CHAPTER I.

UNIVERSITY DEPARTMENTS AND AFFILIATED COLLEGES

I. THE DEPARTMENTS OF ECONOMICS AND SOCIOLOGY, UNIVERSITY OF BOMBAY.

(1) Aims and Objects

The object of the Departments is to promote the study of the Indian Social and Economic Conditions and Institutions with reference to their effects on the social and economic life of the people by conducting research in Economics and Sociology.

The Sociology Department was started in 1918 with the appointment of Professor Patrick Geddes as Professor of Sociology. The Economics Department was opened in 1921. At present the Departments prepare students for the M. A. degree examination of the Bombay University both in papers and thesis, and also for the Ph.D. degree; besides, other research workers are given facilities.

It is hoped that in course of time these Departments will develop into an institution where all social sciences will be taught and facilities for research in them provided.

(2) Members of the Staff

C. N. Vakil, M. A. (Bom.), M. Sc., Econ. (London), F. S. S.,
Professor of Economics, Head of the Department of Economics and Administrative Head.

G. S. Ghurye, M. A. (Bom.), Ph. D. (Cantab),
Professor of Sociology and Head of the Department of Sociology.

N. A. Thoothi, B. A. (Bom.), D. Phil. (Oxon.),
Reader in Sociology.

J. J. Anjaria, M. A. (Bom.), M. Sc. (Econ. London),
Reader in Economics.

G. R. Pradhan, B. A., Ph. D. (Bom.),
Research Assistant in Sociology.

M. H. Patel, M. A. (Bom.),
Research Assistant in Economics.

(3) Library

The library of these Departments contains a good collection of works on Economics and Sociology, and is probably the best of its kind in Western India. The total number of publications in the library exceeds 25,000 including Government Publications, volumes of journals, etc. Efforts are being made to keep the library up-to-date and well organised, so that it may become the centre of research in Social Sciences on this side of the country.

The library is open for reference during term time from 11 a. m. to 6-30 p. m. on week days except Saturdays, when it is closed at 4 p. m. During vacations it is open from 11-30 a. m. to 4 p. m. The library is closed on Sundays and public holidays.

Research students of these Departments have easy access to the Library of the Bombay Branch of the Royal Asiatic Society located in the Town Hall. In addition to this, arrangements are made for students to consult books of reference in the Record Office and the Secretariat in Bombay, the Imperial Library at Calcutta, and other institutions.

Though the Library is a reference Library, a small lending section is maintained from which books are lent to students on deposit of Rs. 10/- under certain conditions which may be ascertained from the Librarian. The refund of this deposit may be claimed only when the student leaves the Departments. If the refund is not claimed within a year from the date of his leaving the Departments it will be liable to be forfeited.

(4) Fellowships and Scholarships.

In order to encourage research workers, the University has instituted four Fellowships, each of the value of Rs. 75/- per month, and eight Scholarships, each of the value of Rs. 30/- per month, which are awarded on certain conditions to deserving candidates. Rules regarding the award of Scholarships and Fellowships will be found in Section 11 (*b*) and (*c*).

It may be pointed out that endowment of suitable research scholarships is one of the ways, in which individuals and bodies interested in Economics and Sociology can co-operate in the work of the Departments.

(5) Academic Terms

The academic year begins in June and consists of two terms. The first term begins on 20th June and ends on 10th October. The second term begins on 10th November and ends on 10th March.

(6) Membership of the Departments

(a) For Graduates of Bombay University.

Those who have obtained the B. A. degree of the Bombay University are eligible for admission to the Departments on payment of the Fees mentioned below.

Students who have not graduated from one of the Bombay Colleges and who intend to take up Economics and Sociology or either of these subjects for their Examination *shall* join these Departments only.

(b) For Graduates of Other Universities.

A graduate of another University seeking admission to these Departments shall apply to the Registrar of this University for a certificate of eligibility, and shall at the same time pay a fee of Rs. 20. Such fee shall not be returned if an eligibility certificate is issued to the applicant. But if no such certificate can be issued by the University for any reason, one half of the said fee shall be retained by the University and the other half shall be returned. No graduate of another University shall be admitted to these Departments except on production of a certificate of eligibility, signed by the Registrar of this University. The Registrar may issue a provisional certificate of eligibility if he is satisfied that the applicant is *prima facie* eligible for admission to this University. Such provisional certificate shall entitle a graduate to admission to these Departments *at his own risk*, and on condition that he obtains a final certificate of eligibility before the close of the academic term in which the student is provisionally admitted to the University.*

*Recognition of B.A. and M.A. examinations of other Universities.

No graduate of another University seeking admission to these Departments shall be admitted to them after the expiry of one month from the date of the commencement of any term.

(c) Time for Admission of Students.

Students intending to read for the M. A. degree examination by papers will be admitted only in the beginning of the academic year.

Research students reading for the M. A. degree by thesis or for the Ph. D. degree may be admitted any time during the academic year.

(d) Post-Graduate Registration.

All candidates for post-graduate degrees are required to register themselves as such within one month from the date of the commencement of the academic year at the office of the University Registrar on payment of a fee of Rs. 5 for the M. A. degree and Rs. 10 for the Ph. D. degree.

Fees for registration of post-graduate students once received will in no case be refunded.

Candidates who have registered themselves for post-graduate degrees in certain specified subjects may be permitted, subject to the approval of their teachers, at the end of the first or the second term after registration, to change their subjects without losing the term or terms and be allowed (1) to write a thesis on a subject belonging to one of the two groups (in the case of Branch II–History) registered; or (2) to take up an allied branch which has some subject common with the original. This concession shall not extend to those who desire to change from thesis to paper examination, provided that such changes may be allowed in the case of those who have attended lectures while preparing for their thesis.

Any person intending to take a postgraduate degree in a subject different from the one for which he has registered must register himself afresh by paying the prescribed registration fee.

(e) Term Fees.

A fee of Rs. 30/- per term is charged to students attending these Departments. Those receiving Scholarships in the Departments will be exempted from the payment of the fees.

(f) Caution Money.

A sum of Rs. 10/- will be charged as Caution Money from every student joining the Departments; this amount will be returned when the student leaves the Departments, provided he has paid in full all claims against him.

The refund of caution money should be claimed within a year from the date of leaving the Departments. Caution money not so claimed will be liable to be forfeited.

N. B.—Casual Students—Those who are not qualified to be members of the Departments according to the conditions mentioned above may be admitted to the Deparrtments as special cases. Applications from such candidates will be considered on their own merits.

(7) Rules for the M. A. Degree Examination by Papers.

(a) Certificate of Guidance.

Except in special cases, all candidates for post-graduate degrees must work under a University Professor, a wholetime University Teacher or a University Teacher. A certificate of guidance from a recognised teacher must accompany the candidate's application to appear at the M. A. Examination.

(b) Attendance at Lectures.

Candidates for the M. A. Examination are not eligible to appear for the same unless they produce evidence to the effect that they have attended *two thirds* of the

aggregate of all the lectures delivered by each Teacher under the post-graduate scheme in a particular subject or a group of their Examination.

Students for post-graduate degrees changing from thesis for paper examination must keep four terms under a recognised University Teacher and attend the prescribed number of lectures delivered in a subject or a group.

(c) Change of Centre.

Students may be permitted on sufficient reason being shown, to shift from one centre to another during the course of their study, provided that students who migrate from one college to another do so at the end of a term.

(d) Examination Fees.

Candidates for the M. A. Examination must forward an application to the Registrar at least two months before the Examination along with a fee of Rs. 75/-.

(e) Re-appearance at the Examination.

Failure to pass the Examination will not disqualify the candidate from presenting himself at any subsequent M. A. Examination on new application being forwarded and a fresh fee paid.

(f) Ex-Students.

(1) An ex-student is one who has satisfied all the requirements of prescribed course of studies at his College, including the necessary minimum attendance, and is certified by the Principal as eligible for admission to an examination, and after certification does not join a College.

(2) A student falling under the definition of ex-student under rule (1) shall be entitled to receive a certificate from the Principal of the College last attended by him as mentioned in the said rule, whether or not he appears at the examination in the year in which he is so certified.

(3) A student who has appeared at an examination and failed shall not require a fresh certificate to be entitled to appear again at the same examination unless in the meantime he has joined a College.

(4) The Principal of a College may by a certificate permit an ex-student, who joined his College, and thereby forfeited his status as an ex-student, to appear for an examination, if he is satisfied with the candidate's conduct and progress, even though the candidate has not kept the terms defined in Section 7 (*b*).

(8) Facilities for Students taking the M. A. degree by Papers.

(a) Subject of Study.

A candidate for the M. A. degree in "History" must choose any two of the following groups: (*a*) History, (*b*) History and Politics, (*c*) Economics and (*d*) Sociology. Each group consists of four papers. Though provision for a full-time institution to guide students in groups (*a*) and (*b*) has not yet been made, inter-collegiate lectures are arranged in Bombay by the University to help students in the preparation for examination in these groups.

(b) Lectures and Instructions.

Lectures are delivered in the Departments to cover the M. A. course in groups (*c*) and (*d*) mentioned above. Besides fulfilling all the requirements for the examination, the lectures cover a wider field so as to create interest among students for further work in the subjects.

(9) Ordinances and Regulations for the M. A. (Thesis) degree in History and Philosophy.

O. 1. A thesis can be submitted under the following regulations only in History and Philosophy.

O. 2. Any person being a Bachelor of Arts of the University or of a University recognised by this University shall be eligible for the Degree of Master of Arts (by thesis.)

O. 3. Every candidate must, unless specially exempted by the Syndicate as provided in Section 7 (*a*), work under a University Professor, a whole time University Teacher or a University Teacher. He shall register as a post-graduate research student at the office of the University Registrar within one month of his admission as a research student. No candidate shall be registered for a Master's degree and Ph. D. simultaneously, provided always that a candidate who is registered for a Master's degree may be permitted, on the recommendation of the University Teacher guiding his studies, to submit a thesis for the Ph. D. degree not less than three academic or calendar years from the date of his registration for the Master's degree in the case of Bachelors in the Faculties of Arts, Science, Medicine, Agriculture or Engineering and in the case of Bachelors of Science (Tech.) not less than two academic or calendar years from such registration. Such candidates shall pay the difference between the registration fee for the Ph. D. and that for the Master's degree. (See Ph. D. Rule 5.)

O. 4. On completion of a period of four terms or two calendar years as a post-graduate research student, a candidate may submit a thesis for the degree, provided that the University Professor or University Teacher under whom he has been working certifies that it is worthy of examination.

O. 5. Two months before submitting the thesis the candidate shall forward to the Registrar, through his University Professor or University Teacher, a statement giving the title and a synopsis of the thesis along with a fee of Rs. 75/-.

O. 6. No further fee shall be charged to a candidate who resubmits his thesi for examination under the latter part of Regulation 6.

R. 1. Candidates are permitted to submit theses at any time during the year subject to the provision of Ordinance 5.

R. 2. The candidate shall submit his thesis in triplicate.

R. 3. The thesis shall be the candidate's own work, carried out under the guidance or supervision of his teacher.

R. 4. The thesis shall be either (i) a critical analysis of existing data or (ii) a record of investigation, or (iii) a combination of these.

R. 5. The Board of studies shall suggest to the Academic Council the name of one referee who shall not be the University Professor or University Teacher under whom the candidate has worked, to whom the thesis shall be submitted and who shall after consulting the University Professor or University Teacher who has been guiding the student, report through the Board to the Academic Council, whether he recommends that the thesis be accepted for the degree or rejected. The report of such referee shall be final. If the referee recommends that the thesis be accepted, the candidate shall be declared to have qualified for the degree.

R. 6. A thesis that has been rejected may be submitted again after due revision and subject to the provisions of Ordinances 4 and 5, and Regulation 2.

(10) Ordinances for the Ph. D. Degree.

O. 1. The Degree of Doctor of Philosophy may, subject to the conditions mentioned below, be conferred upon :—

(*a*) Graduates in the Faculties of Arts or Science or Technology of this University or of any other University recognised by this

University, and graduates in Medicine and Surgery of this University or of any other University recognized by this University who have carried on research in Anatomy, Bacteriology, Pathology, Pharmacology, or Physiology.

(*b*) Masters in the Faculties of Arts or Science or Technology of this University or of any other University recognized by this University.

O. 2. A candidate for the degree of Ph. D. must have worked for the necessary period under the guidance of a University Teacher. For Bachelors in the Faculties of Arts, Science, Medicine, Agriculture or Engineering, this period shall be three academic or calendar years and for Bachelors of Science (Tech.) two academic or calendar years and for Masters in Arts, Science or Technology one academic or calendar year, if the Master's degree has been obtained wholly by research or two academic or calendar years if wholly or partly obtained by papers in the same subject or wholly by research in another subject. The term 'academic year' applies to candidates who register within one calendar month of the first day of any academic year and that of 'calendar year' to candidates who register at any other time. Admission to the qualifying degree shall be a condition precedent.

O. 3 (i) A candidate for the Ph. D. degree in Mathematics, Physics, Chemistry, Botany, Zoology, Geology, Anatomy, Bacteriology, Pathology, Pharmacology or Physiology shall first pass the Language Test prescribed for the M. Sc. Examination by research in that subject at least two years prior to presenting his thesis for the Ph. D.

(ii) The Language Examination Paper in French or German shall be of two hours' duration, and shall consist of a passage or passages for translation into English. The passage or passages shall be relating to the particular branch of science offered by the candidate. The use of a dictionary shall be allowed in answering the paper.

O. 4. No candidate shall be permitted to appear for the Ph. D. degree in a faculty different from the one in which he has obtained his Bachelor's or Master's degree, provided however, that a graduate in the Faculty of Medicine shall be permitted to appear for the Ph. D. degree in the subjects of (i) Animal Physiology and (ii) Microbiology.

O. 5. No candidate shall be registered for the Master's degree and Ph. D. simultaneously provided always that a candidate who is registered for a Master's degree may be permitted on the recommendation of the University Teacher guiding his studies, to submit a thesis for the Ph. D. degree not less than three academic or calendar years from the date of his registration for the Mater's degree in the case of Bachelors in the Faculties of Arts, Science, Medicine, Agriculture or Engineering and in the case of Bachelors of Science (Tech.) not less than two academic or calendar years from such registration. Such candidates shall pay the difference between the registration fee for the Ph. D. degree and that far the Master's degree.

O. 6. A candidate will not be permitted to submit as his thesis a thesis for which a degree has been conferred on him in this or in any other University; but a candidate shall not be precluded from incorporating work which he has already submitted for a degree in this or in any other University in a thesis covering a wider field, provided that he shall indicate in a written statement accompanying the thesis any work which has been so incorporated.

O. 7. Each candidate for the degree shall send three type-written or printed copies of his thesis embodying the result of his research and stating whether the work is based on the discovery of new facts by the candidate or of new relations of facts observed by others, and how the work tends to the general advancement of knowledge. The candidate shall further forward a statement indicating the sources from which his information has been derived and the extend to which he has based his work on the work of others, and shall indicate which portion or portions of his thesis he claims as original. Where a candidate presents a joint work, he shall

clearly state the portion which is his own contribution as distinguished from the portion contributed by his collaborator. This statement shall be certified as correct by the University Teacher, as well as the candidate. The candidate may also forward with his application three copies of any original contribution or contributions to the advance of knowledge on the subject selected by him for his thesis or any cognate subject published by him independently or jointly with others upon which he relies in support of his candidature. The thesis shall be written or printed in English, save that when the subject-matter of the thesis relates to a Modern European or Modern Indian Language, it may, with the previous permission of the Post-graduate Studies, be written or printed in that language.

N. B.:—For the purpose of the above ordinance, "Modern Indian Language," shall include Marathi, Gujarati, Kannada, Urdu and Sindhi, and "Modern European Language" shall include German, French and Portuguese.

O. 8. Two months before submitting the thesis the candidate shall forward to the Registrar through his University Professer or University Teacher, a statement giving the title and a synopsis of the thesis along with a fee of Rs. 100/-. The thesis may be submitted any time during the year.

O. 9. The thesis and publications if any, forwarded by the candidate, shall be referred by the Syndicate on the recommendation of the Academic Council and the relevant Board of Studies, to one referee who shall report on the work submitted for the degree, such referee not being a person from whom the candidate has received guidance. He shall, before reporting on the thesis, consult the University Teacher under whom the candidate has received guidance.

O. 10. The report of the referee shall be final. If the referee states that in his opinion, the thesis is worthy of the degree, the degree of Ph. D. shall be conferred on the candidate.

O. 11. The degree of Ph. D. shall not be conferred as an *ad eundem* degree.

O. 12. A work that has been rejected may be re-submitted after due revision and subject to the payment of half the original fee.

O. 13. Save in the case of candidates for the Ph. D. degree in Medicine presenting theses in the subjects of Bacteriology, Pathology and Pharmacology, the degree of M. A., M. Sc. or M. Sc. (Tech.) may be conferred on a candidate for the Ph. D. degree in the Faculties of Arts, Science or Technology, whose work, in the opinion of the referee, is not worthy of the degree of Ph. D. but is of a sufficient degree of merit to justify the award of the degree of M. A. or M. Sc. or M. Sc. (Tech.) provided that the candidate does not already hold a Master's degree.

Nothing in these Ordinances shall be deemed to permit a candidate who has been registered for the Ph. D. degree to submit a thesis for the lower Master's degree.

(11) Facilities for Research Work.

(*a*) *Guidance.*

In accordance with the principal object of the Departments, the main work of the Departments is concerned with the encouragement and carrying out of research work in different problems relating to the economic and social conditions and institutions of India. In this connection research workers are given personal guidance by the members of the Staff at all stages of their work. All methods of research work are encouraged.

A student may decide for himself the teacher under whom he proposes to carry on research. In point of fact as well as of principle, however, every teacher in the School is equally accessible for consultation and advice to any student.

(b) Rules for the Award and Tenure of Research Scholarships in these Departments.

(*i*) There shall be not less than eight scholarships in all which shall normally be equally divided between the Departments of Economics and Sociology.

(*ii*) Each scholarship shall be of the value of not more than Rs. 30 per month. It shall be open to the University Teachers to recommend the amount of scholarship to be awarded to each scholar, without exceeding the total budget grant for scholarships in these Departments.

(*iii*) The scholars shall be appointed each year in the month of August by the Board of Post-graduate Studies on the recommendation of the University Teachers. The Selection of scholars shall be based on their class work, their previous career, character and conduct, and their financial needs.

(*iv*) Scholarships shall be awarded on the explicit undertaking* given in writing by the scholars that they shall not attend the Law Classes, and shall present themselves for the M. A. (thesis) or the Ph. D. Examination in due course.

(*v*) A scholar, who does not fulfil the undertaking referred to in Regulation (*iv*), will be liable to refund the whole amount of scholarship drawn by him while he was holding it.

(*vi*) Every scholarship shall be paid quarterly in arrears on production of a certificate of regular attendance and satisfactory progress signed by the University Teacher in charge.

(*vii*) A scholar shall be liable to forfeit his scholarship on ground of irregular attendance, unsatisfactory work or conduct.

(c) Rules for the Award and Tenure of Research Fellowships.

The Rules for the Award and Tenure of Research Fellowships are similar to those applicable to Scholarships with relevant changes. The Fellows will be required to give the following undertaking:—

I, the undersigned Research Fellow in the Departments of Economics and Sociology, University of Bombay, do hereby agree to abide by the conditions laid down as under :—

1. To begin the work of research within one month from the date of award in case it is not already begun, engage myself diligently in the investigation undertaken by me and to submit terminal reports of the progress of the work to the Syndicate inaccordance with the rules framed by the Syndicate from time to time.
2. During the tenure of Fellowship not to accept any other work or employment.
3. Not to publish the result of the research without the previous permission of the Syndicate.
4. At the expiry of the Fellowship to submit four printed or typed copies of a paper embodying the results of the research carried on by me and giving an account of my investigations, or in case the study of the investigation is not completed, to submit an account of the work done, and if required the material collected either by reading or investigation.
5. To refund to the University the stipends drawn by me in the event of my resigning the Fellowship before the expiry of my term, or if the Fellowship is forfeited by the University due to misconduct or unsatisfactory progress on my part, or if I fail to fulfil any of the conditions on which the Fellowship is awarded to me.

---

* Form of Undertaking :—

(1) I shall present myself for the M. A. (thesis) or the Ph. D. Examination in due course.

(2) I shall not attend the Law class during the tenure of the Scholarship which has been awarded to me by the University.

(3) And that I shall not prepare for any other Examination till I have submitted my thesis.

(d) Theses and Publications.

The theses approved for the M. A. degree in Economics and Sociology are preserved in the Library of the Departments, and are available for reference. The publication of all successful research work has not yet been possible: some of the theses have been published, partly with financial assistance from the University. Articles based on theses or summaries of theses appear in the Journal of the University of Bombay.

(12) Other Facilities.

(a) M. A. Courses in Philosophy and Ancient Indian Culture.

Candidates preparing for the M. A. degree in Philosophy and Ancient Indian Culture will get facilities from the lectures and instruction given in these Departments.

Candidates for the M. A. degree in Philosophy who take Sociology as their optional group will get complete instruction in this group from the lectures and instruction provided in the Sociology Department.

The Sociology course covers a considerable portion of the syllabus in Ancient Indian Culture, and would be useful to he candidates for the M. A. degree in this subject.

(b) Lectures on Statistics.

A short course of lectures on Statistics and their use in economic and social studies is given every alternate year. This course is designed to create interest in research work of a statistical nature. At the same time it illustrates problems, and is thus useful also to students appearing for the examination by papers.

(c) Public Lectures.

The Departments arrange from time to time series of public lectures on different subjects, either by eminent people from outside, or by Members of the Staff. Such lectures are open to the public.

(d) Tours.

With a view to create interest in first hand investigation, special tours are occasionally organised, such as visit to the cotton mills and the chawls of working classes.

(13) Co-operation with other Institutions.

The Departments are fortunate in having the co-operation of different bodies and institutions in its work. There is a large number of bodies which are kind enough to send their publications for the library of the Departments. Requests for help in carrying out research work have as a rule met with good response, and our efforts in this direction will meet with greater success as the work of the Departments becomes better known.

With the experience in research work in different problems already carried out in the Departments with the increasing facilities in the library and with the growing number of students, the Departments may be said to have passed their stage of infancy, and are now in a position to play that part in the life of the City and the Presidency, which research institutions are expected to do by means of systematic studies towards the solution of economic and social problems. In carrying out this desirable object, however, a more active co-operation, or perhaps a continuous contact with leading men in different spheres of life and with different institutions is essential. The Departments have every hope that such co-operation and contact will be established.

It is expected that ways and means will be found by those interested to establish more active co-operation and contact referred to above with the Departments so that the equipment of the Departments can be fully utilised for the benefit of the City and the Presidency.

(14) Students' Union.

The Students' Union of these Departments was formed in 1934 to promote the cultural and social relations of the Members of the Departments. The activities of the Union have been gradually increasing. The Union arranges lectures and debates; organises trips and excursions to places of interest; holds an annual social gathering and other social functions; maintains a directory of past students of the Departments and so on. Past students of the Departments are requested to keep the Union informed of the change in their addresses.

Copies of the constitution of the Union and other information can be had from the office of the Union which is located on the ground floor of the building of these Departments.

Each student of the Departments is required to pay a subscription of Rs. 2 /- per term along with the School fees.

(15) University Hostel.

The University Hostel was started in June 1936. Fravic House, 79, Queen's Road, Bombay, 2, has been rented for the purpose. The house is situated opposite the Marine Lines Station, with the sea in front. It is within easy reach of the University Buildings. The University has provided adequate equipment for the comfort of the students.

The University Hostel is intended primarily for the students of these Departments and of the Department of Chemical Technology. Other post-graduate students may be given admission in case there is room for them. Students reading for the degree of LL. B. only need not apply.

Facilities for three dining clubs have been provided in the Hostel; two vegetarian and one non-vegetarian. Residents are required to join one of these. The Management of the Clubs is vested in the members, subject to certain conditions.

Applications for admission to the Hostel should be made before 20th June for the first term and before 10th November for the second term. The allocation of seats in the Hostel is notified on the Hostel Notice-Board in the beginning of each term. Casual students intending to stay in the Hostel during vacations should apply before 10th October for the October vacation, and before 10th March for the summer vacation.

Forms of application can be had from the Office of the Departments of Economics and Sociology, or the Department of Technology or the Warden of the Hostel. As a rule students are accommodated in batches of two or three in a room. The rents vary from a minimum of Rs. 36/- per term to a maximum of Rs. 57/- per term per seat. Besides this each student has to pay Rs. 15/- per term for miscellaneous charges, *viz.* Rs. 7/- Electric charges; Rs. 5/- Medical charges; Rs. 2/- Union fee; Re. 1/- Mess Depreciation Fund.

Students have to pay a lock deposit of Re 1/- and caution money of Rs. 5/-. Applications not accompanied with caution money are not considered. Applications should be forwarded through the Head of the Institution to which the student belongs.

The refund of caution money and lock deposit should be claimed within a year from the date of leaving the Hostel. Failure to do so will involve liability to forfeiture of the caution money and lock deposit.

Further information may be had from the Warden, University Hostel, 79, Queen's Road, Bombay, 2.

G. K. Belekar, B. Sc., B. Sc. (Tech.)

The Department of Chemical Technology has been instituted to form a link between science and industry, so that University graduates in pure science who intend to adopt an industrial career may obtain the necessary technological training to take an important part in industry. It performs, therefore, the dual function of providing an outlet for products of the colleges and as a supply of men suitable to the needs of Indian industries. The courses of studies are so organised that the student is not only well grounded in the scientific principles of his subject, but has also to apply them by his own manual labour on a practical scale.

Two courses of study, textile chemistry and chemical engineering, each extending over two years, have been organised. The course in textile chemistry is intended to prepare students to occupy responsible positions in a textile mill or in an industry connected therewith, while that in chemical engineering is designed to give the student a general knowledge of chemical engineering and its application in industrial chemistry, so that he may be able to play his part in the building up of the chemical industries of the country.

Students who pursue either of these courses satisfactorily and pass the prescribed examinations and in addition fulfil the specified conditions as to works practice are awarded the degree of B. Sc. (Tech.).

Admission—The minimum qualification for admission is a B. Sc. of the University of Bombay in the second class with chemistry as principal and physics as subsidiary subjects or other equivalent qualification. A maximum of 12 students are admitted to the course in textile chemistry and a maximum of 8 students to the course in chemical engineering every year. The seats are allotted strictly according to merit.

Applications for admission must be made on the prescribed form duly completed and forwarded together with the necessary deposit (Rs. 50) so as to reach the Head of the Department not later than the 6th of June in any year. Forms of application may be obtained on application to the Head of the Department.

Deposit Money—Each student is required to forward a sum of Rs. 50 with his application. This deposit will be returned when he has successfully completed the course, less any dues recoverable from him in respect of fines or loss or damage of any book or apparatus belonging to the Department. It will be forfeited if he fails to join the Department by the specified date or is dismissed for any cause. In the event of the student failing to obtain admission, the deposit will be returned.

Fees—The tuition fees for graduates of the Bombay University are Rs. 125 per term and for other students Rs. 200 per term.

Scholarships and Fellowships—Two scholarships, one for entrants to the course in textile chemistry and one for entrants to the course in chemical engineering, are awarded annually. These scholarships are tenable for one year and are awarded to the candidates entering the respective courses, who obtained the highest total of marks at the B. Sc. (Bom.) in that year. Two scholarships are also awarded annually on the results of the first year's work to the students who have obtained the highest number of marks in the courses in Textile Chemistry and Chemical Engineering respectively and who, in addition, have not failed in any of the Departmental Examinations.

Provision has also been made for a number of research fellowships which are available to students who have obtained the degree of B Sc. (Tech.) in either textile chemistry or chemical engineering and who signify their intention of working for a higher degree by research.

The following scholarships have been endowed:

The Byramji Ratanji Lentin Scholarship—(Rs. 388 per annum): Awarded to the candidate who passes the B. Sc. (Tech.) examination of the University with the highest total of marks in the branch of Textile Chemistry on condition that he continues his studies for the M. Sc. (Tech.) Examination.

The Amelia, wife of Dr. A. G. Viegas, Scholarship—(Rs. 166 per annum): Awarded to the candidate who passes the B. Sc. (Tech.) examination of the University

with the highest number of marks in Chemical Engineering and continues his studies for the M. Sc. (Tech.) examination.

The Chaturbhuj Jivandas Research Fellowship—(Rs. 1,500 per annum): Awarded to a candidate who has passed the M. Sc. (Tech.) examination of the University and who is carrying out research on an approved subject in the Department of Chemical Technology, tenable for one year in the first instance and renewable at the discretion of the Syndicate.

Facilities for Research—Facilities are also provided for students working for the higher degrees of M. Sc. (Tech.) and Ph. D. in the Faculty of Techonology. Other qualified students intending to carry out research work within the purview of the Department are also admitted if accommodation is available. The fees for the former are Rs. 30 per term, those for the latter being fixed in individual cases subject to a minimum of Rs. 30 per term.

The Department is is fully equipped for the conduct of research on all the common chemical industries. A research laboratory for the accommodation of eight students, an experimental dyeing laboratory, a dyehouse carrying a complete range of semi-scale plant for all processes from singeing to finishing and a very well-equipped optical laboratory are available, in which any problem in the chemical technology of textiles can be investigated. The technical chemistry and fuel laboratories provide facilities and accommodation for several workers in these subjects. The chemical engineering laboratories, containing unit plant of every type, offer opportunities for carrying out semi-scale work on non-dangerous chemicals and for the trying out of works processes. Special apparatus and small scale plant may be fabricated in the departmental workshop.

Arrangements have been made to supply mills and factories with copies of the research papers published by the Department.

Analytical work and technical investigations.—While the primary function of the Department is to impart advanced training and facilities for research in textile chemistry and chemical engineering to suitable candidates in order to equip them to occupy responsible positions in industry, it also acts as a central research and analytical laboratory for the benefit of the industries of the Presidency, and is endeavouring to co-operate with mills and factories in carrying out research on their behalf or investigating any technical problem that may arise in the course of their work. While routine chemical analyses of every kind are undertaken on behalf of industry in general, the Department functions in particular as a test house for the Millowners of Bombay and Ahmedabad, enabling them to obtain independent information on the dyes, chemicals and auxiliaries used in the textile industry.

Equipment.

Dyehouse.—The large scale textile processing machinery is erected on the ground floor which has been laid out in a bleach croft, dyehouse, printing and finishing room and an experimental dyeing laboratory. The machinery is capable of processing cloth up to 36" in width and hence students have the opportunity of handling textile materials under actual works conditions. The equipment consists of a two burner singeing machine, 100 lb. high pressure kier with external heater, rope washing machine, squeezing machine, chemicking and souring tanks with pump and spray, graphode electrolyser with direct current motor generator, high speed self balancing hydroextractor, scutcher, hank mercerising machine with automatic cooling arrangement, open soaper and developing range, stainless steel wince dyeing machine, tensionless jigger with staybrite beck, nickelin hank dyeing machine, 25 lb. Thies cheese dyeing machine, Franklin cheese dyeing machine, Obermaier stainless steel cheese and cop dyeing machine, Franklin cheese winding machine, laboratory jigger, laboratory padding mangle with stainless steel rollers and back, stainless steel dyebacks, laboratory circulating pressure kier, ½ gallon, 1 gallon, 2 gallon colour mixing pans, 10 gallon mixing pan with mechnical stirrer, 3-colour printing machine and drying range, mandril forcing machine, 2-colour laboratory printing machine, rapid ager, high pressure steaming cottage, starch mangle, nine cylinder drying machine 3-bowl universal calender, padding mangle, housed-in stenter, mist spray damping machine, plaiting machine, spray printing machine and table, Hurrel homogeniser, 2000 gallon Permutit water softener, hot air drying cupboard, piece-end sewing machine, 1-ton Morris truck, 2000 lbs. cloth testing machine, lea

tester, single thread tester, twist tester, ballistic testing machine, sample cutting machine and hank winding machine.

Experimental Dyeing Laboratory—This laboratory is adjacent to the dyehouse and contains the usual equipment for experimental dyeing and the examination of dyed fabrics and fibres. The dyebaths are arranged so that they may be heated by gas or steam under pressure. Special appliances such as an electrically heated drying cupboard, stainless steel wash wheel, squeezing machines, laboratory steaming cottage, hank winding machine, stiffness tester and Höppler viscometer with thermostatic control are also provided.

Technical Chemistry Laboratory—A commodious laboratory is equipped adequately for the study of dyes, dyestuff intermediates, textile auxiliaries, fixed oils and allied chemical products. Appliances are provided for reproducing works operations on a laboratory scale, and include a low tension motor generator for electrolytic work, stainless steel autoclaves for high pressure operations, copper vacuum stills and extraction apparatus, cast iron sulphonation pots, electrically heated oil hydrogenation apparatus and vacuum drying ovens.

Optics of Laboratory—A special laboratory is provided for giving instruction in the use of the microscope, colorimeter, polarimeter, refractometer, spectroscope and other optical instruments. Sufficient microscopes by Zesis, Reichert and Watson are provided for class instruction and special higher grade instruments are provided for advanced and research work. The principal items in the equipment include a Davidson "Super Microscope" and a Busch Metaphot for microphotographic work, Leitz three stage colorimeter, Lovibond B. D. H. pattern tintometer, C. P. A. carbon arc fading lamp, Quartz mercury vapour lamps, Weston and Osram photocells, Cambridge short period galvanometer, Cambridge valve pH meter, Bellingham and Stanley polarimeter, Zeiss Abbe and Pulfrich refractometers, Bellingham and Stanley glass and quartz spectrograph, Bellingham and Stanley visual photometer, Hilger E. 498 glass and quartz spectrograph and Spekker ultra-violet photometer. Special facilities are provided in this laboratory for research involving the use of high grade optical equipment, with particular reference to problems connected with industry.

Chemical Engineering Laboratory—The basic idea underlying a chemical engineering laboratory is related to the fact that all chemical manufacturing processes are made up of a series of unit operations such as crushing, pulverising, drying, mixing, heating, processing, evaporating, precipitating, filtering, distilling, and extracting. The equipment, therefore, is chosen so as to give the students facilities for studying these operations as carried out on a semi-commercial scale.

This section of the Department consists of three main laboratories, a grinding, mixing and general purposes room, a process room and a still room. The grinding equipment consists of a Chipmunk jaw crusher, high speed disintegrating mill, flatstone mill, ball mill, end runner mill, dry mixer, sigma kneading machine, 3-roller paint grinding mill, and a micro-twin paint grinder. The process room contains a series of plain and enamelled cast iron reaction vessels of from 5 to 10 gallons capacity. One of these is direct gas fired, two are heated by steam jackets, while the remaining vessel is provided with an oil bath. For filtration experiments there is a 12 chamber plate and frame wooden washing press and a small Sweetland filter. These presses are arranged so that they may be operated either by a weighted type sludge pump or by means of a montejus and compressed air. Other filtration plant is also available such as an Oliver rotary vacuum filter, Sharples super centrifuge, 10" stainless steel high speed basket centrifuge, streamline filter and meta filter. Among the remaining processing units may be mentioned a 5 gallon high pressure stainless steel autoclave, 7 gallon shallow type stainless steel evaporating pan, vacuum drying oven and a shelf drier.

In the still room all the heating is carried out by steam or electricity. The plant consists of a steam meter, horizontal type film evaporator capable of evaporating 200 lbs. water per hour, cast iron enamelled extraction plant operating on the Soxhlet principle and capable of dealing with 100 lbs. of material, and a vertical film evaporator for operation in vacuum. For the study of distillation processes a copper fractionating still is provided which can be operated at ordinary or reduced pressure. This plant is fitted with two interchangeable stills, one heated by steam and the other on the oil electric system, so that it may be used for the distillation of inflammable liquids of both low and high boiling points. A 5 gallon enamelled cast iron steam heated still is also available. These laboratories are also equipped with a vacuum

pump, air compressor, 5 K. V. A. step down transformer, electric furnace, Rotap sieve shaker, 1-ton platform balance, 500 lbs. platform balance, Denver concentration table, laboratory air separator, Andrew's elutriator, flotation apparatus, surface condensers, coil condensers, steam separators, pumps and air blowers, aluminium autoclave, wet gas meter, water meter, recording pyrometer, CO_2 recorder, electrical measuring instruments, metal polishing machine, and drying oven.

Fuel Laboratory—The Fuel Laboratory consists of a general laboratory for the study of fuel problems and a special furnace room. This laboratory contains the latest types of apparatus for the examination of solid, liquid and gaseous fuels. The students are also trained in pyrometry and in the testing of cements and refractories. The special equipment consists of Bone-Newitt and Orsat gas analysis apparatus, Baird and Tatlock and Griffin Sutton Bomb Calorimeters, Boy's gas calorimeter, Gray-King carbonisation assay apparatus, tar distillation apparatus, Redwood viscometer, Pensky-Martin and Abel-Pensky flash point apparatus, Fery's radiation and disappearing filament radiation pyrometers, bolometer, Collin's calcimeter, gas and electrically heated furnaces, and cement testing machines.

Workshop and Drawing Office—The Department possesses a well equipped workshop which serves the dual purpose of training students in the use of hand and machine tools and the fabrication of special apparatus. The equipment includes two modern screw cutting lathes, drilling and tapping machine, shaper, universal milling machine, power hack saw, shearing machine, grinder and forge. Benches are provided for wood and metal work. In the drawing office the students are instructed in the preparation of drawings from actual machine parts and in the making of tracings and blue prints. They are also instructed in the use of surveying instruments and in the preparation of survey drawings. The drawing office is provided with a set of engineering models.

Research Laboratory—In addition to the facilities available for research in the various laboratories, a small laboratory under the direction of the Head of the Department has been provided for research in Technical Chemistry with special reference to the chemistry of celluolose, dyes, textile auxiliaries and other organic products.

Library—The library contains most of the standard and recent text books in English and German on the various branches of chemical technology. Current literature is represented by nearly 75 journals. The back volumes of the more important of these journals are also available.

III. ELPHINSTONE COLLEGE, BOMBAY.

(AFFILIATED, 1860.)

In 1824 an English school was established by the Bombay Native Education Society. A meeting of the Society was held on the 22nd August 1827, to consider the most appropriate method of testifying the affectionate and respectful sentiments of the inhabitants of Bombay to the Honourable Mountstuart Elphinstone, on his resignation of the Government of Bombay. The result of this meeting was that a sum of money amounting to Rs. 2,29,656, was collected by public subscription, towards the endowment of Professorships for teaching the English language, and the Arts, Sciences, and Literature of Europe, to be denominated the Elphinstone Professorships. This sum afterwards accumulated to Rs. 4,43,901, and the interest of it is augmented by an annual subscription from Government.

In 1835 two Elphinstone Professors opened classes distinct from the school. In 1840 the Professors' classes were united with the Society's school to form the Elphinstone Native Education Institution. In 1845 the name was shortened to Elphinstone Institution. In 1856 the Institution was divided into the Elphinstone College and Elphinstone High School. In 1860 the College was recognised by the University of Bombay.

In 1863, Cowasji Jehangir Readymoney, Esq., Justice of the Peace, Bombay, presented Government with one hundred thousand Rupees, towards erecting suitable College Buildings for Elphinstone College, to be called the "Cowasji Jehangir Buildings".

In 1864, on account of the rise in the prices of building materials and labour, Mr. Cowasji Jehangir Readymoney added a second sum of one hundred thousand Rupees to his former munificent donation. Elphinstone College was removed on the 20th of February 1871 to the building on the Parel Road. In April 1888 the College was removed to the present building on the Esplanade Road near the Secretariat, and in May 1889 the plot of land on the south side of the building was assigned to the College for a recreation ground. In 1911 plots on the Oval and Kenndey Sea Face were substituted for this.

The property and endowments of Elphinstone College are under the guardianship of the Trusees of the Elphinstone Funds. The present Trustees are Mr. V. N. Chandavarkar, Sir S. S. Patkar, Mr. N. P. Engineer, and the Accountant-General.

The following endowments are connected with Elphinstone College:—

The Elphinstone Professorship Fund subscribed in 1827 by Sirdars, Rajas and others in honour of the Honourable Mounstuart Elphinstone, Governor of Bombay.

The West Scholarship Fund subscribed in 1828, in honour of Chief Justice Sir Edward West.

The Clare Scholarship Fund, subscribed in 1835, in honour of the Earl of Clare, Governor of Bombay.

The Gaikavad Scholarship Fund, established by His Highness the Gaikavad in 1850, producing two monthly Scholarships of Rs. 10

The Bell Prize Fund, subscribed in 1848, as a testimonial to Professor John Bell of the Elphinstone Institution and producing an annual prize of Rs. 60, awarded for an essay in Physical or Natural Science.

The Sundarji Jivaji Prize Fund, established in 1842 by Babaji Sundarji in memory of his father and producing an annual prize of Rs. 60, awarded for the best Sanskrit essay.

The Raja of Dhar Prize Fund, given by the Raja of Dhar in 1853 and producing an annual prize of Rs. 40, awarded to the student who stands first, in compulsory English in the Senior B. A. Class.

The Ganpatrao Vithal Kibe Prize Fund, given in 1854 by Ganpatrao Vithal Kibe of Indore and producing an annual prize of Rs. 60, awarded for the best essay in one of the regional languages on some subject in Chemistry or Natural Philosophy.

The Nawab of Sachin Prize Fund, given in April 1871 by His Highness the Nawab of Sachin in memory of his fourth son, Sidi Abdul Karim Khan, and producing an annual prize of Rs. 50, awarded for excellence in Mathematics in the B. A. or B. Sc. Class.

The Mountstuart Elphinstone Prize, founded in 1874. This prize consists of Rs. 250, and is annually awarded to the student who passes the First Year's Certificate Examination with the highest aggregate number of marks, and who is certified to be on the rolls of the College.

The Gokhale Prize, founded in 1885 by the students of Elphinstone College and others in memory of the late Mahadev Vishnu Gokhale. The prize consists of Rs. 30 (the interest of Rs. 1,000 in Government Securities), and is annually awarded to the student who passes the Intermediate Arts Examination with the highest aggregate number of marks.

The Surbhai Dayalji Desai of Poona Scholarship Fund, founded in 1887 by Rao Bahadur Gopalji Surbhai Desai in memory of his father. The interest produces a monthly scholarship of Rs. 10, tenable for four years, and awarded to the Anavla Brahman who passes highest in the Matriculation, or failing such, to a Kathiawari Student.

The Cama Prize, founded in 1902 in memory of the late Byramji Navroji Cama by his father and friends, consists of Rs. 50 and is annually awarded to the student of the Intermediate Class, Arts or Science, who gains the highest marks in a Mathematical examination held in the college.

The Gulabdas Bhaidas Vakil Queen-Empress Victoria Scholarship, founded in 1902 by Mr. G. B. Vakil of Surat, consists of about Rs. 100 and is annually awarded to the Anavla Brahman of the College who passes highest in the First Year's Certificate Examination with Sanskrit as his Classical Language and continues at the College, or failing such, to a Surat, Gujarathi, or other Brahman.

The Kanga Prize, founded in 1905 in memory of the late Byramji Bhikaji Kanga by his widow, consists of books of the value of about Rs. 30 and is annually awarded to the student of the Senior B.A. Class who gains the highest marks in an examination in English History held in the College.

The Rao Bahadur Sitaram Vishwanath Patwardhan Scholarship Fund, founded in 1907 by Rao Bahadur S. V. Patwardhan of Poona in grateful remembrance of benefits conferred on him by the Elphinstone College. The Fund produces one scholarship of the value of Rs. 15 per mensem awarded annually and tenable for two years to such poor but intelligent and deserving Chitpawan, Karada or Deshastha Brahman student in the B.A. Class of the Elphintone College, selected by the Principal, as has passed the Intermediate Examination in the second class at least.

The Saraswatibai Kunte Scholarship, founded in 1913 by Mr. Yeshwant Anna Kunte in memory of his mother. The Fund produces one monthly scholarship of Rs. 15 tenable for one year but renewable for a second, and awarded to the student of Elphinstone College belonging to the Deccan Brahman Community (such as Chitpawan, Karhada, Deshastha or Deorukha) who has passed the Intermediate Examination with highest marks in Sanskrit and continues to study Honours in Sanskrit at the College. Failing a Deccan Brahman the scholarship may be given to any vegetarian Brahman.

The Dastur Memorial Prize Fund, founded in 1913 to commemorate the services of Khan Bahadur F. M. Dastur, Professor of Mathematics from 1902 to 1913. The Prize produces an annual income of about Rs. 40 and is annually awarded to the student who passes the College Certificate Examination at the end of the first year with the highest marks in Mathematics.

The Isfahani Memorial Prize Fund, founded in 1917 in memory of the late S. M. Isfahani, Professor of Persian from 1st January 1906 to 13th May 1916, produces an annual prize of Rs. 50 awarded to the student of the Elphinstone College, who passes the Intermediate Examination with the highest number of marks in Persian and continues to study in an Arts College affiliated to the Bombay University.

Ramakant Keshav Padhye Prize founded in 1921 by Mr. K. A. Padhye, B.A., LL. B., in memory of his son Ramakant, student in the B.A. class of this college. The prize consists of books to the value of about Rs. 60 and is annually awarded to the student of the Elphinstone College who passes with honours the University B.A. Examination in History with the highest number of marks in History.

H. K. Mehta Prize Fund, founded in 1923 to commemorate the services of the late H. K. Mehta, Lecturer in Physics, on his retirement owing to loss of sight. The Fund provides an annual prize of about Rs. 25 for the student of the First Year Class who passes the First Year Certificate Examination with the highest marks in Physics.

Bai Mithibai Jehangir Mugaseth Prize Fund, founded in 1925 by Bai Homai Framji Karaka in memory of her mother and sister. The Fund consists of Rs. 3,000 and provides an annual prize of books of the value of Rs. 100 to the student who passes the B. A. Honours Examination with the highest percentage of marks in his Honours subject.

Justice Ranade Memorial Prize Fund, founded in 1925 by Mr. Narottam Morarji, office-bearer of the late Justice Ranade Memorial Fund. The fund consists of Rs. 4,000 and provides an annual Prize of Rs. 160 to the student of the B. A. class of this College who in the final University Honours Examination in History obtains the highest marks provided he obtains a first class. If no such student is forthcoming then to the student of Economics who in the opinion of the Common Room most deserves it.

Dr. Ghate Memorial Fund, founded in 1934 by Mr. A. B. Gajendragadkar, Secretary of the Dr. Ghate Memorial Fund, in memory of the late Dr. V. S. Ghate, Professor of Sanskrit at the Elphinstone and Deccan Colleges. The fund consists of

Rs. 3,500 and produces an annual income of Rs. 120, from which are awarded two prizes.

One of the prizes is of the value of Rs. 70 and is awarded every year to the student of Elphinstone College who obtains the highest number of marks in Sanskrit at the Intermediate Arts Examination of the Bombay University and continues to study for the B. A. degree with Honours in Sanskrit at the said College.

The other prize is of the value of Rs. 50 and is awarded every year to the lady student of Elphinstone College who obtains the highest number of marks in Sanskrit at the Intermediate Arts Examination of the Bombay University and continues to study for the B. A. degree with Honours in Sanskrit at the said College.

If in any year no lady student is eligible for the said prize of Rs. 50 the same is awarded to the male student who obtains the next highest number of marks in Sanskrit and satisfies in other respects the conditions attached to the award.

Mrs. Lavangika P. Mehta Prize Fund, founded in 1934 by Mrs. Sushila N. Divatia, wife of Mr. N. B. Divatia, Lecturer in Gujarati in Elphinstone College Bombay. The fund consists of Rs. 5,200 and provides an annual prize of Rs. 180, awarded annually to the student of the J. B. A. Class having Philosophy for his optional subject who at the two terminal examinations of the J. B. A. year obtains the highest aggregate number of marks in Compulsory English and Philosophy. The prize is paid in two instalments of Rs. 90 each during the two academic terms next following the academic year in which the prize was won, provided that the student continues his studies at the Elphinstone College with Philosophy as his optional subject.

The Yeshwant Kashinath Karnik Scholarship Fund, founded in 1911 at the Deccan College, and transferred to Elphinstone College on the abolition of the Deccan College in 1934. The fund consists of Rs. 5,000 and provides an annual scholarship of Rs. 175, awarded to the Chandraseniya Kayashta Prabhu student of any College who passes highest in the Previous Examination of the Bombay University, or who having completed the first year's course of the University is judged by the Principal, Elphinstone College, Bombay, to be best qualified to hold the scholarship and who joins the Elphinstone College, Bombay, for the second year of the course.

The Elphinstone, West and Clare Funds produce the following scholarships, each tenable for one year and annually open for competition in the College:—

A.—*Senior Scholarships.*

16 of Rs. 20 per mensem.

B.—*Junior Scholarships.*

1st Class	...	...	...	...	...	...	10 of Rs. 15 per mensem.

IV.—WILSON COLLEGE, BOMBAY.

(AFFILIATED, 1861).

This College is to be traced to an English School for Native Youths founded by the Rev. John Wilson in 1832, and originally dependent on local contributions. It was recognised by the Church of Scotland in 1835, and in 1843 its supporters completed the erection of the building in Kalbadevi known until recently as the General Assembly's Institution. But at this time the work passed under the control of the Free Church of Scotland. Consequently another building had to be procured. The School which was then designated the Free General Assembly's Institution was henceforth located in Khetwadi. In 1861 the higher section was affiliated with the University and the Institution was recognised as teaching the entire Arts course. Later it was recognised for the Science courses when these were instituted.

In 1882 the Rev. Dr. Mackichan being on furlough was authorized to raise subscriptions towards the erection of a new building for the College department which would be separately known as Wilson College. About £ 6,000 were subscribed in Scotland. Several Princes of Western India from respect for the memory of Dr. Wilson, gave substantial contributions. A site in Chaupati was liberally granted by Government. The building, including external laboratory, was erected at a cost of Rs. 1,81,000, of which Rs. 87,000 were granted by Government. The Foundation stone was laid by His Excellency Sir James Fergusson on 10th March 1885, and the new College was formally opened by His Excellency Lord Reay on 14th March, 1889. Classes commenced in the new building in June of that year. In 1908, by means of an Imperial

grant of Rs. 50,000 a third storey was added to the main building; and about the same time the Chemical Laboratory was enlarged.

In 1925 the main building was extended at a cost of about 2¼ lakhs of rupees, and toward the cost of this extension Government made a generous grant of over one lakh of Rupees. The extension was formally opened on the 17th February, 1925, by His Excellency Sir Leslie Wilson. In 1935 the College was further extended, and the Extension was opened on the 25th November, 1935, by His Excellency Lord Brabourne.

The College possesses three hostels for resident students. One, standing in the College grounds and known as "The Old Residency" has accommodation for 62 students; another, named "Mackichan Hall", and erected in 1912–13 at a cost of over Rs. 2,00,000 on a site immediately adjoining the College grounds, accommodates 97 students; and the third, "The Pandita Ramabai Hostel", has room for 20 women students.

The College is supported by funds annually contributed by the Church of Scotland, by fees and by a Government grant.

Endowed Prizes.

Vithal Narayan Pathak Prize (value Rs. 40).
Hormusji Pestonji Essay Prize (value Rs. 40).
William Graham Prize (value Rs. 20).
Millar Scripture Prizes (value Rs. 60 and Rs. 40.)
Joseph Wilson Dhanjibhai Prize (value Rs. 28).

VI.—GUJARAT COLLEGE, AHMEDABAD.

(AFFILIATED, 1879).

(With which is incorporated the Madhavlal Ranchhodlal Science Institute).

In 1856 Mr. T. C. Hope (afterwards Sir Theodore Hope), then Educational Inspector for the Northern Division, was instrumental in raising a sum of over Rs. 50,000 for the purpose of promoting higher education in Gujarat. In 1861 classes were started in Law, Literature, Logic, Mathematics and Drawing in the old High School Building, the institution being known as the Gujarat Provincial College. As the College was not affiliated to, or recognised by the University of Bombay, regular students for the Arts Examination would not attend it. The classes got so reduced in number that in 1872 Government closed the institution. A fresh effort was accordingly made in that year to raise additional funds, to resuscitate the College, and to improve on its past, and a sum of Rs. 28,000 was collected for the purpose. Government consented to revive the institution, and to make the necessary provision to teach up to the First Arts Examination, the present Intermediate. The University of Bombay recognised the College for this Examination in 1879.

In response to the public demand for a full-time Government Arts College in its own building a third effort to raise funds for this purpose was made in 1884-1885, when a sum of over Rs. 1,12,000 was subscribed, bringing the total capitalised funds of the College to a figure close on Rs. 2,00,000. Accordingly Government undertook the management of the College from 1884, withdrew the College classes from the High School to a separate building, and appointed a distinct staff. The University of Bombay also recognised the College up to the B. A. degree examination. From 1884 to 1887 the College was a Government institution. In 1887 the Government handed over charge of the College to the Society for the Promotion of Higher Education in Gujarat. The College was controlled by a Committee composed of Government officials, representatives of the Society, and the Municipality. On July 16, 1912, the Society for the Promotion of Higher Education in Gujarat dissolved itself and handed back the College to Government.

To assist Government to assume effective control of the College Sir Chinubhai Madhavlal, Bart., C. I. E., gave a handsome donation of Rs. 2,00,000 for the purpose. Sir Chinubhai also gave the magnificent sum of Rs. 6,00,000 for the expansion of the Science side of the old College, and the Madhavlal Ranchhodlal Science Institute was inaugurated in 1913 by His Excellency Lord Sydenham (then Sir George Clarke). Sir Chinubhai's benefactions were further increased by a gift of Rs. 1,50,000 for the provision of a separate Library building, named after Sir George Clarke, and a College Hall designated "The King-Emperor George V Hall."

