Born Austria-Hungary, Feb. 11, 1888.

College of the City of New York, A. B., 1911. State University of Iowa, 1919-1921, Ph.D., 1921.

Tennessee State Normal School, 1912-1919, Professor of Music Education. Carnegie Institute of Technology, 1921—, Professor and Head of the Department of Education and Psychology.

Member, American Psychological Association.

Prolonged infancy: its causes and its significance. *Amer. J. Psychol.*, 1918, **29**, 196-203.

Recent literature on the psychology of the musician. *Psychol. Bull.*, 1921, **18**, 483-489.

An experimental study of the pitch factor in artistic singing. *Psychol. Monog.*, 1922, **31**, No. 140, 260-269.

The validity of tests of musical talent. *J. Comp. Psychol.*, 1923, **3**, 101-121.

Tests of musical feeling and musical understanding. *J. Comp. Psychol.*, 1925, **5**, 31-52.

The elementary course in psychology. *Amer. J. Psychol.*, 1926, **37**, 593-599.

[Ed.] The effects of music. London: Kegan Paul; New York: Harcourt, Brace, 1927. Pp. ix+273.

Instinct and man: a preliminary note on psychological terminology. *Psychol. Rev.*, 1927, **34**, 120-125.

Instinct and intelligence. *Psychol. Rev.*, 1928, **35**, 161-166.

The aesthetic attitude in music. *Psychol. Monog.*, 1928, **39**, No. 178, 162-183.

The beautiful in music. London: Kegan, Paul, 1928. Pp. 140.

Instinct and man. *Scient. Mo.*, 1929, **28**, 531-538.

Human nature. New York: Harpers, 1930. Pp. xviii+504.

SCHOTT, Emmett Lee, Henry Ford Hospital, Detroit, Michigan, U. S. A.

Born Eldon, Mo., Sept. 7, 1900.

University of Missouri, 1918-1923, 1924-1925, S.B., 1922, A.M., 1923, Ph.D., 1925. University of Chicago, summer 1923.

University of Missouri, 1923-1924, Instructor of Educational Psychology. Chicago Central Y. M. C. A. Schools, 1925-1926, Manager of the Personnel Service Bureau. Henry Ford Hospital, 1926—, Psychologist in the Neuropsychiatric Division.

Associate, American Psychological Association. American Association for the Advancement of Science. Michigan Academy of Science, Arts, and Letters. Sigma Xi.

A study of high school seniors of superior ability. *Univ. Mo. Bull.*, 1926, **26**, No. 13. Also in *Educ. Ser.*, 1926, No. 20. Pp. vii+52.

The use of psychometric evaluations. *J. Mich. State Med. Soc.*, 1927, **26**, 362-364.

Variability of mental ratings in retests of neuropsychiatric cases. *Amer. J. Psychiat.*, 1930, **10**, 213-227.

Superior intelligence in patients with nervous and mental illnesses. *J. Abn. & Soc. Psychol.*, 1931, **26**, 94-101.

SCHRAMM, Gregory John, Fu Jen University, School of Education and Department of Psychology, Peiping, China.

Born Newark, N. J., Jan. 9, 1898.

St. Vincent Seminary, Latrobe, Pennsylvania, 1919-1925, Ph.B., 1920, Ph.L., 1921, S.Th.B., 1923, S.Th.L., 1924. Catholic University, 1925-1926, A.M., 1926. Columbia University, 1926-1927, A.M., 1927. Johns Hopkins University, 1927-1929, Ph.D., 1929.

Fu Jen (Catholic) University, 1929-1931, Professor of Education and Psychology, 1929-1930; Dean of the School of Education and Professor of Psychology, 1930-1931.

Associate, American Psychological Association. Member, American Association for the Advancement of Science. Catholic Association for International Peace. Federation of College Catholic Clubs. Catholic Anthropological Conference. American Catholic Philosophical Association. Sigma Xi.

SCHUTTE, Menjes Henry, Womans College of Alabama, Department of Education and Psychology, Montgomery, Alabama, U. S. A.

Born Wilsonville, Ore., Oct. 1, 1883.

Southern Illinois Normal University, 1905-1909, Latin Diploma. University of Illinois, 1911-1916 (intermittently), A.B., 1912, A.M., 1916. University of Chicago, 1919-1923 (intermittently), Ph.D., 1923. Teachers College, Columbia University, summer 1917.

Public Schools, Illinois and Minnesota, 1909-1918 (intermittently), Principal and Teacher of Mathematics, History, and Physics. Kirksville State Teachers College, Missouri, 1919-1920, Head of the Department of Education and Director of Teacher Training. Moorhead State Teachers College, Minnesota, 1920-1922, Professor of Education and Psychology, and Director of Teacher Training. Northern Arizona State Teachers College, 1922-1923, Director of

Teacher Training and Professor of Education. Oregon Normal School, Monmouth, Oregon, 1923-1926, Head of the Department of Education. Womans College, Alabama, 1926—, Head of the Department of Education and Psychology and Director of Summer Session.

Associate American Psychological Association. National Society of College Teachers of Education. National Education Association.

The distribution of time of student-teachers in a teachers college. *J. Educ. Admin. & Supervis.*, 1922, **8**, 215-222.

A mental survey in the training department in the Moorhead State Teachers College. *Amer. School Board J.*, 1922 (Oct., Nov., Dec.). Also in *Bull. Moorhead State Teach. Coll.*, 1926 (Nov. 15).

Distance and the normal school graduate. *J. Educ. Admin. & Supervis.*, 1923, **9**, 558-571.

The Schutte scale for rating teachers. Yonkers, N. Y.: World Book Co., 1923. Pp. 4.

Is there value in the final examination? *J. Educ. Res.*, 1925, **12**, 204-213.

The Schutte English diction test. Bloomington, Ill.: Pub. School Publ. Co., 1926. Manual, pp. 24; test, pp. 16.

The college vs. the home. *A. B. C. Mag.*, 1928, **1**, 3-5, 8, 14.

Students' estimates of their ability and achievement. *J. Genet. Psychol.*, 1928, **35**, 627-629.

A study of diction consciousness of college freshmen. *Peabody J. Educ.*, 1929, **6**, 289-293.

[Ed.] Orientation in education. New York: Macmillan, 1932. Pp. 700 (approximately).

SCHWESINGER, Gladys Clotilde, New York State Training School for Girls, Hudson, New York, U. S. A.

Born Vancouver, B. C., Can.

McGill University of British Columbia, 1909-1912. University of British Columbia, A.B., 1916. Radcliffe College, 1920-1921, A.M., 1921. Columbia University, 1921-1923, Ph.D., 1926.

Boston State Hospital, 1921, Psychologist. New York Post-Graduate Hospital, 1922, Lecturer in Psychology. Public Schools, Montclair, New Jersey, 1923-1924, School Psychologist. Columbia University, Teachers College, 1922, 1925, Research Assistant in the Institute of Educational Research, 1922; 1922, Research Assistant in the Character Education Inquiry, 1925. Chapin Alumnae Health Clinic, 1926, Psychologist. Pelman Institute, 1926-1928, Instructor of Psychology. Friends School, Brooklyn, New York, 1927-1929, School Psychologist. Brooklyn Conference on Adult Education, 1929-1930, Research. Eugenics Research Association, 1929—, Research. New York State Training School for Girls, 1930—, Clinical Psychologist.

Associate, American Psychological Association. Member, American Association for the Advancement of Science.

Social-ethical significance of vocabulary. *Teach. Coll. Contrib. Educ.*, 1926, No. 211. Pp. 73.

Slang as a factor in character. *J. Appl. Psychol.*, 1926, **10**, 245-263.

Why children fail in school. *Parents Mag.*, 1930, **5**, No. 2, 18-19, 48-50.

Significance of the vocabulary in the interview. *Psychol. Clin.*, 1930, **19**, 123-130.

With Schieffelin, B. Mental tests and heredity. New York: Galton Publ. Co., 1930. Pp. ix+298.

SCOFIELD, Carleton Forman, University of Buffalo, Department of Psychology, Buffalo, New York, U. S. A.

Born Trenton, N. J., Aug. 8, 1900.

Wesleyan University, 1917-1921, 1923-1924, A.B., 1921. Cornell University, 1922-1923. Yale University, 1924-1928, Ph.D., 1928.

The Institute of Psychology, Yale University, 1924-1928, Research Assistant. University of Buffalo, 1928—, Assistant Professor of Psychology. *Gamma Alpha Record*, 1928—, National Editor.

Associate, American Psychological Association. Member, American Association for the Advancement of Science.

Perception in the region of the optic disk. *Amer. J. Psychol.*, 1930, **42**, 213-234.

SCOTT, Adelin White, Consulting Psychologist, 23 Lexington Avenue, New York, New York, U. S. A.

Born Tyler, Tex., June 23, 1890.

George Peabody College, 1917-1918, S.B., 1918. Columbia University, 1920-1921, 1923-1925, A.M., 1921, Ph.D., 1929.

West Texas State Teachers College, 1919-1920, 1921-1924, Adjunct Professor of Psychology, 1919-1920; Associate Professor, 1921-1924. Cornell University, 1925-1926, Assistant Professor of Psychology. Texas Technological College, 1926-1929, Associate Professor of Psychology. Consulting and School Psychologist, 1929—.

Associate, American Psychological Association. Member, American Association for the Advancement of Science.

Reading ability and disability of subnormal children. *N. Y. C. Publ.*, 1921. Pp. 18.

A comparative study of responses of children of different nationalities and environments on intelligence and achievement tests. *Teach. Coll. Contrib. Psychol.*, 1929, No. 367. Pp. 30.

SCOTT, John Culbertson, Hahnemann Medical College, Department of Physiology, Philadelphia, Pennsylvania, U. S. A.

Born Cambridge, N. Y., May 25, 1900.

Muskingum College, 1918-1919. Sterling College, Kansas, 1919-1921. University of Montana, 1922-1923, A.B., 1923. University of Pennsylvania, 1924-1929, Ph.D., 1929.

Hahnemann School of Science, 1924-1927, Instructor of Biology. Hahnemann Medical College, 1930—, Assistant Professor of Physiology.

Associate, American Psychological Association.

Systolic blood pressure fluctuations with sex, anger, and fear. *J. Comp. Psychol.*, 1930, **10**, 97-114.

SCOTT, Thurman Carlisle, Ohio University, Department of Psychology, Athens, Ohio, U. S. A.

Born Floyd, Va., Nov. 30, 1895.

University of Virginia, 1915-1917, 1919-1920, 1923-1924, A.B., 1920, A.M., 1924. Princeton University, 1926-1929, A.M., 1927, Ph.D., 1929.

University of Virginia, 1924-1926, Instructor of Psychology. Ohio University, 1929—, Asistant Professor of Psychology.

Associate, American Psychological Association. Member, American Association for the Advancement of Science.

An improved form of stylus maze. *J. Gen. Psychol.*, 1929, **36**, 489-490.

The retention and recognition of patterns in maze learning. *J. Exper. Psychol.*, 1930, **13**, 164-207.

With Nelson, B. B. Factors affecting the reliability of the maze. *J. Gen. Psychol.*, 1932, **6**, 70-89.

SCOTT, Walter Dill, Northwestern University, Evanston, Illinois, U. S. A.

Born Cooksville, Ill., May 1, 1869.

Northwestern University, A.B., 1895. University of Leipzig, 1898-1900, Ph.D., 1900.

Northwestern University, 1900—, Instructor, 1900-1901; Assistant Professor and Director, 1901-1905; Associate Professor and Director, 1905-1907; Professor and Director, 1907-1909; Professor, Head of the Department, and Director of the Psychological Laboratory, 1909—; President, 1920—. University of Chicago, 1910, Lecturer in Psychology. Carnegie Institute of Technology, 1916-1917, Professor of Psychology. *Psychological Bulletin*, 1910-1920, Associate Editor.

Member, American Psychological Association (Council, 1915-1917; President, 1919). LL.D., Cornell College, 1921.

Die Psychologie der Triebe. Halle: H. John, 1900. Pp. 56.

The theory of advertising. Boston: Small, Maynard, 1903. Pp. 240.

The psychology of advertising. *Atl. Mo.*, 1904, **93**, 29-36.

The elements of experimental phonetics. New York & London: Scribner's, 1902. Pp. xvi+627.
How the voice looks. *Century Mag.,* 1902, **63,** 148-154.
Researches in experimental phonetics (second series). *Stud. Yale Psychol. Lab.,* 1902, **10,** 49-81.
Studies of melody in English speech. *Phil. Stud.,* 1902, **19** (Festsch.), 599-615.
A record of the melody of the Lord's Prayer. *Neueren Sprach.,* 1903. Pp. 36.
A new machine for tracing speech curves. *Amer. J. Sci.,* 1903, **15,** 447-449.
Recent researches on the voice. *Med. Rec.,* 1903, **63,** 326-328.
Ueber das Studium der Sprachkurven. *Ann. d. Naturphil. (Ostwald's),* 1904, **4,** 28-48.
Report on the construction of a vowel organ. *Smithsonian Misc. Coll.,* 1905, **47,** 360-364.
Researches in experimental phonetics. The study of speech curves. Washington: Carnegie Instit., 1906. Pp. 204.
Untersuchungen über die Vokale. *Zsch. f. Biol.,* 1906, **30,** 141-219; 1907, **30,** 232-308.
Experiment on subconscious ideas. *J. Amer. Med. Asso.,* 1908, **50,** 521-523.
Detection of the emotions by the galvanometer. *J. Amer. Med. Asso.,* 1908, **50,** 1164-1165.
The treatment of negligent speech by the general practitioner. *Med. Rec.,* 1908, **74,** 257-260.
With Clark, L. P. The epileptic voice sign. *Med. Rec.,* 1908, **74,** 752-755.
Penmanship stuttering. *J. Amer. Med. Asso.,* 1909, **52,** 1480-1481.
With Peterson, F. Psychologische Untersuchungen mit dem Galvanometer. *Münch. med. Woch.,* 1909, **56,** 2476-2479.
Treatment of stuttering. *J. Amer. Med. Asso.,* 1911, **56,** 1168-1171.
Stuttering and lisping. New York: Macmillan, 1912. Pp. xiv+251. (2nd ed., 1923. Pp. 290.)
Speech without a larynx. *J. Amer. Med. Asso.,* 1913, **60,** 1601.
The voices of the deaf: overcoming monotony of pitch by the "Double-Flame Trainer." *Volta Rev.,* 1913, **15,** 3-6.
The voices of the deaf: the strobilion; control of speech by means of sight. *Volta Rev.,* 1913, **15,** 77-80.

The voices of the deaf: graphic records of speech. *Volta Rev.*, 1913, **15**, 139-145.
The voices of the deaf: nasality. *Volta Rev.*, 1913, **15**, 269-275.
The nature of stuttering. *Lancet*, 1916, **191**, 494-495.
A new method of studying the pathology of speech. (Abstract.) *Lancet*, 1916, **191**, 943-944.
Speech without use of larynx. *J. Physiol.*, 1916, **50**, 397-403.
Reaction time in nervous and mental diseases. *J. Ment. Sci.*, 1916, **62**, 698-719.
Records of speech in disseminated sclerosis. *Brain*, 1916, **39**, 455-477.
Demonstration of speech inscriptions from a case of juvenile general paralysis with hypopituitarism. *Proc. Roy. Soc. Med.*, 1916, **10** (Dis. Child.), 10-13.
Inscriptions of speech in cerebral diplegia, with indications of a new method of treatment. *Proc. Roy. Soc. Med.*, 1917, **10** (Dis. Child.), 36-48.
Case of speech without the use of the larynx. *Proc. Roy. Soc. Med.*, 1917, **10** (Laryngol.), 41-42.
Treatment of infantile cerebral diplegia. *Brit. Med. J.*, 1917, **1**, 363.
Stuttering and its treatment. *Nursing Times*, 1917, 1143.
Speech in disease. *Volta Rev.*, 1917, **19**, 314.
The nature of stuttering. *Volta Rev.*, 1917, **19**, 297-298.
Records of speech in general paralysis. *Quar. J. Med.*, 1917, **10**, 20-29.
The nature of stuttering. *Med. World*, 1919, 184.
Speech inscriptions in progressive bulbar paralysis. *Rev. Neur. & Psychiat.*, 1919, **17**, 79-86.
Epilepsy and speech. *Modern Lang.*, 1919-1920, **1**, 132-134.
A visit to Professor Sievers. *Modern Lang.*, 1919-1920, **1**, 189.
Ataxia, asaphia, and apraxia in speech. *J. Neur. & Psychopath.*, 1920, **1**, 124-130.
A case of defective sleep shunt. *Lancet*, 1920, **ii**, 652.
The nature of epilepsy. *Proc. Roy. Soc. Med.*, 1920, **13** (Psychol.), 18-23.
Description of a laryngostroboscope. *Proc. Roy. Soc. Med.*, 1920, **13** (Laryngol.), 127-131.
Inscriptions of speech. *Volta Rev.*, 1920, **22**, 427-437.
Tracings from speech records. *Volta Rev.*, 1920, **22**, 480-487.
The organ of voice. *Volta Rev.*, 1920, **22**, 571-575.
Observation of the glottis. *Volta Rev.*, 1920, **22**, 640-644.
Action of the glottis. *Volta Rev.*, 1920, **22**, 710-714.
Die Betonung im englischen Satz. *Arch. f. d. Stud. d. neurer. Sprach.*, 1921, **162**, 203-208.
The nature of verse. *Brit. J. Psychol.*, 1921, **11**, 225-235.
La parole épileptique. *J. de psychol.*, 1921, **18**, 724-729.
Nature of vowel sounds. *Nature*, 1921, **106**, 631-634, 664-666.
Answer to C. de Wesendonck. *Nature*, 1921, **107**, 12.
Answer to Preston Edwards. *Nature*, 1921, **108**, 82.
The vowel siren. *Volta Rev.*, 1921, **23**, 75-76.
Analysis of vowel curves. *Volta Rev.*, 1921, **23**, 99-103.
The physical nature of the vowel. *Volta Rev.*, 1921, **23**, 149-150.
The Laboratory of Experimental Phonetics At Hamburg. *Volta Rev.*, 1921, **23**, 238.
Peetickay. *Volta Rev.*, 1921, **23**, 300.

Individual differences in motor skills. *J. Gen. Psychol.*, 1930, **3**, 38-66.
The development of motor skills in later youth. *White House Conf. on Child Health & Develop., Sec.* IA: Growth & Develop. *Prelim. Rep.*, 1931, Pt. 4, D, 2, 1-12.

SEEBERG, Elizabeth, Central Clinic, 312 West 9th Street, Cincinnati, Ohio, U. S. A.

Born Latvia, Dec. 1, 1891.

University of Texas, A.B., 1914. University of Wisconsin, 1914-1917, A.M., 1918, Ph.D., 1919.

Associated Charities, Minneapolis, Minnesota, 1919-1922, Clinical Psychologist. University of Minnesota, 1920-1924, Lecturer in Sociology. Child Guidance Clinic, Memphis, Tennessee, 1924-1927, Clinical Psychologist. Central Clinic, Cincinnati, Ohio, 1927-1930, Clinical Psychologist. U. S. Veterans Bureau, Diagnostic Center, 1927—, Consultant. University of Cincinnati, 1928—, Lecturer.

Associate, American Psychological Association. American Orthopsychiatric Association. American Sociological Society.

SEIBERT, Louise Cléret, Goucher College, Department of Romance Languages, Baltimore, Maryland, U. S. A.

Born France, July, 1892.

École Normale, France, 1908-1911, Brevet Supérieur, 1910, C.A.P. Supérieur, 1913. Goucher College, 1918-1920, A.B., 1920. Johns Hopkins University, 1923-1929, Ph.D., 1929.

Academie de Paris, 1914-1918, Teacher. Goucher College, 1920—, Instructor of French, 1920-1929; Assistant Professor, 1929.

Associate, American Psychological Association.

An experiment in learning French vocabulary. *J. Educ. Psychol.*, 1927, **18**, 294-309.

An experiment on the relative efficiency of studying French vocabulary in associated pairs, versus studying French vocabulary in context. *J. Educ. Psychol.*, 1930, **21**, 297-314.

With Wood, B. D. A Columbia Research Bureau Aural French Test. Yonkers, N. Y.: World Book Co., 1931.

A series of experiments on the learning of French vocabulary. *Johns Hopkins Stud. Educ.*, 1931,

SELLING, Lowell Sinn, Illinois Institute of Juvenile Research, Division of the Criminologist, and Medical College, University of Illinois, Department of Social Hygiene, Criminology, and Medical Jurisprudence, Chicago, Illinois, U. S. A.

Born Detroit, Mich., Mar. 17, 1902.

University of Michigan, 1919-1924, A.B., 1922. Columbia University, 1924-1925, 1928-1930, A.M., 1925, Ph.D., 1930. New York University, 1924-1925, 1926-1928, Sc.M., 1925, M.D., 1928. University of California, 1925-1926.

University of California, 1925-1926, Assistant in Physiology. New York University, 1930, Instructor of Psychiatry. University of Illinois, 1930—, Instructor of Criminology.

Associate, American Psychological Association. American Psychiatric Association. American Orthopsychiatric Association. American Sociological Society. Institute for Criminal Law and Criminology. American Medical Association. New York Academy of Science. Illinois Academy of Science. Royal Medico-Psychological Society, England. British Psychological Association. Society for Medical Jurisprudence. New York Society for Clinical Psychiatry.

An experimental investigation of the phenomenon of postural persistence. *Arch. Psychol.*, 1930, **18**, No. 118. Pp. 52.

Psychomotor activity and feeblemindedness. *Psychol. Clin.*, 1930, **19**, 275-284.

SELZER, Charles A., State Teachers College, Department of Education, West Chester, Pennsylvania, U. S. A.

Born Kampsville, Ill., Apr. 30, 1889.

Kingfisher College, A.B., 1917. Oklahoma University, 1923-1924, A.M., 1924. Harvard University, 1925-1929, Ed.M., 1928, Ed.D., 1929.

Harvard University, 1927-1928, Instructor. State Teachers College, West Chester, Pennsylvania, 1928—, Head of the Department of Psychology and Education.

Associate, American Psychological Association. National Education Association.

SEWARD, Georgene Hoffman, Columbia University, Barnard College, New York, New York, U. S. A.

Barnard College, 1920-1923, A.B., 1923. Columbia University, 1923-1928, A.M., 1924, Ph.D., 1928.

Columbia University, 1923-1924 (part-time), Reader of Abnormal Psychology. Post-graduate Hospital, 1923-1925 (part-time), Psychologist, Mental Clinic. Neurological Institute, 1925-1927 (part-time), Assistant Psychologist. New York Children's Court, 1926 (summer), Psychologist. Registered Examiner in Mental Defect, 1926. Columbia University, 1928-1929, Reader of Contemporary and Social Psychology. Hunter College, 1929-1930, Instructor of Education. Barnard College, 1930—, Instructor of Psychology.

Associate, American Psychological Association. Association of Consulting Psychologists. Sigma Xi.

[Hoffman, Georgene J.] An experiment in self-estimaton. *J. Abn. & Soc. Psychol.*, 1923, **1**, 43-49.

Recognition time as a measure of confidence. *Arch. Psychol.*, 1928, **16**, No. 99, Pp. 54.

SHAFFER, Laurance Frederic, Carnegie Institute of Technology. Department of Psychology, Pittsburgh, Pennsylvania, U. S. A.

Born Johnstown, N. Y., Aug. 12, 1903.

Union College, Schenectady, New York, 1920-1924, S.B., 1924. Columbia University,

1925-1928, A.M., 1927, Ph.D., 1930.

The Lincoln School of Teachers College, 1926-1928, Research Associate. New York State College for Teachers, 1927, 1928 (summers), Instructor in Educational Psychology. Carnegie Institute of Technology, 1928—, Assistant Professor of Psychology.

Associate, American Psychological Association.

A learning experiment in the social studies. *J. Educ. Psychol.*, 1927, **18**, 577-591.

The measurement of children's concepts. *J. Educ. Psychol.*, 1928, **19**, 41-44.

Children's interpretations of cartoons; a study of the nature and development of the ability to interpret symbolic drawings. New York: Bur. Publ., Teach. Coll., Columbia Univ., 1930. Pp. 73.

SHARP, Frank Chapman, University of Wisconsin, Department of Philosophy, Madison, Wisconsin, U. S. A.

Born West Hoboken, N. J., July 30, 1866.

Amherst College, A.B., 1887. University of Berlin, 1888-1892, Ph.D., 1892.

University of Wisconsin, 1893—, Instructor, 1893-1896; Assistant Professor, 1896-1904; Associate Professor, 1904-1905; Professor of Philosophy, 1905—.

Member, American Philosophical Association.

The aesthetic element in morality. New York: Macmillan, 1893. Pp. 131.

An objective study of some moral judgments. *Amer. J. Psychol.*, 1898, **9**, 198-234.

A study of the influence of custom on the moral judgment. *Bull. Univ. Wis.*, 1908, No. 236. Pp. 144.

Custom and the moral judgment. *J. Phil., Psychol., etc.*, 1908, **5**, 658-661.

A study of the popular attitude towards retributive punishment. *Int. J. Ethics*, 1910, **20**, 341-357.

Retribution and deterrence in the moral judgments of common sense. *Int. J. Ethics*, 1910, **20**, 438-454.

Some problems in the psychology of egoism and altruism. *J. Phil.*, 1923, **20**, 85-104.

Ethics. New York: Century, 1928. Pp. 566.

SHARP, Winford Lee, College of Wooster, Department of Psychology, Wooster, Ohio, U. S. A.

Born Brownsvalley, Ind., 1890.

Franklin College of Indiana, A.B., 1915. Rochester Theological Seminary, 1915-1918, Graduate. University of Chicago, 1921-1922, 1924-1928, A.M., 1922, Ph.D., 1928.

Hillsdale College, 1923-1924, Acting Associate Professor of Psychology. University of Chicago, 1926-1928, Instructor of Psychology. Denison University, 1928-1930, Assistant Professor, 1928-1929; Associate Professor of Psychology, 1929-1930. College of Wooster, 1930—, Assistant Professor of Psychology.

Associate, American Psychological Association. Member, American Association for the Advancement of Science. Ohio Academy of Science. Sigma Xi.

The floating-finger illusion. *Psychol. Rev.*, 1928, **35**, 171-173.

Disintegrative effects of continuous running and removal of the food incentive upon a maze habit of albino rats. *J. Comp. Psychol.*, 1929, **9**, 405-423.

Visual localization in the horizontal plane. *Denison Univ. Bull., J. Scient. Laboratories*, 1930, **25**, 165-173.

SHAW, Edwin Adams, Tufts College, Department of Education, Tufts College, Massachusetts, U. S. A.

Tufts College, S.B., 1898. Harvard University, 1915-1918, A.M., 1916, Ph.D., 1918.

Tufts College, 1916—, Instructor and Assistant Professor, 1916-1920; Professor and Head of the Department of Education, 1927—. Harvard University, Graduate School of Education, 1920-1927, Assistant Professor. Harvard Psycho-Educational Clinic, 1920-1927, Assistant Director.

Member, American Psychological Association. American Association for the Advancement of Science.

A new picture completion test. *J. Appl. Psychol.*, 1918, **2**, 355-365.

SHELDON, William H., University of Chicago, Graduate School of Medicine, Chicago, Illinois, U. S. A.

Born Providence, R. I., 1899.

Brown University, A.B., 1919. Colorado University, 1922-1923, A.M., 1923. University of Chicago, 1924-1926, 1931-1932, Ph.D., 1926.

University of Texas, 1923-1924, Instructor. University of Chicago, 1924-1926, Instructor. Northwestern University, 1926-1927, Assistant Professor. University of Wisconsin, 1927-1931, Assistant Professor of Psychology.

Associate, American Psychological Association.

The intelligence of Mexican children. *School & Soc.*, 1924, **19**, 139.

Morphologic types and mental ability. *J. Person. Res.*, 1927, **5**, 447-451.

Social traits and morphologic types. *Person. J.*, 1927, **6**, 47-65.

Ability and facial measurements. *Person. J.*, 1927, **6**, 102-112.

SHELLOW, Sadie Myers. Milwaukee Electric Railway and Light Company, Milwaukee, Wisconsin, U. S. A.

Born Salt Lake City, Utah, Jan. 3, 1895.

Smith College, A.B., 1915. University of Utah, 1916-1917, A.M., 1917. Columbia University, 1920-1922, Ph.D., 1923.

School for Atypical Children, Salt Lake City, 1915-1916, Teacher. State of Utah,

Commission for Feebleminded, 1916-1917, Investigator and Field Secretary. Juvenile Court, Salt Lake City, 1917-1918, Psychologist. Juvenile Psychopathic Institute, Cook County, 1918-1920, Assistant Director. Smith College, 1921-1922, Assistant Instructor. Milwaukee Electric Railway and Light Company, 1923—, Psychologist. Milwaukee County Dispensary, 1924-1925, Psychologist in the Mental Hygiene Clinic.

Member, American Psychological Association.

Individual differences in incidental memory. *Arch. Psychol.*, 1922, No. 64. Pp. 53.

Memory and memory training. *Amer. Rev.*, 1924, 30-38.

Psychology applied to industry. *Amer. Rev.*, 1925, 432-442.

Women in industry. *Indus. Psychol.*, 1926, **1**, 283-287.

Selection of motormen: further data on value of tests in Milwaukee. *J. Person. Res.*, 1926, **5**, 155-168.

Intelligence test for stenographers. *J. Person. Res.*, 1926, **5**, 388-389.

With McCarter, W. J. Who is a good motorman? *Person. J.*, 1928, **6**, 338-343.

Tests for station operators. *Person. J.*, 1929, **7**, 396-398.

The accident clinic. *Person. J.*, 1930, **9**, 207-215.

Utilizing the strong vocational interest blank as an aid in interviewing. *Person. J.*, 1931, **9**, 379-384.

Job studies—what they are and why they pay. *System*, 1931, **59**, 284.

How to develop your personality. New York: Harper, 1932. (In press.)

SHEN, Eugene. See China.

SHEPARD, John Frederick, University of Michigan, Department of Psychology, Ann Arbor, Michigan, U. S. A.

Born Greenfield, Ill., Jan. 30, 1881.

St. Lawrence University, S.B. 1901. University of Chicago, 1902-1903. University of Michigan, 1903-1906, Ph.D., 1906.

University of Michigan, 1906—, Instructor, 1906-1911; Assistant Professor, 1911-1915; Associate Professor, 1915-1918; Professor of Psychology, 1918—; Supervisor of Building Plans, 1921-1925.

Member, American Psychological Association. Sc.D., St. Lawrence University, 1925.

Organic changes of feeling. *Amer. J. Psychol.*, 1906, **17**, 522-584.

With Billings, M. L. The change of heart rate with attention. *Psychol. Rev.*, 1910, **17**, 217-228.

With Fogelsonger, H. M. Studies in association and inhibition. *Psychol. Rev.*, 1913, **20**, 290-311.

The circulation of sleep. *Univ. Mich. Publ.*, 1914. Pp. 83+atlas of 63 plates.

Affective phenomena—experimental. *Psychol. Bull.*, 1911, **8**, 158-161; 1912, **9**, 181-186; 1913, **10**, 185-188; 1915, **12**, 169-172; 1916, **13**, 202-205; 1917, **14**, 164-165; 1919, **16**, 243-248.

Habit formation and higher capacities in animals. *Psychol. Bull.*, 1915, **12**, 300-306; 1917, **14**, 283-291; 1919, **16**, 164-177; 1920, **17**, 187-197.

SHEPHERD, William Thomas, Columbia University School, Washington, District of Columbia, U. S. A.

Born Reinersville, Ohio, Feb. 4, 1867.

Gale College, S.B., 1899. Oklahoma State University, A.M., 1905, S.M., 1906. George Washington University, Ph.D., 1910.

Arkansas Normal College, 1906, President. Waynesburg College, 1913-1916, Professor of Philosophy and Psychology, and Dean. Columbia University School, Washington, D. C., 1907-1913, 1916—, Principal, 1907-1913; Principal, President, Superintendent, 1916—.

Member, American Psychological Association (1911-1930). Fellow, American Association for the Advancement of Science. Fellow, Royal Society of Arts (London). British Institute of Philosophical Studies. American Academy of Political and Social Science.

Some mental processes of the Rhesus monkey. *Psychol. Monog.*, 1910, **12**, No. 52. Pp. 66.

The discrimination of articulate sounds by raccoons. *Amer. J. Psychol.*, 1911, **22**, 116-119.

Imitation in raccoons. *Amer. J. Psychol.*, 1911, **22**, 583-585.

Discrimination of articulate sounds by cats. *Amer. J. Psychol.*, 1912, **23**, 461-463.

Concerning the origin of ideas of gods. *J. Rel. Psychol.*, 1914-1915, **7**, 237-244.

On sound discrimination by cats. *J. Anim. Behav.*, 1914, **4**, 70-75.

Concerning the religion of childhood. *J. Rel. Psychol.*, 1915, **7**, 411-416.

Some observations on the intelligence of the chimpanzee. *J. Anim. Behav.*, 1915, **5**, 391-396.

Tests on adaptive intelligence in dogs, and cats, as compared with adaptive intelligence in rhesus monkeys. *Amer. J. Psychol.*, 1915, **26**, 211-216.

Sound discrimination in dogs. *Amer. J. Psychol.*, 1919, **30**, 291-294.

A study of the methods of revivalists. *J. Abn. Psychol.*, 1921, **16**, 137-143.

Some observations and experiments on the intelligence of the chimpanzee and the ourang. *Amer. J. Psychol.*, 1923, **34**, 590-591.

SHERMAN, Irene Case, Frances Willard Hospital, Chicago, Illinois, U. S. A.

Born Peoria, Ill., Oct. 7, 1894.

University of Chicago, 1912-1918, 1923-1924, Ph.B., 1916, Ph.D., 1924.

Children's Memorial Hospital, Chicago, Illinois, 1924-1926, Psychologist. Carnegie Foundation, 1925-1926, Special Investigator. Northwestern University Medical School, 1926-1928, Psychologist. George Washington University, 1928-1929, Lecturer. Frances Willard Hospital, 1929—.

Member, American Psychological Association. Sigma Xi.

Environment as a factor in feeble-mindedness. *Amer. J. Sociol.*, 1918, **23**, 661-670.

The correlation between mental defect and anomalies of the hard palate. *Amer. J. Insan.*, 1919, **75**, 501-520.

The Franz Dot Tapping Test as a measure of attention. *J. Appl. Psychol.*, 1923, **7**, 353-359.

A note on the digit test. *Psychol. Clin.*, 1923, **15**, 124.

A study of Kraepelin's continuous-subtraction test. *J. Abn. & Soc. Psychol.*, 1924, **18**, 385-388.

The suggestibility of normal and mentally defective children. *Comp. Psychol. Monog.*, 1924, **2**, No. 9. Pp. 34.

With Sherman, M. Sensori-motor responses in infants. *J. Comp. Psychol.*, 1925, **5**, 53-68.

The factor of parental attachment in homosexuality. *Psychoanal. Rev.*, 1926, **13**, 32-37.

With Robinson, E. S., Curry, L. E., & Jayne, H. H. F. The behavior of the museum visitor. *Publ. Amer. Asso. Museums*, 1928, No. 5. Pp. 72.

With Sherman, M. The process of human behavior. New York: Norton, 1929. Pp. 227.

With Sherman, M. Birth phantasy in a young child. *Psychoanal. Rev.*, 1929, **16**, 408-419.

SHIMBERG, Myra Esther, Judge Baker Foundation, Boston, Massachusetts, U. S. A.

Born Troy, N. Y., Sept. 22, 1901.

Wellesley College, 1920-1923, A.B., 1922, A.M., 1924. Columbia University, 1924-1925, 1927-1929, Ph.D., 1929.

Wellesley College, 1922-1923, Assistant in Psychology and Philosophy. Judge Baker Foundation, 1923-1924, 1925-1927, 1930—, Clinical Psychologist, 1923-1924; Clinical Psychologist and Research Worker, 1925-1927; Director of Research, 1930—. Bureau of Educational Experiments, New York City, 1929-1930, Clinical Psychologist.

Associate, American Psychological Association. Sigma Xi.

Rôle of kinaesthesis in meaning. *Amer. J. Psychol.*, 1924, **35**, 167-184.

With Lowe, G., & Wood, M. Further standardization of construction tests A and B. *J. Appl. Psychol.*, 1924, **8**, 324-338.

With Lowe, G. Critique of the fables as a moral judgment test. *J. Appl. Psychol.*, 1925, **9**, 53-59.

With Bronner, A. F., Healy, W., & Lowe, G. Manual of individual mental tests and testing. Boston: Little, Brown, 1927. Pp. 278.

Investigation into the validity of norms with special reference to urban and rural groups. *Arch. Psychol.*, 1929, **16**, No. 104. Pp. 84.

SHIRLEY, Mary Margaret, University of Minnesota, Institute of Child Welfare, Minneapolis, Minnesota, U. S. A.

Born Ind., 1899.

Indiana University, A.B., 1922. University of Minnesota, 1924-1927, A.M., 1925, Ph.D., 1927.

Hamline College, 1922-1924, Instructor in Latin. University of Minnesota, 1926—, Instructor of Psychology, 1926-1929; Assistant Professor, Institute of Child Welfare, 1929—.

Associate, American Psychological Association. Sigma Xi.

Studies of activity. I. Consistency of the revolving drum method of measuring the activity of the rat. *J. Comp. Psychol.*, 1928, **8**, 23-38. II. Activity rhythms; age and activity; activity after rest. *J. Comp. Psychol.*, 1928, **8**, 159-186. III. The influence of phosphate feeding on activity; the relation of blood sugar to activity. *Amer. J. Physiol.*, 1928, **83**, 377-383. IV. The relation of activity to maze learning and to brain weight. *J. Comp. Psychol.*, 1928, **8**, 187-195.

Spontaneous activity. *Psychol. Bull.*, 1929, **26**, 341-365.

With Hevner, K. An experiment in teaching laboratory psychology by the project method. *J. Appl. Psychol.*, 1930, **14**, 309-354.

The first two years. A study of twenty-five babies: Vol. I. Postural and locomotor development. (*Univ. Minn. Instit. Child Welfare Monog. Ser.*, No. 6.) Minneapolis, Minn.: Univ. Minn. Press, 1931. Pp. xv+227.

The sequential method for the study of maturing behavior patterns. *Psychol. Rev.*, 1931, **38**, 507-528.

With Goodenough, F. L. A survey of intelligence of deaf children in Minnesota schools. *Amer. Ann. Deaf* (in press).

The first two years. A study of twenty-five babies: Vol. II. Intellectual development. (*Univ. Minn. Instit. Child Welfare Monog. Ser.*, No. 7.) Minneapolis, Minn.: Univ. Minn. Press, 1932. (In press.)

SHOWALTER, Donald Fox, State Agricultural and Mechanical College, Department of Education, Jonesboro, Arkansas, U. S. A.

Born Davenport, Neb., May 4, 1891.

University of Nebraska, 1913-1917, A.B.,

1916, A.M., 1917. State University of Iowa, summers 1921, 1923, 1925, 1926. Kansas University, 1930-1931, Ph.D., 1931.

University of Nebraska, 1916-1917, Laboratory Instructor of Psychology. Kansas State Teachers College, Emporia, Kansas, summer 1924, Instructor of Psychology. Kansas State Agricultural College, summer 1928, Instructor of Psychology. Fort Hays State College, Hays, Kansas, summer 1931, Instructor of Psychology. State Agricultural and Mechanical College, Jonesboro, Arkansas, 1931—, Head of the Department of Education.

Associate, American Psychological Association. Sigma Xi.

A variable-pattern paper maze. *Amer. J. Psychol.*, 1932 (in press).

A qualitative analysis of the learning of human subjects on variable-pattern mazes. *Psychol. Monog.* (in press).

SHUEY, Audrey Mary, New York University, Department of Psychology, Washington Square College, New York, New York, U. S. A.

Born Westfield, Ill., Apr. 22, 1900.

Eastern Illinois State Teachers College, 1918-1919. Rockford College, 1919-1920. University of Illinois, 1920-1922, A.B., 1922. Wellesley College, 1922-1923, A.M., 1923. Columbia University, 1926-1931, Ph.D., 1931. (Laura Spelman Rockefeller Fellow in Child Development, 1926-1927).

Northern Illinois State Teachers College, 1923-1926, Instructor of Psychology. Barnard College, 1927-1929, Lecturer in Psychology. New York University, 1929—, Instructor of Psychology.

Associate, American Psychological Association. Sigma Xi.

The flight of colors. *Amer. J. Psychol.*, 1924, **35**, 559-582.

The effect of varying periods of adaptation on the flight of colors. *Amer. J. Psychol.*, 1926, **37**, 528-537.

The limits of learning ability in kittens. *Genet. Psychol. Monog.*, 1931, **10**, 287-378.

SHULTZ, Irvin Tabor, Butler University, College of Education, Indianapolis, Indiana, U. S. A.

Born Newberg, Ore., Feb. 25, 1892.

Earlham College, A.B., 1918. Columbia University, Teachers College, 1919-1922, A.M., 1922. University of Pennsylvania, 1926-1928, Ph.D., 1928.

Butler University, 1925—, Associate Professor of Education.

Associate, American Psychological Association.

SHUTTLEWORTH, Frank Kayley, Yale University, Department of Education, New Haven, Connecticut, U. S. A.

Born Ocheyedan, Iowa, Feb. 16, 1899.

University of Iowa, 1917-1921, 1922-1925, A.B., 1921, A.M., 1923, Ph.D., 1925.

State University of Iowa, 1925-1928, Research Associate, 1925-1927; Assistant Professor of Character Education, 1927-1928. Yale University, Department of Education, 1929—, Sterling Fellow, 1929-1930; Lecturer in Education, 1930—.

Associate, American Psychological Association.

A new method of measuring character. *School & Soc.*, 1924, **19**, 679-682.

Influence of early religious home training on college sophomore men. *Rel. Educ.*, 1927, **22**, 57-60.

Statistical studies in the judging of the worth of children's character training literature. *Rel. Educ.*, 1927, **22**, 643-646.

The social relations of children. *Psychol. Bull.*, 1927, **24**, 708-716.

The measurement of the character and environmental factors involved in scholastic success. *Univ. Iowa Stud: Stud. Char.*, 1928, **1**, No. 2. Pp. 80.

Environmental and character factors involved in scholastic success; 1926-1927 data. *J. Educ. Psychol.*, 1929, **20**, 424-433.

With Hartshorne, H., & May, M. A. Studies in the organization of character. New York: Macmillan, 1930. Pp. 503.

A decade of progress in measuring character. *J. Educ. Sociol.*, 1930, **4**, 233-241.

Note on the arithmetical accuracy of partials involved in multiple R. *J. Educ. Psychol.*, 1930, **21**, 379-380.

A study of questionnaire technique. *J. Educ. Psychol.*, 1931, **22**, 652-658.

A critique of two graded book lists. *Genet. Psychol. Monog.*, 1932, **11**, 247-317.

SIEVERS, Clement Henry, Eastern Illinois State Teachers College, Department of Education and Psychology, Charleston, Illinois, U. S. A.

Born Moscow, Ida., Jan. 18, 1904.

University of Idaho, 1922-1926, S.B., 1926, S.M., 1926. Stanford University, 1927. University of Iowa, 1929-1931, Ph.D., 1931.

Pacific University, 1927-1929, Professor of Psychology. University of Iowa, 1929-1931, Research Assistant in Child Psychology. Eastern Illinois State Teachers College, 1931—, Instructor of Psychology and Education.

Associate, American Psychological Association. Sigma Xi.

SIMLEY, Ole Andrew, University of Arizona, Department of Philosophy and Psychology, Tucson, Arizona, U. S. A.

Born Black Earth, Wis., Dec. 16, 1892.

Carleton College, 1915-1920, A.B., 1919, A.M., 1920. University of Wisconsin, 1920-1924, 1926-1927, 1930-1931, Ph.D., 1931.

University of Wisconsin, 1921-1924, 1926-1927, Assistant Instructor of Psychology.

Iowa State Teachers College, summers 1924, 1925, Instructor of Psychology. Oberlin College, 1924-1926, Acting Assistant Professor of Psychology. University of Arizona, 1927—, Assistant Professor of Psychology.

