hull it is a higher degree. At Nottingham candidates at admission must show proficiency in performance on the piano or some other approved instrument. At Oxford they must obtain a First or Second Class in the Final Honour School of Music and pass the necessary B.Mus. examinations. At Sheffield they must pass the Intermediate Examination for the B.A. degree. In Wales they must attend first yr. classes in Arts or Science in addition to the Music course. Residence is not obligatory at London or Durham. At Edinburgh students must study Music in the University for one whole winter session. As a rule, the course extends over 3 yrs. with two, or three, examinations, including an exercise for the Final

examination. At Bristol there is one examination and the course extends over one year after the General Degree of B.A. Honours in this degree are obtainable at Birmingham, Bristol, London, Manchester, Edinburgh, Glasgow and Wales. At Belfast the degree (B.Mus.) is of Honours standard and is awarded in the Faculty of Arts.

Music can also be studied in the Faculty of Arts as part of B.A., B.A.(Mus.), B.A. (General), B.A. (Honours), or B.A. (Special Studies) (Scottish Universities, M.A.) degree courses at all Universities. The degree of B.A. (Scottish Universities, M.A.) with Honours in Music (sometimes in combination with a second subject) may be awarded by the Universities of Cambridge, Durham, Hull, Oxford, Reading, Sheffield, Wales, Aberdeen and Glasgow.

M.Mus. (**Mus.M.**, Cambridge). At Cambridge conferred on Bachelors of Music of the University of 3 yrs.' standing, after examination and submission of an exercise ; at Wales on Bachelors of Music, and Bachelors of Arts with Honours in Music, of the University of ordinarily 2 yrs.' standing, after examination and submission of an exercise ; at Birmingham on Bachelors of Music of Birmingham and other approved Universities after 1 yr. of approved study or research, examination and submission of 3 original compositions or a thesis.

D.Mus. (**Mus.D.**, Cambridge and Manchester ; **Mus.Doc.**, Edinburgh). Conferred after examination and submission of original composition or thesis on Bachelors of Music of the University—London (2 yrs.' standing), Oxford and Edinburgh (3 yrs.' standing—Oxford also on M.A.s), Manchester (4 yrs.' standing, after 1 yr.'s further study), Birmingham, Bristol, Durham, Sheffield, Glasgow and Belfast (5 yrs.' standing—Birmingham also 3 yrs. from M.Mus.). Cambridge, 8 yrs.' standing from first Cambridge degree, in recognition of distinction as composer. Wales, 10 yrs.' standing or 2 yrs. after M.Mus., on submission of original composition. The doctorate is conferred on graduates of approved Universities by Durham (same conditions as for graduates of the University), Manchester (2 yrs.' study at the University) and Glasgow (3 yrs.' study at the University). The Mus.Doc. may also be conferred, as an Honorary Degree, at Edinburgh.

Doctor of Philosophy

Ph.D. (**D.Phil.**, Oxford). All the United Kingdom Universities confer this degree. There is no minimum age limit for candidates entering upon a course of advanced study and research for the Ph.D. (except at London, Aberdeen, Edinburgh and Glasgow where 21 is the minimum age) but they must ordinarily be graduates either of the University or of some other approved University ; must have pursued their studies at a University or Universities for a period of at least 3 yrs. (Liverpool—2) ; and must produce evidence of fitness for the proposed course of study and research. The course extends over 2 yrs. at most Universities ; at Cambridge, Hull, Reading, Sheffield, Aberdeen, Glasgow and St. Andrews, the prescribed course of study is 3 yrs., which may, under certain conditions, be reduced to 2 yrs. Part-time study is permitted at London. In the Faculty of Arts at Birmingham at least

3 yrs. part-time study is acceptable in approved cases where candidates possess M.A. or degree of equivalent status acquired by full-time study. At Sheffield, under certain conditions, part-time research for not less than four yrs. is accepted in Arts and Law. At Nottingham, part-time research for not less than 4 yrs. may be permitted, if substantial laboratory work is not involved. At Southampton and Edinburgh, part-time research for not less than 3 yrs. may be permitted in the case of graduates of the University. At St. Andrews part-time research, subject to conditions in certain cases, may be permitted in the case of graduates of the University. Candidates on completion of research must present thesis and submit to oral examination on thesis. The degree is granted in any Faculty (Bristol : except Law) in which the University is prepared to receive advanced students.

A candidate for the degree of Ph.D., as an External student of the University of London, must have graduated in the Faculty of Theology, Arts, Laws, Music, Science, Engineering, or Economics in that University not less than 2 academic yrs. previously.

Lambeth Degrees

Under the Peter Pence Act (25 Henry VIII Cap. 21) the Archbishop of Canterbury has the power to grant degrees which he exercised before the Reformation as *Legatus Natus* of the Pope. The degrees are in the Faculties of Theology, Medicine, Music and Law though, in effect, the granting of degrees in medicine was almost nullified by the Medical Act of 1858.

Adult Education

University Extension Courses have been promoted by the Universities of Cambridge, Oxford and London for 80 years. At Cambridge they were known as local lectures and were initiated in 1873. Oxford and London took up the work soon afterwards, and since then the other Universities and University Colleges have followed suit. These courses number several hundreds and vary in length from 6 to 25 lectures. In 1926 the Universities Extra-Mural Consultative Committee was established to consider the many aspects of extra-mural work now undertaken by the Universities, and to contribute towards the formation of a common policy. The Committee was reconstituted in 1946 as the Universities Council for Adult Education (Hon. Secretary and Treasurer, W. E. Salt, O.B.E., M.A., B.Com., Dept. of Adult Educn., The University, Bristol, 8), and is representative of each University and independent University College of England, Wales, and Northern Ireland, and of some of the Universities of Scotland. An *Annual Report* is printed, which gives tabular statements of the activities of University Extra-Mural Departments.

In 1903 *The Workers' Educational Association* was founded. In 1907 relations were established with Oxford University. Since that date relations have been established with all the Universities and University Colleges, and there are joint committees composed of representatives of the University or College and the W.E.A., which promote Three-Year

Tutorial Classes, Advanced Tutorial Classes, Vacation Courses, etc. The W.E.A. is recognized by the Ministry of Education as a responsible body and most of these classes and courses, together with the thousands of classes which it provides independently of the Universities, rank for grants from public funds. General Secretary, Harry Nutt, Central Office: 27 Portman Square, London, W.1. (*Telephone*: Welbeck 0491.)

The *National Institute of Adult Education* (*England and Wales*), 35 Queen Anne Street, London, W.1; *Telephone*: Langham 3155 (Sec.: E. M. Hutchinson, M.A.), is a Central Body for Adult Education in which all substantial interests are nationally focused. Independent and consultative, it advises on the liberal education of adults and seeks to promote understanding and co-operation on matters of common interest. It convenes an annual conference and has a representative council meeting not less than twice a year. While it is not a "providing" body, the Institute encourages enquiry and experiment in adult education and publishes or encourages publication of results. It serves as a centre of information and undertakes such other functions as its council may, with the consent of the associated bodies, determine.

Membership extends both to corporate bodies and individuals. The bodies eligible for corporate membership are the Universities and University Colleges, the Local Education Authorities, the educational directorates of H.M. Forces, and a wide range of voluntary agencies. Individual membership maintains the tradition of the former British Institute of Adult Education (*see Yearbook* for 1948). The National Institute publishes quarterly *Adult Education* (annual subscription, 10s. 6d.); a six-monthly *Calendar of Residential Courses* (price 1s.); a Directory of Organizations entitled *Adult Education in the United Kingdom* (2nd edition, 1952, with 1953 supplement, price 3s. 6d.); a *Select Bibliography of Adult Education* (price 12s. 6d.); and a *Guide to Studies in Adult Education* (price 2s.), published in March each yr. as a running supplement to the Bibliography.

Committee of Vice-Chancellors and Principals

In May 1918 Mr. Balfour summoned at the Foreign Office a Conference of representatives of all the Universities for the purpose of putting before them a proposal that on the invitation of the Government of the United States a Universities' Mission should be sent to America. At this meeting Mr. Balfour took the opportunity of pressing upon the Universities the desirability of establishing a representative body to which matters of interest to the Universities might be referred by Government Departments. He urged the necessity of the creation of "an organ of expression" which would voice the desires and aspirations of the British Universities and represent them in their relations with the Universities of other nations. At a subsequent meeting the Conference resolved that "it is desirable in the interests of the Universities and of the nation that steps be taken to promote co-operation and mutual consultation among the Universities of Great Britain and Ireland, and, further, that the Vice-Chancellor or Principal of each University or a deputy appointed by him, together with the Executive

Committee of the Universities Bureau, be appointed a ' Standing Committee ' to consider any matters of common interest arising out of the proceedings of this Conference or submitted to it by the Government, and to report from time to time to the Conference."

The Standing Committee of Vice-Chancellors dealt with a number of subjects of common interest to the Universities, which are mentioned in previous issues of the *Yearbook*.

In 1929 the Standing Committee of Vice-Chancellors was dissolved and a Consultative Committee of Vice-Chancellors and Principals was established in its place. A new constitution of the Committee was adopted in 1950 under which its title was changed to " The Committee of Vice-Chancellors and Principals of the Universities of the United Kingdom." Besides the Vice-Chancellors and Principals of the Universities its membership includes the Principals of the independent University Colleges of Exeter, Leicester, and North Staffordshire. The deliberations of this Committee cover all subjects of common interest to Universities. Annual conferences of the Home Universities have been held from 1946 onwards (except 1953). The Association of Universities of the British Commonwealth provides the secretariat of the Committee of Vice-Chancellors and Principals. The two organizations have a common office at 36 Gordon Square, London, W.C.1 (*Telegrams and Cables*: Uniburb, Westcent, London; *Telephone*: Euston 8572), the *Secretary* of the Committee being Dr. J. F. Foster. The *Chairman* of the Committee for 1954-55 is Sir Charles R. Morris, M.A., LL.D., D.Litt., Vice-Chancellor of the University of Leeds.

Parliamentary Representation of Universities

University representation in Parliament dated from 1603, when Oxford and Cambridge were granted by King James I the right to send two representatives each to the House of Commons. The privilege was subsequently extended to other Universities. In the Parliament elected in 1945 there were two representatives for Oxford, two for Cambridge, one for London, two for the combined Universities of Birmingham, Bristol, Durham, Leeds, Liverpool, Manchester, Reading and Sheffield, one for Wales, three for the combined Scottish Universities of Aberdeen, Edinburgh, Glasgow and St. Andrews, and one for the Queen's University of Belfast.

By the Representation of the People Act, 1948, separate University constituencies in the Parliament of the United Kingdom were abolished from the end of the existing Parliament, and accordingly University representation came to an end with the dissolution of February 1950. It still continues, however, in the Parliament of Northern Ireland (*see* p. 657).

GENERAL INFORMATION

Mason Science College, founded in 1880 by Sir Josiah Mason, was re-named Mason College in 1892 when it merged with the Medical Faculty of Queen's College. In 1894, the Birmingham Training College for Teachers in Elementary Schools was transferred to Mason College which was incorporated by Act of Parliament three years later as "The Mason University College." This institution was absorbed in the University of Birmingham, incorporated by Royal Charter in 1900. The Charter prescribes instruction in all branches of a liberal education, particularly in relation to the manufacturing, commercial and industrial pursuits of the Midlands.

The main Univ. bldgs. which were opened in 1909 at Edgbaston, about 3 miles from the centre of Birmingham, now house the Facs. of Science (Pure and Applied) and Commerce and Social Science, together with the Barber Inst. of Fine Arts (v. p. 50) opened in 1939, and the Students' Union and St. Francis Hall, erected in 1937. Adjoining the Edgbaston site is the Medical School, opened in 1938, at the Hospitals Centre site. The Facs. of Arts and Law, and the Depts. of Educn. and Extra-Mural Studies, are still housed in the bldgs. of Mason College in Edmund St. in the centre of the city, but it is intended to provide accomm. for them at the Edgbaston site as soon as bldg. restrictions will allow.

CONSTITUTION. The governing body of the University is the Court of Governors (presided over by the Chancellor), whose executive committee is the Council, which submits an annual report to the Court; the Senate, which consists of the Vice-Chancellor and Principal, Vice-Principal, Deans of all Faculties and all Professors, regulates academic matters and its activities are subject to review by Council. The Pro-Chancellor presides over the Council and the Vice-Chancellor over the Senate. There are 5 Faculties, presided over by the Deans, which have their own Advisory Boards and Committees. The Delegacy of the Institute of Education reports direct to Senate.

INCOME (1952–53). Total income, £1,205,985 (Endowment, Donations and Subscriptions, £65,208; Grants from Local Authorities, £48,700; Parliamentary Grants, £888,220; Students' fees, £135,745; Contributions for Services of Staff, etc., £51,643; Other Income, £16,469).

FACULTIES AND DEANS. *Arts*, Prof. H. A. Cronne (Med. Hist.); *Commerce and Social Science*, Prof. G. Walker (Econ.); *Law*, Prof. O. H. Phillips (Jurisprud.); *Medicine*, Prof. A. P. Thomson (Therapeutics); *Science*, Prof. K. Mather (Genet.).

LIBRARY, about 450,000 vols., including Humanities libraries (Edmund St.), 160,000 vols.; Law library (Edmund St.), 6500 vols.; Science libraries (Edgbaston), 140,000 vols.; Medical library (Medical Sch.), 35,000 vols.; Music library (Barber Inst.), 34,000 items; other sections in Depts. of Geog., Brewing, Bot., Geol., Russian Economics, and Mining. The Fine Arts Library is part of the Barber Inst. *Special features*: Wedgwood philological library and Wigan library of 17th- and 18th-century theological works; very full representation of editions of works of Joseph Priestley. MUSEUMS: Anat., Dent., Geol., Zool., Mining, Herbarium (Bot.), Pathol., Physiol.

LABORATORIES. Chemical (special organic, phys., electro-chem., analytical and pub. health depts.); Phys. (including Electron Phys.), Biol., Genetics, Engin. (including Electr., Mech., Production, Civ. and Chem.), Metall. (Physical and Indust.), Mining (exceptionally well equipped, exper. coal-mine), Brewing; Biochem.; Anat.; Physiol.; Pathol.; Cancer Res.; Pharmacol.; Bacteriol; Power-station supplying whole Univ. with lighting, heat and power. A small OBSERVATORY is attached to the dept. of Phys. HOSPITALS recognized for Clin. instruction—United Birmingham Hospls. (General, Q. Elizabeth, Birmingham and Midland Hospls. for Women, Children's, Nerve and Dental) and 13 other hospls. for special teaching, under the control of the Birmingham Regional Hospl. Bd.

ADMISSION. *See* Appendix I.

DEGREES. B.A., B.Mus., B.D., M.A., M.Mus., D.Litt., D.Mus., D.D.; B.Sc. (in pure Science; in Engineering—Mech., Civ., Elec., Chemical, Petroleum; in Appl. Biochem.; in Metall.—Phys. and Indust.; in Mining—Coal and Metal); M.Sc., D.Sc.; M.B., Ch.B., B.D.S., M.D., Ch.M., M.D.S.; B.Com.: (*a*) General Course, (*b*) School of Russian Studies, (*c*) for Qualified Science Students; B.Soc.Sc. in Schools of Econ., Politics and Sociol., Social Study, Russian Studies, Maths., Econs. and Statistics, Geog.; M.Com., M.Soc.Sc.; LL.B., LL.M., LL.D.; Ph.D. (in any Fac.).

No degree can be obtained without attendance upon prescribed courses in the Univ. extending over at least 3 academic yrs. after matricn. except in the case of graduates of other approved Univs., who are, under certain conditions, admitted to the 1-yr. courses for the M.A. and M.Sc. and to 2-yr. courses for the B.Sc. (courses in technical subjects), Ph.D. (*see* p. 24), M.D., or Ch.M. B.A. with Honours, may be obtained in any one of the following Special Schools: Classics, Ancient Hist. and Archæol., History, Engl., French, German, Italian, Russian, Spanish, Philos., Maths., Geog., Theol., Linguistics. Honours are also awarded in the General B.A. Examn., where sufficient merit is shown (*see* p. 12).

There is an Honours School of Music in which B.Mus. (Hons.) can be obtained. Candidates must have satisfied the conditions for entry upon a degree course, have obtained the General Certificate of Education (in which Music has been passed as an Advanced Subject), must satisfy the Prof. of Music that they have an adequate power of performance on some musical instrument and sufficient facility in harmony and counterpoint to satisfy requirements of the course.

In the B.Com. courses one-third of the student's time may, if he chooses, be devoted to work in App. Sci. There is a 4 yrs.' B.Com. course for students

entering at Inter. B.Sc. standard, the first 2 yrs. in the Fac. of Science and the remaining 2 yrs. in the Fac. of Commerce.

B.Sc. Honours in Pure Science (3 yrs.) may be taken in all subjects in the Faculty. There are Honour Schools in Maths., Mathematical Physics, Physics, Chem., Zool., Bot., Genetics, Bact., Geol., Geog., Anatomical Studies, Physiological Studies, Medical Biochemical Studies. In Applied Science the B.Sc. courses (Pass and Honours) in Engin. (Mech., Civil, Elect. and Chemical), in Mining and in Metall. and the Hons. Course in Appl. Biochem. cover 4 yrs. Those in Mining involve practical work underground.

Subject to certain provisos, graduates of Oxford who have obtained the Oxford Diploma in Scientific Engin. and Mining Subjects are eligible for the B.Sc. degree in Engin., Mining or Metall., and graduates of Oxford with Hons. in the Final Honour School of Nat. Sci. (Eng. Sci.) or of Cambridge with 1st or 2nd class in Mech. Sci. Trip. are eligible for the B.Sc. degree in Mining after 2 yrs.' study at Birmingham; suitable Engin. graduates of other approved Univs. are also eligible for the degree under similar conditions.

Med. students may spend their 1st yr. at any school or schools of Med. recognized by the Univ., and the Senate may recognize examns. passed therein as exempting from the 1st Med. examn. They may obtain the B.Sc. as well as their Med. degrees by devoting 7 yrs. instead of 6 to study in the Univ.

The M.A., M.Com., M.Soc.Sc., M.Sc. and M.Mus. involve at least 1 yr. of study after completing the course for the Bachelor's degree.

The M.A. may be taken in Educn. as well as in the ordinary Arts subjects.

The D.Mus. or LL.D. may be taken 3 yrs. (D.Litt. 5 yrs.) after the M.A., M.Mus., M.Sc. or LL.M., or 5 yrs. (D.Litt. 7 yrs.) after the corresponding Bachelor's degree; D.Sc. 4 yrs. after M.Sc., or 3 yrs. after Ph.D. whichever time is shortest: grad. of other appr. GUILD OF GRADUATES. The Guild is entitled to appoint one representative for every 250 of its members to serve on the Univ. Court of Governors, the present number of representatives being 28. One representative of the Guild is a member of the Univ. Council. A *News-letter* is circulated annually to all members.

UNIVERSITY OF BIRMINGHAM UNIVERSITY TRAINING CORPS (T.A.). The U.T.C. is part of the Territorial Army, and cadets may join for various periods of service which are flexible to enable them to undertake training without interfering with their Univ. degree course. The contingent comprises the following Sub-Units: Royal Engineers, Royal Corps of Signals, Infantry, Royal Electrical and Mechanical Engineers. Syllabus of training, laid down by War Office, designed to prepare cadets for selection as potential officers when called up for National Service. Further information from the Adjutant, U.T. Corps (T.A.), Edgbaston, Birmingham, 15. (*Telephone*: Selly Oak 0247.)

UNIVERSITY OF BIRMINGHAM AIR SQUADRON. The purpose of the U.A.S. is to provide facilities for the training of internal male members of the Univ. who wish to prepare themselves for commissioned service in the Royal Air Force, the Royal Navy, the R.A.F. Auxiliary and Reserve Forces, the Air Branch of the Royal Naval Volunteer Reserve, or in the Regular or Auxiliary Air Forces of the Commonwealth, and who are prepared to give time to this training. Further information from the C.O., Univ. Air Squadron, The University, Edgbaston, Birmingham, 15. (*Telephone*: Selly Oak 1181.)

UNIVERSITY HEALTH SERVICE. The purpose of this service, which is administered by a full-time Univ. Medical Officer with one full-time Asst. Medical Officer and two half-time Dental Surgeons, is to reassure students about the state of their health, to offer them opportunities for maintaining and improving it, and to help to secure early treatment for any disorders which may occur. All freshmen, excepting those eligible for exemption under the regulns., are required to attend for a routine Medical overhaul and to have a chest X-ray; the X-ray is repeated annually. The Univ. Medical Officers can accept re-registrations under the National Health Scheme from students who are away from home for more than half the yr. The consulting rooms are at the Gymnasium, Edgbaston, Birmingham, where ophthalmic treatment under the National Health Scheme is also available. Several beds are maintained for the care of minor illness at the Univ. Sanatorium, 97 Oakfield Rd., Birmingham, 29, where the Dental Surgery is also situated. Students are free to register with a practitioner in the city if they wish.

GUILD OF UNDERGRADUATES. The Guild, established under Charter of University, is the organized association of the undergraduates for furtherance of their common interests, recognized by Court, Council and Senate of University for this purpose; represented by three members on Court of Governors. Income of Guild, derived from membership fees, is applied to upkeep of the Union, Univ. Guild Club and Univ. Athletic Union. There is full, associate, external and hon. life membership.

UNION AND UNIVERSITY GUILD CLUB. All members of Guild of Undergraduates are entitled to use of the Union, which adjoins the Univ. Bldgs. at Edgbaston, and of the Guild Club at the Univ. Bldg., Edmund St.

VACATION COURSES. A 6 wks.' Summer School on Shakespeare and Elizabethan Lit. is held annually at Stratford-upon-Avon during July and Aug. It is concerned with the detailed study of Elizabethan and Jacobean drama and theatre with particular reference to Shakespeare, together with the historical and cultural background of the plays. The Summer School is primarily intended for graduates and other advanced students from British, American and European Univs. who have specialized in Elizabethan and Jacobean lit. Applications are also considered from undergraduates of good academic standing. The Dept. of Extra-Mural Studies also arranges a number of courses at Attingham Park and Westham House, the two residential colleges for adult educn. in the W. Midlands, and at the Univ.'s Centre for Continued Studies. An annual Summer School is also held in conjunction with the W.E.A., usually during the first 2 wks. in Aug. Seminars are arranged for the study of Art, Drama, Econ., English Lit., Govt., Hist., Indust. Relns., Internatl. Affairs, Musical Appreciation, Philos., Psychol. and Sci.

UNIVERSITY BOARD OF ADULT EDUCATION. The Bd. supervises all the extra-mural work of the Univ. Univ. Extension Courses, Tutorial, Sessional and Short Courses, and Summer Schools are held in Birmingham and at Centres throughout the W. Midlands; a number of study tours and concerts are also arranged. As a sub-cttee. of the Bd., there is a Jt. Cttee. for work with the W.E.A. Services educn. comes within the scope of the Bd.'s work and is organized through the Univ. of Birmingham Cttee. for Educn. in H.M. Forces.

GENERAL INFORMATION

The Bristol Medical School, founded in 1833, merged in 1893 with the Univ. Coll. which was established in 1876. The College was dissolved and the Univ. received its Charter in 1909. Its main bldgs., which were opened in 1925, occupy a commanding site between the City and the residential districts and cost £500,000; the H. H. Wills Physics Lab., opened in 1927, cost £200,000. The Fac. of Engin. is housed at present in the Municipal College of Technology, but new labs. are nearing completion. Canynge Hall, within easy reach of the

Univ., accommodates the Depts. of Preventive Med. and Pathol. The Veterinary Field Station, opened in July 1952, is at Langford Somerset.

CONSTITUTION. The University Court, comprising some 400 representatives of local authorities and organizations, learned bodies, benefactors, staff and graduates, meets annually to receive a report from Council, pass accounts and a balance-sheet, appoint University officers and make alterations in Ordinances. Executive control rests during the year with Council, whose 40 members are nominated by Court, the local authorities of the region, the Society of Merchant Venturers, and Senate. Senate, consisting of the Professors and a small number of other members of the teaching staff, controls, under Council, the academic affairs of the University and receives reports from the Faculty Boards. There are five Faculties (*see below*), each with, at its head, a Dean who holds office for two or three years. The principal academic officer of the University is the Vice-Chancellor, whose appointment is permanent. The graduates of the University form Convocation, which meets annually and may discuss and pronounce an opinion on any matter concerning the University.

INCOME (1952–53). Total income, £966,372 (Treasury grants, 68 per cent.; fees, 12 per cent.; contributions for services rendered, 14 per cent.; grants from Local Authorities, 4 per cent.; other items, 2 per cent.).

LIBRARY. 196,000 vols. (Arts 104,500, Sci. 47,700, Med. 35,900, Law 3400, Inst. of Educn. 4500). Special collections: British local hist. and records; early English novels; English philos. writers; courtesy books; cartography; landscape gardening; Maria Mercer Phys. Library; Exley Mathematical Library; Worsley Chem. Library (including early works on chem. and alchemy); Wiglesworth Ornithol. collection; early med. books, including the Parry Soden collection; works on mineral waters and spas.

LABORATORIES. Scientific, Medical and Engineering, all equipped for purposes of research. Hiatt Baker Botanical Garden.

HOSPITALS. Clinical study is undertaken in the United Bristol Hospls. (comprising the Bristol Royal Hospl., Univ. of Bristol Dental Hospl., the Bristol Royal Hospl. for Sick Children, the Bristol Eye Hospl and the Bristol Maternity Hospl.) and partly in the following hospls. under the control of the S.-W. Regional Hospl. Board—Southmead Hospl., Ham Green Hospl., the Bristol Mental Hospls., Stoke Park Colony and Winsley Sanatorium.

GENERAL INFORMATION

The University of Cambridge may be said to have originated in the 12th century and before the beginning of the 13th it was almost certainly a recognized centre of study. It is a common law corporation, being a corporation by prescription consisting of a Chancellor, Masters and Scholars, who from time out of mind have had the government of their members and enjoyed the privileges of such a corporation; but its incorporation has been confirmed by statute. In 1318 Cambridge received from Pope John XXII formal recognition as a *studium generale* or *universitas*. In 1571 by Act of Parliament 13 Elizabeth, Cap. 29, *An Acte for Thincorporation of bothe Thunyversities*, the incorporation of the Univ. and all privileges then held under Charter or by prescription were confirmed.

The legislative and executive authority of the Univ. is vested in the REGENT HOUSE, which consists of those members of the Senate who are engaged in the teaching and administrative work of the Univ. Certain formal functions, and a right of appeal from the Regent House, are reserved to the Senate, which consists of Doctors, Masters and B.D.s.

Changes of statute can be made by the Univ. with the approval of the Privy Council.

Many executive duties, and the duty of sanctioning the submission of resolutions (called *Graces*) to the Regent House and the Senate, are entrusted to the *Council of the Senate*, which is elected by the Regent House.

The titular presiding officer at a Congregation, and the Chairman of the Council, is the Chancellor, who is by custom a non-resident distinguished in public life. His duties are in fact performed by the Vice-Chancellor, who is a Head of a College, appointed annually, in theory by the Regent House, in practice by the Council. It is customary for the Vice-Chancellorship not to be held for more than two years in succession by one person.

There are numerous *Boards* and *Syndicates* for dealing with the various branches of University business: the most important of them are the *General Board of the Faculties*, whose duty it is to advise the Univ. as to educational policy and to supervise and co-ordinate the work of the Faculties, and the *Financial Board*, whose duty it is to supervise the financial affairs of the Univ.

There are twenty Faculties: a Faculty being a body of persons furthering the study of a subject or group of subjects. The organization of teaching, research and examinations in the various subjects is in the hands of the several Faculty Boards, subject to the control of the General Board. A Faculty Board is in part composed of members elected by the Faculty. Some of the Faculties are divided into Departments, each under a Head, generally a Professor, who is responsible under the Faculty Board for its management. There are also some Departments independent of any Faculty.

The INCOME of the Univ. is derived from the endowments of specific posts, from general endowment (though to a small extent only), from the fees of students, from the statutable contributions of Colls. and from a Treasury Grant.

DISCIPLINE outside the walls of the Colls. is maintained by the Proctors.

The COLLEGES (18 for men, 2 for women) are self-governing corporate bodies distinct from the Univ., owning and managing their separate property. Their powers are, however, limited by their statutes, which cannot be altered by them without notice to the Univ. and approval by the Privy Council. The functions of the Colls. in regard to students are to provide lodging, corporate life and personal tuition, while the function of the Univ. is to provide public

instruction by means of lectures and demonstrations, examinations leading to degrees and facilities for research. The affairs of the Colls. are, however, closely interwoven with those of the Univ. Most of the Fellows of Colls. are Univ. officers. Each Coll. is required by statute to contribute a certain fraction of its income to the funds of the Univ., the scale of contribution being graduated according to the College revenues.

The Colls. also maintain Fellowships for the furtherance of research, and a large number of Scholarships. The title of scholar is awarded on purely intellectual grounds, but no Coll. emolument other than an allowance for rooms is paid to an undergraduate scholar unless he satisfies the Coll. that his circumstances justify the payment.

NON-COLLEGIATE STUDENTS reside in licensed lodgings or in "Houses" recognized by the Non-Collegiate Students' Board. Such students by becoming members of Fitzwilliam House obtain opportunities for taking part in communal life (dining in Hall, belonging to athletic clubs, etc.) similar to those enjoyed by members of Colleges.

ADMISSION. *See* Appendix I.

The ADVISER TO OVERSEAS CANDIDATES FOR ADMISSION (N. S. Wilson, M.A. Pemb.), whose office address is 1A Rose Cresc., Cambridge (*Telephone*: Cambridge 57390), is prepared to correspond with applicants for admission (other than candidates for admission to courses of research) resident outside the U.K., and with Government Depts. and other agents acting on their behalf.

The UNIVERSITY HEALTH SERVICE (Sr. Univ. Health Service Officer—Sir A. F. Rook, M.A. Cath.) is part of the Dept. of Human Ecol.; first-year undergraduates are invited to attend for medical examn. in their first term. The service is housed in the University Health Centre, which includes a gymnasium, and is at Fenner's, the headquarters of the cricket and athletic clubs.

NON-MEMBERS OF THE UNIVERSITY. Under certain conditions persons who are not members of the Univ. may be admitted to courses of instruction or allowed to work in Univ. labs. for limited periods. Enquiries should be addressed to the Registrary.

INCORPORATION. Members of the Univs. of Oxford and Dublin (Trinity Coll.) may, under certain conditions, be allowed to "incorporate," *i.e.* be admitted to the status and degree in Cambridge which corresponds to that which they held in Oxford or Dublin.

AFFILIATION. Certain privileges affecting study are granted on admission to qualified members of a number of recognized Univs. and Colls., both U.K. and overseas.

TERMS. In order that a term may be counted towards qualifying for a degree, a student must reside within the Precincts of the Univ. during three-fourths of the term. Full terms (*i.e.* the periods of regular teaching): 1954–55: Oct. 5 to Dec. 3; Jan. 11 to Mar. 11; Apr. 19 to June 10; 1955–56: Oct. 5 to Dec. 3; Jan. 17 to Mar. 16; Apr. 17 to June 8.

DEGREES. B.A., M.A.; M.Litt., Litt.D., M.Sc., Sc.D.; B.D., D.D.; LL.B., LL.M., LL.D.; M.B., B.Chir., M.Chir., M.D.; Mus.B., Mus.M., Mus.D.; Vet. M.B.; Ph.D.

ARTS. The qualifications for the B.A. are: (i) 9 terms' residence; (ii) passing or being exempted from the *Previous Examn.*; (iii) passing the examns. for the Ordinary Degree or a Tripos examn. or examns.

Exemption from (i) to the extent of 3 terms can be obtained by students entitled to the privileges of *affiliation* (*see* Appendix I).

(ii) The *Previous Examn.* includes Latin or Greek, one other language, Maths. or Science, and English. Subject to certain provisos, natives of Asia or Africa who are not of European parentage may substitute papers in Arabic, Chinese, Sansk., Persian or Pali for the Latin papers. For details and exemptions, *see* Appendix I.

(iii) Ordinary Degree (All students must follow an honours course or a course for a Certificate of Proficiency in their first year): (*a*) First-year hons. examn. or an examn. for a Cert. of Proficiency, followed by two of these Special Examns., Latin, Greek, History, Law, English, each lang. regularly included in the Mod. and Mediæval Langs. and Oriental Langs. Triposes, Geog., Moral Science, Maths., each whole subject of Part I of the Natural Sciences Tripos. Or (*b*) the Examns. in *Agriculture*, (*c*) in *Estate Management*, (*d*) in *Architectural Studies*, (*e*) in *Engineering Studies* or (*f*) in *Christian Theology*.

Certain combinations of (*a*), (*b*), (*c*), (*d*), (*e*) and (*f*) are allowed, and also certain combinations of parts of (*a*) with parts of the course for the M.B. or the Mus.B., or with parts of a Tripos course.

Degree with Honours: obtained by gaining hons. in one or more (according to the regns.) of the following Triposes: Archæological and Anthropological, Chem. Engin., Classical, Economics, English, Geog., Hist., Law, Maths., Mech. Sci., Mod. and Med. Langs., Moral Sci., Music, Nat. Sci., Oriental Langs., Theol.

A Bachelor may be admitted Master of Arts at the end of 6 yrs. from the end of his 1st term, provided that not less than 2 yrs. have elapsed from his admission as B.A.

DIVINITY. A graduate may proceed to the B.D. when he is of not less than 5 yrs.' standing from his first degree, by submitting an original dissertation or published work. A B.D. of 3 yrs.' standing may proceed to the D.D. by submitting published works or a printed dissertation.

