THE YEARBOOK OF THE UNIVERSITIES OF THE COMMONWEALTH

1952

FIRST PUBLISHED 1914
TWENTY-NINTH ISSUE

PUBLISHED FOR
THE ASSOCIATION OF UNIVERSITIES
OF THE BRITISH COMMONWEALTH

BY

G. BELL AND SONS, LTD
LONDON

1952

THE OFFICE OF THE ASSOCIATION OF UNIVERSITIES OF THE BRITISH COMMONWEALTH IS SITUATED AT 5 GORDON SQUARE, LONDON, W.C.1 (CLOSE TO THE UNIVERSITY OF LONDON SENATE HOUSE AND UNIVERSITY COLLEGE).

The Executive Council of the Association welcomes members of staff of any member Commonwealth University visiting London, and wishes to place at their disposal the facilities of the Association's office, which include a Common Room, the use of a Committee Room for interviews, etc. Overseas visitors are especially requested to register their names and addresses with the Secretary, who circulates regularly to interested bodies in the United Kingdom lists of academic visitors, and who will on request receive the mail of such travellers and readdress it as required.

PREFACE

THE *Yearbook* has appeared regularly since its first publication in 1914 except for a break due to wartime conditions in 1942-46. It was instituted to meet the demand for something less unwieldy than a shelf of the Calendars and Handbooks of the separate Universities as a prime source of information about their personnel, organization, regulations, and recent activities, but it has now established itself as a standard work of reference on both general and special academic questions for the countries of the Commonwealth. The increase in the number of Universities and University Colleges, the multiplication of contacts facilitated by the ease of modern travel, and the development of intra-Commonwealth relations have made a single, comprehensive reference book a necessity, not only for Universities and Colleges, but also for Government departments, business houses, clubs, schools, libraries, and the public generally. It must be understood, however that this work cannot contain the same amount of detail about any particular University that is to be found in its own official publications, which remain the only authentic statement of its regulations and practice.

The *Yearbook* has also become the principal publication of the Association of Universities of the British Commonwealth and is an important sign of the community of interest and ideas that permeates the diversity of the autonomous institutions of higher education in the countries of the Commonwealth. In it will be found entries for all Commonwealth University institutions of good standing and not merely for the member institutions of the Association (distinguished in this edition by asterisked headings; see also pp. xxviii-xxxi). The entries consist of staff directories (comprising in the aggregate approximately 25,000 names), general information, and reports of events of outstanding interest which have occurred in the previous academic year. In addition, for each separate country or group of countries there is an introductory chapter on the history, regulations, and practice of its Universities generally, and the compilation ends with a set of appendices dealing with a number of special topics such as admission to a first degree course in United Kingdom Universities, certain postgraduate awards, statistics relating to overseas students at United Kingdom Universities, and Anglo-American academic relations. A special appendix contains full entries for the Universities of the Republic of Ireland which, though no longer within the Commonwealth, remain in friendly association with its academic activities. A general subject index is provided, as well as a complete index—which is believed to have a unique value—of names of University teachers and other officers for the whole Commonwealth.

This edition of the *Yearbook* is the largest ever published. The "General Information" sections of most University entries have been expanded; and four new appendices added which cover United Kingdom degree abbreviations, Commonwealth studies in the United Kingdom,

international University organizations, and a select bibliography of books on University topics. An introductory chapter to the Colonial pages of the book has been prepared by the Secretary of the Inter-University Council for Higher Education in the Colonies. The former Rhodes University College appears in this issue as Rhodes University, and the entry for Potchefstroom University for Christian Higher Education replaces that of the University College of the same name. Included for the first time are entries for two additional institutions recognized by the National Conference of Canadian Universities, viz. Carleton College and the Royal Military College of Canada; for the new Indian Universities of Gujarat, Karnatak, and Roorkee; and for the new University of Peshawar in Pakistan. Other institutions, which have been newly created as Universities or whose University status has been recognized since the contents of this edition were planned, will be considered for inclusion in the 1953 volume.

Present-day publishing conditions unfortunately require that the preparation of the material for an annual work of reference should be put in hand almost a year before it appears in print. This means that a portion of the facts contained in the *Yearbook* is inevitably out of date by the time of publication, but in this edition for the first time an indication is given in the heading of each University's entry of the date at which the information below was finally compiled.

The staff directory shows after every name each degree held and the University by which it was granted (except in the case of one awarded by the University upon whose staff the teacher is serving, when it is placed last of his degrees without the University being indicated). For reasons of space, titles other than degrees have had to be omitted, with the exception of honours conferred by the Crown, or the head of a foreign government, and of certain fellowships (*see* list at page x).

Each entry is based on information supplied for this edition by the appropriate Registrar or Secretary, and the Executive Council of the Association desires to acknowledge the assistance given by Universities and University Colleges as well as other Institutions and Government departments in the preparation of the *Yearbook*. Every care has been taken to ensure that the information is correct but the Association does not accept responsibility for any omissions or inaccuracies that it may contain.

LIST OF ABBREVIATIONS USED

(for orders, decorations, and qualifications other than University degrees, diplomas, and certificates, in connexion with which *see* Appendix V, p. 1444).

Note—For reasons of space, non-University distinctions are omitted in the Staff lists, with the exception of honours conferred by the Crown or by the head of a foreign government, and of certain Fellowships of learned bodies as set out in this list. No disparagement is, of course, intended of professional or other non-academic qualifications which cannot be included in this work.

The abbreviations used are not in all cases those adopted by the body concerned, *e.g.* F.I.P. is used instead of F.Inst.P.

THE ASSOCIATION OF UNIVERSITIES OF THE BRITISH COMMONWEALTH

At the final meeting of the Congress of 1912 the delegates resolved that steps be taken for the formation in London of a Bureau of Information for the Universities of the Empire. In the spring of 1919 the Government offered a non-recurrent grant of £5000 to enable the Committee to secure and furnish premises suitable for the wide activities which the Bureau had developed, on condition that the Universities of the Empire undertook to provide funds adequate to its maintenance, and the Bureau was incorporated under licence of the Board of Trade. The Committee thereupon purchased the lease of No. 50 Russell Square. In 1930 the lease of these premises was sold and new offices were built at 88A Gower Street (in Torrington Place), W.C.1, on a site the lease of which was taken from the University of London. At the Fourth Quinquennial Congress of Universities of the Empire, held in Edinburgh in July 1931—the Second having been held at Oxford in 1921 and the Third at Cambridge in 1926—new Articles of Association for the re-organization of the Bureau were considered by the delegates of the 69 Universities represented, and, subject to certain amendments, approved. The Articles were submitted in Sept. 1931 to the Board of Trade, which accorded its approval, subject to the deletion from Article 3 of the following proviso : “ Provided that the powers of the Association shall not be exercised in any such way as to purport to restrict the powers and duties exercised by the constituent members under the several charters, statutes, regulations and other instruments of their self-government.”

The Articles were approved at an Extraordinary General Meeting of the Association, held on Sept. 24, 1932. At the same Meeting, the Association expressed its adherence to the principles of policy stated in this proviso.

At Extraordinary Meetings of the Association, held in Cambridge on July 14, 1936 (during the Fifth Congress), and in London on Jan. 12, 1940, minor amendments of Schedule A were approved. Further minor alterations in Schedule A, as well as certain changes in the Articles of Association, were made at Extraordinary General Meetings held during the Sixth Congress at Oxford in July 1948 and in London in Jan. 1949. As a result of a Special Resolution at the meeting at Oxford the name of the Association was changed from “ The Universities Bureau of the British Empire ” to “ The Association of Universities of the British Commonwealth.” The Memorandum and Articles of Association immediately follow.

MEMORANDUM AND ARTICLES OF ASSOCIATION OF THE ASSOCIATION OF UNIVERSITIES OF THE BRITISH COMMONWEALTH

(The word " Limited " being omitted by Licence of the Board of Trade)

MEMORANDUM OF ASSOCIATION

1. The name of the Association is " THE ASSOCIATION OF UNIVERSITIES OF THE BRITISH COMMONWEALTH."
2. The registered office of the Association will be situate in England.
3. The objects for which the Association is established are :
 - (1) To take over and accept by way of gift or otherwise such of the assets and property of the unincorporated Universities Bureau of the British Empire, established in 1912, as the Association may lawfully acquire and to carry on and continue the undertaking and activities of the said Bureau.
 - (2) To collect and distribute information from time to time on matters of interest to the Universities of the British Empire.
 - (3) To arrange conferences and congresses and otherwise to facilitate communication and the interchange of information between the said Universities and between them and the Governments and other public bodies and learned institutions and societies of the British Empire and the Governments, Universities and other bodies of foreign countries.
 - (4) To facilitate the interchange of students and teachers between the said Universities and between them and the Universities of foreign countries.
 - (5) To establish and maintain a central office in London which shall serve, amongst other things, as a secretariat for the standing Committee of Vice-Chancellors and Principals of Universities in the United Kingdom and for any other Committees which the Universities may from time to time appoint.
 - (6) To establish and maintain offices in any other parts of the United Kingdom or in any state, colony, or dependency of the British Empire or in any foreign country or state, to form centres and secretariats for the work and activities of the Association.
 - (7) To print, publish and circulate handbooks, periodicals, circulars, leaflets and other publications with a view to making known and to furnishing and disseminating information about and encouraging interest in the objects, work and activities of the Association in any part of the world, and generally in connexion with the carrying out of its objects.

- (8) To invite and collect subscriptions and donations to the funds of the Association by any lawful means.
- (9) To co-operate with other associations having similar objects with a view to the promotion of the objects of this Association.
- (10) To make, accept, endorse, discount and execute promissory notes, bills of exchange and other negotiable instruments.
- (11) To invest the moneys of the Association not immediately required for the purposes of the Association in or upon such securities and in such manner as may from time to time be deemed expedient, provided that moneys subject or representing property subject to the jurisdiction of the Charity Commissioners or Board of Education shall not be invested except in such securities and with such sanction (if any) as may for the time being be required by law.
- (12) To borrow or raise money for the purposes of or in connexion with the Association's objects and to secure the same by mortgage or charge of any property of the Association or by the issue of debentures or debenture stock, charged on its undertaking or otherwise, or in any other manner as may be deemed expedient.
- (13) To do all such other things as may be thought calculated to promote the interests and well-being of the Universities of the British Empire or any of them.
- (14) To do all such other things as may be incidental or conducive to the attainment of the above objects or any of them.

Provided that the Association shall not support with its funds any object or endeavour to impose on or procure to be observed by its Members or others any regulation, restriction or condition which if an object of the Association would make it a Trade Union.

Provided also that in case the Association shall take or hold any property subject to the jurisdiction of the Charity Commissioners or Board of Education for England and Wales, the Association shall not sell, mortgage, charge or lease the same without such authority, approval or consent as may be required by law, and as regards any such property the Managers or Trustees of the Association shall be chargeable for such property as may come into their hands, and shall be answerable and accountable for their own acts, receipts, neglects and defaults, and for the due administration of such property in the same manner and to the same extent as they would as such Managers or Trustees have been if no incorporation had been effected; and the incorporation of the Association shall not diminish or impair any control or authority exercisable by the Chancery Division, the Charity Commissioners or the Board of Education over such Managers or Trustees, but they shall, as regards any such property, be subject jointly and separately to such control or authority as if the Association were not incorporated. In case the Association shall take or hold any property which may be subject to any trusts, the Association shall only deal with the same in such manner as allowed by law having regard to such trusts.

4. The income and property of the Association, whencesoever derived, shall be applied solely towards the promotion of the objects of the Association as set forth in this Memorandum of Association ; and no portion thereof shall be paid or transferred directly or indirectly by way of dividend, bonus, or otherwise howsoever by way of profit, to the Members of the Association.

Provided that nothing herein shall prevent the payment, in good faith, of reasonable and proper remuneration to any officer or servant of the Association, or to any Member of the Association, in return for any services actually rendered to the Association, nor prevent the payment of interest at a rate not exceeding 5 per cent per annum on money lent or reasonable and proper rent for premises demised or let by any Member to the Association ; but so that no Member of the Executive Committee or Governing Body of the Association shall be appointed to any salaried office of the Association, or any office of the Association paid by fees, and that no remuneration or other benefit in money or money's worth shall be given by the Association to any Member of such Committee or Governing Body except repayment of out-of-pocket expenses and interest at the rate aforesaid on money lent or reasonable and proper rent for premises demised or let to the Association : Provided that the provision last aforesaid shall not apply to any payment to any railway, gas, electric lighting, water, cable or telephone company of which a Member of the Executive Committee or Governing Body may be a Member or any other company in which such Member shall not hold more than one-hundredth part of the capital, and such Member shall not be bound to account for any share of profits he may receive in respect of any such payment.

5. No addition, alteration or amendment shall be made to or in the regulations contained in the Articles of Association for the time being in force, unless the same shall have been previously submitted to and approved by the Board of Trade.

6. The 3rd and 4th Paragraphs of this Memorandum contain conditions on which a licence is granted by the Board of Trade to the Association in pursuance of Section 20 of the Companies (Consolidation) Act, 1908.

7. The liability of the Members is limited.

8. Every Member of the Association undertakes to contribute to the assets of the Association, in the event of the same being wound up during the time that he is a Member, or within one year afterwards, for payment of the debts and liabilities of the Association contracted before the time at which he ceases to be a Member, and of the costs, charges and expenses of winding up the same, and for the adjustment of the rights of the contributories amongst themselves, such amount as may be required not exceeding One Pound.

9. If upon the winding up or dissolution of the Association there remains, after the satisfaction of all its debts and liabilities, any property whatsoever, the same shall not be paid to or distributed among the Members of the Association, but shall be given or transferred to some other institution or institutions having objects similar to the objects of the Association, and which shall prohibit the distribution of

its or their income and property amongst its or their Members to an extent at least as great as is imposed on the Association under or by virtue of Clause 4 hereof, such institution or institutions to be determined by the Members of the Association at or before the time of dissolution, or in default thereof by such Judge of the High Court of Justice as may have or acquire jurisdiction in the matter, and if and so far as effect cannot be given to the aforesaid provision then to some charitable object.

10. True accounts shall be kept of the sums of money received and expended by the Association, and the matter in respect of which such receipts and expenditure take place, and of the property, credits and liabilities of the Association; and, subject to any reasonable restrictions as to the time and manner of inspecting the same that may be imposed in accordance with the regulations of the Association for the time being, shall be open to the inspection of the Members. Once at least in every year the accounts of the Association shall be examined and the correctness of the balance-sheet ascertained by one or more properly qualified Auditor or Auditors.

ARTICLES OF ASSOCIATION

PRELIMINARY

1. The number of the Members of the Association is declared not to exceed 100, but the Council may at any time register an increase in the number of the Members.

2. These Articles shall be construed with reference to the provisions of the Companies Act, 1929, and terms used in these Articles shall be taken as having the same respective meanings as they have when used in that Act.

3. The Association is established for the purposes expressed in the Memorandum of Association.

MEMBERSHIP

4. The Members of the Association shall consist of corporate bodies with the following status:

- (a) *Ordinary Members* who shall be (i.) such of the Universities specified in Schedule A attached to these Articles as sign the undertaking required by Article 5, and (ii.) such Universities situate within the British Empire, which may be hereafter incorporated, as are admitted members by the Council in accordance with such regulations as may be framed by the Council in this behalf.
- (b) *Associate Members* who shall be such Universities in mandated territories and such other institutions being University Colleges or Colleges of Universities within the Empire (being corporate bodies), as may hereafter be admitted members by the Council under such conditions of membership as may be prescribed by the Council in this behalf.
- (c) *Such other classes of members* (consisting of corporate bodies) as may from time to time be admitted by the Council under such conditions of membership as may be prescribed by the Council in this behalf.

5. Every Member shall sign an undertaking in such form as the Council may require to observe and perform all the conditions and provisions of the regulations of the Association for the time being in force, and thereupon the name of such Member shall be entered in the register of Members of the Association.

6. Ordinary Members shall have full rights of membership. Other Members shall be entitled to such of the privileges and benefits of the Association as may be assigned to them from time to time by the Council.

7. Every Member shall nominate a person to act as its representative, provided that if it has an officer such as Principal, President or Vice-Chancellor, whom it recognizes as its executive head, it shall appoint him. Such nomination shall be in writing and shall be deposited at the registered office of the Association. Such representative shall have the right on behalf of the Member to exercise all such rights of membership as may have been assigned to such Member by these Articles or by Regulations framed by the Council. A Member may from time to time in writing revoke the nomination of such representative, and nominate another representative in his place. If a representative being the executive head of a Member ceases to hold the office by virtue of which he was nominated he shall cease to be the representative and the Member shall nominate his successor in such office as its representative.

7a. The representative of any Member may nominate in writing deposited with the Secretary a deputy to act for him during any period for which he gives notice in such writing that he will be absent from the United Kingdom; during such period for the purposes of these Articles any deputy so nominated shall be entitled to act as if he were the representative, and the Association shall be entitled to treat him as the representative, and anything done or suffered by him shall be deemed to have been done or suffered by the representative, whether (should the representative be at the time one of the persons appointed to the Executive Council) in relation to the business of the Executive Council or otherwise.

8. Any Member may withdraw from the Association by giving notice in writing to the Secretary before the expiration of any financial year, and on paying with such notice any unpaid subscription for the current year. Thereupon such Member shall be deemed to have ceased to be a Member from the date of the expiration of such financial year.

9. Upon the retirement of any Member by notice as stated in Article 8 the Member shall not be entitled to any repayment of any subscription or any part thereof paid for the current year.

10. The rights of any Member shall not be transferable and shall cease upon the Member failing to pay the annual subscription within twelve months of its becoming due. Any such Member may be readmitted to membership upon payment of the subscription for the year during which its membership lapsed.

DUTIES OF MEMBERS

11. Every Member of the Association shall be bound—

- (a) To pay to the Association such minimum annual subscriptions for the various classes of members as may be fixed by the Associa-

tion at its first General Meeting after the adoption of these Articles, and as may subsequently be fixed from time to time at Extraordinary Meetings held during the progress of Quinquennial Congresses, under the provisions of Article 35.

- (b) To observe the provisions of these presents and of the Memorandum of Association and all the bye-laws, rules and regulations of the Association for the time being in force.

COUNCIL OF THE ASSOCIATION

12. The Executive of the Association shall be a Council consisting of 16 persons chosen from among the representatives of Members so that Members of the classes specified in the second column of the following table and situate in each of the countries or groups of countries mentioned in the first column shall together be entitled to nominate the number of representatives respectively shown in the third column.

<i>Members within—</i>	<i>Class of Member</i>	<i>No. of Representatives</i>
Great Britain and Ireland	Ordinary	4
Canada	Ordinary	2
Australia	Ordinary	2
New Zealand	Ordinary	1
South Africa	Ordinary	2
India and Ceylon	Ordinary	2
Pakistan	Ordinary	1
Other Parts of the Commonwealth	Ordinary and Associate	2

13. (a) The nominations required by Article 12 shall be made by such inter-University organizations as the Council shall by regulation declare to be appropriate to the said countries or groups of countries.

(b) The Association in General Meeting shall appoint the representatives so nominated to be Members of the Council until the next General Meeting, when they shall be eligible for renomination and reappointment. If there shall be less than 16 nominations then the General Meeting shall appoint sufficient representatives to be Members of the Council to complete that number having regard to the proportions set out in Article 12.

14. The office of a Member of the Council shall *ipso facto* be vacated if his appointment as a representative of a Member is withdrawn by the Member appointing him, or if the Corporation appointing him ceases to be a Member of the Association.

15. Casual vacancies shall be filled by the Council from amongst the representatives nominated by Ordinary Members under the provisions of Article 7. The person so appointed shall hold office until the Annual Meeting next after his appointment, but he shall then be eligible for re-election if nominated in accordance with the terms of Article 13.

16. No act or resolution of the Council shall be invalidated by reason

of the existence of any vacancy or vacancies among Members of the Council, but if the number of Members of the Council shall be reduced below 13 the continuing Members may act for the purpose only of filling vacancies or summoning a General Meeting of the Association.

17. The Council shall manage and control all matters relating to the management and organization of the Association and may exercise all such powers of the Association as are not by the Companies Act, 1929, or by these Articles required to be exercised by the Association in General Meeting, subject nevertheless to any regulation of these Articles, to the provisions of the said Act, and to such regulations being not inconsistent with the aforesaid regulations or provisions, as may be prescribed by the Association in General Meeting; but no regulation made by the Association in General Meeting shall invalidate any prior act of the Council which would have been valid if that regulation had not been made.

18. The Council may appoint, in consultation with the appropriate groups of Universities, special Committees to study and report on questions of interest to the Universities in more than one region of the Empire and shall provide the necessary secretarial assistance for such Committees, but if such assistance involves exceptional expenditure, they may make it a condition of providing such assistance that a special subvention be made by the Universities concerned.

19. The Council shall study and report on, either by means of special Committees or otherwise as may be appropriate in each case, any questions referred to them by any Conference or Congress of Universities, but if exceptional expenditure is involved they may make it a condition of undertaking the inquiry that a special subvention be made by the Universities concerned.

20. The Council may elect a Chairman of their meetings and determine the period for which he is to hold office, but if no such Chairman is elected, or if he should not be present at the commencement of any meeting of the Council, the members of the Council shall select a Chairman from those present for that meeting.

21. The Chairman of the Council may at any time, and the Secretary upon the request of six Members of the Council shall, convene a meeting of the Council. In the case of a meeting convened at the request of six Members the notice of meeting shall state the character of the business to be discussed, and only business of which notice shall have been so given shall be discussed at that meeting. Each Member of the Council shall name an address in the United Kingdom at which all notices shall be served upon him, and all notices served at such address shall be deemed to be well served. Questions arising at any meeting of the Council shall be decided by a majority of Members present and voting at such meeting. In the event of the votes being equally divided the Chairman shall have a second or casting vote.

22. The quorum for a meeting of the Council shall be five.

23. A meeting of the Council for the time being at which a quorum is present shall be competent to exercise all or any of the authorities, powers and discretions by or under the Articles of Association for the time being vested in or exercisable by the Council generally.

24. The Council may delegate such of its powers as it considers desirable to any Committee consisting of Members of the Council.

25. The meetings and proceedings of any such Committee shall be governed by the provisions herein contained for regulating the meetings and proceedings of the Council, so far as the same are applicable thereto.

26. The Council may from time to time appoint a Secretary of the Association and any other officers or servants who may be required for the performance of the business of the Association or of the Council, and may from time to time appoint a temporary substitute for the Secretary who, in the absence of the Secretary, shall be deemed to be the Secretary.

27. All acts done by any meeting of the Council or by any person acting as a Member of the Council shall, notwithstanding that it shall be afterwards discovered that there was some defect in the appointment of the Council or persons acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such person had been duly appointed and was qualified to be a Member of the Council.

28. Without prejudice to the generality of the powers conferred upon the Council by Article 17 the Council may from time to time frame regulations (a) generally to give effect to the provisions of the Memorandum of Association and of these Articles and (b) particularly for the following purposes :

- (1) for admitting Universities which may hereafter become corporations ;
- (2) for admitting as Associate members Corporations which are Universities in mandated territories and other institutions being University Colleges or Colleges of Universities within the Empire ;
- (3) for assigning privileges of membership to (a) Associate members and (b) other classes of members ;
- (4) for prescribing a form to be signed by members prior to admission as members ;
- (5) for prescribing the manner in which the groups of Universities referred to in Article 12 shall appoint representatives ;
- (6) for managing the business and defining the duties of the Association ;
- (7) for delegating to Committees of the Council such of its powers as are not inconsistent with the provisions of these Articles ;
- (8) for fixing the manner of the appointment of the special Committees referred to in Articles 18 and 19 ;
- (9) for arranging for the provision of secretarial assistance to such Committees ; and for assessing any exceptional expenditure involved and distributing it amongst Universities concerned ;
- (10) for determining the period for which the Chairman of the Council is to hold office ;
- (11) for defining the manner in which the minutes of business transacted at meetings of the Association are to be recorded ;
- (12) for providing for the custody of the seal and for determining the officer of the Association other than the Secretary who may countersign instruments to which the seal is attached ;

- (13) for prescribing the form in which instruments appointing proxies shall be framed ;
- (14) for prescribing the books of account which have to be maintained in accordance with the provisions of Article 6o ;
- (15) for prescribing the place at which such books of account shall be kept.

Provided always that no regulation made by the Council shall have any validity or effect if it amounts to or involves such an alteration of or addition to these Articles as could only lawfully be made by Special Resolution.

MINUTES

29. The Council shall cause minutes to be duly entered in books provided for the purpose of all business transacted at General and Extraordinary Meetings and at meetings of the Council and Committees thereof.

30. Any such minutes of any meeting of the Council or of Committees thereof, or of the Association, if purporting to be signed by the Chairman of such meeting, or by the Chairman of the next succeeding meeting, shall be conclusive evidence of the matters stated in such minutes.

31. The Council shall submit to the Annual General Meeting of the Association a report of its work and activities during the preceding year.

SEAL

32. The Council shall provide for the safe custody of the seal, and the seal shall never be used except by the authority of the Council previously given, and in the presence of a Member of the Council, who shall sign every instrument to which the seal is affixed, and every such instrument shall be countersigned by the Secretary or some other person appointed by the Council.

GENERAL MEETINGS

33. A General Meeting of the Association shall be held once at least in every calendar year in London or such other University town and at such time as may be determined by the Council provided that a General Meeting shall be held within not more than fifteen months after the holding of the last General Meeting.

34. The above-mentioned General Meetings shall be called Ordinary Meetings, all other General Meetings shall be called Extraordinary Meetings.

35. An Extraordinary Meeting of the Association shall be held during the progress of each Quinquennial Congress of Universities of the Empire or within three days of the commencement or termination of that Congress.

36. Notwithstanding any provisions to the contrary in these Articles the Chairman shall have power at any Extraordinary Meeting summoned under the provisions of Article 35 to place on the agenda matters which have been the subject of a resolution passed by the delegates at the Quinquennial Congress during which the Extraordinary Meeting is being held.

37. The Council may whenever it thinks fit, and it shall upon a requisition made in writing and signed by Members entitled to vote representing not less than one-tenth of the total voting rights of all the Members having at the date of the requisition a right to vote at General Meetings of the Association, convene an Extraordinary Meeting. The Secretary shall at any time when required by the Chairman of the Council summon an Extraordinary Meeting.

38. Any requisition made by the Members of the Association entitled to vote as aforesaid shall express the object of the meeting proposed to be called and shall be left at the registered office of the Association.

39. Upon the receipt of such requisition the Council shall forthwith proceed to convene an Extraordinary Meeting, and if they neglect to do so for twenty-one days from the time of the requisition being so left the requisitionists or any of them representing more than one-half of the total voting rights of all of them may themselves convene the meeting in the same manner, as nearly as possible, as that in which meetings are to be convened by the Council.

40. The business of an Ordinary Meeting shall be—

- (a) To receive and consider the accounts, the balance sheet and the reports of the Council and the Auditors.
- (b) To appoint an Auditor or Auditors and fix his or their remuneration.
- (c) To appoint the Members of Council in accordance with the provisions of Article 13.

All other business transacted at an Ordinary Meeting and all business transacted at an Extraordinary Meeting shall be deemed special. If any Member has any proposal or any matter which he wishes to make or bring before an Ordinary Meeting he shall give fourteen days' written notice thereof to the Secretary.

41. Subject to the provisions of Section 117 (2) of the Companies Act, 1929, relating to Special Resolutions, twenty-eight days' notice at the least (or in the case of a meeting convened pursuant to a requisition of Members fourteen days' notice at the least) exclusive of the day of giving the notice but inclusive of the day of the meeting, specifying the place, the day and hour of meeting and (in case of special business) the general nature of such business, shall be given by notice to the Members in manner hereinafter stated with reference to the giving of notices, but the accidental omission to give such notice to or the non-receipt of such notice by any Member shall not invalidate the proceedings of any meeting. It shall not be necessary to give notice of a meeting to a representative of a Member who has no registered address in the United Kingdom.

42. Except as otherwise provided by these presents no business shall be transacted at any General Meeting unless a quorum of Members entitled to vote is present at the time when the meeting proceeds to business.

43. A quorum shall consist of ten Ordinary Members.

44. If within half-an-hour from the time appointed for a meeting ten Ordinary Members entitled to vote are not present the meeting if convened upon a requisition of Members shall be dissolved, but in any

other case it shall stand adjourned to a place to be fixed by the Chairman and to a date to be fixed by the Chairman not earlier than two weeks and not later than one month after the date of the original meeting, and if at such adjourned meeting a quorum is not present but two or more Ordinary Members entitled to vote are present the Members present entitled to vote shall be a quorum and may transact the business for which the original meeting was called.

45. At any adjourned General Meeting the Ordinary Members present entitled to vote being two or more in number shall have the power to decide upon all matters which could properly have been disposed of at the meeting from which the adjournment took place had a sufficient number of Members entitled to vote been present at such meeting. Notice of the time and place fixed by the Chairman for an adjourned meeting shall be given to all Members entitled to receive notices of meetings.

46. The Chairman of the Council shall be the Chairman of every General Meeting, but if within fifteen minutes from the time appointed for holding the meeting he is not present the Members present at the meeting and entitled to vote shall choose a Member entitled to vote to act as Chairman in his place.

47. The Chairman may upon the resolution of the meeting adjourn any meeting from time to time and from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

48. No poll shall be demanded on the appointment of a Chairman or on a question of adjournment.

49. At any General Meeting unless a poll is demanded by at least two Members entitled to vote a declaration by the Chairman that a resolution has been carried or has been carried unanimously or by a particular majority or lost or not carried by a particular majority and an entry to that effect in the book of proceedings of the Association shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.

50. If a poll is demanded by two or more Members entitled to vote it shall be taken in such manner as the Chairman directs, and he shall have power to take the poll at once at the meeting or to adjourn the meeting for a reasonable time not exceeding fourteen days for the purpose of taking such poll, and the result of such poll shall be deemed to be the resolution of the Association in General Meeting. In case of an equality of votes at any General Meeting the Chairman shall be entitled to a second vote or casting vote.

51. Minutes of all resolutions and proceedings at General Meetings, signed by any person purporting to be the Chairman of the Meeting at which such Minutes were signed as correctly recorded, shall be conclusive evidence of the facts therein stated.

52. Nothing in these Articles shall preclude the Council from inviting any member of the teaching or administrative staff of a corporation or institution, which is an Ordinary Member or an Associate Member, to attend a General or Extraordinary Meeting of the Association, or any meeting of the Council or Committees thereof, provided

VOTES AT GENERAL MEETINGS

(a) all sums of money received and expended by the Association and the matters in respect of which the receipts and expenditure take place, provided that receipts and expenditure in connexion with the Committee of Vice-Chancellors and Principals of Universities in the United Kingdom and with any other Committees or activities of these Universities shall be shown separately;

- (b) all sales and purchases of goods by the Association ;
- (c) the assets and liabilities of the Association.

61. The books of account shall be kept at such place as the Council may from time to time appoint, and subject to any reasonable restrictions as to the time and manner of inspecting them that may be imposed by the Association in General Meeting, the books of account shall be open to the inspection of the Members at all times during the usual business hours.

62. The Council shall from time to time, in accordance with Section 123 of the Act, cause to be prepared and to be laid before the Association in General Meeting such income and expenditure accounts, balance sheets and reports as are referred to in that section.

63. A copy of every balance sheet (including every document required by law to be annexed thereto) which is to be laid before the Association in General Meeting together with a copy of the auditor's report shall, not less than seven days before the date of the meeting, be sent to all persons entitled to receive notices of General Meetings of the Association.

AUDIT

64. Auditors shall be appointed and their duties regulated in accordance with Sections 132, 133 and 134 of the Companies Act, 1929.

NOTICES

65. A notice may be given by the Association to any Member either personally to the representative of such Member or by sending it by post to such representative to his address in the United Kingdom. Every representative of a Member shall furnish to the Association an address in the United Kingdom at which notices may be served.

66. Where a notice is sent by post, service of the notice shall be deemed to be effected by properly addressing, prepaying and posting a letter containing the notice, and, unless the contrary is proved, to have been effected on the day succeeding that on which it was posted.

UNIVERSITIES OF THE UNITED KINGDOM

HISTORICAL AND GENERAL SUMMARY

UNIVERSITIES were the outcome of the great intellectual revival which affected Europe in the 12th and 13th centuries. A *universitas* was simply a guild, or corporation, and on the Continent the most famous centres of learning were Paris (a *universitas magistrorum*) and Bologna (a *universitas scholarium*). The two earliest British Universities, Oxford and Cambridge, were developed on the model of Paris, but their distinctive contribution was the establishment of the college system, which was in effect inaugurated by the founding of Merton College, Oxford, in 1264. Instruction was in the form of lectures by licensed teachers. To the Seven Liberal Arts of the mediæval schools (the "trivium"—grammar, logic and rhetoric, and the "quadrivium"—arithmetic, geometry, music and astronomy) the Universities added the three higher "Faculties" of theology, law and medicine in order to provide complete preparation for the learned professions. The Scottish Universities, except Edinburgh, were founded in the 15th century, but the country had not been greatly influenced by the Revival of Learning, and although the earliest Reformers were in touch with continental scholars, and some attempts were made to introduce the New Learning into the schools and Universities, the mediæval scholastic tradition remained paramount in St. Andrews and Glasgow until the 17th century. Aberdeen was more receptive to *renaissance* influences. The University of Edinburgh originated in a College established by the Town Council in 1583.

After the Reformation a demand arose in England for education of a more secular type, but the Acts of Uniformity (1559 and 1662) and similar measures stereotyped the schools and Universities as Anglican institutions; by the latter half of the 18th century teaching had become mainly traditional and formal and the Universities were little more than federations of Colleges.

Readjustment to modern conditions took place in the course of the 19th century. Already in 1779 Protestant Dissenters, and in 1791 Roman Catholics, had been emancipated from the ban against their following the teaching profession. The few denominational tests retained by the older Universities were abolished in 1871. At Cambridge the first mathematical Tripos list was issued in 1747-48 and written examinations were introduced about 1772; at Oxford a

new examination statute was passed in 1800 and the amount of written work gradually increased. The University Commissioners of 1850 and 1877 made provision at Oxford and Cambridge for the endowment of the teaching of modern subjects, and the throwing open of scholarships to students of such subjects removed practically all obligations to take orders in the Church of England and did much to make the Universities accessible to all classes of the community.

Pursuant to the recommendations made by the Royal Commission of 1919, important constitutional and other changes have been effected at Oxford and Cambridge by the Statutory Commissioners appointed in 1923. See the sections relating to these Universities in the 1929 *Yearbook*.

In 1836 a charter was granted to the University of London empowering it to grant degrees to the students of University College (founded on an undenominational basis as the "University of London" in 1826) and King's College (founded in 1829) and of such other institutions as might become affiliated for purposes of examination. The University was reconstituted in 1900. The University of Durham, which in its original conception followed closely the lines of Oxford, was founded under an Act of Parliament in 1832 and received its charter in 1837. It was partly endowed out of the funds of the See and Chapter of Durham. The Colleges in which the other English Universities originated were founded as follows: Owens College, Manchester, 1851; Yorkshire College, Leeds, 1874; University College, Bristol, 1876; Firth College, Sheffield, 1879; Mason College, Birmingham, 1880; University College, Liverpool, 1881; University College, Nottingham, 1881; the University Extension College, in conjunction with the Schools of Science and Art, Reading, in 1892. Created to minister to local needs and supported largely by local benefactions, they were naturally closely associated with local industries, and from the first laid stress upon the study of mathematical, scientific and modern subjects. Reading differed from the others in having been established in a town of comparatively small size (population less than 100,000), in the prominence given to work bearing on the agricultural and associated industries and in its policy of making residence in college or hostel the rule for its students. The Royal College of Science and the Royal School of Mines originated in a Technical School formed in 1851 in connexion with a Museum of Practical Geology. They, with the City and Guilds (Engineering) College, founded in 1881, became integral parts of the Imperial College of Science and Technology, which was established in 1907 with the declared purpose of giving the highest specialized instruction and providing for research in the various branches of science, especially in its applications to industry.

A University of Wales was projected early in the 15th century, and the project was revived in Cromwell's time, but it did not materialize until 1893. The constituent colleges at Aberystwyth, Cardiff, Bangor and Swansea were founded in 1872, 1883, 1884 and 1920 respectively. They are thoroughly indigenous to the Principality, much of the funds having been collected in very small sums from workpeople at the doors of churches and chapels. The Welsh National

School of Medicine at Cardiff was incorporated in the University in 1931.

The University College of the South West of England, Exeter, University College, Hull, University College, Leicester, and University College, Southampton, prepare students for the External Degrees of the University of London. In 1950 the University College of North Staffordshire was established with degree-giving power.

The Queen's University of Belfast was founded in 1909. It originated in 1850 when Queen's College, Belfast, was one of the three Irish colleges constituting the Federal University. From 1880 to 1909 the College formed part of the Royal University.

As has been already noted, a characteristic of British Universities, as compared with those of the Continent of Europe, has from the earliest days been the provision of colleges or halls of residence, in which students live as members of a community, with the privileges of social intercourse and subject to the mutual influence which corporate life exerts.

Women were first admitted to Degrees by the University of London in 1878. Bedford College had already been founded in 1849; the three other colleges for women in connexion with the University of London were founded, Westfield in 1882, Holloway in 1886 and King's in 1892. The last was merged in King's College, London, in 1915. King's College of Household and Social Science was founded in 1908 as a department of King's College for Women, and became a separate "School" of London University in 1928. At Oxford, Lady Margaret Hall was opened in 1878, Somerville in 1879, St. Hugh's in 1886 and St. Hilda's in 1893. Of the Cambridge colleges, Girton originated at Hitchin in 1869 and was removed to the near neighbourhood of Cambridge in 1873. Newnham was founded in 1880. Cambridge admitted women informally to Tripos examinations in 1872 and to the titles of degrees in 1923; in 1926 women were declared eligible to University teaching posts and therefore to membership of boards of faculties. In 1948 by Order in Council the Statutes were amended so that women should be admissible to membership of the University on the same terms as men. Oxford admitted them to examinations in 1884, to degrees and full membership in 1920 and to University teaching posts in 1927. Women have been admitted to the Universities of Scotland since 1892, Durham since 1896 and to all the modern Universities from their foundation.

Unlike those of most other countries, the Universities of the United Kingdom have been, since their origin, independent of State control, although for many years they have been in receipt of State aid.

Up to the year 1913-14 the Board of Education presented to Parliament a Report supplying information in regard to University institutions in England and Wales which were in receipt of grants from the Board. In July 1919, the Chancellor of the Exchequer appointed a Standing Committee "to enquire into the financial needs of University Education in the United Kingdom and to advise the Government as to the application of any grants that may be made by Parliament towards meeting them." Up to the year 1939, this Committee annually

published a statistical abstract of student and financial figures relating to Universities and University Colleges, and reported quinquennially on their financial needs and progress.

On its constitution as the University Grants Committee in July 1919 an amount of £1,000,000 (including Ireland) was made available for distribution to Universities and University Colleges. From that date onwards there were periodic increases in the amount of the grant, which stood at an annual sum of £2,149,000 (excluding Ireland), for the period ending March 31, 1940. The annual grants were maintained unchanged during the war.

Before the end of the war, much consideration was given to the post-war problems which were likely to beset the Universities and Colleges. In the autumn of 1943, the Committee was reconstituted and additional members were appointed. In the years following the war large increases have been made in the financial provision in the Civil Estimates for Universities and University Colleges, and by 1949-1950 the sum voted for this purpose had risen to £17,564,500. Consequently the Committee has been able during these years to distribute largely increased annual grants to the institutions and to embark on a programme of substantial capital grants.

In July 1946 the Chancellor of the Exchequer announced in Parliament new terms of reference for the University Grants Committee, in order that, "in this new phase of rapid expansion and planned development of our Universities, the Committee should play a more positive and influential part than in the past." The Committee's new terms of reference were as follows :

"To inquire into the financial needs of University education in Great Britain ; to advise the Government as to the application of any grants made by Parliament towards meeting them ; to collect, examine, and make available information on matters relating to University education at home and abroad ; and to assist, in consultation with the Universities and other bodies concerned, the preparation and execution of such plans for the development of the Universities as may from time to time be required in order to ensure that they are fully adequate to national needs."

In the financial year 1949-50 the estimated grants to be paid by the Ministry of Education to the University Departments of Education under the Ministry's Training of Teachers Grant Regulations were assessed at £224,092 in respect of Tuition and Supervision of Students, and £294,580 for the boarding and personal maintenance of students.

In 1949-50 Local Education Authorities' estimated grants to Universities amount to £941,000 (approx.).

For information regarding scholarships, *see* p. 20.

The academic year is divided into three terms, which run from about October 1 to the middle of December ; middle of January to end of March ; middle of April to end of June or beginning of July.

The Constitution and certain other characteristics of the Scottish Universities are described on pp. 518-522.

DEGREES CONFERRED BY THE UNIVERSITIES OF THE
UNITED KINGDOM

The older Universities have developed out of the Universities of the Middle Ages under the compulsion of internal forces, with very little influence from outside. The historical continuity of their evolution and their individual independence account for certain customs and usages in which they differ one from another and from Universities in other lands. Their titles of degrees afford an illustration of this. A University of the Middle Ages was a Guild of learned men. Teaching was the craft of the Guild, whose fellowship carried with it the right to teach. An admitted aspirant for fellowship was termed a bachelor. The members of the Guild recognized his apprenticeship after submitting him to certain tests or, as we should term them, examinations. After gaining some experience in teaching, and successfully maintaining a thesis in public disputation, the bachelor attained to his degree. Admitted into the Guild, with its *jus ubique docendi*, he was known indifferently as doctor, master or professor. Still following this ancient usage, the degree in Scotland is the mastership, M.A. In Oxford and Cambridge, where the examination for the bachelorship grew to be the determining test, the mastership, which carries with it all the privileges of membership of the Guild or Senate, follows without further examination after an interval of two or three years, but in no case less than six years from matriculation. For convenience in standardizing the attainments of their alumni, modern Universities have divided the degree into stages—usually described as the "first" and the "higher" degrees—Bachelorship, Mastership and Doctorate. The conferment of a first degree now marks the satisfactory completion of a three or four years' University course.

At Oxford and Cambridge the Faculty of Arts is not subdivided. B.A. is the "first degree," whether the course leading to it be literary or scientific. At Oxford the B.Litt. and B.Sc. are awarded for special study and research, like the M.Litt. and M.Sc. of Cambridge. At Cambridge there is no B.Litt. or B.Sc. At St. Andrews the B.Phil. or the B.Litt. may be taken either conjointly with or after the M.A.

At all other Universities a course in Arts leads to the B.A. (in Scotland, M.A.), in Science to the B.Sc. and similarly to other titles in other departments of knowledge.

Each of the Faculties of Theology, Law, Medicine and Music has its own bachelor's degree (v. *infra*).

The first degree may be obtained in most Faculties either as an ordinary degree or with Honours.

In addition, at all Universities, Diplomas and Certificates are granted in a variety of subjects (*see* the several Universities).

The signatures* of the titles of the Degrees conferred in the various Faculties are set forth below—the more usual signature being ordinarily placed first. Fuller details will be found under the several Universities and in the Introductory Chapter relating to the Scottish Universities.

Faculty of Arts and Cognate Subjects**First Degrees**

Bachelor of Arts. B.A. (all Universities except Scottish ; also University College of North Staffordshire).

Master of Arts. M.A. (Scottish Universities only).

Administration. B.A. (Admin.) Manchester,

Architecture. B.A. Cambridge ; B.Arch. Durham, Liverpool, Wales ; B.A. (Arch.) London ; B.A. (Hons. in Architecture) Manchester, Sheffield.

Commerce. B.Com. (in addition, B.Com. with specialization in Russian Studies, B.Com. (Geography), B.Com. (Social Study), B.Com. for qualified Science students and B.Com. (Economics, Politics and Sociology) at Birmingham) ; B.Com. Leeds (Economics with one other main subject, which may be Accountancy or an approved technological subject) ; B.Com. Liverpool in either (a) Commercial subjects or (b) Accountancy ; B.A.Com. Bristol ; B.A. (Com.) Manchester.

Economic and Social Studies. B.A. (Econ.) Manchester, Sheffield ; B.A. Liverpool.

Fine Art. B.A. Durham, Reading.

Literature. B.Litt. St. Andrews (with or after M.A.) ; B.A. Liverpool.

Philosophy. B.Phil. St. Andrews (after M.A.) ; B.A. Liverpool, Manchester.

Social Studies. B.A. Durham, Leeds, Liverpool.

Theology. B.A. (Theol.) Manchester ; B.A. Birmingham, Bristol, Leeds.

Town and Country Planning. B.A. Durham, B.A. (Hons. in Town and Country Planning) Manchester.

Faculty of Science and Cognate Subjects**First Degrees**

Bachelor of Science. B.Sc. (B.A. Cambridge).

Agriculture. B.Sc. (Agr.) London, Nottingham, Aberdeen, Edinburgh, Glasgow ; B.A. Cambridge and Oxford ; B.Agr. Belfast ; B.Sc. Durham, Leeds and Reading.

Applied Chemistry. B.Sc. (App. Chem.) ; B.Sc.Tech. Manchester.

Applied Science. B.Sc. (App. Sc.) (as distinguished from the B.Sc. Pure Science). See also p. 520.

Architecture. B.Sc. (Arch.) Glasgow. See also Arts Degrees.

Dairying. B.Sc. Reading.

Domestic Science. B.Sc. (Dom. Sc.) Bristol.

Economics. B.Sc. (Econ.) London, Belfast ; B.A. Leeds.

Engineering. B.Sc., B.Sc. (Eng.) ; B.A. Cambridge, Oxford ; B.Eng. Liverpool, Sheffield ; B.Sc.Tech. Manchester.

Estate Management. B.A. Cambridge ; B.Sc. (Est. Man.).

Forestry. B.Sc. (For.) ; B.A. Oxford.

Horticulture. B.Sc. (Hort.) London, Nottingham ; B.Sc. Reading.

Household and Social Science. B.Sc. (H. and S.S.) London (Internal students only).

Industrial Fermentation. B.Sc. Birmingham ; B.Sc.Tech. Manchester.

Metallurgy. B.Sc. ; B.Eng. Liverpool ; also B.Sc.Tech. Manchester ; B.Met. Sheffield.

Mining Engineering. B.Sc. ; B.Eng. Sheffield ; B.Sc. (Min.) Nottingham.

Naval Architecture. B.Sc. ; B.Eng. Liverpool.

Oil Engineering and Refining. B.Sc. London ; Birmingham (*Petroleum Production Engineering*).

Technology. B.Sc.Tech. Manchester, Sheffield.

Textile Technology. B.Sc. Leeds ; B.Sc.Tech. Manchester ; B.Sc. (Text. Tech.) Belfast.

General Honours Degrees in Arts

Birmingham--Honours are awarded in the General B.A. Examination, where sufficient merit is shown. The General Degree Course is given a similar standing to a course in a Special School ; there is no course arranged for an ordinary degree.

Bristol has abolished the distinction between the Ordinary degree and the degree with Honours. The degree of B.A. is now conferred as a General degree or as a Special degree ; Honours may be awarded with either.

Leeds—The degree of B.A. is conferred either in General Studies or in Special Studies. Honours may be awarded in either. For the General Studies degree candidates will be required to pursue courses in three approved subjects for 3 yrs. and in one approved subject for 1 yr.

Liverpool has abolished the distinction between the Ordinary degree and the degree with Honours. The degree of B.A. is now conferred either as a degree in General Studies or as a degree in Special Studies in one of the Schools of the Faculty. Honours may be awarded in both General and Special Studies.

London—Honours not awarded at the Examination for the B.A. (General) degree, at which three subjects are taken.

Manchester—An Honours School of Combined Subjects has been instituted, under which a candidate can offer any *two* of the following : a Language, Ancient or Modern ; English ; History ; Geography ; Philosophy ; Psychology. (Combinations of Greek or Latin or Classical Arabic with a modern language are permitted.)

Nottingham—An Honour School of General Studies in Arts has been established with a standing similar to the single subject Honour Schools.

At present the only Honours combinations which may be offered in this School are: English and Philosophy; English and Economic History; German and Economic History. For the first two yrs. of the course students read a third subject in addition to the two selected for Honours.

Reading—Composite Honours Schools are available in Philosophy and English Literature, Philosophy and German, Greek and English Literature, Latin and English Literature, Social and Economic Psychology, Social and Economic Philosophy.

Sheffield—Honours are awarded in the General B.A. Examination.