Associate, American Psychological Association.

SIMON, Clarence T., Northwestern University, School of Speech, Evanston, Illinois, U. S. A.

Born Newton, Iowa, May 13, 1897.

Wittenberg College, A.B., 1919. Northwestern University, 1922-1924, A.M., 1922. State University of Iowa, 1924-1925, Ph.D., 1925.

Northwestern University, 1920—, Instructor, 1920-1924; Associate Professor, 1925-1927; Professor of the Psychology of Speech, 1927—; Director of the Speech Clinic. *Quarterly Journal of Speech*, 1925-1926, Assistant Editor, 1926—, Associate Editor.

Associate, American Psychological Association. National Association of Teachers of Speech (President, 1931).

Puff *vs.* overtone: a study of vowel formation. *Quar. J. Speech*, 1924, **10**, 214-220.

Variability of consecutive wave-lengths in vocal and instrumental sounds. *Psychol. Monog.*, 1926, **36**, No. 167, 41-83.

An approach to the problem of 'chest resonance.' *Quar. J. Speech*, 1927, **13**, 432-439.

Appreciation in reading. *Quar. J. Speech*, 1930, **16**, 185-193.

SIMPSON, Benjamin Roy, Western Reserve University, School of Education, Cleveland, Ohio, U. S. A.

Born Drumbo, Ont., Can., Aug. 13, 1877.

McMaster University, A.B., 1899. Ontario Normal College, 1899-1900. University of Chicago, 1905-1906. Columbia University, Teachers College, 1906-1908, Ph.D., 1912.

Maxwell Training School for Teachers, 1908-1922, Department of Psychology and Education. Cleveland School of Education, 1922—, Chairman of the Division of Psychology in the Senior Teachers College. Western Reserve University, 1926—, Professor of Education.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. Educational Research Association. National Society for the Study of Education.

Correlations of mental abilities. *Teach. Coll. Contrib. Educ.*, 1912, No. 53. Pp. iv+122.

Reliability of estimates of general intelligence with applications to appointment to positions. *J. Educ. Psychol.*, 1915, **6**, 211-220.

Notes on psychology for teachers. Cleveland, Ohio: Godfrey Holmes, 1927. Pp. 199.

SIMS, Verner Martin, University of Alabama, Department of Psychology, School of Education, University, Alabama, U. S. A.

Born Mount Olivet, Ky., Apr. 12, 1900.

Transylvania College, 1916-1920, A.B., 1920. Yale University, 1923-1926, A.M., 1924, Ph.D., 1926.

Louisiana Polytechnic Institute, 1926-1928, Associate Professor of Psychology and Education. University of Alabama, 1928—, Associate Professor of Psychology.

Associate, American Psychological Association. American Educational Research Association. American Association of University Professors.

With Chapman, J. C. The quantitative measurement of certain aspects of socio-economic status. *J. Educ. Psychol.*, 1925, **16**, 380-390.

Score card for socio-economic status. Bloomington, Ill.: Pub. School Publ. Co., 1927. Pp. 13.

The measurement of socio-economic status. Bloomington, Ill.: Pub. School Publ. Co., 1928. Pp. 33.

The relative influence of two types of motivation on improvement. *J. Educ. Psychol.*, 1928, **20**, 480-484.

A comparison of normal school students with certain other groups. *School & Soc.*, 1929, **30**, 68-70.

The reliability and validity of four types of vocabulary tests. *J. Educ. Res.*, 1929, **20**, 91-96.

The variability of I.Q.'s. for psychopaths compared with normal children. *Psychol. Clin.*, 1930, **19**, 28-31.

The influence of blood relationship and common environment on measured intelligence. *J. Educ. Psychol.*, 1931, **22**, 56-65.

SISK, Thurman Kelley, State Teachers College, Department of Psychology, Livingston, Alabama, U. S. A.

Born Burke Co., N. Car., Feb. 7, 1878.

University of Nashville, 1898-1902, A.B., 1902, George Peabody College, 1917-1925, A.M., 1923, Ph.D., 1925.

Public Schools of Tennessee, 1902-1916, Superintendent and Principal. Tennessee Polytechnic Institute, 1916-1920, Professor of Education. Clemson College, 1920-1924, Assistant Professor of Education. State Teachers College, Livingston, Alabama, 1925—, Dean and Professor of Psychology.

Associate, American Psychological Association. Southern Society for Philosophy and Psychology.

SKAGGS, Ernest Burton, College of the City of Detroit, Department of Psychology, Detroit, Michigan, U. S. A.

Born Gatesville, Tex., July 7, 1893.

University of Michigan, 1912-1916, 1919-1920, 1923, A.B., 1916, S.M., 1920, Ph.D., 1923.

Normal School, Millersville, Pennsylvania, 1916-1919, Instructor. Ohio Wesleyan University, 1920-1922, Assistant Professor. University of Michigan, 1922-1924, Instructor. College of the City of Detroit, 1924—, Professor of Psychology.

Member, American Psychological Association. Midwestern Psychological Association. Michigan Academy of Science.

Correlation between Army Alpha tests and school standing. *J. Educ. Psychol.*, 1920, **11**, 169-171.

Comparison of results obtained by the Terman-Binet tests and the Healy Picture Completion Test. *J. Educ. Psychol.*, 1920, **11**, 418-421.

The relative value of grouped and interspersed recitations. *J. Exper. Psychol.*, 1920, **3**, 424-446.

Elementary text book of mental measurements. Ann Arbor, Mich.: George Wahr, 1923. Pp. 169.

Further studies in retroactive inhibition. *Psychol. Monog.*, 1925, **34**, No. 161. Pp. v+60.

Some preliminary studies in reasoning. *Papers Mich. Acad. Sci., Arts, & Letters*, 1925, **5**, 341-354.

The concept of retroactive inhibition. *Psychol. Rev.*, 1926, **33**, 235-244.

Changes in pulse, breathing, and steadiness under conditions of startledness and excited expectancy. *J. Comp. Psychol.*, 1926, **6**, 303-315.

Some critical comments on certain prevailing concepts and methods used in mental testing. *J. Appl. Psychol.*, 1927, **11**, 503-508.

Dr. Schon on "The elementary course in psychology." *Amer. J. Psychol.*, 1927, **38**, 153-154.

With Eichkern, G. C. Studies of body sway. *Papers Mich. Acad. Sci.*, 1928, **10**, 369-379.

The relation between the length of material and number of repetitions needed to learn. *J. Gen. Psychol.*, 1929, **2**, 150-153.

A note on Dr. Hovey's distraction experiment. *Amer. J. Psychol.*, 1929, **41**, 162-163.

The major descriptive categories of inhibition in psychology. *J. Abn. & Soc. Psychol.*, 1929, **24**, 310-317.

The essential nature and definition of reasoning. *J. Gen. Psychol.*, 1930, **3**, 435-442.

With Grossman, S., Krueger, L., & Krueger, W. C. Further studies of the reading-recitation process in learning. *Arch. Psychol.*, 1930, **18**, No. 114. Pp. 538.

Studies in attention and emotion. *J. Comp. Psychol.*, 1930, **10**, 375-419.

A study of "warming-up" in the case of a task of more complicated perceptual-motor coordination. *J. Appl. Psychol.*, 1931, **15**, 499-511.

The major forms of inhibition in man. Chicago: Univ. Chicago Press, 1931. Pp. 104.

With Jardon, M., & Skaggs, I. S. Attention and bodily sway. *Amer. J. Psychol.*, 1932, **44** (in press).

SKALET, Magda Voyen, Brush Foundation, Western Reserve University, Department of Psychology, Cleveland, Ohio, U. S. A.

Born Mayville, N. Dak., Feb. 18, 1907.

Mayville State Teachers College, 1923-1925. University of Minnesota, 1925-1928, S.B., 1927, A.M., 1928. Johns Hopkins University, 1928-1930, Ph.D., 1930. Columbia University, summer 1929.

University of Minnesota, 1927-1928, Research Assistant in Child Welfare. Johns Hopkins University, 1928-1930, National Scholar in Child Development. Western Reserve University, 1930—, Research Associate in Psychology.

Associate, American Psychological Association. Sigma Xi.

The significance of delayed reactions in young children. *Comp. Psychol. Monog.*, 1931, **7**, No. 34. Pp. 82.

SKINNER, Burrhus Frederic, Harvard University, Biological Institute, Cambridge, Massachusetts, U. S. A.

Born Susquehanna, Pa., Mar. 20, 1904.

Hamilton College, 1922-1926, A.B., 1926. Harvard University, 1928-1931, A.M., 1930, Ph.D., 1931.

Harvard University, 1931-1932, Research Fellow in General Physiology.

Associate, American Psychological Association.

On the conditions of elicitation of certain eating reflexes. *Proc. Nat. Acad. Sci.*, 1930, **16**, 433-438.

With Barnes, T. C. The progressive increase in the geotropic response of the ant *Aphaenogaster*. *J. Gen. Psychol.*, 1930, **4**, 102-112.

On the inheritance of maze behavior. *J. Gen. Psychol.*, 1930, **4**, 342-346.

The concept of the reflex in the description of behavior. *J. Gen. Psychol.*, 1931, **5**, 427-458.

Drive and reflex strength: I. *J. Gen. Psychol.*, 1932, **6**, 22-37.

Drive and reflex strength: II. *J. Gen. Psychol.*, 1932, **6**, 238-248.

SKINNER, Charles Edward, New York University, School of Education, New York, New York, U. S. A.

Born Newark, Ohio, Apr. 24, 1891.

Ohio University, S.B. in Ed., 1914. Cornell University, 1913-1914. University of Chicago, summers 1914-1916, A.M., 1916. New York University, 1922 (summer), 1922-1923, Ph.D., 1923. Columbia University, Teachers College, 1922-1923.

Ohio University, 1914-1919, Assistant Pro-

fessor. Mount Union College, 1919-1920, Professor of Psychology. State Normal School, Indiana, Pennsylvania, 1920-1922, Instructor of Educational Psychology. New York University, 1922-1923, 1925—, Instructor, 1922-1923; Assistant Professor, 1925-1928; Associate Professor of Educational Psychology, 1928-1930; Professor of Education, 1930—. Miami University, 1923-1925, Professor of Education.

Member, American Psychological Association. American Association for the Advancement of Science. National Society for the Study of Education.

Point scale ratings of ninety-three dependent children. *Psychol. Clin.*, 1916, **10**, 168-174.

With Rich, S. G. Visual aids in geography; an experiment. *Elem. School J.*, 1924-1925, **25**, 700.

With Benson, C. E., Lough, J. E., & West, P. V. Psychology for teachers. Boston: Ginn, 1926. Pp. x+390.

Pedagogical implications of untruthfulness. *Rel. Educ.*, 1929, **24**.

SLAWSON, John, Jewish Welfare. Federation, 51 West Warren Avenue, Detroit, Michigan, U. S. A.

Born Russia, Apr. 16, 1896.

Columbia University, S.B., 1920, A.M., 1921, Ph.D., 1924.

New York City Department of Education, 1920-1921, Research Assistant. New York State Board of Charities, 1921-1924, Psychologist. Jewish Welfare Federation, Cleveland, Ohio, 1924-1928, Director of Research and Community Organization. Jewish Welfare Federation, Detroit, Michigan, 1928—, Executive Director.

Associate, American Psychological Association. American Statistical Association. American Sociological Society. American Association of Social Workers.

The reliability of judgment of personal traits. *J. Appl. Psychol.*, 1922, **6**, 161-171.

Marital relation of parents and delinquency. *J. Delinq.*, 1924, **8**, 278-284.

Size of family and male juvenile delinquency. *J. Crim. Law & Criminol.*, 1925, **15**, 631-640.

Psychoneurotic responses of delinquent boys. *J. Abn. & Soc. Psychol.*, 1925, **20**, 261-281.

Differential aspects of Jewish and non-Jewish relief. *Jewish Soc. Serv. Quar.*, 1925, 86-104.

The delinquent boy. Boston: Badger, 1926. Pp. 477.

SLOAN, Louise Littig, The Johns Hopkins Hospital, Baltimore, Maryland, U. S. A.

Born Baltimore, Md.

Bryn Mawr College, 1916-1920, 1921-1922,

1923-1925, A.B., 1920, Ph.D., 1926. The Johns Hopkins University, 1922-1923.

Munsell Research Laboratory, 1925-1927, Research Associate. Bryn Mawr College, 1927-1928, Lecturer in Experimental Psychology. Harvard Medical School, 1928-1929, Research Associate. Johns Hopkins Medical School, 1929—, Instructor in Research Ophthalmology.

Associate, American Psychological Association. Optical Society of America.

Vision: value, chroma, and hue. *Psychol. Bull.*, 1927, **24**, 100-114.

The effect of intensity of light, state of adaptation of the eye, and size of photometric field on the visibility curve. A study of the Purkinje phenomenon. *Psychol. Monog.*, 1928, **38**, No. 173. Pp. 87.

Visual sensations: A review of the literature for 1926 and 1927. *Psychol. Bull.*, 1928, **25**, 201-228.

With Derby, G. A., & Chandler, P. A. A portable adaptometer. *Trans. Amer. Ophthal. Soc.*, 1929, **27**, 110-131.

With Ferree, C. E., & Rand, G. Sensitive methods for the detection of Bjerrum and other scotomas. *Arch. Ophthal.*, 1931, **5**, 224-260.

The paracentral field in early glaucoma. *Arch. Ophthal.*, 1931, **5**, 601-622.

SLOCOMBE, Charles Spencer, 76 Oxford Street, Cambridge, Massachusetts, U. S. A.

Born Ilfracombe, North Devon, England. University of New Zealand, S.B., 1919. University of London, 1923-1926, Ph.D., 1926.

Columbia University, 1926-1927, Research Associate. Personnel Research Federation, New York, New York, 1927—, Chief Investigator, Industrial Counsellors.

Associate, American Psychological Association.

The constancy of 'g,' general intelligence. *Brit. J. Psychol.*, 1926, **17**, 93-110.

The influence of practice in mental tests. *Forum Educ.*, 1926, **4**, 1-7.

The measurement of intelligence. *J. Educ. Psychol.*, 1926, **17**, 600-607.

A note on the results obtained from Iowa Chemistry Tests. *J. Chem. Educ.*, 1927, **4**, 894-896.

The Spearman prophecy formula. *J. Educ. Psychol.* 1927, **18**, 125-126.

A further note on the use of the Spearman prophecy formula: a correction. *J. Educ. Psychol.*, 1927, **18**, 347-348.

Why the IQ is not, and cannot be constant. *J. Educ. Psychol.*, 1927, **18**, 421-423.

On mental testing—a pragmatic theory. *J. Educ. Psychol.*, 1928, **19**, 1-24.

Three points of interest to mental test constructors. *Brit. J. Psychol.*, 1928, **19**, 31-33.

Truman L. Kelley measures mental traits. *J. Educ. Psychol.*, 1928, **19**, 497-501.

With Brakeman, E. E. Review of recent experimental results relevant to the study of individual accident susceptibility. *Psychol. Bull.*, 1929, **26**, 15-38.

With Brakeman, E. E. A readily adaptable apparatus for giving and recording stimuli and responses. *Amer. J. Psychol.*, 1929, **41**, 298-300.

With Brakeman, E. E. Psychological tests and accident proneness. *Brit. J. Psychol.*, 1930, **21**, 30-38.

SMALL, Willard Stanton, University of Maryland, College of Education, College Park, Maryland, U. S. A.

Born North Truro, Mass., Aug. 24, 1870. Tufts College, 1890-1896, A.B., 1894, A.M., 1897. Clark University, 1897-1901, Ph.D., 1900.

Lombard College, 1896-1897, Professor of English. Michigan State Normal College, 1901-1902, Acting Professor of Psychology. Los Angeles State Normal School, 1902-1904, Head of Department of Education and Practice Teaching. San Diego, California, Public School, 1904-1905, Superintendent of City Schools. Paterson, New Jersey, Public School, 1905-1906, Principal Elementary School. Washington, D. C., Public Schools, 1906-1918, Principal of Eastern High School. United States Government, 1918-1923, Bureau of Education and Interdepartmental Social Hygiene Board. University of Maryland, 1923—, Dean of the College of Education.

Notes on the psychic development of the young white rat. *Amer. J. Psychol.*, 1899, **11**, 80-100.

An experimental study of the mental processes of the rat. I. *Amer. J. Psychol.*, 1900, **11**, 135-165.

An experimental study of the mental processes of the rat: II. *Amer. J. Psychol.*, 1901, **12**, 206-239.

SMELTZER, Clarence Harry, Temple University, Department of Psychology, Philadelphia, Pennsylvania, U. S. A.

Born Bellifonte, Pa., Sept. 4, 1900.

Pennsylvania State College, 1918-1920. Teachers College, Columbia University, 1920-1924, S.B., 1922, A.M., 1923. Ohio State University, 1929-1931, Ph.D., 1931.

Temple University, 1924-1929, 1931—, Instructor, 1924-1929; Assistant Professor of Psychology, 1931—. Ohio State University, 1929-1931, Instructor of Psychology.

Associate, American Psychological Association. American Association of University Professors. National Society of College Teachers of Education.

A method of determining what college students consider their own difficulties. *School & Soc.*, 1930, **32**, 709-710.

SMITH, Franklin Orion, University of Montana, Department of Psychology, Missoula, Montana, U. S. A.

Born Macon Co., Ill., Feb. 22, 1867.

Iowa State Teachers College, Di.M., 1903. State University of Iowa, 1904-1907, 1910-1912, A.B., 1906, A.M., 1907, Ph.D., 1912.

University of Utah, 1912-1915, Assistant Professor. University of Montana, 1915—, Professor and Head of the Department.

Member, American Psychological Association. Member, American Association for the Advancement of Science. National Education Association. Northwest Scientific Association.

A rational basis for determining fitness for college entrance. *Ped. Sem.*, 1912, **10**, 137-153.

The effect of training in pitch discrimination. *Psychol. Monog.*, 1914, **16**, No. 69, 67-103.

A silent reading survey. *Inter-Mt. Educ.*, 1921, **17**, 51-55.

An experimental study on retinal sensitivity and discrimination for purple under different degrees of intensity of stimulation. *J. Exper. Psychol.*, 1925, **8**, 381-397.

Differential reactions of human beings in the maze. *Ped. Sem.*, 1927, **34**, 394-405.

Variations in the galvanic response. *Psychol. Monog.*, 1931, **41**, No. 187, 142-152.

SMITH, Margaret Keiver, 1436 South Washington Avenue, Saginaw, Michigan, U. S. A.

Born Amherst, N. S., Can., Jan., 1846.

Stoy's School and University of Jena, 1885-1887. University of Göttingen, 1896-1897. University of Zurich, Ph.D., 1900. Clark University, 1900-1901, Honorary Fellow.

New York State Normal School, New Paltz, 1901-1909, Director of Psychology and Geography; 1918, Instructor of Languages.

Member, American Psychological Association.

Rhythmus und Arbeit. *Phil. Stud.*, 1900, **16**, 71-133, 197-305.

The psychological and pedagogical aspect of language. *Ped. Sem.*, 1903, **10**, 438-458.

On the reading and memorizing of meaningless syllables presented at irregular time intervals. *Amer. J. Psychol.*, 1907, **18**, 504-513.

Sixty-two days' training of a backward boy. *Psychol. Clin.*, 1908, **2**, 1-4, 29-47.

The training of the backward boy. *Psychol. Clin.*, 1908, **2**, 134-150.

SMITH, Stevenson, University of Washington, Department of Psychology, Seattle, Washington, U. S. A.

Born Philadelphia, Pa., Apr. 29, 1883.

University of Pennsylvania, 1900-1905, summers 1907-1909, S.B., 1904, Ph.D., 1909. Heidelberg, Spring 1905. Columbia University, 1905-1906.

Hampden Sidney College, 1906-1911, Professor of Psychology. University of Washington, 1911—, Assistant Professor, 1911-1913; Associate Professor, 1913-1915; Professor of Psychology and Director of the Psychological Laboratory, 1915—; Head of the Department of Child Welfare.

Member, American Psychological Association. Western Psychological Association (President, 1930-1931).

Limits of educability in paramoecium. *J. Comp. Neur. & Psychol.*, 1908, **8**, 495-510.

The threshold of recitified perception as a clinical test. *J. Phil., Psychol., etc.*, 1908, **5**, 207-208.

Is sterilization a cruel and unusual punishment? *J. Crim. Law & Criminol.*, 1912,

With Wilkinson & Wagoner. *Summary of* the laws of the several states governing: 1. marriage and divorce of the feeble-minded, the epileptic, and the insane; 2. asexualization; 3. institutional commitment and discharge of the feeble-minded and the epileptic. *Bull. Univ. Wash.*, 1914, No. 82. Pp. 87.

Regulation in behavior. *J. Phil., Psychol., etc.*, 1914, **9**, 320-326.

Right and left handedness. *Psychol. Bull.*, 1914, **11**, 400-402.

Right and left handedness. *Psychol. Bull.*, 1916, **13**, 429-430.

With Guthrie, E. R. General psychology in terms of behavior. New York: Appleton, 1921. Pp. xii+270.

Exhibitionism. *J. Abn. & Soc. Psychol.*, 1922, **17**, 206-209.

Recognition and recall. *Psychol. Rev.*, 1927, **34**, 28-33.

The frequency of postural scoliosis. *J. Amer. Med. Asso.*, 1927, **88**, 242.

A scale of individual tests. *Univ. Wash. Publ. in Soc. Sci.*, 1927, **2**, 183-204.

With Powers, F. F. The relative value of vocabulary and sentence practice for language learning. *J. Soc. Psychol.*, 1930, **1**, 451-462.

Influence of illness during first two years on early development. *J. Genet. Psychol.*, 1931, **39**, 284-286.

SMITH, Wiley Francis, University of South Carolina, Department of Psychology, Columbia, South Carolina, U. S. A.

Born Milan, Tenn., Sept. 26, 1897.

Union University, 1919-1924, A.B., 1924. George Peabody College, 1927-1931, A.M., 1928, Ph.D., 1931.

George Peabody College, 1930-1931, Instructor of Psychology. University of South Carolina, 1931—, Adjunct Professor of Psychology.

Associate, American Psychological Association. Member, American Association for the Advancement of Science. Southern Society for Philosophy and Psychology.

With Peterson, J. The range and modifiability of consonance in certain musical intervals. *Amer. J. Psychol.*, 1930, **42**, 561-572.

The relative quickness of visual and auditory perception. *J. Exper. Psychol.*, 1932 (in press).

SNODDY, George Samuel, Indiana University, Bloomington, Indiana, U. S. A.

Born Emporia, Kan., Apr. 21, 1882.

University of Kansas, 1908-1913, A.B., S.B., 1912, A.M., 1913. Clark University, 1913-1915, Ph.D., 1915.

University of Utah, 1915-1925, Associate Professor, 1915-1918; Professor of Psychology, 1918-1925. Indiana University, 1925—, Professor of Psychology.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. Sigma Xi.

An experimental investigation of trial and error learning in human subjects. *Psychol. Monog.*, 1920, **28**, No. 124. Pp. 81.

An experimental investigation of conditions of voluntary control. *Utah Acad. Sci.*, 1921.

With Hyde, G. E. Mental survey of Utah schools and adaptation of the army beta tests. Salt Lake City, Utah: Univ. Utah, 1921. Pp. 28.

Mental survey of Utah schools. *Univ. Utah Publ. Psychol.*, 1922, **1**.

Learning and stability. *J. Appl. Psychol.*, 1926, **10**, 1-36.

SNOW, Adolph Judah, 500 Sheridan Road, Evanston, Illinois, U. S. A.

Born Rzeszow, Poland, Jan. 9, 1894.

Ohio State University, 1912-1917, A.B., 1916, A.M., 1917. Columbia University, 1917-1919, Ph.D., 1919.

Columbia University, 1918-1920, Instructor. University of Pittsburgh, 1920-1921, Assistant Professor. Northwestern University, 1921—, Instructor, 1921-1925; Lecturer, 1925-1927; Professional Lecturer, 1927—. Yellow Cab Company, Chicago, Illinois, 1924-1928, Director of the Psychological Laboratory. Yellow Truck and Coach Manufacturing Company, General Motors Corporation, 1926-1928, Consulting Psychologist. Sears, Roebuck & Company, 1928—, Director of Merchandise Development, General Merchandise Office.

Member, American Psychological Association. American Philosophical Association. British Psychological Association.

A psychological basis for the origin of religion. *J. Abn. & Soc. Psychol.*, 1922, **17**, 254-261.

Problems in psychology. New York: Holt, 1923. Pp. iv+115.

Labor turnover and mental alertness. *J. Appl. Psychol.*, 1923, **7**, 285-290.

An advanced course in experimental psychology applied to advertising. *J. Appl. Psychol.*, 1923, **7**, 360-363.

Spinoza's use of the "Euclidean form" of exposition. *Monist*, 1923, **33**, 473-480.

Descartes methods. *Monist*, 1923, **33**, 611-619.

Newton's objection to Descartes astronomy. *Monist*, 1924, **34**, 542-558.

An experiment in the validity of judging human ability. *J. Appl. Psychol.*, 1924, **8**, 339-346.

The fallacies of phrenology and physiognomy. *Success*, 1924, 24-37.

Psychology in economic theory. *J. Pol. Econ.*, 1924, **33**, 487-497.

Reduction of automobile accidents by use of psychological tests. *J. Soc. Auto. Eng.*, 1925, **17**, 163-166.

Psychology in business relations. Chicago: Shaw, 1926. Pp. xv+562. (2nd ed. New York: McGraw-Hill, 1930. Pp. xii+529.)

The reading guide to business. Chicago: Shaw, 1926. Pp. 269-282.

Tests for chauffeurs. *Indus. Psychol.*, 1926, **1**, 30-45.

Factors in sales success. *Indus. Psychol.*, 1926, **1**, 354-361.

An approach to the psychology of motives. *Amer. J. Psychol.*, 1926, **37**, 129-131.

Tests for transportation pilots. *J. Appl. Psychol.*, 1926, **10**, 37-51.

Psychology in personal selling. Chicago: Shaw, 1926. Pp. xvi+620.

Matter and gravity in Newton's physical philosophy. London: Oxford Univ. Press, 1926. Pp. 256.

Intelligence in labor turnover in the taxicab industry. *Indus. Psychol.*, 1927, **2**, 191-195.

A course for the training of salesmen. (6 vols.) Chicago: Shaw, 1927. Pp. 125.

Managing a retail business. (*Manage. Ser.*, No. 750.) Sec. 9: Merchandising; Sec. 10: The customer. Chicago: Shaw, 1928. Pp. 206-226; 227-259.

Effective selling. (3 vols.) Chicago: Shaw, 1929. Pp. xii+380; xii+151; 152-278; 279-380.

SNYDER, Aaron Moyer, Columbia University, New York, New York, U. S. A.

Born Reading Pa., July 18, 1876.

Franklin and Marshall College, A.B., 1903. University of Pennsylvania, 1907-1910, Ph.D., 1910.

University of Pittsburgh, 1911-1928, Instructor, Professor of Psychology. New York University, 1928-1929, Professor of Psychology. Columbia University, 1929—, Educational Adviser.

Member, American Psychological Association. American Association of University Professors.

With Snyder, M. A. Preliminary study in eye-preference tendencies. *J. Educ. Psychol.*, 1928, **19**, 431-433.

Eye-preference test. Eye-curvature test. New York: Author, 1928.

Near and far sightedness test. Color-blindness test. Color-after-image test. Spec-

ial abilities tests. Three motor tests (tapping, dotting and tracing). New York: Author, 1928.
With Snyder, M. A. Toys the year round. *Parents Mag.*, 1929, **4**, No. 6, 29, 64-65.
With Snyder, M. A. Correcting behavior problems through play. *Parents Mag.*, 1929, **4**, No. 10, 16, 55-57.
With Snyder, M. A. Correcting emotional problems through play. *Parents Mag.*, 1929, **4**, No. 11, 24, 64-66.

SOMMERVILLE, Richard Clarke, Lynchburg College, Lynchburg, Virginia, U. S. A.

Born White Post, Va., Oct. 12, 1875.

Hampden-Sydney College, 1891-1896, A.B., 1895, A.M., 1896. Harvard University, summer 1904. Columbia University, 1919-1924, Ph.D., 1924.

Greenbrier College, 1911-1916, President. Texas Presbyterian College, 1916-1918, President. Arkansas College, 1919-1923, Professor of Psychology. Louisiana College, 1924-1925, Professor of Psychology and Education. Southwestern College, 1925-1928, Professor of Philosophy. Lynchburg College, 1928—, Professor of Psychology and Philosophy.

Associate, American Psychological Association. American Association for the Advancement of Science. Southern Society for Philosophy and Psychology. Virginia Academy of Science. Tennessee Academy of Science. Archeological Institute of America.

Physical, motor and sensory traits. *Arch. Psychol.*, 1924, No. 75. Pp. 108.

SORENSON, Herbert, University of Minnesota, Department of Psychology, Minneapolis, Minnesota, U. S. A.

Born Dawson, Minn., Apr. 12, 1898.

University of Minnesota, 1922-1924, 1925-1928, S.B., 1924, A.M., 1925, Ph.D., 1928.

University of Minnesota, 1925—, Assistant, 1925-1926; Instructor, 1926-1928; Assistant Professor of Educational Psychology, 1928-1931.

Associate, American Psychological Association. Member, American Association for the Advancement of Science.

High school subjects as conditioners of college success, with implications and theories concerning mental factors and faculties. *J. Educ. Res.*, 1929, **19**, 237-254.
Why teaching success does not correlate highly with measured intelligence. *Educ. Admin. & Supervis.*, 1929, **15**, 602-605.
With Almy, H. C. A teacher rating scale of determined reliability and validity. *Educ. Admin. & Supervis.*, 1930, **16**, 179-186.
How to control behavior through school situations. *Nation's Schools*, 1930, **5**, 53-54.
Adult ages as a factor in learning. *J. Educ. Psychol.*, 1930, **31**, 451-459.
Some extra-mural and intra-mural comparisons in college ability and achievement. *J. Educ. Res.*, 1931, **23**, 43-46.
The pedagogy of visual education. *Amer. Cinematographer*, 1931, **11**, 13-22.
Some factors for pupil control measured and related. *J. Educ. Psychol.*, 1932, **23**, 1-10.

SOUTH, Earl Bennett, New York State College, Department of Psychology, Albany, New York, U. S. A.

Born Troy, Ohio, Aug. 18, 1897.

Ohio University, Athens, 1917-1921, S.B. in Ed., 1921. Ohio State University 1923-1924, 1925-1927, A.M., 1924, Ph.D. 1927.

Ohio University, 1920-1925, Student Instructor of Paidology and Psychology, 1920-1921; Instructor of Psychology, 1921-1923; Assistant Professor of Psychology, 1923-1925. Ohio State University, 1925-1927, Instructor of Psychology. New York State College, 1927—, Assistant Professor of Psychology and Education, Division of Tests and Measurements.

Associate, American Psychological Association. American Association of University Professors.

Some psychological aspects of committee work. I. *J. Appl. Psychol.*, 1927, **11**, 348-368.
Some psychological aspects of committee work. II. *J. Appl. Psychol.*, 1927, **11**, 437-464.
With Clark, G. Y. Some uses of psychological tests in schools of nursing. *Amer. J. Nursing*, 1929, **29**, No. 12.

SPENCE, Ralph B., Columbia University, Teachers College, Department of Education, New York, New York, U. S. A.

University of Wisconsin, A.B., 1922. Columbia University, Teachers College, 1923-1927, A.M., 1924, Ph.D., 1927.

Columbia University, Teachers College, 1925—, Instructor, 1925-1927; Assistant Professor of Education, 1927—.

Associate, American Psychological Association.

The improvement of college marking systems. *Teach. Coll. Contrib. Educ.*, 1927. Pp. vi+89.
With Watson, G. B. Sketches in and out of school: a collection of case studies for teachers of educational psychology. New York: Author, 1927. Pp. vii+286.
Factors related to college achievement. *Teach. Coll. Rec.*, 1928, **29**, 504-514.
The improvement of college marking systems. *School & Soc.*, 1928, **28**, 224-227.

A new psychology after the manner of Einstein. *Scient. Mo.*, 1930, **30**, 156-163.

The evolution of the creative imagination. *Scient. Mo.*, 1931, **32**, 447-453.

The influence of hue on apparent visual movement. *Amer. J. Psychol.*, 1931, **43**, 39-64.

Law as a major field for psychological investigation. *J. Abn. & Soc. Psychol.*, 1931, **26**, 314-323.

An interesting case of human behavior after loss of brain tissue. *J. Gen. Psychol.*, 1932, **6**, 206-208.

STALNAKER, Elizabeth Mattingly, West Virginia University, Department of Psychology, Morgantown, West Virginia, U. S. A.

Born Gaithersburg, Md., Dec. 3, 1882.

West Virginia University, A.B., 1902.

Columbia University, 1912-1913, summers 1913-1914, A.M., 1915. The Johns Hopkins University, 1921-1923, Ph.D., 1923. Colorado State Teachers College, summer 1919.

Shepherd College, 1902-1907, Head of the Department of Modern Languages. Fairmont Normal School, 1907-1915, Head of the Department of Modern Languages. Marshall College, 1915-1925, Head of the Department of Psychology. West Virginia University, 1925—, Associate Professor of Education, 1925-1927; Professor of Philosophy and Psychology, 1927—.

Associate, American Psychological Association.

A comparison of certain physical and mental measurements of school children and college students. *J. Comp. Psychol.*, 1923, **3**, 181-239, 431-468.

With Roller, R. D., Jr. A study of one hundred non-promoted children. *J. Educ. Res.*, 1927, **16**, 265-270.

The effect of attendance at a town school on scores of standardized tests made by rural children. *Publ. W. Va. Acad. Sci.*, 1930.

STANFORTH, Allan Thurman, Pennsylvania College for Women, Department of Psychology, Pittsburgh, Pennsylvania, U. S. A.

Born Martinsville, Ohio, June 27, 1889.

Lebanon University, 1909-1911. Muskingum College, 1913-1914, S.B., 1914. New York University, 1926-1928, A.M., 1927, Ph.D., 1928.

Public Schools, West Virginia, 1915-1927, Superintendent. Indiana University, 1928-1929, Director of Supervised Teaching. Colorado University, 1929-1930, Director of Supervised Teaching. Pennsylvania College for Women, 1930—, Head of the Department of Psychology.

Associate, American Psychological Association. American Association of University Professors.

A study in social attitudes of a group of high-school boys and girls. *School & Soc.*, 1927, **26**, 723-726.

Opinions of ministers toward education. *J. Educ. Sociol.*, 1928,

Measuring the work of the high school. *Bull. School Educ., Ind. Univ.*, 1928.

With Franzen, K. F. G. The observation and practice of teaching. (3rd ed.) Columbus, Ohio: School Specialty Print., 1929. Pp. 100.

STANTON, Hazel Martha, Eastman School of Music, University of Rochester, Rochester, New York, U. S. A.

Born Stromsburg, Neb., July 16, 1890.

University of Nebraska, A.B., 1912. University of California, 1916-1917. State University of Iowa, 1917-1921, A.M., 1918, Ph.D., 1921.

University of Iowa, 1920-1921, Instructor of Psychology. University of Rochester, Eastman School of Music, 1921—, Psychologist in Music, 1921—; Professor of Psychology, 1930—.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. National Music Supervisors' Association. Personnel Research Federation. American Association of University Professors. Sigma Xi.

The inheritance of specific musical capacities. *Psychol. Monog.*, 1922, **31**, No. 140, 157-204.

An experimental investigation of musical inheritance. *Eugenics, Genet., & the Family*, 1923, **1**, 239-242. Plate 6, Heredity of musical ability.

Psychological tests of musical talent. Rochester, N. Y.: Univ. Rochester, 1925. Pp. 48.

Measuring musical talent. Seashore tests as administrative aids. *Person. J.*, 1928, **7**, 286-292.

Seashore measures of musical talent. *Psychol. Monog.*, 1928, **39**, No. 178, 135-144.

Prognosis of musical achievement. Rochester, N. Y.: Univ. Rochester, 1929. Pp. 89.

Psychological tests—a factor in admission to the Eastman School of Music. *School & Soc.*, 1929, **30**, 889-891.

With Koerth, W. Musical capacity measures of adults repeated after music education. *Univ. Iowa Stud.: Ser. Aims & Prog. Res.*, 1930, No. 31, 1-18.

Research in music: looking forward thirty years. *Univ. Iowa Stud.: Ser. Aims & Prog. Res.*, 1931, No. 33, 136-138.

STARBUCK, Edwin Diller, University of Southern California, University Park, Los Angeles, California, U. S. A.

Born Bridgeport, Ind., Feb. 20, 1866.

Indiana University, A.B., 1890. Harvard University, 1893-1895, A.M., 1895. Clark University, 1895-1897, Ph.D., 1897. University of Zürich, 1904-1905.

Vincennes University, 1891-1893, Professor of Mathematics. Stanford University, 1897-1904, Assistant Professor of Education. Earlham College, 1904-1906, Professor of Philosophy. State University of Iowa, 1906-1930, Professor of Philosophy, 1906-1924; Director of the Research Station in Character Education, 1924-1930. University of Southern California, 1930—, Professor of Philosophy.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. American Philosophical Society. National Society for the Scientific Study of Education. National Education Association.

A study of conversion. *Amer. J. Psychol.*, 1897, **8**, 268-308.

Contributions to the psychology of religion. *Amer. J. Psychol.*, 1897, **9**, 70-124.
The psychology of religion. An empirical study of the growth of religious consciousness. London: W. Scott, 1899. Pp. 423.
The feelings and their place in religion. *Amer. J. Rel. Psychol. & Educ.*, 1904, **1**, 168-186.
The child mind and child religion. *Biblical World*, 1908, 8-22, 101-112.
Religionspsychologie, empirische Entwicklungsstudie religiösen Bewusstseins. Leipzig: Klinkhardt, 1909. Pp. xi+196; vii +259.
The play instinct in religion. *Homiletic Rev.*, 1909, 273-279.
Moral training in Iowa. *Rel. Educ.*, 1911-1912, **6**, 84-93.
The psychology of conversion. *Expository Times*, 1914, 219-223.
The intimate senses as sources of wisdom. *J. Rel.*, 1921, **1**, 129-145.
G. Stanley Hall as a psychologist. *Psychol. Rev.*, 1925, **32**, 103-120.
With others. Character education. (Report of committee on character education of the National Education Association.) *U. S. Bur. Educ. Bull.*, 1926, No. 7. Pp. vi+89.
An empirical study of mysticism. *Proc. 6th Int. Cong. Phil.*, 1927, 87-94.
Guide to books for character in several volumes: Vol. I. Fairy tale, myth, and legend; Vol. II. Fiction; Vol. III. Biography. New York: Macmillan, 1928, 1930, 1931. Pp. xiii+389, x+579.
Religious psychology and research methods. *Rel. Educ.*, 1929, **24**, 874-876.
[Ed.] The wonder road: Vol. I. Familiar haunts; Vol. II. Enchanted paths; Vol. III. Far horizons. New York: Macmillan, 1930. Pp. 214; 209; 265.

STARCH, Daniel, 1374 Massachusetts Avenue, Harvard Square, Cambridge, Massachusetts, U. S. A.

Born LaCrosse, Wis., Mar. 8, 1883.

Morningside College, A.B., 1903. State University of Iowa, 1903-1906, A.M., 1904, Ph.D., 1906. Harvard University, 1907-1908.

State University of Iowa, 1906-1907, Instructor of Psychology. Wellesley College, 1907-1908, Instructor of Experimental Psychology. University of Wisconsin, 1908-1920, Instructor, 1908-1912; Assistant Professor, 1912-1917; Associate Professor of Psychology, 1917-1920. University of Washington, summer 1915, Professor of Educational Psychology. Harvard University, 1920-1926, Assistant Professor, 1920-1923; Associate Professor of Business Psychology, 1923-1926. New York University, summer 1922, Professor of Educational Psychology. American Association of Advertising Agencies, 1926—, Consulting Psychologist and Director of the Research Department.

Member, American Psychological Association. American Association for the Advancement of Science. Sigma Xi.

Perimetry of the localization of sound. *Psychol. Rev., Monog. Suppl.*, 1905, No. 28. Pp. 45.
Perimetry of the localization of sound. *Psychol. Rev., Monog. Suppl.*, 1908, No. 38. Pp. 55.
The perception of the distance of sounds. *Psychol. Rev.*, 1909, **16**, 427-436.
Mental processes and concomitant galvanometric changes. *Psychol. Rev.*, 1910, **17**, 19-36.
A demonstration of the trial and error method of learning. *Psychol. Bull.*, 1910, **7**, 20-23.
Principles of advertising. Madison, Wis.: Univ. Cooperative Co., 1910. Pp. 67.
Auditory space. *Psychol. Bull.*, 1911, **8**, 232-233.
Unconscious imitation in handwriting. *Psychol. Rev.*, 1911, **18**, 223-228.
Transfer of training in arithmetical operations. *J. Educ. Psychol.*, 1911, **2**, 306-310.
Experiments in educational psychology. New York: Macmillan, 1911. Pp. vii+183. (Rev. ed., 1930. Pp. x+254.)
Auditory space. *Psychol. Bull.*, 1912, **9**, 254-255; 1915, **12**, 213-214; 1916, **8**, 317-326.
Periods of work in learning. *J. Educ. Psychol.*, 1912, **3**, 209-213.
The measurement of handwriting. *J. Educ. Psychol.*, 1913, **4**, 445-464.
Correlations among abilities in school studies. *J. Educ. Psychol.*, 1913, **4**, 509-524.
Reliability and distribution of grades. *Science*, 1913, **38**, 630-636.
Advertising: its principles, practice and technique. Chicago: Scott, Foresman, 1914. Pp. 281.
The inheritance of abilities in school studies. *School & Soc.*, 1915, **2**, 608-610.
The measurement of efficiency in reading. *J. Educ. Psychol.*, 1915, **6**, 1-24.
The measurement of efficiency in writing. *J. Educ. Psychol.*, 1915, **6**, 106-114.
The measurement of efficiency in spelling and the overlapping of grades in combined measurements of reading, writing and spelling. *J. Educ. Psychol.*, 1915, **6**, 587-593.
The measurement of achievement in English grammar. *J. Educ. Psychol.*, 1915, **6**, 615-626.
A scale for measuring ability in arithmetic. *J. Educ. Psychol.*, 1916, **7**, 213-223.
Educational measurements. New York: Macmillan, 1916. Pp. 202.
The similarity of brothers and sisters in mental traits. *Psychol. Rev.*, 1917, **24**, 235-238.

The mental work curve. *Psychol. Rev.*, 1917, **24**, 391-402.
The reliability of reading tests. *School & Soc.*, 1918, **8**, 86-90.
A scale for measuring handwriting. *School & Soc.*, 1919, **9**, 154-155, 184-188.
Methods in constructing handwriting scales. *School & Soc.*, 1919, **10**, 328-329.
A revision of the Starch writing scale. *School & Soc.*, 1919, **10**, 498-499.
Educational psychology. New York: Macmillan, 1919. Pp. 473. (Rev. ed., 1927. Pp. ix+568.)
A test in Latin. *J. Educ. Psychol.*, 1919, **10**, 489-500.
Test and study speller. Books I, II, & III. New York: Silver, Burdett, 1921. Pp. xx+90; xvi+63; xvi+64.
The use and limitations of psychological tests. *Harvard Bus. Rev.*, 1922, Oct., 71-80.
Research methods in advertising. In *Psychology in business*. Pp. 139-143. Also in *Ann. Amer. Acad. Pol. & Soc. Sci.*, 1923, 110.
An analysis of five-million inquiries. Cambridge, Mass.: Daniel Starch, 1930. Pp. 36.
The income of the American family. Cambridge, Mass.: Daniel Starch, 1930. Pp. 23.
Three hundred effective advertisements. Cambridge, Mass.: Daniel Starch, 1931. Pp. 248.

STARR, Anna Spiesman (Mrs. Henry E.), 157 College Avenue, New Brunswick, New Jersey, U. S. A.

Born Olean, N. Y., Dec. 28, 1891.