LAW. To qualify for the LL.B. it is necessary to pass the LL.B. examn. after having kept 9 terms and reached hons. standard in the Law Tripos, or taken the degree of B.A. and qualified for practice as a barrister or solicitor in England or Ireland, or as an advocate or law agent in Scotland. (For an Affiliated Student these requirements may be modified.) An LL.B. of not less than 2 yrs.' standing may be admitted to the degree of LL.M. by dissertation. Any graduate may be admitted LL.D., not less than 8 yrs. after admission to his 1st degree, if he has published one or more original contributions, approved for the purpose, to the advancement of the science or study of Law.

MEDICINE. The qualifications for the M.B. and B.Chir. are: (i) 9 terms' residence; (ii) passing (or exemption from) the *Previous Examn.*; (iii) at least 5 yrs.' Med. study; (iv) passing in due order several examns. (of which one must be a Tripos examn.). Admission to certain examns. is conditional on proof of diligent attendance on prescribed courses of lectures and practical work. Admission to the Final M.B. is conditional on proof of 5 yrs.' Med. study, of which 2 yrs. 9 mos. must have been spent in hospl. practice, and diligent attendance on prescribed courses of instruction and practical work. A person who has graduated M.B., B.Chir. may be admitted M.D. on submission of a thesis or dissertation when 8 yrs. have elapsed since admission to his first degree. A person who has graduated M.B., B.Chir. may be a candidate for the M.Chir. Degree Examn. when 2 yrs. have elapsed since passing the Final M.B. Examn.

VETERINARY MEDICINE. The course of study for the Vet. M.B. extends normally over 6 yrs. and the qualificns. required for the degree are: (i) 9 terms' residence; (ii) passing (or exemption from) the *Previous Examn.*; (iii) passing in due order several examns. (of which one must be a Tripos examn., usually the Nat. Sci. Tripos). Admission to certain examns. is conditional on the production of evidence of diligent attendance on courses of instruction and of practical experience.

MUSIC. The qualifications for the Mus.B. include (i) 9 terms' residence; (ii) passing (or exemption from) the *Previous Examn.*; (iii) passing two sections of the Mus.B. Examn. after reaching the honours standard in a part of the Music Tripos. The Mus.M. (by examn.) may be taken by Mus.B.s of at least 3 yrs.' standing.

Graduates of not less than 8 yrs.' standing from admission to their 1st degree who have given proof of distinction in musical composition may be candidates for the Mus.D.

The Ph.D., *see below* Research Students.

The Sc.D. and Litt.D. Either degree is open to a graduate of the University of not less than 8 yrs.' standing from admission to his first degree. These degrees are granted in consideration of published original contributions to the advancement of Science or Learning.

DIPLOMAS. The Univ. grants Diplomas in Agric., Agric. Sc., Anthrop., Archit., Class. Archæol., Comparative Legal Studies, Internat. Law, Economics, Education, Estate Management, Prehistoric Archæol., Mathematical Statistics, Numerical Analysis and Automatic Computing, and Oriental Langs., the diplomas in Anthrop., Prehistoric Archæol. and Orient. Langs. being open to non-members in certain exceptional circumstances.

The Diploma in Anthropology may be obtained after residence for one term only by Officers of any of the Public Services of the Empire, not ordinarily resident in the British Isles, having exceptional qualifications, or by Missionaries who have served abroad.

The Diploma in Prehistoric Archæology may be obtained, after instruction in Cambridge during an academical year, by persons approved in virtue of archæological experience in the field or of other qualifications.

Certificates of competent Knowledge of certain modern langs., open to members of the Univ. only, are awarded.

Certificates of Postgrad. Study in Nat. Sci. are awarded to grads. of the Univ. for advanced study and training in res. in certain specific scis.

The Course of MILITARY STUDIES arranged by the Univ. Board of Milit. Studies is for the time being in abeyance. The Air Squadron and the Training Corps (T.A.) continue to operate. Regular Commissions in the Army and R.A.F. are now granted direct to graduates. Sec., L. M. Harvey, M.A., Univ. Registry.

The DEPARTMENT OF EDUCATION (Prof. of Educn.—G. R. Owst, Litt.D. Emm.; Director of Women Students—Margaret A. Wileman, M.A. Oxon., M.A. Girton; Sec. of the Dept.—A. G. Hunt, M.A. Pet.), 17 Brookside, Cambridge (*Telephone*: Cambridge 4357), is under the general control of the Education Syndicate. Postgraduate students enter for the one yr.'s professional course leading to the Certificate in Education awarded by the Cambridge Institute of Education and, if graduates of another Univ., must become members of the Univ. of Cambridge. The Institute's examinations are not open to external students.

RESEARCH STUDENTS. Each application for admission must be made to the Secretary of the Board of Research Studies, and must be accompanied by (i) a diploma or other certif. of graduation at a Univ.; (ii) a statement of the course of research which the applicant desires to pursue, together with evidence of qualification, attainments and previous study; (iii) a statement of the degree, if any, for which the applicant wishes to be a candidate; (iv) a certif. or declaration of the applicant's date of birth. In exceptional cases persons who are not graduates may be admitted. The application is not granted unless it appears that (*a*) the course of research can conveniently be pursued within the Univ., and (*b*) that the applicant has produced adequate evidence that he is qualified to enter upon the proposed course. Before admission he is required to become a member of a College, or a Non-Collegiate Student. Sec. of the Board of Research Studies: L. M. Harvey, M.A. Correspondence should be addressed to the Secretary at The Old Schools, Cambridge (*Telephone*: Cambridge 54451).

A Research Student pursues his course under supervision and conditions prescribed by the Degree Committee of the Faculty concerned. If he should wish to obtain a degree elsewhere he may, after he has pursued his studies in the Univ. for not less than 2 terms with regularity and industry, receive a certificate to that effect signed by his supervisor and by the Vice-Chancellor. After a course extending over 2 yrs. and residence in the Univ. for at least 6 terms (Cambridge graduates, 3 terms) after admission as a Research Student, the M.Sc. or M.Litt. degree may be obtained. For the Ph.D. degree 3 yrs. are ordinarily required. One year of the 3 yrs.' course may be remitted if the applicant satisfies the Board of Research Studies that he has done at least a yr.'s satisfactory research work before admission to Cambridge Univ. For any degree 6 terms' residence is essential.

UNIVERSITY SCHOLARSHIPS AND STUDENTSHIPS, ETC., are generally open only to members of this Univ. For details *see Student's Handbook* (Univ. Press), which also gives details of College *Entrance* Scholarships. For POSTGRADUATE AWARDS open to graduates of other Univs., *see* Appendix II.

COMMONWEALTH EXHIBITIONS. Trinity Coll. is prepared to consider applications by students of Commonwealth Univs. for the grant of exhibns.; value £30 to £40 a yr. Holders must read for B.A., LL.B. or a Dipl. Candidates must apply through the principal authority of their Univ. Completed applications must reach the Senior Tutor, Trinity Coll. (from whom particulars should be obtained earlier), by May 1 in each yr. of an award.

EXPENSES. Since each student, in addition to Univ. fees, pays bills to a College (or to the Non-Collegiate Board), and the charges vary from College to College, a concise general estimate gives only a rough indication, which may be supplemented by particulars obtained from the College of the student's choice; but the total annual expenditure of a student, *exclusive of initial, occasional and additional expenses and of vacation expenses*, may be fairly estimated at not less than about £350.

The items on which this estimate is based include an allowance for board and lodging, personal expenses (books, travelling, clothes, clubs, etc.) together with Univ. and Coll. fees. The excluded initial expenses include caution money, which is returned when the student leaves the University (in certain Colleges caution money takes the form of a payment in advance, term by term, towards the next term's bill), College admission fee (£2 to £5), matricn. £5. The "occasional" fees are for examns., about £12, and degree fees, £3. The "additional" expenses include laboratory fees for technical and scientific

subjects (an additional £10 to about £25), and cost of attendance at long vacation courses.

The UNIVERSITY APPOINTMENTS BOARD (for names of officers *see* "Administrative and other Staff," p. 96) is responsible for all matters concerning employment suitable to members of the University. *Address*: 6 Chaucer Rd., Cambridge. *Telegrams*: Appointments, Cambridge. *Telephone*: 54242/3.

CAMBRIDGE UNIVERSITY WOMEN'S APPOINTMENTS BOARD, 6 Chaucer Road, Cambridge (*Telephone*: Cambridge 2629). Interviews by appointment only.

The UNIVERSITY LIBRARY contains over 1,500,000 vols., including many early printed books, and over 10,000 MSS. and 250,000 maps. It is entitled under the Copyright Act to a copy of every book published in Gt. Britain and Ireland, and a large number of foreign books and periodicals are acquired by purchase. It contains, amongst others, the following remarkable collections: Acton library (mediæval, ecclesiastical and modern history, 60,000 vols.); W. G. Aston's Japanese library; Sir T. Wade's Chinese books; J. W. Clark collection (Cambridge books, pamphlets, papers, etc.). The annual budget is about £65,000. In addition, there are Departmental Libraries, some of considerable importance.

Each College has a library. Among special collections in College libraries are: in Christ's College the Robertson Smith collection of Oriental books, many of which are connected with Semitic literature; in Gonville and Caius College 800 MSS., 60 incunabula, heraldic collections of Dr. John Knight (17th cent.), 1300 books and controversial pamphlets of Dr. Wm. Branthwaite (d. 1619), Norfolk and Suffolk topographical and genealogical works; in Girton College small collections of Oriental books, chiefly Sanskrit (Cowell) and Hebrew (Frere—printed catalogue), and Botany books and pamphlets (Ethel Sargant).

MUSEUMS. (*a*) Art and Archæology.

The Fitzwilliam Museum (Director—C. Winter, M.A. Trin.), Trumpington St., Cambridge (*Telephone*: Cambridge 4023), contains a large and valuable collection of paintings, drawings, engravings, Egyptian and Greek antiquities, ceramics, coins, illustrated MSS., autographs, early printed books and music.

The Museum of Classical Archæology (Curator—Prof. Jocelyn M. C. Toynbee, M.A. Newn.), Little St. Mary's Lane, Cambridge (*Telephone*: Cambridge 2410), contains a collection of casts illustrating the history of Greek sculpture.

The Museum of Archæology and Ethnology (Curator—G. H. S. Bushnell, M.A., Ph.D. Down.), Downing St., Cambridge (*Telephone*: Cambridge 4937), has a large and increasing collection, including Saxon urns and ornaments, casts of Central American monuments, Egyptian stone implements, unique Fijian collections, and numerous others resulting from scientific expeditions by Cambridge men.

(*b*) Science.

The following should be specially mentioned:

The Museum of Zoology (Director—F. R. Parrington, M.A. Sid.), Downing St., Cambridge (*Telephone*: Cambridge 2325).

Sedgwick Museum of Geology (Curator—A. G. Brighton, M.A. Chr.), Downing Street (*Telephone*: Cambridge 4129).

Whipple Museum of the History of Science (Acting Curator—A. R. Hall, M.A., Ph.D. Chr.), Corn Exchange St., Cambridge.

LABORATORIES AND FIELD STATIONS.

Laboratories include those of Agric., Anat., Biochem., Bot., Chem., Eng., Exper. Physics (Cavendish), Genetics, Hum. Anat., Ethnol., Med., Mineral.,

Parasit. (Molteno Inst.), Path., Physiol., Psychol., Zool., Chem. Eng. In addition the following should be specially mentioned :

Mathematical Laboratory (Director—M. V. Wilkes, M.A., Ph.D. Joh.), Corn Exchange St., Cambridge (*Telephone*: Cambridge 5174), for research on computing machinery.

Botanic Garden (Director—J. S. L. Gilmour, M.A. Cla.), Bateman Street, Cambridge (*Telephone*: Cambridge 4101).

Scott Polar Research Institute (Director—G. C. L. Bertram, M.A., Ph.D. Joh.), Lensfield Rd., Cambridge (*Telephone*: Cambridge 2983).

The OBSERVATORIES (Director—Prof. R. O. Redman, M.A., Ph.D. Joh.), Madingley Rd., Cambridge, are about a mile from Cambridge and have the Northumberland equatorial 12-in. aperture ; the Sheepshanks photographic equatorial 12¼ in. ; a number of smaller instruments, a good library and a small optical shop. The Solar Physics Observatory has the Newall telescope (25 in.), McClean cœlostat and spectrograph, Huggins telescopes, 3-foot reflector, etc.

The OXFORD AND CAMBRIDGE SCHOOLS EXAMINATION BOARD, established 1873, examines or inspects and reports on the work of schools which provide education of the highest grade. It also holds yearly examns. and awards a General Certificate of Education which exempts the holder, under certain conditions, from Responsions and the Previous Examination, the minimum entrance requirements of London and other Univs., and the Preliminary examns. of various professional bodies, etc. Its examns. are held at schools in the British Isles, and also in Egypt, the Middle East, the West Indies and British Guiana. For L.E.A. and State Scholps., *see* pp. 9-10. The Regulations of the Bd. are published by the Oxford and Cambridge Univ. Presses (post free 1s. 10d.). Secs.: at Cambridge—A. E. E. McKenzie, M.A. Trin., 10 Trumpington St. (*Telephone*: Cambridge 4658) ; at Oxford—G. J. R. Potter, M.A., 74 High St. (*Telephone*: Oxford 3549).

The UNIVERSITY OF CAMBRIDGE LOCAL EXAMINATIONS SYNDICATE, instituted in 1858, is one of the eight examining bodies in England and Wales approved by the Ministry of Education for Sec. school examns. Its membership includes Univ. members, principals of schools and representatives of Local Educn. Authorities. The Syndicate conducts school examns. in Gt. Britain and overseas and examns. in English for students whose mother tongue is not English.

General Certif. of Educn. The examn. for the General Certif. of Educn. (at Advanced and Scholarship levels in June and at Ordinary level in July and December) is entrusted to a School Examns. Committee, one-half of whose members are teachers appointed by the Joint Committee of the Four Secondary Associations. School teachers, as members of Subject Committees, and as examiners, take a prominent part in this examn. The Certif. exempts the holder, under certain conditions, from Univ. entrance requirements and the Preliminary Examns. of various professional bodies, and is endorsed by the Ministry of Educn. This Examn. is not normally held outside Europe. Special arrangements are made for examn. of members of H.M. Forces, for whom special syllabuses are in force. For L.E.A. and State Scholarships, *see* pp. 9-10.

School Examns. Overseas. The Oversea School and Higher School Certif. Examns. are held in December in India and Pakistan, Malaya, West and East Africa, the Federation of Rhodesia and Nyasaland, the West Indies, Mauritius and elsewhere in conjunction with the Educn. Authorities, and in schools for the British community in some foreign countries. In West Africa the School Certif. is awarded jointly with the West African Examns. Council and is named West African School Certif. In the Sudan it is awarded jointly with the

Sudan Examns. Council and is named Sudan School Certif. Government Scholps. to Univs. in Gt. Britain are awarded on these examns. in a number of colonies. The subjects of these overseas school examns. correspond closely to those of the General Certif. of Educn. and carry the same exemptions.

Examns. in English. These examns. for students whose mother tongue is not English are conducted in association with the British Council, and are held in Gt. Britain and about 48 countries overseas. The Certif. of Proficiency in English which exempts the holder from the entrance test in English at certain Univs., and the Diploma of English Studies, which is intended to be of the same standard as a first examn. for a Univ. hons. degree, carry the official approval of the Ministry of Education. There is also an examn. for a Lower Certif. in English.

The examn. for the *Cambridge Certificate in Religious Knowledge* is held in June; this Certif. is designed for teachers, Church Workers and others who desire a satisfactory proof of their knowledge of the subject.

The BOARD OF EXTRA-MURAL STUDIES undertake the liberal education of adults, mainly in the Eastern Counties, and in a few centres further afield. The Workers' Educational Association, together with other voluntary associations and the Local Education Authorities, are represented on the Board and are closely associated in the arrangement of its teaching work. Consultation also takes place through the Regional Consultative Council for Adult Education in the Eastern Counties. The teaching of the Board consists mainly of (*a*) Univ. Tutorial Classes, extending over three winter sessions; (*b*) Univ. Sessional Classes, usually of 20-24 meetings; (*c*) Univ. Extension Lecture Courses, usually of 10-12 meetings; (*d*) other special courses, many of a pioneer type.

Staff. The Board employ a number of pt.-time tutors and lectrs., and have a staff of 14 full-time tutors and lectrs., including Resident Tutors in 7 county areas who, in addition to teaching, exercise a general supervision over the work of the Board and assist in the development of adult educn. in these areas.

Bursaries. The Board award annually bursaries to men and women in the adult educn. movement who have shown themselves to be capable of profiting by a course of Univ. study, but who, for various reasons, have not had the opportunity.

Summer Schools. The Board hold Vacation Courses, including (*a*) an annual Summer School, in co-operation with the W.E.A., mainly for students from Tutorial and Sessional Classes, including a training course for potential tutors in adult educn.; (*b*) Vacation Courses for students from overseas, mainly Europe; (*c*) Occasional Summer Schools, in co-operation with Facs. or Depts. of the Univ., to meet special requirements. For an experimental period the Univ. has placed Madingley Hall at the disposal of the Board in vacations, and the Board have arranged there a considerable number of residential courses for adults.

GENERAL INFORMATION

The University was established in 1832. The College of Medicine, founded in Newcastle in 1834, was associated with the Univ. first in 1852 and more closely in 1870. The Durham College of Physical Science, later Armstrong College, was founded in 1871 in Newcastle as a part of the Univ. The reconstitution of 1908 brought the Durham Colleges, the College of Medicine and Armstrong College into a closer relationship. The reconstitution of 1937 carried the process further, establishing a central financial control. It also merged the two Newcastle Colls. in King's College, Newcastle upon Tyne.

CONSTITUTION. The University is governed by a Visitor, Chancellor, Vice-Chancellor, Pro-Vice-Chancellor, Convocation, Court, Senate and Boards of Faculties. It includes two Divisions, namely, the Durham Division and the Newcastle Division. The Durham Division is governed by a Council, an Academic Board and a Warden; the Newcastle Division by a Council, an Academic Board and a Rector. The Warden and Rector are alternately Vice-Chancellor and Pro-Vice-Chancellor of the University for two-year terms.

Convocation is the body of grads. which may make representations to the Univ. on any Univ. matter. The Court appts. Profs. and Readers on the recommendation of Senate, determines the allocation of all funds at the disposal of the Univ., and represents the Univ. in all negotiations for obtaining grants from public bodies. Senate determines the conditions on which academic distinctions are awarded and is the supreme governing and executive body of the Univ. in all academic matters. The Divisions control admissions to courses and all teaching. The Councils are the governing and executive bodies of the Divisions and are advised on academic matters by the Academic Boards.

For the Divisions and affiliated Colls., *see below* and pp. 121-122.

INCOME (1952–53). £896,132, including recurrent Treasury Grant allocated to the Divisions (Durham Division, £174,000; Newcastle Division, £667,000).

GENERAL INFORMATION

The Univ. was founded in Durham in 1832 after two abortive attempts in earlier centuries. Halls of Residence were opened and were later recognized as constituent Colls. at various times during the course of the last hundred years. Women have been admitted to Durham since 1896 and non-Collegiate students since 1871. Until 1946 all Durham Colleges' students lived in Coll., but post-war expansion has made this impossible, and approximately one-fifth of the total number live in licensed lodgings as members of St. Cuthbert's Soc. (men) or St. Aidan's Soc. (women).

* Training Coll. under Ministry of Educn. licensed by the Council of the Durham Colls. as a place of residence for students reading for degrees in the Durham Division of the Univ.

Various Depts. of the Division are now housed in different parts of the city and a plan showing their position is published in the *Durham Colleges Handbook*.

INCOME (1952–53). £246,969.

LIBRARY. Univ. Library contains more than 125,000 volumes, including 187 incunabula and extensive collections of older books notably on Patristics and Engl. hist. 2 large sections, for Sci. and Oriental Studies, the latter of which contains valuable sp. material, are separately housed.

LABORATORIES. Bot., Chem., Geol., Phys., Radiochem., Zool. at South Rd.; Psychol. at Kepier Terrace.

OBSERVATORY. Erected in 1841; equipped for work in astron., meteorol. and seismol.; library includes valuable collection of periodicals and other publicns. on these subjects.

ADMISSION. Those wishing to read in the Durham Colls. for a degree (awarded by the Univ. of Durham) must satisfy the Univ. matric. requirements (*see* Appendix I). Applications for admission should be made to the Head of one of the Colls., and *not* to the Univ. Office or to one of the depts.

DEGREE COURSES. Courses are available for degrees of the Univ. of Durham in Arts, Educ., Sci., Soc. Studies, Theol.; for Univ. Dipls. in Bibl. Studies, Anthropol. and Theol.; for Univ. Inst. of Educn.'s Dipl. in Educn.; and for Univ. Cert. in Bibl. Studies.

STUDY LEAVE. There is a scheme by which members of staff may obtain sabbatical leave from time to time.

FEES (including tuition, board and lodging and subscriptions). Univ. and Hatfield, annual charges—caution money, £5; Arts, £176; Sci., £185. St. Chad's and St. John's, annual charges—caution money, £5; Arts, £180; Sci., £189. St. Mary's, annual charges—caution money, £5; Arts, £176; Sci., £185. The fees payable in the remaining Colls. vary with the means of the students. Students of St. Cuthbert's Soc. and students of St. Aidan's Soc. pay £45 in Arts and £54 in Sci., tuition fee. In addition, all students pay £5 subscription to Sports Clubs and Societies. For fees for matricn., examns. and degrees, *see* Univ. section *above*.

AWARDS open to students entering the Durham Colls. to read for a first degree. 10 Foundation Scholps. or Exhibitions are awarded by examn. each yr. The annual value of a Scholp. is £70, and an Exhibition, £40. Other Scholps. available are: The Pears, £40; The Pemberton, £40; The Wansbrough, £50; The Horsfall (3), £40; The Christopher Mather, £40; The Organ (2, one each in Univ. C. and Hatfield C.), £40 each; The Winifred Foster, £40; The Ellerton, £40; The Winchester, £40; The Hatfield, £40. All may qualify for supplementation by the Ministry of Education.

POSTGRADUATE AWARDS open to graduates of other Univs.: *see* Appendix II.

GRADUATES' ASSOCIATIONS. All the Colls. in Durham have Old Students' Assocns. under various titles. Further information may be obtained from the Sec. of the Assocn. at the Coll. concerned.

STUDENT RESIDENCES. All the Colls. provide residential accomm. in Coll., and in addition accomm. is available for 25 men students of St. Cuthbert's Soc. in the Soc.'s premises in South Bailey; and for 25 women students of St. Aidan's Soc. in the Soc.'s premises at Shincliffe Hall.

STUDENTS' SOCIETIES, CLUBS, ETC. The Durham Colls. Students Representative Council sponsor a considerable no. of societies and clubs covering a wide field of activities.

The Durham Union Society (for men) and the Durham Women's Union Society organize debates and lectures by outside speakers and provide club facilities.

STUDENTS' ATHLETIC FACILITIES. Two groups of sports grounds are available for outdoor activity, and every Coll. has its own boat-house.

PUBLICATIONS. *Warden's Report*; *Durham Colleges Handbook* (Sept.); *The New Durham* (students); *Palatinate* (students' newspaper).

GENERAL INFORMATION

The University of Durham College of Medicine was originally founded in 1834 and became associated with the Univ. of Durham in 1852. Armstrong Coll., Newcastle upon Tyne, was founded in 1871, as a part of the Univ. of Durham. In 1937 the two Colls. were merged to form King's Coll., Newcastle upon Tyne, in the Univ. of Durham.

Owing to recent expansions, various depts. of the Coll. are spread over a wide area and a plan showing their location is published in the *General Prospectus*.

INCOME (1952–3), £943,180.

LIBRARY, approx. 195,000 vols. and approx. 62,500 pamphlets (including the Med. libraries). There are also departmental libraries. Sp. collections: Heslop, English dictionaries (277 vols.); Merz, philosophical, mathematical and general (3940 vols.); Oriental, with sp. ref. to India (2762 vols. and 2082 pamphlets); Gertrude Bell, Oriental (1963 vols.); Robert White (*c.* 4000 vols.), English and Scottish ballads, Border hist.

MUSEUMS. Anat., Pathol., Dental, Zool., Geol., Mineral., Chem., Mining, Anthropol., Roman-British Archæol. Technological specimens.

LABORATORIES with special facilities for res. in Engin. and Hydr., Electr. Engin., Naval Archit., Mining and Metall.; special branches of Chem. (incl. Phys. Chem. and Electromicroscopy), Phys., Geol., Bot. and Agric.; Marine Biol. (Dove Marine Lab., Cullercoats, Northumberland).

The Agric. Dept. manages the Coll. Farm at Nafferton, Prudhoe Station, and the Coll. Res. Station at Cockle Park, Morpeth; it also has the use of other County and Crown estates for teaching, res. and demonstration purposes.

ADMISSION. Those wishing to read in the Coll. for a degree (awarded by the Univ. of Durham) must satisfy the Univ. matric. requirements (*see* Appendix I). Enquiries concerning admission to non-Med. depts. of the Coll. should be addressed to the Registrar, King's College, Newcastle upon Tyne, 1; students wishing to read Med. should write to the Asst. Registrar, the Medical School, King's College, and Dent. Surg. to the Asst. Registrar, Sutherland Dental School, Northumberland Rd., Newcastle upon Tyne, 1.

DEGREE COURSES, ETC. Complete Courses for degrees of Univ. of Durham in Arts (3 yrs.), Archit. (5 yrs.), Med. and Surg. (6 yrs.), Dent. Surg. (6 yrs.), Sci. (3 or 4 yrs.), Appl. Sci. GENERAL INFORMATION

The Leeds School of Medicine, founded in 1831, and the Yorkshire College of Science, founded in 1874, were united in 1884. The Coll. formed part of the Victoria Univ. from 1887 to 1904, when a Univ. was established in the city of Leeds by Royal Charter.

As the Univ. has developed during the past half-century, accomm. has been provided by the construcn. of a number of bldgs. and by the conversion of property, largely situated nr. the Univ., for the use of depts., halls of residence, etc. The Brotherton Library was completed in 1936 and the Parkinson Bldg., which contains the Central Court, a number of depts., lecture theatres and admin. offices, was opened in 1951.

CONSTITUTION. The Court is the governing body of the Univ. and is empowered to regulate and determine all Univ. matters in the ways required by the Charter and Statutes. The Council is the executive body of the Univ. and exercises such powers as are granted to it by the Court and by Statute. Included among the powers of the Council by Statute are the institution, after a report by the Senate, of teaching offices, and the management of the financial affairs of the Univ. Subject to Statutes and Ordinances and to review by the Court, the Senate controls and generally regulates instrucn. and educn. The Chancellor is the Head and Chief Officer of the Univ. and is President of the Court and the Council. In the absence of the Chancellor, the Pro-Chancellor presides at meetings of these two bodies; the Vice-Chancellor is *ex officio* Chairman of the Senate. The Chancellor, Pro-Chancellor and Vice-Chancellor are elected by the Court on the nomination of the Council.

INCOME (year ending July 31, 1953). Total income, £1,186,846 (Parliamentary Grants, 71 per cent.; Local Authorities' Grants, 6 per cent.; Fees, 13 per cent.; Interest on Investments, 2 per cent.; other sources, 8 per cent.).

LIBRARY. Brotherton Library, 375,224 books and pamphlets. Brotherton Collection, 40,507 books and pamphlets, including 251 incunabula, together with 608 MSS., 4106 deeds and 32,269 letters. Medical Library, 29,823 books and pamphlets. Dental Library, 1415 books and pamphlets. Agricultural

GENERAL INFORMATION

Univ. Coll., Liverpool, founded by Royal Charter 1881, was admitted into the Victoria Univ., Manchester, in 1884. In 1903 the Univ. of Liverpool was established by Royal Charter and the Coll. was absorbed in it.

CONSTITUTION. The supreme governing body of the Univ. is the Court which, subject to the Charter, Statutes and legislation, has absolute power within the Univ. It consists of the members of the Council and Senate, reps. of Local Authorities, professional bodies, schools, colls. and Convocation, and of certain officials *ex officio*. It meets annually to consider the Report of Proceedings of the Council of the Univ., and to approve the Statement of Accounts and alterations to Ordinances.

The Council is the executive body of the Univ. and consists of the officers of the Univ. and reps. of the Court, City Council, Senate, Facs. and Convocation; it administers the whole revenue and property and conducts all affairs of the Univ., and, on nomination of the Facs. and Senate, appts. Profs., officials and members of the Teaching Staff.

The Senate is responsible to the Council for the general regulation of discipline, instruction, res. and exams. within the Univ. and for recommendations for degrees, dipls., certs., scholps. and prizes.

Each of the Facs. of the Univ. is responsible to the Senate for courses of study and regns. as to awards, and, in general, the various business transactions falling within each Fac.'s province.

LIBRARY. Contains over 300,000 vols. The most important collections received by gift or bequest are those of Thomas Glazebrook Rylands (1900), rich in early geog., astron., maths. and British local hist.; of William Noble (1912), containing most of the finely printed books published in England since about 1880; and of R. A. Scott Macfie (1935), entirely devoted to the Gypsies. The Library possesses a small but fairly representative collection of mediæval MSS., including an important text of *Piers Plowman*, and about 250 incunabula. Special bibliographies have been issued. In addition to the Harold Cohen Library, opened in 1938, there are numerous departmental libraries, all administered by the Univ. Librarian.

The following are the principal MUSEUMS AND LABORATORIES: Mathematical Inst., Anat., Archæol., Archit., Bacteriol., Biochem., Bot., Chem., Physical and Electro-Chem., Electr. Engin., Embryol. and Genetics, Engin., Geol., Public Health, Child Health, Laryngol., Materia Medica, Med., Trop. Med. (including museum, animal houses, and specially warmed glass insect-

arium, and res. labs. at Liverpool and Sierra Leone), Chemotherapy, Obstet. and Gynæcol., Oceanog., Ophthalmol., Pathol., Physics, Nuclear Physics, Physiol. and Histol., Radio-diagnosis, Radiotherapy, Surg. Pathol., Tidal Res., Toxicol., Vet. Anat. and Pathol. (Vet. Hosp. in Liverpool and a Vet. Field Station and Hosp. in Wirral), Zool. The Marine Biological Station, Port Erin, Isle of Man, has been transferred to the Univ. by an Act of Tynwald. HOSPITALS available for Clinics, 25 general and special. The trade of the port ensures frequent cases of infection. Special wards for Trop. Diseases. Expeditions to Tropical countries organized for investigation or advice. Suitably qualified persons may enter the labs. for res. at prescribed fees.

GENERAL INFORMATION

The University authorities desire that it should be clearly understood that they can accept no responsibility for any information concerning examns. or procedure except such as is contained in the latest edition of their own official Regns. These can always be obtained on application at the Univ. offices.

The Univ. was constituted by Royal Charter in 1836 as a body empowered to grant degrees to students of approved institutions after examn. and, until 1900, its work was confined to the examn. of students. The system whereby entrance to its examns. was restricted to students of certain affiliated Colleges was abolished, except for examns. in Medicine, in 1858. In 1878 its degrees were thrown open to women, London being the first of the Univs. of Gt. Britain to adopt this policy.

In 1900 the Univ. was reconstituted so as to strengthen the ties between it and the institutions engaged in Higher Education within a radius of 30 miles. The Senate was empowered to admit as *Schools of the University* institutions, situated within the administrative county of London and not carried on for the private gain or profit of the owners, which provide education of Univ. standard, and was required to obtain reports at prescribed intervals on the efficiency of such schools. A special form of recognition could be given to an institution within the same area founded for research or the cultivation of any special branch of science or learning, and the Lister Institute of Preventive Medicine has been admitted in this category.

The two original Colls. of the Univ. have been incorporated in it, Univ. Coll. in 1907 and King's Coll. in 1910, by special Acts of Parliament.

Further changes in the constitution of the Univ. were made by the Statutes under the University of London Act of 1926. These Statutes came into force in March 1929. The most important change was the creation of a new body known as the Court, which is responsible for the finances of the Univ.

COURT. Under the Statutes, the Court has the custody, control and disposition of all the property, funds and investments of the Univ. and controls its finances. One of its most important duties is to apply for the grants for Univ. purposes to the University Grants Committee, the London County Council, Home Counties and other public bodies, and to distribute the sums so received between Univ. Institutes and those Schools which receive financial aid from the Univ. Prior to the reconstitution the Govt. grant had been allocated to Schools by the U.G.C.

The Court is also responsible for the development of the Univ. Precinct.

SENATE. Under the Statutes the Senate is the supreme governing and executive body of the Univ. in all academic matters. All *Appointed Teachers* at Schools of the Univ. are appointed by the Senate, which also has power to recognize as Teachers of the Univ. members of the teaching staff of certain approved public educational institutions, whether Schools of the Univ. or not. Matriculated students of Schools of the Univ. or those studying under such *Recognized Teachers* are eligible under certain conditions for registration as *Internal Students*, and are allowed, after pursuing Approved Courses of Study, to enter for the " Internal " examns. of the Univ. *External Students* may pursue their studies where and how they please, and are admitted, without any conditions as to attendance at Approved Courses (except in Med., Dental Surg., Pharm., Mining, Metall., Engin., Anat. and Archit.), after a period of Registration, to examns. for degrees in all subjects. The examns. for Internal and External students are in some cases separate, in others identical.

COMMITTEES OF THE SENATE. The 5 standing Cttees. are: the Academic Council, the Council for External Students, the Collegiate Council, the Council

for Extra-Mural Studies and the University Entrance and School Examinations Council. There are about 35 other Cttees. besides the 50 Bds. of Studies.

INCOME (1952–53). The total income of the Univ., including all its Schools and Institutions, for recurrent purposes for yr. ending July 31, 1953, was £8,991,974. (Treasury grants, 69·9 per cent.; grants from other Govt. Depts., 0·5 per cent.; grants in aid from Local Authorities, 3·7 per cent.; fees (including Ministry of Educn. Tuition Grants for Teachers in trg.), 12·8 per cent.; endowments for both particular and general purposes, 2 per cent.; donations and subscriptions, 1 per cent.; contributions for services rendered, 3·1 per cent.; other sources, 7 per cent.)