VII.—RAJARAM COLLEGE, KOLHAPUR.

(AFFILIATED, 1880.)

The Rajaram College, which is maintained by the Kolhapur State, owes its origin partly to the growth and development of the Rajaram High School and partly to the desire of Government to make a suitable provision for the education of Chiefs and Sardars in the Southern Maratha Country. The British Government, having assumed the administration of the State in 1844, laid the foundation of English Education in 1851 by opening an English School in the town of Kolhapur. This in 1867 was raised to the status of a High School, called the Rajaram High School, after the lamented Rajaram Maharaja of Kolhapur, who while travelling in Europe died at Florence in 1870.

In 1880 the Government, on the recommendation of the then Political Agent, raised the School to an Arts College, which was subsequently recognized in the Faculty of Arts of the University of Bombay for the purposes of the Previous Examination, and in 1883 it was further recognized for the purposes of the First Examination for the Degree of B. A.

The College is provided with a substantial and ornamental building which cost the Kolhapur State nearly five lakhs of rupees. The foundation stone of the building was laid in 1869 by the late Rajaram Maharaj and it was completed in 1874.

For nearly seven academic years (from June 1919 to January 1926) the College was, under an agreement, managed by the Arya Pratinidhi, Sabha, U. P. The Kolhapur Darbar took back charge of the institution on the 22nd of January 1926 and has been managing its affairs since that date. The staff is in the service of the Kolhapur Government.

From June 1920, the College has been recognized for the teaching of B. A. pass courses, and from June 1922 affiliation was extended provisionally for three years to teach the B. A. Honours courses also. Further, with effect from 20th June 1925, permanent affiliation was granted to the College, making it a first grade Arts College, teaching up to the standard of the B. A. degree, for both Pass and Honours courses in English, Sanskrit, Persian, Mathematics, History & Economics, and Philosophy, and for the Pass course, in Marathi and Urdu.

To the B. A. Pass course were added Kannada Honours in 1926, Ardha-Magadhi Honours in 1930 and Marathi Honours. in 1933. German was introduced in the F. Y. Class in 1927 and in the I. A. Class in 1928.

The Inter Science class was opened in June 1927 and in 1930 the B. Sc. courses were started. Since 1934 the College has been affiliated for 75 students in Inter. Science Groups A and B, as well as for B. Sc. courses with Mathematics, Physics, Chemistry and Botany as principal and subsidiary subjects, and with Zoology as a subsidiary subject only.

Endowments.

In 1883 the Raja Saheb of Mudhol on leaving the College presented an endowment of Rs. 15,000 to be held in trust by the Political Agent, Southern Maratha Country, and the Raja Saheb of Mudhol for the time being; the interest of this sum to be applied towards the support of a "Ghorpade Lecturership" in honour of the Raja's Father. Mr. D. S. Pangu, M. A., is the Ghorpade Lecturer at present.

IX.—FERGUSSON COLLEGE, POONA.

(AFFILIATED, 1884).

The Fergusson College owes its origin to the development and growth of the New English School, Poona, founded in 1880 by the late Vishnu Krishna Chiplonkar and Messrs. B. G. Tilak, G. G. Agarkar and M. B. Namjoshi for the purpose of cheapening and facilitating education. Gradually several other gentlemen joined the staff of teachers with the object of devoting their lives to that work, and the body thus formed felt that they were in a posittion to take a higher step. Before doing so, however, they called a meeting of the sympathisers of private education on the 24th October 1884, and this meeting formed themselves into the "Deccan Education Society" for the purpose of carrying out the original objects of the promoters of the New English School. Soon after, the Council of the Society resolved to start a College under the name of the "Fergusson College" to mark their appreciation of the interest which His Excellency the Right Honourable Sir James Fergusson, Bart., Governor of Bombay, took in the cause of private education generally and in the growth and prosperity of their school in particular. On the Council's application, the College was recognised in the Faculty of Arts for the purposes of the Previous Examination on the 13th December 1884. Further developments took place afterwards and at present the College is recognised in the Faculties of Arts and Science.

The College is under the direct control and supervision of the Governing Body of the Deccan Education Society which consists of five non-life-member representatives of the Council and three representatives of Life-members. The permanent funds of the Society are under the control of the Council of the Society.

The buildings used for the College are as follows :—

(1) The Main College Buildings opened by Lord Sandhurst on the 27th March 1895 consisting of ten large sized rooms and a big Hall.

(2) The Wadia Amphitheatre (opened by Lord Sydenham in 1912) with its two Wings consisting of the large amphitheatre to accommodate an audience of about two thousand, two large sized class rooms and eight small sized lecture rooms. The trustees of the N. M. Wadia Charities contributed Rs. 25,000 for the Amphitheatre and the remaining cost of about Rs. 75,000 was met out of Imperial grant and public subscriptions.

(3) The Kashinath Waman Kane Chemical Laboratory built in 1904 to which a lecture Hall and two additional halls with a large cellar, for practical work have been added.

(4) The Physical Laboratory consisting of a demonstration hall, two large halls for practical work, a dark room, and several other rooms built out of the Imperial grant, and College funds.

(5) The Savai Tukoji Rao III Maharaja Holkar Biological Laboratory for which H. H. the Maharajah Holkar contributed Rs. 20,000 and which was opened by Lord Willingdon on 20th June 1916. A lecture hall and practical hall were added in 1935, at a cost of about Rs. 12,000, and two well lighted halls are also added in 1939 at a cost of about Rs. 18,000.

(6) The Sir Shapurji Broacha Students' Reading Room and Library built out of a donation of Rs. 10,000 from Sir S. B. Broacha and opened on the 20th of June 1916.

(7) The Sir Bhagwatsinghaji quarters for students opened along with the main building of the College on 27th March 1895, and named after the H. H. the Thakore-Saheb of Gondal.

(8) Another large Hostel opened in 1915 was built mainly by means of a debenture loan.

(9) Another hostel for 100 students built mainly by means of donations from Messrs. Tulsidas Tejpal and Madhavji Hariram of Bombay.

(9*a*) An additional hostel for 80 students belonging to communities backward in education opened in 1925 was built mainly by means of donations from the public and Rulers of Deccan States, and the Government grant.

(10) A Hostel for lady students accommodating about sixty lady students.

(11) Quarters for the Principal and eleven resident Professors on the College grounds.

(12) A botanical garden extending over about two acres and a half.

(13) The provision for the Athletic training of students consists of large cricket and football grounds, with a pavilion and gymnasium near by an extensive parade ground and eight tennis courts for men students, one for the staff and two for women students.

(14) Thanks to the munificent donation of Sir Ness Wadia and Sir C. N. Wadia, a fine building—the Bai Jerbai Wadia Library—has been constructed for the housing of the Library, with adequate shelving equipment. There is already a collection of over 45,000 books, and every year the College spends Rs. 5,500 in making additions

to the existing stock. The building has a spacious hall reserved for reading purposes which can accommodate 270 students at a time. The Library which is fitted up with electric light is kept open from early morning to ten in the night.

(15) A hospital with provision for four beds was built in 1930.

(16) A two storied building providing two large class rooms with verandahs on both sides was added in 1936 at a cost of about Rs. 20,000.

Scholarships & Prizes.

Scholarships of the total monthly value of about Rs. 700 are awarded every year. Of these, the following are endowed.

Endowed Scholarships.

N. B.—The amount of each scholarship depends upon the interest received from the Investment of the endowment and is subject to the conditions of the endowment. If sufficient interest is not received in any year the amount of the scholarship may be reduced.

The amount shown is the present interest for one year.

For F. Y. Class only.

Hari Keshav Dongre Scholarship (Rs. 300).

Donor: Mr. V. H. Dongre of Mahad (1925).

The scholarship is awarded to a poor deserving male student of the Chitpawan Konknastha community reading in a College of the D. E. Society in the F. Y. Class and is continued to him till the completion of his course provided he, in the opinion of the Principal, continues to deserve it. There devolves upon the recipient of the scholarship a moral responsibility of returning, without interest, the amount of the scholarship received, as soon as he can do so.

Iccharambhai Bhagwandas Scholarship (Rs. 180).

X.—SAMALDAS COLLEGE, BHAVNAGAR.

(AFFILIATED, 1885).

This College was founded by His Highness Sir Takhtasighji Jasvantsinghji, G. C. S. I., LL. D., the late Maharaja Saheb of Bhavnagar in memory of his late Diwan, Azam, Samaldas Parmananddas.

The foundation stone was laid on the 25th November 1884 by His Excellency Sir James Fergusson, Bart, and the lecture-hall was declared open by his successor, His Excellency the Right Honourable Lord Reay, on the 17th December 1886. The College classes were opened in January 1885, and the building was occupied in 1893. Owing to a great increase in numbers, His Highness Shree Krishnakumarsinghji the present Maharaja Saheb of Bhavnagar has given the College a new and commodious building in an open area outside the town. The building was occupied in 1932.

Within the easy reach of the College building, there is a hostel with kitchens attached; accommodation is provided for about one hundred and seventy students, and for a Hostel Superintendent and two Fellows in residence. The Principal and two other Professors also live on the premises.

The College is maintained by the Bhavnagar State, and is now under the supervision of the Diwan, Bhavnagar State.

XI.—DAYARAM JETHMAL SIND COLLEGE, KARACHI.

(AFFILIATED, 1887.)

In 1882 an influential body of Indian gentlemen of Karachi addressed a memorial to the Education Commission then sitting at Calcutta, urging the Commmission to recommend the foundation of an Arts College for the Province of Sind, and adding that they could guarantee a sum of at least Rs. 30,000 as the nucleus of an endowment fund. Two years afterwards the writers of the memorial, together with other gentlemen, formed themselves into a Committee which extensively canvassed all parts of the Province for support, pecuniary and otherwise, to the project, and then dissolved in favour of a new body, the Sind College Association, of which the Honourable Mr. Dayaram Jethmal was appointed President; the Association was registered under Bombay Act XXI of 1860. Before the close of the year 1886–87, the Committee was able to announce that the College Endowment Fund exceeded one hundred thousand rupees, and that a sum of Rs. 27,550 had been promised towards the annual income of the College, to which sum Government had agreed to contribute Rs. 10,000, the Sind Municipalities Rs. 10,850, and the Sind District Local Boards Rs. 6,700. Of the Endowment Fund a sum of Rs. 1,19,700 had been invested, and the interest made available for the annual maintenance of the College.

The support thus liberally accorded by all classes was considered sufficient to justify the Association in arranging for the opening of the Sind Arts College in temporary premises in Karachi early in 1887, and the preliminary arrangements being completed, the College was accordingly opened by His Excellency Lord Reay, the Governor of Bombay, on the 17th January 1887. The College was at first recognised up to the 1st B. A. Examination only, but has since been recognised for the purpose of the M. A. and Second B. Sc. Examinations, the recognition extending from the beginning of the first term of the year 1887–88.

Till 1924-25 there used to be an Engineering Branch attached to the College, the full course of instruction in Civil and Mechanical Engineering extending over three years; the proficiency of the students was tested annually by examinations conducted by the P. W. D. This Branch is now attached to the Nadirshaw Edulji Dinshaw Engineering College.

The management and the control of the College are vested absolutely in the College Board, which forms the governing body of the Sind College Association, and consists of representatives of Government, of the Association, and of the contributing Municipalities and District Local Boards. The Revenue Commissioner in Sind is the *ex-officio* President, the Vice-President is elected by the elected members of the Board.

This College, which was first named the Sind Arts College, was afterwards renamed the "Dayaram Jethmal Sind College", after the late Honourable Mr. Dayaram Jethmal in whose memory a fund was raised by his friends and admirers in this Province. This sum, having been supplemented by a handsome donation from Messrs. Dowlatram Jethmal and Bulchand Dayaram, relatives of the deceased, was made over to the College Board.

The Hostel attached to the College, named the "Metharam Hostel" after the late Diwan Metharam Gidhumal Shahani of Hyderabad, at present accommodates 145 students and consists a swimming bath, named the "Fatechand Atmaram Swimming Bath," after the late Seth Fatechand Atmaram of Karachi.

Scholarships and Prizes.

Eight Sind scholarships of Rs. 10 per mensem are tenable at the College by students of various degrees of seniority, and two scholarships of Rs. 15 per mensem are tenable by ex-students of the College wishing to study Medicine at the Grant Medical College, Bombay. Special reservations are made in favour of the Mahomedans and other backward classes.

Four special scholarships, one for each class (F. A., Intermediate Arts, Junior B. A., Senior B. A.), of the value of Rs. 20 per mensem, established in the College for *lady students*, are awarded to lady-students who have obtained the highest marks at the preceding annual examinations held or recognized by the University of Bombay and are tenable on condition of regular attendance, diligence, satisfactory progress and good behaviour.

The Macleod Scholarship, which was established in 1854 in memory of the late John Macleod, Deputy Collector of Customs at Karachi, is of the annual value of Rs. 140, being the interest of Rs. 4,000 forming the Macleod Scholarship Fund. It is tenable for one year at the College by the Native Sindhi student of the Narayan Jagannath High School, Karachi, who shall have passed with the highest number of marks the Matriculation Examination of the University of Bombay held in the preceding year.

XII.—BAHAUDDIN COLLEGE, JUNAGADH.

(AFFILIATED, 1901).

His Highness Sir Rasul Khanji, G.C.S.I., late Nawab Saheb of Junagadh State, made a grant of 2 lacs of rupees for the establishment of an Arts College at Junagadh and undertook to maintain the institution.

A very large and imposing building was constructed for this purpose at a cost of rupees 2,50,000 which includes a very large sum contributed by late Vazir Shaikh Bahauddin Bhai Hashim Bhai, C.I.E. in addition to contributions of Rs. 60,000 from the friends and admirers of the late Vazir with the intention of perpetuating the Vazir's name.

The Foundation Stone of the Building was laid by Colonel J. M. Hunter, C.S.I., Political Agent, Kathiawar, on the 25th, March 1897. His Excellency Lord Curzon and Governor General of India, formally opened the Building on the 3rd November 1900. In 1901 the College was affiliated to the Bombay University and was recognised for all the courses in Arts. The College was further affiliated for courses leading upto I. Sc., groups A & B in 1937.

Situation and locality.

Junagadh is the capital town of the Junagadh State which lies in the southwest position of the Kathiawar Peninsula. The town is situated on the slope of the famous Girnar Hills at a distance of three miles from th mountain. The College itself is situated at a distance, of about half a mile from the town and has an extensive compound. The College Building is one of the biggest Buildings in Kathiawar and the Central Library Hall which is without any pillars is one of the finest specimen of Engineering skill.

The Hostels consist of four blocks and provide accommodation for 150 students. These Hostel blocks have been built on the open space outside the city walls, within easy reach of the College Building.

There are four residential quarters for Professors within the Hostel compound, out of which two are provided free for the Superintendent and the Assistant Superintendent. The Principal's Bungalow is practically within the College Compound. All Muslim students who are residents of Kathiawar are exempted from Hostel rent. The rent for other students is Rs. 11 per term, including Rs. 4 as charges for electric lights.

Scholarships.

The following Scholarships are awarded to the students of this College.

1. One Fellowship of Rs. 40 p. m. tenable for 2 years is open to distinguished Honours graduates of the College.

2. 15 Competitive Scholarships of the aggregate value of Rs. 110 per month are awarded by the State.

3. 20 Scholarships of Rs. 12 p. m. are awarded to the Muslim students of Kathiawar.

4. 18 Scholarships of Rs. 20 per term are granted to the Muslim students from the Food Allowance Fund and His Highness the Nawab Sahib's Ramzan Charity Fund.

5. Nearly 100 Scholarships upto the maximum of Rs. 40 per term are granted to the Muslim students of the College by the Scholarship Committee of Junagadh.

6. "Mohammad Din Scholarships" of the aggregate value of Rs. 600 per year are granted to the Muslim students by an eminent philanthropic Muslim merchant Mian Mohamaddin of Bombay.

XIII.—SIR PARASHURAMBHAU COLLEGE, POONA.

(AFFILIATED, 1916).

The origin of the Sir Parashurambhau College, can be traced to a very modest Vernacular School—Nutan Marathi Vidyalaya—founded by a few enthusiastic Vernacular trained teachers. These teachers started the Nutan Marathi Vidyalaya on 1st January 1883 to commemorate the memory of the late Mr. Vishnushastri Chiplunkar by spreading and facilitating intellectual, moral, physical and scientific education through the medium of Marathi. They formed themselves into a Society—The Marathi Shikshan Prasarak Mandali –in March 1888, (later on in 1918, the name was changed to 'The Shikshan Prasarak Mandali') and the management of the School was handed over to it. The late Dr. Sir Ramkrishna Gopal Bhandarkar was the President of the Managing Council of the Mandali since its foundation till his death in August 1925. Diwan Bahadur K. R. Godbole was the Chairman of the Managing Council from 1925 and after his death in June 1937, Mr. N. C. Kelkar has been the Chairman of the Managing Council. In course of time, the Marathi School developed into a High School—Nutan Marathi Vidyalaya High School.

As a further stage in the development, the New Poona College was started in June 1916 as Second Grade Arts College in the Mandali's New Buildings in the City. With the addition of B. A. classes in 1918, the College became a full-grade Arts College to

which permanent affiliation was granted by the University in 1921. In 1926 the College was removed to the new permanent building outside the city on the Baba Maharaj grounds. On the completion of the building in 1927, Inter. Science Course in A group was started in the College, to which the B. Sc. and B. A. (Physics and Chemistry) Classes and the Inter. Science B group were added in 1928. Permanent affiliation to all these Science Classes was granted by the University in 1930.

The College is under the management of the Mandali's Council which consists of 9 non-Life members elected from amongst the Patrons, Benefactors, and Fellows of the Mandali and 5 Life-members elected by the Mandali's Board of Life-members. The permanent funds of the Mandali are under the direct control of the Council of the Mandali.

The Chief Saheb of Jamkhandi, Shrimant Appasaheb Patwardhan, who takes a very keen and personal interest in the institutions and activities of the Mandali, has been the President of the Mandali since February 1927.

In June 1928 the Chief Saheb of Jamkhandi, to perpetuate the memory of his beloved father, Sir Parashurambhau Patwardhan, offered to give to the Mandali a sum of two lacs of rupees, and the Mandali in return agreed to change the name of the College to "Sir Parashurambhau College."

XIV.—KARNATAK COLLEGE, DHARWAR.

(AFFILIATED, 1917).

The question of founding an Arts College for the Karnatak had been several times brought to the notice of Government, but the first formal reference was made to the subject in 1902 by Mr. E. Giles, Director of Public Instruction. The matter was again put forward by the Dharwar Municipality in 1904 in an address to Lord Lamington, and finally, was brought up in the Legislative Council in September 1912 by the Honourable Rao Bahadur S. K. Rodda. The Council passed a resolution "That the Governor in Council may be pleased to consider the establishment of an Arts College in Dharwar." The Governor in Council then invited the opinion of the University Senate, which body passed unanimously resolutions in favour of the scheme in August 1915. In view of the financial situation it was considered impossible to proceed with the original plan at the time; however the agitation for an Arts College in the Southern Division became increasingly insistent, and Government agreed to assist the project provided that a sufficient sum was collected to create the presumption that there was an effective demand. A sum of one lakh was thereupon collected from the non-Lingayat population by Rao Bahadur S. K. Rodda on behalf of the Karnatak College Association, and an equal sum was subscribed by Rao Bahadur R. C. Artal, I. S. O., on behalf of the Lingayat Community.

Government then proceeded to organize, as a temporary measure, a second grade College for 200 students. The staff was to consist of a Principal, 4 Lecturers and a Demonstrator. It was to be located in a block of the Training College for Men, Dharwar.

The proposed College was inspected by a Committee appointed by the Senate, and on the recommendation of this Committee was provisionally sanctioned for three years by a resolution passed at a Senate meeting held on 15th June 1917.

On June 25th, 1917, in the absence of His Excellency Lord Willingdon, the Honourable Sir Mahadev B. Chaubal, at a meeting in the College Hall which was

attended by the Commissioner, S. D., the Collector of Dharwar and many well-wishers of the institution, declared the College open.

On July 29th, 1919, the foundation-stone of the new buildings was laid by His Excellency Sir G. A Lloyd, G. C. I. E., D. S. O., Governor of Bombay.

It was subsequently decided to buy the Central Offices of the M. and S. M. Railway and to convert them into a First Grade College. The work was begun in January 1920 and finished in the following June. The work was inspected by a committee appointed by the University on 14th April 1920, and the Senate sanctioned the opening of the College as a First Grade College at a meeting held on 14th June 1920.

The new buildings were formally opened by His Excellency Sir G. A. Lloyd, Governor of Bombay, on 15th July 1920, in the presence of the Commissioner, S. D., Collector of Dharwar and a distinguished audience.

Subsequently the College was affiliated for the teaching of Intermediate Science and the Dharwar Recruiting Fund Committee made a generous donation of Rs. 34,000 towards the initial expenses of equipping suitable laboratories. On 29th June 1925, the Honourable Mr. B. V. Jadhav, Minister of Education, formally declared the New Science Institute open.

In 1933, owing to the need felt in the Karnatak for further facilities for the study of Science, Government decided to make provision for teaching the full B. Sc. Courses in Chemistry and Biology. The approval of the University was obtained and further laboratory accommodation, lecture rooms, a new lecture theatre etc., were added, to the Science Institute. The classes were formally declared open by the Honourable Divan Bahadur S. T. Kambli, Minister of Education in September 1934.

A large new building for Biology has since been added and it was formally opened by the Hon'ble Minister Mr. B. G. Kher, Prime Minister in December 1938.

The introduction of Physics and Botany as Principal subjects is now under consideration of Government.

The College contains 5 class rooms capable of holding 150 students each, a large Lecture Theatre, a spacious Examination Hall and an extensive Library. There is a separate Science Institute with well-equipped Laboratories. Hostel accommodation for 250 students is provided and the Principal and several of the Professors have bungalows on the premises. There is also a Students' Institute, the Recreation Room, a large playing field and several tennis courts. The College has a detachment of the U. T. C., consisting of 2 platoons.

At present the College is sanctioned to hold the following numbers:—

XV.—MAGANLAL THAKORDAS BALMUKUNDDAS COLLEGE, SURAT.

(AFFILIATED, 1918.)

The Maganlal Thakordas Balmukunddas College, Surat, can be said to owe its origin to the growth and development of a private Anglo-Vernacular School, started in 1888, with the object of imparting sound education as cheaply as possible. This School, when started, was a proprietary concern, known as "The English School, Surat." It was subsequently known as the "Sarvajanik High School, Surat." With a view to place this institution on a permanent and sound footing and with a view to spread education of all sorts in the Surat District "The Sarvajanik Education Society" was started in 1912 and registered under Act XXI of 1860. The School with its funds and properties was transferred by its then proprietor, the late Mr. C. G. Shah, to the Society. Later on, in 1915 the Society took up the question of starting a second grade Arts College, as need for such an institution in Surat was keenly felt owing to a large number of boys being refused admission to the then existing colleges for want of accommodation. An appeal for funds was made to the public and the Society was in a position to apply early in 1917 to the University of Bombay for the affiliation of the college. The Senate recommended the affiliation of the college, for a period of 5 years in the first instance, for the purpose of the First Year Arts Course and the Intermediate Examination in Arts, and the Government were pleased to sanction the same by their Notification No. 481, dated 18th February 1918.

The College was declared open before an influential and enlightened gathering of the citizens of Surat on 19th June 1918 by the Honourable Sir Chimanlal Harilal Setalvad, Kt, B. A., LL. D., Vice-Chancellor of the University of Bombay. The College was provisionally affiliated to the University of Bombay as a First Grade College in Arts by Government Notification No. 2929, dated 14th July 1920. It was permanently affiliated to the University of Bombay as a First Grade College in Arts by Government Notification No. 2055, dated 21st September 1926. The College was provided with a spacious building of its own, erected at a cost of about Rs. 1,55,000, which was declared open by His Excellency Sir George Lloyd, the Governor of Bombay, on 2nd September 1920. In June 1927 the College also opened the Inter. Science Classes and the affiliation of the College in Inter. Science, which was given provisionally for a period of three years in the first instance, was made permanent by Government Notification, Educational Department, No. 2055, dated 25th July 1930.

The College is recognised for the following courses in Arts and Science :—

In Arts:

For F. Y. and Inter. Arts, and for the B.A. Examination in :—

Mathematics	

The College also provides instruction to M. A. Students in English, Sanskrit, Gujarati, Persian, History, Economics and Mathematics, and M. Sc. students in Mathematics, Chemistry & Physics.

The College also provides instruction for the Diploma in Teaching.

The College is under the direct control and supervision of the Executive Committee of the Society, which consists of Patrons, Vice-Patrons, Fellows and Life-Members, who have contributed minimum amounts of Rs. 1,000, Rs. 500, Rs. 250 and Rs. 100 respectively to the funds of the Society, and Volunteers who join the Society with the object of devoting their lives to the cause of education and working in the Institutions of the Society.

This College, at first called the Sarvajanik College, Surat, is now named "The Maganlal Thakordas Balmukunddas College, Surat," in recognition of the munificent donation of Rs. 2,00,000 made by Mr. Maganlal Thakordas Modi, L. C. E., C. I. E.

To increase the utility of the college and to remove the inconvenience and hardship of students studying in the Intermediate Science Class, who had to go to other colleges for their B.Sc., the Managing Committee of the Sarvajanik Education Society resolved to reopen the Intermediate Science Group B (with Biology) class, closed in 1929, and open the B. Sc. degree classes in Physics, Chemistry and Mathematics (both Principal and Subsidiary) from June, 1935. An application was made to the University in due course to extend the affiliation of this college and on the recommendation of the Senate of the University of Bombay, the Government sanctioned the extension of affiliation under Government Notification Education Department No. 2055, dated 10th September 1935. The extension of affiliation mentioned above was made permanent under Government Notification E. D. No. 2055, dated 31st May, 1938.

A spacious building has been built at a cost of about rupees three lakhs to accommodate the classes and laboratories in various science subjects. The building was formally declared open by His Excellency Lord Brabourne, the Governor of Bombay, on 19th December, 1935.

The College Library has been housed in "Lady Kikabhai Premchand Library" Building with a reading accommodation for 162 Students. This building was built from a donation of Rs. 61,000 made by Sir Kikabhai Premchand, Kt., and declared open by H. E. Sir Roger Lumley, the Governor of Bombay, on 12-12-1938.

The permanent funds of the Society, which amount to more than Rs. Twenty Lakhs at present, are managed by the Managing Committee of the Society. They include an endowment fund of Rs. 1,00,000 from the Tapidas and Tulsidas Varajdas Trust Fund for giving free-studentships to deserving Hindu students, a donation of Rs. 30,000 from Mr. T. N. Malvi and another of Rs. 2,00,000 from Mr. Maganlal Thakordas Modi. A large portion of the permanent funds has been spent on the erection of buildings for the Society's institutions and for purchase of sites. These buildings are the Sarvajanik High School Building, Sarvajanik Middle School Building, Bharatia Building, Chhotalal Harinarayan Vyas Building, Malvi Laboratory, Kalyandas Nanabhai Hostel, Ganpatram Ambalal Gymnasium, Maganlal Thakordas Balmukunddas College Building, the M. T. B. College Science Institute Building, Lady Kikabhai Premchand Library Building, the Principal's quarters and quarters for two Professors, quarters for the Superintendents of the School and College Hostels, and the College Hostels. A spacious site of about 25 acres in area has been purchased at a cost of about Rs. 33,000 for the college. The College building is built there, as also Hostel blocks, accommodating 252 students mostly in single rooms, and quarters for the Principal and three Professors. A large plot has also been purchased at a cost of about Rs. 20,000 and the building for the Sarvajanik Middle School built thereon. The Society now conducts the (1) M. T. B. College, (2) Sarvajanik Law College, (3) T. & T. V. Sarvajanik High School, (4) T. & T. V. Sarvajanik Middle School in Surat, (5) Anglo-Gujarati School at Deehen in the Surat District, (6) Drawing and Design Class, Surat, (7) Sarvajanik High School for Girls, Surat, and (8) Sarvajanik Industrial School, Surat. It has also under its direct control and management the N. G. Jhaveri Jain High School in Gopipura, the Sarvajanik High School in Haripura, Surat, and an Anglo-Gujarati School at Katargam.

(*iv*) That they are eligible under conditions hereinafter prescribed.

(*a*) The Scholarships shall be tenable for one year and shall be paid in two instalments of Rs. 48 each.

(*b*) (*i*) One of the scholarships shall be awarded to a qualified student studying for the First Year Arts Examination and the other to a qualified student studying for the Intermediate Examination. In the absence of any qualified student in the F. Y. Class, both scholarships shall be awarded to qualified students in the Intermediate Class, and *vice versa.*

(*ii*) If there is only one student eligible under provision of sub-clause (*i*) of this clause, the remaining scholarship shall be awarded to a qualified student of the Junior B. A. Class; and if there is no qualified student eligible under (*b*) (*i*) one scholarship shall be awarded to a qualified student in the J. B. A. Class and one in the S. B. A. Class. If there is no qualified student in the Junior B. A. Class, the scholarship shall be awarded to a qualified student of the Senior B. A. Class and *vice versa*.

(*iii*) In the event of there being no such student, no award shall be made.

(*c*) In the event of there being more than one qualified student applying for the same scholarship, preference shall be given :—

(*i*) to a qualified student from the town of Bardoli ; in the absence of such, to a qualified student from the Palwada Division ; in the absence of such, to a qualified student from any other place in the Surat District.

Note:—The Palwada Division shall be deemed to include the following towns from the Surat and Navsari Districts :—

Bardoli, Valod, Kadod, Sarbhon, Vyara, Mandvi, Palsana, Balesar, Mahuva, Bansda and Dharampore.

(*ii*) subject to the provisions of sub-clause (*i*) of this clause, to a student who passes the qualifying test for the examination, for which he is studying with the highest number of marks.

(d) A student who has failed to pass either a University or a College annual examination shall not be eligible, for a scholarship when he is studying for the same examination.

(*e*) *No student shall hold more than one of these scholarships;*

(*f*) Save as provided in these conditions, the general rules of the College in force for the time shall govern the award of these scholarships.

The scholarships shall be subject to conditions of good behaviour and satisfactory progress.

In the event of the scholarship not being awarded or there being any surplus accumulated from the income of the fund from any cause whatsoever, the amount shall be added to the fund and shall be utilised at the discretion of the Administrator either in augmenting the value of the said scholarships or towards the foundation of new scholarships.

The Trust shall operate in favour of any other institution by which the M. T. B. College, Surat, may with the approval of the Governor in Council be replaced and for such other purposes of a like nature in the furtherance of the intent specified as shall at any time seem proper to the Governor in Council and investment, management, and the dispensation of the Fund shall be at the discretion of the Government.

(33) *Sheth Ahmedbhai Rahimtullah Scholarship.*

(33) Mr. M. A. Patheria has given Rs. 2,500 for using the interest thereof to found a scholarship of Rs. 10 per month, to be named "Sheth Ahmedbhai Rahimtullah Scholarship", to be given to a Dawoodi Bohra student of F. Y. A. Class of this College who has passed the Matriculation Examination with Arabic, and to be continued in the Intermediate Arts Class, if he passes the F. Y. A. Examination. In the absence of any such student, the Scholarship may be awarded to any other Dawoodi Bohra student in the F. Y. Class.

Should there be more than one student of the said community, satisfying the above condition, preference is to be given to the poorest. The award and enjoyment of the said scholarship shall be subject to the general rules for the award of scholar-

ships, at the M. T. B. College. Should there be no Dawoodi Bohra student in the F. Y. A. Class the scholarship shall be given to such a student in the I. A. Class; failing such, the proceeds shall be added to the Society's General Fund.

Students getting University Scholarships shall not be eligible for this scholarship in addition for the same period.

(34) *Bai Jadavbai Maganlal Modi Scholarship.*

(34) *(i)* (*a*) A scholarship of Rs. 10 per mensem to be called "Bai Jadavbai Maganlal Modi Scholarship" shall, in the first instance, be given to a lady student of the Gujarati Hindu community in the First Year Class of the Sarvajanik (M. T. B.) College, Surat, who has passed the Matriculation Examination (or such other Examination as may hereafter, be substituted in lieu thereof for entrance into an Arts College) with the highest number of marks.

(*b*) If more than one such student are bracketed together at the said examination, the poorest amongst them shall be given preference.

(c) The Scholarship shall not be granted or continued to any lady student who suffers a failure in the said First Year Examination.

(ii) In the absence of any lady student attending the said College or in the event of the scholarship not being awarded to or continued to any such student, by reason of the condition in clause (*c*) above, such scholarship shall be awarded to any male Gujarati Bania student: who has stood highest amongst the Gujarati Bania successful students at the said Matriculation or any entrance Examination as mentioned above provided that if he becomes eligible for one such scholarship, he shall not be entitled to receive more than one such scholarship at a time; and if this scholarship is not awarded to such Gujarati Bania student owing to the aforesaid condition, the same shall be awarded to the next, eligible Gujarati Bania student. The clause *(c)* above shall apply to this case also.

(iii) In the absence of any Gujarati Bania student eligible for the scholarship in the college, it shall be awarded to a student of any other Gujarati Hindu community and all the provisoes in clauses *(i)* and *(ii)* above shall apply *mutatis mutandis* to such an award.

(iv) The provisions mentioned in clauses *(ii)* and *(iii)* above shall be subject to the condition that if any student eligible for this scholarship, gets any other scholarship or scholarships, he shall not be entitled to this scholarship, which shall in that event be awarded to the next eligible student under the said provisoes. If any student gets any University scholarship, he shall not, by reason thereof, be disqualified from being eligible for this scholarship.

(35) *Gulabrai Durgaram Dave Scholarship.*

(35) A monthly scholarship of Rs. 6, to be called the "Gulabrai Durgaram Dave Scholarship", shall be awarded to a student of the Vadnagra (Vaidik) Nagar Brahmin caste, who has secured the highest number of marks at the Matriculation Examination and joins this College in the F. Y. A. Class.

In case there be no such student in the F. Y. A. Class in any year, the scholarship shall be awarded to a student of the said caste, who has passed the F. Y. A. Examination with the highest number of marks and continues his study in this College in the Intermediate Class. In the absence of any such, the scholarship shall be awarded to a student of the said community who has passed the I. A. Examination with the highest number of marks amongst such student studying in the B. A. Class.

If in any year there be no such student of the said community in the College, the scholarship shall be awarded to a Brahmin student passing the Matriculation Examination with the highest number of marks amongst the Brahmin students studying in the F. Y. A. Class.

(36) (37) *Jagannath Harilal Scholarship.*

(36), (37) Sheth Jagannath Harilal contributed Rs. 7,000 in 4 per cent. Bombay Port Trust Bonds to found two scholarships of Rs. 10 each in his own name to be awarded to students of Modh Bania Community of Gajarat (excluding Kathiawar) passing the Matriculation Examination with the highest number of marks. If there be no two such Modh Banias in the F. Y. A. Class, they may be given to such students studying in the I. A. Class and if there be no such students in the I. A. Class, they may be given to such students studying in the Junior or Senior B. A. Class, preference being given to those studying in the lower class.

If there be no Modh Bania students studying in the College, the scholarships may be given to any Bania students studying in the F. Y. A., I. A., or B. A. Class, preference being given to those studying in the lower class. Scholarships given to non-Modh Bania students will continue only so long as there are no students of the Modh Bania community.

Should a student of the Modh Bania community fail at the Terminal or the Annual examination of the College, or the University, his scholarship should be discontinued and be given to another Modh Bania student who passes the examination. But, if, in consequence of the failure of a Modh Bania student, the scholarship has to be awarded to a non-Modh Bania student, the scholarship will be continued to the student who has failed, provided the college authorities are satisfied that there were extenuating circumstances in his favour for his failure.

The surplus of Rs. 26, remaining after deducting 5 per cent. for the Society's General Fund, should be utilized *towards giving books to any poor student*, preference being always given to Modh Bania students. When the Trust Bonds are redeemed, the Managing Committee of the Sarvajanik Education Society will invest the proceeds in such Trust securities as they think proper, and increase or reduce the value of the scholarships as circumstances may require.

(38), (39), (40), (41) *Gulabbhai Kanthadji Desai Anavil Scholarships.*

(38), (39), (40, (41) Mr. Gulabbhai Kanthadji Desai contributed Rs. 10,000 in 6 per cent. Bonds to found four scholarships to be named "Gulabbhai Kanthadji Desai Anavil Scholarships." Out of the four scholarships two scholarships of Rs. 10 each are to be given to students of the F. Y. A. and I. A. Classes and two more of Rs. 12 and Rs. 11 each are to be given to students of the Senior and Junior B. A. Classes respectively. These scholarships are to be given to the students of the Anavil Brahmin community studying on the Arts side. If there be no such student on the Arts side the scholarships may be awarded to Anavil Brahmin students studying the Science courses.

If in any year there be no candidate for any one or more of these scholarships, the amount so left as surplus should be kept in reserve and utilized in giving free studentships to poor Anavil students of College, who may not be able to secure the scholarships and yet may be in need of help in any subsequent year.

A student holding one of these scholarships will discontinue to hold it, if he fails at any College or University Examination; but it may be continued, provided it is found to the satisfaction of the authorities concerned that the failure was due to causes beyond the control of the student and provided there is no other candidate of better merits to claim the same.

When the securities are paid up on the expiry of their term, the Society shall have power to select, from time to time, any investment held good under the Trust Act, and if, in doing so, the income be not sufficient to pay all the scholarships as mentioned above a ratable reduction shall be made in the values of these scholarships by the Society.

(42) *Chhaganlal Ghelabhai Mehta Scholarship.*

(42) Mr. Chhaganlal Ghelabhai Mehta has given Rs. 2,500 in 5 per cent. Government Securities to the Treasurer, Charitable Endowments, Bombay Presidency, to be named "The Mehta Chhaganlal Ghelabhai Endowment Fund."

(1) The income accruing therefrom shall be administered by the Managing Committee for the time being of this College.

(2) (*a*) The income accruing from this Fund shall be utilised in awarding a Scholarship of Rs. 10 per month to a poor and deserving student of the M. T. B. College, Surat, of "Harsola Bania" caste; and failing such, to any student of "Harsola Brahmin" caste of this College; failing such, to any student of Bania or Brahmin caste.

(*b*) In awarding this scholarship preference shall be given to such students of highest classes.

(*c*) To be eligible for this scholarship, the student must take up Sanskrit as his Second Language.

(3) The help given under the above condition (2) shall be subject to the condition of good conduct, regular attendance and satisfactory progress and shall also be subject to such other similar conditions as the administrators of the income of the Fund for the time being may determine.

(4) If there be any sum or any surplus amount left unspent out of the income in any year, such amount shall be used in succeeding years for the same purposes, according to the discretion of the administrators of the income of the Fund for the time being.

(5) The administrators of the income of the Fund for the time being shall at the end of every year supply to the donor or to his eldest son after his life time or to any other person nominated by such eldest son or to such nominees in succession, a memorandum showing how this income was administered.

(6) The decision of the administrators of the income of the Fund for the time being on all points regarding its administration shall be final.

(7) The Trust shall operate in favour of such students of any other similar highest Educational Institution in Surat, in case the M. T. B. College ceases to exist, with the approval of the Government of Bombay and in furtherance of the intent specified in clauses (2) & (3) *supra*, as shall at any time seem proper to the Government of Bombay.

(8) The investment, management and dispensation of this Fund shall be, at the discretion of Government, subject to the above clauses.

(43) *Mrs. Prasannavidyagavri Chandravidyanand Pandia Scholarship.*

(43) R. B. C. S. Pandia has given Rs. 2,100 in 5 per cent. G. P. Notes to found a Scholarship of Rs. 50 per term, to be named "Mrs. Prasannavidyagavri Chandravidyanand Pandia Scholarship," to be awarded to a Surat Vadnagara Nagar Brahmin (Vaidik) student (male or female) studying in the I. A. Class. Should there be two or more students of this community eligible for this scholarship in this class, one who has passed with the highest number of total marks in the F. Y. A. Examination should be given preference. If, however, out of the two or more candidates, one has already secured some other scholarship, then the claim of other candidates should be considered even though they may have secured less number of marks in the said examination.

If in a particular year or a term, no such Nagar Brahmin (Vaidik) student of Surat is found studying in the Intermediate Arts Class, then the scholarship should go to a Nagar Brahmin student of the above qualifications in the Intermediate Science Class. Failing any such qualified student in these classes, it should go to a Junior B. A. student, and if such a student is not available, then it should go to a Senior B. A. student, subject however to the condition that no Nagar Brahmin student who has already secured some other scholarship should get this additional scholarship in case another Nagar Brahmin candidate is available for selection.

If in a particular year or years no Nagar Brahmin (Vaidik) student is found eligible for the award of this scholarship either in the Intermediate Class (both Arts & Science) or in the B.A. Class (both Junior & Senior), then the amount of the scholarship should be held in reserve by debit to a suspense account, and the amount so collected should be added to the capital sum already invested, and a proportionately larger amount of scholarship should be awarded to a qualified Nagar Brahmin, when available, in accordance with the terms specified above.

Note:—The words "Nagar Brahmin" in all the clauses above mean "Surat Vadnagara Nagar Brahmin (Vaidik)."

On the expiry of the term of the loan securities the Society shall have the power to realise the amount thereof and to invest the same in such Trust securities as the Society may deem proper and, after deducting 5 per cent. out of the income, to distribute the balance in awarding the scholarship according to the terms mentioned above.

(44) *Burjorjee Ardesher Enti Scholarship.*

(44) Bai Dosibai, widow of Khushrubhai Naserwanji Khansaheb, offered Rs. 3,000 in 3½ per cent. G. P. Notes to found a scholarship of Rs. 50 per term, to be named "Burjorji Ardesher Enti Scholarship", and to be awarded to a Parsi lady student studying in the F. Y. A. Class and failing such, to Parsi lady student studying in the Inter. Arts Class or I. Sc. Class or failing such, to one studying in the J. B. A. or S. B. A. Class. In the event of there being no eligible Parsi lady student in any class, it should be awarded to a Parsi male student studying in the F. Y. A. Class.

(45) *Bai Vajiaben Manibhai Naranji Fozdar Scholarship.*

Mr. Manibhai Naranji Fozdar of Kaliawadi, Dist. Surat, made a donation of Rs. 6,000/- for utilizing the interest thereon for maintaining an Anglo-Vernacular School at Kaliawadi, Dist. Surat, and stipulated that if for any reason the school is closed, the Sarvajanik Education Society shall utilise the interest every year in awarding scholarship to a deserving Anavil student (male or female) of Kaliawadi, failing such to a deserving Hindu student, of the College.

(46) *Jagubhai Kasondas Atmaram Bhukhanwala Scholarship.*

Mr. Jagubhai Kasondas Atmaram Bhukhanwala donated Rs. 2,000/- in two Preference Shares of the face value of Rs. 1,000/- each, yielding an annual income of Rs. 125/-, to found a scholarship of Rs. 10/- p. m. to be awarded to a student of Visa Nagar Bania Community of Surat of the Intermediate Arts Class in the first instance or failing such to a student of Visa Nagar Bania Caste of Surat of the Junior or Senior B. A. Class in the M.T.B. College.

If there is no Visa Nagar Bania student in the above mentioned classes, the scholarship will be converted into two scholarships of Rs. 5/- each and will be awarded to students of the said community studying in the Std. VII of the T. & T. V. Sarvajanik High School or the N. G. Jhaveri High School; failing such to students of the said community in Std. VI in the said Schools.

If the N. G. Jhaveri Jain High School ceases to be an institution managed by the Sarvajanik Education Society, both scholarships may be given to students of the T. & T. V. Sarvajanik High School.

If no student of the said community is found eligible either in the college or in the abovesaid high schools, one scholarship will be awarded to a poor deserving Hindu Student of the College.

XVI.—WILLINGDON COLLEGE, KUPWAD (DT. SATARA).

(AFFILIATED, 1919.)

The Deccan Education Society of Poona in pursuance of its object of spreading, and facilitating education, resolved in 1918, upon opening an Arts College in the Southern Mahratta Country, with a view to serving the needs of this part of the Presidency in the matter of higher education.

His Excellency Lord Willingdon, at that time Governor of Bombay, keenly interested himself in the project, and by way of recognition of all that the college scheme owed to his sympathy and support, it was proposed to name the college after him. A site in British territory midway between the towns of Sangil and Miraj was chosen for the permanent location of the College.

The Government of Bombay sanctioned the affiliation of the college to the University (May 1919), as a Second Grade Arts College for a period of three years to begin with. The College was formally opened on June 22, 1919, by Sir Chimanlal H. Setalwad, Vice-Chancellor of the University, in its temporary quarters in the town of Sangli. At the end of the initial period of three years, the college received permanent recognition as a First Grade Arts College, and the B. A. Classes were opened in June 1922.

The college was shifted to its permanent home in June 1923. The main college building, constructed at a cost of Rs. 3½ lacs, was declared open on 8th August 1924, by His Excellency Sir Leslie Orme Wilson, Governor of Bombay. Hostel-accommodation for 90 students was provided in the course of the following three years. There is a Lady Students' Hostel attached to the College. A small Guest House is also provided.

Ruling Chiefs of the Southern Mahratta Country most generously helped the College Scheme, and the rapid development of the College was in a large measure due to their financial support. Donations of Rs. 10,000 and above, are noted below :—

Rs. 30,000	His Highness Shri Chhatrapati Rajaram Maharaj of Kolhapur G. C. S. I., for the construction of a hostel-block in memory of Shri Chhatrapati Shahu Maharaja.
Rs. 75,000	His Highness Sir Chintamanrao Appasaheb Patwardhan, Chief of Sangli.
Rs. 50,000	Shrimant Narayanrao Babasaheb Ghorpade, Chief of Ichalkaranji (Endowment and Donation).
Rs. 50,000	Shrimant Sir Gangadharrao Balasaheb Patwardhan, Rajasaheb of Miraj (Senior), in the form of books and Scientific Apparatus.
Rs. 30,000	Shrimant Sir Parasharamrao Bhowsahib Patwardhan, Chief of Jamkhandi.
Rs. 12,000	Shrimant Sir Malojirao Vyankatrao alias Nanasaheb Raje Ghorpade, Raja of Mudhol.
Rs. 10,000	Shrimant Raghunathrao Babasaheb Pantasachiv, Raja of Bhor.
Rs. 10,000	Shrimant Sir Madhavrao Babasaheb Patwardhan, Chief of Miraj (junior).
Rs. 10,000	Shrimant Bhalchandrarao Annasaheb Patwardhan, Chief of Kurundwad (Senior).

XVII.—DAYARAM GIDUMAL NATIONAL COLLEGE, HYDERABAD (SIND).

(AFFILIATED, 1922).

This College owes its origin to a dual movement of higher education in India, the affiliated or the University type and the "National" or the new and independent one.

Early in 1917, Mrs. Annie Besant, President of the Theosophical Educational Trust, received a nucleus donation of Rs. 20,000/- to start an educational institution in Sind. Accordingly, the Secretary of the Trust came to Sind in August 1917, and with the help of local leaders at Karachi and Hyderabad, started "The Sind National College" on 1st October, 1917. When the Theosophical Educational Trust was merged into a registered body, called the Society for the Promotion of National Education, which took over the institutions of the Trust (about 39 in number) and started a National University at Madras with Dr. Rabindra Nath Tagore as Chancellor, the Sind National College formed a constituent College of this University, and undertook to prepare students for its degrees in Arts, Science, Commerce and Political Science.

Under the stress of circumstances, however, the original idea of the College had to be abandoned, and it was replaced by the "affiliated" type. The necessity of an Arts College affiliated to the University of Bombay had long been felt by a number of people in Hyderabad, and it became imperative with the advance of women's education in the city. For this purpose a Society, subsequently registered as the "Hyderabad College Association," was formed in 1917 and it met with a favourable response. In the mean-while, when the continuance of the Sind National College on independent lines became impossible, it was thought advisable to concentrate all efforts in one direction, and secure the affiliation of the institution to the University of Bombay. The College started work as a second Grade College affiliated to the University of Bombay on 20th June 1922.

But a Second Grade College did not satisfy the requirements of higher education, and the University itself desired that it be raised to the full-grade standard before the end of the academical year 1926–27, if it was to continue its existence. The College opened as a First Grade College from 20th June 1927, teaching upto B. A. Hons. in English, Philosophy, History and Economics and upto B. A. Pass in Persian and Sindhi. In April 1932 the College was renamed "Dayaram Gidumal National College," in memory of the late Dewan Dayaram Gidumal, C. S., a great and unostentatious philanthrophist, a great social reformer, a noble specimen of humanity and one of the most brilliant scholars that Sind has ever produced. In June 1934, the Intermediate Science Class was opened in Group A (Mathematics, Physics and Chemistry) and in 1938, the College was permanently affiliated to the Bombay University for teaching the courses of studies for the Intermediate Examination in Arts and for the Intermediate Examination in Science in the subjects of Mathematics, Physics and Chemistry; for the B. A. (Pass and Honours) Examination in English, History, Economics and Philosophy, and the B. A. (Pass) Examination in Sanskrit, Persian and Sindhi; and further for the Intermediate Science Examination in Biology provisionally for a period of three years from June 1938.

The College is situated at a distance of nearly half a mile from the city, in the midst of fields and gardens, whilst the Fuleli Canal flows immediately in front of it. The College building is simple yet impressive and the main College Hall called the Narain Hall is easily the biggest and the best in this city.

XVIII—SHETH HANSRAJ PRAGJI THACKERSEY COLLEGE, NASIK.

(AFFILIATED, 1924.)

The Sheth Hansraj Pragji Thackersey College was started by the Gokhale Education Society of Bombay in June 1924. This Society conducts two High Schools in Bombay, one at Bordi in Thana District, an industrial School, an Agricultural Class and several Primary Schools. In the beginning of 1923 the Gokhale Education Society purchased 68 acres of land about two miles from the City of Nasik in a very healthy locality and in September of the same year applied to the University of Bombay for permission to start a Second Grade Arts College. The proposal went through all its stages in the University and finally in May 1924 received the assent of Government. The College now possesses two buildings—one consisting of six large rooms to be used as Class rooms, Laboratory and Library rooms and the other Building has rooms for Professors and the Optional Classes for B. A. students. Besides these Buildings, there is Hostel accommodation for about 90 students and for 10 lady-students and the Principal has his quarters on the premises of the College. From June 1926 the University gave permission to start the B. A. Classes. Though the regular work of the College Classes commenced in June 1924, the College was formally opened by His Excellency The Right Honourable Sir Leslie Wilson, P. C., G. C. I. E., C. M. G., D. S. O., on the 28th of January 1925, when His Excellency announced a donation of Rs. 1,65,000 from Mrs. Sundarbai Hansraj Pragji Thackersey and other Trustees of the Estates of the Late Sheth Hansraj Thackersey, J. P., of Bombay. In virtue of this donation the College was from that day known as the Sheth Hansraj Pragji Thackersey College. Out of this donation Rs. 30,000 are spent over the new Building for the Optional Class rooms of B. A. Classes and Rs. 1,35,000 are invested in Securities to yield an income of Rs. 7,500 annually. The College has recently dug two ponds, one for Boating and the other for Swimming.

A Pavilion Building consisting of four rooms, out of which one room is used as a Common Reading Room and three rooms are used as Common Rooms for students, has been constructed recently at a cost of Rs. 10,000 donated by Sheth Pragji Dayal Hariani in memory of his wife Bai Laxmibai.

From June 1936 the College is permanently affiliated to the Bombay University as a First Grade Arts College.

The College is allowed to admit 150 students to the F. Y. A., 100 to the I. A., and 100 to the B. A. Classes.

Scholarships.

1st Scholarship—Rs. 72 per term.

These Scholarships are tenable for six months, and are awarded according to merit.

'Bai Fulkorbai Kallianji Chaturbhuj Scholarship' and 'Seth Kallianji Chaturbhuj Scholarship' of Rs. 72/- per term are given to a student who stands first in the F. Y. A. class in the first and second terms respectively.

A student who passes the B. A. Examination with distinction is given a scholarship of Rs. 15/- per month for two years for *Post Graduate* studies. Only one scholarship is given in a year.

The Madhavrao *alias* Annasaheb Dixit—Patwardhan Marathi Prize of Rs. 49/- is awarded every year to a student of this College who passes his B. A. Examination in Marathi Honours with the highest number of marks.

The Rao Bahadur G. V. Pradhan Prize of Rs. 42/- is annually given to a student who secures the highest number of marks at the B. A. Examination with First Class Honours.

The College reserves to itself the right of making any changes in the award of the above Scholarships and prizes.

Freestudentships.

Freestudentships, amounting to 5 per cent of the number of students in the College, are given on a recommendation from the Trustees of the Estates of the Late Seth Hansraj Pragji Thackersey. Twenty to thirty half-freestudentships are given by the College to deserving students according to merit. For free and half-free studentships applications have to be submitted to the Principal of the College. No application for free or half-free studentship will be entertained unless a student first joins the College. Students of the Backward and Scheduled Classes are granted Scholarships and freestudentships for which applications should be sent to the D. P. I., Poona.

Hostels.

The College has Hostel accommodation for 90 students and for 10 Lady students. For single-seated rooms the rent per term is Rs 24/- to Rs. 30/- and for double seated rooms each student is charged Rs. 18/- per term. The messing charges come to about Rs. 13/- per month. On an average no student is required to spend more than Rs. 120/- per term for his boarding and lodging. The Principal and a Professor reside on the premises of the College.