Elmira College, A.B., 1913. New York School of Philanthrophy, 1915. University of Pennsylvania, 1919-1923, A.M., 1920, Ph.D., 1923.

Glen Mills Reform School for Girls at Sleighton Farm, 1913-1915, Parole Officer. Municipal Court of Philadelphia, 1915-1925, Probation Officer, 1915-1918; Psychologist, 1918-1925. Rutgers University, 1928—, Lecturer in Psychology, 1928—; Assistant Director of the Psychological and Mental Hygiene Clinic, 1929—.

Associate, American Psychological Association. American Association for the Advancement of Science. Association of Consulting Psychologists. American Association for the Study of the Feebleminded.

A day in court—problems in correctional guidance. *Psychol. Clin.*, 1922, **13**, 256-264.
An analytical study of the intelligence of a group of adolescent delinquent girls. *Psychol. Clin.*, 1922, **14**, 143-158.
The diagnostic value of the audito-vocal digit memory span. *Psychol. Clin.*, 1923, **15**, 61-84.
A statistical study of more than 13,000 consecutive cases examined at the neuro-psychiatric clinic of the municipal court of Philadelphia. *Psychol. Clin.*, 1928, **17**, 85-96.
The significance of the ratio maintained between the forward, reverse, and rhythmic memory span, as obtained in 3,000 individual examinations. Abstract in *Psychol. Bull.*, 1929, **36**, 172-173.
Problems in child placing. *Psychol. Clin.*, 1929, **18**, 147-155.

STARR, Henry Etter, Rutgers University, New Brunswick, New Jersey, U. S. A. Born Middletown, Pa., Sept. 13, 1893.

Gettysburg College, S.B., 1917. University of Pennsylvania, 1919-1922, Ph.D., 1922.

University of Pennsylvania, Medical School, 1917-1924, Instructor in Chemistry and Toxicology, 1917-1922; Instructor in Physiological Chemistry, 1922-1924. University of Pennsylvania, College and Graduate School, 1924-1928, Instructor, 1924-1927; Assistant Professor of Psychology, 1927-1928. Rutgers University, 1928—, Professor of Psychology and Director of the Psychological and Mental Hygiene Clinic.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. American Association for the Study of the Feebleminded. Association of Consulting Psychologists (Executive Committee). Sigma Xi.

The hydrogen ion concentration of human mixed saliva considered as an index of fatigue and of emotional excitation and applied to a study of the metabolic etiology of stammering. *Amer. J. Psychol.*, 1922, **33**, 394-418.
Studies of human mixed saliva. 1. The determination of the hydrogen ion concentration of human mixed saliva. *J. Biol. Chem.*, 1922, **54**, 43-54. II. Variations in the hydrogen ion concentration of human mixed saliva. *J. Biol. Chem.*, 1922, **54**, 55-64.
Physiological chemistry in the service of psychology, as illustrated by determinations of alveolar CO_2 and hemoglobin and correlated with clinical diagnoses. (Abstract.) *Psychol. Bull.*, 1927, **24**, 186-187.
The internal secretions and human behavior. (Abstract.) *Univ. Pa. Bull.*, 1927, **26**, 449-450.
Motivational types as illustrated by respiratory graphs obtained by a modification of the methods usually employed for basal metabolism determination. (Abstract.) *Psychol. Bull.*, 1928, **25**, 163.
Psychological concomitants of high alveolar carbon dioxide. *Psychol. Clin.*, 1928, **17**, 1-12.
A metabolic study of reaction and recall. *Proc. 9th Int. Cong. Psychol.*, 1929, 407-409.

With Karrer, E. A special knife for decerebration. *J. Lab. & Clin. Med.,* 1928, **14**, 266-267.

With Karrer, E. The measurement of muscular tension and its bearing on pluriaxonal innervation. *Amer. J. Physiol.,* 1929, **88**, 686-697.

With Rogoff, J. M. Some effects of denervation upon muscular contraction. (Read at the International Congress of Physiology, Boston, Aug., 1929.) *Amer. J. Physiol.,* 1929, **90**, 531-532.

Some effects of denervation on muscular contraction. *Proc. Soc. Exper. Biol. & Med.,* 1930, **27**, 399-400.

With Karrer, E. The response of negative after-images to passive motion of the eyeball and the bearing of these observations on the visual perception of motion. *Amer. J. Physiol.,* 1930, **94**, 611-615.

With Rogoff, J. M. The effect of adrenalectomy upon muscular contraction. (Read at the Chicago meeting of the Federated Societies of Experimental Biology, Apr., 1930.) (In press.)

The neurologic principles underlying the treatment of muscular atrophy. (Read at the Columbus Meeting of the Ohio State Medical Association, May, 1930.) *Ohio State Med. J.,* 1931, **27**, 35-39.

A new brain slicer. *Arch. Path.,* 1931, **8**, 90-91.

STEVENS, Samuel Nowell, Northwestern University, Department of Psychology, Evanston, Illinois, U. S. A.

Born Eastport, Md., Oct. 22, 1900.

Wesleyan University, 1918-1921, A.B., 1922. Northwestern University, 1922-1926, A.M., 1925, Ph.D., 1927.

Northwestern University, 1925—, Instructor, 1925-1927; Assistant Professor of Psychology, 1927—; Assistant Dean of the College of Liberal Arts, 1930—.

Associate, American Psychological Association. Midwestern Psychological Association. Sigma Xi.

Psychology of handling men; an experimental study of individual differences in technique of handling problem cases in industry. *Railway Mechan. Eng.,* 1929, **103**, 611-614.

With Gilliland, A. R., & Morgan, J. J. B. General psychology for professional students. Boston: Heath, 1930. Pp. vii+439.

The role of religion in life adjustment. New York: Abingdon Press, 1930.

STEWART, Isabel Clarissa, MacMurray College for Women (formerly Illinois Woman's College), Jacksonville, Illinois, U. S. A.

Born Reynoldsville, Pa., Aug. 30, 1897.

University of Washington, 1916-1921, S.B., 1920, S.M., 1921. The Johns Hopkins University, 1922-1924, Ph.D., 1924.

MacMurray College for Women, 1926—, Professor of Philosophy and Psychology.

Associate, American Psychological Association.

Sex differences in substitution and time estimation. *J. Comp. Psychol.,* 1926, **6**, 243-266.

STICKLAND, Georgina I. See Gates, Georgina Stickland.

STINCHFIELD, Sara Mae, Mount Holyoke College, Department of Psychology, South Hadley, Massachusetts, U. S. A.

Born Auburn, Me., Sept. 29, 1885.

University of Pittsburgh, A.B., 1914. Columbia University, summer 1917. State Uni-

versity of Iowa, 1918-1920, A.M., 1920. University of Wisconsin, 1920-1922, Ph.D., 1922.

Mt. Holyoke College, 1922—, Instructor, 1922-1924; Assistant Professor, 1924-1927: Associate Professor of Psychology, 1927—. *Quarterly Journal of Speech Education,* 1923-1927, Assistant Editor.

Member, American Psychological Association. American Society for the Study of Disorders of Speech (Secretary, 1925-1930).

A preliminary study of corrective speech. *Univ. Iowa Stud.,* 1920, **1**, No. 3. Pp. 36.

Practical speech measurements. *Quar. J. Speech Educ.,* 1923, **9**, 77-84

Suggestions for the study of individual speech cases. *Quar. J. Speech Educ.,* 1924, **10**, 157-162.

The formulation and standardization of a series of graded speech tests. *Psychol. Monog.,* 1924, **33**, No. 149. Pp. 54.

Blanton-Stinchfield speech measurements. A series of graded speech tests. Chicago: Stoelting, 1924.

The speech of 500 freshmen college women. *J. Appl. Psychol.,* 1925, **9**, 109-121.

Speech defects in children. *Proc. 28th Bien. Conv. Amer. Asso. Instructors Blind,* 1926, 301-306.

Speech terminology: a preliminary classification of oralism and auralism. St. Louis, Mo.: Goldstein, 1926. Pp. 8.

The importance of speech defects as a personnel problem. *Amer. Speech J.,* 1926, Dec.

Expression as an index to intelligence. *J. Expression,* 1927, June, 8-14.

Speech training in the school curriculum. *J. Expression,* 1927, 163-166.

Text: psychology of speech. Boston: Expression, 1928. Pp. ix+331.

Speech pathology. Boston: Expression, 1928. Pp. xiii+266.

With Foulke, K. The speech development of four infants under two years of age. *J. Genet. Psychol.,* 1929, **36**, 140-171.

Changing voice and speech. *J. Expression,* 1929, 50-54.

The social psychology of stuttering. *J. Expression,* 1930, 47-50.

With Robbins, S. R. A dictionary of terms dealing with disorders of speech. Boston: Expression, 1931. Pp. 27.

With Potts, W. M. Speech and personality ratings. *Amer. Speech J.,* 1931, **7**, 130-141.

STOCKTON, James Leroy, 7706 Eads Avenue, La Jolla, California, U. S. A.

Born Burlington, Iowa, July 12, 1873.

Columbia University, 1902-1907, A.B., 1906, A.M., 1907. Stanford University, 1916-1919, Ph.D., 1920.

State Teachers College, Winona, Minnesota, 1909-1916, Head of the Training Department. Stanford University, 1919-1920, Instructor. State Teachers College, San José, California, 1920-1922, Head of the Training Department. State Teachers College, Santa Barbara, California, 1922-1925, Vice-President and Head of the Department of Education. (Temporarily retired because of illness.)

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. National Education Association. American Academy of Political and Social Science.

The definition of intelligence in relation to modern methods of mental measurements. *Psychol. Monog.,* 1921, **30**, No. 137. Pp. 118.

STODDARD, George Dinsmore, University of Iowa, Department of Psychology, Iowa City, Iowa, U. S. A.

Born Carbondale, Pa., Oct. 8, 1897.

Pennsylvania State College, A.B., 1921. University of Paris, 1922-1923, Diplôme, 1923. University of Iowa, 1923-1925, Ph.D., 1925.

University of Iowa, 1925—, Assistant Professor, 1926-1928; Associate Professor of Educational Psychology and Acting Director of the Iowa Child Welfare Research Station, 1928-1929; Professor of Psychology and Director, 1929—.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. National Research Council, 1931—.

Born New Albany, Ind., 1899.

Carnegie Institute of Technology, S.B., 1920. University of Chicago, 1924-1928, A.M., 1925, Ph.D., 1928.

Carnegie Institute of Technology, Bureau of Personnel Research, 1923-1924. J. David Houser, Baker and Associates, 1925, Statistician. Illinois Institute for Juvenile Research, 1926-1928, Research Psychologist. Personal Analysis Bureau, 1928, Director of Service. Central College of Commerce, 1928-1929, Instructor. New York University, 1929-1930, Instructor. Institute for Child Guidance, 1930—, Psychologist. University of the State of New York, 1930—, Instructor.

Associate, American Psychological Association.

Tests for mechanical drawing aptitude. *Person. J.*, 1927, **6**, 93-101.

Additional tests for mechanical drawing aptitude. *Person. J.*, 1928, **6**, 361-366.

A preliminary study of ocular attitudes in thinking of spatial relations. *J. Gen. Psychol.*, 1930, **4**, 379-385.

STRATTON, George Malcolm, University of California, Department of Psychology, Berkeley, California, U. S. A.

Born Oakland, Calif., Sept. 26, 1865.

University of California, A.B., 1888. Yale University, 1888-1890, A.M., 1890. University of Leipzig, 1894-1896, A.M., Ph.D., 1896.

University of California, 1891-1904, 1908—, Fellow and Instructor, 1891-1896; Instructor, Assistant Professor, and Associate Professor, 1896-1904; Professor of Psychology, 1908—. The Johns Hopkins University, 1904-1908, Professor of Experimental Psychology. U. S. Army, 1917-1918, Captain, Aviation Section, Signal Corps, 1917; President, Aviation Examining Board, 1917-1918; Major Head of the Psychology Section, Medical Research Laboratory, Air Service, Mineola, Long Island, 1918.

Member, American Psychological Association (President, 1908). National Research Council, Chairman of the Division of Anthropology and Psychology, 1925-1926. National Academy of Sciences.

The sensations are not the emotions. *Psychol. Rev.*, 1895, **2**, 173-174.

Child study and psychology. *Educ. Rev.*, 1897, **14**, 132-139.

Upright vision and the retinal image. *Psychol. Rev.*, 1897, **4**, 182-187.

Vision without inversion of the retinal image. *Psychol. Rev.*, 1897, **4**, 341-360, 463-481.

A mirror pseudoscope and the limit of visible depth. *Psychol. Rev.*, 1898, **5**, 633-638.

The spatial harmony of touch and sight. *Mind*, 1899, **8**, 492-505.

The psychological evidence for theism. *New World,* 1899, **8**, 326-343.
A new determination of the minimum visible and its bearings on binocular depths. *Psychol. Rev.,* 1900, **7**, 429-434.
With Verhoeff, F. H. The space-threshold by the pseudoscopic method. *Psychol. Rev.,* 1900, **7**, 610-612.
A new determination of the minimum visible and its bearing on localisation and binocular depth. *C. I. Cong. int. Psychol.,* 1900 (1909), 411-417.
A psychological test of virtue. *Int. J. Ethics,* 1901, **11**, 200-213.
Experimental psychology and its bearing upon culture. New York and London: Macmillan, 1903. Pp. vii+331.
The difference between the mental and the physical. *Psychol. Bull.,* 1906, **3**, 1-9.
Symmetry, linear illusions, and the movements of the eye. *Psychol. Rev.,* 1906, **13**, 81-96.
The character of conscience. *Psychol. Bull.,* 1906, **3**, 117-124.
Modified causation for psychology. *Psychol. Bull.,* 1907, **4**, 129-133.
Eye movements and visual direction. *Psychol. Bull.,* 1907, **4**, 155-158.
Railway accidents and the color sense. *Pop. Sci. Mo.,* 1908, **72**, 244-252.
Toward the correction of some rival methods in psychology. *Psychol. Rev.,* 1909, **16**, 67-84.
The illusory undulation and shimmer of straight lines. *Psychol. Rev., Monog. Suppl.,* 1909, **10**, No. 40, 63-84.
Some experiments on the perception of the movement, color, and direction of lights, with special reference to railway signaling. *Psychol. Rev., Monog. Suppl.,* 1909, **10**, No. 40, 84-105.
The localization of diasclerotic light. *Psychol. Rev.,* 1910, **17**, 294-300.
The psychology of change: how is the perception of movement related to that of succession? *Psychol. Rev.,* 1911, **18**, 262-293.
Visual space. *Psychol. Bull.,* 1911, **8**, 223-231; 1912, **9**, 249-254; 1913, **10**, 253-258; 1914, **11**, 233-238.
Psychology of the religious life. New York: Macmillan; London: Allen, 1911. Pp. xii +376.
The control of the fighting instinct. New York: Amer. Asso. Int. Conciliation, 1913, No. 73. Pp. 14.
The docility of the fighter. *Int. J. Ethics,* 1916, **26**, 368-376.
Feminism and psychology. *Century Mag.,* 1916, **118**, 367-374.
Theophrastus and the Greek physiological psychology before Aristotle. London: Allen & Unwin; New York: Macmillan, 1917. Pp. 227.
The mnemonic feat of the 'Shass Pollak.' *Psychol. Rev.,* 1917, **24**, 244-247.
Retroactive hypermnesia and other emotional effects on memory. *Psychol. Rev.,* 1919, **26**, 474-486.
Psycho-physical tests of aviators. *Scient. Mo.,* 1919, **8**, 421-426.
With Bagby, E., Coover, J. E., & McComas, H. C. Psychological tests for selecting aviators. *J. Exper. Psychol.,* 1920, **3**, 405-423.
The mind as misrepresented to teachers. *Atl. Mo.,* 1921, **127**, 366-374.
The control of another person by obscure signs. *Psychol. Rev.,* 1921, **28**, 301-314.
Developing mental power. Boston: Houghton Mifflin, 1922. Pp. 77.
Anger: its religious and moral significance. New York: Macmillan, 1923. Pp. viii+227.
The color red, and the anger of cattle. *Psychol. Rev.,* 1923, **30**, 321-325.
Cattle, and excitement for blood. *Psychol. Rev.,* 1923, **30**, 380-387.
With Brown, M. S. The spatial threshold of touch in blind and in seeing children. *J. Exper. Psychol.,* 1925, **8**, 434-442.
Psychological reactions during danger. *Scient. Mo.,* 1925, **21**, 633-637.
Human nature and war. *Scient. Mo.,* 1926, **23**, 71-74.
Emotion and the incidence of disease. *J. Abn. & Soc. Psychol.,* 1926, **21**, 19-23.
Anger and fear: their probable relation to each other, to intellectual work, and to primogeniture. *Amer. J. Psychol.,* 1927, **39**, 125-140.
Excitement as an undifferentiated emotion. In *Feelings and emotions: the Wittenberg symposium,* ed. by M. Reymert. Worcester, Mass.: Clark Univ. Press; London: Oxford Univ. Press, 1928. Pp. 215-221.
The function of emotion as shown particularly in excitement. *Psychol. Rev.,* 1928, **35**, 351-366.
Emotion and incidence of disease: the influence of the number of diseases, and the age at which they occur. *Psychol. Rev.,* 1929, **36**, 242-253.
The reeducation for international affairs. *Pacific Area,* 1929, 152-160.
A black beast in our education? *Scient. Mo.,* 1929, **29**, 546-550.
Brain localization by Albertus Magnus and some earlier writers. *Amer. J. Psychol.,* 1929, **31**, 128-145.
The social psychology of international conduct. New York: Appleton, 1929. Pp. x+387.

STREET, Roy F., W. K. Kellogg Foundation, Battle Creek, Michigan, U. S. A.
Born Englewood, Col., Dec. 12, 1898.
Denver University, 1918-1923, A.B., 1923. Columbia University, 1927-1931, A.M., 1928, Ph.D., 1931.
College of the City of New York, 1927-1929, Instructor of Mathematics. Columbia

University, 1929-1931, Instructor of Psychometrics. Boston Psychopathic Hospital, 1929, Assistant in Psychological Laboratory. Vanderbilt Clinic, 1929-1931, Clinical Assistant in Psychiatry. W. K. Kellogg Foundation, 1931—, Director of Mental Hygiene.

Associate, American Psychological Association. Association of Consulting Psychologists.

A Gestalt Completion Test. New York: Bur. Publ., Teach. Coll., Columbia Univ., 1931.

STRONG, Edward Kellogg, Jr., Stanford University, Graduate School of Business, Department of Psychology, Stanford University, California, U. S. A.

Born Syracuse, N. Y., Aug. 18, 1884.

University of California, 1902-1906, 1908-1909, S.B., 1906, S.M., 1909. Columbia University, 1909-1911, Ph.D., 1911.

Columbia University, 1911-1914, Lecturer in the Extension Division. George Peabody College for Teachers, 1914-1917, Professor of Psychology and Education. Carnegie Institute of Technology, 1919-1923, Professor and Head of the Department of Vocational Education, 1919-1921; Head of the Bureau of Educational Research, 1921-1923; Professor, Carnegie School of Life Insurance Salesmanship, 1919-1923. Stanford University, 1923—, Professor of Psychology, 1923—; Professor in Graduate School of Business, 1925—. *Journal of Applied Psychology,* 1917—, Cooperating Editor.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science (Secretary, Section I, 1913-1919; President, 1920). National Society for the Study of Education.

The effect of various types of suggestion upon muscular activity. *Psychol. Rev.,* 1910, **18**, 229-259.

Application of the 'order of merit method' to advertising. *J. Phil., Psychol., etc.,* 1911, **8**, 600-605.

Relative merit of advertisements. *Arch. Psychol.,* 1911, No. 17. Pp. iii+81.

The effect of length of series upon recognition memory. *Psychol. Rev.,* 1912, **9**, 447-462.

A comparison between experimental data and clinical methods in manic-depressive insanity. *Amer. J. Psychol.,* 1913, **24**, 66-98.

The effect of time-interval upon recognition memory. *Psychol. Rev.,* 1913, **20**, 339-372.

Fatigue, work, and inhibition. *Psychol. Bull.,* 1913, **10**, 444-450; 1915, **12**, 416-419; 1916, **13**, 430-433.

Two factors which influence economical learning. *J. Phil., Psychol., etc.,* 1914, **21**, 124-131.

The effect of size of advertisements and frequency of their presentation. *Psychol. Rev.,* 1914, **21**, 136-152.

An interesting sex difference. *Ped. Sem.,* 1915, **22**, 521-528.

Teacher training. *School & Soc.,* 1915, **1**, 587-593.

The development of proper attitudes toward school work. *School & Soc.,* 1915, **2**, 926-934.

The nature of recognition memory and of the localization of recognitions. *Amer. J. Psychol.,* 1916, **27**, 341-362.

Effects of hookworm disease on the mental and physical development of children. *Publ. Int. Health Comm., Rockefeller Foundation,* New York, 1916, **3**. Pp. 121.

The factors affecting a permanent impression developed through repetition. *J. Exper. Psychol.,* 1916, **1**, 319-338.

With Gilchrist, E. P. A method of recording errors in form board tests. *Psychol. Rev.,* 1917, **24**, 239-241.

The learning process. *Psychol. Bull.,* 1918, **15**, 328-342.

Personality growth. *Mich. J. Phys. Educ.*, 1930, **3**, 50-53.
Mental measurement of preschool children, with a guide for the administration of the Merrill-Palmer scale of mental tests. Yonkers, N. Y.: World Book Co., 1931. Pp. xii+368.

SULLIVAN, Alice Helen, University of Illinois, Department of Psychology, Urbana, Illinois, U. S. A.

Born Grand Junction, Col., Apr. 13, 1895.

University of Colorado, 1912-1916, A.B., 1916, A.M., 1916. University of Minnesota, 1917-1918. Cornell University, 1918-1920, Ph.D., 1920.

University of Colorado, 1920-1921, Instructor of Psychology. University of Illinois, 1921—, Instructor, 1921-1926; Associate in Psychology, 1926—.

Member, American Psychological Association. Sigma Xi.

An experimental study of kinaesthetic imagery. *Amer. J. Psychol.*, 1921, **32**, 54-80.
With Cobbey, L. W. An experimental study of the perception of oiliness. *Amer. J. Psychol.*, 1922, **33**, 121-127
The perceptions of liquidity, semi-liquidity and solidity *Amer. J. Psychol.*, 1923, **34**, 531-541.
The cutaneous perceptions of softness and hardness. *J. Exper. Psychol.*, 1927, **10**, 447-462.
With Verda, D. J. The experimental fusion of warmth and cold in heat. *J. Exper. Psychol.*, 1930, **13**, 208-216.

SULLIVAN, Elizabeth Teresa, University of California, Extension Division, Los Angeles, California, U. S. A.

Born Los Angeles, Calif., Jan. 6, 1877.

State Normal School, Los Angeles, Diploma, 1895. University of California 1901-1903, summer 1905, High School Certificate, 1903. Stanford University, A.B., 1906, A.M., 1918. Columbia University, 1919-1922, Ph.D., 1922.

Los Angeles County and City Elementary Schools, Teacher and Principal. Los Angeles State Normal School, 1903-1908, Training Teacher; Acting Head of the Department of Psychology, 1905 (spring). Los Angeles High School and Junior College, 1908-1919, Teacher of English and Psychology, 1908-1913; Vice-Principal and Dean of Women, 1913-1919. Los Angeles City Schools, 1922-1923, Assistant Director of Department of Psychology and Educational Re-

search. University of California, Extension Division, 1922—, Instructor; Lecturer in Psychology, 1925—. Santa Rita Clinic, Los Angeles, 1925—, Psychologist. Immaculate Heart College, Los Angeles, 1928—, Instructor of Psychology, 1928—; Head of the Department of Psychology and Director of the School of Education, 1930—.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science.

The library in elementary school work. *Proc. Nat. Educ. Asso.*, 1907, 967-972.

With others. Children's literature. *Los Angeles State Normal School Publ.*, 1908, 64-68.

Elementary education in America previous to 1800. (Source book dealing with the original legislation concerning the education of young children in this country. The investigation covers the curriculum of public, private, and parish schools, and the nature of instruction of the Indians.) (In manuscript.)

A study of certain tests with reference to their use in the administration of the high school curriculum. (Master's thesis.) Stanford University, Calif.: Stanford Univ. Library, 1918.

Mood in relation to performance. *Arch. Psychol.*, 1922, **8**, No. 53. Pp. 71.

A comparison of accelerated, average, and retarded fourth grade children. *J. Delinq.*, 1923, **8**, 292-302.

The function of special rooms. *Los Angeles School J.*, 1923, **9**, 91.

An experiment to improve the comprehension of English in a 'foreign' school in Los Angeles. *J. Educ. Meth.*, 1925, **4**, 336-340.

Research in relation to child training. *Yrbk. Southwest. Educ. Res. & Guid. Asso.*, 1926, **1**, 27-31.

Individual psychograph record blank. (For use in a graphic representation of the findings in the Binet Test of Intelligence.) *J. Delinq.*, 1926, **10**, 284-285.

The mental development of thirty-three ten-year-old children. *J. Juv. Res.*, 1930, **14**, 27-33.

SULLIVAN, Ellen Blythe, University of California at Los Angeles, Department of Psychology, Los Angeles, California, U. S. A.

Born Moberly, Mo., Oct. 20, 1888.

University of Southern California, A.B., 1915. Stanford University, Ph.D., 1924.

State Normal School, Los Angeles, 1912-1918, Instructor of Psychology. University of California at Los Angeles, 1918—, Assistant Professor of Psychology. California Bureau of Juvenile Research, Whittier State School, 1925-1928, Director. Children's Hospital, 1925—, Psychologist, Educational and Psychological Clinic. Mental Hygiene Clinic of Los Angeles County Health Department, 1930—, Psychological Director. *Journal of Delinquency*, 1925-1928, Editor.

Member, American Psychological Association.

[Co-author.] Psychology and public safety. *Calif. Mo.*, 1924, 81-83.

Clinical diagnosis and treatment of children of Southern California. *J. Delinq.*, 1925, **9**, 191-221.

[Co-author.] Personnel work with the Los Angeles Police Department. *J. Delinq.*, 1926, **10**, 252-267.

The problem of adjustment of university students. *J. Delinq.*, 1926, **10**, 461-462.

Home reliabilitation. *J. Delinq.*, 1926, **10**, 537-541.

Age, intelligence, and educational achievement of boys entering Whittier State School. *J. Delinq.*, 1927, **11**, 23-38.

The Southern California Academy of Criminology: proceedings. *J. Delinq.*, 1927, **11**, 46-53.

Attitude in relation to learning *Psychol. Monog.*, 1927, **36**, No. 169. Pp. 149.

SULLIVAN Harry Stack, Sheppard and Enoch Pratt Hospital, Towson, Maryland, U. S. A.

Born New York, N. Y., Feb. 21, 1892.

M.D., 1914.

Federal Board for Vocational Education, 1919-1920, Medical Executive Officer. Public Health Service, 1921-1922, Psychiatrist. St. Elizabeth's Hospital 1922-1923, Psychiatrist. University of Maryland Medical School, 1923—, Associate Professor of Psychiatry. Sheppard and Enoch Pratt Hospital, 1923—, Director of Clinical Research.

Member, American Psychiatric Association. American Psychopathological Association. American Psychoanalytical Association. Association for Research in Nervous and Mental Diseases. Washington Society for Nervous and Mental Diseases.

Schizophrenia: its conservative and malignant features. *Amer. J. Psychiat.*, 1924, **4**, 77-91.

Peculiarity of thought in schizophrenia. *Amer. J. Psychiat.*, 1925, **5**, 21-86.

The oral complex. *Psychoanal. Rev.*, 1925, **12**, 30-39.

Regression; a consideration of reversive mental processes. *State Hosp. Quar., Albany*, 1925-1926, **11**, 208-217, 387, 651.

Erogenous maturation. *Psychoanal. Rev.*, 1926, **13**, 1-15.

Affective experience in early schizophrenia. *Amer. J. Psychiat.*, 1927, **6**, 467-483. Also in *Proc. Asso. Res. Nerv. & Ment. Dis. for 1925*, 1928, **5**, 141-158.

The onset of schizophrenia. *Amer. J. Psychiat.*, 1927, **7**, 105-134.

The common field of research and clinical psychiatry. *Psychiat. Quar.*, 1927, **1**, 276-291.
Tentative criteria of malignancy in schizophrenia. *Amer. J. Psychiat.*, 1928, **7**, 759-788.
Research in schizophrenia. *Amer. J. Psychiat.*, 1929, **9**, 553-568.
The socio-genesis of homo-sexual behavior in males. *Amer. Sociol. Soc. Papers*, 1930, **24**, 281-282.
The training of the psychiatrist: IV. Training of the general medical student in psychiatry. *Amer. J. Orthopsychiat.*, 1931, **1**, 371-379.
Socio-psychiatric research; its implications for the schizophrenia problem and for mental hygiene. *Amer. J. Psychiat.*, 1931, **10**, 977-991.
Environmental factors in schizophrenia. *Med. J. & Rec.*, 1931, **133**, 19-22.

SUMNER, Francis Cecil, Howard University, Department of Psychology, Washington, District of Columbia, U. S. A.

Born Pine Bluff, Ark., Dec. 7, 1895.

Lincoln University, 1911-1915, 1916-1917, A.B., 1915, A.M., 1917. Clark University, 1915-1916, 1917-1918, 1919-1920, A.B., 1916, Ph.D., 1920.

Lincoln University, 1916-1917, Instructor of German and Psychology. Wilberforce University, 1920-1921, Professor of Psychology and Philosophy. West Virginia State College, 1921-1928, Professor of Psychology and Philosophy. Howard University, 1928—, Associate Professor, 1928-1931; Acting Head of Psychology Department, 1928-1930; Head of Psychology Department, 1930—; Professor of Psychology, 1931—.

Associate, American Psychological Association. Member, American Association for the Advancement of Science.

Psychoanalysis of Freud and Adler. *Ped. Sem.*, 1922, **29**, 139-168.
Core and context in the drowsy state. *Amer. J. Psychol.*, 1924, **35**, 307.
Resemblance between husband and wife. *Med. Critic & Guide*, 1925, **25C**, No. 2, 73-75.
Environic factors which prohibit creative scholarship among negroes. *School & Soc.*, 1925, **22**, 294-296.
Morale and the negro college. *Educ. Rev.*, 1927, **73**, No. 3, 168-172.
The aesthetic approach in character-training. *Education*, 1931, **51**, No. 6, 336-340
Mental health statistics of negro college freshmen. *School & Soc.*, 1931, **33**, 574-576.
With Sumner, F. H. The mental health of white and negro college students. *J. Abn. & Soc. Psychol.*, 1931, **26**, 28-36.
The mental hygiene of religion. (Abstract of paper presented before the 1st Int. Cong. Rel. Psychol., Vienna, Austria, May 25-30, 1931.) *Zsch. f. Religionpsychol.*, 1931, **4**, 81-83.

SUNNE, Dagny, Tulane University, Newcomb College, Department of Psychology, New Orleans, Louisiana, U. S. A.

Born Norway, 1881.

University of Minnesota, 1897-1901, 1904-1905, A.B., 1901, A.M., 1905. Columbia University, 1906. University of Chicago, 1908-1909, Ph.D., 1909.

Concordia College, 1902-1904, 1906-1908, Professor. Woman's College of Alabama, 1909-1911, Professor. Wellesley College, 1911-1912, Instructor. Oxford College and Western College, 1912-1914, Professor. Tulane University, Newcomb College, 1915—, Assistant Professor of Psychology.

Member, American Psychological Association. American Association of University Professors. Psychological Cooperation.

A comparative study of white and negro children. *J. Appl. Psychol.*, 1917, **1**, 71-83.
The relation of class standing to college tests. *J. Educ. Psychol.*, 1917, **8**, 193-211.
The diagnostic value of the Yerkes point scale. *School & Soc.*, 1918, **8**, 387-389.
The relation of scholarship to the Yerkes and Terman adult tests. *J. Educ. Psychol.*, 1919, **10**, 520-524.
Tests of discrimination and multiple choice for vocational diagnosis. *Psychol. Bull.*, 1919, **16**, 262-267.
The effect of locality on language errors. *J. Educ. Res.*, 1923, **8**, 239-251.
Comparison of white and negro children in verbal and non-verbal tests. *School & Soc.*, 1924, **19**, 469-472.
Comparison of white and negro children by the Terman and the Yerkes-Bridges revisions of the Binet tests. *J. Comp. Psychol.*, 1925, **5**, 209-219.
Personality tests: white and negro adolescents. *J. Appl. Psychol.*, 1925, **9**, 256-280.

SUTHERLAND, Arthur Howard, 535 West 112th Street, New York, New York, U. S. A.

Born Minonk, Ill., Nov. 19, 1878.

Grand Island College, A.B., 1899. University of Chicago, 1906-1907, 1908-1909, Ph.D., 1909. University of Wisconsin, 1907-1908.

Government Hospital for the Insane, 1909, Assistant Psychologist. University of Illinois, 1910-1914, Instructor and Associate. Yale University, 1914-1917, Instructor. Los Angeles City Schools, 1917-1924, Psychologist and Director of Research. University of California, 1918-1921, Extension Lecturer. The Sutherland School, 1924-1926, Director. The Scarborough School, 1926-1928, Director. The Personnel Research Federation, 1929—. Irving Trust Company, 1930—, Educational Director.

Member, American Psychological Association. Fellow, American Association for the

Advancement of Science. National Society for the Study of Education.

Visual reactions in the dog. *Psychol. Rev.*, 1917, **23**, 241-265.

Correction of disabilities in reading. *Elem. School J.*, 1922, **23**, 37-42.

With others. Intelligence tests and school reorganization. Yonkers, N. Y.: World Book Co., 1923. Pp. 111.

SWARD, Keith, Western Reserve University, Department of Psychology, Cleveland, Ohio, U. S. A.

Born Omaha, Neb., Sept. 25, 1904.

University of Minnesota, 1921-1929, A.B., 1926, Ph.D., 1929.

University of Minnesota, summer 1928, Instructor. Stanford University, 1929-1930, Social Science Research Fellow. Western Reserve University, 1930—, Assistant Professor.

Associate, American Psychological Association.

An experimental study of leadership. (Ph.D. Thesis.) Minneapolis, Minn.: Univ. Minn. Library, 1929.

Temperament and religious experience. *J. Soc. Psychol.*, 1931, **2**, 374-396.

A study of senescence. Stanford University, Calif.: Stanford Univ. Press. (In press)

SWIFT, Edgar James, Washington University, Department of Psychology, St. Louis, Missouri, U. S. A.

Born Ravenna, Ohio, July 24, 1860.

Amherst College, A.B., 1886. Clark University, 1901-1903, Ph.D., 1903.

Washington University, 1903—, Head of the Department of Psychology and Education, 1903-1904; Professor of Psychology, 1904-1924; Head of the Department of Psychology, 1924—.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science.

Disturbances of the attention during simple mental processes. *Amer. J. Psychol.*, 1892, **5**, 1-19.

Children's lies. *Education*, 1897, **17**, 163.

Eye defects in students and children. *Ped. Sem.*, 1897, **5**, 202-220.

Heredity and environment. A study in adolescence. *Addr. & Proc. Nat. Educ. Asso.*, 1898, 910-916. Also in *Amer. Phys. Educ. Rev.*, 1898, **3**, 370. Also in *Northwest. Mo.*, 1898, **9**, 36-41.

Some aspects of child study. *Wis. J. Educ.*, 1899, **29**, 183.

Reflex neuroses in children. *Amer. Phys. Educ. Rev.*, 1899, **4**, 34.

The culture epochs theory in education. *J. Ped.*, 1900, **12**, 295.

Sensibility to pain. *Amer. J. Psychol.*, 1900, **11**, 312-317.

Visual and tactuo-muscular estimation of length. *Amer. J. Psychol.*, 1900, **11**, 527-529.

Education and physiology. *J. Ped.*, 1901, **13**, 249.

Some criminal tendencies of boyhood: a study in adolescence. *Ped. Sem.*, 1901, **8**, 65-91.

Studies in the psychology and physiology of learning. *Amer. J. Psychol.*, 1903, **14**, 201-251.

Standards of efficiency in school and in life. *Ped. Sem.*, 1903, **10**, 3-22.

The acquisition of skill in typewriting: a contribution to the psychology of learning. *Psychol. Bull.*, 1904, **1**, 295-305.

Further investigations concerning eye defects in students. *Ophthal. Rec.*, 1904, **13**, 89-98.

Education and the scientific method. *Bull. Washington Univ. Asso.*, 1904, **2**, 5.

Memory of a complex skillful act. *Amer. J. Psychol.*, 1905, **16**, 131-133.

Teachers and teaching. *Rep. State Superintend. Pub. Schools Mo.*, 1905, **56**, 130.

Memory of skillful movements. *Psychol. Bull.*, 1906, **3**, 185-187.

The school and the individual. *Bull. Washington Univ. Asso.*, 1906, **4**, 122.

Beginning a language: a contribution to the psychology of learning. In *Amherst studies in philosophy and psychology*. Boston: Houghton Mifflin, 1906. Pp. 297-314.

Some sources of disturbance in the mental development of children. *Bull. Washington Univ. Asso.*, 1907, **5**, 82.

With Schuyler, W. The learning process. *Psychol. Bull.*, 1907, **4**, 307-310.

Mind in the making. New York: Scribner's, 1908. Pp. x+329.

Man's educational reconstruction of nature. *Pop. Sci. Mo.*, 1908, **72**, 269-282.

Juvenile delinquency and juvenile control. *Psychol. Bull.*, 1909, **6**, 127-129.

Re-learning a skillful act. *Psychol. Bull.*, 1910, **7**, 17-19.

Learning to telegraph. *Psychol. Bull.*, 1910, **7**, 149-153.

The genesis of attention in the educative process. *Science*, 1911, **34**, 1-5.

Youth and the race: a study in the psychology of adolescence. New York: Scribner's, 1912. Pp. x+342. (2nd ed.: The psychology of youth, 1927. Pp. 353.)

Learning by doing. Indianapolis, Ind.: Bobbs-Merrill, 1914. Pp. 249.

Training for citizenship. *School Prog.*, 1915, **2**, 4.

Psychology and the day's work. New York: Scribner's. 1918. Pp. ii+288.

The psychology of salesmanship. *Specialty Salesman Mag.*, 1918, **3**, 95.

The psychology of testimony and reports. *Washington Univ. Stud.*, 1918, **6**, 65-77.

The psychology of pacifism. *J. Amer. Med. Asso.*, 1919, **72**, 1319-1321.

Psychological notes on salesmanship. *Specialty Salesman Mag.*, 1919, **3**, 160.
Luck and chance. *Specialty Salesman Mag.*, 1919, **3**, 241.
Imagination in salesmanship. *Specialty Salesman Mag.*, 1919, **3**, 313.
Language, thought, and instincts. *J. Phil.*, 1923, **20**, 365-372.
Business power through psychology. New York: Scribner's, 1924. Pp. 404.
With McGeoch, J. A. An experimental study of the perception of filled and empty time. *J. Exper. Psychol.*, 1925, **8**, 240-249.
How to influence men. New York: Scribner's, 1925. (2nd ed., 1927. Pp. xii+407.)
The psychology of personnel management. *J. Amer. Dietetic Asso.*, 1927, **3**, 159.
The learning process: a criticism and a theory. *Psychol. Rev.*, 1929, **36**, 27-43.
How to treat growing pains of youth. *Parents' Mag.*, 1930, **5**, 13.
Psychology of childhood. New York: Appleton, 1930. Pp. v+431.
The jungle of the mind. New York: Scribner's, 1931. Pp. v+390.
The value of testimony. *Bull. Asso. Claim Agents*, 1931, **16**, 114.

SWINDLE, Percy Ford, Marquette University School of Medicine, Department of Physiology, Milwaukee, Wisconsin, U. S.A. Born Newtonia, Mo., 1889.

University of Missouri, 1907-1912, A.B., S.B., 1911, A.M., 1912. University of Berlin, 1912-1915, Ph.D., 1915.

Ohio State University, 1916, Instructor of Psychology. Harvard University, 1916-1917, Research Fellow in Psychology. Tufts Medical School, 1917-1918, Instructor of Physiology. University of Missouri, 1919-1920, Assistant Professor of Experimental Psychology. Marquette University School of Medicine, 1920—, Assistant Professor, 1920-1921; Associate Professor, 1921-1922; Professor and Director of the Department of Physiology and Pharmacology, 1922-1925; Professor and Director of the Department of Physiology, 1925—.

Member, American Psychological Association. American Association for the Advancement of Science. American Society of Naturalists. Eugenics Research Association. American Society of Mammalogists. American Genetic Association.

On the inheritance of rhythm. *Amer. J. Psychol.*, 1913, **24**, 180-203.
Ueber einfache Bewegungsinstinkte und deren künstliche Beeinflüssung. *Zsch. f. Sinnesphysiol.*, 1915, **49**, 247-296.
Positive after-images of long duration. *Amer. J. Psychol.*, 1916, **27**, 324-334.
Visual, cutaneous, and kinesthetic ghosts. *Amer. J. Psychol.*, 1917, **28**, 349-372.
The biological significance of the eye appendages of organisms. *Amer. J. Psychol.*, 1917, **28**, 486-496.
The term 'reaction time' defined. *Amer. J. Psychol.*, 1917, **28**, 508-518.
Relevant and irrelevant speech instincts and habits. *Psychol. Rev.*, 1917, **24**, 426-448.
Über mechanische Bewegungsrhythmen beim Menchen. *Zsch. f. Sinnesphysiol.*, 1918, **50**, 42-78.
Some forms of natural training to which certain birds are subjected. *Amer. J. Psychol.*, 1919, **30**, 165-172.
Analysis of nesting activities. *Amer. J. Psychol.*, 1919, **30**, 173-186.
The peristaltic-like nature of organic responses. *Amer. J. Psychol.*, 1919, **30**, 187-210.
Time perception and rhythm. *Psychol. Bull.*, 1920, **17**, 244-250.
Perception of colors and movements with foveal and peripheral regions of retina. *Amer. J. Physiol. Opt.*, 1921, **2**, 204-220.
A physiological explanation of certain optical illusions. *Amer. J. Physiol. Opt.*, 1922, **3**, 238-255.
Effect of strychnin on visual reliability. *Amer. J. Physiol. Opt.*, 1925, **6**, 3-22.
Training the heart by systematically regulating the respirations. *Amer. J. Physiol.*, 1925, **74**, 82-92.
Superimposed respirations or Cheyne-Stokes breathing caused by training. *Amer. J. Physiol.*, 1925, **74**, 381-394.
Slow and rapid variations in the minimal stimulus required to excite cortical motor areas. *Amer. J. Physiol.*, 1926, **77**, 638-649.
Incipient spasms caused by applying strychnin locally to cortical motor areas. *Amer. J. Physiol.*, 1926, **77**, 650-661.
Superimposed respirations or Cheyne-Stokes breathing of amphibious and non-amphibious mammals. *Amer. J. Physiol.*, 1926, **79**, 188-205.

SYLVESTER, Mildred West Loring (Mrs. E. L.), 102 Montrose Avenue, Rosemont, Pennsylvania, U. S. A.

Born Tacoma, Wash., May 4, 1891.

University of Washington, 1908-1913, A.B., 1912, A.M., 1913. Bryn Mawr College, 1913-1914. The Johns Hopkins University, 1914-1916, Ph.D., 1916.

The Johns Hopkins University, 1916-1917, Sarah Berliner Research Fellow. University of Washington, 1917-1919, Instructor. Medical Research Laboratory, Mitchell Field, Long Island, New York, 1920, Research Assistant in Ophthalmology. University of Minnesota, 1920-1922, Professorial Lecturer, 1920-1921; Assistant Professor, 1921-1922.

Member, American Psychological Association. American Association for the Advancement of Science. Sigma Xi.

An investigation of the law of eye movements. *Psychol. Rev.*, 1915, **22**, 354-370.
Word-lists for adjective and noun reactions. *Psychobiol.*, 1918, **1**, 429-444.
Methods of studying controlled word associations. Baltimore, Md.: Waverly Press, 1919. Pp. 60. Also in *Psychobiol.*, 1918, **1**, 369-428.
With Cobb, P. W. A method of measuring retinal sensitivity. *J. Exper. Psychol.*, 1921, **4**, 175-197.