The UNIVERSITY LIBRARY is a general library including all subjects studied in the Univ., but it is specially strong in the humanities. It contains over 600,000 vols. and over 3000 current periodicals, and provides reading accommodation for nearly 400 readers and an extensive loan service for members of the Univ. Among its special collections are the Goldsmiths' Library of Econ. Lit. (*c.* 60,000 vols. and pamphlets); the Durning-Lawrence Library containing an important collection of books by and about Sir Francis Bacon and a good working library on Shakespeare including the four folios; the De Morgan Library of mathematical and astronomical books; the Quick Memorial Library of books on education, especially rich in old text-books for the schoolroom; the Harry Price Library of magical literature; and the Eliot-Phelips Collection of Spanish books and works on the history of Spain.

The Music Library contains books and periodicals on music, music scores, gramophone records and pianola rolls, and is equipped with audition rooms. The Photographic Department is equipped to produce photostats, microfilms, enlargements, reflex and diazo copies, and work is undertaken both for Institutes and members of the Univ. and also for those unconnected with the Univ.

Each School and Institution of the Univ. has its own Library, and some particulars of these will be found in the respective Yearbook entries below. For further details of the libraries of the Univ., see R. A. Rye: *Students' Guide to the Libraries of London*, 1927; R. Irwin: *The Libraries of London*, 1949; and L. M. Harrod: *The Libraries of Greater London*, 1951.

FACULTIES AND DEANS. *Arts*, Prof. E. H. Warmington (Birkbeck Coll.); *Economics and Political Science*, Dr. E. C. Rhodes (L.S.E.); *Engin.*, Prof. A. L. L. Baker (Imp. Coll.); *Laws*, Prof. T. F. T. Plucknett (L.S.E.); *Medicine*, Dr. C. F. Harris (Bart.'s); *Music*, Dr. W. Lovelock (Trin. C.M.); *Science*, Prof. J. G. Semple (King's Coll.); *Theology*, Rev. H. Roberts (Richmond Coll.).

TERMS for Univ. and Inter-collegiate courses, 1954–55: Oct. 6–Dec. 15; Jan. 12–March 23; April 27–July 6. 1955–56: Oct. 5–Dec. 14; Jan. 11–March 21; April 25–July 4.

DEGREES. B.D., M.Th., D.D.; B.A., M.A., D.Lit.; LL.B., LL.M., LL.D.; B.Mus., D.Mus.; M.B., B.S., M.D., M.S.; B.D.S., M.D.S.; B.Vet.Med.; B.Pharm.; B.Sc., M.Sc., D.Sc.; Ph.D. (in all Facs.).

The B.Sc. and D.Sc. are granted in the Facs. of Sci. (including Agric., Hortic., Vet. Sci., and, for Internal students, B.Sc. in Household Sci. and in Nutrition, superseding the former B.Sc. (Household and Social Science)), Engin., and Econ. (including Estate Management); the M.Sc. in Sci. (including Agric., Hortic., Vet. Sci., and, for Internal students, Household and Social Sci.), Engin. and Econ. (including Estate Management).

ADMISSION. Intending students who are suitably qualified (*see* Appendix I) must apply to the Sec. to the Univ. Entrance and School Examns. Council, on

Form M (obtainable from the Sec.), for a Statement of Eligibility. On being granted such a Statement they must apply to the School of their choice (*see* pp. 208-209) for admission. The admission of students, provided they satisfy University Minimum Entrance Requirements, is entirely a matter for the individual Schools. In all Faculties, except Theology and Economics, Faculty Requirements (*see* Appendix I) must also be satisfied.

EXTERNAL students for a Bachelor Degree take Intermediate *or* Preliminary and Final examns. at intervals prescribed in the Regns., and approximating (except in Med., Dental Surg., Archit. and Vet. Sc.) to 3 or 4 yrs. in all. All External students (except for the Intermediate overseas) are required to register, and all must previously have matriculated or must satisfy the minimum entrance and Fac. requirements of the Univ. at the time of first registration. Copies of all Regns. may be obtained from the External Registrar.

EXTERNAL EXAMINATIONS OVERSEAS. Certain of the examns. of the Univ. for External students are held not only in London and at Provincial centres within Great Britain, but also at centres in the Dominions and Colonies and in some foreign countries. The examns. in Theol., in Arts, in Laws, in Econ. and in Comm. have been held at about 156 overseas centres. The Examns. in Sci. have also been held under special arrangements at 30 overseas centres.

An INTERNAL student, before being allowed to enter as such for any examn. must, unless specially exempted, have attended courses in all the subjects thereof. For a first degree in any Fac. he must have completed an Approved Course of Study extending over at least 3 yrs. which must, ordinarily, have been continuously pursued, but not necessarily all at one institution. As a general rule, Hons. may be taken at the Final examns. A course of study extending over not more than 1 yr. taken in another Univ. approved for the purpose subsequently to a student's passing the Inter. may be accepted subject to regns. in lieu of a course taken in this Univ.

Any person who has passed the Inter. examn. as an *External* student may be allowed to take the Final examn. for the first degree after having attended as an Internal student an approved course of study for it extending over 2 or 3 yrs., as required by the Regulations, but in the case of those taking it after 2 yrs. the degree is not conferred till after a further yr.'s course of approved study.

Courses for Internal Degrees are held at the following :

INSTITUTE OF ADVANCED LEGAL STUDIES

Founded 1948

Postal Address : 25 Russell Square, London, W.C.1, England.
Telephone : Museum 3232.

CHAIRMAN OF COMMITTEE OF MANAGEMENT—The Rt. Hon. Sir NORMAN BIRKETT, M.A., LL.B. Camb., LL.D.

DIRECTOR—Professor Sir DAVID HUGHES PARRY, M.A. Camb., D.C.L. McG., LL.D. Br. Col., New Br., Wales and W. Ont.

SECRETARY AND LIBRARIAN—K. HOWARD DRAKE, M.A. Camb.

GENERAL INFORMATION

The Inst. was establd. as pt. of the post-war expansion of the Univ. of London and occupies premises near the Senate House. Its aim is to act as a focal point for legal res., to provide seminar classes for students reading for higher degrees in law at a School of the Univ., and to build up a good working res. library in law. Teaching at the Inst. is undertaken by members of the law teaching staffs of Colls. and Schools in the Univ. with a Fac. of Laws, in addition to the Dir. of the Inst.

The Library now consists of about 36,500 books, some 5000 of which were bequeathed to the Univ. by the late Dr. Charles Huberich. The Inst. has acquired practically all U.K. law reports and Statutes and basic works, particularly those of use for seminar purposes. In addition, the Nuffield Foundation have generously made available £10,000 for the purchase of legal lit. relating to the Dominions and Colonies. Through this benefaction, the Inst. is making good progress towards the creation of a comprehensive library of British Commonwealth law. The U.S. section of the library is being considerably enlarged and many current U.S. periodicals not taken elsewhere in England are regularly received ; an attempt is being made to acquire earlier volumes as quickly as practicable.

The Inst. has collated particulars of legal res. undertaken in Britain and the Commonwealth, and is in a position to pass this information on to res. workers and other enquirers. An annual list of topics in progress is prepared.

Admission to the Inst. may be granted, without fee, to *teachers* of law in Univs. and Univ. Colls., both in the U.K. and overseas, and to teachers in other Law Schools who are qualified to become members of the Soc. of Public Teachers of Law ; to *postgraduate students* engaged on approved res., and to other Univ. students attending a class or seminar at the Inst. ; and to *other persons* by permission of the Dir.

Persons who already hold a res. degree or have published the results of their researches, or have had considerable training or practical experience in the law, may be admitted to the use of the Inst., either on payment of a fee, or without fee, if duly invited and willing to assist in the work of a seminar held at the Inst.

Postgrad. students, whether reading for a degree or dipl. or not, must

register at a Coll. or Sch. of the Univ. with a Fac. of Laws (viz. King's Coll., Univ. Coll., L.S.E. and the Sch. of Oriental and African Studies). When so registered, they will become eligible, on the recommendation of their teachers, for admission to the Institute.

PUBLICATIONS. *Annual Report* presented to the Senate; annual list of *Legal Research Topics* in British Univs. Library publications: No. 1, *A Survey of Legal Periodicals held in British Libraries* (1949); No. 2, *Union List of Commonwealth Law Literature in Libraries in Oxford, Cambridge and London* (1952).

THE YEAR 1952–53

The Library increased by 5891 books to a total of about 35,500 on July 31, 1953. The number of readers during the session was 200.

CHAIRMAN OF MANAGEMENT COMMITTEE—J. F. LOCKWOOD, M.A., Ph.D.

DIRECTOR—Professor E. G. TURNER, M.A.

LIBRARIAN—JOYCE E. SOUTHAN, B.A.

GENERAL INFORMATION

The objects of the Inst. are to promote the advancement of the study of the Classics ; provide opportunities for contacts between scholars in the Classical field, both within the Univ. and from other centres of learning at home and abroad ; and to arrange facilities for advanced study and research and for the training of postgraduate students in Classics and cognate subjects.

The Hellenic and Roman Societies are associated with the Inst. Both are housed in the same premises, and their libraries are complementary to each other. Together the two libraries number 35,000 vols. (including over 200 current periodicals) and form a first-class tool of classical res.

Free admission is granted to teachers and to postgrad. students of London Univ. and to sr. scholars from elsewhere by invitation. For teachers and postgrad. students from other Univs. the fees are 10s. for 3 mos., £1 for 6 mos., £2 a yr. The Inst. has no students except those registered in other schools of the Univ., and teaching at the seminars is done by teachers in those schools.

The Inst. plans to publish an annual *Bulletin* (to include a register of advanced res. in progress) and an *Annual Report*. The first are to appear in 1954. *Prospectus* (free).

INSTITUTE OF COMMONWEALTH STUDIES

Founded 1949

Postal Address : 27 Russell Square, London, W.C.1, England.
Telephone : Langham 7855.

CHAIRMAN OF COMMITTEE OF MANAGEMENT—Professor DAME LILLIAN PENSON, D.B.E., LL.D. Camb., Leeds, McG. and St. And., D.Lit. Belf., D.Litt. Sheff. and W. Ont., Ph.D.

DIRECTOR—Professor Sir KEITH HANCOCK, M.A. Oxon., D.Litt. Rhodes, F.B.A.

SECRETARY/LIBRARIAN—A. R. HEWITT.

RESEARCH OFFICER—ALISON M. H. SMITH, M.A. Oxon.

GENERAL INFORMATION

The Inst. was establd. in 1949 to promote advanced study of the Commonwealth. Its field of interest is primarily, but not exclusively, that of the social sciences. It encourages collaboration at postgrad. level between workers who are employing different techniques of res. in the study of Commonwealth problems. It provides a meeting-place both for postgrad. students and members of the academic staffs of Univs. and res. institutions in the U.K. and overseas countries of the Commonwealth. Seminars, usually of the " inter-disciplinary " type, are held for advanced students during the Univ. terms. Admission to them is on recommendation by supervisors of studies or at the discretion of the Dir. Evening discussion meetings are arranged during Univ. terms for members of staff and other specially invited persons.

LIBRARY. The library does not set out to compete with the great collections but selects material of special value for res. and postgrad. teaching. It places particular emphasis upon primary material relating to govt., econ. and social development, race relations and demography, and with this object it regularly acquires official publicns., stats., guides to archives, etc., of the U.K. and Commonwealth countries. It is also acquiring a good selection of sec. works on the development of the Commonwealth during the past century. It subscribes to periodicals of significance for the study of the Commonwealth.

A strong bibliographical section is being built up by the acquisition of bibliographies, indexes to periodical lit., guides and indexes to govt. and parliamentary papers of the U.K. and Commonwealth countries, and similar aids to res. A bibliography of bibliographies in the library, a union list of Commonwealth newspapers and a register of res. in progress and of deposited theses in London and other U.K. Univs. are maintained. It is hoped to assemble, so far as possible, material relating to res. being done in other parts of the Commonwealth.

FELLOWSHIPS. Under a scheme initiated and financed by the Carnegie Corp., British Commonwealth Fellowships are offered to sr. members of staff of Commonwealth Univs. who may spend a yr., wholly or in part, at either the Inst., the Royal Inst. of Internat. Affairs or St. Antony's Coll., Oxford. Fellowships are by invitation only.

ADMISSION. Particulars and forms of applicn. may be obtained from the Secretary/Librarian.

PUBLICATIONS. The Institute publishes an *Annual Report.*

THE YEAR 1952–53

FELLOWSHIPS. St. Antony's Coll., Oxford, became the third beneficiary under the Carnegie Corp. scheme. 4 Fellows were at work under the scheme during the yr.

RESEARCH. Work commenced on assembly of material for book of documents on *British Tropical Dependencies.*

VISITS OF MEMBERS OF STAFF TO OTHER UNIVERSITIES. The Dir. spent a term at the Inst. for Advanced Study, Prin. The Sec./Librarian visited Univs., Colls. and Insts. in the W. Indies, U.S.A. and Canada.

GENERAL INFORMATION

London Day Training Coll. was founded by the L.C.C. in 1902 as an institution in connexion with the Univ. working under the Regulns. of the Bd. of Educn. for the Trg. of Teachers. The first Principal (1902–22) was Prof. (later Sir) John Adams. From 1909 to 1932 the Coll. was a School of the Univ. in Pedagogy, and as such was governed by a Coll. Council composed equally of representatives of the L.C.C. and of the Senate. In 1932, as the result of an agreement between the Bd. of Educn., the L.C.C. and the Univ., the Coll. was transferred to the educnl. and financial control of the Univ., and its title was changed to " University of London Institute of Education." The Inst. was administered as a " central activity " of the Univ. by a Delegacy apptd. by the Senate, and composed of representatives of that body, of the L.C.C. and of the teaching staff, together with certain co-opted members. In 1938 the Inst. was transferred to the new bldg. on the Bloomsbury site provided by a sp. grant from the Council to the Univ.

In accordance with the Recommendation of the McNair Cttee. on the Trg. of Teachers and Youth Leaders, the Univ. of London Inst. of Educn. now comprises the Central Activity, two Constituent Depts. and 35 Constituent Colls. The Inst. of Educn. is the Area Trg. Organization for the Counties of E. Sussex, Essex (except Mid-Essex and N.E. Essex), Kent, London, Middx. Surrey and the County Boroughs of Brighton, Canterbury, Croydon, Eastbourne, E. Ham, Hastings, Southend and W. Ham. Its purpose is to advance the knowledge and practice of educn. by research, to encourage the Univ. study of educn., and to improve, co-ordinate, and extend the provision for the training of teachers within the area.

Students are trained under the Regulns. for the Training of Teachers (H.M. Stationery Office, Kingsway, London, W.C.2) for Primary and Secondary Schools. Grads. may devote themselves continuously for a yr. to the theory, etc., of Educn. and obtain the Univ. Postgrad. Certif. in Educn.

Particulars of the courses provided in the Constituent Depts. and Colls. may be obtained from the Sec., Institute of Education, Malet St., W.C.1. *Telephone*: Museum 5525.

Fees and Courses. The annual tuition fee for the following courses is £62 : 10s. : Postgrad. Certif. in Educn., Art Teacher's Certif., Sp. Colonial Course, Adv. Course in the Dept. of Child Develt., Dipl. in Engl. Educnl. PUBLICATION. *Annual Report.*

THE YEAR 1952–53

In the third yr. of its existence the Inst. continued the various activities already established, acting as a centre of postgrad. studies and as a meeting-place for scholars in the Germanic field. 8 informal Colloquia were held during the session, of which a number were opened by scholars from abroad. The Library was further increased, particularly in some fields of special interest.

GENERAL INFORMATION

Founded by Dr. George Birkbeck in 1823 "for the purpose of giving education to students in the principles of the Arts they practise, and in the various branches of Science and useful knowledge." The principal aim of the College is to enable men and women engaged in full-time occupations during the day to employ their leisure in reading for first degrees in Arts and Pure Science or to engage in research with a view to taking higher degrees in these Faculties. While the College is primarily intended for evening and part-time students, undergraduates may in their final year be admitted to full-time study and postgraduate students wishing to devote the whole of their time to their researches are also accepted.

FACULTIES AND DEANS. *Arts*, B. Marjorie Daunt (Engl.); *Science*, Prof. C. A. Mace (Psychol.).

LIBRARY. General Library, 50,000 vols. R. C. Trevelyan Memorial Library, 4500 vols.

ADMISSION. *See* p. 211 and App. I.

COURSES. Complete courses for first degrees in Arts and Science and for the Academic Postgrad. Dipl. in Psychol.

ADVANCED STUDIES. Research facilities are offered to full-time and part-time students in the Departments of both Facs.

FEES. Annual Composition fees, including subscription to Students' Union: Arts (including Maths. in both Facs.), £11. Sci. (incl. Geog. and Psychol. in both Facs.), £13 : 10s. Postgrad. work, evening and pt.-time, £5-£11 whole time, £7 : 10s.- £22, according to Fac. and Degree.

GENERAL INFORMATION

Founded by Royal Charter in 1907 for the purpose of giving the highest specialized instruction and providing the fullest equipment for the most advanced training and research in various branches of Science, especially in its application to Industry, the Imperial College includes as integral parts the following constituent Colleges with the departments and (in brackets) sub-departments attached to them:

ROYAL COLLEGE OF SCIENCE: Botany (Biochemistry, Plant Physiology, Plant Pathology, Bacteriology); Chemistry (Agricultural Chemistry, Food and Drugs), Inorganic and Physical, Organic; Geology, except the sub-depts. of Mining Geology, Oil Technology; Mathematics; Meteorology; Physics (Technical Optics, Applied Geophysics); Zoology and Applied Entomology.

ROYAL SCHOOL OF MINES: Metallurgy, Mineral Dressing, Mining, Mining Geology, Oil Technology.

CITY AND GUILDS COLLEGE: Aeronautics (Aerodynamics, Aero-Structures, Aircraft Propulsion); Engineering—Chemical, Civil, Electrical, Mechanical.

The total staff is about 300. The College is a School of the University in Science and Engineering. Students who are registered as candidates for one of the Associateships and who have qualified for entrance to the University of London are eligible for the B.Sc. Degree of the University in the Faculties of Science and Engineering, on the courses and examinations for the relative Associateship, if the University's regulations are complied with. The courses of study are designed for students of University standard whose vocations will be concerned with the scientific aspects of industries. The buildings occupy about 8 acres and cost with equipment about £1,500,000. There is also a Field Station at Silwood Park, Sunninghill.

ADMINISTRATION. The administration of the Imperial College is vested in a Governing Body consisting of 52 members representing the Crown, the self-governing Countries of the Commonwealth, the Ministry of Education, the University of London, the London County Council, the City and Guilds of London Institute, the Royal Commissioners for the Exhibition of 1851, the

Royal Society, the Teaching Staff of the Imperial College, and learned societies concerned with industries. The Rector, as chief administrative officer of the Imperial College, and the three Deans are also members.

LIBRARIES. The Library of the Science Museum is available for the use of Students, and each Dept. is provided with a special Library.

ADMISSION. The conditions of admission are as under, but the College reserves power to admit in special cases candidates whose qualifications do not in every respect coincide with those prescribed, but whose previous training fits them to take full advantage of the course proposed; the prescribed qualifications give no right to admission, but will be considered with others of which the candidate may give evidence. For admission to first-yr. courses candidates must normally have qualified for Univ. Entrance and have passed at Advanced level in the Gen. Cert. of Educn. or its equivalent, in Chem., Phys., and Maths.; requirements vary somewhat according to the course. A limited number of students are accepted to take a Prelim. (Inter.) course which is held at Battersea Polytechnic. This is restricted to those entering the Royal School of Mines or those taking courses in Bot., Geol., and Zool. at the Royal Coll. of Sci. The minimum age for admission is 17. Women are admitted on the same terms as men. *See also* Appendix I.

DIPLOMA AND OTHER COURSES. The undergraduate courses extend over 3 yrs. and lead to an Associateship (A.R.C.S., A.R.S.M., A.C.G.I.), and to the B.Sc. (Special) or B.Sc. (Engineering) Degree as the case may be. The Associateship and the Degree are awarded on the same examinations. The postgraduate courses and research lead up to the Diploma of Membership of the Imperial College (D.I.C.), and to the higher Degrees of the University of London. Special arrangements are made for graduates and persons engaged in scientific industrial pursuits.

FEES. Entrance, £2; Tuition per session (Oct.-June), for full-time undergraduate students, £60; for part-time, £63 per session; for full-time postgraduate students (*a*) carrying out research, £30 per session; (*b*) taking courses of study, £60 per session; for part-time, at the rate of £33 and £63 per session respectively. An additional charge may be made for expensive apparatus or chemicals.

SCHOLARSHIPS. Royal Scholps., Entrance Scholps. and Exhibitions for undergraduate courses awarded on an examination held at Schools; Special Scholps. available in Mining.

POSTGRADUATE AWARDS open to graduates of other Univs.: *see* Appendix II.

AFFILIATION, ETC. The Univ. of Sheffield is associated with the Coll. for Advanced Studies in the Metallurgy of Iron and Steel.

In collaboration with L.S.E. the Coll. arranges courses in Postgrad. Studies in Technol., Econ. and Admin.

APPOINTMENTS BOARD. The Coll. Appts. Bd. assists Associates and Members of the Coll. to find employment on the completion of their Coll. courses.

HOSTEL. There is a residential hostel at the College, with accommodation in the women's wing for 13 students, and in the men's for 76; fees: £15-£17 per term. Meals are provided by the Refectory at about 8s. per day, at present. Enquiries should be addressed to the Hostess, Imperial College Hostel. There is also a Hall of Residence at 50 Holland Park, London, W.11. (*Telephone*: Park 7041), with accommodation for 25 students.

STUDENTS' UNION. The Imperial College Union building in Prince Consort Road is the home of the various student organizations, including the Imperial College Union, the Royal College of Science Union, the Royal School of Mines Union, the City and Guilds College Union, and a large number of Societies and Athletic Clubs. There is a College Refectory in the building, and a College Bookstall.

PUBLICATIONS. *Annual Report*; *Calendar*; *Prospectus*; *Careers Pamphlets*. No charge is made for any of these publications.

GENERAL INFORMATION

HISTORY. Founded by Royal Charter in 1829 for "instruction in the various branches of Literature and Science and the doctrines and duties of Christianity," King's College consisted at first of a School and Departments of General Literature, Science and Medicine, to which were added successively Engineering, Theological and Oriental Depts. The Hospital was built in 1839; the Evening Classes were started in 1856, and a Women's Dept. in 1881. In 1910 the College School became a separate Corporation, the Hospl. and Advanced Med. School were made independent, the other Depts. (except the Theological) doing work of University standard were incorporated in the Univ. of London, while the Council remained the governing body of the Theol. Dept., which became a School of the Univ. In 1915 the Arts and Science Departments of King's College for Women, previously housed in Kensington, were transferred to the Strand building of King's College, and the Household and Social Science Department to new buildings on Campden Hill. The Dept. of Household and Social Science became a separate instn. in 1928 under the title of King's Coll. of Household and Social Science, now Queen Elizabeth Coll., *see below*. In 1917 the Oriental Dept. was transferred to the new School of Oriental Studies. The School of Slavonic and East European Studies, founded in 1915, was constituted a separate department of the Univ. as from Aug. 1, 1932, *see above*.

CONSTITUTION. University of London King's College, consisting of the five Faculties named below, is incorporated in the Univ. of London, and is governed by a Delegacy of the Senate. It is also, with King's College Theological Dept. (*see below*), an integral part of King's College, London. The Principal of King's College, London, is appointed by the Crown; the Dean of King's College Theological Dept., elected by the Council, is equally Dean of the whole College. The Secretary, Librarian and Registrar also serve the whole College and are appointed by the Governing Bodies jointly.

FACULTIES AND DEANS. *Arts*, Prof. W. S. Maguinness (Latin); *Engineering*, Prof. J. Greig (Elec. Engin.); *Laws*, Prof. R. H. Graveson; *Medical Science*, Prof. T. Nicol (Anatomy); *Natural Science*, Prof. J. T. Randall (Phys.).

LIBRARIES (about 176,000 vols.). In addition to the General Library there are the following Special Libraries: (1) The Marsden (Philol.), (2) Wheatstone (Electr. and kindred subjects), (3) Skeat and Furnivall (Philol. and Engl. Lit.), (4) Ronald Burrows Library (Mediæval and Mod. Greek), (5) Frida Mond (Goethe and German Lit.), (6) T. R. R. Stebbing (Zool.), (7) F. D. Maurice Collection, (8) The Box Library (Semitic Studies). There are also the following Departmental Libraries: Anat. and Physiol., Bot., Chem. Engin., Chem., Classics, Educn., Elect. Engin., Engin. (Civ. and Mech.), French, Geog., Geol., German, Hist., Imp. Hist., Laws, Maths., Palæog., Pharmacol., Physics, Portuguese, Spanish, Zool.

LABORATORIES AND MUSEUMS. Anat. (Hughes Collection), Comp. Anat., Biol., Bot., Chem., Chem. Engin., Engin., Geol. and Mineral., Mat. Med., Metall., Pharmacol., Physics, Physiol. (including Biochem. and Histol.), Zool. The Halley Stewart Laboratories of Physics Research, 30 Chesterford Gardens,

Hampstead, N.W.3, were formally opened as a department of the College on May 4, 1933. There is also a Botany out-station at 68 Half Moon Lane, Dulwich, S.E.24, and a Plant Physiology Laboratory at Danehurst, Champion Hill, S.E.5.

ADMISSION (*see* p. 211 and Appendix I). Applicants for admission to the French Hons. Sch. are required to take an entrance test in their schools. Applicants for Bot. or Zool. have a practical test when called for interview. In general the Coll. does not admit students who have still to comply with the Univ.'s requirements for entry on their respective degree courses, but it does admit to Inter. courses in Fac. of Laws.

DEGREE COURSES in Arts, Laws, Science and Engineering. Pre-clinical courses in Medicine, and courses for the First and Second Examns. for Dental Degrees. Education Dept. for training Teachers (men and women) for the Postgraduate Certificate in Education.

Clinical Medical training at King's College Hospital or St. George's or Westminster.

Engineering students are provided with facilities for spending half of each summer vacation in engineering works.

Evening Classes in the Faculty of Laws.

OTHER COURSES. The Associateship of King's College (A.K.C.) is open to men and women who have graduated after 3 yrs.' course and have also attended prescribed course in Divinity and passed appropriate examns.

ADVANCED STUDY. Special facilities in English (including Bibliography), History (especially Ancient, Medieval and Colonial, and Military Studies), Palæography, Portuguese, Spanish, Modern Greek, Education and several Depts. of Science. All Faculties accept students for postgraduate courses. The College has a course for its own postgrad. Dipl. in Chemical Engineering.

FEES. Tuition per Session of 3 terms of 10 weeks each (Oct. to July): Arts: 36 gs.; Laws, 25 gs. (Even.), 34 gs. (Day); Science, 36 gs. (Maths.), 50 gs. (others) Med., 48 gs. or 55 gs.; Engin., 60 gs.; Master's degree or Ph.D., 21 gs.; compulsory vacation field courses in some subjects.

SCHOLARSHIPS. For undergraduates: In Arts 4, ag. value £160 p.a.; Laws 2, ag. value £70 p.a.; Natural Science 2, ag. value £80 p.a.; Medical Science 4, ag. value £165 p.a.; Engineering 2, ag. value £80 p.a. Most of these are eligible for supplementation by the Ministry of Education.

POSTGRADUATE AWARDS open to graduates of other Univs.: *see* Appendix II.

ENTRANCE SCHOLARSHIPS in all Faculties.

RESIDENCE. Halliday Hall, South Side, Clapham Common, London, S.W.4 (*Telephone*: Tulse Hill 5780), for 134 men; fees, £120 to £135 a session. King's College Hall, Champion Hill, London, S.E.5 (*Telephone*: Brixton 2558), for 102 men; fees, £120 or £105 a session.

A REGISTER OF FORMER STUDENTS is maintained. Membership of the King's College London Association enables former students to keep in touch with one another and with the College.

STUDENTS' UNION SOCIETY has its own premises in Chesham House, Surrey Street, W.C.2.

PUBLICATIONS. Separate prospectus for each Faculty, post free. *Calendar*, 7s. 6d. post free; King's College *Review*; Union Society *Handbook*; *King's*

Engineer; *King's Counsel*; King's College London Association *Year Book*; Hearnshaw, *History of King's College* (Harrap, London, 1931; o.p.).

GENERAL INFORMATION

Founded 1895. A School of the Univ. recognized in the Faculties of Arts (in Anthropology, Geography, History and Sociology), of Laws, and of Economics and Political Science (including Commerce and Industry).

INCOME. The total income of the Sch. for 1952–53 was £399,759: Govt. grants, 75·1 per cent; endowments, 4·3 per cent; fees, 15·9 per cent; donations, 2·4 per cent; miscellaneous sources, 2·3 per cent.

COURSES. Students may be admitted by the School for all degrees of the Univ. in the above Faculties as Internal students of the Univ. The School also provides instruction for the Diplomas of the Univ. in Anthropology, Colonial Studies, Law, Psychology, and Public Administration; for Certificates of the School in Social Science and Administration, for Social Workers in Mental Health and in International Studies, and for Special Courses in Business Administration, Trade Union Studies, Personnel Management and Child Care. In collaboration with Imperial College the School arranges courses in postgraduate studies in Technology, Economics and Administration. Classes and lectures are given both in the day and in the evening.

ADMISSION. *See* p. 211 and App. I. The School is open on the same terms to men and to women. The School reserves the right to call any student for personal interview. The School may also, in exceptional cases, specify conditions, over and above the requirements of the Univ. regns., with which a student must comply before admission.

Persons desiring admission to the School for a first degree or diploma may, in certain cases, be required to sit for an entrance examination, which consists of a three-hour paper, containing questions of a general nature and in the use of English.

LIBRARY. The *British Library of Political and Economic Science* is attached to the School and includes the Edward Fry Library of *International Law* and the Schuster Library of *Comparative Legislation* and a number of special collections.

The Library is open not only to those who are taking courses at the School, but, by permission of the Director, also to other persons desiring to use it for research or consultation.

FEES. The composition fee for a complete day course in Arts, in Laws or in Economics is 34 gs. for the academic year. Evening students receive considerable reduction in fees. The fees include privileges of Students' Common Rooms and Athletic Societies. The playing fields at Malden are available for members of the Athletic Union.

SCHOLARSHIPS. Entrance scholps. (including the Leverhulme Scholps.) are awarded each year and are eligible for supplementation by the Ministry of

Education. An Adult scholp. of the value of £100 p.a. may be awarded to students who have shown promise in pt.-time studies. Scholps. are also awarded during the undergraduate course, some of which are eligible for supplementation by the Ministry of Education.

STUDENT HEALTH. The School has its own nurse, who holds a daily surgery in the School during the session. A mass radiography unit visits the School each session for the examination of students.

A psychiatric advisory service for students has been established. This is in the charge of a doctor who attends the School three days a week for consultation by students who feel the need for psychiatric treatment.

RESIDENCE. Passfield Hall, Endsleigh Place, W.C.1 (*Telephone*: (Warden and Staff) Euston 3584; (Students) Euston 7691), for about 140 men; fees: £3 : 17s., £3 : 13 : 6 and £3 : 10s. per week for single, double and treble study-bedrooms respectively.

PUBLICATIONS. Learned: *Studies in Econ. and Pol. Sc.*; *Economica*, quarterly journal devoted to research in economics, economic history and statistics; *The British Journal of Sociology*, quarterly journal devoted to research in sociology and cognate subjects. Official: *Calendar*; *Prospectus*; *Departmental Pamphlets*.

GENERAL INFORMATION

Queen Mary College derives from the New Philosophical Institute founded in the earlier part of the 19th century by J. T. Barber Beaumont to provide educn. for people of the East End. He died in 1841, providing in his will a trust fund for continuation of Inst. The trustees later became associated with the Drapers' Co., with whose assistance the East London Technical Schools were opened in 1887, superseding the New Philosophical Inst. and later known as East London Technical College. With addition of Arts courses, the name was changed to East London College. In 1907 Univ. recognition was granted for instrucn. for Bachelor's and Higher Degrees in Arts, Sci. and Engin. and in 1915 the Coll. was admitted as a School of the Univ. A Royal Charter was granted in 1934 when the Coll.'s name was altered to Queen Mary College in acknowledgment of the honour accorded by Queen Mary in presenting the Charter. Her Majesty became the first Patron and Hon. Fellow of Queen Mary College.

Governed by Governors who include Master and Clerk of Drapers' Co. and representatives of L.C.C., Univ. and Staff. A School of the Univ. in Arts, Sci. and Engin. Degree courses in Arts, Sci., Engin. GENERAL INFORMATION

HISTORY. As a result of the recommendations of the Reay Cttee. in 1908, the School was established by Royal Charter in 1916 as the "School of Oriental Studies, London Institution," in Finsbury Circus; it was granted the status of a School of the Univ. and was later allocated space for a permanent (not yet fully completed) bldg. on the Bloomsbury site of the Univ. In 1938 among other amendments to the Charter the title of the Sch. was changed to "School of Oriental and African Studies." At outbreak of second World War it moved to Christ's Coll., Camb., but later returned to Lond. A large no. of intensive courses were given for service personnel, esp. in Chinese, Japanese, Burmese, Arabic, Turkish, Persian and Urdu, and much translation work was done for the various Ministries as well as censorship duties. Largely as a result of the Sch.'s initiative an Interdepartmental Commission was set up under the Earl of Scarbrough's chairmanship to report on the provision for teaching and res. at Univ. level in Oriental, Slavonic, E. European and African studies. The Commission recommended a substantial expansion of existing facilities and from 1947 large grants for Oriental and African studies have been made by the U.G.C. In accordance with the Commission's recommendation that the whole field of Oriental and African Studies should be developed in Lond., as against a more restricted development in other Univs., the Sch. devoted its energies in the 1st post-war quinquennium to building up strong, coherent academic depts., in which a proper balance is sought as between linguistic and cultural studies, and the classical and modern aspects of those studies. Since then the staff has been steadily strengthened by numerous new appts.

