REPORT
ON THE
GENERAL ADMINISTRATION
OF THE
KOLHAPUR STATE
FOR THE YEAR
1930-31

RAJ SHAK 257.

Printed at
THE KOLHAPUR STATE PRESS.

1931

Price Rs. 3.

In rounding off figures in several places, fractions exceeding one-half have been reckoned as equivalent to one and those equal to or less than one-half have been left out of consideration; in consequence, a slight discrepancy may sometimes occur in additions and subtractions, especially in the case of sums of money.

N. B.--The word 'Government' or 'Kolhapur Government' is used for "Darbar", or "Kolhapur Darbar"

Kolhapur,
10th April 1932.

From

Rao Bahadur D. A. SURVE,
Prime Minister of Kolhapur.

To

His Highness Lt. Col.
Sir Rajaram Chhatrapati,
Maharaj., G. C. S. I., G. C. I. E.
Maharajasaheb of KOLHAPUR.

May it please Your Highness,

*I have the honour to submit the Annual Report on the General
Administration of the Kolhapur State during the year 1930-31.*

I have the honour to be,

Your Highness.

Your Highness' most obedient servant,

V. R. R.

D. A. SURVE,

Report on the General Administration of the Kolhapur State for the year 1930-31.

PART I.

CHAPTER I.

GENERAL & POLITICAL.

1. Area & Population.

1. The Kolhapur State lies between $17^{\circ} 10' 45''$ and $15^{\circ} 50' 20''$ north latitude and $74^{\circ} 44' 11''$ and $73^{\circ} 43' 10''$ east longitude and is bounded on the north by the river Warna which separates it from the British District of Satara, on the north-east by the river Krishna, on the east and south by the District of Belgaum and on the west by the Sahyadri mountain which divides it from the Savantwadi State on the south-west and Ratnagiri on the west. The five large rivers of this province namely the Krishna, the Panchaganga, the Warna, the Dudaganga and Hiranyakeshi with their several tributaries flow through and drain the territory.

2. The capital of the State is Kolhapur—an historic city of palaces and buildings, of roads well laid out, and parks and recreation grounds finely designed, with flourishing educational and other institutions and with archæological remains of great value. The Kolhapur city is a place of pilgrimage and its population, 66,728.

3. The total area of the State is 3,217.1 square miles, of which 2,124.6 belong to the State proper and the rest to the Feudatory Jahagirs under the State.

4. The population according to the Census of February 1931 was 9,57,137 souls, of whom 4,90,336 were males and 4,66,801 females. Out of the total population, 8,66,648 were Hindus, 43,857 Jains, 41,865 Musalmans, 4,759 Christians and 8 Parsis.

5. Thus almost all the religious denominations of India are found in the State. The spread of modern education and of liberal ideas is steadily softening the edges and angularities of different faiths and the resulting broad sense of toleration reduces the chances of religious tension which was never acute in the State.

6. The total gross revenue calculated on the average of the past five years is Rs. 1,27,10,409.

2. Administration.

7. His Highness Lt. Col. Sir Shri Rajaram Chhatrapati Maharajasaheb G.C.S.I., G.C.I.E. completed the 9th year of his rule on the 6th of May 1931 and the 34th year of his age on the 31st July 1931. He is entitled to a hereditary salute of 19 guns.

8. His Highness being the fountain head of all power, authority and justice in the State has invested his Ministers with the powers of administration reserving to himself certain powers of ultimate significance.

9. Important matters are generally referred by His Highness for opinion to the Council of State which consists of the Judicial and Revenue Ministers, Chief Secretary to His Highness and Puisne Judge presided over by the Diwan.

10. His Highness exercises the powers of the King in Council with respect to the appeals preferred to the Supreme Court of His Highness from any final judgment, order or decree of the High Court.

3. His Highness' Household.

11. His Highness the Chhatrapati Maharajasaheb is taking his riding exercise regularly and enjoyed sound health throughout the year.

12. Her Highness Shri Laxmibaisaheb, Dowager Maharani-saheb of Kolhapur enjoyed good health during the year.

13. Her Highness S. S. Shri Akkasaheb, the Maharani Sahib of Dewas Senior (His Highness' sister) enjoyed good health throughout the year.

14. Her Highness S. S. Shri Tarabaisaheb, the senior Maharaisaheb of Kolhapur enjoyed good health during the year.

15. Her Highness S. S. Shri Vijayamalabaisaheb, the junior Maharaisaheb of Kolhapur enjoyed good health during the year under report.

16. Shri Puniyashil Indumati Ranshaheb Maharaj (His Highness' widowed sister-in-law) enjoyed good health with the exception of a slight attack of Influenza.

17. Prince Vikramsinhrao, the Yuvaraja of Dewas Sr. (son of His Highness' sister) the Yuvaradni and Shaliniraje (daughter of Yuvaraja of Dewas Sr.) enjoyed good health throughout the year.

4 His Highness' Movements.

18. On 3rd July of 1930 His Highness the Chhatrapati Maharajasahab and the Party left Kolhapur for Raibag (a Mahal in the Kolhapur State) by special train. In the rainy season there is very good and dry climate at Raibag. Generally His Highness pays a visit annually to this place in the rainy season for dry climate as well as for Shikar. During his stay there His Highness inspected some work of administration in this part of the country.

19. His Highness and party went to Poona on 4th September 1930 and returned to Kolhapur on 12th October 1930 by special trains.

20. His Highness made three tours to Bombay; one on 20th December 1930, the second on 29th January 1931 and the third on 15th April 1931.

21. His Highness made some Shikar trips by motor to Alte and Katyani park.

5. Chief Events.

22. On the 1st of January 1931, His Most Gracious Majesty, the King Emperor of India was pleased to confer upon His Highness the title of a Knight Grand Commander of the (Most Exalted Order of the) Star of India.

23. On the 8th August 1930, His Excellency Field Marshal Sir William Birdwood Commander-in-Chief in India paid a visit to Kolhapur. A State Banquet was given in honour of his visit to Kolhapur at the New Palace on 9th August 1930. In proposing the toast of His Excellency at the State Banquet His Highness made the following speech which was very much appreciated by His Excellency Field Marshal Sir William Birdwood.

24. In proposing the toast His Highness said:—

“ YOUR EXCELLENCY, LADIES AND GENTLEMEN,

It is with sincerest pleasure that I again welcome Your Excellency to my Capital. True to the soldier's word, Your Excellency amidst great difficulties, with no little inconvenience to yourself, has redeemed your pledged word to me, not to leave India before doing me the honour of paying a parting visit to my State. I thank you most heartily for it. Indeed I cannot adequately express my gratitude to you for the honour.

Born in this country, Your Excellency is looked upon by us as one of us. With me personally, I feel proud to say, that your friendly relations have been hereditary. My late revered father always felt very grateful for the sympathy and support received in the early years of his rule, from your father, the late Sir Herbert Birdwood of beloved memory. He was then Political member of the Executive Council of the Government of Bombay and was, it is still remembered, a type of a true English Gentleman. His name was held in the highest esteem in this Presidency, and was a bye-word for courtesy and brotherly love and all qualities that make for the union of hearts. It is, I may be allowed to say, the rich heritage of these virtues that has endeared Your Excellency to every one,

having the privilege of coming in contact with you. Claiming you as one of us, we Marathas regard with special pride your elevation to the highest position in the army'... a position held by Field Marshals of great eminence, like the late Lord Roberts and Lord Kitchener. During your Excellency's tenure of that office of the highest responsibility, you have added glory and lustre to it and I may be permitted to say, that you will soon be laying it down with a sense of having won the loving trust and esteem of the whole army.

It is with pride that I find in the commissioned ranks of the British army two officers from here—Captain Khanvilkar, whose brother occupies the post of officer in command of my Cavalry and Lieutenant Surve, whose brother has been holding responsible offices and is at present my acting Diwan. The Warlike Maratha community, as Your Excellency is aware, have in the past always distinguished themselves in the field. I trust they will not lag behind even in these days. The encouragement afforded to this warrior class during Your Excellency's regime will, it is hoped, be a further stimulus to them and they will be represented in greater numbers among the Commissioned officers, and continue to uphold the prestige of their name by a loyal discharge of their duty. The appreciative words of Your Excellency's wire sent on the occasion of the opening of the Shri Shivaj's statue in Poona, which had the unique honour of its foundation stone being laid by His Royal Highness the Prince of Wales, are engraved in the heart of every Maratha and will always prove an incentive to him to keep ever alive the qualities of courage, hardiness and disregard of danger to which Your Excellency has made so apt a reference in the telegram. Your Excellency, I may be pardoned for referring to a matter which, I trust, has not been finally at rest. I mean the reviving of the Maratha Cavalry. Your Excellency is no doubt aware of the inborn love for horse of the Maratha. The image of the Maratha horsman, taking rest after a hard fight, with his trusty steed by his side, the spear stuck in the ground and the bridle slung on his arm, satisfied with a meal of ears of raw corn crushed between the palms of his hands, and a drink of the crystal water of the spring, is ever fresh in his mind. It is no wonder if he longs for service as a cavalry-man,

though he knows that in modern warfare, with the march of the aeroplane and airship, cavalry will be far less serviceable than before. I recognise that times have changed and the Maratha has to adopt to himself to the changed conditions. I note with satisfaction however that this virile race is doing so and gradually fitting itself to take its due share in the civil administration of the country. I believe I can say without contradiction that the profession of a soldier is not uncongenial to the civil line. My own personal experience of the military officers lent to the Political Department, confirms me in this belief. The names of friends Colonel Mercwehter and Colonel O'Brien with whom I came into direct touch as my Residents, are greatly remembered in Kolhapur and Southern Maratha States for their tact and sympathy, personally I feel greatly indebted to them for their help and guidance in the earlier years of my administration. Our sympathetic Governor His Excellency Sir Frederick Sykes too has risen from the military line. You are all aware how His Excellency is dealing with a difficult situation with admirable patience and coolness. I do not if I may be permitted by Major Lang to refer to him along with his predecessors, indeed one of them, Colonel O'Brien. I am not now afraid of mentioning his name, he being not here to brow-beat me, used always to shut me up by his stern looks whenever I tried to speak of him. But now I am under the protection of a soldier of the highest military rank and I may say without fear of being snubbed by Major Lang that by his sympathy, tact and talents he has won confidence and esteem throughout his charge.

Your Excellency has been the first Commander-in-Chief to visit my Infantry and Cavalry here. They have had now the honour of being inspected by you and I venture to hope that Your Excellency has found my Infantry in no way inferior to units of the British Army in field exercises, musketry practise or discipline as, of course they are not in loyalty and I believe Your Excellency has found my Cavalry also not much below the mark. Such visits are very highly prized by them and the examples set by Your Excellency will, it is hoped, form a precedent that will not go in vain. I may on this occasion refer also the visit in November last of His

Excellency the Viceroy, Lord Irwin. His Excellency's keen interest in agriculture is well known and to His Excellency's visit my people owe the widely useful agricultural institutions, the Lord Irwin Museum and agricultur^el school started here in his honour. As in the crest of this country, by far the greater portion of my people are agriculturists and these institutes are largely availed of by them. Thus His Excellency's visit has been of immense benefit to my State and source of inspiration to the tiller of the soil.