Sadavartas.

The Trustees of the Bai Kabibai Charities have arranged to make free boarding and lodging arrangements for 15 students of the College. Applications for admission to this free boarding house are to be sent to the Secretary, Bai Kabibai Charities, Holi Chakla, Fort, Bombay.

Seth Jamnadas Dossa has made provision for the boarding of 9 College students free of charge in the College Hostels. Applications for admission to this boarding house are to be submitted to Seth Jamnadas Ramdas Dossa, Marwari Bazaar, Bombay

or to the Trustees of the Hansraj Pragji Thackersey Education Fund, 56, Peddar Road, Bombay.

Besides these Sadavartas, there are other Sadavartas in the City where poor students of this College get admission on a recommendation from the Principal.

XX.—THE NOWROSJEE WADIA COLLEGE, POONA.

(AFFILIATED, 1932).

The Nowrosjee Wadia College, Poona, founded in June 1932, is the first of the institutions opened by the Modern Education Society, Poona. The Modern Education Society, Poona, was founded on the 15th of February, 1932, by an enthusiastic band of educationists and other distinguished persons interested in the progress of education for the purpose of imparting efficient all-round education to the younger generation. Sir Cusrow Wadia and Sir Ness Wadia evinced the keenest interest in the Society from its very inception, encouraged and generously helped the Life-members—founders in all possible ways. As a mark of their appreciation for the assistance of various kinds they received from Sir Cusrow and Sir Ness, the other promoters of the Society conceived the idea of naming the first institution of the Society after the distinguished father of Sir Cusrow and Sir Ness, the late Hon'ble Mr. Nowrosjee N. Wadia, C. I. E. Sir Cusrow and Sir Ness gave them permission to do so, and further consented to be the President and Vice-President respectively, of the Society.

The College is now housed in its own buildings constructed at a cost of Rs. 6,68,000/- on an extensive plot of land in the Poona Suburban area and is permanently affiliated to the University of Bombay for the teaching of the full Arts Course and also for the teaching of the Science Course upto the Intermediate Examination in both groups. The College has also been recently affiliated provisionally for five years to the University of Bombay for the teaching of the B. Sc. Principal & Subsidiary Courses, in Mathematics, Chemistry and Botany and provisionally for three years for the teaching of the course leading to the University Diploma in Teaching.

The College is under the general management of the Modern Education Society, Poona.

Scholarships and Fellowships.

Scholarships and Fellowships are awarded strictly on merit :—

The number of College scholarships is not fixed, but the College has laid down the policy of rewarding all real and outstanding merit by the award of a Scholarship. The award is made on the results of the University and College Examinations. Ordinarily, every student who gets a First Class at a University Examination or at the Terminal or at the Annual Examination of the College, gets a Scholarship.

The following endowed scholarships are awarded : —

(i) *The Bai Jerbai Dhanjibhoy Batliwala Scholarship* :—(endowed by the late Mr. Dhanjibhoy F. Batliwala) of the value of Rs 15/- p. m. awarded to the Parsi girl student—failing whom to the Parsi boy student—who passes at the next preceding Matriculation Examination of the Bombay University and stands highest among the Parsi girl (or boy) students of the First Year Class.

(ii) The Kaikhushru A. Ghaswala Scholarship :--(endowed by Mrs. C. K. Ghaswala) of the value of Rs. 15/- p. m. awarded to the student of this College who stands first among the students of the First Year Class in the total number of marks obtained in the preceding Matriculation Examination.

XXI.—THE LINGARAJ COLLEGE, BELGAUM.

(AFFILIATED IN 1933.)

Through the efforts of a batch of graduates of the Lingayat Community, filled with the spirit of service, sacrifice and missionary zeal, the Karnatak Lingayat Education Society, Belgaum, came into existence in 1916 for the purpose of spreading education not only among the Lingayats and other educationally backward communities but also among all people irrespective of caste and creed. The Society is supported by the public and specially by the Lingayat Community in all its activities. The Society is running two fully equipped High Schools and three Secondary Middle Schools in addition to a commercial class. The idea of starting an Arts College is the natural out-come of the advantages afforded by the existence of these secondary institutions run by the Society within three districts together with the keenly fealt desire of all people of Karnatak for another Arts College. Through the sustained and continuous efforts, the Society succeeded in obtaining the sanction both from the University and Government for the scheme of establishing an Arts College at Belgaum and has been able to start work from June 1933.

His Excellency, the Right Honourable Sir Frederick Hugh Sykes, P.C., G.C.I.E., G.B.E., K.C.B., C.M.G., Governor of Bombay was pleased to perform the formal opening ceremony and to name the College "The Lingaraj College" on 29th September 1933, in commemmoration of the memory of the late Sardar Lingappa Jayappa Sirdesai of Sirsangi and Navalgund who donated his entire estate yielding an income of about Rs. 50,000/- for the spread of education among the Lingayats. The Trust Committee of the said Estate his kindly sanctioned Rs. 50,000/- to be given to the Society for erecting a College Hostel for Lingayat students on condition that the College should be named as the Lingaraj College.

His Excellency Lord Brabourne and Lady Brabourne paid a visit to the College on 26th October 1934. His Excellency laid the foundation of the Lingaraj Hostel for the construction of which the Sirsangi Trust has promised a donation of Rs. 50,000/-. Lady Brabourne declared open the College Hostel which the Society named as "Brabourne Hostel" in order to commemorate the happy occasion of the visit of His Excellency and Lady Brabourne. His Excellency was pleased to announce on the occasion a princely donation of Rs. One Lakh (Rs. 1,00,000) from Raja Sardar L. B. Sirdesai of Vantmuri, C.I.E., Bar-at-Law. The Lingaraj Hostel is now complete and ready for occupation. It was declared open on 18th January 1938 by His Excellency Sir Roger Lumley, G.C.I.E., D.L., Governor of Bombay. The Hostel has accommodation for 100 students in single rooms. It has cost to the Society more than a lakh of rupees. The Sirsangi Trust was kind enough to modify the original terms so as to give facilities of this Hostel to all students irrespective of caste and creed.

According to the resolution No. 3 dated 18th November 1934 of the Lingaraj College Governing Body, the University was approached with a request to permit the College to teach B. A. Pass and Honours courses and I. Sc. A and B Groups, from June 1935. The University communicated the approval in the Registrar's letter No. 13245 of 1935 dated 8th October 1935, affiliating provisionally as first-grade College in Arts.

According to the wish of the members of the Society Raja Sardar L. B. Sirdesai approached His Excellency through Mr. H. B. Clayton, Commissioner, Southern Division to kindly perform the function of declaring open the Inter. Science and B. A. Pass and Honours classes. His Excellency owing to pressure of work, regretted his inability to accept the invitation. The Minister for Education was then approached, the Honourable Sir Diwan Bahadur S. T. Kambli declared open the classes on 29th September 1935 before an enlightened and influential gathering of the Belgaum town and Karnatak.

The College meets in its own building erected at a cost of Rs. 1,20,000/- with a spacious play-ground.

The College is recognised to teach the following courses in Arts and Science :—

XXII.—CHELLASING & SITALDAS COLLEGE, SHIKARPUR, SIND.

The College owes its existence to the deep desire on the part of some of the educated people to provide facilities for higher education for the youth of Upper Sind, having a population of 18 lacs and 14 High Schools as its possible feeders.

In 1924 Professor S. N. Pherwani, M. A. carried on correspondence with Seth Sitaldas Tirathdas, Banker and Broker in Bombay, resulting in the latter's definitely offering early in 1926 3½ per cent Government Promissory Notes of the face value of one lac of rupees for the establishment of an Upper Sind College at his native place, Shikarpur, Sind.

In pursuance of this offer, an Upper Sind College Association was formed in December 1926 and duly registered for enlisting public sympathies, collecting funds and settling details. Promises were secured from the public, and various Municipalities. In January 1932 Seth Chellasing Satramsing Bajaj, one of the four millionaire Banker brothers of Shikarpur volunteered to offer a further sum of Rs. 65,000 in hard cash, converted into 3½ per cent Government Promissory Notes of the face value of Rs. 78,000 which combined with Seth Sitaldas's lac was to form the Reserve Fund of the College. Collections were then made from various donors. The conception of a college thus took a serious and definite shape. A solemn agreement was entered into by the Registered Upper Sind Collegiate Association with the two founders at Karachi on 12th September 1932 in respect of the proposed college which was to be called after the Founders—as "Seth Chellasing and Sitaldas Upper Sind College".

After the agreement was signed, application was made to the Bombay University on 19-9-1932 for affiliation of the College. The Commissioner in Sind had been approached through the Collector of Sukkur for grant of 33½ acres of land for the permanent housing of the college. The Commissioner expressed his thorough approval of the idea of starting a college for the convenience of the Upper Sind College students, but kept the matter regarding land pending until affiliation from the Bombay University was secured.

Shortly after the application for affiliation, the University Inspection Committee arrived on 30-11-1932 and advised the securing of a suitable building for the purpose of the college. The Association then received an offer of the building for the college from a yet another public spirited citizen of Shikarpur Sind, Seth Harbhagwandas Dhanoomal Bathija who gifted his share in the building estimated at Rs. 6,700/- and charged the Association only Rs. 5,300/- for his partner's share therein; thus the Association secured the building as the absolute property of the college which was subsequently sold to the Municipality. A new building was put up in 1937 at a cost of about Rs. 60,000. A hostel has also been built in the college compound.

With these funds and the building, the Association reapproached the Bombay University for affiliation which was duly obtained and the college started working from the 17th June 1933 with First Two Years Arts Classes.

The college was affiliated in 1937 for a further period of two years as a First grade college in arts and was further granted affiliation in Physics, Chemistry and Biology for Inter. Science. The College has been given further affiliation for three years ending in June 1942.

The college is recognized for the following courses in Arts:—

For B. A. Examination in

English	(Honours).
Sindhi	(Pass).
Persian	(Honours).
History & Economics	,,
Philosophy	(Pass).

For Inter. Science.

XXIII.—RAMNARAIN RUIA COLLEGE, MATUNGA.

(AFFILIATED, 1937.)

The College was started by the Shikshana Prasaraka Mandali, Poona, in June 1937, with a view to satisfy the needs of the growing population of the College going students in Bombay and its Suburbs. Fortunately for them, Seth Ramniwas Ramnarain Ruia who liked the scheme and appreciated the efforts of the Mandali, willingly came forward to help them with a princely donation of Rs. 2,00,000/-. The Mandali, in grateful recognition of this munificent donation, named this College after Mr. Ruia's father, the Late Seth Ramnarain Haranandrai Ruia, J. P.

In June 1937, the College started work as a Second Grade Arts and Science College to which the B. A. & B. Sc. Classes were added in June 1938.

The College has its own beautiful, well-lighted, well-ventilated, and spacious Building with all modern conveniences and situated in a central locality.

The College is under the management of the Mandali's Council which consists of 9 Non-Life-Members elected from amongst the Patrons, Benefactors and Fellows of the Mandali and 5 Life-Members elected by the Mandali's Board of Life-Members. The permanent funds of the Mandali are under the direct control of the Council of the Mandali. Shrimant Appasaheb Patwardhan, the Rajesaheb of Jamkhandi is the President and Seth Ramniwas Ramnaram Ruia, J. P. is the Vice-President of the Mandali.

XXIV.—KHALSA COLLEGE, MATUNGA, BOMBAY.

(AFFILIATED, 1937.)

Khalsa College was found in June 1937 by the Sarab Hind Sikh Mission, of the Punjab. Several Lacs of Rupees have been contributed from the Punjab for establishing this First Grade College in another Province and the College stands as an embodiment of the spirit of inter-provincial good-will and the cultural synthesis of different parts of India as well as of the East and the West. The Notified Gurdwara Committee at Nankana Saheb with its vast resources and endowments is the Governing Body of the College and has undertaken full financial responsibility for the Institution; and for the conduct of the affairs of the College at Bombay, a strong Local Advisory Committee with clearly defined powers and functions has been established. Though financed entirely by the Sikh Community in the Punjab, the Khalsa College is Cosmopolitan in its Staff, personnel and policy, and provides equal educational opportunities to all communities in Bombay, with a liberal endowments of stipends and scholarships of the net value of over Rs. 5,000 per annum, for aiding needy and deserving students. It is housed away from the din and bustle of the city in the tranquil environs of Matunga in a stately three storied building situated in ample grounds of 6 acres.

It has Arts and Science Departments with well-equipped Laboratories, and a Library to which substantial additions of standard works of reference and academic journals have been made.

The Governing Body, the Local Advisory Committee and the Cosmopolitan Staff of the College is composed of eminent Publicmen and picked educationalists.

XXV.—SHETH LALBHAI DALPATBHAI ARTS COLLEGE, AHMEDABAD.

(AFFILIATED, 1937).

The need for another Arts College in Ahmedabad had long been felt by residents of Gujarat and in particular by the citizens of Ahmedabad. The Ahmedabad Education Society was started in 1935 to meet the demand for more facilities for higher education in Gujarat; and one of its first activities was the starting of the Hargovandas Lakhmichand College of Commerce in 1936. That college has now been working successfully for three years. The Society then issued an appeal for funds in order to start an Arts College. Thanks to the princely donation of Rs. 2 lakhs offered by Seth Chimanbhai Lalbhai, Seth Kasturbhai Lalbhai and Seth Narottambhai Lalbhai, the idea of starting an Arts College materialised sooner than might otherwise have been possible. The Ahmedabad Education Society decided appropriately enough, to name the new College after the father of the principal donors, Seth Lalbhai Dalpatbhai. It must be added that in addition to this single large donation, a number of smaller donations to the society were made by the middle class citizens of Ahmedabad, thus making the starting of the Arts College possible in June 1937.

It is a matter for congratulation that the Society should have at its helm an educationist of such outstanding eminence as Dr. Anandshanker Dhruva. Dr. Dhruva also acts as the Honorary Rector of the Society, in which capacity his advice and assistance are always available in the running of the Society's colleges. The S. L. D. Arts College has now had two successful years of existence and is making a steady progress in its third year.

The college has been recognised by the University of Bombay for instruction in Arts for the B. A. degree examinations. The College has all the four years' classes in Arts leading upto the B. A. degree examination; and students are prepared for the B. A. Honours degree examinations in English, Sanskrit, History, Economics, Philosophy, Mathematics, Gujarati and Ardha-Magadhi and for the B. A. Pass degree examinations in French, and Persian, besides the subjects mentioned above.

Several members of the Staff of the College are recognised by the University as Post-Graduate Teachers and the College admits M. A. students who want to take up—

(1) English, (2) History and Economics, (3) Mathematics, (4) French (5) Sanskrit and (6) Gujarati.

Students intending to study for M. Sc. & Ph. D. degrees in Mathematics and Gujarati respectively are also admitted to the College. Students intending to study for the Ph. D. degree in Economics are also admitted to the College.

Scholarships and Freestudentships.

A number of scholarships are awarded in each class on the basis of marks obtained by the students in their respective examinations. In addition there are a large number of freestudentships awarded by the Society to poor and deserving students.

Scholarships and freestudentships are generally awarded in the beginning of every term on the results of the University and College Examinations and on a consideration of the economic condition of the students concerned. There are 10 merit scholarships and freestudentships to the extent of 15% of the college fees are awarded every year. The college has also instituted a Fellowship which is awarded to the student of the college who passes the B. A. examination in the First Class and secures the highest number of marks amongst the students of the college.

Special Prizes & Scholarships.

Kale Prize:—A prize of amount Rs. 56 is awarded annually to a Maharashtra Brahmin student who deserves encouragement and has secured the highest number of marks in the Matriculation Examination in Sanskrit held prior to his admission to

the college from amongst the students who join the college and who take up Sanskrit in the F. Y. A. Class. In case there is no Maharashtra Brahmin student available, the scholarship may be awarded to any Hindu student who is qualified as above.

Bai Krishna Prize:—A prize of amount Rs. 14 is awarded annually to a student who scores the highest number of marks in the Intermediate Arts Examination of the Bombay University and continues his study in the B. A. Class of this College.

Rao Saheb Amulakhray Shivdas Scholarship.—A scholarship of amount Rs. 14/- per month is awarded annually to a student of the First Year Arts Class of Sheth Lalbhai Dalpatbhai Arts College on the basis of the highest number of marks obtained by him in the Matriculation Examination of the Bombay University.

Sudhanva Medh Scholarship.—A scholarship of Rs. 72 is awarded annually to a Vadnagara Nagar Grihastha student of Ahmedabad or failing that of another place who joins the Commerce College after passing Matriculation. This scholarship may be awarded to a First Year Arts Student of the above caste of the S. L. D. Arts College, provided there is no student of that caste joining the Commerce College. The scholarship is tenable for one year only.

(The names of the Members of the Staff are not arranged in order of seniority.)

XXVI.—DHARMENDRASINHJI COLLEGE, RAJKOT.*

(AFFILIATED, 1937.)

The idea of starting a College in Rajkot first occurred to Sir Lakhaji Raj, the late Thakore Saheb of Rajkot, but it had to be dropped owing to his sad and premature death. The present Thakore Saheb decided to fulfil the wishes of his father and, with the assistance of the Dewan Saheb, D. S. Virawala, the work was completed. The foundation stone of the College building was laid by Lord Willingdon, the Ex-Viceroy, on 7-1-1936, when His Excellency visited Rajkot. Buildings were constructed, equipments and appointments were made and the affiliation to the University of Bombay secured on 8-2-1937. The College started its regular work on 21st June 1937 and was formally declared open by the Hon. Mr. E. C. Gibson, C. I. E., I. C. S., the Resident, Western India States Agency, on 16th December 1937. The College is maintained entirely from State funds.

Within the College compound, there is a hostel of 30 double rooms to accommodate 60 students. These students are in charge of a Superintendent who is a member of the staff. Two mess rooms and vegetarian kitchens are attached to the Hostels.

The Principal's bungalow is just near the College Building.

Scholarships.

XXVII.—THE SYDENHAM COLLEGE OF COMMERCE AND ECONOMICS, BOMBAY.

(AFFILIATED, 1914.)

The general purpose of this College is to furnish young men embarking on a business career with a University education of such a kind as will assist them by deepening and widening their understanding of industrial and commercial organization, to rise to the more important and responsible positions in their respective vocations, and concurrently, from the larger public and cultural point of view, to promote the study of social conditions in general, by means of specialized courses in the various branches of economic science and by original research.

The Degree of Bachelor of Commerce having been instituted by this University in January 1912, a further step was taken on June 24th of that year when it was announced in a Press Note that the Late Lord Sydenham, then Governor of Bombay, had received promises of donations and subscriptions yielding annual income of Rs. 23,000 for the establishment of a Government College of Commerce in Bombay and that Government would contribute an annual grant of Rs. 15,000. The donations and subscriptions were from Sir Jugmohandas Vurjeevandas, Kt., Sir Chinubai Madhavlal, the Trustees of the Wadia Charities, the Bombay Chamber of Commerce, the Indian Merchants' Chamber, the Millowners' Associations of Bombay and Ahmedabad and the Native Piecegoods Merchants' Association. His Excellency the

Governor in Council trusted "that the establishment of this College, the first of its kind in this country, would in time go far to supply the growing needs of special commercial education not only of the Presidency but for India generally."

Subsequently, sanction was accorded to the appointment of a Principal and a Professor to be recruited in England, and of two other Lecturers. It was further announced that the College would be entirely under Government control, but that an Advisory Board would be constituted in order that the courses of study might be made to harmonize with the practical requirements of commerce and industry. This Board consists of the Director of Public Instruction (Chairman), the Principal of the College, Representatives of the Donors and other prominent business men.

As the Secretary of State had not selected a Principal for the College and as it was not considered desirable to postpone the establishment of the College for another year, it was announced in a Press Note of the 10th of October 1913 that provisional arrangement had been made for starting the College forthwith with Mr. K. Subramani Aiyar, B. A., L. T., F. S. A. A., as Honorary Principal.

"The Bombay Government were glad that this Institution, which so largely owed its inception to Mr. Aiyar's labours in the cause of commercial education, should first commence operations under his Principalship."

The College commenced work on October 22nd, 1913, in the Elphinstone College Building. On February 1st, it was transferred to the upper part of the Whiteaway Laidlaw Building temporarily, and was located there till the end of 30th June 1922, when from 1st July 1922, it was shifted to its own building (formerly known as the Indo-British Institution), near Sir J. J. School of Art on Hornby Road.

The activities of the College have been extended by the provision of postgraduate teaching work at the College. The University at the suggestion of the then Principal, Mr. M. L. Tannan approved of the proposal regarding the institution of the M. Com. degree and Government were pleased to accord their sanction to the said degree in November, 1925.

Mr. Percy Anstey, B.Sc. (Econ.), Lecturer in charge of the Economic Department at the University of Bristol, was appointed by the Secretary of State to be the permanent Principal and in March 1914 he took up his duties. On his death on 23rd November 1920, he was succeeded by Mr. Mohan Lal Tannan, M. Com. (Birm.), Bar-at-law, I.E.S., J.P.

XXVIII.—HARGOVANDAS LAKHMICHAND COLLEGE OF COMMERCE, AHMEDABAD.

Ahmedabad, being a growing commercial city and a large industrial centre with a population of about 4 lacs and 80 cotton Spinning and Weaving Mills and 4 approved Banks besides a large number of indigenous Bankers, the general public of Ahmedabad and Gujarat was for a long time feeling the necessity of a college of Commerce. There being only one Commerce College in the whole of Bombay Presidency a large number of students were refused admission from year to year. The Ahmedabad Education Society, therefore, issued an appeal to the public for funds for a Commerce College at Ahmedabad. Seth Tribhovandas Hargovandas and Seth Amratlal Hargovandas offered a liberal sum of Rs. 50,000 for starting such a college and Rs. 10,000 more for meeting the deficit for 2 years. The Society accepted this handsome donation with thanks and decided to name the College after the father of the donors. A further donation of Rs. 10,000 was received from Seth Jeshingbhai Bhogilal Chinai on condition that the central hall of the college be named after his deceased son Gunvantray. The Society secured a further donation of Rs. 10,000 from Mr. Mohanlal Chhotalal Palkhiwalla for the College Library to be called Chhotalal Chhaganlal Palkhiwalla Library. The Society collected in cash over two lacs of rupees as required by the University of Bombay. The Local Municipality also sanctioned a recurring annual grant of Rs. 5,000 for the College.

The affiliation of the College was sanctioned by the Government of Bombay on 15th of June 1936 and the College began to function from session 1936–37. The inauguration ceremony of the College was performed by Sir Purshottamdas Thakordas on 21st June 1936.

The College is located in its own buildings on the extensive grounds of the Ahmedabad Education Society near Navrangpura and the hostels are located in the immediate vicinity of the college.

XXIX.—SECONDARY TRAINING COLLEGE, BOMBAY.

(AFFILIATED, 1922.)

The Secondary Training College exists to provide Secondary Schools with a supply of trained teachers and to undertake investigations into educational problems. It was founded in 1906 and for the first fourteen years of its existence prepared teachers

for its own diploma, which was known as the Secondary Training College Diploma (S.T.C.D.). In 1922-23 the College was affiliated to the University of Bombay for the purposes of the degree of Bachelor of Teaching. The curriculum of the College is now based on the requirements of the University for that degree. The Diploma S.T.C.D. is no longer given by the College.

The College is located on Cruickshank Road, Bombay, in the Elphinstone High School Buildings. It uses that School as its Practising School.

The College is open to all graduates of the University of Bombay or of a University recognised by the University of Bombay in any Faculty. The College will accommodate a maximum of 100 teachers a year, a few places are reserved for Government teachers; the remaining places are open to graduates desirous of qualifying for the B.T. degree. Preference is given to teachers deputed from recognised schools in this Presidency. The College is open to students of either sex.

A tuition fee of Rs. 120 per term is charged for a student belonging to the Province and of Rs. 175 for a student coming from the Indian States or other places outside the Province of Bombay. Scholarships of Rs. 30 per mensem, not exceeding fifteen in number, for the present, are awarded annually to selected teachers from non-Government schools and to graduate students not attached to any particular school. Teachers deputed to the College by the Director of Public Instruction from Government Schools receive their ordinary pay plus any allowances sanctioned for them.

The College hostel situated near the College accommodates 25 students. All full-time students are eligible for rooms, but preference is given to Government teachers. One of the senior members of the College Staff is resident Superintendent of the hostel and the Principal resides in the same compound.

XXX.—SHREE MAHARANI TARABAI TEACHERS' COLLEGE, KOLHAPUR.

Shree Maharani Tarabai Teachers College, Kolhapur, was established by Kolhapur State in June, 1934, to meet the great demand for the training of secondary school teachers which existed in the Presidency.

It is affiliated to the University and follows the course of training prescribed by the University for the Examination for the Degree of B. T.

It admits 100 graduate teachers, actual or prospective, and prepares them for the B. T. Examination. It admits men and women on equal terms without any distinction. It prepares students also for the M. Ed. Examination.

It charges a tuition fee of Rs. 150 per term or Rs. 300 per year.

It has a High School attached to it, which it uses as its Practising School.

It has a good Library which is kept open for the benefit of students from morning (8 a. m.) till night (10 p. m.)

It provides residential accommodation for its non-local students.

It possesses a good play-ground for the physical recreation of the students and adequate arrangements for their physical training.

Its Teaching Staff consists of the following Members:—

1. Mr. K. S. Vakil, B. A. (Bombay), M. Ed. (Leeds), M. R. S. T., F. R. G. S., I. E. S (Rtd.), Principal and Professor of Education

XXXI.—SECONDARY TEACHERS' TRAINING COLLEGE, BARODA.

(AFFILIATED, 1938.)

The Secondary Teachers' Training College in Baroda owes its origin to the need felt by the Government of Baroda for trained teachers in secondary schools. The College was founded in 1935 and started its work under the late Principal Gurubandu Bhattacharya of the Dacca Training College. There are two sections in the College, the Higher and the Lower, the former devoted to the training of graduates and the latter to undergraduates. Upto 1938, the College followed its own courses of study and conducted its own examinations under the authority of the Government of Baroda. In 1938 the graduates section was affiliated to the Bombay University for the B. T. degree.

The College is situated on the banks of the Sursagar which is almost in the centre of the City. The Practising School of the College is housed on the ground floor of the College buildings. Besides the Practising School the College uses for school practice the Government Baroda High School for Boys and the Government Maharani High School for Girls.

The College admits fifty candidates for the B. T. A few seats are reserved for teachers deputed by the Government of Baroda and the remaining seats are open to all candidates who are eligible for admission according to University regulations. The fee charged per candidate is Rs. 300 per annum. There are eight seats which are offered at half fees to teachers deputed by recognised schools of the state.

The College runs a course leading to the Diploma in Physical Training. This Diploma is awarded by the Government of Baroda and is obligatory for teachers deputed by the Baroda Education Department to attend this course. It is optional to other students.

The College Union organises several indoor and outdoor activities. Amongst them the following deserve a mention:—The Boating Club, the Popular Lectures and the Educational Excursions to places of interest.

XXXII.—SECONDARY TEACHERS' COLLEGE, BELGAUM.

(AFFILIATED 1939.)

The Secondary Teachers' College, Belgaum, was opened by Government to provide facilities for secondary teachers with Kannada and Marathi as their mother tongue to be trained for the B. T. Examination and to help candidates to do research work in Education for the recently instituted degree of M. Ed. of this University. The curriculum followed in the College is that laid down by the University for the B. T. degree. A novel feature of the College is that Hindi and Physical Instruction courses are taken by all the candidates, who are keenly interested in the courses.

The College is located in the compound of Sardars' High School, Belgaum, and uses that school as its Practising School through the media of Kannada and Marathi.

The College is open to all graduates of the University of Bombay or of a University recognised by the University of Bombay in any Faculty. The College accommodates a maximum of 100 teachers a year. A few places are reserved for Government teachers. In the matter of selection of the remaining teachers preference is given to those deputed from recognised schools in this Presidency. The College is open to students of either sex.

A fee of Rs. 120/- per term is charged per student belonging to the British territory within the Province of Bombay. For others a fee of Rs. 175/- per term is charged. Stipends of Rs. 20/- per mensem, about 15 in number, are awarded to selected teachers. Teachers deputed to the College by the Director of Public Instruction from Govt. schools receive their ordinary pay. Five freestudentships are awarded annually to deserving candidates.

The College hostel is situated near the College in a spacious and healthy locality and accommodates 64 students. All full time students are eligible for rooms, but preference is given to Govt. teachers and those coming from outside Belgaum. One of the senior members of the College staff is resident Superintendent of the Hostel.

XXXIII.—ROYAL INSTITUTE OF SCIENCE, BOMBAY.

(AFFILIATED, 1926.)

The conception of the Royal Institute of Science is due to the late Lord Sydenham. Out of his conviction of the importance and value of Science, during the first year of his Governorship, he made an appeal for help in improving the study of Science in the University of Bombay. This appeal met with a generous response. In Ahmedabad the late Sir Chinubhai Madhavlal, Bart., made a liberal provision for the establishment of the Madhavlal Ranchhodlal Science Institute. In Bombay a number of donors made possible the establishment of the Royal Institute of Science. The late Sir Cawasji Jehangir, Bart., led the way with a donation of Rs. 4 lakhs. The late Sir Jacob Sassoon, Bart. gave Rs. 10 lakhs and the late Sir Currimbhoy Ebrahim, Bart., gave Rs. 4½ lakhs of which Rs. 1 lakh was to be reserved for establishing scholarships to be given to Mahomedans attending the Institute The late Sir Vasanji Trikumji Mulji, Kt., gave Rs. 2¼ lakhs for the Library of the Institute. Government promised Rs. 5 lakhs from Provincial Funds.

The design for the building was prepared by the late Mr. George Wittet, Consulting Architect to Government. The foundation-stone was laid by Lord Sydenham on the 5th April, 1911. His late Majesty King George V, during his visit to India, was pleased to allow the Institute to be called the "Royal" Institute of Science. By the end of the year 1915 the construction of the building was approximately complete.

Under the claims of the war the Institute was fitted up as a Hospital which, in honour of the elder son of Lord and Lady Willingdon, who had been killed in the War, was called: "The Gerard Freeman Thomas Hospital."

The Royal Institute of Science and the Sir Cowasji Jehangir Public Hall were formally declared open by His Excellency the Governor, Sir Leslie Wilson, on March 27th, 1924. The institute and the Hall are under separate management.

The East Wing of the Institute Buildings is now used by the University Department of Chemical Technology.

In the year 1920 the first Principal and other members of the staff were appointed to the Royal Institute of Science.

AFFILIATED COLLEGES.

In 1922 the Government of Bombay formed an Advisory Committee for the Royal Institute of Science. The present Advisory Committee holding office upto 1940 is composed of as follows :—

R. P. Masani, Esq., M. A., J. P., from 1st April 1939	Vice-Chancellor of the University of Bombay (Ex-Officio Chairman).

Dr. D. D. Karve, M. Sc., Ph. D., A. I. I. Sc. Dr. K. G. Naik, M. A., D. Sc., F. I. C. ...	Representatives of the Bombay University.
Kapilram H. Vakil, Esq., B. A. (Bom.) M. Sc., Tech. (Manc.), F. I. C., M. I. Chem. E.	Representative of the Indian Merchants, Chamber.
Seth Shantilal Mangaldas, B. A. ...	Representative of the Millowners' Association, Ahmedabad.
Professor G. B. Kolhatkar, M. A., A. I. I. Sc.	Representative of the Fergusson College, Poona.
P. B. Advani, Esq., M. Sc., Director of Industries. ... ... The Director, Haffkine Institute, Bombay. The Director of Agriculture, Bombay Province, Poona.	Nominated by Government.
Principal G. R. Paranjpe, M. Sc., I. E. S. A. I. I. Sc., F. N. I., J. P. (from 21st October, 1938.)	Ex-Officio Secretary, Principal.

The Advisory Committee meets from time to time and advises Government on such matters as the general policy of the Institute, the strengthening of the staff, and the provision of funds for equipment and maintenance.

The following Honorary visitors to the Institute have been appointed for a period of three years from 1st January 1939 :—

(1) Dr. Megh Nada Saha, D. Sc., F. R. S., Professor of Physics, University of Calcutta.

(2) ,, S. S. Bhatnagar, O. B. E., D. Sc., Professor of Chemistry, The University, Lahore.

(3) ,, Birbal Sahani, D. Sc., F. R. S., Professor of Botany, The University, Lucknow.

(4) ,, G. Mathai, Sc. D., I. E. S., Professor of Zoology, Government College, Lahore.

The Royal Institute of Science is equipped for under-graduate (only Junior and Senior B. Sc. Classes) and post-graduate teaching in Science. Research is being carried on in Physics, Chemistry, Zoology, Botany and Mathematics. The Sir Vasanji Trikamji Mulji Library contains numerous scientific periodicals. Instruction in French and German is given to M. Sc., students by the Librarian. There is a workshop where apparatus is made and repaired and where students receive instruction in metal and wood-work.

A special Hostel for the use of post-graduate students is maintained.

XXXIV.—POONA AGRICULTURAL COLLEGE.

(AFFILIATED, 1907).

The Poona Agricultural College owes its origin to the development of the agricultural classes at the College of Science, Poona. Training in Agriculture was given at that College from the year 1878, but it only developed to any extent after the institution of the degree of Licentiate in Agriculture by the Bombay University in 1899. The growth was however so rapid from 1900 to 1905 that the accommodation available at the College of Science became insufficient. Separate quarters were of necessity obtained, and the ultimate establishment of an entirely separate institution for agricultural

education was considered by Government. The result of this consideration was the complete separation of the agricultural classes from the parent institution on January 1st, 1908, and the establishment of the Poona Agricultural College.

Buildings for the permanent use of the College were complete—and fully occupied from July 1st, 1911.

The College is under the control of a Principal who is responsible to the Director of Agriculture in the Bombay Province, acting for the Government of Bombay.

The following endowments are connected with the Poona Agricultural College:—

I. Government Scholarships—

Eight awarded each year and tenable for three years of Rs. 20 per mensem.

II. The "Gulabdas Bhaidas Vakil King—Emperor Edward VII Scholarship" of the value of Rs. 110 is annually awarded to the student belonging to the Anavla Brahmin caste, who obtains the highest marks in the Intermediate Examination in Agriculture of the University of Bombay. The award is made by the trustees of the Scholarship Fund on the recommendation of the Principal of the Poona Agricultural College.

III. The "Gulabdas Bhaidas Vakil King-Emperor George V. Scholarship" of the value of Rs. 87-8-0, was originally annaally awarded to the student who obtained the highest marks in the Second Year's Examination in Agriculture of the University of Bombay. Since the abolitson of that examination it is awarded on the result of the Second Year's College Examination. The trustees of the endowment are the Director of Agriculture and the Principal of the Agricultural College.

IV. The "P. J. Bhatt Memorial Prize", is annually awarded to the student who obtains the highest marks in agricultural chemistry in the University Examination for the degree of Bachelor of Agriculture.

V. The "G. D. Mehta Memorial Prize", is annually awarded to the student who obtains the highest marks in agriculture in the University Examination for the degree of Bachelor of Agriculture.

XXXV.—COLLEGE OF ENGINEERING, POONA.

(AFFILIATED, 1865.)

The Poona College of Engineering (formally the Poona College of Science and still earlier the Poona Civil Engineering College) arose out of a school established in Poona in 1854 by Government at the suggestion of Lieut.-Colonel Walter Scott, Bombay, Engineer, for the purpose of educating subordinates for the Public Works Department.

The College is under the control of the Principal, who is subordinate to the Director of Public Instruction.

Selected students who have studied for at least two years in an Arts College affiliated to the Bombay University are educated through the medium of the English language for the University Degrees of Bachelor of Engineering (Civil), and Bachelor of Engineering (Mechanical) and Bachelor of Engineering (Electrical).

A School for engineering apprentices is attached to the Colleges and a diploma is granted after 3 years instruction to successful students in civil and after four years to Mechanical and Electrical Engineering.

In July 1863, Cowasjee Jehangir Readymoney, Esquire, presented to Government the sum of Rs. 50,000 to assist in the erection of suitable buildings for the College. The foundation-stone was laid by His Excellency Sir Bartle Frere on the 5th August 1865.

The endowments belonging to the College are held by Trustees. The present Trustees are Sir Cowasjee Jehangir, Divan Bahadur V. G. Shete and Mr. V. N. Vartak.

Senior Studentships.

Two Senior Studentships of Rs. 20 per mensem, tenable for one year, are attached to the College.

Scholarships.

A certain number of scholarships of the total value of Rs. 115–8–0 per mensem each tenable for one year from June to May are at present open to students in these branches for competition.

Special Scholarships.

Rules regulating the grant of special scholarships in the Colleges of Engineering Commerce and Law for :—

(*a*) Mahomedan.

(*b*) Intermediate and Backward classes (including scheduled classes) other than Mahomedans.

Twenty six scholarships will ordinary be awarded annually to enable students of the above classes (*a*), and (*b*) who have passed the Inter. Science Examination, Group A, of an Arts College or its equivalent and whose ages are between 16 and 30 years, to prosecute the course of studies in a College of Engineering or Commerce, or Law as the case may be, affiliated to the Bombay University.

(*a*) Seven of these Scholarships will be open only to Mahomedans born or domiciled in the Bombay Presidency.

(*b*) Nineteen of them will be open only to students of the Intermediate Hindus and non-Mahomedan Backward Classes including Scheduled Classes born or domiciled in the Bombay Presidency.

2. The scholarships will be of the value of Rs. 30, 25 and 20 per month and will ordinarily be distributed among the revenue divisions of the Presidency (*vide* Government Orders Educational Department, Nos. 5601 and 148 of 8th December 1919 and 13th January 1920, respectively).

McDougall Scholarship.

On the retirement from India of the Rev. James McDougall in 1862, a subscription was raised by the ex-students of the Poona Civil Engineering College for the purpose of perpetuating in the then school, the name of its former Principal. A sum of Rs. 1,500 was subscribed, and from the interest accruing from this sum the amount of Rs. 52 is placed annually at the disposal of the Principal, to be awarded as a Scholarship to the most deserving student.

Frere Scholarship.

At a meeting of the Indian inhabitants of Poona held on 11th November 1866, Khan Bahadur Padamji Pestanji presiding, it was resolved that, in order to perpetuate in Poona the memory of His Excellency Sir Bartle Frere, a fund be raised, and a Scholarship in connection with His Excellency's name be established in the Poona Civil Engineering College. This Scholarship, value Rs. 24 per mensum, is tenable for one year, and will be conferred on that student, who shall have obtained most marks in the preceding Second Examination in Civil Engineering, provided that he shall not at the same time, hold a Fellowship or Scholarship in any College affiliated to the University.

Rustomji Sorabji Woonawala Scholarship.

This Scholarship, of the value of Rs. 104 per annum, to be paid from the interest of the sum of Rs. 3,000 in 3½ per cent. Government Paper placed at the disposal of Government to found a scholarship in the name of Rustamji Sorabji Woonwala by Mr. Kaikoshru Rustomji Woonwala, to be given to that Parsi student who at the previous Examination, passed before his entry into the College, obtains the highest number of marks.

2. The Scholarship is to be tenable for three years.

The Bimji Morarji Scholarship.

This Scholarship was founded in 1912 by Messrs. Kothari Amritlal Bhimji and Masilal Bhimji in memory of their father, Rao Bahadur Bhimji Morarji, a retired Government servant of the Kathiawar Political Agency. The Scholarship is of the annual value of Rs. 372 per annum and is tenable for three years, It is to be awarded to a student of the Dasha Shrimali Bania community (preferably a *bona fide* native of Kathiawar) who is studying for the B. E. degree in the College of Engineering, Poona.

The Gourishankar Udeshankar Oza, C.S.I.. Scholarships.

(*Vide* Government Resolutions Educational Department, Nos. 598 and 1212, dated 23rd March 1904, 1st July 1904 and 12th December 1929).

These Scholarships of the value of Rs. 15-2-8 per mensem are to be paid from the interest of the sum of Rs. 7,100 placed at the disposal of Government to found scholarships in the name of Gourishankar Udeshankar Oza, C.S.I., by his son, Mr. Vajeshankar Gourishankar of Bhavnagar to be given to the students of Vadanagara Nagar Brahmin community of Bhavnagar in the first instance and, in the case of there being no such candidates to claim it, to be awarded to a student of that community residing in any place in Kathiawar or Gujarat.

The persons claiming the scholarships must have passed such examination of the University of Bombay as may be required for admission into the College.

In the case of there being more than two candidates to claim the scholarships, they shall be awarded to the candidates who have passed such examination with the highest number of marks. The Principal has the power of forfeiting the scholarships if the holder proves himself unworthy of them.

A scholarship (tenable for three years) will be granted every third year. In addition to this a scholarship tenable for one year will be granted every alternate year, if funds are available.

The Nusserwanji Jehangirji Wadia Scholarship.

The University of Bombay awards the N. J. Wadia Scholarship of the value of Rs. 200 per annum, every alternate year, to the highest among Parsi candidates at the S. E. Civil Examination, tenable for one year at this College.

The Jehangir Hormasji Mehta Prize.

The sum of Rs. 800 has been placed at the disposal of Government by Mr. Hormasji Beramji Mehta to endow a prize of the value of Rs. 50 in books, in the name of his son Jehangir Hormasji Mehta a former student of the college, who graduated as L. C. E., in 1909 (*vide* Government Order, Educational Department, No. 2605 of 22nd October 1917). The prize is awarded in the years in which N. J. Wadia Scholarship is not awarded by the University. It is awarded to the Parsee candidate, who passes the S. E. Civil Examination with the highest number of marks on condition that he continues his studies for the final degree examination.

A. K. Motiwala, B. E. (Civil) Scholarship.

A scholarship, to be called "The Ardeshir K. Motiwala Scholarship". of the value of Rs. 100, shall be awarded annually to the Parsee student who passes the F. E. Examination with the highest number of marks at the first attempt, provided he continues his studies at the College for the S. E. (Civil) Examination.

In the event of several candidates passing the F. E. Examination with the same highest number of marks, all at the first attempt, and joining the S. E. (Civil) class, the Scholarship shall be awarded to the candidate who also passes highest at the Preliminary Examination of the College.

C. J. Hansoti Scholarship.

A Scholarship to be called 'C. J. Hansoti Scholarship,' of the value of Rs. 152 shall be awarded annually to the student who passes the S. E. Civil Examination with the highest number of marks in Engineering at the first attempt provided he continues his studies at the College for B. E. Civil Examination and provided also that he does not hold any other scholarship or fellowship.

In the event of more than one candidate obtaining the highest number of marks in S. E. Civil Examination in Engineering at the first attempt and joining B. E. Civil Class, the Scholarship shall be awarded to the candidate who also passes highest in Engineering at the Preliminary (S. E. Civil) Examination of the College.

F. C. Taraporewala Scholarship.

In the year 1926, Bai Soonabai, the widow of the late Mr. Fardoonji Cooverji Taraporewala, C. I. E., B. A., L. C. E., retired Superintending Engineer, Northern Division and her children being desirous of founding a scholarship in his name, offered to the Government of Bombay through the Director of Public Instruction, Government Promissory notes of the nominal face value of Rs. 5,000 which they subsequently increased, by an offer of further securities of the face value of Rs. 200, to Rs. 5,200 and the said offer was accepted by the Government of Bombay and it was agreed that the investments representing the said Fund and the income thereof should be held, administered and applied by the Trustees for the time being of the said College of Engineering, Poona, upon the following conditions, *viz*:—

(Government Securities of the face value of Rs. 1,600 were subsequently added to the Fund.)

1. The interest and income of Rs. 230 accruing on the securities forming the said fund shall be devoted to providing a scholarship in memory of the late Mr. Fardonji Cooverji Taraporewala, C.I.E., B.A., L.C.E., to be awarded annually to a Parsee student of the said College who passes the Second Engineering Examination of the University of Bombay in that year in the first class and with the highest number of marks among the Parsee candidates and continues his studies at the said College for the B. E. Examination.

2. If in any year there is no Parsee student who fulfils the above conditions of the scholarship available for the scholarship, then in such case it shall in that year be awarded to a student of any other community who passes the said Second Engineering Examination in the first class with the highest number of marks and continues his studies as hereinabove mentioned at the said College provided that with the exception of a College Scholarship, Fellowship or Studentship (if the latter is substituted for the fellowship), he holds no other scholarship at the same time.

3. The stipends of the said scholarship shall be paid half-yearly at or about the commencement of each term.

4. Any surplus arising from any cause whatsoever shall be applied towards increasing the fund.

5. The trust shall operate in favour of any other institution by which the College of Engineering, Poona, may, with the approval of the Government of Bombay, be replaced and for such other purposes of a like nature or the furtherance of the intent specified as shall at any time seem proper to them.

6. Subject to the foregoing conditions the investment for the time being of the moneys representing the said fund and the management and dispensation of the income arising therefrom shall be in the discretion of the Government of Bombay.

The K. S. Framji Memorial Fund.

In the year 1931, the Framji Memorial Fund was raised by some admirers of Mr. K. S. Framji, Chief Engineer, Public Works Department, on his retirement from Government service consisting of Government Promissory notes of the face value of Rs. 5,700 in order to found prizes and a library of books on engineering subjects at the Poona College of Engineering with the object of perpetuating Mr. Framji's name and the Government of Bombay accepted the said donation, and it was agreed that the investments representing the said fund and the income thereof should be held, administered and applied by the Trustees for the time being of the Funds of the College of Engineering, Poona, upon the follo wing conditions, *viz*:—

1. The interest of Rs. 199-8-0 accruing on the said securities shall be utilised as follows:—

(a) In awarding annually a prize of the value of Rs. 40 consisting of books inscribed with the words "The K. S. Framji Memorial Prize" to the third year D
C E student of the said College who within two years from

his admission to the College has passed with the highest total of marks the second year examination and who continues his studies at the College in the third year class.

(b) In awarding annually a prize of the value of Rs. 100 consisting of books inscribed "The K. S. Framji Memorial Prize" to a third year B. E. (Civil) student of the said college who within two years from his admission to the College has passed with the highest total of marks the second year examination and who continues his studies at the College in the third year class.

(c) The first prizes shall be given on the results of the examination for the year 1930–31.

(d) The interest accrued prior to the award of the first prizes shall be utilized is the purchase of a cupboard to be placed in the College library and inscribed with the words "Presented from the K. S. Framji Memorial Fund."

(e) The balance of the annual interest and any surplus which shall remain unexpended shall be utilised in the purchase from time to time of books on Civil Engineering subjects and if necessary additional cupboards for such books to be similarly inscribed and also in the binding and preservation of such books if considered necessary.

2. The trust shall operate in favour of any other institution by which the College of Engineering, Poona, may, with the approval of Government be replaced and for such other purposes of a like nature or in the furtherance of the intent specified as shall at any time seem proper to them.

3. Subject to the foregoing conditions the investments for the time being of the moneys representing the said fund and the management and dispensation of the income arising therefrom shall be in the discretion of the Government of Bombay.

A. X. Moraes Scholarship.

(Accompaniment to G. R., E. D., No. 5111 of 30—March 1932).

(1) On the retirement of Mr. A. X. Moraes from Government service, a subscription was raised by his friends and admirers to perpetuate his memory.

(2) It is decided to perpetuate Mr. Moraes' memory in the following manner :—

(*a*) A scholarship shall be founded and named the "A. Moraes Scholarship."

(*b*) 3½ per cent. Government securities of the face value of Rs. 4,300 shall be purchased. These securities will yield interest of approximately Rs. 150–8–0 per annum.

(*c*) A scholarship of Rs. 150 per annum shall be awarded to the student in the B. E. class who obtains the highest aggregate marks in the subjects of "Building Construction" and "Roads, Railways and Bridges" in the previous S. E. Examination provided he does not pass by compartments and that he has passed the S. E. Examination within two years of his admission to the College. If the University course and syllabus are changed the necessary modifications may be made by the College authorities in the keeping of the object of the donation.

(*d*) The scholarship shall be awarded solely on merit without distinction of caste or creed.

(*e*) The scholarship shall be awarded to students of the Poona College of Engineering or whatever name it may bear hereafter with the approval of Government.

(*f*) The scholarship shall only be held for one year by any student and cannot be awarded to the same individual twice.

(*g*) The scholarship shall be awarded at the end of each term on a certificate from the Principal of satisfactory progress, good conduct and regular attendance.

XXXVI.—NADIRSHAW EDULJI DINSHAW ENGINEERING COLLEGE, KARACHI.

(Affiliated, 1922).

Nadirshaw Edulji Dinshaw Engineering College is a growth from the Dayaram Jethmal Sind College, Karachi. Prior to its inception, with the Poona Engineering College as the only technical institution in the Presidency, the need for another College of this type had been keenly felt, and many students desirous of pursuing a course in Civil Engineering of University standard had to go without it, admission to the Poona College being limited.

In 1922, an effort was made to expand the Engineering Branch attached to the D. J. Sind College, which qualified students for the Subordinate Service in the Public Works Department, and a College was started with Rai Saheb Bhupatrai, Retired Executive Engineer, N. W. Railway, as Honorary Principal. A nucleus donation of Rs. 50,000 from the Prince of Wales' Welcome Fund was secured for starting the new College on condition that it would be named after His Royal Highness the Prince of Wales and the College was so named.

An application for affiliation for First Year Engineering Class was provisionally granted by the University in 1922, on condition that a sum of rupees two lacs was provided by the College authorities immediately, and a further sum of rupees one lakh later, for making it a full-grade College. Rs. 20,000 were obtained from Mrs. Puribai Memorial Fund, through the courtesy of Mr. Jamshed N. R. Mehta, the then President, Karachi Municipality, and Rs. 40,000 were offered by Messrs. Vishindas Brothers, and

accepted with thanks. Later, Mr. Hoshang N. E. Dinshaw came forward with a magnificent offer of rupees one lakh and a half, provided the College was renamed after his father late Mr. Nadirshaw Edulji Dinshaw. The College authorities accepted the offer, and the College was renamed accordingly. The Prince of Wales' Welcome Fund has since been reserved for postgraduate scholarships.

From June 1934, the College has been affiliated by the University of Bombay for its B. E. degrees in Mechanical and Electrical Engineering.

The management and the control of the College are vested in the College Board which forms the governing body of the Sind Collegiate Association, and consists of representatives of Government, of the Association and of the contributing Municipalities and District Local Boards. The institution receives a grant-in-aid from Government.

Mr. G. N. Gokhale, Executive Engineer, Public Works Department, was invited to be the Principal of the College. He accepted the invitation and was in charge of the institution from July 1923 to June 1935. Since then Principal S. B. Junnarkar is in charge of the institution.

The College is housed in buildings specially erected within the precincts of the D. J. Sind College, comprising the Fatechand Devandas Khilnani Hall, Mrs.Puribai Power House and Workshop, and Smithy and Carpentry Shops.

A three-year Diploma course for training of overseers for the Sind Subordinate service of Engineers is attached to the College, and the course now followed is the same as the Poona Engineering College.

The College is also running a three years' Diploma Course in Mechanical and Electrical Engineering, as also a Class for training Wireless Operators. It is also a centre for holding the examinations of the City & Guilds of London Institute.

XXXVII.—GOVERNMENT LAW COLLEGE, BOMBAY.

(AFFILIATED, 1860).

The foundation of this Institution was due to a subscription which was raised by the inhabitants of Bombay in the month of November 1852 on the eve of the departure from India of Sir Thomas Erskine Perry, Kt., Chief Justice, who had been for nearly nine years President of the Board of Education, to found a Professorship of Jurisprudence as a memorial of his long connection with both law and education in India.

This endowment yields a yearly income Rs. 1,879, to which Government contribute a subsidy which was fixed in 1856 at Rs. 100 per mensem, but which has been reduced to Rs. 81 since the year 1892, the aggregate being the stipend of the Perry Professor of Jurisprudence. Up to June 1900, Government contributed Rs. 600 per mensem for the maintenance of two Professorships of Law.

At the close of the year 1897-98, a committee of Enquiry was appointed by Government to enquire into the working and constitution of the Law School, which resulted in the appointment of three additional Professors. A Board of visitors was also appointed and a grant was made for the purpose of awarding prizes to those students who distinguished themselves at periodical examinations to be held by the Professors.

At the commencement of the year 1915-16 another committee was appointed by Government to consider the needs of the Government Law School and make suggestions and recommendations in the light of the suggestions made by Sir Alfred Hopkinson for the re-organization and improvement of the Law School. The Committee was appointed jointly by Government and the University of Bombay. The result was an addition of four Professors to the existing staff and such other changes.

The Sir John Heaton Prize Fund was established in 1922 by the Bombay Judicial Service Association, Surat, in the name of Sir John Heaton, Kt. The Fund yields an annual income of Rs. 161 to be utilized in awarding a prize in each year to a student of the Government Law School, Bombay, who shall pass in all subjects at one and the same time at the Second Examination held by the University of Bombay for the Degree of Bachelor of Laws and who shall amongst the candidates secure the highest number of marks in the subject known as "Procedure, Evidence and Limitation" or other similar subject on a comparison of the results of such examination at the two University Examination which are held every year.

In the event of there being no such student in any year who is qualified to receive such prize the principal for the time being of the Government Law School, Bombay, shall award the said prize to such deserving student at the said Law School as he may nominate for the purpose.