SYLVESTER, Reuel Hull, Drake University, Department of Psychology, Des Moines, Iowa, U. S. A.

Born Lynnville, Iowa, Mar. 18, 1881.

State University of Iowa, 1904-1909, A.B., 1908, A.M., 1909. University of Pennsylvania, 1910-1912, Ph.D., 1912.

Penn College, 1909-1910, Acting Professor of Psychology. University of Pennsylvania, 1912-1913, Harrison Research Fellow. State University of Iowa, 1913-1919, Assistant Professor of Psychology. Drake University, 1919—, Professor of Psychology.

Member, American Psychological Association.

The mental imagery of the blind. *Psychol. Bull.*, 1913, **10**, 210-211.
The form board test. *Psychol. Monog.*, 1913, **14**, No. 65. Pp. 56.
Some standardizing tests on Stern's tone variator. *Psychol. Monog.*, 1914, **16**, No. 69, 173-177.
With Madsen, I. N. High-school students' intelligence ratings according to the Army Alpha test. *School & Soc.*, 1919, **10**, 407-410.
An intelligence survey of a typical town school. *Ped. Sem.*, 1919, **26**, 365-371.

SYMONDS, Percival Mallon, Columbia University, Teachers College, New York, New York, U. S. A.

Born Newtonville, Mass., Apr. 18, 1893.

Harvard University, A.B., 1915. Columbia University, 1919-1922, A.M., 1920, Ph.D., 1923.

University of Hawaii, 1922-1924, Professor of Education and Psychology. Columbia University, Teachers College, 1924—, Associate, 1924-1925; Assistant Professor, 1925; Associate Professor of Education, 1928—.

Member, American Psychological Association. American Association for the Advancement of Science. American Educational Research Association. National Society for the Study of Education. Association of Consulting Psychologists.

The psychology of errors in algebra. *Math. Teach.*, 1922, **15**, 93-104.
With Toops, H. A. What shall we expect of the A. Q.? *J. Educ. Psychol.*, 1922, **13**, 513-528; 1923, **14**, 27-38.
A second approximation to the curve of the distribution of intelligence of the population of the United States with a note on the standardization of the Stanford revision of the Binet-Simon scale. *J. Educ. Psychol.*, 1923, **14**, 65-82.
Special disability in algebra. *Teach. Coll. Contrib. Educ.*, 1923, No. 132. Pp. vi+89.
With Thorndike, E. L., Cobb, M. V., Orleans, J. S., Wald, E., & Woodyard, E. The psychology of algebra. New York: Macmillan, 1923. Pp. xi+483.
With Thorndike, E. L. Difficulty, reliability, and grade achievements in a test of English vocabulary. *Teach. Coll. Rec.*, 1923, **24**, 438-445.
A study of extreme cases of unreliability. *J. Educ. Psychol.*, 1924, **15**, 1-6.
The accuracy of certain standard tests for school sectioning and marking. *J. Educ. Psychol.*, 1924, **15**, 423-432.
The present status of character measurement. *J. Educ. Psychol.*, 1924, **15**, 484-498.
The intelligence of Chinese in Hawaii. *School & Soc.*, 1924, **19**, 442.
Verbal *vs.* non-verbal tests as valid intelligence tests for Hawaii. *School & Soc.*, 1924, **20**, 248.
The significance of intelligence tests in the University of Hawaii. *School & Soc.*, 1924, **20**, 601-606.
The accuracy of certain standard tests for school classification. *J. Educ. Res.*, 1924, **9**, 315-330.
Personal habits. *Ped. Sem.*, 1924, **31**, 156-169.
On the loss of reliability in ratings due to coarseness of the scale. *J. Exper. Psychol.*, 1924, **12**, 456-461.
The effect of attendance at Chinese language schools on the ability with the English language. *J. Appl. Psychol.*, 1924, **8**, 411-423.
Equating college marks. *Educ. Admin. & Supervis.*, 1925, **11**, 118-124.
A social attitudes questionnaire. *J. Educ. Psychol.*, 1925, **9**, 188-195.
Notes on rating. *J. Appl. Psychol.*, 1925, **9**, 188-195.
A measure of studiousness. *Ped. Sem.*, 1925, **32**, 257-265.
A job-analysis sheet for computing partial and multiple coefficients of correlation or regression coefficients. *Teach. Coll. Rec.*, 1925, **27**, 52-69.
Methods of investigations of study habits. *School & Soc.*, 1926, **24**, 145-152.
Variations of the product-moment (Pearson) coefficient of correlation. *J. Educ. Psychol.*, 1926, **17**, 458-469.
Current investigations. *Teach. Coll. Rec.*, 1926, **27**, 568-577.
Size of recognition and recall vocabularies. *School & Soc.*, 1926, **24**, 559-560.
Study habits of high school pupils as shown

by close observation of contrasted groups. *Teach. Coll. Rec.*, 1926, **27**, 713-724.
Laws of learning. *J. Educ. Psychol.*, 1927, **18**, 405-413.
With Penney, E. M. The increasing of English vocabulary in the English class. *J. Educ. Res.*, 1927, **15**, 93-103.
Needed research in the field of measurement in secondary education. *J. Educ. Res.*, 1927, **16**, 119-126.
Measurements in secondary education. New York: Macmillan, 1927. Pp. 605.
A course in the technique of educational research. *Teach. Coll. Rec.*, 1927, **29**, 24-30.
The supervisor of study in the high school. *School & Soc.*, 1927, **26**, 509-513.
The measurement of teaching efficiency in high school. *Educ. Admin. & Supervis.*, 1927, **13**, 217-231.
Ability standards for standardized achievement tests in the high school. New York: Teach. Coll., Columbia Univ., Bur. Publ., 1927. Pp. 85.
Factors influencing test reliability. *J. Educ. Psychol.*, 1928, **19**, 73-87.
A studiousness questionnaire. *J. Educ. Psychol.*, 1928, **19**, 152-167.
The nature of conduct. New York: Macmillan, 1928. Pp. xi+346.
Note on finding the arithmetic mean and the median from grouped data. *J. Educ. Res.*, 1928, **17**, 298-300.
With Chase, D. H. Practice vs. motivation. *J. Educ. Psychol.*, 1929, **20**, 1-18.
With Lee, B. Studies in the learning of English expression: I. Punctuation. *Teach. Coll. Rec.*, 1929, **30**, 461-480.
With Lee, B. Studies in the learning of English expression: II. Capitalization. *Teach. Coll. Rec.*, 1929, **30**, 686-692.
A modern foreign language prognosis test. Chap. VI in Vol. 14 of the *Publications of the American and Canadian committees on modern languages*. New York: Macmillan, 1929.
Choice of items for a test on the basis of difficulty. *J. Educ. Psychol.*, 1929, **20**, 481-493.
Studies in the learning of English expression: III. Vocabulary. *Teach. Coll. Rec.*, 1929, **31**, 50-58.
A foreign language prognosis test. *Teach. Coll. Rec.*, 1930, **31**, 540-556.
An analysis of tact. *J. Educ. Res.*, 1930, **21**, 241-254.
With Jackson, C. E. An adjustment survey. *J. Educ. Res.*, 1930, **21**, 321-330.
Applications of psychology to health education. Chap. V, Sec. D in *Health Education*. (The 1930 Revision of the Report of the Joint Committee on Health Problems in Education of the National Education Association and the American Medical Association.)
Group methods for conducting a mental hygiene survey of high school pupils. *School & Soc.*, 1930, **32**, 501-506.
With Daringer, H. F. Studies in the learning of English expression: IV. Sentence structure. *Teach. Coll. Rec.*, 1930, **32**, 50-64.
A comparison of statistical measures of overlapping with charts for estimating the value of bi-serial *r*. *J. Educ. Psychol.*, 1930, **21**, 586-596.
Real topics for writing and speaking. *School Rev.*, 1930, **38**, 765-775.
Tests and interest questionnaires in the guidance of high school boys. *Teach. Coll. Contrib. Educ.*, 1930. Pp. viii+61.
Practice versus grammar in the learning of correct English usage. *J. Educ. Psychol.*, 1931, **22**, 81-95.
On what basis should a high school boy choose his curriculum. *Teach. Coll. Rec.*, 1931, **32**, 437-444.
Homogeneous grouping. *Teach. Coll. Rec.*, 1931, **32**, 501-517.
Basic principles in the psychology of learning. In *Principles and practices of health education*. Amer. Child Health Asso., 1931. Pp. 274-285.
Contributions of research to the mental hygiene program for schools. *School & Soc.*, 1931, **34**, 39-48.
Shall the I.Q. be used for sectioning in the high schools? *J. Educ. Res.*, 1931, **24**, 138-140.
Needed research in diagnosing personality and conduct. *J. Educ. Res.*, 1931, **24**, 175-187.
Mental hygiene in schools. (Rep. of Sub-Committee of Sec. 3C, Committee on the School Child of the White House Conference on Child Health and Protection.) New York: Century, 1932.
Mental hygiene for teachers. (Rep. of Joint Committee on Health Problems in Education of the National Education Association and American Medical Association.)
Diagnosing personality and conduct. New York: Century, 1932. Pp. 700.

SYZ, Hans Caspar, 67 Park Avenue, New York, New York, U. S. A.
Born Zürich, Switzerland, Aug. 1, 1894.
University of Zürich, 1913-1916, First and Second Preliminary Medical Examinations; 1917-1919, Swiss Staatsexamen in Medicine. University of Munich, 1916-1917. University of Geneva, 1917, 1920, M.D., 1921.
University Hospital of Zürich, 1920-1921, Assistant in Medicine. The Johns Hopkins Hospital, Henry Phipps Psychiatric Clinic, 1922-1923, House Officer. The Johns Hopkins University, 1923-1927, Instructor in Psychiatry. Lifwynn Foundation for Laboratory Research in Analytic and Social Psychiatry, 1927—, Secretary. Cornell University Clinic and College of Medicine, De-

partment of Psychiatry, 1929—, Physician. New York Hospital, Psychiatric Department, 1929—, Assistant. New York Psychiatric Institute and Hospital, 1930—, Attending Psychiatrist.

Member, American Psychological Association. American Association for the Advancement of Science. American Medical Association. American Psychopathological Association. American Sociological Association. American Psychoanalytic Association.

Psycho-galvanic studies on sixty-four medical students. *Brit. J. Psychol.*, 1926, **17**, 54-69.

Word knowledge in the elementary school. *Teach. Coll. Rec.*, 1921, **22**, 334-370.

The letters of William James. *Science*, 1921, **53**, 165-167.

On the organization of intellect. *Psychol. Rev.*, 1921, **28**, 141-151.

Intelligence and its measurement. *J. Educ. Psychol.*, 1921, **12**, 124-127.

The psychology of drill in arithmetic: the amount of practice. *J. Educ. Psychol.*, 1921, **12**, 183-184.

Measurement in education. *Teach. Coll. Rec.*, 1921, **22**, 371-379.

The correlation between interests and abilities in college courses. *Psychol. Rev.*, 1921, **28**, 374-376.

On the new plan of admitting students at Columbia University. *J. Educ. Res.*, 1921, **4**, 95-101.

The effect of changed data upon reasoning. *J. Exper. Psychol.*, 1922, **5**, 33-38.

Practice effects in intelligence tests. *J. Exper. Psychol.*, 1922, **5**, 101-107.

The abilities involved in algebraic computation and in problem solving. *School & Soc.*, 1922, **15**, 191-193.

The permanence of school learning. *School & Soc.*, 1922, **15**, 625-627.

The psychology of labor. *Harpers*, 1922, **144**, 799-806.

The nature of algebraic abilities; the psychology of the equation; the psychology of problem solving; the strength of mental connections formed in algebra; the constitution of algebraic abilities. *Math. Teach.*, 1922, **15**, 6-15, 79-80; 127-136; 212-227, 253-264; 317-331; 405-415.

On finding equivalent scores in tests of intelligence. *J. Appl. Psychol.*, 1922, **6**, 29-33.

Instruments for measuring the disciplinary value of studies. *J. Educ. Res.*, 1922, **5**, 269-279.

Changes in the quality of the pupils entering high school. *School Rev.*, 1922, **30**, 355-359.

An instrument for measuring certain aspects of intelligence in relation to growth, practice, fatigue, and other influences. *J. Exper. Psychol.*, 1922, **5**, 197-202.

With Symonds, P. M. The occupations of high school graduates and non-graduates. *School Rev.*, 1922, **30**, 443-451.

Measurement in education. *Yrbk. Nat. Soc. Stud. Educ.*, 1922, **21**, 1-9.

With Upton, C. B. An experiment in learning an abstract subject. *J. Educ. Psychol.*, 1922, **13**, 321-330.

With Woodyard, E. The uses of algebra in study and reading. *School Sci. & Math.*, 1922, **22**, 405-415, 514-522.

Completion tests in physics. *School Sci. & Math.*, 1922, **22**, 637-647.

The Thorndike test of word knowledge. Forms A, B, C, D. New York: Bur. Publ., Teach. Coll., Columbia Univ., 1922. Forms E, F, G, H. New York: Author, 1922.

The psychology of arithmetic. New York: Macmillan, 1922. Pp. xvi+314.

The psychology of algebra. New York: Macmillan, 1923. Pp. viii+483.

The influence of first year Latin upon range in English vocabulary. *School & Soc.*, 1923, **17**, 82-84.

The influence of first year Latin upon ability to read English. *School & Soc.*, 1923, **17**, 165-168.

The interests of teachers in studies during their high school course. *School & Soc.*, 1923, **17**, 419-420.

With Bingham, W. V., Dodge, R., & Franz, S. I. Psychology as a life work. *Science*, 1923, **57**, 429-431.

The construction and interpretation of correlation tables. *J. Educ. Res.*, 1923, **7**, 199-212.

The variability of an individual in repetitions of the same task. *J. Exper. Psychol.*, 1923, **6**, 161-167.

The effect of first year Latin upon knowledge of English words of Latin derivation. *School & Soc.*, 1923, **18**, 260-270.

The intelligence scores of colored pupils in high schools. *School & Soc.*, 1923, **18**, 569-570.

The diversity of high school students' programs. *Teach. Coll. Rec.*, 1923, **24**, 111-121.

Address in honor of Dean Russell. *Teach. Coll. Rec.*, 1923, **24**, 302-307.

With Symonds, P. M. Difficulty, reliability, and grade achievements in a test of English vocabulary. *Teach. Coll. Rec.*, 1923, **24**, 438-445.

The gains made in ability in English by pupils who study Latin and by pupils who do not. *School & Soc.*, 1923, **18**, 690.

On the improvement in intelligence scores from fourteen to eighteen. *J. Educ. Psychol.*, 1923, **14**, 513-516.

Mental discipline in high school studies. *J. Educ. Psychol.*, 1924, **15**, 1-22, 83-98.

The right use of leisure. *J. Nat. Instit. Soc. Sci.*, 1924, **9**, 19-26.

The disciplinary value of studies in the opinion of students. *Teach. Coll. Rec.*, 1924, **25**, 134-143.

Standard tests and their use. *Teach. Coll. Rec.*, 1924, **26**, 93-94.

The measurement of intelligence. *Psychol. Rev.*, 1924, **31**, 219-252.

The influence of the chance imperfections of measures. *J. Exper. Psychol.*, 1924, **7**, 225-232.

With Bregman, E. O., & Cobb, M. V. The selection of tasks of equal difficulty by a consensus of opinion. *J. Educ. Res.*, 1924, **9**, 133-139.

With Bregman, E. O. On the form of distribution of intellect in the ninth grade. *J. Educ. Res.*, 1924, **10**, 271-278.

The vocabularies of school pupils. *Columbia Univ. Contrib. Educ.*, 1924, **1**, 69-76.

Intelligence examination for high school graduates. Instructions for giving, scoring, and interpreting scores. Series 1925-1930. Pp. 11. Practice form of above. Pp. 4. New York: Teach. Coll., Columbia Univ., 1924.

Arithmetic. Books 1 to 3. Chicago: Rand McNally, 1924. Pp. xvi+245; xvi+282; xvi+330.

Improvement of mental measurements. *J. Educ. Res.*, 1925, **11**, 1-11.

The nature of intellect. *Educ. Rec.*, 1925, **6**, 3-12.

On the provision of alternative forms of examinations equal in difficulty. *J. Appl. Psychol.*, 1925, **9**, 1-4.

I.E.R. intelligence scale CAVD. Levels A to Q. Printed in 5 parts. New York: Teach. Coll., Columbia Univ., 1925.

Inventory of intelligence test items. New York: Teach. Coll., Columbia Univ., 1925. (Mimeographed.)

On the improvement in intelligence scores from thirteen to nineteen. *J. Educ. Psychol.*, 1926, **17**, 73-76.

With others. The measurement of intelligence. New York: Bur. Publ., Teach. Coll., Columbia Univ., 1926. Pp. xxvi+616.

A fundamental theorem in modifiability. *Proc. Nat. Acad. Sci.*, 1927, **13**, 15-18.

The law of effect. *Amer. J. Psychol.*, 1927, **39**, 212-222.

The influence of primacy. *J. Exper. Psychol.*, 1927, **10**, 18-29.

The refractory period in associative processes. *Psychol. Rev.*, 1927, **34**, 234-236.

An inventory of English construction scales

with measure of their importance. *Teach. Coll. Rec.*, 1927, **28**, 580-610.

With Brolyer, C. R., & Woodyard, E. A second study of mental discipline in high school studies. *J. Educ. Psychol.*, 1927, **18**, 377-404.

Education for initiative and originality. *Teach. Coll. Rec.*, 1927, **29**, 89-100.

The resemblance of siblings in intelligence. *27th Yrbk. Nat. Soc. Stud. Educ.*, Pt. 1, 1928, 41-53.

With Bregman, E. O., Tilton, J. W., & Woodyard, E. Adult learning. New York: Macmillan, 1928. Pp. x+335.

The testing movement in the light of recent research. *J. Educ. Res.*, 1928, **17**, 345-349.

Curriculum research. *School & Soc.*, 1928, **28**, 569-576.

With Gates, A. I. Elementary principles of education. New York: Macmillan, 1929. Pp. x+335.

Born Appleton, Wis., Sept. 3, 1875.

University of Wisconsin, A.B., 1899. Clark University, 1899-1900, 1903-1904, Ph.D., 1904.

State Teachers College, Oshkosh, Wisconsin, 1900-1907, Professor. Carroll College, 1907, Professor. University of South Dakota, 1907-1911, Professor. University of Iowa, summer 1908, Lecturer. University of Missouri, summers 1909, 1915, Lecturer. Kansas State Teachers College, summer 1911, Lecturer. University of Kansas, 1911-1914, Associate Professor. University of Washington, summers 1913, 1914. Drury College, 1914-1915, Professor. University of Toledo, 1915—, Professor and Director of the Psychological Laboratory.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. American Eugenics Society. National Geographic Society.

Creeping and walking in children. Study of motor development and control. *Amer. J. Psychol.*, 1900, **12**, 1-57.

Psychology of the language interest of children. *Ped. Sem.*, 1904, **11**, 113-177.

Fundamentals in education. *State Normal School Bull.*, Oshkosh, Wis., 1904.

Genetic psychology. *Amer. Educ.*, 1906.

Development of language in children. *Amer. Educ.*, 1906.

The kindergarten from the standpoint of general psychology. *Amer. Educ.*, 1907.

Development of thought and action in children. *Proc. S. Dak. Educ. Asso.*, 1911.

Arrested development in children. *Proc. 14th Ann. Session Kan. Conf. Char. & Correction*, Topeka, 1913-1914.

The exceptional child. *Psychol. Clin.*, 1914, **8**, 48-51.

The sex problem in education. *Kan. School Mag.*, 1914.

Differentiation of the field in the training of teachers. *Ped. Sem.*, 1915, **22**, 538-545.

Practical applications of psychology in the treatment of certain psychopathics (and other neuropathologies). *J. Appl. Psychol.*, 1917, **1**, 244-253.

TRIMBLE, Otis Carroll, Harvard University, Cambridge, Massachusetts, U. S. A.

Born Osage, Ark., Nov. 17, 1896.

University of Arkansas, 1918-1925, S.B. in Ed., 1922, S.M., 1924. State University of Iowa, 1926-1928, Ph.D., 1928.

Bradley Polytechnic Institute, 1928-1930,

Assistant Professor, 1928-1929; Associate Professor of Psychology and Education, 1929-1930. Harvard University, 1930—, National Research Council Fellow, and Harvard Research Fellow in Psychology.

Member, American Psychological Association. American Association for the Advancement of Science. British Psychological Society.

The phase-theory as a time-theory in sound localization. *Proc. Iowa Acad. Sci.*, 1927, **34**, 285-290.

Some temporal aspects of sound localization. *Psychol. Monog.*, 1928, **38**, 172-225.

A discrete impulse technique in sound localization. *Brit. J. Psychol.*, 1928, **19**, 167-179.

The theory of sound localization: a restatement. *Psychol. Rev.*, 1928, **35**, 515-523.

The relative rôles of the temporal and the intensive factors in sound localization, *Amer. J. Psychol.*, 1929, **41**, 564-576.

Concerning the meaning of the terms *diotic* and *dichotic*. *Amer. J. Psychol.*, 1931, **43**, 144.

TRIPLETT, Dorothy, Kansas State College of Agriculture and Applied Science, Department of Child Welfare and Euthenics, Manhattan, Kansas, U. S. A.

Born Emporia, Kan., May 12, 1903.

Kansas State Teachers College, 1919-1921, 1923-1924, S.B., 1924. Pomona College, 1922-1923. State University of Iowa, 1925-1928, 1929-1930, A.M., 1927, Ph.D., 1930.

Skidmore College, 1928-1929, Instructor of Psychology. Kansas State College, 1930—, Instructor of Psychology, 1930-1931; Associate Professor of Child Welfare and Euthenics, 1931—.

Associate, American Psychological Association. Sigma Xi.

The relation between the physical pattern and the reproduction of short temporal intervals: a study in the perception of filled and unfilled time. *Psychol. Monog.*, 1931, **41**, No. 187, 201-265.

TRIPLETT, Norman, Kansas State Teachers College, Emporia, Kansas, U. S. A.

Born Perry, Ill., Oct. 1, 1861.

Illinois College, A.B., 1889. University of Indiana, A.M., 1898. Clark University, Ph.D. 1900.

Mt. Holyoke College, 1900-1901, Instructor of Pedagogy. Kansas State Teachers College, 1901—, Professor of Psychology and Child Study, 1901-1906; Professor of Psychology and Philosophy, 1906—.

Member, American Psychological Association.

The dynamogenic factors in pace-making and competition. *Amer. J. Psychol.*, 1898, **9**, 507-533.

The psychology of conjuring deceptions. *Amer. J. Psychol.*, 1900, **11**, 439-510.

The educability of the perch. *Amer. J. Psychol.*, 1901, **12**, 354-360.

With Sanford, E. D. Studies of rhythm and meter. *Amer. J. Psychol.*, 1901, **12**, 361-387.

A contribution to individual psychology. *Amer. J. Psychol.*, 1902, **13**, 149-160.

A study of the faults of children. *Ped. Sem.*, 1903, **10**, 200-238.

Pedagogical arrests and peculiarities. *Ped. Sem.*, 1905, **12**, 141-157.

TROLAND, Leonard Thompson, Harvard University, Emerson Hall, Cambridge, Massachusetts, U. S. A. Address for year 1932: 1515 North Ogden Drive, Hollywood, California, U. S. A.

Born Norwich, Conn., Apr. 26, 1889.

Massachusetts Institute of Technology, 1908-1912, S.B., 1912. Harvard University, 1912-1915, A.M., 1914, Ph.D., 1915.

Harvard University, 1916—, Instructor, 1916-1919; Faculty Instructor and Instructor, 1919-1922; Assistant Professor, 1922-1929; Lecturer in Psychology, 1929—. Kalmus Comstock & Westcott Inc., 1918-1925, Research Engineer. Technicolor Motion Picture Corporation, 1925—, Director of Research.

Member, American Psychological Association. American Association for the Advancement of Science. American Physical Society. Illuminating Engineering Society. Optical Society of America (President, 1922-1924.) Acoustical Society of America. Society of Motion Picture Engineers. Sigma Xi. Sheldon Travelling Fellow in Psychology, Harvard, 1916-1917.

A definite physico-chemical hypothesis to explain visual response. *Amer. J. Physiol.*, 1913, **32**, 8-40.

Adaptation and the chemical theory of sensory response. *Amer. J. Psychol.*, 1914, **25**, 500-527.

The chemical origin and regulation of life. *Monist*, 1914, **24**, 92-133.

The Freudian psychology and psychical research. *J. Abn. Psychol.*, 1914, **8**, 405-428.

The theory and practice of the artificial pupil. *Psychol. Rev.*, 1915, **22**, 167-176.

The laws of visual minuthesis: The threshold pre-exposure time and the equilibrium time for a projected negative after-image. *J. Franklin Instit.*, 1916, **181**, 579-581.

Notes on flicker photometry: Flicker-photometer frequency as a function of the color of the standard, and of the measured, light. *J. Franklin Instit.*, 1916, **181**, 853-855.

The influence of intensity on the equality-time function. *J. Franklin Instit.*, 1916, **181**, 855-856.

The absence of the Purkinje phenomenon in the fovea. *J. Franklin Instit.*, 1916, **182**, 111-112.

The heterochromatic brightness discrimina-

tion threshold. *J. Franklin Instit.*, 1916, **182**, 113-115.

Flicker-photometer frequency as a function of the light intensity. *J. Franklin Instit.*, 1916, **182**, 261-262.

The reversal of the faded negative after-image by brightening the stimulus field. *J. Franklin Instit.*, 1916, **182**, 529-530.

Apparent brightness: its conditions and properties. *Trans. Illum. Eng. Soc.*, 1916, **11**, 949-966.

The enzyme theory of life. *Cleveland Med. J.*, 1916, **15**, 377-387.

Philosophy and the world's peace. *J. Phil., Psychol., etc.*, 1916, **13**, 421-436.

The nature of the visual receptor process. *J. Opt. Soc. Amer.*, 1917, **1**, 3-15.

On the measurement of visual stimulation intensities. *J. Exper. Psychol.*, 1917, **2**, 1-33.

Preliminary note: the influence of changes of illumination upon after-images. *Amer. J. Psychol.*, 1917, **28**, 497-503.

Biological enigmas and the theory of enzyme action. *Amer. Natur.*, 1917, **51**, 321-350.

A technique for the experimental study of telepathy and other alleged clairvoyant processes. Cambridge, Mass.: Author, 1917. Pp. 26.

With Comstock, F. The nature of matter and electricity. New York: Van Nostrand, 1917. Pp. xxii+203.

The psychology of color in relation to illumination. *Trans. Illum. Eng. Soc.*, 1918, **13**, 21-37.

Vision—general phenomena. *Psychol. Bull.*, 1918, **15**, 65-75; 1919, **16**, 119-138.

The heterochromatic differential threshold for brightness. *Psychol. Rev.*, 1918, **25**, 305-329, 359-377.

Paraphysical monism. *Phil. Rev.*, 1918, **27**, 39-62.

The 'all or none' principle in visual response. *J. Opt. Soc. Amer.*, 1920, **4**, 160-185.

A system for explaining affective phenomena. *J. Abn. Psychol.*, 1920, **14**, 376-387.

The physical basis of nerve functions. *Psychol. Rev.*, 1920, **27**, 323-350.

The colors produced by equilibrium photopic adaptation. *J. Exper. Psychol.*, 1921, **4**, 344-390.

The progress of visual science in 1920. *Amer. J. Physiol. Opt.*, 1922, **3**, 316-391.

Brilliance and chroma in relation to zone theories of vision. *J. Opt. Soc. Amer.*, 1922, **6**, 3-26.

Helmholtz's contributions to physiological optics. *J. Opt. Soc. Amer.*, 1922, **6**, 327-335.

Report of the Colorimetry Committee of the Optical Society of America. *J. Opt. Soc. Amer.*, 1922, **6**, 527-596.

The present status of visual science. *Bull. Nat. Res. Coun.*, 1922, **5**, No. 27. Pp. 120.

Psychophysics as the key to the mysteries of physics and of metaphysics. *J. Wash. Acad. Sci.*, 1922, **12**, 141-162.

The significance of psychical monism for psychological theory. *Psychol. Rev.*, 1922, **29**, 201-211.

The facts and theories of color vision. *Proc. Int. Cong. Ophthal.*, 1923, 652-668.

The optics of the nervous system. *J. Opt. Soc. Amer.*, 1924, **8**, 389-409. Also in *Amer. J. Physiol. Opt.*, 1924, **5**, 127-153.

With Campbell, N. The interrelations of modern physics and modern psychology. *J. Franklin Instit.*, 1924, **197**, 479-504, 817-826.

The progress of visual science in 1921. *Amer. J. Physiol. Opt.*, 1925, **6**, 1-77.

The enigma of color vision. *Amer. J. Physiol. Opt.*, 1925, **1**, 317-337.

The mystery of mind. New York: Van Nostrand, 1926. Pp. xi+253.

The psychology of natural color motion pictures. *Amer. J. Physiol. Opt.*, 1926, **7**, 375-382.

Some psychological aspects of natural color motion pictures. *Trans. Soc. Motion Picture Eng.*, 1927, **11**, 680-698.

The technicolor process. *Tech Eng. News*, 1927, **8**, 294, 310, 316, 318.

The fundamentals of human motivation. New York: Van Nostrand, 1928. Pp. xiv+521.

The principles of psychophysiology. Vol. I. Problems of psychology, and perception. New York: Van Nostrand, 1929. Pp. xix+429.

Vision: I. Visual phenomena and their stimulus correlations. Chap. 4 in *The foundations of experimental psychology*, ed. by C. Murchison. Worcester, Mass.: Clark Univ. Press; London: Oxford Univ. Press, 1929. Pp. 169-215.

The psychophysiology of auditory qualities and attributes. *J. Gen. Psychol.*, 1929, **2**, 28-58.

Optics as seen by a psychologist. *J. Opt. Soc. Amer.*, 1929, **18**, 223-236.

Colour blindness. In Vol. 6 of *Encyclopaedia britannica*, 14th ed., 1929. P. 61.

Motivational psychology. Chap. 25 in *Psychologies of 1930*, ed. by C. Murchison. Worcester, Mass.: Clark Univ. Press; London: Oxford Univ. Press, 1930. Pp. 460-480.

The principles of psychophysiology. Vol. II. Sensation. New York: Van Nostrand, 1930. Pp. xxi+397.

Psychophysiological considerations relating to the theory of hearing. *J. Acoust. Soc. Amer.*, 1930, **1**, 301-310.

Analysis of the literature concerning the dependency of visual functions upon illumination intensity. *Trans. Illum. Eng. Soc.*, 1931, **26**, 107-196.

The principles of psychophysiology. Vol. III. Cerebration and action. New York: Van Nostrand, 1932. Pp. xxiv+446.

TROW, William Clark, University of Michigan, School of Education, Ann Arbor, Michigan, U. S. A.

Born Northampton, Mass., Dec. 11, 1894.

Colgate University, A.B., 1915. Columbia University, A.M., 1919, Ph.D., 1923.

U. S. Army, Psychological Service, 1918-1919. University of Rochester, 1919-1922, Instructor, 1919-1920; Assistant Professor, 1920-1922. University of Cincinnati, 1923-1926, Associate Professor. Yale University, 1925-1926, Visiting Associate Professor. University of Michigan, 1926—, Associate Professor of Educational Psychology.

Associate, American Psychological Association. American Association for the Advancement of Science.

The psychology of confidence. *Arch. Psychol.,* 1923, No. 67. Pp. 47.

Trait consistency and speed of decision. *School & Soc.,* 1925, **21**, 538-542.

Scientific method in education. Boston: Houghton Mifflin, 1925. Pp. xi+159.

With Sears, R. A learning plateau due to conflicting methods of practice. *J. Educ. Psychol.,* 1927, **18**, 43-47.

The leisure activities of students and their instructors. *Ped. Sem.,* 1927, **34**, 406-414.

With Pu, S. T. Self-ratings of the Chinese. *School & Soc.,* 1927, **26**, 213-216.

Recall and repetition in the learning of rote and meaningful material. *Amer. J. Psychol.,* 1928, **40**, 112-116.

A child who feared teachers. *J. Educ. Sociol.,* 1930 (June), 590-601.

Two problem children. *J. Abn. & Soc. Psychol.,* 1930, **25**, 106-109.

Educational psychology. Boston: Houghton Mifflin, 1931. Pp. xv+504.

TRUEBLOOD, Charles Kingsley, Brown Uuniversity, Department of Psychology, Providence, Rhode Island, U. S. A.

Born Richmond, Ind., Aug. 20, 1893.

Earlham College, 1909-1913, S.B., 1913. Haverford College, 1913-1914, S.B., 1914. Harvard University, 1914-1915, 1927-1929, A.M., 1915, Ph.D., 1931.

Brown University, 1929—, Instructor of Psychology.

Associate, American Psychological Association. Sigma Xi.

A tunnel maze. *J. Genet. Psychol.,* 1929, **36**, 581-583.

Behavior of white rats in a rotated tunnel maze. *J. Genet. Psychol.,* 1932, **40** (in press).

TRYON, Robert Choate, University of California, Department of Psychology, Berkeley, California, U. S. A.

Born Butte, Mont., Sept. 4, 1901.

University of California at Los Angeles, 1920-1922. University of California, 1922-1928, A.B., 1924, Ph.D., 1928.

University of California, 1928—, National Research Council Fellow, 1928-1930; Research Associate, 1930-1931; Assistant Professor of Psychology, 1931—.

Associate, American Psychological Association. Sigma Xi.

Effect of the unreliability of measurement on the difference between groups. *J. Comp. Psychol.,* 1926, **6**, 449-453.

Demonstration of the effect of unreliability of measurement on a difference between groups. *J. Comp. Psychol.,* 1928, **8**, 1-22.

Errors of sampling and of measurement as affecting difference between means. *J. Comp. Psychol.,* 1929, **9**, 191-195.

The genetics of learning ability in rats—a preliminary report. *Univ. Calif. Publ. Psychol.,* 1929, **4**, No. 5, 71-80.

With Tolman, E. D., & Jeffress, L. A. A self-recording maze with an automatic delivery table. *Univ. Calif. Publ. Psychol.,* 1929, **4**, No. 7, 99-112.

The interpretation of the correlation coefficient. *Psychol. Rev.,* 1929, **36**, 419-445.

The reliability coefficient as a per cent, with application to the correlation between abilities. *Psychol. Rev.,* 1930, **37**, 140-157.

Studies in individual differences in maze ability: I-V. *J. Comp. Psychol.,* 1930, **11**, 145-170; 1931, **12**, 1-22, 95-115, 303-345, 401-420.

TURNER, John Pickett, Brooklyn College, Department of Philosophy, Psychology, and Anthropology, Brooklyn, New York, U. S. A.

Born Cedar Hill, Tenn., May 5, 1876.

Webb School, 1892-1896. Vanderbilt University, 1897-1901, A.B., 1900, A.M., 1901. Columbia University, 1907-1910, Ph.D., 1910.

Vanderbilt University, 1900-1901, 1910-1911, Fellow in Classical Philology, 1900-1901; Adjunct Professor of Mental and Moral Philosophy, and Founder of the Psychological Laboratory, 1910-1911. Secondary Work, 1901-1905, Teacher of Latin, Greek, and German. Weatherford College, 1905-1907, President. The College of the City of New York, 1907-1910, 1911-1930, Instructor of Mathematics, 1907-1910; Instructor, 1911-1913; Assistant Professor, 1913-1919; Head of the Department, 1920-1921; Associate Professor, 1919-1927; Professor of Philosophy, 1927-1930. Brooklyn College, 1930—, Head of the Department of Philosophy, Psychology, and Anthropology, and Founder of the Psychological Laboratory.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. American Philosophical Association. American Association of University Professors.

Idealistic beginnings in England. (An analysis of the English Introspective School.) New York: Seiler, 1910. Pp. 135.

TURNER, William Donald, Bryn Mawr College, Department of Psychology, Bryn Mawr, Pennsylvania, U. S. A.

Born Heyworth, Ill., Aug. 1, 1904.

University of Illinois, A.B., 1926. Harvard University, 1926-1929, A.M., 1928, Ph.D., 1929.

Tufts College, 1928-1929, Instructor of Psychology. Vienna, Austria, 1929-1930, Social Science Research Fellow. Kansas State College, 1930-1931, Instructor of Psychology. Bryn Mawr College, 1931—, Instructor of Psychology.

Associate, American Psychological Association.

Intra-serial effects with lifted weights. *Amer. J. Psychol.*, 1931, **43**, 1-25.

TURNEY, Austin Henry, University of Kansas, School of Education, Lawrence, Kansas, U. S. A.

Born Great Bend, Kan., Sept. 19, 1887.

University of Minnesota, 1921-1927, A.B., 1924, A.M., 1925, Ph.D., 1929.

University of Minnesota, 1925-1927, Instructor of Educational Psychology, 1925-1926; Director of Practice Teaching and Principal of the University High School, 1926-1927. University of Kansas, 1928—, Assistant Professor of Education.

Associate, American Psychological Association. Member, American Association for the Advancement of Science. National Society for the Study of Education. National Society of College Teachers of Education. National Education Association.

A study of achieving and non-achieving high school pupils. *School Rev.*, 1927, **35**, 289-298.

Some problems related to ungraded rooms and their functions. *Univ. Kan. Bull. Educ.*, 1929, **2**, 3-9.

Factors other than intelligence that affect success in high school. Minneapolis, Minn.: Univ. Minn. Press, 1930. Pp. ix+135.

The status of ability grouping. *Educ. Admin. & Supervis.*, 1931, **17**, 21-42, 110-127.

TUTTLE, Waid Wright, State University of Iowa, Department of Physiology, Iowa City, Iowa, U. S. A.

Born Ohio, Sept. 4, 1892.

Huntington College, 1911-1916, A.B., 1916. University of South Dakota, 1919-1921, A.M., 1921. Ohio State University, 1922-1924, Ph.D., 1924.

University of Illinois, 1924-1926, Instructor, 1924-1925; Assistant Professor of Physiology, 1925-1926. State University of Iowa, 1926—, Assistant Professor of Physiology.

Associate, American Psychological Association. Society for Experimental Biology and Medicine. American Physiological Society. Ohio Academy of Science. Sigma Xi.

The Thorndike Intelligence Test as a means for determining fitness for college. *Ky. High School J.*, 1922, **8**, 13-28.

The determination of ability for learning typewriting. *Amer. Shorthand Teach.*, 1922, **2**, 65-69.

The study hall problem. *Educ. Admin. & Supervis.*, 1922, **8**, 508.

Prognostic examination for typewriting ability. Ohio: Author, 1922.

The determination of ability for learning typewriting. *J. Educ. Psychol.*, 1923, **14**, 177-181.

With Pressey, S. L. Senior classification test, Form A, Grades 7-12. Bloomington, Ill.: Pub. School Publ. Co., 1924.

The effect of alcohol on the patellar tendon reflex. *J. Pharm. Exper. Therap.*, 1924, **23**, 163-172.

An apparatus for eliciting and recording the patellar tendon reflex. *Amer. J. Physiol.*, 1924, **68**, 338-344.

The effect of sleep upon the patellar tendon reflex. *Amer. J. Physiol.*, 1924, **68**, 345-348.

The effect of adrenalin upon the patellar tendon reflex. *Amer. J. Physiol.*, 1924, **69**, 446-454.

The effect of attention or mental activity on the patellar tendon reflex. *J. Exper. Psychol.*, 1924, **7**, 401-417.

Factors influencing the knee-jerk. *Amer. J. Physiol.*, 1925, **72**, 50-55.

The distribution of tone in skeletal muscle. *J. Exper. Psychol.*, 1925, **8**, 319-322.

With Burtt, H. E. The patellar tendon reflex and affective tone. *Amer. J. Psychol.*, 1925, **36**, 553-561.

Changes of irritability in women during the menstrual cycle. *J. Lab. & Clin. Med.*, 1925, **11**, 60-62.

With Williams, E. The effect of auto-condensation and high frequency electric current on the tonus of skeletal muscle. *Amer. J. Physiol.*, 1925, **74**, 650-655.

With Brown, L. T. The phenomenon of treppe in intact human skeletal muscle. *Amer. J. Physiol.*, 1926, **77**, 483-490.

With Brown, L. T. Studies in reaction time. *Amer. J. Physiol.*, 1926, **78**, 150-157.

With Travis, L. E., & Hunter, T. A. The tetanic nature of the knee-jerk response in man. *Amer. J. Physiol.*, 1927, **81**, 670-678.

With Travis, L. E., & Hunter, T. A. A study study of the reflex time of the knee-jerk and the Achilles-jerk. *Amer. J. Physiol.*, 1927, **82**, 99-105.

With Travis, L. E. A comparative study of the extent of the knee-jerk and the Achilles-jerk. *Amer. J. Physiol.*, 1927, **82**, 147-152. Also in *Proc. Soc. Exper. Biol. & Med.*, 1927, **24**, 782-784.

With Travis, L. E. Periodic fluctuation in the extent of the knee-jerk and the Achilles-jerk. *J. Exper. Psychol.*, 1928, **11**, 252-258.

With MacEwen, E. W. A method of determining the length of the femoral nerve and for locating the motor point of the rectus femoris muscle in the intact human body. *Anat. Rec.*, 1928, **37**, 317-319.

With Skien, J. S. The effect of submersion in water at various temperatures on respiration. *Proc. Soc. Exper. Biol. & Med.*, 1929, **27**, 174-176.

The effect of the rate of stimulation, strength of the stimulus, summation and reinforcement on the rate of the conduction of a nerve impulse through reflex arcs. *Amer. J. Physiol.*, 1929, **88**, 347-350.

An apparatus for automatically eliciting and recording the Achilles-jerk. *J. Lab. & Clin. Med.*, 1929, **14**, 368-370.

With MacEwen, E. M. A method for determining the length of the femoral nerve and the length of the reflex arc involved in the knee-jerk of the dog. *J. Lab. & Clin. Med.*, 1929, **14**, 671-673.

With Dykshorn, S. A comparison of spontaneous activity of the albino rat with the ability to learn, with special reference to the effect of castration and ovariectomy on these processes. *Physiol. Zool.*, 1929, **2**, 157-167.

With Umnus, C. J. A quantitative study of the effect of strychnine on deep reflexes. *Arbeitsphysiol.*, 1930, **2**, 362-366.

With Umnus, C. J. The effect of exercise on the Achilles-jerk. *Arbeitsphysiol.*, 1930, **2**, 367-371.

With Skien, J. S. The efficiency rating of high school boys as shown by the pulse-ratio test. *Res. Quar.*, 1930, **1**, 19-33.

With Wilkins, R. C. The application of the pulse-ratio test to efficiency in performing on gymnasium apparatus. The horizontal bar. *Arbeitsphysiol.*, 1930, **3**, 449-455.

With Frey, H. A study of the physical efficiency of college women as shown by the pulse-ratio test. *Res. Quar.*, 1930, **1**, 17-25.

The response of the heart to exercise of graded intensities. *Proc. Soc. Exper. Biol. & Med.*, 1931, **28**, 598-599.

The use of the pulse-ratio test for rating physical efficiency. *Res. Quar.*, 1931, **2**, 5-17.

With Schroeder, E. G. The application of the pulse-ratio test to performing on gymnasium apparatus. The parallel bars. *Arbeitsphysiol.*, 1931, **4**, 443-452.

With Wells, G. The response of the normal heart to exercises of graded intensities. *Arbeitsphysiol.*, 1931, **4**, 519-526.

With Westerlund, J. H. The relation between reaction time and speed in sprinting. *Res. Quar.*, 1931, **2**, 95-100.

TWITCHELL, Doris F., University of Michigan, Office of Educational Investigations, Ann Arbor, Michigan, U. S. A.

Born Old Town, Me., Oct. 8, 1901.

University of Maine, 1919-1923, 1924-1926, A.B., 1923, A.M., 1926. University of Michigan, 1927-1930, Ph.D., 1930.