Before concluding, Ladies and Gentlemen, I would express my sincerest thanks to Mrs. and Miss Lang, who have spared no pains in looking after my distinguished guest and arranging all the details of the Banquet. I know it is with them a labour of love but all the labour falls to their share and the credit to mine. They always keep in the back ground, as does also Major Lang whom I have often to trouble not only for help and advice in official matters but even for company in my rough Shikars.

It is time, Your Excellen^oy, to bid you good-bye. I hope to have the pleasure of meeting you again. But in my Capital these will be my parting words, uttered with a heavy heart. The Sir William Birdwood Road that links with Sir Leslie Wilson Road, will forever keep green, in my State the memory of two of my sincerest friends and well-wishers. They will always be remembered by me with feelings of loving regard. I trust Your Excellency will, even after leaving the shores of this country, like my friend Sir Leslie Wilson with whom, like the Road built in your honour, Your Excellency's name will always remain joined, continue to take the same interest in me and my State as you have been doing.

I have no words to express how greatly disappointed I feel at the absence of Her Excellency Lady Birdwood. Their Highnesses my mother and sister especially were looking forward very much to meeting Her Excellency and their disappointment is even greater than mine. I can well understand, however, how very inconvenient and troublesome it would have been to Her Excellency to undertake so long a journey in this wet weather and I request Your Excellency to convey to her warmst regards from us all.

I wish Your Excellency and Lady Birdwood all happiness and that you may be long spared to serve the Empire.

Ladies and Gentlemen, I now ask you to drink the health of our distinguished guest His Excellency Field Marshal Sir William Birdwood."

25. A suitable reply to this was given by His Excellency Field Marshal Sir William Birdwood.

26. On 11-8-1930, His Highness the Rajesaheb of Sondha accompanied by his brother paid a visit to Kolhapur. He was a state guest here and during his short stay he paid visits to some local institutions.

27. Kolhapur had the honour of a visit from His Highness the Maharajasaheb of Baroda on the 11th May 1931. He was received with great pomp by His Highness the Chhatrapati Maharajasaheb.

28. On the anniversary of the Coronation day i. e. 31st May 1931 His Highness was pleased to sanction and introduce the Kolhapur State High Court Regulation 1931, under which the High Court of Kolhapur and the Supreme Court of His Highness the Chhatrapati Maharajasaheb have been established. The High Court of Kolhapur consists of three judges.

Chapter II.

FINANCE.

1. General.

1. The Finance Department continued to be as before under the Diwan throughout the year. This Department prepares the budget and submits it for orders. It keeps the Kolhapur Government informed of the chief causes of fluctuations in the State revenue and advises Government on all questions affecting State finances.

2. The budget assigns most of the income of the year to the well-being of the people. Education, public health, medical relief, the protection of person and property, the administration of justice, the provision of communications and Ilakha Panchayat consume the bulk of the revenue.

3. The working of the Sub-Treasuries and the Huzur Treasury is carried on in accordance with the new system introduced in 1927-1928. According to this system the Taluka and Mahal Sub-Treasuries send their daily sheets of receipts and disbursements supported by vouchers to the Treasury Officer by whom they are incorporated in the Huzur accounts. From these accounts a daily Balance Sheet is prepared which shows the daily receipts and disbursements as also the cash balance of the whole State. At the end of each month a cash account and a list of payments with all vouchers is sent to the Chief Audit Officer.

4. The Chief Audit Officer deals with audit and accounts. All sorts of bills are pre-audited and passed on for payment by the Audit Department. The cash accounts and vouchers of payment received from the Treasury Officer are thoroughly post-audited. The receipts and the expenditure of the State are tabulated under the respective heads and sub-heads according to the Budget and monthly and yearly statements of accounts are compiled by the Account Department. A monthly Trial Balance Sheet is prepared and submitted

to the Diwan. Under the above system, the accounts of the State are always upto-date, the necessary information about the State Finance being always ready at hand and the annual closing of accounts not delayed as before.

2. Gross Revenue and Expenditure.

GROSS REVENUE:—

5. The total receipts during the year were Rs. 1,07,12,080 against Rs. 1,25,08,579 of the last year. The Gross Revenue excluding debts and deposits amounted to Rs. 71,46,581 against Rs. 78,21,653 showing a decrease of Rs. 6,75,072. The net Revenue excluding Alienations amounted to Rs. 49,15,120 against Rs. 55,40,412 of the last year showing a decrease of Rs. 6,25,292.

The main heads of net receipts which showed increase were:—

- (a) Stamp Revenue Rs. 32,091. The increase was due to greater sale of General and Court-fee stamps.
- (b) Jail receipts Rs. 13,619. This increase was due to more receipts from prison labour.
- (c) Miscellaneous Rs. 17,247. The increase was due to more receipts of arrears of Dust-Patti and other minor items.

The main heads which showed decrease in revenue during the year were:—

- (a) Land Revenue Rs. 2,92,604. The decrease was only nominal. The adjustment of amounts standing as Amanat for a long period as forfeited was made in the last year.
- (b) Forest Revenue Rs. 1,03,082. The decrease was due to less sale proceeds from Hirda and other jungle produce.
- (c) Excise Revenue Rs. 1,02,589. The decrease was due to decrease in the consumption of country liquor.
- (d) Law and justice Rs. 18,606. The decrease was due to less sale proceeds of unclaimed property and less receipts from process fees and fines.

2. EXPENDITURE:—

6. The Gross expenditure amounted to Rs. 1,07,07,936 against Rs. 1,25,90,950 and the actual expenditure came to Rs. 44,57,542 against Rs. 46,82,038 of the last year showing a decrease of Rs. 2,24,496.

The main heads which showed increase in expenditure were:—

- (a) Public Works Department Rs. 29,379. The increase was due to the increased expenditure under repairs, travelling allowances and miscellaneous works.
- (b) Police Department Rs. 5,317. The increase was due to the increased expenditure under pay, travelling allowances and miscellaneous charges.
- (c) Public Instruction Rs. 8,140. The increase was due to more college and High school expenses and grants to Ilakha Panchayat and other institutes.
- (d) Miscellaneous charges Rs. 29,151. The increase was due to more money being spent on subscriptions to deserving institutions and charities.

The main heads which showed decrease in expenditure were:—

- (a) Abkari 61,367. The decrease was due to less amount being paid as compensation.
- (b) Forest Rs. 17,923. The decrease was due to less expenditure under Hirda collection.
- (c) Medical Department Rs. 21,827. This decrease was due to no purchase, being made, of any costly new medical instrument as X-Rays etc.

3. Pensions.

7. The total number of pensioners at the beginning of the year was 815. During the year 61 new pensions were sanctioned and 59 ceased through death etc. At the close of the year the total number of pensioners was 817 out of which 222 were military pensioners, 532 civil pensioners and 63 receiving maintenance allowances. The total amount of pension drawn by them during the year under report amounted to Rs. 1,29,190.

10. Funds held in Trust by the Darbar.

18. The Darbar holds in trust a number of funds collected by public bodies, as well as by private persons and institutions; and interest on these amounts, as agreed upon, is paid from the Treasury to the beneficiaries, or is utilised in the way laid down by the founders of these Trusts. The number of these funds was the same as in the last year viz. 36 and the total amount of deposits fell from Rs. 1,84,050 to Rs. 1,74,358. The whole amount of these funds was advanced to agriculturists and Inamdars as loans at reasonable interest. The amount of interest realised in this way during the year came to Rs. 13,729 and Rs. 8,632 were paid to the beneficiaries of the Trusts or appropriated as desired by the founders of the funds. Rs. 3,119 remained to be paid at the end of the year as the same was not claimed. The total collection of interest on these funds is more than the amount of interest paid to the beneficiaries of the funds plus the amount which remained to be paid at the end of the year. This is due partly to the realisation of the arrears of interest of previous years and partly to the difference in the rate of interest in the two cases.

19. The subjoined table shows the details of these funds.

Chapter III.

ADMINISTRATION OF LAND.

Second Revision Survey and Settlement of Shirol and Hatkanangle Talukas.

1. Raosaheb D. B. Mali B. A., I.L. B. worked as the Survey and Settlement Officer, Kolhapur throughout the year.

2. From the beginning of the year under report there were two field parties with two Nimatandars. Each party consisted of ten surveyors and one Nimatandar. They finished the work of measuring the sub-shares in the survey numbers of Shirol Taluka, fixing their boundaries and making them permanent with the exception of nearly one hundred and fifty survey numbers of the Taluka town of Shirol Taluka. The work of measuring the sub-shares of these survey numbers, fixing the boundary marks of these survey numbers and making them permanent will be undertaken soon. These two parties did the Field work as given below:—

- (1) Number of survey numbers of which the old boundaries were checked and corrected.....1299.
- (2) Number of sub-divisions laid out in the Field with plane table.....4946.

3. 'Two years' experience has shown that it would take a very long time to finish the work of checking and correcting the boundaries of the survey numbers and laying out the sub-divisions by

plane table of such survey numbers as are actually divided, in the whole of the state. So a third party with a Nimtandar was organised with the sanction of His Highness. It took up the work of measuring the sub-shares of the survey numbers of Hatkanangle Taluka, fixing their boundaries and making them permanent. The details of its work done are given below:—

- (1) No. of survey numbers of which the old boundaries were checked and corrected.....814.
- (2) No. of sub-divisions laid out in the Field with plane table 1779

4. Taking into consideration the frequent failures of crop due to the general decrease in the average rainfall and the present circumstances of Shirol Taluka, His Highness was pleased to sanction an increase of Rs. 6 $\frac{1}{4}$ percent only in the rates on all the lands in Shirol Taluka. Compared with the 2nd revision rates sanctioned in the adjoining Districts these rates are very moderate. This nominal rise in rates was highly appreciated by the Rayats.

5. One more party called the Akarband party has been organised with the establishment of one supervisor, two Tapasanidars and five copying clerks and has been entrusted with the work of preparing the 2nd Revision Akarbands and Kama-Jasti Patrahs of all the villages of Shirol Taluka. It prepared in duplicate all the 2nd Revision Akarbands for being sent to Shirol Taluka and Huzur Record Office. One third Akarband work of Hatakanangle Taluka was done by this party and the remaining work will be completed after the 2nd Revision Settlement report is sanctioned.

6. Out of 135 cases received for correction in Akarbands, 131 were disposed of and only 4 remained to be dealt with.

7. The Survey and Settlement Officer visited all the villages of Shirol and Hatkanangle Talukas where the Field work was going on and inspected the work done by the surveyors and Nimtandars. Applications received either in the form of appeals or complaints

against the measurers were disposed of after examining the work complained of or appealed against and correcting it where necessary.

8. Side by side with the survey work, information required for fixing the rates of assessment of the 2nd Revision Settlement report of Hatkanangle Taluka was collected by the survey and Settlement officer. In this connection and especially for the purpose of collecting data for preparing the appendices G (1) and H (1) showing the selling values and leases of the lands respectively, he visited the selected villages of Hatkanangle Taluka with the representatives of the villages.

Survey and Settlement.

9. The revised survey has been extended to almost the whole of the State excepting Bavada Jahagir and some 43 Inam villages of the Kolhapur State proper scattered over the various Talukas of the State. The work of the original survey of the Bavada Jahagir has been undertaken. The work of the original survey of 19 Inam villages of the Kolhapur State proper, undertaken by the Superintendent, Land Records C. D. Poona was completed. Of these 19 villages, the work of the settlement etc. of 5 villages was finished. Of these 5 villages, the settlement rates were declared during the year in 4 villages viz. Nanundre, Mataiwadi, Kalnakwadi and Megholi and those will be declared in one village, Morewadi in the next year. The work of settlement etc. of the remaining 14 villages will be completed soon and the rates will be made applicable to them in the year 1932-33.