A School of the Univ. in Facs. of Arts and Laws.

GENERAL INFORMATION

The School, founded by the Pharmaceutical Society of Great Britain in 1842, was admitted as a School of the Univ. in 1925. Control of the School was transferred from the Pharmaceutical Society to a Company limited by guarantee in 1949. A Royal Charter of Incorporation was granted to the School in 1952. The Council of the School, as now constituted, includes representatives of the Univ. of London, the Pharmaceutical Society and the Academic Board, as well as certain co-opted members. There is an Academic Board which acts in an advisory capacity. The School will move to a new building in Brunswick Sq. as soon as this is completed.

All undergraduate entrants to the School work for the B.Pharm. Hons. degree. All depts. of the School are available for postgraduate and research work, and the respective Professors and Heads of Depts. are always prepared to advise students wishing to undertake research.

All students are entitled to use the Library of the Pharmaceutical Society, which is in the same building.

The School is open to men and women students. For admission requirements *see* p. 211 and App. I. Foreign students are admitted on the same terms as British, but are expected to produce identification papers.

FEES. For the B.Pharm. (Final) degree, £50 p.a.

THE YEAR 1952–53

BUILDINGS. The School continued to occupy addtl. premises, made available by Birkbeck Coll. and Royal Veterinary Coll. and Hospital, as temporary alleviation of overcrowding. Despite good progress being made towards completion of new bldg. in Brunswick Square, it is not expected that first section will be occupied till 1955–56

GENERAL INFORMATION

Founded in 1826 and opened Oct. 1, 1828, under the name of "The University of London," the College was incorporated as "University College, London," by Royal Charter in 1836. On Jan. 1, 1907, it was incorporated in the University of London.

LIBRARY. The College Library contains about 600,000 books and pamphlets, some of which are inaccessible owing to shortage of accommodation following the destruction of the Library buildings during the war. The Library in the main building has now been restored, but some sections are in temporary premises elsewhere in College.

The Library contains books in all subjects taught in College, and is particularly strong in archæology (Yates Library), Egyptology (Edwards Library), London history, American and Latin-American history, Scandinavian studies, and the biological and medical sciences. A list of the most important special collections is given in the College *Calendar*; some of these are among the books not accessible at present.

The libraries of the Folk-Lore Society, the Geologists' Association, the Hertfordshire Natural History Society and Field Club, the Malacological Society, and the London Mathematical Society are deposited in the College Library, whilst those of the Viking Society for Northern Research and of the British Society of Franciscan Studies are now the property of the College. The library of the Philological Society and the Mocatta Library of Anglo-Jewish History were largely destroyed during the war; the latter has now been reconstituted by the Jewish Historical Society of England.

GENERAL INFORMATION

The School was opened in 1834 and provides for all medical studies from the beginning to qualification, and includes depts. of anat., physiol., biochem., pharmacol., chem., phys., biol., clin. and gen. pathol. The depts. of anat. and physiol. were reopened in 1947 after a lapse of 36 yrs. With its associated hospls. there is a service of 670 beds. 45 students are admitted annually.

MUSEUM. A notable feature of the School is the pathological museum, in which is housed, in addition to an exhaustive collection illustrating general, pathol. conditions, the famous Lockyer collection of obstetric and gynæcol. specimens. The anatomy museum has been built up during the last few years and now consists of a very extensive collection of human and comparative material prepared by modern methods. A special feature is the embryological section showing progressive stages of development.

LIBRARY. The library contains nearly 5000 volumes, including the latest editions of text-books and journals of the learned societies, both British and American. There is a fully qualified librarian and an assistant.

ADMISSION. *See* p. 211 and App. I.

FEES. There is an entrance fee of 15 gs., and an inclusive annual fee of 55 gs. Union and athletic contributions are included in these fees.

SCHOLARSHIPS. Scholps., exhibitions and prizes, approx. of £1000 in value, are offered for award each year. The number of pre-registration house posts available in the group is high in proportion to the small number of students admitted, in addition to which there are 20 Registrarships, a number of Demonstratorships and other posts available.

PUBLICATION. *Charing Cross Hospital Gazette.*

THE YEAR 1952–53

NEW BUILDINGS. Additional accomm. near School acquired and adapted, and now occupied by depts. of clin. pathol. and chem., the latter including chemical pathol., biochem. and org. chem. Considerably increased space

thus available for teaching and other work of the School. Kingsbury Maternity Hosp. added to Charing Cross Teaching Group; to be brought into use in April 1954 as an addtnl. obstetric unit for instruction of students.

GENERAL INFORMATION

St. George's Hospl. was opened for the reception of patients in 1734 and the physicians and surgeons were permitted to have a limited number of pupils from its inception. The School has existed in its present form since 1868. Since 1906 the teaching in the School has been devoted entirely to the clinical subjects and, by arrangement, students entering for the full course have done the pre-clinical work at King's Coll., London.

LIBRARY, MUSEUM, ETC. The School Library contains text-books and journals dealing with all branches of clinical study. The Pathol. Dept. contains labs. of Morbid Anat., Bacteriol., Hæmatol. and Chem. Pathol.

ADMISSION. *See* p. 211 and App. I.

FEES. The annual composition fee of £63 covers all courses in the School and Hospl. and includes the subscription to the Students' Union.

SCHOLARSHIPS. Six Entrance Scholps. of the total value of £800 are offered for competition annually. The subjects of examn. are either Anat. and Physiol. or Pathol. Prizes of the total value of £260 are also offered for competition each year.

RESEARCH. Qualified students wishing to undertake research are encouraged to do so. Small annual grants from endowments are available for this purpose.

GENERAL INFORMATION

The School was founded in the 13th century and is now an incorporated Sch. of the Univ. of London. The governing body of the Sch. is the School Council and there is also an advisory Academic Bd. The Pre-med. and Pre-clin. Depts. are well equipped, and there are full Professorial Units in Med. and Surg. The Hospl. has over 700 beds available for teaching; the Library contains nearly 19,000 medical books and pamphlets. There is an extensive pathol. museum.

COURSES. Full instrucn. is provided for the whole course for the degree of M.B., B.S. London. Students for this degree join the pre-clin. period in Oct., but those from the Univ. of Oxford or Cambridge, who wish to do their clin. work in London for their own Univ. degrees, may join in April or Oct. A final F.R.C.S. course is held twice a yr., starting in March and Sept. Women students are accepted up to 15 per cent. of the annual entry.

UNIVERSITY ENTRANCE REQUIREMENTS. Students entering the pre-med. or pre-clin. periods must either have achieved London Matricn. or exemption therefrom, or (subsequent to April 30, 1951) must have passed the nec. subjs. in a General Certificate of Education examn. to enable them to be registered as matriculated students in the Univ. of Lond. on acceptance by the Med. Sch. *See also* p. 211 and App. I.

FEES. Tuition, £57 : 15s. p.a.; club subscription, 5 gs. p.a.

SCHOLARSHIPS. Scholps. are offered for entry into the pre-clin. and clin. periods and many scholps. and prizes are awarded during the yr. Res. facilities and scholps. available for postgrads.; 2 scholps. may be awarded annually to enable selected students to take a B.Sc. degree in Physiol. or Anat. before proceeding to clin. period.

STUDENT HEALTH SERVICE. Every student on joining the Med. Sch. is given a thorough med. examn. and a check is kept on students' health throughout their period of training. Weekly clinics are also held for students who wish to have med. advice.

GENERAL INFORMATION

The history of University College Hospital Medical School is closely bound up with the history of Univ. Coll. From the time of the opening of the Coll. in Oct. 1828, until its incorporation in the Univ. of London in 1907, the Fac. of Medicine was governed by the Corporation and Council of Univ. Coll.

Pursuant to Section 15 of the National Health Service Act, 1946, the School now has its own Charter of Incorporation and has become a Body corporate, having a perpetual succession and a common seal.

The present Medical School bldgs. were erected in 1907 as the result of funds subscribed by Sir Donald Currie, and the School was admitted as a School of the Univ. in the Fac. of Medicine on Jan. 1, 1907.

The preliminary and intermediate medical studies are held at Univ. Coll.

LIBRARY AND MUSEUM. The General Library contains about 30,000 books, including text-books, books of reference and sets of medical periodicals. The Graham Library is a separate collection of books and periodicals, and contains complete sets of British, American, French and German journals of interest to the workers in many branches of Medicine. The Ratcliffe Crocker Library, which consists of a collection of Dermatological volumes, is housed in the Royal Society of Medicine Library, 1 Wimpole Street, London, W.1. The Museum of Pathol. Anat. (Curator: Prof. G. R. Cameron) contains a collection of Medical, Surgical, Obstetrical and Gynæcol. specimens. Microscopic sections of most of the specimens are available for the use of students.

ADMISSION. *See* p. 211 and App. I.

GENERAL INFORMATION

HISTORY. Westminster Hospital was instituted in the year 1719, and incorporated by Act of Parliament in 1836. A Medical School has existed in Westminster since 1834, but was not brought into formal connexion with the Hospital until 1849. The new and enlarged School was completed in May 1939 in order to meet the demands of the latest developments in medical education.

CONSTITUTION. Westminster Medical School is a school of the University of London. Its government is vested in the governing body of the School called the Council.

ADMISSION. *See* p. 211 and App. I.

FEES. Entrance fee, 5 gs.; annual tuition fee, £66 (including membership of the Students' Union).

SCHOLARSHIPS. Four Scholps., each of the value of £40 p.a. for 3 yrs., are awarded on the result of an examn. held in May of each yr. in First-Year subjects. 4 Scholps. of similar value are also awarded annually as the result of examns. in Anat. and Physiol. held in April and Sept. The winners of these Scholps. are eligible to apply to the Ministry of Education for a supplemental award, which is assessed in accordance with financial circumstances. The David de Souza Scholp. of the value of £40 p.a. is awarded on the results of an examn. in Applied Physiol. held in March; the award is for 4 terms, for the special B.Sc. course in Physiol. after pre-clinical studies.

LIBRARY. The Library contains 4600 books and subscribes yearly to 99 journals and periodicals. There are 505 bound volumes of periodicals.

MUSEUM. The museum is specially designed to give a complete survey of modern medical science and contains over 3000 pathological specimens, of which 600 have been added in the last 4 yrs. The remainder have been remounted and the diagnosis and nomenclature adapted to modern concepts of disease.

TEACHING HOSPITALS. Students receive their clinical training in the hospitals of the Westminster Hospital Teaching Group, which consists of

Westminster Hospital, the Westminster Children's Hospital, the Gordon Hospital and All Saints' Hospital.

STUDENTS' RESIDENCE. There is a hostel for men students at Brabazon House, 5 Moreton Street, S.W.1, providing accomm. for some 70 students. Fees, £3 : 7s. 6d. per week for a single room and £2 : 17s. 6d. per week for a cubicle, with morning, evening and week-end meals.

STUDENTS' HEALTH SERVICE. There is a Students' Health Service and all students are seen on admission by the physician in charge.

ATHLETIC FACILITIES. The School's Sports Ground is at Cobham, Surrey. There are pitches for Rugby Union football, Association football, hockey and cricket.

STUDENTS' UNION. The Students' Union includes clubs covering the following activities: Rugby Union football, Association football, athletics, boating, cricket, lawn tennis, hockey, golf, fencing, squash racquets, badminton and sailing. The Refectory Committee, responsible to the Students' Union, is in charge of the School Refectory. The Union subscription is included in the annual tuition fee.

GENERAL INFORMATION

The Federation was established by the Senate in 1945 for the further development of postgraduate medical education in London. It was incorporated by Royal Charter in March 1947, and admitted as a School of the Univ. in Dec. 1947. The purpose of the Federation is to provide organized and correlated facilities for postgraduate teaching and research for qualified medical practitioners from the U.K., the Dominions, Colonies and abroad, and to co-operate with Univs., Medical Schools, the Royal Colls. and other bodies in their provisions for postgraduate medical education. The Federation provides : (i) Training for prospective specialists, supplementing the work of the undergraduate medical schools. (ii) Advanced revision for practising specialists. (iii) Instruction for medical practitioners who, though not specialists, desire more detailed knowledge of any branch of medicine. (iv) Continuing education of general practitioners.

The Federation comprises at present : *Federated Institutes*—Postgrad. Med. Sch. of Lond. ; Inst. of Cancer Res. : Royal Cancer Hosp. ; Inst. of Cardiol. ; Inst. of Child Health ; Inst. of Dental Surg. ; Inst. of Laryngol. and Otol. ; Inst. of Neurol. (Queen Square) ; Inst. of Obstet. and Gynæcol. ; Inst. of Ophthalmol. ; Inst. of Orthopæd. ; Inst. of Psychiatry. *Associated Institutes* —Inst. of Basic Med. Sci. ; Inst. of Dermatol. ; Inst. of Dis. of the Chest ; Inst.

of Urol. These are in various stages of development and expansion with a view to recognition in due course.

Postgraduate education at the Institutes and the hospls. associated with them includes full-time and pt.-time courses of advanced instruction, clinical clerkships, junior and senior resident hospl. appts. and opportunities for research. Provision is made for candidates for the M.D., M.S., M.D.S. and Ph.D. degrees, and courses are held for the academic postgrad. dipls. in Clin. Pathol. and Psychol. Med. of the Univ.

The Federation organizes short courses for general practitioners at hospitals in the four London Metropolitan Regions ; these include a number of courses consisting of half-day sessions, at undergraduate and postgraduate teaching hospitals. The administration of the Federation is carried out by the Central Office, which maintains a bureau of information on postgraduate medical education in the U.K., and arranges annually a series of lectures on " The Scientific Basis of Medicine ". These are designed for research workers and specialists in training, and are given by well-known experts from centres throughout the country.

The Federation awards a limited number of Travelling Fellowships annually to medically or dentally qualified men and women who are holding appts or are engaged in postgraduate study at undergraduate or postgraduate teaching hospls. or medical schools of the Univ. of London.

Following the institution of the National Health Service in July 1948, the Federation appointed to the staff of the Central Office a Regional Adviser for Postgraduate Medical Educn. in each of the four Metropolitan Regions to carry out the policy of the Univ. and the Federation in arranging postgraduate education for the practitioners, both specialist and general, in the Region. They are members of the administrative staff of the Central Office (*see* p. 373).

PUBLICATIONS. *Annual Report* and *Handbook* ; information leaflet concerning Federation ; table of postgraduate medical courses held at Universities in the U.K. ; programme of courses for general practitioners organized by Federation ; annual volume of lectures arranged by the Federation on " The Scientific Basis of Medicine " (Athlone Press).

GENERAL INFORMATION

HISTORY. The School represents the union of the Lond. Sch. of Trop. Med., which had operated since 1899, with the Univ. teaching depts. for the Dipl. in Pub. Health. In 1934 the Ross Inst. of Trop. Hyg. (founded 1926) was incorporated with the Sch. The Sch. was built and equipped with $2,000,000 provided by the Rockefeller Foundation on the understanding that the British Govt. would make adequate grants for staffing and maintenance. Charter of Incorporation secured in 1924 and supplemental charters in 1931, 1934 and 1947. By the original charter the School was recognized in the Facs. of Sci. and Med. in so far as the branches of Pub. Health, Hyg., State Med. and Tropical Med. were concerned.

INCOME (1952–53). Total income, £181,173 (interest on investments and bank deposits, 5·6 per cent.; donations and subscriptions, 2·9 per cent.; Univ. Court grant, 85·6 per cent.; students' fees, 4·1 per cent.; contributions for services rendered, 0·8 per cent.; other sources, 1 per cent.).

DEPARTMENTS. 10 main depts. There are also a Sub-Dept. of Med. Mycol., Sub-Unit of Occupational Health, Library, and, at Winches Farm, St. Albans, a field res. and animal breeding station. Dept. of Clin. Trop. Med. works in close association with Hosp. for Tropical Diseases, 4 St. Pancras Way, N.W.1.

LIBRARY. 36,000 bound vols. and 35,000 unbound pamphlets; 330 books of 17th-18th centuries on trop. diseases and hyg., and special Reece Collection of 332 vols. on smallpox and vaccination; series of annual med. and sanitary reports from various countries in the Commonwealth.

LOCATION. All courses are given at premises in Keppel St. which have excellent labs., res. and class-rooms and lecture-theatre.

COURSES. *Certif. and Dipl. in Pub. Health* (*Lond.*) course, primarily for qualified practitioners who intend to enter public health service in Britain, commences about the beginning of Oct. and lasts 9 months; examn. for Certif. held at end of 3 months. Fee: 70 gs. for whole course; 25 gs. for Part I only.

Dipl. in Bacteriol. (*Lond.*) course providing advanced instruction to graduates in med. sci., vet. sci. and pharm. commences about the beginning of Oct. and lasts 9 months. Applications to be received not later than preceding March; no. of places strictly limited. Fee: 70 gs.

Dipl. in Trop. Med. and Hyg. (*England*) course, designed for Conjoint Board's D.T.M. & H., is continuous course of 5 months, open to qualified med. practitioners, held twice p.a., commencing about the beginning of Oct. and the beginning of March. Fee : 40 gs.

Certif. and Dipl. in Trop. Med. and Hyg. (*Lond.*) course begins about the beginning of Oct. Both prelim. and final courses extend over not less than 4 months. Candidates admitted to prelim. certif. course and examn. at any time after graduation. Candidates for final Dipl. course, who must have had 12 months' experience of med. practice in a tropical country, required to specialize in one of 3 elective subjects. Fee : 70 gs. for whole course ; 40 gs. for Part I only.

Short Courses in Principles of Med. Stats., Epidemiol. and Statistical Methods. Courses in stat. methods and their application to med. and in med. stats. and epidemiol. commence in March, lasting approx. 4 months. Lectures and practical demonstrations twice weekly ; courses so arranged that they can be taken in conjunction. Persons without medical qualification eligible to apply for admission. Fee for each course : 10 gns. ; for combined course : 17 gns.

Course in Malaria Control for Laymen, without fee to non-medical men and women proceeding to tropics, held once p.a. and lasts about 5 days.

RESEARCH DEGREES. Facilities for research for M.Sc. and Ph.D. Lab. fee, £22 : 1s. p.a.

A SCHOOL ASSOCIATION of old students has been formed. Members regularly receive Annual Report.

STUDENT HEALTH SERVICE. The School's students may join the University Coll. Student Health Assoc. Benefits include clin. consultations and psychiatric, ophthalmic and dental treatment.

GENERAL INFORMATION

Owens College, named after a Manchester merchant who bequeathed £96,000 for its foundation, was opened in 1851. The Manchester School of Medicine was united with it in 1872. The Charter of 1880 by which the Victoria Univ. was founded established a federal constitution and made Owens a constituent Coll. of the Univ. Subsequently Univ. Coll., Liverpool, and Yorkshire Coll., Leeds, were admitted as constituent Colls. A new Charter was issued on July 15, 1903, reconstituting the Univ. under the name of the Victoria

* Additional Member of the Association of Universities of the British Commonwealth.

Univ. of Manchester and freeing it from liability to admit or remain in association with any Coll. other than Owens, and on June 24, 1904, the Act for the incorporation of Owens College with the Univ. was passed. In 1905, on the establishment of the Faculty of Technology, the work of Univ. standard at the Municipal School (now College) of Tech. was included in the Univ.

Most of the buildings erected from time to time during the past 50 years are situated in the city. The building for Clinical Sciences is ½ mile distant, adjoining principal hospitals. The main athletic grounds are at Fallowfield (30 acres), about 1½ miles distant, and at Wythenshawe (50 acres), about 3 miles distant. Darbishire House (health centre) is ¾ mile distant.

CONSTITUTION. The governing body of the Univ. is the Court of Governors, whose executive committee is the Council: the Senate, which consists of all the Profs. of the Univ., regulates academic matters. Faculties are controlled by their own boards within the authority granted by Senate and Council. The Chancellor presides over the Court, the Council elects its own Chairman, the Vice-Chancellor presides over the Senate.

INCOME (year ended July 31, 1953). Total Income, £1,334,183 (Treasury grants, 75 per cent.; fees, 12 per cent.; other Govt. depts., 2·8 per cent.; endowments, 5·1 per cent.; local authorities, 2·3 per cent.; other items, 2·8 per cent.)

LIBRARIES. The main library (over 420,000 vols.) is housed in two divisions. The books concerning the Arts and allied faculties are placed in the new building (completed in 1936). The books on scientific subjects remain in the old (Christie) building, which also contains the Library of the Manchester Museum. The library includes the private collections of Profs. Freeman, Stanley Jevons, Alexander and Gordon and Dr. Christie. Scientific periodicals are taken in by the Univ. in co-operation with the Manchester Literary and Philosophical Society, so that between them all the most important are available for both. The Medical Society's and the Radford Library (over 98,200 vols.) are housed in the Med. School, and available for students. The Library for Deaf Education (over 8300 vols.) is available to all interested in the educn. of the deaf. The John Rylands Library in Manchester includes the famous Althorp Library and the Crawford MSS. It contains one of the most important collections of early printed books and Bibles in existence, many first editions of English and foreign classics, and rare bindings. The MSS., both Eastern and Western, are notable for their fine examples of calligraphy and illumination and for their many important texts, on papyrus, parchment and other materials. In addition there is an extensive collection of charters, manorial and legal records and family muniments relating to almost every county in England. The ancient Chetham Library (65,000 vols.) has valuable mediæval MSS. and printed books of 17th and 18th centuries and specializes in local history and topography. The Municipal Reference Library (432,000 vols.) is a valuable collection of books and periodicals, which includes a Technical and Science Library of 84,000 vols., 28,500 of these consisting of British, American and Dominions patent specifications. One of the most important Special Reference Collections deals with British Parliamentary Papers from 1833, with a considerable number of an earlier date. The College of Technology Library (over 33,000 vols.) is devoted to applied science and technology and receives over 350 journals, of which more than half are filed permanently.

GENERAL INFORMATION

The Univ. originated in the Adult School established in 1798, the Mechanics' Institute and the People's College, developments leading to the Univ. Extension Lectures inaugurated in Nottingham in 1873—the first in the country—by the Univ. of Cambridge. An anon. gift of £10,000 in 1875, encouraged the Corporation of Nottingham to erect a bldg., maintain it, and supply instrucn. The bldg., in Shakespeare St., was opened in 1881 as the University Coll., Nottingham, incorporated by Royal Charter in 1903. There were at first 4 professorships (Lit., Phys., Chem., Natural Sci.).

A large estate some 3 miles W. of Nottingham, and new buildings completed

in 1928, were provided by the late Lord Trent, giving room for expansion. In 1938 a supplemental Charter reconstituted the governing body, providing for much wider representation. The Coll. was relieved in 1945 of responsibility for evening and part-time education in the area ; in 1947 the Midland Agricultural Coll. at Sutton Bonington became the Coll. Sch. of Agric., and an Inst. of Education was founded. Since 1948, when the Univ. Charter was granted, 140 acres have been purchased, bringing the site to a total of 260 acres, new bldgs. including a Hall of Residence and a Biology building have been erected, and 10 new professorships have been established.

CONSTITUTION. The supreme Governing Body of the Univ. is the Court. Subject to control by the Court, the Council is the executive of the Univ., responsible for the management and administration of revenue and property, and for the conduct of all the affairs, of the Univ. Subject to control by the Council, the Senate regulates academic matters. To each Faculty Board are assigned specific powers, including that of expressing its opinion to Senate on any matter relating to the Fac.

INCOME (1952–53). Total income, £585,169. Percentages derived from principal sources : Parliamentary grants, 69·2 per cent. ; fees, 15·5 per cent. ; local authority grants, 12·6 per cent. ; endowments, donations and subscriptions, 1·7 per cent.; other income, 1 per cent.

The School of Agriculture, comprising the Faculty of Agric. and Hort., is located ten miles from the University, between Nottingham, Derby and Loughborough. *Postal Address* : The Univ. of Nottingham, School of Agriculture, Sutton Bonington, Loughborough. (*Telephone* : Kegworth 386.)

LIBRARY. The Library contains about 145,000 vols. and 55,000 unbound pamphlets. Special collections include the French Revolution and Napoleonic Collection, 2000 vols. ; the Henry Mellish Meteorological Collection, 700 vols. ; and the D. H. Scott Collection of 6200 pamphlets on Palæobot. The Library is an approved repository for manorial documents, and among the more important records are those relating to the Duke of Portland, Earl Manvers, Lord Middleton and the Archdeaconry of Nottingham. Current periodicals number over 500. The library at the School of Agric. contains over 8000 vols.

MUSEUMS. Archæological, houses the Margidunum Collection (made by Dr. F. Oswald) of Roman pottery. Geological. Also scientific collections in various labs. and objects of historical interest distributed about the Univ. bldgs. Curator : H. H. Swinnerton, D.Sc., Prof. Emeritus (Geol.).

INSTITUTE OF EDUCATION, Redcourt, Derby Rd., Nottingham. (*Telephone* : Beeston 55591.) The Institute is responsible for approving courses and examining students preparing to become teachers, youth leaders and tutors in adult educn. It also provides a variety of services for those engaged in educn. in the area. The constituent colls. of the Inst. are the Derby, Kesteven, Lincoln, Loughborough, Matlock and Nottinghamshire County Training Colls.

ADMISSION. *See* Appendix I.

DEGREE COURSES. Pass degree of B.Mus., 3 yrs. ; pass degrees of B.Pharm., B.Sc. in Agric., Hort. or Dairying, B.Sc. in Civil, Mech., Elect. or Mining Engin.—4 yrs. ; Hons.. degrees, B.Pharm., B.Sc. in Fac. of Pure Sci., B.Sc.

in Fac of Agric. and Hort., B.Sc. in Fac. of Appl. Sci.—4 yrs. ; Hons. degrees, LL.B., B.A.—3 yrs. Candidates may be exempted from the Inter. Examn. and the Inter. course of study if they have reached a satisfactory standard in a G.C. E. examn. or in a recognized equivalent examn., but in the B.A. there is no Inter. course and no exemptions are granted. The minimum residence in the Univ. for graduation is 3 yrs. (under certain conditions grads. of other Univs., 2 yrs.).

No Hons. course is offered for B.Mus. ; the LL.B. and all courses for B.A. are Hons. courses, although if Hons. standard is not reached a Pass degree may be awarded. The B.A. can be awarded with Hons. in Classics, Latin, Greek, Anc. Hist., Engl., French, Spanish, German, Russian, Med. and Mod. Hist., Econ. and Social Hist., Theol., Maths., Geog., Engl. and Philos., Engl. and Econ. and Soc. Hist., German and Philos., Philos., Psychol., Sociol., Econ., Soc. Admin., Indust. Econ., Politics, or Law.

Hons. students in French, German, Spanish and Russian spend the third term of the first yr. at an approved foreign Univ. The Law Dept. prepares students for the Bar and Solicitors' Examns. as well as for the LL.B.

All B.Pharm. students follow the same courses for 2 yrs. after Inter., and divide into Pass and Hons. courses for the last year.

For B.Sc. in Pure Sci., all students enter for Hons. courses in Maths., Phys., Chem., Bot., Zool., Geol., Geog., Psychol., or combined studies (2 approved subjects), but may in certain cases be transferred to a Pass course (*e.g.* in Pure and Appl. Maths., or in Chem. and Pure Maths.) after 1 or 2 yrs., and in other courses a Pass degree may be awarded if Hons. standard is not reached.

In the Fac. of Agric. and Hort. all degree students follow the same courses for 2 yrs. after Inter., and divide for the last yr. into Hons. Agric., Agric. Bot., Agric. Chem., Agric. Microbiol., Agric. Zool., or Hort., and Pass Agric., Dairying, or Hort.

The 1st yr. course after Inter. in Appl. Sci. is common to all degree students except Metall. ; in 2nd yr. students specialize in Civil, Mech., Elect., or Mining Engin., and in 3rd yr. each course divides into a Pass and an Hons. stream. The 3-yr. post-Inter. Metall. course is an Hons. course, although a Pass degree may be awarded if Hons. standard is not achieved. In all Appl. Sci. courses practical experience, in works or mines as appropriate, is essential.

HIGHER DEGREES. D.Litt., D.Sc., D.D., LL.D.—conferred on graduates of the Univ. of at least 7 yrs.' standing, for distinguished published contributions to learning. Ph.D.—v. p. 24. M.A., B.D., LL.M., M.Pharm., M.Sc.—conferred on graduates of the Univ. in the appropriate Fac. after advanced work extending over at least 1 yr. and on graduates of approved Univs. after at least 2 yrs. ; also conferred on non-graduates under certain conditions, after advanced work extending over at least 4 yrs. M.Sc. in Mycology—awarded on an examn. taken after an advanced course of at least 1 yr.'s duration. M.Ed.—may be conferred after at least 2 yrs. (pt.-time) of advanced work, upon graduates of approved Univs. who have at least 2 yrs.' experience of work in Educn. ; after a course of normally at least 4 yrs.' duration, on non-graduates with approved qualifications in the field of Educn. and at least 2 yrs.' experience of work in this field.

DIPLOMAS. Diploma in English Studies for Overseas Students—1 yr. ; candidates must have qualifications comparable with those of a British graduate or be in possession of the Univ.'s Certif. in English Studies or equiv. qualification ; Adult Educn., 1 yr. postgraduate ; Dairy Sci., 1 yr. postgrad. ;

Dairying—2 yrs. (candidates must have 4 Ordinary level passes in G.C.E. incl. Engl., Maths. and a Sci. subj., and 12 mos.' approved practical experience).

CERTIFICATES. Certificate in English Studies for Overseas Students, 1 yr.; Social Studies (graduates of approved Univs., 1 yr.; non-graduates over 21 yrs. of age, 2 yrs.); Theological and Social Studies, 3 yrs. (awarded in conjunction with Paton Congregational Coll.); Youth Leadership, 1 yr. for graduates, qualified teachers or holders of Social Science Certs.; Educn., 1 yr. postgraduate; Fuel Technol., 3 yrs. (1 yr. for graduates in Engin., Mining, Chem. and Physics of British and other approved Univs.).

The Certif. in Fuel Technol. is recognized by the Institute of Fuels as exempting the holder from Part " B " of the examn. for the Associate Membership of the Institute. Courses are also given at the Univ. for the examns. of the Pharmaceutical Society.

FEES. Matriculation, £1 : 1s.; Registration, £1 : 1s. *Tuition*: B.A., B.Mus. (3 yrs.), £94 : 10s.; LL.B. (3 yrs.), £75 : 12s.; B.Sc. (except in Maths. and Geog.), B.Pharm. Fees in all Halls are £120 p.a. for single study bedrooms and £110 p.a. for shared study bedrooms, but the fees are subject to review at any time. Students not in Halls or at home must live in Univ. registered lodgings.

UNIVERSITY MILITARY AND AIR FORMATIONS. The University Training Corps (T.A.) comprises sub-units of Infantry, Signals, Engineers, Intelligence Corps and R.E.M.E. Cadets enlist for 2, 3 or 4 yrs.; pay, allowances and uniform are on normal T.A. scales. Women undergraduates may become members of the W.R.A.C. (T.A.) Sub-Unit with similar conditions of service and privileges to those of men cadets in the U.T.C. The University Air Squadron is in the Home Command of the R.A.F. Members sign on in the R.A.F. Volunteer Reserve, and receive flying training, with pay and allowances for training time and an annual grant of £35.

STUDENT ATHLETIC FACILITIES. The Univ. Playing Fields, nearly 40 acres in extent, adjoin Univ. Park, and provide for Rugby and Association football, hockey, cricket, net-ball and tennis. There is a boat-house at Trent Bridge. Badminton, basket-ball, fencing and table tennis are played in the indoor sports centre in Univ. Park. There is an indoor range attached to the U.T.C.

STUDENTS' UNION. There is a Union of Students for the promotion of corporate feeling and the general interest of students and to afford a recognized channel of communication between students and the Univ. authorities. All full-time students become members.

GENERAL INFORMATION

Monasteries and abbeys brought clerks to Oxford in early Norman times, but the Univ. was not established until the reign of Henry II. About 1167, foreign-born scholars were driven out of Paris, and the rapid development at Oxford indicates that students transferred there. In the 13th century the influence of the Dominicans, Franciscans and Carmelites deeply affected the advancement of learning in Oxford, and the first three Colls. (University, Balliol and Merton) were endowed. St. Mary's Church was the official centre of Univ. life until, in the 15th century, the Divinity School was built. From the 13th century onwards a succession of Charters from the Crown strengthened the position of the Univ. In the Renaissance period the Univ. flourished, and 5 more Colls. were built. During the Reformation the Colls. suffered from confiscations of land and revenue, and the character of the Univ. changed with the dissolution of the monasteries. In 1571, the Univ. was incorporated by Act of Parliament, and much reorganization followed. The important code of statutes introduced in 1636 by Archbishop Laud, Chancellor of the Univ., remained in force with certain modifications for about 150 yrs. During the Civil War, the Univ. supported the King, who made Oxford his headquarters, and Parliament was held there. Under Cromwell, who was Chancellor from 1651 to 1657, an attempt was made to restore standards of work and discipline. Towards the end of the 18th century, the standard of studies rose as written examns. gradually took the place of oral examns. The constitution was revised in 1854 after a Royal Commission, and a Statutory Commission made comprehensive changes in 1877. College Statutes were re-made and studies reorganized. The professoriate was increased and re-endowed. In 1871, religious tests were abolished, and the M.A. degree was thrown open to non-conformists. Thereafter the hist. of the Univ. was one of steady progress and expansion. The Royal Commission of 1920–21 made no drastic changes, but the Statutory Commission which succeeded it adapted the existing machinery

to meet the needs of the times, one result being that the Univ. was given an annual Treasury grant.