Orono High School, Maine, 1923-1924 (half time), Teacher of Mathematics and History. University of Maine, 1923-1925 (half-time), Instructor in Education Department. University of Michigan, 1926—, Research Assistant, Office of Educational Investigations.

Associate, American Psychological Association. Member, American Association for the Advancement of Science.

Medical entrance examination, University of Michigan: a reading test in biology, chemistry, and physics. Form A, June, 1928; Revision of Form A, Sept., 1930; Form B, June, 1929. Ann Arbor, Mich.: Univ. Mich., 1928-1930.

Medical entrance examination, University of Michigan: vocabulary test. Form A, June, 1929. Ann Arbor, Mich.: Univ. Mich., 1929.

TWITMYER, Edwin Burket, University of Pennsylvania, Department of Psychology, Philadelphia, Pennsylvania, U. S. A.

Born McElhattan, Pa., Sept. 14, 1873.

Lafayette College, Ph.B., 1896, A.M., 1897. University of Pennsylvania, Ph.D., 1902.

University of Pennsylvania, 1897—, Instructor, Assistant Professor, and Professor of Psychology and Assistant Director of the Psychological Laboratory and Clinic.

Member, American Psychological Association. American Association for the Advancement of Science. Engineering-Economic Foundation.

With Fernberger, S. W. Some new laboratory and demonstrational apparatus. *Amer. J. Psychol.*, 1927, **38**, 113-119.

The psychologist's approach to the problem of mental deficiency. *Proc. & Addr. Amer. Asso. Stud. Feeblemind.*, 1927, **32**, 31-40.

TWITMYER, Edward Marvin, University of Pennsylvania, Department of Psychology, Philadelphia, Pennsylvania, U. S. A.

Born Philadelphia, Pa., Mar. 4, 1901.

University of Pennsylvania, 1920-1930, A.B., 1924, A.M., 1926, Ph.D., 1930.

University of Pennsylvania, 1924—, Assistant Instructor, 1924-1926; Instructor, 1926—; Instructor of Psychology, Extension School, 1926—; Assistant Personnel Officer of the College, 1930—.

Associate, American Psychological Association. Eastern Association of College Deans and Advisors of Men.

Visual guidance in motor learning. *Amer. J. Psychol.*, 1931, **43**, 165-187.

UHRBROCK, Esther L. Gatewood, 819 South Crescent Avenue, Cincinnati, Ohio, U. S. A.

Born Nashville, Tenn., Nov. 7, 1893.

Ohio State University, 1910-1915, 1917-1919, A.B., 1914, A.M., 1915, Ph.D., 1919. University of Chicago, 1916-1917.

Randolph-Macon Woman's College, 1919-1920, Instructor. Carnegie Institute of Technology, 1920-1921, Researcher. Edison Music Research, School Department, New York, 1921-1922, Researcher. Victor Talking Machine Company, Educational Department, 1922-1923, Educational Lecturer. Northwestern University, 1925-1927, Assistant Professor of Psychology.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. Sigma Xi.

Teachers' estimates of negroes and whites. *School & Soc.*, 1919, **9**, 89-91.

A survey of an opportunity school. *J. Delinq.*, 1919, **4**, 86-102.

Vocality of fork, violin and piano tones. *Amer. J. Psychol.*, 1920, **31**, 194-203.

Individual differences in finger reaction time. *Psychol. Monog.*, 1920, **28**, No. 126. Pp. 43.

The psychology of music in relation to anesthesia. *Amer. J. Surg.*, 1921, **35**, No. 4.

An experiment in the use of music in an architectural drafting room. *J. Appl. Psychol.*, 1921, **5**, 350-359.

Is there evidence for the therapeutic use of music? *Trained Nurse & Hosp. Rev.*, 1922, **69**, No. 1, 13-16.

Effects of music. Chaps. 4, 5, 7, 8, 14 in *The effects of music: a series of essays*, ed. by M. Schoen. New York: Harcourt, Brace, 1927. Pp. 78-120, 131-183, 257-267.

UHRBROCK, Richard Stephen, The Proctor and Gamble Company, Statistical and Research Department, Industrial Division, Cincinnati, Ohio, U. S. A.

Born Baltimore, Md., Aug. 4, 1894.

Philadelphia School of Pedagogy, 1915-1917. University of Pennsylvania, 1917-1918. Carnegie Institute of Technology, S.B., 1920, A.M., 1921. Columbia University, 1921-1923, A.M., 1923, Ph.D., 1928.

Carnegie Institute of Technology, 1920-1921, Teaching Fellow in Psychology. Western Union Telegraph Co., New York, 1921-1923, Employment Supervisor. Life Insurance Sales Research Bureau, Hartford, Connecticut, 1924, Research Worker on Methods of Training. University of Wyoming, 1924-1928, Assistant Professor, 1924-1927; Associate Professor of Psychology and Director of Personnel, 1927-1928. Cornell University, 1928-1930, Lecturer in Psychology and Personnel Administration, in Course in Hotel Administration. The Proctor and Gamble Company, 1930—, Head of Statistical and Research Department, Industrial Relations Division.

Associate, American Psychological Association. American Association for the Advancement of Science. American Association of University Professors. Ohio Academy of Science.

Sex differences as noted in grammar school children. *School & Soc.*, 1920, **11**, 507-509.

Vocational psychographs. *Education*, 1921, **41**, 510-515.

With Owens A. A. Famous Americans. Indianapolis, Ind.: Bobbs-Merrill, 1922. (3rd ed., 1931. Pp. 392.)

With Strong, E. K., Jr. Job analysis and the curriculum. Baltimore, Md.: Williams & Wilkins, 1923. Pp. 146.

The psychological aspect of job analysis. *Amer. Manag. Asso., Ann. Conv. Ser. No. 17*, 1925. Pp. 11.

Personal estimates of character traits. *Ped. Sem.*, 1926, **33**, 491-496.

Interest as an indication of ability. *J. Appl. Psychol.*, 1926, **10**, 487-501.

With Downey, J. E. The reliability of the Group Will-Temperament Tests. *J. Educ. Psychol.*, 1927, **18**, 26-39.

A non-verbal will-temperament test. *J. Appl. Psychol.*, 1927, **11**, 95-105.

Reciprocal ratings: a comparison of the judgments of a teacher and pupils in estimating ability in United States geography. *J. Educ. Psychol.*, 1928, **19**, 572-579.

An analysis of the Downey Will-Temperament Tests. *Teach. Coll. Contrib. Educ.*, 1928, No. 296. Pp. 78.

ULRICH, John Linck, Homeopathic Medical School, New York, New York, U. S. A.

Born Menlo Park, Calif., Dec. 12, 1877.

University of Pennsylvania, 1904-1909, A.B., 1908, S.M., 1909. The Johns Hopkins University, 1910-1913, Ph.D., 1913.

Catholic University of America, 1913-1920, Instructor, 1913-1916; Associate Professor of Psychology, 1916-1920. The Johns Hopkins University, 1920-1922, Assistant, 1920-1921; Instructor of Physiology, 1921-1922. Plaut Research Laboratory, Lehn and Fink, Bloomfield, New Jersey, 1922-1928. University of Maryland, 1923-1924, Professor in the College of Dentistry. Homeopathic Medical School, New York, 1928—, Professor of Physiology.

Member, American Psychological Association.

Distribution of effort in learning in the white rat. *Behav. Monog.*, 1915, **2**, No. 10. Pp. 51.

Integration of movements in learning in the albino rat. A study of the adjustment of an organism to an environment. *Psychobiol.*, 1920, **2**, 375-447, 455-500. Also in *J. Comp. Psychol.*, 1921, **1**, 1-95, 155-199, 221-286.

UPDEGRAFF, Ruth, University of Iowa, Iowa Child Welfare Research Station, Iowa City, Iowa, U. S. A.

Born Preston, Iowa, June 7, 1902.

Vassar College, A.B., 1923. Cornell University, summer 1924. State University of Iowa, 1925-1928, Ph.D., 1928.

Vassar College, 1924, Instructor. University of Iowa, Iowa Child Welfare Research Station, 1925—, Part-time Research Assistant, 1925-1928; Research Associate, 1928—.

Associate, American Psychological Association. American Association for the Advancement of Science.

A preliminary study of the nature of finality in melody. *Proc. Iowa Acad. Sci.*, 1926, **23**, 279-282.

The visual perception of distance in young children: a comparative study. *Univ. Iowa Stud.: Stud. Child Welfare*, 1928, **4**, No. 4. Pp. 102.

UPSHALL, William Charles Cecil, State Normal School, Bureau of Research, Bellingham, Washington, U. S. A.

Born Port Elgin, Ont., Can., June 28, 1901.

University of British Columbia, 1919-1923, A.B., 1923. Columbia University, 1924-1929, Ph.D., 1929.

Scarborough Country Day School, 1925-1926, School Psychologist. Emory University, summer 1926, Instructor of Psychology. International Institute, Teachers College, 1927-1928, Instructor of Psychology. Rye Country Day School, 1928-1929, School Psychologist. State Normal School, Bellingham, Washington, 1929—, Director of Bureau of Research.

Associate, American Psychological Association. National Education Association. American Statistical Association.

With Pintner, R. Some results of social intelligence tests. *School & Soc.*, 1928, **27**, 369-370.

Day schools vs. institutions for the deaf. New York: Bur. Publ., Teach. Coll., Columbia Univ., 1929. Pp. 104.

With Masters, H. V. An analysis of errors made in scoring Stanford Achievement Tests. *Washington State Nor. School, Bellingham, Bur. Res. Stud.*, 1929, No. 2. Pp. 6.

With Masters, H. V. Prediction of first quarter success among normal school students. *Washington State Nor. School, Bellingham, Bur. Res. Stud.*, 1930, No. 1. Pp. 11.

With Masters, H. V. A study of certain facts revealed by the application blanks of those applying for the life diploma during the school year of 1928-1929. *Washington State Nor. School, Bellingham, Bur. Res. Stud.*, 1930, No. 6. Pp. 11.

With Masters, H. V. A study of certain facts revealed by the application blanks of those receiving the life diploma in June, 1930. *Washington State Nor. School, Bellingham, Bur. Res. Stud.*, 1930, No. 7. Pp. 11.

With Masters, H. V. An evaluation of certain tests and information for predicting success in normal school. *Washington State Nor. School, Bellingham, Bur. Res. Stud.*, 1931, No. 4. Pp. 12.

With Masters, H. V. An empirical evaluation of certain formulas for prediction of success in normal school. *Washington State Nor. School, Bellingham, Bur. Res. Stud.* 1931, No. 5. Pp. 13.

With Masters, H. V. Table of probable errors for certain interpercentile ranges. *Washington State Nor. School, Bellingham, Washington, Bur. Res. Stud.*, 1931, No. 8. Pp. 5.

UPTON, Morgan, Harvard University, Laboratory of General Physiology, Cambridge, Massachusetts, U. S. A.

Born Petersburg, Ind., Aug. 5, 1898.

University of Washington, 1915-1917, 1919-1921, S.B., 1921. Harvard University, 1925-1928, A.M., 1926, Ph.D., 1928.

Harvard University, 1928—, National Research Council Fellow, 1928-1929; Instructor of Physiology and Psychology, 1929-1931; Instructor of General Physiology and Chairman of the Board of Tutors in Biology, 1931—.

Associate, American Psychological Association.

The auditory sensitivity of guinea pigs. *Amer. J. Psychol.*, 1929, **41**, 412-421.

Functional disturbances of hearing in guinea pigs after long exposure to an intense tone. *J. Gen. Psychol.*, 1929, **2**, 397-412. Also in *Proc. Nat. Acad. Sci.*, 1929, **15**, 284-287.

Geotropic conduct of young guinea pigs. *J. Gen. Physiol.*, 1930, **13**, 647-655.

The effect of added loads on the geotropic conduct of young guinea pigs. *J. Gen. Physiol.*, 1932, **15**, 333-340.

With Stavsky, W. H. The geotropic conduct of adult white rats. *J. Gen. Psychol.*, 1932, **6**, 8-19.

VALENTINE, Eliza Ruth, Los Angeles City Schools, Division of Psychology, Los Angeles, California, U. S. A.

Born Oakland, Calif., Mar. 30, 1891.

Vassar College, 1909-1913, A.B., 1913. University of California, 1926-1929, Ph.D., 1929.

Los Angeles City Schools, 1929—, Clinical Psychologist.

Associate, American Psychological Association. Sigma Xi.

The effects of punishment for errors on the maze learning of rats. *J. Comp. Psychol.*, 1930, **10**, 35-53.

VALENTINE, Willard Lee, Ohio State University, Department of Psychology, Columbus, Ohio, U. S. A.

Born Chillicothe, Ohio, Dec. 2, 1904.

Ohio Wesleyan University, 1921-1926, A.B., 1925, A.M., 1926. Ohio State University, 1926-1929, Ph.D., 1929.

Ohio Wesleyan University, 1926-1928, Instructor. Ohio State University, 1928—, Instructor, 1928-1929; Assistant Professor of Psychology, 1929—.

Member, American Psychological Association. American Association for the Advancement of Science. Acoustical Society of America. Ohio Academy of Science. Sigma Xi.

Note on the "binaural beat." *J. Comp. Psychol.*, 1927, **7**, 357-368.

With Gorsuch, C. The effect of suggestion upon the perception of the binaural shift. *J. Comp. Psychol.*, 1928, **8**, 361-367.

Visual perception in the white rat. *J. Comp. Psychol.*, 1928, **8**, 369-375.

A small self-starting synchronous motor. *Amer. J. Psychol.*, 1928, **10**, 495-496.

A laboratory manual for psychology. Ann Arbor, Mich.: Edwards Bros., 1929. Pp. 139. (4th ed., rev., 1931.)

A technique in maze and problem box construction. *J. Comp. Psychol.*, 1929, **9**, 197-201.

The lectometer. *Proc. & Papers 9th Int. Cong. Psychol.*, 1930, 456-457.

A study of learning curves: I. The application of Meyer's arc cotangent function and Thurstone's hyperbola to the maze performance of white rats. *J. Comp. Psychol.*, 1930, **10**, 421-435.

A graphical method for fitting curves to learning data. *J. Gen. Psychol.*, 1930, **3**, 337-340.

A study of learning curves: II. The relation between the arc cotangent function and the hyperbola. *J. Gen. Psychol.*, 1930, **4**, 359-362.

With Meyer, M. F. The description of the lectometer and the reliability of lectometer scores. *J. Gen. Psychol.*, 1930, **4**, 407-415.

A study of learning curves: III. The relationship between a growth curve and the arc cotangent function. *J. Gen. Psychol.*, 1931, **5**, 251-254.

Readings in experimental psychology. New York: Harper, 1931. Pp. xv+606.

VAN ALSTYNE, Dorothy, Winnetka Public School Nursery, Chicago Normal College, and Garden Apartments Nursery Schools, Chicago, Illinois, U. S. A.

Born Brooklyn, N. Y., Nov. 18, 1899.

Vassar College, 1917-1921, A.B., 1921. Columbia University, 1921-1922, 1926-1928, A.M., 1922, Ph.D., 1929.

Teachers College, Columbia University, 1922-1926, Research Assistant, Institute for Educational Research, and Psychologist, Horace Mann School. Boston Habit Clinics, 1928-1929, Psychologist. Behavior Research Fund, Chicago, 1929-1930, Research Psychologist. Garden Apartments, Franklin, and Winnetka Public School Nurseries, 1930—, Research Psychologist and Associate Director.

Associate, American Psychological Association. Midwestern Psychological Association. National Association for Nursery Education. National Education Association.

With Washburn, M. F., & MacDonald, M. T. Voluntarily controlled likes and dislikes of color combinations. *Amer. J. Psychol.*, 1922, **33**, 424-428.

A study of ten gifted children whose school progress was unsatisfactory. *J. Educ. Res.*, 1923, **8**, 122-135.

With Gates, A. I. The general and specific effects of training in reading with observations on the experimental technique. *Teach. Coll. Rec.*, 1924, **25**, 98-123.

With Gates, A. I., Taylor, G. A., & Bocker, E. The educational significance of physical status and physiological, mental, emotional, and social maturity. *Teach. Coll. Rec.*, 1924, **25**, 223-239.

With Gates, A. I. Problems in beginning reading suggested by an analysis of twenty-one courses. *Teach. Coll. Rec.*, 1925, **26**, 572-591.

The environment of three-year-old children: factors related to intelligence and vocabulary tests. *Teach. Coll. Contrib. Educ.*, 1929, No. 366. Pp. vii+108.

A vocabulary test for preschool children. Bloomington, Ill.: Pub. School Publ. Co., 1929. 45 cards.

With Hill, A. B. Learning levels of the children in the nursery school. New York: Bur. Publ., Teach. Coll., Columbia Univ., 1930. Pp. v+41.

VANCE, Thomas Franklin, Iowa State College, Ames, Iowa, U. S. A.

Born Shenandoah, Iowa, Feb. 11, 1885.

Iowa State College, 1904-1905. Coe College, A.B., 1909. State University of Iowa, 1910-1913, A.M., 1911, Ph.D., 1913.

University of Illinois, 1913-1914, Assistant in Psychology. Iowa State College, 1914—, Assistant Professor, 1914-1916; Associate Professor, 1916-1927; Professor of Psychology, 1927—.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. Iowa Academy of Science. Sigma Xi.

The lower limit of tonality. *Psychol. Monog.*, 1914, **16**, No. 69, 104-114.

Pitch discrimination within the tonal range. *Psychol. Monog.*, 1914, **16**, No. 69, 115-148.

Mental tests and vocational guidance. *Nat. School Digest*, 1921, **40**, 282-284.

The Iowa State College reasoning test. *Proc. Iowa Acad. Sci.*, 1926, **33**, 269-273.

The evaluation of musical capacity of nursery school children. *Proc. Iowa Acad. Sci.*, 1929, **36**, 321-327.

Babies in a college home management house. *J. Home Econ.*, 1930, **22**, 288-290.

Musical capacities of children. *J. Home Econ.*, 1930, **22**, 987-989.

VANUXEM, Mary, Laurelton State Village, Laurelton, Pennsylvania, U. S. A.

Born Camden, N. J., July 30, 1881.

State Normal School, West Chester, Pennsylvania, Diploma, 1900. Columbia University, 1914-1916, 1923-1925, S.B., 1916, A.M., 1916, Ph.D., 1925.

State Normal School, Newark, New Jersey, 1916-1918, Associate Supervisor. Philadelphia Normal School, 1918-1921, Assistant, and Head of the Department. Women's Medical College, Philadelphia, Pennsylvania, 1920-1921, Lecturer. Laurelton State Village (formerly Pennsylvania Village), Laurelton, Pennsylvania, 1920—, Psychologist, 1920-1922; Assistant Superintendent, 1922—.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. American Genetic Association. American Association for the Study of the Feeble-Minded. American Academy of Political and Social Science. Pennsylvania Academy of Science.

Self government as applied to feeble-minded women. *Proc. & Addr. 46th Ann. Session Asso. Stud. Feeble-Mind.*, 1922, **27**, 18-26.

Education of feeble-minded women. *Teach. Coll. Contrib. Educ.*, 1925, No. 174. Pp. 74.

Some values of institutional training shown by re-examinations. *Ungraded*, 1925, **10**, No. 7, 1-8.

Preliminary study of children of women admitted to the Laurelton State Village. (Presented at Annual meeting of American Association for the Study of the Feeble-minded, May, 1931.)

VAN WAGENEN, Marvin James, University of Minnesota, Minneapolis, Minnesota, U. S. A.

Born Ohioville, N. Y., Nov. 18, 1884.

Rutgers College, 1909-1910. Columbia University, 1907-1912, 1913-1914, 1915-1916, S.B., 1911, A.M., 1912, Ph.D., 1918.

Waynesburg College, 1912-1913, Instructor of Education. Ohio State University, 1914-1915, Instructor of Psychology. University of Minnesota, 1917—, Assistant Professor of Educational Psychology. University of California, 1925-1926, Visiting Lecturer.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. Educational Research Association. National Society for the Study of Education. National Society of College Teachers of Education.

Our schools as measured by the army tests. *Educ. Admin. & Supervis.*, 1919, **5**, 163-176.

Has the college student reached his mental maturity when he enters college? *School & Soc.*, 1919, **9**, 663-666.

Historical information and judgment in pupils of elementary schools. New York: Teach. Coll., Columbia Univ., 1919. Pp. 74.

Some results and inferences derived from the use of the army tests at the University of Minnesota. *J. Appl. Psychol.*, 1920, **4**, 59-72.

Tables for computing mean individual scores in educational scales. *Teach. Coll. Rec.*, 1920, **21**, 441-451.

With Kelley, F. E. Language abilities and their relations to college marks. *J. Educ. Psychol.*, 1920, **9**, 459-473.

The Minnesota English composition scales: their derivation and validity. *Educ. Admin. & Supervis.*, 1921, **7**, 481-499.

With Posey, C. J. Posey-Van Wagenen geography scales—teachers' handbook and ten scales. Bloomington, Ill.: Pub. School Publ. Co., 1923. Pp. 67.

English composition scales. Yonkers, N. Y.: World Book Co., 1923. Pp. 21.

Van Wagenen American history scales (rev. ed.) New York: Teach. Coll., Columbia Univ., 1923. Pp. 90.

A method of making comparable surveys of school achievements. *School & Soc.*, 1924, **19**, 709-712.

Making a diagnostic and cumulative survey of school achievements. *Educ. Admin. & Supervis.*, 1924, **10**, 79-94.

Scales for measuring individual achievement in spelling. Bloomington, Ill.: Pub. School Publ. Co., 1925. Pp. 8.

A comparison of the mental ability of school achievement of bright and dull pupils in the sixth grade of a large school system. *J. Educ. Psychol.*, 1925, **16**, 186-192.

Some implication of the revised Van Wagenen History Scales. *Teach. Coll. Rec.*, 1925, 142-148.

Educational diagnosis and the measurement of school achievement. New York: Macmillan, 1926. Pp. 276.

The achievement of college students in freshman rhetoric. *Educ. Admin. & Supervis.*, 1926, **10**, 603-617.

The college freshman's range of information in the social sciences. *School Rev.*, 1927, **1**, 32-44.

The effect of homogeneous grouping upon the quality of work of superior children. *J. Educ. Meth.*, 1927, **6**, 240-247.

Reading scales in English literature, Alpha and Beta. Bloomington, Ill.: Pub. School Publ. Co., 1927. Pp. 24.

With Patterson, S. National council on education reading scales in German, divisions 1 and 2 of scales A, B, C, and D. Bloomington, Ill.: Pub. School Publ. Co., 1927. Pp. 72.

Teachers' manual in the use of educational scales. Bloomington, Ill.: Pub. School Publ. Co., 1928. Pp. 276.

Grade placement versus mental age as a factor in school achievement. *27th Yrbk. Nat. Soc. Stud. Educ.*, Pt. 2, 1928, 113-119.

Comparative pupil achievement in rural, town, and city schools. Minneapolis, Minn.: Univ. Minn. Press, 1929. Pp. 144.

VAUGHAN, Wayland Farries, Boston University, Boston, Massachusetts, U. S. A. Born Janesville, Wis., Nov. 3, 1901.

Yale University, A.B., 1923. Harvard University, 1923-1926, A.M., 1925, Ph.D., 1926.

Boston University, 1926—, Instructor, 1926-1928; Assistant Professor of Psychology, 1928—.

Associate, American Psychological Association.

The psychology of compensation. *Psychol. Rev.*, 1926, **33**, 467-479.

The psychology of Alfred Adler. *J. Abn. & Soc. Psychol.*, 1927, **21**, 358-371.

The lure of superiority. New York: Holt, 1928. Pp. viii+307.

The achievement of integration. *J. Expression*, 1929, **3**, 13-17.

All kinds of people. *Psychol. Mag.*, 1929, **13**, 32-33, 66-67.

An experimental study of political prejudice. *J. Abn. & Soc. Psychol.*, 1930, **25**, 268-274.

VAUGHN, James, University of Cincinnati, Department of Psychology, Cincinnati, Ohio, U. S. A.

Born Emporia, Kan., Mar. 20, 1898.

Kansas State Teachers College, 1916-1920, S.B., 1920. University of Chicago, 1921-1922, 1925-1927, A.M., 1922, Ph.D., 1927.

Kansas State Teachers College, 1919-1920, Instructor of Psychology. Colorado Springs High School, 1920-1921, Instructor of Science. Clearwater, Kansas, Public Schools, 1921-1922, Superintendent. Teachers College, Mt. Pleasant, Michigan, 1922-1925, Assistant Professor. University of Chicago, 1926-1927, Instructor of Psychology. University of Cincinnati, 1927—, Assistant Professor of Psychology.

Associate, American Psychological Association. American Association of University Professors.

The comparative values of certain measures for predicting grades in college physics. *School & Soc.*, 1923, **18**, 28-30.

Positive versus negative instruction. An experimental study of the effects of various types of instruction on behavior. *Publ. Nat. Bur. Casualty & Surety Underwriters*, 1928, **2**. Pp. viii+172.

How to get obedience. *Parents Mag.*, 1929, **4**, 16.

With Diserens, C. M. The relative effects of various intensities of punishment on learning and efficiency. *J. Comp. Psychol.*, 1930, **10**, 55-66.

With Rand, W., & Sweeny, M. Growth and development of the young child. Philadelphia: Saunders, 1930. Pp. 394.

With Hunscher, H., & Macy, I. Psychophysiological studies: I. *Child Develop.*, 1930, **1**, 15-29.

VITELES, Morris Simon, University of Pennsylvania, Department of Psychology, Philadelphia, Pennsylvania, U. S. A.

University of Pennsylvania, 1914-1921, A.B., 1918, A.M., 1919, Ph.D., 1921. University of Paris, 1922-1923 (American Field Service Fellowship).

University of Pennsylvania, 1918—, Assistant Professor of Psychology. *Psychological Clinic,* Associate Editor. *Personnel Journal,* Editorial Board. *Vocational Guidance Magazine,* Advisory Board. *Journal of the National Institute of Industrial Psychology* (Great Britain), Honorary Correspondent.

Member, American Psychological Association. American Association for the Advancement of Science. National Vocational Guidance Association. National Education Association.

A case of loss of psycho-motor control suspected of malingering. *Psychol. Clin.*, 1920, **13**, 22-24.

Tests in industry. *J. Appl. Psychol.*, 1921, **5**, 57-63.

Sergeant X, a study in vocational guidance. *Psychol. Clin.*, 1922, **14**, 36-47.

Job specifications and diagnostic tests of job comptency designed for the auditing division of a street railway company: a study in industrial guidance. (*Monog.*, No. 9.) Philadelphia: Psychol. Clin. Press, 1922. Pp. 38. Also in *Psychol. Clin.*, 1922, **14**, 83-105.

A comparison of three tests of general intelligence. *J. Appl. Psychol.*, 1922, **6**, 391-402.

Instruction in psychology in Paris. *Psychol. Bull.*, 1923, **20**, 545-552.

Psychology in business—in England, France, and Germany. *Ann. Amer. Acad. Pol. & Soc. Sci.*, 1923, **110**, 207-220.

Selecting cashiers and predicting length of service. *J. Person. Res.*, 1924, **2**, 467-473.

Vocational guidance and job analysis: the psychological viewpoint. *Psychol. Clin.*, 1924, **15**, 157-182.

The clinical viewpoint in vocational selection. *J. Appl. Psychol.*, 1925, **9**, 131-139.

Research in the selection of motormen. Part I. Survey of the literature. *J. Person. Res.*, 1925, **4**, 100-115. Part II. Tests devised for the Milwaukee Electric Railway and Light Company. *J. Person. Res.*, 1925, **4**, 173-199.

Psychological tests in guidance: their use and abuse. *School & Soc.*, 1925, **22**, 350-356.

A psychological clinic for vocational guidance. *Voc. Guid. Mag.*, 1925, **4**, No. 2, 78-79.

Standards of accomplishment: criterion of vocational selection. *J. Person. Res.*, 1926, **4**, 483-486.

Psychology in industry. *Psychol. Bull.*, 1926, **23**, 631-680.

The clinical method in industry. *Indus. Psychol.*, 1926, **1**, 753-758.

Transportation safety by selection and training. *Indus. Psychol.*, 1927, **2**, 119-129.

Psychology in industry. *Psychol. Bull.*, 1928, **25**, 309-340.

The clinical approach in vocational guidance. *Voc. Guid. Mag.*, 1928, **7**, 1-8.

With Gardner, H. M. Women taxicab drivers: sex differences in proneness to motor vehicle accidents. *Person. J.*, 1928, **7**, 349-355.

The mental status of the negro. *Ann. Amer. Acad. Pol. & Soc. Sci.*, 1928, **140**, No. 229, 166-177.

Psychology and psychiatry in industry: the viewpoint of a psychologist. *Ment. Hygiene,* 1929, **13**, 361-377.

The influence of age of pubescence upon the physical and mental status of normal school students. *J. Educ. Psychol.*, 1929, **20**, 360-369.

The course in industrial psychology for engineering students. *Pa. State Coll. Bull., Tech. Bull.*, 1929, **23**, No. 24, 34-39.

The human factor in substation operation, specifications and tests for substation operators. *Person. J.*, 1929, **8**, 81-114.

Validating the clinical method in vocational guidance. *Psychol. Clin.*, 1929, **18**, 69-77.

Psychological methods in the selection of policemen in Europe. *Ann. Amer. Acad. Pol. & Soc. Sci.*, 1929, **146**, 160-165.

Die "Gestalt"—Betrachtungsweise in der Angewandte Psychologie. *Zsch. f. angew. Psychol.*, 1930, **36**, 525-531.

Psychology in industry. (A general review.) *Psychol. Bull.*, 1930, **27**, 567-635.

Clinical problems in the vocational guidance of the mentally deficient. *Psychol. Clin.*, 1931, **20**, 33-41.

Psychology and industry. In *Psychology at work,* ed. by P. S. Achilles. New York & London: Whittlesey House, 1932. Pp. 144-198.

Psychology in industry. New York: Norton, 1932. Pp. 552.

Vocational guidance of adults. *Person. J.*, 1932, **10**, 335-341.

VOLKMANN, John, Harvard University, Department of Philosophy and Psychology, Cambridge, Massachusetts, U. S. A.

Born Sleepy Eye, Minn., June 20, 1906.

Harvard University, 1923-1929, 1930-1931, A.B., 1927, A.M., 1929, Ph.D., 1931 (Frederick Sheldon Fellow, 1929-1930). University of Vienna, fall term 1929-1930.

Harvard University, 1931—, Instructor of Psychology.

Associate, American Psychological Association.

VON KLEINSMID, Rufus Bernhard, University of Southern California, Los Angeles, California, U. S. A.

Born Sandwich, Ill., June 27, 1875.

Oberlin Academy, Ohio, Grad., 1897. Europe, 1901 (traveling student). Northwestern University, A.B., 1905, A.M., 1906.

Illinois Public Schools, 1897-1904, Superintendent. Northwestern University Academy, 1904-1905, Instructor. Depauw University, 1905-1914, Professor of Education and Principal, 1905-1909; Professor of Education and Psychology, 1909-1914. Indiana Reformatory, Jeffersonville, 1912-1918, Associate Superintendent and Director of the Department of Research, 1912-1914; Consulting Psychologist, 1914-1918. University of Arizona, 1914-1922, President. University of Southern California 1922—, President. Los Angeles Institute of International Relations, Chancellor.

Associate, American Psychological Association. Fellow, American Association for the Advancement of Science. National Council on Prison Labor. California Society for Promotion of Medical Research (Honorary Vice-President). American Geographical Society. American Association of Clinical Criminology (a founder, 1913; President, 1915-1918). Arizona State Teachers Association (President, 1914). Indiana Academy of Science. Indiana Association of College Teachers of Education and Psychology (President, 1911-1913). League of the Southwest (President, 1917-1921). National Institute for Social Science. Child Conservation League of California (Director). Pan American Scientific Congress, Washington, 1915, Peru, 1925, U. S. Delegate. Sc.D., University of Arizona, 1914. J.D., National University of Mexico, 1919, University of Ecuador, 1920. Ph. et Litt.D., San Marcos, Lima, Peru, 1920. LL.D., Northwestern University, 1925. Officer de l'Instruction publique (French Republic), 1928.

Some efficient causes of crime. Battle Creek, Mich.: Author, 1914. Pp. 12.

With Touton, F. C. Effective study procedures in junior college and lower division courses. *Univ. South. Calif. Stud.,* 1929, No. 8. Pp. 117.

VOORHIS, Thelma Grady, Teachers College, Columbia University, Department of Psychiatric Education, New York, New York, U. S. A.

Born Delhi, Iowa, Dec. 19, 1898.

Columbia University, 1921-1931, A.B., 1926, A.M., 1927, Ph.D., 1931.

Teachers College, Columbia University, 1931—, Clinical Psychologist.

Associate, American Psychological Association.

The relative merits of cursive and manuscript writing. New York: Bur. Publ., Teach. Coll., Columbia Univ., 1931. Pp. 58.

WAGONER, Lovisa Catharine, Mills College, Mills College Post Office, California, U. S. A.

Born Eagle Rock, Ida., June 11, 1886.

University of Washington, 1906-1910, 1911-1913, A.B., 1910, A.M., 1913. Carnegie Institute of Technology, 1918-1919. State University of Iowa, 1919-1920, Ph.D., 1925.

University of Wyoming, 1920-1925, Assistant Professor of Psychology. Iowa State College, 1925-1927, Professor of Psychology and Home Economics. Vassar College, 1927-1931, Associate Professor of Child Study. Mills College, 1931—, Associate Professor of Child Development.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science.

With Downey, J. E. Speech and will-temperament. *J. Appl. Psychol.,* 1922, **6**, 291-297.

A note on the grasping reflex. *Ped. Sem.,* 1924, **31**, 333-335.

Speech as an indication of temperamental traits. *Quar. J. Speech Educ.,* 1925, **11**, 237-242.

A study of constructive ability in young children. *Univ. Iowa Stud.,* 1925, **3**, No. 2, 7-53.

The psychological appeal of home-made playthings. *Proc. Iowa Acad. Sci.,* 1926, 263-267.

Panama-California Exposition, 1915, Director of a Demonstration Psychological Clinic. Miami University, 1921-1929, Director of the Bureau of Special Education and Psycho-Educational Clinic and Professor of Clinical Psychology. Ohio State Department of Education, 1928-1929, Conducted Survey of Provisions for Mentally Handicapped Children. Department of Education of Baltimore, 1929-1930, Conducted Survey of Provisions for Mentally and Physically Handicapped Children, 1929; Director of Special Education, 1929-1930. The Johns Hopkins University and Morgan College, 1929-1930, Lecturer. Atlantic University, 1930-1931, Head of Department of Psychology and Director of the Psycho-Educational and Mental Hygiene Clinic. Delaware State Department of Education and Wilmington Public Schools, 1932—, Director of Division of Special Education and Mental Hygiene. *Journal of Applied Psychology*, Associate Editor.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. National Society for the Study of Education. National Society of College Teachers of Education. National Education Association. American Association of University Professors. Missouri State Teachers Association (Founded Department of Special Classes, 1929; Chairman of the Department, 1920-1921). Ohio Education Association (Founded Department of Special Education, 1921; President, 1922, 1926).

Researches on the rhythm of speech. *Yale Psychol. Stud.*, 1902, **9**. Pp. 142.

With Hall, G. S. How children and youth think and feel about clouds. *Ped. Sem.*, 1902, **9**, 460-506.

Accommodation and convergence—a reply. *Psychol. Bull.*, 1904, **1**, 208-210.

The size illusion of the depressed letter P. *Scient. Amer.*, 1905, **93**, 315.

Optical illusions of reversible perspective. Princeton, N. J.: Author, 1905. Pp. vi +330.

Investigations on rhythm, tempo and time. *Psychol. Bull.*, 1906, **3**, 72-74.

Uniformity of page numbering. *Psychol. Bull.*, 1906, **3**, 84.

Medical and psychological inspection of school children. *Western J. Educ.*, 1909, **2**, 434-436.

Fact versus fancy: some unusually valuable school reports. *New Eng. J. Educ.*, 1909, 630.

The duration of attention, reversible perspectives, and the refractory phase of the reflex arc. *J. Phil., Psychol., etc.*, 1910, **7**, 33-38.

The doctrine of formal discipline: two neglected instances of transfer of training. *J. Educ. Psychol.*, 1910, **1**, 168-171.

Has the drill become obsolescent? *J. Educ. Psychol.*, 1910, **1**, 200-213.

The rationale of promotion and the elimination of waste in the elementary and secondary schools. *J. Educ. Psychol.*, 1910, **1**, 445-466.

The moving picture in relation to education, health, delinquency and crime. *Ped. Sem.*, 1910, **17**, 129-142.

A boy's exposition. *Ped. Sem.*, 1910, **17**, 505-509.

Medical and dental inspection in the Cleveland schools. *Psychol. Clin.*, 1910, **4**, 93-108.

Spelling efficiency in relation to age, grade and sex, and the question of transfer. *Educ. Psychol. Monog.*, 1911. Pp. viii+91.

Report of an experiment carried out on the Marion Dental Squad. *Proc. Board Educ. Cleveland*, 1911, Feb. 27.

The new clinical psychology and the psycho-clinicist. *J. Educ. Psychol.*, 1911, **2**, 121-132, 191-210.

Three new centers for psycho-clinical work. *J. Educ. Psychol.*, 1911, **2**, 339.

Human efficiency. *Ped. Sem.*, 1911, **18**, 74-84.

A plan for the experimental and observational study of the efficiencies of normal, subnormal and supernormal individuals. (Abstract.) *J. Phil., Psychol., etc.*, 1911, **8**, 466.

The preferred length of interval. (Abstract.) *J. Phil., Psychol., etc.*, 1911, **8**, 492-493.

Fechner, Gustav Theodor (1801-1887). In Vol. 2 of *Cyclopedia of education*, ed. by P. Monroe. New York: Macmillan, 1911. Pp. 582-583.

Public schools of Baltimore. *Atl. Educ. J.*, 1911, 23-27.

Practical guide for the administration of the Binet-Simon scale for measuring intelligence. *Psychol. Clin.*, 1911, **5**, 217-238.

Experimental studies of mental defectives: a critique of the Binet-Simon tests and a contribution to the psychology of epilepsy. Baltimore, Md.: Warwick & York, 1912. Pp. vi+147.

Experimental studies of rhythm and time. I. Qualitative limens or grades of rhythm, and the difference limen in the perception of time. *Psychol. Rev.*, 1911, **18**, 100-131. II. The preferred length of interval (tempo). *Psychol. Rev.*, 1911, **18**, 202-222. III. The estimation of the mid-rate between two tempos. *Psychol. Rev.*, 1912, **19**, 271-298.

How to increase spelling efficiency. *Atl. Educ. J.*, 1912, 225-236.

The present status of the Binet-Simon tests. (Abstract.) *Psychol. Bull.*, 1912, **9**, 81. Also in *Alienist & Neurologist*, 1912, **33**, 162-173.

Individual and group efficiency. *Psychol. Bull.*, 1912, **9**, 390-397.

Danger signals in clinical and applied psychology. *J. Educ. Psychol.*, 1912, **3**, 224-226.

Experimental oral euthenics. An attempt objectively to measure the relation between community mouth hygiene and the intellectual efficiency and educational progress of elementary school children. *Dent. Cosmos*, 1912, **54**, 404-413, 545-566.

Experimental oral orthogenics: an experimental investigation of the effects of dental treatment on mental efficiency. *J. Phil., Psychol., etc.*, 1912, **9**, 290-298.

Eight months of psycho-clinical research at the New Jersey State Village for Epileptics, with some results from the Binet-Simon testing. *Trans. Nat. Asso. Stud. Epilepsy*, 1912, **3**, 29-43. Also in *Epilepsia*, 1912, **3**, 366-380.

The euthenical and eugenical aspects of infant and child orthogenesis. *Amer. Asso. Stud. & Preven. Infant Mortality, 3rd. Ann. Meet.*, 1912, **3**, 173-194. Also in *Psychol. Clin.*, 1912, **6**, 153-173.

Methods of measuring the orthophrenic effects of the removal of physical handicaps. *Proc. Nat. Asso. Stud. & Educ. Excep. Children*, 1912.

Clinical psychology: what it is and what it is not. *Science*, 1913, **37**, 895-902.

Re-averments respecting psycho-clinical norms and scales of development. *Psychol. Clin.*, 1913, **7**, 89-96.

The distinctive contribution of the psycho-educational clinic to the school hygiene movement. *Trans. 4th Int. Cong. School Hygiene*, 1913, **3**, 428-434.

Current misconceptions in regard to the functions of Binet testing, and of amateur psychological testers. *Trans. 4th Int. Cong. School Hygiene*, 1913, **5**, 678-689.

Psychological aspects of the problem of atmospheric smoke pollution. *Univ. Pittsburgh, Mellon Instit., Smoke Investigation Bull.*, 1913, No. 3. Pp. 46.

The functions of the psychological clinic. *Med. Rec.*, 1913, **84**, 521-524.

Mouth hygiene and backward children. The relation of oral hygiene to efficient mentation in backward children. *Oral-Hygiene*, 1913, 892-897. Also in *Child*, 1914, **4**, 27-32.

A scheme for the clinical study of mentally and educationally unusual children. Chap. 19 in *The mental health of the school child*. New Haven, Conn.: Yale Univ. Press, 1914. Pp. 429-450.

Efficiency in school organization and the conservation of the mental health of

children. *Proc. 64th Ann. Meet. Pa. State Educ. Asso.*, 1914.
The mental health of the school child. Psycho-educational clinic in relation to child welfare. New Haven, Conn.: Yale Univ. Press, 1914. Pp. xiii+463.
An analysis of Dr. Kuhlman's attack on 'The Mental Health of the School Child.' *J. Psycho-Asthen.*, 1914, **19**, 95-107.
The hygiene of eugenic generation. *Psychol. Clin.*, 1914, **8**, 121-137, 170-179.
The Binet-Simon tests in relation to the factors of experience and maturity. *Psychol. Clin.*, 1915, **8**, 266-271.
Reasons why the discriminating mother should invoke the aid of the consulting psychologist and the psychoeducational clinic in her work of rearing the young. *J. Educ.*, 1915, 649-650.
The problem of the feeble-minded in its educational and social bearings. *School & Soc.*, 1915, **2**, 115-122.
Report on the psycho-educational clinic. *Ann. Rep. Board Educ. St. Louis*, 1915, 129-160; 1916, 141-174; 1917; 1918-1919; 1920.
Report of speech defectives in the St. Louis public schools. *Ann. Rep. Board Educ., St. Louis*, 1915-1916, 174-211.
Age norms of psycho-motor capacity. *J. Educ. Psychol.*, 1916, **7**, 17-25.
Who is feeble-minded? *J. Crim. Law & Criminol.*, 1916, **6**, 706-716. Also in *Ungraded*, 1916, 105-113.
Who is feeble-minded? A reply to Mr. Kohs. *J. Crim. Law & Criminol.*, 1916, **7**, 56-78.
Who is feeble-minded? Rebuttal. *J. Crim. Law & Criminol.*, 1916, **7**, 219-226.
The socio-industrial success of feeble-minded children trained in the public schools. *Ungraded*, 1916, 142-143.
A census of speech defectives among 89,057 public school pupils—a preliminary report. *School & Soc.*, 1916, **3**, 213-216.
A program for the state care of the feeble-minded and epileptic. *School & Soc.*, 1916, **3**, 724-732.
Psycho-motor norms for practical diagnosis. *Psychol. Monog.*, 1916, **22**, No. 94. Pp. 102.
Criminal irresponsibility. *J. Delinq.*, 1916, **1**, 250-255.
Recommendations of the chairman. In *Report of the sub-committee on defective children.* Mo. Children's Code Comm., 1916. Pp. 42-52, 138-146.
Problems of subnormality. Yonkers, N. Y.: World Book Co., 1917. Pp. xv+485.
The feebleminded in the State of Missouri. *Psychol. Clin.*, 1917, **11**, 55-62.
With regard to psycho-motor norms. *Psychol. Clin.*, 1917, **11**, 67-68.
The individual tests in the Binet-Simon scale. *Psychol. Clin.*, 1917, **11**, 79-85.
The phenomenon of scattering in the Binet-Simon scale among feeble-minded and normal children. *Psychol. Clin.*, 1917, **11**, 179-195.
Feeble-mindedness and delinquency. *Ment. Hygiene*, 1917, **1**, 585-590.
Wide range versus narrow range Binet-Simon testing. *J. Delinq.*, 1917, **2**, 315-330.
Theories of stuttering. *J. Appl. Psychol.*, 1917, **1**, 349-367.
A further comparison of scattering and of the mental rating by the 1908 and 1911 Binet-Simon scales. *J. Delinq.*, 1918, **3**, 12-27.
Preliminary impressions of the Stanford revision of the Binet-Simon scale. *Psychol. Clin.*, 1918, **12**, 1-15.
The peg form boards. *Psychol. Clin.*, 1918, **12**, 40-53.
An analysis of Binet-Simon records. *School & Soc.*, 1918, **7**, 387-390.
Serial mental tests of epileptic and normal children. *Psychol. Bull.*, 1918, **15**, 54-55.
The pedagogical status of the feeble-minded school children. *Elem. School J.*, 1918, **18**, 588-597.
Recommendations by the Committee on Defective Children of the Missouri Children's Code Commission. *Mo. Bull. Mo. State Board Charities*, 1918, 3-6.
Meeting the needs of the mentally handicapped child in school. *Ohio Bull. Charities & Corrections*, 1919, 57-64. Also in *J. Educ.*, 1919, 227-230.
The field of the clinical psychologist and the kind of training needed by the psychological examiner. *School & Soc.*, 1919, **9**, 463-470.
Measures enacted by the Missouri legislature for the care of defective children. *School & Soc.*, 1919, **10**, 55-58. Also in *Tr. School Bull.*, 1919, **16**, 73-75.
The achievement of mental defectives in standardized educational tests. *School & Soc.*, 1919, **10**, 250-256.
With Gesell, A., & Goddard, H. H. A symposium. The field of clinical psychology as an applied science. *J. Appl. Psychol.*, 1919, **3**, 81-95.
The value of the intelligence quotient for individual diagnosis. *J. Delinq.*, 1919, **4**, 109-124.
Meeting the needs of the feeble-minded in Missouri. *Mo. Bull. Mo. State Board Charities & Corrections*, 1920, Jan., 3-20.
The problems confronting a psycho-educational clinic in a large municipality. *Ment. Hygiene*, 1920, **4**, 103-106.
The problem of mental subnormality. *Bull. St. Louis Central Coun. Soc. Agencies*, 1920, Feb., 1-8.
The concept of the feeble-minded, especially the moron. *Tr. School Bull.*, 1920, **17**, 41-54.
Congenital word blindness—some analyses of cases. *Tr. School Bull.*, 1920, **17**, 76-

84, 93-99. Also in *Lancet,* 1921, **1**, 890-892.