The Merwanji Kaiskhusro Alpaiwalla Prize Fund was established by Mrs. J. D. Ashburner in the name of late Mr. M. K. Alpaiwalla, an eminent Attorney of Bombay. The Fund yields an annual income of Rs. 24 to be utilised in awarding a prize in each year to a Parsee student of the Government Law College, Bombay, who shall pass in all the subjects at one time at the Second Examination for the Degree of Bachelor of Laws of the Bombay University and who secures the highest number of total marks at the said examination among the Parsee candidates on a comparison of results of the two Examinations which are held every year in April and October following.

In the event of there being two Parsee candidates bracketed for securing the highest number of total marks in the Second LL. B. Examination of April and

October of the Calendar year, the Prize (in Books) will be divided equally between the two candidates.

In case there may be no Parsee student in any year to claim the Prize the income realized from the Fund will be carried over to the next year for being awarded to such Parsee student.

In the year 1925 the name of this Institution was changed from 'Government Law School' to 'Government Law College.'

In accordance with the Ordinance passed by the Bombay University in 1929 the Principal of the Government Law College, Bombay, was appointed by the Bombay University as a University Teacher for post-graduate instruction in Law and the necessary arrangements for admission of students for the LL. M. Degree Course in this College were made from the commencement of the Term, June to October 1930, on receipt of Government sanction to the same.

As a result of the recommendation made by the two Inspection Committees of the Bombay University in the years 1924-25 and 1930-31, in connection with the necessity of increased tuition in the College, Government were pleased to sanction the additional teaching from 6 to 8 hours a week in the term time and in addition to that the Law Library was kept open to the students of the College from morning till late in the evening since the commencement of the term in June 1932.

In 1935, the Honourable the Chief Justice appointed a representative Committee of members representing the High Court, Bombay Bar Council and the University of Bombay, to reconsider the question of Legal Education in this Presidency.

On the scrutiny of the Report of the Committee, the Government of Bombay were pleased to convert the Government Law College from a part-time into a full-time institution from June 1938.

The fundamental changes being as under:

1. Admission is open to I.A., I.Sc., or I. Com. Students, with whole time instruction as in the Arts Colleges.

2. The course is to consist of two years, as before, but the subject of English, Precis and Essay writing is added to the First LL. B. Course, with some adjustment of the subjects for the two old LL. B. Examinations.

3. After two years' training in the College, the student has to work as an apprentice under a senior practitioner approved by the High Court for one year and at the close to pass the test held by the Bombay Bar Council.

As a sequel to this, the old course will come to an end in March 1940 for the First LL. B. and March 1941 for the Second LL.B. teaching in this College as well as in all other Law Colleges affiliated to the University of Bombay.

Subjects.

XXXVIII.—INDIAN LAW SOCIETY'S LAW COLLEGE, POONA.

(AFFILIATED, 1924).

Towards the end of the last and the beginning of the present century a general desire existed for a Law Academy under independent private management, and an attempt was made by prominent leaders in Bombay for the initiation of a Law College, but it did not succeed. The students, however, very keenly felt the want and Messrs. J. R. Gharpure and P. B. Shingne decided in the winter of 1902 to make a beginning in that direction. The New Law Class, Bombay, was, therefore, started in 1903 wherein provision was made for giving instruction to students preparing for the Pleader's Examinations held by the High Courts and the Chief Courts, and, also to the University students of Law by private arrangement. A library was started where students were reading under the supervision of the staff. The next stage was reached in 1907 when on an application by the Deccan Education Society, the Fergusson College Law Class was affiliated for the purpose of the First LL.B. Examination, and Mr. J. R. Gharpure was in charge of the same. Soon after, however, the University decided upon the policy of concentrating legal study in Bombay and as a result all the Law Classes in the mofussil came to be disaffiliated. The experiment thus started at Bombay had a trial for over fifteen years, and it was found that there was room for supplementary efforts. Accordingly, with the concurrence of lawyers in Bombay, Poona, and outside, a Society called the Indian Law Society was established at Bombay on the 4th of March 1923 with the late Dr. Sir Narayanrao Ganesh Chandavarkar, Kt., B.A., L.L.D. as its President, Mr. H. C. Coyajee, B.A., L.L.B., Advocate, High Court is its present President. Members are divided into Patrons, Fellows, Associates and Working Members. The Working Members pay a contribution and are pledged to work at the College for a fixed period. The objects of the Society are, among others, the following :—

(*a*) To provide facilities for the study of law by starting colleges at various centres in the country, where law will be taught and may be studied as required by the curricula of the several Universities and High Courts, and on a scientific basis.

(*b*) To open schools for imparting a general knowledge of law to citizens.

(*c*) To make provision for imparting instruction in law and constitution to those who require it for qualifying themselves for any special purpose, and to do all such things as would further the said objects.

In pursuance of the said objects the first step taken by the Society was the opening of a Law College at Poona, which was decided upon at its first meeting and was finally affiliated in December 1923. The College was opened in June 1924 and the response that it received and has ever since been receiving, has made it clear that such an institution was a long felt want. The College classes used to be temporarily held in the premises of the Deccan Education Society's Fergusson College where also was located the Library for the students. But immediately after the college was opened in 1924 a plot of ground bordering between Bhamburda and Yerwandana was secured from the holders of the occupancy rights. The other rights were acquired through Government, and after the acquisition was complete the Buildings for the College were commenced in 1935, and in June 1936 the College has been removed to the new premises together with the Library, Students' Hostels, and the Gymkhana.

XXXIX.—S. C. SHAHANI LAW COLLEGE, KARACHI.

(AFFILIATED, 1926).

In January 1925, the Secretary, Sind Collegiate Board, placed his ideas about the starting of a Law College before the College Standing Committee, which realizing "that legal knowledge must have an excellent claim to be included in any scheme of liberal education even from a utilitarian point of view," authorized him to approach some of the best local practising lawers "to ascertain if they would be prepared to render honorary service if necessary for five years in the proposed Law College". The response was very generous. Then the College Committee and ultimately the College Board permitted an application to be made to the University for affiliation of a Law College. And after the usual necessary formalities, the University and Government sanctioned the starting of the College, called the Sind Collegiate Board's Law College.

In the year 1932-33, the name of the College was changed to S. C. Shahani Law College.

The College began its work on the 20th June 1926, in the class rooms of the D. J. Sind College, where it continued to hold its classes in the evenings upto March 1939.

From the academic year 1939-40, the College has become a full time College under the Revised Regulations of the University. Side by side the teaching of the 1st and 2nd LL. B. Old Courses is being undertaken and will be continued till such time as is permissible under the University Regulations. The College is now housed, but only temporarily, on the first floor of the Annexe to the main building of the D. J. Sind College. It is hoped that a new building will soon be put up for the College on a plot in the neighbourhood of the D. J. Sind College, negotiations for the grant of which are going on with the Sind Government and the Karachi Municipal Corporation.

The College is under the control and management of the same Board as the Dayaram Jethmal Sind College and the Nadirshaw Edulji Dinshaw Civil Engineering College.

The College has a fairly well equipped library which is being added to every year.

XXXX.—SIR LALLUBHAI SHAH LAW COLLEGE, AHMEDABAD.

(AFFILIATED, 1927.)

This College has been named the Sir Lallubhai Shah Law College as a tribute to the memory of the distinguished Judge of the High Court of Bombay, almost the last public act of whose life was to inspire the formation of the Gujarat Law Society and to make possible the establishment of this much needed College in the capital city of Gujarat.

The Society was registered under the Act XXI of 1860 on the 23rd day of February 1927 with the object, among others, of providing facilities for the systematic study of Law, in conformity with the requirements of the Universities and the High Courts of Judicature, by opening Colleges or Schools at various centres in Gujarat and Kathiawar.

This College was opened at Ahmedabad on the 20th day of June 1927, two days after its provisional affiliation by the University of Bombay. Lectures are delivered in all the subjects prescribed by the University for the First and Second Examinations for the Degree of LL. B.

The college is situated at a prominent place on lands owned by the Gujarat Law Society. The college premises and the hostel buildings are situated near by each other on the said lands.

The management of this College and the Hostel for students, as well as of all the affairs of the Society, is vested in a Governing Body consisting of Dr. Sir Chimanlal Harilal Setalvad, President, and sixteen other members.

The Society will award Fellowships, prizes, and scholarships to students of this College on the results of the University examinations.

XXXXI.—SYKES LAW COLLEGE, KOLHAPUR.

Kolhapur forms the natural centre of that part of the Deccan which comprises the Southern Maharashtra, the Southern Konkan and the Karnatic. This is a large tract of country which has in recent years made rapid strides in the course of higher education, as is evident from the four already well-established and growing full-grade Arts Colleges at Kolhapur, Sangli, Dharwar and Belgaum and two full-grade Secondary Teachers' Training Colleges—one at Kolhapur and the other at Belgaum. The need of a Law College to serve the requirements of this part of the Country was being keenly felt. It was in response to this need that His Highness Colonel Sir Shri Rajaram Chhatrapati Maharaja, G. C. I. E., G. C. S. I., of Kolhapur, thought that "for the better encouragement of His Highness" subjects of all classes and denominations within the State of Kolhapur in particular, and of the people of the surrounding parts of India in general, in pursuit of a regular and liberal course of legal education, a College of Laws should be established at Kolhapur" and gave instruction to His Prime Minister to prepare a scheme and obtain the necessary sanction from the University of Bombay.

Accordingly the then Officiating Prime Minister, Rao Bahadur D. M. Bhosle, submitted a scheme to the University of Bombay and the University approved of the scheme and recommended it for acceptance to the Government of Bombay.

By Government Notification No. 5491 issued on the 28th June, 1933, the Law College, Kholhapur, was provisionally recognised as a Full-Grade Law College affiliated to the Bombay University for a period of 5 years beginning from June, 1933.

The College began work from the 1st term of the academical year 1933–1934.

On the 2nd November, 1933, His Excellency Sir Frederick Sykes, the then Governer of Bombay, was pleased to perform the formal opening ceremony of the College and he graciously allowed the institution to be named after himself. Since then this College has come to be known as "Sykes Law College".

By Notification No. 5491, dated the 24th June, 1938, the Government of Bombay sanctioned the affiliation of the Sykes Law College, Kolhapur, to the University of Bombay, for a further period of 3 years from June, 1938.

Management.

By Notification No. 23 of the General Department, Prime Minister's Office, Kolhapur, dated the 3rd October 1939, the Management of the Sykes Law College, until then conducted by the Council of Legal Education, Kolhapur, has been taken over by the Darbar under its direct control as a State Institution as from the 1st October 1939, and the Council of Legal Education has ceased to function.

Situation.

The College is situated in the Lady Sykes Building, Shahupuri, a few minutes walk by road from the Kolhapur Railway Station.

Scope.

Students are admitted to the LL. B. & LL. M. Degree Courses of the University of Bombay. Since June, 1938, provision has also been made for imparting instructions in Law according to the New Rules for the 1st & 2nd LL. B. classes. Facilities are also provided for Research work in any legal subject.

Number to be Admitted.

By the terms of affiliation the maximum number of students to be admitted in each class is as follows :—

1st LL.B. (Old)	...	...	150
2nd LL.B. (Old)	...	...	100

Lectures.

Lectures are delivered in the mornings and in the afternoons. The College has a Gymkhana and its own play-grounds situated near the College.

Residency.

The College has a Hostel situated at a distance of a few yards from the College Building, where accommodation is provided for 30 students.

XXXXII.—SARVAJANIK LAW COLLEGE, SURAT.

The Sarvajanik Law College was started in 1935 by the Sarvajanik Education Society, which may be said to owe its origin to the growth and development of a private Anglo-Vernacular School, started in 1888, with the object of imparting sound education as cheaply as possible. The School which was at first a proprietory concern and was called "The English School, Surat" was subsequently named "The Sarvajanik High School, Surat". With a view to put the institution on sounder and more permanent footing and with a view to spread educational activities further in the Surat District also, the then proprietor of the School, the late Mr. C. G. Shah, transferred the School with all its properties, without taking any compensation therefor, to "The Sarvajanik Education Society, Surat" which was started in 1912 and which was registered under Act XXI of 1860. Later on in 1916 the Society took up the question of starting an Arts College and started a Second Grade Arts College in 1918, at first called "The Sarvajanik College, Surat". It was converted into a First Grade Arts College in 1920 and was named "Maganlal Thakordas Balmukunddas College, Surat" after Sheth Maganlal Thakordas Modi, L. C. E., C. I. E., who made a munificent donation of Rs. 2,00,000 to the funds of the Society. The M. T. B. College which was teaching only Arts subjects at first, began to teach Science subjects for the I. Sc. examination from 1927. In 1935, a spacious Science Building was erected at a cost of nearly Rs. 3,00,000 and the College was affiliated to teach Science subjects up to the B. Sc. degree. During the years 1930–35 the strength of the M. T. B. College also rose from about 300 to 800, which was a phenomenal rise. With all this growth, expansion and development in the activities of the Society in the sphere of higher education, the Managing Committee thought of the hardship and the inconvenience experienced by the graduates passing from this College as well as graduates of the Surat District passing from other Colleges who took to the study of Law and also desired to carry on their M. A. studies as well. The existing Law Colleges were situated at farther ends—one at Bombay and the other at Ahmedabad. The Society, therefore, decided to start a Law College at Surat, with the ungrudging and willing co-operation of some of the most senior members of the local bar, and an applicatibn was made to the University for permission to open a College to teach up to the LL. B. degree. The University recommended the affiliation of the College to Government for a period of five years in the first instance, and the Government sanctioned the affiliation for a period of two years from June 1935 under notification No. 5915, dated 3rd May 1935. The affiliation of the College was extended for a further period of three years from June 1937. This affiliation is further extended for a period of three year from june 1940.

The College was declared open, and the first inaugural address was delivered, by the Hon'ble Sir Ali Mahomed Khan Dehlavi, Kt., Bar-at-Law, the then President of the Bombay Legislative Council on 17-6-1935. The College meets in the Science Building of the M. T. B. College referred to above.

The College is under the direct control and supervision of the Executive Committee of the Sarvajanik Education Society which consists of Patrons, Vice-Patrons, Fellows, Life-Members who have contributed minimum amounts of Rs. 1,000, 500, 250 and 100 respectively to the funds of the Society—and Volunteers who join the Society with the object of devoting their lives to the cause of education by working in the institutions of the Society.

The permanent funds of the Society amount to about Rs. 20,26,000, out of which the lands, buildings etc., are worth about Rs. 16,73,000.

Library.

During the very first year of its existence, the College has purchased Law books, Law reports (including back volumes) and Law Journals worth more than Rs. 10,000 and the Library contains two or three copies of books constantly required by students. Additions to the Library are being made every year by the purchase of more books and periodicals.

Gymkhana.

All the facilities of the M. T. B. College Gymkhana and play-grounds are available to the Law College students.

Hostels.

Students are accommodated in the single rooms of the M. T. B. College Hostels which can accommodate 252 students.

XXXXIII.—GRANT MEDICAL, COLLEGE, BOMBAY.

(AFFILIATED, 1860.)

This College was established in the year 1845, under the name of the Grant Medical College, as a tribute to the memory of the late Sir Robert Grant, Governor of Bombay, with whom the system of instruction pursued in it originated. The object of its establishment is to "impart, through a scientific system, the benefit of medical instruction to the Natives of Western India." A moiety of the cost of the building was defrayed by Sir Robert Grant's friends—the remainder by Government. The funds for the support of the College, with the exception of certain endowments for the encouragement of deserving students, are contributed by Government.

The College is under the immediate control of a Principal who is subordinate to the Surgeon-General, with the Government of Bombay. Lectures are delivered in the English language on every branch of Medical Science.

Attached to the College is a Laboratory for Scientific Medical Research, the gift of Mr. Framji Dinshaw Petit. This institution was opened on the 17th February, 1891.

Clinical instruction is imparted in the wards and new out-patients Department of the Sir Jamsetji Jeejeebhoy Hospital containing 365 beds, in Byramji Jeejeebhoy Hospital for children containing 85 beds, in the Sir Cowasji Jehangir Ophthalmic Hospital containing 73 beds, in the Bai Motlibai Obstetric Hospital containing 56 beds and in the Sir Dinshaw Manekjee Petit Hospital for women and children containing 40 beds. Additional facilities for Obstetric practice are provided at the Nowrosji Wadia Maternity Hospital and at the Cama and Allbless Hospitals, Clinics in Infectious Diseases are given at the Municipal Hospitals for these Diseases by Medical Officers in charge.

The Students are arranged in classes :—

1. Graduates and Undergraduates of the University of Bombay and other affiliated Universities who are educated through the English language for Medical Degrees in Western Medicine.

2. Undergraduates and others for the diplomas of the College of Physicians and Surgeons, Bombay.

The College possesses the following endowments :—

XXXXIV.—SETH G. S. MEDICAL COLLEGE, BOMBAY.

(AFFILIATED, 1925.)

The Seth Gordhandas Sunderdas Medical College which has about 484 students owes its origin to the endowment, in 1916, of Rs. 14,50,000 in 3½ per cent Promissory Notes from the Trustees of the late Seth Gordhandas Sunderdas, offered to the Bombay Municipal Corporation for the foundation of a medical college in association with the King Edward VII Memorial Hospital, which the Corporation had undertaken to build, equip and maintain.

By the passing of the Bombay Police Charges Act of 1907, it became imperative on the Municipal Corporation for the City of Bombay to extend the work of medical relief in the City. The want of a fully equipped large general hospital was keenly felt to meet the growing demands of the rapidly developing portions of the North of the Island. In the year 1909, the Municipal Commissioner was asked by the Committee appointed by the Corporation for the purpose of extending medical relief to put before them definite proposals for the establishment of a fully equipped modern Hospital in a suitable locality. Soon after the death of His Imperial Majesty King Edward VII, the people of Bombay decided to raise a suitable memorial to his reign in the City.

In September 1911, the Secretaries of the Memorial Fund Committee informed the Corporation that their Committee had decided that a Hospital in the Northern part of the Island would form a most fitting memorial to his late Majesty. They also informed that they had collected funds to the extent of about seven lakhs of Rupees and that the Government had granted a free site measuring 50,000 square yards on the Parel Government House estate, the market value of which, as then estimated, was Rupees five lakhs. The Corporation welcomed this offer of assistance and replied that, as they had intended to build a hospital themselves, they would be prepared to build, equip and maintain the Hospital.

In the year 1916 another development took place in the history of the Hospital. At the instance of the Trustees of Seth Gordhandas Sunderdas, the then Advocate General, the Honourable Mr. D. N. Bahadurji, offered to the Corporation, Government Loan Notes of the face value of Rs. 12,00,000 (which was subsequently increased to Rs. 14,50,000) in 3½% Government Promissory Notes for endowing a Medical College to be named after Seth Gordhandas Sunderdas in connection with King Edward VII Memorial Hospital. The endowment was made under the following conditions :—

(*a*) That the College should be established in connection with and be attached to the King Edward VII Memorial Hospital.

(*b*) That the College should be affiliated to the University of Bombay and proper provision should be made therein for giving instructions to the highest medical degree of the University.

(*c*) That the Corporation should provide the necessary buildings and equip the College with all necessaries for giving proper instruction.

(*d*) That the Corporation should ever afterwards maintain the College and defray the necessary recurring expenditure for the purpose.

(*e*) That the Professors and Teachers to be employed at the College should all be properly qualified independent Indian gentlemen not in Government service.

(*f*) That the College should be named the "Seth Gordhandas Sunderdas Medical College".

Seeing that the need for another Medical College in the Presidency was keenly felt the Corporation accepted the munificent offer.

The permanent affiliation of the College to the University of Bombay for the course of studies for the M. B. B. S. degrees was sanctioned by Government in August 1926. At first permission was granted by the University to admit 60 students only. With the increase in bed accommodation in the K. E. M. Hospital this number was increased to 70 in the year 1931; and to 80 as from 1934. The College is also affiliated to the College of Physicians and Surgeons, Bombay, for all its examinations.

The College and the Hospital have been also recognised for the examinations for postgraduate degrees and diplomas granted by the University of Bombay, as well as for various examinations held by the London University, the Conjoint Board, (London), the Royal College of Surgeons (England) and for the D. O. examination of the University of Oxford.

The College is also affiliated to the University of Bombay for undergraduate and postgraduate courses of study in the Faculty of Science in the Subjects of Animal Physiology, Comparative Anatomy, Embryology, Bacteriology and Micro-Biology.

The College and Hospital were formally opened by His Excellency the Right Honourable Colonel Sir Leslie Wilson, P. C., G.C.I.E., C.M.G., D.S.O., Governor of Bombay on the 22nd January 1926.

The administration of the College and the Hospital is in charge of the Dean, who is responsible to the Corporation for their efficient management.

A hostel for the students of the College, with an accommodation for about 144 students, exists in the College compound. It is under the direct supervision of the Resident Hostel Superintendent.

Another hostel for the lady students of the College is provided with an accommodation for 28 lady students and is situated in the close vicinity of the College. It is under the direct supervision of a Lady Superintendent.

The clinical instruction is imparted in the associated King Edward VII Memorial Hospital which was intended to have 304 beds. In view of a steady increase in demand for admission of patients, the bed accommodation was increased to 354 in the year 1930. With the construction of a Skin & Venereal Ward this accommodation was increased to 370; the full quota of beds being made available in 1936. As the demand for admission to the hospital grew steadily the bed accommodation was increased to 426 in 1939. The hospital is being further expanded at a cost of over Rupees 15 lakhs by the construction of an additional storey over its pavilion wards for a further accommodation of 106 beds; by the construction of a new Operation Theatre block, by the provision of an observation ward for mental cases and by the expansion of the Out-patient department. New Quarters are also under construction for the Nursing Staff, the Dean, the Assistant Dean and the Assistant Medical Officers.

Maternity training is given at the associated Nowrosji Wadia Maternity Hospital, with an accommodation of 150 beds. Instruction in Fevers is given in the City Isolation Hospitals with 332 beds, and in Mental Diseases at the Narottamdas Madhavdas Mental Hospital, Thana. The Superintendent of Vaccination, Bombay Municipality, gives instructions to the students of this College, in the theory and practice of vaccination. Arrangements have also been made for the clinical instruction of students in the medical and surgical diseases of children in Bai Jerbai Wadia Hospital with 126 beds.

In the year 1931, the Trustees of the Seth Jamnadas Lalloobhoy Charities made a donation of Rs. 1,10,000 in Government Securities for a Museum to be attached to the College. The Museum Building forms the end of a long block of College Buildings and consists of an oblong hall with surrounding gallaries forming the second and third storeys, the whole building having an exhibitional area of 9,464 sq. ft. Besides housing the Pathological specimens, it has a collection of wax models illustrating a number of skin and other diseases. Arrangements are also provided for the display of skiagrams of various pathological conditions. Specimens for the instruction of students in Medical Jurisprudence are being added. The exhibits are systematically numbered and catalogued and card indexes and slides are provided to facilitate the work of the students. It is well supplied with office and work rooms, and with an arrangement for microphotographic work. Anatomical and Biological specimens are housed in two separate halls in the main College Building.

At the outset, the Vice-Chancellor referred to the great loss which the Empire had sustained by the death of His late Majesty the King-Emperor, George V, and addressed the Special Convocation in the following terms :—

"Members of the Senate,

Since we met last a great calamity has befallen the Empire by the death of His late Majesty the King-Emperor, George V. When the heart is full of sorrow, it is difficult to give adequate expression to one's feelings. Well deserved tributes have been paid to the services rendered by His late Majesty to the Empire over which he reigned for over twenty five years, and to his subjects. One thing, however, that I would like to say is that the essence of His Majesty's life was his selfless devotion to duty. Although he was a King and Emperor, throughout his career both as Prince of Wales and Sovereign he looked upon himself and went through life above all as a devoted servant of his Empire and his people.

Following past precedents, our sorrow and grief at His late Majesty's death will be conveyed by the Chancellor, the Vice-Chancellor, the Deans of the various Faculties and the Members of the Syndicate in the form of a loyal address to His Majesty King Edward VIII.

I now request you to remain standing in your places in solemn silence for two minutes".

The members of the Senate and the candidates for degrees who were present in the hall stood in solemn silence for two minutes as a mark of respect to the memory of His late Majesty.

Professor V. K. Joag, the Dean of the Faculty of Arts then rose and supplicated a Grace of the Senate in the following form of words :—

"*Mr. Vice-Chancellor,* on behalf of Miss Tehmina Behram Sanjana and 185 others who have been examined and found qualified for the Degree of Bachelor of Arts, I move that the Senate do pass a Grace for their admission to the said Degree."

Whereupon the Vice-Chancellor put the question, "Doth it please you that this Grace be passed?" and the Senate assenting, the Vice-Chancellor said : "This Grace is passed."

Professor V. K. Joag then presented some of the candidates to the Vice-Chancellor and prayed for the admission of all in the following form of words :—

"*Mr. Vice-Chancellor*, I present to you some of the candidates who have been examined and found qualified for the Degree of Bachelor of Arts, to which I pray they may be admitted, and, on behalf of those who have been permitted to receive their Degree *in absentia*, I pray that they also may be admitted thereto."

And the Vice-Chancellor thereupon admitted the candidates to the Degree of Bachelor of Arts in the following form of words:—

"By the authority given me as Vice-Chancellor of this University I admit you, one and all, to the Degree of Bachelor of Arts and I charge you that ever in your life and conversation you prove yourselves worthy of the same ; I admit also the other candidates to the Degree *in absentia*."

The same forms were gone through successively in the case of the candidates for the Degrees of Bachelor of Commerce, Bachelor of Teaching, Master of Arts, Master of Commerce, Bachelor of Science, Bachelor of Agriculture, Bachelor of Engineering, Master of Science, Bachelor of Laws, Bachelor of Medicine and Bachelor of Surgery. Professor V. K. Joag, Dean of the Faculty of Arts, supplicating for and presenting the candidates in Arts, including Commerce and Teaching, Principal N. M. Shah, Senior Fellow present in Science, supplicating for presenting the candidates in Science, Dr. R. B. Forster, Senior Fellow present in Technology, supplicating for and presenting the candidates in Technology, Mr. A. M. Kajiji, Dean in Law, supplicating for and presenting the candidates in Law and Sir Mangaldas V. Mehta, Senior Fellow present in Medicine, supplicating for and presenting the candidates in Medicine, and the same words *mutatis mutandis* being used.

The following Degrees were conferred on the candidates :—

1. Bachelor of Arts,
2. Bachelor of Commerce,
3. Bachelor of Teaching,
4. Master of Arts,
5. Master of Commerce,
6. Bachelor of Science,
7. Bachelor of Agriculture,

The business of the Special Convocation concluded after the conferment of Degrees.

The Vice-Chancellor declared the Special Convocation dissolved.

ANNUAL CONVOCATION FOR CONFERRING DEGREES, 1936.

The Annual Convocation for conferring Degrees was held in the Sir Cowasji Jehangir Hall of the University on Tuesday, the 18th August, 1936 at 5-30 P.M., when the following Fellows were present:—

The Chancellor.

1. His Excellency the Honourable Sir Robert Bell, K.C.S.I., C.I.E., I.C.S.

The Vice-Chancellor.

2. V. N. Chandavarkar., Esq., B.A., Bar-at-Law.

Ex-Vice-Chancellor.

3. The Rev. Dr. John McKenzie, M.A., D.D.

The Director of Public Instruction.

4. W. Grieve, Esq., M.A., B.Sc., I.E.S.

Deans.

5. Professor V. K. Joag, M.A.
6. Principal C. Graham Smith, O.B.E., A.C.G.I., A.M. Inst. C.E., I.E.S.
7. A. M. Kajiji, Esq., B.A. LL.B., Bar-at-Law
8. Dr. V. R. Khanolkar, B.Sc., M.D.

Syndics.

9. The Hon'ble Mr. Justice B. J. Wadia, M.A., LL B., Bar-at-Law.
10. Major S. L. Bhatia, M.C., M.A., M.D., B.Ch., F.R.C.P., F.C.P.S., I.M.S.
11. Principal H. Hamill, B.A., I.E.S.
12. Principal N. B. Butani, M.A., B.Sc.
13. Dewan Bahadur K. M. Jhaveri, M.A., LL.B.
14. Principal R. D. Karmarkar, M.A.
15. Moulvi M. Y. Haindaday, B.A., LL.B.
16. R. P. Masani, Esq., M.A.
17. The Rev. G. Palacios, S.J.
18. N. V. Modak, Esq., B.E., A.M. Inst.C.E., M.I.E.

Registrar.

19. S. R. Dongerkery, Esq., B.A., LL.B.

Ex-Officio Fellows.

20. The Honourable Sir J. W. F. Beaumont, Kt., K.C., M.A.
21. The Honourable Dewan Bahadur S. T. Kambli, B.A., LL.B.
22. Professor C. N. Vakil, M.A., M.Sc., F.S.S.
23. Professor G. S. Ghurye, M.A., Ph.D.
24. Professor R. B. Forster, A.R.C.Sc.I., Ph.D., D.Sc., F.I.C.

Honorary Ordinary Fellows.

25. Dr. D. A. D'Monte, M.D., F.C.P.S.
26. S. V. Bhandarkar, Esq., B.A., LL.B.
27. Colonel Sir B. H. Nanavatty, Kt., C.I.E.
28. Professor P. A. Wadia, M A.
29. Principal S. G. Burrow, B.Sc.A.R.C.Sc.
30. Dr. T. M. Kajiji, M.A., LL.D., Bar-at-Law.
31. Professor K. R. Kanitkar, M.A., B.Sc.
32. Lt.-Col. Sir Jamshed N. Duggan, Kt., O.B.E., C.I.E., D.O., F.C.P.S., A.I.R.O.
33. *Miss Nawajbai D. Contractor*, B.A.
34. Dr. K. G. Naik, M.A., D.Sc., F I.C.
35. Sir Ghulam Hussain Hidayatulla, Kt., B.A., LL.B., J.P.
36. The Rev. J. Duhr, S.J., Ph.D.
37. Principal T. A. Kulkarni, B.A.
38. Principal G. Findlay Shirras, M.A., F.S S., I.E.S.
39. Ghulam Kadir Mahomed Shahban, Esq., B.A.
40. Dr. U. M. Daudpota, M.A , Ph.D., F.R.A.S.

The Vice-Chancellor and Fellows assembled in the University Library, where they were joined by His Excellency the Chancellor. A procession was formed and: passing through the University Gardens, it entered the Sir Cowasji Jehangir Hall at 5-30 p. m., in pairs in the following order followed by the candidates for degrees, Honorary and Ordinary Fellows, Ex-Officio Fellows, Registrar, Syndics, Deans, the Director of Public Instruction, the Ex-Vice-Chancellor, the Vice-Chancellor and the Chancellor. The procession advanced until it reached the steps of the platform, where it halted and formed a double line, each pair of Fellows having separated to the right and left, through which the Chancellor and Vice-Chancellor advanced to their seats followed by the University Officers and Fellows.

The Chancellor, Vice-Chancellor and Fellows having taken their seats, the Dean of the Faculty of Arts, Professor V. K. Joag rose and supplicated a Grace of the Senate in the following form of words:—

"*Mr. Chancellor,* on behalf of Alfred Aguiar and 945 others who have been examined and found qualified for the Degree of Bachelor of Arts, I move that the Senate do pass a Grace for their admission to the said Degree."

Whereupon the Chancellor put the question, "Doth it please you that this Grace be passed?" and the Senate assenting, the Chancellor said "This Grace is passed."

Professor V. K. Joag then presented some of the candidates to the Chancellor and prayed for the admission of all in the following form of words:—

"*Mr. Chancellor,* I present to you some of the aforesaid candidates who have been examined and found qualified for the Degree of Bachelor of Arts, to which I

pray they may be admitted, and, on behalf of those who have been permitted to receive their Degree *in absentia*, I pray that they also may be admitted thereto."

And the Chancellor thereupon admitted the candidates to the Degree of Bachelor of Arts in the following form of words :—

"By the authority given me as Chancellor of this University I admit you, one and all, to the Degree of Bachelor of Arts and I charge you that ever in your life and conversation you prove yourselves worthy of the same ; I admit also the other candidates to the Degree *in absentia*."

The same forms were gone through successively in the case of the candidates for the degrees of Bachelor of Commerce, Bachelor of Teaching, Master of Arts, Master of Commerce, Bachelor of Science, Bachelor of Agriculture, Bachelor of Engineering, Bachelor of Science (Technology), Master of Science, Doctor of Science, Bachelor of Laws, Bachelor of Medicine and Bachelor of Surgery, Bachelor of Hygiene, Doctor of Medicine and Master of Surgery. Professor V. K. Joag, Dean of the Faculty of Arts, supplicating for and presenting the candidates in Arts, including Commerce and Teaching, Mr. W. Grieve, Senior Fellow in the Faculty of Science, supplicating for and presenting the candidates in Science, Principal C. Graham Smith, Dean in Technology, supplicating for and presenting the candidates in Technology, Mr. A. M. Kajiji, Dean in Law, supplicating for and presenting the candidates in Law and Dr. V. R. Khanolkar, Dean in Medicine, supplicating for and presenting the candidates in Medicine, and the same words *mutatis mutandis* being used.

The Registrar then made a declaration of the Degrees conferred as follows :—

I hereby declare that the following Degrees have this day been conferred :—

1. Bachelor of Arts.
2. Bachelor of Commerce.
3. Bachelor of Teaching.
4. Master of Arts.
5. Master of Commerce.
6. Bachelor of Science.
7. Bachelor of Agriculture.
8. Bachelor of Engineering.
9. Bachelor of Science (Technology).
10. Master of Science.
11. Doctor of Science.
12. Bachelor of Laws.
13. Bachelor of Medicine and Bachelor of Surgery.
14. Bachelor of Hygiene.
15. Doctor of Medicine.
16. Master of Surgery.

The following Medals were then presented by His Excellency the Chancellor :—

1. *The Chancellor's Medal*—To Mr. Theophilus Aguiar.
2. *The Kashinath Trimbak Telang Gold Medal*—To Mr. Shridhar Vasudev Sohoni.
3. *The James Berkeley Gold Medal.*—To Mr. Tehmton Rustomji Vachha.
4. *The Rao Bahadur Rajadhyaksha Gold Medal.*—To Mr. Ranchhodji Nagarji Desai.
5. *The Lady Reay Silver Medal.*—To Miss Juliet Mary De Sa.
6. *The Bai Hirabai Pestonji Hormasji Cama Gold Medal.*—To Miss Juliet Mary De Sa.
7. *The J. C. Lisboa Gold Medal.*—To Mr. Nagindas Tribhovandas Parekh.
8. *The Lord Sandhurst Gold Medal.*—To Mr. Rameshwer Prasad.
9. *The Kinloch Forbes Gold Medal.*—To Mr. Kharshedji Hormasji Bhabha.
10. *The Dinanath S. Mankar Gold Medal.*—To Mr. Bhagwant S. Nadkarni.
11. *The Dadoba Pandurang Tarkhadkar Gold Medal.*—To Mr. Madhukar V. Dhond.

His Excellency the Chancellor then rose and delivered the following Convocation Address:—

"Mr. Vice-Chancellor, Ladies and Gentlemen,

I am very glad that during the few months of my Chancellorship I have this opportunity of addressing Convocation. I shall not use the opportunity to discuss questions of academic policy or to offer advice on contentious matters. I wish principally to refer to some aspects of the position and influence of the University in the social system.

2. There has been during the last century much discussion of the functions of a modern university. In practice they are, broadly speaking, two. One is the advancement of knowledge by research and thinking. The other is the conservation and spread of knowledge and ideas by, among other methods teaching. It is the latter function, the giving of instruction, which in Bombay must appear to the students, their parents, and the general public to be the main function of the university. I may emphasise, also, that a great deal of the instruction given at a modern university is professional in character and designed specifically to train the student for a professional career. This is not a fortuitous circumstance. It has been frequently urged that the aim of a University should be to fit its students for their after-careers in life and it has sometimes been a criticism of the Bombay University that it gave much instruction which was useless for this purpose.

3. But these were not the views in the past of the older universities elsewhere and, while the instructional function of a modern university is of great importance to the individual student, the older view is of great importance to society and the state. In the older view the main function of a university was the culture of the intellect by means of a liberal education in which the subjects taught were distinguished for their inutility in earning a livelihood. In such an education, also, the importance attached to what was taught was hardly greater than the value given to the opportunities of intellectual development afforded by merely bringing together a number of young men for a few years. The aim of such an education was to train good members of society and true citizens of the state, and it was, in practice the education of the class which gave a nation its leaders.

4. The idea of such an education and its system are, fortunately, still in places preserved. But both the idea and the system are often barely discernible in modern universities beneath a dense overgrowth of professional instruction. Herein lies the possibility not merely of loss but even of danger to society and the state. The state is, indeed, concerned that its teachers, doctors, lawyers, engineers, chemists—all those trained in its universities for a professional career—should have high professional attainments and be efficient servants of the public. But it is not less concerned with these men and women as its citizens and as leaders in all branches of its public life. It is because the Bombay University has a responsibility in this direction, which I believe it recognises, that I venture to ask you to consider with me how far its students are fitted not merely by instruction and training to serve their clients efficiently and to earn a livelihood but are fitted also by cultivation of the intellect to play their parts as citizens, many of them as public workers, some of these as public leaders, a few – there can be only a few—whose names will live after them.

5. Thoughts of this kind suggest themselves after a perusal of the last two annual reports of the med cal inspection of students in colleges affiliated to the University of Bombay. Here at least is evidence that the University looks beyond the conferment of degrees on those who pass its examination. Here are research and the collection of data among its own body of students. And the facts ascertained give food for thought.

6. The reports show that out of between 13,000 and 14,000 students examined during each year the health and physique of less than two per cent could not be improved at all owing to organic disease or could be improved only by a surgical operation. Of the remainder one-half of the total number examined were placed in B class which comprises all students who do not satisfy a certain standard of weight and measurement prescribed on the basis of age but who are capable of improvement by training and diet. Students are therefore classified as B class on account of poor physique or of underweight or of both. The object of the medical examination is not merely to ascertain the physical state of the students but to learn what steps are necessary to remove defects. The reports record that the main defects can be remedied in the case of poor physique by physical training and exercises and in the case of

underweight by proper dieting. The medical examinations in different colleges admittedly vary in thoroughness but the main facts are clear, that 50 per cent of the student population are physically deficient and that the defects are, partly at least, curable during the student's college career. "This state of affairs must be changed if the Indian nation is to make headway in this world under modern conditions, politically as well as socially". That is not my own observation, it is a quotation from the report of 1934–35.

7. I have said that these facts give food for thought; but they also give scope for action. Much attention is paid at present to the uplift of classes which require direction, encouragement and assistance. But among the educated classes, who are better qualified to help themselves, there is a clear field for physical uplift and health improvement. What can the Bombay University, the, Alma Mater of these classes do, through the colleges, to repair the health and physique of half the student population?

8. The remedies have been stated, proper dieting and physical exercise. They seem simple enough but there is more in the problems of the student's underweight and poor physique than appears on the surface. Underweight is not always or perhaps even usually due to insufficient dieting; the reports emphasise the prevalence of an unsuitable dietary. Again poor physique is not always due to lack of proper dieting; many well-fed students are physically undeveloped. The percentage of B class students varies widely in different colleges; it ranges from 30 to 70 per cent. and the worst colleges are in a well defined territorial group. In another such group it is recorded that the students though well-fed are reluctant to take up physical training. These are among the indications that environment is a predominating influence during pre-college days in determining a student's physique and his regard for his personal health. The report for 1934–35 suggests a study of the dietary, mode of living and recreations of youths in different parts of the Presidency. There is evidence also to show that a change in the environment of a student when he enters a college tends to sharpen his interest in his own physical welfare. It is specially noticed in the latest report that a health sense is being developed and a desire to improve physique is being created so that students are beginning to seek advice as regards diet and exercise.

9. If the student is to be given a change of environment then the most beneficial change is, or ought to be, provided by residence in a well-run hostel. If the college, in its turn, is to be given full opportunity of assisting the student in promoting his own physical welfare this also is best afforded by its control and supervision in hostels. Meals adequate in quantity and properly balanced to supply a full diet can be guaranteed and, if the number of students is reasonably large and constant and the management efficient, the cost should be less than what it would be if the student made equally good arrangements for himself, assuming that it is practicable for him to do so. Medical supervision can also be arranged, the fact that 50 per cent. of the students are physical defectives shows that it is necessary. The annual medical inspection which now takes place has opened the eyes of students to their remediable physical defects and many of them would be glad to have them corrected if they had advice and assistance as regards diet and exercise. Lastly the hostel system facilitates opportunities for physical exercise and recreation. Suitable food and exercise, with the medical supervision desirable in the case of the physical defectives, are the basic conditions required to enable students to study to the best of their ability.

10. It is easy for me to say that colleges require playgrounds, organised games, athletics and physical drill. I might suggest that no new college should be affiliated which does not provide such facilities and that existing colleges should be stimulated to improve those which already exist. But in mentioning these matters I am not suggesting that the colleges should turn out athletes and gymnasts. I mention them as means to an end and that end is good health. I hope it is accepted that a healthy well-developed body is a good thing in itself and that the cultivation of good health justifies its own end.

11. Is not the same true of the intellect? Is not a healthy fully developed intellect also a good thing in itself? Intellectual culture has been described as "the command over our own powers, the instinctive, just estimate of things as they pass before us". Does not this intellectual culture which is the fruit of a liberal education justify its own end? Does it not also furnish society with its best members and the state with the class of citizens from which spring the true leaders in public life?

12. If this is so I might enquire whether, if intellectual health and development were tested by the psychologist as bodily health and development are tested by the doctor, we should not find among our students a large proportion who, for their years, are intellectually underdeveloped. I shall not pursue this question. It is sufficient to point out that, even if the new student has been as fully developed intellectually as his years permit when he enters a college, he avowedly enters the college in order that his intellect may be further cultivated and developed. The question which I am leading to is this—whether more cannot be done in the colleges on the intellectual side, as more requires to be done on the physical side, to train students not merely to fill their posts in life with efficiency but, by the full development of their natural capacities, to make them intelligent, capable and active members of society. The point of view for which I am pleading is that the environment of college life should make up some of the loss of that liberal education in which the academic system of a modern university is lacking. Intellectual health depends on environment not less than bodily health depends on it. As I have already said, the mere association together of young men has long been regarded as an important part of a liberal education but such association must be under conditions favourable to intellectual development.

13. The well-run hostel must therefore provide more than suitable food and opportunities for exercise; it must provide the environment for intellectual growth as well as for physical well-being. It should be organised not merely to enable students to live together but to obtain the full benefits of doing so. The student's day does not end with the lectures he attends, nor with his private study, nor with the close of his games and recreations. There is no better period than the student age for beginning the exchange of ideas, for cultivating good fellowship and learning to understand and respect the ideas of others. Not least in India is it desirable that members of different communities should, during the impressionable days of youth, mix with each other and learn to understand the point of view of those brought up in different surroundings and often with different beliefs. There is no better way to get rid of mutual distrust and acquire the sympathy, or at any rate, the toleration which comes from understanding.

14. I shall not discuss how a hostel should be equipped and run. But it should be in charge of a warden who will influence the residents by his personality and his example. A correct appreciation of the benefits of good health and bodily fitness will not be inculcated if the warden has neglected them in his own case and does not take part in games or athletic activities. And the same is true on the intellectual side. The cultural atmosphere of the hostel will depend mainly on the warden.

15. Actual conditions being what they are no very large percentage of our student population can be expected to live in hostels. But I wish to draw attention, first, to the object and benefits of the residential system and to the opportunities of assisting this side of college life which are afforded to those who from time to time give donations for educational purposes. It is possible, for example, to assist those who must leave their homes to attend college but who are driven by circumstances to cheap accommodation in private houses. In my own country, Scotland, where the universities are old and the residential system is not traditional its benefits are now recognised and most of the local authorities who provide entrance scholarships to the universities have taken power to supplement their awards in order to enable scholarship holders to live in a hall of residence when they are financially unable to do so on their own means.

16. In the second place the fact that the great majority of students must live at their own homes or in lodgings raises the problem of creating the most favourable environment during college years for this class. It is true that a student's life at home has its own benefits and that in other cases the struggle to success through the simplest living has its own reward. But from the point of view of society and the state, these conditions do not solve the problem of the whole development of the student and the acquisition by him of something more than knowledge and a strong memory. I repeat that society and the state want more than proficient members of the professions, they want more than scholars, they want intelligent members of society, well qualified to take their places in public life and to supply it with its leaders.

17. There is no time today to describe in detail how the non-residentia universities and colleges are tackling this problem at the present time. I merely mention that Students' Unions are now widely regarded as essential—I mean Unions with suitable buildings and equipment. In many modern universities membership

of the union is obligatory. Clubs and societies of all kinds, common room accommodation, refreshment arrangements, gymnasia, swimming baths, playing fields and pavilions—all these are also required. But these other requirements are usually affiliated or connected with the union. My main object is, however, not to speak about unions but to attract attention to the problem which they have been designed elsewhere to solve.

18. This problem is not a new one. Nor are my reflections original. But the disturbed conditions of the civilised world have revealed the problem more clearly and have brought old thoughts for its solution into a new prominence in Europe where the Great War destroyed the flower of the manhood of a full generation. India shares the new problems of civilization on the eve of greatly increased responsibilities and the training of the next generation for leadership is as important here as in the West. Here, as elsewhere, the true direction of university progress appears to be towards quality rather than quantity, if sufficient scholars are to be turned out capable, as they should be capable, of becoming the leaders of national life and thought. If this is a fair expectation from university men and women then the need of them is greater now than it has ever been before and, while the instructional activities of the colleges must always engage the University's earnest consideration, I plead that steady improvement in the student's environment should be a problem always to be kept in sight. I fully realise the difficulties to be overcome and the limitations imposed on the University. But the problem exists; it is a serious problem; and in world as it exists today it dare not be overlooked in India.

19. In conclusion, I offer my sincere good wishes to the graduates, men and women, who have left their colleges to begin the main part of their lives. I wish you all good fortune in your professional careers and happiness in your private lives. I earnestly hope that, in a world which is rapidly changing and is now much disturbed, your lives as members of society and as citizens will be a credit to the University which has placed the seal of its approval on the results of your studies.

The Chancellor then declared the Convocation *dissolved*, and the whole assembly in the Hall rose and remained standing while the Chancellor and Fellows retired in a procession which observed the order of the entering procession reversed.

ANNUAL REPORT FOR THE YEAR 1935-36.

PART I.

CHAPTER I.

INTRODUCTORY.

The Syndicate beg to place before the Senate the annual report of the activities of the University during the year 1935-36.

The Syndicate regret to record the deaths, during the year, of the following Fellows who rendered valuable services to the University: Professor A. X. Soares, Rao Bahadur R. R. Kale, Mr. C. M. Cursetji, Principal K. J. Sanjana, Sir Dinsha Wacha, Professor V. B. Naik, Dr. N. A. F. Moos, and Lt.-Col. D. N. Parakh. Detailed references to their personal qualities and to the nature of the services rendered by them were made at meetings of the Senate.

Address to the Throne:—On the 21st January, 1936, the whole British Empire was plunged in grief by the passing away of King-Emperor, George V, and the University presented a loyal address to the Throne, conveying a message of condolence coupled with an assurance of loyalty to the new King-Emperor, Edward VIII. The address was engraved on a scroll of vellum in a style suited to the occasion, and was sent to His Majesty in a beautiful silver casket. A copy of the address is given in Appendix A to the present Chapter.

Teaching Activities:—The close of the year saw the first batch of graduates pass out of the University Department of Chemical Technology and receive their B.Sc. (Tech.) Degree. It is encouraging to find that, barring a few who are pursuing a higher course of study, either in the Department itself or in England, all those who passed out in the Examination have been absorbed in one industry or another. The second batch has completed half its training. A detailed account of the activities of the Department has been given in Chapter V.

Post-graduate Instruction and Research :—The work of the Local Committee established in Poona to co-ordinate post-graduate lectures in that centre was satisfactory. It is proposed to establish a similar Committee in Bombay, consisting of the Heads of the University Departments and the Principals of the affiliated Colleges. Karachi and Baroda were recognized as independent centres for post-graduate instruction in individual subjects. Research work proceeded apace, and the University contributed its quota of help by means of research and publication grants. A scheme of research studentships was formulated, the working of which will form a subject of next year's report. The contents of Chapters I, II and VII in part II of this Report will give a fair idea of the progress made in the direction of research.

University Hostel :—One of the noteworthy events during the year under report was the opening of the University Hostel for the students of the two University Departments and other post-graduate students of the University. The Hostel is located at a convenient distance from the Departments and has provided amenities the need of which was acutely felt in the past by a large number of University students. Not the least among these is the atmosphere favourable for the development of a healthy corporate life which it should be the aim of every University to foster. The Hostel is at present located in a building opposite the Marine Lines Railway Station, which has been taken on lease for a period of three years. In spite of the short time at their disposal and the difficulties of finding a building in a decent locality at a reasonable rent the Syndicate were able to provide a University Hostel before the commencement of the new Academic Year. Further details about the Hostel will be found in a later Chapter (*vide* Chapter V).

Examiners:—The conventions recording the mode of selecting and appointing Examiners, which were adopted by the Academic Council in November, 1934, and were first given effect to in the first half of the Calendar Year 1935, continued in full force, and all appointments made since then have proceeded on the basis of these conventions, with only such slight modifications as were considered necessary for certain special examinations owing to the peculiar conditions governing them.

Physical Training:—The Syndicate, with the advice of the Students' Welfare Committee, adopted a scheme of physical training sufficiently elastic and practicable to suit local conditions in the different colleges. The scheme will come into effect only from June 1937, but an important preliminary step has already been taken by the Syndicate by deputing members of the teaching staff of some of the affiliated colleges as University Scholars for being trained at the College of Physical Education conducted by the young Men's Christian Association at Madras. Six Colleges took advantage of the University Scholarships. It is one of the conditions of the grant of a Scholarship that, after the period of training is over, the scholar shall serve on the staff of his College as a Director of Physical Training for a period of at least three years, and there is a corresponding obligation on the College to engage his services in that capacity. These mutual obligations have been secured by a tripartite agreement between the Principal of the College, the scholar and the University. Most of the other Colleges have either got Trained Physical Directors on their staffs or have promised to engage qualified men for the work.

New Colleges :—During the year under report only one new College was affiliated, namely the Hargovandas Lakhmichand Commerce College, Ahmedabad. The Secondary Teachers' Training College at Baroda sought affiliation to the University for courses of studies leading to the B. T. Degree, but without success. A scheme to start a Commerce College in Poona also proved abortive. Applications for permanent affiliation, or continuance of affiliation for further periods were received from other Colleges, and a fuller account of the result of these applications will be found in Chapter VII *infra*.

Some important questions :—Three important questions were engaging the attention of the University Authorities. One was the revision of the courses for the B.A. and B.Sc. Degrees. The Second was the change of the examination season, and the third was the question of the dual control of the University and the Educational Department of Government over schools sending up candidates for the Matriculation Examination. During the year none of these questions could be finally settled, but they are well on the way to a satisfactory solution, and it is hoped that in the next year's report it will be possible to give an account of the progress made.

Extension of University Buildings :—Proposals for the extension of the University Buildings were still under the consideration of the Building Committee, the Library

Committee and the Syndicate during the year. [As to how far these proposals materialised will be a subject of report in the following year, as definite steps were only taken in the current year for the extention of the North Wing of the University Buildings.]

Important events:—Two important events call for notice. One was the intimation received from the General Medical Council of Great Britain that the medical degrees of this University which had ceased to be recognized by that Council from February 25, 1930, would again enjoy the recognition which had been accorded to them prior to that date, and that such recognition would be with retrospective effect from that date. The result of this decision is that the medical degrees of this University will have the same status that they enjoyed before the date on which the General Medical Council of Great Britain decided to withdraw their recognition, and that those graduates who took their degrees between February 25, 1930, and now will not in any way be in a worse position than the graduates who came before them or the graduates of the present day.

Another important event was the notification by the Government of Bombay that the Province of Sind which, for all administrative purposes, has been separated from the Presidency of Bombay from the 1st April, 1936, will continue to be included within the territorial limits of the jurisdiction of the Bombay University. This notification was the result of the decision of Government that the Colleges in Sind affiliated to, and the schools recognized by, this University should continue to be within the jurisdiction of this University until Sind became an independent educational unit with its own University.

Examinations:—The total number of University Examinations by papers during the year was 46. Between them the examinations covered a period of 83 days. On some of these days two or more examinations were held simultaneously. The total number of candidates that appeared at all the examinations during 1935-36, excluding the examinations by theses, was 38,135. The total number of candidates who offered theses at the examinations in the Arts and Science Faculties during the year was 68.

A comparative statement showing the total income and expenditure of the University during the last decennium is given below. The total number of students in the Colleges affiliated to the University on the 31st March, 1936, was 17,906.

Statement of Income and Expenditure for the ten years ending the 30th June, 1936:—

Year	Income	Expenditure	Surplus
	Rs.	Rs.	Rs.
1926-27	7,73,332	6,37,650	1,36,682
1927-28	8,53,194	6,71,471	1,81,723
1928-29	8,58,648	6,88,456	1,70,192
1929-30	9,12,385	6,19,493	2,92,892
1930-31	8,88,173	6,53,114	2,35,059
1931-32	9,48,892	7,28,848	2,20,044
1932-33	10,95,841	7,77,756	3,18,085
1933-34	11,24,457	*8,90,884	2,33,573
1934-35	11,87,877	*10,14,838	1,73,039
1935-36	13,16,632	*11,63,873	1,52,759

*Is exclusive of capital Expenditure on the Department of Chemical Technology which was as under:—

1933-34 ... Rs. 64,961 1 5
1934-35 ... ,, 2,58,422 15 1 (inclusive of Rs. 1,35,904-14-2 from the Tulsidas Surji
1935-36 ... ,, 94,655 10 2 Technology Endowment.)