General Honours Degrees in Science

Bristol—There is an Honours Degree in General Science in *either* (a) two main subjects and a subsidiary subject *or* (b) three main subjects.

Durham—A General Honours Degree in Science has been instituted, courses being available at King's College, Newcastle upon Tyne.

Leeds—The degree of B.Sc. is conferred either in General Studies or in Special Studies. Honours may be awarded in either. For the degree in General Studies candidates will normally be required to attend at least nine Introductory and General courses, of which five shall be General courses. The General courses must include (a) courses in not less than three subjects and (b) not less than two General courses in each of two of these subjects.

Liverpool—General Science is included among the Honours Schools of the Faculty.

London—Honours are awarded in the B.Sc. General Examination.

Manchester—An Honours Degree in General Science may be conferred in any one of the following sections: (a) Chemistry, Physics and Maths.; (b) Botany, Zoology and Chemistry; (c) Zoology, Botany and Geology; (d) Geography and Geology or Botany or Zoology; (e) Chemistry and Physiology with Elem. Physics and Zoology; (f) Anatomy and Physiology.

Nottingham—In the newly established Honour School of Grouped Subjects, students in the first yr. read three subjects, two of which are carried on into the second and third yrs.

Reading—Successful candidates in the Final Examination for B.Sc. (General) (ordinarily in three Science subjects) may qualify for a degree with Honours (General) in the first or second class. Normally students in the Faculty of Science follow the course for B.Sc. (General) before entering on the course for B.Sc. (Special).

Sheffield—Honours are awarded in the General B.Sc. Examination.

Higher Degrees in the Faculties of Arts, Science and Cognate Subjects

Bachelorships

B.Litt., B.Sc. Awarded at Oxford for special study and research. Students reading for the B.Sc. may change over in the middle of their course to the D.Phil. (*q.v.*), or *vice versa*.

B.Phil. Awarded at Oxford to persons who have kept six terms statutory residence and have satisfied the examiners in an examn. in Philosophy or in Politics or in Economics (which may include a thesis on an approved subject) or in Greek and Latin Languages and Literatures.

B.Ed.; Ed.B. Scottish Universities. Two yrs. after a first degree.

Masterships

M.A. At Cambridge a Bachelor of Arts may, without further examination, proceed to the M.A. at the close of the 6th yr. after the end of his first term; at Oxford in the twenty-first term after matriculation. At Durham a B.A. or B.Arch. of Durham may submit a thesis or be examined on an approved subject. At Nottingham the degree is conferred on graduates of the University after advanced work extending over at least one session, and on graduates of other approved Universities after at least two sessions; a thesis and a *viva voce* examination are required, and candidates may also be requested to pass a written examination in matters relevant to the subject of their thesis. At Leeds and Sheffield the M.A. may be conferred on a B.A. with Honours or a B.Mus. of the University of not less than 1 yr.'s standing who has presented a thesis approved by the Faculty concerned, passed an oral examination and, if required by the Faculty, a written examination in matters relevant to the subject of the thesis (alternatively, at Sheffield, who has satisfied conditions laid down by regulation, and passed written and oral examinations after approved courses of study); and on other B.A.s of the University and on graduates of other Universities subject to specified conditions. Other Universities exact a further period of study from their own graduates, followed by the presentation of a thesis, or an examination, or both, of 1 yr. at Birmingham and Belfast; of 1 yr. from graduates with Honours, and 2 yrs. from others, at Manchester and Wales; of 2 yrs. from all graduates at Bristol, Liverpool, London and Reading. Graduates of approved Universities can, under certain conditions, obtain the Mastership after 2 yrs. of advanced study at Bristol, Leeds, Liverpool, London, Manchester, Nottingham, Reading and Wales (thesis required) and after 1 to 3 yrs. at Sheffield. At London a thesis is required from Internal students in all branches, except English, Oriental Languages, Mathematics and Geography, in which it is optional, and an examination. At Bristol, Leeds, Liverpool, Manchester and Nottingham, persons who have not graduated can obtain the M.A. degree after a course of advanced study and research extending, usually, over 3 yrs. At Leeds such candidates may be required to pass a preliminary test before being accepted for study.

M.Sc. This degree is not conferred by Oxford or any of the Scottish Universities. At Cambridge the degree is conferred upon students admitted to a course of research extending over not less than 2 yrs. and after submission of a dissertation. At Durham it can be obtained by graduates, B.Sc., of 2 yrs.' standing, after examination or thesis. At Birmingham, Bristol and Leeds, by graduates, B.Sc. with Honours, of 1 yr.'s standing (other Bachelors of any Faculty of 2 yrs.' standing), after research (thesis required). At Birmingham there are special

regulations which must be satisfied by candidates for the degree of M.Sc. in Mathematics, Chemical Engineering and Psychology. At Liverpool, by graduates, B.Sc. with Honours, after 1 yr.'s higher study. Other graduates, or graduates of an approved University, may be admitted to a prescribed preparatory course with examination at the end. Subsequently 1 yr.'s higher study. Other persons admitted in special circumstances. Theses required in all cases. At London, by Internal students of 1 yr.'s or 2 yrs.', by External students of 2 yrs.', standing from B.Sc., by thesis or written examination. At Manchester, by graduates, B.Sc. of 1 yr.'s standing, after thesis and examination (at the discretion of the Faculty). At Sheffield, by B.Sc. graduates who have attended the University for not less than one further yr., presented a thesis approved by the Faculty concerned, passed an oral examination and, if required by Faculty, a written examination in matters relevant to the subject of the thesis; it may also be obtained without further residence by graduates, B.Sc. of the University, of not less than 2 yrs.' standing, who have presented a thesis approved by the Faculty and passed an oral examination. At Reading, by graduates of the University after 2 yrs.' research and submission of thesis. At Nottingham the degree may be conferred upon graduates of the University after at least 1 yr. of further study, or upon graduates of other approved Universities after at least 2 yrs.' study. In Mycology, the degree is awarded after an examination, but in other subjects candidates are required to submit a thesis, present themselves for a *viva voce* examination and, if required, a written examination. The course for an M.Sc. degree in Mycology is of a year's duration. The M.Sc. Wales may be conferred on a graduate in Science of the University of Wales or of another approved University, 2 yrs. required from a Pass graduate, 1 from an Honours graduate. Graduates of other Universities must pursue a scheme of research in a constituent College of the University for not less than 2 yrs. A thesis is required from all candidates. At all Universities awarding the degree graduates of approved Universities are accepted as candidates. The period of study prescribed is 2 yrs., Belfast, 1-2 yrs.

Other Titles of Mastership conferred by various Universities

M.A. (Admin.) (Manchester); M.Agr. (Belfast); M.A. (Arch.) (London); M.Arch. (Liverpool); M.C.D. (Liverpool); M.Com. (Birmingham, Durham, Leeds, Liverpool); M.A. (Com.) (Manchester); M.A. (Econ.) (Manchester); M.Ed. (Durham, Leeds, Manchester, Nottingham); M.Eng. (Liverpool, Sheffield); M.Litt. (Cambridge, Durham); M.Met. (Sheffield); M.Sc. (Agriculture) (Nottingham); M.Sc. (Econ.) (London, Belfast); M.Sc. (Eng.) (Nottingham); M.Sc. (Est. Man.) (London); M.Sc. (Horticulture) (Nottingham); M.Sc. (Min.) (Nottingham); M.Sc.Tech. (Manchester, Sheffield); M.Th. (London).

Doctorates

The Doctorate in Letters or in Science (Litt.D., D.Lit., D.Litt., Sc.D., D.Sc.) is conferred upon Masters of Arts or Science (in certain cases

Bachelors) or Doctors of Philosophy of the University awarding the degree, distinguished by their contributions to the advancement of learning or science. The claim to the degree must be based either upon a special thesis, as at London, or upon published works. In certain Universities the Faculty may require the applicant to appear for examination. An applicant for the Doctorate must be of the following standing: Birmingham, 7 yrs. from B.A., or 5 yrs. from B.Sc., 5 from M.A., or 4 from M.Sc., or 3 from Ph.D.; Bristol, 6 yrs. from B.A., 4 from M.A. or M.Sc., 3 from Ph.D.; Cambridge, 8 yrs. from first degree; Durham, 10 yrs. from B.A. (D.Litt.), 6 yrs. from B.Sc. or 4 from M.Sc. or Ph.D. (D.Sc.); Leeds, 6 yrs. from B.A. or B.Sc.; Liverpool, on M.A. 7 yrs. from B.A. (Litt.D.), on graduates of 6 yrs.' standing (D.Sc.), 5 yrs. from M.Eng. or Ph.D.Eng. (D.Eng.); London, at any time after obtaining M.A., M.Sc. or Ph.D.; Manchester, at any time after M.A. or Ph.D. (Litt.D.), 4 yrs. from M.Sc., M.Sc.Tech. or Ph.D. (D.Sc.); Nottingham, 7 yrs. from first degree; Oxford, 30 terms from matriculation for M.A.s, names on books of a Society for 20 terms for holders of B.Litt., B.Sc. or Ph.D.; Reading, 6 yrs. from B.A. or B.Sc., 4 from M.A. or M.Sc., 3 from Ph.D.; Sheffield, 5 yrs. from B.A. or B.Sc.; Wales, 10 yrs. from B.A. or B.Sc.; Scottish Univs., 5 yrs. from M.A.; Belfast, 6 yrs. from B.A. (D.Lit.), 5 yrs. from Bachelor's degree in any Faculty (D.Sc.).

Certain Universities permit graduates of approved Universities with degrees substantially equivalent to those required from their own graduates to become candidates for doctorates in Letters and Science after a period of research at the University awarding the degree, under the following conditions: Bristol (D.Sc. only), 3 yrs.' research; Manchester (D.Sc. only), 2 yrs.' research, 4 yrs.' standing from first degree; Reading, 4 yrs.' research, 7 yrs.' standing from first degree; Scottish Univs., research during 2 winter sessions, 5 yrs.' standing from first degree.

Degrees in the Faculty of Divinity

B.D. After examination in the Scottish Universities and the Universities of London, Manchester, Wales and Belfast. At Birmingham after attending a prescribed course of study for not less than two academic sessions at the Univ.; passing an examination and presentation of a thesis on an approved subject. Candidates should be graduates of Birmingham or of another approved University. After examination (waived in the case of graduates in Theological Studies) and submission of a thesis at Leeds; graduates of other Universities being required to attend at Leeds courses for 2 yrs. After examination and submission of a thesis at Durham. At Cambridge after submission of a dissertation or published works. After examination and the submission of a dissertation and published works at Oxford. At London the course must extend over 3 yrs., subsequent to matriculation. At Nottingham the degree may be conferred on graduates of the University with B.A. (Theology) after at least 1 yr. of further study or after 2 yrs. upon other graduates of the University, or of any approved University, whose knowledge of Theology is deemed adequate. Candidates will be required to submit a thesis, present themselves for a *viva voce* examination

and, if required, a written examination. In Scotland a candidate must be an M.A. of a Scottish University who has taken a theological course in a specially recognized institution, or a graduate of an approved University who has taken a complete theological course of at least 2 yrs. in the University conferring the degree; at Belfast the 2-yr. course is open to graduates of any Univ.; at Durham he must be either a Durham graduate of 3 yrs.' standing or a graduate of another University and the holder of the Durham Diploma in Theology; in Wales, a graduate who, subsequent to graduation, has studied for 3 yrs. at one of the Associated Theological Colleges or Schools of Theology of the University; at Cambridge, a candidate who is a graduate of the University of not less than 5 yrs.' standing from admission to his first degree; at Oxford the degree is open to Oxford M.A.s and graduates of other Universities (degrees not conferred until they are 26) who have followed a course of study in Christian Theology extending over 6 terms and resided at the University during 6 terms. The B.D. may be taken with Hons. at some Universities.

D.D. In Scotland the degree is conferred *honoris causa tantum*. At London it is conferred upon Bachelors of Divinity who took Honours in at least one subject, on presentation of published work, or of a thesis, followed by an examination if the examiners so desire. At other Universities it is conferred in consideration of published works or a dissertation (and, at Oxford, a *viva voce* examination, if the judges so desire). The requisite standing is, at Birmingham, 5 yrs. from B.D. of Birmingham or other approved University (or from second degree in which Theology has been a main part of second degree course), at Cambridge, 3 yrs. from B.D.; Durham, 10 yrs. from B.A., 5 yrs. from B.D.; Manchester, 4 yrs. from B.D. (or 6 yrs. for Bachelors of Divinity of other Universities who have studied for 2 yrs. at Manchester); Nottingham, graduates of University of 7 yrs.' standing from first degree; Oxford, 14 yrs. from matriculation, or, if he was admitted to the degree of B.D. as a graduate of another Univ., the candidate must have attained the age of 33; Wales, 6 yrs. from B.D.; Belfast, 6 yrs. from B.D. on submission of thesis or published work.

Degrees in the Faculty of Law

LL.B. At the Universities of Birmingham, Bristol, Durham, Leeds, Liverpool, London, Manchester, Nottingham, Sheffield, Wales and Belfast the course for the LL.B. extends over 3 yrs. from matriculation (with honours, 4 yrs. in some cases). At Cambridge students who have obtained Honours in Part I or II of the Law Tripos are admitted to the LL.B. examination not earlier than the tenth term after their first, and other approved students are also admitted subject to regulations regarding residence and study. At Aberdeen, Edinburgh and Glasgow candidates must be graduates of approved Universities and pursue a course of study for 3 yrs.

The Universities of Oxford and St. Andrews do not confer the degree of LL.B. and the University of Reading confers no degrees in Law.

B.C.L. (Durham and Oxford). At Durham candidates must be

Bachelors of Arts of the University of 2 yrs.' standing. At Oxford they must be graduates and keep residence for 6 terms (Bachelors of Arts of the University, 12 terms from matriculation).

B.L. (Aberdeen, Edinburgh, Glasgow and St. Andrews). Candidates must pass the Preliminary or an equivalent examination and pursue an approved course of study for 3 yrs.

LL.M. Conferred by Birmingham, Bristol, Durham, Leeds, Liverpool, London, Manchester, Nottingham, Sheffield, Wales on graduates of the University and of approved Universities; by Cambridge on LL.B.s of the University of 2 yrs.' standing, by thesis *Graduates of the University*: At Leeds, Nottingham and Sheffield, on LL.B.s of 1 yr.'s standing, at Bristol, Durham and Manchester, of 2 yrs.' standing (at Manchester 1 yr. for persons who have graduated LL.B. with Hons. in the Univ.), on presentation of thesis. By examination at Birmingham and Wales after 1 yr.'s study, at London after 1 yr.'s study for Internal students and 2 yrs.' for External. At Liverpool, by graduates, LL.B. with Honours, after 2 yrs.' study; by graduates, Ordinary LL.B., and graduates of other Univs., subject to passing a prescribed examn. or by presenting an approved dissertation, after 2 yrs.' study (non-graduates, approved dissertation, after 3 yrs.' study). *Graduates of approved Universities*: Birmingham, after 1 yr.'s study, by examination; Bristol, Durham, Leeds, Manchester, Nottingham and Wales, after 2 yrs.' study, by thesis; Liverpool, 2 yrs.' study, by examination or thesis; Sheffield, 2 yrs.' study, by examination and thesis; London, 2 yrs.' study, by examination.

LL.D. or D.C.L. (Oxford, Durham). By the Scottish Universities the Doctorate is awarded *honoris causa tantum*. Other Universities, unless the degree be awarded *honoris causa*, require the submission of a thesis, dissertation or published works, and may require attendance at an examination. The requisite standing for the Doctorate is, at London, any time after the LL.M. or Ph.D.; Manchester, 2 yrs. from LL.M.; Belfast, 5 yrs. from LL.B. if thesis; Manchester, 4 yrs. from LL.B.; Sheffield, 4 yrs. from LL.B. or Ph.D. in Faculty of Law; Birmingham, 5 yrs. from LL.B. or 3 yrs. from LL.M.; Oxford (D.C.L.), 5 yrs. from B.C.L.; Cambridge, 8 yrs. from first Cambridge degree; Bristol, 4 yrs. from LL.M.; Liverpool, 5 yrs. from LL.M.; Leeds, 6 yrs. from LL.B.; Durham (D.C.L.), 10 yrs. from B.A.; Wales, 10 yrs. from graduation or 3 yrs. from LL.M. or 2 yrs. from Ph.D. At Nottingham the degree is awarded to graduates of the University of 7 yrs.' standing after report on published contributions to learning.

Degrees in the Faculties of Medicine and Surgery and Cognate Subjects

M.B., B.M. (Oxford), **Ch.B., B.Chir.** (Cambridge), **B.Ch.** (Oxford, Wales, Belfast), **B.S.** (Durham, London). Obtainable as an ordinary degree or with Hons. (Cambridge, ordinary only). The regulations for these degrees are practically uniform. Satisfactory attendance is required during at least 5 yrs. at courses of study and hospital practice.

Four examinations (in some Universities grouped as three or two) must be passed. All examinations must be passed at the University granting the degree, except at Birmingham, Bristol, Cambridge, Durham, Liverpool, London, Oxford (Senior students), Sheffield and the Scottish Universities, where a candidate may be exempted from the first examination in Chemistry, Physics and Biology if he has passed an equivalent examination elsewhere. At St. Andrews similar exemption may be obtained from the second examination in Anatomy and Physiology. Study in the University for at least 3 yrs. is required (2 yrs., Scottish Universities, Leeds, Manchester), except for External degrees of the University of London, where candidates study for $4\frac{1}{2}$ yrs. (after the First Examination), at any recognized Medical School, 1 yr. of which must be spent in the United Kingdom. The Universities of Oxford and Cambridge exact 3 yrs.' residence, but allow students to do any or all of their clinical work at other recognized medical schools. At Oxford candidates must graduate B.A. before admission to a medical degree. The B.A.O. and the M.A.O. (Obstetrics) are conferred by Belfast. Nottingham and Reading do not confer degrees in Medicine.

M.D. or D.M. (Oxford). Candidates must be Bachelors of Medicine and Surgery of the University of, ordinarily, 2 yrs.' standing (Scottish Universities, 1 yr.'s standing; Birmingham, graduates M.B., Ch.B. of 5 yrs.' standing; Leeds and Wales, graduates M.B., Ch.B. of 3 yrs.' standing; Liverpool, graduates M.B., Ch.B., by thesis, 2 yrs.' standing; by examn. after 5 yrs. from taking M.B., Ch.B.; Belfast, 3 yrs. or 2 yrs. from B.A. or B.Sc. with M.B.; Cambridge, 8 yrs. from admission to first Cambridge degree; Oxford, 10 yrs. from matriculation). A dissertation is compulsory at most Universities, followed by an examination, unless the examiners pronounce the dissertation to be of such merit as to render further examination unnecessary. At Birmingham graduates in Medicine of other Univs., who are not past students of Birmingham Med. School, must have been in possession of a degree recognized by the General Medical Council for the U.K. for 5 yrs. and must have been engaged in approved postgraduate study for not less than 2 yrs.

Ch.M., M.Ch., M.S. (London and Durham), M.Chir. (Cambridge). Regulations somewhat similar to those for M.D. At Cambridge there is a written, oral and clinical examn., but no thesis. At Liverpool, open to (a) graduates in Medicine of Liverpool or an approved Univ., (b) graduates in a Faculty other than Medicine of Liverpool or an approved Univ. who hold a medical qualification registrable in Great Britain. At Leeds and Manchester, open to graduates M.B., Ch.B., of 5 yrs.' standing; at Wales, of 3 yrs.' standing. At Oxford there is a written examination and a thesis. The **M.Ch. (Orth.)** is granted by Liverpool; open to (a) graduates in Medicine of Liverpool or an approved Univ., (b) graduates in a Faculty other than Medicine of Liverpool or an approved Univ., who are Fellows of the R.C.S. of England, Edinburgh, Ireland, Canada or Australia or of the American College of Surgeons. Attendance at Liverpool of 12 or 15 months before examination is required. In addition to the M.S. Durham grants a **D.Ch.** open to candi-

dates who, subsequent to having obtained a registrable qualification, have devoted 3 yrs. (including at least one in the University) to the study of surgery and ancillary subjects.

Degree of **M.Rad.** (in either Radiodiagnosis or in Radiotherapy), Liverpool. Open to holders of Diploma in Radiology, who have not failed more than once in either part of Diploma examn., upon presentation of thesis at least two yrs. after Diploma.

Degrees in Dentistry—**B.D.S.**, **B.Ch.D.** (Leeds)—are granted by all Universities except Cambridge, Oxford, Reading, Wales, Aberdeen and Glasgow (period of study generally about 5 yrs.). Diplomas in Dental Surgery—**L.D.S.**—are awarded by the Universities of Bristol, Durham, Leeds, Liverpool, Manchester, Sheffield and Belfast (period of study generally 4 yrs.). The degree of Master of Dental Surgery—**M.D.S.**, **M.Ch.D.** (Leeds)—is awarded by all Universities granting a first degree, except London. Candidates must generally be Bachelors of Dental Surgery of 1 to 3 yrs.' (Birmingham, 5 yrs.) standing and must present a thesis and/or undergo an examination. At Leeds, in addition to having been admitted to the degree of Bachelor of Dental Surgery at least 1 yr. previously, candidates must also provide evidence of having spent at least 1 yr. in approved Dental Hospital practice or 2 yrs. as a Dental Surgeon. The University of London awards the degree of M.S. in Dental Surgery. In order to be admitted to the examination candidates must first have obtained the degrees of Bachelor of Medicine and Surgery. The Universities of Manchester and St. Andrews confer the degree of **D.D.S.** (**D.D.Sc.**, St. Andrews) on graduates in Dental Surgery (or graduates in Medicine and Surgery or in Science, who hold an approved dental qualification) of the University (in the case of Manchester) of 2 yrs.' standing, after 2 yrs.' approved study and research and submission of thesis (in the case of St. Andrews of 5 yrs.' standing on submission of thesis).

Degrees in Pharmacy are conferred by London, Nottingham and Wales (**B.Pharm.**), by Manchester and Glasgow (**B.Sc.** in Pharmacy), by Leeds (**B.Sc.** in Pharmacy and Pharmacology) and by Belfast (**B.Sc.** in Pharmaceutics). The course extends over 3 yrs. except at Nottingham (4 yrs.) and at Glasgow, where it extends over 4 yrs. and leads to an Honours degree.

The degree of Master of Pharmacy (**M.Pharm.**) is awarded by Nottingham after a course of not less than 1 yr. for graduates in Pharmacy of the University, 2 yrs. for other graduates and 4 yrs. for suitably qualified non-graduates. A thesis and *viva voce* examn. are required and there may also be a written examn. At Wales, 1 yr. for candidates holding the degree of B.Pharm. ; 2 yrs. for graduates of other Universities.

Degrees in Public Health are conferred by Durham (**B.Hy.** and **D.Hy.**) and by Glasgow (**B.Sc.** and **D.Sc.** in Public Health). Candidates for the Bachelor's degrees must be graduates in medicine of 2 yrs.' standing ; the D.Sc. (Glasgow) is conferred 5 yrs. after the Bachelor's degree.

Degrees in Veterinary Science are awarded by Bristol (**B.V.Sc.**), Liverpool (**B.V.Sc. M.V.Sc.** on **B.V.Sc.** or equivalent after 2 yrs.' further study and thesis and **D.V.Sc.** 3 yrs. after **M.V.Sc.** for published contributions to science), London (**B.Sc.** in Veterinary Science, **M.Sc.** 1 or 2 yrs. later by examination and **D.Sc.** open to Masters for original contributions to advancement of science) and Edinburgh (**B.Sc.** in Veterinary Science and **D.Sc.** 3 yrs. later by thesis).

Degrees in the Faculty of Music

Mus.B., B.Mus., Mus.Bac. At Birmingham, Cambridge, Leeds, London, Manchester, Nottingham, Wales, Edinburgh, Glasgow and Belfast students must pass the same Entrance Examination (Matriculation, Previous, or Preliminary) as students in Arts. At Birmingham, where the degree is an Honours Degree, they must also have passed the Intermediate Arts Examination with Music as a subject, or be exempted therefrom by virtue of an approved Higher School Certificate. They must also pass an examination in execution. At Bristol they must have studied Music as a subject in both parts of the curriculum of the general degree of B.A. At Cambridge the degree is obtainable after honours in the Music Tripos by passing the *Mus.B.* examn. At Durham they are admitted on a *testamur* as Students of Music. At Nottingham candidates at admission must show proficiency in performance on the piano or some other approved instrument. At Oxford they must obtain a First or Second Class in the Final Honour School of Music and pass the necessary *B.Mus.* examinations. At Sheffield they must pass the Intermediate Examination for the B.A. degree. In Wales they must attend an intermediate class in Arts or Science in addition to the Music course. Residence is not obligatory at London or Durham. At Edinburgh students must study Music in the University for one whole winter session. As a rule, the course extends over 3 yrs. with two, or three, examinations, including an exercise for the Final examination. Honours in this degree are obtainable at Birmingham, Manchester, Edinburgh, Glasgow and Wales. At Belfast the degree is of Honours standard.

Mus.M., M.Mus. At Cambridge and Wales conferred on Bachelors of Music (and Bachelors of Arts with Honours in Music at Wales) of the University of ordinarily 2 yrs.' standing after examination and submission of an exercise; at Birmingham on Bachelors of Music of Birmingham and other approved Universities after 1 yr. of approved study or research, examination and submission of 3 original compositions or a thesis.

Mus.D., D.Mus., Mus.Doc. Conferred after examination and submission of original composition or thesis on Bachelors of Music of the University—London (2 yrs.' standing), Oxford and Edinburgh (3 yrs.' standing—Oxford also on M.A.s), Manchester (4 yrs.' standing, after 1 yr.'s further study), Birmingham, Bristol, Durham, Sheffield and Glasgow (5 yrs.' standing—Birmingham also 3 yrs. from *M.Mus.*). Cambridge, 8 yrs.' standing from first Cambridge degree, in recognition of distinc-

tion as composer. Wales, 10 yrs.' standing or 2 yrs. after M.Mus., on submission of original composition. The doctorate is conferred on graduates of approved Universities by Durham (same conditions as for graduates of the University), Manchester (2 yrs.' study at the University) and Glasgow (3 yrs.' study at the University).

Doctor of Philosophy

In May 1917 representatives of the Universities and University Colleges met in conference to devise measures for the further encouragement of Postgraduate Study and Research. It was resolved that it was desirable that a degree should be instituted carrying the title of Doctor (Ph.D., D.Phil. Oxford), obtainable by graduates of British and foreign Universities after a course of advanced study and research. The conditions and regulations for such a degree were further considered at adjourned meetings held on May 10, 1918, Jan. 24, 1919, and March 14, 1919. All the Universities of the United Kingdom now confer the degree of Philosophiæ Doctor. Candidates entering upon a course of advanced study and research for the Ph.D. must be at least 21 (Birmingham, Bristol, Cambridge, Durham, Liverpool, Nottingham, Oxford, Reading, Sheffield, Wales, St. Andrews, Belfast—no minimum age); must ordinarily be graduates either of the University or of some other approved University; must have pursued their studies at a University or Universities for a period of at least 3 yrs. (Durham—2); must produce evidence of fitness for the proposed course of study and research. The course extends over 2 yrs. at most Universities; at Cambridge, Liverpool, Reading, Sheffield, Aberdeen, Glasgow and St. Andrews, the prescribed course of study is 3 yrs., which may, under certain conditions, be reduced to 2 yrs. At Sheffield, under certain conditions, part-time research for not less than four yrs. is accepted in Arts and Law. At Nottingham, part-time research for not less than 4 yrs. may be permitted, if substantial laboratory work is not involved. Candidates on completion of research must present thesis and submit to oral examination on thesis. The degree is granted in any faculty in which the University is prepared to receive advanced students.

A candidate for the degree of Ph.D., as an External student of the University of London, must have graduated in the Faculty of Theology, Arts, Laws, Music, Science, Engineering, or Economics in that University not less than 2 academic yrs. previously.

LAMBETH DEGREES

Under the Peter Pence Act (25 Henry VIII Chapter 21) the Archbishop of Canterbury has power to grant degrees which previous to the Reformation were obtained from Rome. The degrees generally conferred are those of D.D., Mus.Doc. and B.D.

STUDENTS

The number of full-time students in Universities and University Colleges in receipt of Treasury Grant is given by the University

Grants Committee for the year 1949-50 as 85,421, including 19,353 women. To these must be added the students of the Queen's Univ. of Belfast and of certain schools of the University of London not included in the Returns of the University Grants Committee, making a total of about 88,220. These statistics do not include the students of the institutions, other than Universities and University Colleges, in which professional education of University grade is given in Theology, Teaching, Agriculture, Mining, etc.; nor students reading privately for the External degrees of the University of London, for the Bar, etc. This makes comparison with statistics of other countries difficult, as does also the fact that the work of the higher forms of many of our secondary and public schools corresponds with the earlier stages of the work done in Colleges and collegiate departments of some foreign Universities, e.g. in America.

For information regarding admission as an undergraduate from home and abroad and school examinations, see Appendix I. For recognition of study at other Universities—(a) as undergraduates, see Appendix I; (b) as graduates, see *under* the several Universities and pp. 10-10. For fees and other charges, see *under* the several Universities.

SCHOLARSHIPS

Few countries offer a richer variety than Great Britain of facilities for access to the highest forms of education. The lead of the "pious founder" has been followed by City companies and professional bodies, and, since the Education Act of 1902 brought higher education within the purview of Local Authorities, by the State. The response to the principle which found expression in the words of Mr. Fisher's Education Act of 1918, that "children and young persons should not be debarred by inability to pay fees from receiving the benefits of any form of education by which they are capable of profiting," has been so remarkable that L.E.A.s are now assisting more students to take courses at Universities than they were helping to obtain Secondary education before the Act of 1902 was passed. The number of scholarships available and their variety, as regards conditions of tenure, put any attempt to give a comprehensive list out of the question. Those in search of assistance should apply for their Local Education Authority's Scholarship Handbook.* The main agencies in England and Wales by which scholars are assisted to attend Universities are as follows (awards from public funds are classified in the order of the probable number given annually): (i) *Local Education Authorities*. The awards made by Local Authorities are based on performance in the examinations for the General Certificate of Education or in another of comparable standard. (ii) "*Open*" *Scholarships awarded by Universities, Colleges of Universities or University Colleges*. A brief note of scholarships open to graduates will be found in the general information regarding each University. No particulars are readily available to show the

* Some of the Scholarship Handbooks include a great deal of information in regard to general sources of assistance open to the whole country, as well as that available for persons resident in a particular area.

total number of entrance scholarships and exhibitions awarded annually. (iii) *University Supplemental Awards*.* These Awards, which were introduced by the Ministry in 1946, bring the total funds available to the holder of an open University Scholarship or Exhibition up to the level of the funds available to a State Scholar. Some 1200 University Scholarships or Exhibitions, which satisfy the requirements of open competition, level of attainment and titular value, qualify for supplementation by the Ministry; not all these awards are made in any one year. (iv) *State Scholarships*. These Scholarships are awarded annually by the Ministry of Education to boys and girls in full-time attendance at Secondary Schools, on the recommendations of the Bodies which conduct the examinations for the General Certificate of Education. The assistance available to a State Scholar is related to his financial circumstances and to those of his parents. It may consist of a grant towards the cost of tuition fees and the cost of maintenance during the normal academic year and in vacations. In 1951, the number of State Scholarships available was 900. (v) *Technical State Scholarships and Mature State Scholarships*. These two new types of award were introduced by the Ministry of Education in 1947. They assist students who have taken full-time and part-time courses in establishments of further education to follow a degree course. 120 Technical Scholarships were available in 1951; they are assessed on the same lines as the State Scholarships. 30 Mature Scholarships were available; these are awarded to older students and are, therefore, assessed on rather more generous lines. (vi) *Charities and Trusts unattached to Schools, but with power to offer Exhibitions under their Instruments of Government*. The number of educational charities in the country is extremely large. Information about the scholarships available in any particular area can usually be obtained by application to the L.E.A., and particulars will be found in the Annual Register and Digest. The exhibitions offered from these sources usually supplement other awards. Whitworth Scholarships for Engineering students are administered by the Ministry of Education.

ADULT EDUCATION

University Extension Courses have been promoted by the Universities of Cambridge, Oxford and London for nearly 80 years. At Cambridge they were known as local lectures and were initiated in 1873. Oxford and London took up the work soon afterwards, and since then the other Universities and University Colleges have followed suit. These courses number several hundreds and vary in length from 6 to 25 lectures. In 1926 the Universities Extra-mural Consultative Committee was established to consider the many aspects of extra-mural work now undertaken by the Universities, and to contribute towards the formation of a common policy. The Committee was reconstituted in 1946 as the Universities Council for Adult Education (Hon. Secretary and

Treasurer, W. E. Salt, O.B.E., M.A., B.Com., Dept. of Adult Educn., The University, Bristol, 8), and is representative of each University and independent University College of England and Wales and of some of the Universities of Scotland. An *Annual Report* is printed, which gives tabular statements of the activities of University Extra-mural Departments.

In 1903 *The Workers' Educational Association* was founded. In 1907 relations were established with Oxford University. Since that date relations have been established with all the Universities and University Colleges, and there are joint committees composed of representatives of the University or College and the W.E.A., which promote Three-Year Tutorial Classes, Advanced Tutorial Classes, Vacation Courses, etc. The W.E.A. is recognized by the Ministry of Education as a responsible body and most of these classes and courses, together with the thousands of classes which it provides independently of the Universities, rank for grants from public funds. W.E.A. Central Office: 27 Portman Square, London, W.1. (*Telephone*: Welbeck 0491.)

The *National Institute of Adult Education (England and Wales)*, 35 Queen Anne Street, London, W.1, *Telephone*: Langham 3155 (Sec.: E. M. Hutchinson, M.A.), is defined by its constitution as a Central Body for Adult Education in which all substantial interests are nationally focused. It is an independent and consultative body, established to advise on the liberal education of adults and to promote understanding between bodies engaged in adult education with a view to their co-operation wherever possible on matters of common interest. It convenes an annual conference and brings together representatives of associated bodies and individual members on the council not less than twice a year. While it is not a "providing" body, the Institute encourages enquiry and experiment in adult education and publishes or encourages publication of results. The Institute serves as a centre of information in regard to all aspects of adult educational work and may undertake such other functions as its council may, with the consent of the associated bodies, determine.

Membership extends both to corporate bodies and individuals. The first category includes providing bodies in receipt of grants from the Ministry of Education, national bodies directly providing an adult education service but not in receipt of grants for this work from the Ministry of Education, and such national bodies associated with adult education work, but not covered by the previous definitions, as the council of the Institute may determine. The bodies eligible for corporate membership are thus the Universities and University Colleges, the Local Education Authorities and a wide range of voluntary agencies. Individual membership maintains the tradition of the former British Institute of Adult Education (see *Yearbook* for 1948). The National Institute publishes quarterly *Adult Education* (annual subscription, 10s. 6d.), previously the journal of the British Institute; a six-monthly *Calendar of Residential Courses* (price 9d.), and other publications, including a Directory of Organizations entitled: *Adult Education in the United Kingdom*.

COMMITTEE OF VICE-CHANCELLORS AND PRINCIPALS

In May 1918 Mr. Balfour summoned at the Foreign Office a Conference of representatives of all the Universities for the purpose of putting before them a proposal that on the invitation of the Government of the United States a Universities' Mission should be sent to America. At this meeting Mr. Balfour took the opportunity of pressing upon the Universities the desirability of establishing a representative body to which matters of interest to the Universities might be referred by Government Departments. He urged the necessity of the creation of "an organ of expression" which would voice the desires and aspirations of the British Universities and represent them in their relations with the Universities of other nations. At a subsequent meeting the Conference resolved that "it is desirable in the interests of the Universities and of the nation that steps be taken to promote co-operation and mutual consultation among the Universities of Great Britain and Ireland, and, further, that the Vice-Chancellor or Principal of each University or a deputy appointed by him, together with the Executive Committee of the Universities Bureau, be appointed a 'Standing Committee' to consider any matters of common interest arising out of the proceedings of this Conference or submitted to it by the Government, and to report from time to time to the Conference."

The Standing Committee of Vice-Chancellors dealt with a number of subjects of common interest to the Universities, which are mentioned in previous issues of the *Yearbook*.

In 1929 the Standing Committee of Vice-Chancellors was dissolved and a Consultative Committee of Vice-Chancellors and Principals was established in its place. A new constitution of the Committee was adopted in 1950 under which its title was changed to "The Committee of Vice-Chancellors and Principals of the Universities of the United Kingdom." Besides the Vice-Chancellors and Principals of the Universities its membership includes in rotation two of the Principals of the five University Colleges. The deliberations of this Committee now cover all subjects of common interest to Universities. Annual conferences of the Home Universities have been held from 1946 onwards.

The office of the Association of Universities of the British Commonwealth provides the Secretariat of the Committee of Vice-Chancellors and Principals.

PARLIAMENTARY REPRESENTATION OF UNIVERSITIES

University representation in Parliament dated from 1603, when Oxford and Cambridge were granted by King James I the right to send two representatives each to the House of Commons. The privilege was subsequently extended to other Universities. In the Parliament elected in 1945 there were two representatives for Oxford, two for Cambridge, one for London, two for the combined Universities of Birmingham, Bristol, Durham, Leeds, Liverpool, Manchester, Reading and Sheffield, one for Wales, three for the combined Scottish

Universities of Aberdeen, Edinburgh, Glasgow and St. Andrews, one for the Queen's University of Belfast.

By the Representation of the People Act, 1948, separate University constituencies in the Parliament of the United Kingdom were abolished from the end of the existing Parliament, and accordingly University representation came to an end with the dissolution of February 1950.

It still continues in the Parliament of Northern Ireland, in which the Queen's University of Belfast is represented by the following members: Mrs. Lilian I. M. Calvert, B.A.; Eileen M. Hickey, B.Sc., M.D., D.P.H., F.R.C.P.I.; S. T. Irwin, C.B.E., B.A., M.Ch., F.R.C.S.; Frederic T. Lloyd-Dodd, O.B.E., M.A., D.Sc.

The services of the Board are available without charge to all graduates and undergraduates of the University

1950. 130 permanent appointments, including: Government and quasi-Govt. service, 19; Scientists in industry, 53; Non-Scientists in industry, 38; Teaching, 13; Miscellaneous, 7.

GUILD OF GRADUATES. The Guild is entitled to appoint one representative for every 250 of its members to serve on the Univ. Court of Governors, the present number of representatives being 28. One representative of the Guild is a member of the Univ. Council. A *News Letter* is circulated annually to all members.

UNIVERSITY OF BIRMINGHAM UNIVERSITY TRAINING CORPS (T.A.). The U.T.C. is part of the Territorial Army, and cadets may join for various periods of service which are flexible to enable them to undertake training without interfering with their Univ. degree course. The contingent comprises the following Sub-Units: Infantry, Royal Engineers, Royal Electrical and Mechanical Engineers. Syllabus of training, laid down by War Office, designed to prepare cadets for selection as potential officers when called up for National Service. Further information from the Adjutant, U.T. Corps (T.A.), Edgbaston, Birmingham, 15. (*Telephone*: Selly Oak 0247.)

BIRMINGHAM UNIVERSITY AIR SQUADRON. The purpose of the U.A.S. is to provide training during their Univ. careers for students of the University who are eligible for membership and wish to prepare themselves for commissioned service in regular or non-regular Air Forces. Certain classes of undergraduates are accepted for service in the G.D. Branch or the Technical Branch of the R.A.F. or its Reserves. Further information from the C.O., University Air Squadron, The University, Edgbaston, Birmingham, 15. (*Telephone*: Selly Oak 1181.)

UNIVERSITY HEALTH SERVICE. The purpose of this service, which is administered by a full-time Univ. Medical Officer with one full-time and one pt.-time Asst. Medical Officers, is to reassure students about the state of their health, to offer them opportunities for maintaining and improving it, and to help to secure early treatment for any disorders which may occur. All freshmen, excepting those eligible for exemption under the regulations, are required to attend for a routine Medical overhaul and to have a chest X-ray; Medical and Dental students are required to have an annual chest X-ray. The Univ. Medical Officers can accept re-registrations under the National Health Scheme from students who are away from home for more than half the year. The consulting rooms are at 97 Oakfield Road, Selly Park, Birmingham (*Telephone*: Sel 0731), where dental and ophthalmic treatment under the National Health is also available and three beds are maintained for the care of minor illness. Students are free to register with a practitioner in the town if they wish, but they are not then entitled to Medical treatment from the Univ. Medical Officers.

GUILD OF UNDERGRADUATES. The Guild, established under Charter of University, is the organized association of the undergraduates for furtherance of their common interests, recognized by Court, Council and Senate of University for this purpose; represented by three members on Court of Governors. Income of Guild, derived from membership fees, is applied to upkeep of the

Union, Univ. Guild Club and Univ. Athletic Union. There is full, associate, external and hon. life membership.

UNION AND UNIVERSITY GUILD CLUB. All members of Guild of Undergraduates are entitled to use of the Union, which adjoins the University Buildings at Edgbaston, and to the Guild Club at the University Building, Edmund Street. Accommodation at the Union includes large Hall fitted with stage, Common Rooms, Writing, Tea and Gramophone Rooms, and a Library. Women's section contains Common Room and extensive Cloakroom accommodation; Men's section a Lounge and Bar, Billiard Room, Bath Rooms, etc. The Guild Club has a Founder's Room, Lounge, Writing, Billiard and Table Tennis Rooms, Bar and Refectory.

Extensive grounds, with Pavilion, are at the service of the Athletic Union.

VACATION COURSES. A six weeks' Summer School on Shakespeare and Elizabethan Lit. is held annually at Stratford-upon-Avon during July and August. It is concerned with the detailed study of Elizabethan and Jacobean drama and theatre with particular reference to Shakespeare, together with the historical and cultural background of the plays. A specialist seminar on Bibliography and Source Material is arranged for those actively engaged on graduate work. The Summer School is primarily intended for graduates and other advanced students from British, American and European Universities who have specialized in Elizabethan and Jacobean lit. Applications considered from undergraduates of good academic standing. The Extra-mural Dept. also arranges a number of summer courses at Attingham Park and Westham House, the two residential colleges for adult educn. in the W. Midlands. These are usually concerned with Local History, Music and Natural History. Under the supervision of a Committee of Management appointed by the Joint Cttee. of the Univ. of Birmingham with the Workers' Educational Association a vacation course is held for 2 weeks, usually during the first 2 weeks in August, at the Teachers' Training Coll., Hereford. Seminars are arranged for the study of the following subjects: Art Appreciation, Drama, Economics, English Lit. (Poetry and Prose), Human Geog., Industrial Relations, Local Govt., Musical Appreciation, Philos., Psychol. and Science.

UNIVERSITY BOARD OF ADULT EDUCATION. The Board supervises all the extra-mural work of the Univ. Public Lectures, Univ. Extension Courses, Tutorial and Sessional Classes are held in Birmingham and at Centres throughout the W. Midlands. There is a Joint Committee for work with the Workers' Educational Association. Services education comes within the scope of the Board's work and is organized through the Univ. of Birmingham Cttee. for Educn. in H.M. Forces.

INSTITUTE OF EDUCATION. The Inst. exists primarily to co-ordinate the training of teachers in the W. Midlands area under the general responsibility of the Univ., and to recommend to the Ministry of Educn. for qualification those students who have satisfactorily completed their training. A Certificate in Educn. is granted to students after a 1-yr. postgraduate course. 1-yr. full-time or 2-yrs. pt.-time course for Diploma in Educn. has been instituted, and is

open to qualified teachers with not less than 5 yrs.' approved professional experience.

The governing body of the Inst. is the Delegacy which is responsible to Senate. In the area served by the Inst. there are 16 Local Educn. Authorities employing 20,000 teachers and maintaining half-a-million children in 3000 schools. The Inst.'s headquarters are at Institute House, 50 Wellington Road, Edgbaston, Birmingham, 15. GENERAL INFORMATION

The Bristol Medical School, founded in 1833, merged with the Univ. Coll. which was established in 1876. The College was dissolved and the Univ. received its Charter in 1909. Its main buildings were opened in 1925, occupy a commanding site between the City and the residential districts and cost £500,000; the H. H. Wills Physics Lab., opened in 1927, cost £200,000. The Fac. of Engineering is housed in the College of Technology. Canynge Hall, within easy reach of the Univ., accommodates the Depts. of Preventive Medicine and Pathol.

LIBRARIES, 165,000 vols. LABORATORIES: Scientific, Medical and Engineering, all equipped for purposes of research. Hospitals available for clin. study, the United Bristol Hospitals (comprising the Bristol Royal Hospital, Univ. of Bristol Dental Hospital, the Bristol Royal Hospital for Sick Children, the Bristol Eye Hospital, the Bristol Maternity Hospital and the Queen Victoria Jubilee Convalescent Home) and partly in the following hospitals under the control of the South Western Regional Hospital Board—Southmead Hospital, Ham Green Hospital, the Bristol Mental Hospitals, Stoke Park Colony and Winsley Sanatorium.

FACULTIES AND DEANS. Arts, Prof. D. G. James (Engl.); Science, Prof. N. F. Mott (Physics); Medicine, Prof. R. Milnes Walker (Surg.); Engineering, Prof. G. H. Rawcliffe (Elect. Eng.); Law, Prof. M. M. Lewis (Law).

RECOGNIZED INSTITUTION FOR WOMEN

HUGHES HALL (formerly known as the Cambridge Training College for Women). Founded 1885. *Telephone*: Cambridge 4090.

Principal—Eleanor M. Verini, M.A. Oxon. and Girton.

GENERAL INFORMATION

The University of Cambridge may be said to have originated in the 12th century and before the beginning of the 13th it was almost certainly a recognized centre of study. It is a common law corporation, being a corporation by prescription consisting of a Chancellor, Masters and Scholars, who from time out of mind have had the government of their members and enjoyed the privileges of such a corporation; but its incorporation has been confirmed by statute. In 1318 Cambridge received from Pope John XXII formal recognition as a *studium generale* or *universitas*. In 1571 by Act of Parliament 13 Elizabeth, Cap. 29, *An Acte for Thincorporation of bothe Thuniversityes*, the incorporation of the Univ. and all privileges then held under Charter or by prescription were confirmed.

The legislative and executive authority of the Univ. is vested in the REGENT HOUSE, which consists of those members of the Senate who are engaged in the teaching and administrative work of the Univ. Certain formal functions, and a right of appeal from the Regent House, are reserved to the Senate, which consists of Doctors, Masters and B.D.'s.

Changes of statute can be made by the Univ. with the approval of the Privy Council.

Many executive duties, and the duty of sanctioning the submission of resolutions (called *Graces*) to the Regent House and the Senate, are entrusted to the *Council of the Senate*, which is elected by the Regent House.

The titular presiding officer at a Congregation, and the Chairman of the Council, is the Chancellor, who is by custom a non-resident distinguished in public life. His duties are in fact performed by the Vice-Chancellor, who is

a Head of a College, appointed annually, in theory by the Regent House, in practice by the Council. It is customary for the Vice-Chancellorship not to be held for more than two years in succession by one person.

There are numerous *Boards* and *Syndicates* for dealing with the various branches of University business: the most important of them are the *General Board of the Faculties*, whose duty it is to advise the Univ. as to educational policy and to supervise and co-ordinate the work of the Faculties, and the *Financial Board*, whose duty it is to supervise the financial affairs of the Univ.

There are twenty Faculties: a Faculty being a body of persons furthering the study of a subject or group of subjects. The organization of teaching, research and examinations in the various subjects is in the hands of the several Faculty Boards, subject to the control of the General Board. A Faculty Board is in part composed of members elected by the Faculty. Some of the Faculties are divided into Departments, each under a Head, generally a Professor, who is responsible under the Faculty Board for its management. There are also some Departments independent of any Faculty.

The **INCOME** of the Univ. is derived from the endowments of specific posts, from general endowment (though to a small extent only), from the fees of students, from the statutable contributions of Colls. and from a Treasury Grant.

DISCIPLINE outside the walls of the Colls. is maintained by the Proctors.

The **COLLEGES** (18 for men, 2 for women) are self-governing corporate bodies distinct from the Univ., owning and managing their separate property. Their powers are, however, limited by their statutes, which cannot be altered by them without notice to the Univ. and approval by the Privy Council. The functions of the Colls. in regard to students are to provide lodging, corporate life and personal tuition, while the function of the Univ. is to provide public instruction by means of lectures and demonstrations, examinations leading to degrees and facilities for research. The affairs of the Colls. are, however, closely interwoven with those of the Univ. Most of the Fellows of Colls. are Univ. officers. Each Coll. is required by statute to contribute a certain fraction of its income to the funds of the Univ., the scale of contribution being graduated according to the College revenues.