Handicapped children. *Amer. J. School Hygiene,* 1920, **4**, 29-53.

Psycho-clinical pedology. *Augustana Observer,* 1920, Sept., 222-225.

The Missouri compulsory special class education law. *School & Community,* 1920, Dec., 278-283.

A comparison of three methods for making the initial selection of presumptive mental defectives. *School & Soc.,* 1921, **13**, 31-45.

Norms for the Sequin Form-Board based on the average of three trials. *J. Delinq.,* 1921, **6**, 381-386.

Of what use is a psychological clinic? *Educ. Rev.,* 1921, **62**, 159-163.

Progress in the field of mental hygiene in Missouri. *Mo. Bull. Mo. State Board Charities & Corrections,* 1921, June, 3-16.

The results of retests by means of the Binet scale. *J. Educ. Psychol.,* 1921, **12**, 392-400.

Suggested rules for special classes. *Educ. Admin. & Supervis.,* 1921, **7**, 447-458.

The development of special types of classes for mentally, morally and educationally handicapped children in the St. Louis schools. *Ungraded,* 1922, 77-83, 104-109.

Intelligence irregularity as measured by scattering in the Binet scale. *J. Educ. Psychol.,* 1922, **13**, 140-151.

An investigation of the sex, relationship, marriage, delinquency and truancy of children assigned to special public school classes. *J. Abn. & Soc. Psychol.,* 1922, **17**, 19-34.

A study of the industrial record of children assigned to public school classes for mental defectives, and legislation in the interest of defectives. *J. Abn. & Soc. Psychol.,* 1922, **17**, 120-131.

The theory of differential education as applied to handicapped pupils in the elementary grades. *J. Educ. Res.,* 1922, **6**, 209-224.

Causative factors of mental inferiority and the prevention of degeneracy. *Proc. & Addr. Amer. Asso. Stud. Feeble-Mind.,* 1922, 75-116.

The achievement of subnormal children in standardized educational tests. *Miami Univ. Bull.,* 1922, Ser. 20, No. 7. Pp. 97.

The pathogenesis of mental inferiority and the prevention of degeneracy. (Abstract.) *Psychol. Bull.,* 1923, **20**, 106-107.

The consistency shown by intelligence ratings based on standardized tests and teachers' estimates. *J. Educ. Psychol.,* 1923, **14**, 231-246.

The measurement of mental traits in normal and epileptic school children. *Miami Univ. Bull.,* 1923, Ser. 21, No. 8. Pp. 175.

The diagnostic findings from seven years of examining in the same school clinic. *J. Delinq.,* 1923, **8**, 169-195.

The education of handicapped children. Boston: Houghton Mifflin, 1924. Pp. xiv +394; London: Harrap, 1927.

Studies of mental defects and handicaps. *Miami Univ. Bull.,* 1924, Ser. 22, No. 5. Pp. 177.

Classification for instruction of mentally deficient and retarded children. *Ment. Hygiene,* 1924, **8**, 753-768. Also in *Proc. & Addr. Amer. Asso. Stud. Feeble-Mind.,* 1924, **29**, 166-182.

Speech defective children in a large school system. *Miami Univ. Bull.,* 1926, **25**, No. 4. Pp. 45.

Clinical and abnormal psychology. Boston: Houghton Mifflin; London: Harrap, 1927. Pp. xxii+649.

A further note on scattering in the Binet scale. *J. Appl. Psychol.,* 1927, **11**, 143-154.

With Gilbert, M. A brief educational attainment scale for clinical use. *Ped. Sem.,* 1927, **34**, 441-489.

Special classes for handicapped children. *Educ. Res. Bull.,* 1927, **6**, 247-251, 264.

With Coles, C. B. Phonetic spelling scales. *J. Genet. Psychol.,* 1928, **35**, 434-470.

The nature of G as seen by the clinical psychologist. *Psychol. Clin.,* 1929, **18**, 196-198. Abstract in *Proc. 9th Int. Cong. Psychol.,* 1930, 465.

A statistical study of the individual tests in ages viii and ix in the Stanford-Binet scale. *Ment. Meas. Monog.,* 1929, No. 6. Pp. vii+58.

A brief survey of special education in the public schools of Baltimore. Baltimore, Md.: Dept. Educ., 1929. Pp. 57.

Shall we continue to train clinical psychologists for second-string jobs? *Psychol. Clin.,* 1930, **18**, 242-245. Abstract in *Proc. 9th Int. Cong. Psychol.,* 1930, 466.

Differences in chronological age, mental capacity, and sex ratios of children referred from many school systems as candidates for special classes. *J. Appl. Psychol.,* 1930, **14**, 1-31.

The mental and educational hygiene of instruction. *Baltimore Bull. Educ.,* 1930, **8**, 181-183.

Literary piracy. *School & Soc.,* 1930, **32**, 527-529.

The ratio of candidates for sight conservation classes. *School & Soc.,* 1931, **33**, 65-68.

Admission procedures and standards for classes for mentally deficient and backward children. *Elem. School J.,* 1931, **31**, 438-445.

The Baltimore plan of training special-class teachers and other workers in the field of special education. *Elem. School J.,* 1931, **31**, 607-618.

Requirements for eligibility and specialized

training of teachers of special classes in the Baltimore schools. *School Life,* 1931, **15-16**, 198.

Progress in the field of special education in the Baltimore schools during the year 1929-1930. *Educ. Meth.,* 1931, **11**, 137-140.

Courses recommended for all teachers, supervisors, and principals in elementary schools, and for special-class teachers in special education, the handicapped and the gifted. Sec. in *White House Conference on child health and protection.* New York: Century, 1931. Pp. 559-577.

The special education. Chap. 17 in *Orientation in education,* ed. by T. H. Schulte. New York: Macmillan, 1932. Pp. 345-364.

WALTERS, Frederick Charles, University of Porto Rico, Rio Piedras, Porto Rico.

Born Woodson Co., Kan., Dec. 18, 1879.

Kansas State Teachers College, S.B. in Ed., 1916. Columbia University, 1916-1917, 1921-1924, A.M., 1917, Ph.D., 1926.

Wilmington College, 1917-1918, Instructor. University of Kentucky, 1918-1919, Principal of the Training School. Midland College, 1919-1921, Head of the Department of Education. University of Porto Rico, 1924—, Associate Professor, Chairman of the Faculty of Psychology, and Director of Research.

Associate, American Psychological Association. Member, American Association for the Advancement of Science.

Language handicap and the Stanford revision of the Binet-Simon tests. *J. Educ. Psychol.,* 1924, **15**, 276-284.

A statistical study of certain aspects of the time factor in intelligence. *Teach. Coll. Contrib. Educ.,* 1927, No. 248. Pp. 90.

Psychological tests in Porto Rico. *School & Soc.,* 1927, **25**, 231-233.

University of Porto Rico general ability test, for grades 8-12. (Separate forms for the years 1926, 1927 and 1928.) Rio Piedras, P. R.: Univ. P. R. Pp. 19.

Sex differences as shown by the University of Porto Rico General Ability Test. *Summer School News, Univ. P. R.,* 1930, **6**, 1-2.

Standards of attainment for high school seniors in Porto Rico. *Porto Rico School Rev.,* 1930, **15**, 12-14.

With Silva, A., Monefeldt, M., & Walsh, M. C. "Test" Hispano-Americano de habilidad y aprovechamiento, for grades 3-8. (Separate forms for grades 3-5 and 6-8.) Rio Piedras, P. R.: Univ. P. R., 1931. Pp. 42.

WALTON, William Edward, University of Nebraska, Department of Psychology, Lincoln, Nebraska, U. S. A.

Born Seymour, Iowa, Nov. 4, 1902.

University of Dubuque, 1921-1922. Park College, 1922-1924. University of Kansas, 1924-1928, A.B., 1926, A.M., 1928. University of Nebraska, 1928-1931, Ph.D., 1931.

University of Nebraska, 1929—, Assistant Instructor, 1929-1930; Instructor of Psychology, 1930—.

Associate, American Psychological Association. Sigma Xi.

With Morrison, B. M. The chromopathometer. *J. Exper. Psychol.,* 1929, **12**, 254-258.

With Morrison, B. M. A preliminary study of the affective values of colored lights. *J. Appl. Psychol.,* 1931, **15**, 294-303.

WANG, Charles K. A., University of Chicago, Department of Psychology, Chicago, Illinois, U. S. A.

Born Honan, China, Apr. 14, 1902.

Furman University, 1920-1924, A.B., 1924. University of Chicago, 1924-1931, A.M., 1926, Ph.D., 1931.

University of Chicago, 1930—, Research Assistant.

Associate, American Psychological Association. Sigma Xi.

A study of the basic information utilized in employing teachers in the United States. *Education,* 1928, **48**, 355-374.

With Collens, E. L., & Upjohn, E. The relation to hunger and activity drives of the factor of habituation to the maze. *J. Comp. Psychol.*, 1931, **12**, 421-427.

Autobiography: some recollections. In Vol. 2 of *A history of psychology in autobiography*, ed. by C. Murchison. Worcester, Mass.: Clark Univ. Press; London: Oxford Univ. Press, 1932. Pp. 333-358.

WASHBURN, Ruth Wendell, Yale University, Institute of Human Relations, New Haven, Connecticut, U. S. A.

Born Northampton, Mass., Jan. 19, 1890.

Vassar College, 1909-1913, A.B., 1913. London University, 1919-1920. Radcliffe College, 1921-1922, A.M., 1922. Iowa University, 1922-1923. Yale University, 1927-1929, Ph.D., 1929.

Associated Charities, Colorado Springs, Colorado, 1915-1917, Visitor. Organized Charities, New York City, spring 1918, Assistant Secretary. Belgian Commission, Le Havre, France, American Red Cross, 1918-1919, Director of Social Service. Iowa University, 1922-1923, Research Assistant. Yale University, 1923—, Research Assistant, 1923-1929; Assistant Professor of Child Development, 1929—.

Associate, American Psychological Association. Sigma Xi.

A study of the smiling and laughing of infants in the first year of life. *Genet. Psychol. Monog.*, 1929, **6**, 397-537.

A scheme for grading the reactions of children in a new social situation. *J. Genet. Psychol.*, 1932, **40**, 84-99.

WASHBURNE, John Noble, Syracuse University, Department of Psychology, Syracuse, New York, U. S. A.

Born Chicago, Ill., Feb. 27, 1894.

University of Chicago, 1910-1911. Stanford University, 1911-1912. Columbia University, 1924-1928, S.B., 1927, A.M., 1928, Ph.D., 1929.

Teachers College, Columbia University, summers 1925, 1926, Assistant in Educational Psychology. Lincoln School of Teachers College, Columbia University, 1924-1927, Research Associate and Teacher of Social Science. Bronxville Public Schools, 1927-1928, Director of Social Science. University of Buffalo, summer 1927, Lecturer in Educational Psychology. Connecticut State Teachers College at Yale University, summer 1928, Lecturer in Educational Psychology. Syracuse University, 1928—, Associate Professor of Educational Psychology.

Associate, American Psychological Association. American Educational Research Association. National Society for the Study of Education. American Association of University Professors. National Society of College Teachers of Education. New York Educational Research Association.

An experimental study of various graphic, tabular, and textual methods of presenting quantitative material. *J. Educ. Psychol.*, 1927, **18**, 361-376, 465-476.

Teaching the social studies. *N. Y. State Educ.*, 1928, **15**, 500-502.

An experiment in character measurement. *J. Juv. Res.*, 1929, **13**, 1-18.

The use of questions in social science material. *J. Educ. Psychol.*, 1929, **20**, 321-359.

Definitions in character measurement. *J. Soc. Psychol.*, 1931, **2**, 114-119.

WASKOM, Hugh Lee, Florida State College for Women, Department of Psychology, Tallahassee, Florida, U. S. A.

Born Crothersville, Ind., Mar. 17, 1898.

Indiana University, 1918-1930, A.B., 1922, A.M., 1928, Ph.D., 1930.

Florida State College for Women, 1930—, Associate Professor of Psychology.

Associate, American Psychological Association.

WATERS, Rolland Hays, University of Arkansas, Department of Psychology, Fayetteville, Arkansas, U. S. A.

Born Wellsville, Kan., Feb. 20, 1896.

Baker University, 1915-1920, A.B., 1920. Kansas State Agricultural College, 1923-1924, S.M., 1924. University of Chicago, summers 1924-1925, 1926-1928, Ph.D., 1928.

University of Arizona, 1925-1928, Instructor, 1925-1927; Assistant Professor of Psychology, 1927-1928. University of Arkansas, 1928—, Associate Professor of Psychology.

Associate, American Psychological Association.

The influence of tuition upon ideational learning. *J. Gen. Psychol.*, 1928, **1**, 534-549.

The influence of large amounts of manual guidance upon human maze learning. *J. Gen. Psychol.*, 1930, **4**, 213-228.

A preliminary study of customer attitude. *J. Appl. Psychol.*, 1931, **15**, 252-258.

With Ellis, A. L. The relative value of free and guided learning when equated in terms of time. *J. Comp. Psychol.*, 1931, **12**, 263-278.

The effect of incorrect guidance upon human maze learning. *J. Comp. Psychol.*, 1931, **12**, 293-301.

WATSON, Goodwin Barber, Teachers College, Columbia University, New York, New York, U. S. A.

Born Whitewater, Wis., 1899.

State Teachers College, Whitewater, Wisconsin, Diploma, 1916. University of Wisconsin, A.B., 1920. Iliff School of Theology, 1920-1921. Union Theological Seminary, 1921-1924. Columbia University, 1921-1925, A.M., 1923, Ph.D., 1925.

Union Theological Seminary, 1923-1925, Instructor of Religious Education. Columbia University, Teachers College, 1925—, Instructor and Assistant Professor, 1925-1929; Associate Professor of Education, 1929—. National Council of the Y. M. C. A., 1927—, Director of Research. *Journal of Educational Psychology*, Associate Editor.

Associate, American Psychological Association. Fellow, American Association for the Advancement of Science. American Educational Research Association. National Education Association. National Society of College Teachers of Education. Religious Education Association. Progressive Education Association. Association of Consulting Psychologists.

What does one learn from analogy and under what conditions? *Rel. Educ.*, 1924, **19**, 384-390.

The measurement of fair-mindedness. *Teach. Coll. Contrib. Educ.*, 1925, No. 176. Pp. 97.

An evaluation of current religious education with reference to the problem of prohibition. *Rel. Educ.*, 1925, **20**, 56-71.

WEBB, Louie Winfield, Northwestern University, Educational Building, Evanston, Illinois, U. S. A.

Born Texarkana, Ark.-Tex., Sept. 8, 1883.

Ouachita College, A.B., 1906. Southern Baptist Theological Seminary, 1906-1909, Th.M., 1909. University of Chicago, 1912-1914, 1915-1916, A.M., 1913, Ph.D., 1916.

Ouachita College, 1909-1911, Professor of Philosophy and Psychology. Northwestern University, 1916—, Instructor of Psychology and Education, 1916-1918; Assistant Professor, 1918-1921; Associate Professor of Education, 1921—.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. National Education Association. Sigma Xi.

Transfer of training and retroaction. *Psychol. Monog.,* 1917, **24**, No. 104. Pp. 90.
Students' methods of studying a certain subject—psychology. *J. Educ. Psychol.,* 1920, **11**, 193-206.
Ability in mental tests in relation to reading ability. *School & Soc.,* 1920, **11**, 567-570.
A comparison of two methods of studying with application to foreign language. *School Rev.,* 1921, **29**, 58-67.
One element to be considered in measuring effective teaching. *School & Soc.,* 1921, **13**, 206-209.
The ability of men and women to judge intelligence. *School & Soc.,* 1924, **20**, 251-254.

WEBER, Christian Oliver, Wells College, Department of Psychology, Aurora, New York, U. S. A.

Born Friend, Neb., Dec. 10, 1891.

University of Nebraska, 1912-1916, 1918-1919, 1920-1922, 1923-1924, A.B., 1916, A.M., 1918, Ph.D., 1924. Harvard University, 1922-1923. Cornell University, summer 1927.

University of Nebraska, 1918-1919, 1920-1922, 1923-1924, Instructor of Psychology, 1918-1919; Director of the Psycho-Clinic, 1920-1922; Lecturer in Psychology, 1923-1924. U. S. Army, 1919-1920, Psychological Examiner. Wells College, 1925—, Assistant Professor of Psychology.

Member, American Psychological Association.

The psycho-genesis of space. *Monist,* 1922, **32**, 449-465.

Play and life. *Education,* 1923, **43**, 303-309.

A health clinic and the physical and mental status of children. *Education,* 1925, **45**, 533-536.

The creative impulse and industry. *Standard,* 1925, **12**, 45—.

Business education and the ideal of practicality. *Univ. J. Bus.,* 1925, **3**, 203—.

The reality of chances. *Amer. J. Psychol.,* 1925, **36**, 66-72.

Scientific method and moral concepts. *J. Phil.,* 1925, **22**, 293-300.

Moral judgment in female delinquents. *J. Appl. Psychol.,* 1926, **10**, 89-91.

With Guilford, J. P. Character trends versus mental deficiency in problems of delinquency. *J. Crim. Law & Criminol.,* 1926, **16**, 610-612.

Employer's ratings and scores of the Thurstone Clerical Test. *Indus. Psychol.,* 1926, **1**, 708-711.

Simplicity versus adequacy in the definition of instinct. *J. Phil.,* 1927, **24**, 141-148.

Theories of affection and aesthetics of visual form. *Psychol. Rev.,* 1927, **34**, 206-219.

Kinaesthetic properties of space in fields of force. *Amer. J. Psychol.,* 1927, **38**, 597-606.

The reality of time and the autonomy of history. *Monist,* 1927, **37**, 521.

Introspective method and the theory of primary and derived emotions. *J. Abn. & Soc. Psychol.,* 1928, **22**, 406-414.

Methods and rewards of the correct selection of college freshmen. *School & Soc.,* 1928, **28**, 516.

Pseudo science and the problem of criminal responsibility. *J. Crim. Law & Criminol.,* 1928, **19**, 181-195.

With Maijgren, R. Experimental differentiation of introversion and extraversion. *Ped. Sem.,* 1929, **36**, 571-580.

With Dallenbach, K. M. The properties of space in kinaesthetic fields of force. *Amer. J. Psychol.,* 1929, **41**, 95-105.

The nature and measurement of emotional age. *Proc. 9th Int. Cong. Psychol.,* 1930, 474.

Apparent movement in Lissajou figures. *Amer. J. Psychol.,* 1930, **42**, 647-649.

Experimental derivation of a new formula for mental work. *J. Gen. Psychol.,* 1930, **3**, 131-149.

A concept of "emotional age" and its measurement. *J. Abn. & Soc. Psychol.,* 1930, **24**, 466-471.

Visuo-motor coordination in concave and convex mirror space. *Amer. J. Psychol.,* 1931, **43**, 254-260.

An experiment at Wells College. *J. Higher Educ.,* 1931, **2**, 298-304.

Aesthetics of rectangles and theories of affection. *J. Appl. Psychol.,* 1931, **15**, 310-318.

WECHSLER, David, 60 West 68th Street, New York, New York, U. S. A.

Born Lespedi, Rumania, Jan. 12, 1896.

College of the City of New York, 1912-1916, A.B., 1916. Columbia University, 1916-1917, 1924, A.M., 1917, Ph.D., 1924. University of London, 1919. University of Paris, 1920-1922.

Bureau of Children's Guidance, 1922-1924, Psychologist. Brooklyn Jewish Social Service Bureau, 1926—, Psychologist. Teachers College, Institute of Child Welfare Research, 1928—, Research Associate.

Member, American Psychological Association. American Association of Consulting Psychologists. Society for American Fellowships in French Universities (Carnegie Foundation).

A study of retention in Korsakoff's psychosis. *Psychiat. Bull.,* 1917, Oct.

Dispositif pour l'enregistrement photographique pour le réflex psycho-galvanique. *C. r. Soc. biol.,* 1921, **85**, 1015-1016.

Quelques remarqués sur la psycho-pathologie de l'indecision. *J. de psychol.,* 1922, **19**, 47-54.

Sur la technique du réflexe psychogalvanique. *J. de psychol.,* 1922, **19**, 172-177.

The measurement of emotional reactions. *Arch. Psychol.,* 1925, **12**, No. 76. Pp. 181.

What constitutes an emotion? *Psychol. Rev.,* 1925, **32**, 235-240.

On the specificity of emotional reactions. *Amer. J. Psychol.,* 1925, **36**, 424-426.

Further comment on the psychological significance of the galvanic reaction. *Brit. J. Psychol. (Gen. Sec.),* 1925, **16**, 136-139.

On the influence of education on intelligence as measured by the Binet-Simon tests. *J. Educ. Psychol.,* 1926, **17**, 248-258.

An apparatus for measuring reaction time without a chronoscope. *J. Exper. Psychol.,* 1926, **9**, 141-145.

Psychology as a practical science in modern life. *Current Hist.,* 1926, **25**, 358-364.

Tests for taxicab drivers. *J. Person. Res.,* 1926, **5**, 24-39.

Study of emotional specificity. *Amer. J. Psychol.*, 1928, **40**, 601-606.

Galvanometric technique in studies of association. *Amer. J. Psychol.*, 1928, **40**, 607-612.

Psychology in aviation. *N. Y. Times*, 1929, Nov. 24, sec. 20, p. 10.

General intelligence, mental level, and the psychoneuroses. In *The neuroses*, by I. S. Wechsler. Philadelphia: Saunders, 1929. Pp. 289-319.

With Freeman, R. G. Studies in chronaxia. *Arch. Neur. & Psychiat.*, 1929, **22**, 558-569.

With Crabbs, L. M., & Freeman, R. G. Galvanometric reactions in children. *J. Genet. Psychol.*, 1930, **38**, 203-222.

On the range of human capacities. *Scient. Mo.*, 1930, **31**, 35-39.

The measurement of chronaxie. *Med. Times*, 1930, **58**, No. 3, 82-83.

Incidence and significance of fingernail biting in school children. *Psychoanal. Rev.*, 1931, **18**, 201-209.

WEEBER, Lorle Stecher (Mrs. Charles Frederic), Box 3468, Honolulu, Territory of Hawaii, U. S. A.

Born St. Louis, Mo., Jan. 1, 1891.

Bryn Mawr College, 1908-1913, A.B., 1912, A.M., 1913. Columbia University, 1914-1916, Ph.D., 1916.

New York State Commission on Ventilation, 1915-1916, Psychologist. Temple University, 1916-1917, Professor of Psychology. Children's Hospital, Randall's Island, New York City, 1917-1918, Psychologist. Columbia University, Barnard College, 1918-1919, Lecturer in Psychology. Children's Court, New York City, 1919, Psychologist. University of Iowa, Child Welfare Research Station, 1920-1924, Research Associate and Assistant Professor. Kamehameha Schools, Honolulu, 1925-1927, Psychologist. Territorial Normal and Training School, Honolulu, 1927-1931, Instructor of Psychology. Teachers College, University of Hawaii, Honolulu, 1931—, Assistant Professor of Psychology.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. Hawaiian Academy of Science. Sigma Xi.

The effect of humidity on nervousness and on general efficiency. *Arch. Psychol.*, 1916, **38**. Pp. 94.

With Baldwin, B. T. Mental growth curve of normal and superior children. *Univ. Iowa Stud.: Stud. Child Welfare*, 1922, **2**, No. 1. Pp. 61.

With Baldwin, B. T. Additional data from consecutive Stanford-Binet tests. *J. Educ. Psychol.*, 1922, **13**, 556-560.

With Baldwin, B. T. The psychology of the preschool child. New York: Appleton, 1925. Pp. vii+305.

WEIDENSALL, Jean, 310 South 18th Street, Omaha, Nebraska, U. S. A.

Born Omaha, Neb., Dec. 1, 1879.

Vassar College, 1899-1903, A.B., 1903. University of Chicago, 1903-1906, 1907-1908, summer 1910, Ph.D., 1910. University of Cincinnati, College of Medicine, 1917-1923, M.D., 1923.

New York State Reformatory for Women, 1910-1911, Director of the Psychological Research Laboratory. Bureau of Social Hygiene Research, 1911-1914, Director of the Department of Psychology. Cincinnati General Hospital, 1916-1918, 1922-1924, Assistant Director of the Psychological Clinic, 1916-1918; Interne, 1922-1924. University of Cincinnati, College of Medicine, 1920-1923, Assistant in the Department of Anatomy and Histology. Children's Memorial Hospital, Chicago, 1925-1926, Resident Physician. Ortho S. A. Sprague Foundation, Chicago, 1925-1926, Fellow. 310 South 18th Street, Omaha, Nebraska, 1926—, Practicing Physician.

Criminology and delinquency. *Psychol. Bull.*, 1913, **10**, 229-237.

Psychological tests as applied to the criminal woman. *Psychol. Rev.*, 1914, **21**, 370-375.

Studies in rhythm. Chicago: Bohnett, 1916. Pp. 40.

The mentality of the criminal woman. *Educ. Monog.*, 1916. Pp. 332.

The mentality of the unmarried mother. *Rep. & Addr. Nat. Conf. Soc. Work*, 1917, No. 124. Pp. 98.

WEIGLE, Luther Allan, Yale University, Divinity School, New Haven, Connecticut, U. S. A.

Born Littlestown, Pa., Sept. 11, 1880.

Gettysburg College, A.B., 1900, A.M., 1903, D.D., 1917. Yale University, Ph.D., 1905. Carleton College, D.D., 1916.

Carleton College, 1905-1916, Professor of Philosophy and Psychology, 1905-1916; Dean, 1910-1915. Yale University, 1916—, Horace Bushnell Professor of Christian Nurture, 1916-1924; Sterling Professor of Religious Education, 1924—; Dean of the Divinity School, 1928—. Lutheran Theological Seminary, 1921, 1926, Holman Lecturer, 1921; Duncan Lecturer, 1926. Union Theological Seminary, 1926, James Sprunt Lecturer.

Member, American Psychological Association. American Philosophical Association. Litt.D., Muhlenberg, 1925.

The pupil and the teacher. Philadelphia: Lutheran Publ. Soc., 1911. Pp. 217.

WEILL, Blanche California, 310 Riverside Drive, New York, New York, U. S. A.

Born San Francisco, Calif., Sept. 9, 1883.

University of California, A.B., 1904. Columbia University, Teachers College, 1923-1924, A.M., 1924. Harvard University, 1924-1927, Ed.M., Ed.D., 1927.

Public Schools, Bakersfield, California,

Psychologist. Habit Clinics, Boston, Massachusetts, Psychologist. Whaley Memorial Home, Flint, Michigan, 1927-1929, Psychologist and Acting Psychiatrist.

Associate, American Psychological Association. Association of Consulting Psychologists.

Toys and companions. In *The everyday problems of the everyday child,* ed. by D. A. Thom. New York: Appleton, 1927. Pp. 328-340.

The behavior of young children of the same family. *Harvard Stud. Educ.,* 1928, **10.** Pp. 220.

Character traits as disguises. *Amer. Childhood,* 1929, **15,** No. 2, 22-24, 58-60.

WELLMAN, Beth Lucy, State University of Iowa, Iowa Child Welfare Research Station, Iowa City, Iowa, U. S. A.

Born Clarion, Iowa, June 10, 1895.

State University of Iowa, 1916-1920, 1921-1924, A.B., 1920, Ph.D., 1925. University of Chicago, summer 1922. Columbia University, Teachers College, 1924-1925.

State University of Iowa, 1921-1924, Research Assistant. Columbia University, Teachers College, Lincoln School, 1924-1925, Associate in Research. University of Iowa, Iowa Child Welfare Research Station, 1925—, Research Assistant Professor, 1925-1929; Research Associate Professor, 1929—.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science.

With Caldwell, O. W. Characteristics of school leaders. *J. Educ. Res.,* 1926, **14**, 1-13.

The school child's choice of companions. *J. Educ. Res.,* 1926, **14**, 126-132.

The development of motor coordination in young children. *Univ. Iowa Stud.: Stud. Child Welfare,* 1926, **3**, No. 4. Pp. 93.

Significant factors in the motor coordination of young children. *Psychol. Bull.,* 1928, **25**, 178-179.

With Baldwin, B. T. The peg board as a means of analyzing form perception and motor control in young children. *J. Genet. Psychol.,* 1928, **35**, 389-414.

The experimental psychology of the preschool child. *Proc. Iowa Acad. Sci.,* 1928, **35**, 299-300.

With Harter, G., & Bradbury, D. E. Professional training for research and instruction in preschool education. Pts. I & II. *28th Yrbk. Nat. Soc. Stud. Educ.,* 1929, 405-412.

With Bradbury, D. E. Studies in language development. Pts. I & II. *28th Yrbk. Nat. Soc. Stud. Educ.,* 1929, 495-568.

The preschool movement in America. *Rel. Educ.,* 1929, **24**, 24, 941-945.

Contributions of Bird Thomas Baldwin to child development. *J. Juv. Res.,* 1930, **14**, 1-7.

Speech sounds of preschool children. *Proc. Iowa Acad. Sci.,* 1929, **36**, 344-345. Also in *Proc. & Papers 9th Int. Cong. Psychol.,* 1930, 480.

With Case, I. M., Mengert, I. G., & Bradbury, D. E. Speech sounds of young children. *Univ. Iowa Stud., Stud. Child Welfare,* 1931, **5**, No. 212. Pp. 82.

Physical growth and motor development and their relation to mental development in children. Chap. 8 in *A handbook of child psychology.,* ed. by C. Murchison. Worcester, Mass.: Clark Univ. Press; London: Oxford Univ. Press, 1931. Pp. 242-277.

Development of motor skills in the early years. *White House Conf. on Child Health & Protection.*

WELLS, Estelle Frances, Smith College, Department of Psychology, Northampton, Massachusetts, U. S. A.

Born Brooklyn, N. Y., Dec. 30, 1904.

Wellesley College, 1922-1923. Cornell University, 1923-1928, A.B., 1926, Ph.D., 1928.

Danvers State Hospital, Hawthorne, Mass., 1928-1929, Assistant Psychologist. Bryn Mawr College, 1929-1930, Demonstrator in Psychology and Education. Smith College, 1930—, Assistant Professor of Psychology.

Associate, American Psychological Association. American Association for the Advancement of Science. American Association of University Professors.

The effect of attitude upon feeling. *Amer. J. Psychol.,* 1930, **42**, 573-580.

With Kent, G. H. Story completion tests. *J. Educ. Psychol.,* 1930, **21**, 703-711.

Dr. Helson's 'cigarette illusion.' *Amer. J. Psychol.,* 1931, **43**, 136-139.

With Hoisington, L. B. Pain adaptation; a contribution to the Von-Frey–Goldscheider controversy. *J. Gen. Psychol.,* 1931, **5**, 352-366.

The 'cigarette illusion': a reply to Mr. Newman. *Amer. J. Psychol.,* 1931, **43**, 686-691.

A rejoinder. *Amer. J. Psychol.,* 1931, **43**, 700-706.

WELLS, Frederic Lyman, Boston Psychopathic Hospital, Boston, Massachusetts, U. S. A.

Born Boston, Mass., Apr. 22, 1884.

Columbia University, 1899-1906, A.B., 1903, Ph.D., 1906.

Columbia University, 1907, 1910-1911, Lecturer in Psychology. McLean Hospital, Waverley, Massachusetts, 1907-1910, 1911-1917, 1918-1921, Assistant in Pathological

Psychology. U. S. Army: Reserve Officer's Corps, 1917, Captain. Boston Psychopathic Hospital, 1921—, Head Psychologist. Harvard Medical School, 1921, Instructor.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. National Research Council. National Committee for Mental Hygiene. American Psychopathological Association. National Institute of Psychology.

Experimental phonetics and Verner's law. *J. Eng. & German Philol.*, 1905, **5**, 522-527.

Linguistic lapses, with especial reference to the perception of linguistic sounds. New York: Science Press, 1906. Pp. 110.

Linguistic standards. *J. Phil., Psychol., etc.*, 1906, **3**, 431-435.

Linguistic ability and intellectual efficiency. *J. Phil., Psychol., etc.*, 1906, **3**, 680-686.

Standard tests of arithmetical associations. *J. Phil., Psychol., etc.*, 1907, **4**, 510-512.

A statistical study of literary merit. *Arch. Psychol.*, 1907, No. 7. Pp. 30.

On the variability of individual judgments. In *Essays philosophical and psychological in honor of William James.* 1908. Pp. 509-550.

A neglected measure of fatigue. *Amer. J. Psychol.*, 1908, **19**, 345-358.

Normal performance in the tapping test. *Amer. J. Psychol.*, 1908, **19**, 437-483.

Technical aspects of experimental psychopathology. *Amer. J. Insan.*, 1908, **64**, 477-512.

Studies in retardation as given in the fatigue phenomena of the tapping test. *Amer. J. Psychol.*, 1909, **20**, 38-59.

Sex differences in the tapping test. *Amer. J. Psychol.*, 1909, **20**, 354-363.

Motor retardation as a manic-depressive symptom. *Amer. J. Insan.*, 1909, **66**, 1-52.

The experimental method in psychopathology. *State Hosp. Bull.*, 1910, **3**, 403-416.

With Forbes, A. On certain electrical processes in the human body and their relation to emotional reactions. *Arch. Psychol.*, 1911, No. 16. Pp. 39.

Some properties of the free association time. *Psychol. Rev.*, 1911, **18**, 1-23.

A preliminary note on the categories of association reactions. *Psychol. Rev.*, 1911, **18**, 229-233.

Fatigue. *Psychol. Bull.*, 1911, **8**, 390-395; 1912, **9**, 416-420.

Practice effect in free association. *Amer. J. Psychol.*, 1911, **22**, 1-13.

With Woodworth, R. S. Association tests. *Psychol. Monog.*, 1911, **13**, No. 57. Pp. 85.

The question of association types. *Psychol. Bull.*, 1912, **19**, 253-270.

Critique of impure reason. *J. Abn. Psychol.*, 1912, **7**, 89-93.

The relation of practice to individual differences. *Amer. J. Psychol.*, 1912, **23**, 75-88.

Practice and the work curve. *Amer. J. Psychol.*, 1913, **24**, 35-51.

On formulation in psychoanalysis. *J. Abn. Psychol.*, 1913, **8**, 217-227.

The advancement of psychological medicine. *Pop. Sci. Mo.*, 1913, **82**, 177-186.

Experimental pathology of the higher mental processes. *Psychol. Bull.*, 1913, **10**, 213-224.

Dynamic psychology. *Psychol. Bull.*, 1913, **10**, 434-440; 1914, **11**, 404-409; 1915, **12**, 405-408; 1916, **13**, 409-412.

The principle of mental tests. *Science*, 1913, **38**, 221-224.

With Henmon, V. A. C. Concerning individual differences in reaction time. *Psychol. Rev.*, 1914, **21**, 153-156.

The systematic observation of the personality in its relation to the hygiene of mind. *Psychol. Rev.*, 1914, **21**, 295-333.

Common factors in mental health and illness. *Pop. Sci. Mo.*, 1914, **85**, 568-580.

Experimental psychopathology. *Psychol. Bull.*, 1914, **11**, 202-212.

A note on the retention of acquired capacity. *Amer. J. Psychol.*, 1915, **26**, 58-67.

On the psychomotor mechanisms of typewriting. *Amer. J. Psychol.*, 1916, **27**, 47-71.

Mental regression: its conception and types. *Psychiat. Bull.*, 1916, **9**, 445-492.

Von Bechterew and Uebertragung. *J. Phil., Psychol., etc.*, 1916, **13**, 354-356.

The instinctive bases of pacifism. *Atl. Mo.*, 1916, **18**, 44-46.

A summary of material on the topical community of primitive and pathological symbols. *Psychoanal. Rev.*, 1917, **4**, 47-63.

Mental adaption. *Ment. Hygiene*, 1917, **1**, 60-80.

Mental adjustments. New York: Appleton, 1917. Pp. xiii+331.

With Sturges, H. A. The pathology of choice reactions. *Amer. J. Insan.*, 1918, **75**, 81-119.

Symbolism and synaesthesia. *Amer. J. Insan.*, 1919, **75**, 481-488.

Psychogalvanism in the observation of stuporous conditions. *Psychol. Rev.*, 1919, **26**, 360-366.

Psychotic performance in cancellation, and directions tests. *Psychol. Rev.*, 1919, **26**, 366-371.

Association type and personality. *Psychol. Rev.*, 1919, **26**, 371-376.

Autistic mechanisms in association reaction. *Psychol. Rev.*, 1919, **26**, 376-382.

Experiments concerning the threshold of conscious learning. *Psychol. Rev.*, 1919, **26**, 382-388.

With Kelley, C. M. Briefer studies from the psychological laboratory of McLean Hospital. *J. Appl. Psychol.*, 1919, **3**, 172-193.

The clinical year: a symposium. *Survey,* 1926, **56,** 432-433.

The adjustment and unity of the organism. Chap. V in *Modern science and people's health.* New York: Norton, 1926. Pp. 141-179. Also in *Psyche,* 1926, **25,** 5-18.

The language of schizophrenia. *Arch. Neur. & Psychiat.,* 1926, **16,** 395-413. Also Chap. XX of *Schizophrenia (dementia praecox).* New York: Hoeber, 1928. Pp. 323-343. Also in *Res. Nerv. & Ment. Dis. Proc.* (1925), 1928, **5,** 491.

[Ed.] With Fishbein, M. Why men fail. New York & London: Century, 1927. Pp. 344.

Handicaps—or alibis? In *Why men fail,* ed. by M. Fishbein & W. A. White. New York & London: Century, 1927. Pp. 241-259.

The unconscious—a symposium. In *Higher levels of mental integration,* ed by Mrs. W. F. Dummer. New York: Knopf, 1927. Pp. 242-260.

Need for cooperation between lawyers and psychiatrists. (Address delivered before the Section of Criminal Law and Criminology of the American Bar Association, Buffalo, N. Y., Aug. 30, 1927.) *Amer. Bar Asso. J.,* 1927, 551-555. Also in *Amer. J. Psychiat.,* 1927, **7,** 493-505.

Psychiatry as an element in protective penology. (Address delivered before the American Prison Association at Pittsburgh, Pa., Oct. 15-21, 1926.) *Proc. Amer. Prison Asso.,* 1927, 216-224.

The concept of evolution as applied to the human mind. (Address delivered before the New York Academy of Medicine, Apr. 7, 1927.) *Bull. N. Y. Acad. Med.,* 1927, **3,** 502-512.

The narrowing of the gap between the

functional and the organic. *Amer. J. Psychiat.*, 1927, **7**, 221-229.

Introduction to *Elements of crime (psychosocial interpretation)*, by B. Brasol. London: Oxford Univ. Press, 1928.

Living at our best. Chap. VIII in *Handbook on positive health.* New York: Women's Foundation for Health, 1928. Pp. 184-200.

Prisons as laboratories for personality study. (Address at the 18th annual meeting of the National Committee for Mental Hygiene, N. Y., Nov. 10, 1927.) *Ment. Hygiene Bull.*, 1928, **6**, No. 5, 1-3.

Presidential address. (Delivered at the midwinter meeting of the American Psychoanalytic Association, N. Y., Dec. 27, 1927). *Psychoanal. Rev.*, 1928, **15**, 121-131.

Psychiatry and the social sciences. (Read at a meeting of the Social Science Research Council, Hanover, N. H., Aug. 26, 1927). *Amer. J. Psychiat.*, 1928, **7**, 729-747.

Definition by tendency. *Amer. J. Psychiat.*, 1928, **8**, 251-262. Also in *Psychoanal. Rev.*, 1928, **15**, 373-383.

Lectures in psychiatry. (*Nerv. & Ment. Dis. Monog. Ser.*, No. 51). New York & Washington: Nerv. & Ment. Dis. Publ. Co., 1928. Pp. 168.

The tree of knowledge—an essay on tolerance. (Address at the Founders' Day banquet of the Phi of Phi Chi, Washington, D. C., Feb., 1928.) *Phi Chi Quar.*, 1928, May, 661-666.

Introduction to *Why we misbehave*, ed. by S. D. Schmalhausen. New York: Macaulay, 1929.

How large should a state hospital be? (Report of a conference called by N. Y. State Committee on Mental Hygiene of the State Charities Aid Association, Harvard Club, N. Y., June 28, 1929). *State Charities Aid Asso., Spec. Rep.*, 1929, 33-41.

The social significance of mental disease. *Arch. Neur. & Psychiat.*, 1929, **22**, 873-900.

First colloquium on personality investigation held under the auspices of the American Psychiatric Association. (Committee on Relation with the Social Sciences, N. Y., Dec. 1-2, 1928.) *Amer. J. Psychiat.*, 1929, **8**, 1089-1177.

The frustration theory of consciousness: mind as energy. *Psychoanal. Rev.*, 1929, **16**, 143-162.

Mind—man's most distinctive organ. *Proc. Inter-State Postgrad. Med. Assembly No. Amer.* (Atlanta, 1928), 1929, 239-244. Also in *Ment. Hygiene*, 1929, **13**, 462-472.

Address at dinner at Biltmore Hotel, N. Y., Nov. 14, 1929, held in commemoration of the 20th anniversary of the National Committee for Mental Hygiene. *Ment. Hygiene Bull.*, 1929, **7**, Nos. 9-10, 5, 9.

[Ed.] Bulletin No. 6 of St. Elizabeth's Hospital. Washington: Govt. Print. Office, 1930. Pp. 88.

Das Es. *Psychoanal. Rev.*, 1930, **17**, 253-258.

Psychotherapy. (Address delivered at New York Academy of Medicine at the Annual Graduate Fortnight, Oct. 18, 1929.) *Bull. N. Y. Acad. Med.*, 1930, **6**, 287-305.