APPENDIX—I.

To

His Most Gracious Majesty Edward VIII, King of Great Britain, Ireland and the British Dominions beyond the Seas, Defender of the Faith, Emperor of India.

The Humble and Loyal Address
of the
University of Bombay.

May it please Your Majesty,

We, the Chancellor, the Vice-Chancellor, the Deans of the Faculties of Arts, Science, Technology, Law and Medicine, and Members of the Syndicate of the University of Bombay humbly beg leave to approach Your Majesty with the expression of our deep and heartfelt sympathy and sorrow at the loss which Your Majesty, Her Majesty Queen Mary and the other members of the Royal Family have sustained by the death of Your universally beloved father, His late Majesty King George V, Emperor of India.

The long period of twenty-five years during which His late Majesty reigned was a remarkable period in the history of the world, which witnessed momentous events and important constitutional changes in Europe. Shortly after his accession to the Throne, His late Majesty was called upon to shoulder the great responsibility of guiding the destinies of his Empire through the anxious days of the greatest war in History, and His Majesty proved himself fully equal to this responsibility. During the rest of his reign questions involving important constitutional changes in the future Government of India occupied the attention of His late Majesty's Government. His high sense of duty and his love for the millions of his subjects, which was quickened by a sympathetic imagination and by the personal touch which he maintained with the people in different parts of his Empire, gave His late Majesty a warm place in the hearts of his subjects.

The wave of loyalty which spread over India when His late Majesty and Her Majesty Queen Mary visited this country at the time of their coronation, the demonstrations of joy at the time of the Silver Jubilee of His late Majesty's reign, and the grief evoked by his death bear testimony to the great personal affection in which His Majesty was held by all his subjects.

As representing the great educational interests of Western India, we may be permitted to offer our deep sympathy to your Majesty, and our heartful assurances of loyalty to your Majesty's Throne and Person. In doing so, we may also be permitted to recall to your Majesty that this University had the proud privilege of offering its loyal and cordial welcome to you when Your Majesty visited India in 1921 as the Prince of Wales. In your Majesty's gracious reply to the address of welcome which the University had the honour to present to Your Majesty on that occasion, Your Majesty was pleased to say : "May the years to come strengthen the ties of sympathy, of trust and of understanding between us." The wish and hope then expressed by Your Majesty have been amply fulfilled and we assure Your Majesty that Your Majesty will receive the same deep loyalty and affection from your subjects as His late Majesty received throughout His long and memorable reign.

Your Majesty's dutiful and obedient servants,

BRABOURNE,

CHAPTER II

The Senate

Important decisions of the Senate

During the period under report, the Senate met three times: in August, 1935 and in January and June 1936. The meetings covered a total period of 5 days.

The Budget was considered at the June meeting. In addition to considering proposals for affiliation or extension of affiliation of colleges, which from the subject of a later Chapter, the Senate arrived at certain important decisions, which are referred to below.

The Senate accepted the following endowments and gifts:

(1) An offer of Government Securities of the face value of Rs. 1,36,300 and cash amounting to Rs. 690–12–6, directed by a order of the Bombay High Court, dated the 15th September, 1932, in Suit No. 3697 of 1925 (Advocate-General *vs.* Mithabai, widow of Thakkar Tulsidas Surji and another) to be handed over to the University for establishing a laboratory in connection with the University Department of Chemical Technology, to be named after the late Tulsidas Surji.

(2) An offer from Meherban Sir Gangadharrao Ganesh Patwardhan, K.C.I.E., Chief of Miraj, of a shield of the value of Rs. 500 for wrestling at the Annual Sports, and a donation of Rs. 500 cash out of the interest of which an annual *replica* Shield or Cup is to be given away to the winning group.

(3) An offer from Principal K. S. Vakil of a Challenge Shield of the value of about Rs. 200 to be named "Principal K. S. Vakil Relay Race Challenge Shield" in connection with University Sports.

Among the resolutions passed by the Senate, mention may be made of the following:—

1. Resolution approving Principal T. K. Shahani's proposal for the institution of a hostel for the students of the University Department of Economics, Sociology and Chemical Technology.

Resolution instituting Scholarships for the training of Physical Instructors, and sanctioning a grant of Rs. 7,200 for 12 scholarships, each of Rs. 50 per mensem.

Resolution approving Miss G. J. Bahadurji's proposal for instituting a Degree of Bachelor of Technology (Architecture) in the Faculty of Technology [The Syndicate have referred the proposal to the Board of Studies in Engineering for drafting the syllabus].

Resolution referring back to the Syndicate for further consideration Dr. Vad's proposal for changing the time of holding the University examinations.

Of the amendments made in Statutes the following call for notice:—

1. The amendment of Statute 13 relating to the order of business to be observed in preparing the Agenda paper so as to give priority to items relating to the affiliation, renewal of affiliation and extension of affiliation of colleges, and to motions for the consideration of the annual financial statement and for supplementary grants over other items.

2. Amendment of Statute 112 with a view to instituting two new Degrees, *viz.* B.Sc. (Agri.) and B.Sc. (Tech.).

3. Amendment of Statutes 19 and 49 relating to the Rules of Debate so as to place a time limit on speeches at Senate meetings.

4. Amendment of Statute 70 so as to provide seats in the Academic Council for 5 representatives of the Universiy Departments, including the Heads of University Departments.

5. Amendment of Statutes 71 and 86 so as to constitute two separate Boards, (i) in History and Archaeology and (ii) in Economics, Politics and Sociology.

6. Amendment of Statute 6 so as to provide for the Annual Meeting of the Senate being held on any date between the 20th January and the 15th February, that may be fixed by the Vice-Chancellor.

7. Amendment of Statute 86 with a view to altering the constitution of the Board of Studies in Sindhi by allowing the membership to be increased from 3 to 5.

8. The addition of a new Statute *viz.* S. 113A to provide for the institution of diplomas in (1) Teaching, (2) Dyeing, Printing and Finishing, (3) Pigments, Paints and Varnishes, (4) Soap making, (5) Leather Manufacture, and (6) Printing and Lithography.

CHAPTER III.

The Syndicate and its Standing Committees.

During the year under report the Syndicate held in all 10 meetings, of which 9 were ordinary monthly meetings and the tenth was a special meeting. The ordinary meetings covered a total period of 10 days, and the special meeting covered a period of one day. The dates on which these meetings were held are given below:—

Dates on which the Ordinary meetings were held:	*Date on which the Special meeting was held:*
1. 27—7-1935	1. 20—4-1936
2. 24—8-1935	
3. 28—9-1935	
4. 23-11-1935	
5. 14-12-1935	
6. 29—1-1936 } 30—1-1936 }	
7. 29—2-1936	
8. 28—3-1936	
9. 19—6-1936	

The Number of Committees appointed by the Syndicate during the year to help it in its deliberations was 111.

As the minutes of the meetings of the Syndicate are sent to members of the Senate, in the following pages only such decisions or events are noticed as appear to be important, or involve a departure from previous practice.

No reference is made to the Ordinances in detail as these are printed and placed from time to time on the table of the Senate. The references to Ordinances in the following pages are not, therefore, intended to be exhaustive.

General.

During the year under report, the Board of Visitors of the University Department of Chemical Technology was re-constituted. When it was first appointed, no definite constitution had been framed, as it was then considered by the Syndicate that the framing of a constitution might be postponed until the Board had had some experience of dealing with questions that came before it from time to time, particularly, as many of them were of a technical nature, and as some of the problems of the Department required the co-operation of other Institutions and Government Departments. The Board as newly constituted consists of the Vice-Chancellor, as its *ex-officio* Chairman, the principal of the Royal Institute of Science (so long as the Department is housed in the East Wing of the Royal Institute of Science) as its *ex-officio* Vice-Chairman, the Head of the Department, two members to be nominated by the Syndicate, one on the recommendation of the Bombay Millowners' Association and another on the recommendation of the Ahmedabad Millowners' Association, and six other members to be nominated by the Syndicate, of whom three are to be, as far as possible, (1) the Director of Industries, (2) the Director of the Central Technological Laboratory, Matunga and (3) the Principal of the V. J. Technical Institute, Matunga. Of the remaining three members, two must belong to either the Faculty of Science or the Faculty of Technology, and one must not be a member of the Faculty of Science. The Registrar is *ex-officio* Secretary of the Board.

The following Committees whose respective terms of office had expired were re-constituted with a fresh lease of life.

The Library Committee ;
The Garden Committee ;
The Grants Utilization Committee ;
The Building Committee ;
The Publication Board ;
The Foreign Universities Information Bureau.

The names of the members of these Committees are not given here as they have been published elsewhere.

Several new minor appointments were made in the University Department of Chemical Technology. These appointments were made by the Syndicate on the recommendation of the Board of Visitors. The following are the details of the appointments:—

One Demonstrator in Tinctorial and Industrial Chemistry ;
One Demonstrator in Mechanical and Engineering Drawing ;
One Demonstrator in Chemical Engineering ;
One Research Assistant in Optics ;
Two Research Fellows.

The Syndicate decided to take up the work of re-arranging the records and files in the Registrar's office which, in some cases, were found to be defective, inasmuch as there did not exist an elaborate filing system. This work was entrusted to Mr. D. N. Marshall, Assistant Registrar, who was placed on special duty for the purpose, and given the assistance of a clerk. Although owing to the enormity of the task the entire work of re-arranging the files could not be completed before the close of the year under report, considerable progress was made, and it has been possible to adopt a more scientific filing system than in the past.

As questions had been raised from time to time about the purchase of medical and other science books for the University Library, and as the policy of the University Library with regard to the purchase of books was made the subject-matter of discussion during budget time, the Syndicate went into the question in some detail and made an interim report to the Senate pointing out that the policy underlying the purchase of books for the University Library demanded detailed investigation at the hands of a Committee including representatives of the various Faculties and that it could not be dealt with piecemeal. The Syndicate, therefore, appointed a representative Committee to go into this question. The labours of that Committee are not yet over.

Professor C. N. Vakil, Administrative Head of the University School of Economics and Sociology, was appointed Warden of the University Hostel from the 1st June, 1936.

Reference has been made elsewhere to the scheme of scholarships for the training of Physical instructors. It might here be mentioned that the University has made a lump grant of Rs. 600 to each college participating in the scheme. The names of the persons deputed by the Colleges as University scholars are given below :—

College	*Name*	*What he proposes to teach*
Fergusson College, Poona	Mr. Y. G. Joshi, B.Sc. ...	Demonstrator in Chemistry
Bahauddin College, Junagadh	Professor S. T. A. Naqvi, M.A., LL.B. ...	Professor of History
Willingdon College, Sangli	Mr. K. T. Gupte, B.Sc. ...	Demonstrator in Biology
H. P. T. Arts College, Nasik	Mr. V. G. Oke, M.A. ...	Professor of Sanskrit
D. G. National College, Hyderabad	Mr. K. M. Kundanani, M.Sc.	Lecturer in Physics
D. J. Sind College, Karachi	Mr. R. R. Kripalani, B.Sc.	Lecturer in Mathematics
Lingaraj College, Belgaum	Mr. C. S. Tallur, B.Sc. ...	Demonstrator in Chemistry

All these scholars joined the College of Physical Education at Madras. The last named, however, discontinued his training as he was disqualified on medical grounds, but the rest have executed agreements with the University and with their Colleges undertaking to serve on the staffs of their respective Colleges for a period of three years after the completion of their period of training.

The Syndicate decided to grant the request which had been put forward again and again for the supply of marks of unsuccessful candidates free of charge to all recognized schools and colleges.

According to a resolution of the Syndicate, paper-setters and examiners, where there are no paper-setters, at the various examinations are required to submit, along with the manuscripts of their question papers, a form of assignment of their copyright in the question papers duly signed by them.

The training College for Women, Hyderabad, Sind, was recognized for Part II of the B. T. Examination, and the Syndicate adopted the policy of recognizing for the same purpose all primary training institutions recognized by the Education Department of Government.

In view of the fact that several schools had fallen into the habit of sending in applications for recognition or renewal of recognition long after the date fixed by Statute, the Syndicate decided to send a circular to all recognized schools and also to notify in the newspapers in Bombay and outside, to the effect that all such applications should be sent so as to reach the University on or before the 15th April. In spite of this, several applications were received late and were consequently rejected.

Owing to the prevalence of cholera in an epidemic form in Kolhapur during the first term of the present academic year, the Syndicate at their meeting held in June, 1936, suspended the operation of O. 87 for the Rajaram College, Kolhapur, which was within the affected area.

The Inter-University dispute between Madras and Bombay with regard to the mutual recognition of examinations was amicably settled, thanks to the personal efforts of the Vice-Chancellors of the two Universities, and the ban on the examinations of the Madras University which had been placed in the month of May 1935 was removed in the month of September 1935, and the recognition of the examinations of the University was restored in all cases where the principals of equivalence and reciprocity had been agreed to by the two Universities.

Among the Ordinances that were amended, mention may be made of the following:—

The Ordinance regarding the classification of candidates at the First and Third M.B.,B.S. Examinations into those passing in the First and Second classes was amended. Under the amended Ordinance the candidates are not classed, but are only eligible for distinction in individual subjects.

The Syndicate fixed a uniform fee for the admission of candidates for degrees whether *in person* or *in absentia*, and provided that the fee for registration as graduates should be included in the fee for graduation in the University on the first occasion. In case of those graduates who have taken their degrees already, a fee of only Rs. 5 is now payable for permanent registration.

The Ordinances relating to the Ph.D. Degree were amended by changing the period of study from one or two "academical" years to as many "calender" years, making it clear that the translation test was required only in science subjects, providing for the language in which the thesis should be written and the award of the Master's degree to a candidate falling short of the standard for the Ph.D. degree.

The Ordinance relating to "ex-students" was recast, and an elaborate definition of the term was included in the amended Ordinance, but, as the new definition presented certain difficulties in practice, the Academic Council referred the Ordinance back to its Committee for reconsideration.

Ordinance 161 relating to the Matriculation Examination was amended by specifying the minimum number of marks required for passing in each subject. Under the old ordinance the percentage of passing was mentioned, with the result that in some cases the actual number of marks required for passing calculated according to this percentage included a fraction which was disregarded in practice. Under the amended Ordinance this difficulty does not arise.

Ordinances relating to the M. Sc. examination were amended so as to permit candidates to appear on a second or subsequent occasion in a different branch or a different group of the same branch by papers or by thesis, on lines analogous to those prescribed for the M. A. Examination.

The University Board of Sports.

The activities of the Board and of its several Local Committees during the year under report continued to be more or less the same as in the previous year. But, with the institution of the Inter-University Cricket Championship Tournament by the Board of Control for Cricket in India and as a result of the decision of the Syndicate to enter a University Team to complete in the Tournament, the Board of Sports had not only to undertake the responsibility of selecting the University Team but also to make all the necessary arrangements, under the rules of the Tournament, for the conduct of the several matches played in Bombay in connection with the Tournament.

Briefly, the activities of the Board fall into three categories, (I) Inter-collegiate Sports (II) University Sports and the Tennis Tournament, and (III) Inter-University Cricket Championship.

(i) *Inter-Collegiate Sports.*—These Sports were held in all the groups except Bombay prior to the holding of the University Sports. From the reports submitted by the groups, it is evident that sports are growing more and more popular among the student population, creating at the same time cordiality and a spirit of co-operation. In this connection the following remarks of the Presidents of the extreme Northern and Southern Local Committees in the course of their reports may be quoted; "I must", says the President of the Karnatak and the S. M. C. Local Committee "also record with satisfaction the feelings of enthusiastic cordiality and healthy co-operation that prevailed here during the last few days". The report of the President of the Sind Local Committee says that "considerable enthusiasm prevailed throughout and the general discipline and deportment of the students were satisfactory." In all the groups the number of students who took part in the Sports was greater than that in the previous year.

The following statement shows the expenses incurred by the various Local Committees during the year under report :—

	Rs.	as.	ps.
Bombay	2,659	7	0
Poona	2,381	4	5
Karnatak and S.M.C.	2,528	4	0
Gujarat and Kathiawar	3,161	15	5
Sind	3,629	4	9

(ii) *University Sports and Tennis Tournament.*—These were held in Kolhapur on the 20th, 21st and 22nd December, 1935. The University received unstinted help and co-operation from the Kolhapur Durbar and the Professors and Principals of Colleges in the S.M.C. groups, His Highness the Maharaja and the other members of the royal family graced the occasion with their presence. Col. Gordon, Agent to the Governor-General, gave away the prizes to the successful competitors.

The distinctions gained by the various groups were as follows :—

Lady Rahimtoola Cup for Championship in Tennis ...	Won by the	Deccan Group.
P. N. Welkar Shield for 100 yards	...	Do. Bombay.
R. N. Bhagwat Shield for wrestling	...	Do. Gujarat and Kathiawar.
Principal K. S. Vakil Shield for Relay Race	...	Do. Sind.

The Deccan Group was declared the Group Champion.

At the conclusion of the Sports Principal Balkrishna announced that His Highness the Maharaja had been pleased to donate a Cup called the "Chhatrapati Cup" to be awarded to the Champion Group, *i. e.*, the group which secures the largest number of points out of the total of all the available points. The announcement was received with acclamation.

The following words of Principal Balkrishna, Chairman of the Managing Committee, go to show that the sports were a great success :—

"The public of Kolhapur have been taking a very keen interest in witnessing the Sports. I am sure that the object of the University in holding the Annual Tournaments in various centres is amply fulfilled."

(iii) *Inter-University Cricket Championship* :—The Board of Sports, being entrusted with the task of selecting the University Team to compete for the Championship, appointed a Committee for the purpose and for managing the matches to be played in connection with the Championship. In all, four matches were played in Bombay as under :—

Nagpur	University	vs.	Osmania University.	
Bombay	,,	vs.	Nagpur ,,	
Bombay	,,	vs.	Madras ,,	
Bombay	,,	vs.	Punjab ,,	(Final).

All these matches were managed by the Committee appointed by the Board. Having won against Nagpur and Madras, Bombay reached the Finals, but lost to the Lahore University Team. *The selection of the Team* was indeed a difficult and delicate task for the Committee inasmuch as they had to select from the limited number of five players recommended by each group. Nevertheless, the best team, in the circumstances, was selected and the result amply justified the selection.

The total expenses on this account came to Rs. 2,873–12–0. The following were the members of the Board during the year under Report :—

Lt.-Col. S. L. Bhatia.
Principal C. Graham-Smith.
Principal D. G. Karve.
Principal S. G. Burrow.
Principal B. R. Kumar.
Professor R. N. Bhagwat.
Professor D. B. Deodhar.
Major A. C. L. Parry.
S. K. Mukerji, Esq.

Building Committee.

During the past two years, difficulties had been frequently experienced in accommodating Committees and Examiners owing to insufficient rooms in the existing buildings. The administrative work had also increased considerably, and the question of providing additional space for the office engaged the attention of a special committee of the Syndicate. In the last report, a reference had been made to the proposals of the Library Committee for increasing shelving accommodation in the Library Building. The additional accommodation then provided by means of shelves placed lengthwise on the ground floor was, however, found to be insufficient. The Library Committee consequently proposed to the Syndicate that additional accommodation should be provided for the increasing number of books in the Library. The Syndicate Committee referred to above was then asked to consider both these questions. It made proposals for extending westwards the existing North Block of the University Buildings, and for providing at the same time a connecting passage, between the extension and the present library building. [The preparation of plans, their approval by the Syndicate, a supplementary grant by the Senate for the cost of the extension and Government's approval of the project followed in due course, and it is expected that the new extension will be ready by the time the next report is submitted to the Senate.]

The construction of a store-room for the use of the Department of Chemical Technology, the scheme for which had been approved by the Syndicate and the Senate in the preceding year, was taken in hand during the year under report. In order that it may not disfigure the prospect of the University Gardens, arrangements have been made to run creepers over the structure.

The scheme for a watchman's cabin, which was to have been constructed in the previous year did not make any appreciable progress during the year, because the site originally selected by the Building Committee was not approved by Government. Consultations with Government were still going on when the year closed. The construction of the cabin, proposed nearly three years ago, is expected to be completed during the following year.

Garden Committee.

The Committee held two meetings during the year. The constitution of the Committee was slightly amended, and Mr. D. S. Laud who had rendered valuable services as an *ex-officio* member in his capacity as the Superintendent of the Municipal Gardens, on being transferred to another post, was appointed as an ordinary member of the Committee.

An improvement in the Lawns has been noticeable of late. One of the lawns was dug up, and after being treated properly was returned. Another has been taken in hand, and with a view to ensuring their proper maintenance in future, it is proposed to protect the lawns by running a low trimmed hedge around them.

Grants Utilization Committee.

The Grants Utilization Committee met four times during the year. Besides considering the annual award of grants, it devoted its attention to devising methods whereby a greater check could be exercised on the way in which the grantees utilised the money received by them from the University. The rules laid down by the Committee in the preceding year and mentioned in the last annual report were revised in the light of experience. For instance, whenever a grant is made for the purchase of materials, the grantee is now required to place his orders through the Head of the institutions where he is carrying on research. In cases where materials of permanent value like original manuscripts or their rotographs are purchased, the grantee is required on completion of his work to deliver them to the University. Statements of accounts are also carefully examined, and in more than one case amounts not spent in accordance with the conditions of the grant were claimed back from the grantee.

The following additional conditions are imposed :—

(*a*) In ordinary circumstances, if no expenditure is incurred during two consecutive years while the grant is being held, the amount in the grantee's hands must be returned to the University. A grantee failing to furnish a report satisfactory to the University, or within prescribed time, may be called upon to refund the total grant allotted to him.

(*b*) All instruments and apparatus of permanent value, whether purchased with the help of a grant or supplied by the University, shall be regarded, unless the University otherwise decides, as the property of the University, and shall be returned by the grantee at the conclusion of his research.

(*c*) No portion of a grant may be devoted to personal expenses or to the payment of assistants.

(*d*) Materials and apparatus purchased with the help of a grant should, as far as practicable, be of Indian manufacture.

(*e*) Grantees are not allowed to devote any portion of the grant towards the purchase of ordinary laboratory apparatus and materials.

The application form for research grants was revised once again, and to enable the committee to determine the merits of each application carefully, the following additional enquiries are now required to be answered by the applicants:—

(1) The nature of the research in which the applicant desires to engage, and of the scientific results expected to follow thereform.

(2) Whether the applicant has received any previous grants from any source for a similar object; if so, how much, from what source and with what results.

(3) What instruments and apparatus, if any, of permanent value will be required so that those already at the disposal of the University may be utilized.

A list of the grants made during the year under report is attached to this report (*vide* Part II, Appendix II).

Publication Board.

The Publication Board met three times during the year under report. Among the items of business transacted by the Board were the question of making arrangements for the publication of University text-books, lectures etc., the award of grants for the year and the management of the University Journal.

The publication of rare texts is one of the recent activities of the Board, and up-till now the following have been published in the series:—

Pali Texts:

Mahavamsa,
Nidanakatha,
Digha Nikaya, Vol. II.

Marathi Texts:

Essay on Moropant by Hansa.

Some more are in the press at present.

The publication of selections in certain languages prescribed at the Matriculation Examination under the supervision of special committees set up for the purpose is another feature worth mentioning in this report. The experience of the Board in the publication of the selections in Marathi and Gujarati has encouraged it to extend its scope with the result that this year selections in Sanskrit, Kannada and Persian were also published by the University.

The management of the Journal continued to be a source of anxiety to the Board, and the efforts of the Board to ensure the regular publication of each issue according to the accepted schedule did not prove successful. The new Press which was entrusted with the publication during the year, owing to illness of the owner of the Press and consequent disorganisation, failed to give prompt service and three issues were in arrears at the close of the year. The Board is likely to revert to the original Press. A special committee was appointed to consider the question of the delay in the publication of the Journal, and, acting on its recommendations, it was decided that each managing editor should be paid an honorarium of Rs. 50 and made responsible for the publication of the issues in his charge on the due date.

A redeeming feature of the Journal is the extensive list of exchanges it has to its credit. Very valuable publications are being received in exchange, particularly in the different branches of Science.

A list of the publication grants made during the year is attached hereto (*vide* Part II, Appendix I) Before recommending awards, the Board in several cases referred the manuscripts to referees for opinion. The award of a grant towards the cost of the publication of the Residency Records at Poona deserves special notice.

Standing Committee on College Inspection Reports.

The Standing Committee met only once during the year to consider the reports of the Triennial Inspection Committees that visited the colleges in the following groups in the year 1933–34 and 1934–35 :—

(*i*) Bombay, Nasik and Sind.

(*ii*) Gujarat and Kathiawar.

The Committee had no particular comments to make on the reports on the colleges in the first group as, owing to the lapse of considerable time since the colleges were inspected, the Committee feared that the reports might not represent the actual condition of things. It may be mentioned here that the delay in submitting the reports of 1933–34 to the Standing Committee was due to the fact that the reports on the inspection of the two medical colleges in Bombay were received only in July 1935.

The reports on the colleges in the Gujarat and Kathiawar Group were scrutinised by the Committee in detail and suitable recommendations were made in connection therewith to the Syndicate. The recommendations were accepted, and the Syndicate took action thereon with satisfactory results.

Students' Welfare Committee.

Among the many recent activities which the University has taken upon itself to perform, none is perhaps so important as the one for the carrying out of which this Committee has been set up. The Committee met once to consider the report of the sub-committee appointed by it to frame a scheme of physical training suitable for colleges affiliated to the University. The scheme as approved and adopted by the Committee is given below :—

Scheme of Physical Training.

(1) That physical training be made compulsory for the students of the first two year classes in all the affiliated Colleges, except those affiliated for law Teaching, Agriculture and Engineering ;

(2) That, in the first instance, if the Colleges find any difficulty in introducing compulsion simultaneously for the first two years, they be permitted to introduce it in the First Year Class only and to extend it to the Second Year Class in the following year ;

(3) That students who as the result of the medical examination have been certified as unfit to undergo exercise or who regularly take part as members of the College teams in the recognized fixtures of matches of the major games be exempted from the scheme ;

(4) That every college be required to appoint on its staff at least one trained physical instructor charged with the duties of implementing the scheme of compulsory physical training ;

(5) That the course of training for every student should consist of actual practice in the physical training class during term time of one item selected preferably from either of the two main groups (A & B) given below, for a period of thirty minutes per day on not less than three days a week, which shall be preferably alternate days :—

Group A—Calisthenics, Gymnastics and Combative Sports.

Free hand movements (including Swedish exercises)
Dund-baithaks,

Namaskaras,	Route March,
Lezim,	Jiu Jitsu,
Lathi,	Wrestling,
Rhythmics,	Boxing,
Scout-pacing,	Archery.

Group B—Athletics

(i) *Major Games.*
Cricket,
Hockey,
Football,
Tennis,
Rowing,

(ii) *Minor Games.*
Badminton,
Ring Tennis,
Basket Ball,
Volley Ball,
Giant Volley Ball,
Khokho,
Atya Patya.

(6) That, as evidence of having undergone physical training satisfactorily, every student be required to have attended the training class for three-fourths of the possible number of periods.

(7) That the heads of Colleges be required to adopt an efficient method of recording attendance of the physical training class, and to submit at the end of the year a detailed report on the working of the scheme in the respective institutions under their charge.

Allied with and complimentary to this scheme is that of scholarships for training physical instructors at the Y. M. C. A. College of Physical Education, Madras, which has been referred to in another part of this report.

The medical examination of students was carried out during the year at all the affiliated Colleges. With the experience of the past the system has undergone noticeable improvements from year to year. During the year under report efforts were particularly directed towards securing uniformity of procedure and standards, and Dr. S. B. Gadgil was invited to pay visits to the different centres to ensure uniformity.

Rajabai Clock Tower Committee.

There was no meeting of the Committee, as there was no important question to be considered by the Committee. The newly installed electric clock has given satisfactory service so far. The chimes of the clock are not as resonant as they might be owing to the fact that the venetians round the belfry have to be closed by means of heavy canvas covers, to prevent the rain water from going through them. Proposals are under consideration for making some arrangement whereby the rain-water could be completely kept out while the chimes remain unaffected.

Board of Advisers to the Department of Economics and Sociology.

There was only one meeting of the Board held during the year, when the Board considered the budget of the Department for the year 1936–37. Apart from the provision made for items of recurring expenditure, based on the actuals of the past year, the Board considered certain other items also. For instance, there was a proposal for increasing the height of the partitions between the staff rooms on the first floor. As it had not been previously considered by the Building Committee, the item was referred to that Committee for report. The consideration of a proposal, for instituting fellowships in the Department was postponed.

Board of Visitors of the Department of Chemical Technology.

There were three meetings of the Board during the year. Among the important items of business transacted by the Board, were the following: the preparation of a research programme; the prescription of regulations and fees for the occasional students joining the Department for research or training; the framing of a table of charges for consultation work undertaken by the Department, and the scrutiny of indents for the purchase of articles required for the laboratories of the Department. There was a proposal for the establishment of a micro-analytical laboratory, but its consideration was postponed, and it was resolved that an investigation be made as to the amount of work that was likely to be received for analysis if such a laboratory were set up in the Department.

CHAPTER IV.

THE ACADEMIC COUNCIL AND THE FACULTIES.

The Academic Council met five times during the year: on the 19th August and the 11th December, 1935, and on the 24th January, the 27th February and the 18th June 1936. The meetings held in December and February continued for two days each, while the other three meetings lasted only a day each.

Amendments in the Regulations.

During the year under report, the Academic Council made several amendments in the Regulations relating to the various examinations and also in some of the Regulations relating to scholarships and prize essays. New sets of Regulations were also framed for two new endowments. Only the important ones are noticed below:—

Regulations were framed for the Khan Bahadur Fardunji M. Dastur Prize. This prize will consist of books of the value of Rs. 105 to be awarded annually to the candidate who obtains the highest total in the papers in Mathematics at the B. A. (Honours) Examination.

Regulations were also framed for the Sir Lallubhai Shah Memorial Scholarship and Prize in accordance with the terms on which the endowment was accepted. The income of the endowment is to be utilised once every fourth year for the purpose of paying an honorarium to a lecturer who shall deliver not less than three lectures on any subject, preferably connected with Hindu Law, or for a prize to be awarded to a writer of an essay on any legal subject, preferably connected with Hindu Law, as the case may be. Under the scheme of the endowment the Faculty of Law is to recommend to the Syndicate the manner in which the income of the endowment shall be utilised on each occasion.

Regulations relating to the Hebbert and Latouche Scholarship were amended in order to clarify the meaning of the term 'native of Sorath in Kathiawar'. The term 'Sorath' has now been clearly defined.

The M. D. Regulations were amended, chiefly with a view to re-arranging the order of the papers in the different branches of the Examination, as some of the papers are common to more than one branch, and as the indication with regard to the common papers in the Regulations then in force was not quite clear.

The Regulations relating to several prize essays were also amended so as to alter the date for sending in the essays from the month of August to the month of September in all cases. The change would add to the administrative convenience of the Office.

The Regulations relating to the 1st and 2nd LL. B. Examinations were also amended. Under the new Regulations, instead of 5 papers there will be 6 papers at each of the Examinations. The allocation of Marks between the different subjects included in a paper has also been altered, and the subject of Easements has been transferred from the 2nd to the 1st, LL.B. Examination under the revised Regulations.

The Regulations relating to the B. Hy. Examination were also amended so as to enable candidates to obtain the degree by thesis. Under the old Regulations the degree could only be obtained by a paper and a practical examination, but even under the amended Regulations a practical and oral examination are retained.

The Ordinances and Regulations relating to the B. Sc. (Tech.) Examination were revised.

Slight amendments were made in the following syllabuses under the Bifurcation Scheme:

(1) The syllabus in Indian Administration at the First Year Examination in Arts;

(2) The syllabus in Civics at the Intermediate Examination in Arts.

The Academic Council revised the courses of studies for the Engineeering Examinations and decided to bring the revised Regulations into force for the examinations to be held in the first half of the year 1937.

The syllabus framed by the Board of Studies in Teaching for the proposed Diploma in Teaching was approved. Similarly, the Regulations for the degree of M.Ed. were passed.

Under the Old Regulations, the paper in Indian History prescribed for the B.A. Examination included the whole history of India, but the Academic Council amended the relevant regulations so as to give an option to candidates to select one of three periods, *viz.* the Ancient, the Mediæval and the Modern, in the History of India. These Regulations will come into force from the date of the examination in 1939.

The syllabus in English for the B.A. Examination was considerably revised, and the new syllabus will come into force from the examination of 1938.

Regulations relating to equivalence of examinations

The Academic Council amended from time to time the Regulations regarding the equivalence of examinations. As a result of the changes thus made, the following examinations have come to be recognized as equivalent to the corresponding examinations of this University on the conditions mentioned below :—

(1) The S. L. C. Examination of the Government of Nepal has been recognized as equivalent to the Matriculation Examination of this University, provided that a candidate passes with 40 per cent. of the marks in English, and 35 per cent. of the marks in each of the other subjects.

(2) The M. B., B. S. Examination of the Punjab University has been recognized as eqivalent to the corresponding examination of this University for admission to the M. D. & M. S. courses of study.

(3) For the purpose of admission to the courses of study in Medicine in this University, it has now been laid down that candidates who have passed the Intermediate Science Examination in Group B of other Universities should have passed with Organic Chemistry as part of the syllabus in Chemistry prescribed for the examination. This change has been introduced in view of the recommendations of the Medical Council of India.

(4) The M.A. and M.Sc. examinations of the Allahabad University have been recognized as equivalent to the corresponding examinations of this University.

(5) The B.Sc. Examination of the Madras University has been recognized as equivalent to the B.Sc. Examination of this University for the purposes of admission both to the M.Sc. and the Law courses.

(6) Regulations were passed giving a higher status to the Senior Cambridge Examination in certain subjects, but these Regulations were not finally approved during the year under report, and were still under the consideration of the Syndicate.

(7) Owing to the refusal of the University of Hongkong to grant recognition to the examinations of this University, the recognition previously granted to the examinations of the Hongkong University was withdrawn.

Important Resolutions.

Among the important decisions arrived at by the Academic Council may be mentioned the acceptance of the principle that definite rules should be laid down restricting the number of students to be admitted to a class or division for the purpose of lectures in any subject in all colleges affiliated to this University. The Council appointed a Committee to make definite recommendations with regard to the maximum number of students that, in the interests of efficiency, could be taken together for lectures in the different classes in the Arts, Science and Medical Colleges.

and also the conditions subject to which the limit might be extended by the Syndicate in special cases. The report of the Committee is under the consideration of the Academic Council and the Syndicate.

The Council endorsed the opinion of the Faculty of Arts that the conduct of the First Year Arts Examinations should *not* be transferred from the Colleges to the University.

The Academic Council recommended the inclusion of the Spanish, the Italian, the Hindi and the Bengali languages among the Modern Languages at the higher examinations, but the Syndicate did not approve of this recommendiation except with regard to Hindi.

The Academic Council expressed its opinion against the institution of a Diploma Course in Spinning and Weaving.

The Academic Council recommended the addition of Sociology to the subjects included in the scheme for Extension Lecture Courses.

A Committee was appointed to consider the feasibility of introducing Aeronautics as a subject of study.

The Academic Council decided that separate examiners should be appointed for each paper at the M. A. examination in the History Branch, with two examiners for each paper, one of whom should not be connected with this University.

The Academic Council was not in favour of instituting a Diploma in Pharmacy, because of the want of facilities for teaching some of the subjects included in the proposed course for the Diploma.

The Council decided that at the B. A. Examination in Compulsory English the same examiners should value the answers of all candidates for English Honours.

The degree courses which it was proposed to revise, and on which a committee of the Academic Council had reported twice, could not be finally settled during the year under report, but the decision of the Council on this subject was arrived at during the current year, and will be referred to in the next year's report.

Faculty of Arts

The Faculty of Arts met three times : on the 23rd August, 1935, the 27th January, 1936, and the 16th June, 1936.

At the meeting held on the 23rd August, 1935, Professor V. K. Joag was duly elected Dean of the Faculty for the third year in succession.

At the same meeting, the Faculty approved generally of the scheme of extension lecture courses put up by a Syndicate sub-committee, subject to the addition of the following dipioma subjects : (1) Education, (2) Journalism, (3) Indian Music and (4) Domestic Science. The subjects previously included in the scheme were (1) Economics and some of its branches, (2) Political theory, (3) Public Administration, (4) Language and Literature, (5) Art, Criticism and History, (6) Civics and (7) Psychology.

The Faculty also passed a resolution recommending to the Academic Council that the Spanish and the Italian languages should be included among the Modern European Languages, and Hindi, Bengali, Tamil, Telegu and Malayalam among the Modern Indian Languages studied in the University.

The number of members of the Board of Studies in Commerce was increased from 5 to 8.

At the meeting held on the 27th January, the Faculty decided to recommend to the Academic Council that a course of 'Islamic Culture' should be introduced in the syllabuses for the M. A. Examination. The Board of Studies in Persian and Arabic

is at present engaged in the work of drafting the syllabus with the assistance of the Rev. H. Heras, S. J., at whose instance it was decided to introduce the course.

The old Board of Studies in History having been replaced by two new Boards, *viz.* (1) 'History and Archaeology' and (2) 'Economics, Politics and Sociology', in accordance with the recommendations made by the Faculty in the previous year, it became necessary to determine the number of members for each of these Boards. The Faculty decided that each of the new Boards should consist of 8 members.

Two recommendations of the Faculty which deserve to be mentioned are (1) the necessary of constituting a separate Board of Studies in Geography, in view of the inclusion of that subject in the Bifurcation Scheme and (2) the inclusion of 'Anthropology' among the optional subjects for the degree of B. A.

Faculty of Science.

The Faculty of Science held three meetings: on the 22nd August, 1935 the 28th January, 1936, and the 15th June, 1936.

At the first of these meetings, Principal T. S. Wheeler was re-elected the Dean of the Faculty for the second year in succession. Principal Wheeler continued in office as Dean until he resigned his office, when he went on leave to England, in March 1936.

The Faculty was strongly in favour of dropping the papers in English and the mother tongue and in a Modern Indian Language at the Intermediate Examination in Science under the Bifurcation Scheme, but its recommendation to this effect was twice turned down by the Academic Council on the ground that the dropping of these subjects would disturb the proper balancing of the Arts and Science subjects under that scheme.

The Faculty experienced great difficulty in getting experts to serve on some of its Boards of Studies, as the number of co-opted members belonging to the Faculty exceeded half the number of Fellows in Faculty, with the consequence that there was no room for any further co-option. As the rule laying down the proportion between Fellows and co-opted members is embodied in a section of the Act, the Syndicate could only think of two ways in which the difficulty could be overcome: one was by moving Government to amend the Act, and the other by assigning more Fellows to the Faculty of Science, notwithstanding the fact that they were already assigned to another Faculty. The adoption of the last mentioned course has solved the difficulty to some extent.

The Faculty recommended to the Academic Council that a system of moderation be introduced at the Intermediate Science Examination both in the theoretical and in the practical part of the examination. But this recommendation was not accepted.

A proposal to provide machinery for the inspection of the practical examinations in Physics, Chemistry and Biology at the Intermediate Examination was brought up before the Faculty, with the details worked out in a very elaborate manner, but it was thrown out by a large majority.

Faculty of Technology

The Faculty met three times: on the 22nd August, 1935, the 27th January, 1936, and the 16th June, 1936.

Principal C. Graham Smith, O. B. E., was re-elected Dean of the Faculty for the second year in succession.

The Faculty recommended the institution of a Diploma in Spinning and Weaving, but the Academic Council did not approve of the idea, and the proposal was, therefore, dropped.

The Faculty recommended the institution of the M.Sc. and Ph.D. degrees in Technology and the amendment of the Ordinances relating to the D.Sc. degree so as to make graduates in the Faculty of Technology eligible for this degree. It also recommended an increase in the duration of the proposed Diploma Courses in (1) Dyeing, Printing and Finishing and (2) Leather Manufacture from two to three years.

Faculty of Law

The Faculty of Law met twice: on the 24th August, 1935, and the 17th June, 1936.

The late Mr. A. M. Kajiji was re-elected Dean for the year. At the first of these meetings the Faculty considered the questionnaire issued by the Legal Education Committee appointed by the Chief Justice of Bombay and discussed and formulated the replies to be sent thereto.

The only other item considered by the Faculty was the proposal to introduce a Diploma Course in Rural Re-construction. The Faculty expressed itself in favour of this proposal.

Faculty of Medicine

The Faculty of Medicine met six times: on the 8th July, the 23rd July, the 13th August and the 16th October, 1935 and the 12th February and the 8th April, 1936.

Dr. V. R. Khanolkar was elected the Dean of the Faculty for the year.

A considerable portion of the time of the Faculty was taken up in discussing the recommendations of the Medical Council of India on Professional Education and Professional Examinations, and the reports of the Inspectors of the Medical Council of India on the courses of Instruction and on the conduct of the Final M.B.,B.S Examination. Interim reports of the opinion of the Faculty on these questions have been made from time to time, and communicated to the Executive Committee of the Medical Council of India, but as these recommendations involve a thorough examination of the Medical curriculum and the system of the conduct of the medical examinations, and as further references have been coming from time to time from the Medical Council of India, the Faculty could not completely dispose of the recommendations.

Among the other matters considered by the Faculty the following may be mentioned:—

The Faculty reported to the Academic Council that they were in favour of introducing a Diploma Course in Rural Reconstruction which should be open to matriculates of this University. In the opinion of the Faculty the course should be one of two years to be rounded up by the grant of a Diploma, and the medical side of the course should include courses of instruction in subjects such as (1) Rural Sanitation, (2) Hygiene, (3) Ventilation, (4) Water Supply, (5) Conservancy, (6) Personal Cleanliness, (7) Dietary, (8) Health Visiting, (9) Maternity and Infant Welfare, (10) Information about Household Remedies, (11) Nursing and First-Aid, (12) Preventable Diseases, (13) Communicable Diseases, (14) Water-borne Diseases and (15) Epidemics.

The Faculty decided not to take any action on the proposals to institute Diplomas in Laryngology and Otology and in Venereology.

While approving of the proposal for a Diploma Course in Pharmacy and the syllabuses suggested for the course, the Faculty pointed out to the Academic Council that no facilities were available in the local Medical Colleges for teaching subjects such as (1) Pharmacy, including Pharmacy Law and (2) Pharmacognosy.

In view of certain complaints regarding the conduct of the practical examination in Midwifery held in December 1934, the Faculty appointed several sub-committees to suggest changes in the instructions to examiners so as to remove all ambiguities

therein. As a result of the recommendations of these sub-committees a number of changes have been made in the instructions.

The Faculty reported to the Syndicate that in their opinion the institution of a Diploma in Radiology and Electrology was both feasible and desirable, provided that the necessary grant was made by the Syndicate in the way of initial equipment and recurring expenditure. As, however, the Syndicate did not find it practicable to make provision for such a grant, no further action was taken on the recommendation.

A Committee of the Faculty was appointed to suggest a revision of the conditions of appointment of postgraduate teachers in the Faculty. The labours of the Committee were not over before the close of the year.

The Faculty suggested certain changes in Regulation 237 relating to the M. D. Examination and also in the instructions to examiners. These were accepted by the Academic Council and the Syndicate

The Faculty recommended the inspection of, and employment of additional assistants at, the practical examinations in Medicine, but the first recommendation was not accepted by the Syndicate. The Syndicate, however, accepted the suggestions made by the Faculty for making changes in the table of expert and other assistants employed for the purpose of the practical examinations.

Joint Meeting of the Faculties of Science and Medicine

A joint meeting of the Faculties of Science and Medicine was held on the 29th January, 1936, to consider, among other things, the proposal that the D.Sc. Degree should be conferred on medical graduates who satisfy the conditions of original research work in medical subjects. The meeting reported in favour of the proposal that the Degree of D.Sc. should be made available to medical graduates, (*i. e.* candidates who have taken the Degrees of M.B.,B.S.), who have done research work in any of the following subjects, *viz.*, (1) Anatomy, (2) Bacteriology, (3) Pathology, (4) Pharmacology and (5) Physiology.

The joint meeting also recommended that the Ordinances relating to the Ph. D. Degree should be amended so as to permit medical graduates doing research work in the abovementioned subjects to take the Ph.D. Degree by submitting a thesis.

Boards of Studies

New Boards of Studies:—To the existing number of Boards of Studies one more Board was added during the year under review. The Board of Studies in Persian, Arabic and Urdu was split up into two separate units, namely, the Board of Studies in "Persian and Arabic" and the Board of Studies in "Urdu". The proposal for dissolving the existing Board of Studies in History, Economics and Sociology and setting up in its stead two separate Boards of Studies, one in "History and Archæology" and the other in "Politics, Economics and Sociology" was also adopted finally by the University authorities concerned, but the elections could not be held during the year. The old Board met for the last time in February 1936. A proposal to form a separate Board of Studies in Geography was under consideration. The Board of Studies in Chemical Technology formed last year held its first meeting in July 1935.

Work before the Boards

The numbers of meetings held by each Board are given in Appendix VIII. The prescription of text-books for the various University examinations and the preparation of panels of persons suitable for appointment as examiners were the main items of business transacted by these Boards. Most of the Boards of Studies in subjects other than the Languages had also to consider, from time to time, the question of making recommendations to the Academic Council for the appointment of referees. Some of the Boards discussed proposals for alterations in the courses of studies.

The Board of Studies in Chemical Technology considered in detail the syllabuses in the various subjects of the B.Sc. (Tech.) and M.Sc. (Tech.) Examinations. It also considered the question of laying down detailed syllabuses for the proposed diplomas in Paints, Pigments and Varnishes, Soapmaking, Leather Manufacture, Dyeing, Printing and Finishing, and Printing and Lithography.

The Board of Studies in Engineering examined proposals for the revision of courses for the examinations in Engineering and discussed the syllabuses for the proposed diploma in Electrical Engineering Practice.

The Board of Studies in Chemistry was occupied with laying down a revised scheme of examination and detailed syllabuses for the M. Sc. Degree in Chemistry. It also suggested to the Academic Council that the Regulations relating to the Ratanji Ranchhodji Desai Gold Medal be amended so that the award of the Medal may be made on the results of the Ph. D. instead of the M.Sc. Examination. The Regulations were amended accordingly.

The Board of Studies in Geology also took up the revision of courses.

The Board of Studies in Teaching suggested a revision of the existing Regulations relating to the B. T. Examination, with particular reference to the method of assigning marks for term and examination work, the standard of passing, and the procedure for classifying successful candidates. The Board also drafted Regulations for the newly instituted degree of M.Ed.

The Board of Studies in Philosophy had before it the question of framing a syllabus in Experimental Psychology for the B. Sc. Degree of this University. It appointed a sub-committee which invited the co-operation of Professor Gopalaswami of Mysore and Dr. Pachauri.

The Board of Studies in History, Economics and Sociology altered the syllabus in 'Indian History,' one of the papers for the B.A. Pass Course. However, in view of the impending changes in its constitution, it held over the revision of the entire course of studies in History for the B. A. Honours Examination for consideration by the new Boards in History and Archaeology and in Economics, Politics and Sociology.

Of the Boards of Studies in Languages, those in the Modern Indian Languages had an additional item of business, namely, the question of laying down selections for the Matriculation Examination, to be published by the University. The scheme bids fair to be satisfactory. Authors are now being paid a token honorarium for the pieces from their works which the University includes in its publications.

The Board of Studies in Gujarati introduced a reform by laying down that the system of spelling to be adopted in the University publication should be the same as the system followed by the Gujarat Vidyapith.

The formation of a separate Board of Studies in Urdu and the setting up of a special Committee to make recommendations for the text-books to be prescribed in Hindi provide further evidence of the increasing attention that the study of Modern Indian Languages is receiving in this University.

UNIVERSITY DEPARTMENTS AND LIBRARY

A. School of Economics and Sociology, University of Bombay.

Number and Attendance of Students.

	Research students at the end of the year.	Paper students at the end of the year.	Total No. of students at the end of the year.	Average attendance during the year.
Dept. of Economics ...	18	52	70	55
Dept. of Sociology ...	27	34	61	47

Inter-collegiate Students

Besides these, 22 post-graduate students belonging to different Arts Colleges in the City attended lectures in this School, 16 in Economics and 6 in Sociology. Their average attendance during the year was 13 and 6 respectively.

Lectures

As usual, each member of the staff delivered two lectures a week, so as to cover during the year half of the M. A. course in Economics and Sociology. Difficulties arising out of the lectures were discussed in informal seminars or with individual students.

Research Work

The School has been making good progress in the matter of research as can be seen from the fact that 45 students were doing research work in different Economic and Sociological subjects. (See Appendix I.)

Results

During the year under review 9 students submitted their theses for the M. A. degree examination and were declared successful. (See Appendix II.)

Out of the 25 students sent up for the M. A. Examination by papers 22 appeared for the examination. Out of these 2 were placed in the Second Class, 11 in the Pass Class and 9 failed. Out of the 22 students that appeared for the examination, 5 offered History (A group) and Economics, 4 History (A group) and Sociology, 1 History (B Group) and Sociology, 11 Economics and Sociology and 1 Philosophy and Sociology for their examination. (See Appendix III.)

Students' Unions

Though still in the third year of its existence, the Students' Union showed great activity. The Union succeeded in enlisting the sympathy of 33 eminent gentlemen who became its Patrons.

The new constitution approved by the Syndicate gave impetus to the work of the Union.

Several lectures on topics of economic and sociological interest were delivered under the auspices of the Union by eminent persons. There were several debates in the School as well as outside the School, in which the members of the Union took part. An Inter-collegiate debate was organised by the Union under the Presidentship of Sir Chimanlal Setalvad.

The students visited some places of interest; and these excursions combined both entertainment and instruction. Among these may be mentioned a visit to the Ajanta and Ellora Caves under the guidance of Dr. N. A. Thoothi.

The annual Social Gathering of the past and present students of the School was held in February 1936 under the presidentship of the Mayor, Mr. K. F. Nariman. The gathering was a great success.

B. University Department of Chemical Technology

In June 1935 ten new students were admitted to the course in Textile Chemistry, but only eight suitable applications were received for the course in Chemical Engineeering, which together with the second year students made a total of 19 students in Textile Chemistry and 16 students in Chemical Engineering.

By the demise of Mr. R. H. Merchant the Department lost one of its promising students.

The attendance roll was further depleted by one student leaving during the year and another after completing his first year's course. The total number of students at the end of the academic year was therefore as under :—

Course	2nd year students	Average attendance	1st year students	Average attendance
Textile Chemistry	9	8·5	10	9·6
Chemical Engineering	7	6·7	7	6·8

The B. Sc. (Tech.) degree examinations were held for the first time in April 1936. 9 students presented themselves in Textile Chemistry and 7 in Chemical Engineering, of whom the following passed:—

Textile Chemistry	*Chemical Engineering*
F. F. Darbary	H. N. Banerjea (with distn.)
R. L. Desai (with distn.)	M. B. Desai
S. B. Dutta	N. V. Ganpule
S. R. Gore	N. R. Kamath (with distn.)
S. M. Kaji	M. G. Pandi
N. K. Patel	G. B. Rau
J. B. Sane	

The student who failed in Chemical Engineering and one of the students who failed in Textile Chemistry are repeating the second year's course.

Mr. R. L. Desai, who obtained the highest number of marks in Textile Chemistry, was awarded the *Byramji Ratanji Lentin Scholarship* and Mr. N. R. Kamath, who obtained the highest number of marks in Chemical Engineering and otherwise fulfilled the conditions, was awarded the *Amelia, wife of Dr. A. G. Viegas Scholarship.*

Four of the successful students were awarded Research Fellowships and three joined the Department to carry out research on their own account. One of the latter has since left for England to prosecute higher studies in Chemical Engineering at the University of London.

One Student who was unable to undergo his works training prior to the examination was employed as an apprentice in the Madhowji Dharamsi Mills. The remaining 5 students are engaged in industry.

The past students are, therefore, employed as follows:—

Name	Subject of Research	Under the guidance of
Research Fellows:		
H. N. Banerjea	The Composition, constitution and possible utilisation of Nepal Lignite.	Dr. L. A. Bhatt.
M. B. Desai	Technical Emulsions.	Professor R. B. Forster. Dr. K. Venkataraman. Dr. B. K. Vaidya.
R. L. Desai	Action of light and heat on stabilised diazo salts.	Dr. T. N. Mehta.
S. M. Kaji	The detection and estimation of degradation in cotton.	Professor R. B. Forster. Dr. K. Venkataraman.
Research Students:		
N. V. Ganpule	Manufacturing of Printing Inks.	Dr. N. R. Damle.
M. G. Pandit	Manufacturing of Bakelite Powder	Dr. N. R. Damle.

Name		Name of firm
F. F. Darbary	...	Madhowji Dharamsi Mfg. Co. (as Apprentice)
S. B. Dutta	...	E. D. Sassoon Turkey Red Dye works
S. R. Gore	...	Havero Trading Co.
N. K. Patel	...	The Textile Mills
G. B. Rau	...	Havero Trading Co.
J. B. Sane	...	Khatau Makanji Mills (rejoined)

Scholarships:—On the results of the Departmental Examinations and the University Examinations, scholarships of Rs. 50 each p. m. were awarded to :—

M. M. Shah	(Second Year Textile Chemistry)
S. V. Desai	(" ")
R. V. Bhatt	(" ")
K. V. Kudva	(Second Year Chemical Engineering)
G. V. Shirolkar	(First Year Textile Chemistry)
V. S. Mehta	(First Year Chemical Engineering)

New Appointments:—The following appointments were made during the year under report :

10–8–35	...	Demonstrator in Industrial Chemistry V. B. Thosar, B.A., M.Sc.
15–8–35	...	Demonstrator in Mechanical Engineering and Drawing P. K. Sathe, B.E. (Mech.)
23–8–35	...	Demonstrator in Chemical Engineering J. G. Kane, M.Sc., A.I.I.Sc.
3–9–35	...	Research Assistant in Optics B. K. Vaidya, M.Sc., Ph.D. (Liverpool) 1 Dyehouse Assistant 4 Hamals.