The Colls. also maintain Fellowships for the furtherance of research, and a large number of Scholarships. The title of scholar is awarded on purely intellectual grounds, but no Coll. emolument other than an allowance for rooms is paid to an undergraduate scholar unless he satisfies the Coll. that his circumstances justify the payment.

NON-COLLEGIATE STUDENTS reside in licensed lodgings or in "Houses" recognized by the Non-Collegiate Students' Board. Such students by becoming members of Fitzwilliam House obtain opportunities for taking part in communal life (dining in Hall, belonging to athletic clubs, etc.) similar to those enjoyed by members of Colleges.

ADMISSION. See Appendix I.

The **ADVISER TO OVERSEAS CANDIDATES FOR ADMISSION** (N. S. Wilson, M.A. Pemb.), whose office address is The University Registry, Cambridge, is prepared to correspond with applicants for admission (other than candidates for admission to courses of research) resident outside the U.K., and with Government Depts. and other agents acting on their behalf.

A **UNIVERSITY HEALTH SERVICE** has been established (Sr. Univ. Health Service Officer—Sir A. F. Rook, M.A. Cath.) within the Dept. of Human

Ecol.; first-year undergraduates are invited to attend for medical examn. in their first term. A University Health Centre, including a gymnasium, is approaching completion.

NON-MEMBERS OF THE UNIVERSITY. Under certain conditions persons who are not members of the Univ. may be admitted to courses of instruction or allowed to work in Univ. labs. for limited periods. Enquiries should be addressed to the Registry.

INCORPORATION. Members of the Univs. of Oxford and Dublin (Trinity Coll.) may, under certain conditions, be allowed to "incorporate," *i.e.* be admitted to the status and degree in Cambridge which corresponds to that which they held in Oxford or Dublin.

AFFILIATION. Certain privileges affecting study are granted on admission to qualified members of a number of recognized Univs. and Colls., both U.K. and Overseas.

TERMS. In order that a term may be counted towards qualifying for a degree, a student must reside in Cambridge (*i.e.* within a circle of 3 miles' radius from Gt. St. Mary's Church) during three-fourths of the term. Full terms (*i.e.* the periods of regular teaching): 1951-52—Oct. 8 to Dec. 6; Jan. 15 to Mar. 15; Apr. 18 to June 9.

DEGREES. B.A., M.A.; M.Litt., Litt.D.; M.Sc., Sc.D.; B.D., D.D.; LL.B., LL.M., LL.D.; M.B. and B.Chir., M.Chir., M.D.; Mus.B., Mus.M., Mus.D.; Ph.D.

ARTS. The qualifications for the B.A. are: (i) 9 terms' residence; (ii) passing or being exempted from the *Previous Examn.*; (iii) passing the examns. for the Ordinary Degree or a Tripos examn. or examns.

Exemption from (i) to the extent of 3 terms can be obtained by students entitled to the privileges of *affiliation* (v. App. I).

(ii) The *Previous Examn.* includes Latin or Greek, one other language, Maths., and English. Subject to certain provisos, natives of Asia or Africa who are not of European parentage may substitute papers in Arabic, Chinese, Sansk., Persian or Pali for the Latin papers. For details and exemptions, see Appendix I.

(iii) Ordinary Degree (All students must follow an honours course or a course for a Certificate of Proficiency in their first year): (a) First-year hon. examn. or an examn. for a Cert. of Proficiency, followed by two of these Special Examns., Latin, Greek, History, Law, English, each lang. regularly included in the Mod. and Mediæval Langs. and Oriental Langs. Triposes, Geog., Moral Science, Maths., each whole subject of Part I of the Natural Sciences Tripos. Or (b) the Examns. in *Agriculture*, (c) in *Estate Management*, (d) in *Architectural Studies*, (e) in *Engineering Studies*, or (f) in *Christian Theology*.

Certain combinations of (a), (b), (c), (d), (e) and (f) are allowed, and also certain combinations of parts of (a) with parts of the course for the M.B. or the Mus.B., or with parts of a Tripos course.

Degree with Honours: obtained by gaining hon. in one or more (according to the regns.) of the following Triposes: Archæological and Anthropological, Chem. Engin., Classical, Economics, English, Geog., Hist., Law, Maths., Mech. Sci., Mod. and Med. Langs., Moral Sci., Music, Nat. Sci., Oriental Langs., Theol.

A Bachelor may be admitted Master of Arts at the end of 6 yrs. from the end of his 1st term, provided that not less than 2 yrs. have elapsed from his admission as B.A.

DIVINITY. A graduate may proceed to the B.D. when he is of not less than 5 yrs.' standing from his first degree, by submitting an original dis-

sertation or published work. A B.D. of 3 yrs.' standing may proceed to the D.D. by submitting published works or a printed dissertation.

LAW. To qualify for the LL.B. it is necessary to pass the LL.B. examn. after having kept 9 terms and reached honrs. standard in the Law Tripos, or taken the degree of B.A. and qualified for practice as a barrister or solicitor in England or Ireland, or as an advocate or law agent in Scotland. (For an Affiliated Student these requirements may be modified.) An LL.B. of not less than 2 yrs.' standing may be admitted to the Degree of LL.M. by dissertation. Any graduate may be admitted LL.D., not less than 8 yrs. after admission to his 1st degree, if he has published one or more original contributions, approved for the purpose, to the advancement of the science or study of Law.

MEDICINE. The qualifications for the M.B. and B.Chir. are : (i) 9 terms' residence ; (ii) passing (or exemption from) the *Previous Examn.* ; (iii) at least 5 yrs.' Med. study ; (iv) passing in due order several examns. (of which one must be a Tripos examn.). Admission to certain examns. is conditional on proof of diligent attendance on prescribed courses of lectures and practical work. Admission to the Final M.B. is conditional on proof of 5 yrs.' Med. study, of which 2 yrs. 9 mos. must have been spent in hospl. practice, and diligent attendance on prescribed courses of instruction and practical work. A person who has graduated M.B., B.Chir. may be admitted M.D. on submission of a thesis or dissertation when 8 yrs. have elapsed since admission to his first degree. A person who has graduated M.B., B.Chir. may be a candidate for the M.Chir. Degree Examn. when 2 yrs. have elapsed since passing the Final M.B. Examn.

MUSIC. The qualifications for the Mus.B. include (i) 9 terms' residence ; (ii) passing (or exemption from) the *Previous Examn.* ; (iii) passing two sections of the Mus.B. Examn. after reaching the honours standard in a part of the Music Tripos. The Mus.M. (by examn.) may be taken by Mus.B.'s of at least 3 yrs.' standing.

Graduates of not less than 8 yrs.' standing from admission to their 1st degree who have given proof of distinction in musical composition may be candidates for the Mus.D.

The Ph.D., v. *infra* Research Students.

THE SC.D. AND LITT.D. Either degree is open to a graduate of the University of not less than 8 yrs.' standing from admission to his 1st degree. These degrees are granted in consideration of published original contributions to the advancement of Science or Learning.

DIPLOMAS. The Univ. grants Diplomas in Agric., Agric. Sc., Anthropol., Archit., Class. Archæol., Comparative Legal Studies, Internat. Law, Economics, Education, Estate Management, Prehistoric Archæol., Mathematical Statistics and Oriental Langs., the diplomas in Anthropol., Prehistoric Archæol. and Orient. Langs. being open to non-members in certain exceptional circumstances. *Certificates* of competent knowledge of certain modern langs., open to members of the Univ. only, are awarded.

The Diploma in Anthropology may be obtained after residence for one term only by Officers of any of the Public Services of the Empire, not ordinarily resident in the British Isles, having exceptional qualifications, or by Missionaries who have served abroad.

The Diploma in Prehistoric Archæology may be obtained, after instruction in

Cambridge during an academical year, by persons approved in virtue of archæological experience in the field or of other qualifications.

The Course of MILITARY STUDIES arranged by the Univ. Board of Milit. Studies is for the time being in abeyance. The Air Squadron and the Training Corps (T.A.) continue to operate. Regular Commissions in the Army and R.A.F. are now granted direct to graduates. Sec., L. M. Harvey, M.A., Univ. Registry.

THE DEPARTMENT OF EDUCATION (Prof. of Educn.—G. R. Owst, Litt.D. Emm.; Director of Women Students—Eleanor M. Verini, M.A. Oxon. and Girton; Sec. of the Dept.—A. G. Hunt, M.A. Pet.), 17 Brookside, Cambridge (*Telephone*: Cambridge 4357), is under the general control of the Education Syndicate.

Four-year students devote their first 3 yrs. to reading for a degree and the 4th yr. to professional training. Postgraduate students not previously attached to the Dept. may also enter for the 1 yr.'s professional course and must become members of the Univ.

Examns. for the *Certificate* in Education, held in June, are open to students of certain training institutions, and also to other graduate teachers who have had at least a yr.'s experience in a Secondary or similar type of school approved for the purpose.

RESEARCH STUDENTS. Each application for admission must be made to the Secretary of the Board of Research Studies, and must be accompanied by (i) a diploma or other certif. of graduation at a Univ.; (ii) a statement of the course of research which the applicant desires to pursue, together with evidence of qualification, attainments and previous study; (iii) a statement of the degree, if any, for which the applicant wishes to be a candidate; (iv) a certif. or declaration of the applicant's date of birth. In exceptional cases persons who are not graduates may be admitted. The application is not granted unless it appears that (a) the course of research can conveniently be pursued within the Univ., and (b) that the applicant has produced adequate evidence that he is qualified to enter upon the proposed course. Before admission he is required to become a member of a College, or a Non-Collegiate Student.

Sec. of the Board of Research Studies: W. J. Sartain, M.A. Selw. Correspondence should be addressed to the Secretary at the Old Schools, Cambridge (*Telephone*: Cambridge 54451).

A Research Student pursues his course under direction and supervision, prescribed by the Degree Committee of the Faculty concerned. If he should wish to obtain a degree elsewhere he may, after he has pursued his studies in the Univ. for not less than 2 terms with regularity and industry, receive a certificate to that effect signed by his supervisor and by the V.-C. After a course extending over 2 yrs. and residence in the Univ. for at least 6 terms (Cambridge graduates, 3 terms) after admission as a Research Student, the M.Sc. or M.Litt. degree may be obtained. For the Ph.D. degree (v. p. 19) 3 yrs. are ordinarily required. One year of the 3 yrs.' course may be remitted if the applicant satisfies the Board of Research Studies that he has done at least a yr.'s satisfactory research work before admission to Cambridge Univ. For any degree 6 terms' residence is essential.

UNIVERSITY SCHOLARSHIPS AND STUDENTSHIPS, ETC., are generally open only to members of this Univ. For details see *Student's Handbook* (Univ. Press), which also gives details of College *Entrance* Scholarships.

DOMINION AND COLONIAL EXHIBITIONS. In view of the difficulties experienced by Dominion and Colonial students in competing for scholarships and

exhbn. in the open examn. held each Dec., Trinity Coll. is prepared to consider applications made by Dominion and Colonial Univs. on behalf of their students for the grant of exhbn.; value £40 a yr. either more or less according to holder's financial circumstances. Candidates must apply through the principal authority of their Univ. Applications for next award must reach the Senior Tutor, Trinity Coll. (from whom particulars should be obtained), by May 1, 1952.

EXPENSES. Since each student, in addition to Univ. fees, pays bills to a College (or to the Non-Collegiate Board), and the charges vary from College to College, a concise general estimate gives only a rough indication, which may be supplemented by particulars obtained from the College of the student's choice; but the total annual expenditure of a student, *exclusive of initial, occasional and additional expenses*, may be fairly estimated at about £350, although on the one hand it is possible by great care to live upon less, and on the other hand a larger expenditure will often enable the student to obtain greater advantages from a University career.

The items on which this estimate is based include an allowance for board and lodging, personal expenses (books, travelling, clothes, clubs, etc.) together with Univ. and Coll. fees. The excluded initial expenses include caution money, £12 to £30, which is returned when the student leaves the University (in certain Colleges caution money takes the form of a payment in advance, term by term, towards the next term's bill), College admission fee (£2 to £5), matricn. £5. The "occasional" fees are for examns., about £12, and degree fees, £3. The "additional" expenses include laboratory fees for technical and scientific subjects (an additional £10 to about £25), long vacation expenses.

The UNIVERSITY APPOINTMENTS BOARD (for names of officers see "Administrative and other Staff," *supra*) is responsible for all matters concerning employment suitable to members of the University. Address: 6 Chaucer Rd., Cambridge. *Telegrams*: Appointments, Cambridge. *Telephone*: 54242/3.

CAMBRIDGE UNIVERSITY WOMEN'S APPOINTMENTS BOARD, 6 Chaucer Road, Cambridge (*Telephone*: Cambridge 2629). Interviews by appointment only.

The UNIVERSITY LIBRARY contains over 1,500,000 vols., including many early printed books, and over 10,000 MSS. and 250,000 maps. It is entitled under the Copyright Act to a copy of every book published in Gt. Britain and Ireland, and a large number of foreign books and periodicals are acquired by purchase. It contains, amongst others, the following remarkable collections: Acton library (mediæval, ecclesiastical and modern history, 60,000 vols.); W. G. Aston's Japanese library; Sir T. Wade's Chinese books; J. W. Clark collection (Cambridge books, pamphlets, papers, etc.). The annual budget is about £65,000. In addition there are Departmental Libraries, some of considerable importance.

Each College has a library. Among special collections in College libraries are: in Christ's College the Robertson Smith collection of Oriental books, many of which are connected with Semitic literature; in Gonville and Caius College 800 MSS., 60 *incunabula*, heraldic collections of Dr. John Knight (17th cent.), 1300 books and controversial pamphlets of Dr. Wm. Branthwaite (d. 1619), Norfolk and Suffolk topographical and genealogical works; in Girton College small collections of Oriental books, chiefly Sanskrit (Cowell) and Hebrew (Frere—printed catalogue), and Botany books and pamphlets (Ethel Sargent).

MUSEUMS. (a) Art and Archæology.

The Fitzwilliam Museum (Director—C. Winter, M.A. Trin.), Trumpington

St., Cambridge (*Telephone*: Cambridge 4023), contains a large and valuable collection of paintings, drawings, engravings, Egyptian and Greek antiquities, ceramics, coins, illustrated MSS., autographs, early printed books and music.

The Museum of Classical Archaeology (Curator—Prof. Jocelyn M. C. Toynbee, M.A. Newn.), Little St. Mary's Lane, Cambridge (*Telephone*: Cambridge 2410), contains a collection of casts illustrating the history of Greek sculpture.

The Museum of Archaeology and Ethnology (Curator—G. H. S. Bushnell, M.A., Ph.D. Down.), Downing St., Cambridge (*Telephone*: Cambridge 4937), has a large and increasing collection, including Saxon urns and ornaments, casts of Central American monuments, Egyptian stone implements, unique Fijian collections, and numerous others resulting from scientific expeditions by Cambridge men.

(b) Science.

The following should be specially mentioned:

The Museum of Zoology (Director—F. R. Parrington, M.A. Sid.), Downing St., Cambridge (*Telephone*: Cambridge 2325).

Sedgwick Museum of Geology (Curator—A. G. Brighton, M.A. Chr.), Downing Street (*Telephone*: Cambridge 4129).

Museum of History of Science, Corn Exchange St., Cambridge.

LABORATORIES AND FIELD STATIONS.

Laboratories include those of Agric., Anat., Biochem., Bot., Chem., Eng., Exper. Physics (Cavendish), Genetics, Hum. Anat., Ethnol., Med., Mineral., Parasit. (Moltano Inst.), Path., Physiol., Psychol., Zool., Chem. Eng. In addition the following should be specially mentioned:

Mathematical Laboratory (Director—M. V. Wilkes, M.A., Ph.D. Joh.), Corn Exchange St., Cambridge (*Telephone*: Cambridge 5174), for research on computing machinery.

Botanic Garden (Director—J. S. L. Gilmour, M.A. Cla.), Bateman Street, Cambridge (*Telephone*: Cambridge 4101).

Scott Polar Research Institute (Director—G. C. L. Bertram, M.A., Ph.D. Joh.), Lensfield Rd., Cambridge (*Telephone*: Cambridge 2983).

THE OBSERVATORIES (Director—Prof. R. O. Redman, M.A., Ph.D. Joh.), Madingley Rd., Cambridge, are about a mile from Cambridge and have the Northumberland equatorial 12-in. aperture; the Sheepshanks photographic equatorial 12½ in.; a number of smaller instruments, a good library and a small optical shop. The Solar Physics Observatory has the Newall telescope (25 in.), McClean cœlostast and spectrograph, Huggins telescopes, 3-foot reflector, etc.

THE OXFORD AND CAMBRIDGE SCHOOLS EXAMINATION BOARD, established 1873, examines or inspects and reports on the work of schools which provide education of the highest grade. It also holds yearly examns. and awards a General Certificate of Education which exempts the holder, under certain conditions, from Responsions and the Previous Examination, the Matricn. examns. of London, the Northern and other English Univs., and the Preliminary examns. of various professional bodies, etc. For L.E.A. and State Scholarships, see p. 20. The Regulations of the Board are published by the Oxford and Cambridge Univ. Presses (post free 1s. 9d.). Secs.: at Cambridge—A. E. E. McKenzie, M.A. Trin., 10 Trumpington St. (*Telephone*: Cambridge 4658); at Oxford—G. J. R. Potter, M.A., 74 High St. (*Telephone*: Oxford 3549).

THE LOCAL EXAMINATIONS SYNDICATE, instituted in 1858, is one of the eight examining bodies in England and Wales approved by the Ministry of Education for Sec. school examns. Its membership includes Univ. members, principals of schools and representatives of Local Educn. Authorities. The

Syndicate conducts school examns. in Gt. Britain and overseas and examns. in English for students whose mother tongue is not English.

School Examns. in Gt. Britain. The examn. for the General Certif. of Educn. (at Advanced and Scholarship Levels in June and at Ordinary Level in July and December) is entrusted to a School Examns. Committee, one-half of whose members are teachers appointed by the Joint Committee of the Four Secondary Associations. School teachers, as members of Subject Committees, and as examiners, take a prominent part in this examn. The Certif. exempts the holder, under certain conditions, from Univ. entrance requirements and the Preliminary Examns. of various professional bodies, and is endorsed by the Ministry of Educn. For L.E.A. and State Scholarships, see p. 20.

School Examns. Overseas. The Oversea School and Higher School Certif. Examns. are held in December in India and Pakistan, Malaya, West and East Africa, the Sudan, S. Rhodesia, the West Indies and elsewhere in conjunction with the Educn. Authorities, and in schools for the British community in some foreign countries. Government Scholps. to Univs. in Gt. Britain are awarded on these examns. in a number of colonies. The subjects of these overseas school examns. correspond closely to those of the General Certif. of Educn. and carry the same exemptions.

Examns. in English. These examns. for students whose mother tongue is not English are conducted in association with the British Council, and are held in Gt. Britain and about 35 countries overseas. The Certif. of Proficiency in English which exempts the holder from the entrance test in English at certain Univs., and the Diploma of English Studies, which is intended to be of the same standard as a first examn. for a Univ. hon. degree, carry the official approval of the Ministry of Education. There is also an examn. for a Lower Certif. in English.

The examn. for the *Cambridge Certificate in Religious Knowledge* is held in June; this Certif. is designed for teachers who desire a satisfactory proof of their knowledge of the subject with a view to teaching it in schools.

Address from which full Regns. can be obtained—Syndicate Buildings, Cambridge (*Telephone*: Cambridge 55217); Sec.: J. L. Brereton, M.A.; Asst. Secs.: T. S. Wyatt, M.A., A. V. Hardy, M.A.

THE BOARD OF EXTRA-MURAL STUDIES undertake the liberal education of adults, mainly in the Eastern Counties, and in a few centres further afield. The Workers' Educational Association, together with other voluntary associations and the Local Education Authorities, are represented on the Board and are closely associated in the arrangement of its teaching work. Consultation also takes place through the Regional Consultative Council for Adult Education in the Eastern Counties. The teaching of the Board consists mainly of (a) Univ. Tutorial Classes, extending over three winter sessions; (b) Univ. Sessional Classes, usually of 20-24 meetings; (c) Univ. Extension Lecture Courses, usually of 10-12 meetings; (d) other special courses, many of a pioneer type.

Staff. The Board employ a number of pt.-time lectrs. and tutors, and have a staff of 18 full-time tutors and lectrs., including Resident Tutors in 7 county areas who, in addition to teaching, exercise a general supervision over the work of the Board and assist in the development of adult educn. in these areas.

Bursaries. The Board award annually bursaries to men and women in the adult educn. movement who have shown themselves to be capable of profiting by a course of Univ. study, but who, for various reasons, have not had the opportunity.

Summer Schools. The Board hold Vacation Courses, including (a) an

annual Summer School, in co-operation with the W.E.A., mainly for students from Tutorial and Sessional Classes, including a training course for potential tutors in adult educn.; (b) Vacation Courses for students from overseas, mainly Europe; (c) Occasional Summer Schools, in co-operation with Facs. or Depts. of the Univ., to meet special requirements.

Further particulars from the Sec., G. F. Hickson, M.A., Stuart House, Cambridge (*Telephone*: Cambridge 56275).

INSTITUTE OF EDUCATION. The Univ. Dept. of Educn. is a corporate member of the Cambridge Inst. of Educn.

B. SUNDERLAND TECHNICAL COLLEGE, Sunderland, Durham (*Telephone* : Sunderland 4447). Founded in 1901. By the Durham University Act of 1908 this College was to be affiliated in the Schools of Engineering and Electrical Engineering when the equipment and staff should be deemed adequate. The affiliation took place in 1930, and in 1931 certain members of the staff were accorded the status of "Recognized Teachers" in the Univ. The College is represented on Senate and on the Board of the Faculty of Applied Science. Principal—D. A. Wrangham, M.Sc. Lond., D.I.C.

GENERAL INFORMATION

The University was established in 1832. The College of Medicine, founded in Newcastle in 1834, was associated with the University first in 1852 and more closely in 1870. The Durham College of Physical Science, later Armstrong College, was founded in 1871 in Newcastle as a part of the University. The reconstitution of 1908 brought the Durham Colleges, the College of Medicine and Armstrong College into a closer relationship. The reconstitution of 1937 carried the process further, establishing a central financial control. It also merged the two Newcastle Colleges in King's College, Newcastle upon Tyne.

The University now consists of the Durham and Newcastle Divisions, *v. infra*. Three colleges elsewhere are affiliated to it.

GENERAL INFORMATION

The Univ. was founded in Durham in 1832 after two abortive attempts in earlier centuries. Halls of Residence were opened and were later recognized as constituent Colls. at various times during the course of the last hundred years.

Women have been admitted to Durham since 1896 and non-Collegiate students since 1871.

Until 1946 all Durham students lived in Coll., but post-war expansion has made this impossible, and approximately one-quarter of the total number now belong to St. Cuthbert's Society or St. Aidan's Society and live in licensed lodgings in the City, at Shincliffe Hall, or at home.

LIBRARY. 90,000 volumes, 173 incunabula; including rare theological and patristic books.

GENERAL INFORMATION

The University of Durham College of Medicine was originally founded in 1834 and became associated with the Univ. of Durham in 1852. Armstrong Coll., Newcastle upon Tyne, was founded in 1871, as a part of the Univ. of Durham. In 1937 the two Colls. were merged to form King's Coll., Newcastle upon Tyne, in the Univ. of Durham.

Owing to recent expansions, various depts. of the Coll. are scattered over a wide area and a plan showing their location is published in the *General Prospectus*.

LIBRARY, approx. 195,000 vols. and approx. 62,500 pamphlets (including the Medical libraries). There are also departmental libraries. Special collections : English Bibles from 1535 ; Heslop, English dictionaries (277 vols.) ; Kepier, 15th- to 18th-century printed books, mostly classics (600 vols.) ; Merz, philosophical, mathematical and general (3940 vols.) ; Spence Watson, early English texts (564 vols.) ; Oriental, with special reference to India (2762 vols. and 2082 pamphlets) ; Gilchrist, Agricultural (529 vols.) ; Gertrude Bell, Oriental (1963 vols.) ; Robert White (c. 4000 vols.), 18th-century plays, English and Scottish ballads, Border history.

MUSEUMS. Anat., Path., Dental, Zool., Geol., Mineral., Chem., Mining, Technological specimens.

LABORATORIES with special facilities for research in Engin. and Hydr., Elect. Eng., Naval Arch., Mining and Metall. ; special branches of Chem., Physics, Geol., Bot. and Agric. ; Marine Biol. (Dove Marine Lab., Cullercoats, Northumberland).

The Agric. Dept. manages the Coll. Farm at Nafferton, Prudhoe Station, and the Coll. Research Station at Cockle Park, Morpeth ; it also has the use of other County and Crown estates for teaching, research and demonstration purposes.

ADMISSION. See Appendix I.

DEGREE COURSES, ETC. Complete Courses for degrees in Arts, Archit., Medicine, Surgery, Hygiene, Dental Surgery, Science, App. Science, Law, Commerce, Soc. Studies, Town and Country Planning, Fine Art, Agriculture ; for Univ. Diplomas in Pub. Health, Psychological Medicine, Biblical Studies, Anthropol., Art Teaching, Archit., Town Planning, Landscape Design, Commerce, Pub. Admin. ; for the Univ. Licence in Dental Surgery, the Univ. Certificate in Soc. Studies, the Univ. Inst. of Education's Diploma and also for Coll. Instruction in Clinical Medicine and Surgery is given in the Royal Victoria Infirmary (700 beds) and other hospitals ; in Practical Midwifery and Clin. Gynæcol. at the Princess Mary Maternity Hospital ; in Clin. Dental Surgery in the Newcastle upon Tyne Dental Hospital. The Pathol. Museum provides an exceptional collection of specimens prepared by modern methods. Post-graduate medical and dental teaching is supervised by committees representing the Coll. and assoc. hospitals. Research facilities are available in the various depts.

The Appl. Sci. courses are in Eng. (Mech., Marine, Civil or Elect.), Naval Archit., Mining, Metall., Agric. Engin. and Chem. Engin.

The course for the Inst. of Educn. Diploma is available for grads. who intend to teach either in Primary or Secondary Schools.

Under the Tutorial System, each student in faculties other than medicine is assigned on entry to a tutor, who is responsible for advising him on his course and generally looking after his interests. The Dean of Medicine and the Dean of the Dental School perform similar duties in the Medical and Dental Schools, respectively.

GENERAL INFORMATION

Univ. Coll., Liverpool, founded by Royal Charter 1881, was admitted into the Victoria Univ., Manchester, in 1884. In 1903 the Univ. of Liverpool was established by Royal Charter and the Coll. was absorbed in it.

LIBRARY. The library of the Univ. contains over 300,000 vols. The most important collections received by gift or bequest are those of Thomas Glazebrook Rylands (1900), rich in early geography, astronomy, mathematics and British local history; of William Noble (1912), containing most of the finely printed books published in England since about 1880; and of R. A. Scott Macfie (1935), entirely devoted to the Gypsies. The Library possesses a small but fairly representative collection of mediæval manuscripts, including an important text of *Piers Plowman*, and about 250 incunabula. Special bibliographies have been issued. In addition there are numerous Class Libraries in the Fac. of Arts and a Departmental Library of Music.

The following are the principal **MUSEUMS AND LABORATORIES**: Mathematical Institute, Anat., Archæol., Archit., Bact., Biochem., Bot., Chem., Physical and Electro-Chem., Elect. Engin., Embryol. and Genetics, Engin., Geol., Public Health, Child Health, Laryngology, Materia Medica, Med., Trop. Med. (including museum, animal houses, and specially warmed glass insectarium, and research labs. at Liverpool and Sierra Leone), Chemotherapy, Obst. and Gynæc., Oceanog., Ophth., Path., Physics, Nuclear Physics, Physiol. and Histol., Radio-diagnosis, Radiotherapy, Surg. Path., Tidal Research, Toxicology, Vet. Anat. and Path., Vet. Hosp. in Liverpool and a Vet. Field Station and Hosp. in Wirral, Zool. The Marine Biological Station, Port Erin, Isle of Man, has been transferred to the Univ. by an Act of Tynwald. **HOSPITALS** available for Clinics, 25 general and special. The trade of the port ensures frequent cases of infection. Special wards for Trop. Diseases. Expeditions to Tropical countries organized for investigation or advice. Suitably qualified persons may enter the labs. for research at prescribed fees.

FACULTIES. (1) Arts, with Schools of Archit., Archæol. and Oriental Studies, Social Sciences and Administration (including Economics, Commerce, Geography, Social Science), Local History and Records, Russian Studies, Hispanic Studies and Departments of Civic Design and Educn.; (2) Science (with Liverpool Observatory and Tidal Institute and Port Erin Marine Biological Station); (3) Medicine (with Schools of Dent. GENERAL INFORMATION

The University authorities desire that it should be clearly understood that they can accept no responsibility for any information concerning exams. or procedure except such as is contained in the latest edition of their own official Regns. These can always be obtained on application at the Univ. offices.

The Univ. was constituted by Royal Charter in 1836 as a body empowered to grant degrees to students of approved institutions after examination, and, until 1900, its work was confined to the examination of students. The system whereby entrance to its exams. was restricted to students of certain affiliated Colleges was abolished, except for exams. in Medicine, in 1858. In 1878

* Not in receipt of U.G.C. grants.

its degrees were thrown open to women, London being the first of the Univs. of Great Britain to adopt this policy.

In 1900 the Univ. was reconstituted so as to strengthen the ties between it and the institutions engaged in Higher Education within a radius of 30 miles. The Senate was empowered to admit as *Schools of the University* institutions, situated within the administrative county of London and not carried on for the private gain or profit of the owners, which provide education of Univ. standard, and required to obtain reports at prescribed intervals on the efficiency of such schools. A special form of recognition could be given to an institution within the same area founded for research or the cultivation of any special branch of science or learning, and the Lister Institute of Preventive Medicine has been admitted in this category.

The two original Colls. of the Univ. have been incorporated in it, Univ. Coll. in 1905 and King's Coll. in 1908, by special Acts of Parliament.

Further changes in the constitution of the Univ. were made by the Statutes under the University of London Act of 1926. These Statutes came into force in March 1929. The most important change was the creation of a new body known as the Court, which is responsible for the finances of the Univ.

COURT. Under the Statutes, the Court has the custody, control and disposition of all the property, funds and investments of the Univ. and controls its finances. One of its most important duties is to apply for the grants for Univ. purposes to the University Grants Committee, the London County Council, Home Counties and other public bodies, and to distribute the sums so received between Univ. Depts. and those Schools which receive financial aid from the Univ. Prior to the reconstitution the Government grant had been allocated to Schools by the U.G.C.

The Court is also responsible for the development of the Bloomsbury site and the Buildings.

SENATE. Under the Statutes the Senate is the supreme governing and executive body of the Univ. in all academic matters. It has power to recognize as Teachers of the Univ. members of the teaching staff of certain approved public educational institutions, whether Schools of the Univ. or not. Matriculated students of Schools of the Univ. or studying under such *Recognized Teachers* are eligible under certain conditions for registration as *Internal Students*, and are allowed, after pursuing Approved Courses of Study, to enter for the "Internal" examns. of the Univ. *External Students* may pursue their studies where and how they please, and are admitted, without any conditions as to attendance at Approved Courses (except in Medicine, Dental Surgery, Pharmacy, Mining, Metallurgy, Engineering, Anatomy and Architecture) after a period of Registration, to examns. for degrees in all subjects. The examns. for Internal and External students are in some cases separate, in others identical.

LIBRARIES. *The University Library* (over 500,000 vols. and pamphlets) provides a free lending library for students and well-equipped research libraries for postgraduate students. It includes the Goldsmiths' Library of Econ. Literature, foremost, on the historical side, among the econ. libraries of the country (c. 60,000 vols. and pamphlets), and the Durning-Lawrence Library containing an important collection of books by and about Sir Francis Bacon and a good working library on Shakespeare, including the four folios. The Library contains also a Periodicals Room, receiving over 2500 periodicals, and a Music Library comprising scores and books on music, a pianola, gramophones, and collections of records and pianola rolls. The libraries of the Francis Galton Laboratory, the Commerce Degree Bureau, and a small

students' library at Goldsmiths' Coll., New Cross, are also the property of the Univ.

There are also important specialized and general libraries belonging to the Schools and Institns. of the Univ., incl. those of the Institute of Historical Research, the Institute of Advanced Legal Studies, the Institute of Commonwealth Studies, the Courtauld Institute, the Warburg Institute, the Med. Schools, the London School of Hygiene and Trop. Medicine, the School of Oriental and African Studies, and the London School of Economics.

Full particulars of these libraries above are included in R. A. Rye: *Students' Guide to the Libraries of London*.

FACULTIES AND DEANS. Theology, Rev. Prof. R. V. G. Tasker (King's Coll.). Arts, Prof. E. H. Warmington (Birkbeck Coll.). Laws, Prof. R. H. Graveson (King's Coll.). Music, Dr. H. J. Coates (Trin. C.M.). Medicine, Dr. E. R. Boland (Guy's). Science, D. O. Wood (Univ. Coll.). Engineering, Prof. S. J. Davies (King's Coll.). Economics and Political Science, Dr. Vera Anstey (Lond. Sch. of Econ.).

COMMITTEES OF THE SENATE. The five standing Committees are—The Academic Council, the Council for External Students, the Collegiate Council, the University Extension and Tutorial Classes Council and the Matricn. and School Examinations Council. There are about 35 other Committees, besides the 50 Boards of Studies.

TERMS for Univ. and Inter-collegiate courses, 1951-52: Oct. 3-Dec. 12; Jan. 9-March 19; April 23-July 2.

DEGREES. B.D., M.Th., D.D.; B.A., M.A., D.Lit.; LL.B., LL.M., LL.D.; B.Mus., D.Mus.; M.B., B.S., M.D., M.S.; B.D.S.; B.Pharm.; B.Com.; B.Sc., M.Sc., D.Sc.; Ph.D. (in all Faculties).

The B.Sc. and D.Sc. are granted in the Faculties of Science (including Agric., Hortic., Vet. Sc., and, for Internal students, Household and Social Science—B.Sc. only), Engineering, and Economics (including Estate Management); the M.Sc. in Science (including Agric., Hortic., Vet. Sc., and, for Internal students, Household and Social Science), Engineering and Economics (including Estate Management).

ADMISSION. See Appendix I.

EXTERNAL students for a Bachelor Degree take Intermediate or Preliminary and Final examns. at intervals prescribed in the Regns., and approximating (except in Med., Dental Surgery, Architecture and Vet. Sc.) to 3 or 4 yrs. in all. All External students (except for the Intermediate overseas) are required to register, and all must previously have matriculated or must satisfy the minimum entrance and Faculty requirements of the Univ. at the time of first registration. Copies of all Regns. may be obtained from the External Registrar.

EXTERNAL EXAMINATIONS OVERSEAS. Certain of the examns. of the Univ. for External students are held not only in London and at Provincial centres within Great Britain, but also at centres in the Dominions and Colonies and in some foreign countries. The examns. in Theol., in Arts, in Laws, in Economics and in Commerce have been held at about 156 overseas centres. The Examns. in Science have also been held under special arrangements at 30 overseas centres.

AN INTERNAL student before being allowed to enter as such for any examn. must, unless specially exempted, have attended Instruction courses in all the subjects thereof. For a first degree in any Faculty he must have completed an Approved Course of Study extending over at least 3 yrs. which must,

ordinarily, have been continuously pursued, but not necessarily all at one institution. As a general rule, Hons. may be taken at the Final examns. A course of study extending over not more than 1 yr. taken in another Univ. approved for the purpose subsequently to a student's passing the Intern. may be accepted subject to regns. in lieu of a course taken in this Univ.

Any person who has passed the Intern. examn. as an *External* student may be allowed to take the Final examn. for the first degree after having attended as an Internal student an approved course of study for it extending over 2 or 3 yrs., as required by the Regulations, but in the case of those taking it after 2 yrs. the degree is not conferred till after a further yr.'s course of approved study.

Courses for Internal Degrees are held at the following :

Theology. King's College Theological Department, New College, Richmond College, St. John's Hall.

(Eng.). The course of study for the Final Examn. for a Bachelor's Degree extends over not less than 3 yrs.* Before entry on a course of study for a Final Examn., Internal and External candidates must pass at main subject standard in Pure Maths. and Appl. Maths. [or Mathematics (Pure and Applied)], Physics and Chemistry at a Higher School Examn. or at Advanced level at a General Certificate of Education Examn. or at the Preliminary (Intermediate) Examn. in Science or an approved equivalent (a candidate who is appropriately qualified in 3 of the subjects, Pure Maths., Appl. Maths., Physics and Chemistry, may be allowed to enter on the course and to complete the entrance qualifications by passing in the fourth subject before taking any part of the Final Examn.).

The General Internal and External Final Examns. in *Engineering* and *Chemical Engineering* are divided into 2 parts, Part I of the latter being divided into 2 sections. The General Internal and External Final Examn. in *Metallurgy* is divided into 3 parts. The Special Internal Final Examns. in *Engineering* are divided into 3 parts, and there are two Special Internal Final Examns. in *Chemical Engineering*, one divided into 2 parts, the other into 3 parts. The External Final Examn. in *Mining* is divided into 3 parts. There are Special Internal Final Examns. in *Metallurgy* and *Mining*. The Special Internal Examns. are confined to students of certain Schools of the University.

Internal Candidates for the M.Sc. (Eng.) degree are required to have graduated in this or another Univ. at least 1 yr. before entry to the M.Sc. (Eng.) Examn., but graduates of other Univs. are debarred by Statute from proceeding direct to higher degrees as External students. The examn. is by thesis or dissertation and there is an oral examn. The examiners may also require a written examn.

Except in exceptional circumstances, Internal and External candidates for

* External students are required to pursue the course at an Institution recognized for the purpose unless excused by reason of approved training and experience elsewhere.

the D.Sc. (Eng.) degree must have obtained in this Univ. the M.Sc. (Eng.) degree or Ph.D. degree in the Fac. of Engineering. The Degree is awarded on the ground of published work which affords definite evidence that the candidate has initiated and conducted research in Engineering Science of such quality as has given him an authoritative standing.

ECONOMICS. First Degrees: The following are awarded: B.Sc. (Econ.), Revised Regns. Normally 3 yrs. Preliminary qualifications: Pass an Intermediate or Preliminary Examn. or possess a Higher School Certificate or a General Certificate of Education with 3 subjects at Advanced level. Part I covers 3 subjects. Part II covers Applied Economics and a group of 4 subjects to be chosen from 2 groups.

Higher Degrees. The following are awarded: M.Sc. (Econ.), M.Com., M.Sc. (Est. Man.), Ph.D., D.Sc. Admission to Masters' Degrees is normally 2 yrs. after passing the appropriate First Degree. For the M.Sc. (Econ.) candidates are examined in 1 subject to be selected from a list of 8 (4 papers or a dissertation and 2 papers). The M.Com. Examn. is by papers and a dissertation or thesis on an approved subject. The M.Sc. (Est. Man.) Examn. consists of 2 papers on a selected, approved general subject and a dissertation on an approved special subject.

D.Sc. Candidates must hold the M.Sc. (Econ.) or M.Com. or Ph.D. in the Fac. of Economics and must submit published work.

Diplomas. Academic Dip. in Public Administration, normally 2 yrs. Dip. in Social Studies (Ext.).

MILITARY EDUCATION. Military Studies is one of the optional subjects for the Intern. Arts and Final B.A. and B.Sc. (General) examns. An Academic Dip. in Military Studies is awarded.

The Univ. of London O.T.C. was constituted in 1909. The Corps has been renamed the Univ. of London Contingent of the U.T.C. (T.A.). Information from the Adjutant, U.T.C., Examination Halls, S.W.7. *Telephone*: Kensington 2482/3.

AIR SQUADRON. The Univ. of London Air Squadron was founded in 1935 by the Air Ministry with the assistance of the Univ. Authorities. Its main object is to promote a serious interest in flying and its allied subjects. Applications for membership should be addressed to the Sec., U. of L. Air Squadron, 48 Princes Gdns., S.W.7. *Telephone*: Kensington 6762.

POSTGRADUATE STUDY AND RESEARCH. In most of the Colleges and Schools of the Univ. special arrangements are made for Research students, and the facilities offered are not restricted to Internal graduates of the Univ. External graduates and graduates of other approved Univs. are allowed, under certain conditions, to enter as Internal students for the degrees of Bachelor or of Ph.D. in the several Faculties, and for the degree of M.Th., M.A., LL.M. or M.Sc. Every candidate must submit evidence of graduation, etc., together with a certificate from the authorities of the School or Institution in the Univ. at which he proposes to study, stating that the student is, in their opinion, a fit person to undertake the proposed course of study and research, and that they are willing to supervise his work. An Oversea student may himself submit an application on the prescribed form, and the Univ. will, if so requested, advise on the selection of the School or Institution at which, and Teacher under whom, he should study. Application for such advice should be addressed to the Academic Registrar. Oversea students should apply for registration before coming to London, and their applications should reach the Univ. by May 1, or, if from Australia or New Zealand, March 1, to enable them, should their applications be successful, to enter upon their course of study in Oct., *i.e.* at the beginning of the session. Students whose applications are approved are required to pursue a course extending over at least 2 yrs.

An Internal student who is a candidate for the Ph.D. degree must have graduated in the Univ. or have been registered as a candidate for the degree after passing approved exams. for a degree in another Univ. An Internal student is further required to pursue a course of study of not less than 2 yrs.' full-time, or 4 yrs.' pt-time, training in research and research methods. Any graduate of the Univ. may become a candidate for the Ph.D. degree in his first degree Faculty as an External student on receiving the approval of the Council for External students.

FEES. Registration (incl. matricn.), Internal, 3 gs., External, 5 gs.; Examn. and Graduation—Minimum, 12 gs. (Med., 29 gs.) for first degree. Other Degree fees, 10 to 20 gs. Tuition, *see* the sections relating to the several schools.

STUDENTSHIPS AND SCHOLARSHIPS. Studentships are awarded by the Senate in aid of advanced work or research. These awards fall mainly into three categories: (i) fifty studentships of £250 each awarded on the results of Final Examinations; (ii) about forty University Postgraduate Studentships of £275 each awarded to graduates of between one and three yrs.' standing; (iii) a number of Travelling Studentships. The Scholarships Pamphlet, obtainable post free on application to the Univ., gives details of these and others including awards made by Schools of the Univ.

ADVISORY SERVICE FOR EXTERNAL STUDENTS. Any External Student who is duly registered for an external degree or diploma and experiences any difficulty in connexion with the appropriate studies may apply to the External Registrar for guidance. Such guidance may take the form of detailed schemes of study or personal discussion with an Adviser.

The **COMMERCE DEGREE BUREAU** exists to help in their studies External (especially extra-London) students proposing to take the Commerce Degree exams., or the examination for the B.Sc. (Econ.) degree under the revised regulations, to provide a reference and lending library for students, and generally to promote the value and usefulness of the degrees. The Bureau is administered by a Senate Committee. Prospectus and enquiry forms obtainable on application to the Sec., Commerce Degree Bureau, Senate House, W.C.1, *Telephone*: Museum 2843.

DEPARTMENT OF EXTRA-MURAL STUDIES. The work of the Dept. is controlled by the Univ. Extension and Tutorial Classes Council and the area of operation includes the Counties of London, Middlesex and Surrey, south-west Essex and south Hertfordshire, and the County Boroughs of Croydon, East Ham, West Ham and Southend-on-Sea. The work is sub-divided as follows:

(a) *Univ. Extension Courses* have been carried on by the Univ. since 1902 (prior to that, 1876-1902, by the London Society for the Extension of Univ. Teaching). Courses are held at approved centres on History, Literature, the Arts, International Affairs, Govt., Social Studies, Religion, Physical and Biological Sciences, Geography. For certain courses field work and/or residential schools are arranged. A discussion class is held in connexion with each lecture, and students are encouraged to undertake private study. An examn. for certs. may be held at the end of each Sessional course. Short courses (5 or 6 lectures) of a *pioneer* or illustrative kind are arranged. Continuous study over several years is encouraged by the *Diplomas in the Humanities* (Hist., Lit., Econ., Social Theory and Structure, Hist. of Art, Biblical and Religious Studies, Internat. Affairs), awarded, under the Seal of the Univ., to students who carry on an approved co-ordinated course of study usually covering 4 yrs., and pass the required exams. Provision is made, where required, for post-diploma study.

(b) *Tutorial Classes* have been provided since the Workers' Educational Association established in 1909 a close and harmonious relation with the Univ. The classes extend over three consecutive years usually with a maximum membership of 24 students. Sessional Classes and Advanced Classes lasting one session are also provided. The subjects studied are those for which a demand has been expressed by intending students, and in the formation of syllabuses the wishes of the students are taken into account. There are no examinations but all students undertake to do written work on

subjects periodically arranged with the tutor to suit individual needs. In the class the tutorial method of exposition and discussion is followed. The subjects include Art, Econ., Hist., Internat. Affairs, Lit., Music, Philos., Politics and Psychol.

(c) Two annual Residential Summer Schools for Tutorial and Sessional Class students and an annual Residential Summer School for Univ. Extension students are held at centres in the country. In addition week-end schools are arranged in the winter months and a Saturday School in the spring, for Tutorial and Sessional Class students. Week-end Schools (residential and non-residential) and Saturday Schools are arranged at frequent intervals throughout the Session for Univ. Extension students.

(d) An annual Residential Summer Course, lasting six weeks, is held for U.S. graduates and undergraduates particularly, but also for suitably qualified students from England, Europe and elsewhere.

(e) An annual Residential Summer Course in English for Foreign Students is held. Special stress is laid upon Phonetic teaching. The course is designed to widen the students' knowledge not only of the Engl. Lang., but of English customs, institns. and art, by means of lectures, classes, visits, etc. The total number of students admitted to the course is limited at present to about 200, and the number in each class to 8. In 1950 the course was attended by 210 students from 29 countries.

(f) The *Examination for the Certificate of Proficiency in Religious Knowledge* is held once a year in June in London, the Provinces and overseas. Minimum age at entry, 18.

(g) The *Examination for the Certificate of Proficiency in English for Foreign Students* * (for candidates whose mother-tongue is not English) is held in Aug. each year and may be held in Dec. also. It is designed to provide evidence of a practical working knowledge of the English language, written and spoken, and of an elementary knowledge of Phonetics. The min. age at entry, except in special cases, is 20. The *Examination for the Certificate of Proficiency in English for Teachers of Foreign Students* may be held in Aug. each year. It is designed to provide evidence (which may not be guaranteed by a teacher's other certificates) of such a practical working knowledge of the English language, written and spoken, and of such acquaintance with Phonetics, as may be of special value for teaching English to foreign students. Candidates must be qualified teachers, or have been approved as having a sound knowledge of English and as having had appropriate experience in teaching.

(h) *Examinations for Certificates of Proficiency in Czech, Danish, Dutch, French, German, Hungarian, Italian, Norwegian, Polish, Roumanian, Russian, Serbo-Croat, Spanish and Swedish* are held in June in London. They are intended primarily for teachers who are not specialists in, but who require a Certif. testifying to their practical working knowledge of, the language, both spoken and written. Minimum age at entry, except in special cases, 20.

(i) The *Examination for the Certificate of Proficiency in Diction and Drama* is held once a year, in July, and is open to qualified teachers and to other persons who have had appropriate experience in teaching or similar work, and who have taken a one-yr. full-time or two-yr. pt.-time course at Training Schools or Institutions approved for the purpose.

(j) The *Examination for the Certificate of Proficiency in Natural History* is held once a year, in Oct., and is open to teachers who have followed a special scheme of study, involving a directed course of reading, attendance at a Practical Course, field-work and essay.

* The Cambridge Local Examinations Syndicate also awards a Certificate of Proficiency in English, v. p. 105.

(k) *The Examinations for the Diplomas in History*—General Hist. or Modern Hist.; *Literature*—English Lang. and Lit. or General Lit.; *Economics, Social Theory and Structure*; *History of Art*; *Biblical and Religious Studies*; and *International Affairs*—are held once a year for students who have followed a recognized course of study for 4 yrs. as pt.-time students, or in special cases for a shorter period.