CONSTITUTION. The *Congregation of the University* consists mainly of the teaching and administrative elements in the Univ. and Colleges. It is the principal legislative body in the Univ. and, subject to the postponing power of Convocation explained below, can adopt, reject or amend legislative proposals submitted by the Hebdomadal Council. *Convocation*, a larger body consisting of all Masters of Arts and Doctors of the Faculties of Divinity, Civil Law, and Medicine who have their names on the Univ. books, has the power of postponing, but not of rejecting or amending, Statutes or Decrees which have been passed by the vote of less than two-thirds of the members of Congregation present and voting. It also confers honorary degrees and degrees granted by Diploma. It sanctions petitions to Parliament, and authorizes the affixing of the Univ. seal when necessary. The *Hebdomadal Council* consists of the Chancellor, Vice-Chancellor, immediate ex-Vice-Chancellor (for one year after the expiry of his term of office), or one of the Pro-Vice-Chancellors who has not held the office of Vice-Chancellor, the Proctors, and 18 members elected by Congregation. It takes the initiative in all legislation of the Univ. and forms the central administrative body. Other important bodies, endowed with considerable powers and responsibilities, are the *General Board of the Faculties* and the *Curators of the University Chest.*

There are 14 *Faculties*, namely: Theol., Law, Med., Literæ Humaniores, Mod. Hist., Engl. Lang. and Lit., Med. and Mod. Langs., Oriental Studies, Phys. Sciences (including Maths.), Biol. Sciences, Social Studies, Anthropol. and Geog., Music, Agric. and Forestry. The organization of teaching, res. and examns. in the various subjects is in the hands of the several Faculty Boards, except that in the case of Psychology power is vested in a Bd. of Studies. The work of the Faculty Boards and Board of Studies is subject to the control of the General Board of the Faculties. A Faculty Board is in part composed of members elected by the Faculty.

The *Curators* are responsible for the financial administration of the University and for preparing the Accounts and Estimates.

The Chancellor, elected for life by Convocation, is a non-resident Officer. The executive power is chiefly in the hands of his Deputy, the Vice-Chancellor, who is annually nominated by him from among the Heads of Colleges, and the Proctors annually elected by the Colleges, Halls and other Societies in rotation.

The Colleges are corporate bodies distinct from the Univ. They manage their own property and elect their own officers; and the Proctors have no power within their walls. Their Statutes, however, render them subject to certain Univ. Statutes which deal, among other things, with reservation of a proportion of Fellowships for Univ. teachers and officers, the assignment of Fellowships to University Professorships, the admission of undergraduates, contributions for Univ. purposes, the presentation and audit of accounts, and the special examination of catering accounts. The relation between the Univ. and the Colleges is intimate. The great majority of the members of the Univ. belong to the Colleges, and all who belong to the various Colleges are at the same time members of the Univ. Teaching is given partly by Univ. Profs., Readers, Lecturers and Demonstrators, partly by the more numerous body of College Tutors and Lectrs.

Under the Universities of Oxford and Cambridge Act, 1923, which set up a Statutory Commission for Oxford, new Statutes were made for the University and for the Colleges. These Statutes were laid before Parliament and received the approval of the King in Council. A summary of the most noteworthy

changes embodied in them, prepared by the late Sir Henry Sharp, K.C.I.E., the Secretary to the Commission, will be found in the *Yearbook* for 1929, pp. 221 and 222.

ADMISSION. *See* Appendix I.

ADMISSION OF NON-MEMBERS OF THE UNIVERSITY TO (*a*) LECTURES. Admission to lectures in the Schools (but not to classes, seminars or informal instruction) is granted on certain conditions to persons who are not members of the University on payment of £5 a term, or, if admission to lectures in one Faculty only is desired, of £3 a term, or, where special privileges have been granted, without fee.

Fees are to be paid at the Office of the University Chest, Clarendon Building, Broad Street. Other enquiries should be made of the Clerk of the Schools at the Examination Schools.

Non-members of the Univ. may attend lectures and classes in Mod. Foreign Langs. on payment of fees varying from 10s. to 15s. per term for one hour a week. Application should be made to the Clerk of the Curators, Taylor Institution.

(*b*) REGISTER OF RECOGNIZED STUDENTS. 1. A Board of a Faculty or a Board of Studies may place the name of any applicant on the Register provided that the applicant (*a*) is not a member of the Univ., (*b*) possesses the qualifications required from candidates for admission to the status of Senior Student, (*c*) is placed under a Director of Studies appointed by the Board. 2. Application for admission as a Recognized Student shall be made to the Secretary of Faculties for submission to the appropriate Faculty Board or Board of Studies and shall be accompanied by (*a*) evidence of the degrees previously obtained by the applicant, (*b*) a statement of the proposed subject of study, (*c*) a certificate from a Prof. or Head of a Dept. of the Univ. supporting the application. 3. Every Recognized Student shall pay to the Curators of the Univ. Chest (*a*) a fee of £5 : 5s. on admission or readmission to the Register, (*b*) a terminal fee of £5 so long as his name is on the Register, (*c*) a composition fee under the provisions of Statt. Tit. XIX. § 26 (£10 or £6) if he is working as a student under regular instruction or supervision in any of the depts. or instns. included in the schedule attached to that sub-section, (*d*) a supervision fee of £5 or a tuition fee of £8 in every Term in respect of which he shall have been certified by his Director of Studies to have received supervision or tuition, as the case may be. 4. A Recognized Student shall cease to hold that status (*a*) if he shall have failed to pay the fees required under clause 4 (*b*), (*c*) or (*d*), (*b*) if his name shall have been removed from the Register by the Faculty Board or Board of Studies concerned. 5. Every Recognized Student shall be entitled: (i) to use the Univ. Libraries subject to the provision of the statutes governing particular Libraries; (ii) to attend lectures advertised in the lists of Boards of Faculties and Studies provided that attendance (*a*) at lectures described as seminars or classes or informal instruction shall be subject to the permission of the holder, (*b*) at lectures given in any Coll. bldg. shall be subject to the right of the Coll. concerned to refuse admission; (iii) to work in any Univ. Dept. or Instn. subject to the agreement of the Head of that Dept. or Instn. and subject to the provisions of clauses 3 (*c*) and 4 (*c*) above if the Dept. or Instn. is included in the schedule attached to Statt. Tit. XIX. § 28. 6. No Recognized Student shall have his name on the Register of Recognized Students for more than 3 terms. 7. A Faculty Board or Board of Studies shall have power to remove from the Register the name of any Recognized Student which it has placed on the Register.

THE ACTING ADVISER OF OVERSEAS STUDENTS. *See under* "University Administrative and other Staff," p. 456.

INCORPORATION. Members of the Univs. of Cambridge and Dublin can be, under certain conditions, "incorporated" into this Univ, *i.e.* admitted to the status and degree held in their own U niv. Notice of intention to incorporate as an undergraduate must be sent to the Registrar through the Head of a Coll., Hall or Society. The privileges of incorporation as a graduate are limited to (*a*) B.A., M.A., B.D., D.D. of those Univs., LL.B., LL.D., M.B., M.D., M.Chir. of Cambridge; (*b*) Sc.D., Mus.D., Litt.D. and Ph.D. of Cambridge or Dublin, if, being qualified, candidate also incorporates as M.A., or is eligible for membership of Congregation if voted M.A. by Decree. Graduates in Law of Cambridge shall, when incorporated, become B.C.L. or D.C.L., and Sc.D.s, Mus.D.s and Litt.D.s of Cambridge or Dublin shall become D.Sc., D.Mus. and D.Litt. of Oxford. Any applicant for incorporation must have kept by residence at his Univ. before taking his degree the same number of terms that he would have been required to keep at Oxford for the corresponding degree. If incorporating into two degrees, only the fee for the higher degree is payable. While an undergraduate is allowed to incorporate as a matter of course, a graduate must first satisfy the Hebdomadal Council that there are adequate reasons, *e.g.* that an educational post has been obtained at Oxford.

In 1910 a Delegacy for WOMEN STUDENTS was constituted, and provision made for recognition by the Univ. of Societies for their reception for academical study, students on the books of such Recognized Societies being accorded a privileged status. Under the provisions of a Statute approved by Convocation on May 11, 1920, which came into force on Oct. 7, 1920, women may be matriculated and admitted to degrees in the Univ. In that year the Delegacy for Women Students was abolished. Previous to matricn. a woman must have been admitted as a member of one of the 5 Societies of Women Students. A woman may be admitted to *Responsions* before matricn. provided her name is sent in to the Asst. Registrar by the Head or a Tutor of a Soc. to which she *bona fide* desires admission. Women members of the Univ. are admitted to all degrees under the same conditions as those prescribed for men as regards standing, examns., course of study, exercises and fees, and under analogous conditions as regards residence. A Women Students' Property Committee administers all property vested in the Univ. for the benefit of women members of the Univ. generally, and in particular the Nettleship Library and Bertha Johnson Loan Fund.

The number of resident undergraduate members of St. Anne's College (who keep statutable residence in hostels or houses approved by the Council of the College) is limited to 230 (exclusive of students for research degrees and persons provisionally accepted as such by Faculty Boards before coming into residence, being graduates of other Univs.); but in the first 4 yrs. after incorporation by Royal Charter (granted on May 19, 1952) a number in excess of 230 by 40, 30, 20, and 10 in each succeeding yr., is permitted to reside.

The number of undergraduates in residence at the other Societies of Women Students is limited by Statute to 200 (exclusive of students for research degrees and persons provisionally accepted as such by Faculty Boards before coming into residence, being graduates of other Universities) in the cases of Lady Margaret Hall, Somerville Coll., St. Hugh's Coll. and St. Hilda's Coll.

TERMS. The Academical year, which begins in Oct. and ends in July, consists of 3 terms, Michaelmas, Hilary and Trinity, beginning, respectively, on Oct. 1, Jan. 10, and the Wednesday after Easter Day, and ending

Dec. 17, the day before Palm Sunday, and the Saturday after the first Sunday in July. Residence within the walls of a College or Hall, or in licensed lodgings,* during a certain number of terms, usually 9, and never less than 6, is a condition of admission to any degree. Full terms: 1954–55— Oct. 10 to Dec. 4; Jan. 16 to March 12; April 24 to June 18.

DEGREES. B.A., M.A., B.Litt., D.Litt.; B.Sc., D.Sc.; B.Phil., D.Phil.; B.D., D.D.; B.C.L., D.C.L.; B.M., B.Ch., M.Ch., D.M.; B.Mus., D.Mus.

The degrees which are open to graduate students of other Univs. who are qualified for matricn. at Oxford are those of B.A., B.Litt., B.Sc., B.Phil., D.Phil., B.C.L. and B.D.

ARTS. Examns. in Arts, more usually called "Schools," are sharply divided into Pass and Honour examns.; in the former there is but one standard, in the latter successful candidates are distributed into 3 or 4 classes. No one is admitted to a place in the Class Lists who has exceeded a certain number of terms reckoned from Matricn. No conditions of residence are attached by the Univ. to either Pass or Honour examns.; it is simply for the attainment of the degree of B.A. that residence is obligatory. Every Coll., Hall and Society, however, has its own rules with regard to both residence and the entry for examns. A candidate for the degree of B.A. must (1) reside at the Univ. as a matriculated member during 9 terms, unless he is privileged as a member of another Univ. or as a "Service" Student; (2) pass or obtain Honours in the following examns.:

(*a*) *Responsions.* This is the Entrance Examination to the University. It must be passed, or some examn. accepted as equivalent to it, before matriculation. Names of candidates must be entered through an officer of the Society to which they intend to belong. *See* Appendix I.

(*b*) The *1st Public Examn.* This consists of (1) Honour Classical Modns., (2) Honour Math. Modns., (3) Honour Sci. Modns., (4) Law Modns., (5) Prelim. Nat. Sci., (6) Prelim. Geography, (7) Prelim. Mod. Langs., (8) Prelim. Mod. Hist., (9) Prelim. English, (10) Prelim. Classical (Gk. and Lat.) and Oriental Langs., (11) Prelim. Theol., (12) Prelim. Phil., Pol. and Econ., (13) Prelim. Music. In order to pass the Examn. a candidate must pass in one of these subjects.

(*c*) The *2nd Public Examn.* This consists of (*a*) a Pass School and (*b*) an Honour School. (*a*) Contains a large variety of subjects, and candidates taking it are required to pass in 3 of these, of which one must be a language-subject other than English. (*b*) Includes the following, a class in any one of which is sufficient: Literæ Humaniores (Philos. and Ancient Hist.); Maths.; Nat. Science (Phys., Chem., Physiol., Zool., Bot., Geol., Biochem. or Engin.); Jurispr.; Mod. Hist.; Theol.; Oriental Studies (Sanskrit, Arabic, Hebrew, Persian, Egyptian or Chinese); Engl. Lang. and Lit.; Mod. Langs. (French, German, Ital., Span., Russian, Mediæval and Mod. Greek, or Portuguese); Philos., Politics, and Econ. (Modern Greats); Geog.; Agric.; Forestry; Psych., Philos., and Physiol.; Music.

Under certain conditions, members of other Univs. and officers not under 21 yrs. of age who have held for not less than 3 yrs. a Commission in H.M. Regular Forces, and been seconded or specially relieved from active duty by the Admiralty, War Office, Air Ministry or India Office for the purpose of attending an academic course of not less than 2 yrs., may be admitted to the status of "Senior Student" and "Service Student" respectively, and obtain

* In special circumstances leave to reside in a house which has not been licensed may sometimes be obtained.

exemption from Responsions, and, under further conditions, from the 1st Public examn., as well as a remission of 3 terms of the necessary residence (*see* Appendix I).

ADVANCED STUDY AND RESEARCH. The DEGREES B.Litt. and B.Sc., instituted in 1895 in order to encourage special study and research, are granted upon the satisfactory completion of an approved course of special study or research pursued under supervision and for the most part at Oxford and of at least 6 terms' residence. Application to enter upon such a course may be made by any person who produces sufficient evidence of his ability and (1) is a member of the Univ. who has passed the examns. for the degree of B.A., or (2) has taken an approved degree at an approved Univ., or (3)—for the B.Litt.—has obtained an Oxford diploma with distinction, or is held by the Board of the Faculty to be fully qualified to engage in research. Applications must in all cases be made to the Sec. of Faculties through an officer of the Society to which the candidate belongs or desires to belong. Residence as a member of the Univ. for 6 terms is a necessary condition for either degree. A candidate for the B.Litt. must first undergo a course of training in research methods and then do a special piece of research work and write a thesis, and may be required to pass a written examn. For the B.Sc., which is confined to the Faculties of Science, Medicine, Anthropology and Geography, and Agriculture and Forestry, no probationary period is prescribed. The B.Phil. degree, instituted in 1946, is similar.

Of a similar nature, but of a much higher standard, is the degree of D.Phil., instituted in 1918 (v. p. 24).

The higher degrees, D.Litt. and D.Sc.. instituted in 1900, are awarded to graduates of Oxford for published work of outstanding merit.

THEOLOGY. The B.D. degree is open to candidates of over 26 yrs. of age who have passed a Qualifying examn. in Christian Theology, pursued a course of study therein extending over 6 terms, resided for 6 terms, and submitted a thesis of sufficient merit in some branch of the subject. No candidate may present a thesis until he has passed the Qualifying examn., which is open to Oxford M.A.s, to persons who have, not less than 5 terms previously, passed all examns. for the Oxford B.A., and, under certain conditions, graduates of other Univs. First-class or second-class hons. in School of Theol. exempts from this examn.

The degree of D.D. is open to those who have been admitted to the Oxford degree of B.D., subject to certain conditions of standing, provided they have submitted a thesis, or published work, of sufficient merit in some branch of Christian Theology.

LAW. The examn. for the B.C.L. degree is open either (1) to B.A.s of the Univ. or (2) under certain conditions (including residence for 6 terms) to graduates in Arts, Philos., Science, or Law of other Univs. The subjects are Jurispr., Roman and Engl. Law, together with a special subject from Law of Evidence, Law of Negotiable Instruments, Public Internat. Law or Roman-Dutch Law.

MEDICINE. The B.M. degree is open only to B.A.s of the Univ. who have passed certain examns. in Med. and Nat. Science. The total period of study for the degree (including the scientific subjects studied in the Arts course) is generally about 6 or 7 yrs., of which the last 3, devoted to clin. studies, may be spent either in the Oxford clin. sch. or in one in Lond. or elsewhere.

The B.M. is a necessary preliminary to the D.M. (awarded on a thesis) and to the M.Ch. (awarded on examn. and thesis).

Further information from the Sec. of the Med. Sch., Osler House, 43 Woodstock Road, Oxford.

MUSIC. The degree of B.Mus. is open to candidates who have been admitted to the degree of B.A. with 1st or 2nd class honours in Music and have also passed an examn. in Music and composed a Musical Exercise under conditions laid down by Statute. Residence for 9 terms is required. A B.Mus. may qualify for the degree of D.Mus. by submitting a musical composition for approval and passing a further examn. in Music, but cannot submit a composition until the 9th term after his admission to the Baccalaureate.

DIPLOMAS. Many of these are open to persons who are not members of the Univ. Minimum courses and addresses of Secretaries from whom particulars can be obtained:

Education, 1 yr. (or Vacation course, *see below*), Director, Department of Education, 15 Norham Gardens.

Economics and Political Science, minimum 1 yr., The Secretary, Delegacy for Social Training, Barnett House.

Public and Social Administration, 1 yr. and period of practical work, The Secretary, Delegacy for Social Training, Barnett House.

Anthropology, 1 yr., The Diploma Sec., Pitt Rivers Museum.

Forestry, 1 yr., The Professor of Forestry, School of Forestry. Open to graduates of Oxford or other Univs.

Agricultural Economics, 1 yr., The Director, Agricultural Econ. Research Inst., Parks Rd.

Classical Archæology, 1 yr., Sec. to Committee for Classical Archæol., Ashmolean Museum.

Theology, 1 yr., Sec. of Faculties (open only to members of the University).

Comparative Philology, 1 yr., The Prof. of C.P., Worcester Coll.

Statistics, min. 1 yr., Sec. of Faculty (open only to members of the Univ.).

Slavonic Studies, 1 yr., Sec. of Faculties (open only to members of the Univ.).

Music. Open only to members of the University who must either (1) be qualified for B.A. degree at Oxford, or (2) have passed the First Public Examination, and two Groups of the Final Pass School.

Law, min. 1 yr., Sec. of Facs. (open only to members of the Univ.).

Certificates: Physical or Cultural Anthropology, The Diploma Sec., Pitt Rivers Museum. Training for Social Work and Public Administration, The Sec. to the Delegacy for Social Training, Barnett House. Fine Art, The Ruskin Master of Drawing, Ashmolean Museum. Statistics (as for Diploma above).

REGULAR COMMISSIONS IN THE BRITISH ARMY. A scheme, whereby a University candidate may receive an antedate (which varies according to the class of Honours degree taken) to place him roughly on a level with his contemporaries from the R.M.A., Sandhurst, has been published by the War Office. Details may be obtained from the Sec. to the Delegacy for Military Instruction, H.Q., Oxford University Training Corps (T.A.), Manor Road (*Telephone*: 2488).

FLYING. The Oxford Univ. Air Squadron is a Squadron of the Royal Air Force, staffed by regulars, which offers flying trg. to undergrad. members of Univ. Men and women undergrads. are also accepted in ground branch for trg. in Fighter Control duties. On joining, all entrants become members of the R.A.F.V.R. No expense is involved in the flying and ground trg., which is arranged to interfere as little as possible with members' Univ. commitments. The Squadron is a recognized channel of entry for permanent commissions in

the R.A.F., either General Duties (flying), Technical, Equipment and Secretarial Branches or the R.A.F. Regiment. The Squadron is also a nursery for R.A.A.F., to which many members, who cannot take up regular commissions, apply to be transferred on going down from Univ. Direct entrants from Univ. can qualify for an antedate of seniority, depending on class of degree obtained. Candidates are subject to appropriate R.A.F. med. examns. on entry. Further information from H.Q., Oxford Univ. Air Squadron, Manor Road, Oxford (*Telephone*: 3321).

The DEPARTMENT OF EDUCATION, 15 Norham Gardens (*Telephone*: 58631/2), was established in 1919 and is under the general direction of a Delegacy. For staff, *see* p. 442. For the Univ. Dipl. in Educn. there is a 1-yr. postgrad. course of which one term is devoted to practical work in a school. Under certain conditions, the Diploma Course may be taken by undergraduate members of the Univ.

Vacation Courses are held from time to time, usually in July and Aug. These are either short courses for special groups, or refresher courses for teachers of experience, which are suitable also as an introduction to the more general study of educational questions and are open without restriction to both men and women.

INSTITUTE OF EDUCATION, 8 South Parks Rd. (*Telephone*: 57112). Under the care of the Delegacy for the Institute of Education. Established in 1951 to promote co-operation between the Univ., the constituent members of the Inst. (the Dept. of Education and Training Colls. in the area), local educn. authorities, and other educational agencies in the County Borough of Oxford, the County of Oxfordshire, and pts. of Berkshire and Buckinghamshire and other neighbouring areas. *Director*: M. L. Jacks, M.A. Ball. and Wadh.; *Secretary*: M. M. Spencer, M.A. Ball.

SCHOLARSHIPS AND FELLOWSHIPS. Entrance Scholarships (£100) and Exhibitions (£40-£80) are awarded by the various Colleges. Their actual value, in the large majority of cases, is £30 a year (or its equivalent), but a scholar or exhibitioner, after election, may be granted an additional sum not exceeding the advertised maximum of his award if he supplies satisfactory evidence that he is in need of further assistance.

The Univ. scholarships and fellowships are usually open only to members of specified standing. For those open to graduates of other Univs. *see* Appendix II.

The Rhodes Scholarships were founded in 1902 under the will of the late Cecil John Rhodes. The value of each is £600 a yr. The Scholarship is tenable at the Univ. of Oxford, and may be held for 3 yrs. Appointments are made for 2 yrs. in the first instance, and a third year is granted only if it is eminently in the interests of a scholar's immediate studies and future career.

Rhodes Scholars may, if the conditions are approved by their own College and by the Rhodes Trustees on the recommendation of the Warden of Rhodes House, either postpone their third year, returning after a period of work in their own countries, or spend their third year in postgraduate work at a Univ. of Gt. Britain, and in special cases at a Univ. on the continent of Europe, in the overseas Dominions, or in the United States, but not in the country of their origin. The conditions of the competition in each country or community are fixed from time to time by the Trustees.

In his will, Mr. Rhodes expressed the wish that "in the election of a student to a Scholarship, regard shall be had to (1) his literary and scholastic attainments; (2) his fondness for and success in manly outdoor sports, such as cricket, football, and the like; (3) his qualities of manhood, truth, courage, devotion

to duty, sympathy for and protection of the weak, kindliness, unselfishness, and fellowship; and (4) his exhibition during school-days of moral force of character, and of instincts to lead and to take an interest in his schoolmates." 35 Scholarships are awarded annually to the Brit. Commonwealth (36 in alternate yrs.) and 32 to the U.S.A.

The Dominions and Colonies. An annual Scholarship is assigned to each Province* of Canada; to each State of the Australian Commonwealth; to the Dominion of New Zealand (2); in South Africa to the Province of Natal, the Transvaal, the Orange Free State, Cape Province, S.A. College School in Cape Town, the Diocesan College School, Rondebosch, Paul Roos Gymnasium (formerly the Boys' High School), Stellenbosch, and St. Andrew's College at Grahamstown, in alternate years to the Eastern Province, and not more than three annually to Rhodesia. The Colonies of Jamaica, Bermuda and Malta have each an annual Scholarship. There is at present one annual Scholp. for India, and one for Pakistan.

In founding these Scholarships, Mr. Rhodes stated that he did so because he believed that the education of young Colonists at one of our residential Universities would "broaden their view," "instruct them in life and manners" and "instil into their minds the advantage to the Colonies as well as to the United Kingdom of the retention of the unity of the Empire."

United States of America. 4 Scholarships are assigned annually to each of 8 Districts, and are awarded among candidates sent forward from each State, of which there are 6, in the District. The reason given by Mr. Rhodes for founding the American Scholarships was his "desire to encourage and foster an appreciation of the advantages which I implicitly believe will result from the union of the English-speaking people throughout the world, and to encourage in the students from the U.S. . . . an attachment to the country from which they have sprung, but without I hope withdrawing them or their sympathies from the land of their adoption and birth." *The American Oxonian*, the official magazine of the Alumni Assocn. of American Rhodes Scholars, is published quarterly.

Number actually in residence, 1953–54, 170 (95 from the Brit. Commonwealth and 75 from the U.S.A.).

General. Candidates must be between 19 and 25 years of age and unmarried. They must be citizens of the country from which they come—usually with 5 yrs.' domicile; and must have at least 2 yrs.' standing at a regular degree-granting College or Univ., except in a few special cases. Detailed information for each country may be obtained from the offices of the Rhodes Trust, 36 Beaumont Street, Oxford.

Secretary to the Rhodes Trustees—The Lord Elton, 36 Beaumont Street, Oxford (*Telephone*: 57163). *Warden of Rhodes House, Oxford*—E. T. Williams, C.B., C.B.E., D.S.O., M.A. (*Telephone*: 55745; *Telegrams*: Augury, Oxford). *Local Secretaries*: *U.S.A.*—Courtney Smith, President, Swarthmore College, Pennsylvania; *Canada*—D. R. Michener, Q.C., M.P., 5 Rosedale Rd., Toronto, 5; *Australia*—G. W. Paton, Vice-Chancellor, Univ. of Melbourne, Carlton, N.3., Vic.; *South Africa*—A. H. Gie, Permanent Bldgs., 8 Darling St., Cape Town; *Rhodesia*—L. R. Morgan, Educn. Dept., Salisbury; *New Zealand*—I. F. McKenzie, Univ. of New Zealand, Wellington; *Jamaica*—Asst. Secretary, Education Authority, Kingston; *Bermuda*—Colonial Secretary's Office; *Malta*—Dr. J. A. Manché, Vice-Chancellor and Rector Magnificus, Royal Univ. of Malta; *India*—C. Eyre Walker, St. Stephen's Coll., Delhi, 8; *Pakistan*—Mr. Justice J. Ortcheson, C.B.E., 20 Punjab Club, Lahore, West Pakistan.

* Two each to Quebec and Ontario.

(special equipment for study of fossils by serial sections); Mineral.; Chem. Crystallog.; Engin.; Forestry (exper. plantations and forest garden); Human Anat.; Pathol. and Bacteriol.; Human Nutrition; one *Observatory*.

The DEPARTMENT OF FORESTRY (Imperial Forestry Institute), South Parks Road (*Telephones*: 55757, 57891)—Prof. H. G. Champion, C.I.E., M.A., D.Sc. St. Joh.—trains students for the B.A. Honours degree and the postgraduate Diploma and also those selected for Colonial Forest Service Probationerships; it provides advanced courses for forest officers of the Commonwealth and others, undertakes the structural examination and identification of woods and the identification of trees, and carries out research on biological and economic problems bearing on forestry. The Dept. is financed jointly by the Univ., the Colonial Office and Govts., the Forestry Commission, and other smaller contributors.

The DEPARTMENT OF AGRICULTURE, Parks Road (*Telephone*: 57245). Prof. G. E. Blackman, M.A. St. Joh., is responsible for the teaching of agriculture for the Honour School. Such teaching is undertaken in collaboration with the *Agricultural Economics Research Institute*, Parks Road (*Telephone*: 57775)—Director, C. G. Clark, M.A. B.N.C. The Institute runs a postgrad. 1-yr. course for the Dipl. in Agric. Economics. The Dept. of Agriculture is actively engaged in research in the fields of crop physiol. and experimental agronomy, with especial reference to the development of selective herbicides and the application of radioactive isotopes to biological investigations. Facilities for research are available both within the Dept. and at the Univ. Field Station, Wytham. The Inst. covers a wide field of research in agricultural economics.

The NUFFIELD INSTITUTE FOR MEDICAL RESEARCH, Woodstock Road (*Telephone*: 3713), founded 1935. Director—G. S. Dawes, D.M., B.Sc. Worc. The Institute is housed in the old Radcliffe Observatory, which, with its surrounding grounds, was purchased by Lord Nuffield from the Radcliffe Trustees and presented to the Univ. to be converted for its present purpose. The Board of the Faculty of Medicine is required to make provision in the

Institute for the study of clinical, physiological, pharmacological and anatomical problems by means of radiological and allied techniques, including X-ray cinematography, for so long as it may think desirable, and for such other subjects of study as it may from time to time determine.

The INSTITUTE OF STATISTICS, founded 1935, is a centre for statistical research in economics and social studies and for the teaching of statistical methods. It publishes a monthly bulletin and occasional papers and monographs. A library of 20,000 vols. on economics and statistics is available to members of the Univ. Director—F. A. Burchardt, D.Phil. Kiel, M.A. Magd. Address: St. Cross Rd., Oxford. (*Telephone*: 48239.)

INSTITUTE OF EXPERIMENTAL PSYCHOLOGY, 34 Banbury Rd. (*Telephone*: 55080), founded 1936. Director—Prof. G. Humphrey, Ph.D. Harv., M.A. Camb., M.A. Magd., F.R.S.C.

DEPARTMENT OF ZOOLOGICAL FIELD STUDIES, established by Statute of the Univ. in 1947, to include, under the charge of the Linacre Prof. of Zool. and Comparative Anat. (A. C. Hardy, M.A., D.Sc. Mert., F.R.S.) or a deputy, the BUREAU OF ANIMAL POPULATION (*Telephone*: 4261) and the EDWARD GREY INSTITUTE OF FIELD ORNITHOLOGY (*Telephone*: 47826) (first established by Statute of the Univ. in 1938). Now housed at the Old Botanical Lab., High St., Oxford. The work of the Dept. of Zoological Field Studies ncludes the study of animals in nature—their behaviour, ecology and evolution; and the functions of the Edward Grey Inst. of Field Ornithol. are to carry out res. into these problems with relation to birds. Directors: Bureau of Animal Population—C. S. Elton, M.A. C.C.C., F.R.S.; Edward Grey Institute of Field Ornithology—D. Lack, M.A., Sc.D. Camb., M.A. Magd., F.R.S.

INSTITUTE OF COLONIAL STUDIES. Established by Statute of the Univ. in 1945. The Institute has a library, a seminar room, tutors' rooms and offices at 10 Keble Rd. Ruskin School of Drawing and of Fine Art, Ashmolean Museum (*Telephone*: 55744), founded by John Ruskin in 1871. Ruskin Master of Drawing—P. Horton, M.A. A Cert. Course in Fine Art is offered by the Univ. for students who reach a proper standard in drawing, painting, design (inclusive of lithography and wood-engraving), anat. and hist. of art. Fees, £12 : 12s. per term. This course normally extends over 3 yrs. Students with certain qualifications may apply for permission to pursue a course extending over not less than 2 yrs. The Cert. Course is recognized by the Ministry of Educn. as an approved course leading to the National Dipl. in Design in Painting. Undergrad. members of the Univ. may become members of the school on payment of a nominal fee.

The Oxford and Cambridge Schools Examination Board, established 1873, examines or inspects and reports on the work of schools which provide education of the highest grade. It also holds yearly examns. and awards a General Certificate of Education, which exempts the holder, under certain conditions, from Responsions and the Previous Examination, the minimum entrance requirements of London and other Univs., and the Preliminary examns. of various professional bodies, etc. Its examns. are held at schools in the British Isles, and also in Egypt, the Middle East, the West Indies and British Guiana. For L.E.A. and State Scholps., *see* pp. 9-10. The Regulations of the Bd. are published by the Oxford and Cambridge Univ. Presses (post free 1s. 10d.). Secs.: at Oxford—G. J. R. Potter, M.A., 74 High St. (*Telephone*: 3549); at Cambridge—A. E. E. McKenzie, M.A., 10 Trumpington St. (*Telephone*: Cambridge 4658).

The Oxford Delegacy of Local Examinations, Merton Street (*Telephone*: 2456). Sec., C. W. Stokes, M.A. Jes. The Delegacy holds examns. and awards a G.C.E. in the summer and autumn, at centres in Gt. Britain and Northern Ireland, in Malta, and at a few other overseas centres. Successful candidates will, on certain conditions, be exempted from Responsions, the Cambridge Previous, various matricn. examns. and Univ. Intermediate Examns. State Scholps. and Major Scholps. of certain L.E.A.s are awarded on the results of the G.C.E.* The Regulations (post free 1s. 6d.) may be obtained from the Secretary of Local Examinations, 12 Merton St. The

* *See* pp. 9-10.

Examination is open to persons of both sexes. There is an age limit below which candidates may not enter except under certain conditions. Candidates need not be in attendance at any educational institution.

In Summer 1953 the G.C.E. was held at 775 centres, of which 25 were overseas. The total number of candidates was 33,778, of whom 4479 took some papers at Advanced level.

In Autumn 1953 the G.C.E. was held at 469 centres, of which 16 were overseas. This examn. was limited to Ordinary level papers and there were 10,057 candidates.

EXTRA-MURAL STUDIES. The Delegacy for Extra-Mural Studies is concerned with the promotion of the liberal studies of adults, through classes and courses, principally in Oxfordshire, Berkshire and Buckinghamshire, North Staffordshire, Kent and East Sussex, and the City of Lincoln. The constituent cttees. of the Delegacy, through which it functions, are the Tutorial Classes Cttee. and the Univ. Extension Lectures Cttee. It co-operates closely with L.E.A.s, with the W.E.A. and with other voluntary organizations.

The work is carried on through (*a*) 3-yr. tutorial classes, the students of which pledge themselves to complete the course, and to undertake reading and written work under the guidance of the tutor; (*b*) preparatory tutorial classes, of 1 yr.'s duration; (*c*) Univ. sessional classes, usually of 20 to 24 meetings; (*d*) Univ. extension lecture courses, usually of 6 to 24 meetings; (*e*) residential summer schools, including vacation courses for overseas grad. students; (*f*) shorter residential courses; and (*g*) courses, of work of comparable standard, for members of H.M. Forces.

The Warden of Wedgwood Memorial College, Barlaston, North Staffs., is one of the Delegacy's extra-mural tutors. The Delegacy co-operates also with the Y.M.C.A. residential college at Kingsgate, Kent.