10. The work of original survey of the remaining unsurveyed villages will be undertaken after the estimates, submitted to His Highness, are sanctioned.

Record of Rights.

11. As it was found that the Mamledar Taluka Panhala was unable to cope up with the extra work of Record of Rights in Panhala Taluka owing to the pressure of the revenue work of the Taluka, the

special Mamledar of Record of Rights was appointed during the year to get the remaining work of Record of Rights completed. The special Mamledar completed the inspection work of Record of Rights in the remaining villages and decided the disputed cases.

12. A fair copy of the register of the Record of Rights of all the villages in the Taluka was prepared with the help of an extra establishment appointed for the purpose in order to enable the village officers to get the Jamabundi papers of the next year prepared in accordance with the register of the Record of Rights.

13. Khatahs will be made according to the Hissas of land showing in details the actual land which is in the possession of the holder and thus the rights regarding the possession and ownership will be settled.

Alienation.

14. Inquiries for mutation of names on the deaths of Aliences previously adjudicated upon, were held in 253 cases with the result that in 243 cases, mutations were sanctioned and in 10 cases the alienations resumed.

Court of Wards.

15. The Court of Wards Department continued as before under the Diwan throughout the whole year. A charge on the income of the estates is levied for supervision and management of the estates. The estates are managed and the well-being of the wards is looked after by the Government so long as the disability lasts.

16. At the beginning of the year the number of wards estates was 37. The management of 12 new wards was undertaken and that of 7 was given over during the year, leaving 42 estates at the

close of the year. Of these, 16 belonged to minors. 5 were without heirs, 14 were incumbered with debts, 3 belonged to persons who were unable to manage their estates and 4 to others who were physically and mentally unable to manage their estates.

. 17. The total receipts & expenditure amounted to Rs. 1,61,918\— and Rs. 1,56,776\— respectively. The balance at the close of the year was Rs. 1,48,627\—.

Devasthan Dharmadaya.

19. The area of Devasthan and Dharmadaya alienated land exclusive of the entire Devasthan and Dharmadaya villages in the State proper, decreased from 15,802 acres to 15,643 acres and assessment decreased from Rs. 1,09,582 to Rs. 1,09,014. Out of 15,643 acres, 12,875 acres assessed at Rs. 44,612 belonged to Devasthan and 2,768 acres assessed at Rs. 7,388 to Dharmadaya. Besides these, 16 Inam villages of the annual assessment of Rs. 33,618 and also cash allowances amounting to Rs. 23,396 were granted to Devasthan. The decrease in the acres and assessment of the land was due to the Circular order passed by the Kolhapur Government, by which some of the Dharmadaya lands were turned into Rayatawa.

20. The management of Devasthan has been given to Illakha Panchayat.

41. It will be seen from the above statements that the total area under principal crops, was 10,19,123 acres. Of these, 1,02,469 acres were under two crops.

Irrigated Land.

42. The total area irrigated was 40,640 acres of which 21,039 were irrigated from wells and budkis, 19,246 from rivers, and 355 from tanks.

43. The number of wells increased from 10,119 to 10,177 and that of budkis decreased from 1,302 to 1,224 of which 2,245 wells and 349 budkis were used for drinking purposes and 7,932 wells and 875 budkis for irrigation purposes.

Tea & Coffee Plantation at Panhala.

44. The area under tea plantation was the same as in the last year viz. 11 acres and 21 gunthas and the number of plants was also the same viz. 29,235. The out-turn and sale proceeds therefrom however increased from 266 Lbs. to 461 Lbs. and from Rs. 133 to Rs. 232 during the year respectively.

45. The area under coffee plantation was the same as in the last year viz. 2 acres and 27 gunthas and the number of plants was 2,720. The out-turn & sale proceeds therefrom were 82 Lbs. & Rs. 19 respectively.

46. The area under cardamom plantation was the same as in the last year viz. 5 gunthas. The out-turn and sale proceeds therefrom were 65 Tolas and Rs. 6 respectively.

Agricultural Stock.

47. During the year under report the number bullocks increased from 1,53,919 to 1,57,169 and that of cows from 69,025 to 1,46,769. The number of male buffaloes fell from 44,393 to 42,626 and that of female buffaloes increased from 60,197 to 61,635. Horses and mares increased from 1,700 and 1,092 to 1,855 and 1,123 respectively. The number of ploughs with two bullocks rose from 39,732 to 40,638 and that of ploughs with four bullocks decreased from 10,288 to 9,893.

Hiring and loading carts decreased from 3,065 and 19,934 to 2,400 and 16,845 respectively. The number of sheep and goats rose from 2,29,924 to 2,35,468.

Breeding Operations.

48. There were 337 camels at the beginning of the year to which were added 35, born during the year, thus bringing the total to 372. Of these, 26 died, 10 were sold and the number remaining at the close of the year was 336.

49. There were 124 horses, colts, mares, fillies etc. at the end of the last year to which 2 were added. Of these, 2 died, leaving a balance of 124 at the close of the year.

Season and Crop.

50. In the year under report monsoon broke out in time as usual and the rains were well spread over all the parts of the State. The sowing operations of Kharip crops were completed in time. Some anxiety was occasioned regarding the crop prospects in Raibag and Katkol Mahal owing to the absence of rains but it was soon relieved by timely rains. On the whole, the rains were more satisfactory than in the preceding year and were well distributed over all parts of the State. The harvest was good. Fortunately there was no insect pest or crop disease during the year in any part of the State. In the year under report, the prices of the staple food grains went down considerably and caused a good deal of anxiety among the farmers. Taking into consideration the decreased rates of the staple food grains during the year, liberal policy of suspension was followed in some of the villages of the State, where it was found that the villagers on account of the prevailing prices were unable to pay the assessment at the time fixed for payment.

Supply of drinking water and fodder was sufficient during the whole year. On the whole, the general condition of the people was satisfactory.

Forest.

52. The Forest Department was under the control of the Chief Revenue Officer throughout the year and Raosaheb T. R. Mohite continued to work as the Conservator of Forest throughout the year.

53. During the year under report the total area under Forest was 407 sq. miles. Of these, the area of the reserved forest was 304 sq. miles and that of the protected forest. 103 sq. miles.

Area under Forest.

54. Panhala plantation works which were started in the last year under special order from His Highness were continued during the year with an addition of 751 plants of miscellaneous species. Last year's and this year's casualties were replaced by new plants. All the plants were watered for a period of 5 to 6 months. On the whole, the general condition of the young plants seemed to be good. The number of trees rose from 2300 to 3051. The present condition of water supply at Panhala does not allow a greater number of trees to be planted.

Plantations.

55. Departmental plantation works like sandal dibblings etc. were done at Shahabundar and Arjunwadi in Gadhinglaj Taluka, at Nej and Kumbhoj in Hatkanangle Taluka, at Madale in Karvir Taluka, at Solankur and Sawarde in Radhanagari Taluka, at Charan, Thergaon and Panhala in Panhala Taluka and at Salgaon, Shengaon and Ambavane in Bhudargad Taluka. The total area of sandal dibblings is roughly about 800 acres of forests. The system of dibblings being less expensive, was adopted here during the year. Under this system, the plants are not watered at all. Thousands of acres are sown with sandal seed under the bushes and left to the nature. By this system, thousands of dibblings were sown in the forest directly under bushes. The seed being not available in the beginning of the rain was sown rather late in the rains, still the percentage of germination was satisfactory. The plants could not get sufficient time to establish themselves during the rain; subsequently they suffered much due to drought and partly due to forest fires.

56. Two thousand plants of Bambu were brought from Kanara and Mysore forests. These were planted at Manjarkhindi and Farale forests in Radhanagari Taluka and Shenggaon in Bhudargad Taluka. These plants were watered. Some casualties were due to the attack of white ant and wild beasts. The plants are thriving fairly well. Every possible care is being taken to stock the forest with valuable species and to conserve the forest.

57. Selling of coupes of timber and fuel was continued as before.
 The sale of Coupes Owing to the great fall of the rate in general market it fetched less revenue.

58. The quantity of Hirda collected departmentally fell from 12,180 Khandis to 9,040 Khandis. The decrease in the
 Hirda Crop. quantity of Hirda was due to the nuts damaged by the late rains in the months of October and November.

59. The number of forest offences rose from 41 to 47. All were
 Forest Offences. disposed of according to the forest rules.

60. There was only one forest fire causing damage to the
 Forest fire. extent of Rs. 3/-.

61. Forest material worth about Rs. 40/- for building huts etc.
 Free grants. was given gratis to the people who offered help in the protection of forest.

62. 94,913 heads of cattle grazed in the Kolhapur State forests during the year as against 88,069 of the last year. Among the total
 Grazing. numbers of cattle, the number of sheep rose from 67,547 to 77,880 and that of other cattle fell from 20,522 to 17,033. Cattle under plough were exempted from grazing fees to encourage agriculture. The grazing fees amounted to Rs. 14,755 against Rs. 16,585 of the last year. The decrease in the grazing fees was due to the decrease in the number of other cattle than sheep.

63. The total Revenue increased from Rs. 1,14,951 to Rs. 2,11,128. This increase was only nominal and due to the adjustment of amounts. The expenditure came to Rs. 31,090 against Rs. 19,899 of the last year.

Receipts and
Expenditure.

Labour and Wages.

64. The number of unskilled labourers in the Kolhapur State during the year under report was 69,422 of whom 35,475 were males, 18,427 females and 15,520 children. The rates of their wages varied from annas two to rupee one.

65. The number of skilled labourers was 23,022 and the rate of their wages remained at Rs. 1 $\frac{1}{4}$ as before.

Income Tax.

66. During the year under report the District Officers of Northern and Southern Divisions continued to execute the duties of the Income Tax Collector in their respective Districts. The Chitnis to the Chief Revenue Officer discharged the duties as Deputy Income Tax Collector for the City of Kolhapur and Mamaledars and Mahalkaris worked as Deputy Income Tax Collectors for Talukas and Mahals in their respective Jurisdiction.

67. The total amount of Income Tax calculated to be recovered was Rs. 86,193 as against Rs. 91,287 of the last year of which the actual receipts came to Rs. 70,090 as against Rs. 81,582 of the last year and Rs. 16,103 were left outstanding at the close of the year.

Chapter IV

Law and Justice.

I General Review of the Administration of Civil Justice.

1. On the anniversary of the Coronation day *i. e.* 31st May 1931, there was a welcome change in the Administration of Justice. His Highness was pleased to establish an independent High Court consisting of three Judges and the Supreme Court of His Highness. This progressive step is a clear indication of the solicitude and earnest desire which His Highness has for the welfare of his subjects.

2. Owing to the establishment of the High Court, certain changes were made in the judicial staff. The Chief Judge of the Sar-Nyayadhish Court, Kolhapur, Rao Bahadur A. B. Chougule B. A., LL. B. was appointed as Chief Justice of the High Court. Rao Bahadur R. P. Savant B. A., LL. B., Bar-at-Law, Home Minister and Member of His Highness' Council was made first Puisne Judge of the High Court and Raosaheb V. G. Chavan B. A., LL. B., District and Sessions Judge was appointed 2nd Puisne Judge of the High Court. Raosaheb S. S. Bhosle B. A., LL. B., District Magistrate was appointed as District and Sessions Judge and Raosaheb S. A. Rananavare B. A., LL. B., District Officer N. D. was appointed as the District Magistrate and the District Officer N. D.