(l) *The Examn. for the Postgraduate Diploma in Psychological Medicine* is held twice a year in London, in March and April and in Oct. and Nov., and is open to candidates whose names are in the Medical Register or who are registrable therein, and who have had the required clinical experience. There are two forms of this Dipl., for those desiring to specialize (i) in Mental diseases (Psychiatry), and (ii) in Mental Deficiency. The last examination for this Dipl. will be held in March-April 1952.

(m) *The Examn. for the Diploma in Dramatic Art* is held once a year, in July, and is open to students whose general education satisfies the Council and who have studied at least 2 yrs., after attaining the age of 17 yrs., at Training Schools or Institutions where courses have been approved.

(n) *The Examn. for the Diploma in Nursing* is held once a year in London, in Oct. and Nov., and is open to Registered Nurses whose general education satisfies the Council, subject to certain specified conditions with regard to Part B of the Examn. *The Examn. for the Sister-Tutor's Diploma* is held once a year, in July, and is open to Registered Nurses whose nursing experience and general education satisfies the Council and who have studied for at least 2 yrs. at training institutions where courses have been approved.

(o) *Examns. for the Diploma in the Theory and Practice of Physical Education* are held—Part I twice a yr., in June and Dec., Part II once a yr., in May—and are open to students whose general education satisfies the Council and who, after completing their 18th yr., have studied at least 2 yrs. before Part I and 3 yrs. before Part II at Physical Training Colleges where courses have been approved.

(p) *Examn. for the Diploma in Theology* is held once a year, in June, in London, the Provinces and overseas, and is open to students over 19 whose general education satisfies the Council.

(q) *Examn. for the Diploma in Public Administration* is held once a year, in London, the Provinces and overseas, in June, and is open to students holding a Univ. degree or an approved technical or professional qualification who have been engaged for at least three years in public administrative work of an approved standard.

[*Further information and copies of the Regns. may be obtained from the Director of the Department of Extra-mural Studies, University of London, Senate House, W.C.1.*]

SCHOOL EXAMINATIONS. The Univ. conducts examns. for the *General Certificate of Education*. The examn. is held in approved Secondary Schools and may also be taken by Private Candidates. All candidates must be 16 years of age by Sept. 1 in the yr. of the examn.

Subjects may be offered at Ordinary, Advanced and Scholarship levels, and the examn. is held at these 3 levels in June, and in Nov. at Ordinary level only (except that Private Candidates may also take Advanced level subjects at that examn.). There are no Group requirements, and candidates may offer one or more subjects. The certif. is attested by the Minister of Education.

The Univ. is prepared to hold the examn. at schools and for Private Candidates overseas; provided that, in the case of schools in the Commonwealth and Empire, the application is received through the Govt. of the

Dominion or Colony, or, in the case of schools in foreign countries, through H.M. representative.

Regns. are obtainable from the Sec. to the Matriculation and School Examinations Council, Univ. of London, Senate House, London, W.C.1.

The *ATHLONE PRESS* was established in 1950 with offices in the Senate House, its functions being to publish University lectures, the work of graduates of the University and of teachers of the University or of its Schools and Central Institutions, and such other works as the Board of Management may accept.

OFFICIAL PUBLICATIONS. The following are obtainable from the University of London (Publications), Senate House, W.C.1:

The Calendar, 10s. 6d. incl. postage. *Gazette*, pubd. at average intervals of 4 weeks; annual subscription, 5s., single no., 8d., including postage. *Examm. Papers*, published as soon as possible after the several Examns.; prices vary from 1s. 3d. to 2s. 6d.

INSTITUTE OF ADVANCED LEGAL STUDIES

Founded 1948

Postal Address : 25 Russell Square, London, W.C.1.

Telephone : Museum 3232.

CHAIRMAN OF COMMITTEE OF MANAGEMENT—The Right Hon. Sir
NORMAN BIRKETT, M.A., LL.B. Camb., LL.D.

DIRECTOR—Professor Sir DAVID HUGHES PARRY, M.A. Camb., D.C.L.
McG., LL.D. Br. Col., New Br., Wales and W. Ont.

SECRETARY AND LIBRARIAN—K. HOWARD DRAKE, M.A. Camb.

GENERAL INFORMATION

The Institute was established as part of the post-war expansion of the University of London and occupies premises near the Senate House. Its aim is to act as a focal point for legal research, to provide seminar classes for students reading for higher degrees in law at a School of the University, and to build up a good working research library in law.

The Institute's Library now consists of over 23,000 books, some 5000 of which were bequeathed to the University by the late Dr. Charles Huberich. The Institute has acquired practically all United Kingdom law reports and Statutes and basic works, particularly those of use for seminar purposes. In addition, the Nuffield Foundation have generously made available the sum of £10,000 for the purchase of legal literature relating to the Dominions and Colonies. In making use of this benefaction, the Institute is pursuing a selective policy and is giving priority to material not elsewhere available in London. The U.S. section of the library is being considerably enlarged and many U.S. legal periodicals not taken elsewhere in England are regularly received.

The Institute is collating particulars of legal research being undertaken and is in a position to pass this on to research workers and to other enquirers.

Admission to the Institute may be granted, without fee, to *teachers* of law in Universities and University Colleges, both in the United Kingdom and overseas, and to teachers in other Law Schools, who are qualified to become members of the Society of Public Teachers of Law ; to *postgraduate students* engaged on approved research, and to other University students attending a class or seminar at the Institute ; and to *other persons* by permission of the Director.

Persons who already hold a research degree or have published the results of their researches, or have had considerable training or practical experience in the law, may be admitted to the use of the Institute, either on payment of a fee, or without fee, if duly invited and willing to assist in the work of a seminar held at the Institute.

GENERAL INFORMATION

Equipment provided in the first instance for the study of the Archæology of the British Isles and Near East, esp. of those countries for which Gt. Britain has had special responsibilities, such as Palestine, Mesopotamia, etc.

Teaching collections for British and Palestine archæology, notably the Petrie Palestinian collection, are available to students.

Instruction is given for the Diplomas in Archæol. of the Univ. of London, and for higher degrees in archæological subjects. Tuition is also provided in archæological technique, including excavation methods, the repair and preservation of archæological objects, draftsmanship, surveying and photography. Courses of lectures, open both to students and to the general public, are given in these subjects, on recent excavations both in the British Isles and the Near East, and on archæological methods.

THE YEAR 1949-50

A course of 10 special lectures on recent archæological work in the Near East was arranged at the Inst. during the autumn term, and in the spring term Prof. R. Pittioni of Vienna delivered here the Univ. Lectures in Archæology on "Prehistoric Copper Mining in Austria—Problems and Facts" (to be published in the Inst.'s *Annual Report*) in addition to the usual Diploma courses.

The Inst.'s collections were enlarged by the acquisition of the flint imple-

ments and sherds collected by Miss G. Caton-Thompson during her excavations at the Kharga Oasis, which represent the largest and most comprehensive series of palæolithic and later flint implements from this region available outside Egypt.

INSTITUTE OF COMMONWEALTH STUDIES

Founded 1949

Postal Address : 27 Russell Square, London, W.C.1.

Telephone : Langham 7855.

DIRECTOR—Professor W. K. HANCOCK, M.A. Oxon., F.B.A.

LIBRARIAN AND SECRETARY—A. R. HEWITT.

GENERAL INFORMATION

The object of the Institute is to promote advanced study of problems affecting the Commonwealth. In particular the Inst. will encourage res. in the field of the social sciences and will facilitate contact and discussion between workers pursuing different disciplines.

A Library is being built up. It will necessarily be selective and will make no attempt to compete with existing large collections. Subject to this, it will rapidly acquire strength in bibliography and other aids to res. It will collect important official material and will subscribe to as wide a range of periodicals as space and finance will permit. It will buy secondary books selectively with particular emphasis on demography, the applied economics of Commonwealth countries, race relations and constitutional and administrative problems.

It is hoped to make the Inst. a useful meeting ground for members of staff of this and other Univs. and for grad. students.

Particulars as to admission and forms of application may be obtained from the Librarian and Secretary.

THE YEAR 1949-50

BENEFACTIONS. Many Univs. and Univ. Colls. throughout the Commonwealth made contributions towards furnishing the Inst. in selected "Empire timbers." The Rockefeller Foundation of New York made a grant of \$1500 to be expended during the ensuing 3 yrs. on the purchase of American and Canadian material.

BUILDING. Work of reconstruction and adaptation of the Inst.'s premises at 27 Russell Sq. was completed and the bldg. was occupied on June 1, 1950, although some time elapsed before decoration and furnishing were completed.

LECTURES. The Director delivered the Marshall Lectures at Cambridge, which have since been published under the title "Wealth of Colonies."

SEMINARS. The Director, assisted by three other members of the Univ. staff, took charge of a large Seminar for "Devonshire" students, *i.e.* those younger members of the Colonial Service who returned to the U.K. for a period of academic work. The Seminar, consisting of some 50 students, was divided into 2 groups. This work was continued the following session, with some variations of method, in the Inst.'s own bldg.

DISCUSSION EVENINGS. An experiment was tried of bringing together teachers in the Univ. and res. workers whose interests, wholly or partially, were within the Commonwealth field, by means of discussion evenings, when, after refresh-

ment, an expert in a particular field was invited to open a discussion on a selected subject. The theme for the discussions during the Lent (1950) term was "Some Socio-Economic Problems in British Colonies," and for those during the Summer (1950) term "Forces of Unity and Tension in the British Commonwealth." The experiment proved successful and is to be continued.

LIBRARY. Progress was made in procuring, cataloguing and classifying books, documents and periodicals, and some 2400 items were obtained by purchase and gift in the latter half of the academic year. The principles which guided selection are referred to under *General Information* above. Work commenced on the compilation of a "Bibliography of Bibliographies" in the library and on a union list of Commonwealth periodicals in London.

GENERAL INFORMATION

London Day Training Coll. was founded by the L.C.C. in 1902 as an institution in connexion with the Univ. working under the Regulations of the Board of Education for the Training of Teachers. The first Principal (1902-22) was Prof. (later Sir) John Adams. From 1909 to 1932 the Coll. was a School of the Univ. in Pedagogy, and as such was governed by a Coll. Council composed equally of representatives of the L.C.C. and of the Senate. In 1932, as the result of an agreement between the Board of Education, the L.C.C. and the Univ., the Coll. was transferred to the educational and financial control of the Univ., and its title was changed to "University of London Institute of Education." The Institute is administered as a "central activity" of the Univ. by a Delegacy appointed by the Senate, and composed of representatives of that body, of the L.C.C. and of the teaching staff, together with certain co-opted members. In 1938 the Institute was transferred to the new building on the Bloomsbury site provided by a special grant from the Council to the Univ.

In accordance with the Recommendation of the McNair Cttee. on the Training of Teachers and Youth Leaders, the Univ. of London Inst. of Educn. now comprises the Central Activity, two Constituent Depts. and twenty-eight Constituent Colls. The Institute of Education is the Area Training Organization for the Counties of E. Sussex, Essex (except Mid-Essex and N.E. Essex), Kent, London, Middlesex, Surrey and the County Boroughs of Brighton, Canterbury, Croydon, Eastbourne, East Ham, Hastings, Southend, West Ham, and its purpose is to advance the knowledge and practice of educn. by research, to encourage the Univ. study of educn., and to improve, co-ordinate, and extend the provision for the training of teachers within the area.

Students are trained under the Regulations for the Training of Teachers (H.M. Stationery Office, Kingsway, London, W.C.2) for Primary and Secondary Schools. Undergraduates can take a four years' course so as to combine B.A., B.Sc. or B.Sc. Econ. courses (taken at other Colls.) with professional training. Graduates may devote themselves continuously for a year to the theory, etc., of Educn. and obtain the Univ. dipl.

Particulars of the courses provided in the Constituent Depts. and Colls. may be obtained from the Joint Secs., Institute of Education, Malet St., W.C.1. *Telephone*: Museum 5525.

FEES AND COURSES. The annual tuition fee for the following courses is £62: 10s.: Postgraduate Certif. in Educn., Art Teacher's Dipl., Special

Colonial Course, Advanced Course in the Dept. of Child Devel., Dipl. in English Educational Thought and Practice, Dipl. in the Methods of Teaching English as a Foreign Language, Dipl. for teachers of educationally sub-normal children, the Academic Dipl. in Educn., and the M.A. and Ph.D. courses in Educn.

"Recognized" students taking one of the following : Teacher's Dipl., Art Teacher's Dipl. or the Advanced Course in the Dept. of Child Devel., under Ministry of Educn. Regulations for the Training of Teachers receive financial assistance towards fees and maintenance as set out in the current regulations.

An Associateship of the Institute has been established and may be awarded to students upon completing at least one full session of work other than for a dipl. or higher degree in educn. The fee for the course is £62 : 10s. Applications for the award of the Associateship must be received not later than Dec. 1 in the session in which they are to be considered. A fee of three guineas must accompany each application.

GENERAL INFORMATION

The Institute of Historical Research is one of the central institutions of the Univ. administered by a Cttee. appointed annually by the Senate. The Institute is primarily a laboratory for the training of postgraduate students in the methods of historical research, and for the use of visiting scholars while working in London. It consists of a systematically planned series of seminar libraries, equipped with the books containing or describing the main sources of British and Foreign history. The Institute is open not only to teachers of history in the Univ. and their research students, but also to approved historians, archivists, teachers and research students from other Univs. Instruction is undertaken by the Director, the Editor of the Victoria County History and members of the History Depts. of the Schools of the Univ. It is normally carried on in (1) a series of preliminary courses dealing with the sources of British, Imperial and foreign history, introductions to work in archives, and palæography classes; (2) a series of seminars dealing with special historical subjects. In addition, the Institute is active in promoting the organization of historical studies in general, in undertaking bibliographical and other investigations, the results of which are published in its *Bulletin*, and in arranging conferences.

LIBRARY. 69,379 books, periodicals and pamphlets; also 706 maps, 600 facsimiles.

PUBLICATIONS. *Annual Report*; *Bulletin* published twice a yr. (subs. 15s.) with annual supplements recording "Historical Research for University Degrees in the United Kingdom," and "Teachers of History in the Universities of the United Kingdom," and occasional Special Supplements. *Victoria History of the Counties of England* (General Editor: R. B. Pugh, M.A. Oxon., F.S.A.), price 3 gs. or 4 gs. per vol. The Univ. publication, *School of History and Institute of Historical Research*, serves as a handbook to the Institute.

THE YEAR 1949-50

ADMISSIONS AND COURSES. The number of persons using the Inst. was 590, including 243 students reading for higher degrees. 28 postgraduate courses and seminars in History were offered.

FELLOWSHIPS AND OTHER AWARDS. 7 Res. Fellowships tenable at the Inst. in 1950-51 were awarded, also the Lindley Studentship and the Julian Corbett Prize for Naval Hist.

CONFERENCES. A two-day Anglo-American Conference of Historians was held in July 1950. Arrangements for British participation in the 9th International Congress of Historical Sciences in Paris were made at the Inst., the Dir. being Hon. Sec. of the British National Cttee.

DIRECTOR—Prof. C. W. ALLEN, D.Sc. W.Aust.

The UNIVERSITY OBSERVATORY is situated in Mill Hill Park, London, N.W.7, on a site granted by the Hendon Urban District Council on a 999 years' lease at a nominal rent. It contains a 24-inch reflecting telescope, the gift of Mr. J. G. Wilson ; a 24-inch photographic and 18-inch visual twin refractor, the gift of the Radcliffe Trustees ; an 8-inch refracting equatorial telescope, the gift of Mr. H. R. Fry ; and a spectrographic laboratory. The work of the Observatory is designed to meet the needs of postgraduate research workers in Astronomy. The main work in progress consists of—(a) parallax determinations, (b) proper motions, (c) spectra of "early-type" stars. A stellar spectrograph is available for work in the ultra-violet, and a cœlostat for solar work in conjunction with a ten-foot Rowland grating spectrograph.

The Observatory is normally open to all properly qualified students of the University. Application for admission should be made to the Director.

GENERAL INFORMATION

Founded 1823 by Dr. George Birkbeck "for the purpose of giving education to students in the principles of the Arts they practise, and in the various branches of Science and useful knowledge." A School of the Univ. in Arts and Science for evening and part-time students in full-time paid employment during the day and full-time postgraduate students. Playing Fields (18 acres) at Greenford.

LIBRARY. 40,000 vols., including special Science Departments, at the end of Session 1949-50.

COURSES. Complete courses for degrees in Arts and Science, for the Academic Diplomas in Geography and Psychology and for the Royal Inst. of Chemistry examns.

FEES. Annual Composition fees, including subscription to Students' Union: Arts (including Mathematics in both Faculties), £11. Science (incl. Geography and Psychology in both Faculties), £13:10s. Postgraduate work, evening and part-time, £5-£11, whole time, £7:10s.-£22, according to Faculty and Degree.

PUBLICATIONS. *Calendar*, 2s. 6d.; *Report* (annual); *Haldane Memorial Lecture*, 1s. 6d.; *Foundation Oration*; *Inaugural Lectures*, 1s. 6d.; *Inter-Faculty Lectures*, 1s. 6d.; *Lodestone*, 6d. (Students, terminally).

THE YEAR 1949-50

Work on the new bldg. in Malet St. made steady progress; various vital matters were settled during the session and by the end of the summer term the framework was nearly complete with the exception of the north-east wing, and internal operations were making headway. It is hoped that the College will move into the new premises late in the summer of 1951. The Fac. of Arts, including the Dept. of Maths., continued to occupy lecture-room accommodation in the Inst. of Educn., the School of Oriental and African Studies and the London School of Hygiene and Tropical Med.; and its headquarters at 29 Russell Sq., opened at the beginning of the Session 1947-48, provided comfortable rooms for staff and students to study or relax. Lectures held during the

year included Inaugural Lectures by Prof. A. Carey Taylor and Prof. R. J. McClean, holders of the Chairs of French and German respectively, and the Haldane Memorial Lecture by the Right Hon. Sir Henry Slessor. The 126th Anniversary of the Coll. was celebrated, when the Oration was given by Sir David Lindsay Keir (Master of Balliol).

STUDENTS.

GENERAL INFORMATION

Founded by Royal Charter in 1907 for the purpose of giving the highest specialized instruction and providing the fullest equipment for the most advanced training and research in various branches of Science, especially in its application to Industry, the Imperial College includes as integral parts the following Associated Colleges with the departments and (in brackets) sub-departments attached to them :

ROYAL COLLEGE OF SCIENCE : Botany (Biochemistry, Plant Physiology, Plant Pathology, Bacteriology) ; Chemistry (Agricultural Chemistry, Food and Drugs), Inorganic and Physical, Organic ; Geology, except the sub-depts. of Mining Geology, Oil Technology ; Mathematics and Mechanics ; Meteorology ; Physics (Astro-physics, Technical Optics, Applied Geophysics) ; Zoology and Applied Entomology.

ROYAL SCHOOL OF MINES : Metallurgy, Mining, Mining Geology, Oil Technology.

CITY AND GUILDS COLLEGE : Aeronautics (Aerodynamics, Aero-Structures, Aircraft Propulsion) ; Engineering—Chemical and Applied Chemistry, Civil, Electrical, Mechanical.

The total staff exceeds 250. The College is a School of the University in Science and Engineering. Students who are registered as candidates for one of the Associateships and who have qualified for entrance to the University of London are eligible for the B.Sc. Degree of the University in the Faculties of Science and Engineering, on the courses and examinations for the relative Associateship, if the University's regulations are complied with. The courses

IMPERIAL COLLEGE OF SCIENCE & TECHNOLOGY 227

of study are designed for students of University standard whose vocations will be concerned with the scientific aspects of industries. The buildings occupy about 8 acres and cost with equipment over £1,000,000. There is also a Field Station at Silwood Park, Sunninghill.

ADMINISTRATION. The administration of the Imperial College is vested in a Governing Body consisting of 50 members representing the Crown, the self-governing Countries of the Commonwealth, the Ministry of Education, the University of London, the London County Council, the City and Guilds of London Institute, the Royal Commissioners for the Exhibition of 1851, the Royal Society, the Teaching Staff of the Imperial College, and learned societies concerned with industries. The Rector, as chief administrative officer of the Imperial College, and the three Deans are also members.

LIBRARIES. The Library of the Science Museum is available for the use of Students, and each Dept. is provided with a special Library.

ADMISSION. The conditions of admission are as under, but the College reserves power to admit in special cases candidates whose qualifications do not in every respect coincide with those prescribed, but whose previous training fits them to take full advantage of the course proposed; the prescribed qualifications give no right to admission, but will be considered with others of which the candidate may give evidence. For admission to First-Yr. courses candidates must normally have qualified for Univ. Entrance and have passed at Advanced level in the Gen. Cert. of Educn. or its equivalent, in Chem., Physics, and Maths.; for certain courses another subject may be accepted in place of Maths. A limited number of students are accepted to take the Prelim. (Inter.) course at the Coll. This is restricted to those entering the Royal School of Mines or those taking courses in Bot., Geol., Physics and Zool. at the Royal Coll. of Sc. The minimum age for admission is 17. Women are admitted on the same terms as men.

DIPLOMA AND OTHER COURSES. The undergraduate courses extend over 3 yrs. and lead up to an Associateship (A.R.C.S., A.R.S.M., A.C.G.I.), and, in the case of matriculated students, to the B.Sc. (Special) or B.Sc. (Engineering) Degree as the case may be. The Associateship and the Degree are awarded on the same examinations. The postgraduate courses and research lead up to the Diploma of Membership of the Imperial College (D.I.C.), and to the higher Degrees of the University of London. Special arrangements are made for graduates and persons engaged in scientific industrial pursuits.

FEES. Entrance, £2; Tuition per session (Oct.-June), for full-time undergraduate students, £60; for part-time, at the rate of £63 per session; for full-time postgraduate students, £30 per session. An additional charge may be made for expensive apparatus or chemicals.

SCHOLARSHIPS. Royal Scholps., Entrance Scholps. and Exhibitions for undergraduate courses awarded on an examination held at Schools; Special Scholps. available in Mining. Postgraduate awards: Beit Fellowship for Scientific Research; Plimmer Fellowship; North Thames Gas Fellowship; Radiation Ltd. Fellowship; Leverhulme Studentship; Federated Foundries Ltd. Scholp.; Concrete Technology Bursaries; Royal Dutch Shell Studentship in Geophysics.

AFFILIATION, ETC. The University of Sheffield is associated with the College for Advanced Studies in the Metallurgy of Iron and Steel.

APPOINTMENTS BOARD. The College Appointments Board assists Associates and Members of the College to find employment on the completion of their College courses.

HOSTEL. There is a residential hostel at the College, with accommodation for 89 students, at £13-£15 per term. Meals are provided by the Refectory at about 6s. per day, at present. Enquiries should be addressed to the Hostess, Imperial College Hostel. There is also a Hall of Residence at 50 Holland Park, with accommodation for 15 students.

STUDENTS' UNION. The Imperial College Union building in Prince Consort Road is the home of the various student organizations, including the Imperial College Union, the Royal College of Science Union, the Royal School of Mines Union, the City and Guilds College Union, and a large number of Societies and Athletic Clubs. There is a College Refectory in the building, and a College Bookstall.

PUBLICATIONS. *Annual Report*; *Calendar*; *Prospectus*; *Careers Pamphlets*. No charge is made for any of these publications.

GENERAL INFORMATION

Founded by Royal Charter in 1829 for "instruction in the various branches of Literature and Science and the doctrines and duties of Christianity," King's College consisted at first of a School and Departments of General Literature, Science and Medicine, to which were added successively Engineering, Theological and Oriental Depts. The Hospital was built in 1839; the Evening Classes were started in 1856, and a Women's Dept. in 1881. In 1910 the College School became a separate Corporation, the Hospl. and Advanced Med. School were made independent, the other Depts. (except the Theological) doing work of University standard were incorporated in the Univ. of London, while the Council remained the governing body of the Theol. Dept., which became a School of the Univ. In 1915 the Arts and Science Departments of King's College for Women, previously housed in South Kensington, were transferred to the buildings of King's College, and the Household and Social Science Department to new buildings on Campden Hill. The Dept. of Household and Social Science became a separate instn. in 1928 under the title of King's Coll. of Household and Social Science, v. *infra*. In 1917 the Oriental Dept. was transferred to the new School of Oriental Studies. The School of Slavonic and East European Studies, founded in 1915, was constituted a separate department of the Univ. as from Aug. 1, 1932, v. *supra*. The Halley

Stewart Laboratories of Physics Research, 30 Chesterford Gardens, Hampstead, were formally opened as a department of the College on May 4, 1933.

LIBRARIES (about 156,000 vols.). In addition to the General Library there are the following Special Libraries : (1) The Marsden (Philol.), (2) Wheatstone (Electr. and kindred subjects), (3) Skeat and Furnivall (Philol. and Engl. GENERAL INFORMATION

Founded 1895. A School of the Univ. recognized in the Faculties of Economics and Political Science (including Commerce and Industry), of Laws, and of Arts (in Anthropology, Geography, History and Sociology).

Students may be admitted by the School for all degrees of the Univ. in these faculties as Internal students of the Univ. The School also provides instruction for the Diplomas of the Univ. in Anthropology, Colonial Studies, Law, Psychology, and Public Administration; for Certificates of the School in Social Science and Administration, for Social Workers in Mental Health, and in International Studies, and for Special Courses in Business Administration, Trade Union Studies, Personnel Management and Child Care.

The School is open on the same terms to men and to women. Classes and lectures are given both in the day and in the evening.

Persons desiring admission to the School for a first degree or diploma may be required to sit for an entrance examination, which consists of two three-hour papers of a general nature.

The *British Library of Political and Economic Science* is attached to the School and includes the Edward Fry Library of *International Law* and the Schuster Library of *Comparative Legislation* and a number of special collections.

The Library is open not only to those who are taking courses at the School, but, by permission of the Director, also to other persons desiring to utilize it for research or consultation.

The composition fee for a complete day course in Economics, in Commerce and in Arts is 34 guineas for the academic year, and in Law 30 guineas for the Intermediate course and 34 guineas for the Final course. (In and after the Session 1952-53 the fees for the Intermediate year will be the same as those now charged for the Final.) Evening students receive considerable reduction in fees. The fees include privileges of Students' Common Rooms and Athletic Societies. The playing fields at Malden are available for members of the Athletic Union.

Entrance scholps. (including the Leverhulme Scholps.) are awarded each year and are eligible for supplementation by the Ministry of Education. One or more Adult scholps. of the value of £300 p.a. may be awarded to students who have shown promise in pt.-time studies. Scholps. are also awarded during the undergraduate course, some of which are eligible for supplementation by the Ministry of Education.

RESIDENCE. Passfield Hall, 1-5 Endsleigh Place, W.C.1, for 60 men; fees: £3 : 3s., £2 : 19 : 6 and £2 : 16s. per week for single, double, and treble study-bedrooms respectively.

PUBLICATIONS. Learned: *Studies in Econ. and Pol. Sc.*; *Economica*, quarterly journal devoted to research in economics, economic history and statistics; *The British Journal of Sociology*, quarterly journal devoted to research in sociology and cognate subjects; *Bulletin* (quarterly) of the *London and Cambridge Economic Service*, of Statistics and Memoranda bearing on the current economic position, published at the School, in co-operation with the Univ. of Cambridge and Harvard Univ. A. de Rothschild, Esq., £25 ; The Humanitarian Trust, £75. *The Percival David Foundation of Chinese Art.* During the session negotiations were completed for the transfer to the Univ. of the unique collection of Chinese Ceramics and the associated library built up over a long period of years by Sir Percival David. This most generous gift, among the most important ever made to the Univ. of London, is to be constituted as The Percival David Foundation of Chinese Art and, in accordance with the terms of the deed of gift, will be associated with the School of Oriental and African Studies. Its administration will be the ultimate responsibility of the Governing Body of the School, to which Sir Percival David has been co-opted

as a member. It is intended that the Hd. of the Foundation shall normally be the holder of the Chair of Chinese Art and Archæol. in the Univ. This Chair, at present vacant, has therefore been transferred to the School by the Senate with the concurrence of the authorities of the Courtauld Institute to which it has hitherto been attached.

NEW BUILDINGS. The School has acquired from the Univ. a lease of 53 Gordon Sq., which will be the temp. home of the Percival David Foundation of Chinese Art. Extensive adaptations and renovations to these premises have been started and it is hoped that the Foundation will be opened during the summer of 1951.

NEW DEPARTMENT. *See supra.* The Percival David Foundation of Chinese Art.

NEW POSTS. The Senate of the Univ. established a Readership in Islamic Art and Archæol. and apptd. to it Dr. D. S. Rice. The Senate also established a Readership in Phonetics. In addition the Governing Body of the School has apptd. 20 new Lectrs. and 8 new Assts.

GENERAL INFORMATION

The School, founded by the Pharmaceutical Society of Great Britain in 1842, was admitted as a School of the Univ. in 1925. Control of the School was transferred from the Pharmaceutical Society to a Company limited by guarantee in 1949. The Council of the School, as now constituted, includes representatives of the Univ. of London, the Pharmaceutical Society and the Academic Board, as well as certain co-opted members. There is an Academic Board which acts in an advisory capacity. The School will move to a new building in Brunswick Sq. as soon as this is completed.

As from the 1949-50 session, all undergraduate entrants to the School work for the new B.Pharm. hons. degree. All depts. of the School are available for postgraduate and research work, and the respective Professors and Heads of Depts. are always prepared to advise students wishing to undertake research.

All students are entitled to use the Library of the Pharmaceutical Society, which is in the same building.

The School is open to men and women students. Foreign students are admitted on the same terms as British, but are expected to produce identification papers.

FEES. For the B.Pharm. (Final) degree, £50 p.a.

STAFF. Appointed and Recognized Teachers (*v. supra*), 6; others, 21.

GENERAL INFORMATION

Founded in 1826 and opened Oct. 1, 1828, under the name of "The University of London," the College was incorporated as "University College, London," by Royal Charter in 1836. On Jan. 1, 1907, it was incorporated in the University of London.

LIBRARY. The College Library contains over 550,000 books and pamphlets, one-half of which are inaccessible owing to shortage of accommodation following the destruction of the Library buildings during the war. The General Library and part of the main building have now been restored, but some sections of the Library are in temporary premises elsewhere in College.

The Library contains books in all subjects taught in College, and is particularly strong in archæology (Yates Library), Egyptology (Edwards Library), London history, American and Latin-American history, Scandinavian studies, and the biological and medical sciences. A list of the most important special collections is given in the College *Calendar*; some, notably the Whitley Stokes library in Celtic, the Barlow Dante library, the Carnegie libraries of American literature and of international law, and part of the Graves library on the history of mathematics, are among the books not accessible at present.

The libraries of the Folk-Lore Society, the Geologists' Association, the Hertfordshire Natural History Society and Field Club, the Malacological Society, and the London Mathematical Society are deposited in the College Library, whilst those of the Viking Society for Northern Research and of the British Society of Franciscan Studies are now the property of the College. The library of the Philological Society and the Mocatta Library of Anglo-Jewish History were largely destroyed during the war; the latter is being reconstituted by the Jewish Historical Society of England, but is not yet available to readers.

GENERAL INFORMATION

The College was founded in 1447 as a monastic foundation. It was created an agricultural College in 1894 under the Principalship of the late Sir A. D. Hall, F.R.S. It has been a School of the University of London since 1900 and is now the approved Department of Agriculture and Horticulture in the Univ.

Closely associated with the College is the South-Eastern sub-provincial headquarters of the N.A.A.S., the central offices and laboratories of which are located on the College Estate.

LIBRARY. 12,000 vols. **LABORATORIES.** Chem., Physics, Bot., Zool., Pathol., Geol., Hortic., Hop Research.

The College has residential accomm. for men in the main Coll. buildings and a separate Hall of Residence for women. Courses are provided for the internal B.Sc. degree in Agric. and Hortic. of the Univ. of London and postgraduate students are also accepted for higher degrees. At the present time there are no Diploma or short courses. The College Estate extends to

over 600 acres and comprises a mixed farm, orchards, glass-houses, market gardens and decorative gardens, all of which are used for teaching, demonstration and research purposes. The College Hop Research Department is the National Centre for Hop Research work and has its own laboratories and commercial and nursery hop gardens.

The internal B.Sc. degrees of the Univ. of London in Agric. and Hortic. equip men and women who intend to farm at home or abroad or require preparation for managerial, teaching or investigational posts in the industries of Agriculture and Horticulture or who intend to seek appointment in the National Agricultural Advisory Service or in the Colonial Services. The College Appointments Bureau gives assistance in placing qualified students in suitable employment.

FEES, inclusive of board, lodging and tuition, are, at the present time, £170 per annum.

THE YEAR 1949-50

BENEFACTIONS. War Memorial Scholp. presented by Agricola Club; wrought-iron gates for Withersdane Hall from Swanley Guild; £50 and a further £200 for purchase of land from Messrs. Guinness and Co. Ltd.; Prize Medal annually from Fruiterers' Co., London; renewal for 3 yrs. by Messrs. May and Baker of the Res. Fellowship; £200 bequest from Mrs. I. M. Holmes; further gifts from C. O. Skilbeck, Esq., J. W. Kennard, Mrs. A. Armstrong and others.

NEW BUILDINGS. The third and final stage of the new Women's Hall of Residence, which includes the Coll. Assembly Hall, was completed for the beginning of the 1950-51 session. The Coll. now has residential accomm. for 80 women students. Further extensions to the Farm Dept., including a Machinery Hall, Experimental Poultry bldgs., and Experimental Pig Farrowing Ranges.

OTHER DEVELOPMENTS. A small Coll. Chapel, in part of the original 15th-century building, was dedicated in Jan. 1950 by the Archbishop of Canterbury. The Chapel was furnished largely as a result of gifts. The Annual Commemoration was held on June 27, when Sir William Halliday gave the address and Geoffrey Mure, Warden of Merton Coll., was elected a Fellow of Wye Coll. Sir John Russell, Pres. of Agricola Club, presented the War Memorial Scholp.

EXTRA-MURAL WORK. All Depts. have been extensively engaged, including broadcasting, lectures and advisory work. Prof. Cooper lectured to Extra-mural students of Birmingham Univ. on "Agriculture"; Prof. Wain, Dr. Smith and G. Worrall to the Devonshire Course students at the London School of Economics. Prof. Wain lectured to Oxford Univ. Dept. of Agric. on "Growth Regulating Activity." Prof. Miles, Mr. Bagenal, Mr. Jackson and Miss Page lectured on various Horticultural subjects for the Univ. Dept. of Adult Educ., and Prof. Miles and Mr. Jackson on Horticultural subjects for Birmingham Univ.; Prof. Miles on "Eelworm Diseases of Horticultural Crops" at Ghent Univ.

VISITS BY TEACHERS FROM OTHER UNIVERSITIES. Prof. H. D. Kay, Reading, "Physiology and Milk Production." Prof. E. M'Ewen, King's Coll., Durham, "The Engineer and Farm Mechanization." Sir W. Ogg, Rothamsted Experimental Station, "Some Aspects of the Work at Rothamsted." Prof. G. W. Robinson, University College of North Wales, Bangor, "Soils and Crops." Mr. D. P. Cuthbertson, Aberdeen, "Planes of Nutrition in Relation to Growth, Pregnancy and Lactation."

GENERAL INFORMATION

The School was opened in 1834 and provides for all medical studies from the beginning of the Second M.B. to qualification, and includes depts. of anat., physiol., biochem., pharmacol., chem., clin. and gen. pathol. The depts. of anat. and physiol. were reopened in 1947 after a lapse of 36 yrs. With its associated hospls. there is a service of 670 beds. 45 students are admitted annually.

MUSEUM, LIBRARY, ETC. A notable feature of the School is the museum, in which is housed, in addition to an exhaustive collection illustrating general pathol. conditions, the famous Lockyer collection of obstetric and gynæcol. specimens. There is a large library.

FEES. There is an entrance fee of £10:10s., and an inclusive annual fee of £50. Union and athletic contributions are included in these fees.

SCHOLARSHIPS. Scholps., exhibitions and prizes, approx. of £1000 in value, are offered for award each year. Every student completing his course satisfactorily can be assured of election to one of the numerous house posts, in addition to which there are 20 Registrarships, a number of Demonstratorships and other posts available.

THE YEAR 1949-50

NEW BUILDINGS. Planning proceeded for the new Hospl. and School to be erected on the Northwick Park site at Harrow. It is proposed that the Hospl. shall have 800 beds and the School receive annually 80 medical and 40 dental students. Additional accomm. near the School has been acquired and adapted, and is now occupied by the depts. of clin. pathol. and chem., the latter including chemical pathol., biochem. and organic chem. Considerably increased space is thus available for teaching and other work of the School.

RETIREMENT. Mr. W. D. Southern (Dental Surg.).

GENERAL INFORMATION

The School, as the London School of Medicine for Women, was founded for the medical education of women in 1874, and was granted a Royal Charter in 1938. It became co-educational in 1947, and alterations to the Charter were allowed for the admission of men students and for the changing of the name of the School to Royal Free Hospl. School of Medicine.

Students are admitted to the School in Oct. only each year, and application should be made on the prescribed form at least a year before admission is desired. Students are not admitted under the age of 17, and must have qualified to matriculate in the Univ. of Lond. A small number of students may be admitted for clinical studies only.

COURSES. The curriculum provides the courses of instruction required for the Medical Degrees of the Univ. of London, and covers 5½ years. The Royal Free Teaching Group now comprises the Royal Free and its annexes at Lawn Road, Hampstead, and Liverpool Road, N.W.1, the Elizabeth Garrett Anderson and the Hampstead General Hospls., giving approx. 840 beds for clin. teaching.

FEEs. The annual fee is £50. An entrance fee of £5 is payable by all students accepting a place for pre-clin. studies, and of £25 by all students entering the School for the clin. course only. A registration fee of £5 is payable by all students when they begin the second medical course.

GENERAL INFORMATION

St. George's Hospl. was opened for the reception of patients in 1734 and the physicians and surgeons were permitted to have a limited number of pupils from its inception. The School has existed in its present form since 1868. Since 1906 the teaching in the School has been devoted entirely to the clinical subjects and, by arrangement, students entering for the full course have done the pre-clinical work at King's Coll., London.

LIBRARY, MUSEUM, ETC. The School Library contains text-books and journals dealing with all branches of clinical study. The Pathol. Dept. contains labs. of Morbid Anat., Bacteriol., Hæmatol. and Chem. Pathol. The Museum contains a large number of pathological specimens.

FEES. The annual composition fee of £57:15s. covers all courses in the School and Hospl. and includes the subscription to the Students' Union.

SCHOLARSHIPS. Six Entrance Scholps. of the total value of £800 are offered for competition annually. The subjects of examn. are either Anat. and Physiol. or Pathol. Prizes of the total value of £260 are also offered for competition each year.

RESEARCH. Qualified students wishing to undertake research are encouraged to do so. Small annual grants from endowments are available for this purpose.

THE YEAR 1949-50

NEW BUILDINGS. Work was begun on additional labs. for Hæmatol. and Chem. Pathol. Depts.

GENERAL INFORMATION

Founded 1854. A School of the Univ. in the Fac. of Medicine and incorporated under the National Health Service Act, 1946.

LIBRARY. The Library contains more than 5000 text-books and bound journals. New books are added each year and medical and scientific journals are received regularly. A lending scheme is in operation.

COURSE OF STUDY. Entry is restricted to students reading for Univ. Degrees. The Medical School provides complete courses of study for the Medical Examns. of the Univ. Each course is approved by the Univ. as satisfying their requirements for Internal Students. Students from other Univs. who have completed their examns. in Anat. and Physiol. are admitted to complete the clinical part of the course leading to a Degree of their own Univ.

CLINICAL UNITS. There are Clinical Units in Medicine and Surgery, the

personnel of which wholly devote themselves to teaching and research and assist students wishing to carry out original work.

FEES. Registration fee, £5 : 5s. Annual fees, £57 : 15s. per session.

SCHOLARSHIPS AND PRIZES. Entrance, Men, 5 of £40 a year for 5 years. Entrance, Women, 1 of £40 a year for 5 years. Univ. for clinical students, 3 of £50 a year for 3 years. All these scholps. are eligible for supplementation by the Ministry of Education, and application is made in Jan. Research Fellowships and many other prizes and scholps. are available.

GENERAL INFORMATION

The history of University College Hospital Medical School is closely bound up with the history of Univ. Coll. From the time of the opening of the Coll. in Oct. 1828, until its incorporation in the Univ. of London in 1907, the Fac. of Medicine was governed by the Corporation and Council of Univ. Coll.

Pursuant to Section 15 of the National Health Service Act, 1946, the School now has its own Charter of Incorporation and become a Body corporate, having a perpetual succession and a common seal.

The present Medical School bldgs. were erected in 1907 as the result of funds subscribed by Sir Donald Currie, and the School was admitted as a School of the Univ. in the Fac. of Medicine on Jan. 1, 1907.

The preliminary and intermediate medical studies are held at Univ. Coll.

LIBRARY AND MUSEUM. The General Library contains about 30,000 books, including text-books, books of reference and sets of medical periodicals. The Graham Library is a separate collection of books and periodicals, and contains complete sets of British, American, French and German journals of interest to the workers in many branches of Medicine. The Ratcliffe Crocker Library, which consists of a collection of Dermatological volumes, is housed in the Royal Society of Medicine Library, 1 Wimpole Street, London, W.1. The Museum of Pathol. Anat. (Curator: Prof. G. R. Cameron) contains a collection of Medical, Surgical, Obstetrical and Gynæcol. specimens. Microscopic sections of most of the specimens are available for the use of students.

FEES. For the complete Clinical Course, £165.

SCHOLARSHIPS. Two Goldsmid Entrance Scholps. entitling the holder to the Final Course of Medical Study; one Goldsmid Entrance Exhibition

entitling the holder to a reduction by £126 of the fees due for the full Course of Final Medical Study; one Filliter Entrance Scholp. in Pathol., entitling the holder to a reduction of £123 of the fees for the full Course of Final Medical Study. In addition scholps. and prizes are available to the approx. annual value of £3000.

RESIDENCE. Adjoining the Medical School is a specially equipped hostel solely for students in the School.

GENERAL INFORMATION

HISTORY. Westminster Hospital was instituted in the year 1719, and incorporated by Act of Parliament in 1836. A Medical School has existed in Westminster since 1834, but was not brought into formal connexion with the Hospital until 1849. The new and enlarged School was completed in May 1939 in order to meet the demands of the latest developments in medical education.

CONSTITUTION. Westminster Medical School is a school of the University of London. Its government is vested in the governing body of the School called the Council.

FEEs. Entrance fee, 5 gs. ; annual tuition fee, £66 (including membership of the Students' Union).

SCHOLARSHIPS. Four Scholps., each of the value of £40 p.a. for 3 yrs., are awarded on the result of an examn. held in May of each yr. in First-Year subjects. 4 Scholps. of similar value are also awarded annually as the result of examns. in Anat. and Physiol. held in April and Sept. The winners of these Scholps. are eligible to apply to the Ministry of Education for a supplemental award, which is assessed in accordance with financial circumstances. The David de Souza Scholp. of the value of £40 p.a. is awarded on the results of an examn. in Applied Physiol. held in March ; the award is for 1 yr., for the special B.Sc. course in Physiol. after pre-clinical studies.

LIBRARY. The Library contains 4600 books and subscribes yearly to 99 journals and periodicals. There are 505 bound volumes of periodicals.

MUSEUM. The museum is specially designed to give a complete survey of modern medical science and contains over 3000 pathological specimens, of which 600 have been added in the last 4 yrs. The remainder have been remounted and the diagnosis and nomenclature adapted to modern concepts of disease.

TEACHING HOSPITALS. Students receive their clinical training in the hospitals of the Westminster Hospital Teaching Group, which consists of

Westminster Hospital, the Westminster Children's Hospital, the Gordon Hospital and All Saints' Hospital.

STUDENTS' RESIDENCE. There is a hostel for men students at Brabazon House, 5 Moreton Street, S.W.1, providing accomm. for some 70 students. Fees, £3 per week for a single room and £2 : 7 : 6 per week for a cubicle, with morning, evening and week-end meals.

STUDENTS' HEALTH SERVICE. There is a Students' Health Service and all students are seen on admission by the physician in charge.

ATHLETIC FACILITIES. The School's Sports Ground is at St. Ebba's Mental Hospital, Epsom. There are pitches for Rugby Union football, Association football, hockey and cricket.

STUDENTS' UNION. The Students' Union includes clubs covering the following activities : Rugby Union football, Association football, athletics, boating, cricket, lawn tennis, hockey, golf, fencing, squash racquets, badminton and sailing. The Refectory Committee, responsible to the Students' Union, is in charge of the School Refectory. The Union subscription is included in the annual tuition fee.

PUBLICATIONS. *Annual Prospectus.* *The Broadway* (students), four times a year.

GENERAL INFORMATION

The Federation was established by the Senate in 1945 for the further development of postgraduate medical education in London. It was incorporated by Royal Charter in March 1947, and admitted as a School of the Univ. in Dec. 1947. The purpose of the Federation is to provide organized and correlated facilities for postgraduate teaching and research for qualified medical practitioners from the U.K., the Dominions, Colonies and abroad, and to co-operate with Univs., Medical Schools, the Royal Colls. and other bodies in their provisions for postgraduate medical education. The Federation provides: (i) Training for prospective specialists, supplementing the work of the undergraduate medical schools. (ii) Advanced revision for practising specialists. (iii) Instruction for medical practitioners who, though not specialists, desire more detailed knowledge of any branch of medicine. (iv) Instruction for general practitioners.

The Federation comprises at present: *Federated Institutes*—Postgraduate Medical School of London, Institute of Psychiatry, Institute of Laryngology and Otology, Institute of Child Health, Institute of Ophthalmology, Institute of Obstetrics and Gynæcology, Institute of Neurology, Institute of Orthopædics. *Associated Institutes*—Institute of Diseases of the Chest, Institute of Cardiology, Institute of Dermatology, Institute of Urology, Institute of Dental Surgery.

The Postgraduate Medical School, the Institute of Psychiatry, the Institute

of Laryngology and Otology, the Institute of Child Health, Institute of Ophthalmology, Institute of Obstetrics and Gynæcology, Institute of Neurology and Institute of Orthopædics have been approved by the Senate for recognition as Federated Institutes. The other Institutes are in various stages of development and expansion with a view to recognition in due course.

The provision for postgraduate education at the Institutes and the hospls. associated with them includes full-time and pt.-time courses of advanced instruction, clinical clerkships, junior and senior resident hospl. appts. and opportunities for research. They provide instruction for the relevant branches of the M.D., M.S. and Ph.D. degrees and the postgraduate diplomas in Clinical Pathol., Medical Radiol. and Psychol. Medicine of the Univ.

The Federation organizes short refresher courses for general practitioners at general hospls. which are not engaged in undergraduate teaching. The administration of the Federation is carried out by the Central Office, which maintains a bureau of information on postgraduate medical education in the U.K.

The Federation awards a limited number of Travelling Fellowships annually to medically qualified men and women who are holding an appt. or engaged in postgraduate study at one of the undergraduate or postgraduate teaching hospls. or medical schools of the Univ. of London.

PUBLICATIONS. *Annual Report and Handbook*; leaflets of information on postgraduate medical facilities in U.K.; various Institute *Prospectuses and Reports*.

Following the institution of the National Health Service in July 1948, the Federation appointed to the staff of the Central Office a Regional Adviser for Postgraduate Medical Educn. in each of the four Metropolitan Regions to carry out the policy of the Univ. and the Federation in arranging postgraduate education for the practitioners, both specialist and general, in the Region. They are: North-East—D. F. Ellison Nash, F.R.C.S. North-West—D. C. Bowie, O.B.E., M.B., Ch.B., F.R.C.S.Ed. South-East—H. G. McGregor, M.D. South-West—P. H. Mitchiner, C.B., C.B.E., M.D., M.S., F.R.C.S., D.Ch. (Hon.), and D. C. Bowie, O.B.E., M.B., Ch.B., F.R.C.S.Ed.

GENERAL INFORMATION

This School was constituted by Royal Charter on April 1, 1924. In accordance with the terms of the Charter the School was recognized on Nov. 18, 1931, in the Faculty of Science and in the Faculty of Medicine in so far as the branches of Public Health, Hygiene, State Medicine, and Tropical Medicine are concerned. The school was built and equipped with a sum of \$2,000,000 provided by the Rockefeller Foundation, who made the gift on the understanding that the British Government would make adequate grants for staffing and maintaining the School. It includes the following depts.: (1) Public Health; (2) Biochem.; (3) Bacteriol. and Immunol.; (4) Parasitol.; (5) Entomol.; (6) Med. Statistics; (7) Clin. Trop. Med.; (8) Ross Inst. of Trop. Hyg.; (9) App. Physiol.; (10) Human Nutrition. The School provides for the training of public health officers, and for research in various branches of preventive medicine. Appointed and Recognized Teachers—26 (v. *supra*).