The cttees. of the Delegacy employ 31 full-time tutors and lectrs. (*see* p. 456) resident in the areas covered by the Univ.'s extra-mural activities.

The Delegacy offers a number of scholps. to enable suitable men and women in the adult educn. movement to come up to the Univ. and read for degrees. On the recommendation of the Delegacy, adult students may be admitted to the Univ. without having to pass Responsions.

Address: Rewley House, Wellington Square, Oxford (*Telephone*: 57203). Sec. to the Delegacy, F. W. Jessup, B.A., LL.B. Lond., M.A. St. Joh., F.S.A.; Dep. Sec., F. V. Pickstock, M.A. Qu.; Asst. Sec., R. W. Lyne, M.A. Camb. and Keble; Tutorial Sec., H. P. Smith, M.A. Ball.

EXPENSES. **"It is not possible to make any general estimate of the cost of a University course, which varies with different Societies and depends upon the student's own means and tastes. It must suffice here to enumerate certain items common to all undergraduates, and to recommend persons anxious for further details to consult the authorities of the Society which they wish to join."**

The *General Information* pamphlet quoted in the paragraph above also specifies the following items: — I. *Payments on Commencing Residence*: *University*—Matricn. fee, £6. *College*—(1) Admission fee, average £15. (2) Caution money (returned when name is removed from the books, and often in part on taking a degree). Varies for Commoners from £30 to £10. Scholars are sometimes excused altogether. II. *Payments during Residence*: *University*—(1) Dues, £6: 6s. p.a., paid terminally for twelve terms; thereafter £1 p.a. (except for M.A.s). (2) Examn. fees, about £10 in all for the B.A. course, exclusive of Responsions. (3) Degree fees, B.A., B.Litt. or B.Sc. degrees, £7: 10s. *College*—(1) Tuition fee, usually £54 p.a.: it is increased for students who read science or require extra tuition. (2) Subscrip-

tions to Clubs vary ; say, £8 : 8s. to £10 : 10s. p.a. (3) The method of reckoning fees and charges varies. In some Colls. there is an inclusive charge of £75 per term. This charge covers item (1), board (breakfast, lunch, dinner), lodging, service, fuel and lighting (but not personal laundry). Some Colls. scale the charge according to the rooms occupied ; some make other minor adjustments. In other Colls. the main items are included in a terminal composite fee, the remaining items being charged separately. Either system leads to a total Coll. bill of between £110 and £130 per term. (4) Degree fees, which vary between £5 and £1.

The scale of charges is under consideration in many Colls. and may be adjusted to meet any considerable changes in maintenance and service costs.

UNIVERSITY PRESS. (For Staff, *see* p. 457.) The University Press is a dept. of the University controlled, through its Secretary, by a board consisting of the Vice-Chancellor and Proctors and ten Delegates appointed from members of Convocation. Its headquarters are at Oxford, in the Clarendon Press building, where are also the publishing dept. responsible for learned books, and the printing works. Books produced at Oxford are distributed by the Publisher to the University in London, who himself publishes for the University other classes of less learned books. In addition to these depts., and a paper-mill at Wolvercote, Oxford, the Press also owns and controls branches overseas, for the production of books of local interest as well as the sale of those produced in England.

CONSTITUENT INSTITUTION

NATIONAL INSTITUTE FOR RESEARCH IN DAIRYING, Shinfield, nr. Reading (*Telephone*: Reading 83103), established by the Ministry of Agric. and Fisheries in 1912, forms part of the Univ. (Director—H. D. Kay, C.B.E., Ph.D. Camb., D.Sc. Manc., F.R.S.). It is governed by a Board consisting of representatives of the Ministries of Agric. and Health, R.A.S. of England, British Dairy Farmers' Assocn., Nat. Farmers' Union, etc. It has eight Depts.: Chemistry, Bacteriology, Feeding and Metabolism, Dairy Husbandry, Nutrition, Physics, Physiology, Dairy Engineering; and four Sections: Statistics, Dairy, Isotopes and Psychology.

GENERAL INFORMATION

Based upon the local Oxford Univ. Extension Centre and the local Schools of Sci. and Art, and deriving its first impetus largely from Christ Church, Oxford, a University Extension College was opened at Reading in 1892. In 1902 it established a claim to a State grant as a Univ. Coll. In 1904 and 1905 it received endowments of land and money from the Palmer family. Wantage Hall, endowed by Lady Wantage, was built in 1908 as a residence for men students, the declared policy of the Council being to make residence in a Hall the rule and not the exception. An Endowment Fund of £200,000 was subscribed in 1911 by the benefactors already mentioned. The Univ. was established by Royal Charter on March 17, 1926. Among various developments two call for special notice. One is the establishment, in connexion with the Coll. and Univ., of the National Institute for Research in Dairying. The other is the bldg. and endowment of the Library, the costs of which were defrayed by Mr. Alfred Palmer and members of his family; the bldg.

constitutes a memorial to the late Rt. Hon. George William Palmer, one of the chief benefactors of the Coll.

The Univ. has steadily grown. Because of the inadequacy of its present site, it acquired in 1947 the freehold of the Whiteknights Park Estate of nearly 300 acres of parkland (approx. one mile from centre of Reading), to which it is hoped ultimately to transfer the whole Univ.

CONSTITUTION. The supreme governing body of the Univ. is the Court, presided over by the Chancellor. The executive body is the Council, which is composed of academic and lay members, and elects its own Chairman. The Senate, which consists of all Profs. of the Univ. and three elected members of the Academic Staff, regulates academic matters; the Vice-Chancellor is Chairman. Facs. are controlled by their own Bds., and Schools by their own Cttees., subject to the authority of Senate and Council.

LIBRARY, 109,260 vols., including Overstone collection (7500 vols.) of books on Polit. Econ. (pubd. before 1850), English and French thought during 18th century, and topography (especially Northamptonshire); 25,000 pamphlets. 550 periodicals are received. MUSEUMS: Zool., Hist., Archæol., and English Rural Life. LABORATORIES: Bot., Chem., Geol., Mech., Microbiol., Physics, Psychol., Zool. Fine Art Studios. School of Music. Agricultural Machinery Hall. Three farms (400, 200 and 110 acres) and Horticultural Station (80 acres).

FACULTIES AND DEANS: *Agric. and Hortic.*, Prof. R. H. Stoughton (Hortic.); *Letters*, Prof. D. J. Gordon (Engl.); *Science*, ...

SCHOOLS: Art, Music.

ADMISSION. *See* Appendix I.

DEGREES. B.A., M.A., D.Litt.; B.Sc., M.Sc., D.Sc.; Ph.D. The B.Sc., M.Sc. and D.Sc. are obtainable in the Faculty of Agriculture and Horticulture as well as in the Faculty of Science. The Senate may decline to admit to a degree course a person whose place of residence during term is at too great a distance from Reading.

An oral examination forms part of the Final examn. for a B.A. degree with honours, except in Mathematics, and, at the discretion of the Examiners, may form part of the First University Examn. in Arts or of the Final Examn. for the B.A. degree, or of the Intermediate or Final Examn. for the B.Sc. In the Final Examn. for the B.Sc. in the Faculty of Science, candidates are examined upon either a general course of study (normally 3 subjects) or a special course; honours can be obtained in either. The Final Examn. (Special) is ordinarily taken after passing the Final Examn. (General). The course for the degree with honours extends over 4 yrs. in the Faculty of Agriculture and Horticulture and, in certain cases, in Arts and in Science.

UNIVERSITY DIPLOMA COURSES are as follows: 3 yrs.—Fine Art, Landscape Architecture; 1 yr.—Adv. Landscape Architecture; and 1 yr. (postgrad.)—Agriculture, Agricultural Econ., Hortic., Agric. Chem., Education, Social Study, Technical Physics.

A limited number of students is accepted each year in preparation for the National Dipl. in Dairying (Technol.) (2-yr. course).

TUTORIAL SUPERVISION. Every student following one of the organized day courses or a specially arranged day course involving frequent attendance at the Univ. for at least 2 terms is placed under the supervision of a tutor.

A RESEARCH BOARD promotes research and original work in the Univ. (apart from the National Institute for Research in Dairying). It administers

funds entrusted to it for the purpose, and issues an annual record and report.

TERMS. 3, each of 10 weeks, the first beginning on the first Friday in Oct. Vacations of 4 weeks at Christmas and 5 weeks at Easter.

RESIDENCE. All students following full courses of day study, unless residing with parents or guardians, are ordinarily required to reside in a University Hall of Residence. (For Wardens *see* " Administrative and other Staff," p. 497 ; for Fees *see* " Expenses," *below*.) For Men : Wantage Hall, Upper Redlands Rd., 123 students (*Telephone* : R'dg. 81198) ; St. Patrick's Hall, Northcourt Ave., 137 students (*Telephone* : R'dg. 81583) ; Whiteknights Park House, 23 students (*Telephone* : R'dg. 81782). For Women : St. Andrew's Hall, Redlands Rd., 131 students (*Telephone* : R'dg. 3069) ; Wessex Hall, Redlands Rd., 85 students (*Telephone* : R'dg. 2265) ; St. George's Hall, Elmhurst Rd., 77 students (*Telephone* : R'dg. 81528) ; Mansfield Hall, Kendrick Rd., 70 students (*Telephone* : R'dg. 931). Full-time day students living in recognized houses or at home in or near Reading, are associated in St. David's Hall, a non-residential club.

POSTGRADUATE AWARDS open to graduates of other Univs. : *see* Appendix II.

FEES. For Tuition : Ph.D. course—£10 or £15 p.a. ; M.A. course—£10 p.a. ; M.Sc. course—£15 p.a. ; Bachelor's Degree course—Arts, £30 p.a. ; Sc., £35 p.a. ; Diploma course—Landscape Archit., £30 ; Adv. Landscape Archit., £35 ; General Bact. (postgrad.), £35 ; Agric. Chem. (postgrad.), £35 ; Agric. (postgrad.), £35 ; Agric. Econ. (postgrad.), £35 ; Hortic. (postgrad.), £35 ; Tech. Physics (postgrad.), £35 ; Fine Art, £30 p.a. ; Social Study (postgrad.), £30. Tuition fees are in most cases reduced by 25 per cent. to students from neighbouring counties, under certain conditions.

EXPENSES. Total average necessary yearly expenses (excluding travelling, clothing and personal laundry) about £195 p.a., namely : (i) Registration, matriculation, cap and gown, tuition, examination, and graduation, average £45 p.a. for a degree student. (ii) Maintenance, including board and lodging in Halls or lodgings and sanatorium fee, maximum for 30 weeks about £130 for either a man or a woman student. (iii) Personal, including subscription to Union (£5 : 5s. p.a.), and cost of books and stationery, widely variable, say, £15 p.a.

APPOINTMENTS. The Registrar.

STUDENT ORGANIZATIONS. Students' Union and Representative Council. An Old Students' Association meets annually at the Univ. at Whitsuntide.

STUDENT ATHLETIC FACILITIES. Gymnasium ; Athletics Grounds ; Squash Courts ; Rowing facilities.

UNIVERSITY EXTENSION, ETC. Evening classes are held in Fine Art. Tutorial classes are held in connexion with the W.E.A.

GENERAL INFORMATION

The Sheffield School of Medicine, founded 1828, Firth College, established as a College of Arts and Science in 1879, and the Sheffield Technical School, opened 1886, were united in 1897 to form University College, Sheffield, and in 1905 the College became, by Royal Charter, the University of Sheffield.

CONSTITUTION. The governing body of the Univ. is the Court, of which the Council is the executive cttee. Academic matters are controlled by the Senate, which consists of all the Profs. of the Univ. and certain other academic persons. Faculties, controlled by their own Boards, are responsible to the Senate for the whole of the teaching in each Fac. The Chancellor is the Chief Officer of the University and presides over Court and Council. The Vice-Chancellor is the principal academic officer and is, *ex officio*, Chairman of the Senate.

LIBRARY (Arts, Pure Sci., Med., and Law), 188,000 vols. and pamphlets, 755 current periodicals. LIBRARY (Appl. Sci.), 18,200 vols. and pamphlets, 142 current periodicals. Also Special Glass Technol. deptl. collection.

LABORATORIES, ETC. Equipment for advanced study and res. in all Depts. Sp. provision for Engin., in all branches, including Mining and Fuel Technol., and also for Glass Technol. and Metall., the equipment for the latter including an experimental scale steel works.

HOSPITALS available for clinics include 3 general (1974 beds), 7 sp. (1490 beds) and Mental Hosp. (2000 beds).

FACULTIES AND DEANS. *Arts*, Prof. G. P. Jones (Econ.); *Engineering* (Depts. of Civ., Electr., Mech. and Mining, Applied Mechanics, Fuel Tech., Glass Tech.), Prof. W. A. Tuplin (Appl. Mechs.); *Law*, Prof. D. Browne (Law); *Medicine* (including the Dental Dept.), Dr. J. G. McCrie; *Metallurgy*, Prof. A. G. Quarrell (Phys. Metall.); *Pure Science*, Prof. D. L. Linton (Geog.).

A School of Social Studies was established in 1949. There is a Univ. Training Dept. for Teachers for elementary and secondary schools. *Dept. of Glass Technology*: The Dept., housed in a separate block of bldgs., was the first and still remains the best known of the scientific instns. in the world devoted to the study of glass, v. also *supra*. *Faculty of Metallurgy*: The courses in Metall. include, in addition to the ord. subjects of a metallurgical trng., special instruction in the use of semi-large scale plant. Postgrad. courses are arranged for grads. in all Facs. There are sp. postgrad. technol. Schools in Mining, Appl. Mechanics and Phys. Metall.

ADMISSION. *See* Appendix I.

DEGREE COURSES. 3 yrs.—B.A. (with Honours in Archit.—5 yrs., including time spent in an Architect's office), B.Mus., B.A. (Econ.), B.Sc., LL.B., B.Met., B.Eng., B.Sc.Tech.; B.Eng. Honours and B.Sc. Tech. Honours, 3 yrs. after passing Intermed. Examn.; 6 yrs. (including at least 3 in the Univ.)—M.B., Ch.B.; 6 yrs.—B.D.S. Graduates of a Univ. of the U.K. who wish to qualify for special degree of B.A. or B.Sc. with Hons., B.Mus. or LL.B., need, under certain conditions, only attend courses for 2 yrs., if they have pursued a course for 2 yrs. at some approved instn. Graduates of approved Univs. who wish to qualify for B.Eng., B.Sc.Tech. or B.Met. with Honours need, under certain conditions, only attend courses for 2 yrs. (for B.Eng. or B.Sc.Tech. pass degree, 1 or 2 yrs.; B.Met. pass degree, 2 yrs.) if they have pursued a course for 2 yrs. at some approved institution.

General Honours B.A. and B.Sc. degrees are conferred (v. pp. 12-13).

Attendance on approved courses at a Univ. or Coll. recognized for the

purpose may be accepted as equivalent to such courses in the Univ. GENERAL INFORMATION

The Univ. was founded by Charter, 1893. As the result of an enquiry held by a Royal Commission in 1916–18, a Supplemental Charter was granted to the Univ. in 1920, which introduced many changes, the most important being the establishment of a fourth constituent Coll. at Swansea, and the substitution of the Academic Bd., composed of representatives of all the Univ. Facs., for the former Univ. Senate which had been made up of all

the Hds. of the teaching depts. in the three constituent Colls. A further Supplemental Charter was granted in 1932 providing *inter alia* for the institution of the Welsh National School of Medicine as a School of the Univ., and for the recognition of Schools of Theology at the Collegiate centres. The teaching for initial degrees is undertaken by the constituent and associated Colleges and by the Welsh National School of Medicine, and matriculation in the Univ. is open only to students of those institutions; in the case of an associated Theological College, only to students who are graduates of an approved University. The Technical College, Cardiff, is associated for the purpose of providing courses of study for the degrees of B.Pharm. and B.Arch. The Univ. prescribes conditions under which it awards initial degrees to students of the Colleges and of the School of Med. and conducts the final examns. An Academic Advisory Committee deals with the conditions on which School-Leaving certificates are accepted by the Univ. for matriculation, and with other matters lying in the borderland between School and Univ.

GRANT INCOME (1952–53), £1,021,358 (Treasury 93·3 per cent.; County Councils and County Borough Councils, 6·7 per cent.).

STUDENT ATHLETIC FACILITIES. Playing grounds are provided for the pursuance of most field sports, as well as facilities for swimming and rowing. Grass tennis courts are sited at the College. A modern well-equipped gymnasium in its own building (49 Park Place, Cardiff) is also provided for the exclusive use of students. There is a Lecturer in Physical Training for men and one for women, who act as College Advisers in physical training and games.

STUDENTS' UNION. The Union building at 51 Park Place, Cardiff (*Telephone*: Cardiff 29846), provides amenities for developing and furthering the social and cultural life of the student body; it has a refectory which is sometimes used for dances, lounges and games rooms, and it houses the headquarters of the Students' Union Society. Every student is required to pay a Union amalgamation fee of £4 : 4s. (£5 : 1s. 6d. for medical students), which compounds for membership of the Students' Union Society and of all Student Clubs and Societies affiliated to it. (Student publications are the *Broadsheet* and *Cap and Gown*.)

ADULT EDUCATION. A number of resident tutors and a staff tutor, aided by a panel of suitably qualified part-time teachers, provide an educational service of a liberal character for the adult population of the College area, by means of classes and lectures. A section of the College Library is devoted to the service of the classes, providing them with multiple copies of selected text-books on as wide a range of topics as annual income apportionments permit. This branch of College work has its office at 31 Corbett Road, Cardiff (*Telephone*: Cardiff 26071). (*For list of staff—see* University Extension, *above.*)

GENERAL INFORMATION

The Welsh National School of Medicine originated in the institution of Depts. in Anat. and Physiol. at the Univ. Coll. of S. Wales and Monmouthshire, Cardiff, in 1893. The Dept. of Mat. Med. and Pharmacol. was instituted in 1898, and the Chair of Pathol. and Bacteriol. in 1910. The David Davies Chair of Tuberculosis and the Mansel Talbot Chair of Prev. Med. were endowed in 1921, and in that year Medical and Surgical Units and a Dept. of Obstet. and Gynæcol. were instituted. A Chair and Dept. of Child Health were established in 1950.

On Feb. 5, 1931, a Charter of Incorporation was granted to the School by H.M. the King in Council.

The location of the various Depts. of the School is as follows: Pharmacology, Preventive Medicine, Tuberculosis—Institute of Preventive Medicine, The Parade, Cardiff; Tuberculosis (postgraduate labs.)—4 Richmond Road, Cardiff; Medical Unit, Surgical Unit, Inst. of Pathology, Anæsthetics, Obstetrics and Gynæcology—The Royal Infirmary, Cardiff; Child Health—Llandough Hospital, nr. Penarth, Glam.

GENERAL INFORMATION

University College was founded in 1918. The fine site and bldgs. on high ground only one mile from the centre of the city, were given by the late T. Fielding Johnson in 1919, and a substantial endowment fund was subscribed by leading citizens. Courses began in 1921. The Coll., since its inception, has been liberally supported by the City Council, and also receives an annual grant from the Leicestershire Educn. Cttee. In 1945 it was recognized by the Univ. Grants Cttee. and placed on the list of Univ. Institutions receiving grants from the Exchequer. In 1950 the Coll. received a Royal Charter of Incorporation as a Univ. Coll.

CONSTITUTION. Under the Charter the governing body of the College is the Court of Governors. The Council is responsible to the Court for the management of the whole of the College's affairs. The Senate, an academic body consisting entirely of members of staff, controls such matters as are committed to it by the Council. The Boards of the Faculties are responsible to Senate for the work of the respective Faculties.

FACULTIES AND DEANS. *Arts*, Prof. L. C. Sykes (Fr.); *Economics and Social Studies*, Prof. A. G. Pool; *Education*, Prof. J. W. Tibble; *Science*, Prof. R. L. Goodstein (Maths.).

LIBRARY. About 85,000 vols.; espec. notable for 2 collections: the Robjohn Collection of Bibles, the works of Bunyan and early printed books; and the Hatton Topographical Library. Sp. attention has been given to English Local Hist. A large extension to the Library has recently been completed.

GENERAL INFORMATION

The Coll. was founded by Royal Charter in Aug. 1949, and was opened in Oct. 1950. Situated at Keele Hall, where there is an estate of 200 acres, it is about 2 miles due west of Newcastle under Lyme.

CONSTITUTION of the Coll. follows pattern of modern Univs. with one important deviation. There is a Court, a Council and a Senate with the usual division of powers and duties, but in addition an Academic Council, the majority of whose members are representatives of the Univs. of Oxford, Manchester and Birmingham, and whose approval is required on all matters of academic importance.

INCOME. Income and expenditure of the Coll. will rise each yr. with annual intake of 150 students, until 1954–55, when student nos. will be approx. 520. For 1953–54, with 480 students, income excluding residential fees was approx. £180,000. Approx. percentages from different sources: Govt., 72 per cent.; Local Authorities, 18 per cent.; Fees, 10 per cent.

BOARDS OF STUDIES. Humanities: Chairman, Prof. J. M. T. Charlton (Classics); Soc. Studies: Chairman, Prof. B. R. Williams (Econ.); Science: Chairman, Prof. A. R. Gemmell (Biol.).

LIBRARY. Library started at end of 1949. Contains over 65,000 vols.

LABORATORIES. New labs. in sep. bldgs. have been erected for Phys., Chem., Biol., Geol. and Geog. The first stages have been completed and practical classes were held in all from Oct. 1952.

DEGREE COURSES. The Charter empowers the Coll. to grant its own degree of B.A. The first yr. of the 4-yr. course consists of a compulsory course of lectures identical for all students but with tutorial work adjusted to individual needs. This course is concerned with the heritage of civilization, present-day activities and the methods and influence of the experimental sciences. During the last 3 yrs., students must select not less than 4 subjects, which must include at least 1 from the Humanities and Social Studies, and at least 1 from the Sciences; 2 of these 4 subjects must be studied at principal level throughout the whole of the 3 yrs. Subjects taken at subsidiary level are studied for either 1 or 2 yrs. The B.A. degree will be awarded with Hons. where sufficient merit is shown. During these last 3 yrs., an educational dipl. course may be taken concurrently with the B.A. studies. This dipl. is recognized by the Ministry of Educn. A Social Studies dipl. may also be taken with the normal B.A. studies.

Members of staff and postgrad. students of the Coll. may, under approved conditions, be accepted as candidates for the degrees of M.A., M.Sc. and Ph.D. of the Univs. of Birmingham and Manchester.

ADMISSION. Ordinarily, candidates must be over 17, possess the normal Univ. entrance qualifications required by other U.K. Univs. and produce a satisfactory testimonial from their headmaster. Provision is made for the admission of adult students. *See also* Appendix I. Arrangements are made for the admission of 150 first-yr. students each yr., of whom approx. two-thirds will be men.

FEES. There is an inclusive fee of £40 p.a. covering matriculation, registration, Students' Union, tuition and all examn. fees. Graduation fee: £5 : 5s.

APPOINTMENTS BOARD. A. H. Iliffe, B.A., became pt.-time Appts. Officer in Nov. 1953. An Appts. Bd. will be formed.

ASSOCIATION OF PAST STUDENTS. The Keele Society, an association of past students and other members of the College, is at present in process of formation.

POSTGRADUATE AWARDS open to graduates of other Univs.: *see* Appendix II.

RESIDENCE. (For Wardens *see* " Administrative and other Staff," p. 576.) The College is almost entirely residential and only under exceptional circumstances is permission given for residence outside. There are at present 2 Halls of Residence, Lindsay Hall (*Telephone*: Keele Park 319) (180 women students), and Horwood Hall (*Telephone*: Keele Park 384 (Mr. Rayne) and 383 (Mr. Rolo)) (228 men students). *Address* (of both halls): Univ. Coll. of N. Staffs., Keele, Staffs. Residential fees are £115 per session of 30 wks.

STAFF RESIDENCES. It is intended to build residences for all teaching and some other staff. A Principal's Residence, 55 new houses, 15 bungalows and 4 lodges are available.

STUDENT HEALTH SERVICE. All students examined after admission by Coll. Medical Officer. A bldg. is set apart as a Sick Bay. Resident matron-nurse.

STUDENTS' UNION. Sep. bldg. available for Students' Union purposes. All

students are members, the annual fee of £3 being included in the composite fee. 26 acres of playing fields laid out within the estate.

PUBLICATION. *Prospectus* published annually.

GENERAL INFORMATION

The "University and King's College of Aberdeen," founded under a Papal Bull in 1494, and the "Marischal College," founded in 1593 by George Keith, Earl Marischal, were reconstituted in 1860 as "The University of Aberdeen." Certain of the original bldgs. remain, notably the Chapel (A.D. 1500). The Univ. is incorporated under the Universities (Scotland) Act, 1889.

The Depts. accommodated within King's College, Old Aberdeen, belong to the Facs. of Arts and Div. The classes in the Fac. of Law, and the Depts. of Psychol., Geog. and Educn., are accommodated within the reconstructed St. Mary's Church, Old Aberdeen. The Bot. and Forestry Depts. occupy adjacent bldgs. also in Old Aberdeen. On a separate site is the New Chemistry Building in which are accommodated the Depts. of Chem., Agric. Biochem., Soil Sci. and the Students' Health Service. In Marischal College, the Depts. accommodated belong mainly to the Facs. of Sci. and Med. (1st-, 2nd- and 3rd-yr. subjects). At Foresterhill Joint Hospitals Site, in close proximity to Aberdeen Royal Infirmary, the Maternity Hosp. and the Royal Aberdeen Hosp. for Sick Children, are the Univ. Medical Bldgs. in which are accommodated all classes from the 4th yr. onwards.

The LIBRARY, founded in 1494, has 345,640 vols. and over 200 incunabula, some unique. It is especially rich in Celtic lit., and bks. bearing on the hist., topog. and antiquities of the Scottish Highlands, and Classical Archæol. It also contains the McBean Jacobite collection, reputed to be the largest in the world outside the British Museum. Annual budget more than £15,000.

MUSEUMS. Marischal Coll.: Anatomical Museum (Human and Comparative); also Anthropological Museum containing Ethnographical and Archaeological (mainly Egyptian) items, as well as Local Antiquities; large numismatic collection. Nat. Hist. Dept.: Museum, principal display being teaching collection of Systematic Zool.; also exhibit of British Birds, and cabinet collections of Bird and Mammal Skins, Birds' Eggs, Insects and Molluscs. Foresterhill: Pathological Museum containing more than 1000 specimens.

INCOME (1952–53). Total income £630,754 (Govt. Grants, 76 per cent.; fees, 10 per cent.; endowments, 4 per cent.; other sources, 10 per cent.).

RESEARCH. Besides the usual labs. there is the Rowett Institute of Research in Animal Nutrition, Bankhead, nr. Aberdeen (*Telephone*: Bucksburn 7), with depts. of Physiol., Biochem., Bacteriol., and Pathol., and attached Animal Husb. section for practical experiments in feeding, etc. It is under the management of a jt. cttee. of the Univ. and the N. of Scotland Coll. of Agric. There is also the Macaulay Institute for Soil Research, Craigiebuckler, Aberdeen (*Telephone*: Aberdeen 33223).

TEACHING HOSPITALS. Hosps. available for clinics: Infirmary, 550 beds; Woodend Hosp., 340; Children's, 150; Fever, 300; Mental Hosp., 900; Maternity Hosp., 111; Ophthalmic Institution, average 7000 out-patients annually.

GENERAL INFORMATION

Originally the "Town's College," founded in 1583 by the Town Council under general powers granted by Royal Charter, April 14, 1582. The Old College on the site of "Kirk o' Field," the scene of the murder of Lord Darnley, was designed by Robert Adam and William Playfair, and completed in 1828. Newer buildings include the Medical Buildings (1883) and the McEwan Hall (1888–97), which holds 2600 and has a great electric organ; and The King's Buildings for Chemistry and other Science Depts. The Medical School of this Univ. has been famous for over two centuries; specially ample provision exists also for instruction and research in Theology (postgrad. school instituted 1919), Agric., For., Engin., Mining and Vet. Sc.

Royal (Dick) Veterinary College, Summerhall, Edinburgh, 9 (*Telephone*: 41087/8; *Telegrams*: Veter, Edinburgh). Founded 1823; became sch. of vet. studies within the Univ., 1951 (*see* p. 608).

CONSTITUTION. By the Universities (Scotland) Act, 1889, the Univ. Court was constituted a body corporate; it administers the whole Univ. property. The Senatus Academicus regulates teaching and discipline; the General Council is empowered to make representations to the Court on all questions affecting the Univ.'s prosperity. The Chancellor, elected by the General Council for life, is Pres. of the General Council and nominates an Assessor in the Univ. Court. The Vice-Chancellor is nominated by the Chancellor. The Principal, elected by the Curators for life, is Pres. of Senatus; in the absence of the Rector he presides at meetings of Univ. Court, and in the Chancellor's and Rector's absence, at statutory meetings of General Council. The Rector, elected by matriculated students for 3 yrs., is Pres. of Univ. Court, and appts. an Assessor to it. The Court comprises Rector, Principal, Lord Provost of Edin., Assessor nominated by Chancellor, by Rector and by Town Council; by Senatus and by General Council. The Senatus comprises Principal, Profs., and certain Readers and Lectrs. EDINBURGH UNIV. CLUB OF LONDON. Secretary: Dr. Bruce Williamson, 40 Queen Anne Street, W.1.

APPOINTMENTS COMMITTEE. Secretary, A. G. Acaster, M.A., 44 George Sq. (*Telephone*: 46207). The Cttee. includes reps. from the Univ., industry, commerce and industrial liaison organizations. Between six and seven hundred students are assisted each yr. to find suitable employment.

UNIV. EXTENSION, ETC. There is an Adult Education Committee which arranges courses of lectures in the south-east of Scotland. The Univ. is now represented on the Advisory Committees for the management of the Tutorial Classes for adults instituted by the Edin. Educational Authority, in co-operation with the Edinburgh W.E.A. Summer Classes (4 weeks) for Teachers are held during vacation, the lecturers being drawn mainly from the Univ. staff. Certificates gained at the courses qualify for endorsement on teachers' certificates.

EXTRA-MURAL WORK. Classes conducted by the Edinburgh Workers' Educational Association meet in the University Buildings. A University Extra-Mural Committee organizes Courses of Lectures in the south-east area of Scotland.

UNIVERSITY TRAINING CORPS. The University Training Corps is organized in six Sub-units of the following arms: Artillery; Engineers; Electrical Engineers; Signallers; Intelligence; and Infantry. The primary object of the training is to develop leadership qualities in undergraduates whose military service has been deferred. Students are trained for direct commissions in the Regular Army as well as for commissioned rank in the Territorial Army and Reserve. The Contingent is fully equipped with arms and transport. There is also a thriving unit of the Women's Royal Army Corps with a similar object of enabling graduates to obtain commissions.

UNIVERSITY HEALTH SERVICE. The University provides facilities for routine medical examinations for each first-year student, and radiological examinations of chest for all students annually. It also provides a consultative and domiciliary medical service with special hospital facilities for the treatment of sick students. This dept. works in the closest liaison with the Student Accommodation and Welfare Office and the Physical Education Department.

UNIVERSITY ATHLETIC FACILITIES. Facilities exist for the playing of most games. All sections of the Athletic Club, of which Shinty is the oldest, are run by student committees. Separate Athletic Clubs for men and women. Up-to-date Dept. of Physical Educn.

UNIVERSITY UNION. Open to all male matriculated students, graduates of the Univ., members of Senatus and Court, and members of staff. Debating hall, dining room, library, reading and writing room, etc. The UNIVERSITY WOMEN'S UNION, 53 George Sq., provides a dining hall, library, study rooms and temp. overnight accomm.

UNIVERSITY COMMON ROOMS. The Jr. Common Rm., Old College, provides a convenient meeting place and snack-bar service for undergrads. The King's Buildings Common Rm. provides club and recreation facilities, incl. gymnasium, badminton and squash courts.

HISTORIES OF THE UNIV. (all o.p.): A. Bower, chiefly compiled from original papers and records never before published, 3 vols., Edin., 1817–30;

A. Dalzel (ed. by D. Laing), with a Memoir of the Author (by C. Innes), 2 vols., Edin., 1862 ; Sir Alexr. Grant, the *Story of the Univ. during its first 300 years*, 2 vols., London, 1884 ; by various contributors, edited by Turner, A. Logan, 1883–1933, Edin., 1933. *General Council Register*, from 1952 (Thin, 1952, 10s.).

UNIVERSITY PRESS. The University Press was instituted by the Univ. Court in 1945 and is administered by a combined Committee of Court and Senatus which control the general policy and select MSS. for publication. Its main object, rendered possible by bequests applied for the purpose, is the publication, in the best traditions of Scottish typography and book-production, of works of academic merit which cannot be produced on a commercial basis owing to their restricted appeal and may incur a loss ; but the Committee are prepared to publish works of wider appeal, though still of literary merit, which will help to offset any such loss. Books published are advertised and sold by Messrs. Thomas Nelson and Sons, Ltd., the sole agent for the Press.

THE YEAR 1952–53

GENERAL INFORMATION

Founded by a Papal Bull in 1451, after the model of Bologna, the Univ. was reconstituted by a Charter of King James VI of Scotland in 1577.

CONSTITUTION. By the Universities (Scotland) Act of 1858, as modified by the Act of 1889, the Univ. Court, upon which Senate and General Council have representation, controls the finance, properties and general administration of the Univ. The Senate superintends teaching and discipline. The General Council consists of the Chancellor, the members of the Univ. Court and the Profs. of the University, all *ex officio*; graduates of the Univ. who have paid the registration fee; and (during their term of office) Readers and Lectrs. of more than one year's standing. The Chancellor is elected for life by the General Council. The Rector is elected by the matriculated students, is President of the Univ. Court, and holds office for three years. The office of Principal is in the patronage of the Crown.