3. During the year the Inamdar of Chinchali was invested with the 2nd Class Sub-Judge's power. Thus the number of Civil Courts rose from 30 to 31. The powers exercised by the various courts of the original civil jurisdiction remained unchanged.

4. The work of 2nd Class Sub-Judges' Courts at Karvir and Shirol being much in arrears, the tenure of the 2nd Class Joint Sub-Judges' Court at Karvir and Shirol was extended to 31st December 1931 but the extra Joint Sub-Judge Court at Karvir was abolished. Owing to the introduction of the Limitation Act in the Kagal Sr. Jahagir in the last year the Munsiff's Court there was flooded with

civil suits owing to which the tenure of the Joint Sub-Judge's Court was extended to the end of 1931.

5. Some difficulties arising frequently in the Administration of Civil Justice which came to the notice of the Chief Judge and such as were also brought to his notice by the District Judge were fully considered and necessary orders for the guidance of the subordinate courts were issued by the Chief Judge. Orders issued were as under.

- (1) On completion of the attachment of immoveable property under O. 21 R. 54 of C. Pro. Code by publishing the prohibitory order, the practice of preparing separate "Japti Yadi" after the publication of prohibitory order being not warranted by law was discontinued. As there was no necessity of separate process for prohibitory order in addition to that for warrant of attachment, this practice was discontinued.
- (2) In the matter of delivery of possession of immoveable property on certificate of sale some Courts in the State levied process fees on the amount realised by the sale while others levied them on the amount or value of the subject matter in the suit out of which the proceedings arose. With a view to keep uniformity of practice in all courts the former being proper is retained and the latter abolished.
- (3) Poundage fee at the rate of 5% was levied on the amount of sale by auction before the sale is confirmed but it being erroneous, the practice is discontinued and orders are passed to take the fees after the confirmation of the sale.
- (4) There was wrong practice of taking process for the warrant of sale besides taking full poundage fee on the amount recovered by auction. Now orders are passed to deduct the amount of process already recovered for the warrant of sale from the poundage fee and recover the surplus if any.

6. During the year under report, the Chief Judge inspected the court of the 2nd Class Sub-Judge at Shirol and the District Judge inspected those of Gadhinglaj, Karveer and Gagan-Bavada

Jahagir. The audits which were taken up were sent to them for explanation.

Chapter VI.

AGRICULTURE.

Eastern Division.

1. The Department of Agriculture was under the control of the Diwan from 7-6-30 to 30-11-30 and under the control of the Home Minister from 1-12-30 to 6-6-31 as the Director of Agriculture.

2. Mr. G. L. Patil continued to be as Inspector of Agriculture of Eastern Division which consists of four Talukas and 2 Mahals.

3. His work was divided into three main heads mentioned below:—

- I. Demonstration Farm.
- II. Agricultural Propaganda.
- III. Agricultural Education.

1. Demonstration Farms.

4. There are two farms under him. One is located at Kolhapur called the Museum Farm and the other at Shirol which is kept at the disposal of the District Agricultural class there.

(1) Museum Farm.

5. The main work on the Museum Farm was in connection with the tests of more profitable yield of sugar-cane, rice, cotton, jowar, and wheat and manurial trials on rice, jowar, ground-nut and chillies with a view to point out to the farmers in general the effects of different artificial manures on those crops and to show them which manures fertilise these crops. With a view to impart practical instructions to the farmers, the English vegetables such as different varieties of cabbage, cauliflower, Knolkhol and vienna which pay much as these vegetables have got ready market in the Kolhapur

city, were sown on the Museum Farm. To give a clear insight into the methods of planting and aftercare of fruit trees, pruning grapes and exposing roots of Musambis and Santra plants for taking delicious Bahars, different fruit trees such as Musambis, Santras, Kagadi lemons, Pomegranates, chikus, grapes, Plaintains and Guavas are sown on this farm.

(2) Shirol Farm.

6. The Shirol Farm, which was in the beginning meant for dry farming, has been now devoted to cultivating both the dry as well as irrigated crops.

7. The principal work on this farm was in connection with the tests of more profitable yield of cotton and tobacco. The dry crops cultivated on this farm were cotton (Dhulli No. 1. Gadag No. 1 and Jayavant), tobacco (Surti and Pandharpuri), chillies and Spanish peanut. The wet crops consist of raising turmeric, potatoes, onions, cabbages and pussa No. 4 wheat. To this cropping scheme, fruit culture court has been recently added.

II. Agricultural Propaganda.

8. The farmers were advised to spend considerable time in selecting good seed for raising bumper crops. They were supplied with seeds of 100 Lbs. of rice varieties Mugad and Antersal, 212 Lbs. of cotton—Gudag No. 1, Jayavant and Dhulia No. 1, 40 Lbs. of American Jowar white yelo and satpani Jowar, 40 Lbs. of wheat pusa No. 4 and sets of sugarcane varieties of H. M. 544 & 89, B 1528 D. 109 and Java No. 213.

9. A sieve of zinc sheet specially made for sorting large seed of Jowar for sowing has been made available to the interested farmers.

Grading of Jowar seed by sieve method.

10. There were 50 demonstration plots of staple crops such as sugar cane, rice, wheat, cotton and Jowar on farmers field under care and guidance of the agricultural Department. The farmers of these plots were convinced of the facts of good harvests of the crops.

Demonstration plots.

11. The farmers were advised to plant fruit trees. Grafts of various fruit-trees were ordered and supplied to the farmers.

12. The information of the crop pests and deceases and their remedies was given to the cultivators.

3. Agricultural Education.

13. The school is attached to the Museum Farm. There were 18 students on the roll of whom 9 were in the 1st year and 9 in the 2nd year. In the annual examination 8 have passed from the first year while one failed in the 2nd year. The first ten boys who are successful in the Entrance Examination are awarded with scholarship of Rs. 10 P. M. each. Besides there were ten more scholarships for the boys of the 2nd year.

14. To train these boys in scientific farming, instructions both practical and theoretical on Agriculture, Botany, Horticulture, Entomology, Veterinary, Dairy, Poultry and Land Surveying are imparted to them by the teaching staff which consists of two agricultural graduates and one field-man and they are taught the ginning and spinning of cotton, carpentry and lacquer work.

15. The receipts from the farms were Rs. 1,014 and the expenditure incurred on the establishment of the Agri. Inspector, Museum Farm, Shri Shahu Agricultural School, Shirol Farm, Bias Agri. class at Shirol, Museum etc. came to Rs. 9,696.

Western Division.

16. Mr. S. R. Mohite B. Ag. held the charge of the Office of the Inspector of Agriculture W. D. throughout the year. He was on tour for 132 days in 45 villages of his division and gave repeated visits to Radhanagari and Pungaon villages for the inspection of the Agricultural bias class at Radhanagari and erection of the steam engine power pumping Plant for irrigation at Pungaon. The Western Division consists of three Talukas and one Mahal.

17. His work was summarised under the following heads:—

1. Agricultural Service.
2. Agricultural Propaganda.
3. Agricultural education.

1. Agricultural Service.

RADHANAGARI FARM.

18. The main work at the Radhanagari farm and nursery which is situated at Radhanagari near the Taluka Office, 29 miles away from Kolhapur City is to supply pure seed of rice Kolamba 42, Nagali improved strains of Nos. 62 and 82, Vegetables and fruit plants to the cultivators and to train the sons of the agriculturists in fruit culture and modern improved methods. Demonstrations are being arranged on the farm to show the cultivators the effect of manures.

2. Agricultural Propaganda.

19. Eight maunds of Kolamba 42 rice strain were distributed among the cultivators.

20. Hundred and fifty packets of copper sulphate were distributed in Panhala Taluka and Shahuwadi Mahal and its use was demonstrated to cultivators.

21. The use of the Ammonium Sulphate manure to rice crop in two doses of 20 Lbs. Nitrogen one at the time of transplanting, the other at the time of tilling proved successful at Tarale and the use of Ammonium Sulphate as Rab substitute was demonstrated in fourteen villages.

22. The use of Brix sacrometer to test the sugar contents in cane crop, the centigrade thermometer to test the temperature of the cane juice in the boiling pan and the modified improved single Poona furnace with a view to save one half the quantity of fuel was demonstrated to cultivators.

23. Elementary information on Agriculture in general was given to the students of the Vernacular school in 41 villages.

24. The importance of the improved implements and machinery was shown and demonstrated to the cultivators.

25. Information about the economy in the expenditure of sugar-cane crop was given to the cultivators on the field itself.

26. In order to give wide publicity to the improved methods of farming and to train the cultivators in scientific agriculture, leaflets printed in Marathi were distributed among cultivators.

27. Agricultural books, bulletins and magazines have been kept in the office for the use of the cultivators and about 75 cultivators have taken advantage of this.

3. Agricultural Education.

28. An Agricultural Bias Class opened at Radhanagari completed its 2nd year. There were 2 students in the 1st year class and 2 students in the 2nd year class. All these four students have passed in the annual examination. The students were taught some lessons in carpentry and smithy. They were taken on tour to show the Irwin Agricultural Museum and Museum Farm at Kolhapur and a sugarcane farm at Yamage in Kagal Sr. Jahagir.

29. The expenditure of the Agricultural Western Division Department came to Rs. 4,475.

2. The Irwin Agricultural Museum.

30. The Irwin Agricultural Museum opened by His Excellency the Viceroy and Governor General of India in 1929, is now open to the public. People particularly interested in Agriculture paid visits to this Museum and saw the various exhibits arranged therein. It is gratifying to note that the people outside the State paid visits to the Museum.

31. This Museum has been imparting lessons to the visitors on (1) the utility of various Farm Implements and Machinery & Dairy appliances, (2) Field products grown in the Kolhapur State, (3) Crop pests and diseases with their methods of control (4) grading farm products with a view for marketing the grain to command better prices, (5) various kinds of soils and rocks, (6) the possibilities of developing various cottage industries, (7) the utility of timber grown in the Kolhapur State. In addition to this the Archæology Section puts on view various old coins of Andra, Moghul and British periods. Stone inscriptions, copper plate grants and idols of Indian Sculpture. In this connection it may be noted that the publications on "Shilalekha" and "Tambrapat" by Prof. K. G. Kundangar Secretary of this Section, were appreciated in Western Countries from point of reference. This section was further being equipped with old coins of South and North Indian kings received from Museums outside the State.

3. King Edward Agricultural Institution.

32. The King Edward Agricultural Institute was started by H. H. the late Shahu Chhatrapati Maharaja of Kolhapur in memory of His Majesty the late King Emperor, Edward VII, in the year 1911 purely for the benefit of the farmers of the State.

History.

33. The Institute owns, Tractors, Boring Machines, Water finder Machine, Iron ploughs, and other agricultural implements, the use of which is given to the farmers of the State. It also supplies guaranteed Fertilisers to the Rayats and offers seeds, Seedlings and grafts, to them at concession rates. The Institute gives Scholarships to the sons of the farmers of the State so as to enable them to receive education in agriculture and in the use of agricultural machinery.