The courses of study in all branches of the work of the School are given in the premises in Keppel St. (Gower St.), which has excellent labs. and research rooms, a fine lecture theatre and classrooms, a library containing 33,260 bound volumes and 33,921 unbound pamphlets, and a field res. and animal breeding station at Winches Farm, near St. Albans. The Bureau of Hygiene and Tropical Diseases, which is governed by a Cttee. appointed by the Secretary of State for the Colonies, is housed in the School premises and publishes the *Bulletin of Hygiene* and *The Tropical Diseases Bulletin*. The School itself publishes a *Memoir Series* and the *Journal of Helminthology*; together with an *Annual Report*, and annual *Syllabus of Courses* and a *School Handbook*.

Student Health Association. Advantage has been taken of the students' medical service run by Univ. Coll. and those of the School's students who so wish may enrol as members of that service.

Diploma in Tropical Medicine and Hygiene. On Aug. 1, 1924, the School took over from the Seamen's Hospital Society the old School of Tropical Medicine. Students must ordinarily be qualified med. practitioners. The funds available for encouraging research include the Tropical Diseases Research Fund, the Wandsworth Bequest, the Stanley Memorial and the Avebury Memorial Funds. Research expeditions are equipped and maintained by the School. There are two courses of 5 mos. each every year, designed for the D.T.M. & H. of the Conjoint Board. Fees, £40 for each course.

Certificate and Diploma in Public Health. The courses of study, commencing late Sept., extend over periods of 3 and 9 mos.' whole-time study, and are so arranged that students will be able to comply with all requirements of the Gen. Med. Council. Included in the syllabus are a number of special lectures by recognized experts in various public health problems, and a number of visits to carefully selected places of outstanding public health interest. The courses of study are designed to enable candidates to proceed to the Academic Certif. and Dipl. in Pub. Health instituted by the Univ. Fee for courses, £21 and £56 : 14s.

Diploma in Bacteriology. The special course of study for the Dipl. in Bacteriol. covers a period of one academic year beginning in Oct. Fee for course, £56 : 14s.

In addition to the students taking the Diploma Courses, many are admitted to special courses of study and research in the various branches of the work of the School.

THE YEAR 1949-50

BUILDING. Considerable progress was made towards the repair of the bomb-damaged wing of the School bldg. The new animal breeding station and some lab. accomm. were opened at the School's field station at Winches Farm, St. Albans.

VISITS. The Heath Clark Lectures for 1949 were delivered by Sir James Learmonth, Prof. of Surg., Univ. of Edinburgh. His subject was "The Contribution of Surgery to Preventive Medicine." The first of a new series of lectures, made possible by a bequest to the School by the late Sir Arthur Newsholme, was delivered during May 1950 by Sir Henry Cohen, Prof. of Med., Univ. of Liverpool: "The Clinical Contribution to Public Welfare." Prof. Raistrick lectured at the Univ. of Uppsala.

RETIREMENT. Dr. J. T. Duncan (Reader in Bacteriol. and Dir. of Sub-Dept. of Med. Mycol.).

RESIGNATIONS. Sir Neil Fairley from Chair of Clin. Tropical Med.; Dr. R. W. Riddell from Directorship of Sub-Dept. of Med. Mycol. on appt. as Bacteriologist to Brompton Hospital; R. J. Hoy from Sub-Librarianship on appt. as Deputy Librarian at School of Oriental and African Studies.

An Association of Old Students of the School was formed to whom copies of the Annual Report will be sent. It is hoped to have an open day and possibly an annual dinner. An old School tie has been designed and the colours registered.

GENERAL INFORMATION

The Victoria University of Manchester was reconstituted by Royal Charter in 1903 and Owens Coll. incorporated with it by Act of Parl. in 1904. For early history, see *Yearbook* for 1929.

Most of the buildings erected from time to time during the past 50 years are situated in the city. The Departments of Bacteriology, Preventive Medicine and Pathology are $\frac{1}{2}$ mile distant, adjoining principal hospitals. The athletic ground (30 acres) is at Fallowfield, about $1\frac{1}{2}$ miles distant, while a further 50 acres were acquired for athletic purposes at Wythenshawe, about 3 miles distant.

* Additional Member of the Association of Universities of the British Commonwealth.

LIBRARIES. The main library (over 356,000 vols.) is housed in two divisions. The books concerning the Arts and allied faculties are placed in the new building (completed in 1936). The books on scientific subjects remain in the old (Christie) building, which also contains the Library of the Manchester Museum. The library includes the private collections of Profs. Freeman, Stanley Jevons, Alexander and Gordon and Dr. Christie. Scientific periodicals are taken in by the Univ. in co-operation with the Manchester Literary and Philosophical Society, so that between them all the most important are available for both. The Medical Society's and the Radford Library (over 91,500 vols.) are housed in the Med. School, and available for students. The Library for Deaf Education (over 8200 vols.) is available to all interested in the educn. of the deaf. There is also in the city of Manchester the John Rylands Library, which includes the famous Althorp Library and the Crawford MSS. It contains one of the most important collections of early printed books and Bibles in existence, many first editions of English and foreign classics, and rare bindings. The MSS., both Eastern and Western, are notable for their fine examples of calligraphy and illumination and for their many important texts, on papyrus, parchment and other materials. In addition there is an extensive collection of charters, manorial and legal records and family muniments relating to almost every county in England. The ancient Chetham Library (100,000 vols.) has valuable mediæval MSS. and printed books of 17th and 18th centuries and specializes in local history. The Municipal Reference Library (400,000 vols.) is a valuable collection of books and periodicals, which includes a Technical and Science Library of 79,000 vols., 27,000 of these consisting of British, American and Dominions patent specifications. One of the most important Special Reference Collections deals with British Parliamentary Papers from 1833, with a considerable number of an earlier date. The College of Technology Library (over 33,000 vols.) is devoted to applied science and technology and receives over 400 journals, of which more than half are filed permanently.

LABORATORIES, ETC. Ample equipment for advanced study and research in all departments. Experimental Grounds for Hortic. in Manchester and outstation in Cheshire. The *Manchester Museum*, forming part of the Univ. buildings, and containing among other special depts. the Flinders Petrie Egyptol. Collection, is utilized for Univ. teaching in Zool., Bot. and Geol.; it is also used for systematic instruction of Elem. school children. Available for clinical instruction are 6 general Hospls., 1 Dental and 12 other special hospls., including the Christie Hospl. and Holt Radium Institute. The University Meteorological Observatory, Whitworth Park, Manchester (Observer: H. E. Dalton): Observations are taken twice daily and form the basis for reports to the Meteorological Office in London and to the Registrar-General and local health authorities.

The students keep statutable residence under conditions approved for them by the Delegates of Lodgings. They normally live in hostels or in approved houses but they may live in their own homes if they wish. The Society now has six hostels of its own, and there are also two maintained by Religious Orders. Students over 25 yrs. of age are permitted to live in lodgings.

GENERAL INFORMATION

CONSTITUTION. The *Congregation of the University* consists mainly of the teaching and administrative elements in the Univ. and Colleges. It is the principal legislative body in the Univ. and, subject to the postponing power of Convocation explained below, can adopt, reject, or amend legislative proposals submitted by the Hebdomadal Council. *Convocation*, a larger body consisting of all Masters of Arts and Doctors of the Faculties of Divinity, Civil Law, and Medicine who have their names on the Univ. books, has the power of postponing, but not of rejecting or amending, Statutes or Decrees which have been passed by the vote of less than two-thirds of the members of Congregation present and voting. It also confers honorary degrees and degrees granted by Diploma. It sanctions petitions to Parliament, and authorizes the affixing of the Univ. seal when necessary. The *Hebdomadal Council* consists of the Chancellor, Vice-Chancellor, immediate ex-Vice-Chancellor (for one year after the expiry of his term of office), or one of the Pro-Vice-Chancellors who has not held the office of Vice-Chancellor, the Proctors, and 18 members elected by Congregation. It takes the initiative in all legislation of the Univ. and forms the central administrative body. Other important bodies, endowed with considerable powers and responsibilities, are the *General Board of the Faculties* and the *Curators of the University Chest*.

The Chancellor, elected for life by Convocation, is a non-resident Officer. The executive power is chiefly in the hands of his Deputy, the Vice-Chancellor,

who is annually nominated by him from among the Heads of Colleges, and the Proctors annually elected by the Colleges, Halls, and other Societies in rotation.

The Colleges are corporate bodies distinct from the Univ. They manage their own property and elect their own officers; and the Proctors have no power within their walls. Their Statutes, however, render them subject to certain Univ. Statutes which deal, among other things, with reservation of a proportion of Fellowships for Univ. teachers and officers, the assignment of Fellowships to University Professorships, the admission of undergraduates, contributions for Univ. purposes, the presentation and audit of accounts, and the special examination of catering accounts. The relation between the Univ. and the Colleges is intimate. The great majority of the members of the Univ. belong to the Colleges, and all who belong to the various Colleges are at the same time members of the Univ. Teaching is given partly by Univ. Profs., Readers, Lecturers, and Demonstrators, partly by the more numerous body of College Tutors and Lectrs.

Entrance scholarships (£100) and exhibitions (£40-£80) are awarded by the various Colleges. Their actual value, in the large majority of cases, is £30 a year (or its equivalent), but a scholar or exhibitioner, after election, may be granted an additional sum not exceeding the advertised maximum of his award if he supplies satisfactory evidence that he is in need of further assistance.

Under the Universities of Oxford and Cambridge Act, 1923, which set up a Statutory Commission for Oxford, new Statutes were made for the University and for the Colleges. These Statutes were laid before Parliament and received the approval of the King in Council. A summary of the most noteworthy changes embodied in them, prepared by Sir Henry Sharp, K.C.I.E., the Secretary to the Commission, will be found in the *Yearbook* for 1929, pp. 221 and 222.

FACULTIES. Theol., Law, Med., Literæ Humaniores, Mod. Hist., Engl. Lang. and Lit., Med. and Mod. Langs., Oriental Studies, Phys. Sciences (including Maths.), Biol. Sciences, Social Studies, Anthropology and Geography, Music, Agriculture and Forestry.

ADMISSION. See Appendix I.

ADMISSION OF NON-MEMBERS OF THE UNIVERSITY (a) TO LECTURES. Admission to lectures in the Schools (but not to classes, seminars, or informal instruction) is granted on certain conditions to persons who are not members of the University on payment of £5 a Term, or, if admission to lectures in one Faculty only is desired, of £3 a Term, or, where special privileges have been granted, without fee.

Fees are to be paid at the Office of the University Chest, Clarendon Building, Broad Street. Other enquiries should be made of the Clerk of the Schools at the Examination Schools.

Non-members of the Univ. may attend lectures and classes in Mod. Foreign Langs. on payment of fees varying from 10s. to 15s. per Term for one hour a week. Application should be made to the Clerk of the Curators, Taylor Institution.

(b) TO REGISTER OF RECOGNIZED STUDENTS. From Michaelmas Term 1949: 1. A Register of Recognized Students who are not members of the University was established. 2. A Board of a Faculty or a Board of Studies may place the name of any applicant on the Register provided that the applicant (a) is not a member of the Univ., (b) possesses the qualifications required from candidates for admission to the status of Senior Student, (c) is placed under a Director of Studies appointed by the Board. 3. Application for admission as a Recognized Student shall be made to the Secretary of Faculties for submission to the

appropriate Faculty Board or Board of Studies and shall be accompanied by (a) evidence of the degrees previously obtained by the applicant, (b) a statement of the proposed subject of study, (c) a certificate from a Prof. or Head of a Dept. of the Univ. supporting the application. 4. Every Recognized Student shall pay to the Curators of the Univ. Chest (a) a fee of £5 : 5s. on admission or re-admission to the Register, (b) a terminal fee of £5 so long as his name is on the Register, (c) a composition fee under the provisions of *Statt. Tit. XIX. § 26* (£10 or £6) if he is working as a student under regular instruction or supervision in any of the depts. or institns. included in the schedule attached to that sub-section, (d) a supervision fee of £5 or a tuition fee of £8 in every Term in respect of which he shall have been certified by his Director of Studies to have received supervision or tuition, as the case may be. 5. A Recognized Student shall cease to hold that status (a) if he shall have failed to pay the fees required under clause 4 (b), (c), or (d), (b) if his name shall have been removed from the Register by the Faculty Board or Board of Studies concerned. 6. Every Recognized Student shall be entitled: (i) to use the Univ. Libraries subject to the provision of the statutes governing particular Libraries; (ii) to attend lectures advertised in the lists of Boards of Faculties and Studies provided that attendance (a) at lectures described as seminars or classes or informal instruction shall be subject to the permission of the holder, (b) at lectures given in any Coll. bldg. shall be subject to the right of the Coll. concerned to refuse admission; (iii) to work in any Univ. Dept. or Instn. subject to the agreement of the Head of that Dept. or Instn. and subject to the provisions of clauses 3 (c) and 4 (c) above if the Dept. or Instn. is included in the schedule attached to *Statt. Tit. XIX. § 26*. 7. No Recognized Student shall have his name on the Register of Recognized Students for more than 3 Terms. 8. A Faculty Board or Board of Studies shall have power to remove from the Register the name of any Recognized Student which it has placed on the Register.

THE ACTING ADVISER OF OVERSEAS STUDENTS. *See under* "University Administrative and other Staff," *supra*.

INCORPORATION. Members of the Univs. of Cambridge and Dublin can be, under certain conditions, "incorporated" into this Univ., *i.e.* admitted to the status and degree held in their own Univ. Notice of intention to incorporate as an undergraduate must be sent to the Registrar through the Head of a Coll., Hall, or Society. The privileges of incorporation as a graduate are limited to B.A., M.A., Litt.D., B.D., D.D., D.Sc. and Ph.D. of those Univs., LL.B., LL.D., M.B., M.D., M.Chir. of Cambridge. Graduates in Law of Cambridge shall, when incorporated, become B.C.L. or D.C.L., and Litt.D.'s of Dublin shall become D.Litt. of Oxford. Any applicant for incorporation must have kept by residence at his Univ. before taking his degree the same number of terms that he would have been required to keep at Oxford for the corresponding degree. While an undergraduate is allowed to incorporate as a matter of course, a graduate must first satisfy the Hebdomadal Council that there are adequate reasons.

In 1910 a Delegacy for WOMEN STUDENTS was constituted, and provision made for recognition by the Univ. of Societies for their reception for academical study, students on the books of such Recognized Societies being accorded a privileged status. Under the provisions of a Statute approved by Convocation on May 11, 1920, which came into force on Oct. 7, 1920, women may be matriculated and admitted to degrees in the Univ. In that year the Delegacy for Women Students was abolished. Previous to matricn. a woman must have been admitted as a member of one of the 5 Societies of Women Students.

A woman may be admitted to *Responsions* before matricn. provided her name is sent in to the Asst. Registrar by the Head or a Tutor of a Soc. to which she *bona fide* desires admission. Women members of the Univ. are admitted to all degrees under the same conditions as those prescribed for men as regards standing, examns., course of study, exercises, and fees, and under analogous conditions as regards residence. A Women Students' Property Committee administers all property vested in the Univ. for the benefit of women members of the Univ. generally, and in particular the Nettleship Library and Bertha Johnson Loan Fund.

The number of resident undergraduate members of St. Anne's Society (who keep statutable residence in hostels or houses approved by the Delegates for Lodgings or in their own homes in Oxford) is limited at present to 250, exclusive of "Advanced Students," persons provisionally accepted as "Advanced Students" by Faculty Boards before coming into residence, and not more than 5 students for the Diploma in Theology, and of an additional number not exceeding 5 in any term as may, for exceptional reasons, be given permission to reside.

The number of undergraduates in residence at the other Societies of Women Students are also limited by Statute to 180 (exclusive of "Advanced Students" and persons provisionally accepted as "Advanced Students" by Faculty Boards before coming into residence, being graduates of other Universities) in the cases of Lady Margaret Hall, Somerville Coll., St. Hugh's Coll., and St. Hilda's Coll.

TERMS. The Academical year, which begins in Oct. and ends in July, consists of 3 terms, Michaelmas, Hilary, and Trinity, beginning, respectively, on Oct. 1, Jan. 10, and the Wednesday after Easter Day, and ending Dec. 17, the day before Palm Sunday, and the Saturday after the first Sunday in July. Residence within the walls of a College or Hall, or in licensed lodgings,* during a certain number of terms, usually 9, and never less than 6, is a condition of admission to any degree. Full terms: 1951-52—Oct. 14 to Dec. 8; Jan. 20 to March 15; April 27 to June 21.

DEGREES. B.A., M.A., B.Litt., D.Litt.; B.Sc., D.Sc.; B.Phil., D.Phil.; B.D., D.D; B.C.L., D.C.L.; B.M., B.Ch., M.Ch., D.M.; B.Mus., D.Mus.

The degrees which are open to graduate students of other Univs. who are qualified for matricn. at Oxford are those of B.A., B.Litt., B.Sc., B.Phil., D.Phil., B.C.L., and B.D.

ARTS. Examns. in Arts, more usually called "Schools," are sharply divided into Pass and Honour examns.; in the former there is but one standard, in the latter successful candidates are distributed into 3 or 4 classes. No one is admitted to a place in the Class Lists who has exceeded a certain number of terms reckoned from Matricn. No conditions of residence are attached by the Univ. to either Pass or Honour examns.; it is simply for the attainment of the degree of B.A. that residence is obligatory. Every Coll., Hall, and Society, however, has its own rules with regard to both residence and the entry for examns. A candidate for the degree of B.A. must (1) reside at the Univ. as a matriculated member during 9 terms, unless he is privileged as a member of another Univ. or as a "Service" Student; (2) pass or obtain Honours in the following examns., namely:

(a) *Responsions*. This is the Entrance Examination to the University. It must be passed, or some examn. accepted as equivalent to it, before matricula-

* In special circumstances leave to reside in a house which has not been licensed may sometimes be obtained.

tion. Names of candidates must be entered through an officer of the Society to which they intend to belong. *See* Appendix I.

(b) *The 1st Public Examn.* This consists of (1) Honour Classical Modns., (2) Hon. Math. Modns., (3) Hon. Sci. Modns., (4) Law Modns., (5) Prelim. Nat. Sci., (6) Prelim. Geography, (7) Prelim. Mod. Langs., (8) Prelim. Mod. Hist., (9) Prelim. English, (10) Prelim. Classical (Gk. and Lat.) and Or. Langs., (11) Prelim. Theol., (12) Prelim. Phil., Pol. and Econ., (13) Prelim. Music. In order to pass the Examn. a candidate must pass in one of these subjects.

(c) *The 2nd Public Examn.* This consists of (a) a Pass School and (b) an Honour School. (a) Contains a large variety of subjects, and candidates taking it are required to pass in 3 of these, of which one must be a language-subject other than English. (b) Includes the following, a class in any one of which is sufficient: *Literæ Humaniores* (Philos. and Ancient Hist.); Maths.; Nat. Science (Phys., Chem., Physiol., Zool., Bot., Geol., Biochem. or Engin.); Jurispr.; Mod. Hist.; Theol.; Oriental Studies (Sanskrit, Arabic, Hebrew, Persian, Egyptian or Chinese); Engl. Lang. and Lit.; Mod. Langs. (French, German, Ital., Span., Russian, Mediæval and Mod. Greek, or Portuguese); Philos., Politics, and Econ. (Modern Greats); Geog.; Agric.; Forestry; Psych., Philos., and Physiol.; Music.

Under certain conditions, members of other Univs. and officers not under 21 yrs. of age who have held for not less than 3 yrs. a Commission in H.M. Regular Forces, and been seconded or specially relieved from active duty by the Admiralty, War Office, Air Ministry, or India Office for the purpose of attending an academic course of not less than 2 yrs., may be admitted to the status of "Senior Student" and "Service Student" respectively, and obtain exemption from Responsions, and, under further conditions, from the 1st Public examn., as well as a remission of 3 terms of the necessary residence (v. Appendix I).

ADVANCED STUDY AND RESEARCH. The DEGREES B.Litt. and B.Sc., instituted in 1895 in order to encourage special study and research, are granted upon the satisfactory completion of an approved course of special study or research pursued under supervision and for the most part at Oxford and of at least 6 terms' residence. Application to enter upon such a course may be made by any person who produces sufficient evidence of his ability and (1) is a member of the Univ. who has passed the examns. for the degree of B.A., or (2) has taken an approved degree at an approved Univ., or (3)—for the B.Litt.—has obtained an Oxford diploma with distinction, or is held by the Board of the Faculty to be fully qualified to engage in research. Applications must in all cases be made to the Secy. of Faculties through an officer of the Society to which the candidate belongs or desires to belong. Residence as a member of the Univ. for 6 terms is a necessary condition for either degree. A candidate for the B.Litt. must first undergo a course of training in research methods and then do a special piece of research work and write a thesis, and may be required to pass a written examn. For the B.Sc., which is confined to the Faculties of Science, Medicine, Anthropology and Geography, and Agriculture and Forestry, no probationary period is prescribed. The B.Phil. degree, instituted in 1946, is similar.

Of a similar nature, but of a much higher standard, is the degree of D.Phil., instituted in 1918 (v. p. 19).

The higher degrees, D.Litt. and D.Sc., instituted in 1900, are awarded to graduates of Oxford for published work of outstanding merit.

THEOLOGY. The B.D. degree is open to candidates of over 26 yrs. of age who have passed a Qualifying examn. in Christian Theology, pursued a course

of study therein extending over 6 terms, resided for 6 terms, and submitted a thesis of sufficient merit in some branch of the subject. No candidate may present a thesis until he has passed the Qualifying examn., which is open to Oxford M.A.'s, to persons who have, not less than 5 terms previously, passed all examns. for the Oxford B.A., and, under certain conditions, graduates of other Univs. First-class or second-class honrs. in School of Theol. exempts from this examn.

The degree of D.D. is open to those who have been admitted to the Oxford degree of B.D., subject to certain conditions of standing, provided they have submitted a thesis, or published work, of sufficient merit in some branch of Christian Theology.

LAW. The examn. for the B.C.L. degree is open either (1) to B.A.'s of the Univ. or (2) under certain conditions (including residence for 6 terms) to graduates in Arts, Philos., Science, or Law of other Univs. The subjects are Jurispr., Roman, Engl., Roman-Dutch, and Internat. Law.

MEDICINE. The B.M. degree is open only to B.A.'s of the Univ. who have passed certain examns. in Med. and Nat. Science. The total period of study for the degree (including the scientific subjects studied in the Arts course) is generally about 6 or 7 yrs., of which 2 or 3 may be spent in London in preparation for the more strictly professional subjects of the 2nd B.M. examn. The M.Ch. degree is open to candidates who have passed all the examns. for the B.M. and B.Ch., and either are members of the Surgical staff of a recognized hospital or have acted in such a hospital as Dresser or House Surgeon for 6 months. A candidate for the D.M. must be a B.M., and have entered on the 30th term from matricn. and had his name on the books of some Coll. or Hall or Society for 20 terms.

Senior Students may be exempted from the preliminary examn. in Physics, Chemistry, Zoology, and Botany, in consideration of equivalent examns. passed at their previous Universities.

MUSIC. The degree of B.Mus. is open to candidates who have been admitted to the degree of B.A. with 1st or 2nd class honours in Music and have also passed an examn. in Music and composed a Musical Exercise under conditions laid down by Statute. Residence for 9 terms is required. A B.Mus. may qualify for the degree of D.Mus. by submitting a musical composition for approval and passing a further examn. in Music, but cannot submit a composition until the 9th term after his admission to the Baccalaureate.

DIPLOMAS. Many of these are open to persons who are not members of the Univ. Minimum courses and addresses of Secretaries from whom particulars can be obtained :

Education, 1 yr. (or Vacation course, v. *infra*), Director, Department of Education, 15 Norham Gardens.

Economics and Political Science, minimum 1 yr., The Secretary, Delegacy for Social Training, Barnett House.

Public and Social Administration, 1 yr. and period of practical work, The Secretary, Delegacy for Social Training, Barnett House.

Anthropology, 1 yr., The Diploma Sec., Pitt Rivers Museum.

Forestry, 1 yr., The Professor of F., School of F. Open to graduates of Oxford or other Univs.

Agricultural Economics, 1 yr., The Director, Agricultural Econ. Research Inst., Parks Rd.

Classical Archæology, 1 yr., Sec. to Committee for C.A., Ashmolean Museum.

Theology, 1 yr., Sec. of Faculties (open only to members of the University).
Comparative Philology, 1 yr., The Prof. of C.P., Worcester Coll.

Statistics, min. 1 yr., Sec. of Fac. (open only to members of the Univ.).

Slavonic Studies, 1 yr., Sec. of Faculties (open only to members of the Univ.).

Music. Open only to members of the University who must either (1) be qualified for B.A. degree at Oxford, or (2) have passed the First Public Examination, and two Groups of the Final Pass School.

Law, min. 1 yr., Sec. of Facs. (open only to members of the Univ.).

Certificates: Physical or Cultural Anthropology, 3 mos., The Diploma Sec., Pitt Rivers Museum. Training for Social Work and Public Administration, The Sec. to the Delegacy for Social Training, Barnett House. Fine Art, The Ruskin Master of Drawing, Ashmolean Museum. Statistics (as for Diploma above).

REGULAR COMMISSIONS IN THE BRITISH ARMY. A new scheme, whereby a University candidate may receive an antedate (which varies according to the class of Honours degree taken) to place him roughly on a level with his contemporaries from the R.M.A., Sandhurst, has recently been published by the War Office. One requirement is that candidates shall have served in the Univ. Training Corps (T.A.) for at least the last two yrs. of their residence. Details may be obtained from the Sec. to the Delegacy for Military Instruction, H.Q., Oxford University Training Corps (T.A.), Manor Road. (*Telephone*: 2488.)

FLYING. The Oxford University Air Squadron is a Royal Air Force Volunteer Squadron which offers flying training to undergraduate members of the University. This training involves no expense and the flying and ground training is arranged to interfere as little as possible with members' University commitments. Members join the R.A.F. Volunteer Reserve. Arrangements are made for those members who go overseas on conclusion of their University Courses to be transferred to the Non-Training List. The Squadron is a recognized channel of entry for Permanent Commissions in the Royal Air Force, either flying, technical, or medical. Direct entrants from the University can qualify for an antedate of seniority, depending upon the class of degree obtained. Candidates are subject to the normal R.A.F. medical examinations for aircrew on entry. Pamphlets and application forms may be obtained from Headquarters, Oxford University Air Squadron, Manor Road Oxford. (*Telephone*: 3321.)

The DEPARTMENT OF EDUCATION (*Address*: 15 Norham Gardens; *Telephone*: 2174), established in 1919, is under the general direction of a Delegacy. For staff, *see under* Education. For the Univ. Dipl. in Educn. there is a 1-yr. postgrad. course of which one term is devoted to practical work in a school. Oxford graduates with 1st or 2nd Class Hons. in Mod. Langs. may, by special permission, spend one or two terms in the study of the Theory and Practice of Educn. at an approved European Univ. Under certain conditions, the Diploma Course may be taken by undergraduate members of the Univ.

Vacation Courses are held from time to time, usually in July and Aug. These are either short courses for special groups, or refresher courses for teachers of experience, which are suitable also as an introduction to the more general study of educational questions and are open without restriction to both men and women.

SCHOLARSHIPS AND FELLOWSHIPS. College Entrance scholarships are very numerous and valuable. The Univ. scholarships and fellowships are usually

open only to members of specified standing. Of those open to graduates, 11 are for Engl., Hist., Greek, and Latin; 1 (c. £80) is for Ment. and Mor. Philos.; 1 (c. £100) for Maths.; 10 (c. £1530) for Med. and Nat. Science; 2 (£280) for Law; 4 (£420) for Theol.; 3 (£530) for Oriental Studies. The Univ. offers a number of *Research Scholarships and Studentships*, e.g. a Biological Scholarship (annually, £200 for 1 yr.) tenable at the Zoological Institute, Naples; the George Webb Medley Scholarships (2 annually, £80 to £300 p.a. for 2 yrs., renewable for not more than 3 yrs.) for Economics and Polit. Sci.; the Scott Scholarship (2 annually, £100 for 1 yr.) "for the furtherance of physical science"; the Henry Francis Pelham Studentship (biennially, £100 or less for 1 yr.), tenable at the British School of Archaeology at Rome; the Bryce Research Studentship (annually, £240 for 1 yr.) for History; the Beit Sr. Research Scholarship (up to £250 for 1 yr., occasionally).

There are also *Travelling Fellowships, Scholarships, and Studentships*, e.g. the Derby Scholarship, for classical scholarship (incl. palæography and philos.), offered annually (£200-£300 for 2 yrs., of which at least 8 mos. must be spent abroad); the Heath Harrison Travelling Scholarships (about 12 annually, £75 usually for 1 yr.) for study of a modern lang. abroad; the Zaharoff Travelling Scholarships (1 or more annually, £150 for 1 yr.) for promotion of French studies; the de Osma Studentship (annually, about £80) for not less than 6 weeks' study at the Instituto de Valencia de Don Juan, Madrid; the George Herbert Hunt Travelling Scholarship (every other yr., c. £70) and the Radcliffe Travelling Fellowship (£300 p.a. for 2 yrs., one awarded annually) for Medicine.

The Colls. have power to elect persons distinguished in Science or Literature to Senior Research Fellowships on condition of prosecuting some definite work; they have also power to elect from time to time Junior Research Fellows for limited periods, usually after examn.

There are certain funds, such as the Craven and Ireland, from which grants for the furtherance of particular studies may be made.

The Rhodes Scholarships were founded in 1902 under the will of the late Cecil John Rhodes. The value of each is £400 a yr., with, at present, a special supplement of £100. The Scholarship is tenable at the Univ. of Oxford, and may be held for 3 yrs. Appointments are made for 2 yrs. in the first instance, and a third year is granted only if it is eminently in the interests of a scholar's immediate studies and future career.

Rhodes Scholars may, if the conditions are approved by their own College and by the Rhodes Trustees on the recommendation of the Oxford Secretary to the Rhodes Trustees, either postpone their third year, returning after a period of work in their own countries, or spend their third year in postgraduate work at a Univ. of Gt. Britain, and in special cases at a Univ. on the continent of Europe, in the overseas Dominions, or in the United States, but not in the country of their origin. The conditions of the competition in each country or community are fixed from time to time by the Trustees.

In his will, Mr. Rhodes expressed the wish that "in the election of a student to a Scholarship, regard shall be had to (1) his literary and scholastic attainments; (2) his fondness for and success in manly outdoor sports, such as cricket, football, and the like; (3) his qualities of manhood, truth, courage, devotion to duty, sympathy for and protection of the weak, kindness, unselfishness, and fellowship; and (4) his exhibition during school-days of moral force of character, and of instincts to lead and to take an interest in his school-mates."

The Dominions and Colonies. An annual Scholarship is assigned to each

Province* of the Dominion of Canada; to each State of the Australian Commonwealth; to the Dominion of New Zealand (2); in South Africa to the Province of Natal, the Transvaal, the Orange Free State, the Cape Province, the S.A. College School in Cape Town, the Diocesan College School of Rondebosch, the Paul Roos Gymnasium (formerly the Boys' High School, Stellenbosch), and the St. Andrew's College School at Grahamstown, in alternate years to the Eastern Province, and not more than three annually to Rhodesia. The Colonies of Jamaica, Bermuda, and Malta have each an annual Scholarship. There is at present one annual Scholp. for India, and one for Pakistan.

In founding these Scholarships, Mr. Rhodes stated that he did so because he believed that the education of young Colonists at one of our residential Universities would "broaden their view," "instruct them in life and manners," and "instil into their minds the advantage to the Colonies as well as to the United Kingdom of the retention of the unity of the Empire."

United States of America. 4 Scholarships are assigned annually to each of 8 regions, and are awarded among candidates sent forward from each State, of which there are 6, in the region. The reason given by Mr. Rhodes for founding the American Scholarships is his "desire to encourage and foster an appreciation of the advantages which I implicitly believe will result from the union of the English-speaking people throughout the world, and to encourage in the students from the U.S. . . . an attachment to the country from which they have sprung, but without I hope withdrawing them or their sympathies from the land of their adoption and birth." *The American Oxonian*, the official magazine of the Alumni Assocn. of American Rhodes Scholars, is published quarterly.

Number actually in residence, 1949-50, 201 (98 from the Brit. Commonwealth and 103 from the U.S.A.).

General. Candidates must be between 19 and 25 years of age and unmarried. They must be citizens of the country from which they come—usually with 5 yrs.' domicile; and must have at least 2 yrs.' standing at a regular degree-granting College or Univ., except in a few special cases. Detailed information for each country may be obtained from the offices of the Rhodes Trust, 36 Beaumont Street, Oxford.

The OXFORD AND CAMBRIDGE SCHOOLS EXAMN. BOARD, established 1873, examines or inspects and reports on the work of schools which provide education of the highest grade. It also holds yearly examns. and awards a General Certificate of Education, which exempts the holder, under certain conditions, from Responsions and the Previous Examinations, the minimum entrance requirements of London and other Univs., and the Preliminary examns. of various professional bodies, etc. For L.E.A. and State Scholps., see p. 20. The Regulations of the Bd. are published by the Oxford and Cambridge Univ. Presses (post free 1s. 9d.). Secretaries: at Oxford—G. J. R. Potter, M.A., 74 High Street (*Telephone*: 3549); at Cambridge—A. E. E. McKenzie, M.A., 10 Trumpington Street (*Telephone*: Cambridge 4658).

The OXFORD DELEGACY OF LOCAL EXAMINATIONS, Merton Street (*Telephone* 2456), will hold examinations and award a General Certificate of Education in the summer and autumn, at centres in Gt. Britain and Northern Ireland, in Malta, and at a few other overseas centres. Successful candidates will, on certain conditions, be exempted from Responsions, the Cambridge Previous, various matricn. examns. and Univ. Intermediate Examns. State Scholps. and Major Scholps. of certain Local Education Authorities are awarded on the results of the General Certif. of Educn. The Regulations (post free 2s. 6d.) may be obtained from the Secretary of Local Examinations, 12 Merton Street. The Examination is open to persons of both sexes. There is an age limit below which candidates may not enter. Candidates need not be in attendance at any educational institution.

In Dec. 1950 the School Certif. Examn. was held at 289 Centres (of which 2 were overseas). The total number of candidates was 3777.

In summer 1950 the Higher School Certif. Examn. was held at 310 centres, and the School Certif. Examn. at 671 Centres (of which 9 were overseas). The total number of candidates was 22,397, viz. Higher School Certif., 2936; School Certif., 19,461.

EXTRA-MURAL STUDIES. This Delegacy is concerned to promote on behalf of the University the liberal education of adults who are not members of the University. Its work takes the form of classes and courses, some of which are residential, arranged in the main in the counties of Oxon., Berks. and Bucks., North Staffs., Kent and East Sussex and the City of Lincoln. It co-operates closely with L.E.A.s, with the W.E.A., and with other voluntary bodies in the aforesaid regions. The Delegacy may recommend the admission of adult students to the University without the necessity of passing Responsions. The Secretary to the Delegacy is T. L. Hodgkin, M.A. The work is carried on through:

(1) The Tutorial Classes Committee, responsible for the provision of Three-Year Tutorial and One-Year Preparatory Tutorial Classes. The classes meet once a week for 2 hours from Sept. to April. Students pledge themselves to continue for the duration of the course, and undertake reading and written work under the guidance of Univ. tutors. The Committee also conducts an annual Summer School and a Winter School. The Organizing Secretary is F. V. Pickstock, M.A.

(2) The University Extension Lectures Committee, responsible for the provision of courses of lectures held weekly or fortnightly, consisting usually of from 6 to 24 meetings, conducted by lecturers approved by the Committee. The Committee is also responsible for the provision of vacation courses, including courses for students from overseas. The Supervisor of Studies is D. J. Wenden, M.A.

The offices of the Delegacy and its Committees are at Rewley House, Wellington Square, Oxford. (*Telephone* : 47203.)

EXPENSES. "It is not possible to make any general estimate of the cost of a University course, which varies with different Societies and depends upon the student's own means and tastes. It must suffice here to enumerate certain items common to all undergraduates, and to recommend persons anxious for further details to consult the authorities of the Society which they wish to join."

The *General Information* pamphlet quoted in the paragraph above also specifies the following items:—I. *Payments on Commencing Residence* : *University*—Matricn. fee, £6. *College*—(1) Admission fee, average £15. (2) Caution money (returned when name is removed from the books, and often in part on taking a degree). Varies for Commoners from £30 to £10. Scholars are sometimes excused altogether. II. *Payments during Residence* : *University*—(1) Dues, £6 : 6s. p.a., paid terminally for twelve Terms ; thereafter £1 p.a. (except for M.A.'s). (2) Examn. fees, about £10 in all for the B.A. course, exclusive of Responsions. (3) Degree fees, B.A., B.Litt., or B.Sc. degrees, £7 : 10s. *College*—(1) Tuition fee, usually £45 p.a. : it is increased for students who read science or require extra tuition. (2) Coll. dues vary ; say, £9 : 9s. p.a. (3) Subscriptions to Clubs vary ; say, £8 : 8s. to £10 : 10s. p.a. (4) The method of reckoning fees and charges varies. In some colls. there is an inclusive charge of £65 to £70 per term. This charge covers items (1) and (2), board (breakfast, lunch, dinner), lodging, service, fuel and lighting (but not personal laundry). Some Colls. scale the charge according to the rooms occupied ; some make other minor adjustments. In other Colls. the main items are included in a terminal composite fee of about £65 per term, the remaining items being charged separately. Either system leads to a total Coll. bill of between £70 and £80 per term. (5) Degree fees, which vary between £5 and £1.

The scale of charges is under consideration in many Colls. and may be adjusted to meet any considerable changes in maintenance and service costs.

The necessary expenses of a student of St. Catherine's Soc. have been estimated (in 1950) at about £200 p.a. for board, lodging, fees, and subscriptions. Some students pay additional fees for laboratories and lectures. Any increase in the general cost of living is liable to be reflected in the cost of board.

VACATION COURSES. *See under* Extra-mural Studies on p. 426.

UNIVERSITY PRESS. The University Press is a dept. of the University controlled, through their Secretary, by a board consisting of the Vice-Chancellor and Proctors and ten Delegates appointed from members of Convocation. Its headquarters are at Oxford, in the Clarendon Press building,

where are also the publishing dept. responsible for learned books, and the printing works. Books produced at Oxford are distributed by the Publisher to the University in London, who himself publishes for the University other classes of less learned books. In addition to these depts., and a paper-mill at Wolvercote, Oxford, the Press also owns and controls branches overseas, for the production of books of local interest as well as the sale of those produced in England.

STUDENT HEALTH SERVICE. The University has adopted a scheme for a health service for undergraduates which is to be introduced in 1951-52, and is on similar lines to that in existence at Cambridge. The service is to be paid for by the University, so that it will be without cost to the colleges or undergraduates. Its purposes are to provide health examinations, including a miniature chest X-ray for first-yr. undergraduates, and health advice to individuals or to college authorities seeking it. No treatment will be undertaken, but where examinations reveal conditions requiring treatment undergraduates will be referred to their own general practitioners. Both health examination and chest X-ray will be voluntary unless individual colleges decide otherwise.

PRINCIPAL STUDENT ATHLETIC FACILITIES. There are facilities at Oxford for the following games and athletic pursuits: boating, athletic sports, cricket, Association football, Rugby football, golf, relay races, running, hockey, ice hockey, lawn tennis, polo, tennis, rackets, squash rackets, boxing, fencing, lacrosse, swimming, yachting, shooting, badminton, jiu-jitsu.

CONSTITUENT INSTITUTION

The NATIONAL INSTITUTE FOR RESEARCH IN DAIRYING, Shinfield (*Telephone*: Reading 83103), near Reading, established by the Ministry of Agric. and Fisheries in 1912, forms part of the Univ. (Director—H. D. Kay, C.B.E.,

N.I.R.D.=National Institute for Research in Dairying, v. this page.

Ph.D. Camb., D.Sc. Manc., F.R.S.). It is governed by a Board consisting of representatives of the Ministries of Agric. and Health, R.A.S. of England, British Dairy Farmers' Assocn., Nat. Farmers' Union, etc. It has ten Depts. : Chemistry, Dairy Bacteriology, Feeding and Metabolism, Dairy Husbandry, Nutrition, Physics, Physiology, Dairy, Dairy Engineering, and Cod Liver Oil Standardization.

GENERAL INFORMATION

The University was established by Royal Charter, March 17, 1926. For early history, *see Yearbook* for 1929.

In 1947 the University acquired the freehold of the entire Whiteknights Park Estate consisting of nearly 300 acres of parkland situated approx. one mile from Reading. It is proposed ultimately to transfer the entire Univ. to the new site.

LIBRARY, 98,084 vols., including Overstone collection (7500 vols.) of books on Polit. Econ. (pubd. before 1850), English and French thought during 18th century, and topography (especially Northamptonshire); 24,394 pamphlets. 320 periodicals are received. **MUSEUMS** : Zool., Hist., Archæol., and English Rural Life. **LABORATORIES** : Bot., Chem., Geol., Mech., Microbiol., Physics, Psychol., Zool. Fine Art Studios. School of Music. Agricultural Machinery Hall. Two farms (359 and 400 acres) and Horticultural Station.

FACULTIES : (1) Letters, (2) Science, (3) Agric. and Horticulture (associated with which is the National Inst. for Research in Dairying).

DEANS : (1) Prof. J. M. R. Cormack (Letters); (2) Prof. T. M. Harris (Science); (3) Prof. R. H. Stoughton (Agriculture and Horticulture).

SCHOOLS : Art, Music.

ADMISSION. *See* Appendix I.

DEGREES. B.A., M.A., D.Litt.; B.Sc., M.Sc., D.Sc.; Ph.D. The B.Sc., M.Sc., and D.Sc. are obtainable in the Faculty of Agriculture and Horticulture as well as in the Faculty of Science. The Senate may decline to admit to a degree course a person whose place of residence during term is at too great a distance from Reading, and the degree of Bachelor may not be granted to a candidate whose record as a student of the University is not deemed satisfactory.

The Charter provides that degrees representing proficiency in technical subjects shall not be conferred without proper security for testing the scientific or general knowledge underlying technical attainments.

An oral examination forms part of the Final examn. for a B.A. degree with honours, except in Mathematics, and, at the discretion of the Examiners, may form part of the First University Examn. in Arts or of the Final Examn. for a Pass B.A. degree, or of the Intermediate or Final Examn. for the B.Sc. In the Final Examn. for the B.Sc. in the Faculty of Science, candidates are examined upon either a general course of study (normally 3 subjects) or a special course; honours can be obtained in either case. The Final Examn. (Special) is ordinarily taken after passing the Final Examn. (General). The course for the degree with honours extends over 4 yrs. in the Faculty of Agriculture and Horticulture and, in certain cases, in Arts and in Science.

UNIVERSITY DIPLOMA COURSES are as follows : 3 yrs.—Fine Art, Landscape Architecture, and 1 yr. (postgrad.)—Agriculture, Agricultural Econ., Hortic., General Bacteriol., Education, Social Study, Technical Physics.

A limited number of students is accepted each year in preparation for the National Dipl. in Dairying (Technol.) (2-yr. course).

TUTORIAL SUPERVISION. Every student following one of the organized day courses or a specially arranged day course involving frequent attendance at the Univ. for at least 2 terms is placed under the supervision of a tutor.

A RESEARCH BOARD promotes research and original work in the Univ. (apart from the National Institute for Research in Dairying). It administers funds entrusted to it for the purpose, and issues an annual record and report.

TERMS. 3, each of 10 weeks, the first beginning on the first Friday in Oct. Vacations of 4 weeks at Christmas and 5 weeks at Easter.

RESIDENCE. All students following full courses of day study, unless residing with parents or guardians, are ordinarily required to reside in a University Hall of Residence. There are three Halls for men, Wantage (Upper Redlands Road; 122 students), St. Patrick's (Northcourt Avenue; 142 students), and Whiteknights Park House (23 students). There are four Halls for women, St. Andrew's (Redlands Road; 132 students), Wessex (Redlands Road; 73 students), St. George's (Elmhurst Road; 72 students), and Mansfield (Kendrick Road; 65 students). Full-time day students living in recognized houses, or at home in or near Reading, are associated in St. David's Hall, a non-residential club. For names of Wardens, v. *supra*, and for Fees, v. Expenses, *infra*.

SCHOLARSHIPS OPEN TO GRADUATES. Offered annually by the Univ.—Research Scholps. of £250; "Ernest Ridley"—£50 plus tuition fees, for one yr., renewable for a second yr.

FEES. For Tuition: Ph.D. course—£10 or £15 p.a., M.A. course—£10 p.a.; M.Sc. course—£15 p.a.; Bachelor's Degree course—Arts, £30 p.a.; Sc., £35 p.a.; Diploma course—Dairying, £35 for 1st, £41 for 2nd yr.; Landscape Archit., £30; General Bacteriol. (postgraduate), £35 p.a.; Agriculture (postgraduate), £35; Agric. Econ. (postgraduate), £35; Hortic. (postgraduate), £35; Tech. Physics (postgraduate), £35; Fine Arts, £30 p.a.; Social Study (postgraduate), £30 p.a. Tuition fees are in most cases reduced by 25 per cent. to students from neighbouring counties, under certain conditions.

EXPENSES. Total average necessary yearly expenses (excluding travelling, clothing, and personal laundry) about £175 p.a., namely: (i) Registration, matriculation, cap and gown, tuition, examination, and graduation, average £38 p.a. for a degree student. (ii) Maintenance, including board and lodging in Halls or lodgings and sanatorium fee, maximum for 30 weeks about £120 for either a man or a woman student. (iii) Personal, including subscription to Union (£5 : 5s. p.a.), and cost of books and stationery, widely variable, say, £10 p.a.

APPOINTMENTS. The Registrar.

STUDENT ORGANIZATIONS. Students' Union and Representative Council. An Old Students' Association meets annually at the Univ. at Whitsuntide.

STUDENT ATHLETIC FACILITIES. Gymnasium; Athletics Grounds; Squash Courts; Rowing facilities.

UNIVERSITY EXTENSION, ETC. Evening classes are held in Fine Art. Tutorial classes are held in connexion with the W.E.A.

PUBLICATIONS. *Calendar* (Sept.), 5s.; *University Gazette*; General Prospectus (illustrated); Departmental Prospectuses (Degree courses, Education, Agriculture, etc., Landscape Architecture, Fine Arts and Handicrafts, Music; Scholarships and Studentships).

GENERAL INFORMATION

The Sheffield School of Medicine, founded 1828, Firth College, established as a College of Arts and Science in 1879, and the Sheffield Technical School, opened 1886, were united in 1897 to form University College, Sheffield, and in 1905 the College became, by Royal Charter, the University of Sheffield.

LIBRARY (Arts, Pure Science, Medicine, and Law), 182,616 vols. and pamphlets. 735 current periodicals. LIBRARY (Applied Science), 14,755 vols. and pamphlets. 127 current periodicals. Also Special Glass Technology departmental collection.

LABORATORIES, ETC. Equipment for advanced study and research in all Departments. Special provision for Engineering, in all branches, including Mining and Fuel Technology, and also for Glass Technology and Metallurgy, the equipment for the latter including an experimental scale steel works. The laboratories for Botany, Geography, Zoology, and Biochemistry have been rehoused in new and much larger premises started before the war but not finished until 1941.

HOSPITALS available for clinics include 3 general (1974 beds), 7 special (1490 beds), and Mental Hospital (2000 beds).

FACULTIES. (1) Arts (including Archt.), (2) Law, (3) Pure Science, (4) Medicine (including the Dental Dept.), (5) Engineering (Depts. of Civ., Elec., Mech., Mining and Fuel E., Fuel Tech., Glass Tech.), and (6) Metallurgy (Ferrous and Non-Ferrous). *Deans* : (1) Prof. J. Tate (Greek), (2) Prof. D. Browne (Law), (3) Prof. A. R. Clapham (Botany), (4) Dr. J. G. McCrie, (5) Prof. H. Moore (Glass Technol.), (6) Prof. A. G. Quarrell (Physical Met.). A School of Social Studies was established in 1949. There is a Univ. Training Dept. for Teachers for elementary and secondary schools. *Dept. of Glass*

Technology : The Dept. housed in a new block of buildings was the first and still remains the best known of the scientific instns. in the world devoted to the study of glass, v. also *supra*. **Faculty of Metallurgy :** The courses in Metallurgy include, in addition to the ordinary subjects of a metallurgical training in Ferrous and Non-Ferrous Metallurgy, special instruction in Foundry Metallurgy and in the use of semi-large scale plant. Postgraduate courses are arranged for graduates in all Faculties.