Gifts:—Thanks are due to Messrs. United Water Softners Ltd. who presented the Department with a portable "Permutit" Water-softening plant and to Messrs. Imperial Chemical Industries, Ltd., Havero Trading Co., Ltd., J. W. Leitch and Co., Ltd. (through Messrs. Khatau Valabhdas and Co.), Nippon Senryo Export Co , Osaka (through Messrs. Kabbur and Co.), Shaw Wallace and Co. and Ciba Ltd. for gifts of chemicals and dyes.

Works Practice:—Works practice was arranged for the first year students during the long vacation and for this the Department gratefully acknowledges the co-operation of the following firms :—

Havero Trading Co., Ltd.
E. D. Sassoon Turkey Red Dye Works.
The Indian Bleaching, Dyeing and Printing Works, Ltd.
The Standard Mills Co., Ltd.
Imperial Chemical Industries (India) Ltd.
The Svadeshi Mills Co., Ltd.
The Empire Dyeing and Manufacturing Co., Ltd.
The Raja Bahadur Motilal Poona Mills, Ltd.
The Aryodaya Spg. and Wvg. Co., Ltd., Ahmedabad.
Madhowji Dh ramsi Mfg. Co., Ltd.
Morarjee Goculdas Spg. and Wvg. Co., Ltd.
The Jallo Rosin and Turpentine Factory, Lahore.
The Belapur Company Ltd.
The Elephant Oil Mill.
The Swastik Oil Mills, Ltd.
The Katni Cement and Industrial Co., Ltd.
Gujarat Paper Mills, Ltd., Ahmedabad
Municipal Sewage Works Laboratory, Dadar.

Outside Work:—The number of enquiries from local firms showed a marked increase on the previous year and included experimental work on the analysis of fabrics, mercerisation of yarns, stentering, bleaching, finishing, dye trials and spray printing. A number of auxiliaries such as starches, tallows and oils were also investigated. A series of boiler trials was carried out and the calorific values of several fuels such as natural gas and oils were determined. The coking propensities of some of the C. P. coals were investigated. On the Chemical Engineering side, several problems were taken up such as the purification of magnesium chloride from bitterns and the preparation of printing inks.

Research Work:—The Department began a series of experiments in co-operation with the Technological Laboratory, Matunga, on the properties of Indian Cottons in relation to their suitability for kier-boiling, bleaching and mercerising. Investigations are also in progress on:—(1) The general fastness properties of dyes such as the Naphthol colours and their improvement; (2) Study of the process of desizing and the relative advantages of various commercial desizing agents; (3) The detection and estimation of degradation in cotton, (4) Dyeing of silk with diazo salts, development of silk dyed with colours having exo-amino groups and the application of these methods to produce two-colour effects on union goods and to detect the admixture of silk with vegetable fibres; (5) Study of mercerisation auxiliaries; (6) Use of emulsified organic solvents in kier boiling; (7) Production of fast shades on cotton from combinations of cutch and diazo salts; (8) Estimation of the moisture-content of cotton; (9) Methods of analysis of Naphthols and bases and stabilised diazo salts; (10) Investigation of degree of whiteness in different varieties of cotton; (11) Study of low grade Indian coals; (12) The manufacture of Printing inks; (13) The manufacture of copper sulphate; (14) Extraction of Nicotine from tobacco refuse.

Publications: The following papers were published during the year:—

"The constitution of Calycopterin, the colouring matter of *Calycopterus floribunda*"—H. S. Mahal and K. Venkataraman (*Current Science*, 1935, **4**, 311).

"Antiseptics and Anthelminthics—Part II"—D. R. Dhingra, H. L. Uppal and K. Venkataraman (*Proc. Ind. Acad. Sc.*, 1936, *3*, 206).

"Demethylation with aluminium chloride"—K. C. Gulati and K. Venkataraman (*J. Chem. Soc.*, 1936, 267).

"A synthesis of Genkwanin, the colouring matter of Daphne genkwa"—H. S. Mahal and K. Venkataraman. (*J. Chem. Soc.*, 1936, 569).

"Wetting, Emulsifying and Auxiliary Agents for Textile-Processing"—K. Venkataraman. (Indian Patent No. 22216, 25th September 1936).

A paper on "A Study of Wetting Agents in Textile Processing" by D. R. Dhingra I. S. Uppal and K. Venkataraman was awarded a prize for papers dealing with subjects of industrial importance to India" by the Industrial Research Bureau of the Government of India.

It is a great pleasure to record that Dr. Venkataraman's research work has been recognised by the University of Manchester by the conferment on him of its highest honour, the degree of D.Sc.

Study tour of Dr. K. Venkataraman:—Dr. Venkataraman went to Europe on a study tour on the 7th of March 1936 and returned to duty on the 23rd of July. In England he worked for three weeks in the Manchester laboratories of the I.C.I. (Dyestuffs group) and while there made a study of the methods for assaying textile auxiliaries, for improving the fastness properties of the Naphthol colours and for the production of level dyeings of vat colours on cotton-viscose unions. Dr. Venkataraman was also permitted to inspect the semi-scale plant at the Blackley works. Here unit plant is installed for the manufacture of dyestuffs and intermediates on a works experimental scale. He was also shown over the Huddersfield works which constitute the largest and most modern dyestuff factory in Great Britain. He had also the opportunity of visiting some of the smaller works where dyestuffs and intermediates are manufactured such as Messrs. J. W. Leitch and Co. of Milnsbridge and the Colnevale Chemical Co. When visiting the Gas Light and Coke Co. and the South Metropolitan Gas Co. in London and the Yorkshire Tar Distilleries in Leeds, he had the opportunity of observing the production of town gas, recovery of Tar and the distillation of the latter leading to the raw materials used in the dyestuff industry. At Doncaster the Head of the Department was able to secure for him the special privilege of spending two days in the cuprammonium rayon factory of Messrs. British Bembergs Limited. Dr. Venkataraman also obtained permission to visit several dyehouses where he was able to see some special machines in operation such as the Smith's Drum and special padding and wool dyeing machines. Visits were also paid to the chemical engineering laboratories of the University College, London, and the Textile Departments of the Universities of Leeds and Manchester.

During his visit to Germany, Dr. Venkataraman spent three weeks in the laboratories of the I. G. at Leverkusen, Höchst and Griesheim. He was greatly impressed with the research organisation of the I. G. and the thoroughness with which every dyestuff and auxiliary is examined before being placed on the market. At Höchst most of his time was spent in the well-equipped printing Department, attention being directed to new developments. At Griesheim he made a brief study of peroxide bleaching, the differences in treatment required for Indian, Egyptian and American cotton and the bleaching of viscose. Dr. Venkataraman was also allowed to visit the factory for intermediates at Griesheim and the dyestuff works at Leverkusen. In Leverkusen, where the investigation of cotton dyeing is centralised, he was enabled to study the dyeing of cotton with Naphthols, Indanthrenes and Indigosols with reference to difficulties encountered in the Departmental Dyehouse. In view of the projected extension of the Department, particular attention was paid to the plant and equipment of the various dyehouses and laboratories visited. His stay with the I. G. was concluded by a visit to the Vistra artificial silk factory. Messrs. Kleinewefers kindly arranged for him to see one of their hank mercerising machines in operation. He also had the opportunity of operating a Thies cheese dyeing machine at Krefeld and a Krostewitz ager at Hagen.

In Berlin he visited the state monopoly distilleries where absolute alcohol is manufactured by the azeotropic process using trichlorethylene, a method of interest to this country as providing a solution for the surplus molasses problem. Finally, he spent two days at Munich on peroxide bleaching at the Elektrochemischewerke.

Library:—During the year several sets of back volumes of important journals were obtained and several additional periodicals subscribed to. The number of books and periodicals at the end of the year was as under:—

Text books, reference books and serials	1431	vols.
Journals	684	vols.
Total	2115	vols.
Number of current periodicals	61	

Technological Association:—Under the auspices of the Technological Association a series of lectures, social functions, visits and tours were arranged. "Foundation Day" was celebrated on the 4th August 1935, when all members of the staff and students were present. The Annual Gathering was held on the 3rd February, 1936, at the Taj Mahal Hotel under the presidency of Sir Victor Sassoon. The Association acknowledges its indebtedness to Dr. W. K. Winterhalder, Dr. R. Landsberg, Dr. A. M. Patel, Dr. Mrs. E. Landsberg, Mr. G. C. Mitter, Dr. N. G. Chhatterjee, Dr. Mata Prasad and Messrs. J. B. Sane, N. V. Ganpule and H. N. Banerjea for lectures and papers on technological subjects which they kindly delivered during the year and also to the proprietors of the undermentioned firms for allowing the students to visit their works:—

1. Lever Brothers' Soap Factory, Sewree
2. Khatau Makanji Mills, Byculla
3. Goodlass Wall (India) Ltd., Paint Works, Parel
4. Morarji Gokuldas Mill, Parel
5. His Majesty's Mint, Fort
6. Indian Woollen Mills, Ltd., Mahalaxmi
7. Britannia Biscuit Factory, Mazagaon
8. Finlay Mills, Ltd., Parel
9. Richardson and Cruddas' Byculla Iron Works and Foundry
10. Bake-O-Brass Bakelite Factory, Sassoon Dock
11. Indian Bleaching, Dyeing and Printing Works, Parbhadevi Road
12. Standard Mills, Parbhadevi Road

Educational Tours:—Two educational tours were organised. A tour of the mills and chemical industries in the neighbourhood of Ahmedabad was carried out, during which the following were visited:—

1. New Commercial Mills, Ahmedabad
2. Calico Mills, Ahmedabad
3. Ambica Mill, ,,
4. Rohit ,, ,,

5. Arvind Mill Ahmedabad
6. Jupiter „ „
7. Polson's Model Dairy, Anand
8. Alembic Chemical Works, Baroda

An all-India tour was also organised whereby the students had an opportunity of visiting:—

1. Model Industries, Dayalbagh, Agra
2. U. P. Glass Works, Bahjoi
3. Harcourt Butler Technological Institute, Cawnpore
4. Government Dyeing and Printing School, Cawnpore
5. Army Boot and Equipment Works, Cawnpore
6. Pearl Products Co., Cawnpore
7. Elgin Mills, Cawnpore
8. Cawnpore Sugar Works and Distillery
9. Juggimal Kamalapat Mills, Cawnpore
10. Benares Hindu University
11. Sone Valley Portland Cement Works, Japla
12. Kustore Colliery, Kusunda, Dhanbad
13. Indian School of Mines, Dhanbad
14. Bengal Chemical and Pharmaceutical Works, Maniktola
15. „ „ „ „ Panihatti
16. Titaghur Paper Mills, Titaghur, Calcutta
17. Kamarhatti Jute Mills, Calcutta
18. Calcutta Glass and Silicate Works, Calcutta
19. Hukumchand Electric Steel Works, Calcutta
20. Shalimar Paint and Varnish Co., Calcutta
21. The Calcutta Celluloid Works
22. The Indian Electric Lamp Mfg. Co., Calcutta
23. The Indian Copper Corporation, Ghatsila
24. The Tata Iron and Steel Works, Tatanagar
25. The Tatanagar Chemical Works
26. Agricultural Implement Co., Tatanagar
27. The Tinplate Company of India, Tatanagar
28. The Indian Steel and Wire Products, Tatanagar
29. The Indian Cable Company, Tatanagar
30. The Tatanagar Waterworks, Tatanagar
31. The Model Mills, Nagpur
32. The Buckingham Mills, Madras
33. The Carnatic Mills, Madras
34. The Madras Pencil Factory
35. The Indian Institute of Science, Bangalore
36. The Mysore Mills Bangalore
37. The Minerva Mills, Bangalore
38. The Government Soap Factory, Bangalore
39. The Industrial Laboratory and Test House, Bangalore
40. The Lac Factory, Bangalore
41. The Government Porcelain Factory, Bangalore
42. The White Lead Syndicate, Bangalore
43. The Government Sandal Oil Factory, Mysore
44. Chamarajendra Technical Institute, Mysore
45. The Government Silk Factory, Mysore
46. The Mysore Sugar Works, Mandya
47. The Mysore Government Distillery, Mandya
48. The Mysore Iron Works, Bhadravati

The thanks of the Department are due to the respective authorities for making these tours possible.

A grant of Rs. 1,000 was sanctioned by the Senate towards the expenses of these tours.

Development of the Department:—Under instructions from the ten year plan Committee the Head of the Department, prepared a scheme for enlarging the activities of the Department, details of which appear in a separate report.

Visits by prominent persons:—During the year the Department was visited by a number of prominent persons, among whom may be mentioned:—

Sir James Irvine, Vice-Chancellar of St. Andrews University
Seth Kasturbhai Lalbhai
Sir C. V. Raman
Mr. N. Brodie
The Lancashire Trade Delegation

The Lancashire Trade Delegation and a number of guests were entertained to tea by the Vice-Chancellor in the Royal Institute of Science compound prior to inspecting the Department.

C. Foreign Universities Information Bureau.

In accordance with Ordinance 68 the Syndicate appointed the following Committee for the year 1935–36:—

1. The Vice-Chancellor,
2. The Hon. Mr. Justice B. J. Wadia,
3. Dr. T. S. Wheeler,
4. Dr. R. B. Forster,
5. Major S. L Bhatia,
6. Principal M. L. Tannan,
7. Principal S. S. Cameron,
8. Professor F. Correia-Afonso.

2. It was decided that the meetings of the Committee during the year 1935–36 be held on the following days:—

30th June 1936
1st September 1936
1st December 1936
2nd March 1937.

3. At the quarterly meetings held from December 1935 to September 1936 a list of applications for admission to educational institutions in Great Britain and elsewhere and also a table showing the number of personal enquiries made, of letters received from mofussil enquiries, of letters sent out by the Bureau, and of prospectuses consulted in the Bureau and issued to students in Bombay and in the mofussil, were placed before the meeting and after discussion, it was resolved that the lists on the table be recorded.

4. During the period under report the Bureau received altogether 115 applications for admission to educational institutions in the United Kingdom and foreign countries.

The number of applications received last year was 132.

5. The Bureau received 1166 personal enquiries and 1854 in writing making a total of 3020 enquiries.

During the year 1934–35 the number of personal enquiries was 1293 and that of enquiries in writing 1899, making a total of 3192 enquiries.

6. As many of these enquiries as could be answered from the material at the disposal of the Bureau were answered; the rest were referred for answers to the Education Department of the High Commissioner for India and other authorities.

7. The number of documents containing prospectuses, calendars, regulations, etc., etc., relating to Universities and other educational institutions in Great Britain and other foreign countries issued to students intending to proceed to those countries and the number of students who applied for them were as under:—

	1934–35	1935–36
Number of documents issued	... 2551	2408
Number of students who applied for them	... 1688	1638

8. In view of the increased number of enquiries from students who have not taken their education in the Bombay University, the Syndicate have *resolved* that every student who is not or has not been studying within the territorial jurisdiction of *this* University, and who applies for information or submits an application for admission to a foreign institution for transmission to the High Commissioner for India or the institution concerned, shall be required to pay a fee of Rs. 10.

During the year under report there were 52 such students from other Universities. Only 3 students who paid the prescribed fee were supplied with the required information.

9. 73 students going to foreign countries were kindly allowed by the P. & O. Company concession rate of 50 per cent. for passage money.

D. University Library.

Period of the Report:—This report covers the period from 1st July 1935 to 30th June 1936.

Readers:—The total attendance of readers and visitors during the year was 24,844 or 88·09 per working day.

The number of Readers' cards issued during the year was 2137 as compared with 2027 last year. Besides this, 41 Post-graduate Research students were recommended to the B. B. R. A. Society's Library, 86 students were given tickets of admission to the School of Economics and Sociology Library and 60 to the Library of the Royal Institute of Science.

Library Hours:—The working time of the Library continued to be the same *i. e.* 11 A.M. to 7 P.M. on week days and 11 A.M. to 5 P.M. on Saturdays.

Issue of Books:—The total number of books issued to Readers and Fellows was 84,937, out of which 81,361 were used on the premises. The corresponding figures for the previous year are 62,197 and 59,462. These figures do not include reference works and periodicals to which readers have free access.

Additions to the Library:—The total number of volumes added to the Library during the year was 2,118 out of which 1,813 were purchased and 305 presented. The principal donors were:—

The Government of India, the Government of Bombay and other Provincial Governments, the Governments of Baroda and Mysore; and the Governments of France, Germany, Italy and Japan, Indian and Foreign Universities, the Carnegie Institution of Washington, the Carnegie Endowment for International Peace, the Rockfeller Institute of Medical Research, the Smithsonian Institution, National Research Council of Japan, Asiatic Societies of Bombay and Bengal, the Anthropological Society of Bombay, E. J. W. Gibb Memorial, the League of Nations, the Societas Scientiarum Fennica, Helsingfors, Finland, and individual donors and authors.

It may specially be mentioned that the Library has acquired a complete set of the Chinese Tripitaka and an unabridged up-to-date set of the Philosophical Transactions of the Royal Society, London. Both these collections will prove very useful to research workers.

Periodicals:—The total number of periodicals received in the Library during the year was 298. Of these periodicals 153 were subscribed and 145 were either received by way of exchange with the University Journal or presented.

Catalogues:—The General Card Catalogue of the Library by Authors Titles and Subjects is kept up to date for reference. Bulletins of new books purchased by the Library were issued from time to time and forwarded to all affiliated colleges for the information of students and teachers.

A Descriptive Catalogue of the Arabic, Persian and Urdu Manuscripts in the Library of the University prepared by Professor Shaikh Abdul-Kadir Surfraz was published in December 1935.

The work of cataloguing the Bhadkamkar Collection and revising the Catalogue of the Bhagavatsinhji Collection of Sanskrit MSS. is under preparation.

Additions to the MSS. Collection :—During the year under report one Persian manuscript was purchased and added to the University Library Collection. Besides this 9 bundles containing 76 Sanskrit manuscripts were presented by Professor H. D. Velankar of the Wilson College in memory of the late Professor H. M. Bhadkamkar. They are placed in the Library as the H. M. Bhadkamkar Memorial Collection. It was decided by the Library Committee to purchase a photographic copy of the Mahabharat in the Sharada Script in the Library of the Royal Asiatic Society of Bengal. The work of getting the copy is entrusted to Principal Karmarkar and Dr. Sukthankar.

Theses :—The number of theses received from the University Registrar during the year was 46. The total number at the end of the year was 355. Besides these, 4 Prize Essays have been received in the Library from the University Registrar, the total being 8.

Accounts :—The following is a summary of the Library accounts for the year under report. The total income including annual University grant and Miscellaneous receipts was Rs. 58,418–4–0. The total expenditure was Rs. 46,134–0–4, out of which Rs. 21,491–13–1 were spent on the purchase of Books and Periodicals, Rs. 1,759–11–0 were spent for Book Binding, Stationery, Printing and Postage; Rs. 15,482–15–0 for Establishment charges; Rs. 2,796–14–0 for Furniture and Repairs; Rs. 4,602–11–3 for Miscellaneous charges; Rs. 399–4–0, the sale proceeds of the Rajabai Tower Tickets were forwarded to the University Registrar.

E. University Hostel.

In pursuance of a resolution of the Senate passed on 31st January, 1934, the Syndicate appointed a Committee to frame a suitable scheme for a University Hostel. After making the necessary inquiries from the Administrative Heads of the University Departments, the Committee came to the conclusion that a building should be rented for the purpose, and that the building should be as near the University as possible. After some inquiries the Taraporewala Building now known as Fravic House situated at 79, Queen's Road, opposite Marine Lines Station was selected for the purpose. Arrangements have been made to rent the building on a three years' lease. The owner undertook to renovate the house generally, to put up the necessary sanitary equipment, and other fixtures so that the building may become suitable for a Hostel. The University took charge of the building with effect from the 1st June, 1936, and though considerable progress had been made by 30th June towards the changes referred to above, some work was incomplete and had to be done during the following month. Students were admitted to the Hostel from the 23rd June, 1936. A good number of students had joined the Hostel by 30th June. There is accommodation in the Hostel for 59 students; during the first term of 1936–37 we have had 48 students resident in the Hostel.

The majority of the students are accommodated on the 2nd and 3rd floors of the building, the first floor being used mostly for common rooms. A Reading Room and a Ping-Pong Room for the common use of students, are provided on the first floor. There are three Dining Clubs, two vegetarian and one non-vegetarian, each with a separate kitchen and a separate Dining Room, adequately equipped, for the convenience of students.

The situation of the building is excellent, inasmuch as it faces the sea and is open on three sides, besides being near the University. Arrangements have been made for medical aid for the students by the appointment of a Medical Officer, who visits the Hostel twice a week, and more often, if necessary. The medical Officer is paid an honorarium out of a fee of Rs. 5 per student per term, which the resident students are required to pay. He supplies all medicines without any extra charge.

The Syndicate appointed Professor C. N. Vakil as the Warden of the Hostel. He has his office and residence on the top floor of the building.

CHAPTER VI

Postgraduate Instruction and Research.

During the year under report the Board of Postgraduate Studies held six meetings: on the 12th July, the 9th August, and the 4th October, 1935, and the 8th February, the 4th April and the 17th June, 1936. As the Agenda before the meeting of the 4th April, 1936, could not be completely disposed of on that day, an adjourned meeting of the Board was held on the 9th April, 1936 to dispose of the remaining items. The meeting of the 17th June, 1936, had also to be adjourned to the 27th June, 1936, for disposing of the items which had remained over on the 17th June, 1936.

In addition to its routine work of considering applications for the recognition of Universiry Teachers, approving the time-tables of postgraduate lectures and disposing of individual applications from postgraduate students for permission to change their subjects or centres, the Board decided several questions of importance, which are referred to below.

The Board recognized Baroda as an independent centre for postgraduate teaching in English.

On receipt of an enquiry whether a holder of the M.D. Degree in one Branch can appear for the same degree in another Branch, the Board decided that there was nothing in the Ordinances and Regulations which prevented a holder of the M.D. Degree in one Branch from appearing for the examination for the same degree in another Branch, provided that he satisfied all the conditions of admission to the new Branch in which he wished to appear. The Board further recommended to the Syndicate that the Regulations relating to the M.D. Examination be amended on lines similar to those for the M.A. Examination, specifying the circumstances in which candidates would be permitted to appear for the M. D. Examination in different branches more than once.

The Board recommended to the Syndicate that the posts of Demonstrators in the Seth G. S. Medical College in the Pharmacology Department be recognized as approved appointments for the degree of M.D. (Branch IV—Pharmacology) under the provisions of Ordinance 267.

The Board decided that the permanent Professors and Readers in the University Departments which are established for giving instruction and guiding research solely for postgraduate degrees in any Faculty, be *ipso facto* recognized as University Teachers for guiding students preparing for the Degree of Ph. D.; further that, if at any time an acting appointment of a teacher was to be made in any of these Departments the Syndicate should be requested to obtain the opinion of the Board as to the qualifications of the person proposed for such appointment.

It was resolved to request the Vice-Chancellor to take steps to form a Local Committee in Bombay on the lines of the Poona Central Committee. The application of Rule 2(c) was suspended, in the meantime, and the Registrar was authorised to register students who submitted forms signed by recognised University Teachers in the subjects in which the students applied for registration, without insisting on the students joining the Institution to which the Professor signing the form belonged.

The Board decided that the usual procedure for recognizing University Teachers for the Ph. D. Degree should be to grant recognition on applications received from persons desiring to be recognized, the Board making recommendations without application only in exceptional cases.

Arising out of the recommendations made by a Committee of the Syndicate on certain questions in connection with postgraduate teaching and research, raised at the Conference held in Poona on the 9th July, 1933, the Board of Postgraduate Studies decided to accept the following principles :—

1. Before making their recommendations to the Syndicate for the recognition of University Teachers, the Board of Postgraduate Studies may, if necessary,

obtain from the heads of institutions recommendations regarding the qualifications of recognized Teachers and guarantees regarding facilities (such as library equipment and the time at the disposal of the Teachers) and also the opinion of Central Committees wherever they exist.

2. That where more colleges than one participate in postgraduate work at a centre, the fees should, in the first instance, be received by the colleges and then pooled together for the purpose of re-distribution on the lines of the arrangement made in Poona, but that the Board should leave the details of the allocation of such fees to be determined by the Central Committee at each place.

3. That grants-in-aid of research should be awarded to institutions where there are teachers recognized for postgraduate work on consideration of schemes for research work undertaken by research workers attached to them.

The Board directed the issue of a circular to the Colleges desiring to participate in postgraduate teaching and research through members of their staff, requesting them so to arrange their undergraduate work as not to require a teacher giving postgraduate instruction or guidance to lecture to the undergraduate classes for more than 13 periods a week in Arts subjects and 10 periods a week in Science subjects.

The question of restricting the M.A. classes only to those students who confine their attention to the courses of study for the M.A. Degree came up before the Board, and was referred by them to the Conference of the Principals of the Bombay Colleges to be convened by the Vice-Chancellor in order to make necessary arrangements for the appointment of a Central Committee in Bombay for postgraduate instruction.

On a question having come up before the Board as to the interpretation of the words "continuous practice" occurring in Ordinance 267, the Board decided that the words "continuous practice" should be interpreted to mean 'attendance in a hospital as a postgraduate student under a recognized University Teacher', and/or 'as a person holding an approved appointment in a hospital'.

The Board recommended to the Syndicate that a Committee of Inspection be appointed to make a local inquiry and report on the facilities for research and training in Scientific subjects existing at the M. T. B. College, Surat, in order to enable them to consider the applications received from certain Science Teachers belonging to the College for recognition as University Teachers.

The Board decided that, in view of their previous decision that Bombay should be the only recognized centre for postgraduate instruction and research in Medical subjects, no applications for the renewal of their recognition be invited from the University Teachers in the Faculty of Medicine at centres other than Bombay.

It was resolved that henceforth no student be permitted to register simultaneously for any of the Masters' Degrees and the Ph.D. Degree, but that where a candidate had registered for a Master's Degree, the Board might, on the recommendation of the University Teacher guiding the research of the student, permit him at the end of one year to proceed to the Ph.D. Degree after six terms. It was also resolved that a candidate registered for the Ph.D. Degree should not be permitted to submit a thesis for the lower Master's Degree, but that a candidate who had submitted a thesis for the Ph.D. Degree should be eligible for the Master's Degree, if the referee recommended that, though the thesis was not good enough for the Ph.D. Degree, the Master's Degree might be conferred upon the candidate.

The Board adopted in practice the principle of not recognizing a person as a University Teacher so long he is connected with teaching or administrative work in a school.

A number of Teachers in the various colleges were permitted, as a special case, to work for the Ph.D. Degree, without receiving guidance from University Teachers. In doing so however, the Board were mainly guided by the consideration that the applicants had already shown their ability to do research work independently of any guidance.

As usual, before the work of postgraduate lectures was started in Bombay for the year 1935-36, the teachers participating in the scheme of lectures met together in the University Convocation Hall at the commencement of the academic year and prepared a time-table.

A list of persons recognized as University Teachers in the subjects mentioned against their names during the academic year 1935-36 is given in Appendix VI (The list includes the names of those recognized for guiding students working for the Degree of Ph.D.).

A summary of postgraduate research work done in colleges and other postgraduate Institutions, and of original publications by postgraduate Teachers and students is printed as Appendix VII.

CHAPTER VII

COLLEGIATE EDUCATION

Affiliation and extension of affiliation

During the year under report several applications were received for the affiliation, continuation of affiliation and extension of affiliation of Colleges. The results of these applications are stated below.

Renewal of affiliations

The Ismail College, Andheri, was *permanently* affiliated in Arts for the B.A. Degree in certain subjects, and for a further period of three years from the 1st June, 1936, for the courses of study leading to the Intermediate Science Examination in Groups A and B.

The Hansraj Pragji Thackersey Arts College, Nasik, was *permanently* affiliated as a First Grade Arts College for the teaching of the B.A. Courses in certain subjects.

The Willingdon College, Sangli, was *permanently* affiliated for the courses of instruction leading to the Intermediate Science Examination in Group B.

The Lingaraj College. Belgaum, was affiliated for a further period of three years from the 1st June, 1936, for the courses of instruction leading to the Intermediate Arts Examination.

An application was received from the Secretary, Sind Collegiate Board, Karachi, for the permanent affiliation of the S. C. Shahani Law College, Karachi, for the courses of study leading to the Degree of LL.B. The Senate recommended the further affiliation of the College for a period of three years. Government, however, have affiliated the College for a period of *two years only* from the 1st June, 1936.

New Colleges

The Hargovandas Lakhmichand Commerce College, Ahmedabad, was affiliated, subject to certain conditions, for the first time for a period of 3 years from June 1936 for the courses of instruction for the Intermed ate Commerce and the B. Com. examinations in certain subjects.

The Senate recorded their opinion against the affiliation of the Secondary Teachers' Training College at Baroda.

Withdrawal of applications for affiliation

The Khandesh Education Society, Amalner, and the Ahmedabad Education Society, Ahmedabad, had applied for the affiliation of Arts Colleges at Amalner and Ahmedabad, respectively, but at a later stage they both withdrew their applications with the result that the proceedings did not go either to the Senate or to Government.

The Maharashtra Education Society, Poona, had also applied for the affiliation of a College of Commerce in Poona, but as the Syndicate were not satisfied with the findings in the report of the Local Inquiry Committee, and wanted a further inquiry to be made, the question of affiliating the College did not come up before the Senate.

An application from the Chellasing & Sitaldas Upper Sind College, Shikarpur, for the extension of its affiliation for honours in English and Economics for the B.A. Degree was refused by Government.

Affiliation proceedings

The Syndicate have issued a circular to all affiliated Colleges informing them that in view of Government's request that all proceedings in connection with applications for affiliation should be complete and in their hands at least 2 months before the commencement of the term from which it is proposed to start a new college, applications for affiliation, extension of affiliation or further affiliation should be sent so as to reach the University Registrar's office on or before the 15th August of the year preceding the year from which the affiliation, extension of affiliation or further affiliation is sought.

Maintenance of efficiency in the affiliated Colleges

The following Triennial Inspection Committees were appointed during the year to inspect the Colleges in Bombay, Nasik and Sind, except the Law College, Karachi, which had been inspected in November 1935 :—

Government Law College Bombay :	A. M. Kajiji, Esqr., The Hon. Mr. Justice B. J. Wadia, Moulvi M. Y. Haindaday.
Medical Colleges :	The Surgeon-General with the Government of Bombay, Dewan Bahadur Dr. Lakshmanswami Mudaliar (Madras) Professor R. Tirumurti (Waltair).
Arts Department of Arts Colleges :	Principal N. M. Shah, Principal R. D. Karmarkar, Professor V. K. Joag.
Science Deparments of Arts Colleges :	Professor K. R. Karnitkar, Dr. K. G. Naik, Professor S. L. Ajrekar.
Sydenham College of Commerce and Economics :	R. P. Masani, Esqr., Professor C. N. Vakil, Sir Geoffrey L. Winterbotham.
Secondary Training College, Bombay :	The Rev. Dr. John McKenzie, Professor Siddalingayya.
Engineering College Karachi :	N. V. Modak, Esqr., Dr. G. W. Burley, P. B. Advani, Esqr.

There was a slight change at a later stage in the personnel of the Triennial Inspection Committee appointed to inspect the Science Departments of Arts Colleges, as Dr. K. G. Naik resigned owing to illness and his place was taken by Professor D. D. Karve.

Permission was also given to colleges which asked for leave to admit a slightly higher number of students than that laid down either at the time or their original affiliation or at a subsequent date. In some cases the increase was granted as a permanent measure, and in others it was restricted to the year of application only. Details of the extension of such limits are given below:—

The following Colleges were permitted to increase the number of their admissions to the different classes as indicated below:—

Sir Parashurambhau College	Intermediate Arts Class	From 150 to 225
	Intermediate Science Class	From 50 to 70 (the total number in Groups A and B remaining the same).

The above increases were allowed as a *permanent* measure. In addition to those increases, the College was permitted to admit 25 more students to the Intermediate Science Class, of whom 15 were former unsuccessful students of the College. It was, however, made a special condition of this special increase that necessary arrangements should be made for the satisfactory performance of the laboratory work of the additional students and that the time-table of the regular students was not interfered with.

M. T. B. College:	Intermediate Arts Class	From 150 to 200
Nowrosjee Wadia College:	Intermediate Science B Group:	(The College was permitted to admit 10 more students to this class on the same conditions as those imposed on the Sir Parashurambhau College)
Baroda College:	This College was permitted to admit 20 more Students to the Intermediate Science Class on the same conditions as those imposed on the Sir Parashurambhau College.	
Ismail College:	F. Y. Arts	From 125 to 150

All the above increases were temporary and subject to the 150 rule as to the maximum number of students to be accommodated in a class or division at one time for the purpose of lectures.

The Principals of all affiliated colleges were informed by a circular, issued before the close of the year, that the Syndicate had requested the Vice-Chancellor to take the necessary emergent action in granting exemption from the rule limiting admissions to a class or a division to 150 students to colleges applying for such permission before the meeting of the Syndicate in June.

As a result of this circular, applications were received from several colleges for extending the limit in the particular circumstances of each individual case, and these were disposed of by the Vice-Chancellor, and his action was subsequently confirmed by the Syndicate.

The following Colleges were given permission, in the manner indicated, to admit to a class or a division of a class the maximum number of students shown against their names :—

		Maximum of
M. T. B. College ...	Junior and Senior B.A. Classes in Compulsory English	175
D. J. Sind College ...	Intermediate Science Class	160
	Junior and Senior B.A. Classes in Compulsory English	173
Fergusson College ...	Intermediate Arts Class	155
D. J. Sind College ...	Intermediate Science Class	178
Gujarat College ...	First Year Arts Class	175 Students in each division
	Intermediate Arts Class	175
Samaldas College ...	Junior and Senior B.A. Classes in Compulsory English	175

The framing of definite rules laying down limits on the number of admissions to a class or a division of a class for lectures, etc. was under the consideration of a committee of the Academic Council.

CHAPTER VIII

Conduct of Examinations

The arrangements for the holding of Examinations at the various centres were satisfactory.

Examination Centres

Surat was made a centre for candidates at the Intermediate Science Examination in Group B.

Karachi was made a centre for 1936 only for the Mechanical and Electrical Examinations in Engineering, subject to certain conditions.

Save for the additions above mentioned, the centres continued to be the same as in previous years. Several proposals for creating or appointing new centres were received from the Principals of Colleges, but the Syndicate have asked a Committee to examine the whole question of redistributing the centres, and all such proposals have been referred to that Committee.

Furniture

The following furniture was purchased during the year under report for use at the University Examinations in Bombay and Karachi.

Bombay: 1000 Desks and Chairs at a cost of Rs. 7,226—9—0.

Karachi: 300 Folding desks at a cost of Rs. 1,768—8—0.

CHAPTER IX

RECOGNITION OF SCHOOLS AND THE MATRICULATION EXAMINATION.

During the year under report 88 applications for the recognition, or renewal of recognition, of schools were received. The applications of six schools were rejected on the recommendation of the Standing Committee on Inspection of Schools. Twenty-six schools were recognized for the first time for different periods according to the state of their efficiency. The recognition of four schools, which had been provisional, was made permanent, while the recognition of the remaining schools, with the exception of two, was renewed for varying periods.

The total number of schools on the register at the end of the year under report was 435 against 413 in the preceding year. As stated above, 26 new schools were recognized during the year, but the names of four schools were removed from the register, as the management of one of the schools was found to be unsatisfactory, the recognition of two other schools was not renewed, and a fourth school which had been provisionally recognized did not apply for the renewal of its recognition.

The number of permanently recognised schools was 237 against 234 in the preceding year and the number of schools provisionally recognised was 198 against 179 in the preceding year. The distribution of the recognized schools over the five different groups was as under :—

Year	Groups					
	Gujarat	Konkan	Deccan	Karnatak	Sind	Total
1935 ...	129	113	82	43	46	413
1936 ...	136	123	85	44	47	435

The Standing Committee on Inspection of Schools held in all seven meetings during the year. Two of its members, Messrs. K. G. Warty and V. R. Nerurkar, retired, but were re-appointed by the Syndicate for a fresh term of three years from the 24th September, 1936. Principal H. Hamill, a member of the Committee since its inception resigned his membership in September 1936, on the transfer of his services to Simla as Secretary to the Public Service Commission. The Syndicate appointed Principal R. D. Karmarkar in his vacancy.

The Standing Committee on Inspection of Schools advised the Syndicate as usual on the questions of appointing Inspection Committees and recognizing schools. In the course of its consideration of the reports on the inspections of the schools, the Committee discovered that some of the schools inspected on behalf of the University showed certain deficiencies which required to be made good immediately by the managements of the schools. To ensure that such deficiencies were remedied by the schools concerned before their recognition was renewed, the Syndicate, on the recommendation of the Standing Committee on Inspection of Schools, has adopted the practice of asking the schools to make good the deficiencies, and of renewing their recognition only after a satisfactory report from the management of the school concerned has been received by the Syndicate.

Reference was made in the report for the last year to the appointment of a Committee to consider the question of the Statutes relating to the Matriculation Examination, particularly those dealing with the recognition of schools and the admission of the Candidates to the Matriculation Examination. Since the previous year's report was published, the Committee held four more meetings, and finally considered all the matters referred to it. An agreement between the representatives of the University and of the Department on certain points has been arrived at, and these points of agreement have been embodied in the form of draft Statues, etc. [The Committee has now made its report, which will be considered by the Syndicate in due course.]

As a result of the option given to candidates to answer in English or in any of the approved Modern Indian Languages questions in Mathematics, Geography and the different Science subjects, the necessity of framing a fixed terminology for scientific terms occurring in these subjects was felt. The Syndicate appointed a representative Committee to consider and report on the subject of evolving a terminology in these subjects. This Committee made an interim report to the Syndicate, which revealed a diversity of opinion among its members on the subject. The Syndicate, thereupon, came to the conclusion that the task of framing a fixed terminology was not easy. They, therefore, resolve to dissolve the Committee and contented themselves with issuing a general direction to schools as under :—

"That even though the Science subjects and Mathematics may be taught in a Modern Indian Language, students should be instructed to employ English Terminology when using technical words or expressions in their answers to the questions set, or in the alternative to place in paranthesis the English equivalents where the students employ technical terms or expressions in a Modern Indian Language."

Owing to the introduction of the New Matriculation Examination Scheme under which the first Examination will be held in April 1937, the need was felt of

affording one more chance under the old Matriculation Scheme to the unsuccessful candidates at the April 1936 Examination. The Syndicate accordingly announced in January 1936 their intention to hold a Supplementary Matriculation Examination in October 1936 for candidates who had previously failed. The Supplementary Examination could be held only in November 1936 owing to the disturbed condition of the City.

In July 1936 the Syndicate decided to hold an additional Supplementary Matriculation Examination under the Old Scheme in the month of March 1937 for all unsuccessful candidates who were either eligible to appear for the Supplementary Matriculation Examination in November or who might fail at that Examination. The decision to hold these two Supplementary Matriculation Examinations was taken by the Syndicate in consideration of the fact that the pupils who had studied for the Matriculation Examination under the Old Scheme would find it difficult in the short space of a year to complete the courses under the New Scheme which required them to offer one more language.

Attempts were made to modify S. 204 in so far as it related to the fee for the Matriculation Examination. The amendments were calculated to afford relief to those unsuccessful candidates who had obtained exemptions. The amendments were, however, not accepted by the Senate, which referred them back to the Syndicate for consideration. The Syndicate ultimately reported to the Senate that they had decided to postpone the question of amending S. 204 until they had had experience of the working of the Matriculation Examination under the New Scheme.

During the year under report, the Ordinances prescribing syllabuses in Sanskrit, Pali and Ardha-Magadhi, Persian and Arabic, and History were amplified. New Ordinances were framed to provide for the continuance under the New Scheme, of exemptions earned by candidates in heads of the examination under the Old Scheme.

In December 1935, the Syndicate decided, on the recommendation of the Academic Council, to delete Ordinance 162A (Old Scheme) and Ordinance 165 (New Scheme), which provided for the consideration of cases of failures at the Matriculation Examination by one or two marks in one head only by a Committee nominated by the Vice-Chancellor. [Ordinance 162A has since been re-introduced for the purposes of the two Supplementary Matriculation Examinations of November 1936 and March 1937. The question of introducing a similar provision under the New Scheme is before the Academic Council.]

This report would not be complete if a reference were not made to the results of the Matriculation Examination of April 1936, which were unusually bad. Requests from various quarters were received for the revision of the results by the Syndicate. The Syndicate, however, were definitely of the opinion that they had no power to revise the results after they had once been published, and they, therefore, rejected the requests received by them for revising the results by the passing of new Ordinances with retrospective effect.

CHAPTER X

MISCELLANEOUS

I. Convocation

The Annual Convocation for conferring degrees was held on Tuesday, the 20th August, 1935, and was presided over by His Excellency the Chancellor, the Right Hon'ble Michael Herbert Rudolf Knatchbull, Lord Brabourne, G. C. I. E., M.C., who delivered the Convocation Address. The Address dealt with the functions of the University and its place in the life of the community.

II. Sir James Irvine's visit to the University Department of Chemical Technology

Sir James Irvine, Vice-Chancellor, St. Andrews University, and Chairman of the Committee appointed to review the working of the Indian Institute of Science, Bangalore, visited, at the request of the Vice-Chancellor, the University Department

of Chemical Technology and expressed satisfaction at the work of the Department. He was much impressed with the scheme as a whole, with the equipment and layout and with the energy with which the Department was worked. In this connection the following excerpt from the Journal of the Society of Chemical Industry, Vol. 55, p. 385 (May 8, 1936) may be of interest:

'He (*i. e.*, Sir James Irvine) went on to say that he had formed a very high opinion of the new Technological College of Bombay University. "It is extremely well equipped, the standard of education is excellent, and it is conducted by several enthusiasts".'

III. The Thakkar Vasanji Madhavji Lectures

Mr. R. V. Pathak, who was appointed to deliver the Thakkar Vasanji Madhavji Lectures for 1935-36 delivered a series of five lectures on 'Tendencies in Modern Gujarati Poetical Literature', in the South Wing of the University Buildings. Dewan Bahadur K. M. Jhaveri presided at the inaugural lecture.

IV. The Wilson Philological Lectures

The Rev. J. Scannel, S. J., Professor of English, who was invited to deliver the Wilson Philological Lectures in 1935-36 delivered lectures on 'English viewed in connection with Anglo-Saxon and its other sources' in March, 1936.

V. Other Lectures

Professor Yonejiro Noguchi, the well-known Japanese Poet, delivered under the auspices of the University, two lectures on Japanese Art and Poetry under the Presidentship of the Vice-Chancellor. The lectures were illustrated by lantern slides.

Dr. A. J. Bernet Kempers of the University of Leyden, Holland, delivered a lecture on 'Hindu-Japanese Art' in the University Convocation Hall, under the auspices of the University of Bombay.

Dr. Cohn Wiener the Curator of the Picture Gallery, Baroda, and late Head of the Humboldt Hochschule, Berlin, delivered, under the auspices of the University, three lectures on (1) Chinese from the beginning to the earliest Buddhist works, (2) The rise and decay of Chinese Art and (3) The development of Japanese Art. Dewan Bahadur K. M. Jhaveri presided.

VI. Representatives

Professor C. N. Vakil was nominated to represent the University on the Indian Statistical Institute.

The Syndicate nominated Mr. V. N. Chandavarkar, B.A. (Cantab.), Bar-at-Law, Vice-Chancellor, as their representative on the Inter-University Board for a period of three years from the 1st April, 1936.

Rao Bahadur Dr. P. C. Patil was appointed in place of Professor R. H. Dastur on the Local Selection Committee of the Imperial Institute of Agricultural Research, Pusa.

VIII. The University Training Corps.

The Battalion was opened for recruiting in June and was quickly up to strength. The number of cadets who left was large but not so big as in previous years. It is again stressed that to obtain any benefit from training a cadet must remain in the Corps for at least two years.

Training during the year has been based on the new syllabus issued by Army Headquarters which is the same as that carried out by the O. T. Cs. in England.

In addition, advanced training was given to officers and N. C. Os. The latter attended an N. C. Os. cadre course for 15 days just prior to the opening of training. The benefits of this course were very soon apparent, as the standard of instruction and training was a great improvement on the previous year.

His Excellency the Governor expressed himself as very agreeably surprised at the standard of the Guard of Honour which the Bombay Detachment provided on Convocation Day. This was most gratifying as His Excellency had been watching the Guard during the preliminaries without their being aware of the fact.

The Annual Camp was held at Pashan. Owing to the higher standard of training reached during the year the work done in camp was more interesting than usual. All companies carried out small schemes and night operations. Athletics, boxing and games showed an improvement and the beginning of the team spirit, as opposed to the individual, was apparent. The Vice-Chancellor and some members of the University Syndicate spent a morning in camp and saw the training and men's meals.

The Battalion was inspected by Brigadier T. S. Riddell Webster, D. S. O. Commanding the Poona (I) Brigade Area. The turnout was good and the drill was done creditably. The following remarks amongst others appeared in the annual report on the Unit by Sir George Jeffreys, K.C.B., K.C.V.O., C.M.G., G.O.C., in C. Southern Command.

" All ranks were obviously keen and the officers knew their drill. The work of this University Training Corps is satisfactory and distinctly better than that of other University Training Corps in my command. "

Captains R. D. Karmarkar and A. D. Dhopeshwarkar were awarded the King's Jubilee Medal.

In the course of the year Mr. Naralkar, Mr. Kulkarni and Mr. Dubash resigned their commissions, the former owing to ill health and the other two owing to the nature of the new work taking them out of the District. These officers have been connected with the Corps since its formation.

The following gentlemen were commissioned during the year :—

Mr. N. D. Karani, Mr. W. M. Dabadghao, Mr. V. V. Apte and Mr. D. P. Patravali.

Ex. C. S. M. Paradkar was given a commission in the Bombay Urban Battalion. Mr. C. Thakar a late cadet was gazetted from Dehra Dun to the Indian Royal Artillery and Sergeant Naravani and T. B. Gulali were successful in gaining admission to the Indian Military Academy in the recent competitive examination.

Three further cadets appeared for the recent entrance examination to the Indian Military Academy but the results have not yet been received.

The following officers have passed their promotion examinations this year and have been promoted as follows :—

Lieutenant A. D. Dhopeshwarkar to Captain.

Lieutenant A. B. Gajendragadkar to Captain.

2nd Lieutenants V. G. Rao, R. K. Khandekar, K. Kelkar and G. N. Chafekar to Lieutenant.

Lieutenants N. G. Suru, S. C. Dixit, and V. K. Bhagwat have passed the examination for Captain.

2nd Lieutenants R. L. Alimchandani, K. Kelkar, N. K. Gharpure and N. D. Karani have passed their retention examination.

A medical examination is to be introduced for all new entrants for the year 1936-37. This should definitely improve the standard of recruits.

The standard of the Corps has definitely improved. Cadets have more self assurance. Discipline is good, and there is a great keenness amongst all ranks.

A lot of the success of the Corps is due to the personal interest taken by the Vice-Chancellor of the University and the Principal of the various colleges. Without this interest affairs would not run so smoothly. From recent articles in the Press it would appear that in some universities students are not given the encouragement to join the U. T. C. that should be given. This does not apply to the Colleges of the Bombay University who provide contingents to this Corps.

The Myxophyceæ of the Bombay Presidency—India I.	S. C. Dixit ...	Proceedings of the Indian Academy of Sciences, Jan. 1936.
The tracks of α-particles and protons in Photographic Emulsions.	Prof. H. J. Taylor ...	Proc. Roy. Soc. A., 150, 382, 1935.
Detection of Nuclear Disintegration in a Photographic Emulsion.	Do.	Nature (London) 135, 341, 1935.
Disintegration of Boron by Neutrons.	Do.	Proc. Phy. Soc. 47, 873, 1935.
Radioactivity of Samarium ...	Do.	Nature (London) 136, 719, 1935.
The Ranges of α-Particles in Photographic Emulsions.	Prof. H. J. Taylor & V. D. Dabholkar.	Proc. Phy. Soc. 48, 285, 1936.
The tracks of the α-particles of Thorium and its products.	Do.	Proc. Ind. Acad. Sc., Vol. III, 265, 1936.
Further Studies in the Barkhausen Effect.	Prof. H. J. Taylor, V. D. Dabholkar and K. S. Athalye.	In course of preparation.
Chemistry Department		
Condition of sparingly soluble substances in Gels Part I, Silver chromate in Gelatine.	R. R. Khanolkar, P. M. Barve and B. N. Desai.	Proceedings of Indian Academy of Sciences 1936, 4, 468.

Name of the Publication.	Name of the Author.	Where Published.
Importance of Dialysis in the study of Colloids, Part III, Colloidal Prussian blue.	G. F. Mankodi, P. M. Barve and B. N. Desai.	Proceedings of Indian Academy of Sciences, 1936, 4, 480.
Importance of Dialysis in the Study of Colloids, Part IV, Colloidal.	C. B. Joshi, P. M. Barve, and B. N. Desai.	Proceedings of Indian Academy of Sciences, 1936 (in press)
A discussion of conductivity and cataphoretic speed measurements of Colloidal Prussian blue and Arsenious sulphide from the point of view of origin of charge on colloidal particles.	G. F. Mankodi, C. B. Joshi, P.M. Barve and B. N. Desai.	Journal of the University of Bombay, Sept. 1936 (in press).
Conductivity and charge mesurement of Benzopurpurin 4B, Congo Red and Sky blue FF.	B. N. Acharya, A. M. Patel and B. N. Desai.	Proceedings of Indian Academy of Sciences, 1936 (in press.)

(5) GUJARAT COLLEGE, AHMEDABAD

Chemistry Department		
1. Thermal decomposition of mercurous nitrate.	M. S. Shah and B. G. Joshi.	Proc. Ind. Sc. Cong. 1936, p-174.
2. Influence of sorbed oxygen and nitric oxide on the retention of carbon monoxide and sulphur dioxide by charcoal.	M. S. Shah and S. G. Sharangpani.	Proc. Ind. Sc. Cong. 1936, p-174.
3. Heats of adsorption of nitric oxide on charcoal (a) exhausted at 900°, (b) containing sorbed oxygen, and (c) containing sorbed oxygen and nitric oxide.	Do. Do.	Proc. Ind. Sc. Cong. 1936, p-175.
4. A new method for the synthesis of α-substituted glutaconic acids	N. L. Phalnikar and K. S. Nargund.	Journal of the University of Bombay 1935, p-106.
5. The chemical investigation of the seeds of Hygrophyla Spinosa.	Do. Do.	Proc. Ind. Sc. Cong. 1935, p-146.
6. The influence of α-phenyl group in three carbon tautomerism.	Do. Do.	Proc. Ind. Sc. Cong. 1936, p-179.
7. Constitutions of phenyl-glutaconic acids and esters. Part I α-phenyl glutaconic acid.	Do. Do.	Proc. Ind. Sc. Cong. 1936, p-180.
8. Condensation of phenols with succinic anhydride.	J. D. Raval and K. S. Nargund.	Proc. Ind. Sc. Cong. 1936, p-186.
9. Oxidation of acetyl-tetrahydro quinoline sulphonic acids.	K. V. Bokil.	J. Ind. Chem. Soc., 1936, p-404.

Name of the Publication.	Name of the Author.	Where Published.
Biology Department		
1. The Auxocytes of Schizodactylus monstrosus. In collobration with Dr. C. E. McClung.	Mr. J. J. Asana.	"Cytologia" Vol. VI, No. 1.
2. A Comparative Study of the Chromosomes in the Indian Dragonflies. In colloboration with Dr. Sajiro Makino.	Do. Do.	Journal of the Faculty of Science, Hokkoido Imperial University, Series VI, Zoology, Vol. VI, No. 2, June, 1935.
3. On the number of Chromosomes of some Indian Araceae. In colloboration with Mr. R. N. Sutaria.	Mr. J. J. Asana ...	Journal of the University of Bombay, Vol. III, Part V, March, 1935.
4. Chromosome Number in the common cultivated and wild Plants of the n-o Cucurbitacear.	Mr. R. N. Sutaria ...	To be published in the Journal of the University of Bombay.
Botany Department		
1. Observations on Glomeralla Cingulata on Tinospora cordifolia. In colloboration with Mr. J. D. Oza.	Professor Ajrekar ...	Journal of the University of Bombay, 1935.
2. On Cercospora Tinosporae with its associated Phoma and my cosphaerella. In collobration with Mr. J. D. Oza.	Do.	Do.

(6) RAJARAM COLLEGE, KOLHAPUR

Arts Side.		
Hindu Philosophers on Evolution.	Dr. Balkrishna ...	1935, Kolhapur.
Pravacanasara, edited with an exhaustive introduction discussing various problems about Kunda-kunda and his works and the commentaries thereon.	Prof. A. N. Upadhye M. A. Professor of Ardhamagadhi.	1935, Bombay.
Lesya Doctrine	Do.	Read before the All India Oriental Conference, VII Session, Baroda, and published in the proceedings of the session, 1935.