The LIBRARY, founded in 15th century, contains more than 400,000 vols., including 300 bks. printed before A.D. 1500. Among its important collections are the Ewing, distinguished for the value and variety of its Bibles; the Hamilton, rich in philosophical works; and the Ferguson, containing rare bks. on the hist. of chem. READING ROOM, founded 1939. There are also 67 class and deptl. libraries, the most important of which are those attached to the Veterinary Sch. and the Dept. of Soviet Institutions. The HUNTERIAN MUSEUM, founded in 1783, contains most valuable MSS., early printed bks., pictures, important collections of coins, anatomical preparations, zoological and mineral specimens, etc. Large new depts. with spacious LABORATORIES have been erected for Engin., Bot., Nat. Philos., Chem., Physiol., Anat., Pathol., Mat. Med., Forensic Med., Pub. Health and Zool. There are BOTANICAL GARDENS and an OBSERVATORY. As Glasgow stands at the centre of the Shipbldg., Engin., Mining and Industrial area of Scotland, it offers unique opportunities for technical training. 5 large general HOSPITALS (the Western, Royal, and Victoria Infirmaries and the Southern General and Stobhill Hospitals) are available for clinics, besides special institutions (including Consumption Sanatoria).

FACULTIES AND DEANS. *Arts*, Prof. P. Alexander (Engl.); *Divinity*, Rev. Prof. I. Henderson (Systematic Theol.); *Engineering*, Prof. B. Hague (Elect. Engin.); *Law*, Prof. R. Browning (Accountancy); *Medicine*, Prof. G. M. Wishart; *Science*, Prof. T. N. George (Geol.).

GENERAL INFORMATION

Founded in 1796 under the will of Prof. John Anderson, Anderson's College was, in 1886, joined with the College of Science and Arts (1823), the first "Mechanics Institution," itself an offshoot of the original Anderson's College, and with the Atkinson Institution (1861) in the Glasgow and West of Scotland Technical College. In 1912 the Governors received Royal authority for the title, Royal Technical College, Glasgow. The Coll. was affiliated with the Univ. of Glasgow in March 1913.

The Coll. operates under the City of Glasgow Royal Technical College Scheme, 1935, of the Educational Endowments Commission, and has a Bd. of Governors (30), half of whom are apptd. by the Bd. and the others are representative of Faculties, Institutions and public bodies.

The present Coll. bldg., completed in 1910, has a floor space of over 7 acres, and the Governors have approved an Extension Scheme on an adjoining site

to add approx. one-third more accomm. and to make extensive provision for Civil, Mech. and Mining Engin.

Under the affiliation ordinances, the Coll. provides full qualifying courses for degrees of the Univ. of Glasgow in Engin., Appl. Chem., Pharmacy and Archit. For the Associateship of the Coll. (A.R.T.C.), courses of 4 yrs. are provided in Civ., Mech., Electr., Chem. and Mining Engin., Naval Archit., Chem. and Technical Chem., Metall., Appl. Maths., Appl. Phys., Pharm., Food Sci., Micro-biol., Bldg. and Textile Technol. Entrance qualificns. for the Associateship Courses are given in the *Prospectus* of Day Classes.

Courses for Postgrad. Dipl. in Advanced Studies are available in most departments.

The Glasgow School of Architecture is constituted by the Coll. and the Glasgow School of Art under a Jt. Cttee. of Governors, and issues Dipls. in Archit. (5 yrs.) and Postgrad. Dipls. in Town Planning (5 terms). With the Glasgow and West of Scotland Commercial College, the Coll. forms the Glasgow School of Management Studies and makes jt. provision of courses in Personnel Management (1 yr.), Works Management (1 yr.) and Dipl. in Management Studies (4 yrs. pt-time).

In Pt.-time Classes the Coll. offers a very wide range of technological training at advanced and postgrad. level. Under the scheme of the W. of Scotland Jt. Cttee on Classes in Sci. and Technol., the Coll. classes form the apex of an educn. pyramid, and pt.-time students from all parts of the W. of Scotland complete their courses at the Royal Technical College. The Courses below advanced level are conducted by the various Educn. Authorities.

The Coll. pursues an active policy in res., strengthened by close co-operation with res. assocns. and industry. This is a special feature of Coll. policy, which adds greatly to its res. resources and makes possible work on problems of current interest, sometimes on pilot plant and even larger scale.

LABORATORIES. Ample facilities are available for undergrad. work and postgrad. work of the highest standard.

ADMISSION. Admission to degree courses is conditional upon obtaining an Attestation of Fitness from the Scottish Univs.' Entrance Bd. (*See* App. I.) The conditions for admission to associateship courses are broadly similar, except that a pass in a foreign lang. is not essential.

LIBRARIES. The Andersonian Library, commemorating the Founder of the Coll., houses an extensive range of technical and scientific publicns. (over 30,000), including many of historical interest, the Founder's library and the James Young collection of early alchemical, metallurgical and chem. bks. There are also deptl. libraries.

RESIDENCE. Lochview Hall, 1085 Gt. Western Rd., Glasgow (*Telephone*: Kelvin 3262), with accomm. for 25 male students. Preference is given to postgrad. students.

FORMER STUDENTS' ASSOCIATION. Formed in 1936. Copies of the *Annual Report* of the Coll. are circulated to all members and social functions arranged regularly. A live register of members is kept by the Hon. Sec. at the Coll. and members going overseas have valued the introductions provided by the Association. Branches of the Assocn. are active in Glasgow, London and S. Africa. Life membership is available to qualified applicants at a fee of £1 : 1s.

The student body acts through the Students' Representative Council and joins with others in the Scottish Union of Students. Facilities for football, rugby, hockey, yachting, dramatics, photog., debating, table tennis, basket-ball are well used and the Students' Representative Council maintains sports

grounds at Cambuslang and, under the supervision of a physical trg. instr. and coach, a mod. gymnasium at the College. Accomm. at the Coll. includes the Union, S.R.C. Offices, Study Rooms and the Muirhead Room for Women Students.

TUITION FEES. Degree Courses—Engin., 114 gs.; Appl. Chem., Pharmacy and Archit., 127 gs.; Associateship Courses, and other Non-degree Courses—£30 p.a.; Res. Fee—21 gs. p.a.; Postgrad. courses, £50 p.a. Fees for Courses in Admin. and for pt.-time Classes are shown in the relevant prospectuses.

PUBLICATIONS. *Prospectus of Day Classes*; *Guide to Evening Classes*; *Bursaries, Scholarships and Prizes*; *Prospectuses* for the following: School of Architecture, School of Navigation, School of Pharmacy, Scottish School of Bakery; *Education for Management*; *Town and Country Planning*; *The Annual Report*; *Report on Research.*

GENERAL INFORMATION

The University, founded in 1411, is the oldest in Scotland. St. Salvator's College was founded in 1450 and St. Leonard's College in 1512. The third St. Andrews College, St. Mary's, founded in 1537, has, since 1579, been restricted to the teaching of Theology. In 1747 the Colleges of St. Salvator and St. Leonard were amalgamated to form the United College of St. Salvator and St. Leonard. University College, Dundee, founded in 1881, was in 1897 affiliated to the University of St. Andrews, and at the same time the Conjoint Medical School was established in Dundee. Under the University of St. Andrews Act, 1953, University College, Dundee, and the Conjoint Medical School were merged into a new College of the University subsequently named Queen's College.

CONSTITUTION. Under the University of St. Andrews Act, 1953, the University comprises three colleges, being unincorporated societies of teachers and students. The University Court is a body corporate with perpetual succession and a common seal, and all the property belonging to the University is vested in the University Court. The above Act also set up the Council of the United College of St. Salvator and St. Leonard and St. Mary's College, and the Council of Queen's College, and empowers the University Court to delegate various functions to these Councils.

LIBRARY. Approx. 400,000 printed vols. (some of 15th and 16th centuries). MSS. include fine Persian specimens and large folio Antiphonarium. College Library at Dundee. MUSEUMS at St. Andrews—Anat., Anthrop., Ethnol.,

GENERAL INFORMATION

Queen's College was established by Royal Charter in 1845, opened in Nov. 1849, and linked with Colleges at Cork and Galway as the Queen's University in Ireland in 1850. Originally there were three Faculties, Arts (with Science and Literary divisions), Medicine and Law. In 1879 Queen's College became a constituent coll. of the Royal University of Ireland. The governing body was the purely academic College Council. At the turn of the century private benefactions led to increased bldgs. and addtl. staff. In 1908 the College became the Queen's University of Belfast. The Senate became the governing body, consisting of representatives of the public life of Ulster, of the Professors

and of graduates. The identification of the new Univ. with the interests of Ulster became closer on the establishment in 1920 of the Govt. of Northern Ireland from which the Univ.'s income is largely derived on the advice since 1945 of the University Grants Committee whose help has been made available. This identification of interest is evidenced by the new Facs. which were created, namely: in 1910 Science and Economics; in 1921 Appl. Science and Technol. with the co-operation of the Belfast College of Technology; in 1924 Agriculture, whose work is co-ordinated with that of the Ministry of Agriculture for N. Ireland; and in 1926 the Faculty of Theology, most of the teaching for which is given in the Presbyterian College, Belfast, and in Edgehill Theological College, Belfast. Since 1939 the number of students has doubled and there has been a great increase in the number of teaching staff. To house the additional students and staff a substantial blding. programme is in progress.

CONSTITUTION. The authorities of the Univ. are the Chancellor, who is the titular chief officer; the Pro-Chancellors (of whom there may be three); the President and Vice-Chancellor, who is the principal academic and admin. officer; the Senate, which is the governing body; the Academic Council, which is the body of profs. and certain lectrs. responsible for internal academic affairs; the General Board of Studies, which considers courses of study and recognition of Colls. and teachers; the Faculties; and Convocation, the statutory body of graduates, which elects the Chancellor, eight members of Senate and may consider any matter referred to it by the Senate.

INCOME (1952–53). £440,000 (capital purposes, £400,000); Govt. of N. Ireland, 69 per cent; local authorities, 4 per cent; fees, 18 per cent; other sources, 9 per cent.

CANADIAN UNIVERSITIES*

[Contributed by Dr. G. P. Gilmour, President and Vice-Chancellor, McMaster University.]

UNIVERSITY work in Canada began in 1789, when the University of King's College was founded in Windsor, N.S., but most Canadian Universities date from the 19th century, *e.g.* Dalhousie, 1818, McGill, 1821, Toronto, 1827, Acadia, 1838, Queen's, 1841. In Western Canada all Universities except Manitoba were opened in the 20th century, *e.g.* Saskatchewan, 1908. In recent years, several new degree-conferring institutions have been recognized. Quebec gave a charter to Sir George Williams College in 1948, for work begun in 1929; Ontario to Carleton College in 1952, for work begun in 1942, and to Assumption College, 1953 (formerly an affiliate of Western Ontario); and Memorial was founded in Newfoundland in 1949. In many cases, University status has come to institutions that had already operated for many years as educational centres, often as preparatory schools or theological Colleges, *e.g.* Laval, given a Royal Charter in 1852, is the outgrowth of work dating back to 1635; Montreal, which operated as a branch of Laval from 1876, became autonomous in 1920; and McMaster, whose charter dates from 1887, is the outgrowth of work begun in 1857. In Western Canada, the work of the provincial Universities was anticipated through the existence of Colleges affiliated with institutions in Central Canada, and through the establishment of theological Colleges, *e.g.* Emmanuel College, Saskatoon, 1879. These have now become affiliated with or absorbed into the Universities, but the pattern has not entirely disappeared, *e.g.* Ottawa still maintains a connexion with 5 small Roman Catholic Colleges in Saskatchewan and Alberta.

It is to be remembered that the term "Canada" is nationally applicable only since 1867. The Universities of the Maritime Provinces were for the most part established when Nova Scotia and New Brunswick were not part of Canada. "Canada," prior to 1867, referred only to the territories embraced by Quebec (Lower Canada) and Ontario (Upper Canada). The western Universities were established, as a rule, shortly after the provinces were created out of the western territories. Something of the origins of Canada's population is reflected in the curricula, *e.g.* the greater emphasis on classical studies in the centre and east, and the offering of Scandinavian languages in the west. The great emphasis on extension studies at Alberta is a reflection of the

* *Nova Scotia*: Acadia, Dalhousie (with King's), Mount St. Vincent College, St. Francis Xavier, St. Mary's. *New Brunswick*: Mount Allison, New Brunswick, St. Joseph's. *Prince Edward Island*: St. Dunstan's College. *Newfoundland*: Memorial University of Newfoundland. *Quebec*: Bishop's, Laval, McGill, Montreal, Sir George Williams College. *Ontario*: Assumption College, Carleton College, McMaster, Ottawa, Queen's, Toronto (with Trinity and Victoria), Western Ontario. *Western Provincial Universities*: Manitoba, Saskatchewan, Alberta, British Columbia.

provincial decision to associate such work with the University, whereas in Saskatchewan most extension work that is not for academic credit is separate from the University.

The term " University " is used somewhat loosely in Canada, and a complete legal list would not reflect actual conditions. In at least three cases (Trinity and Victoria in Toronto, King's in Halifax), University charters are in abeyance except for Divinity, by reason of federation ; in some other cases (*e.g.* Collège Ste-Anne, Church Point, Nova Scotia), institutions that operate essentially as Colleges have charters entitling them to University powers ; and in others (*e.g.* Sir George Williams College, Montreal, and Carleton College, Ottawa), work done under the College title is of a range comparable to that in a number of smaller Universities Work in Universities ranges from the complex federated organization of Toronto, including both federated Universities and affiliated Colleges, or that at Laval, which includes forty-nine affiliated institutions, to smaller foundations of a unitary type, involving fewer than three hundred students. McGill, for example, gives twenty-seven types of degrees and ten diplomas or certificates, while Nova Scotia Technical College gives only the degrees of Bachelor and Master of Engineering. In Ontario, to take another example, only Toronto has a College of Education ; and, until the recent establishment of a Faculty of Law at Toronto, all legal education in that Province was directed by the Law Society of Upper Canada.

Whatever their origins, Canadian Universities have in general a constitutional pattern differing from that in Great Britain and some other Commonwealth countries in that salaried members of the Universities other than the executive head may not sit on the Board of Governors (Trustees, Regents, etc.), which has the financial direction of each University, and which makes or confirms academic appointments, determines salaries, manages investments, erects buildings, sets fees, etc. These Boards are variously elected or appointed, and may include government appointees, representatives of the graduates, or members elected by church courts or religious orders. In some cases, they are wholly or in part self-perpetuating bodies. Teaching members do, however, sit on, and in practice usually dominate, the Senate of a University, which body decides questions of admission, examination and curriculum, authorizes degrees (both in course and honorary), and has all academic questions as its province, acting usually on the advice of the academic staff or its Council. The executive head of a University is generally Chairman or leader of the Senate, but is almost never Chairman of the Board. There is thus no close parallel to the type of " University Court " known elsewhere, nor to the corporate authority of a group of Fellows. The term " Fellow " therefore carries with it no financial authority, and need not involve faculty membership. The title " Dean " is a permanent one, Deans being the appointees of the administration, usually through the Senate with the approval of the Board.

All degrees beyond that of Bachelor (M.A., M.Sc., Ph.D., etc.) involve examinations and theses or substantial essays, and such degrees are

seldom open to anyone who has not taken an honours course as an undergraduate or who has not covered equivalent departmental studies as a prerequisite, if he has taken a general degree or comes from another University. Generally speaking, undergraduates are not permitted to specialize in their honours subject until they have completed certain general subjects, *e g.* history or literature in the case of Science students and a course in Science in the case of Arts students.

While there is no case in which the appointment of the executive head of a University is made, or is subject to review by a political body, all Universities operate under Acts or Charters granted by governments and must, if changes in authority, organization, etc., are desired, secure the necessary enabling amendments. Within the terms of the various Acts or Charters, the Universities have full autonomy, the relative powers and membership of Boards and Senates being outlined in the Acts. Senates are in all cases elective or appointive bodies of limited membership, there being no such thing as Senate membership belonging of right to all or certain graduates.

Except in Western Canada, nearly all Canadian Universities were established by or with the active support of church bodies, but the majority are now private or quasi-private foundations. One might divide Canadian Universities into (1) those which are legally controlled by or connected with a religious group : Laval, Montreal, Ottawa, St. Dunstan's, St. Francis Xavier, St. Joseph's, Mount St. Vincent, Assumption, by Roman Catholics ; King's, Bishop's, Trinity, by the Church of England ; Mount Allison, Victoria, by the United Church of Canada ; Acadia, McMaster, by Baptists ; (2) those that are essentially provincial Universities, with varying degrees of state direction : New Brunswick, Memorial in Newfoundland, Toronto, Manitoba, Saskatchewan, Alberta, British Columbia ; (3) independent foundations, depending on endowment and private benefactions, usually with additional state support : Carleton, Dalhousie, McGill, Queen's, Western Ontario, Sir George Williams. No brief statement can make clear the diversity among the Universities.

Under the British North America Act, education in Canada is a provincial responsibility, there being no Dominion Office or Minister of Education. Recently, as noted below, the Canadian Government has given financial aid to Universities. Considerable variety exists as regards Provincial Government aid to Universities. Seven provinces (British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, New Brunswick and Newfoundland) have provincial Universities, in most cases receiving a major part of their income from government sources ; in Ontario and New Brunswick there are also private Universities ; and in Quebec, Nova Scotia and Prince Edward Island all Universities are private. The pattern of provincial support varies as regards private Universities. In Nova Scotia, for example, University grants have to date been comparatively small, but Nova Scotia Technical College is supported entirely from provincial revenues ; while in Ontario, grants are received by Queen's, Western and Carleton College, and McMaster and Ottawa receive grants for such of their work as is legally not under " sectarian " control.

In Canada to date, Universities have not been the recipients of private benefactions in amounts comparable to those in the United States or Britain.

Higher education in Canada has a recognizable pattern and atmosphere, but there is no uniformity in entrance standards or curriculum emphasis. (*See* Appendix I.) Canadian higher education shows clearly the marks of Canadian educational and political history, and the influence of British (both English and Scottish) and American models. The marks of Canadian history can be seen in the existence of a distinct system of French-language University education, chiefly in Laval and Montreal with their affiliated "Classical Colleges"; in various federation plans that have brought together Colleges of denominational origin and of secular foundation (notably in Toronto, Manitoba and Western Ontario); in the existence of a number of Universities that have maintained, to a greater or smaller extent, denominational ties (*e.g.* Acadia, Mount Allison, Bishop's, McMaster, Trinity and Victoria); and in the unusual number of degree-conferring authorities in the Maritime Provinces (where at least fourteen such authorities exist), as compared with the Western Provinces (where only one University authority exists in each Province). A few Universities operate under Royal Charters, but most have been incorporated by provincial legislatures. British precedents account for the existence of Colleges within Universities, academic titles (Principal, Provost, Warden, etc.) that reflect either English or Scottish origin, and provision for specialized undergraduate study leading to honours degrees (in most cases requiring an extra year of undergraduate study and the maintaining of superior grades). American influence can be seen in the development of Faculties and Schools, and in the fact that there has been in Canada much the same succession of development as in the United States, first, of private or quasi-private Universities (including many with original or continuing denominational connexions), second, of State Universities (notably in Western Canada), and third, of Graduate Schools (or limited programmes of graduate studies leading to the degrees Master and Doctor). Many academic titles (President, Dean, Associate Professor, etc.) also reflect American nomenclature.

Recent developments of note have been the growth in undergraduate numbers, increased graduate studies, extension services and financial assistance to Universities by the Government of Canada.

Growth in undergraduate numbers has been due to increase of population, rising standards of living and increased opportunities for professional training. In the fifteen years between 1933–34 and 1948–49, the number of full-time undergraduates increased about two and one-half times. Allowing for recent recession of numbers, after the graduation of ex-Service personnel receiving special benefits, the numbers to-day would be approximately double those of 1933, *i.e.* about 60,000. Staffs and buildings at Universities have been increased to care for these larger numbers, except that in Medicine it is impossible to train sufficiently greater numbers.

Graduate studies, formerly quite limited because of Canadian reliance on British and American graduate facilities, have increased in the same

period by roughly the same proportion. Formerly, English-language graduate studies beyond the degree of Master were offered almost exclusively at Toronto and McGill. In recent years, a number of other Universities have offered Ph.D. studies within a narrow range of selection, chiefly in Science, and doctoral studies are now offered also at Queen's, McMaster, Western Ontario, Manitoba, Saskatchewan, Alberta and British Columbia. In the calendar year 1952, the number of Doctoral degrees completed in Canada was 188, of which 62 were in French-language Universities, and the number of other graduate degrees 894, of which 198 were in French-language Universities. These figures do not, however, adequately represent the scope of graduate studies in the French system.

Extension services are showing a marked increase. In large urban centres Universities offer a variety of evening courses for academic credit, and many Universities conduct summer schools, attended in many cases by members of the teaching profession. One institution, Sir George Williams College in Montreal, enrols the majority of its students in evening classes. Extra-Mural studies are comparatively limited in scope. Adult education, in the form of courses and special lectures without academic credit, is becoming increasingly important.

Financial aid to Universities from the Government of Canada began in 1951, subsequent to the Massey Report,* when $7,000,000 was made available under Order-in-Council, and divided among Universities and Colleges according to the population of each Province and the number of full-time students in each University within the Province. The purpose of the grant was to defray part of the increased cost of University education, definitely including the Arts Faculties, in view of the declining value of endowment and the effect of taxation and inflation. These grants are not designed to provide for expansion of facilities or to give special assistance to Universities maintaining professional and scientific courses at high expense. The criterion of local need has not been introduced, nor have any conditions been attached to the spending of the grant. Provincial rights and duties in education continue unchanged. The final four years of study in classical colleges affiliated to French-language Universities—which in principle form the Faculty of Arts of these Universities—were recognized as equivalent to undergraduate studies in English-language Universities. No attempt was made to arrive at a uniform level of University entrance throughout the nation.

The plan to give federal aid has not been easy to administer. The Government of Quebec in 1953 declined to implement the plan within that Province lest its conception of provincial autonomy in education suffer, and as a consequence the Quebec Universities did not receive aid from the Government of Canada. In 1954 the Government of Quebec authorized certain payments to Universities, in view of special legislation on provincial income taxes, so that University loss of income has

* *National Development in* [*Canadian*] *Arts, Letters and Sciences, 1949–51: Report of Royal Commission.* Chairman: Rt. Hon. Vincent Massey. (Printer to H.M. the King, Ottawa, 1951.)

been overtaken to date. Another difficulty arises from the difference in *per capita* amounts, as based on provincial population and student numbers, with Newfoundland receiving a disproportionately large *per capita* sum and Nova Scotia and Manitoba relatively meagre amounts. How to observe constitutional niceties and accomplish the purpose of the grant at the same time is a delicate problem.

ENGLISH-LANGUAGE UNIVERSITIES. Under the system operating in these Universities, including English-language Roman Catholic institutions, students enter either by Junior Matriculation or by Senior Matriculation. The latter requirement is increasing. These examinations are set in the various provinces, usually by joint action of the Universities and the Department of Education. The list of required and optional subjects differs between provinces and varies as regards the requirements for entrance into various degree courses. Universities admitting by Junior Matriculation normally offer a four-year course leading to a pass or general Bachelor's degree, which can be obtained in three years from Senior Matriculation. For honours degrees, an additional year of study is required in most Universities, and honours students are usually in separate classes. *See also* Appendix I.

The requirements for entry on non-Canadian certificates into the Universities of Canada vary considerably. Students in other parts of the Commonwealth who plan to attend a Canadian University should write directly to the Registrar of the University in which they are interested.

In all Universities a number of lecture courses are required in each year, and examinations on these courses must be taken at the end of each year. In some honours courses, " comprehensive examinations " are also required. Some Universities operate on a year system, requiring a specific group of required and optional subjects to be taken at the various levels, while some others operate more nearly on the credit system common in parts of the United States.

English-language Universities are co-educational in all but a limited number of courses, such as Nursing and Household Science.

Few Universities offer complete residence accommodation. Especially in large urban centres, the majority of students live at home or in boarding-houses. Most Universities provide, through student unions, space for social gatherings and for meals.

FRENCH-LANGUAGE UNIVERSITIES. In the French system, a student receives his Baccalauréat at a Classical College, which corresponds to a French Lycée. He then goes to the University for his Licence or his Doctorat, or for a professional course such as Medicine, Engineering or Dentistry. French-language Universities also admit into certain courses, such as Engineering and Agriculture, students who have taken preparatory work in a French high school, modelled more closely along English high-school lines. Separate classical colleges are operated for men and women, but the Universities are co-educational in most courses.

DATES AND VACATIONS. In all the Universities of Canada, students are admitted only in the autumn, and the session lasts approximately

from late in September to the middle of May. During the long summer vacation, the majority of students obtain employment. Faculties of Engineering, for example, require their students to gain practical knowledge in the Engineering field during the summer.

STUDENT ACTIVITIES AND ATHLETICS. During the session, the students provide a wide variety of social and recreational activities for themselves. These are under the control of a central committee or council and are more highly organized than they are in the United Kingdom Universities. Organized athletics, too, are usually under the control of a central committee representing the students, the University administration and, frequently, the graduates.

THE NATIONAL CONFERENCE OF CANADIAN UNIVERSITIES. The approved Universities and Colleges of Canada have as their official organization the National Conference of Canadian Universities, which meets every summer to discuss matters of common interest. This Conference is closely associated with The Association of Universities of the British Commonwealth and nominates the two representatives of the Canadian Universities on the Executive Council of that body. The Conference publishes an annual *Report* and a *Yearbook of Canadian Universities*. The latter is published biennially, and may be obtained from the Secretary, N.C.C.U., care of University of Saskatchewan, Saskatoon, Sask., Canada, at the price of $2.

In addition, the business officers of the Universities participate in the Canadian Association of University Business Officers, and many participate in the nearest U.S. association. C.A.U.B.O. meets annually to discuss common problems of administration and finance, usually with invited government officials responsible for research grants and related projects. It has approved for its own use a standardized form of University financial reporting as to income and expenditures. E. A. Wilkinson, Hart House, University of Toronto, is secretary-treasurer. Placement and guidance officers also meet annually in the University Counselling and Placement Association, organized in 1946, evolving from the University Veterans' Counselling Services organization. University registrars meet less formally, but are in process of forming an association. Similar organizations are developing among Directors of University Extension and Alumni Directors. Book Store managers were organized as the College Book Store Managers in 1948, amalgamated in 1951 with the Canadian Retail Booksellers' Association. The executive secretary is Mrs. S. McDowell, McMaster University, Hamilton. Only a small number of Universities operate a University press.

FURTHER INFORMATION. A convenient and recent historical sketch may be found in W. Kirkconnell and A. S. P. Woodhouse: *The Humanities in Canada*, 1947. Statistical information appears in *The Canada Yearbook*, and special information is issued from time to time by the Dominion Bureau of Statistics, the most recent being *Higher Education in Canada 1948–50* (1952), issued by authority of the Minister of Trade and Commerce, price 60c. An historical introduction to the Universities of Canada appeared in the *Universities Yearbook, 1949–50* (A.U.B.C.), and earlier editions.

OTHER EDUCATIONAL INSTITUTIONS. Not all educational institutions of University grade appear under University titles. Three examples are the Maritime School of Social Work, the Nova Scotia Technical College in Halifax and theological schools. The *Maritime School of Social Work*, Halifax, N.S., co-operates with various Universities in Nova Scotia. It gives a diploma for two years of study, degrees being the responsibility of the co-operating Universities. In other parts of Canada schools of social work form an integral part of individual Universities, including Laval, Montreal, McGill, Toronto, Western Ontario and British Columbia. The *Nova Scotia Technical College* in Halifax (*see* p. 853) is the direct effort of the Province to provide engineering education. It is supported entirely from provincial revenues and receives students who have already covered work in Acadia, Dalhousie, King's, Mount Allison, St. Francis Xavier, Memorial University of Newfoundland and St. Mary's. The Technical College offers two years of what is usually a five-year course, leading to the degree of B.E., and later to the degree of M.E. In other Canadian provinces such work is carried on by a Faculty of Engineering or Applied Science connected with single Universities. Theological education is conducted through Faculties of Theology or through independent theological colleges affiliated with one or more Universities. Theological degrees are not granted by provincial Universities. At Toronto, for example, degrees in Divinity are conferred by Trinity, Victoria, Knox, Wycliffe and St. Michael's. A list of theological colleges appears in the *Yearbook of Canadian Universities*.

The CANADIAN BRITISH EDUCATION COMMITTEE has been established to encourage students leaving school in Great Britain to take a course at a Canadian University. The idea of the committee is that this not only makes the best introduction to Canadian life for those who intend to make their career in the Dominion, but that the experience of a Canadian University will tend to produce a graduate of fresh outlook and wide interests who will be well fitted to make a career in any part of the world.

McGill University and the University of Toronto both reserve a number of places for students under this scheme. Those sponsored by the committee are allowed by the Treasury to exchange sufficient sterling into Canadian dollars to cover the cost of their courses; many students earn part of their expenses by working during the long summer vacations. The committee has no Scholarships to offer except 10 bursaries of $300 each, tenable for 1 yr., which are offered to students from the United Kingdom who wish to study mining engineering or geology at a Canadian University. The committee does not sponsor students until they have gained Advanced level passes in the General Certificate Examination, except for certain faculties; *e.g.* Agriculture, Engineering, Mining, etc., in which the first yr. of the University curriculum includes technical courses that cannot be studied at school.

Further particulars may be obtained from the Hon. Secretary, The Canadian British Education Committee, 62 Trafalgar Square, London, W.C.2.

GENERAL INFORMATION

Founded in 1838 by the N.S. Baptist Educational Society, Acadia College was incorporated in 1840 by Act of the N.S. Legislature, with the powers of a University and the name changed to Acadia University by an Act of Legislature in 1891. Endowment, $1,200,000 ; Physical Plant, $2,106,041·28. The Bd. of Governors is appointed by the Baptist Convention of the Maritime Provinces, but the students and faculty are subject to no religious tests.

CONSTITUTION. By the 1840 Act of Incorporation and subsequent legislative amendments, the Bd. of Governors has authority over all matters of property, finance and discipline, and all appts. of academic or admin. staff. The Senate, consisting of Pres., Provost, Deans, Chairman of Governors, and 12 other persons apptd. by Board of Governors, has final authority over all matters of academic welfare, including curricula, and grants dipls. and degrees in all depts. and facs. For purposes of routine admin., the Bd. delegates its powers of discipline to the Facs. Curricula and examns. are the province of the Facs., subject to final confirmation of Senate. The Pres. is chairman of Senate and of the combined Facs., and *ex officio* a member of Bd. of Governors.

ST. STEPHEN'S COLLEGE, Theological College of the United Church of Canada, is situated on the University campus. *Postal Address*: University of Alberta, Edmonton, Alberta, Canada. (*Telephone*: Edmonton 31153.) Principal—E. J. Thompson, M.A., B.D., Ph.D.

ST. JOSEPH'S CATHOLIC COLLEGE (Arts). *Postal Address*: University of Alberta, Edmonton, Alberta, Canada. (*Telephone*: Edmonton 31569.) Rector—Brother Luke. Affiliated to the Univ. in 1926 as an Arts Coll. working under the authority of the Senate; occupies a site on the Univ. campus.

The PROVINCIAL INSTITUTE OF TECHNOLOGY AND ART, Calgary (*Telephone*: Calgary 81559), operates directly under the authority of the Dept. of Education Affiliated 1926. Principal—E. W. Wood.

GENERAL INFORMATION

The University was created in 1906 by an Act of the first session of the first legislature of the Province. In Jan. 1908 Dr. Henry Marshall Tory entered on his duties as President.

The Provincial Legislature has established a close relationship between the Univ. and the professions by giving the General Faculty Council jurisdiction over the educational standards of Agrologists, Architects, Chartered Accountants, Dentists, Engineers, Land Surveyors, Lawyers, Music Teachers, Pharmacists, Physicians and Surgeons, Registered Nurses and Veterinary Surgeons.

The University of Alberta, whose property covers 949 acres (Campus, 225 acres; Farm, 724 acres), is situated in the city of Edmonton, the capital of the Province of Alberta. Its grounds border the wooded southern bank of the North Saskatchewan river. To the original residence buildings, Athabasca Hall (1911), Assiniboia Hall (1912) and Pembina Hall (1914), were added the Arts Building (1915), the Engineering Laboratories (1919) and the Medical Building (1921). In 1922 the neighbouring Strathcona Hospital was acquired and became the University Hospital, an important factor in the training of medical students. Clinical teaching facilities were greatly increased by the erection of the Mewburn Pavilion for war veterans by the Dept. of Veterans' Affairs in Feb. 1945 and the expansion of the maternity and pædiatric portions of the Hospital in 1950. A new Nurses' Residence was opened in 1947 and expanded in 1950, and the Aberhart Memorial Sanatorium was opened in Feb. 1952 for tuberculosis patients. Following the great increase of the numbers of students at the end of World War II came the extension of the West and East wings of the Medical Building in 1946 and 1947 and the commencement of the Rutherford Library which was opened on May 15, 1951. The Faculty Apartment Houses, built to accommodate some of the married members of the rapidly growing faculty, were opened in 1947. A Students' Union bldg. was completed in 1950, as well as a new bldg. to accommodate the Provincial Laboratory of Public Health. An Engin. Bldg. was opened in 1953, and an Agric. Bldg. will be opened in 1954.

In 1944 the University assumed responsibility for all teacher training in the province and on April 1, 1945, took over the Provincial Normal Schools and their staffs. The Calgary Normal School, which was housed in the building of the Provincial Institute of Technology and Art, became the Calgary Branch of the University.

The Senate supervised all phases of the instn.'s activities until 1910, when a Bd. of Governors was constituted and was given charge of the Univ's business affairs. This form of govt. remained substantially unaltered until 1942, when a new Act reduced the size of Senate and transferred most of its academic functions to the General Fac. Council.