ADMISSION. See Appendix I.

DEGREE COURSES. 3 yrs.—B.A. (with Honours in Archit.—5 yrs., including time spent in an Architect's office), B.Mus., B.A. (Econ.), B.Sc., LL.B., B.Met. (3 yrs.' evening courses may, under certain conditions, be taken by students of 20 yrs. of age in lieu of the 2nd and 3rd yrs.' day courses for B.Met.), B.Eng., B.Sc.Tech.; B.Eng. Honours and B.Sc.Tech. Honours, 3 yrs. after passing Intermed. Examn.; 6 yrs. (including at least 3 in the Univ.)—M.B., Ch.B.; 6 yrs.—B.D.S. Graduates of a Univ. of the U.K. who wish to qualify for special degree of B.A. or B.Sc. with Hons., B.Mus. or LL.B., need, under certain conditions, only attend courses for 2 yrs., if they have pursued a course for 2 yrs. at some approved instn. Graduates of approved Universities (in the Faculty of Metallurgy a University of the British Empire) who wish to qualify for B.Eng., B.Sc.Tech. or B.Met. with Honours need, under certain conditions, only attend courses for 2 yrs. (for B.Eng. or B.Sc.Tech. pass degree, 1 or 2 yrs.; B.Met. pass degree, 2 yrs.) if they have pursued a course for 2 yrs. at some approved institution.

General Honours B.A. and B.Sc. degrees are conferred (v. pp. 9-10).

Attendance on approved courses at a Univ. or Coll. recognized for the purpose may be accepted as equivalent to such courses in the Univ. The Univs. of Aarhus, Aix-en-Provence, Basle, Berlin, Berne, Besançon, Bordeaux, Caen, Dijon, Freiburg, Giessen, Göttingen, Grenoble, Heidelberg, Innsbruck, Leipzig, Liège, Lyons, Madrid, Montpellier, Münster, Nancy, Paris, Poitiers, Rennes, Seville, Strasbourg, Tübingen, and Zürich have been recognized in the Faculty of Arts, and the Univ. contributes towards expenses of undergraduates spending a term there.

A Schools Consultative Council, including, in addition to members of the Univ. staff, representatives of local education authorities and school staffs, keeps the Univ. in touch with secondary educn.

HIGHER DEGREES. Obtainable by Bachelors of the Univ. of 1 yr.'s standing—M.A., LL.M., M.Sc., M.Eng., M.Sc.Tech., M.Met. Under certain conditions graduates of other Univs. may become candidates for these degrees. M.D.S. on the results of an examn. written, *viva* and practical; 2 yrs.' standing—M.D.; 3 yrs.' standing—Ch.M.; 4 yrs.' standing—LL.D.; 5 yrs.' standing—Litt.D., D.Mus., D.Sc., D.Eng., D.Sc.Tech., D.Met.; Ph.D., v. p. 19.

DIPLOMAS. Archit., 5 yrs. (including time spent in an Architect's office); Educn. (after graduation), 1 yr. (special facilities for Pedagogical research); English Studies for Foreign Students, 1 yr.; Public Administration, 2 yrs.' Evg. study; L.D.S., 5 yrs.; Microbiol., 1 yr.; Glass Technology, 3 yrs. (for those with 2 yrs.' practical experience, 2 yrs.); Soc. Studies (postgrad.), 1 or 2 yrs.; Associateship in Engin. (Evg. Students), 4 yrs.; Associateship in Fuel (Evg. Students), 4 yrs.; Associateship in Iron and Steel or Non-Ferrous Met. (Evg. Students), 5 yrs.

Certificates, Architecture (3 yrs.); Professional Practice (Architecture) (1 yr. prof. practice following award of degree or diploma); Biblical History and Literature (2 yrs.' evening study); Soc. Studies (2 yrs.).

Evening Classes in Mechanical, Civil, and Electrical Engineering, Metallurgy, and Fuel are held during the 6 mos. Oct. to April, and Trades Technical Classes are held in association with the National Trades Technical Societies. 96 additional lecturers and teachers are employed on this work besides some members of the regular staff. For notes on the extent to which such classes in Metallurgy are recognized as qualifying for degrees, etc., v. *supra*—Degrees, Diplomas.

Evening Classes are also provided in Econ., Secretarial Practice, Acctcy., Law, Conveyancing, Public Admin., and Biblical History and Literature.

FEES. Registrn.: Diploma courses (except Educn. and L.D.S.), 21s. p.a.; Educn., 25s. p.a.; Degree courses (except M.B., Ch.B., and B.D.S.), 25s. p.a. Tuition for degree courses (approximate): B.A., B.Mus., and B.A. (Econ.), £26 : 13 : 4 p.a.; B.A. with Hons. in Archit., £31 : 10s. p.a.; LL.B., 15 gs. p.a.; B.Sc., £35 p.a.; B.Eng., B.Met., B.Sc.Tech. GENERAL INFORMATION

The Univ. was founded by Charter, 1893. As the result of an enquiry held by a Royal Commission in 1916-18, a Supplemental Charter was granted to the Univ. in 1920, which introduced many important changes. For outline of changes, see *Yearbook*, 1929. A further Supplemental Charter was granted in 1932 providing *inter alia* for the institution of the Welsh National School of Medicine as a School of the Univ., and for the recognition of Schools of Theology at the Collegiate centres. The teaching for initial degrees is undertaken by the constituent and associated Colleges and by the Welsh National School of Medicine, and matriculation in the Univ. is open only to students of those institutions; in the case of an associated Theological College, only to students

who are graduates of an approved University. The Technical College, Cardiff, is associated for the purpose of providing courses of study for the degrees of B.Pharm. and B.Arch. The Univ. prescribes conditions under which it awards initial degrees to students of the Colleges and of the School of Med. and conducts the final exams. An Academic Advisory Committee deals with the conditions on which School-Leaving certificates are accepted by the Univ. for matriculation, and with other matters lying in the borderland between School and Univ.

ADMISSION. See Appendix I.

DEGREES. B.A.; B.Sc.; B.Mus.; LL.B.; B.Pharm., M.B., B.Ch.; B.Arch. For the degree in Med. the period of qualification is 5 yrs. 2 terms, of which the last 3 yrs. may be spent in an approved School of Med. The period of qualification for the degree of B.Arch. is 6 yrs. The first year of study is pursued in one of the constituent Colleges of the University and the remainder in the Cardiff Technical College. For the other first degree, 3 yrs. of study are required. Study for an Honours degree in Arts, Science, Music, or Law ordinarily covers 4 yrs.

HIGHER DEGREES. M.A., D.Litt.; M.Sc., D.Sc.; M.Mus., D.Mus.; LL.M., LL.D.; M.D., M.Ch., M.Pharm.; B.D., D.D.; M.Arch.; Ph.D. (in Arts, Science, Law, Medicine). For the degree of B.D. (3 yrs.' course), study is pursued in one of the Associated Theol. Colls. or at the Schools of Theol. of the University Coll. of N. Wales, Bangor, and the University Coll. of S. Wales and Monmouthshire, Cardiff. The M.A., M.Sc., and LL.M. may be awarded to graduates of other Univs. approved for this purpose who pursue a scheme of research for at least 2 yrs. in one of the constituent Colls. As regards Ph.D., see p. 19.

DIPLOMAS. Education, 1 yr. postgraduate; Public Health (C.P.H.), full-time for one term, subsequent to attainment of registrable qualification; D.P.H., 12 mos., subsequent to qualification for C.P.H.; Tuberculous Diseases (T.D.D.), 2 yrs. subsequent to attainment of registrable qualification (including 12 mos.' resident appointment in Tuberculosis Hospital and attendance at approved courses of instruction); Agricultural Science or Forestry, 1 yr. for graduates and others with equivalent qualifications; Theology, 3 yrs.; Agriculture, 3 winter sessions of two terms each and approved practical work.

FEES: *Matricn.*, £3; *exams.* qualifying for Bachelor degree, from £6: 15s.; Master, £8; Ph.D., £12: higher Doctorates, £20. See separate Colleges for tuition fees.

POSTGRADUATE SCHOLARSHIPS, ETC. The Univ. has funds amounting to over £10,000 p.a., including the income of a capital sum of £20,000 given by the late Dr. Samuel Williams of Llanelly, Carm., for the encouragement of research. In addition to 8 Fellowships (annual value £400 each), one of which is a Dr. Samuel Williams Fellowship, tenable for 2 yrs., it awards about 20 studentships (4 named Dr. Samuel Williams Studentships), on the nomination of the Colls., to students who after graduation engage in work preparatory to research for 2 yrs. Grants to assist research into Welsh language, institutions, etc., are made, preferably to members of the Univ., from the T. Ellis Memorial Fund (capital £1574).

Details concerning other postgraduate awards are given in the Univ. *Calendar*.

The GUILD OF GRADUATES consists of the Graduates and Honorary Graduates of the University. Periodical meetings are held. Its officers are the Warden, the Clerk, and the Treasurer. Address for communications: University Registry, Cathays Park, Cardiff.

The UNIVERSITY SCHOOL OF EDUCATION, which is an area training organization, came into being in 1949 and superseded the University Board for Training Colleges. It is charged with the duty of surveying the general educational needs of Wales and Monmouthshire in regard to the education and professional training of teachers, and of co-ordinating developments and directing long-term policy, so as to formulate a comprehensive system for the training of teachers in the area. The organization comprises the University Education Board, the University Faculty of Education, and the four Collegiate Faculties of Education at Aberystwyth, Bangor, Cardiff, and Swansea.

The UNIVERSITY APPOINTMENTS BOARD is concerned with appointments of all kinds.

1949-50, 642 appointments (men, 514, women 128), including : Educational, 214 ; Industrial, etc., 324 ; vacation posts, 104.

This College, constituted by Royal Charter in 1885, was made a constituent College of the University in 1893.

LIBRARIES. General, 150,000 vols. (Theology a strong feature). Welsh, 50,000, including the largest and best-equipped collection of Welsh periodicals in existence. **MUSEUMS** include : (a) a Museum of Welsh Antiquities ; (b) a Zoological section comprising a large collection of vertebrate and invertebrate

animals and a collection of human bones representative of the different races of mankind; (c) a collection of Welsh domestic and agricultural bygonies together with Roman finds from Segontium and Capel Curig. FARM, 675 acres, chiefly sheep pasturage. Dairy.

Special facilities are offered for research in Welsh Lang. and Lit., Political, Social, Econ., and Religious Hist. of Wales, and allied subjects.

COURSES. In addition to the normal courses in Arts there are courses in Theology for B.D. degree, in Music for B.Mus. degree, and full courses for the B.Sc. in Agric. and Rural Economy, Forestry, Electrical Engineering, as well as in Pure Sc. College *Diploma* courses in Theology. Other courses: 1st yr. of Med. study; 1st yr. Veterinary Science; 1st yr. of B. Pharmacy course; 1st yr. of B. Architecture; 1-yr. postgraduate course for Teachers.

FEES. Registration, 1 g. per session. Tuition, per session: Arts, £30; Science, £35; Medicine, 1st yr. (including lab.), £35; Postgraduate courses, non-lab., £10; with lab., £20; Farm Practical Instruction, £5 (or 2 gs. a term). College societies (compulsory), £3: 10s.

SCHOLARSHIPS, ETC., FOR GRADUATES. Twenty College awards ranging in value from £25 to £100, open to students of the College. Loan fund to help poor students to complete courses; also University Studentships of £250 and Fellowships of £350. *See also under Univ.*

RESIDENCE. (For Wardens, *see* "Administrative and other Staff," *supra*.) Neuadd Reichel provides accommodation for 160 men (fee, £115 p.a.) and University Hall, with its annexes, for 100 women. The Warden of Women Students is also Warden of University Hall.

UNIVERSITY EXTENSION, ETC. Local lectures in Literature, Econ., and Agric.; small lending libraries; Tutorial and Preparatory Classes in six counties.

PRINCIPAL STUDENT ATHLETIC FACILITIES. The Coll. has extensive playing fields for rugby, soccer, hockey, tennis, and net-ball. The Gymnasium has a ring for the use of the Boxing Club and provision is also made for fencing and badminton. In addition, there is a very well-equipped Rowing Club.

STUDENTS' UNIONS. In addition to the normal Union facilities in the Coll. itself, a large house has been converted into a Union.

PUBLICATIONS. *College Magazine*, one issue per term, 1s.; Prospectus free.

THE YEAR 1949-50

ADULT EDUCATION. 35 Tutorial Classes, 32 Univ. Sessional Courses and 8 Terminal Classes with 1400 students (518 women) chiefly in Philos., Lit., Economics, Hist., Social and Political Studies, Music and Drama. The Bangor Summer School, under the auspices of a Cttee. representing the Joint Tutorial Classes of the Univ. Coll. of N. Wales and the Univ. of Manchester, was held at Neuadd Reichel in July and Aug. 1950 for the 37th successive yr.

BENEFACTIONS. The Worshipful Company of Drapers, to provide additional library lighting, £500; Arts Council of Great Britain, £400; Miss A. J. Jones, £250.

NEW BUILDINGS. The large extension to Men's Hall of Residence was completed and the large new Chem. bldgs. were opened. Work on the new Bot./Forestry, Physics and Zool. bldgs. was started. It is expected that these bldgs. will take approx. 3 yrs. to finish and this work will substantially

complete the full scheme for the Sci. depts. The Coll. purchased and completely re-equipped the M.V. *Nautilus* and it will prove of great assistance to the work of the Marine Biol. Station.

ASSOCIATED INSTITUTION

CITY OF CARDIFF TECHNICAL COLLEGE, CARDIFF (*Telephone* : Cardiff 6813). Principal, A. Harvey, Ph.D., B.Sc., F.Inst.P. This Institution joins with the University College in granting Diplomas, v. *infra* : College Diplomas.

GENERAL INFORMATION

Opened in 1883 and incorporated by Royal Charter in 1884, this is now one of the constituent Colleges of the Univ. For early history, see *Yearbook*, 1929.

A Supplemental Charter was granted to the College on Jan. 21, 1931, and a Charter of Incorporation to the Welsh National School of Medicine on Feb. 5, 1931.

LIBRARY. Drapers' Company's, 117,000 vols.

MUSEUMS. Anat., Zool. The National Museum of Wales (Art, Archæol., Zool., Geol., Bot.) is located in an adjacent building.

LABORATORIES. Physical Research, with a comprehensive equipment for X-ray diffraction investigation, etc. ; Engineering (including 100-ton testing machine) ; and usual science and medical research laboratories.

The language of instruction is English. Classes are open to both men and women students of not less than 17 yrs. on Oct. 1 of the session of admission. Those preparing for a degree must be matriculated in the University of Wales or be in possession of certificates of an equivalent standard which are found acceptable to the University in lieu.

FACULTIES AND DEANS. Arts (Prof. J. Morgan), Science (Prof. J. Sinclair), Education (Prof. E. Evans), Theology (Prof. A. R. Johnson). *Departments* : Music, Education, Law, Applied Science and Technology.

DEGREES. Candidates are prepared for the following initial degrees of the University of Wales : B.A., B.Mus., B.Sc., and in part for the degrees of B.Arch. and B.Pharm. Postgraduate courses of study are provided for candidates for higher degrees of the University and other Universities. Medical students pursue their preliminary medical studies at the College and their clinical studies at the Welsh National School of Medicine. The first part of the course for the degree of B.Arch. of the University of Wales, occupying 1 yr., can be pursued at the College, while the second part, occupying 5 yrs., is pursued at the Welsh School of Architecture, Cathays Park, Cardiff. The Preliminary Part of the course for the degree of B.Pharm., extending over not less than 1 yr., can be taken at the College, while the Final Part, extending over 2 yrs., is taken at the Welsh School of Pharmacy, Cardiff.

COLLEGE DIPLOMAS, ETC. Engin., Metalliferous Mining, Metallurgy ; Lang., Lit., and Hist. of Wales ; Music ; Social Science. In the Applied Science subjects the qualifying scheme of study covers 3 yrs. ; in the other subjects 2 yrs. A Diploma in Palæography and Allied Subjects is awarded after a 1-yr. course. After graduation in certain subjects, suitably qualified students desirous of securing a Diploma in their special subject, may be awarded one without further study, while in other cases a graduate can be awarded such a Diploma after pursuing a modified course for 1 yr. A certificate of Proficiency

in Biblical Studies is awarded as an additional qualification for intending teachers of Religious Knowledge. It is awarded on the satisfactory pursuance of a special course (a) taken concurrently with a degree course, or (b) separately, covering 1 yr. Diplomas are granted jointly by the College and the City of Cardiff Technical College, in the following subjects: Mech. Engin. or Marine Engin., or Commerce, after a 3 yrs.' course, while postgraduate students may qualify for a Diploma in Chemical Engin., and the Diploma in Commerce, on the completion of a 1-yr. course under approved regulations.

SCHOLARSHIPS. Numerous scholps. out of trust funds are awarded for competition at entrance, and after one or more years' residence other scholps. and prizes are awarded for meritorious work. (Details are contained in the College Prospectuses obtainable from the Registrar.) *See also under Univ.*

FEES. Annual composition for tuition—Arts, £30; Science, £35; Music, £30; Applied Science, £35; Medical (first 3 yrs.), £35 to £45; Postgraduate study and research, £10 to £20. Registration, £1: 1s. p.a.

RESIDENCE. Hostel for women; Aberdare Hall, Cathays Park, Cardiff (for Warden, *see* "Administrative and other Staff," *supra*), room for 133, fees £120. The Warden), room for 32, fee £100. Board and lodging in Cardiff can be obtained from £2: 5s. per week.

STUDENT WELFARE. Students seeking advice on lodgings in Cardiff and on careers in their last year are advised to consult the College Appointments and Advisory Officer, 31 Corbett Road, Cathays Park, Cardiff (*see* "Administrative and other Staff," *supra*). New students from overseas are especially advised to see him as soon as possible after their arrival in Cardiff.

STUDENT ATHLETIC FACILITIES. Playing grounds are provided for the pursuance of most field sports, as well as facilities for swimming and rowing. Grass tennis courts are sited at the College. A modern well-equipped gymnasium in its own building (49 Park Place, Cardiff) is also provided for the exclusive use of students. There is a Lecturer in Physical Training for men and one for women, who act as College Advisers in physical training and games.

STUDENTS' UNION. The Union building at 51 Park Place, Cardiff, provides amenities for developing and furthering the social and cultural life of the student body; it has a refectory, which is sometimes used for dances, lounges, and games rooms, and it houses the headquarters of the Students' Union Society. Every student is required to pay a Union amalgamation fee of £3: 13: 6 (£4: 11s. for medical students), which compounds for membership of the Students' Union Society and of all Student Clubs and Societies affiliated to it. (Student publications are the *Broadsheet* and *Cap and Gown*.)

ADULT EDUCATION. A number of resident tutors and a staff tutor, aided by a panel of suitably qualified part-time teachers, provide an educational service of a liberal character for the adult population of the College area, by way of classes and lectures. A section of the College Library is devoted to the service of the classes, providing them with multiple copies of selected text-books on as wide a range of topics as annual income apportionments permit. This branch of College work has its office at 31 Corbett Road, Cardiff. (*For list of staff—see University Extension, supra.*)

PUBLICATIONS. *Admission of Students* (Terms of) (Oct.); *General Prospectus* (with syllabuses of study) (June); *Entrance Scholarships Prospectus* (April); *Calendar* (triennially); *A Short History of the College*, 2s. 6d.

GENERAL INFORMATION

Incorporated by Royal Charter, dated Jan. 21, 1920, the College was made a constituent College of the Univ. of Wales by a Supplemental Charter to the Univ. on Aug. 13, 1920. The administrative offices, assembly hall, some common rooms, and some of the Science departments, are accommodated in a mansion in Singleton Park, presented, together with about 46 acres of land surrounding it and 15 acres for playing fields, by the Corporation of Swansea, which also gave £50,000 towards the cost of Science buildings. Extensive laboratories have been erected in the Park, on a site adjacent to the main College building, for the departments of Metallurgy, Engineering, Chemistry and Physics, and also buildings to accommodate the Arts Departments, the Library, the Refectory and common rooms.

Situated in the heart of a district possessing a long and interesting metallurgical history and presenting an unrivalled variety of present-day metallurgical practice, the College offers exceptional advantages for preparation for professional careers in the metallurgical industry. The manufacturers of the district, who contribute largely to the support of the College, give the staff and students ample opportunities of keeping in close practical touch with manufacturing processes in the works. All the College laboratories (Physics, Chem., Geol., Biol., Metall., Engin.) are well equipped and include fine experimental plant for instruction and research.

FACULTIES AND DEANS. Science, Professor H. O'Neill. Arts, Professor D. B. Quinn.

DEPARTMENTS. Metallurgy and Engineering; training of Teachers (men and women) for Elem. and Sec. Schools; training in Social Science; and training for Youth Leadership and Organization.

ENTRANCE REQUIREMENTS. All students entering the College must be at least 17 years of age and have passed the Matriculation Examination of the University of Wales, or an approved equivalent examination.

COURSES FOR DEGREES, ETC. Courses for the degrees of the Univ. in Pure and Applied Science and Arts (3 yrs.); complete Prelim. Science Course for medical students and classes in Law for articled clerks. Engineering students are expected and, where necessary, helped to obtain practical experience in works during the greater part of the summer vacation. Afternoon visits to works are arranged frequently throughout the session. Occasional lectures are given by experts on the business administration and managerial side of industrial undertakings.

HIGHER DEGREES. M.A., M.Sc., Ph.D., D.Sc., D.Litt.

COLLEGE DIPLOMAS. Social Science (2 yrs.—suitably qualified graduates may be allowed to complete the course in 1 yr.); Youth Leadership and Organization (1-yr. Course); Mathematical Physics (2-yrs.' Postgraduate Course); Mathematical Statistics and Computational Analysis (1-yr. Course).

RESEARCH. All Departments of the College are available for postgraduate and research work, and the respective Professors are always prepared to advise students wishing to undertake research.

FEES. For annual tuition in Pure or Applied Science, £35; Arts, £30; for Research, from £10 to £20 p.a.; Registration, £1: 1s. p.a.

The usual language of instruction is English.

GENERAL INFORMATION

The Welsh National School of Medicine originated in the institution of Depts. in Anat. and Physiol. at the Univ. Coll. of S. Wales and Monmouthshire, Cardiff, in 1893. The Dept. of Mat. Med. and Pharmacol. was instituted in 1898, and the Chair of Pathol. and Bacteriol. in 1910. The David Davies Chair of Tuberculosis and the Mansel Talbot Chair of Prev. Med. were endowed in 1921, and in that year Medical and Surgical Units and a Dept. of Obstet. and Gynæcol. were instituted. A Chair and Dept. of Child Health were established in 1950.

On Feb. 5, 1931, a Charter of Incorporation was granted to the School by H.M. the King in Council.

The situation of the various Depts. of the School is as follows : Pharmacology, Preventive Medicine, Tuberculosis—Institute of Preventive Medicine, The Parade, Cardiff ; Tuberculosis (postgraduate labs.)—4 Richmond Road, Cardiff ; Medical Unit, Surgical Unit, Inst. of Pathology, Anæsthetics, Obstetrics and Gynæcology—The Royal Infirmary, Cardiff ; Child Health—Llandough Hospital, nr. Penarth, Glam.

Every candidate for admission to first-yr. courses in Physics, Chem., and Biology shall present a certificate showing that he has passed the Matriculation Examn. of the Univ. of Wales, or an examn. recognized by the Univ. of Wales as equivalent thereto.

No candidate will normally be accepted for admission to the Depts. of the second year of the Med. course unless he has completed, at one and the same time, an examn. leading to a Univ. degree in all the four first-yr. courses, Physics, Chem., Bot., and Zool. This regulation may be relaxed at the discretion of a Joint Academic Committee in certain cases where only *one* of the four first-yr. courses named above is outstanding.

Note.—An approved Second School Certif. may exempt, subject for subject, from the first-yr. or Intermediate examn. leading to a degree of the University.

LIBRARIES. The General Library, which is situated at the Institute of Preventive Medicine, The Parade, Cardiff, consists of a lending and reference Library, with seating accommodation for 82 readers. Bound Periodicals, 990 ; Texts, 1790 ; Pamphlets, 650. The Library of the Cardiff Medical Society is also housed there. Departmental Libraries are also maintained at the following Depts. : Anæsthetics, Child Health, Medical Unit, Obstetrics and Gynæcology, Pathology, Pharmacology, Preventive Medicine, Surgical Unit, Tuberculosis. Total stock of General and Departmental Libraries : Bound periodicals and Texts, 7720 ; Pamphlets, 1884 ; Unbound periodicals, 5800. Special collection, The Lloyd-Roberts Collection of 17th- and 18th-century Texts.

TEACHING HOSPITALS. United Cardiff Hospitals (Cardiff Royal Infirmary, Llandough Hospital, and the Lord Pontypridd Hospital for Rheumatic Children, Cardiff). Other clinical institutions : St. David's Hospital ; Cardiff City Mental Hospital ; Cardiff City Isolation Hospital ; Prince of Wales' (Orthopædic) Hospital, Cardiff ; Cefn Mably, Glan Ely, and Sully Tuberculosis Hospitals.

DEGREES AND DIPLOMAS. The School provides courses of study for the degrees of M.B., B.Ch., B.Pharm., and for the Tuberculous Dis. Dipl. and the Certif. and Dipl. in Public Health of the University of Wales (*see* thereunder).

While the courses of instruction are designed to meet the Regulations for the degrees in Medicine and Surgery of the Univ. of Wales, they are also recognized as satisfying the Regulations of the Univ. of London and of the Conjoint Board Examinations for the R.C.P. and R.C.S. and of other Examining Bodies.

HIGHER DEGREES (*see* University of Wales, p. 457).

Pathol., annually, £150 for 1 yr., and "Lord Merthyr" for res. in Cancer, annually, £200 for 1 yr., are restricted to graduates of the University. "Ewen Maclean" (Obstet. and Gynæc.), £150 for 1 yr., and "Cecil Prosser" (Tuberculosis), £250 for 1 yr., are open to graduates of any approved Univ. or qualified medical practitioner.

REFECTORY AND RESIDENCE (Warden: F. Dodsworth, F.C.I.S.). The Refectory and Residence is combined. There is accommodation for about 45 residents—£110 per annum (including vacation term).

STUDENT HEALTH SERVICE. The Univ. has established a Student Welfare Department which is accommodated in the Institute of Preventive Medicine. The Medical Officers conduct examinations of all students of the University of Wales free of cost and are also available for free consultation and advice.

MEDICAL STUDENTS' CLUB. Medical students of all years, whether in the University College of South Wales and Monmouthshire, Cardiff, or in the Welsh National School of Medicine, become members of the Medical Students' Club and of the Students' Union Society of the University College, Cardiff.

The Student Organizations include numerous social functions and provide facilities for Rugby and Association football, hockey, tennis, cricket, squash, and swimming.

The Medical Students' Club includes a Scientific Society which arranges lectures, demonstrations, and discussions on medical and cognate subjects.

APPOINTMENTS. The Asst. Registrar.

GENERAL INFORMATION

University College was founded in 1918. The fine site and buildings, on high ground only one mile from the centre of the City, were given by the late T. Fielding Johnson in 1919, and a substantial endowment fund was subscribed by leading citizens. Courses began in 1921. The College, since its inception, has been liberally supported by the City Council, and also receives an annual grant from the Leicestershire Education Committee. In 1945 it was recognized by the University Grants Committee and placed on the list of University Institutions receiving grants from the Exchequer. In 1950 the College received a Royal Charter of Incorporation as a University College.

FACULTIES. Arts (Dean, Dr. P. W. Bryan); Science (Dean, Prof. L. Hunter); and Economics and Social Studies (Dean, Prof. A. G. Pool).

LIBRARY. The Library contains some 65,000 volumes, and is especially notable for two collections: the Robjohn Collection of Bibles, the works of Bunyan, and early printed books; and the Hatton Topographical Library. Special attention has been given to English Local History. A large extension to the Library is under construction.

DEGREE COURSES. Students are prepared for the first and higher external degrees of the Univ. of London in the Faculties of Arts, Science, and Economics.

DIPLOMA COURSES. For the College Dipl. in Education (postgraduate 1-yr. course), Dipl. in Soc. Studies (2 yrs.), and London Dipl. in Geography.

RESEARCH. Facilities are available in all Departments for postgraduate study and research, and postgraduate scholps. are offered annually. The Research Board makes grants in aid of specific pieces of research and towards cost of publication. Special facilities are available for research in English Local History.

ADULT EDUCATION. The Extra-mural Dept. at Vaughan College (Great Central Street, Leicester; *Telephone*: 59237) provides a wide range of courses in non-vocational subjects and full student amenities.

SOCIAL STUDIES. The Social Studies Centre at No. 1 Salisbury Road, Leicester (*Telephone*: 60420), provides accommodation for students taking the two-year Diploma Course.

INSTITUTE OF EDUCATION. The Institute occupies separate premises at No. 328 London Road, Leicester (*Telephone*: 78133), where it provides lecture rooms, reading rooms, library (7000 volumes), and an information service for teachers.

ADMISSION. The normal age for entry to full-time courses is 18. For first degree courses all students must be qualified to proceed to an external degree of the University of London; and in Science and Economics they must also be exempt from or have passed the Intermediate or Preliminary Examn.

FEES. Sessional composition fees (including subscription to Students' Union): First Degree in Arts, £35; in Science, £40; in Economics, £35; Postgraduate Courses in Arts, £10; in Science, £14; in Economics, £10; in Education, £54. Diploma Course in Soc. Studies, £25.

SCHOLARSHIPS. Open Scholps., value £40-£50 a yr., are awarded annually on a Scholps. Examn. held in Feb. or March. The Scholps. are recognized by the Ministry of Education for University Supplemental Awards. State Scholps. are tenable at the College. Mary Ager Scholps. are available to enable students of Modern Langs. to spend a period abroad during their

course. Postgraduate Scholps. for 2 yrs., of an annual value up to £250, are offered annually.

RESIDENCE. (For Wardens, *see* "Administrative and other Staff," *supra.*) For Women—College Hall (140 students). Fee, £85 a session. For Men—Beaumont House, Digby House, Hastings House, Shirley House, Villiers House (200 students). Fee, £90 a session.

APPOINTMENTS. An Appointments Service, under the direction of the Assistant Registrar, is provided for present and former students of the College.

STUDENTS' UNION. All full-time students are automatically full members of the Students' Union, which controls the 45 clubs and societies which organize its social, cultural, and athletic activities.

ATHLETIC FACILITIES. Two athletic grounds and pavilions are available : one at Wigston Fields, with pitches for cricket, hockey and rugby, and hard tennis courts ; the other at Oadby Fields, with a first-class cinder running track, hard tennis courts, and pitches for cricket, soccer, and hockey. There are also Rowing, Fencing, and Badminton Clubs.

OLD STUDENTS' ASSOCIATION. There is an active Old Students' Association which holds reunions at the College at Easter and in September each year, and keeps members in touch with each other and with College activities and developments by means of regular "News Letters."

PUBLICATIONS. *Calendar* (annually), *Prospectus* (annually), *Report and Accounts* (annually), *Charter and Statutes*, *Inaugural Lectures* (1s. each), *Scholarships Pamphlet* (annually), Students' Union Magazine *The Luciad* (terminally).

THE YEAR 1949-50

Since its foundation in 1918 the College has been a limited liability company under the Companies Acts. The rapid post-war development of the College has shown the necessity for modifications of this organization, and in Oct. the Court of Governors submitted a petition to H.M. the King in Council for a Royal Charter of Incorporation as a University College, which would permit the reorganization of the College as a modern University institution. In 1945-46 there were 108 full-time students ; in 1949-50 there were over 700.

Members of the University Grants Committee paid their quinquennial visit to the College on May 9 and 10.

NEW BUILDINGS, ETC. Steady progress made on the various bldg. projects. The S-Wing Extension forming a fourth side to the Main Bldg. completed ; it provides a large examination hall (also available for social activities), a new Sr. Common Room and ancillary rooms, and offices, staff rooms, and lecture room for the Dept. of Educn. The shell of the new Biological Sciences Bldg. was completed, and it is expected that both the Bot. and Zool. Depts. will be moved into this bldg. early next session. The accomm. thus vacated will provide additional labs. and staff rooms for the Depts. of Physics and Chem. A single-storey extension to the Physics Dept., containing an advanced lab. and large workshop, was completed in Feb., and a similar extension for Chem. was begun in July. Good progress was made with the extensions to the Men's Hall of Residence : the new Dining Hall is well advanced and should be available early in 1951, and the residential houses should be completed for Oct. 1951. The adaptation and redecoration of the premises for the Inst. of Education were finished in May. The development of the first part (14 acres) of the new athletic ground at Oadby Fields was

completed, including an excellent cinder running rack with every modern development, and additional pitches for cricket, football, and hockey. At the same time Fields House was converted into a sports pavilion, with the addition of changing and sanitary accomm. for men and women. Protracted negotiations with the Leicester City Council were satisfactorily completed for the purchase of a site of 9 acres adjoining the Main Bldgs., and of a nearby site of 4 acres, for the future development of the Coll. Further preparatory work carried out on the schemes for an extension to the Library, a new bldg. for the Students' Union and Refectory, and a new bldg. for Dept. of Chem.

NEW POST. Chair in Zoology.

GENERAL INFORMATION

The College was founded by Royal Charter in Aug. 1949, and was opened in Oct. 1950. Situated at Keele Hall, where there is an estate of 154 acres, it is about three miles due west of Newcastle under Lyme.

DEGREE COURSES. The Charter empowers the College to grant its own degree of B.A. The first yr. of the 4-yr. course consists of a compulsory course of lectures identical for all students but with tutorial work adjusted to individual needs. This course is concerned with the heritage of civilization, present-day activities, and the methods and influence of the experimental sciences. During the last 3 yrs., students must select not less than five subjects, which must include at least one from each of the three groups: the Humanities, the Social Studies, and the Sciences; 2 of these 5 subjects must be studied at principal level throughout the whole of the 3 yrs. Subjects taken at subsidiary level are studied for either 1 or 2 yrs. The B.A. degree will be awarded with Honours where sufficient merit is shown. During these last 3 yrs., an educational diploma course may be taken concurrently with the B.A. studies. This diploma is recognized by the Ministry of Education. A Social Studies diploma may also be taken along with the normal B.A. studies.

ADMISSION. Ordinarily, candidates must be over 17, possess the normal Univ. entrance qualifications required by other U.K. Univs. and produce a satisfactory testimonial from their headmaster. Provision is made for the admission of adult students. V. also Appendix I.

FEES. There is an inclusive fee of £40 p.a. covering matriculation, registration, Students' Union, tuition and all examn. fees. Graduation fee: £5: 5s.

RESIDENCE (for Wardens, see "Administrative and other Staff," *supra*). The College is almost entirely residential and only under exceptional circumstances is permission given for residence outside. There are at present 2 Halls of Residence, the Lindsay Hall for women students and the Horwood Hall for men students. Residential fees are £115 per session of 30 weeks. Arrangements will be made for the admission of 150 first-yr. students each yr., of whom approx. two-thirds will be men.

GENERAL INFORMATION

Founded 1850; opened as the Hartley Institution, 1862. Incorporated as the Hartley University College under a scheme of the Board of Education, 1902. The College has been unofficially known as "University College, Southampton" for many years, but the corporate name still is "Hartley University College at Southampton."

LIBRARY. The Edward Turner Sims Library and the Departmental Libraries contain about 85,000 vols. Current periodicals number over 400.

Special collections include the Cope collection of works relating to Hampshire, the Montefiore Theological Library and the Gurney-Dixon Dante collection.

DEGREE COURSES. The College provides courses in Arts (including Music), Science, Economics and Commerce, Engineering (Civil, Mechanical, Electrical, Aeronautical), and Theology in preparation for first and higher external degrees of the University of London.

SPECIAL PROVISIONS. The Department of Education provides a 1-yr. postgraduate course for teachers in training.

There is special provision for aeronautical instruction (5-ft. wind tunnel); aircraft manufacturing firms in district provide opportunities of keeping in close touch with practical aircraft construction.

Through its evening classes (attended by about 1000 students) the College performs the function of a Senior Technical Institute.

The Associateship of the College (Assoc. U.C.S.) implies, unless honorary, attendance at a recognized course of instruction at the College during two years (four years if an evening or part-time student) and the holding of a University degree or a diploma of approved status during, or subsequent to, such attendance.

COLLEGE DIPLOMA AND CERTIFICATE COURSES. Diploma in Social Studies (one-year postgraduate course). Certificate in Social Studies (two-year course). Diploma in Electronics (one-year course for graduates and others with technical qualifications). Diploma in Public Administration (two-year course. Part-time courses are arranged to meet requirements of Local Government Officers.). Institute of Education Certificate in Education (one-year post-graduate course).

FACULTIES. Arts, Science, Economics and Commerce, Engineering, Education. *Deans*—Prof. H. Rothwell (Arts); Prof. N. K. Adam (Sci.); Prof. P. Ford (Econ. and Comm.); Prof. A. N. Black (Engin.); Prof. F. W. Wagner (Educn.).

ADMISSION. Candidates aged 17 (though students are advised not to enter below 18) are admitted provided they (1) produce a satisfactory testimonial of good conduct from a headmaster, headmistress, or some other responsible person; (2) (a) fulfil the minimum University and Faculty entrance requirements for External Students of the University of London (these are the only qualifications entitling a student to enter upon a degree course); or (b) hold such qualifications as Senate may from time to time recognize.

Each full-time student is placed under the supervision of a member of the staff, who acts as his Tutor.

Occasional and part-time students may be admitted to attend certain classes with the express permission of the Principal, without satisfying the conditions of paragraph 2 (a).

FEES. The annual tuition fee is 30 gs. for courses in Arts, Economics and Commerce, and Music; 35 gs. for courses in Science; 40 gs. for courses in Engineering; £40 for the Certificate Course in Education. Students whose parents are ratepayers within the County Borough, Southampton: Arts, Economics and Commerce, Music, £23 : 12 : 6; Science, £27 : 11 : 3; Engineering, £31 : 10s. Enrolment fee for all courses, £1 : 1s.

Students' Union composite fee, £3 : 10s. This fee entitles students to membership of all student societies and clubs, including the Athletic Union, and to the use of the Common Rooms.

ATHLETIC UNION. Facilities are provided for all the Union branches of sport, including Rugby and Association football, cricket, rowing, hockey, tennis, and athletics.

SCHOLARSHIPS AND EXHIBITIONS. The College offers annually (a) 29 Open Scholarships of values from £40 to £100. All tenable for 3 yrs. and supplemented by the Ministry of Education. The holders are required to pay tuition fees. (b) Four Open Exhibitions. Four Exhibitions to candidates resident in Borough of Southampton. Two Engineering Exhibitions. Two Social Studies Exhibitions. Exhibitions are of the value of free tuition.

POSTGRADUATE AND RESEARCH AWARDS. There are a limited number of postgraduate awards of a value not exceeding £260 per annum open to graduates of British Commonwealth Universities and other approved competent persons.

LOAN FUND. A fund is available to help senior students in need of financial assistance.

HALLS OF RESIDENCE. All full-time students must ordinarily reside in one of the Halls of Residence or in approved lodgings, unless living with parents or guardians. The Halls are—For men: Connaught Hall, Swaythling, Southampton, 135 places; South Stoneham House, Swaythling, Southampton, 75 places; Glen Eyre Hall, Glen Eyre Road, Bassett, Southampton (still being built), at present approx. 96 places. For women: Highfield Hall, Omdurman Road, Southampton, 98 places; South Hill, Glen Eyre Road, Southampton, 30 places. Fees for the session: Men, £100; Women, £95, not including lunches or teas.

UNIVERSITY AIR SQUADRON. The Squadron was established at the College in 1941. Membership is open to all Freshmen, whether from School or ex-Service. All entrants become members of the R.A.F.V.R. Officer Commanding—S/Ldr. A. J. Hill.

THE SOCIETY OF HARTLEYANS. This is a former students' Association, membership of which is open to all former day students. There are branches in London and the Midlands.

STUDENTS' HEALTH. There is no fully established Health Service, but each Hall of Residence has its Medical Officer, and arrangements are made for the mass radiography of all students.

APPOINTMENTS BOARD. (For Secretary, see "Administrative and other Staff," *supra*.) The Board advises students upon their careers; collects and distributes information on vacancies in employment; establishes contact with technical firms, business houses, government departments, etc., with a view to placing students in employment.

ADULT EDUCATION. The Dept. of Adult Education provides courses covering a wide range of non-vocational subjects for groups of adult students in Hampshire, West Sussex, East Dorset, and the Isle of Wight. Extension courses and Tutorial classes are organized under the direction of the Joint Committee for Adult Education. The panel of Extension lecturers and tutors includes members of the College Staff and other approved teachers.

THE YEAR 1949-50

SPECIAL EVENTS. The year was marked by two events of special interest, the first being the visit in Nov. of the Vice-Chancellor of the Univ. of London for the College's first Presentation Day, at which graduates who had taken their degrees in the summer were presented with their diplomas. In 1950 the College celebrated the centenary of its legal foundation as the Hartley Institution, and Commemoration Day in May 1950, in honour of the Founder, Henry Robinson Hartley, was therefore a very special occasion.

NEW BUILDINGS. Very considerable progress made with bldgs. in course of erection, notably Glen Eyre Hall of Residence and the new Zool. and Chem. blocks.

NEW DEPARTMENTS AND POSTS. Chair of Aeronautical Engineering established, and Dept. of Geog. recognized as an independent dept. Director of Legal Studies appointed to resuscitate and develop the Coll.'s School of Law which was closed during the war.

OTHER DEVELOPMENTS. The College has now entered into a special relationship with the Univ. of London, whereby members of the Coll. Staff are associated with the Univ. of London Examining Boards for all exams. for Southampton students in all facs., except Engin. and Economics, where special circumstances prevent this arrangement.

RETIREMENTS. Prof. T. R. Cave-Browne-Cave (Prof. of Engin.); Prof. G. G. Dudley (Prof. of Educn.); H. Glover James (Sr. Lectr. in Mech. Engin.).

RESIGNATIONS. R. H. Day (Maths.), on appt. to Southampton Technical School; E. Dyson (Registrar); T. Kemp (Economics), on appt. to Univ. Coll., Hull; Prof. H. W. Lawton (Modern Lang.), on appt. to Chair of French, Univ. of Sheffield.

DEATH. Sir Sidney Kimber, Deputy Chairman of Council.

STUDENTS.

	<i>Part-Time</i>	<i>Full-Time</i>

The College was founded in 1827 ; it was incorporated by Royal Charter and was later empowered to confer Degrees in Arts and Theol. It was originally founded for the purpose of affording to persons intended for the Ministry of the Church, a liberal education on the lines of that offered by the older Universities. Its Arts Faculty was later recognized by Royal Charter as open to all students, whether ordinands or not. Residence for nine full terms and the passing of three examns., conducted by examiners appointed by Oxford and Cambridge, are requisite for the degree of B.A., ten terms for B.D.

POSTGRADUATE STUDY. There is a Theological Hall for the study of Theol. by graduates.

A Licence in Theol. (L.Th.) is granted to grads. of the Coll. or of any other Univ. who reside at least 2 yrs. and pass the necessary examns. The Licence is accepted as an alternative to the Genl. Ordination Examn. of the Church of England.

SCHOLARSHIPS. Scholarships to the total annual value of £1000 are offered. The Dillwyn Llewelyn Trust provides £170 p.a. from which scholarships are granted to students proceeding to Oxford or Cambridge under the Affiliation regns.

ADMISSION. Candidates can be matriculated (1) on a certif. of any matricn. examn. of a Univ. recognized by the Association of Universities of the British Commonwealth ; (2) on the School Certif. of any of the recognized British Examining Bodies, provided that the Certif. satisfies the conditions of the Coll. Matricn. Certif. ; (3) on passing the Coll. Matricn. examn. in a six-credit Matricn., incl. Engl. Language and either Latin or Maths., plus four other credits, one of which must be a language other than English, if Latin is not taken. Further particulars from the Principal.

STUDENTS (1950-51), 170.

DEGREES, 1950 : B.A., 34 ; B.D., 1.

THE SCOTTISH UNIVERSITIES

ST. ANDREWS
GLASGOW

ABERDEEN
EDINBURGH

IN CONSTITUTION these 4 Universities have, under the operation of the Univs. (Scotland) Acts 1858 and 1889, been to a great extent assimilated. By the former Act 2 new bodies, called the Univ. Court and General Council, were instituted ; by the latter Act a Committee of H.M.'s Privy Council was constituted, and an Executive Commission was created with extensive powers, which it continued to exercise till the end of 1897. These Commissioners issued ordinances, *inter alia*, for degrees, for the instruction and graduation of women, for special study and research, and for the constitution of a Students' Representative Council with power to petition the Senatus Academicus and the Univ. Court.

The *Chancellor* is elected (for life) by the General Council, of which he is President. He is empowered to nominate a *Vice-Chancellor*, who may confer degrees in his absence, but cannot discharge any other of his duties. The Vice-Chancellorship is at the present time held in each Univ. on the Chancellor's nomination by the *Principal*, who is appointed to the Principalship by the Crown (except in Edinburgh) and is President of the Senatus Academicus, and, in the absence of the Rector, of the Univ. Court. The *Rector* is elected every 3 years by the matriculated students. He is the official President of the Univ. Court.

The *University Court* consists of the Rector, Principal, the Lord Provost of the City (in St. And. the Provost of St. Andrews and Lord Provost of Dundee), and Assessors appointed by the Rector, Chancellor, Senatus, General Council and (except in St. Andrews) Town Council. In St. Andrews the Principals of St. Mary's Coll. and Univ. Coll., Dundee, are also included in it. There is provision for the representation of other affiliated Colleges. The Court, a body corporate with full power to administer the property belonging to the Univ.; is a Court of Appeal from the Senatus and has power, since the expiration of the powers of the Commrs. under the Act of 1889, to found new chairs with the approval of H.M. in Council. It has, *inter alia*, powers to appoint professors whose chairs are in the patronage of the Univ., examiners and lecturers ; to define the nature and limits of a professor's duties under his commission ; and to recognize for graduation purposes the teaching of any College or individual teacher, under the regns. providing for such recognition.

The *Senatus Academicus*, consisting of the Principal, the whole of the Professors, and certain elected Readers and Lecturers, is entrusted with the regulation and superintendence of the teaching and discipline of the Univ. The administration of the Libraries and Museums is entrusted to Joint Committees elected two-thirds by the Senatus and one-third by the Court.

The *General Council* consists of the Chancellor, the members of the Univ. Court, the Profs., such Lecturers and Readers as have held office for a year, and the Graduates of the Univ. It meets twice a year and may hold special meetings at the instance of the Chancellor. Proposed improvements in the arrangements of the Univ. must be submitted to the Council for their consideration.

FACULTIES. In all the Univs.—Arts, Science, Divinity, Medicine (St. Andrews, Glasgow, and Edinburgh—Dept. of Dentistry). In all except St. Andrews (which has only a department)—Law. In Edin.—Music (Glasgow and Aberdeen have departments and offer degrees in Music). In Glas.—Engineering (Edin., St. And., and Aberd. have departments and offer degrees in Engineering, although not a separate Faculty).

TERMS. The academic year is divided into three terms—Oct. to Christmas, Jan. to March, April to June or early July.

ADMISSION. See Appendix I.

DEGREES and courses leading thereto (v. also pp. 7 ff.). The *M.A.* (ordinary) course (there is no *B.A.*) extends over 3 yrs. and includes (for ordinary degree) subjects from 3 of the 4 departments of the Faculty, namely, Lang. and Lit., Ment. Philos., Science, Hist. and Law. (There are further restrictions at St. Andrews and Edinburgh.) A candidate for the degree must not only have regularly attended, but also have duly performed the work of the classes in the qualifying courses. The first 2 yrs. may be taken in any of the Scottish Univs. The Senatus may accept attendance given and examns. passed at other Univs. specially recognized for the purpose, if qualifying courses for at least 2 yrs. (St. And. and Edin., 1 yr.) are attended and the Degree examns. are passed in the Univ. granting the degree. For the purpose of reckoning duration of study an academic yr. is constituted by attendance on at least 1 course (Glas. and St. And., 2 courses) of study in each of the 3 terms. For *M.A.* (Hons.) 4 yrs.' study is generally required.