Name of the Publication.	Name of the Author.	Where Published.

The Vice-Chancellor, Mr. Syamaprasad Mookerjee and the Fellows assembled in the University Library, where they were joined by His Excellency the Chancellor. A procession was formed and, passing through the University Gardens, it entered the Sir Cowasji Jehangir Hall, at 5-30 p. m. in pairs in the following order followed by the candidates for degrees, Honorary and Ordinary Fellows, Ex-Officio Fellows, Registrar, Syndics, Deans, the Director of Public Instruction, Mr. Syamaprasad Mookerjee the Vice-Chancellor and the Chancellor. The procession advanced until it reached the steps of the platform, where it halted and formed a double line, each pair of Fellows having separated to the right and left, through which the Chancellor, the Vice-Chancellor and Mr. Syamaprasad Mookerjee advanced to their seats followed by the University Officers and Fellow.

The Chancellor, the Vice-Chancellor, Mr. Syamaprasad Mookerjee and the Fellows having taken their seats, the Dean of the Faculty of Arts, Professor V. G. Rao, rose and supplicated a Grace of the Senate in the following form of words:—

Mr. "Chancellor, on behalf of Dinkar Narayan Ajgaonkar and 1091 others who have been examined and found qualified for the Degree of Bachelor of Arts, I move that the Senate do pass a Grace for their admission to the said Degree."

Whereupon the Chancellor put the question, "Doth it please you that this Grace be passed?" and the Senate assenting, the Chancellor said "This Grace is passed."

Professor V. G. Rao then presented some of the candidates to the Chancellor and prayed for the admission of all in the following form of words :—

"*Mr. Chancellor*, I present to you some of the aforesaid candidates who have been examined and found qualified for the Degree of Bachelor of Arts, to which I pray they may be admitted, and "on behalf of those who have been permitted to receive their Degree *in absentia*, I pray that they also may be admitted thereto."

And the Chancellor thereupon admitted the candidates to the Degree of Bachelor of Arts in the following form of words:—

"By the authority given me as Chancellor of this University I admit you, one and all, to the Degree of Bachelor of Arts and I charge you that ever in your life and conversation you prove yourselves worthy of the same; I admit also the other candidates to the Degree *in absentia*."

The same forms were gone through successively in the case of the candidates for the Degrees of Bachelor of Commerce, Bachelor of Teaching, Master of Arts, Master of Commerce, Doctor of Letters, Bachelor of Science. Master of Science, Bachelor of Agriculture, Bachelor of Science (Agriculture), Bachelor of Engineering, Bachelor of Science, (Technology), Master of Agriculture, Master of Engineering, Bachelor of Laws, Master of Laws, Bachelor of Medicine and Bachelor of Surgery, Diploma in Ophthalmology, Doctor of Medicine, Doctor of Philosophy (Arts) and Doctor of Science. Professor V. G. Rao, Dean of the Faculty of Arts, supplicating for and presenting the candidates in Arts, including Commerce and Teaching, Dr. G. S. Mahajani, Dean of the Faculty of Science, supplicating for and presenting the candidates in Science, Principal C. Graham Smith, Dean in Technology, supplicating for and presenting the candidates in Technology, Diwan Bahadur K. M. Jhaveri, Dean in Law, supplicating for and presenting the candidates in Law and Dr. V. R. Khanolkar, Dean in Medicine, supplicating for and presenting the candidates in Medicine, and the same words *mutatis mutandis* being used.

The Registrar then made a declaration of the Degrees conferred as follows :—

I hereby declare that the following Degrees have this day been conferred :—

His Excellency the Chancellor then called upon Mr. Syamaprasad Mookerjee, M.A., B.L., Bar-at-Law, Vice-Chancellor of the University of Calcutta, to deliver the Convocation Address:—

Mr. Syamaprasad Mookerjee rose and said:—

Your Excellency, Mr. Vice-Chancellor, Ladies and Gentlemen,

Let me convey to the authorities of your university my sincere thanks for the honour they have done me in asking me to address your Annual Convocation. I bring to you the good wishes of my own university and I hope that in the years to come there will be established a closer contact and co-operation between your university and mine, representing the culture and thought of two of India's great provinces which, each in its own way, have contributed in no small measure towards the advancement of the best interests of the country. I recall with gratiude that our first great benefactor was a merchant prince of Bombay, Premchand Roychand, whose generosity laid the foundations for our activities in pursuit of higher learning and research.

In recent years occasions like the present one have been utilised with remarkable zeal for discussing problems of educational reconstruction in India, I am inclined to think that public attention has been sufficiently stirred by such utterances and by the publication of numerous reports, pamphlets and addresses. And the time has now come for initiating a new policy of education, suited to our needs and aspirations and consistent with the best traditions of our past. That the aim and outlook of Indian universities should be altered in many respects in the light of our changing conditions is acknowledged by all schools of thought. The future policy in respect of Indian universities must however be one of progressive expansion and not of short-sighted curtailment.

Those who advocate restriction either of a direct or of an indirect nature, base their suggestions on two main grounds. They argue that a large number of university men do not find suitable employment for want of either opportunities or necessary training; further, that the universities admit many into their portals who are not fit to receive higher education. Even assuming the criticism to be partially correct, the remedy obviously is not artificial restriction of the number of university students, but the provision of sounder preliminary training, the introduction of an improved system of education, varied and diversified in character, the creation of fresh opportunities for work and the opening of new avenues of employment to absorb the constructive energies of the youths of the country. Surely, the existence of 17 universities with a little above a lac of students receiving training under their influence is not an alarmingly large number for a country like India which has a population of more than 300 millions. Instead of merely criticising the policy pursued by the universities let our critics help in introducing a new era of constructive efforts towards the establishment of special institutions and departments, technical, industrial, agricultural and commercial, for imparting a thorough training to the youths for varied occupations in life and for national service.

Let me however emphasise that the mere production of such trained youths will not solve the problem, that it will be the bounden duty of the State and other authorities so to readjust and modify their policies affecting the economic and political conditions of society as fully to utilise their services in a useful and productive manner. Such a policy of educational reconstruction, enunciated and carried out solely for the advancement of India's interests, requires a very large expenditure of money from the public exchequer. It is futile merely to talk of defects and shortcomings, of ill-equipped schools, colleges and of universities with their ill-trained alumni. No reforms of a far-reaching character are possible so long as out of the total revenues of British India only 5 per cent. goes to education, 34 per cent. being reserved for defence, for police and jails. It is to be hoped that with the inauguration of the new constitutional changes, education and other nation-building departments will receive their legitimate shares out of the revenues of the country.

The universities in India today are threatened with attacks from two classes of critics. One, as I have said, urges artificial reduction in their number and in the sphere of their influence, justifying its policy on the plea of academic efficiency though some of its champions are consciously or unconsciously impelled by the fear that education may break down the barriers of superstition and slavery and lead men along the path of equality, liberty and progress. The other, often unthinking and short-sighted, regards higher education as an unnecessary luxury benefiting a comparatively small number of people and of doubtful value to the largest interests of the nation.

We have to guard against both these classes. We must boldly assert and prove that a university, if properly conducted, can be the home of progressive thought and culture; it can be the mouthpiece of national hopes and aspirations; it can be the recognised medium for conserving and advancing the bounds of knowledge, and for preserving and raising the intellectual life and thought of a nation, breathing an atmosphere of freedom and truth, drawing together men and women of all castes and creeds, inspired by a zeal for devoted and unselfish service. Indeed there should be no question of conflict between the different stages of education, primary, secondary and university, and each should receive the unstinted support of the State and the public.

Students of the University, let me now address a few words to you direct and through you to others who are still pursuing their studies. You are about to enter the arena of life and whatever trials and responsibilities you might have had to face in the past are nothing in comparison with what await you in the days to come. It may be that some of you will achieve success from a worldly point of view and attain fame and wealth in your respective professions; there may be others amongst you who may pursue the path of scholarship and learning or follow other walks of life, beneficial to society but not highly lucrative; there may be still others who may have to spend their days in comparative obscurity or may not attain worldly success at all. Some of you will become leaders and issue commands; others will learn to carry them out, all acting for the common welfare.

But whatever may be your lot in future, are you carrying away with you any special traditions, do you feel inspired by any ideals, which will mark you out as men and women different from those who have not passed through the doors of the university? Apart from imbibing information and knowledge in the special subjects of your study, do you not regard yourselves as messengers of a new hope, faith and courage, which it will be your duty to instil into others to whom the gates of knowledge yet remain closed? Inspiration comes not from books and study alone. Your determination to serve the cause of your people cannot come merely from reading stories of similar efforts made in other countries. Your faith in truth, simplicity in life and uprightness of character and conduct is not to be derived from any dry and academic theories. Your striving after intellectual supremacy or your exertion in the cause of economic and political freedom is not of men with no history or civilisation of their own.

Has not your own province for centuries past been a scene of activities of eminent persons, whose names are remembered with gratitude and affection throughout the country, names which will never be blotted out from the memory of any self-respecting Indian? They stand out as illustrious workers in diverse fields of activity, in the pursuit of culture and knowledge, in the study of literature and

languages, in art and architecture, in social, educational and humanitarian work in commerce and industry and last but not least in the great movement for India's struggle for the attainment of *Swaraj*. If Sivaji coined the expression *Swarajya* three hundred years ago, Bal Gangadhar Tilak brought it back to the minds of the sleeping millions of modern India and roused their energies to constructive work which has had far-reaching effects on the destinies of our country. Let us pay our unstinted homage to and draw inspiration from such names as Dadabhai Naoroji, Pherozshah Mehta and Gokhale; Agharkar, Namjoshi and Apte; Telang, Bhandarkar and Bhagwanlal Indraji; Ranade, Wacha and Chandavarkar; Mandlik and Badruddin Tyabji; Rajwade and Chiplunkar; Jamshedji Tata and Jijibhoy, Wadia and Thackersey, names, taken at random, of persons who are no longer in the land of the living, names which recall loyalty to duty, persistent constructive activities, fearless advocacy of truth and justice, steadfast devotion to culture and scholarship, honesty and sincerity of purpose, sufferings and triumphs in the cause of national progress and prosperity. Of those living, the name of Mahatma Gandhi naturally comes uppermost in our minds as one whose greatness and goodness have given India a new position in the eyes of the world.

Traditions such as these should fill you with both pride and responsibility. Of what practical value will these traditions be if you do not mould your own lives and activities in accordance with the ideals of your chosen hero? What will these traditions be worth if you do not link them with the changing needs and aspirations of society and hold them in correct perspective before the people at large who do not always know what their true heritage is?

You have drunk deep at the springs of Western knowledge. While you will not hesitate to absorb for your benefit and for the national good the best elements in Western culture and thought, you will not in any case permit the destruction of the vital elements of your own civilisation. As true sons and daughters of Bombay, you will of course strive for the increasing greatness of your presidency and be loyal to her in thought and action; but never disown your allegiance to the spirit of your beloved Motherland and whenever the occasion needs it, do not hesitate to proclaim yourselves as Indians first and anything else next. One feels distressed to find the recent growth of communal and provincial feelings, which unless checked are bound to retard the progress of true Indian Nationalism. I need not enquire into the origin of these differences, but it is true that if the idea of Indian unity is to grow permanently, it can do so mainly by the determined efforts of the youth of the nation. And who else can sound this call to unity than you who are entering into the fields of public activity after a full intellectual preparation, ready to face the struggles of life?

Let us unreservedly stand by our conviction that, whatever our detractors may say, Indian universities are bound to play a large and noble part in the emergence of a new India which will be the mistress of her own destinies, the proud inheritor of an ancient civilisation, rebuilt and reshaped with the changing requirements of the age. Let us stand united to make our universities centres of culture and independent thought, nurseries of honest and open-minded teachers and scholars pursuing and advancing knowledge, from which will go forth manly and useful citizens, brave and self-reliant, patriotic and fair-minded, capable of making sacrifices and judging issues and problems critically and fearlessly. Let the Indian universities mould their activities in full remembrance of the fact that the progress of a nation, if steadily maintained, can alone prevent degeneration, that there must be new life and purpose or there will be weakness and decay. At this crisis in the history of human civilisation when cherished doctrines of liberty and democracy are often discarded and freedom of thought and opinion suppressed, let Indian universities and their sons and daughters proclaim the nobles ideals of Indian teachings and thought, which may once again secure for her that supremacy in the world of intellect which is truly her birthright. And let the Indian Universities prove to the world that India can achieve this simultaneously with a progressive and systematic pursuit of Western knowledge itself. Let the Indian universities be the worthy participators in a constant movement towards a higher and nobler civilisation, a civilisation that will make its conquests without resort to war or oppression and achieve its greatest victories pursuing the paths of peace and justice.

Friends and fellow-graduates, let a fervent prayer go forth from every member of this assembly in the soul-stirring words of Rabindranath Tagore that we may face

our duties and responsibilities with courage and fortitude and make our contributions, however humble, to the cause of national welfare :

Let honour come to me from Thee
Through a call to some desperate task
In the pride of poignant suffering.

Lull me not into languid dreams,
Shake me out of this cringing in the dust
Out of the fetters that shackle our mind,
Make futile our destiny.

Out of the unreason that bends our dignity down
Under the indiscriminate feet of dictators,
Shatter the age-long shame of ours
and raise our head

Into the boundless sky,
Into the generous light,
Into the air of freedom.

At the close of Mr. Mookerjee's address, His Excellency the Chancellor made a short speech, thanking Mr. Mookerjee for his magnificent address and expressing his pleasure at the opportunities he would have in the near future of hearing Mr. Mookerjee more often.

As it was the last Convocation over which he was presiding, the Chancellor said, he would take the opportunity to pay a tribute to the work that was being done by Mr. Chandavarkar as Vice-Chancellor of the University. His Excellency referred to the great help he had received from Mr. Chandavarkar, and thanked him for the services he was rendering to the University. He referred humorously to the fact that he was standing between the Vice-Chancellors of two great Universities of India. One was his Vice-Chancellor at the moment, while the other was to be his Vice-Chancellor very shortly. He wished to assure them both that he would do all he could to bring the Universities of Bombay and Calcutta together, two of the oldest Universites in the country, so that there might be closer contact between them, leading to better understanding and mutual co-operation.

The Chancellor next addressed the candidates taking their degrees and expressed his good wishes for their future. He hoped that they would be successful in finding a happy avenue of employment. He remarked they were entering active life when a new era in the history of their country was dawning and their responsibilities were therefore considerable. If only they would place the knowledge and culture that they had acquired during their period of study at the University at the service of their country they could achieve more than any Governor could.

In conclusion, he assured them all that he would continue in future to watch the fortune of this University with the same interest as he had been doing in the past.

At the end of his speech, His Excellency the Chancellor declared the Convocation dissolved. The whole assembly in the Hall rose and the Fellows formed the procession in the order in which they had entered and lined up the aisle. As the Chancellor passed through these lines they followed him in a procession and retired from the Hall.

ANNUAL REPORT FOR THE YEAR 1936-37.

PART I

CHAPTER I

Introductory

The Syndicate beg to place before the Senate the Annual Report of the work of the University during the year 1936-37.

The Syndicate regret to record the deaths during the year of the following Fellows who rendered valuable services to the University:—

Sir George Carmichael
Sir Lalubhai Samaldas,
Professor E. A. Wodehouse,
Mr. A. M. Kajiji,
Mr. A. O. Koreishi.

Detailed references to the personal qualities and nature of the services rendered by them were made at meetings of the Senate.

Address to their Majesties:—On the accession of King George VI to the Throne, the University, following past precedents, presented a loyal address to His Majesty and to Her Majesty Queen Elizabeth conveying its most loyal congratulations and good wishes for a long reign full of happiness and prosperity. The address (*Vide* Appendix A to this Chapter) was engrossed on a scroll of vellum in a style suited to the occasion, and was sent to Their Majesties in silver casket.

Post-Graduate Instruction and Research:—As foreshadowed in last year's Report, a Local Committee to arrange for and co-ordinate Post-Graduate Instruction in Bombay was established during the year under report (*Vide* Ch. VI). The work of this Committee will be described in detail in next year's Report.

Research work in the University Departments of Economics, Sociology and Chemical Technology, and in the Colleges and Post-Graduate Institutions affiliated to or recognized by the University, proceeded as usual, the University contributing to this work by means of grants in aid of publication and research. Six Research Studentships were instituted for the first time (*Vide* Appendix II). The appointments, however, could not be made until about the middle of the financial year owing to unavoidable delay in finally settling the Regulations, which are reproduced in Appendix B to this Chapter. Later three of the Research Students gave up their Studentships in order to take up employment. The other students continued their work. Details of research work done in the University will be found in subsequent chapters.

University Hostel:—The University Hostel was started during the year under report. It is located in Fravic House, 79, Queen's Road. This House is opposite the sea, not far from the University Buildings. Students of the University Departments are given facilities in the Hostel, and, if there is room, other post-graduate students are accommodated. The Hostel had 48 students in both the terms during 1936-37, and proved popular among the students. The residents organised a Hostel Union, the inaugural meeting of which was presided over by the Vice-Chancellor in September 1936. The Annual Social Gathering of the Hostel was held in February 1937, with the Hon. Mr. Justice B. J. Wadia as President.

New Colleges:—During the year under report four new Colleges were affiliated, two in Bombay, one in Ahmedabad and one at Rajkot. The Ramnarain Ruia College and the Khalsa College, in Bombay, were affiliated for courses of study for the first two years in Arts and Science. The Seth Lalbhai Dalpatbhai Arts College, at Ahmedabad, was affiliated only in Arts up to the B.A. degree. The Dharmendrasinghji College at Rajkot was recommended for affiliation for the first two years in Arts and Science, but Government made the application conditional on the Syndicate being satisfied with the qualifications of certain members of the teaching staff and their tenure of service and the application took effect retrospectively from June 1937 only after the Syndicate had been so satisfied.

Academic questions:—Among the important academic questions on which far-reaching decisions were taken during the year under report, mention may be made of the question of the revision of the degree courses in Arts. This question had been

occupying the attention of the University authorities for the past three years. After prolonged deliberation the Academic Council, decided to have a three years' course for the B.A. (Honours) degree and to improve the present B.A. Pass course by enlarging its content, the object being to make the Honours course a specialised course and to raise the standard for the pass or ordinary B.A. degree by adding subjects and awarding classes. The Boards of Studies are engaged in framing Syllabuses under the revised courses.

The Arts and Science Courses for the first year under the Bifurcation Scheme were brought into force from June 1937.

Extension of the University North Wing :—The construction of the extension of the North Wing proceeded apace and before the close of the year under report considerable progress was made. (The extension was completed in October 1937.)

Important events :—On the expiry of his second term of office, Mr. V. N. Chandavarkar, B.A. (Cantab), Bar-at-Law, was re-appointed Vice-Chancellor for a further term from the 1st April, 1937.

Miscellaneous :—The Ten Year Plan Committee appointed by the Syndicate appointed Sub-committees to report on the proposed expansion of the existing University Departments and the institution of new Departments and teaching posts and to advice on the financial implications of the several proposals for the extension of the University's activities. The parent committee has not yet concluded its work.

The Committees appointed by the Senate to make proposals for the revision of the Bombay University Act and for the amendment of statutes relating to the elections to the different authorities of the University also met several times, but their work has not yet been completed.

Examinations :—The total number of University Examinations by papers during the year was 47. Between them the examinations covered a period of 96 days. On some of these days two or more examinations were held simultaneously. The total number of candidates at all the examinations during 1936–37, (excluding examinations by theses), was 48,817. The total number of candidates who offered theses at the examinations in the Faculties of Arts, Science and Technology during the year was 49.

A comparative statement showing the total income and expenditure of the University during the last decennium is given below. The total number of students in the Colleges affiliated to the University on the 31st March, 1936, was 17,906.

Statement of Income and Expenditure for the ten years ending the 30th June, 1937.—

Year	Income	Expenditure	Surplus
	Rs.	Rs.	Rs.
1927–28 ...	8,53,194	6,71,471	1,81,723

1936–37 ...	15,00,073	*13,93,435	1,06,638

*This does not include the capital Expenditure on the Department of Chemical Technology which was as under :—

1933–34 ...	Rs.	64,961	
1934–35 ...	„	2,58,423	(inclusive of Rs. 1,35,904-14-2 from the Tulsidas Surji Technology Endowment).
1935–36 ...	„	94,656	(Rs. 22,619 cost of the Machinery, Tech. Dept.).
1936–37 ...	„	66,944	(Rs. 44,325 the part payment for the North Wing Extension).

APPENDIX A.

To,

His Most Gracious Majesty George VI, King of Great Britain, Ireland and the British Dominions beyond the Seas, Defender of the Faith, Emperor of India.

The Humble and Loyal Address
of the
University of Bombay

May it please Your Majesty,

We, the Chancellor, the Vice-Chancellor, the Director of Public Instruction, the Deans of the Faculties of Arts, Science, Technology, Law and Medicine, and Members of the Syndicate of the University of Bombay, humbly beg leave to approach Your Majesty with the expression of our heartfelt assurance of loyalty to Your Majesty's Throne and Person on the occasion of your Majesty's accession to the Throne. As representing the interests of higher education in Western India, and as one of the earliest Universities established in India, we may be permitted to convey to Your Majesty and to your Gracious Consort, Her Majesty Queen Elizabeth, our loyal congratulations and good wishes for a long, prosperous and happy reign.

We pray that your Majesty's reign may be memorable, and earnestly hope that Your Majesty will always take a deep and abiding interest in the educational welfare and progress of this Presidency.

APPENDIX B

Regulations relating to Research Studentships

(1) Research Studentships may be awarded annually to persons who hold either a Master's Degree or a Doctor's Degree of this University, subject to the conditions set out hereinafter.

(2) These Research Studentships shall be held only by students working in institutions, or under the guidance of teachers attached to institutions,

within the territorial limits of the jurisdiction of this University as defined in Section 4A of the Bombay University Act IV, 1928.

(3) The object of the Research Studentships is to enable research students to undertake research in any subject in the Faculty of Arts, Science, Technology, Law or Medicine,

(4) The Research Student shall be required to work on a subject of research approved by the relevant University authorities.

(5) A candidate for a Research Studentship shall send in his application in the prescribed form to the Registrar so as to reach him not later than the date to be fixed by the Syndicate in this behalf. No application received after the prescribed date will be accepted without the express sanction of the Syndicate. The application shall contain the following among other particulars :—

(*a*) The subject or matter which the applicant proposes to investigate, and/or the general nature of the research he proposes to undertake ;

(*b*) The place where he proposes to conduct or carry on his research ;

(*c*) The person under whose guidance he proposes to carry on the research;

(*d*) Whether he has received permission to conduct or carry on research in the place selected by him.

(6) The award of the Research Studentships shall be made by the Syndicate after inviting recommendations from the relevant Boards of Studies.

(7) The stipend of a Research Student shall be Rs. 75 per month.

(8) A Research Studentship shall ordinarily be tenable for a period of two years from the date after the award on which the student commences his research work on his investigation. The Syndicate shall have discretion to continue any Research Studentship for a further period not exceeding two years, if they are satisfied that the character of the investigation or research and the ability shown by the Research student justify such extension.

(9) A Research Student, who does not begin his work within one month from the date of the award of the Studentship, is liable to forfeit his Studentship.

(10) The student during the tenure of his Studentship shall engage diligently in his investigation. He shall submit periodical reports of the progress of his work to the Syndicate in accordance with the rules framed by the Syndicate from time to time. If the Syndicate are not satisfied with the progress of the investigation, they shall be at liberty to cancel the Studentship, or withhold the payment of any stipend or stipends.

(11) Every Research Student shall enter into an agreement with the University, on terms to be settled by the Syndicate, to engage diligently in research work during the tenure of his Studentship, and to refund to the University the stipends drawn by him if he resigns his Studentship before the expiry of his tenure, or if he forfeits the Studentship for misconduct or for unsatisfactory progress. The Syndicate may discharge a student from his obligation to refund the stipends drawn by him if they are satisfied that he is compelled to resign the Studentship before the expiry of its tenure owing to circumstances beyond his control.

(12) A Research student shall not be permitted either to take out a patent or to publish his research, except with the previous permission of the Syndicate.

(13) Each Research student shall, at the expiry of his Studentship, submit four printed or typed copies of a paper embodying the results and giving an account of his investigations to the Syndicate. Nothing herein contained shall

be deemed to prevent him from submitting to the Syndicate at any date prior to the expiry of his Studentship the results of his completed research.

(14) The student shall not during the tenure of his Studentship accept any other work or employment.

(15) If the results of the research work are considered to be of sufficient merit to deserve publication, the Syndicate may make arrangements for the publication thereof either by the University itself or by making a grant to the Research student, or by publishing the results in the University Journal.

CHAPTER II

THE SENATE

During the period under report, the Senate met three times: in August 1936 and in February and June 1937. The three meetings covered a total period of 8 days.

The Budget as framed by the Syndicate was considered at the meeting held in June and passed without any modifications. In addition to considering proposals for affiliation or extension of affiliation of colleges, which are referred to in a later chapter, the Senate passed certain new Statutes and amended others. A short summary of these statutes is given below. The important resolutions passed by the Senate are also given below :—

Statutes

Amendment of *Statute 57* to enable a Fellow, re-elected or re-nominated, to enjoy the privileges of membership of the Faculty to which he belonged during his preceding tenure of office, until he is assigned to a Faculty or Faculties in the usual course at a Senate meeting.

Amendment of *Statute 112* to institute a new Degree, *viz.* Master of Science (Tech.) and have one Degree of Doctor of Philosophy in all the Faculties.

Amendment of *Statute 135* to increase the interval between the date of nomination and the date of election so as to give adequate time to the electors to send in their voting papers by post.

Amendment of *Statute 140* A to ensure greater secrecy in voting by the constituency of registered graduates.

Amendment of *Statute 142* to provide for an increase in the number of scrutineers at the elections, when there is great pressure of work, *e. g.* at elections of Fellows by the registered graduates' constituency, where the number of voters has increased considerably.

Addition of a new *Statute 157 A* to provide for maintaining the electoral roll of registered graduates up to date.

Amendment of *Statutes 187–193 & 202–203* relating to the recognition of Schools and admission of candidates to the Matriculation Examination (*Vide* Chapter IX.)

Amendment of Statutes relating to the University Provident Fund to incorporate therein certain suggestions made by the Government of India for the purpose of extending the provisions of the Provident Funds Act of 1925 to the University Provident Fund.

Important Decisions

Among the other decisions taken by the Senate, mention may be made of the following :—

1. The Senate sanctioned a special grant of Rs. 1,41,500 for capital expenditure to be incurred in connection with the extension of the University Buildings (North Wing) in accordance with the plans approved by the Syndicate. [The extension was completed in October, 1937.]

2. The Senate sanctioned a grant of Rs. 2,000 towards the expenses of the Joint Session of the Indian Science Congress Association and the British Association to be held in Calcutta in January 1938, and an additional sum of Rs. 1,000 for meeting the expenses of entertaining the members of the Oversea's Delegation to the Session on their arrival in Bombay *en route* to Calcutta.

3. The Senate appointed a Committee (1) to consider and report on the present position of Commercial Education in the University and (2) to suggest means by which greater co-operation between the University and the commercial community can be achieved, (3) to ascertain how a commerce graduate could be made more valuable to the business world and (4) to consider the feasibility of establishing a separate Faculty of Commerce in the University.

4. The Senate also requested the Syndicate to submit proposals regarding the contents and cost of publication of a periodical giving information to the public about the University's activities and plans.

On the motion of Dr. G. V. Deshmukh, the Senate passed a new Statute 203A providing that the Matriculation Examination should be held twice a year. This Statute, was not, however, sanctioned by the Chancellor.

The Senate elected Principal M. L. Tannan, Professor D. R. Gadgil and Professor N. K. Bhagwat as members of the Board of Accounts from the 1st February, 1937 to 31st January, 1938.

CHAPTER III.

The Syndicate and its Standing Committees

During the year under report the Syndicate held in all 13 meetings, of which 9 were ordinary monthly meetings and 4 were special meetings. Each of these meetings lasted only for a day. The dates on which these meetings were held are given below :—

Dates on which the Ordinary meetings were held :	*Dates on which the Special meetings were held :*
25—7—1936	2—11—1936
21—8—1936	18—1—1937
26—9—1936	22—4—1937
28—11—1936	12—6—1937
19—12—1936	
30—1—1937	
27—2—1937	
30—3—1937	
26—6—1937	

Sixty-four committees were appointed by the Syndicate in the course of the year to help it in its deliberations.

General

In last year's report, reference was made to the scheme of scholarships for the training of Physical Instructors with a view to introducing compulsory Physical Training in the Colleges. The Syndicate took steps to introduce compulsory physical training into the colleges from the commencement of the academic year 1937. This matter has been referred to in greater detail elsewhere in the present report.

In addition to the routine work of administration, the Syndicate came to certain important decisions which are referred to here.*

---

*As printed copies of the minutes of the meetings of the Syndicate are sent to members of the Senate, in the following pages only such decisions or events are noticed as call for special mention. No reference is made to the Ordinances as these too are printed and placed from time to time on the table of the Senate.

The Syndicate decided that it be made a condition with every publisher of publications prescribed by the University that he should not publish notes or guides relating thereto.

As certain difficulties were met with in the holding of practical examinations in Science subjects in the Laboratories of affiliated colleges, the Syndicate decided that a member of the staff of the college, where the practical examination is held, should be appointed as a laboratory supervisor at the practicals, if the panel of examiners did not include a member of the staff of that college. This has conduced to the smooth working of the practical examinations.

In accordance with the proposals for the re-organisation of the staff in the office of the Registrar which were approved by the Senate at their meeting in August 1936, the Syndicate at their meeting held on the 26th September revised the grades in the office of the Registrar. As a result of the revision of the grades, the Assistant Registrar was appointed as Deputy Registrar and the Superintendent was appointed as Assistant Registrar.

The Syndicate revised the leave rules of the works staff in the Department of Chemical Technology by bringing them into line with those applicable to Laboratory Assistants and menial staff in the same Department.

A new appointment to a teaching post was made in the Department of Chemical Technology, *viz.* that of Dr. M. R. Mandlekar, as Lecturer in Fuel Technology in place of Dr. L. A. Bhatt who was permitted to resign his post on his obtaining an appointment with the Government of India.

University Board of Sports.

The introduction, during the year under report, by the University of compulsory Physical Training induced a very large number of students to take to out-door games since those who regularly took part in such games were exempted from attending the Physical Training Classes. This large number necessitated increased expenditure on games by the College Gymkhanas.

Lt.-Col. S. L. Bhatia was elected Chairman of the Board and President of the Bombay Local Committee for the third time in succession. The following were the members during the year under report:

Lt.-Col. S. L. Bhatia, I.M.S.
Principal C. Graham Smith.
Principal Dr. S. C. Nandimath.
Principal M. M. Zuhuruddin Ahmed.
Principal S. B. Junnarkar.
Professor R. N. Bhagwat.
Professor D. B. Deodhar.
Major A. C. L. Parry.
S. K. Mukerji, Esq.

Three meetings of the Board were held during the year 1936-37.

The activities of the Board, as in the preceding year, fell under the categories of (i) Inter-Collegiate Sports (ii) University Sports and Tennis Tournament and (iii) Inter-University Cricket. As in the previous year, Inter-Collegiate Sports were held in all the Groups. The performance of those who took part in the Sports was of a definitely better standard than what it was in the previous year. Despite the distances between the Colleges in the Karnatak, Gujarat and Sind Groups the number of students in these groups that took part in the sports was larger than that in the previous year.

The Inter-Collegiate Sports for different groups were held at the following centres:—

Bombay Group	... ...	Bombay (Cooperage).
Poona „	... ...	Poona.
Karanatak & S. M. C. Group	...	Kolhapur
Gujarat and Kathiawar Group	...	Junagadh.
Sind Group	... ...	Karachi.

The following statement shows the expenditure incurrrd by various Groups to awards holding Inter-Collegiate Sports and the University contributions to each Group for conducting Inter-Collegiate Sports :—

Group.	*Expenditure.*	*University Contribution.*
	Rs. a. p.	Rs.
Bombay	3,607 9 9	1,240
Poona	* 3,000 0 0	1,220
Karanatak & S.M.C. ...	2,550 0 0	1,220
Gujarat and Kathiawar ...	3,587 13 2	1,495
Sind	2,672 12 0	1,500

Inter-Group Competitions: The Inter-Group competitions (University Sports and Tennis Tournament) were held in Karachi, during the Christmas week, at which all the Groups were fully represented and an atmosphere of great enthusiasm and activity prevailed throughout the week. The quality of game in all the departments was of a very high order. In the result, the Bombay Group came out as the Champion with 62 points, the Karanatak and S. M. C. stood second, with 52 points, Poona third, with 44 points, Gujarat fourth, with 20 points and Sind last with 10 points.

The expenses of conducting the Inter-Group Competitions came to Rs. 1,317-13-3, detailed as under :—

	Rs.	a.	p.
Lodging and Boarding of Competitors	475	6	0
Medals	111	0	0
Refreshments	112	8	0
Conduct of Competitors proper	149	15	6
Band	25	0	0
Furniture	62	10	0
Conveyance	195	6	0
Printing and Typing	100	11	0
Miscellaneous	85	4	9
Total ...	1,317	13	3

As against this the University contributed Rs. 1,125/- and the deficit of Rs. 192-13-3 was, according to the usual practice, made up by the Sind Local Committee.

Trophies presented to the University during the year.

Chatrapati Trophy—Presented by His Highness the Maharaja of Kolhapur to be awarded to the Champion Group—the Group which secures the largest number of points.

Miraj Trophy—Presented by Meherban Sir Gangadharrao Ganesh Patwardhan, K.C.I.E., the Raja Sahib of Miraj, to be awarded to the Group which secures the largest number of points in Wrestling.

Rohinton Baria Cup—Presented by Mr. A. D. Baria of Bombay to be awarded to the Group which secures the largest number of points in Swimming.

Principal K. S. Vakil Challenge Shield—Presented by Principal K. S. Vakil to be awarded to the Group which wins the Relay Race.

The following Trophies available for presentation were annexed by the Groups mentioned against their names :—

Lady Rahimtoola Cup for Tennis—Karnatak and S. M. C. Group.
P. N. Welkar Shield for 400 yds.—Poona.

* Approximate Figure.

Miraj Trophy for Wrestling. { Gujarat. / Karnatak.
Principal K. S. Vakil Shield for Relay Race—Bombay.
R. N. Bhagwat Shield for Wrestling—not awarded.
Chhatrapati Trophy for Champion Group—Bombay.

Inter-University Cricket Championship.—For the Championship the Universities in India are grouped under the following four Zones:—

East.	*Central.*	*North.*	*South.*
Andhra	Nagpur	Punjab	Bombay
Calcutta	Allahabad	Delhi	Osmania
Dacca	Benares	Aligarh	Madras
Patna	Agra	Lucknow	Annamalai

The Draw for the matches in the South Zone was made by the Committee of the Zone. In accordance with the Draw, Bombay played the first match with Mysore and won by one wicket. Bombay also won the second match with Madras and thus qualified to enter the Semi-Final. The Semi Final was played at Lahore in January 1937 and resulted in the victory of the Lahore team over Bombay. The total expenses in connection with the three matches in the Inter-Varsity Cricket Championship Tournament and the trial matches for the selection of the University Team came to Rs. 2,460–4–0.

With a view to ascertain the results of the activities of the Board during the three years of its existence, the following questionnaire was addressed to all the Local Committees during the year under report:—

(1) How far the Board of Sports has helped in creating interest and enthusiasm in Sports and Games among University students;

(2) Whether a larger number of students take part now than three years ago ;

(3) What are the practical proposals and suggestions for inducing a larger number of students to participate in Games and Sports ;

(4) What is the total number of students from each Group that took part in Games and Sports (i) during the year 1936–37 and (ii) during the three previous years, if figures are available,

The replies received to this questionnaire are satisfactory and briefly are as under:—

(1)—Students show greater enthusiasm than before. and the spirit of healthy rivalry and competition among Colleges has done much to improve the standard in general.

(2)—The number of students taking part in Games and Sports is larger than before and is steadily increasing.

(3)—*Suggestions*:—(i) Appointment by the University of a Director of Sports in each Group. (ii) Imposing a limit on the number of competitions for which a student can enter. (iii) Provision of greater facilities such as more and larger playing grounds. (iv) Provision of adequate funds. (v) Popularising Team Games such as Volleyball, Basket Ball, Ring Tennis etc.

(4)—Correct figures are not available ; but in the case of the Poona Group the increase has been as much as 100% in 1936–37 over the previous years.

Special Features. (i) Swimming, 100 yds. and 200 yds., was introduced as an additional event open for competition.

(ii) Competition in Wrestling was re-classified so as to conform to the Olympic Classification. Thus, at present Wrestling is held in the following four class weights :—

Bantam	Weight	(123 lbs.)
Feather	,,	(134 lbs.)
Light	,,	(145 lbs.)
Welter	,,	(158 lbs.)

(iii) The rule of eligibility to take part in Inter-Collegiate and University competitions was so amended as to enable students of Professional Colleges, such as Medical, Engineering, Law and Training Colleges, to participate in all competitions for ten years after their Matriculation.

Publication Board

Six meetings of the Board were held during the year. Apart from the disbursement of publication grants, the publication of rare texts, of selections in Modern Indian Languages and of the University Journal engaged the attention of the Board.

The Grants Utilization Committee and the Publication Board co-ordinated their activities to the needs of the Journal. The Publication Board sees that papers which can be inserted in the Journal are not given any publication grants, while the Grants Utilization Committee has made it a condition of the award that the results of the research work carried out with the help of research grants shall be published in the Journal. The Board, encouraged by the progress of the Journal, resolved not to reduce the number of issues, a suggestion which had been made to it with a view to obviate the frequent delays experienced in their publication.

Among the rare texts sanctioned for publication during the year were :—Yamuna Paryatana by Baba Padmanji ; Majjhima Nikaya, Theri Gatha and Milinda-Panha. The first was recommended by the Board of Studies in Marathi and the last by Prof. R. D. Vadekar. The Pali texts were edited by Prof. N. K. Bhagwat.

The selections in Prose and Poetry prescribed for the Matriculation Examination in Gujarathi, Kannada, Marathi and Persian, were published by the University during the year.

A statement of publication grants made during the current year is given in Appendix I attached to the report.

Building Committee.

The Building Committee met three times during the year. The scheme for the erection of a Watchman's cabin in the University Gardens, to which a reference was made in last year's report, was brought to fruition during the period under review, and the cabin is now occupied by the Watchman. It is located to the south of the Convocation Hall and in its architectural features an attempt has been made to ensure harmony with its surroundings.

The Store House for the use of the Department of Chemical Technology, was completed. Provision had to be made for artificial ventilation lest the fumes emanating from the chemicals should prove dangerous.

The major work that the Committee had in hand was the extension of the University North Wing. Tenders for the work were received in October 1936, and it was found that the tender of Rao Saheb Dewji Dharsi & Son was the lowest. The progress of the work was very encouraging and at the end of the year under review it was expected that the building would be ready for occupation by the end of September 1937. [The building has since been completed, and parts of the Registrar's Office were shifted to the extension in the middle of October 1937.]

Garden Committee.

The Garden Committee held only one meeting during the year, the business being mainly transacted by means of circulars. Among the important matters which

engaged the attention of the Committee during the period under review were the question of locating the Watchman's cabin in the Gardens and that of improving the lawns. The site of the Watchman's cabin was decided upon in consultation with the P. W. D. authorities.

In the last Report, a reference was made to the work of improving the lawns in the gardens. Of the four lawns, to the east of the Library and the Convocation Hall, the returfing of one was completed last year. It now presents a distinctly pleasing feature. Encouraged by this success the renewal of the turf on the three other lawns has been taken in hand.

Grants Utilisation Committee

In the previous report, reference had been made to the steps taken by this Committee to ensure the proper award of research grants, and stricter control over their actual disbursement. This good work was continued during the year, and no less than seven meetings of the Committee were held in the period. At each of these meetings, reports received from the grantees were very carefully scrutinised. In many cases, refunds were ordered and in some others the grantees were required to hand over manuscripts or useful apparatus purchased by them.

There was a stricter scrutiny of applications for the award of grants also. In cases of doubt, suitable referees were requested to favour the Committee with their opinions on the merits of the application and the work proposed to be carried out with the aid of the grant applied for.

The institution of Research Studentships threw an additional burden of work on this Committee. The Regulations for these studentships were ready in September 1936, and the applications therefor were invited soon thereafter on forms prescribed by the Committee for the purpose. The Committee has laid it down as a general principle that M.A., or M.Sc. students should not be eligible for research grants. Each applicant for the research studentship is required to submit a programme of the proposed work which is referred to competent referees for opinion before the award is decided upon.

A statement of the research grants made during the year and the names of the research students are given in Appendix II and II (A) attached to this report.

Standing Committee on College Inspection Reports

The Standing Committee, as usual, scrutinized the reports of the Triennial Inspection Committees that visited the Colleges in the following groups :

(1) Deccan and Karnatak.
(2) Konkan and Sind.

The Arts and Science Committees had made separate reports in both these groups, and during the period under review the reports of the Science Committee on the Colleges in the Konkan and Sind Group were not ready for consideration by the Standing Committee, because the remarks thereon by the Principals of the institutions concerned had not been received. The Standing Committee also considered the reports on the professional colleges such as the College of Engineering, the College of Agriculture and the Law Colleges in the Group.

Among the general problems that arose for the consideration of the Standing Committee were

(i) How far College Teachers should be allowed to teach in Schools ;

(ii) Whether in view of the introduction of the Bifurcation Scheme, all colleges should be inspected once again soon after the scheme is brought into effect ;

and (iii) The desirability of instructing the Triennial Inspection Committees that they should restrict their remarks to undergraduate instruction and to seeing whether the conditions of affiliation are being maintained or not.

The Syndicate have adopted the recommendation of the Standing Committee in respect of (iii) and Triennial Inspection Committees have been enjoined not to make any remarks on Post-Graduate instruction. The Syndicate, after consulting the Academic Council, have also laid down certain restrictions on teachers in colleges who are also teaching in schools.

Students' Welfare Committee

There were three meetings of the Committee during the year. Among the important items of business transacted by the Committee, the giving of final touches to the Physical Training Scheme was perhaps the most important. The scheme which is at present in force is given in Appendix IX, and among the directions issued to the College authorities to implement the scheme, the following are worthy of note:—

(*a*) That the members of the U. T. C. should be exempted;

(*b*) That after the terminal and preliminary examinations and on examination days students should not be required to attend the training class, or to take part in games;

(*c*) That the programme of training should commence from the beginning of the first academic term;

(*d*) That the period of physical training should be restricted to only one year in the Medical Colleges;

(*e*) That in August or September of every year, the Principals should be requested to submit reports on the working of the scheme in their respective Colleges.

A Committee appointed by the Syndicate to scrutinize the reports referred to in (*e*) is to visit the Colleges and make local enquiries wherever possible.

Next to Physical Training, Medical Inspection engaged most of the time of the Committee. The Committee scrutinized carefully the previous year's reports received from the different centres, and recommended to the Syndicate that a special form should be adopted for the purpose of communicating the recommendations of the Medical men to the parents of students. The U. T. C. cadets were examined separately and in the conduct of the general inspection at mofussil centres an attempt was made to widen the panels. A Sub-Committee has been asked to frame proposals for a scheme of lectures on Social Hygiene, Preventive Medicine, and Dietetics to be adopted at various centres. The idea is to supplement the work of medical examination by the dissemination of proper knowledge for the maintenance of general health and physical efficiency.

Rajabai Clock Tower Committee

The recently installed clock has been working well and the Committee did not therefore feel it necessary to have any meeting during the year under report. On Coronation day, of the many buildings illuminated by Government, the Clock Tower proved one of the greatest attractions.

Board of Visitors to the Department of Chemical Technology

The Board met thrice during the year. Progressively growing consultation work prompted the Board to consider the necessity of laying down a scale of charges for such enquiries. They also considered the strengthening of the Optical Laboratory, and sanctioned the purchase of apparatus for the better equipment of this section. The Board also decided that the Head of the Department should send a circular to the Mills in the Presidency informing them that the Department would help them in tackling any problem they might wish it to investigate, and that copies of published papers containing the results of research work carried out in the Department would be made available to them on payment.

Board of Advisers to the Departments of Economics & Sociology

The Board met to discuss the Budget and made proposals for the creation of some Fellowsihips carrying higher stipends than those of the former Scholarships so that those who did preliminary research for their M.A. Degree might after finishing it join for research of a higher order. In the light of these additional requirements, some reduction was made in the Scholarships hitherto given. According to the revised scheme, provision was made for 8 Scholarships of Rs. 30 per month each, 4 Fellowships of Rs. 75 per month each and 2 Research Assistants of Rs. 125 per month each. This involved an additional expenditure of Rs. 2,280.

The Board also recommended that the Scholarships should be awarded for a year at time but should be renewable, that the Fellowships should be awarded for a year, and that the Research Assistants should be appointed in the first instance for a year, the appointments being renewable for periods of two years at a time.

CHAPTER IV

THE ACADEMIC COUNCIL AND THE FACULTIES

The Academic Council met four times during the year : on the 15th August, 1936, the 4th December, 1936, the 15th January, 1937, and the 12th March, 1937. Each meeting continued for two days.

Regulations

During the year under report, the Council made several major and minor amendments in the Regulations relating to the several examinations and also in some of the Regulations relating to endowments. Only the important ones are noticed below:—

Regulations were framed for the award of Research Studentships.

Important changes were made in the Regulations relating to the Engineering examinations in their several branches in view of the introduction of new courses in Civil Engineering.

The syllabus in Chemistry for the M.Sc. examination was revised.

The Regulations relating to the B. T. Examination were amended by reducing the number of special methods in which a candidate is tested from three to two, and by making the method in English optional and allowing the revision of the marks assigned to a candidate for College work, if necessary.

The Syllabus in Geology for the B.Sc. Examination was revised.

The scope of the Sardar Bhimrao Ramrao Akbarnavis Scholarship was extended to include candidates who take the degrees of M.D., M.S., and M.Sc. (Tech).

The regulation governing exemptions available to candidates at the third M.B., B.S. Examination was amended by reducing the period over which the exemptions remained in force from three to two years, in accordance with the recommendations of the Executive Committee of the Medical Council of India.

Equivalence of Examinations

The S. L. C. Examination of Nepal was recognised as equivalent to the Matriculation Examination of this University if passed with 40% marks in English and 35% in each of the other subjects.

The Cambridge School Certificate Examination was given a status equal to the First Year Arts and Science Examinations if passed with credits in certain subjects, but the amended Regulation which conferred this higher recognition was cancelled by the Senate and the *status quo* was restored.

Important Resolutions

Among the decisions arrived at by the Council, the following call for special attention on account of their importance.

A reference has already been made to the decision of the Council to extend the duration of the Honours Course for the B.A. degree from two to three years.

The decision, in so far as it increased the duration of the Honours Course by one year was in consonance with the Resolutions passed by the Inter-University Board at their meeting held at Aligarh in February, 1936.

Faculty of Arts

The Faculty of Arts met three times: on the 20th August, 1936, the 10th February, 1937, and the 14th June, 1937.

At the meeting held on the 20th August, 1936, Prof. V. G. Rao, being the only candidate nominated for election, was elected Dean of the Faculty for the year in place of Prof. V. K. Joag, who retired after holding the office of Dean of the Faculty for three years in succession.

The Faculty decided that the number of members of the Board of Studies in Sindhi should be enlarged.

The Faculty has expressed its opinion against placing restrictions on candidates wishing to appear for the M.A. and M. Com. Examinations either by papers or by thesis, laying down that they could take their degree only in the subjects which they had taken for their B.A. or B. Com. degree.

Faculty of Science

The Faculty of Science held three meetings: on the 19th August 1936, the 8th February, 1937, and the 15th June, 1937.

At the first of these meetings, Principal G. S. Mahajani, being the only candidate nominated for election to the Deanship, was elected Dean of the Faculty for the year in place of Principal T. S. Wheeler who had been Dean of the Faculty for two successive years, and continued to hold that office until he resigned it when he went on leave to England in March 1936.

Among the decisions arrived at by the Faculty the following may be mentioned:—

(1) The Faculty recommended to the Academic Council that Domestic Science be introduced as one of the Optional Subjects for the B.A. and B.Sc. Examinations, and that a Diploma in Domestic Science be also instituted on the lines of the diplomas in other subjects.

(2) The Faculty expressed itself in favour of holding the B.Sc. Examination in Principal subjects twice a year, and made a request to the Syndicate to give effect to this opinion, but the recommendation of the Faculty was not accepted either by the Academic Council or by the Syndicate.

(3) The Faculty recommended to the Academic Council that Micro-Biology should be added as a subject of study for the M. Sc. Examination. This recommendation was given effect to by the Academic Council and the Syndicate. The Faculty made similar recommendations with regard to the addition of comparative Anatomy and Embryology to the subjects of study for the M. Sc. degree. This recommendation also was given effect to by the Academic Council and the Syndicate.

Faculty of Technology

The Faculty met twice during the year: once on the 20th August, 1936, and a second time on the 9th February, 1937.

At the first of these meetings, Principal C. Graham-Smith of the College of Engineering, Poona, was re-elected Dean of the Faculty for the year.

The Faculty recommended to the Academic Council and the Syndicate that there should by only one Ph. D. degree for all the Faculties. (This recommendation has been given effect to.)

Faculty of Law

The Faculty met three times during the year: on the 19th August, 1936, on the 14th December, 1936, and the 9th February, 1937.

At the first of these meetings, Mr. A. M. Kajiji was duly re-elected Dean of the Faculty. Mr. Kajiji continued to occupy the office of Dean until his death in November, and at the December meeting of the Faculty, Dewan Bahadur K. M. Jhaveri was elected Dean in his place.

The Faculty was asked to express an opinion on the proposal that Graduates in Agriculture should be permitted to study for the LL. B. Examination. The Faculty however, expressed its opinion against the proposal.

The Faculty also considered and approved the memorandum of the views of the Legal Education Committee appointed by the Chief Justice of Bombay. One of the main recommendations of the Legal Education Committee is to provide full-time instruction in the present affiliated Law Colleges. Another recommendation is that the present Advocates Examination by the Bar Council should be abolished, and that there should be only one avenue for entry to the legal profession, namely, through the LL. B. course. The Committee has not finished its work.

Faculty of Medicine

The Faculty of Medicine met six times during the year: on the 8th July, 1936, the 2nd September, 1936, the 18th November, 1936, the 24th February, 1937, the 3rd March, 1937, and the 30th June, 1937.

Important decisions were taken by the Faculty at these meetings on the recommendations made by the Medical Council of India from time to time regarding the revision of the courses of instruction and study for the medical examinations.

At its meeting held in September, 1936, the Faculty re-elected Dr. V. R. Khanolkar as Dean for the year.

The Faculty recommended amendments in the ordinances relating to the M.D. and M.S. Examinations with a view to enabling a candidate who had taken his Masters degree in Medicine to present himself for the Master's examination in surgery and *vice-versa*.

The Faculty approved of the recommendations of the Medical Council of India that the medical curriculum should extend over a period of full five years; but at the same time decided that the extended period of studies should only apply to students beginning their medical studies after the 1st June 1938.

The Faculty made proposals for amending the regulations and Syllabuses pertaining to the First M.B.,B.S. Examination in order to remove therefrom certain inconsistencies which had been pointed out by the Secretary to the Medical Council of India. The Faculty also made proposals for changing the dates for the commencement and the conclusion of the terms in the Faculty of Medicine and the dates for the medical examinations. These were still under consideration at the close of the year under report.

The Faculty was informed that the resolution passed by the Executive Committee of the General Medical Council of Great Britain on May 25, 1936, on the subject of the recognition by the Council that Diplomas granted in India had been rescinded in so far as it made recognition of any degrees granted after May, 1928, by the University

of Bombay conditional upon a certificate to be given by the Dean of the Faculty of Medicine, that the holder of any such degree had fulfilled the requirements of the Council.

In connection with the election of representatives to the Governing Body of the Indian Research Fund Association, the Faculty communicated to the Secretary, Inter University Board, the names of the following persons as those for whom the Faculty had voted: Sir Upendranath Bramachari, Dr. Jivraj N. Mehta, Dr. A. Subba Rau. The result of the election was that Sir Upendranath Brahmachari, Dr. Jivraj N. Mehta and Rai Bahadur B. N. Vyas were elected representatives of the Medical Faculties in India on the Governing Body.

Boards of Studies

New Boards of Studies: The splitting up of the old Board of Studies in History and Economics came about actually in the year under review, and the newly constituted Board of Studies in History and Archaeology and the Board of Studies in Economies, Politics and Sociology met during the year for the first time. The Faculty of Arts decided that each of the Boards should consist of eight members, and that of the eight in History and Archaeology two should be co-opted members. All the members of the other Board were elected from among the members of the Faculty.

In the last report a reference had been made to the proposal for the constitution of a Board of Studies in Geography. The proposal in the form of a Statute was placed before the Senate, but as there was difference of opinion as to the manner in which the new Board should be given representation on the Academic Council, it was referred back to the Syndicate,

Work before the Boards.

In Appendix VIII, information has been given regarding the number of meetings held by each Board. The framing of panels of persons suitable for appointment as University Examiners and the prescription of text-books of the various University Examinations formed the main items of business disposed of by most of these Boards.