34. Raob. R. P. Sawant B. A., I.L. B., Bar-at-Law., Ag. Home Minister worked as President of the Institute from December 1930 in place of Raob. A. B. Achrekar M. A., I.L. B., whilst Mr. S. S. Phatarpekar B. A., B. Sc., Registrar, Co-operative Societies continued to work as the Hon. Secretary. Mr. P. B. Nadkarni continued to work as the Organiser of the Institute.

35. The work done by the Tractor during the course of the year was 170 acres. As there was an enormous fall in the prices of the agricultural produce, the farmers did not make the fullest use of this machine. They generally make use of this machine for bringing under cultivation fallow lands and for the eradication of weeds.

36. The work of the Boring machine commenced rather late owing to the illness of the Boring Mechanic, but inspite of that, 8 Bores were taken during the course of the year. Water was very satisfactorily tapped at 6 places, whilst the bore at one place is yet half-finished. As there is a demand for this very useful machinery, the other Hand-Boring machine of the Institute has been repaired, and is ready for work.

37. At all the above places, use was made of the newly bought Water-finder Machine, and it has given good results up-till now. Digging of wells is rather a costly affair from the farmers' point of view and it is hoped that they will take the proper help of this useful machine.

38. Sixteen demonstration plots were very successfully arranged by the Organisor in the following Talukas; Karveer, Hatkanangle, Shirol, Panhala, Radhanagari and Gadhinglaj.

39. As the climate and situation of the Kolhapur State is very congenial for fruit cultivation, the Institute tries specially to encourage this side of agriculture. During the course of the year 1700 fruit trees and grafts were given to more than 150 farmers of the various Talukas, either free or at concession rates.

40. The institute gave scholarships to 9 students for receiving education in agriculture and to 4 for receiving education in machinery.

41. The Institute owns a small Library with books mainly dealing with agriculture and allied subjects. The books are issued free of any fees to interested farmers.

4. Co-operations.

42. The Department of the Registrar Co-operative Societies was under the control of the Diwan from 7-6-30 to 30-11-30 and under control of the Home Minister from 1-12-30 to 6-6-31.

43. Mr. S. S. Phatarpekar B. Sc., B. A. continued to work as the Registrar Co-operative Societies throughout the year. Mr. B. D. Kagale worked as Auditor, Co-operative Societies and Mr. V. C. Gune B. A., as Arbitrator of the Co-operative Societies. Messrs. R. K. Bhosale and L. B. Kambale worked as Honorary Organisers very satisfactorily. The third Hon. Organiser Mr. R. N. Rajadnye has now taken wider responsibilities on him and is also working as a Secretary of the Bombay Provincial Co-operative Bank Ltd. Bombay.

44. Raosaheb Bhosale, the Educational Officer is ever alert to help the cause of Co-operation. During the year he was the Organiser of the Kolhapur Central Co-operative Stores which, it is believed, will fulfill the needs of the middle class men in the city. He was the President of the Servants' Society which has made a very good progress during the course of the year.

45. Raosaheb D. B. Mali B. A., LL. B. the Survey and Settlement Officer was during the year under report the President of the Urban Co-operative Society Ltd. being one of the leading societies in the Kolhapur State and he satisfactorily did the work in the Urban Co-operative Society Ltd.

46. The year commenced with 75 Co-operative Societies and 2 Taluka Development Associations and 18 new Societies were registered during the year, thus making 93 Co-operative Societies and 2 Taluka Development Associations. Of these, 4 Societies were cancelled and one Society was amalgamated with another society, thus leaving 82 Resource Societies (66 Agricultural credit, 2 Agricultural

Non-credit, 14 Non-agricultural Urban), 4 Consumers Societies and 2 Taluka Development Associations at the close of the year. Of these 88 Societies and Associations, 29 were in the Karveer Taluka, 20 in the Hatkanangale Taluka, 19 in the Shirol Taluka, 8 in Panhala Taluka, 3 in the Radhanagari Taluka, 1 in the Bhudargad Taluka, 2 in the Shahuwadi Mahal and one in the Katkol Mahal.

47. The rivers in the Kolhapur State are comparatively very shallow and advantage of this exceptional situation can easily be taken by the farmers by co-operating together and starting irrigation Societies. As an experiment in this line an Irrigation Society, the Panchaganga Irrigation Co-operative Society Ltd. has been very recently started at Bavada near Kolhapur, and its success and progress is keenly watched by the neighbouring farmers. This is the first society of its kind in this part of the Presidency. It will serve as a guidance to the farmers on either sides of the rivers.

Industries and Commerce.

1. "Shri Shahu Chhatrapati Spinning & Weaving Mills" owned by the State were under the control of Rao Bahadur D. M. Bhosle, Chief Secretary to His Highness and Raosaheb T. Y. Raje Bhosale, B. A., worked as Manager throughout the year.

2. The Mills were worked by steam Engine of 550 I. H. P. They remained open throughout the year. They have
Spinning. 16,358 spindles (including 416 Mules and 182 Doubling)
which turned out 3,000 bales of yarn of finer counts, each bale being of 400 Lbs.

3. Waste plant worked throughout the year. It turned out 200
Waste Plant. bales out of which 45 were of 6 s. and the remaining,
of 3 s., each bale being of 400 Lbs. Besides this, it
turned out warp 3,400 Lbs. and weft 10,000 Lbs.

Weaving. cloth, such as, long cloth, Khadi, Drills, Twills,
Bed-sheets, Dhotties (Dabhan Kati, Chawali, Panchas,
Plain, fine bordered and fancy), Shirtings, Towels, Patalas, fancy
Chaddars, Muslins, Coatings, Linings, Sateranjis, Canvas etc.

5. The yarn has got its own reputation and nothing need be said about it and the cloth also is gaining popularity. There is much demand for it from distant places and unknown quarters. The Mills used to spin 30 s.. This attempt was successful and now there are fine Dhotis of 40 s. X 40 s. as well as Patalas, Malmals and Phetas ready for sale.

6. Almost all the new Frames were erected. It was found that the old erection was not economical. 16 old Frames in the Frame
Machinery. Department besides those mentioned last year and 2
in the Ring Frame Department were interchanged

which work was equal to so many frames newly erected. It is hoped that replacement will be complete within a year or so. Along with the increase and alterations in the Machinery there were corresponding extensions and alterations in the buildings.

7. The two old Boilers are working from the beginning of the Mills and they cannot be put to more pressure now. The erection of one new Boiler ordered in 1923 began in the latter half of the year 1925 and was completed by the end of December 1927.
Engine.

A similar new Boiler ordered in 1928 arrived in the month of May 1930 and its erection was completed by the end of the Decembr 1930. At the time of last ginning season two new Boilers were made to work in order that the engine might sustain increased load quite easily.

8. The years 1928 and 1929 were not good for trade. But the year 1930 was the worst possible year since 1906. The Profit. cotton market was comparatively higher at the purchasing season and became lower afterwards till the month of December 1930. It lowered upto Rs. 168 as against Rs. 433 of July 1929. As the year saw the worst of slump, almost all Mills similarly situated suffered heavy losses. But Shri Shahu Chhatrapati Spinning and Weaving Mills suffered no loss, on the other hand there was a profit of Rs. 4,000.

9. There are five private-owned oil mills at Shahupuri working throughout year. One is worked by electric power and the others by steam power. They also do the work of ground-nut crushing.

10. There are 18 ginning factories, one at Shahupuri, three at Gadhinglaj (with ground-nut crushing work), four at Jayasingpur, one at Chinchali, four at Vadgaon and four at Ichalkaranji, all working for the four months of the cotton season only.

11. There are 33 grinding and pounding mills. 18 are worked by oil engines and 15 by electricity.

12. There are 12 groundnut crushing mills, 5 at Shahupuri, 6 at Gadhinglaj and one at Shirol, working for 4 months in a year.

13. There is one Electric Power House which supplies Electric energy to the Kolhapur City.

14. There are three foundries, 2 at Shirol and one at Gadlinglaj working for about 7 months by oil engines.

15. There are three Cinema Films Producing Companies called (1) Maharashtra Film Co. (2) Prabhat Film Co. and (3) The University Arts Federation Film Co. working for the whole year.

16. There is one Ice Factory called Maharaja Ice Factory.

17. There are two Work-shops of fitting work at Shahupuri.

18. There are two Work-shops for building ferry-boats and making furniture in the City.

There are 12 work-shops for repairs of Motors and building motor bodies.

Chapter XI.

PUBLIC INSTRUCTION.

General.

1. The Educational Department is organised on the system of Public Instruction prevailing in the Bombay Presidency.

2. The Diwan is the Director of Public Instruction in the State and the Department is administered under his general supervision.

3. The Educational Institutions in the State including those in the Feudatory Jahagirs comprise of one College, 11 High Schools of which two are Girls' High Schools, 22 A. V. Schools, 5 Middle Schools, 733 Primary Schools and 9 Institutions for imparting Technical and Religious Education.

4. During the year under report the total number of Educational Institutions rose from 755 to 781 and that of students attending them rose from 43,050 to 45,045. (Vide App. 22). All the institutions of Primary and Secondary Education excepting those in the five Feudatory Jahagirs *viz.* Vishalgad, Davada, Kagal (Senior), Kapshi and Ichalkaranji whose educational affairs are managed by the respective Jahagirs, were under the supervision of the Educational Inspector, Kolhapur. The Principal of the Rajaram College is the Inspector of Secondary Education in the State.

5. The following table gives the number of institutions and of the students attending them.

Name of Institutions.	Government.		Jahagirs.	
	Number of Institutions	Number of pupils.	Number of Institutions	Number of pupils.
College.	1	540	...	...

Primary Schools.	617	34509	116	6441
Special Schools.	7	267	2	122
Total...	657	38060	124	6985

6. The total expenditure of all the Institutions of the State proper as well as of the Feudatory Jahagirs rose from Rs. 4,11,930 to Rs. 5,67,261.

2. Higher Education.

RAJARAM COLLEGE.

7. The Rajaram College is under the supervision of the Diwan as Director of Public Instruction. The progressive educational policy of His Highness the Chhatrapati Maharajasaheb has led to the growing popularity of this Institution as a centre of higher education.

8. The Institution continued to be a Second Grade College up to 1919. The Arya Samaj raised it to First Grade College in 1920 & secured affiliation through the assistance of His late Highness Shri Sir Shahu Chhatrapati Maharajasaheb for the Honours Courses in 1922. The number of students at the end of the academic year 1921-1922 was 170 only. The strength of the College went up to 280 in 1922 when the present Principal took charge of the Institution. It increased by 102 more next year and reached the maximum of 420 in 1924-1925. In 1929-30 there were 522 students on the roll but in 1930-31 the number went up to 540. Thus the College has, within the last nine years, made rapid strides in the number of students from 170 to 540 in 1930-1931.

9. The number of students in each class during the year under Number of Students report is compared below with that of the preceding year:—

Class.	1929-1930.	1930-31.
F. Y. Arts	300	211
Inter Arts	115	126
Inter Science	12	33

Senior B. A.	46	57
Junior B. Sc.	0	22
M. A.	0	16
M. Sc.	0	3
	522	540

10. The reason for the increase is the greater popularity of the Institution, a larger number of passes in the I. A. Examination and the addition of B. Sc. classes and Ardh-Maghadi Language to the course of study.

11. The average daily attendance was 470 and monthly average attendance was 459.
Daily and Monthly average attendance.

12. The social position of the parents of the students on the College roll shows that the persons of all ranks in society have sent their boys to the Institution, though the poor classes predominate.