CONSTITUTION. The Chancellor is elected for 6 yrs. by Convocation, which consists of survivors of original groups of grads. of other Univs. who registered as members of Convocation under the Univ. Act of 1906, and all subsequent grads. of the Univ.: he is a member of the Bd. of Governors and of Senate, as is the Pres. The Board of Governors consists of 6 *ex-officio* members and 7 apptd. by the Lt.-Governor in Council. The Senate consists of 25 members: there is considerable emphasis on its function as a bridge between the Univ.

and the life and activities of the Province, and 9 of its members represent agric., business, labour, industry, public educn. and organizations devoted to social and cultural welfare.

INCOME (1952–53). Total, approx. $2,870,000 (revenues of Province of Alberta, about 59 per cent.; revenues of Canada, 17 per cent.; tuition fees, about 24 per cent.).

LIBRARY. 153,000 vols.

LABORATORIES for all scientific courses; museum; herbarium; farm; agricultural experimental plots.

RESEARCH LABORATORIES for the study of (1) coal; (2) petroleum products; (3) field crops; (4) soils; (5) strength of materials; (6) animal nutrition; (7) pharmacy; (8) cancer; (9) hydraulics; (10) soils mechanics; (11) structural engin.

The Provincial Laboratory of Public Health and the industrial laboratory are also situated on the campus.

FACULTIES AND DEANS. v. page 685.

SCHOOLS AND DIRECTORS. v. page 685.

MATRICULATION. Examns. are conducted in June and August under the control of the High School and Univ. Matricn. Examns. Board of the Provincial Department of Education.

Univ. admission requirements: (1) Possession of Alberta High Sch. Dipl., (2) Possession of at least a 60 per cent. average in 6 subjs. of Grade XII (sr. matric.), namely, English Lang. 30, Social Studies 30, Maths. 30, Sci. 30 (Chem.), Sci. 31 (Phys.), one of French 30, German 30, Latin 30. The subj. requirements vary somewhat in the various Facs. but the list given will apply generally. Students from other provinces or countries will be required to possess equivalent standing. *See also* Appendix I.

DEGREE COURSES. 3 yrs. (honours, 4 yrs.)—B.A., B.Sc. (Arts), B.Com.; 3 yrs.—B.Sc. (Household Econ.), B.H.Ec., B.Sc. (Pharmacy), LL.B.; 4 yrs.—B.Sc. (Agric.), B.Sc. (Engineering), B.Ed.; 5 yrs.—D.D.S. (incl. 1 yr. predental). B.Sc. (Nursing) (incl. 3 yrs. hosp. trg.). "Combined" courses: 5 yrs.—B.A., B.Com., B.A., LL.B.; 6 yrs.—B.A., B.Sc. (Engineering); M.D. (4 yrs. after 2 yrs. Arts and Sci.).

A Bachelor with honours standing may obtain the M.A. or M.Sc. in 1 yr. of advanced study (in 2 yrs. for Bachelors with general degree). The M.Ed. requires the equivalent of 2 yrs. of advanced study. The period of study (for the B.D.) varies according to the programme selected but is in no case less than a combined total of 4 yrs. in Arts and Theol.

The D.Sc. is an earned degree conferred for high distinction in original scientific research. Under certain circumstances a graduate of another University may qualify for the Ph.D. The degree of LL.D. is awarded only as an honorary degree.

OTHER COURSES. *Summer session* (6 weeks in July and Aug.) mainly for students in Arts and Science and Educn.; Banff School of Fine Arts (*see* below). *Education*: Senior Dipl. (3 yrs.); Junior Dipl. (2 yrs.); 1-yr. "Normal" course for the Temporary Licence. *Nursing*: 3-yr. general dipl. course; 1-yr. dipl. courses for grad. nurses in Public Health Nursing and

Teaching and Supervision. *Physiotherapy*: Dipl. (2 yrs.). *Art*: Dipl. (4 yrs.); Inter. Cert. (2 yrs.). *Short courses* in Dairying and Obstetrics.

FEES, ANNUAL TUITION: B.A., from $145 to $160; B.Sc., $165-$180; B.Com., $165-$200; B.Sc. (H.Ec.) and B.H.Ec., $165-$180; B.Sc. (Agric.), $150-$190; B.Sc. (Engineering), $210-$260; D.D.S., Predental, $165, other years, $300-$350; B.Ed., $135-$160; LL.B., $200-$225; M.D., $425-$450; B.Sc. (Nursing), 1st yr.—$165, 5th yr.—$180, 2nd, 3rd and 4th yrs.—gratis; B.Sc. (Pharmacy), $190-$215. Inclusive fee for Master's degree, $150-$225. General Fees: Registration, $8; Library, $8; Medical Service: Edmonton, $10; Calgary, $4; Students' Union: Edmonton, $21·25; Calgary, $20·50.

TEACHING SESSION. Sept. to April (two terms, separated by Christmas vacation).

RESIDENCES. Pembina Hall (*Telephone*: 34867), 152 women; Athabasca Hall (*Telephone*: 31472), 138 men; Assiniboia Hall (*Telephone*: 35171), 186 men; St. Joseph's College (*Telephone*: 31569); St. Stephen's College (*Telephone*: 31153); and St. Aidan's House (*Telephone*: 37264), 229 men. All except St. Aidan's (11,009 89th Avenue) are on the campus. Cost of room and board, $55 to $60 per month. Full meal and restaurant service provided by cafeteria. Social life is under the supervision of the Provost.

APPOINTMENTS. A sub-office of the Edmonton branch of the National Employment Service, managed by a graduate of the University, is located on the campus. This serves both graduates and undergraduates.

ALUMNI ASSOCIATION. All graduates are members of the Alumni Association, whose operations are controlled by a Council of twenty members. The Alumni Secretary-Treasurer, employed by the University, has his office in the Students' Union Building; he is also editor of *The New Trail* (*see below*).

NAVAL, MILITARY AND AIR UNITS. Officers' training is provided for undergraduates by the University Naval Training Division of the Royal Canadian Navy, the Alberta Contingent of the Canadian Officers' Training Corps of the Canadian Army and the Reserve University Flight of the Royal Canadian Air Force.

MEDICAL SERVICES. All undergraduate students pay an annual fee which is applied to the maintenance of a Medical Service Fund. This trust fund is administered by a committee consisting of the Provost (chairman), the Medical Director, the Bursar, the President of the Students' Union, the President of the Wauneita (Women's) Society, the Treasurer of the Students' Union and the Chairman of one House (Residence) Committee. Students are entitled to medical treatment, under certain conditions and provisions.

ATHLETIC FACILITIES. Playing fields for Rugby and Association football and running track. University Gymnasium (formerly R.C.A.F. Drill Hall) with courts for basket-ball, volley-ball and badminton. Ice-hockey rink opened in 1927 and paid for by student contributions.

STUDENTS' UNION. Student affairs in Edmonton and at the Calgary Branch are handled by a Students' Union at each place. In Edmonton the Union occupies extensive offices in the Students' Union Building and employs a permanent Secretary. The S.U. fee collected by the University at the time of registration includes a substantial contribution to the Building Fund and a subscription to the *Gateway* student newspaper.

UNIVERSITY EXTENSION work includes lectures, radio discussion group material, debating material, general information service, agricultural bulletins,

short courses in Art and Dramatics, film and lantern slide service, open-shelf and travelling libraries and Community Life Conferences.

RESEARCH COUNCIL OF ALBERTA. Under the Act which establd. the Res. Council of Alberta, the Council is housed on the campus. It is, however, independent of the Univ. admin. The essential function of the Council is to conduct res. directed to the utilization of the resources of the Prov. of Alberta. In this regard, the members of its staff collaborate with members of related Depts. of the Univ.

The BANFF SCHOOL OF FINE ARTS held during July and Aug. offers courses in Theatre, Art, Music, Applied Art, Oral French, Photography, Play-writing and Radio-writing.

PUBLICATIONS. *Calendar* (summer); Summer Session *Announcement*; *Information for Prospective University Students* (for matriculants); *Press Bulletin* (at intervals) and *News Letter* (monthly), by the Dept. of Extension; *The New Trail* (quarterly), jointly by the Univ. and Alumni Assocn.; *Gateway* (student newspaper, weekly); *Evergreen and Gold* (annually by students); *Western Theatre* (quarterly, by Depts. of Fine Arts and Extension), *Stet* (Students' Literary Quarterly).

UNIVERSITY PRESS. The University maintains its own printing and book-binding establishment on the campus.

GENERAL INFORMATION

HISTORY. Founded 1857 by Rev. Pierre Point, pastor of Assumption Parish, Sandwich (Windsor). Incorporated 1858 by a Public Act of the legislature of the Province of Upper Canada. Conducted by the Basilian Fathers in 1857–58 and since 1870. Most Rev. D. O'Connor, D.D., President 1870–90, lengthened the Arts course from two to four years, and was responsible for considerable academic and material progress. Affiliated with the Fac. of Arts and Science of the Univ. of Western Ontario in 1919. Curriculum extended to include Honours courses leading to Honours B.A. and B.Sc. degrees, graduate work in philosophy leading to M.A. degrees, and pre-professional programmes. The *Assumption College Act*, 1953, passed by the legislature of the Province of Ontario, amended the original Act of Incorporation, varied the administration of the Coll. and enlarged and specified its university powers. Affiliation ceased July 1, 1953, and the following year the Coll. was admitted to the National Conference of Canadian Univs.

CONTROL AND SUPPORT. The Coll. is operated by the Basilian Fathers of Toronto, a Roman Catholic order conducting Univs., colls. and secondary schs. throughout Canada and the U.S.A. There is wide community representation on the Senate, Board of Regents and Advisory Council, and the facilities of the Coll. are open to all, regardless of race, colour or creed. It is financed by tuition income, private subscriptions, and municipal and federal govt. grants. Total income for 1953–54 was $337,580; 50·1 per cent. from tuition and other student fees, 14·5 per cent. from govt. grants, 1·5 per cent. from private subscriptions, 0·4 per cent. from endowment, 33·5 per cent. from contributed services of the religious members of the staff.

FACULTY OF ARTS AND SCIENCE. Studies in Arts, Science, Commerce, Engineering and Nursing are included in this one faculty. *Dean*: Rev. Norbert J. Ruth, M.A. Tor. (Physics).

DEGREE COURSES. Day Division—B.A., 4-yr. pass courses and 5-yr. hons. courses; B.Sc., B.Comm., 4-yr. courses. Pre-Nursing and Pre-Engineering, 2-yr. courses, must be completed at other Univs. Evening Division—B.A., B.Comm. pass courses equivalent to those offered in the day division, but extending over a longer period of time.

DIPLOMA COURSES. Dipl. in Public Health Nursing, Dipl. in Industrial Nursing, each the equivalent of a 1-yr. full-time course for graduate nurses, but taking longer because followed by pt.-time students (Evening Division.).

ADMISSION REQUIREMENTS. To 1st yr. all courses—Jr. Matricn. (Sec. Sch. Graduation Dipl. of Prov. of Ont., or equivalent certificate). To 2nd yr. all courses—Sr. Matricn. (Sec. Sch. Honour Graduation Dipl. of Prov. of Ont., or equivalent cert.). *See also* Appendix I.

ACADEMIC YEAR. Winter session, mid-September to mid-May.

SUMMER SESSION. Day classes in selected undergrad. subjects are offered in a 6-wk. summer session—July and Aug.

ADULT EDUCATION. Evening courses provided for employed men and women seeking degrees and dipls. are open as well to those interested only in single subjects. In addition, extension courses, for which no academic credit is allowed, are offered at low cost for interested members of the public. Since 1934, the Coll. has sponsored for public benefit an annual series of lectures and recitals by outstanding persons, known as the Christian Culture Series.

FEES. Annual tuition and misc. fees—Day Division: Full-time, Arts, Comm. (first 2 yrs.), $300; Sci., Engin. (1st yr.), $330; Engin. (2nd yr.), Comm. (last 2 yrs.) $360; extra subj. $42; Part-time, 1st subj. $70, each addtl. subj. $50. Evening Division—$42 per subj., $20 lab. fee (where applicable). Room and Board—Men: $535; Women: $450.

FACILITIES. The Coll. is housed in a group of bldgs. on a 100-acre campus bordering the Detroit River. These include the Administration Bldg., staff and student residences, recitation and library bldg., science bldg. (Biol., Chem., Engin., Geol., and Phys. Labs., Biol. museum, audo-visual aids), athletic bldg. (gymnasium and swimming-pool) and student union (offices of the Students' Admin. Council, student press, lounge, cafeteria, drama workshop and games room). Extensive playing-fields are available on campus. The library, at present in temporary quarters, has 20,000 vols. Plans have been initiated for the erection of a new library to house 150,000 vols. in 1955.

MILITARY TRAINING. Preparation for commissioned rank in the active or reserve forces of the Royal Canadian Navy, the Canadian Army or the Royal Canadian Air Force is made possible by membership in the University Training Division, the Canadian Officers' Training Corps or the R.C.A.F. Reserve Univ. Squadron. Trng. is on a pt-time basis during the academic session, full-time during the summer months.

STUDENT SERVICES. Fully equipped and staffed infirmary is provided. Also available are counselling and guidance facilities and a Student Placement Service. The Coll. has dormitories for men (150) and women (25). The latter is conducted by the Sisters of the Holy Names. The Coll. maintains, in addition, a Housing Registry through which rooms or rooms and board may be located in near-by homes.

ALUMNI ASSOCIATION. Founded 1903. Monthly publication: *The Chatter.*

PUBLICATIONS. By the College—*Announcement*, Evening Division and Summer Session brochures, all annually. By the Students' Administrative

Council—*The Purple and White*, bi-monthly newspaper; *The Ambassador*, annually; *Student Handbook*, annually.

THE YEAR 1953–54

NEW DEPARTMENT. July 1, 1953, Dept. of Business Administration.

CHARTER AND N.C.C.U. In accordance with the provisions of the *Assumption College Act*, 1953, a Senate was set up to govern the academic affairs of the Coll. and held its first meeting on Nov. 23, 1953. It authorized the continuance of courses and regulations as these existed immediately prior to the discontinuance of affiliation, with some amendments; and sanctioned the introduction of courses leading to B.Comm. degree. Following an official visitation by the Deans of Arts of Saskatchewan, McGill and Queen's Univs., the Coll. was admitted to the National Conference of Canadian Universities in June 1954. A Board of Regents and Advisory Council were set up to advise the Bd. of Governors on finance and public relations, respectively.

HONORARY DEGREES. Conferred June, 1954. *LL.D.*—Hon. L. M. Frost, Prime Minister of Ontario; Hon. P. Martin, Minister of National Health and Welfare; Hon. C. P. McTague, former Justice of Supreme Court of Ontario; Dr. G. E. Hall, Pres., Univ. of W. Ont.; G. F. Macdonald, Windsor historian and collector of Canadiana; Mary H. O'Donoghue, retd. secondary sch. teacher; Rev. W. J. Roach, former member of staff (apptd. 1900); Dr. J. A. Condrick, Asst. Dean of Law, C.U.A. (alumnus). *Litt.D.*—Rev. G. W. GENERAL INFORMATION

The University of British Columbia was incorporated by an Act of 1908. The Univ. site consists of 548 acres on the headland of Point Grey, 300 feet above the sea. Here a group of bldgs. constructed at a cost of nearly $2,000,000 was opened in 1925.

The Bd. of Governors consists of the Chancellor, elected by Convocation, President, and 9 persons—3 elected by the Senate and 6 apptd. by the Lieut.-Govr. in Council. The Senate consists of the Chancellor, Pres. (as Chairman), Deans, and 2 Profs. of each Fac., 3 nominees of the Lieut.-Govr. in Council, Principals of normal schools, one member elected by high school Principals and Assts., one by each affiliated Coll. in the Province, 15 by Convocation, one by the B.C. Teachers' Federation.

The Univ. is an integral part of the public educational system of the Province, and its function is to complete the work begun in the public and high schools. It is the policy of the Univ. to promote educn. in general and, in particular, to serve its constituency through 3 channels—teaching, res. and extension work. It furnishes instrucn. in the various branches of a liberal educn., and in those technical depts. which are most directly related to the life and industries of the Province. The people of the Province are informed of the results of sp. work by the staff of the Univ. through the Dept. of University Extension.

The LIBRARY has 275,000 vols. and about 25,000 pamphlets, and regularly receives 900 periodicals. It is one of the 3 Canadian depositories of the Library of Congress Catalogue, and possesses a Carnegie Corporation Music Set. LABORATORIES available for all courses. A Forest Products Lab. was established in 1918 by the Forestry branch of the Dept. of the Interior as a permanent branch of the F.P. Labs. of Canada. HERBARIUM, 16,000 sheets native flora, 200 water-colours of B.C. fungi. BOTANICAL GARDENS, Arboretum and Economic Section, 5 acres.

DEANS. *See* p. 713.

UNIVERSITY RESEARCH FOREST, an area comprising a solid block of land about 7 miles long and 2½ miles wide N. of the town of Haney, was granted to the Univ. by the Prov. Govt. in March 1949. The CAMPUS FOREST consists of a narrow belt S. and W. of the Univ. and acts as a demonstration and field study area for For., Biol., Bot. and Zool.

MUSEUMS. (1) Anthropological Museum—Burnett Collection of South Seas and other ethnological specimens, housed on the first floor of the Library; the Raley collection of Indian artifacts donated by Dr. H. R. MacMillan; the Buttiner collection of Indian baskets; the Mitchell Pierce collection of Eskimo clothing and utensils; and numerous other valuable collections. (2) The Geological and Geographical Museum in the Forestry and Geology Bldg. (3) The Zoological Museum in Biological Sciences Bldg. (4) The Botanical Collections and Herbarium.

THE BRITISH COLUMBIA RESEARCH COUNCIL, established in 1944, has its headquarters and labs. on the campus. It works in close co-operation with the sci. depts. of the Univ. and its programme includes fundamental and appl. res. Staff of 39, of which 25 are professional scientists and engineers.

CONNAUGHT MEDICAL RESEARCH LABORATORIES (WESTERN DIVISION). In 1935, under co-operative arrangement with Provincial Dept. of Health of B.C. and the Connaught Med. Res. Labs. of the Univ. of Toronto, the latter Instn. established a Western Division on the campus. Now situated in the Wesbrook Building. Res. projects in microbiol. as applied to pub. health and prev. med. are pursued here in conjunction with students and staff of Dept. of Bacteriol. and Immunol. in collaboration with Division of Labs. of Provincial Dept. of Health.

ART CENTRE. Opened 1948 as a memorial to the late Dean Mary L. Bollert. It is included among the activities of the Fine Arts Cttee., and is under the

joint supervision of the Visual Arts Cttee. and the Handicrafts Cttee. The Art Centre includes a Workshop and an Art Gallery. The Workshop gives courses in ceramics, painting, sculpture, weaving and other appl. arts, which are open to students, staff and extra-mural registrants but do not carry academic credit. The Art Gallery maintains a continuous display of loan exhibitions. Curator: R. Boux.

ADMISSION. Matriculation examns., Junior and Senior, are arranged by the High School and Univ. Matricn. Board of the Province, consisting of members appointed by the Dept. of Education and by the Univ. Every student is medically examined on entrance to the University. *See also* Appendix I.

GENERAL INFORMATION

The College is non-denominational, co-educational, and privately controlled. Conceived by a cttee. of the Ottawa Y.M.C.A. in 1938, the Coll. had its beginning in 1942 when a group of interested citizens established the Ottawa Association for the Advancement of Learning. In that year evening classes of the first and second Univ. years were opened under the name Carleton College. An Inst. of Public Administration was added in 1943, and later absorbed by the Coll. Special matricn. courses for veterans were offered in the years 1945–46. These were the first day classes. Both day and evening curricula were expanded until, by 1949, they included full undergrad. courses in Arts, Sci., Comm., Journalism, Pub. Admin. and Engin. A course leading to a grad. Dipl. in Pub. Admin. was added in 1952, and a School of Pub. Admin. established in 1953, which in 1954 added a programme leading to the M.A. The Coll. operated in rented quarters until 1946, when it acquired a bldg. of its own. Subsequently, a students' union, a library and a bldg. to house the Sch. of Pub. Admin. were added, and 130 acres of land acquired for development of a new campus. In 1952 the Legislative Assembly of the Province of Ontario passed *The Carleton College Act*, enlarging and specifying the Coll.'s university powers. In the same year the Coll. was made a member of the National Conference of Canadian Univs., and in 1953 a member of the A.U.B.C.

INCOME (1952–53). Total income, $685,613 (tuition and other student fees, 24·1 per cent.; govt. grants, 45·7 per cent. [23·8 per cent. current funds,

21·9 per cent. capital]; private subscriptions, 21·8 per cent. [14·6 per cent. from Atkinson Charitable Foundation for School of Public Administration]; endowment, 1·7 per cent.; other sources, 6·7 per cent.)

FACULTY OF ARTS AND SCIENCE. Studies in Arts, Science, Commerce, Journalism and Engineering are included in this one faculty. *Dean*: James A. Gibson, B.A. Br. Col., M.A., B.Litt., D.Phil. Oxon.

FACILITIES. The Coll. is housed in a four-storey brick bldg., set on a small campus in the Glebe, one of Ottawa's residential districts, about 10 minutes by street-car or bus from the centre of the city. In addition to classrooms

and seminar rooms, facilities include Engin., Chem., Biol., Geol. and Phys. Labs.; an audio-visual aids centre including equipment for sound motion picture projection, film-strip and slide projection, and radio workshop activities; a canteen; an assembly hall, equipped for stage productions. The School of Pub. Admin. occupies a three-storey house across the street from the main coll. bldg. Near by is a three-storey students' union and a recreation building which provide accomm. for Students' Association offices, *The Carleton* (student weekly newspaper), reading rooms, games rooms, dark-rooms, radio broadcasting rooms, club rooms, and a student lounge. Athletic activities are carried on in the gymnasium and playing fields of Lansdowne Park, about six blocks from the College, and the gymnasia of near-by secondary schools. Completed in 1951, a new library building provides study space for 200 students at one time and will accomm. 40,000 vols. There are now 24,000 vols. in the library.

MILITARY TRAINING. Preparation for commissioned rank in the active or reserve forces of the Royal Canadian Navy, the Canadian Army or the Royal Canadian Air Force is made possible by membership in the University Naval Training Division, the Canadian Officers' Training Corps or the R.C.A.F. Reserve Univ. Squadron. Trng. is on a pt.-time basis during the academic session, full-time during the summer months.

STUDENT SERVICES. Under the supervision of the College Med. Adviser, a Student Health Service is provided. Also available are counselling and guidance facilities and a Student Placement Service. The College has no dormitories of its own, but maintains a Housing Registry through which rooms or rooms and board may be located in near-by homes. Meals and snacks are served in a canteen in the main building.

ALUMNI ASSOCIATION. An alumni assocn. was formed in 1949. Grads. are eligible for full membership.

PUBLICATIONS. By the College—*Calendar*, *Bulletin* and Summer Session announcement, all annually. By the Students' Association—*The Carleton*, weekly newspaper; *The Raven*, annually; *Directory of Students*, annually.

GENERAL INFORMATION

Dalhousie College, founded in 1818 by the ninth Earl of Dalhousie, has been discharging University functions since 1863 when it was reorganized and reopened with a staff of six professors. From 1879 development was rapid, helped by the benefactions of G. Munro of N.Y. ($350,000), A. McLeod of Halifax ($65,000) and Sir Wm. Young ($88,000). In 1883 the Fac. of Law (first of its kind in the Commonwealth) was established, and in 1906 Pure Sci. united with Arts to form the Fac. of Arts and Sci. Appl. Sci. was replaced by the Fac. of Engin., which was later reduced to a Dept. by agreement with other Maritime Univs. when the N.S.T.C. opened for professional teaching. In 1911 the Fac. of Med. and in 1912 the Fac. of Dent. assumed full teaching duties. The Maritime Coll. of Pharm. was given quarters in the Univ. in 1911. The Fac. of Grad. Studies, offering instruction in Arts, Sci., Med. and Law, was established in 1949.

In 1912 $400,000 was collected for an additional site (40 acres) and bldgs. towards which Andrew Carnegie gave $40,000. Other gifts from the Carnegie Corporation and the Rockefeller Foundation permitted expansion of facilities

for the Med. Sch. after 1918. In 1923 the Univ. of King's Coll., in association with Dalhousie, was given a site on the new campus, which also contains the Provincial Archives and the Maritime Labs. of the Nat. Res. Council. The International Commission for the Northwest Atlantic Fisheries accepted the Univ.'s invitation to establish its permanent headquarters in Dalhousie in 1953. The latest addition is the Arts and Admin. Building opened in 1952.

CONSTITUTION. The Board of Governors is the supreme governing body of the Univ. Appts. to it are made by the Governor-in-Council on the nomination of the Bd. The Governors have the management of the funds and property of the Univ., the power of appointing the President, Professors and other officials and of determining their duties and salaries, and the general oversight of the work of the Univ. The Senate consists of the President and Profs. To this body are intrusted, by statute, the internal regulns. of the Univ., subject to the approval of the Governors. All degrees are conferred by the Senate. The Faculties consist of the members of the teaching staff in each of the five main domains of study in which courses can be pursued, namely Arts and Sci., Law, Med., Dent., and Graduate Studies. To them are entrusted by the Senate, subject to its approval, supervision of teaching, preparation of regulns. governing courses of study, and recommendation of suitable candidates for prizes, scholps., dipls. and degrees.

GENERAL INFORMATION

Opened in 1789 at Windsor, N.S., the University was established by Provincial Statute and granted a Royal Charter by King George III in 1802. In Sept. of 1923 King's removed to Halifax and became associated with Dalhousie University, as far as Arts and Science are concerned. The academic facilities in Arts and Science are shared by the students of both Universities for the time being, but King's retains complete control of her Divinity School, as well as of her present endowments, administration of residences and all internal matters. Under the terms of the agreement between Dalhousie and King's, the University was re-established in Halifax by means of private subscriptions and with the financial aid of the Carnegie Corporation, which endowed the teaching of Liberal Arts. The new buildings, costing $450,000, were opened for the session 1930–31. The University is governed by a Board consisting of the Bishops of the dioceses of Nova Scotia and Fredericton, the President and the Treasurer of the University, *ex officio*, together with 10 members elected by the Alumni Association, 8 elected by the diocesan Synods, and 4 co-opted by the Board.

Faculties and Deans, v. p. 755.

Library. About 30,000 volumes. The library has some forty incunabula and a fair number of illuminated mediæval MSS. It is particularly rich in books of the 18th century, when the College was founded. The Library specializes in Divinity and Arts, although other fields are also represented. It has also a very fine collection of United Empire Loyalist china, which was collected in 1880 by Mrs. Weldon, a daughter of Thomas Chandler Haliburton, to mark the centenary of the landing of the Loyalists in the Saint John River Valley.

Degrees. The degrees granted by King's in the Faculty of Divinity are the Bachelor of Sacred Letters (B.S.Litt.), the B.D. and the D.D.; diplomas of Licentiate of Theology and Scholar of Theology are also awarded. There is no provision for external degrees. The language of instruction is English. King's also is a partner in a School of Journalism in association with two other local Universities. Dalhousie Univ. awards the degrees in Arts and Science only.

Scholarships. There are 6 or more Foundation Scholarships on entrance, worth $600 each, and 5 or 6 Chancellor's Scholarships of the value of $1600 each, the latter being provided for boys who wish to enter business.

Admission. The minimum entrance requirements are either the Grade XI examinations of the Provinces of Canada, provided the certificate covers English, two foreign languages (Latin is required for Arts), History, Algebra,

Geometry and a Science, or the matriculation examinations of any recognized Univ., providing the same subjects are offered. Overseas students are granted *pro tanto* recognition in certificates, which they offer on entrance. *See also* Appendix I.

GENERAL INFORMATION

The Univ. was founded by the Seminary of Quebec in 1852 under a Royal Charter. A general supervision of teaching and discipline is exercised by the Archbishop of Quebec as Visitor and Chancellor Apostolic and President of the Conseil Supérieur of Bishops of the ecclesiastical province of Quebec. The Profs. of the Faculties of Theology, Canon Law and Philosophy are nominated by the Visitor, those of other Faculties by the Conseil de l'Université,

composed of the Directors of the Seminary of Quebec and 3 Senior Profs. of the Faculties of Theology, Arts, Law and Medicine, and the Deans of the Faculties of Philosophy, Letters, Sciences, Social Sciences, Agriculture and Forestry and Surveying.

LIBRARIES: General, 275,201 vols.; others, 899,089 vols. GENERAL MUSEUM: Director: A. Jobin. LABORATORIES: Chem., Phys., Bact., Biol., Physiol., Anat., Pathol., Clinic., Physio-pathol., Biochem., Bot., Mineral., Geol., Optics, Hygiene.

FACULTIES AND DEANS. *Agriculture*: Prof. F. X. Jean; *Arts*: Rev. R. Miville; *Commerce*: Bro. Marc-André; *Forestry and Surveying*: Prof. L. Z. Rousseau; *Law*: Judge G. Pratte; *Letters*: Mgr. F.-A. Savard; *Medicine*: Prof. C. Vézina; *Philosophy*: Prof. C. de Koninck; *Sciences and Engin.*: Prof. A. Pouliot; *Social Sciences*: Prof. G. H. Lévesque; *Theology*: Prof. E. Lemieux. These Deans are permanent (elected for 3 yrs., but in general re-elected until retirement age or death), and full-time except Judge G. Pratte (permanent but part-time), Prof. C. Vézina, Mgr. F.-A. Savard and Bro. Marc-André (permanent and half-time).

SCHOOLS. *Graduate Studies*: Prof. P. E. Gagnon, Pres.; *Nursing* (14 affiliated Schools), ... Dir.; *Education*, Prof. R. Miville, Dir.; *Music*, Prof. R. Talbot; *Household Science*, Sr. Ste-Thérèse-de-la-Foi, Dir.; *Pharmacy*, Prof. A. Marquis, Dir.; *Social Work*, Prof. G. Poulin, Dir.; *Fisheries*, Prof. J. Diament, Dir.; *History and Geography*, Prof. M. Trudel, Dir.

DEGREES, DIPLOMAS AND TEACHING ACTIVITIES. The Univ. perpetuates the stages by which a Degree was, and still is, reached in the Univ. of Paris. The Baccalauréat ès Arts (B.A.) is not the equivalent of any of the English Degrees, but is an official certificate (recognized by the Govt.) that the student has successfully completed his literary and scientific studies, and is entitled to begin his professional studies in law, medicine, or applied sciences, or the higher studies. It is obtained before he leaves the affiliated Institute, Seminary or College at which he has studied. Students who reach a certain standard in both letters and sciences obtain the B.A. After the B.A. the student may proceed to the Baccalauréat in Theology (3 yrs.); in Philosophy (2 yrs.); in Social Sciences (2 yrs.); in Civil Law (4 yrs.); in Music (2 yrs.); in Pharmacy (3 yrs.); in Surveying (3 yrs.); in Agriculture (4 yrs.); in Medicine (2 yrs.); in Commerce (2 yrs.); in Education (1 yr.); in Applied Sciences (5 yrs.); in Household Sciences (2 yrs.). The course for the Licence covers 3 yrs. after the B.A. in Philos. (L.Ph.); 2 yrs. in Letters (L. ès L.); 3 yrs. in Sciences (L.Sc.); 3 yrs. in Law (LL.L.); 4 yrs. in Theol. (L.Th.); 2 yrs. in Music; 4 yrs. in Social Sciences; 2 yrs. in Education. To obtain the Doctorate it is necessary to support successfully in public a thesis and propositions as in French Univs. The D. en M. or M.D. is granted after 6 yrs.' study, by examn.

The Diploma in Forestry is awarded after 4 yrs.' study in the Faculty of Surveying and Forestry.

The Faculty of Sciences provides a 5 yrs.' course leading to the Baccalauréat in Applied Sciences, or to a Licence and to a Doctorate in Sciences.

The Univ. has granted affiliation to about 70 private schools for boys and girls. At the age of 12 yrs. the children may choose between the primary course, a certificate being granted, after Univ. examn., at the end of the fourth year, and the classical course of the first degree (High School, 4 yrs.), with a certificate of matriculation at the end of the fourth year. The main difference between the two courses is the teaching of Latin, and the advanced teaching of Mathematics and of History, in the High Schools.

The High School course is given in Schools limited to such a course, or in Colleges and "Séminaires," which give, after the High School course, the teaching usual in Colleges of Arts. In these last institutions Greek is taught for 4 yrs.; Philosophy (theory, history, essays) for 2 yrs.; Latin for 6 yrs.

ADMISSION. *See* Appendix I.

RECOGNITION of the B.A. of Laval is accorded by most European Universities, by Canadian Universities and by most of those of the U.S.A.

FEES for tuition, $300 to $500 p.a., with an extra charge for laboratories.

RESIDENCE. (Fees: $500 p.a.) Students of Theol. reside at the Grand Seminary, Quebec (*Telephone*: 2-4218). The Maison des Étudiants, 49 St-Joachim St. (*Telephone*: 2-1928), provides accommodation (rooms only) for about 40 male students. Other students live with families approved by the Moderator.

EXTRA-MURAL WORK. Summer courses in Theology, Philosophy, French, English, Spanish, Education, Gregorian Chant, Latin, Natural Sciences, Radio.

USUAL LANGUAGE OF INSTRUCTION: French.

PUBLICATIONS. *Annuaire général, Annual Report, Special Calendars*, for Graduate School, Theology, Law, Medicine, Education and Guidance, Sciences, Philosophy, Social Sciences, Nursing, Music, Letters, Commerce, Agriculture, Social Work, Surveying and Forestry, and Summer Courses. *La Revue de l'Université Laval, Le Laval théologique et philosophique, Le Naturaliste canadien, Le Laval médical, L'Enseignement secondaire au Canada, Pédagogie-Orientation, Cahiers du Cercle Laennec, Revue des relations industrielles, Revue du service social, Le Carabin* (students' paper), publications of the Fac. of Theol., publications of the Fac. of Social Sciences.