In addition to their routine work, most of these Boards took up this year the question of the revision of Degree Courses consequent upon the adoption by the Academic Council of the recommendations of the Degree Courses Revision Committee. The new scheme involves radical changes in the scheme of examination for the B. A. Degree and it proposes the separation of the B. A. (General) Courses from the B. A. (Honours) Course, the latter to be spread over a period of three years.

Apart from this general alteration in the scheme of Degree Examinations, some of the Boards took up the revision of courses independently. For instance, the Boards of Studies in Botany, Geology and Mathematics revised the existing syllabuses in the respective subjects for the B.Sc. Examination. The Board of Studies in Botany made certain changes also in the First and Second Year courses, too. The Board of Studies in Law revised the list of books for the First and the Second LL.B. Examinations and, as the year closed, were busy with the revision of the syllabus for the LL.M. Examination.

In the last report a reference had been made to the revision of the courses for B.Sc. and M. Sc. (Technology). The Board continued the work during the year under review and gave final touches to these courses. Similarly, the Board of Studies in Engineering, also, continued the work of revision of the courses in their subject, and made changes which were found necessary as a result of their experience of the working of the regulations introduced recently.

The Board of Studies in English suggested an alteration in the scheme for the M. A. Examination whereby candidates who offer English for this examination may be permitted to take all the papers in English, but the proposal for doing away with a subordinate language altogether was not accepted by the Academic Council and the Syndicate.

A Joint meeting of all the Boards of Studies in Modern Indian Languages was held to consider the desirability of laying down that all the papers in these languages, save the one in translation at the M.A. Examination, should be answered in the respective Modern Indian Languages. It was also resolved that the question papers in these subjects should be set in the respective languages, English being used only where absolutely necessary. Some of these languages do not yet possess an adequate scientific literature, and difficulty is therefore experienced in prescribing text-books in these languages at the First and Second Year Examinations in Science. The Joint meeting resolved, therefore, that of the three books prescribed at these examinations, wherever available, one should wherever possible be of a scientific character.

The Board of Studies in Persian and Arabic were busy laying down a scheme of examination and a detailed syllabus for a new branch at the M.A. of Islamic Culture, more or less, on the lines of the existing branch of Ancient Indian Culture.

The Medical Boards were engaged in preparing a revised syllabus for the B. Hy. Degree. A Sub-Committee was appointed to go into the details of this question, and when the year closed they were still busy with it.

The Board of Studies in Agriculture prepared a syllabus in the various subjects prescribed for the M.Sc. Degree in Agriculture. The work was spread, over more than one meeting, and, though in the Regulations relating to the degree as many as eleven branches have been provided for, the syllabuses are not ready for all these branches.

Inter-Collegiate Students.

Besides these, 24 post-graduate students belonging to different Arts Colleges in the city attended lectures in the School, 14 in Economic and 10 in Sociology. Their average attendance during the year was 10 and 7 respectively.

Lectures

As usual, each member of the Staff delivered two lectures a week, so as to cover during the year half of the M. A. course in Economics and Sociology. Difficulties arising out of lectures were discussed in informal seminars or with individual students.

Research Work

The School has been making good progress in the matter of research as can be seen from the fact that 53 students were doing research work in different Economic and Sociological subjects (See Appendix A.)

Results.

During the year under review three students, submitted their theses for the Ph. D. degree, which were accepted for the said degree (See Appendix B.)

Three more students submitted their theses for the M.A. degree, two of which were accepted for the said degree and the result of the third was not declared in the year under report. (See Appendix B).

Out of the 28 students sent up for the M.A. Examination by papers, 24 appeared for the Examination. Out of these 7 were placed in the Second Class, 14 in the Pass Class and 3 failed. Out of the 24 students that appeared for the Examination, 8 offered History (A Group) and Economics, 4 History (A Group) and Sociology, and 12 Economics and Sociology for their Examination.

Students' Union

The activities of the Students' Union showed gradual Progress.

Several lectures on topics of economic and sociological interest were delivered under the auspices of the Union by eminent persons. A debate on "The Present-Day Parliamentary Form of Government is a Fictitious Democracy" was organised.

The students visited several places of interest. These excursions combined both entertainment and instruction.

The Union organised the first School Dinner on 6th August, 1936, when the Vice-Chancellor was the Chief Guest.

In the Inter-Collegiate Tennis Tournament Mr. R. N. Pandit was the Runner-up in the Singles and Doubles.

Under the auspices of the Union, Yogi Bishambar Nath gave a public performance of his yogic feats. The proceeds of the show have been set apart and are to be used to purchase books for the Lending Section of the Library of the School, thus giving help to poor students of the School in their studies.

The Annual Social Gathering of the past and present students of the School was held under the presidentship of the Mayor of Bombay, Mr. Jamnadas M. Mehta. The gathering was a great success.

B. DEPARTMENT OF CHEMICAL TECHNOLOGY
UNIVERSITY OF BOMBAY

Annual Report for the year 1936–37.

In June 1936, 10 new students were admitted to the course in Textile Chemistry and 10 to the course in Chemical Engineering which, together with the second year students and the two who repeated the second year of the course, made a total of 21 students in Textile Chemistry and 17 in Chemical Engineering. In addition to the four research fellows and two research students, 3 occasional researchers were admitted in the course of the year.

Two of the first year students left at the end of the first term and the number of students at the end of the academic year was as under :—

Class.	No. of students on 10th March 1937.	Average per day.
1st Year		
Textile Chemistry	9	8·4
Chemical Engineering ...	9	8·0
2nd Year		
Textile Chemistry	11	9·6
Chemical Engineering ...	7	5·9
Research Students and Fellows ...	9	7

At the B. Sc. (Tech.) Examination held in March 1937, 11 students presented themselves in Textile Chemistry and 7 in Chemical Engineering, all of whom passed :—

Messrs. D. M. Trivedi and N. M. Dalal were awarded the Byramji Ratanji Lentin scholarship and the Amelia, wife of Dr. A. G. Viegas, scholarship respectively.

Six of the successful students are carrying on research in the Department, one has left for an educational tour in Japan, three are engaged in their own industrial enterprises and the rest have been absorbed in industry as under :—

Name	*Name of firm*
S. V. Desai ...	... Havero Trading Co., Bombay
S. K. Jagani ...	... Calico Mills, Ahmedabad
L. B. Malkani ...	... Havero Trading Co., Bombay
B. V. Phadnis ...	... Imperial Chemical Industries, Bombay
V. R. Risbud ...	... Mysore Mills, Bangalore
M. M. Shah ...	... Delhi Cloth and General Mills, Delhi
K. R. Aggarwal ...	... Dalmia Cement Ltd., Karachi
G. K. Belekar ...	... Analytical Assistant in this Dept.

Some of the past research students are employed as under :—

F. F. Darbary ...	... Tata Mills, Bombay
S. M. Kaji ...	... Govt. Textile Institute, Cawnpore
H. N. Banerjea ...	... F. S. Kerr and Co., Bombay

Mr. R. L. Desai completed his course for the M.Sc. (Tech.) and, having been awarded the Sir Mangaldas Nathubhai Technical Scholarship, proceeded to England to carry out research work at the University of Leeds under the direction of Prof. F. M. Rowe.

Most of the second year textile students had been offered positions in anticipation of their success in the examination. In view of this demands for textile students, the Syndicate decided to increase the number of admissions to the Textile Chemistry course from 10 to 12, making a corresponding reduction in the number of admissions to the Chemical Engineering course.

Publications:—The following papers were published during the year:—

(1) "A volumetric method for the estimation of moisture," N. C. Mitra and K. Venkataraman (*Current Science*, 1936, *5*, 199).

(2) "Wetting agents in textile processing, Part I"—D. R. Dhingra, I. S. Uppal and K. Venkataraman, (*J. Soc. Dyers and Col.*, 1937, *53*, 91).

(3) "Processes for applying Cutch in dyeing and printing"—S. R. Ramachandran and K. Venkataraman (Indian Patent Application No. 24056).

(4) "Auxiliaries in textile processing"—I. S. Uppal and K. Venkataraman (Indian Patent Application No. 24057).

(5) "Graphical representation of the time of sunrise and sunset at all places over the earth"—B. K. Vaidya (J. Univ. Bom., Part II, 1936, *5*, 177).

The following papers have been communicated to the Journal of the Society of Dyers and Colourists:—

(6) "Studies in the Naphthol AS series, Part I: Fastness to kier boiling"—R. B. Forster, P. R. Mehta and K. Venkataraman.

(7) "Studies in the Naphthol AS series, Part II: Fastness to rubbing"—R. B. Forster, S. R. Ramachandran and K. Venkataraman.

(8) "Degree of whiteness obtainable by bleaching and its relation to varieties of cottons"—J. B. Jambuserwala.

Research work in progress:—The following investigations were undertaken during the period under review and include work ready for publication and work still in progress. The degree for which the student is working being stated in the second column:—

Research work in progress by members of the staff

Design and construction of photoelectric apparatus for the measurement of whiteness	Dr. R. B. Forster. Dr. B. K. Vaidya.
Physical analysis of Indian wools	Dr. R. B. Forster. Dr. B. K. Vaidya.
New applications of cutch in dyeing and printing	Dr. K. Venkataraman. Mr. S. R. Ramachandran.
The use of Indian plant mucilages in finishing and printing	Dr. K. Venkataraman. Mr. S. R. Ramachandran.
Modified starches for use in sizing and finishing	Mr. G. B. Jambuserwala.
Reaction of ethyl malonate with some diamines	Dr. T. N. Mehta. Mr. V. B. Thosar.

Arrangements have been made to supply mills and factories with copies of publications on research carried out by the Department and about 50 mills have so far expressed their desire to take advantage of this scheme.

Report on research:—The Head of the Department submitted to the Ten Year Plan Committee a detailed report on the research work in progress and the projected programme of research.

Subsidies for research:—The Department received subsidies (1) from Messrs. Ralli Brothers, Limited, in the form of a fellowship for a year for the investigation of the properties of one of their products as a textile auxiliary, and (2) from Seth Kasturbhai Lalbhai for the investigation of the possibilities of manufacturing starch from indigenous sources.

After carrying out preliminary work on the subject, the Department outlined, at the instance of the Agricultural Marketing Adviser to the Government of India, a scheme of analysis of the various quality factors of Indian wools and the investigation of the applicability of existing technique in other countries to Indian wools with such modifications as may be necessary. The work will be carried out in the Department and is estimated to cover three years and cost Rs. 15,300, which is to be borne by the Imperial Council of Agricultural Research. The scheme has been approved by the Provincial Agricultural Research Committee, and is awaiting consideration by the Council.

Analytical and other investigations:—The services of the Department in the investigation of industrial problems were increasingly utilised by individuals and firms and involved routine analysis and testing of materials used in the textile and other industries such as hydrogen peroxide, zinc oxide, sizing oils, tallows, coal, industrial waters, the calibration of instruments, testing of cloth, desizing, bleaching, dyeing, printing auxiliaries and in addition the investigation of problems such as (1) testing of dyestuffs suspected of adulteration (2) remedying faults in printing (3) examining the utility of certain colours in spray printing (4) dye trials on cotton waste (5) removal of the tint on bleached sarees with coloured borders (6) bleaching and calendering of drill (7) printing of basic colours in direct and discharge styles and costing same (8) bleaching and finishing of handwoven shirting (9) preparation of mercerising and finishing auxiliaries (10) printing trials; white and colour discharges on azoic dyeings; formosul and chlorate discharges on direct and basic grounds; tannin discharges (11) detecting and remedying the cause of bleeding of colour in bleached sarees (12) dyeings with the Brenthols (13) trials for obtaining good fastness to rubbing and bleaching of indanthrene colours on cheeses of mercerised yarn (14) the uses of plantago seeds in finishing and printing (15) decolourisation of bitterns (16) design of spray drying plant for preparing milk powder (17) investigation of the properties of malt extract for modifying flour for use as a desizing agent.

In recent months this aspect of the work of the Department has reached such proportions that it has necessitated the appointment of additional staff.

New appointments:—Dr. L. A. Bhatt, lecturer in Fuel-Technology, havin. resigned his post from 1st March 1937, Dr. M. R. Mandlekar, Ph.D. (Lond), D.I.C, was appointed in his place with effect from 1st June 1937. In view of the increasing amount of outside work undertaken by the Department, the Senate sanctioned the appointment of an analytical assistant and Mr. G. K. Belekar, a past student of the Department, was appointed to the post from the 21st June 1937.

Study tour of Dr. T. N. Mehta:—During his study leave from 25th March to 8th July 1937, Dr. Mehta visited various chemical works and technical institutions in Germany, England and Switzerland. In Germany he remained about one month with the I.G. Farbenindustrie A.G. during which he studied the recent developments in paint and varnish manufacture at Ludwigshafen; dyeing and printing at Leverkusen and Hochst and finally bleaching at Griesheim. While in Germany he also visited the following works and institutions: Maschinenfabrik Joseph Vogal, Reutlingen; Viscose Factory, Wolfen; Cuprammonium silk factory, Dormageon; Kaiser Wilhelm Institute, Dahlem; Materialprufungsamt, Berlin; Technische Hochschule, Charlottenburg; Schering Kahlbaum A. G., Berlin; E. Merck, Darmstadt; Chemische Fabrik Stockhausen, Krefeld; and the textile schools at Krefeld and Munchen-Gladbach. In England the Imperial Chemical Industries, Ltd., arranged for him to work in the Dyeing Laboratories of the British Dyestuff Corporation, Manchester and, for him to visit, Nobel Chemical Finishes, Slough; I. C. I Metals, Ltd., Birmingham; Chance and Hunt, Ltd., Oldbury; I. C. I. Rexine, Ltd., Hyde; I. C. I. General Chemical Group (The United Alkali, Ltd.,) Runcorn; and the I. C. I. Fertiliser and

Synthetic Products at Billingham. He also paid visits to the Shirley Institute of the British Cotton Industry Research Association; the Municipal College of Technology, Manchester; the Colour Chemistry Department of Leeds University; and the Paint Research Station and Chemical Research Laboratory, Teddington. On his return journey he worked for a week in the Dyeing and Auxiliaries Laboratory of the Society of Chemical Industry (Ciba); Basle.

Works Practice:—A course of three months' works' training was organised for the first year students in the long vacation. The Department gratefully acknowledges the co-operation of the following firms in this respect:—

Arvind Mills, Ahmedabad.
Ahmedabad Jubilee Spg. and Wvg. Mills, Ahmedabad.
Indian Bleaching, Dyeing and Printing Works, Bombay.
Standard Mills, Bombay.
Ashoka Mills, Ahmedabad.
E. D. Sassoon Turkey Red Dye Works.
Havero Trading Co.
Svadeshi Mills, Coorla.
Okha Cement Co., Dwarka.
Cipla Chemical and Pharmaceutical Laboratories, Bombay.
Swastik Oil Mills, Bombay.
Godrej Soaps, Ltd., Bombay.
Tata Iron and Steel Co.
Sirdar Carbonic Gas Co.
Mysore Iron and Steel Works.
Elephant Oil Mills.
Tata Oil Mills, Ernakulum.

Technological Association:—The Association arranged a number of lectures, social functions, visits and tours. The inaugural address was delivered by the Vice-Chancellor. "Foundation Day" was celebrated on the 4th August 1936. The Annual Gathering was held on the 12th February 1937 in the Majestic Hotel under the presidency of Seth Kasturbhai Lalbhai who delivered a very instructive address explaining the position of the students in relation to the industries. The thanks of the Association are due to Drs. J. B. Niederl, W. K. Winterhalder, N. N. Godbole, and K. Venkataraman and to Messrs. N. V. Modak, A. S. Trollip, K. H. Emler, G. J. Hart, B. D. Mehta and G. G. Gulrajaney for their lectures and papers on subjects of industrial interest, and to the undermentioned firms for permitting the students to inspect their works:—

1. Universal Rubber Company, Argyl Road.
2. Bombay Gas Company, Lalbaug.
3. Indian Vegetable Products, Ltd., Reay Road.
4. G. I. P. Railway Power House, Chola.
5. Hindustan Vanaspati Company, Sewree.
6. Lever Brothers Soap Factory, Sewree.
7. Finlay Mills, Parel.
8. Morarjee Goculdas Mills, Byculla.
9. Empire Dyeing Works, Lower Parel.
10. Western India Tanneries, Dharavi.
11. Central Mills, Elphinstone Road.
12. Sir Bhiwandiwala Salt Works, Shewa Islands.

Educational Tours:—An all-India tour lasting for about four weeks in the October vacation and a tour to places of interest were organised in the first week of November, whereby the students had the opportunity of inspecting several important works. The Department acknowledges its indebtedness to the respective authorities for their co-operation in allowing the students to visit their works. The increase of the grant towards these tours from Rs. 1,000 to Rs 1,500 enabled the students to secure the company and guidance of two members of the staff.

Textile Designs competition and Exhibition:—With a view to encouraging Indian artists to produce designs characteristic of indigenous art and suitable for machine printing of textiles, it was decided to hold annually a "Textile Designs Competition," offering prizes for designs which are artistically the best and practically the most suitable. At present most of the machine printed designs on Indian fabrics come

from Europe and no attempts appear to have been made to encourage Indian artists in this direction. If this branch of the textile industry is to complete with the printed textile goods from abroad, it must possess something intrinsically its own, and that something must be the individuality of the designer. Furthermore, the development of indigenous design necessarily implies the development of the art of engraving, another outlet for trained craftsmen. The response to the efforts of the Department in this direction was gratifying, a large number of candidates, many of whom submitted a number of designs, having entered for the competition. The exhibition of the designs was held from the 8th to the 13th February 1937 and invitations were sent to all mills in the Presidency. The visitors evinced their keen interest in this aspect of the industry and several of them expressed their desire to be put in touch with the competitors with a view to securing their services. The prizes were awarded to the following competitors:—

Mr. M. G. Pandit, Bombay	...	First Prize, Rs. 250.
Mrs. Mabel Archibald, Nasik	...	Second Prize, Rs. 125.
Mr. Derric DeSylva, Bombay	...	Third Prize Rs. 75.
Mr. D. S. Kirtikar, Bombay	...	"Special Endeavour Prize" (offered by an anonymous donor) Rs. 150.

Visits by prominent persons:—H. E. The Chancellor, Lord Brabourne, inspected the Department on the 8th February, 1937, and took a great interest in the work which was being carried on in the various laboratories. Other prominent persons who inspected the Department were:—

Sir Frank Noyce ... } Members of the Viceroy's Executive Council.
Sir Jagadish Prasad }
Professor J. B. Niederl of New York University.
Mr Uck Kyum Yu, Vice-President, Chosen Christian College, Seoul Korea.
Sir M. Visvesvaraya.
Mr. A. Abbott and Mr. S. H. Wood, (experts invited by the Government of India to report on vocational education.)
N. Madhava Rao, Esq., Member of Council, Mysore State.
Sir John Russel ... } Experts invited by the Government of India to report on
Dr. N. C. Wright ... } Agriculture and Dairying.
Members of the Industrial Research Bureau.

With the permission of the Syndicate, the Head of the Department visited Europe during the long vacation and part of the term, during which time Dr. K. Venkataraman, Reader in Dyeing and Printing, was acting Head of the Department. While in Europe Dr. Forster undertook an extensive tour in Germany and made an intensive study of recent developments in textile machinery. In the course of the tour he visited, *inter alia*, the works of Messrs. Krantz Söhne, Aachen; Erkens and Brix, Rheydt; A Monforts and Franz Mueller, München-Gladbach; Tillmann Gerber Söhne and J. Kleinewefer Söhne, Krefeld; B. Thies, Coesfeld; Obemaier et Cie, Neustadt a. d. Haardt; M. Rudolf Jahr, Gera; C. C. Haubold and C. H. Weisbach, Chemnitz.

He also visited the works of J. M. Voith at Heidenheim when he had the opportunity of seeing the latest types of machinery for pulp and paper manufacture. He also visited the work and laboratories of I. G. Farbenindustrie A. G. at Leverkusen and Hochst and the Cuprammonium artificial silk works at Dormagen. In England he visited a number of mills and machine works and investigated several other problems in which the Department is interested.

C. Foreign Universities Information Bureau

During the period under report the Bureau received altogether 127 applications for admission to educational institutions in the United Kingdom and foreign countries. The number of applications received last year was 115.

The Bureau received 1127 enquiries in person and 1984 in writing, making a total of 3111 enquiries.

During the year 1935–36 the number of personal enquiries was 1166 and that of enquiries in writing 1854, making a total of 3020 enquiries.

As many of these enquiries as could be answered from the material at the disposal of the Bureau were answered; the rest were referred for answers to the Education Department of the High Commissioner for India and other authorities.

The number of documents containing prospectuses, calendars regulations etc. etc., relating to Universities and other educational institutions in great Britain and other foreign countries issued to students intending to proceed to those countries and the number of students who applied for them were as under :—

	1935–36	1936–37
Number of documents issued	2408	2713
Number of students who applied for them ...	1638	1724

In view of the increased number of enquiries from students who have not taken their education in the Bombay University, the Syndicate have resolved, as stated in last year's report, that every student who is not or has not been studying within the territorial jurisdiction of *this* University, and who applies for information or submits an application for admission to a foreign institution for transmission to the High Commissioner for India or the institution concerned, shall be required to pay a fee of Rs. 10.

Students going to foreign countries we allowed by the P. & O. Company to travel at concession rates of 50 per cent of the usual fare.

D. Report of the University Library Committee for 1936–37

Library Hours

This report covers the period from 1st July 1936 to 30th June 1937. The working time of the Library during this period was from 11 a. m. to 7 p. m. on week days and 11 a. m. to 5 p. m. on Saturdays. The Library Committee, with the approval of the Syndicate has since decided that, as an experimental measure, the Library should remain open for 12 hours from 9 a. m. to 9 p. m. on week days excepting Saturdays when it should remain open from 11 a. m. to 5 p. m.

Readers and issue of books

The total attendance of readers and visitors during the year under report was 26,016 or 90·6 per working day. The number of Readers' tickets issued during the year was 2,233 as compared with 2,137 of last year. Besides these, 21 post-graduate research students were recommended to the B. B. R. A. Society's Library, 75 to that of the Department of Economics and Sociology and 35 to the Library of the Royal Institute of Science.

The total number of books issued during the year to Readers and Fellows was 79,275; 76,902 of them were for use on the premises. The corresponding figures for the previous year were 84,937 and 81,361 respectively. Readers have free access to reference works and periodicals which they may consult or read when they like.

The number of research students and others reading for post-graduate examinations shows a steady increase, and the problem of finding adequate seating accommodation for them is getting more difficult every day. It may be possible to accommodate them by removing from the reading room, the tables of the periodicals but space will have to be found for the periodicals in some part of the building. The difficulties, however, will be partly eased when the new extensions of the north wing of the University building is ready and available for the Library. Books are occasionally borrowed from other libraries in Bombay and elsewhere for the use of the research students and books from this library are sometimes lent to scholars out of Bombay if they are not much in demand locally. Volumes 31 and 32 of the Chinese Tripitaka, for instance, were sent to Professors V. G. Gokhale and P. V. Bapat of the Fergusson College, Poona.

During the year under report four bibliographies were compiled by the Librarian with the help of his staff in response to enquiries. A bibliography suitable for the Library of the Bombay Presidency Women's Council was prepared

at the request of the Registrar; another on Mysticism for the Principal, Bahauddin College, Junagadh; a third of recent publications on Indian religion and Philosophy for Mr. G. R. Mordekar of Rajaram College, Kolhapur. The fourth was much more extensive and was undertaken at the request of the Royal Vice-Consul for Italy in Bombay. He wished to have a list of all books of Italian interest in the University Library. The list has been since incorporated in "Lo Schedario Centrale Di Bibliografia Romana" of the "Instituto Di Studi Romani" of Rome.

Additions to the Library

The total number of volumes added to the Library during the year was 2,245 out of which 1,759 were purchased and 486 were presented, chiefly by the Government of India, the Government of Bombay and other Provincial Governments, the Governments of Baroda, Mysore, Hyderabad, Travancore and Jodhpur. Books were also received from the Governments of France, Italy and Japan, other Universities of India and outside, the Carnegie Institution of Washington, the Carnegie Endowment for International Peace, the Rockfeller Institute of Medical Research, the Smithsonian Institution, National Research Council of Japan, Asiatic Societies of Bombay and Bengal, the Anthropological Society of Bombay, E. J. W. Gibb Memorial, the League of Nations, the Societas Scientiarum Fennica, Helsingfors, Finland.

In September 1936 the Library Committee resolved to purchase the "History of Parliament" to be published in 46 volumes. The Library has already a complete set of Hansard and this History of Parliament is expected to be a valuable complementary work to it. The first volume of the History has already been received in the Library.

Periodicals

The total number of Periodicals received in the Library during the year was 307. Of them 154 were subscribed and 153 were either presented or were received in exchange for the Bombay University Journal.

Catalogues

The General Card Catalogue of the Library, by Authors, Titles and Subjects, is kept up to date for reference. Bulletins giving the names of new books purchased by the Library were as usual issued, from time to time, and posted to all the affiliated colleges.

The Catalogue of the Bhadkamkar Collection and a revised Catalogue of the Bhagvatsinghji Collection of Sanskrit MSS. are under preparation.

Additions to the MSS. Collection

During the year under report 4 Arabic and 13 Persian manuscripts were added to the University Library Collection. On the recommendation of Principal R. D. Karmarkar, 70 palm leaf manuscripts were purchased. Four of these are in the "Devanagari" Script and the remaining 66 in the "Grantha" Script. The question of cataloguing these manuscripts is before the Library Committee.

Theses

The number of theses submitted for postgraduate examinations of this University received from the Registrar during the year, was 36, the total number at the end of the year being 391. Besides these theses 3 prize essays have been received from the University Registrar, the number of these essays now being 11.

Building Extensions

Two years ago the Library Committee brought to the notice of the Syndicate the inconvenience felt on account of inadequate shelving space in the present Library Buildings and requested that the Syndicate should take up the question of building extension as an urgent matter. These extensions are now reaching completion and, it is hoped, will be available for use before the end of the current year.

Accounts

The total income comprising the amount allotted by the Senate to the Library was Rs. 42,686-10-11. The total expenditure was Rs. 39,891-15-0, out of which

Rs. 22,547-9-3 were spent on the purchase of books and periodicals, Rs. 2,854-13-6 for Book Binding, Stationery, Printing and Postage; Rs. 13,178-3-0 for Establishment charges; Rs. 228-6-0 for Furniture and Repairs; and Rs. 1,082-15-3 for Miscellaneous charges. Of the unspent balance left at the end of the year, Rs. 1,426-9-8, was again sanctioned by the Senate as a supplementary grant in August 1937.

CHAPTER VI

Post-Graduate Instruction and Research

There were four meetings of the Board of Post-Graduate Studies during the year on the dates mentioned below:—

12—9—36
12–12—36
27—4—37
25—6—37

The agenda was heavy each time, several questions of importance being decided apart from the consideration of applications for the recognition of University Teachers and other incidental matters of a routine nature There were many applications for permission to work independently of recognized University Teachers either for the Ph. D. or the M.Ed. degree. The Board, however, granted the concession only in the case of teachers in the affiliated Colleges who had long teaching experience or had attained a certain standing in the profession. The Board, by a special resolution, has made it clear that the permission to work independently does not entitle the candidate to present his thesis until the prescribed period has elapsed from the date of his registration as a post-graduate student.

The Poona Committee continued to function actively, and the Board, in all important matters pertaining to that centre, has accepted the convention to consult the Committee before coming to any decision. The constitution of the Committee was altered on the recommendations of the Committee itself, and power was granted to the Committee to co-opt for the time being the Principals of the College of Agriculture, the College of Engineering, the Law College and the Head of the Meteriological Office, Poona, whenever the Committee considered question concerning these institutions.

Encouraged by the experience of the working of the Poona Committee, it was decided to set up a similar Local Committee in Bombay to co-ordinate post-graduate research work, and particularly to make the necessary arrangements for the guidance of students in Bombay by teachers who may not be attached to the Institutions where the students were working. The Local Committee consists of :

The Heads of the Departments of Economics and Sociology,
and
The Principals of: The Elphinstone College, The St. Xavier's College, The Wilson College, The Ismail College.

All University Teachers and other post-graduate lecturers are required by the Committee to maintain the attendance rolls of the students attending their lectures, and the University Office has instructions to obtain such sheets from the teachers in order to keep a record for submission to the Committee and to the Board of Post-graduate studies. The Committee, however, felt that the present method of compelling students to attend Post-graduate lectures was unsatisfactory in many respects. As an experimental measure in the Bombay Centre only they were contemplating the introduction of some other system when the year closed.

The Board has now decided that cãndidates for the post-graduate degrees who wish to reappear after a failure should be permitted to do so without being required to produce fresh certificates from the Teachers under whom they had studied.

The post-graduate lecturers participating in the scheme of lectures for the M. A. students in Bombay met as usual, in March 1937, for the purpose of arranging lectures for post-graduate students in the following term. Among the suggestions discussed at this meeting, one in favour of specifying the number of lectures to be attended by a student taking a particular course was adopted. It was also suggested that for this purpose each group of lecturers giving instruction in a particular subject

should be requested to lay down the minimum number of lectures which a student should be required to attend. In future, the practice of convening this meeting will continue, but it will now be convened by the Chairman of the Bombay Central Committee and he will guide its deliberations.

In separate appendices lists are given of the persons recognized as University Teachers in different subjects for the M.A. and Ph.D. Examinations. A summary of post-graduate research work and original publications to the credit of the Colleges and other institutions where post-graduate work is being done is also given in a separate appendix.

CHAPTER VII

COLLEGIATE EDUCATION

During the year under report, several applications were received for the affiliation, continuation of affiliation and extension of affiliation of colleges. The results of these applications are stated below :—

Permanent Affiliations

The Seth Gordhandas Sunderdas Medical College, Parel was permanently affiliated for teaching the courses of study prescribed for the B.Sc. Degree in Comparative Anatomy and Embryology, with effect from April 1937.

The N. E. D. Engineering College, Karachi, was permanently affiliated for teaching the courses of study leading to the Degree of B.E. (Mechanical and Electrical).

The Nowrosjee Wadia College, Poona, was permanently affiliated for teaching courses of study in certain subjects prescribed for the B.A. Degree Examination, and in Physics, Chemistry, Biology and Mathematics for the Intermediate Science Examination.

Extensions of Affiliation

The Nowrosjee Wadia College was affiliated for teaching the B.A. Pass Course in Urdu.

The Shree Maharani Tarabai Teachers' Training College, Kolhapur, was affiliated for a further period of five years from June 1937, for teaching the courses of study prescribed for the Degree of Bachelor of Teaching

The Sarvajanik Law College, Surat, was recommended for affiliation for a further period of five years from June 1937, for the courses of instruction for the 1st and 2nd LL.B. Examinations. Government, however, extended the affiliation for a further period of three years only.

The Chellasing and Sitaldas College, Shikarpur, was affiliated for a further period of two years from the 20th June, 1937, for teaching the courses of study for the B.A. Degree in certain subjects; its affiliation was ex ended to courses of study for the B.A. Honours degree in English, Economics and History and to teaching the Science Courses for the Intermediate Science Examination

The Bahauddin College, Junagadh, was affiliated for a further period of three years from June 1937, for teaching the courses of study leading to the Intermediate Science Examination.

New Colleges.

The Shikshana Prasarak Mandali's College, at Dadar, Bombay, called "The Ramnarain Ruia College," was affiliated, for the first time for a period of three years from June 1937, to teach the courses of study for the first two years in Arts and Science.

The Seth Lalbhai Dalpatbhai Arts College, Ahmedabad was affiliated for the first time for a period of three years from June 1937, for teaching the courses of study in certain subjects prescribed for the Degree of B. A.

A new College at Rajkot was recommended for affiliation, provisionally for a period of three years from June 1937, for the courses of study for the Intermediate Arts and Science Examinations, subject to the fulfilment of certain conditions. The affiliation was not finally sanctioned during the year as the authorities did not fulfil the required conditions.

The Sarab-Hind-Sikh Mission's "Khalsa College" at Matunga, Bombay, was affiliated for the first time for a period of three years from June 1937, for teaching the courses of study prescribed for the first two years in Arts and Science.

An application from the Maharashtra Education Society, Poona, for the affiliation of the College of Commerce proposed to be started at Poona was rejected.

Maintenance of efficiency in the affiliated Colleges.

The Syndicate approved of the following rules passed by the Academic Council with regard to the numbers of students that, in the interest of efficiency, should be taken together for lectures in the different classes in the Arts, Science and Medical Colleges, and also the conditions subject to which the limit may be extended by the Syndicate in Special circumstances. These rules were circulated to the Colleges for their information.

"(*i*) Save as provided by rule (*ii*) no College Principal shall admit to a class or a section of a class more than 150 students, but to secure an effective strength of 150 in a class, a College Principal may, at his discretion, admit to a class additional students up to a maximum of 30, provided there is adequate accommodation, and report to the Syndicate the number so admitted in excess of 150 to any one or more classes.

(*ii*) If the Principal of any College desires any teachers of its College to combine two classes or two sections of any class, with a total strength exceeding 180, for lectures in a particular subject, he shall make a written application beforehand to the Syndicate for special permission, and the Syndicate in dealing with it shall have regard to the nature of the subject, the structure of the lecture Room proposed and its accommodation and the qualifications and experience of the teacher. (The numbers referred to in rules (*i*) and (*ii*) above refer to numbers on the Rolls.)"

On the recommendation of the Standing Committee on College Inspection Reports, the Syndicate considered the question of how far College Teachers should be allowed to teach in Schools, and, in consultation with the Academic Council, laid down the following restrictions on persons teaching both in Colleges and in Schools.

(*a*) That a College Teacher should not be permitted to be in administrative charge of a School so long as he is a member of the teaching staff of a College ;
(*b*) That a person should not be permitted to teach both in a College and in a School unless he is teaching the same subject in both places ;
(*c*) That a College Teacher who is also a teacher in a School must confine his teaching in the School to the sixth and seventh (*i. e.* the pre-Matriculation and Matriculation) Standards ;
(*d*) That a College Teacher should not be permitted to take more than 4 periods a week in a School (a period not to exceed 45 minutes).

A circular was sent to all affiliated Colleges and recognized Schools inviting their attention to these restrictions.

As certain instances had been brought to the notice of the Syndicate of members of teaching staffs in Colleges applying for similar posts in other Colleges without the knowledge of the Principals of the Colleges in which they were serving, the Syndicate decided to issue a circular to the Principals of all affiliated Colleges informing them that, in the opinion of the Syndicate, they should insist that any member of their staff who wished to apply for a post in another affiliated College should do so only through the Principal of the College in which he was serving at the time of making the application, and requesting Principals not to take notice of applications which were not so forwarded.

CHAPTER VIII

Conduct of Examinations.

The arrangements for the holding of Examinations at the various centres were satisfactory.

Examination Centres

Karachi was made a centre for 1937 only for holding the Mechanical and Electrical Examinations in Engineering. No new centre was opened this year. The University received applications for opening new centres and all the applications were referred by the Syndicate to their Committee. [The report of the Committee is receiving consideration at the hands of the Syndicate.]

Furniture, consisting of 500 chairs and desks was purchased for use at the Matriculation Examination at the Belgaum Centre at a total cost of Rs. 2,250.

Matriculation Examination

The Supplementary Matriculation Examinations of November 1936 and March 1937 and the normal Matriculation Examination of April 1937 were held at the following centres, and the numbers of candidates appearing at the different centres were as shown below :—

CHAPTER IX.

RECOGNITION OF SCHOOLS AND THE MATRICULATION EXAMINATION.

During the year under report 96 applications for recognition, or renewal of recognition, of schools were received. The applications of five schools were rejected on the recommendation of the Standing Committee on Inspection of Schools. Nineteen schools were recognized for the first time for different periods according to the state of their efficiency. The recognition of two schools, which had been provisional, was made permanent, while, the recognition of the remaining schools, with the exception of three which were refused recognition, was renewed for varying periods.

The total number of schools on the register at the end of the year under report was 450 against 435 in the preceding year. As stated above, 19 new schools were recognized during the year, but the names of four schools were removed from the register, as the recognition of three of them was not renewed, and as the fourth one which had been provisionally recognized, did not apply for the renewal of its recognition.

The number of permanently recognized schools was 239 against 237 in the preceding year, and the number of schools provisionally recognized was 211 against 198 in the preceding year. The distribution of the recognized schools over the five different groups was under :—

Year	Groups					
	Gujarat	Konkan	Deccan	Karnatak	Sind	Total
1936	136	123	85	44	47	435
1937	141	127	87	44	51	450

The Standing Committee on Inspection of Schools held in all five meetings during the year.

The Standing Committee on Inspection of Schools, as part of its duty of advising the Syndicate, examined the reports of the Inspectors of the Educational Departments on the inspections of schools held by them. The Committee came across two cases of interference by Municipalities with the authority of the Head Master in the internal administration of the school, including his discretion of sending up candidates for the Matriculation Examination. The Syndicate, on the recommendation of the Standing Committee, issued a warning to the management of each school to the effect that the recognition of the school would be withdrawn if there was further interference by the Municipality, or any authority other than the Head Master, in the internal administration of the School.

A reference was made in last year's report to the question of the dual control of the University and the Educational Department over schools sending up candidates for the Matriculation Examination, and a hope was expressed that it would be possible to announce the solution of the question in this year's report. The Statutes framed by a Committee of the Syndicate laying down conditions for the recognition of schools and for the admission of candidates to the Matriculation Examination were passed by the Senate in February 1937. They were approved by His Excellency the Chancellor, and came into effect from the 16th April, 1937.

The main feature of the new scheme is that High Schools which are recognized and inspected by the Educational Departments of the Governments of Bombay and Sind are automatically recognized by the University, under the same conditions, and are not subject to inspection by the University in the ordinary course. The schools which will, in normal circumstances, be inspected by Committees of the Syndicate for the purposes of recognition, are those which are situated in the Indian States and Goa. As a result of this unification of control over schools seeking recognition both by the University and the Department, there will be a considerable reduction in the number of schools to be inspected by Committees appointed by the Syndicate. Only about 39 schools are expected to be inspected against 96 schools which called for inspection last year.

In December 1935, the Syndicate decided, on the recommendation of the Academic Council, to delete Ordinance 162A (Old Scheme) and Ordinance 165 (New Scheme), which provided for the consideration of cases of failures at the Matriculation Examination by one or two marks in one head only, by a committee nominated by the Vice-Chancellor. Ordinance 162A was, however, re-introduced for the purposes of the two Supplementary Matriculation Examinations held in

November 1936 and March 1937, and a similar provision under the New Scheme was also made for the Matriculation Examination held in April 1937, and will continue to operate at subsequent examinations.

The results of the Matriculation Examination of April 1936 were unusually bad, and requests were received from various quarters for the revision of the results by the Syndicate, but the latter expressed their inability to revise the results. The Syndicate, however, conducted an inquiry into the probable causes of the bad results.

On an examination of the replies received in answer to a query sent out to the schools on the subject it became clear that the promotions at the end of the Annual Examination of the 6th standard had not been judicious on the whole, inasmuch as out of 13,266 students promoted to the Matriculation Class in 1934-35 only 6,963 had passed the Annual Examination in all five heads. Also, out of 22,595 candidates examined at the Preliminary Examination only 6,632 had passed the said Examination under all heads. The leniency on the part of the Heads of schools in the matter of promotions to the Matriculation Class and the permission granted by them to a large number of unprepared candidates to appear at the Matriculation Examination of April 1936, are in the opinion of the Syndicate, responsible in a large measure for the low percentage of passes at the said examination.

The Senate at its meeting held in August 1934 passed the following resolution :—

"That the Senate is of opinion that the Matriculation Examination be held twice a year and recommends to the Syndicate to make necessary arrangements as early as possible for the same."

The Syndicate on the recommendation of the Academic Council, reported to the Senate that they were against holding the Matriculation Examination twice a year, but that if, notwithstanding, the opinion of the Syndicate, the Senate wished that the Examination should be held twice a year, it was open to the Senate to pass a Statute to that effect In June 1937 as proposed by Dr. G. V. Deshmukh a motion to add a new Statute (203A), providing that the Matriculation Examination be held twice a year at Bombay and at such other places as might from time to time be determined, was passed by the Senate, and the Statute was submitted to His Excellency the Chancellor for approval. As the Senate are aware, His Excellency the Chancellor did not accord his sanction to the Statute on the ground that a half yearly Matriculation Examination was not, in his opinion, in the best interests of education.

The syllabuses in English, History, and Mathematics were slightly revised, and Arithmetic was retained as the only additional subject that could be offered by candidates at the Matriculation Examination. A statement showing the additional subjects offered, the numbers of candidates who appeared therein and the number that was declared successful is printed elsewhere in this report, and that statement reveals the fact that the provision under Ordinance 159 permitting the candidates to appear in one or more additional subjects was not popular, and put the University to disproportionately heavy expenditure on their account.

At the Matriculation Examination held in April 1937 under the revised scheme, the question papers in Mathematics and in the four Science heads were answered in the Modern Indian Languages. The numbers of such answers are given in Part II of this report.

CHAPTER X

MISCELLANEOUS

I. Convocation.

The Annual Convocation for conferring degrees was held on Tuesday, the 18th August, 1936, and was presided over by His Excellency the then Chancellor, the Hon'ble Sir Robert Duncan Bell, K.C.S.I., O.I.E., M.A., B.Sc. (Ed.), I.C.S., who deliverrd the Convocation Address. The address dealt with the position and influence of the University in the social system.

II. The Thakkar Vassanji Madhavji Lectures.

Mr. K. M. Munshi was invited to deliver the Thakkar Vassanji Madhavji Lectures for 1936–37 on a subject connected with Gujarati literature or the History of Gujarat. The lectures have yet to be delivered.

III. The Wilson Philological Lectures.

Dr. Irach J. S. Taraporewalla. who was invited to deliver the Wilson Philological Lectures for 1936–37, delivered six lectures on "Some Considerations of Sanskrit Syntax" in January 1937. The inaugural lecture, which was delivered on the 21st January, 1937, was presided over by Prof G. S. Ghurye, M.A., Ph. D.

IV. Other lectures under the auspices of the University.

Professor Joseph B. Niederl, Ph.D., Associate Professor of Chemistry of the University of New York and Nobel Prize Winner, delivered on 4th September 1936, a lecture on "Micro-Chemistry" in the Lecture Theatre of the Royal Institute of Science.

Dr. S. Chandrasekhar, M.A., Ph.D. (Cantab), an eminent Astrophysicist, delivered a public lecture on "Evolution of Stars" in October 1936. Dr. T. S. Wheeler presided.

Dr. Herman Goetz, Ph.D., Conservator of the Kern Institute, delivered a series of three lecturers in December 1936, on "Life and Art in the Mughal Period" in the Lecture Theatre of the Department of Economics and Sociology. The Vice-Chancellor presided over the first lecture, and Mr. R. P. Masani presided over the final lecture.

Dr. Andrzej Krzesinski, Professor of Philosophy of the Jagiallenion University of Krakow (Poland), delivered in January 1937 a lecture on "The Tragedy of Modern Culture". The Vice-Chancellor presided.

Dr. T. Vijayaraghavan, B.Sc., D. Phil. (Oxon) of the Dacca University delivered a public lecture on "Study of Mathematics" in February 1937. Dr. T. S. Wheeler, Principal of the Royal Institute of Science, Bombay, presided.

V. Representatives.

Mr. N. V. Modak was re-nominated as the representative of this University on the Advisory Committee of the College of Engineering, Poona, for the triennium commencing on the 1st June, 1937.

Professor S. L. Ajrekar was nominated as the representative of this University on the Editorial Board of the Indian Botanical Society for 1937.

Professor G. S. Ghurye, was nominated as the representative of this University on the Selection Committee constituted by the Calcutta University for the recommendation of a suitable whole-time lecturer in the Department of Anthropology in the University of Calcutta.

Principal H. V. Hampton was nominated by this University on the Provincial Board for Anglo-Indian & European Education to represent University Education.

VII.—The University Training Corps

The new training year started at the end of June 1937. The number of new Cadets enrolled was 337. All cadets, both old and new, were medically examined under arrangements made by the University Authorities. This medical examination is of great value and it is hoped that arrangements will be made to hold this every year.

The cadets in Poona and Dharwar were not examined until the 19th July, 1937, with the result that a certain amount of valuable time was wasted as the Cadets cannot be fitted with uniform until they have passed the examination.

The Bombay Detachment furnished a Guard of Honour to His Excellency the Governor on Convocation Day. He expressed himself as very pleased with the turn out and steadiness of this Guard.

The Companies in Poona were inspected by His Excellency in August 1937. They also had the honour of lining the streets in Poona on the occasions of the arrival of the Governor designate and the departure of His Excellency Lord Brabourne.

The annual camp was held at Aundh from the 21st December, 1936, to the 4th January, 1937. The Battalion was inspected in camp by Brigadier T. S. Riddell-Webster, D. S. O. Commanding the Poona Brigade on January 2nd—the Battalion obtained a very satisfactory report.

There was only one absentee from camp and four on Medical grounds. Four extra instructors were lent by local units and demonstrations by artillery and cavalry were arranged.

The Battalion has developed a very good *esprit de corps* both in work and games. This is largely due to the support received from the University, and particularly from the Principals of Colleges who provide units for the Battalion. Applications are being continually received from Principals of Colleges to be allowed to furnish detachments for the University Training Corps. It is much regretted that Army Headquarters are not prepared at present to increase the strength of the University Training Corps owing to financial reasons.

*Mr. Ghosh could not attend the conference owing to illness.

APPENDIX IX

Scheme of Physical Training

(1) That physical training be made compulsory for the students of the first two year classes in all the affiliated Colleges, except those affiliated for Law, Teaching, Agriculture and Engineering;

(2) That in the first instance, if the Colleges find any difficulty in introducing compulsion simultaneously for the first two years, they be permitted to introduce it in the First Year Class only and to extend it to the Second Year class in the following year;

(3) That students who as the result of the medical examination have been certified as unfit to undergo exercise or who regularly take part as members of the College teams in the recognized fixtures of matches of the major games be exempted from the scheme;

(4) That every college be required to appoint on its staff at least one trained physical instructor charged with the duties of implementing the scheme of compulsory physical training;

(5) That the course of training for every student should consist of actual practice in the physical, training class during term time of one item selected preferably from either of the two main groups (A & B) given below, for a period of thirty minutes per day on not less than three days a week, which shall be preferably alternate days:—

Group A—Calisthenics, Gymnastics and Combative Sports

Free hand movements (including Swedish exercises)
Dund-baithaks,
Namaskaras,
Lezim,
Lathi,
Rhythmics,
Scout-pacing,
Route March,
Jiu Jitsu,
Wrestling,
Boxing,
Archery.

Group B—Athletics

(i) *Major Games.*

Cricket,
Hockey,
Football,
Tennis,
Rowing,

(ii) *Minor Games.*

Badminton,
Ring Tennis,
Basket Ball,
Volley Ball,
Giant Volley Ball,
Khokho,
Atya Patya.

(6) That, as evidence of having undergone physical training satisfactorily, every student be required to have attended the training class for three-fourths of the possible number of periods.

(7) That the heads of Colleges be required to adopt an efficient method of recording attendance of the physical training class, and to submit at the end of the year a detailed report on the working of the scheme in the respective institutions under their charge.

Allied with and complimentary to this scheme is that of scholarships for training physical instructors at the Y. M. C. A. College of Physical Education, Madras, which has been referred to in another part of this report.

The medical examination of students was carried out during the year at all the affiliated Colleges. With the experience of the past the system has undergone noticeable improvements from year to year. During the year under report efforts were particularly directed towards securing uniformity of procedure and standards, and Dr. S. B. Gadgil was invited to pay visits to the different centres to ensure uniformity.

APPENDIX XI

Inter-University Board, India

At the Senate meeting of June 1937, the desire was expressed that the Syndicate Report on University Administration should contain some information about the discussions at the annual meetings of the Inter-University Board and this appendix is intended to supply the information. It is based on the Annual Report of the Board for the year 1936–37.

Mr. V. N. Chandavarkar, Vice-Chancellor of the Bombay University, took the place of Professor P. A. Wadia as the representative of the Bombay University. The Board has elected Mr. Chandavarkar as its representative on the Central Advisory Board of Education in place of Sir S. Radhakrishnan who resigned his seat on his appointment as Spalding Professor of Philosophy at Oxford.

The resolutions passed by the Board in the previous year were submitted to the respective persons and authorities, and some of them are given below with the Secretary's comments on the replies received.

1. Resolution IX regarding the need for additional facilities for military training at Indian Universities has been communicated to the Army Department of the Government of India, but no reply has so far been received.

2. Resolution XV raised the important question of the re-organisation of the whole educational system in India. The Secretary to the Government of India, Department of Education has informed the Board that the Local Government were asked whether expert advice in organising a scheme of reconstruction was desired, and that as such advice has been desired by the different Governments, two Board of Education experts have been invited from England.

3. In 1935 the Board passed a resolution requesting the Royal Commissioners for the Exhibition of 1851 to extend to India the benefit of the Scholarships awarded by them to students selected from the Universities in other Overseas Dominions of the British Empire. It is to be noted with pleasure that the Royal Commissioners have offered to provide an Annual Science Research Scholarship of £ 250–300 a year, tenable for two years, for a student from any of the Universities of India.

The Board has published a Bibliography of Doctorate Theses in Arts and Science accepted by Indian Universities since 1930, and the Secretary is pleased to note that the "publication has begun to bear fruit."

It seems that a Scholarship for an Indian student is offered annually by the Colorado School of Mines, Golden Colorado, but there has been a very poor response for this offer probably because the announcement is made too late to be of use. This is brought to the notice of the Government of India and they have agreed to request the President, Colorado School of Mines, to make his offer three or four months in advance.

Among the resolutions discussed at the Nagpur meeting of the Inter-University Board (February 1937), there was one proposed by the University of Bombay regarding the expeditious disposition of applications for Migration Certificates and the Board resolved "to request the Universities to see that satisfactory arrangements are made for the issue of Migration Certificates even during vacation." Another resolution of this University desired that "at least once in every five years the Inter-University Board should organise an athletic meeting on an all-India basis" and the Board resolved to invite the opinions of other Universities on that suggestion.

The address of the Chairman (Professor Amarnath Jha), though short, was thought provoking. He tried to answer the usual criticism (a) that too many students go to the University which are in consequence over-crowded; (b) that Secondary Education should be replanned so as to provide for diversified courses of instruction; (c) that the University student is lacking in culture, in self- expression, in general knowledge; and (d) that it is not higher education which India needs to-day, but technical education.

"It is well to remember," said Professor Jha, "that most of this criticism has an amusingly familiar appearance. On the subject of State Expenditure on University Education, the Government of India Resolution of October 23,1884, reads: "It is in connexion with high education and in view of the direct pecuniary advantages which it holds out to those who follow it, that the Government thinks it can most properly insist on the fullest development of self-help. In 1880 Sir Richard Temple wrote: "The difficulty which very many highly educated men, even graduates of the University, found in obtaining suitable employment, was producing discontent."

In the correspondence attached by the Secretary of the Inter-University Board to his Report for 1936-37, there are some letters which deserve wider circulation. On page 60 for instance, appears a letter from the Deputy Secretary to the Government of India, Department of Education, and he writes, "Government are prepared to accept scholars for Training in the Archaeological Department, Provided that the Universities guarantee that the expenses of Training the Scholars deputed by them will be paid either by the students themselves or the University or some other approved authority for the period of Training which will last for at least two years." On page 82, the University of Andhra express their views on Examinations. "We regret," they say, "We are unable to agree with some of the conclusions arrived at by the authors of *An Examination of Examinations.* Our experience fortunately is not so dark as depicted in its pages. Their chief conclusion is that there is a great deal of chance in the results of Examinations and therefore they are unreliable as a test of the general competence of the candidates. There is of course nothing original in this inference. Every one knows that examinations are, after all, only a rough test. We are, however, entirely in agreement with the suggestion that the technique of examinations requires to be placed on a sounder basis as a result of careful research and experiment."

A large number of Indian students every year seek admission to foreign Universities but seldom does a foreigner seek admission to an Indian University, not even for a subjects like Indian Philosophy, Sanskrit or Arabic or sociological problems peculiar to India. This may be due to the impression that Indian Universities are still undeveloped, but it seems that the regulation of Indian University are too rigid to persuade a foreigner to seek admission to a University in India. And this fact is brought out by a letter, on page 119, from Dr. Sam Higginbottom, Principal, Agricultural Institute, Allahabad. "A brilliant student of Harvard University", says he, "who had received a two year travelling fellowship in order to study Sanskrit Language, literature and philosophy, planned to spend part of his time in Germany and one year at least in India. He wished to make Allahabad his centre and Dr. Wood, Head of the Department in Harvard University who had visited Dr. Ganganath Jha thirty odd years ago, had recommended this young man. Upon enquiry he could not find how he could enter any University in the U. P. and get credit for his work".

On page 123, appears a letter of the Acting Vice-Chancellor of Melbourne in which he appears to seek recognition by the Universities in India for the Australian degrees and diplomas. "The Rev. C. F. Andrews has amongst other things aroused a good deal of interest and sympathy in a proposal that Indian Teachers and Graduates should be invited to come to Australian Universities for a limited period of work here. He felt, however, that there might be some difficulty in getting Indian Graduates to come to Australian Universities because an Australian higher degree would not be recognized in India. The Vice-Chancellors of the Australian Universities discussed Mr. Andrews proposals and felt that the first step would be to ascertain exactly the position of, Australian University qualifications in India, I am thinking particularly of Master's Degrees taken by research in Arts, Science, Engineering and such postgraduate diplomas as the Diplomas of Education."