23. A special feature of the Gymkhana this year was the starting of a new library to encourage debating and the study of Parliamentary literature. 231 volumes of Parliamentary Reports, at a cost of 640 were added. A few books on Physical Culture also were added to the Gymkhana Library. The Reading Room was equipped with daily and weekly newspapers and periodicals.

24. On the report of the University Science Commission which visited the College during the year, the College has been affiliated for B. Sc. for one year only and for Inter Sc. for four years more.

25. 21 students were sent up for the University I. Sc. Examination among whom 19 passed in theory and 19 in practicals. Many obtained first class marks in chemistry.

26. 11 B. Sc. students took up Chemistry, out of whom ten were for principal and one for subsidiary Chemistry.

27. The Laboratories are equipped for the B. Sc. work quite to the satisfaction of the University.

28. Out of 5 students sent up for the I. Sc. University Examination, 2 passed in Biology but failed in Physics and the other 3 failed in all the three subjects. In the

B. Sc. class, only one student studied till the end of the 2nd term after which he left studies.

29. The Town Hall and Lakshmipuri gardens supplied the plant material for practical work for Botany course.

30. The apparatus of the latest design worth Rs. 8,000 was added to the Laboratory. As the department stood in great need of a large gas plant it has been ordered from Germany.

31. The College provided games in cricket, tennis, foot-ball, Sports, Games and other activities. cycle polo, Lathi, pingpong, boating and carrom. A large number of local and foreign matches in cricket and foot-ball were played and the cricket and cycle polo tournaments were held during the year. In addition to the out-door games other activities of the College Gymkhana were extension lectures, sectional Associations such as Literary Association, Historic and Economic Association, Karnatic students Association, philosophy circle for creating amongst the students love of their subject and three issues of the College Magazine named Rajaramian. Sectional Associations and Philosophy circle worked satisfactorily and exercised a wholesome influence on students.

32. The total receipts including fees, fines etc. were Rs. 35,207 against Rs. 32,501 of the last year and the expenditure came to Rs. 78,492 against Rs. 71,727 of the last year. The total annual cost of education per scholar was Rs. 145 against Rs. 137 of the last year.

3. Secondary Education in the Kolhapur State.

HIGH SCHOOLS.

33. The Shahu Dayanand Free High School was affiliated to the University this year. No fees are charged either in the primary classes upto 7th standard, or in the Secondary classes upto the Matriculation class in this school. Poor students of all classes are admitted here.

34. During the year under report, there were 11 High Schools in the State. Of these, 9 were located in the Kolhapur City and 2, in the Feudatory Jahagirs. Of these 11 High Schools, 2 were the Kolhapur Government High schools named the Rajaram High School for boys and the Maharani Lakshmibai High School for girls, 2 the Feudatory Jahagir High Schools, 5 aided High Schools and 2 unaided High Schools of which one is a Girls' High School.

35. The number of students in each institution was as under:—

40. All High Schools possess Gymkhanas and students have shown keen interest in various games during the year. Nine High Schools spent Rs. 2,520 on their Gymkhana.

41. The department continues to show the same progress as it did last year. The High Schools had 295 Scouts and 24 Scout Masters as against 282 Scouts and 22 Scout Masters of the last year. The number of Girl Guides in the Maharani Lakshmibai Girls' High School and E. P. Girls' High School together was 90 as against 95 of the last year.

42. Besides Scouting, celebration of Ganesh festival, Gadkari Day, Debating Unions, excursions, Students' Magazines, Co-operative Stores; Hindi Classes, Dramatics, swimming, social service, carpentry and sewing classes, are to be had in these institutions. The Rajaram High School has a Book-Keeping class recognized by the London Chamber of Commerce and by the Merchants' Chamber, Bombay. Moral instruction and study of religious books form a special item in the daily programme of the private schools.

43. There are many communal hostels in the City providing accomodation to students and consequently schools do not feel the need of owning or renting any hostels. However, the Students' Own Hostels, Vidyapeetha, the Shahu Dayanand Free High School and American Mission High Schools possess their own hostels.

44. The total expenditure of each institution was as under:—

	1929-30	1930-31

CONTROL AND MANAGEMENT OF SCHOOLS.

49. Since the inauguration of the Ilakha Panchayat in 1927, all the Primary Schools and A. V. Schools in the State Proper excepting the Schools in the City of Kolhapur and the Boys' Vernacular School at Gadhinglaj, are under the direct control and management of the School Board of the Ilakha Panchayat. The Schools in the Kolhapur City are managed by the Kolhapur Government and are under direct supervision of the Educational Inspector of the State. The schools in the 5 Feudatory Jahagirs and the Boys' Vernacular School at Gadhinglaj are respectively managed by the Jahagirs and the Local Municipality there.

50. During the year under report, 50 schools were managed by the Kolhapur Government, 584 by Ilakha Panchayat, 120 by Feudatory Jahagirs and 1 by the Local Municipality of Gadhinglaj.

2. A. V. Schools.

51. The number of A. V. Schools was the same as in the last year *viz.* 22 and that of students attending them rose from 615 to 622. Out of these schools, one was a A. V. School for girls in which the number of girl students was 88 against 73 of the last year. Of these 22 schools, 5 were managed by the Kolhapur Government, 13 by the Ilakha Panchayat, and the remaining four by the Feudatory Jahagirs. The cost of maintaining these schools amounted to Rs. 12,906 and that of educating each student came to Rs. 20.4.

3. Primary Schools for Boys.

52. The number of schools rose from 643 to 666 and that of students, from 35,598 to 38,030 of which 1,191 were girl students. Of 666 schools, 36 were managed by the Kolhapur Government, 520 by the Ilakha Panchayat, 109 by the Feudatory Jahagirs and 1 by the Local Municipality of Gadhinglaj. The expenditure incurred in connection with all these schools came to Rs. 2,45,158 against Rs. 2,66,119 of the last year. The average cost of education per student came to Rs. 6.8.

4. Primary Schools for Girls.

53. The number of schools rose from 64 to 67 and that of girl students from 2,717 to 2,920. Of these schools, 9 were managed by the Kolhapur Government, 51 by the Ilakha Panchayat and 7 by Feudatory Jahagirs. The cost of maintaining these schools came to Rs. 25,258 against Rs. 24,522 and that of educating each girl student was the same as in the last year *viz.* Rs. 9.4.

5. Teachers.

51. The number of teachers in the Primary Schools during the year was 1,251. Of these 1,194 were males and 57 females. Of these, 278 were trained, 685 were qualified and the remaining 288 were unqualified. It is gratifying to note that the number of trained is day by day increasing.

6. The Shift System.

55. The Shift System introduced by the Ilakha Panchayat proved to be very useful in as much as it tends to economy and concentration of work on the part of teachers. Besides, this system enables the farmers' children to attend the School without in any way hampering their farm-work.

7. Night Schools.

56. The number of Night Schools during the year rose from 8 to 13 and that of students attending these schools from 161 to 368. Of these 13 Night Schools, 2 were managed by the Government, 10 by Ilakha Panchayat and 1 by Ichalkaranji Jahagir.

Out of this number only 223 candidates against 245 passed under all heads. The percentage of passing candidates was 18.25. The standard of the knowledge of grammar and Marathi language was found to be very low as before. The percentage of failures among the candidates appearing privately was found to be greater than that among the students appearing from the registered schools. The reason at the bottom of this evil is want of regulations disallowing unfit candidates appearing for the said examination.

9. V. F. Examination for Girls.

58. During the year under report 31 candidates against 27 sought admission for the V. F. Examination for Girls held at the Kolhapur Centre. Out of these, 6 candidates against 12 came out successful.

10. Physical Education.

59. Great attention was being paid to the Physical development of students and the exercise of Namaskars was made compulsory. A

sum of Rs. 115 is spent every year for distributing prizes in the annual tournaments held at Kolhapur.

11. Depressed Class Students.

60. Special attention is being paid to the education of this class. The students of this class are allowed to mix freely with the students of other classes and no separate schools have to be maintained for them except in the Jahagir of Kapshi. One of the Deputy Inspectors in this department belongs to this class and depressed class students are admitted to the Training College every year. There were two Boarding Houses for this class in the Kolhapur City and a handsome sum is given every year as a grant by the Kolhapur Government.

6. SPECIAL SCHOOLS,

1. J. G. Technical School.

61. During the year under report the number of students attending this school was 45 as against 43 of the last year. Students in this school are taught in smithy and carpentry. A drawing class is also attached. The school was maintained at a cost of Rs. 4,250 as against Rs. 5,695 of the last year and the cost of educating each student came to Rs. 96.59. Of Rs. 4,250, 1,005 were spent on awarding scholarships and stipends.

2 Training College.

62. This is an Institution which prepares trained teachers for the Vernacular Schools. The number of teachers receiving education during the year fell from 71 to 69. The college is well staffed. The students in this College are taught agriculture with a view to giving an agricultural bias to Village schools. The expenditure incurred in connection with this College came to Rs. 8,412 against Rs. 8,493. The average cost of education per head amounted to Rs. 135.6. The expenses were borne by the Ilakha Panchayat.

3. Vaidic Schools

63. The State has been conducting a Vaidic School, the object of which is to give religious training to the backward classes. Students are trained in the Hindu Rituals and have actually been doing good work as priests. The school is located in the City of Kolhapur and is wholly financed by the Kolhapur Government. The school has been sending out trained men able to preach to the masses. Subjects taught in the school are Sanskrit, Veda, Astrology, Shatras etc. The number of students was the same as in the last year *viz.* 40. The expenditure incurred in this connection came to Rs. 5,500.

6. STATE SCHOLARSHIPS.

66. The Government spends every year a considerable amount of money in awarding scholarships to poor & deserving students. The students receiving these scholarships read in various Colleges and High Schools. The total expenditure incurred on this account during the year was Rs. 21,194 against Rs. 22,345 of the last year.

7. O'BRIEN TECHNICAL SCHOOL.

67. This school was founded in 1928 in memory of the association of Col. R. O'Brien, the late Resident at Kolhapur, with the State. The building has cost in all parts a lac of rupees. The total equip-

ment cost of the Department is over fifty thousand. The chief purpose is to impart upto date Technical and Industrial Education to students of High Schools and College and to provide compulsory manual training for certain classes in the High Schools.

68. Raosaheb D. R. Mahadik D. E. E. worked as the Superintendent of the Institute throughout the year. He was assisted in his work by a large and well qualified staff.

69. The following table shows the various branches and the number of students studying in each branch:—

Serial No.	Name of subject.	No. of Student.
1	Mechanical Engineering	11
2	Mestry-Civil	1
3	„ -Fitter	1

9	Cane work	0
10	Draftsman's Civil and Mechanical Training	0
11	Electric Wireman's Training	2
12	Dyeing	0
Total...		552

70. During the year under report, the total expenditure came to Rs. 12,724 of which, Rs. 10,841 were spent on establishment charges, Rs. 983 in purchasing machinery and Rs. 900 in purchasing Electro Plating Machine.

8. Scouting.

71. The lofty ideals inculcated by scout movement are steadily spreading. Public opinion in almost all quarters has been favourably impressed by the activities of the State Scout Association and

the Groups named Netaji Palkar, Abhimanyu, Shri Shivaji Shishuveer and Second Rajaram and the movement has succeeded to a certain extent in bringing a new and brighter element into the village life and in inspiring confidence among the villagers. The scouts rendered very useful service on the occasions when their service were requisitioned. They also carried some village uplift work.