Mental hygiene. *Scient. Mo.*, 1930, **31**, 346-349.

The origin, growth, and significance of the mental hygiene movement. *Science*, 1930, **72**, 77-81. Also in *Ment. Hygiene*, 1930, **14**, 555-564.

The language of the psychoses. (Read at the 85th annual meeting of the American Psychiatric Association, Atlanta, Ga., May 14-17, 1929.) *Amer. J. Psychiat.*, 1930, **9**, 697-718.

The child's conception of physical causality. *Psychoanal. Rev.*, 1931, **18**, 85-89.

Medical psychology: the mental factor in disease. New York: Nerv. & Ment. Dis. Publ. Co., 1931. Pp. 141.

Psychoses of different age periods. *Proc. Int. Assem. Inter-State Post-Grad. M.A., No. Amer.* (1930), 1931, **6**, 579-584.

WHITELY, Paul LeRoy, Franklin and Marshall College, Department of Psychology, Lancaster, Pennsylvania, U. S. A.

Born Summitville, Ind., Dec. 31, 1893.

Earlham College, 1916-1920, A.B., 1920. University of Chicago, 1920-1923 (summers), 1922-1923, 1926-1927, summer 1926, A.M., 1923, Ph.D., 1927.

Nebraska Central College, 1920-1922, Professor. Washington University, 1923-1926, Instructor. Colgate University, 1927-1930, Associate Professor of Psychology. Franklin and Marshall College, 1930—, Professor of Psychology and Head of the Department.

Associate, American Psychological Association. American Association for the Advancement of Science. Science League of America. Sigma Xi.

The dependence of learning and recall upon prior mental and physical conditions. *J. Exper. Psychol.*, 1924, **7**, 420-428.

With McGeoch, J. A. The recall of observed material. *J. Educ. Psychol.*, 1926, **17**, 419-425.

Comparison of teacher and student estimates of grades. *School & Soc.*, 1926, **24**, 278-280.

With McGeoch, J. A. The effect of one form of report upon another. *Amer. J. Psychol.*, 1927, **38**, 280-284.

With McGeoch, J. A. The reliability of the Pressey X-O tests for investigating the emotions. *Ped. Sem.*, 1927, **34**, 255-270.

The dependence of learning and recall upon prior intellectual activities. *J. Exper. Psychol.*, 1927, **10**, 489-508.

With McGeoch, J. A. The curve of reten-

tion for poetry. *J. Educ. Psychol.*, 1928, **19**, 471-479.

With Anderson, J. C. The influence of two different interpolations upon time estimation. *J. Gen. Psychol.*, 1930, **4**, 391-401.

WHITLEY, Mary Theodora, Columbia University, Teachers College, New York, New York, U. S. A.

Born London, England, Oct. 4, 1878.

Columbia University, S.B., 1905, A.M., 1906, Ph.D., 1911.

Columbia University, Teachers College, 1914—, Assistant Profesor, 1914-1930; Associate Professor of Education, 1930—.

Member, American Psychological Association. American Association for the Advancement of Science. Child Study Association of America. Eugenics Society of America.

An empirical study of certain tests for individual differences. *Arch. Psychol.*, 1911, No. 19. Pp. 146.

With Norsworthy, N. The psychology of childhood. New York: Macmillan, 1918. Pp. xix+375. (2nd ed., 1920. Pp. 375.)

A study of the little child. Philadelphia: Westminster Press, 1921.

Psychology and belief. *World Tomorrow*, 1922.

A study of the primary child. Philadelphia: Westminster Press, 1922. (Rev. ed., 1929).

A study of the junior child. Philadelphia: Westminster Press, 1923.

The child's instincts and impulses. The active nature and needs of childhood. Chaps. II & III in *The child, his nature and his needs*, ed by M. V. O'Shea. Valparaiso, Ind.: Children's Foundation, 1923. Pp. 31-51; 53-71.

[Ed.] Edward Lee Thorndike Memorial Volume. *Teach. Coll. Rec.*, 1926, **27**, 459-586.

An analysis of listening to music. *Teach. Coll. Rec.*, 1927, **28**.

WHITTEMORE, Irving Chamberlin, Boston University, College of Business Administration, Boston, Massachusetts, U. S. A.

Born Cambridge, Mass., Nov. 11, 1895.

Harvard University, 1913-1917, 1919-1923, A.B., 1917, A.M., 1921, Ph.D., 1923. Harvard Graduate School of Business Administration, 1919. Boston University, College of Business Administration, 1919.

Boston University, College of Business Administration, 1921—, Instructor, 1921-1923; Assistant Professor, 1923-1928; Associate Professor, 1928-1930; Professor of Psychology, 1930—. Massachusetts Institute of Technology, 1926—, Lecturer.

Member, American Psychological Association.

The influence of competition on performance; an experimental study. *J. Abn. & Soc. Psychol.*, 1924, **19**, 236-253.

The competitive consciousness. *J. Abn. & Soc. Psychol.*, 1925, **20**, 17-33.

WILE, Ira Solomon, College of the City of New York and Hunter College, Department of Psychology, New York, New York, U. S. A.

Born Rochester, N. Y., Nov. 29, 1877.

University of Rochester, 1894-1898, A.B. and S.B., 1898, S.M., 1908. University of Pennsylvania, 1899-1902, M.D., 1902.

College of Physicians and Surgeons, and New School for Social Research, 1925-1930, Lecturer on Conduct Disorders. Tavistock Square Clinic, London, 1928, Lecturer. College of the City of New York, and Hunter College, 1930—, Lecturer on Educational Psychology and Conduct Disorders. Mount Sinai Hospital, New York City, Associate in Pediatrics.

Member, American Association for the Advancement of Science. National Association for the Study of Exceptional Children (Former President). Sociological Section of American Public Health Association (Former Chairman). American Public Health Association. American Orthopsychiatric Association. American Medical Association. American Eugenics Society. Academy of Political and Social Science. National Committee for Mental Hygiene. First International Congress on Mental Hygiene (Organization Committee). Children's Welfare Federation (Vice-President).

Sex education. New York: Duffield, 1912. Pp. 150.

Mental hygiene during childhood. *Med. Rec.*, 1920, **97**, 561-565.

The nature of educational hygiene. *Med. Rec.*, 1921, **99**, 688-691.

Constipation and behavior. *Amer. J. Dis. Child.*, 1929, **39**, 570-589.
Relation of psychology to orthodontia. *Int. J. Orthodontia*, 1929, **15**, 573-584.
Mental hygiene in childhood. *J. Amer. Med. Asso.*, 1929, **93**, 1874-1877.
Sex as biological social behavior. *J. Soc. Hygiene*, 1929, **15**, 277-292.
With Winn, M. D. Facing divorce. *Survey*, 1929, **61**, 418-420.
With Winn, M. D. Romance outside the pale. *Survey*, 1929, **61**, 716-717.
The dynamics of marriage. *Urologic & Cutaneous Rev.*, 1929, **33**, 537-542.
With Davis, R. Correlation of the Koh's test with the Stanford-Binet, Porteus, and Pintner Paterson Series. *Amer. J. Orthopsychiat.*, 1930, **1**, 89-103.
Functional diseases as personality disorders. *Med. J. & Rec.*, 1930, **131**, 615-619.
Left-handedness. *Parents' Mag.*, 1930, **29**. 90-92.
Mental hygiene clinic and child welfare. *Hosp. Soc. Serv.*, 1930, **22**, 27-41.
Behavior problems of children with special reference to delinquency. *Amer. J. Dis. Child.*, 1930, **40**, 1076-1088.
The pediatrician and behavior problems of children. *Arch. Pediat.*, 1930, **47**, 676-697.
The sex problems of youth. *J. Soc. Hygiene*, 1930, **16**, 413-427.
With Noetzel, E. A study of birth order and behavior. *J. Soc. Psychol.*, 1931, **2**, 52-71.
The integration of the child. *J. Med. Soc. N. J.*, 1931, **28**, 103-110.
The relation of left-handedness to behavior disorders. (Read before the American Orthopsychiatric Association, Feb. 20, 1931.) *Amer. J. Orthopsychiat.*, 1932, **2**, 44-57.

WILLIAMS, Gertha, Detroit Teachers College, Department of Psychology, Detroit, Michigan, U. S. A.

Born Ionia, Mich., May 24, 1884.

University of Michigan, 1903-1905. Mount Holyoke College, 1908-1910, A.B., 1910. University of Pennsylvania, 1914-1916, Ph.D., 1917.

Detroit Teachers College, 1916—, Instructor, 1916-1918; Head of Department, 1919—; Professor of Psychology, 1927—.

Associate, American Psychological Association. Midwestern Psychological Association. Michigan Academy of Science.

A group of children as clinical problems. *Psychol. Clin.*, 1915, **9**, 39-43.
A possible restoration case. *Psychol. Clin.*, 1916, **9**, 221-233.
The problem of restoration; a clinical study. Menasha, Wis.: Banta Publ. Co., 1918. Pp. 117.
Psychological diagnosis as an aid in solving educational problems. *Proc. Mich. Acad. Sci. & Letters*, 1922, **1**, 284-292.
The kindergarten and reading—another viewpoint. Child Educ., 1927, **3**, 314-316.
Reading readiness. *Mich. Schoolmaster*, 1927, **20**, No. 3, 87-91.

WILLIAMS, Griffith Wynne, University of Rochester, Department of Psychology, Rochester, New York, U. S. A.

Born Clynderwen, Wales, Feb. 12, 1897.

University of London, 1920-1923. Hartford Seminary Foundation, 1923-1925, Pd.B., 1924, Pd.M., 1925. Université de Dijon, summer 1923. Columbia University, summer 1925. University of Iowa, summer 1926. University of Wisconsin, 1927-1929, Ph.D., 1929.

Atlanta University, 1925-1927, Instructor of Psychology. University of Wisconsin,

summer 1929, Lecturer in Graduate School, Yale University, 1929-1930, Research Assistant in Psychology, Institute of Human Relations. Harvard University, summer, 1930, Teaching Assistant. University of Illinois, 1930-1931, Assistant Professor of Psychology. University of Rochester, 1931—, Assistant Professor of Psychology.

Associate, American Psychological Association. Sigma Xi.

The effect of hypnosis on muscular fatigue. *J. Abn. & Soc. Psychol.*, 1929, **24**, 318-329.

A comparative study of voluntary and hypnotic catalepsy. *Amer. J. Psychol.*, 1930, **42**, 83-95.

With Hull, C. L., & Krueger, R. G. A portable phonographic apparatus for giving objectively uniform suggestions. *Amer. J. Psychol.*, 1930, **42**, 442-444.

Suggestibility in the normal and hypnotic states. *Arch. Psychol.*, 1930, **19**, No. 122. Pp. 83.

WILLIAMS, Harold Marshall, State University of Iowa, Child Welfare Research Station, Iowa City, Iowa, U. S. A.

Born Ottumwa, Iowa, Feb. 17, 1899.

State University of Iowa, 1916-1920, 1924, 1926-1928, A.B., 1920, A.M., 1924, Ph.D., 1928 (Eastman Fellow in Psychology of Music, 1927-1928). State University of Iowa, 1928-1930, National Research Council Fellow in Child Development. Columbia University, 1928-1930, National Research Council Fellow.

State University of Iowa, 1930—, Research Assistant Professor Iowa Child Welfare Research Station.

Associate, American Psychological Association. Member, American Association for the Advancement of Science. Sigma Xi.

A note in regard to the extent of the vibrato. *Psychol. Monog.*, 1928, **38**, No. 176, 226-231.

Experimental studies in the use of the tonoscope. *Psychol. Monog.*, 1931, **41**, No. 187, 266-327.

An objective aid in the standardization of verbal directions. *J. Genet. Psychol.*, 1931, **39**, 289-293.

Developmental studies in the psychology of music. *Univ. Iowa Stud.: Stud. Child Welfare*, 1931, **5**, No. 4. Pp. 110.

WILLIAMS, Herbert Daniel, Big Brother and Big Sister Federation, Incorporated, 400 North Michigan Avenue, Chicago, Illinois, U. S. A.

Born Cherokee Co., Ga., Jan. 23, 1893.

University of Georgia, 1910-1916, A.B., 1914, S.B. in Ed., 1915, A.M., 1916. Cornell University, 1917. State University of Iowa, Ph.D., 1926.

Brenau College, 1916-1918. Professor of Psychology. Tulane University, 1920-1923, Assistant Professor of Education. Public Schools, Toledo, Ohio, 1924-1927, Psychologist. Ohio State University, 1924, Extension Lecturer. Miami University, 1925-1927, Extension Lecturer. Ohio State University, Bureau of Special Education and Psycho-Educational Clinic, 1925-1927, Special Lecturer. Big Brother and Big Sister Federation, Inc., 1928—, Technical Adviser. Northwestern University, 1929—, Lecturer in Psychology.

Associate, American Psychological Association. American Association for the Advancement of Science. American Association of Social Workers.

Truancy and delinquency. *J. Appl. Psychol.*, 1927, **11**, 276-288.

Boys: scientific factors in boy's work. *Welfare Mag.*, 1928, **19**, 772-778.

The problem girl and her problems. *Welfare Mag.*, 1929, **20**, 72-78.

An experiment in self-directed education. *School & Soc.*, 1930, **31**, 715-718.

WILLIAMS, J. Harold, University of California at Los Angeles, Department of Education, Los Angeles, California, U. S. A.

Born Ainsworth, Neb., Dec. 21, 1888.

Nebraska State Normal School, Diploma, 1908. Bureau of University Travel (Europe), 1908. Stanford University, 1911-1916, A.B., 1913, A.M., 1914, Ph.D., 1916.

Public Schools, Salt Lake City, Utah, 1915, Member of the Survey Staff. California Bureau of Juvenile Research, 1915-1923, Director. Public Schools, Boise, Idaho, 1919, Member of the Survey Staff. University of Hawaii, 1921, Director of the Psychological Survey. University of California at Los Angeles, 1923—, Professor of Education. Los Angeles Diagnostic Clinic, 1923-1928, Psychologist. *Journal of Delinquency*, 1916-1923, Editor. *Educational Measurement Review*, 1925-1927, Editor.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science. National Educational Research Association. Eugenics Research Association. National Education Association.

Defective, delinquent, and dependent boys. *Whittier State School Res. Bull.*, 1915, No. 1. Pp. 15.

A study of 150 delinquent boys. *Stanford Univ. Buckel Found. Bull.*, 1915, No. 1. Pp. 15.

Fifty backward and feeble-minded school children. *Psychol. Clin.*, 1915, **9**, 97-116.

Retardation in Salt Lake City. *Psychol. Clin.*, 1915, **9**, 125-133.

School surveys of backward and feeble-minded children. *Proc. Nat. Educ. Asso.*, 1915, 1095-1097.

Backward and feeble-minded children in Salt Lake City. *Tr. School Bull.*, 1915, **12**, 123-129.

Intelligence and delinquency; a study of 215

cases. *J. Crim. Law & Criminol.*, 1916, **6**, 696-705.
Delinquent boys of superior intelligence. *J. Delinq.*, 1916, **1**, 33-52.
Hereditary nomadism and delinquency. *J. Delinq.*, 1916, **1**, 209-232.
Intelligence and delinquency. *Whittier State School Res. Bull.*, 1916, No. 2. Pp. 10.
Feeble-mindedness and delinquency. In *Report of 1915 Legislature Commission on mental deficiency, Whittier State School.* 1917. Pp. 57-62.
Delinquency and density of population. *J. Delinq.*, 1917, **2**, 74-91.
Heredity and juvenile delinquency. *Eug. Rev.*, 1917, **9**, 18-31.
Exceptional children in the schools of Santa Ana, California. *Whittier State School Res. Bull.*, 1918, No. 6. Pp. 40.
The intelligence of orphan children and unwed mothers in California charitable institutions. In *Surveys in mental deviation.* Sacramento, Calif.: Calif. State Board Charities & Correction, 1918. Pp. 46-82.
Some feeble-minded charity cases in California. *Tr. School Bull.*, 1918, **4**, 36-42.
With Sears, J. B. The Boise survey. Yonkers, N. Y.: World Book Co., 1919. Pp. 290.
The intelligence of the delinquent boy. *J. Delinq. Monog.*, 1919, No. 1. Pp. 198.
The scientific basis of Pacific Colony, California. *Tr. School Bull.*, 1919, **16**, 26-28.
A survey of pupils in the public schools of Bakersfield, California. *Whittier State School Res. Bull.*, 1920, No. 9. Pp. 43.
The relation of psychology to juvenile delinquency. *Ungraded*, 1921, **6**, 147-151.
Moral deficiency. *Calif. Instit. Quar.*, 1921, **2**, No. 3, 11-16.
Graphic methods in education. Boston: Houghton Mifflin, 1924. Pp. 316.
Mental deficiency. Chap. I of *A Manual of psychiatry*, 6th ed., ed. by A. J. Rosanoff. Philadelphia: Wiley, 1927. Pp. 68-89.
Elementary statistics. Boston: Heath, 1929. Pp. 220.
The school survey movement in California. *Calif. Quar. Sec. Educ.*, 1930 (Jan.), 199-204.

WILLIAMS, Katherine Adams, Pacific Palisades, California, U. S. A.
Born Lamar, Col., Dec. 29, 1900.
Pomona College, 1920-1925, A.B., 1924. University of California, 1925-1928, Ph.D., 1928.
Los Angeles Junior College, 1931, Associate in Psychology and Philosophy.
Associate, American Psychological Association. Sigma Xi.
The reward value of a conditioned stimulus. *Univ. Calif. Publ. Psychol.*, 1929, **4**, 31-55.

A case of chronic bad spelling—amnesia visualis verbalis, due to arrest of post-natal development. *Psychol. Clin.,* 1907, **1**, 53-64.
The fifteen months' training of a feeble-minded child. *Psychol. Clin.,* 1907, **1**, 69-80.
The hospital school. *Psychol. Clin.,* 1907, **1**, 138-146.
Retardation through neglect in children of the rich. *Psychol. Clin.,* 1907, **1**, 157-174.
Special schools for backward children. *Teacher,* 1907, 293-298.
The treatment and cure of a case of mental and moral deficiency. *Psychol. Clin.,* 1908, **2**, 153-179.
Mental healing and the Emmanuel move-

ment. *Psychol. Clin.*, 1908-1909, **2**, 212, 239, 282.
Orthogenics in the public schools. *Psychol. Clin.*, 1909, **3**, 29-33.
The study and treatment of retardation: a field of applied psychology. *Psychol. Bull.*, 1909, **6**, 121-129.
A monkey with a mind. *Psychol. Clin.*, 1909, **3**, 179-205.
Are we educating the rising generation? *Educ. Rev.*, 1909, **37**, 456-467.
Intelligent imitation and curiosity in a monkey. *Psychol. Clin.*, 1910, **3**, 225-227.
The restoration of children of the slums. *Psychol. Clin.*, 1910, **3**, 266-280.
What is meant by retardation? *Psychol. Clin.*, 1910, **4**, 121-131.
The irrepressible ego. *Psychol. Clin.*, 1910, **4**, 193-210.
Criminals in the making. *Psychol. Clin.*, 1911, **4**, 221-238.
Courses in psychology at the summer school of the University of Pennsylvania. *Psychol. Clin.*, 1911, **4**, 245-273.
With Van Sickle, J. H., & Ayres, L. P. Provision for exceptional children in public schools. Washington: Bur. Educ., 1911. Pp. 92.
Teacher training for special class work. *Univ. Pa. Bull.*, 1912, 12th ser., No. 4, Pt. 5, 1-32.
The exceptional child at home and in school. *Old. Pa.*, 1913-1914, 534, 555.
Children with mental defects distinguished from mentally defective children. *Psychol. Clin.*, 1913, **7**, 173-181.
Progress in education of exceptional children in public schools during the year 1912-1913. *Rep. Comm. Educ.*, 1913, 435-452.
The scope of education as a university department. *Psychol. Clin.*, 1914, **7**, 237-249.
The Montessori method. *Psychol. Clin.*, 1914, **8**, 1-5.
The exceptional child and the training of teachers for exceptional children. *School & Soc.*, 1915, **2**, 217-229.
Clinical records. *Psychol. Clin.*, 1915, **9**, 1-17.
On the relation of intelligence to efficiency. *Psychol. Clin.*, 1915, **9**, 61-86.
The examination question. *Red & Blue*, 1915, 366-369.
Congenital aphasia and feeble-mindedness, a clinical diagnosis. *Psychol. Clin.*, 1916, **10**, 181-192.
A form-board demonstration. *Psychol. Clin.*, 1916, **10**, 199-202.
Two feeble-minded maidens—a clinical lecture. *Psychol. Clin.*, 1917, **10**, 224-234.
A fettered mind. *Psychol. Clin.*, 1917, **10**, 241-250.
Diagnostic education—an education for the fortunate few. *Psychol. Clin.*, 1917, **11**, 69-78.
Performance and success: an outline of psychology for diagnostic testing and teaching. *Psychol. Clin.*, 1919, **12**, 145-170.
The problem of educability. *Psychol. Clin.*, 1919, **12**, 174-178.
Efficiency and other factors of success. *Psychol. Clin.*, 1919, **12**, 241-247.
The training of very bright children. *Psychol. Clin.*, 1919, **13**, 88-96.
Orthogenic cases. XIV. Don: a curable case of arrested developments due to a fear psychosis the result of shock in a three-year-old infant. *Psychol. Clin.*, 1920, **13**, 97-111.
What is intelligence and who has it? *Sci. Mo.*, 1922, **15**, 57-67.
Intelligence—a definition. *Psychol. Clin.*, 1922, **14**, 65-67.
The analytical diagnosis. *Psychol. Clin.*, 1922, **14**, 129-135.
Psychological diagnosis and the psychonomic orientation of analytic science. *Psychol. Clin.*, 1925, **16**, 1-18.
With Witmer, E. R. George: mentally restored to normal but intellectually deficient. *Psychol. Clin.*, 1928-1929, **17**, 153-179.
With Ambler, M. E. Jack: feebleminded or normal. *Psychol. Clin.*, 1928-1929, **17**, 217-225.
With Phillips, A. A case of intermittent imbecility. *Psychol. Clin.*, 1929-1930, **18**, 165-169.
Psychonomic personeering. *Psychol. Clin.*, 1930-1931, **19**, 73.

WITTELS, Fritz S., New School for Social Research, New York, New York, U. S. A.

Born Vienna, Austria, Nov. 14, 1880.

University of Vienna, 1898-1904, M.D., 1904.

Allgemeines Krankenhaus, Vienna (General Hospital), 1904-1908, Assistant. Hospitals in Marburg, Constantinople, Jerusalem, Diarbekir, Turkey, 1915-1919, Director. Psychotechnical Institute of Austria, Consulting Psychologist. Physiological Institute of the University of Vienna, 1926-1928, Lecturer. New School for Social Research, New York, 1928—, Professor of Psychology and Psychoanalysis. Brooklyn Institute for Arts and Sciences, 1930, Professor of Psychology and Psychoanalysis.

International Psychoanalytic Association. Society for Physicians in Vienna. Psychotechnical Institute of Austria.

Die Sexuelle Not. Wien & Leipzig: Stern, 1909. Pp. 206.
Tragische Motive oder das Unbewusste in Held und Heldin. Berlin: Fleischel, 1911. Pp. 165.
Alles um Liebe: Eine Urweltditchtung. Berlin: Fleischel, 1913. Pp. 311.

American thought from puritanism to pragmatism. New York: Holt, 1915. Pp. 373.

A comment on Professor Brown's "Matter and energy." *J. Phil., Psychol., etc.,* 1917, **14,** 373-379.

Structure. *J. Phil., Psychol., etc.,* 1917, **14,** 680-688.

Mind discerned. *J. Phil.,* 1921, **18,** 337-347.

Mental development. *J. Phil.,* 1924, **21,** 449-455.

Behavior. *J. Phil.,* 1925, **22,** 402-411.

The realm of mind. New York: Columbia Univ. Press, 1925. Pp. 139.

Contrasts in education: I. Education and evolution. *Teach. Coll. Rec.,* 1929-1930, **31,** 1-16.

Contrasts in education: II. Education and philosophy. *Teach. Coll. Rec.,* 1929-1930, **31,** 121-136.

Contrasts in education: III. Education and history. *Teach. Coll. Rec.,* 1929-1930, **31,** 339-356.

Hobbes selections. New York: Scribner's, 1930. Pp. xxx+418.

WOODBURNE, Angus Stewart. See India.

WOODROW, Herbert, University of Illinois, Department of Psychology, Urbana, Illinois, U. S. A.

Born Chillicothe, Ohio, Feb. 25, 1883. University of Michigan, 1900-1904, 1905-1907, A.B., 1904. University of Paris, 1904-1905. Princeton University, 1907. Columbia University, 1907-1909, Ph.D., 1909.

Columbia University, Barnard College, 1907-1909, Lecturer in Experimental Psychology. University of Minnesota, 1909-1927, Instructor, Assistant Professor, and Associate Professor of Psychology. University of California, 1921-1922, Lecturer in Psychology. Teachers College, Columbia University, summers 1923-1925, Visiting Associate Professor. University of Oklahoma, 1927-1928, Professor and Head of the Department of Psychology. University of Illinois, 1928—, Professor and Head of the Department of Psychology.

Member, American Psychological Association (Council, 1929-1931). Fellow, American Association for the Advancement of Science. Midwestern Psychological Association (Council, 1930-1932). National Institute of Psychology.

A quantitative study of rhythm. *Arch. Psychol.,* 1909, No. 14. Pp. 66.

The rôle of pitch in rhythm. *Psychol. Rev.,* 1911, **18,** 54-77.

The measurement of attention. *Psychol. Monog.,* 1914, **17,** No. 76. Pp. 158.

Reactions to the cessation of stimuli and their nervous mechanism. *Psychol. Rev.,* 1915, **22,** 423-452.

Outline as a condition of attention. *J. Exper. Psychol.,* 1916, **1,** 39-54.

The faculty of attention. *J. Exper. Psychol.,* 1916, **1,** 285-318.

With Lowell, F. Children's association fre-

quency tables. *Psychol. Monog.*, 1916, **19**, No. 97. Pp. 110.
Practice and transference in normal and feeble-minded children. *J. Educ. Psychol.*, 1917, **18**, 85-96, 151-165.
With Karpman, B. A new olfactometric technique and some results. *J. Exper. Psychol.*, 1917, **2**, 431-447.
With Arthur, G. An absolute intelligence scale. *J. Appl. Psychol.*, 1919, **3**, 118-137.
Brightness and dullness in children. Philadelphia: Lippincott, 1919. Pp. 332. (2nd ed., 1923.)
Intelligence and its measurement: a symposium. *J. Educ. Psychol.*, 1921, **12**, 207-211.
Some data on anatomical age and its relation to intelligence. *Ped. Sem.*, 1922, **29**, 1-16.
The psychogalvanic reflex (general review). *Psychol. Bull.*, 1926, **23**, 237-246.
A picture-preference character test. *J. Educ. Psychol.*, 1926, **17**, 519-531.
The effect of type of training upon transference. *J. Educ. Psychol.*, 1927, **18**, 159-172.
With Bemmels, V. Overstatement as a test of general character in preschool children. *J. Educ. Psychol.*, 1927, **18**, 239-246.
Mental unevenness and brightness. *J. Educ. Psychol.*, 1928, **19**, 289-302.
Some hitherto undescribed illusions in the estimation of short temporal intervals. *J. Exper. Psychol.*, 1928, **11**, 167-193.
Behavior with respect to short temporal stimulus forms. II. *J. Exper. Psychol.*, 1928, **11**, 259-280.
With Elonen, A. Group tests of psychopathic tendencies in children. *J. Abn. & Soc. Psychol.*, 1928, **23**, 315-327.
On the presuppositions of character testing. *Psychol. Rev.*, 1928, **35**, 338-350.
With Bemmels, V. Overstatement in third-grade children. *J. Appl. Psychol.*, 1928, **12**, 404-416.
Temporal discrimination in the monkey. *J. Comp. Psychol.*, 1928, **8**, 395-427.
Discrimination by the monkey of temporal sequences of varying number of stimuli. *J. Comp. Psychol.*, 1929, **9**, 123-157.
The reproduction of temporal intervals. *J. Exper. Psychol.*, 1930, **13**, 473-499.
Individual differences in the estimation of temporal intervals. *Trans. Ill. Acad. Sci.*, 1931, **23**, 591-594.
The effect of rate of sequence upon accuracy of synchronization. *J. Exper. Psychol.*, 1932 (in press).

WOODROW, Katherine Ludgate (Mrs. Herbert), 1004 West Healey Street, Champaign, Illinois, U. S. A.

Born Portland, Ore.

University of Washington, 1913-1918, A.B., 1917, S.M., 1918. University of Chicago, 1919-1921, Ph.D., 1921.

University of Washington, 1918-1919, Clinical Assistant. University of Minnesota, 1921-1926, Instructor, 1921-1925; Lecturer in Psychology, 1925-1926. University of Oklahoma, 1927-1928, Assistant Professor.

Member, American Psychological Association. Sigma Xi.

With Paterson, D. G. Blond and brunette traits: a quantitative study. *J. Person. Res.*, 1922, **1**, 122-127.
The effect of manual guidance upon maze learning. *Psychol. Monog.*, 1923, **33**, No. 148. Pp. 65.

WOODS, Elizabeth Lindley, 1833 Verdugo Vista, Glendale, California, U. S. A. Born Streater, Ill., Mar., 1885.

University of Oregon, A.B., 1905, A.M., 1910. Clark University, 1910-1913, Ph.D., 1913.

Rhode Island Teachers College, 1913-1914, Instructor. Vassar College, 1914-1917, Assistant, 1914-1915; Instructor, 1915-1916; Assistant Professor, 1916-1917. Public Schools, Pasadena, California, 1916-1917, Psychologist. Wisconsin State Department of Education, 1917-1925, Director of Special Education. Public Schools, Los Angeles, 1925—, Director of the Department of Psychology and Educational Research. *Los Angeles Educational Research Bulletin*, Editor. *Third and Fourth Yearbooks, Division of Psychology and Educational Research, Los Angeles City Schools*, Editor. *Eighteenth Yearbook National Society for the Study of Education*, 1924, Collaborator.

Member, American Psychological Association. Fellow, American Association for the Advancement of Science.

Recent experiments in committing to memory. *Ped. Sem.*, 1912, **19**, 250-279.
An experimental analysis of the process of reasoning. *Amer. J. Psychol.*, 1915, **26**, 313-387.
Provision for the gifted child. *Educ. Admin. & Supervis.*, 1917, **3**, 139-149.

WOODWORTH, Robert Sessions, Columbia University, Department of Psychology, New York, New York, U. S. A.

Born Belchertown, Mass., Oct. 17, 1869.

Amherst College, A.B., 1891. Harvard University, 1895-1897, A.B., 1896, A.M., 1897. Columbia University, 1898-1899, Ph.D., 1899. University of Edinburgh, 1900. University of Liverpool, 1902-1903.

Washburn College, 1893-1895, Instructor of Mathematics. Harvard Medical School, 1897-1898, Assistant in Physiology. New York University, 1899-1902, Instructor of Physiology. University of Liverpool, 1902-1903, Demonstrator in Physiology. Columbia University, 1903—, Instructor, Adjunct Professor, and Professor of Psychology. *Archives of Psychology*, 1906—, Editor. *Psychological Bulletin*, 1910-1922, Associate Editor.

Member, American Psychological Association (President, 1914). American Association for the Advancement of Science (Vice-President, 1908, 1924). National Research Council, Division of Anthropology and Psychology (Member, 1925-1927; Chairman, 1924-1925). Social Science Research Council (Member, 1925-1928; Treasurer, 1927-1928; President, 1931—). National Academy of Sciences.

With Ladd, G. T. Elements of physiological psychology. New York: Scribner's, 1887. (Rev. ed., 1911. Pp. xix+704.)

Note on the rapidity of dreams. *Psychol. Rev.*, 1897, **4**, 524-526.

The accuracy of voluntary movement. *Psychol. Rev., Monog., Suppl.*, 1899, **3**, No. 13. Pp. 114.

The best movement for handwriting. *Science*, 1899, **10**, 679-680.

The fourth international congress of psychology. *Science*, 1900, **12**, 605.

Judgments of magnitude by comparison with a mental standard. *Psychol. Rev.*, 1900, **7**, 344-355.

Note on the results of circumsection of the motor cortex. *Proc. Physiol. Soc.*, 1901, 1-2.

With Thorndike, E. L. The influence of improvement in one mental function upon the efficiency of other functions. *Psychol. Rev.*, 1901, **8**, 247-261, 384-395, 553-564.

On the voluntary control of the force of movement. *Psychol. Rev.*, 1901, **8**, 350-359.

Maximal contraction, 'staircase contraction,' refractory period, and compensatory pause of the heart. *Amer. J. Physiol.*, 1902, **8**, 213-248.

Le mouvement. Paris: Doin, 1903. Pp. 421.

Sub-cortical expressive reflexes, and their pathways. *Amer. Med.*, 1904, **7**, 4-5.

Color sense in different races of mankind. *Proc. Soc. Exper. Biol.*, 1905, **3**, 24-26.

Cause of voluntary movement. *Stud. Phil.*, 1906, 351-392.

Imageless thought. *J. Phil.*, 1906, **3**, 701-707.

Psychiatry and experimental psychology. *Amer. J. Insan.*, 1906, **63**, 27-38.

Non-sensory components of sense perception. *J. Phil.*, 1907, **4**, 169-176.

Consciousness of relation. *Essays Phil. & Psychol.* (James), 1908, 483-508.

Proceedings of the American Psychological Association. *Psychol. Bull.*, 1908, **5**, 39-52.

Psychology. New York: Columbia Univ. Press, 1908. Pp. 29.

Physiology of the nervous system. *Psychotherap.*, 1909, **1**, No. 2, 67; No. 3, 81.

How the psychological mechanism works. *Psychotherap.*, 1909, **1**, No. 4, 68-84.

Present-day methods of teaching philosophy. In *Lake Erie College memoirs volume.* 1909. Pp. 121-130.

Hermann Ebbinghaus. *J. Phil.*, 1909, **6**, 253-256.

The puzzle of color vocabularies. *Psychol. Bull.*, 1910, **7**, 325-334.

Racial differences in mental traits. *Science*, 1910, **31**, 171-186.

New York branch of the American Psychological Association. *J. Phil.*, 1911, 125-129, 460-467.

On factors contributing to a low scientific productivity in America. *Science*, 1911, **33**, 374-379.

Psychology in the college courses. *Educ. Rev.*, 1911, **41**, 499-506.

Psychology of light. *Trans. Illum. Eng. Soc.*, 1911, 437-467.

Reflex action. *Psychol. Bull.*, 1911, **8**, 126-129.

Voluntary phenomena. *Psychol. Bull.*, 1911, **8**, 375-378; 1914, **11**, 402-404; 1915, **12**, 408-411; 1916, **13**, 416-421.

With Wells, F. L. Association tests. *Psychol. Rev., Monog. Suppl.*, 1911, **13**, No. 57. Pp. 85.

Combining the results of several tests. *Psychol. Rev.*, 1912, **19**, 97-123.

National psychology. *Psychol. Bull.*, 1912, **9**, 397-399.

Mental efficiency. *Rep. Ment. Hygiene Conf.*, 1912, 214-218.

The preponderance of evidence. *Case & Comment*, 1913, 827-831.

Cerebellum and brain stem. *Psychol. Bull.*, 1913, **10**, 138-142.

Care of the body. New York: Macmillan, 1913. Pp. 354.

Conference on individual psychology. *Science*, 1914, **39**, 731-733.

College curriculum. *Science*, 1914, **40**, 315-316.

Imageless thought—a revision. *Psychol. Rev.*, 1915, **22**, 1-27.

The influence on retention of conditions favoring quickness of learning. *J. Phil.*, 1915, **12**, 246.

Comparative psychology of races. *Psychol. Bull.*, 1916, **13**, 388-396.

Followers of Freud and Jung. *Nation*, 1916, **103**, 396.

From the psychologist's point of view. *Amer. Childhood*, 1916, **8**, 4.

Some criticisms of the Freudian psychology. *J. Abn. Psychol.*, 1917, **12**, 174-194.

Dynamic psychology. New York: Columbia Univ. Press, 1918. Pp. 210.

The teaching of psychology. In *College teaching*, by P. Klapper. Yonkers, N. Y.: World Book Co., 1920. Pp. 334-346.

Psychology, a study of mental life. New York: Holt, 1921. Pp. 580. (Rev. ed., 1929. Pp. xiv+590.)

Physiology and psychology. *Essays* (Wilson), 1922, 136-148.

Four varieties of behaviorism. *Psychol. Rev.*, 1924, **31**, 257-264.

Die Beziehungen zwischen Psychoanalyse und Pädagogik. *Zsch. f. psychoanal. Päd.*, 1929, **3**, 445-454.

Introduction à la psychanalyse des enfants. *Rev. fr. de psychanal.*, 1930-1931, **4**, 610-633.

Psychoanalysis of the child. Chap. 17 in *A handbook of child psychology*, ed. by C. Murchison. Worcester, Mass.: Clark Univ. Press; London: Oxford Univ. Press, 1931. Pp. 555-567.

FREUD, Sigmund, Bergasse 19, Wien IX, Oesterreich.

Geboren Freiberg, Moravia, 6. Mai 1856.

Universität Wien, 1875-1882, Dr. med., 1881. Salpêtrière, 1885-1886.

Universität Wien, 1885—, Dozent für Neuropathologie, 1885-1902; Ausserordentlicher Professor, 1902-1920; Ordentlicher Professor, 1920—. *Jahrbuch für psychoanalytische und psychopathologische Forschung*, 1909-1913, Herausgeber. *Zentralblatt für Psychoanalyse: Medizinische Monatsschrift für Seelenkunde*, 1910—, Herausgeber. *Imago, Zeitschrift für Anwendung der Psychoanalyse auf die Geisteswissenschaften*, 1912—, Herausgeber. *International Zeitschrift für ärtzliche Psychoanalyse*, 1913—, Herausgeber.

Ueber den Ursprung der hinteren Nerven-

wurzel im Rückenmark von *Ammocoedes. Sitzber. d. kais. Akad. d. Wiss., Wien,* 1877, **75**.

Ueber Spinalganglien und Rückenmark der Tetromyzon. *Sitzber. d. kais. Akad. d. Wiss., Wien,* 1878, **78**, Abt. 3, 81-167.

Notiz über eine Methode zur anatomischen Präparation des Nervensystems. *Zentbl. f. d. med. Wiss.,* 1879, **17**, 468.

Ueber den Bau der Nervenfasern und Nervenquellen beim Flusskrebs. *Sitzber. d. kais. Akad. d. Wiss., Math.-naturwiss. Cl.,* 1882, **85**, Abt. 3, 8-46.

Die Struktur der Elemente des Nervensystems. *Jahrb. f. Psychiat.,* 1884, **5**, 221-229.

Ueber neue Methode zum Studium des Faserverlaufs im Centralnervensystem. *Zentbl. f. d. med. Wiss.,* 1884, **22**, 161-163. Auch in *Arch. f. Anat. u. Entwick.-gesch.,* 1884, 453-460.
Englisch: A new histological method for the study of nerve-tracts in the brain and spinal cord. *Brain,* 1884, **7**, 86-88.

Ein Fall von Hirnblutung mit indirekten baselen Herdsymptomen bei Skorbut. *Wien. med. Woch.,* 1884, **34**, 244, 276.

Ueber die Cocapflanze. *Zentbl. f. d. ges. Therap.,* 1884, **2**, 289-314.
Englisch: Coca. (Trans. by S. Pollak.) *St. Louis Med. & Surg. J.,* 1884, **47**, 502-505.

Ueber die Allgemeinwirkung des Cocains. *Med.-chir. Zentbl.,* 1885, **20**, 374.

Zur Kenntnis der Olivenzwischenschicht. *Neur. Zentbl.,* 1885, **4**, 268.

Beitrag zur Kenntniss der Cocawirkung. *Wien. med. Woch.,* 1885, **35**, 129-135.

Ueber Coca. (Neu durchgesch. u. verm. Sep.-Abdr. aus dem *Zentbl. f. d. ges. Therap.*) Wien: Perles, 1885. S. 26.

Ein Fall von Muskelatrophie mit ausgebreiteten Sensibilitätsstörungen (Syringomyelie). *Wien. med. Woch.,* 1885, **35**, 389, 425. Auch in *Neur. Zentbl.,* 1885, **4**, 298.

Zusammen mit Darkschewitsch, L. Ueber die Beziehung des Strickkörpers zum Hinterstrang und Hinterstrangkern nebst Bemerkungen über zwei Felder der Oblongata. *Neur. Zentbl.,* 1886, **5**, 121.

Akute multiple Neuritis der spinalen und Hirnnerven. *Neur. Zentbl.,* 1886, **5**, 251.

Ueber männliche Hysterie. *Wien. med. Bl.,* 1886, **9**, 1292.

Beiträge zur Casuistik der Hysterie. *Wien. med. Woch.,* 1886, **36**, 1633-1638.

Uebersetzung von Charcots neue Vorlesungen über die Krankheiten des Nervensystems insbesondere über Hysterie. *Neur. Zentbl.,* 1887, **6**, 429.

Bemerkungen über Cocainsucht und Cocainfrucht, mit Beziehung auf einer Vortrag W. A. Hammond's. *Wien. med. Woch.,* 1887, **37**, 929-932.

Zur Auffassung der Aphasien: eine kritische Studie. Leipzig u. Wien: Deuticke, 1891. S. 107.

Zusammen mit Rie, O. Klinische Studie über die halbseitige Cerebrallähmung der Kinder. (*Beitr. z. Kinderhk.,* N.F., Bd. 1.) Wien: Perles, 1891. S. 220.

Cerebrale Kinderlähmung und Poliomyelitis infantilis. *Wien. med. Woch.,* 1891, **41**, 193, 244, 292.

Ein Fall von hypnotischer Heilung. Nebst Bemerkungen über die Entstehung hysterischer Symptome durch den "Gegenwillen." *Zsch. f. Hypnot., Suggestionstherap., Suggestionslehre und verw. psychol. Forsch.,* 1892-1893. Auch in *Gesammelte Schriften,* Bd. 1, 1925. S. 258-272.

Ueber familiäre Formen von cerebralen Diplegien. *Neur. Zentbl.,* 1893, **12**, 512-542.

Quelques considérations pour une étude comparative des paralysies motrices organiques et hystériques. *Neur. Zentbl.,* 1893, **12**, 709. Auch in *Arch. de neur.,* 1893, **23**, 26-43. Auch in *Sammlung kleiner Schriften zur Neurosenlehre aus den Jahren 1893-1906,* 1906. S. 30-44. Auch in *Gesammelte Schriften,* Bd. 1, 1925. S. 273-289.
Englisch: Some points in a comparative study of organic and hysterical paralysis. (Trans. by M. Meyer.) In *Collected Papers,* Vol. 1, 1924. Pp. 42-58.

Ueber die Verwendung der medizinischen Chemie am Krankenbette. *Wien. med. Woch.,* 1893, **43**, 369, 415, 473, 511, 567, 607, 655, 702, 753.

Ueber ein Symptom das häufig die Enuresis nocturna der Kinder begleitet. *Neur. Zentbl.,* 1903, **12**, 735-737.

Zusammen mit Breuer, J. Ueber den psychischen Mechanismus hysterischer Phänomene. Vorläufige Mitteilung. *Neur. Zentbl.,* 1893, **12**, 4, 43. Auch in *Studien über Hysterie,* 1895. S. 1-14. Auch in *Sammlung kleiner Schriften zur Neurosenlehre aus den Jahren 1893-1906,* 1906. S. 14-29. Auch in *Gesammelte Schriften,* Bd. 1, 1925. S. 1-24.
Englisch: The psychic mechanism of hysterical phenomena. (Trans. by A. A. Brill.) In *Selected papers on hysteria and other psychoneuroses,* 1909 and 1912 eds. Pp. 1-13. Also in *Collected papers,* Vol. 1, 1924. Pp. 24-41.
Ungarisch: Budapest: Bakonyi, 1918.