The *B.Phil.* and *B.Litt.* are conferred only by St. And. A candidate for the Degree of *B.Phil.* must take the *M.A.* before it, and a candidate for the Degree of *B.Litt.* must take the Degree of *M.A.* before or along with it. The standard of the Final examn. is that of the *M.A.* Honours.

The *B.Com.* conferred by Edin. may be taken, under conditions as to place of study similar to those for the *M.A.*, after courses covering at least 9 terms.

The *B.Ed.* or *Ed.B.* involves a 2 yrs.' course subsequent to the first 3 yrs. of study for a previous degree, in addition to professional training or experience as a teacher.

The practical part of the training of students preparing for the Teaching Profession is provided by the several Provincial Committees, which likewise recognize attendance at Univ. classes as qualifying in part for their certificates.

The *B.Sc. in Pure Science.* The course for the ordinary degree covers 3 yrs. and includes from 6 to 9 courses, of which 4 or 5 (St. And., 2) must be taken in the Univ. which is to grant the degree. The other courses may be taken in other Univs. or Instns. approved, or under

teachers recognized for this purpose, by the Univ. Court. The degree with Honours, which may be taken in any of the various branches, requires 4 yrs., and is of a standard not less high than that required for M.A. (Hons.).

The *B.Sc. in Applied Science* can be obtained as follows : Engineering (St. And., ord., 3 yrs., hons., 4 yrs. ; Edin., ordinary and honours, both 3 yrs. ; Glas., 4 yrs., the branches in which honours are obtainable being Civ., Mech., Elec., Mining, and Chemical E., and Naval Archit. ; Aberd., Civ., Mech., Elec., ordinary 3 yrs. ; and honours 4 yrs.). Mining Engineering (Edin., ordinary and honours, 4 yrs.). Applied Chemistry (Glas., honours, 4 yrs.). Technical Chemistry (Edin., ordinary and honours, 4 yrs.). Architecture (Glas., honours, 4 yrs.). Agric. (Aberd., Edin., and Glas., ordinary, 3 yrs., honours, 4 yrs.). Forestry (Aberd., ordinary, 3 yrs. ; Edin., ordinary, 3 yrs., honours, 4 yrs.). Pharmacy (Glas., 4 yrs.). Public Health (Glas., 2 yrs. after graduation in Med.). Vet. Sc. (Edin., 4 yrs.).

Higher Degrees in Arts and Science. The D.Sc. in Pure Science, in Engin. (Edin., Glas., St. And.), Pub. Health (Glas.), Mining (Edin.), Tech. Chem. (Edin.), Agric. (Edin.), Forestry (Edin.), and the D.Litt. are open to graduates of 5 yrs.' standing ; D.Sc. in Vet. Sci. (Edin.) to graduates of 3 yrs.' standing. A thesis is required and, except in the case of a graduate of a Scot. Univ. with an Honours degree (St. And., an Honours graduate of the Univ. granting the degree), research under supervision extending over 2 winter sessions in the Univ. which is to grant the degree. These degrees are never granted *honoris causa*.

Divinity. The B.D. examn. of any of the Univs. is open to a graduate in Arts of a Scottish or other approved Univ., or the holder of any Univ. Degree or Diploma recognized as an equivalent by the Univ. Court, who has completed his Theol. course (3 yrs.), of which not less than 2 yrs. has been in the Univ. in which he proposes to take the B.D. All the examns. must be passed at the Univ. granting the Degree. The D.D. is honorary. The Gifford Lectures in Natural Theology are open to the general public.

Law. The B.L. course (3 yrs.) is open to students who have passed the Prelim. or its equivalent. Candidates for the degree must produce evidence of a sufficient knowledge of Latin before entering the Class of Civil Law. The LL.B. (3 yrs.) is open to graduates in Arts of a Univ. of the U.K. or any other specially recognized.

Of the B.L. course 1 yr. and of the LL.B. 2 yrs. may be spent in any specially recognized Univ. or School of Law.

The LL.D. is honorary.

Medicine. Three of the requisite 6 yrs. of medical study for the M.B. and Ch.B. may be spent in any Univ. of the U.K. or other Institn. specially recognized for the purpose or under a teacher recognized by the Univ. A candidate who has at any such Univ. completed a course and passed an examn. in Chem., Physics or Biology qualifying for a degree in Science, Arts or Med., may be exempted by the Senatus from the corresponding part of the M.B., Ch.B. examns. Aberd., Edin., and St. And. extend this concession to courses and examns. in Anatomy and

Physiology qualifying for a degree in Science (St. And.—or Arts or Med.; Edin.—or Med.).

A graduate in Medicine of at least 24 yrs. of age who has, subsequent to graduation, been engaged for at least 1 yr. in attending the Med. (or Surg.) wards of a hospl., or in scientific work bearing directly on his profession, or in the Naval, Milit., Colonial (Aberd., Edin., Glas.), or, for the M.D. (St. And.—M.D. or Ch.M.), Pub. Health Med. Services, or 2 yrs. in practice not restricted to Surg. (or Med.), and passed the prescribed examn. and submitted a satisfactory thesis, may be admitted M.D. or Ch.M. as the case may be.

Dentistry. See under Glasgow, St. Andrews, and Edinburgh.

Ph.D. See p. 19.

Previous to the institution of a Ph.D. degree (Aberdeen, March 24, 1921, Edinburgh, Nov. 25, 1919; Glasgow and St. Andrews, Aug. 18, 1919), a Doctor of Philosophy degree, D.Phil., was conferred.

FEES. See under the separate Universities.

RESEARCH OR SPECIAL STUDY may be prosecuted in a Univ. under supervision by persons suitably qualified, whether graduates or not, admitted by the Senatus. Access to and the use of the Univ. laboratories, etc., may be obtained on such conditions as to payment and otherwise as the Univ. Court may determine. The title of Research Fellow may be conferred with or without a stipend on specially distinguished research students.

SCHOLARSHIPS. Adequate provision is made for affording Univ. instruction and maintenance to students of small means in Scotland. Besides the Carnegie Trust benefactions (v. *infra*) and the numerous bursaries, etc., awarded by the Universities and the Trustees of unattached educational endowments, all Scottish Education Authorities are empowered to grant awards, in accordance with regulations made by the Secretary of State for Scotland, for the purpose of enabling persons belonging to their areas to take advantage, without hardship to themselves or their parents, of any educational facilities available to them. For the academic year 1949–50, 7632 awards, value £632,570, were made in respect of bursaries tenable at Universities and central institutions.

Scholarships, etc., for Graduates. The following are open to graduates of all the Scot. Univs.: (1) Carnegie Scholarships (£300) and Fellowships (£850) and grants in aid of Research. Application forms supplied by the Carnegie Trust, 22 Hanover St., Edinburgh. (2) Ferguson—six of £150 each for 2 yrs. for graduates in Arts. Ferguson Bequest Fund, 94 Bath St., Glasgow. (3) M'Cunn—four of £200 for 1 yr., for medical research. M'Cunn's Trustees, 160 West George St., Glasgow. (4) Shaw Philosophical—£215 for 3 yrs. for graduates in Arts (in the Patronage of Edinburgh Univ.). (5) Black—in Greek, £196 for 1 yr. for graduates in Arts distinguished in the B.D. examns. (6) Hume Brown—in Scottish History, Junior prize of £25 awarded annually, open to students; Senior prize of £150 biennially, open to graduates; managed by the Univ. of Edin. (7) Maclean (Semitic Languages), £175 for 1 yr. for graduates in Arts preparing to enter the

Ministry of the Church of Scotland ; managed by the Univ. of Glasgow. (8) Crombie (Biblical Criticism), £35 for 1 or 2 yrs. for graduates in Arts with First Class Hons. in Classics ; managed by St. Andrews. (9) Shaw Macfie Lang, £200 for 2 yrs., for Hons. Graduates in various Faculties in rotation ; (10) 7 Richard Brown, £64 for 1 yr., for graduates or undergraduates of any Univ., in various Faculties in rotation ; managed by Edinburgh. (11) Black—in Divinity, £196 for 1 yr. for graduates in Arts distinguished in the B.D. examns. (12) Henderson Research, £1000 for research into Nervous and Mental Ailments. Sec. to Trustees, 190 West George St., Glasgow, C.2. (13) Keith—£100 (2) for 2 yrs., (Divinity), for graduates in Arts (in patronage of Edinburgh Univ.). (14) Stevenson Exchange—in German (£110), in French (£110), and Spanish (£75), for graduates or undergraduates under 25 yrs. of age.

CARNEGIE TRUST FOR THE UNIVERSITIES OF SCOTLAND. Offices at Merchants' Hall, 22 Hanover Street, Edinburgh. Secretary and Treasurer : John R. Peddie, C.B.E., D.Litt.

The annual income of the Trust is about £123,000, one-half of which is devoted to (A) the improvement and expansion of the Universities of Scotland in the faculties of Science, Medicine, History, Economics, and Mod. Langs., and extending opportunities for postgraduate study and research ; the other half to (B) assisting Scottish students in the payment of Univ. class fees. Any surplus not required for (B) in any year is to be devoted to (A). Institutions in Scotland recognized by the Executive Committee of the Trustees as preparing students for graduation or as providing technical education of Univ. level are entitled to participate as regards (A) and their students as regards (B). Any surplus not required for (A) or (B) may be devoted to Univ. Extension work.

By a recent decision of the Trustees, assistance in the payment of class fees is now confined to persons who do not hold bursaries awarded by local Education Authorities or to those holders of Education Authority bursaries the amount of which would seem to warrant additional aid from this Trust. The minimum requirement for assistance is three passes on the higher grade in the Leaving Certificate or equivalent examination. Special consideration is, however, given to applicants over 21 yrs. of age who may not be able to fulfil that requirement. Class fees paid for 1949-50 amounted in all to £6528.

The annual report of the Executive Committee contains reports on work of the beneficiaries under the Research Scheme and lists of papers published by them. Research Fellowships, Scholarships, and Grants awarded for 1948-49 amounted to £26,820.

Under the Quinquennial Scheme of Distribution for the period from Oct. 1, 1947, to Sept. 30, 1952, there has been allocated a sum of £270,000, distributed annually thus : St. Andrews centre—£9400 ; Glasgow—£17,000 ; Aberdeen—£11,000 ; Edinburgh—£16,600. These "centres" include certain extra-mural Colleges to which, in all, grants of £7200 were made.

GENERAL INFORMATION, v. also pp. 518 ff.

The "University and King's College of Aberdeen," founded under a Papal Bull in 1494, and the "Marischal College," founded in 1593 by George Keith, Earl Marischal, were reconstituted in 1860 as "The University of Aberdeen." Certain of the original buildings remain, notably the Chapel (A.D. 1500).

The Depts. accommodated within *King's College*, Old Aberdeen, belong to the Faculties of Arts and Divinity. The classes in the Faculty of Law, and the Depts. of Psychology, Geography, and Education, are accommodated within the reconstructed St. Mary's Church, Old Aberdeen. The Botany and Forestry Depts. occupy adjacent buildings also in Old Aberdeen. In *Marischal College*, the Departments accommodated belong mainly to the Faculties of Science and Medicine (first-, second-, and third-yr. subjects). At Foresterhill, in close proximity to Aberdeen Royal Infirmary, the Maternity Hospital, and the Royal Aberdeen Hospital for Sick Children, are the University Medical Buildings in which are accommodated all classes from the fourth yr. onwards.

The LIBRARY, founded in 1500, has 251,000 vols. and 200 *incunabula*, some unique. It is especially rich in Celtic literature, and books bearing on the history, topography, and antiquities of the Scottish Highlands, and Classical Archæology. It also contains the McBean Jacobite collection, reputed to be the largest in the world outside the British Museum. Annual budget about £3500.

MUSEUMS. Anthropological, Pathological (600 specimens), etc.

RESEARCH (*see also* p. 521). Besides the usual laboratories there is the Rowett Institute of Research in *Animal Nutrition*, Bankhead, nr. Aberdeen, with depts. of Physiol., Bio-Chem., Bacteriol., and Pathol., and attached Animal Husbandry section for practical experiments in feeding, etc. It is under the management of a joint committee of the Univ. and the N. of Scotland College of Agric. There is also the Macaulay Institute for Soil Research, Craigiebuckler, Aberdeen.

TEACHING HOSPITALS. Hospitals available for clinics: Infirmary, 550 beds; Woodend Hospital, 340; Children's, 150; Fever, 300; Mental Hospital, 900; Maternity Hospital, 111; Ophthalmic Institution, average 7000 out-patients annually.

FACULTIES AND DEANS. Arts, Prof. E. M. Wright (Maths.); Science, Prof. H. M. Steven (Forestry); Divinity, Prof. A. M. Hunter (Bibl. Crit.); Law, Prof. T. B. Smith; Medicine, Prof. D. Campbell (Materia Medica). Numerous Departments include Education, Agriculture, Forestry, and Engineering.

ADMISSION, *v.* Appendix I. Persons wishing to attend classes as private (non-graduating) students may do so only with the approval of the appropriate Departmental head, and on payment of the necessary class and matric. fees.

GENERAL INFORMATION, v. also pp. 518 ff.

Originally the "Town's College," founded in 1583 by the Town Council under general powers granted by Royal Charter, April 14, 1582. The Old College on the site of "Kirk o' Field," the scene of the murder of Lord Darnley, was designed by Robert Adam and William Playfair, and completed in 1828. Newer buildings include the Medical Buildings (1883) and the McEwan Hall (1888-97), which holds 2600 and has a great electric organ; and "The King's Buildings" (commenced in 1920) for Chemistry and other Science Depts. The Medical School of this Univ. has been famous for over two centuries;

specially ample provision exists also for instruction and research in Theology (postgrad. school instituted 1919), Agric., For., Engin., Mining, and Vet Sc. Edinburgh is the seat of the Scottish Supreme Courts of Law.

LIBRARY, founded in 1580, about 550,000 vols., 4000 MSS., and 3000 Charters. The MSS. include the Laing MSS. (Scottish and miscellaneous), Laing Charters, 854-1837 (chiefly Scottish), Arabic and Persian MSS. The chief special book collections are the Drummond of Hawthornden (16th-cent. literature), Halliwell-Phillipps (Shakespeare), Lord Abercromby (Archæology, Ethnology), Blackie (Modern Greek), Bruce (Oceanography), Cameron, Mackinnon and Carmichael-Watson (Celtic), Hodgson (Economics), Berriedale Keith (Indian history and literature, and the Constitution of the British Empire). There is a good medical collection and a valuable Reid Music Library. There are published catalogues of *Printed Books* (3 vols., 1918-23), *Laing Charters* (1899), *Western Mediaeval MSS.* (1916), *Arabic and Persian MSS.* (1925) and *Music* (1941). **MUSEUMS**: Nat. Philos., Fine Art, Geol., Nat. Hist., Chem., Forestry, Agric., Entom. and Forest Zool. (Waterhouse collection of Coleoptera), Anat. (founded with the Monro collection in 1800; numerous specimens of Cetacea and human crania), Physiol., Mat. Med. (notable collections of medicinal and food substances, including those of Duncan and Christison), Forensic Med., Practice of Physic. Surg., Obst. (Simpson collection), Music and Musical Instruments. The Prof. of Botany is Regius Keeper of the *Royal Botanic Garden*; the Prof. of Astronomy is Astronomer Royal for Scotland and gives practical courses at the *Royal Observatory*. The **LABORATORIES** are especially well equipped for research in Anatomy, Anthropology, Bacteriology, Chemistry (the Labs. at King's Buildings, completed 1924, have accommodation for about 400 students), Zool., Mining, Engin. (notably Hydrs., Strength of Materials, Elec. Engin.), Mat. Med., Path., Physics, Physiol., Psych., Pub. Health. The Jane Findlay Thomson Commercial Laboratory facilitates the training of B.Com. students in practical business methods. The Univ. has a table at the Millport Marine Station. **HOSPITALS**: the Royal Infirmary adjoining the Univ. provides over 1000 beds for clinical teaching, in addition to the Children's, Maternity and Fever Hospls., the Royal Mental Hospl., the Royal Victoria Hospl. for Tuberculosis, and the Municipal Hospls.

FACULTIES. (1) Arts, (2) Science (including Engineering, Mining, Technical Chemistry, Agriculture, Forestry and Veterinary Science, as well as Pure Science), (3) Divinity, (4) Law, (5) Medicine (including Dentistry), (6) Music. HALLS OF RESIDENCE, ETC. (For Wardens, *see* "Administrative and other Staff," *supra*.) For men: Cowan House, George Square, accommodation for about 100 students, terms, £29 to £34 per term; Norway House, 37 Inverleith Place, accommodation for 26 students, terms, £3: 9s. to £3: 15s. per week; Salisbury Green, Dalkeith Road, accommodation for 43 students, terms, £2: 5s. per week; University residence for Midwifery Students, Chalmers Street, terms, £2: 15s. to £3 per week. For women: five hostels at Craigmillar Park, East Suffolk Road, £75 for the three terms; Masson Hall, 31 and 32 George Square and Annexes; Muir Hall, 12 George Square, £90 for the three terms; St. Leonard's House, Park Road, accommodation for about 43 students, terms, £2: 5s. per week. The University Settlement has study-bedrooms for 10 students (5 men and 5 women) at Cameron House, Prestonfield, terms, £2: 5s. per week. Six months' notice generally necessary.

There is a Franco-Scottish Society for advising and assisting French students in Scotland and Scottish students in France. It has local centres at Glas., Aberd., and Dundee.

EDINBURGH UNIV. CLUB OF LONDON. Secretary: Dr. Bruce Williamson, 40 Queen Anne Street, W.1.

UNIV. EXTENSION, ETC. There is an Adult Education Committee which arranges courses of lectures in the south-east of Scotland. The Univ. is now represented on the Advisory Committees for the management of the Tutorial Classes for adults instituted by the Edin. Educational Authority, in co-operation with the Edinburgh W.E.A. Summer Classes (4 weeks) for Teachers are held during vacation, the lecturers being drawn mainly from the Univ. staff. Certificates gained at the courses qualify for endorsement on teachers' certificates.

EXTRA-MURAL WORK. Classes conducted by the Edinburgh Workers' Educational Association, which meet in the University Buildings, had an enrolment of 531 men and 882 women—total 1413. A University Extra-mural Committee organizes Courses of Lectures in the south-east area of Scotland. Classes were held in 26 centres, attended by 1187 students.

UNIVERSITY PRESS. The University Press was instituted by the Univ. Court in 1945 and is administered by a combined Committee of Court and *Senatus* which control the general policy and select MSS. for publication. Its main object, rendered possible by bequests applied for the purpose, is the

publication, in the best traditions of Scottish typography and book-production, of works of academic merit which cannot be produced on a commercial basis owing to their restricted appeal and may incur a loss; but the Committee are prepared to publish works of wider appeal, though still of literary merit, which will help to offset any such loss. Books published are advertised and sold by Messrs. Oliver and Boyd, Ltd., the sole agent for the Press.

UNIVERSITY TRAINING CORPS. The University Training Corps is organized in six Sub-units of the following arms: Artillery; Engineers; Electrical Engineers; Signallers; Intelligence; and Infantry. The primary object of the training is to develop leadership qualities in undergraduates whose military service has been deferred. Students are trained for direct commissions into the Regular Army as well as for commissioned rank in the Territorial Army and Reserve. The Contingent is fully equipped with arms and transport. There is also a thriving unit of the Women's Royal Army Corps with a similar objective of qualifying graduates to obtain commissions.

UNIVERSITY HEALTH SERVICE. The University provides facilities for routine medical examinations for each first-year student, and radiological examinations of chest for all students annually. It also provides a consultative and domiciliary medical service with special hospital facilities for the treatment of sick students. This dept. works in the closest liaison with the Student Accommodation and Welfare Office and the Physical Education Department.

UNIVERSITY ATHLETIC FACILITIES. Facilities exist for the playing of most games. Some games, however, are not played by students either because there are no facilities within the University or the games themselves do not make sufficient appeal—among these are real tennis, rackets, baseball, and ice hockey. All sections of the Athletic Club, of which Shinty is the oldest, are run by student committees. The Men's Athletic Club is distinct from the Women's Athletic Club. In addition, there is an up-to-date Dept. of Physical Education.

OFFICIAL PUBLICATIONS. The *Calendar* (Sept.), 5s.; the *Prelim. and Degree Examn. Pprs.* (May and July), 5d. to 2s. a set (James Thin, 55 South Bridge). The *Students' Handbook* issued by the Students' Representative Council. *Facilities for advanced Study and Research* free, on application.

HISTORIES OF THE UNIV. (all O.P.): Bower, Alexr., chiefly compiled from original papers and records never before published, 3 vols., Edin., 1817-30; Dalzel, Andrew (ed. by D. Laing), with a Memoir of the Author (by C. Innes), 2 vols., Edin., 1862; Grant, Sir Alexr., the Story of the Univ. during its first 300 years, 2 vols., London, 1884; by various contributors, edited by Turner, A. Logan, 1883-1933, Edin., 1933.

THE YEAR 1949-50

BENEFACTIONS. A bequest by Dr. David Penman of £1000 to be called the Jessie Gordon Penman Bequest and to be used for research into the causes—or the prevention and cure—of cancer; a grant from Industrial Distributors (1926) Ltd., Johannesburg, to the extent of £500 p.a. for 3 yrs., to be made to the Res. Fund of the Physical Lab. under the direction of Prof. Born for assistance in investigating certain problems affecting their industry; a gift to the Reid Music Library from Mrs. S. S. Laurie, executor and trustee of the late Mrs. Niecks, of a large collection of books, musical scores, pamphlets and MS. articles from the library of the late Prof. Niecks; a gift from I.C.I. Ltd.

of a spectrometer and a centrifuge to the Dept. of Chem. and a quantity of res. apparatus to the Dept. of Organic Chem.; a gift from Miss A. Amy Turner, daughter of the late Principal Sir William Turner, of eleven prints of old Edinburgh; a grant by Messrs. Mersons (Sutures) Ltd. of approx. £750 p.a. for 3 yrs. for the establishment of a Fellowship, for the experimental study of ligatures and sutures, to be known as the Ethicon Res. Fellowship; a gift from Mr. Martin Flett, London, of a MS. autobiography of his father, the late Sir John Smith Flett, F.R.S., sometime Director of the Geological Survey, covering the period of his student days at Edinburgh Univ., 1886-94; a donation from Mrs. Hutchison, Doune, of a MS. commonplace book of James Ferguson, F.R.S., entitled *Tables and Tracts relative to various Arts and Sciences*, 1771; a gift from the Royal Victoria Hospital Tuberculosis Trust of the farm of Gracemount, Edinburgh, and of the tenancy of the farm of Langhills, Midlothian.

, after the model of Bologna, the Univ. of James VI. of Scotland in 1577. For

1951, the students celebrated the five-hundredth anniversary of the foundation of the Univ. with appropriate burning of a torch to Glasgow by relays of torch-bearers from the four borders, the birthplace of Bishop Turnbull, and the main academic celebrations were held in the University of Glasgow, a ceremony at which honorary degrees were

awarded and a Commemoration Service in Glasgow Cathedral, the first home of the Univ. congregations 500 yrs. before. The Commemoration Oration was delivered by Lord Macmillan of Aberfeldy. 800 guests were taken on a cruise of the Firth of Clyde.

The LIBRARY, founded in the 15th century, contains 394,366 vols., including 300 books printed before A.D. 1500. Among its important collections are the Ewing, distinguished for the value and variety of its Bibles; the Hamilton, rich in philosophical works; and the Ferguson, containing rare books on the history of chemistry. The Hunterian MUSEUM, founded in 1783, contains most valuable MSS. and early printed books and pictures and important collections of coins, anatomical preparations, zoological and mineral specimens, etc. Large new departments with spacious LABORATORIES have been erected for Engin., Bot., Nat. Philos., Chem., Physiol., Anat., Path., Mat. Med., Forensic Med., Public Health and Zoology. There are BOTANICAL GARDENS and an OBSERVATORY. As Glasgow stands at the centre of the shipbuilding, engineering, mining, and industrial area of Scotland, it offers unique opportunities for technical training. Five large general HOSPITALS are available for clinics, besides special institutions (including Consumption Sanatoria).

GENERAL INFORMATION

Founded in 1796 under the will of Professor John Anderson, Anderson's College was, in 1886, joined with the College of Science and Arts (1823), the first "Mechanics Institution," and with the Atkinson Institution (1861) in the Glasgow and West of Scotland Technical College. In 1912 the Governors received Royal authority for the title, Royal Technical College, Glasgow. The College was affiliated with the University of Glasgow in March 1913.

The College operates under the City of Glasgow Royal Technical College Scheme, 1935, of the Educational Endowments Commission, and has a Board of Governors (30), half of whom are appointed by local authorities, public bodies, Faculties and Institutions.

The present College building, completed in 1910, has a floor space of over 7 acres, and the Governors have approved an Extension Scheme on an adjoining site to add approximately one-third more accom. and to provide extensive engineering labs.

Under the affiliation ordinances, the College provides full qualifying courses for Degrees of the University of Glasgow in Engineering, Applied Chemistry, Pharmacy and Architecture. For the Associateship of the College (A.R.T.C.), courses of 4 years are provided in Civil, Mechanical, Electrical, Chemical, and Mining Engin., Naval Archit., Chem. and Technical Chem., Metallurgy, Applied Phys., Pharm., Food Sci., Microbiol., Building, and Textile Technol. Entrance qualificns. for the Associateship Courses are given in the Prospectus of Day Classes. In the School of Bakery and the Dept. of Textile Technol., the College provides 2-yr. Certificate Courses.

The Glasgow School of Architecture is constituted by the College and the Glasgow School of Art under a Jt. Committee of Governors, and issues Diplomas in Architecture (5 yrs.) and Postgraduate Diplomas in Town Planning. With the Glasgow and West of Scotland Commercial College, the College forms the Glasgow School of Management Studies and makes joint provision of courses in Personnel Management (1 yr.), Works Management, etc.

In Evening and Part-time Day Classes the College offers a very wide range of technological training at advanced and postgraduate level. Under the scheme of the West of Scotland Jt. Committee on Classes in Science and Technology, the College classes form the apex of a technological education triangle, and part-time students from all parts of the West of Scotland complete their courses at the Royal Technical College.

The College policy of fostering research is greatly strengthened by an active relationship with research associations and with industry. This adds to the resources of the New Development Fund for Research, and permits the provision of facilities for work on live problems and research in all branches of engineer., chem. and pharmacy, which are organized under the supervision of College staff.

LABORATORIES for under- and post-graduate work and LIBRARIES for reference and current literature are generously provided in every dept. in the College. The Andersonian Library, commemorating the Founder of the College, houses an extensive range of technical and scientific publications (over 30,000), including many of historical interest; the Founder's library, and the James Young collection of early alchemical, metallurgical, and chemical books.

SCHOLARSHIPS AND GRANTS for postgraduate work are awarded from the following funds: Henry Bell Memorial; Walter Duncan Scholp.; Greenock Scholp.; Charles S. Crawford Scholp.; R. W. McCrone Scholp.; and James Young Exhibition. Undergraduate awards of scholarships and travelling grants are available from: Atkinson Bursary; Bellahouston Trust; R. & W. Burns Scholp.; W. Dawson Bursary; Robert Hart Scholp.; Malcolm Kerr Bursary; C. C. Lindsay Mechanical Engin. Scholp.; Muirhead Scholp. for Women; T. B. MacKenzie Scholps.; Nobel Scholp. and Bursary; Dr. Stenhouse Scholp.

The FORMER STUDENTS' ASSOCIATION was formed in 1936 to provide a link with the College and between old students. Copies of the Annual Report of the Coll. are circulated to all members and social functions arranged regularly. A live register of members is kept by the Hon. Secretary at the Coll. and members going overseas have valued the introductions provided by the Association. Branches of the Association are active in London and South Africa. Life membership is available to qualified applicants at a fee of £1:1s.

The student body acts through the Students' Representative Council and joins with others in the Scottish Union of Students. Facilities for football, rugby, hockey, yachting, dramatics, photography, debating, table tennis, basket-ball, are well used and the Students' Representative Council maintains sports grounds at Cambuslang and, under the supervision of a physical instructor and coach, a fine modern gymnasium at the College. Accommod. at the Coll. includes the Union, S.R.C. Offices, Study Rooms, and the Muirhead Room for Women Students.

TUITION FEES. Degree Courses—Engineering, 114 gs.; Applied Chem., Pharmacy, and Archit., 127 gs.; Associateship Courses, and other Non-degree Courses—£30 p.a.; Research Fee—21 gs. p.a. Fees for Courses in Admin. and for pt.-time Classes are shown in the relevant prospectuses.

PUBLICATIONS. *Prospectus of Day Classes; Guide to Evening Classes; Bursaries, Scholarships, and Prizes; Prospectuses* for the following: School of Architecture, School of Navigation, School of Pharmacy, Scottish School of Bakery; *Education for Management; Town and Country Planning; The Annual Report; The College Journal* (21S.).

CANADIAN UNIVERSITIES

UNDER the British North America Act, education in Canada is a Provincial responsibility and there is no Dominion Office or Minister of Education. Six of the ten Provinces (British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, and New Brunswick) have provincial Universities; in the remaining four all Universities are private. Canadian Universities, whether provincial or private, vary greatly in size, some being complex organizations with large professional and graduate schools, and others small institutions concentrating chiefly on the Bachelor's degree in Arts and Science.

THE ENGLISH SYSTEM. As a broad generalization we may divide University education in Canada into two systems: the English system and the French system. The English Universities admit students either by Junior Matriculation, which is roughly equivalent to London Matriculation, or by Senior Matriculation, which is taken in the larger high schools one year after the Junior examination. In these Matriculation examinations the subject to be written and the standard reached naturally depend upon the degree course to be taken and vary from one University to another. The Universities admitting by Junior Matriculation normally offer a 4-yr. course leading to a pass or honours Bachelor's degree; those admitting by Senior Matriculation only, usually have a 3-yr. course for a pass degree and a 4-yr. course for an honours degree.

The requirements for entry by non-Canadian certificates into the Universities of Canada differ considerably. Generally it would be true to say that an applicant from Great Britain or any of the other Dominions would be considered to be qualified if he had met the entrance requirements of a recognized University in Great Britain. In some Universities a "credit" in the School Certificate Examination of any of the British examining bodies was treated as giving Senior Matriculation standing in this subject. In others it was considered to be of Junior Matriculation standard only. The new General Certificate of Education will probably receive equally diverse evaluations, and any attempted statement covering all the Canadian Universities would be either misleading or exceedingly complicated. Students in other parts of the Commonwealth who think of going to a Canadian University, or those advising them, should therefore write directly to the Registrar of the University in which the student may be interested and ask for definite information. Similarly students of other Universities who wish to transfer into a higher year of a Canadian college should write directly to the Registrar.

In all Universities, each student is required to take a number of lecture courses in every year and to pass the examinations on these courses at the end of the year. In some honours courses, there are also comprehensive examinations which must be passed at the end of the final year.

A considerable number of Universities offer the Master's degree, but only a few award the Ph.D. A Bachelor with an honours degree can obtain a Master's degree in 1 yr. and a Ph.D. in 3 yrs.

The English Universities are co-educational in all but a limited number of courses, such as Nursing and Household Science.

THE FRENCH SYSTEM. In the French system, a student receives his baccalaureat at a "Classical College," which corresponds to a French Lycée, and then goes to the University for his Licence or his Doctorat, or for a professional course such as Medicine, Engineering, or Dentistry. The French Universities, however, admit into certain courses, *e.g.* Engineering and Agriculture, students who have taken their preparatory work in a French high school, which is modelled more closely along the English high school lines. There are separate classical colleges for men and women, but the Universities are co-educational in most of their courses.

DATES AND VACATIONS. In all the Universities of Canada, students are admitted only in the autumn, and the session lasts approximately from the end of Sept. to the middle of May. During the long summer vacation, the majority of students obtain employment, and Faculties of Engineering, for example, require their students to gain practical knowledge in the engineering field during the summer.

STUDENT ACTIVITIES AND ATHLETICS. During the session the students provide a wide variety of social and recreational activities for themselves. These are under the control of a central committee or council and are more highly organized than they are in United Kingdom Universities. Organized athletics, too, are usually under the control of a central committee representing the students, the University administration, and, frequently, the graduates.

THE NATIONAL CONFERENCE OF CANADIAN UNIVERSITIES. The approved Universities and Colleges of Canada have as their official organization the National Conference of Canadian Universities, which meets every summer to discuss matters of common interest. This Conference is affiliated with the Association of Universities of the British Commonwealth and has two representatives on the Council of that body. The Conference publishes a *Yearbook of Canadian Universities* which may be obtained from the Secretary, c/o McGill University, Montreal, Canada; the price of this Yearbook is \$2.

FURTHER INFORMATION. Interesting statistical information about Canadian education is given in the *Canada Yearbook* published by the Dominion Bureau of Statistics, and a description and discussion of current events and policies may be found in the annual reports which are printed each summer by all the larger Universities.

For an historical introduction to the Universities of Canada, see the *Universities Yearbook* 1949-50, or earlier editions.

NOVA SCOTIA TECHNICAL COLLEGE, HALIFAX. (Telephone: 3-1227.) This institution represents the principal direct effort of the Province in education of University grade. It is supported entirely from provincial revenues. Through a co-operative agreement, a uniform Engineering course covering the

work of the first, second and third yrs. is carried out in the Univs. of Acadia, Dalhousie, King's, Mount Allison, St. Francis Xavier, Memorial Univ. of Newfoundland, and St. Mary's College. On successful completion of this course, the student proceeds to the Technical College without examn. for the professional work of the last two yrs. of the 5-yr. course. Here the studies are differentiated and the student selects either Civ., Elect., Mech., Mining, or Chem. and Metallurgical Engineering. The degree given is that of B.E. A dept. of graduate studies offers courses of graduate work in co-operation with industries and government laboratories. The Coll. is equipped for teaching the engineering courses, commercial testing of industrial materials and natural resources, and for scientific research. Tuition fees: \$225 p.a. Ten scholarships and 30 bursaries equivalent to 1 yr.'s tuition are available for Nova Scotians. The buildings and equipment represent a provincial investment of about \$1,000,000.

In other Canadian Provinces the work of such an institution is carried on by a Faculty of Engineering or Applied Science in connexion with the Universities.

The CARNEGIE FOUNDATION FOR THE ADVANCEMENT OF TEACHING, an agency for payment of retiring allowances to college professors, and for educational enquiry, was established by Andrew Carnegie in 1905 through an initial gift of \$10,000,000 as endowment, to provide retiring pensions for teachers of Universities, Colleges, and technical schools in the United States, Canada, and Newfoundland.

The Foundation is controlled by a self-perpetuating board of 25 trustees, chiefly presidents of Colleges and Universities. In 1950, the total general endowment was \$12,776,571.79; assets were \$13,398,915.57.

Since 1905, the Foundation has disbursed, to 4654 persons, some \$57,492,194.06 in free retiring allowances, disability allowances, and widows' pensions, in 168 Colleges, Universities, and technical schools. In 1950, allowances and pensions were being paid to 2089 persons, and 495 persons remained on the Foundation list, on Sept. 30, 1950, as having expectations of award of retiring allowances.

The list of those eligible to receive free allowances was closed in fact in 1931; additions to the list may not legally be made.

The efforts of the Foundation towards the advancement of teaching are indicated by its studies on pension matters, in medical education, the teaching of physics, legal education, engineering education, college athletics, graduate education, training of teachers; by the study of the relation of secondary and higher education in the State of Pennsylvania; and by co-operative enterprises undertaken with other educational agencies.

Its publications, classified as annual reports, bulletins, supplementary publications and miscellaneous publications, have reflected the course of higher education during the past 35 yrs. The publications are available in academic and public libraries.

The Foundation does not award fellowships or scholarships of any kind, and publishes results of research only of those undertakings with which it has been in close touch.

The administrative offices of the Foundation are at 522 Fifth Avenue, New York, N.Y. Its president is Oliver C. Carmichael. The secretary is Robert M. Lester; the treasurer is C. Herbert Lee.

The CANADIAN BRITISH EDUCATION COMMITTEE has been established to encourage students leaving school in Great Britain to take a course at a Canadian University. The idea of the committee is that this not only makes the best

introduction to Canadian life for those who intend to make their career in the Dominion, but that the experience of a Canadian University will tend to produce a graduate of fresh outlook and wide interests who will be well fitted to make a career in any part of the world.

McGill University and the University of Toronto both reserve a number of places for students under this scheme. Those sponsored by the committee are allowed by the Treasury to exchange sufficient sterling into Canadian dollars to cover the cost of their courses ; many students earn part of their expenses by working during the long summer vacations. The committee has no Scholarships to offer except 10 bursaries of \$300 each, tenable for 1 yr., which are offered to students from the United Kingdom who wish to study mining engineering or geology at a Canadian University. The committee does not sponsor students until they have gained advanced standing in the General Certificate Examination, except for certain faculties ; *e.g.* Agriculture, Engineering, Mining, etc., in which the first yr. of the University curriculum includes technical courses that cannot be studied at school.

Further particulars may be obtained from the Hon. Secretary, The Canadian British Education Committee, 62 Trafalgar Square, London, W.C.2.

ASSOCIATED INSTITUTIONS

Approved graduates of Acadia and other recognized Universities who successfully complete a further two yrs. of professional training at the Maritime School of Social Work, Halifax, N.S., are granted by Acadia the degree of Master of Social Work (M.S.W.). Director : L. T. Hancock, 201 Morris Street, Halifax, N.S. (*Telephone* : Halifax 3-6907.)

GENERAL INFORMATION

Founded in 1838 by the N.S. Baptist Educational Society, Acadia College was incorporated in 1840 by Act of the N.S. Legislature, with the powers of a University and the name changed to Acadia University by an Act of Legislature in 1891. Endowment, \$1,200,000 ; Physical Plant, \$2,106,041.28. The Board of Governors is appointed by the Baptist Convention of the Maritime Provinces, but the students are subject to no religious tests.

FACULTIES AND SCHOOLS. Faculty of Arts and Science (Dean : R. S. Longley) ; School of Theology (Dean : G. C. Warren) ; School of Music (Dean : E. A. Collins) ; School of Home Economics (Dean : Elizabeth MacMillan) ; Ivan Curry School of Applied Science (Dean : B. N. Cain) ; School of Education (Director : M. V. Marshall) ; School of Secretarial Science (Director : Jean Cameron).

ENTRANCE REQUIREMENTS. Students are admitted to the first yr. in Arts with 50 per cent. standing on the jr. matriculation examn. of any Canadian province in the following subjects : English, Latin, a second language, Algebra, Geometry, Physics or Chemistry, History or Music. There are minor variations for the other courses of the Univ. Students from other countries will have their matriculation standing evaluated on an individual basis. To cope with special cases, the Univ. also offers matriculation examinations of its own in Sept. of each yr.

DEGREE COURSES. 4 yrs.—B.A., B.Th., B.Sc., B.Sc. (H.Ec.), B.Mus. ; 1-yr. graduate study—M.A., M.Sc., M.Mus., B.Ed. ; 3 yrs.' graduate study—B.D. The following non-degree certificates are also listed : 3 yrs.—Diploma in Home Economics, Certificate in Applied Science, Licentiate in Music, Secretarial Science Diploma. 2 yrs.—Junior Arts. The Applied Science certificate enables students to enter without examination into the Nova Scotia Technical College and the third-yr. classes of McGill Univ.'s Fac. of Engineering.

FEES. \$35 per undergraduate subject, lab. fees and general fees additional. Postgraduate fees, \$180.

SUMMER SCHOOL. Organized in 1933 to provide courses of study for teachers of the province wishing to qualify for the Master's degree, which is a necessary qualification for academic licence issued by Dept. of Educn. of Nova Scotia. Four summer sessions are required as equivalent of one full academic yr. All the work for the Master's degree must be carried out in one dept. Classes are

also offered in undergraduate work and to a limited extent in elementary foreign languages.

GRADUATE SCHOLARSHIPS. Aaron Jenkins Perry, \$100 (English); Vaughan Memorial, \$250 (History); William Inglis Morse Research Fellowship, \$400 (History or English); Henry Burton DeWolfe, \$100 (Biology); Murdock C. Smith, \$450 (Marine Biology).

EMPLOYMENT. A joint faculty-student committee co-operates with the placement service of the Federal Dept. of Labour.

GRADUATES. The graduates of Acadia Univ. are organized as the "Associated Alumni," with annually elected officers and a paid secretary-treasurer. They edit an official publication, the *Acadia Bulletin* (6 times a year), and nominate eight members to the University's Board of Governors.

LIBRARY. 90,000 volumes. Laboratories: Biology, Chemistry, Geology, Physics, Engineering, Home Economics. Greenhouses and Arboretum. Astronomical Observatory.

RESIDENCES. For men: Memorial Residence (Dean, R. E. Watson), 187; Willett Hall (Dean, D. O. Snow), 64; Academy Residence (Dean, G. Guptill), 42; Westwood, 19. For women: Whitman Hall (Dean, Marion E. Grant), 119; Seminary (Dean, Dorothy Fraser), 58. Room and board, \$15 a week.

DEFENCE TRAINING. (a) Acadia University Naval Training Division, Staff Officer, Lieut. A. T. Love, R.C.N. (b) Acadia University Contingent, C.O.T.C. Officer Commanding: Major F. G. Kelly. Resident Staff Officer: Major C. Hutchins.

STUDENT HEALTH SERVICE. The University has its own resident physician, nursing service, and hospital wards for men and women.

ATHLETIC FACILITIES. There is the Memorial Gymnasium with swimming pool, games floor, and running track; Raymond Field, with facilities for football, baseball, ground hockey, and track; and the University rink with artificial ice for ice hockey and skating.

STUDENTS' UNION. A Union Building, erected in 1949 and administered by student committee, has a cafeteria, student offices, and a reception room.

PUBLICATIONS. *Calendar* (April, gratis on request); *Students' Year Book* (May); *Athenæum* (weekly, Oct. to April). Official history: *Acadia University, 1838-1938*, by R. S. Longley (Wolfville, 1939, o.p.).

THE YEAR 1949-50

NEW BUILDINGS. Students' Union bldg., erected by student funds, was opened on the campus. A nursery school was inaugurated, in assoc. with depts. of Psychol. and Educn.

RESIGNATION. H. W. Hilborn, on appt. as Prof. of Spanish at Queen's Univ.

DEATHS.—T. M. Dadson, Prof. of Hist.; E. W. Sheldon, Prof. of Maths.; W. H. Thompson, Prof. of Classics; H. N. Hutchins, Emeritus Prof. of Hebrew.

HONORARY DEGREES. *D.C.L.*—H. P. Moffatt, Dep. Minister of Education, Nova Scotia; W. K. Tibert, Dir. of Vocational Training, New Brunswick; Judith M. Trotter, Principal, Moulton College, Toronto, Ont. *D.D.*—I. A. Corbett, clergyman; R. C. Eaton, clergyman. *D.Litt.*—T. M. Dadson, Prof. of Hist. *M.A.*—Margaret S. Brown, veteran bryologist.

The PROVINCIAL INSTITUTE OF TECHNOLOGY AND ART, Calgary (*Telephone*: 81559), operates directly under the authority of the Dept. of Education. Affiliated 1926. Principal—J. Fowler, B.A., B.Sc., I.L.D.

GENERAL INFORMATION

The University was created in 1906 by an Act of the first session of the first legislature of the Province. In Jan. 1908 Dr. Henry Marshall Tory entered on his duties as President. The Senate supervised all phases of the institution's activities until 1910. At that time a Board of Governors was constituted and was given charge of the Univ.'s business affairs. This form of government remained substantially unaltered until 1942, when a new Act reduced the size of the Senate and transferred most of its academic functions to the General Faculty Council.

The Provincial Legislature has established a close relationship between the Univ. and the professions by giving the General Faculty Council jurisdiction over the educational standards of Agrologists, Architects, Chartered Accountants, Dentists, Engineers, Land Surveyors, Lawyers, Music Teachers, Pharmacists, Physicians and Surgeons, Registered Nurses and Veterinary Surgeons.

The University of Alberta, whose property covers 949 acres (Campus; 225 acres; Farm, 724 acres), is situated in the city of Edmonton, the capital of the Province of Alberta. Its grounds border the wooded southern bank of the North Saskatchewan river. To the original residence buildings, Athabasca Hall (1911), Assiniboia Hall (1912), and Pembina Hall (1914), were added the Arts Buildings (1915), the Engineering Laboratories (1919), and the Medical Building (1921). In 1922 the near-by Strathcona Hospital was acquired and became the University Hospital, an important factor in the training of medical students. Clinical teaching facilities were greatly increased by the erection of the Mewburn Pavilion for war veterans by the Dept. of Veterans' Affairs in Feb. 1945 and the expansion of the maternity and pædiatric portions of the Hospital in 1950. A new Nurses' Residence was opened in 1947 and expanded in 1950, and the Aberhart Memorial Sanatorium is scheduled to open in 1951 for tuberculosis patients. Following the great increase of the numbers of students at the end of World War II came the extension of the West and East wings of the Medical Building in 1946 and 1947 and the commencement of the Rutherford Library which was opened on May 15, 1951. The Faculty Apartment Houses, built to accommodate some of the married members of the rapidly growing faculty, were opened in 1947. A Students' Union bldg. was completed in 1950, as well as a new bldg. to accommodate the Provincial Laboratory of Public Health.

In 1944 the University assumed responsibility for all teacher training in the province and at April 1, 1945, took over the Provincial Normal Schools and their staffs. The Calgary Normal School, which was housed in the building

of the Provincial Institute of Technology and Art, became the Calgary Branch of the University.

GENERAL INFORMATION

The University of British Columbia was incorporated by an Act of 1908.
For early history, see *Yearbook* for 1929. The University site consists of 548
acres on the headland of Point Grey, 300 feet above the sea. Here a group of
buildings constructed at a cost of nearly \$2,000,000 was opened in Oct. 1925.

The Board of Governors consists of the Chancellor, elected by Convocation,
President, and 9 persons—3 elected by the Senate and 6 appointed by the
Lieut.-Govr. in Council. The Senate consists of the Chancellor, President (as
Chairman), Deans, and 2 Profs. of each Faculty, 3 nominees of the Lieut.-Govr.
in Council, principals of normal schools, one member elected by high school

principals and assts., one by each affiliated Coll. in the Province, 15 by Convocation, one by the B.C. Teachers' Federation.

The Univ. is an integral part of the public educational system of the Province, and its function is to complete the work begun in the public and high schools. It is the policy of the Univ. to promote education in general and, in particular, to serve its constituency through three channels—teaching, research, and extension work. It furnishes instruction in the various branches of a liberal education, and in those technical departments which are most directly related to the life and industries of the Province. The people of the Province are informed of the results of special work by the staff of the Univ. through the Department of University Extension.

The LIBRARY has 275,000 vols. and about 25,000 pamphlets, and regularly receives 900 periodicals. It is one of the three Canadian depositories of the Library of Congress Catalogue, and possesses a Carnegie Corporation Music Set. LABORATORIES available for all courses. A Forest Products Lab. was established in 1918 by the Forestry branch of the Dept. of the Interior as a permanent branch of the F.P. Labs. of Canada. HERBARIUM, 16,000 sheets native flora, 200 water-colours B.C. fungi. BOTANICAL GARDENS, Arboretum and Economic Section, 5 acres.

UNIVERSITY RESEARCH FOREST, an area comprising a solid block of land about 7 miles long and 2½ miles wide north of the town of Haney, was granted to the Univ. by the Prov. Govt. in March 1949. The CAMPUS FOREST consists of a narrow belt S. and W. of the Univ. and acts as a demonstration and field study area for Forestry, Biology, Botany, and Zoology.

MUSEUMS. (1) Burnett Collection of South Seas and other ethnological specimens, housed on the first floor of the Library; the Raley collection of Indian artifacts; the Buttimer collection of Indian baskets; the Mitchell Pierce collection of Eskimo clothing and utensils; and numerous other valuable collections. (2) The Geological and Geographical Museum in the Forestry and Geology Bldg. (3) The Zoological Museum in Biological Sciences Bldg. (4) The Botanical Collections and Herbarium.

GENERAL INFORMATION

HISTORY. Conceived by a committee of the Ottawa Y.M.C.A. in 1938, the College had its beginning in 1942 when a group of interested citizens established the Ottawa Association for the Advancement of Learning. In that year evening classes of the first and second University years were opened under the name Carleton College. An Institute of Public Administration was added in 1943, and later absorbed by the College. Special matriculation courses for veterans were offered in the years 1945-46. These were the first day classes. Both day and evening curricula were expanded until, in 1951, they included undergraduate courses in Arts, Science, Commerce, Journalism, Public Administration, and Engineering. The College operated in rented quarters until 1946, when it acquired a building of its own. Subsequently, a students' union and a library were added.