72. The number of village scouts and scout-masters was 765 and that in the Kolhapur City, 555. It is happy to note that the number of scouts is increasing in villages.

73. His Highness is the Chief Scout of the State.

74. There were training camps and rallies during the year.

75. The Chhatrapati Scout Magazine is published with the view to educate boys in ideals of self-sacrifice, good citizenship, loyalty to His Highness and duty to mother-land.

9. Boarding Houses.

76. Boarding Houses are a speciality of the Educational Department of the Kolhapur State. Boarding Houses for nearly all classes including sub-divisions of the Depressed classes are maintained at Kolhapur. Almost all of them have got their own buildings, either given by the Government or built from public funds. Some of these boardings receive annual grants in cash and some have received grants of land from the Kolhapur Government. Besides, various Boarding Houses at different places receive grants annually from the Kolhapur Government. Boarders in all these institutions get free lodging and in some institutions the boarding charges are partly or wholly borne by the institutions.

Chapter XII.

LOCAL SELF-GOVERNMENT.

Administration of the Ilakha Panchayat.

General.

1. The Diwan remained in charge of the Local Self-Government as Commissioner throughout the year and the Chief Revenue Officer remained in the charge of the Local Self-Government from 7-6-30 to 30-11-30 and the Home Minister from 1-12-30 to 6-6-31 as Collector.

2. With the noble object of introducing representative institutions in the State, His Highness was gracious enough to inaugurate the Ilakha Panchayat on the 14th April 1927, at the hands of His Excellency, Sir Leslie Wilson the Governor of Bombay. This momentous step in the direction of Local Self-Government was generously taken by His Highness without any demand from the State subjects and for this spontaneous act the State subjects are grateful to His Highness. The Panchayats have been divided into three classes:—The Ilakha Panchayat, the Taluka Panchayats and the Village Panchayats. The Ilakha Panchayat is at the head of this Panchayat system. The Ilakha Panchayat is not merely one institution but a complete net-work of Self-Governing local institutions in the villages in the State. The Ilakha Panchayat is the central authority which not only guides its subordinate counterparts in the Talukas but also guides the Village Panchayats. The Panchayats have been introduced with the object of training the people in the administration of their civic affairs through their elected representatives and in removing their local inconveniences from the money raised by themselves. The Panchayats are entrusted with the duties of regulating public health, medical aid, sanitation, primary education, temple charities, roads, wells and other works of public utility. The management of village temples is also placed in the hands of these Panchayats. For this purpose, separate Devasthan Mandals have been created, the Devasthan Mandals of the Ilakha Panchayat being at the head of the Devasthan Mandals of the Taluka Panchayats.

Constitution and new elections.

3. There is no change in the constitution of the Ilakha and Taluka Panchayats. The period of the first triennium of the Ilakha and Taluka Panchayats terminated last year and elections for the new Panchayats were held, and the new Taluka Panchayats were formed on 29th May 1930 and Ilakha Panchayat came into existence on 8th August 1930

4. For the election of members for the Ilakha and Taluka Panchayats, there was a contest at some of the Taluka Panchayats, while at others there was no contest, there being only as many candidates as there were seats.

Committees.

5. In addition to the Standing Committee, Shikshan Mandal, Devasthan Mandal and the Law and Reference Committee, two new committees were appointed *viz.* The village Panchayat and Public Health Committee (2) The Budget Committee.

Receipts.

6. The following statement shows the receipts of Ilakha Panchayat, Kolhapur during the year under report:--

No.	Head.	Receipts.		Increase.	Decrease.	Remarks.
		1929-30.	1930-31.

	Total.	1234388	1254124	43514	23778	

7. The actual receipts amounted to Rs. 12,54,124 against Rs. 12,34,388 of the previous year showing an increase of Rs. 19,736. With the opening balance of Rs. 1,83,167 the total receipts amounted to Rs. 14,37,291 against Rs. 14,84,716 of the last year.

8. The sub-heads of receipts under " Educational Receipts " were as under:—

	1929-30	1930-31
1. School fees.	3,503	3,386
2. Grant from the Kolhapur Government for Primary Education	13,9867	1,49,557
3. Wadgaon Municipal Grant	...	300
4. Chinchli Shingoti receipts	5,100	...
Total	148470	153243

9. The sub-heads of receipts under " Civil Works " were as under:—

	1929-30	1930-31
1. Ferry receipts	2,173	2,317
2. Tolls „	1,19,374	1,59,612

7. Other Miscellaneous Receipts	...	619
8. School Board Adjustment of current and special repair works.	17351	6179
Total...	1,95,012	2,25,680

10. The heads which showed increase under receipts were as under:—

(a) Educational Receipts Rs. 4,773. The increase was due to more receipts of grant from the Kolhapur Government for primary education and to the grant from Wadgaon Municipality for primary education.

- (b) Civil works Rs. 30,668. The increase was due to increased realisation of toll amounts and ferry receipts.
- (c) Provident Fund Rs. 1,432. The Provident Fund has been started during the year and hence there was an increase.
- (d) Advances, Deposits and Investments Rs. 6,641. The increase was mainly due to the withdrawals from the Bank of Kolhapur for expenditure incurred on behalf of Ilakha Panchayat.

11. The main heads which showed decrease under receipts were:—

- (a) Interest Rs. 1,725. The decrease was due to less collection of interest which was due from toll contractors.
- (b) Devasthan Rs. 21,366. The decrease was nominal because the amount given for Shahuwadi water work in the year 1928-29 was recovered from the Kolhapur Government in 1929-30.

Expenditure.

12. The following statement shows the expenditure incurred by the Ilakha Panchayat during the year under report:—

No.	Head.	Expenditure During.		Increase.	Decrease.	Remarks.
		1929-30	1930-31			
1	Refunds	1535	4774	3239	...

	Total..	1301549	1266689	17212	52071	

13. The total expenditure amounted to Rs. 12,66,689 against Rs. 13,01,549 showing a net decrease of Rs. 34,860.

14. The heads which showed increase under expenditure were as under:—

- (a) REFUND:—The increase of Rs. 3,239 under this head was mainly due to the expenditure debited by the Kolhapur Government to the extent of Rs. 3,148.
- (b) GENERAL ADMINISTRATION:—The increase of Rs. 1,774 under this head was mainly due to (1) the promotions of Chief Officer, Accountant and Head Clerk and some clerks (2) due to the appointments made during privilege leaves of Chief Officer, Accountant and some clerks (3) and due to the increase of allowances to Chief Officer. The increase was also due to the greater amounts than those of the last year of travelling allowance paid to the members of Ilakha Panchayat and Taluka Panchayats for inspection of works and for duties done as work member.
- (c) Pension contribution and Provident fund Rs. 957. The increase was mainly on account of increased amount paid to the Kolhapur Government for pension contribution of the Chief Officer and also on account of amount paid for provident fund of Ilakha Panchayat servants, as this system is actually introduced during this year.
- (d) Debt account, Advances, Deposits and Investments Rs. 11,241. The increase is mainly due to the investment of greater amounts in the Bank of Kolhapur on account of receipts of instalments of tolls, deposits, miscellaneous receipts etc. in the Ilakha Panchayat Office, Kolhapur.

15. The heads which showed decrease under expenditure were as under:—

- (a) EDUCATION:—The decrease of Rs. 357 was mainly due to the non-execution of work of special repairs of school buildings even not equal to the comparatively less work of the same executed last year.

(b) **MEDICAL:**—The expenditure under this head has decreased from Rs. 34,598 to Rs. 34,501. Total decrease of Rs. 197 is accounted for in the following table:—

	1929-30	1930-31
1. Dispensaries Medical	19,535	15,655
2. Vaccination	6,565	7,513
3. Leper Asylum	5,082	5,854
4. Miscellaneous and Veterinary Expenditure (from medical unforeseen)	516	479
5. Contribution to the Kolhapur Government for Sir Claud Hill Sanatorium	3,000	3,000
6. Contribution for the sanatorium at Miraj and the Female Mission Hospital at Kolhapur	0	2,000
	-----	-----
Total...	34,698	34,501

The decrease under medical dispensaries even to the extent of Rs. 3880 is due to the debiting of the amount of pay of S. A. Surgeon at Shirol to the advance account and also due to the less amount of expenditure incurred by almost all the dispensaries compared with that of last year especially on account of the less expenditure incurred by Wadgaon, Gadhinglaj, Bhudargad, Raibag and Katkol dispensaries.

The increase under Vaccination is mainly due to the additional amount paid for Lymph on account of increase of rate. Besides, Rs. 2000 were paid as contribution to the sanatorium at Miraj and the Female Mission Hospital at Kolhapur and Rs. 479 were spent by I. P. K. for Veterinary purposes during the year under report from medical unforeseen.

- (c) ORGANISER VILLAGE PANCHAYAT I. P. K. Rs. 12,141. Firstly the amount provided for this head, for the year under report was less by Rs. 5,428 on account of special provision made in the Budget of 1929-30 of Ilakha Panchayat Kolhapur for that year only for medicines to the same extent. This year Rs. 12000 were provided for but as this department was transferred in Sept. 1930 to Ilakha Panchayat Kolhapur again and, as further much time was lost in making all the preliminary arrangements regarding appointment of Village Panchayat and Sanitary Committee etc., expenditure incurred during the year was naturally less compared with that of the last year. However, it is expected that full attention will be paid to this during next year by the Village Panchayat and Sanitary Committee as there is full scope left before it now.
- (d) CIVIL WORKS Rs. 12,243. The works executed during the year was more compared with that of the last year. But this item showed a decrease because the work of special repairs and current repairs of Kolhapur Bajar-Bhogaon Road via Kale was transferred to the Executive Engineer Kolhapur. The amount Rs. 23000 being advanced to him, the amount will be adjusted after accounts are received from him.
- (e) DEVASTHAN:—There was a decrease of Rs. 23,919 under this head because majority of Devasthan special repair works could not be finished on account of want of completion of the work of estimates of the same. Especially the Taluka Panchayats Panhala, Shirol, Bhudargad, Raibag and Katkol did not do much work at all.

16. The following statement shows the expenditure incurred on Devasthan as under:—

Audit.

17. The accounts for the year 1928-29, 1929-30, of Ilakha Panchayat, Taluka Panchayats and School Board have been audited by the Chief Audit Officer and the audit found no serious irregularities. The accounts for the year under report have not yet been audited by the Chief Audit Officer.

Civil Works.

18. BUILDINGS:—The expenditure on the works of special repairs and of original works, of schools, dispensaries and other buildings amounted to Rs. 11,281 and that of current repairs amounted to Rs. 6,030, the important buildings completed being; (1) Chavadi works at Chandur, Hunbarwadi and Gangapur (2) Schools at Gokulshirgaon, Vadgaon and Pattankodoli (3) Dispensary and other medical

buildings at Raibag (4) works of special repairs of Ghodetakki Buruj and Teen-Darwaja at Panhala. The works of special repairs of Chavadis at Karveer, Beed, and Mudshingi are under construction.

19. COMMUNICATIONS:—The expenditure on special repairs and and current repairs of roads amounted to Rs. 70,425 and Rs. 69,103 respectively. The expenditure incurred on important Roads during the year is as under:—

No.	Names of Roads.	Sp. Rep.	C. Rep.	Total.
1.	Nipani Phonda Road	8,992	9,643	18,635

Ferries.