Charcot. *Wien. med. Woch.,* 1893, **43**. Auch in *Sammlung kleiner Schriften zur Neurosenlehre aus den Jahren 1893-1906,* 1906. S. 1-13. Auch in *Gesammelte Schriften,* Bd. 1, 1925. S. 243-257.
Englisch: Charcot. (Trans. by J. Bernays.) In *Collected papers,* Vol. 1, 1924. Pp. 9-23.

Zusammen mit Rie, O. Zur Kenntnis der cerebralen Diplegien des Kindesalters im Anschluss an die Littlesche Krankheit.

(*Beitr. z. Kinderhk.*, N.F., Bd. 3.) Leipzig u. Wien: Deuticke, 1893. S. 168.

Die Abwehr-Neuropsychosen. Versuch einer Hysterie, vieler Phobien und Zwangsvorstellungen und gewisser halluzinatorischer Psychosen. *Neur. Zentbl.*, 1894, **13**, 362-402. Auch in *Studien über Hysterie*, 1895. Auch in *Sammlung kleiner Schriften zur Neurosenlehre aus den Jahren 1893-1906*, 1906. S. 45-59. Auch in *Gesammelte Schriften*, Bd. 1, 1925. S. 290-305.
Englisch: The defense neuro-psychoses. (Trans. by A. A. Brill.) In *Selected papers on hysteria and other psychoneuroses*, 1909 and 1912 eds. Pp. 121-132. Also in *Collected papers*, Vol. 1, 1924. Pp. 59-75.

Obsessions et phobies. Leur mecanisme physique et leur étiologie. *Rev. neur.*, 1895, **3**, 33-37. Auch in *Sammlung kleiner Schriften zur Neurosenlehre aus den Jahren 1893-1906*, 1906. S. 86-93. Auch in *Gesammelte Schriften*, Bd. 1, 1925. S. 334-342
Englisch: Obsessions and phobias: their psychical mechanisms and their aetiology. (Trans. by M. Meyer.) In *Collected papers*, Vol. 1, 1924. Pp. 128-137.

Ueber die Berechtigung, von der Neurasthenie einen bestimmten Symptomenkomplex als "Angstneurose" abzutrennen. *Neur. Zentbl.*, 1895, **14**, 50-66. Auch in *Sammlung kleiner Schriften zur Neurosenlehre aus den Jahren 1893-1906*, 1906. S. 60-85. Auch in *Gesammelte Schriften*, Bd. 1, 1925. S. 306-333.
Englisch: On the right to separate from neurasthenia a definite symptom complex as "anxiety neurosis." (Trans. by A. A. Brill.) In *Selected papers on hysteria and other psychoneuroses*, 1909 and 1912 eds. Pp. 133-154. Also in *Collected papers*, Vol. 1, 1924. Pp. 76-106.

Zur Kritik der "Angstneurose." *Wien. klin. Rund.*, 1895, **9**, 417, 435, 451. Auch in *Sammlung kleiner Schriften zur Neurosenlehre aus den Jahren 1893-1906*, 1906. S. 94-111. Auch in *Gesammelte Schriften*, Bd. 1, 1925. S. 343-362.
Englisch: A reply to criticisms on the anxiety-neurosis. (Trans. by J. Rickman.) In *Collected papers*, Vol. 1, 1924. Pp. 107-127.

Zwangsvorstellungen und Phobien; ihr psychischer Mechanismus und ihre Aetiologie. *Wien. klin. Rund.*, 1895, **9**, 262, 276.

Krankengeschichten. Frau Emmy v. N., vierzig Jahre, aus Livland. In *Studien über Hysterie*, 1895. S. 37-89. Auch in *Gesammelte Schriften*, Bd. 1, 1925. S. 25-88.

Krankgeschichten. Miss Lucie R., dreissig Jahre. In *Studien über Hysterie*, 1895. S. 90-105. Auch in *Gesammelte Schriften*, Bd. 1, 1925. S. 89-109.
Englisch: The case of Miss Lucie R. (Trans. by A. A. Brill.) In *Selected papers on hysteria and other psychoneuroses*, 1909 and 1912 eds. Pp. 14-30.

Krankgeschichten. Katharina. In *Studien über Hysterie*, 1895. S. 106-115. Auch in *Gesammelte Schriften*, Bd. 1, 1925. S. 110-122.

Krankgeschichten. Fraülein Elisabeth v. R. In *Studien über Hysterie*, 1895. S. 116-160. Auch in *Gesammelte Schriften*, Bd. 1, 1925. S. 122-177.
Englisch: The case of Miss Elisabeth v. R. (Trans. by A. A. Brill.) In *Selected papers on hysteria and other psychoneuroses*, 1909 and 1912 eds. Pp. 31-74.

Zur Psychotherapie der Hysterie. In *Studien über Hysterie*, 1895. S. 222-269. Auch in *Gesammelte Schriften*, Bd. 1, 1925. S. 178-238.
Englisch: The psychotherapy of hysteria. (Trans. by A. A. Brill.) In *Selected papers on hysteria and other psychoneuroses*, 1909 and 1912 eds. Pp. 75-120.

Né Paris, 9 novembre 1875.

Université de Paris, 1892-1900, Dr. en méd., 1900, Lic. ès sci., 1900.

Ecole pratique des Hautes Etudes, 1904-1919, Chef des Travaux, 1904-1908; Directeur de Laboratoire, 1908-1919. Université de Strasbourg, Faculté de Médecine, 1919-1922, Professeur. Collège de France, 1922—, Professeur, 1922—; Vice-Président de l'Assemblie, 1930—.

Société française de Psychologie (Ancien Président). Société de Chimie physique (Ancien Président). Société de Chimie biologique (Ancien Président). Société de Physiologie (Ancien Président). Société de Biologie (Ancien Vice-Président). Féderation des Sociétés de Sciences naturelles (Président). Académie de Médecine de Belgique (Membre correspondant).

Essai sur la soif; ses causes, son mécanisme. (Thèse.) Paris, 1900.

Centres régulateurs de la pression osmotique du sang. *C. r. Soc. de biol.*, 1900, **52**, 521-522.

Note sur la soif d'origine gastrique. *C. r. Soc. de biol.*, 1900, **52**, 523-524.

Zusammen mit Orth, J. Zur qualitativen Untersuchung der Association. *Zsch. f. Psychol.*, 1901, **26**, 1-13.

Ueber Einzel- und Gesamtleistung des Schulkindes. *Arch. f. d. ges. Psychol.*, 1903, **1**, 276-416.

Influence des images sur les sécrétions. *J. de psychol.*, 1904, **1**, 255-264.

Los vom Materialismus. Heidelberg: Winter, 1906. S. 260.

Zur Theorie der Musik. *Preuss. Jahrb.*, 1909, **137**, 43-60.

Mnemotechnik auf Grund der Mnemelehre. *Zsch. f. Phil. u. Päd.*, 1910, **17**, 502-505.

Abstraktion in der Sprache. *Zsch. f. Phil. u. Päd.*, 1910, **17**, 549-556.

Das Problem des Altruismus. *Zsch. f. Rel.-psychol.*, 1911, **4**, 353-369.

Der Gefühlsausdruck in der bildenden Kunst. Berlin: Cassirer, 1913. S. 79.

Erziehung und Erbsünde im Lichte der modernen Biologie. (*Manns päd. Mag.*, 544 H.) Langensalza: Beyer, 1913. S. 15.

Influence des états de conscience sur les sécrétions. *J. de psychol.*, 1920, **17**, 121-138.

Exposé des travaux scientifiques de André Mayer. Paris: Hermann, 1922. Pp. 145.

Excitation psychique et sécrétions. Dans Tome I de *Traité de psychologie*, de G. Dumas. Paris: Alcan, 1923. Pp. 539-564.

Avec Magne, H., et Plantefol, L. La sensibilité des voies respiratoires. Une sensibilité spéciale des premières voies: la sensibilité drimyosmique. *Ann. phys.-chim.*, 1925, **1**, 5, 509-535.

Avec Delacourt-Bernard, —. Les échanges respiratoires de l'homme pendant un refroidissement léger de courte durée. *C. r. Soc. de biol.*, 1925, **92**, 1297-1300.

Avec Delacourt-Bernard, —. Influence d'un échauffement léger de courte durée sur les échanges respiratoires. Travail de thermorégulation minimum dans l'air. *C. r. Soc. de biol.*, 1925, **92**, 1364-1366.

Geschlechtsunterschiede in der Reaktion auf die Ehe. *Münch. med. Woch.*, 1926, **73**, 356-358.

Avec Magne, H., et Plantefol, L. Une sensibilité spéciale des premières voies respiratories: la sensibilité drimyosmique. *J. de psychol.*, 1927, **24**, 255-278.

MENDOUSSE, Pierre, 31, Boulevard Roquelaure, Auch, France.

Né Simorre (Gers), 14 mars 1870.

Université de Toulouse, 1892-1898, Lic. ès lettres (phil.), 1895. Sorbonne, Dr. ès lettres, 1909.

Collège de Philipperville (Algérie), 1899-1902, Professeur de Philosophie. Lycée de Rodez, 1903, Professeur de Philosophie. Lycée de Digne, 1904-1912, Professeur de Philosophie. Lycée d'Auch, 1912—, Professeur de Philosophie.

Officier de l'Instruction publique. Société de Philosophie de Toulouse (Membre correspondant).

L'âme de l'adolescent. Paris: Alcan, 1909. Pp. xiv+316. (4ème éd., 1930.)

Du dressage à l'éducation. Paris: Alcan, 1910. Pp. 194.

Vers la vie humaine. Paris: Hachette, 1923. Pp. 123.

Cours de morale. Dans le *Manuel général de l'enseignement primaire.* Paris: Hachette, 1922-1923.

MEYERSON, Ignace, 20 bis, rue des Noyers, Ablon, Seine-et-Oise, France.

Né Varsovie, 24 février 1888.

Sorbonne, Laboratoire de Psychologie, Directeur-adjoint. Université de Paris, Faculté des Lettres, Chargé de Conférences. Institut de Psychologie, Secrétaire-Administrateur. *Bibliotheque de l'Enfant et de Pédagogie,* Directeur de la Collection. *Journal de Psychologie,* Secrétaire. *British Journal of Educational Psychology,* Associate Editor.

Société française de Psychologie (Secrétaire général). Société française de Pédagogie (Conseil). Association française pour l'Advancement des Sciences (Conseil). Institut français d'Anthropologie.

Recherches sur l'excitabilité des fibres inhibitrices du pneumogastrique. *J. de physiol. et de pathol. gén.,* 1912, **14,** 270.

Avec Lapicque, L. Recherches sur l'excitabilité du pneumogastrique. Première approximation de la chronaxie des fibres d'arrêt du coeur. *C. r. Soc. de biol.,* 1912, **72,** 63.

L'addition latente dans l'excitabilité du pneumogastrique. *C. r. Soc. de biol.,* 1914, **77,** 253.

Avec Chaslin, P. Une rêverie de défense. *J. de psychol.,* 1920, **17,** 59-68.

Avec Delacroix, H. Troubles du sentiment et de la notion d'espace. (Discussion: H. Wallon, H. Piéron.) *J. de psychol.,* 1920, **17,** 377-384.

Avec Quercy, P. L'orientation des signes graphiques chez l'enfant. (Discussion: P. Chaslin, M. Piéron, Ch. Lalo). *J. de psychol.,* 1920, **17,** 462-476.

Avec Quercy, P. Des interprétations frustes. *J. de psychol.,* 1920, **17,** 811-822.

Avec Chaslin, P., et Chatelin, P. Note sur quelques cas anormaux de mélancolie. *Soc. méd.-psychol.,* 1921, 11e s., **1,** 425.

La mentalité primitive. *Année psychol.,* 1922, **23,** 214-222.

Avec Langevin, P., Laugier, H., Marcelin, A., et Rabaud, E. Rapport au sujet des phénomènes produits par le médium J. Guzik. *L'opinion,* 1923, **28,** 10-13.

Image et pensée. In Tome I de *Traité de psychologie,* de G. Dumas. Paris: Alcan, 1923. Pp. 502-537.

Avec François, M., et Piéron, H. Du temps de latence des réactions d'equilibration aux brusques accélérations longitudinales. *C. r. Acad. des sci.,* 1925, **181,** 1181.

Avec Guillaume, P. Sur la psychologie des singes. *L'anthrop.,* 1929, **39,** 129, 464.

Images-éclairs. *J. de psychol.,* 1929, **26,** 569-576.

Les images. *J. de psychol.,* 1929, **26,** 625-709.

Avec Guillaume, P. Quelques recherches sur l'intelligence des singes. *J. de psychol.,* 1930, **27,** 92-97.

Avec Guillaume, P. Recherches sur l'usage de l'instrument chez les singes: I. Le problème du détour. II. L'intermédiaire lié à l'objet. *J. de psychol.,* 1930, **27,** 177-236; 1931, **28,** 481-555.

MILLOT, Albert Louis Joseph, Lycée Michelet, Vanves, Seine, France.

Né Bruyères, 6 février 1876.

Université de Poitiers, 1895-1897, Lic. de phil., 1897. Université de Paris, 1897-1900, Agrégé de phil., 1900.

Lycée de Quimper, 1901-1903, Professeur de Philosophie. Lycée de Valenciennes, 1903-1908, Professeur de Philosophie. Lycée de Besançon, 1908-1920, Professor de Philosophie. Université de Besançon, 1908-1920, Chargé du cours de Psychologie appliquée à l'Education. Lycée Michelet, Paris, 1920—, Professeur de Philosophie.

Société française de Psychologie. Académie des Sciences, Belles-Lettres et Arts de Besançon. Officier de l'Instruction publique.

Psychologie-éducation. (Essais et Conférences.) Paris: Vrin, 1931. Pp. i+270.

MINKOWSKI, Eugène, 2, Square Delambre, Paris XIV, France.

Né St. Petersbourg, 17 avril 1885.

Université de Münich, 1905-1909, Dr. méd., 1909. Université de Paris, 1924-1926, Dr. méd., 1926.

Hôpital psychiatrique Henri Rouselle, 1922—, Consultant.

Société médico-psychologique. Groupe de l'Evolution psychiatrique. Société suisse de Psychiatrie. Société polonaise de Psychiatrie.

Zur Müllerschen Lehre von den spezifischen Sinnesenergien. *Zsch. f. Sinnesphysiol.,* 1911, **45,** 129-152.

Die Zenkersche Theorie der Farbenperception. *Zsch. f. Sinnesphysiol.,* 1913, **48,** 211-228.

Betrachtungen im Anschluss an das Prinzip

des psychophysischen Parallelismus. *Arch. f. d. ges. Psychol.*, 1914, **31**, 132-243.

Inhalt, symbolische Darstellung un Begründung des Grundsatzes der Identität als Grundsatzes unseres Vorstellens. *Arch. f. systemat. Phil.*, 1914, **20**.

Avec Minkowska, —. Famille B. et famille F. Contribution à l'étude de l'hérédité des maladies mentales. *Ann. méd.-psychol.*, 1920, **12**, 303-328.

La schizophrénie et la notion de maladie mentale. (Sa conception dans l'oeuvre de Bleuler.) *Encéph.*, 1921, **16**, 245, 314, 373.

Recherches sur le rôle des 'complexes' dans les manifestations morbides des aliénés. *Encéph.*, 1922, **17**, 219-228, 275-281.

Avec Minkowska, —. Recherches généalogiques sur l'hérédité des maladies mentales et les problèmes, posés par ces recherches. *Neurologia polska*, 1922, **6**.

Impressions psychiatriques d'un séjour à Zurich. (La schizoïdie et la syntonie de M. Bleuler; la méthode de Rorschach; le nouveau service pour enfants anormaux; le placement familial.) *Ann. méd.-psychol.*, 1923, **81**, 110-126.

Données psychanalytiques dans un cas de doute obsédant. *Encéph.*, 1923, **18**, 170-182.

Avec Rogues de Fursac, J. Contribution à l'étude de la pensée et de l'attitude autistes. (Le rationalisme morbide.) *Encéph.*, 1923, **18**, 217-228.

Avec Targowla, R. Contribution à l'étude de l'autisme. (L'attitude interrogative.) *Ann. méd.-psychol.*, 1923, **81**, 421-435.

Etude psychologique et analyse phénomènologique d'un cas de mélancolie schizophrénique. *J. de psychol.*, 1923, **20**, 543-558.

I a valeur de la méthode psychanalytique, étudiée sur un cas d'impuissance. *J. de psychol*, 1923, **20**, 677-683.

Bleulers Schizoïdie und Syntonie und das Zeiterlebnis. *Zsch. f. d. ges. Neur. u. Psychiat.*, 1923, **82**, 212-230.

Avec Minkowska, —. Probleme der Vererbung von Geisteskrankheiten auf Grund von psychiatrischen und genealogischen Untersuchungen an zwei Familien. *Arch. suisses de neur. et de psychiat.*, 1923, **12**, 47-71.

Similarité ou polymorphisme? (Essai méthodologique.) *Arch. suisses de neur. et de psychiat.*, 1923, **13**.

Avec Targowla, R. Contribution à l'étude des idées d'influence. *Encéph.*, 1923, **18**, 652-660.

Avec Dupouy, R. Impulsions au tatouage et perversions sexuelles. *Encéph.*, 1924, **19**, 40-45.

Schizophrènes peints par eux-mêmes. *Médecine*, 1924.

Avec Minkowska, —. Troubles du dynamisme mental et phénomènes obsédants. *Ann. méd.-psychol.*, 1924, **82**, 460-472.

Recherches expérimentales sur les phénomènes de mémoire. *Année psychol.*, 1913, **19**, 91-193.

Sur la manière dont les Poulpes viennent à bout de leur proie, des Lamellibranches en particulier. *Arch. de zool. expér.*, 1913, **53**, 1-13.

A propos de la catalepsie des Phasmides. *C. r. Soc. de biol.*, 1913, **74**, 1079-1081.

Le mécanisme de l'adaptation chromatique et la livrée nocturne de *l'Idotea tricuspidata*. *C. r. Soc. de biol.*, 1913, **157**, 951-953.

Recherches sur le comportement chromatique des invertébrés et en particulier des Isopodes. *Bull. scient. de la France et de Belgique*, 1914, **48**, 32-79.

Les sensations comparatives. *C. r. Asso. fr. pour l'avance. des sci.*, 1914, 43ème session, 590-593.

Des lois diverses répondant au type général de la loi de Wundt pour les différentes sensations. *C. r. Asso. fr. pour l'avance. des sci.*, 1914, 43ème session, 582-589.

Le temps de latence et la localisation des réflexes. *C. r. Soc. de biol.*, 1914, **77**, 75-77.

Des rapports entre les lois de décroissance des temps de latence des sensations en fonction de l'intensité d'excitation et les marges d'excitabilité de ces sensations. *C. r. Soc. de biol.*, 1914, **76**, 76-79; 131-133.

De la décroissance, en fonction des intensités d'excitation, du rapport de la période latente à la période totale d'établissement pour les sensations lumineuses. *C. r. Acad. des sci.*, 1914, **158**, 274-276.

Influence de l'état d'adaptation de l'oeil sur les lois de décroissance des temps de latence sensorielle pour diverses radiations lumineuses. *C. r. Acad. des sci.*, 1914, **159**, 281.

Recherches sur les lois de variation des temps de latence sensorielle en fonction des intensités excitatrices. *Année psychol.*, 1914, **20**, 17-96.

Contribution à la psychologie du Poulpe. La mémoire sensorielle. *Année psychol.*, 1914, **20**, 182-185.

Quelques observations sur les moeurs du *Blennius ocellaris*. *Bull. du mus.*, 1914, 1316.

Sur le mode d'alimentation des Némertes. *C. r. Soc. de biol.*, 1914, **77**, 4-6.

La notion d'instinct. *Bull. Soc. fr. de phil.*, 1914, **14**, 301-306.

Sur les variations de la résistance du corps d'origine affective. *C. r. Soc. de biol.*, 1914, **77**, 332-334.

L'emploi du chronoscope d'Ewald et le chronoscope idéal. *Année psychol.*, 1914, **20**, 197-201.

Le problème de la différence entre sons et bruits. *C. r. Soc. de biol.*, 1914, **76**, 157-158.

Sensation et perception en matière de discrimination cutanée. *Année psychol.*, 1914, **20**, 186-189.

Avec Toulouse, E. Les facteurs de variation de fréquence des accès epileptiques. *Epilepsia*, 1914, 4.

Recherches comparatives sur la mémoire des formes et celle des chiffres. *Année psychol.*, 1914-1919, **21**, 119-148.

Avec Mairet, A. I. De l'existence d'un syndrome commotionnel dans les traumatismes de guerre. II. Des variations du syndrome commotionnel suivant la nature des traumatismes et de son unité. III. Le syndrome commotionnel au point de vue du mécanisme pathogénique et de l'évolution. *Bull. Acad. de méd.*, 1915, **73**, 654-661; 690-700; 710-716.

Avec Mairet, A. Les troubles de mémoire d'origine commotionnelle. *J. de psychol.*, 1915, **12**, 300-328.

Quelle est la nature de la sensibilité vibratoire. *C. r. Soc. de biol.*, 1915, **78**, 355-358.

Hyperesthésie signifie toujours hyperalgésie. *Rev. neur.*, 1915, **22**, 947-951.

L'attitude objective dans la psychologie moderne. *Scientia*, 1915, **17**, 119-133.

L'objectivisme psychologique et la doctrine dualiste. *Rev. phil.*, 1916, **41**, 61-71.

Avec Mairet, A. Syndrome épileptique par irritation nerveuse périphérique ou épilepsie de Brown-Sequard. *Bull. Acad. de méd.*, 1916, **75**, 80-90.

Avec Mairet, A. De la différenciation des symptômes 'commotionnels' et des symptômes 'atopiques,' dans les traumatismes crânio-cérébraux. *Montpellier méd.*, 1916, **39**, 174-183.

Avec Mairet, A. De quelques problèmes posés par la neuro-psychiatrie de guerre au point de vue des réformes. *Montpellier méd.*, 1916, **39**, 387-401. *Rev. neur.*, 1917, **24**, 89-98.

Avec Mairet, A., et Chichet, L. Une démonstration de l'origine médullaire de certaines contractures considérées comme névrosiques. *C. r. Soc. de biol.*, 1916, **79**, 256-259.

Avec Mairet, A. Troubles organiques et troubles névrosiques. *Rev. neur.*, 1916, **23**, 569-572.

Des degrés de l'hémianopsie corticale. L'hémiastéréopsie. *C. r. Soc. de biol.*, 1916, **79**, 1055-1058.

Recherches sur les réflexes. I. Des divers modes de réponse du muscle à la percussion. Réactivité idiomusculaire et réflectivité musculo-tendineuse. II. De l'ambiguité de certains signes cliniques: réflexe des jumeaux, réflexe médio-plantaire. III. La réflexivité osseuse, son identité fondamentale avec la reflexité héteromusculaire. IV. Analyse de la réponse musculaire dans les réflexes musculotendineux. Dissociation en une réponse myoclonique et une réponse myotonique. *C. r. Soc. de biol.*, 1917, **80**, 111-115; 254-259; 294-298; 410-415.

De la longue durée et de la variabilité des temps de latence pour les réflexes cutanés. *C. r. Soc. de biol.*, 1917, **80**, 545-549.

Le temps de latence des divers réflexes tendineux. Facteurs de variation, analyse, détermination du 'temps propre du réflexe.' *C. r. Soc. de biol.* (*mém.*), 1917, **80**, 651-659.

Du moyen propre à déceler les abolitions apparentes du réflexe achilléen par laxité tendineuse corrélative d'une hypotonie musculaire. *Rev. neur.*, 1917, **24**, 515-516.

Avec Mairet, A. Le syndrome émotionnel. Sa différenciation du syndrome commotionnel. *Montpellier méd.*, 1917, **39**, 581-599. *Ann. méd.-psychol.*, 1917, **73**, 183-206.

La loi générale des réflexes musculo-tendineux avec le tonus musculaire. *C. r. Soc. de biol.*, 1918, **81**, 293-298.

Du mécanisme physiologique du tonus musculaire comme introduction à la théorie des contractures. *Presse méd.*, 1918, **10**, 88-91.

Du mécanisme de la psychothérapie dans les contractures fonctionnelles. *Prog. méd.*, 1918, **15**, 132-134.

Des différents types, cloniques et toniques, d'exagération réflexe; hypertonie, clonus, spasme tétanique. *C. r. Soc. de biol.*, 1918, **81**, 1118-1123.

De l'interprétation des troubles labyrinthiques qui se manifestent dans la réflexivité tonique, dans la station et dans la marche. *C. r. Soc. de biol.* (*mém.*), 1918, **81**, 661-675.

Les fondements de la séméiologie labyrinthique (signification des épreuves cliniques). *Presse méd.*, 1918, 439-441.

Avec Mairet, A. Du signe de l'irritation trigémino-occipitale et de la physiologie pathologique des céphalées chez les commotionnés. *Montpellier méd.*, 1918.

Avec Mairet, A. Les séquelles subjectives des traumatisés crânio-cérébraux et le syndrome commotionnel. *Presse méd.*, 1918, 501.

La mémoire. *Rev. phil.*, 1918, **43**, 240-281.

La question des localisations sensitives de l'écorce et le syndrome sensitif cortical. *Rev. de méd.*, 1919, **36**, 129-157.

Le fonctionnement cérébral et l'expérience pathologique de guerre. *Rev. du mois*, 1919, 364-397.

Le puerilisme. Essai d'analyse du syndrome de Dupré a propos des puérils de guerre. *Rev. de méd.*, 1919, **36**, 300-345; 410-437.

I. Des réflexes labyrinthiques provoqués par excitation unilatérale. II. Des réflexes toniques relevant du fonctionnement normal ou de l'excitation bilatérale des labyrinthes. *C. r. Soc. de biol.*, 1919, **81**, 540-544; 545-550.

De la discrimination spatiale des sensations thermiques. Son importance pour la théorie générale de la discrimination cutanée. *C. r. Soc. de biol.*, 1919, **82**, 61-65.

De la détermination et de l'interprétation de la loi de l'oubli et des lois psychologiques en général. *Rev. phil.*, 1919, **44**, 104-118.

Du rôle joué par les pertes physiologiques d'énergie dans la relation qui unit le temps de latence sensorielle à l'intensité de l'excitation. *C. r. Acad. des sci.*, 1919, **168**, 1123-1125.

De la loi de variation des temps de latence en fonction des intensités excitatrices pour les sensations auditives. *C. r. Soc. de biol.*, 1919, **82**, 1116-1118.

Temps de latence et temps d'action liminaires. Interprétation de la loi générale de variation en fonction des intensités excitatrices. *C. r. Soc. de biol.*, 1919, **82**, 1162-1165.

De l'importance respective des divers facteurs sensoriels dans le sens du retour de la patelle. *C. r. Soc. de biol.*, 1919, **82**, 1227-1230.

Avec Derrien, E. Hyperglycémie émotionnelle par ponction lombaire. *Bull. Soc. des sci. méd. et biol. de Montpellier,* 1920, **2,** 338.

Les formes élémentaires de l'émotion dans le comportement animal. La dynamogénie émotionnelle. *J. de psychol.,* 1920, **17,** 937-945.

De la dualité fondamentale des processus associatifs et des processus affectifs dans les syndromes mentaux. *Ann. méd.-psychol.,* 1920, **76,** 409-416.

La psychologie zoologique, science du comportement animal. *J. de psychol.,* 1920, **17,** 139-167; 240-265.

La retour au nid de la Patelle et la mémoire des mollusques. *Nature,* 1920, **48,** 206-208.

De la variation de l'énergie liminaire en fonction de la durée d'excitation. I. Vision fovéale. II. Vision périphérique (loi des cônes et loi des bâtonnets.) *C. r. Acad. des sci.,* 1920, **170,** 525-528; 1203-1206.

I. De la variation de l'énergie liminaire en fonction de la surface rétinienne excitée pour la vision périphériques (cônes et bâtonnets). II. De la variation de l'énergie liminaire en fonction de la surface rétinienne excitée pour la vision fovéale et de l'influence réciproque de la durée et de la surface d'excitation sur la sommation spatiale ou temporelle pour la vision fovéale et périphérique (cônes et bâtonnets). *C. r. Soc. de biol.,* 1920, **83,** 753-756; 1072-1076.

Essai d'analyse expérimentale du temps de latence sensorielle. *J. de psychol.,* 1920, **17,** 289-308.

Des principes physiologiques qui doivent présider à toute étude de la lumiére. *Rev. gén. des sci.,* 1920, **31,** 620-633; 656-664.

Les formes et le mécanisme nerveux du tonus (tonus de repos, tonus d'attitude, tonus de soutien). *Rev. neur.,* 1920, **27,** 986-1011.

Nouvelles recherches sur l'analyse du temps de latence sensorielle et sur la loi qui relie ce temps à l'intensité de l'excitation. *Année psychol.,* 1920-1921, **22,** 58-142.

Appareils nouveaux de laboratoire. (Dispositif de rotation; photomètre différential. Esthésiomètre.) *Année psychol.,* 1920-1921, **22,** 224-236.

Hypertonie et hyperclonie dans la pathologie des réflexes tendineux. *C. r. Cong. des aliénistes et neurologistes fr.,* Strasbourg, 1921, 24ème session, 119-121.

Les réactions toniques dans les réflexes tendineux. *C. r. Asso. fr. pour l'avance. des sci.,* 1921, 44ème session, 320-321.

De la dualité de la réponse musculaire dans les réflexes musculo-tendineux et signification physiopathologique de la réponse tonique et de la réponse clonique. *J. de physiol.,* 1921, **19,** 36-65.

L'autotomie et la dynamogénie émotionnelle. *C. r. Asso. fr. pour l'avance. des sci.,* 1921, 44ème session, 388-389.

La notion des centres coordinateurs cérébraux et le mécanisme du langage. *Rev. phil.,* 1921, **46,** 99-142; 233-280.

Du rôle de la phase périphérique dans la marge de variation des temps de latence sensorielle en fonction des intensités excitatrices. *C. r. Soc. de biol.,* 1921, **172,** 1612-1614.

Comparaison des temps de latence sensorielle en excitation lumineuse brève et prolongée. *C. r. Soc. de biol.,* 1921, **85,** 60-62.

Temps d'action liminaire et temps de réaction sensorielle. *C. r. Asso. fr. pour l'avance. des sci.,* 1921, 44ème session, 383-384.

A quoi est dû le phénomène de la 'stroboscopie rétinienne' (figure radiée apparaissant au cours de la rotation des disques à secteurs). *C. r. Soc. de biol.,* 1921, **85,** 300-303. *C. r. Asso. fr. pour l'avance. des sci.,* 1922, 45ème session, 1256-1259.

L'étude objective des sensations et les fondements de la connaissance. *Rev. scient.,* 1921, **59,** 100-107.

Quelques données physiologiques d'introduction à l'étude de l'éclairage. *Rev. gén. des sci.,* 1921, **32,** 390-399.

Du rôle des réflexes localisateurs dans les perceptions spatiales. Le nativisme réflexe. *J. de psychol.,* 1921, **18,** 804-817. *C. r. Asso. fr. pour l'avance. des sci.,* 1922, 45ème session, 1259-1264.

Des lois du déséquilibre chromatique initial et de la préponderance de la diffusion chromatique dans l'excitation lumineuse de la rétine (mécanisme de production des couleurs subjectives de Fechner-Benham). *C. r. Soc. de biol.,* 1922, **86,** 922-925.

Loi de la vitesse d'établissement des processus chromatiques fondamentaux en fonction de l'intensité de l'excitation lumineuse. *C. r. Acad. des sci.,* 1922, **174,** 1294-1296.

L'influence de l'intensité lumineuse sur la persistance rétinienne apparente (loi des cônes et loi des bâtonnets). *Arch. néerl. de physiol.,* 1922, **7,** 199-212.

Sur la signification physiologique des lois dites psychophysiques. *J. de psychol.,* 1922, **19,** 365-371.

La question du temps de latence des différentes catégories de réflexes. *C. r. Soc. de biol.,* 1922, **84,** 190-192.

Recherches préliminaires sur les signes psycho-physiologiques de fatigue. Un essai de trois tests. *Notes et mém. Instit. Lannelogue,* 1922, **3,** 9-24.

La règle de Van t' Hoff et les temps de réaction des actinies. *C. r. Soc. de biol.,* 1922, **86,** 1076-1078.

Les fonctions propres de l'écorce dans le mécanisme des réceptions sensitives. *J. de psychol.,* 1922, **19,** 903-920.

Du rôle et de la signification du conflit scientifique entre mécanisme et vitalisme. *Scientia,* 1922, **16,** 115-126.

Le mécanisme d'apparition des couleurs subjectives de Fechner-Benham. *Année psychol.,* 1922, **23,** 1-49.

De la différenciation des tests de développement et des tests d'aptitude. *Année psychol.,* 1922, **23,** 176-186.

L'orientation auditive latérale (revue critique et études sur la théorie du mécanisme). *Année psychol.,* 1922, **23,** 186-213.

Le cerveau et la pensée. Paris: Alcan, 1923. Pp. 331.

Les réflexes sus-élémentaires. L'habitude et la mémoire. Dans Tome I de *Traité de psychologie,* par G. Dumas. Paris: Alcan, 1923. Pp. 255-272.

Du retard réductible de franchissement des synapses dans la propagation de l'excitation lumineuse de la rétine à l'écorce cérébrale. *C. r. Acad. des sci.,* 1923, **176,** 711-714.

Détermination du retard de l'excitation nerveuse par les produits de la réaction photochimique rétinienne au moyen d'une méthode de mesure des intervalles limites de masquage d'une excitation lumineuse variable par une excitation très intense. *C. r. Soc. de biol.,* 1923, **88,** 689-692.

De la variation des intervalles limites du masquage d'une excitation lumineuse par une excitation consécutive très intense en fonction de l'intensité de la première. *C. r. Soc. de biol.,* 1923, **88,** 736-739.

Le mécanisme des couleurs subjectives de Fechner-Benham. *J. de psychol.,* 1923, **20,** 75-80.

Comment on peut concevoir la sensation de douleur. *J. de psychol.,* 1923, **20,** 482-489.

Avec Derrien, E. De la réaction glycémique émotionnelle en fonction du degré d'émotivité et des manifestations motrices, et en rapport avec le taux de la glycorhachie. *J. de psychol.,* 1923, **20,** 533-542.

Le rôle de la psychologie dans l'orientation professionnelle. *Notes et mém. Instit. Lannelogue,* 1923, **4,** 42-75.

Avec Kleitman, N. Recherches sur l'établissement de la sensation lumineuse. Les caractères spécifiques des cônes et des bâtonnets. Les spécifités chromatiques dans l'excitation des cônes. *Année psychol.,* 1924, **25,** 34-84.

La psychologie zoologique. Dans Tome II de *Traité de psychologie,* par G. Dumas. Paris: Alcan, 1924. Pp. 635-702.

Les problèmes psychophysiologiques de la perception du temps. *Proc. & Papers 7th Int. Cong. Psychol.,* Cambridge, 1924, 98-119. *Année psychol.,* 1923, **24,** 1-25.

La question du minimum d'énergie dans l'excitation lumineuse de la rétine par éclats brefs. *C. r. Acad. des sci.,* 1924, **178,** 966-968.

Avec Ozorio de Almeida, M. Sur les effets de l'extirpation de la peau chez la grenouille. *C. r. Soc. de biol.,* 1924, **90,** 420-422.

Avec Ozorio de Almeida, M. Action de la peau sur l'état général du système nerveux chez la grenouille. *C. r. Soc. de biol.,* 1924, **90,** 422-425.

Avec Ozorio de Almeida, M. Sur le rôle de la peau dans le maintien du tonus musculaire chez la grenouille. *C. r. Soc. de biol.,* 1924, **90,** 478-481.

Avec Ozorio de Almeida, M. Sur le rôle de la peau dans le maintien du tonus chez les mammifères. *C. r. Soc. de biol.,* 1924, **90,** 1402-1404.

Avec Rabaud, E. Un nouveau mode d'autotomie: l'autopsalize. *C. r. Soc. de biol.,* 1924, **91,** 362-364.

Avec Kleitman, N. L'étude de la phase d'établissement de la sensation lumineuse par excitation élective des cônes at des bâtonnets. *C. r. Soc. de biol.,* 1924, **91,** 453-456.

Avec Kleitman, N. Loi de variation de la durée de la première phase dans l'établissement de la sensation pour des excitations lumineuses croissantes des cônes et des bâtonnets. *C. r. Soc. de biol.,* 1924, **91,** 456-459.

Avec Kleitman, N. Des différences spécifiques entre les cônes et les bâtonnets dans l'établissement de la sensation lumineuse. *C. r. Soc. de biol.,* 1924, **91,** 524-527.

Avec François, M. Le pourpre rétinien est-il l'unique substance photochimique commune aux cônes et aux bâtonnets de la rétine? *C. r. Soc. de biol.,* 1924, **91,** 1074-1075.

Sur les caractéristiques différentielles du fonctionnement des cônes et des bâtonnets rétiniens. *C. r. Acad. des sci.,* 1925, **180,** 462-464.

Avec Kleitman, N. De l'existence de constantes spécifiques différentes pour les radiations chromatiques fondamentales dans l'établissement de la sensation lumineuse par excitation exclusive des cônes rétiniens. *C. r. Soc. de biol.,* 1925, **92,** 26-29.

Avec Kleitman, N. Sur la vitesse d'établissement de la sensation lumineuse et la grandeur de l'ondulation de prééquilibre pour des excitations monochromatiques d'intensité variable. *C. r. Soc. de biol.,* 1925, **180,** 393-396.

Recherches expérimentales sur la marge de variation des temps de latence de la sensation lumineuse par une méthode de masquage. *Année psychol.,* 1925, **26,** 1-30.

Des données que fournit, sur le mécanisme de l'excitation lumineuse l'étude du temps de latence sensorielle. *Année psychol.,* 1925, **26,** 92-106.

Sur le mécanisme de l'action analgésiante de l'effort musculaire. *Année psychol.,* 1925, **26.** 151-158.

Ueber die Rolle der Haut zur Beibehaltung des Muskeltonus. *Pflüg. Arch. f. d. ges Physiol.*, 1925, **207**, 691-693.

Remarques sur la notion de perception; à propos des perceptions de mouvement. *J. de psychol.*, 1925, **22**, 278-280.

La loi de Bunsen-Roscoe s'applique-t-elle à l'excitation lumineuse des invertebrés? (Résultats de recherches sur *Mya arenaria.*) *C. r. Acad. des sci.*, 1925, **19**, 688-690.

La loi de l'excitation lumineuse chez *Mya arenaria.* Relation entre l'intensité et la durée des excitations liminaires. *C. r. Soc. de biol.*, 1925, **93**, 1235-1238.

De la loi de variation des quantités liminaires dans l'excitation sensorielle. *C. r. Acad. des sci.*, 1925, **181**, 818-820.

Avec François, M., et Meyerson, I. Du temps de latence des réactions d'équilibration aux brusques accélérations longitudinales. *C. r. Acad. des sci.*, 1925, **181**, 1181-1183.

Temps de latence et intensité des sensations lumineuses. *Année psychol.*, 1926, **27**, 207-210.

Les problèmes de la perception et la psychophysiologie. *Année psychol.*, 1926, **27**, 1-22.

Psychologisches Vademecum. Lfg. I. Bonn: Schroder, 1930. S. 32.

GOLDSTEIN, Kurt, Kaiserdauen 74, Berlin, Deutschland.
Geboren 6. November 1878.

Universität Frankfurt, 1915—, Ordentlicher Professor der Neurologie. Universität Berlin, 1931—, Hon. Professor und Dirigier. Arzt der Nervenabteilung am Krankenhaus Moabit.

Untersuchungen über das Vorderhirn und Zwischenhirn einiger Knochenfische, nebst einigen Beiträge über das Mittelhirn und Kleinhirn derselben. *Arch. f. mikr. Anat.*, 1906, **66**, 135-219.

Merkfähigkeit, Gedächtnis und Assoziation. *Zsch. f. Psychol.*, 1906, **41**, 38-47; 117-144.

Ein Beitrag zur Lehre von der Aphasie. *J. f. Psychol. u. Neur.*, 1906, **7**, 172-188.

Zur Frage der amnestischen Aphasie und ihrer Abgrenzung gegenuber der transkortikalen und glossopsychischen Aphasie. *Arch. f. Psychiat. u. Nervenkr.*, 1906, **41**, 911-950.

Ein Beitrag zur Lehre von den Alkoholpsychosen. Nebst einigen Bemerkungen uber die Entstehung von Halluzinationen. *Allg. Zsch. f. Psychiat.*, 1907, **64**, 240-285.

Zur Theorie der Halluzinationen. *Arch. f. Psychiat. u. Nervenkr.*, 1908, **44**, 584-655; 1036-1106.

Intermittierendes Hinken eines Beines, eines Armes, der Sprach-, Augen-, und Kehlkopfmuskelatur. *Neur. Zentbl.*, 1908, **27**, 754-774.

Zur Lehre von der motorischen Apraxie. *J. f. Psychol. u. Neur.*, 1908, **11**, 168-187; 270-283.

Der makroskopische Hirnbefund in meinen Falle von linksseitigen motorischer Apraxie. *Neur. Zentbl.*, 1909, **28**, 898-906.

Zur Frage der cerebralen Sensibilitätsstörungen von spinalen Typus. *Neur. Zentbl.*, 1909, **28**, 114-120.

Zusammen mit Cohn, G. Weitere Beitrage zur Symptomatologie der Erkrankungen der motorischen Kernsäule. *Dtsch. Zsch. f. Nervenhk.*, 1909, **37**, 21-34.

Ueber eine amnestische Form der apraktischen Agraphie. *Neur. Zentbl.*, 1910, **29**, 1252-1255.

Zur pathologischen Anatomie der Dementia praecox. *Arch. f. Psychiat. u. Nervenkr.*, 1910, **46**, 1062-1090.

Ueber Aphasie. *Med. Klin.*, 1910, **1**. (Beiheft.) S. 32.

Einige principielle Bemerkungen zur Frage der Lokalisation psychischer Vorgänge im Gehirn. *Med. Klin.*, 1910, **6**, 1363-1368.

Die amnestische und die zentrale Aphasie (Leitungsaphasie). *Arch. f. Psychiat. u. Nervenkr.*, 1911, **48**, 314-343.

Über Apraxie. *Med. Klin.*, 1911, **3**. (Beiheft.)

Die Halluzination, ihre Entstehung, ihre Ursachen und ihre Realität. (*Grenzfrag. d. Nerven- u. Seelenlebens*, 1912, H. 86.) Wiesbaden: Bergmann, 1912. S. iii+72.

Die zentrale Aphasie. *Neur. Zentbl.*, 1912, **31**, 739-751.

Ueber Störungen der Schwerempfindungen bei gleichseitiger Kleinhirnaffektion. *Neur. Zentbl.*, 1913, **32**, 1082-1087.

Zwei Geschwister mit Myxidiotie und vorhandener, sicher nicht grob veränderten, Schilddrüse. *Dtsch. Zsch. f. Nervenhk.*, 1913, **49**, 103-123.

Zusammen mit Baumm, H. Klinische und anatomische Beiträge zur Lehre von der Verstropfung der Arteria cerebelli post. inf. *Arch. f. Psychiat. u. Nervenkr.*, 1913, **52**, 335-377.

Weitere Bemerkungen zur Tneorie der Halluzinationen. *Zsch. f. d. ges. Neur. u. Psychiat.*, 1913, **14**, 502-544.

Zusammen mit Reichmann, F. Über die körperlichen Störungen bei der Dementia praecox. *Neur. Zentbl.*, 1914, **33**, 343-347.

Ein Beitrag zur Lehre von der Bedeutung der Insel fur die Sprache und der linken Hemisphäre fur das linksseitige Tasten. *Arch. f. Psychiat. u. Nervenkr.*, 1914, **55**, 158-173.

Beobachtungen an Schussverletzungen des Gehirns und Rückenmarks. *Dtsch. med. Woch.*, 1915, **41**, 215-217; 250-254.

Ueber kortikale Sensibilitätsstörungen. *Zsch. f. d. ges. Neur. u. Psychiat.*, 1916, **33**, 494-517.