CONTROL AND SUPPORT. The College is non-denominational, co-educational, privately controlled. It is financed by tuition income, private subscriptions, and provincial grants.

DEGREE COURSES. Day Division—B.A., B.Sc., 4-yr. pass courses and 5-yr. honours courses; B.Com., B.J. (Bachelor of Journalism), 4-yr. courses. Evening Division—B.A., B.Sc., B.Com., pass courses equivalent to those offered in the day division, but extending over a longer period of time.

DIPLOMA COURSES. Day Division—Diploma in Engineering, 2-yr. course, after which students continue for an additional 2 yrs. in another University for degree in Engineering. Evening Division—Diploma in Public Service Studies, the equivalent of a 2-yr. full-time course, but taking longer because followed by pt.-time students.

ADMISSION REQUIREMENTS. To first yr. of courses in Arts, Science, Commerce, Journalism—jr. matriculation (the Secondary School Graduation Diploma of the Province of Ontario, or an equivalent certificate). To first yr. of the course in Engineering or to second yr. of courses in Arts, Science, Commerce, Journalism—sr. matriculation (the Secondary School Honour Graduation Diploma of the Province of Ontario, or an equivalent certificate).

SUMMER SESSION. Evening classes in selected undergraduate subjects are offered in a 14-week summer session—June, July and Aug.

ADULT EDUCATION. Evening courses provided for employed men and women seeking degrees and diplomas are open as well to those interested only in single subjects. In addition, extension courses, for which no academic credit is allowed, are offered at low cost for interested members of the public.

FEES. Annually for tuition—Day Division: Arts, Science, Commerce, Journalism, \$240, plus \$15 lab. fee for each course involving lab. work; Engineering, \$330. Miscellaneous fees, additional, \$20. Evening Division: \$48 per subject, plus \$15 lab. fee for each course involving lab. work. Miscellaneous fees, additional per subject, \$2. Extension courses: \$5 to \$20 each.

FACILITIES. The College is housed in a four-storey brick building, set on a small campus in the Glebe, one of Ottawa's residential districts, about ten minutes by street car or bus from the centre of the city. In addition to classrooms and seminar rooms, facilities include engineering, chemistry,

biology, geology, and physics laboratories ; an audio-visual aids centre including equipment for sound motion picture projection, film-strip and slide projection, and radio workshop activities ; a canteen ; an assembly hall, equipped for stage productions. Near by is a three-storey students' union and a recreation building which provide accomm. for Students' Association offices, *The Carleton* (student weekly newspaper), reading rooms, games rooms, dark-rooms, radio broadcasting rooms, club rooms, and a student lounge. Athletic activities are carried on in the gymnasium and playing fields of Lansdowne Park, about six blocks from the College. Completed in 1951, a new library building provides study space for 200 students at one time and will accommodate 40,000 volumes. There are now 21,000 volumes in the library.

MILITARY TRAINING. Preparation for commissioned rank in the active or reserve forces of the Royal Canadian Navy or the Canadian Army is made possible by membership in the University Naval Training Division or the Canadian Officers' Training Corps. Training is on a pt.-time basis during the academic session, full-time during the summer months.

STUDENT SERVICES. Under the supervision of the College Medical Adviser a Student Health Service is provided. Also available are counselling and guidance facilities and a Student Placement Service. The College has no dormitories of its own, but maintains a Housing Registry through which rooms or rooms and board may be located in near-by homes. Meals and snacks are served in a canteen in the main building.

ALUMNI ASSOCIATION. An alumni association was formed in 1949. Graduates are eligible for full membership.

PUBLICATIONS. By the College—the annual *Calendar*. By the Students' Association—*The Carleton*, weekly newspaper ; *The Raven*, annually ; *Directory of Students*, annually.

THE YEAR 1949-50

BENEFACTIONS. By bequest of H. M. Tory, first President of Carleton College, \$67,148.58. First annual grant from Province of Ontario, \$65,000.

GENERAL INFORMATION

Opened in 1789 at Windsor, N.S., the University was established by Provincial Statute and granted a Royal Charter by King George III in 1802. In Sept. of 1923 King's removed to Halifax and became associated with Dalhousie University, as far as Arts and Science are concerned. The academic facilities in Arts and Science are shared by the students of both Universities for the time being, but King's retains complete control of her Divinity School, as well as of her present endowments, administration of residences, and all internal matters. Under the terms of the agreement between Dalhousie and King's, the University was re-established in Halifax by means of private subscriptions and with the financial aid of the Carnegie Corporation, which endowed the teaching of Liberal Arts. The new buildings, costing \$450,000, were opened for the session 1930-31. The University is governed by a Board consisting of the Bishops of the dioceses of Nova Scotia and Fredericton, the President and the Treasurer of the University, *ex officio*, together with 10 members elected by the Alumni Association, 8 elected by the diocesan Synods, and 4 co-opted by the Board.

LIBRARY. About 30,000 volumes. The library has some forty incunabula and a fair number of illuminated mediæval MSS. It is particularly rich in books of the 18th century, when the College was founded. The Library specializes in Divinity and Arts, although other fields are also represented. It has also a very fine collection of United Empire Loyalist china, which was collected in 1880 by Mrs. Weldon, a daughter of Thomas Chandler Haliburton, to mark the centenary of the landing of the Loyalists in the Saint John River Valley.

DEGREES. The degrees granted by King's in the Faculty of Divinity are the Bachelor of Sacred Letters, the B.D. and the D.D. ; diplomas of Licentiate of Theology and Scholar of Theology are also awarded. There is no provision for external degrees. The language of instruction is English. King's also is a partner in a School of Journalism in association with two other local Universities.

SCHOLARSHIPS. There are 6 or more Foundation Scholarships on entrance, worth \$600 each, and 5 or 6 Chancellor's Scholarships of the value of \$1600 each, the latter being provided for boys who wish to enter business.

ADMISSION. The minimum entrance requirements are either the Grade XI examinations of the Provinces of Canada, provided the certificate covers English, two foreign languages (Latin is required for Arts), History, Algebra, Geometry, and a Science, or the matriculation examinations of any recognized Univ., providing the same subjects are offered. Overseas students are granted *pro tanto* recognition in certificates, which they offer on entrance.

AFFILIATED INSTITUTIONS

"Affiliation" or—in the case of an institution outside the provinces of Quebec and Ontario—"agrégation" involves control by the Univ. of programmes and examinations.

ÉCOLES D'INFIRMIÈRES. 16 schools affiliated.

ENSEIGNEMENT SECONDAIRE MODERNE. 2 schools affiliated.

ENSEIGNEMENT CLASSIQUE, 1st degree (*High School*), 18 schools affiliated. 1st and 2nd degrees: for girls, 9 schools affiliated; for boys, 23 affiliated and 1 aggregated.

ÉCOLE DE COMMERCE. 1 school affiliated.

ÉCOLE SUPÉRIEURE DE SCIENCES DOMESTIQUES. 1 school affiliated.

COURS LETTRES-SCIENCES. 50 schools affiliated.

GENERAL INFORMATION

The Univ. was founded by the Seminary of Quebec in 1852 under a Royal Charter. A general supervision of teaching and discipline is exercised by the Archbishop of Quebec as Visitor and Chancellor Apostolic and President of the Conseil Supérieur of Bishops of the ecclesiastical province of Quebec. The Profs. of the Faculties of Theology, Canon Law, and Philosophy are nominated by the Visitor, those of other Faculties by the Conseil de l'Université, composed of the Directors of the Seminary of Quebec and 3 Senior Profs. of the Faculties of Theology, Arts, Law, and Medicine, and the Deans of the Faculties of Philosophy, Letters, Sciences, Social Sciences, Agriculture, and Forestry and Surveying.

LIBRARIES: General, 375,639 vols.; others, 842,689 vols. GENERAL MUSEUM: Director: A. Jobin. LABORATORIES: Chem., Phys., Bact., Biol., Physiol., Anat., Pathol., Clinic., Physio-pathol., Biochem., Bot., Mineral., Geol., Optics, Hygiene.

FACULTIES AND DEANS. Theology (E. Lemieux); Philosophy (C. de Koninck); Law (Judge J. A. Gagné); Medicine (C. Vézina); Letters (Msgr. F.-A. Savard); Sciences and Engin. (A. Pouliot); Arts (Canon M. Laliberté); Social Sciences (G. H. Lévesque); Agriculture (F. X. Jean); Forestry and Surveying (A. Bédard).

SCHOOLS. Graduate Studies, Nursing, Education, Music, Commerce, Household Sci., Pharmacy, Social Work, Fisheries, History, and Geography.

DEGREES, DIPLOMAS, AND TEACHING ACTIVITIES. The Univ. perpetuates the stages by which a Degree was, and still is, reached in the Univ. of Paris. The Baccalauréat ès arts (B.A.) is not the equivalent of any of the English Degrees, but is an official certificate (recognized by the Govt.) that the student has successfully completed his literary and scientific studies, and is entitled to begin his professional studies in law, medicine, or applied sciences, or the Higher studies. It is obtained before he leaves the affiliated Institute, Seminary, or College at which he has studied. Students who reach a certain

standard in both letters and sciences obtain the B.A. After the B.A. the student may proceed to the Baccalauréat in Theology (3 yrs.); in Philosophy (2 yrs.); in Social Sciences (2 yrs.); in Civil Law (4 yrs.); in Music (2 yrs.); in Pharmacy (3 yrs.); in Surveying (3 yrs.); in Agriculture (4 yrs.); in Medicine (2 yrs.); in Commerce (2 yrs.); in Education (1 yr.); in Applied Sciences (5 yrs.); in Household Sciences (2 yrs.). The course for the Licence covers 3 yrs. after the B.A. in Philos. (L.Ph.); 2 yrs. in Letters (L. ès L.); 3 yrs. in Sciences (L.Sc.); 3 yrs. in Law (LL.L.); 4 yrs. in Theol. (L.Th.); 2 yrs. in Music; 4 yrs. in Social Sciences; 2 yrs. in Education. To obtain the Doctorate it is necessary to support successfully in public a thesis and propositions as in French Univs. The D. en M. or M.D. is granted after 6 yrs.' study, by examn.

The Diploma in Forestry is awarded after 4 yrs.' study in the Faculty of Surveying and Forestry.

The Faculty of Sciences provides a 5 yrs.' course leading to the Baccalauréat in Applied Sciences, or to a Licence and to a Doctorate in Sciences.

The Univ. has granted affiliation to about 70 private schools for boys and girls. At the age of 12 yrs. the children may choose between the primary course, a certificate being granted, after Univ. examn., at the end of the fourth year, and the classical course of the first degree (High School, 4 yrs.), with a certificate of matriculation at the end of the fourth year. The main difference between the two courses is the teaching of Latin, and the advanced teaching of Mathematics and of History, in the High Schools.

The High School course is given in Schools limited to such a course, or in Colleges and "Séminaires," which give, after the High School course, the teaching usual in Colleges of Arts. In these last institutions Greek is taught for 4 yrs.; Philosophy (theory, history, essays) for 2 yrs.; Latin for 6 yrs.

RECOGNITION of the B.A. of Laval is accorded by most European Universities, by Canadian Universities, and by most of those of the U.S.A.

FEES for tuition, \$300 to \$500 p.a., with an extra charge for laboratories.

RESIDENCE. Students of Theol. reside at the Grand Seminary, Ste.-Foy, near Quebec. The Maison des Étudiants, 49 St.-Joachim St., provides accommodation (rooms only) for about 40 male students. Other students live with families approved by the Moderator.

EXTRA-MURAL WORK. Summer courses in Theology, Philosophy, French, English, Spanish, Education, Gregorian Chant, Latin, Natural Sciences.

USUAL LANGUAGE OF INSTRUCTION: French.

PUBLICATIONS. *Annuaire général*, *Special Calendars*, for Graduate School, Theology, Law, Medicine, Education and Guidance, Sciences, Philosophy, Social Sciences, Nursing, Music, Letters, Commerce, Agriculture, Social Work, Surveying and Forestry, and Summer Courses. *La Revue de l'Université, Laval*; *Le Laval théologique et philosophique*, *Le Naturaliste canadien*, *Le Laval médical*, *L'Enseignement secondaire au Canada*, *Pédagogie-Orientation*, *Cahiers du Cercle Laennec*, *Revue des relations industrielles*, *Revue du service social*, *Le Carabin* (students' paper), publications of the Fac. of Theol., publications of the Fac. of Social Sciences.

GENERAL INFORMATION

McMaster University, named after Senator William McMaster (1811-87), whose will provided its original endowment, operates under the terms of an Act of Incorporation granted by the Legislative Assembly of Ontario in 1887 and revised in 1949. The University corporation consists of the Board of Governors, sixteen of its eighteen members being elected from and by the Baptist Convention of Ontario and Quebec. Academic work is directed by a Senate composed of the members of the Board of Governors and representatives of the faculty and the graduates. There are no religious tests for students, but persons holding regular teaching appointments under the Board of Governors must be members of an evangelical church. This does not apply to members appointed to the Hamilton College staff.

Historically, the University is the outgrowth of educational work begun in Canada Baptist College, Montreal (1838-49). But the educational programme, of which the Univ. is the continuing result, dates from 1857, when the Canadian Literary Institute was founded in Woodstock. The theological part of the work of this co-educational school was transferred in 1881 to Toronto, where a building had been erected for it by Senator McMaster. It took the name Toronto Baptist College. The Institute then became Woodstock College, which continued as a preparatory school for boys until it closed in 1926. The two colleges formed the nucleus of McMaster Univ. when it was incorporated in 1887.

Changed educational conditions led in 1927 to the decision of the Board of Governors to move the Univ. to Hamilton, which decision was approved by the Convention, the removal being completed in 1930, the forty-first academic session opening on the new site.

In Jan. 1948, an important reorganization of the Univ. for purposes of administration and finance was carried through. Students and academic depts. were divided into three colleges: The Divinity School, a College of Theology operated mainly on a postgraduate basis; University College, the Arts College of the Univ., in which all Junior Division students are registered; and Hamilton College, which maintains under its own Board of Governors the depts. of Physics, Chem., Mathematics, Geog., Geol., Bot., Zool., and Nursing Education. Hamilton College is an affiliated college of the Univ., legally and financially independent, but under the academic control of the Univ.'s Senate.

LIBRARY, 74,000 vols. The Mills Memorial Library, occupied in 1951, is the gift of the Mills Foundation of Montclair, New Jersey. Four floors provide for a capacity of over 120,000 vols., as well as the Reference Reading Room, Bibliography Room, and the Fine Arts collection of books, slides, prints, etc. Two important special collections are maintained by the Library: the Music Collection, established through the generosity of the Carnegie Corporation, contains over 2000 recordings, and a small library of music scores and books on music and musicians; the Baptist Historical Collection of books, documents and Association Minutes, forms a valuable record of Canadian Baptist history, past and present.

DEGREE COURSES. 3-yr. pass course for B.A., 4-yr. general for B.A., 4-yr. honour for B.A., 4-yr. honour for B.Sc., 5-yr. course for B.Sc.N.

HIGHER DEGREES. M.A., 1 yr. minimum after B.A.; M.Sc., 1 yr. minimum after B.Sc.; B.D., 3 yrs.' course after B.A.; Ph.D., 3 yrs. minimum after B.Sc. in Chem. and Bot. only.

CERTIFICATES. Divinity School, 3 yrs.' course (1 yr. Arts and 2 yrs. Theology). Women's Leadership Training School in the Divinity School, 2 yrs. selected Arts and Theology, preparatory to missionary and other religious work.

PHYSICAL TRAINING. Two hours a week of physical training are compulsory for all students in each yr. from entrance to the end of the Junior Division.

MILITARY TRAINING. The Univ. Naval Training Division offers a programme for the training of potential officers of the Royal Canadian Navy (Reserve). The training programme is planned for advancement of a trainee to a Cadet R.C.N. (R.) in the middle of the first yr., and for promotion to a Commissioned Officer on graduation with the rank of Sub-Lieutenant, R.C.N. (R.). The Univ. Contingent Canadian Officers' Training Corps qualifies selected Univ. undergraduates for a commission, on graduation, in the Canadian Army.

FEES. Annual, including organization and athletic—Arts \$234, Science \$269, Theology \$80.50.

RESIDENCE. For men, consists of 2 bldgs., Edwards Hall has accommodation for about 100 beds; North Edwards for 30. Rates \$455. For women, consists of 3 bldgs., Wallingford Hall, West Wallingford, and the Eleanor McKay House, accommodating in all 135 students. Rates \$471.

DEPARTMENT OF UNIVERSITY EXTENSION. Director—Prof. C. H. Stearn. From originally providing facilities for teachers to obtain their Arts degree by attendance at Evening Classes and Summer School, the Dept. of Univ. Extension has spread its activities to include the provision of any kind of adult educational services for which there is a public demand and for which approved lecturers can be provided. A wide range of work is offered which may be summarized as follows: (a) subjects taken for academic credit toward a B.A. degree, or toward the fulfilment of requirements for the Teachers' Permanent First Class Certificate, or toward the Vocational Guidance Diploma; (b) subjects taken toward fulfilment of requirements for the R.I.A. degree. The Dept. maintains a number of outside centres at which the regular academic courses are made available to candidates for the above certifications.

In addition to the formal academic courses, a wide variety of classes, mainly in the cultural field, is offered to adults who attend for interest's sake. The Dept. provides a "Lecture Service" operated in the interests of groups desiring speakers from among the faculty. The *University Extension Calendar*, containing detailed information concerning both the Winter Evening Classes and the Summer School is published annually in the month of March.

FELLOWSHIPS, SCHOLARSHIPS, GRANTS, ETC. 13 Entrance Scholps. offered by the Univ., each of approx. \$1000 value; numerous Scholps. and prizes in courses; some Bursaries for Graduate Assts. in Educational Studies; Ontario Research Council Bursaries and National Research Council Bursaries.

PLACEMENT SERVICE. Offers pt.-time, summer, and full-time employment for both undergraduates and graduates.

GRADUATES ASSOCIATIONS. McMaster Alumni with offices at Univ. together with local branches of the Alumni and offices in various localities.

GENERAL INFORMATION

Established 1877, the Univ. was reconstituted in 1900 and 1917, and again in 1936. For early history, see *Yearbook* for 1929. The Univ. has the sole power of conferring degrees in Arts, Science, Law, Med., Engin., Pharmacy, Commerce, Agric., Home Economics, Education, Archit., Interior Design, Fine Arts, and Social Work, in the province. It received in 1898 from the Dominion Govt. a land grant of 150,000 acres.

The buildings occupied by the Faculties of Medicine and Law are in the city of Winnipeg, which, with adjacent municipalities, has a population of over 360,000. The site of the Faculties of Arts and Sci., Agric. and Home Economics, Engin. and Archit., Education, the Graduate School of Social Work, and the Graduate School of Nursing, is in the municipality of Fort Garry, 7 miles from the centre of Winnipeg. The Univ. has 45 buildings on this site, including a University residence, the Manitoba Union, which has accommodation for 600 students. There are also on this site the Dominion Rust Research Laboratory, the Dominion Laboratory of Plant Pathology, the Dominion Laboratory of Entomology, and the Provincial Experimental Fur Farm.

UNIV. LIBRARY, 140,000 vols.; 1000 periodicals received. There are also 30,410 mounted plates and photographs and 9410 slides in the School of Architecture. The Med. College has a library of 17,300 vols., and receives 278 periodicals. LABORATORIES: Anat., Bact., Bot., Chem., Engin. (Material testing—200,000 lb., Cement, Elect.), Geol. and Mineral., Path., Physics, Physiol., Zool. MUSEUMS: Anat., Embry., Bot., Geol., Path. HOSPITALS available for clinics: 2 general (1000 beds) and several special, including tuberculosis. FARM (1000 acres).

FACULTIES. (1) An Arts and Science Faculty providing instruction in all subjects of undergraduate courses in Arts (except 6 options and the Latin Philosophy course for French-speaking students of St. Boniface College), Science, Pharmacy, and Commerce. (2) Medicine. (3) Engineering, Archit. and Interior Design. (4) Agriculture and Home Economics. (5) Education. Other subjects of Arts course are taught in the affiliated Colls. Law is taught in the Manitoba Law School, which is under the direction of trustees jointly appointed by the Univ. and the Law Society of Manitoba. Public Health Nursing and Teaching and Supervision in Schools of Nursing are taught to graduate nurses in the Graduate School of Nursing, directed by the Univ. and financed by the Provincial Department of Health and Public Welfare. Academic and clinical training of social workers is carried on in the Graduate School of Social Work. A course leading to the degree of Bachelor of Fine Arts is taught co-operatively by the Faculty of Arts and Science, the School of Art, the School of Architecture, and the School of Home Economics.

MATRICULATION examn. is conducted in June by the Examn. Board of Manitoba, also a limited Matricn., in Sept. Satisfactory completion of Levels I, II, and III of the Matricn. course of the Dept. of Educn. is required. Matricn. subjects for Arts or Sci. courses: English, Maths., Social Studies, 3 units of Science (Gen. Sci. and two of Biol., Physics, Chem.), and at least one elective from the following: a second foreign lang., a fourth Science, Music, Home Econ., Industrial Arts, Comm. work. With a second foreign lang. or music—when carried for at least 2 yrs. of High Sch.—only 2 units of Science are required (Genl. Sci. and either Physics or Chem.). Matricn. may also be obtained with a third foreign lang., the only Science requirement being Genl. Sci. Exemption from examination is allowed in the subjects of Grades IX and X Matricn. to pupils of the Collegiate Institutes of the province, or of the Preparatory Schools in connexion with the affiliated Colleges, who are recommended for such exemption by their school principals, and also exemption from examn. in the subjects of Grade XI Matricn. (Arts and Sci.) to recommended pupils of approved schools under certain conditions. Entrance requirements for Medicine are clear standing of 3 pre-medical years in Arts and Science; for Law, of 2nd year in Arts; for Engineering, standing of one pre-engineering year in Arts and Science, and for Architecture, Matricn. Members of any British or approved Univ. may be admitted *ad eundem statum* or *gradum* without Entrance examn.

DEGREE COURSES. 4 yrs.—B.A., B.Sc., B.Sc. (C.E., M.E., or E.E.), LL.B., B.Sc. (H. Ec.), B.Com., B.I.D.; 5 yrs. following 2 pre-medical yrs.—M.D.; 5 yrs.—B.A. (Hons.), B.Sc. (Hons.), B.Com. (Hons.), B.Arch., B.S.A.; 3 yrs. following 1 yr. in Arts and Science, and 2 yrs.' apprenticeship—B.Sc. (Pharm.). Research Courses governed by spec. regns. lead to the degree of B.Sc. (Med.), to M.Sc. (Med.), and to Ph.D. M.A., M.Sc., M.Arch., M.Arch. (C.P.), LL.M., 1 or 2 yrs.' postgraduate course. B.Ed., 2 yrs.' postgraduate course; M.Ed., 1 yr. after B.Ed.

Subjects are placed in groups, from each of which selection is made in

accordance with definite regulations. For the B.A.—English (1 yr.), a foreign language (2 yrs.), Maths. (1 yr.), and a second yr. of English or a second foreign language are compulsory.

The M.A. may be obtained by candidates possessing the Honours B.A. of Manitoba, or an equivalent degree, by an extra year of full-time study under the direction of a committee of instructors. Candidates for the M.A. possessing the General Course B.A. of Man., or an equivalent degree, must first obtain 16 units of credit in Honours Courses. A thesis is required as well as examn.

The M.Sc. requirements are at least one yr.'s grad. work in one or more of the Sc. depts. of the Univ. (incl. Maths.) or in the dept. of Civil Engin. or that of Elect. GENERAL INFORMATION

Originally established in Montreal in 1878 as a branch of Laval Univ., the University of Montreal became autonomous in 1920, under a special Act of the Legislature of the Province of Quebec subsequently revised in 1950 (v. also *Yearbook* for 1929). It also enjoys certain privileges under a papal charter dating from 1919, is Roman Catholic in outlook and four out of the twelve Members of its Board of Governors are appointed by the Roman Catholic Hierarchy. The remaining eight Governors are French-Canadian business personalities. The Board is self-perpetuating. Financial affairs are under the direct supervision of an Executive Committee composed of five Governors, and pedagogical matters are determined by a Commission on Studies composed mainly of the Deans of the different Faculties.

Through affiliated Institutions v. *supra*, as well as by itself, the Univ. caters for the educational needs of over 12,000 students, over 3000 of whom attend courses and lectures in the bldgs. of the Univ. proper.

The Univ is owner in freehold of several acres on the western slope of Mount-Royal. The present bldgs. were erected between 1937 and 1941, at a cost of over \$12,000,000.00. In 1947-48, an additional \$12,000,000.00 was raised through public subscriptions for the purpose of completing and extending the present facilities, including the completing of the Hospl. (originally planned for 500 beds), a Union bldg., dormitories and a Sport Centre for the students, plus a pension fund for the professors and personnel.

GENERAL INFORMATION

The charter of 1858 conferred on Mount Allison Wesleyan College full Univ. powers in regard to courses of study and degrees in the various Arts and Faculties, and these powers are expressly continued to the institution under its present designation of Mount Allison University. The ultimate ownership of the Univ. is in the General Conference of the Methodist Church of Canada. By the basis of union this ownership is now vested in the General Council of the United Church. The direct govt. is, however, vested in a Board of Regents and a Senate, and the aforesaid General Council exercises a controlling influence on the affairs of the Univ. solely through the power of appointing a majority of the Regents. The Senate is a composite body consisting of the Faculty of the Univ., the Headmaster of the Academy, and 12 Regents appointed by the Board. It is charged with the duty of regulating the strictly educational concerns of the Academy and the Univ. The general management of affairs is entrusted to the Board of Regents, which is also the supreme governing body of the Academy. The Board consists of 44 members; 24 appointed by the General Council of the United Church of Canada and 20 representatives of the Federated Alumni. In its internal administration, the Univ. has always been conducted on strictly non-sectarian principles.

GENERAL INFORMATION

Mount Saint Vincent College is the only independent Women's College (*i.e.* empowered to confer degrees) in Canada.

LIBRARY, 14,000 vols. Students have access to books in Provincial Library as well as to those regulated by inter-college and Universities loan system.

FACULTIES. Arts; Music; Nursing; Home Economics; Secretarial Studies; Library Science.

DEGREES. B.A., B.Sc., B.Mus., B.L.S., L.Mus. The Arts course and the professional courses leading to the B.Sc. cover 4 yrs. after Junior Matriculation. The course leading to the Licentiate in Music covers 2 yrs. of the degree work. Professional courses require also special projects wherein during the summer vacation students spend a limited time actually in service in the field of their chosen professions.

COURSES OF STUDIES. Arts Course, Normal School (for teachers in the Province of Nova Scotia), Music Course (4 yrs. for B.Mus. and 2 yrs. of regular 4-yr. course for Licentiate), Nursing (leading to B.Sc. in Nursing), Home Economics (4-yr. course leading to B.Sc.), Secretarial Studies (leading to B.Sc. in Sec. St.), Library Science (leading to B.L.S., 1-yr. course after Bachelor's degree), Education, 1 yr. after B.A. leading to High School Teacher's Licence granted by Provincial Dept. of Education.

FEES. Inclusive Fee for Board, Residence, and Tuition, \$500 p.a. Tuition only, \$20 per course. Laboratory fees, \$3 to \$25. Degrees, \$25.

RESIDENCE. Accommodation for approx. 175.

EXTRA-MURAL WORK. A limited amount of extra-mural work is done, under the direct supervision of the Professors of the various subjects.

On Jan. 31, 1951, the entire College building was burnt down. No lives were lost, but all College records, art treasures, and the library of almost 60,000 volumes were destroyed together with the remainder of the contents of the building. The work of restoration and reorganization is proceeding, and more than 14,000 volumes have been donated to the library by Universities, private libraries, and individuals.

RESIDENCE AND UNION. Ban Righ Hall and its annexes have rooms for 166 women students and refectory accomm. for 315. Board and lodgings in 1949-50 cost from \$310 to \$380 for the full session. Every male student is a member of the Students' Memorial Union. The Union has the usual club facilities—a dining-hall, lounge and billiard rooms, reading rooms, committee rooms, and guest rooms for alumni and visitors to the Univ. The Union provided meals at from \$8 to \$10 a week during session 1949-50 for about 1000 students daily. Berry House and Collins House, operated by the Science Co-operative, Inc., are open to men students of all facs. Room and board per week for session 1949-50 was \$11.50. Berry House and Collins House accommodate 34 men students. Boucher House, a co-operative house for women students, accommodates 21.

MILITARY SERVICE. The University Naval Training Division, the Canadian Officers' Training Corps, and the R.C.A.F. Reserve University Flight offer courses of training which extend over the greater part of a student's University Course, and provide up to 20 weeks' summer employment at \$162 per month with food, clothing, and accommodation. The object of the training policy is to qualify selected students for commissions on graduation.

STUDENT HEALTH SERVICE. Queen's Univ. administers a Health Insurance Fund by arrangement with the London Life Insurance Co. The service covers medical and hospital care, including surgery. All first and final yr. students are required to have X-ray examinations of the chest each yr.

EMPLOYMENT SERVICE. The Employment Bureau assists graduates and undergraduates in all facs. to secure suitable positions, and helps students to obtain work during vacation periods.

ATHLETIC FACILITIES. The Univ. has a gymnasium with a swimming pool of full Olympic size, a large covered skating rink with artificial ice and a football field. There is room and equipment for all students who wish to take part in football, hockey, badminton, basket-ball, field hockey, tennis, track athletics, archery, swimming, diving, boxing and wrestling. Good skiing is available about 5 miles from the Univ. proper.

ALUMNI ORGANIZATION. General Alumni Association: membership, 13,810.

UNIVERSITY EXTENSION. Correspondence courses for teachers and others unable to pursue full degree courses in Arts. Candidates for degrees must be in attendance at the Univ. for five Summer Schools (six weeks in July and

Aug.), or two winter sessions, or one winter session and three Summer Schools. (Director: H. L. Tracy, B.A., Ph.D.) The final written exams. are the regular Univ. exams. Extension tutorial classes supplementing the work by correspondence are conducted by members of the Univ. staff and others in various centres. Other activities organized or assisted by the Dept. are: a series of public lectures at the Univ.; a concert series; film service in co-operation with the National Film Board of Canada; short courses and conferences which vary in nature from vocational to cultural; individual lectures by members of staff; material provided for study groups and drama groups; an annual series of vocational and special interest talks given to inmates of Collins Bay and Kingston Penitentiaries; evening non-credit courses in Art, Sculpture, Conversational French, and Salesmanship.

Institut d'Études Anglaises is held each summer for a period of six weeks and is intended particularly for French-speaking Canadians who wish to learn English.

The School of the Fine Arts, including instruction in art, ballet, drama, speech arts, and music, is held each summer for a six weeks' period.

Banking Courses leading to diplomas of Associate or Fellow of the Canadian Banking Association. Tuition by correspondence to members of Canadian Banks.

By agreement with the Ontario Institute of Chartered Accountants, Toronto, the tuition for their course, leading to the Chartered Accountant's certificate, is given by the University.

GENERAL INFORMATION

The Royal Military College of Canada was founded in 1876 at Kingston, Ontario, for the purpose of training cadets in the moral, mental, and physical requirements for entry into the commissioned ranks of the active and reserve sea, land, and air forces. The moral training includes the development of the essential characteristics of discipline and leadership. Mental training includes the fundamental military and scientific knowledge required in all branches of the Services and particularly of the Technical Corps, and to provide a balanced and liberal education in Arts and Sciences. In 1948 the Royal Military College and Royal Roads (established 1941), Victoria, B.C., were

constituted as Canadian Services Colleges to provide a joint educational and training programme for the three armed forces of Canada. The course at the colleges is of four yrs.' duration, of which the first two yrs. may be taken at either the Royal Military College or Royal Roads. The third and fourth yrs. are taken at the Royal Military College only. Cadets who take the first two yrs. at Royal Roads proceed for the last two yrs. of the General or Engineering Course to the Royal Military College. The course is of two types: (a) General Arts; (b) Engineering. In the final year of the latter a cadet may specialize in one of Civil, Chemical, Mechanical, or Electrical Engineering. Graduates may enter the Final Year of Engineering in any one of the four categories in certain Canadian universities.

ADMISSION REQUIREMENTS. An applicant must be over 16 and under 20 years of age on the first day of Jan. of the year of admission; he must offer provincial Jr. Matricn. and provincial Sr. Matricn., or their acceptable equivalents, in English, Algebra, Geom., Trigonometry, Physics, Chem., and either Hist. or a foreign language; and he must pass qualifying examinations in Maths. and in either English or French. An applicant must be a Canadian citizen or other British subject normally resident in Canada.

MILITARY OBLIGATION. Each cadet must undertake to serve after graduation as a commissioned officer in one of the three armed services, in either the Active or Reserve Forces, whichever he may elect.

DIPLOMA. A cadet who successfully completes his four-yr. course is awarded a Diploma of Graduation. The first graduation under the new 1948 amalgamation will take place only in 1952.

FEES. Tuition, \$100.00 per yr.: first yr.—\$450.00 additional, covering uniforms, books, laundry, etc.; each subsequent yr. \$200.00; annual recreation, \$30.00.

SUMMER TERM. All cadets are required to attend training centres of the Services of their choice in order to obtain the necessary Service qualifications.

LIBRARY. 30,000 vols., including the General Crerar German Military Library.

LABORATORIES. Chem., Phys., Civil, Electrical, and Mechanical Engin.

RESIDENCE. All cadets are in uniform and live in residence. Three blocks, providing 400 single and double rooms.

SUMMER SERVICE SCHOOLS. R.M.C. facilities are used in the summer months for jr. officers' courses, C.O.T.C., R.U.F. (R.C.A.F.), and other qualifying courses.

PUBLICATIONS. *Admission Requirements* (annual); *The R.M.C. Review* (annual); *The Marker* (bi-weekly).

GENERAL INFORMATION

St. Dunstan's College, opened in 1855, was by Act of the Prince Edward Island Legislature granted a charter in 1917 as a University "with all and every the usual rights, powers, and privileges of such an institution." From 1892 to 1940, by virtue of affiliation with Laval University, the degrees of that institution were conferred on all those who completed the St. Dunstan's courses and successfully passed the examinations given by Laval Univ., but since 1940 the powers of its charter have been exercised in full and independent action. By virtue of its former privilege with Laval Univ., however, students from classical colleges in Quebec may attend St. Dunstan's for the last 2 yrs. of their baccalaureate course, write the Laval examn., and if successful, obtain the Laval degree. English is the official language used in the lectures at St. Dunstan's.

The college is the Diocesan College of the Roman Catholic Diocese of Charlottetown and is co-educational. There are three residences for the male students, each accommodating about eighty students.

The Canadian Officers' Training Corps has a contingent on the campus and offers to selected students an opportunity to qualify for commissions in the Canadian Army. The University Naval Training Division also has a branch of its programme on the campus through which eligible college students may qualify for commissions in the Royal Canadian Navy (Reserve).

The principal athletic activities on the campus are football, hockey, and basket-ball, and ample facilities are provided for these in football fields, an indoor skating rink, and a large gymnasium.

The students' union co-ordinates all organized student activities on the campus, such as athletics, dramatics, debating, the publishing of the students' magazine, etc.

DEGREES. The courses given are B.A., 4 yrs.; B.Sc., 4 yrs., B.Com., 4 yrs., and on the successful completion of these courses the degrees are conferred. Only three years of the Commerce course given in 1949-50.

ADMISSION REQUIREMENTS. Applicants must present certificates showing the successful completion of the High School course in Prince Edward Island, or the equivalent (Junior Matriculation) from outside the Province.

FEES. Tuition, board, \$300.00 to \$350.00 per yr.

GENERAL INFORMATION

Founded in 1864, the institution was incorporated under the name of "The College of Saint Joseph," with the power to confer degrees, by an Act of the New Brunswick Legislature in 1868. Thirty years later, in 1898, the original charter was amended, the name being changed to "The University of Saint Joseph's College." In 1906, Oxford Univ. admitted St. Joseph's College to the privileges of the Statute of Colonial Universities. In 1928 the legal title was changed to "Saint Joseph's University." The Univ. is conducted by the Fathers of Holy Cross. It is a bilingual institution (French and English-speaking).

LIBRARY, 40,000 vols. **Museum:** Natural History and Acadian History. The Library, Museum, and Archives, the first institution of its kind organized for the benefit of the Acadian population, has specialized in, and contains precious collections on, the History of Acadia.

GENERAL INFORMATION

Sir George Williams College has developed from the formal educational work of the Montreal Young Men's Christian Association inaugurated in 1873. First classes at the University level were offered in 1929 in the evening division, and day courses in Arts, Science, and Commerce were inaugurated in 1932. The members of the first class graduated in 1936 and by 1950 some 1077 degrees had been presented. Throughout this period the College had been conducted under the terms of the charter of the Montreal Young Men's Christian Association (consolidation June 1888). In March 1948, however, the College was granted a specific charter by the Provincial Legislature, establishing it a body corporate and politic, for the purpose of conducting a College or University in the Province of Quebec. Its historic connexion with the Y.M.C.A. is preserved by by-law.

Similar courses are offered and the same standards are maintained in both day and evening divisions, although evening students are required to attend for a longer period to complete degree requirements.

FACULTIES. The facs. of Arts, Science, and Commerce are closely integrated under the general supervision of the Dean of the Coll. To ensure a broad general basis to the educational programme of each faculty, the work of the College as a whole is further organized in four divisions, each supervised by a Sr. Prof. : Natural Science Division—Sr. Professor S. Madras ; Social Science Division—Sr. Professor J. W. Bridges ; Humanities Division—Sr. Professor C. W. Thompson ; Commerce Division—Supervisor, Assoc. Prof. P. T. R. Pugsley.

ENTRANCE REQUIREMENTS. Satisfactory completion of a recognized secondary school programme ; all students must have completed secondary school English, and prospective science students must have completed elementary algebra and plane geometry. Standing must be sufficiently better than mere "pass" to indicate ability for college work. Occasionally, mature students who have not completed secondary school are admitted conditionally, provided that various tests administered by the Coll. indicate that there is likelihood of their being able to follow college studies satisfactorily.

DEGREES AND DEGREE COURSES. 4 yrs. B.A., B.Sc., B.Com. (longer in the evening courses). No higher degrees are awarded. Attendance at lectures is required for all programmes.

DIPLOMAS. 2 yrs. Assoc. Arts, Assoc. Sc., Assoc. Com. (longer in the evening division). 4-yr. course for Dip. in Association Sc. for professional Y.M.C.A. Secretaryship.

FEES. Annually for tuition—Day Division : \$200 ; plus \$15 lab. fee for each course involving lab. work, \$15 student society fee. Evening Division : \$36 for each 8-month subject, \$18 for each 4-month subject, plus \$10 lab. fee for each course involving lab. work, and \$5 student society fee.

USUAL LANGUAGE OF INSTRUCTION. All courses, except language courses, are offered in the English language.

PARTIAL STUDENTS. Non-matriculated students are admitted to evening courses for partial programmes, provided that their background is such that they may follow the courses desired.

VACATION COURSE. A summer session is offered each year in the evening division only, from June 1 to the middle of Sept.

PLACEMENT SERVICE. Placement service for students and graduates offered by the Student Guidance Office in conjunction with National Employment Service.

LIBRARY. 21,846 vols. Open shelf system.

LABORATORIES. Biol., Chem., Electricity and Physics.

RESIDENCE. Men students may reside in the Y.M.C.A. dormitories which occupy space in one of the buildings used by the Coll.

MILITARY TRAINING. College Contingents prepare students for commissions in Canadian Army (Reserve), Canadian Navy (Reserve), and R.C.A.F. Radar and Communications (Reserve).

STUDENT ATHLETIC FACILITIES. Gymnasium and swimming pool.

PUBLICATIONS. *Calendar* (July) ; *The Georgian* (students' weekly newspaper) ; *The Yearbook* (graduating class annual) ; *The Post-Grad* (quarterly of Alumni Assoc.) ; *Georgian Faculty Review* (pub. quarterly by Faculty).

ONTARIO COLLEGE OF ART, Grange Park, Toronto. (Telephone: PL 2846.) Principal—F. S. Haines.

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO, 234 St. George St., Toronto. (Telephone: KI 0134.)

GENERAL INFORMATION

An appropriation of 500,000 acres of land for the support of 4 grammar schools and a Univ. in Upper Canada was made in 1798, and a Royal Charter was granted in 1827 for a "King's College" with the privileges of a Univ., but it was not until 1843 that the College was inaugurated. For early history, see *Yearbook*, 1929.

LIBRARY, 508,736 bound volumes and 158,986 pamphlets. The Library has recently acquired the library of the Royal Canadian Inst., and is consequently especially strong on the scientific side. It has also special collections of French-Canadian lit., of Italian and Spanish *belles-lettres*, and of 18th-century

English lit. Among its MS. collections are the papers of Col. and Mrs. J. G. Simcoe, presented to the Library by Mr. R. S. McLaughlin; and the papers of the Hon. E. Blake, who was Chancellor of the Univ. from 1881 to 1900. The papers of W. L. Mackenzie and Charles Lindsay, and those of Sir Edmund Walker, have been placed in the Library for safe keeping, and may be used by permission of the Librarian.

MUSEUMS. The Royal Ontario Museum, 100 Queen's Park, Toronto 5—*Archæology*: including extensive collections illustrating the arts and skills of primitive peoples; the American Indian; the civilizations of Egypt, Greece, and Rome; arms and armour, ceramics, furniture, textiles, etc. The Chinese Collection covers the entire range of art and archæology, and is outstanding. The Chinese Library of over 50,000 books provides access to the literature of China for the study of these subjects. *Geology and Mineralogy*: including exhibits of Canadian metals from the gold and silver mines; gems and ornamental stones; marbles, radium; and exhibits of Canadian minerals. *Zoology and Palæontology*: including extensive collections of Canadian and foreign animals, birds, fish; many specimens of dinosaurs from Alberta, and thirty murals depicting the development of the earth through the various geological periods.

UNIVERSITY MATRICULATION BOARD. A Board created by the Univs. of Toronto, Queen's, McMaster, W. Ont., and Ottawa conducts and controls their annual Matriculation exams. The Dept. of Educn. of Ontario provides the machinery for holding these exams., and the Registrar of the Dept. is Secy. of the Board. A report signed by all members of the staff of the school concerned as to the standing of their candidates is considered in determining the results of the examn.

For admission to the University the requirements are; (a) the Secondary School Graduation Diploma in the General Course covering English, History, and four optional subjects; and (b) Grade XIII certificate covering English and four optional subjects. The Secondary School Graduation Diploma is usually taken at the end of a 4-yr. Secondary School course and the Grade XIII certificate at the end of the fifth year of this course. The optional subjects of Grade XIII vary according to the course or Faculty which the student desires to enter. In certain cases foreign students may substitute their native language for a language other than English.

Students from the British Isles may apply for admission to Applied Sci. on submitting the Oxford and Cambridge Joint Board School Certificate, or equivalent, indicating "Credit" or better standing in English Lang. and Lit., "Advanced" or "Additional" Maths., Physics, Chem. (not General Sci.), and a foreign lang.

Minimum age for admission to the Faculty of Arts, 16; Med., 17; Appl. Sci., 17; House. Sci., 16; Educn., 19; Forestry, 17; Architecture, 17; Dentistry, 17.

DEGREE COURSES. 1 yr. after B.A.—B.L.S., B.S.W.; 2 yrs.—Phm.B.; 3 yrs.—Pass B.A., Pass B.H.Sc., Mus.Bac., LL.B., B.P.H.E.; 4 yrs.—Honour B.A., B.Com., B.A.Sc., B.Sc. (Med.), B.Sc. (Dent), Honour B.H.Sc., B.Sc.F., B.Sc.Phm., B.S.A.; 5 yrs.—B.Arch., D.D.S., B.Sc.N., and D.V.M.; 6 yrs.—M.D.

The B.Sc. (Med.) may be conferred for special work or investigation as a graduate degree and in certain circumstances for an extra yr.'s work as an undergraduate. Similar regulations govern the B.Sc. (Dent.).

A student who has already graduated in the Faculty of Arts, Med., or Sci. of a Canadian or other recognized Univ. may complete the course in Dentistry in 4 yrs. instead of 5, provided he has covered certain prescribed subjects during his undergrad. course; and persons holding qualifications obtained in Great Britain or Ireland registrable by the Dental Board of the United Kingdom or the B.D.S. of approved Australian Univs. may be admitted to the Fac. of Dentistry without further examn., and to the final D.D.S. examns. on completing one full session in the Fac. of Dentistry.

Higher Degrees. M.A., obtainable by approved course of graduate study extending over 2 yrs. or, in the case of a B.A. in an Honours course, 1 yr.; Ph.D., open to a graduate in Arts or Science of this or another recognized Univ. by pursuing in the Univ. of Toronto an advanced course of study for 3 yrs., exemption from 1 of which may be given in consideration of the candidate having already pursued such a course for 1 yr. A thesis embodying the result of an original investigation is required.

The M.Com., obtainable by approved course of graduate study extending over 1 to 2 yrs.

M.S. obtainable after 3-yr. course open only to graduates in Med. of a recognized Univ. The D.P.H. course (for Med. graduates) covers 11 mos.—1 winter and 1 summer session; the Diploma courses in Radiology and in Psychiatry (for Med. graduates) each cover 12 mos.

The M.A.Sc. may be obtained by one who holds the degree of B.A.Sc. graduate of this Univ. or one who holds an equivalent degree from some other Univ. who pursues a course of advanced study in the Faculty for 1 yr., presents a satisfactory thesis, and passes such examns. as may be prescribed.

The M.Arch. may be obtained by one who holds the degree of B.Arch. or B.A.Sc., or an equivalent degree, under the same conditions as the M.A.Sc. degree.

The professional degrees, C.E., M.E., Mech.E., E.E., Chem.E., Met.E., are open to candidates who, after obtaining the B.A.Sc. or diploma of the Faculty, spend 3 yrs. in the actual practice of one of these branches of engineering, present a satisfactory thesis, and pass examns.

The M.Sc.F. is open to candidates who have obtained the B.Sc.F. or equivalent degree. The course normally requires 2 yrs. if by examn. and 1 yr. if by thesis.

The B.Pæd. is open to candidates holding an approved degree in Arts, Sci., Agric., Engin., or Comm., and a certif. as teacher valid in one of the Provinces of Canada and issued after a regular course in an approved training school or the equivalent of such certif. and course of training. They must attend the Ontario Coll. of Education during two regular Coll. sessions or three summer sessions, with certain exceptions.

The D.Pæd. is open to graduates in Arts, Science, Agric., Engin., or Comm., of any British Univ. who hold the B.Pæd. degree and a teacher's certif. valid in one of the Provinces of Canada and pass prescribed examns. A thesis is also required, and the candidate must have attended one regular session or a summer course.

M.L.S., 1-yr. course open to holders of B.L.S.

M.S.W. (Master of Social Work) is open to grads. who have obtained the B.S.W. degree or its equivalent.

The M.S.A. is open to grads. who have obtained the B.S.A. degree or its equivalent.

The M.Sc. (Dent.) is open to grads. of the Fac. of Dentistry of Univ. of Toronto or those with equivalent standing. It involves at least 2 yrs.' work.

The M.V.Sc. or the D.V.Sc. is open to grads. who have obtained the B.V.Sc. or the D.V.M. degree or its equivalent.

The Mus.Doc. is open to a Mus.Bac. of this or another Univ. of 1 yr.'s standing.

The LL.M. may be obtained by an LL.B. graduate of the Univ. or an approved Univ., of at least 1 yr.'s standing, who passes the prescribed examns. and presents a satisfactory thesis. The D.Jur. is open to candidates who have obtained the LL.M. or its equivalent. It requires 1 yr.'s attendance, examn., and a thesis.

The Univ. publishes annually an announcement of *Graduate Courses*. All communications on the subject must be addressed to the School of Graduate Studies.

TRAINING OF TEACHERS. Courses are provided for Teachers' certificates of several grades, including the Household Science and the Physical Training Teachers'. The Educn. Dept. of Ontario grants certificates on the completion of the prescribed courses, entitling the holders to teach in the High Schools. All

teachers for High Schools and Collegiate Institutes must spend at least 1 yr. in the College of Education.