22. The new Ferry boats at Danwad and Harali were supplied at a total cost of Rs. 1156 and Rs. 1398 respectively.

Special repairs to Uadgaon Dharmashala were also made.

Other Public Improvements.

23. **WATER SUPPLY.** Special repairs to Panhala Redheghat well and Andharbavadi well were completed.

24. The total expenditure incurred on “Civil Works” is shown in Appendix XIX.

Medical.

25. The number of lepers at the beginning and close of the year was 74 and 85 respectively. The number of lepers newly admitted was 11. The total number of lepers from Jahagirs was 22. The total expenditure amounted to Rs. 5,854 as against 5,082 of the last year.

26. The number of out-door and in-door patients treated in the dispensaries was 93,841 and 305 as against 1,02,449 and 346 respectively while the number of operation cases performed was 1,020 as against 1,169 of the last year. The expenditure came to Rs. 15,755 of which Rs. 2,298 were spent on purchasing medicines.

27. The number of primary and re-vaccinations performed during the year was 15,506 and 1,030 as against 15,161 and 2,475 of the last year respectively. The expenditure came to Rs. 7,513 of which Rs. 2,084 were spent in purchasing lymph.

Grants.

28. A sum of Rs. 5,000 was sanctioned as grant to Mr. Sitaram Sayajirao Patil for his higher Veterinary course in England and Rs. 2,000 were sanctioned for the sanatorium at Miraj and the Female Mission Hospital at Kolhapur.

Village Panchayat & Public Health Committee.

29. The management of the Village Panchayats, prior to the year under report, was under the Diwan and it was transferred to the Ilakha Panchayat in the month of September 1930.

30. The Ilakha Panchayat has appointed the Village Panchayat and Public Health Committee of seven members Working of the V. P. and P. H. Committee. in 1930 for the management of the Village Panchayats in the State. The Committee then sanctioned the budgets of almost all the panchayats. Budgets of two Village Panchayats *i. e.* Majale and Pishwi were already sanctioned by the Diwan.

31. During the year under report four new village Panchayats were established thus bringing the total number to 76 at the close of the year.

32. The first triennial period of the village Panchayats expired this year. Elections for the first triennial period are yet to be held in some Talukas. The attention of the Revenue Officers is already drawn by the Ilakha Panchayat to hold elections wherever necessary. It is only three years that Village Panchayats are started in the State and they are yet in a state of infancy. With all this, looking to the number of meetings held by them, their conducting those meetings and writing proceedings etc. it can be definitely said that many Village Panchayats show an increased activity. The Village Panchayat Organiser is directed to pay particular attention to the proper working of the Panchayats.

33. When the the management of the Village Panchayats was under the Diwan, a Committee consisting of (1) Meh. Secretaries Training Class. S. G. Dabholkar (Chairman) (2) Raosaheb R. G. Shinde (3) Raosaheb R. P. Nikam (4) Meh. R. N. Rajadnya and Dr. V. C. Bhide (Secretary) was appointed to give training to the Secretaries of village Panchayats. The Committee held a training class for a week from 6-10-1930 to 11-10-1930 and gave instructions to the candidates in all the subjects concerning Village Panchayats. In the examination 26 candidates came out successful out of 35 that appeared and certificates were given to the successful candidates. The Organiser, while on tour, has advised Village Panchayats to employ these trained men as their secretaries. It is hoped that this will go a little way ahead to improve the working of Village Panchayats with the help of these trained men as their secretaries. This class has been an outstanding feature in the working of the village Panchayats in the year.

34. The Organiser during the year under report has visited 51 Village Panchayats, out of which 41 were inspected and the rest were visited for sanitary and anti-epide-

mic work. The Chairman of the Village Panchayats and Public Health Committee also inspected some Village Panchayats in order to see their working personally. This year the Home Minister and the President of Ilakha Panchayat visited and carefully inspected a number of Village Panchayats while on tour. This has really given a good deal of encouragement to workers in the cause of Village Panchayats. As this was the first working year of the Village Panchayat and Public Health Committee, it took some time to arrange for inspection work, office work etc. So the inspection work of the Organiser is of five months only *i. e.* from January 1931 onwards. In addition to the inspection work circulars were issued to the Village Panchayats, the most important being about the preparation of budget and the other about keeping the cash balance of Panchayats in the Postal Savings Bank as Public account. The Organiser will be able to inspect all the Panchayats next year. On the whole the inspection work has been done fairly satisfactorily. The Village Panchayat Organiser, even though trained in a technical line like medicine, has undertaken the inspection of the working of Village Panchayats and is carrying it out gradually efficiently.

35. The Organiser inspected seven Taluka dispensaries *viz.* (1) Gadhinglaj (2) Wadgaon (3) Shirol (4) Raibag (5) Radhanagari (6) Gargoti (7) Panhala. The number of antiplague and anticholera inoculations done during the year by the Organiser personally is 1,025 in the 15 affected villages. The Organiser visited some village schools also and gave instructions to school boys regarding personal Hygiene and advised the guardians about correcting physical deformities in boys wherever necessary. Cholera Vaccine was supplied to Panhala, Radhanagari, Vadgaon and Raibag dispensaries for inoculation in affected villages. The total number of inoculations done by the Sub-Asst-Surgeons is 381. A magic lantern and slides on personal hygiene, epidemic diseases, etc, have been bought for Rs. 654 by the end of the year. This will be of great use to carry intensive propaganda next year.

36. The expenditure incurred on the Organiser Village Panchayat was as under:—

Medicines..	...	...	...	...	Rs.	740
Propaganda work	...	...	...	...	,,	1,021
Organiser Establishment pay...	...	...	...	...	,,	1,592

Total Rs.						5,287

Veterinary Work.

37. The Ilakha Panchayat has engaged one Veterinary doctor who visited nine villages affected by epidemic diseases in cattle and inoculated against them. The total number of inoculations done by him is 1700. The rural population will surely be glad to know that they can get Veterinary aid from the Ilakha Panchayat. So far Veterinary aid was available in Kolhapur City only.

General Remarks.

38. The average attendance at the meetings of the General Body, the number of Standing Committee meetings held and the number of subjects decided, evince the growing keen interest that is being taken by the members in the administration of the Panchayat. All the Committees gave very valuable help and advice to the General Body in the disposal of the difficult questions.

Important Events.

39. The Ilakha Panchayat passed a resolution congratulating His Highness on being the recipient of the G. C. S. I. in the new year's Honours list.

40. His Highness paid a visit to Pattankudi Village on the occasion of the opening ceremony of the A. V. School there, when His

Highness was presented with an address of welcome by the Village Panchayat.

PRIMARY EDUCATION.

41. The Shikshan Mandal held its meeting once a month except during the period of four months from August to the end of November 1930 in which the meeting could not be held on account of the delay of the new election of the School Board. From 1st April 1930 to the end of March 1931 the Shikashan Mandal (School Board) held 14 general meetings of which 3 had to be adjourned for want of quorum.

Primary Boys Schools.

42. The following table gives the number of schools and the students attending them.

	No. of Schools	Boys	Girls	Total
School Board schools	483	25,399	672	26,071
Aided schools	26	967	100	1,067
Unaided	1	14	0	14
Total	510	26,380	772	27,152

43. This year five new schools have been opened and the number of students has increased by 1029 over that of the last year. The expenditure incurred on boys primary education amounted to Rs. 1,61,119.

Female Education.

Agricultural Education.

52. There are two Agricultural bias classes at Radhanagari and Shirol. Students are taking advantage of these classes.

The Training College.

53. In order to train all the remaining unqualified teachers a class of Preparatory course of six months was opened. 69 students were attending the course. The expenditure incurred amounted to Rs. 8,412.

Patil Talathi Class.

54. There were 4 students attending this class which is attached to the Training College. The total amount of expenditure is Rs. 564.

The Scouting.

55. The Educational Officer and Dist. Scout Master Raosaheb D. R. Bhonsale with the help of the Scout Organizer Mr. D. B. Patil has opened a special class of a scout camp of 10 days to train all the teachers of the preparatory course, at Panhala. The school Board generously granted a help of Rs. 63 to the Scout Association Kolhapur, to organise the camp.

Inspection of Schools.

In addition to the usual inspection of schools by the Deputy Educational Inspectors and the Educational Officer, the Chairman and Members of the Board also inspected schools.

General Remarks of the School Board.

57. The number of students considerably increased over that of the last year. Unfortunately, however, owing to the plague epidemic in many of the villages, the percentage of attendance of students diminished considerably. The number of schools and teachers also increased this year. On the whole, it is gratifying to note that there are signs of progress in primary education and that the School Board is sparing no pains to improve the department that has been entrusted to its care.

Municipalities.

58. The Kolhapur Municipal Act of 1925 based on the latest Municipal legislation in British India was introduced in the State proper in 1925. This measure started a new era in the civic life of the town population who now enjoy all the rights and benefits of Local Self-Government, as do the people in British India.

59. The number of Municipalities was the same as in the last year *viz.* 13 of which 8 were in the State proper and 5 in the Feudatory Jahagirs. The total income of all these Municipalities was Rs. 4,49,005 against Rs. 4,07,943 of the last year and the total expenditure was Rs. 4,40,575 against Rs. 3,97,978 of the last year. The closing balance on 31st March 1931 was Rs. 1,41,580. Of all the municipalities in the State, the Kolhapur City Municipality is the most important.

64. The year opened with a balance of Rs. 51,102. The gross income during the year under report amounted to Rs. 3,58,852 thus making a total of Rs. 4,09,954 against Rs. 3,40,877 of the last year.

Comments on important Items.

65. House tax being revised, there is an increase in item No. 1.

66. In the year under report the tax on vehicles has been increased and hence there is an increase in item No. 3.

67. Increase in item No. 6 is due to the collection of arrears.

68. The rates of the manures prepared by chemical process being reduced the Municipality was also compelled to decrease the rates of the night-soil manure and hence there is a decrease in income of item No. 7.

69. Amounts of bills of street electric lights, road repairs, drainage works, rent survey were credited to deposit accounts in order that the budget provision may not lapse; so also advances previously given to contractors and others were recovered and hence the increase in item No. 10.

70. The following table shows the expenditure during the year 1930-31 of the Kolhapur Municipality as compared with that of the previous year.

Serial No.	Name of item.	1929-30.	1930-31.	Increase.	Decrease.

	Total.	289775	344439	72324	17660

71. The increase in item No. 1 is due to the expenses incurred on Census of 1931.

72. Street electric light bills of the last year were paid this year and hence the increase in item No. 2.

73. Four urinals (1) near Town Hall (2) near Bazar gate (3) near Ferris Market (4) near Old Palace were built in this year. Public latrines were newly built at Varunteerth Vesh. All public latrines in the city were repaired and white washed. New posts of Sanitary and Market Inspectors were created and hence the increase in item No. 3.

74. Construction of drainage in various parts of the city, railing to Raviwar Jiti Nala Bridge increased the expenditure in item No. 4.

75. Arrears of grant to primary education were paid last year and hence the decrease in item No. 5 this year.

76. The decrease in item No. 6 is due to the ordinary fluctuations in the business.

77. Last year the municipality spent much for taking preventive measures against plague. No special measures against any epidemic required expenditure this year, and hence the decrease in item No. 7.

78. The balance at the close of the year under report is Rs. 65,515 as against Rs. 51,102 of the last year, out of these:—

Rs.

780 are in municipal treasury.
